

Zongwu 1271

Chapter 1271

Ghost King Zhu Youwen is not worried at all about the Xuantian Empire's revenge.

If the emperor of an empire dies, the empire will be in chaos, just like the Han Empire.

Since the death of Emperor Ling, the various princes in the Han Empire But they are all competing for territory, and even the princes want to become the emperor of a new empire.

This is still the case in the Han Empire where there are princes and heirs.

Emperor Su Chen of the Xuantian Empire has no sons. He only has two princesses and daughters. Is it possible that his daughter will succeed to the throne?

If Su Chen is killed by him this time, it will be strange if the Xuantian Empire remains in chaos.

Ghost King Zhu Youwen is very looking forward to the Xuantian Empire, which will be in chaos in the future. Will the Xuanming Sect rise again in the future? It depends on what kind of chaos Xuantian Empire will become.

For the future rise of Xuanming Sect, he must kill the emperor of Xuantian Empire this time.

Su Chen was very disdainful when he heard the words of Ghost King Zhu Youwen.

He did not expect that Ghost King had such a plan.

It was just that Ghost King Zhu Youwen thought too much. Even if he was killed by Ghost King Zhu Youwen,

Su Chen's empire would not be in turmoil.

You know In the Xuantian Empire, both the army and the commanders of each combat legion were basically loyal to Su Chen, and the legion commanders who held heavy troops were basically his women.

Even the masters of the Heavenly Realm in the Xuantian Empire are Su Chen's women.

How could the Xuantian Empire be in turmoil?

"Your Majesty the Emperor, I will give you a ride today and kill you!"The Ghost King looked at Su Chen fiercely, waved his palm towards him and shouted,

"Boom!"

"Ghost King, is this all you have?"

Su Chen dodged in an instant and laughed.

Ghost King Zhu Youwen didn't expect that Su Chen had escaped his attack. This made him angry and used his special skills to attack Su Chen again,"Looking for death! Jiuyou Xuanming Tian Gong, Jiuyou has Xuantian!"

Boom!

This time, after the ghost king Zhu Youwen waved a palm, the entire prefectural pastoral office was filled with howling ghosts and yin energy. The palm the ghost king hit Su Chen was like darkness coming, swallowing up everything, powerful and unstoppable.

"Let me guess, is this the Nine Nether Mysterious Heaven Technique of the Xuanming Sect?"

Su Chen looked at the ghosts crying and howling in the Prefectural Shepherd's Mansion, and was very surprised by the eerie feeling. The Xuanming Sect's suppressing skills may also be king-level skills. This is because the ghost king has only gained half a step of the Nine Nether Mysterious Heaven Skills.

"Damn it, why are you so fast?"

"What do you think?"

"Above Xuan and below Jiuyou!"

"Eighteen swords!"

Bang!

Boom!"

"you.....How do you know the Holy Spirit Swordsmanship? Are you the sword master's apprentice?"

"fart! Is the sword master qualified to be my master?"

"kill!"

"Twenty swords!" touch! cough cough cough....

When the Ghost King saw Su Chen vomiting blood after being beaten by him, he laughed and said,

"Haha, how can you, a great master, be my opponent? Even if you know the Holy Spirit Swordsmanship, you are dead."

Su Chen originally wanted to test whether he could compete head-on with the masters of the Celestial Realm after he reached the peak of Grand Master's strength, but he thought too much. The masters of the Celestial Realm were simply not something that a Grand Master could compete with.

"Father, are you okay?" Su Yan shouted worriedly after seeing Su Chen being beaten and vomiting blood.

Su Chen waved his hand to Su Yan and replied,

"I'm fine, I'm fine. Su

Yan saw the blood flowing from the corner of Su Chen's mouth and said worriedly, "But you have already vomited blood, how can you be okay?"

"I'll do it! I have so much blood that I want to vomit a few times. Isn't it okay?" Su Chen hurriedly wiped the blood from the corner of her mouth and said confusedly.

Su Yan was very speechless when she heard Su Chen's words.

Her father had been beaten to the point of vomiting blood, and now he was still talking arrogantly.

Su Yan was very worried now. Her father Su Chen is no match for the Ghost King.

"Father, can you do it? Didn't you say that you had killed land gods in the heavenly realm before? Why not now? When Su

Chen heard Su Yan's words, he shouted with a dark face, "Okay, I'm very good at it. You little girl, don't disturb me."

After Yan Yangtian, Mingyue, and You Ruo listened to the conversation between Su Yan and Su Chen, they all had weird faces and wanted to laugh. They did not expect that the emperor of the Xuantian Empire would be so good-looking.

Su Yan patted his forehead. She didn't want to deal with her flamboyant father.

Su Yan felt that nothing would happen to her father.

Otherwise, if her father's character was no match for the Ghost King, her father would definitely take them away.

Su Chen took the spiritual sword Luoxue and He said with a serious face, "Ghost King, I'm going to make a big move this time, I hope you can catch it."

Ghost King Zhu Youwen said to Su Chen with disdain, "Your Majesty, even if you are a great master, you still want to fight me. You are simply an emperor who overestimates your capabilities."

"Yeah? I hope you can still say that!"

"This time I will also use all my strength to kill you." Ghost King Zhu Youwen also shouted viciously at Su Chen.

Su Chen appeared in the sky above the Zhou Mu Mansion in a flash. He raised Luoxue and began to gather his power to prepare for his big move.

Boom boom boom.....

At this time, the sky above the Zhou Mu Mansion and even Xuzhou City were shrouded in a terrifying aura.

A lot of black lightning slowly appeared in the sky in Xuzhou City. Now the whole Xuzhou City was filled with lightning and thunder. The terrifying atmosphere made the people of Xuzhou City flee Xuzhou City in panic.

"What's this? What kind of technique is this?" Ghost King Zhu Youwen felt that Su Chen's body was exuding a terrifying aura, and even some black lightning appeared in the air. This made Ghost King Zhu Youwen very surprised. When

Su Yan saw the scene in the sky, he hurriedly shouted, "I go! This is Shenxiao's Thunder Control True Art. Quick, Yanyangtian, take me out of the Zhou Mu Mansion. Also, inform everyone else here to leave the Zhou Mu Mansion."

"Your Highness, this is.....Is His Majesty the Emperor a god?"

"God damn it, let's leave as soon as possible, and inform the people in the state pastoral office and the army to leave as soon as possible, otherwise, we will be accidentally killed by my father."

"oh! oh!"

At this time, in the backyard of the Zhou Mu Mansion,

Mrs. Yan and the other women here were all looking at the sky in horror. The lightning and thunder in the sky frightened these women to a point of panic and loss, and the powerful pressure was even more overwhelming. Leave them breathless

"Hurry, leave the Zhou Mu Mansion quickly. We can't take you here any longer. There must be powerful enemies in the Zhou Mu Mansion using powerful techniques."

"Well, let's leave quickly, otherwise we will be affected by such a powerful attack and even kill us."

"What about the princess? Do we ignore her?"

"We don't know martial arts. How can we save that girl Su Yan? We'd better leave first."

"Okay, let's get out of here first, otherwise we will really die here."

Mrs. Yan and Huang Yueying said in panic that the terrifying aura in the Zhou Mu Mansion really scared them. If they continued to stay here, they would probably be struck to death by black lightning in the air.

"Zhen Mi, what's going on? Will something happen to Su Chen?"

Chapter 1272

In a messy yard in Xuzhou City, two girls, Zhen Mi and Queen Guo, were very frightened when they saw the strange phenomena in the sky. The lightning and thunder in the sky seemed like the end of the world, and the lightning over the Zhou Mu Mansion Thunder is even more frightening.

Zhen Mi looked at the worried Queen Guo and said comfortingly, "Miss Guo, don't worry, Su Chen is so powerful that nothing will happen to him."

But!

Although Zhen Mi didn't want Su Chen to be killed, she really hoped that the bastard Su Chen would be beaten and bedridden.

Zhen Mi had not forgotten Su Chen's insult to her.

"Maybe, we also leave Xuzhou City, it doesn't look safe here." Queen Guo nodded when she heard Zhen Mi's words. She looked at the terrifying black lightning in the sky and hurriedly grabbed Zhen Mi and said,

"good!"

"You can't leave."

At this moment, a black figure suddenly appeared here and said coldly.

Queen Guo shouted nervously when she saw someone coming,

"who?"

"It's me, the old woman." Meng Po walked out of the darkness with a cane. She looked at Zhen Mi and Queen Guo with her ugly face and said. When

Queen Guo saw Po Meng coming, she exclaimed, "Meng Po? you.....How come you are here?"

Meng Po pretended to be gloomy and threatened, "Jie Jie, old lady, no one I want to track can escape. I am Po Meng in the underworld!"

Queen Guo and Zhen Mi were frightened when they saw Po Meng's gloomy look.

They kept retreating back in fear.

Suddenly,

Queen Guo thought of what Su Chen said, which made her look at Po Meng again and pretend to be calm. sneered,

"Shi Yao, you don't have to pretend to be a ghost. Su Chen has told us everything about you. Don't you find it disgusting that you are a beautiful woman pretending to be a disgusting old woman?"

When Po Meng heard Queen Guo's words, she angrily cursed in a clear voice, "That damn bastard, I must kill him with my own hands."

Zhen Mi and Queen Guo felt incredible when they heard Po Meng's crisp voice.

Po Meng's voice was also so nice.

If Po Meng didn't still have the face of an ugly old woman, they would definitely think that Po Meng had a very young appearance. Beautiful woman.

Zhen Mi and Queen Guo also believed what Su Chen said.

Po Meng had indeed changed her appearance.

Possibly Po Meng was actually a beautiful woman.

Queen Guo pulled Zhen Mi and was about to leave and said, "cough! Su Chen is at the Prefectural Mufu. Go and kill him. We are leaving."

Bump!

When Po Meng saw Queen Guo and Zhen Mi were about to leave, she ducked and quickly tapped the acupoints of Queen Guo and Zhen Mi, "Want to leave? You are overthinking. With you in my hands, I don't believe that that bastard won't come to save you unless he doesn't want you two beautiful ladies anymore."

"I'm not that bastard's wife." Zhen Mi hurriedly explained after hearing what Po Meng said.

Po Meng looked at Zhen Mi with disbelief. Zhen Mi was very beautiful. She was also the most beautiful woman she had ever seen. Po Meng didn't believe Su Chen. How could that perverted person handle this stunning Zhen Mi?

"Do you think I will believe you?"

Zhen Mi saw that Po Meng didn't believe it, so she continued to explain anxiously, "Mr. Meng, I'm really not that bastard woman."

Queen Guo looked at Zhen Mi beside her and didn't say anything.

Although Zhen Mi was really not Su Chen's woman, she felt that Po Meng would not believe that a beautiful woman was with that pervert Su Chen, or even Even hugging each other.

If it were her, it would be impossible for Queen Guo to believe what Zhen Mi said.

"You really aren't?"

"no!"

"Then there is no use keeping you, you might as well die." Meng Po looked at Zhen Mi with disdain and was about to kill Zhen Mi with the magic dragon sword.

Po Meng didn't believe Zhen Mi's words. This beautiful beauty must be trying to find a way to inform the pervert.

What's the matter with Po Meng? She might be fooled by Zhen Mi.

Zhen Mi was sure that Meng Po wanted to kill her, which made Zhen Mi cry and hurriedly admitted, "Wait a minute." ...Wait, I am, I am that asshole's wife."

When Po Meng heard that Zhen Mi admitted that she was Su Chen's wife, she snorted coldly and warned Zhen Mi, "Hmph, if you dare to make me angry again, I will kill you directly."

"I.....I don't dare anymore."Zhen Mi nodded hurriedly as if she was hopeless.

Zhen Mi now hates that bastard Su Chen.

Not only was she humiliated by Su Chen today, but she was even implicated and caught by Po Meng.

Zhen Mi thought about how much she would suffer in the future. Later

,

Po Meng directly kidnapped Queen Guo and Zhen Mi. Now the city of Xuzhou was very scary, and she did not dare to stay in the city. Those black lightnings were also a great threat to her.

At this moment, the people of the entire Xuzhou City fled towards the four city gates. The black thunder and lightning and the terrifying atmosphere in the sky above the Xuzhou City made the people of the entire Xuzhou City very nervous. panic.

For a time, the entire Xuzhou City was in chaos.

Cries!

Curses!

Screams!

The entire Xuzhou City was completely in chaos.

In the Prefectural Mufu, women like the Empress Li Maozhen and Le Bingyun They also looked at the vision in the sky in horror. This terrifying aura that was about to destroy the world made them feel very frightened.

"Everyone get out of town!"

Empress Li Maozhen looked at Su Chen in the air and ordered hurriedly with a dark face,

"Yes, Princess!"

When Le Bingyun and the others heard Li Maozhen's words, they quickly left the Prefectural Shepherd's Mansion.

"Want to escape? You are dead this time."

Li Maozhen suddenly saw Chi Gui and Chi Ye running away quickly, which made her even more angry.

She was a little angry when Su Chen made such a big noise. Although Li Maozhen couldn't fight against Su Chen, these two She wanted to take out the evil demons on them.

At this moment,

Su Chen was also very confused.

He didn't expect that his Divine Sword Controlling Thunder Art would be so powerful this time.

If he didn't control it quickly , The scope,

I am afraid that the entire Xuzhou City will be destroyed by him.

Ghost King Zhu Youwen is about to cry now.

He was about to escape after Su Chen caused such a terrifying vision, but he did not expect that he was locked by Su Chen.

Ghost King Zhu Youwen He just wants to escape until he can't escape now

"Damn it, this must be an emperor-level skill. The emperor of the Xuantian Empire actually has an emperor-level skill. What should I do now? Now how to do?"

"Ghost King, prepare to be baptized by thunder and lightning!" Su Chen was sweating profusely and after controlling the attack range of Divine Sword Yu Lei Zhenjue, he looked at the ghost king Zhu Youwen in the Prefectural Mufu and mocked. When the ghost king Zhu Youwen saw that

Su Chen was about to launch an attack, he hurriedly begged for mercy. "No! Your Majesty the Emperor, I surrender, I surrender, I can serve His Majesty the Emperor in the future, and my Xuanming Sect will also serve His Majesty the Emperor in the future."

The Ghost King doesn't think he can resist the attack of black thunder and lightning in the air.

If those terrifying black thunder and lightning start to attack him,

Ghost King Zhu Youwen will definitely be annihilated by the terrifying black thunder and lightning."

"Assassinating my daughter is an unforgivable crime. You should prepare to enjoy my black thunder and lightning baptism."

Chapter 1273

Su Chen would not let go of the ghost king Zhu Youwen. Su Chen did not dare to use this ruthless, cruel and unruly ghost king. Besides, if he dared to assassinate his daughter Su Yan, it would be impossible for him to continue to live.

Su Chen held the spiritual sword high and Luoxue read loudly,

"The Nine Heavens Mysterious Temple turned into divine thunder!"

"The brilliant power of heaven, lead it with the sword!"

Boom boom boom.....

The ghost king Zhu Youwen was about to attack when he saw the black thunder and lightning in the sky. He screamed and finally cursed Su Chen, "No, Su Chen, if you kill me, the four great corpse ancestors of our Xuanming Sect will not let you go." of"

"fall!"

Boom boom boom boom.....

The black thunder and lightning roared in the sky of Xuzhou City and struck at the Ghost King Zhu Youwen instantly. The terrifying black thunder and lightning continuously fell from the sky and attacked the Ghost King Zhu Youwen.

At this moment, the Zhou Mu Mansion was reduced to ruins.

There was not a complete building in the Zhou Mu Mansion, and even the houses next to the Zhou Mu Mansion were collapsed by the earthquake.

This is the time for Su Chen to control the attack in the Zhou Mu Mansion, otherwise, the entire Xuzhou City may be completely destroyed.

"Ahhhhh....."

Under a burst of black thunder and lightning that destroyed the world,

Ghost King Zhu Youwen was directly blasted into nothingness.

"Damn it, why is the Divine Sword and Thunder Control so powerful this time? Could it be because the spirit sword fell into the snow?"

Su Chen saw that the ghost king Zhu Youwen was reduced to rubbish.

He took the spirit sword Luoxue and looked at it.

The spirit sword Luoxue had been stored together with the spirit stone.

Su Chen thought it might be the spirit sword Luoxue that had absorbed the spirit stone. The spiritual energy of the Divine Sword Yu Lei Zhenjue would not be so powerful this time. This was more than ten times more powerful than the Divine Sword Yu Lei Zhenjue he used before. At this time, in the black night sky, black Thunder and lightning were still crackling in the sky in Xuzhou, which made Su Chen very helpless.

Su Chen had released the Divine Sword Controlling Thunder Art, but the black thunder and lightning in the sky did not dissipate quickly. This made Su Chen Chen didn't know how to make the black thunder and lightning disperse quickly.

Damn it!

Will the black thunder and lightning in the sky roar all night?

What about the people of Xuzhou City?

"Master, are you okay?"

At this time, two black masked women suddenly came to Su Chen and saluted.

When Su Chen saw Youxue and Youru arriving, he smiled and said, "Youxue, Youru, is nothing wrong with Su Yan?"

After hearing Su Chen's words, Youxue hurriedly replied, "Master, don't worry, the eldest princess is outside the city now, and nothing happened to her."

"That's good, I can't see that girl again, otherwise that cunning little girl will definitely take the opportunity to blackmail me. Youxue, ask Youru to dispatch two hundred shadow assassins to you. You can continue to protect Su Yan with the shadow assassins."

"Yes, master!"

"Also, the bodies of the Shadow Assassins who died in this battle were collected, their bodies were preserved in ice, and sent to the Black Bird Palace, hoping that there would be a way to revive them from death in the future."

"Thank you master!"

After hearing Su Chen's words, Youxue and Youru happily knelt down and thanked Su Chen,

"Youru, were Zhen Mi and Queen Guo kidnapped by Po Meng?"

"Yes Master!"

Su Chen smiled after learning that Po Meng really captured Zhen Mi and Queen Guo, "Well, this is what I thought. Po Meng really took away Zhen Mi and Queen Guo, but Po Meng will regret doing this in the future. I did it, hahaha....."

Su Chen specifically asked Po Meng to capture Zhen Mi and Queen Guo so that she could use Zhen Mi to threaten herself.

However,

Po Meng probably didn't expect that this was Su Chen's conspiracy.

If Su Chen didn't want Po Meng to catch Zhen Mi and Queen Guo, how could he leave them in an abandoned yard?

Both the Black Armored Army and Madam Yan's place are very safe.

Outside Xuzhou City,

Su Yan saw many black thunder and lightning crackling in the sky above Xuzhou City, which made her very confused.

She had also practiced the Divine Sword and Thunder Control, although her internal strength was not yet She is allowed to use the Divine Sword and Thunder Controlling True Jue, but such a powerful Divine Sword and Thunder Controlling True Jue is different from what her mother said!

This feeling of destruction was much more powerful than what her mother said.

Yan Yangtian looked at the black thunder and lightning still remaining in the sky, and she asked with lingering fear,

"Princess, is this the Divine Sword and Thunder Controlling Art you are talking about?

Su Yan nodded and said with a serious face, "Not bad!" It's just that the Divine Sword and Thunder Controlling Art used by my father is much more powerful. The Divine Sword and Thunder Controlling Artwork that I know is not so powerful.

Bai Qing'er from the Shadow Team suddenly said to Su Yan, "Princess, is it true that the spiritual sword Luoxue in your Majesty's hand has been blessed with the power of the Divine Sword Yu Lei Zhenjue?"

Su Yan patted his forehead and laughed when he heard Bai Qing'er's words, "Spirit Sword Luoxue? Why did I forget Spirit Sword Luoxue? Haha, Bai Qing'er, you said I blackmailed my father to give Spirit Sword Luoxue to me this time. Do you think my father would agree?"

"Forehead! I am not sure!" When Bai Qing'er heard that Su Yan was about to hit Su Chen's Spirit Sword, she quickly shook her head speechlessly. Bai Qing'er was worried that if Su Chen knew that she was the one who made the eldest princess think of the Spirit Sword Luoxue, she might be in trouble in the future. Being punished by Su Chen, Bai Qing'er's face immediately turned red when she thought of Su Chen's punishment to her before.

Su Yan said confidently, "I was almost killed by my father this time. If he dares not to punish me, , when I return to Xuannio Palace, I will complain to Queen Mother Li, Queen Mother Xuanrong and Queen Mother Xiao, Queen Mother Xuanhua."

Le Bingyun and others shook their heads when they heard Su Yan's words.

They all guessed that Su Chen might not be able to keep the spiritual sword Luoxue. Queen Mother Xuanrong and Queen Mother Xuanhua loved Su Yan very much. If the two queen mothers were both knowing this incident, Su Chen's spiritual sword will definitely be given to Su Yan.

"Princess, this is a letter from the master to you."

At this time,

Youxue suddenly appeared next to Su Yan and said,

"letter? Where is my father?" Su Yan had a bad feeling when she saw the confidence You Xue handed to her.

"Princess, the master has left, the ghost king has been killed, and the black thunder and lightning over Xuzhou City will dissipate after dawn."

"I go! Is my father absconding out of fear of crime?"

Su Yan's face turned dark when he looked at the letter in his hand.

Su Yan didn't expect that his father was smarter than her. Did her father figure out that he was going to blackmail him?

Women like Le Bingyun were shocked when they heard Su Yan's words. After laughing,

Su Yan and Su Chen were indeed father and daughter.

They both knew each other very well.

Su Chen probably guessed that Su Yan would blackmail him, so Su Chen ran away without saying goodbye.

Outside Xuzhou City Twenty miles away,

Empress Li Maozhen also killed Red Demon and Red Ghost, two masters of the celestial realm.

Just when she was about to return to Xuzhou City,

Su Chen suddenly appeared in front of her.

"Dear Empress, I killed the Ghost King Zhu Youwen first. How are you going to reward me?"

Chapter 1274

Empress Li Maozhen saw Su Chen suddenly appearing in front of her.

This made Li Maozhen both happy and angry.

This bastard had made her very worried just now. She had also practiced the Divine Sword and Thunder Control, but the time was too short and she had not yet fully mastered it. of proficiency.

This time, Su Chen's Divine Sword Controlling Thunder Skill scared her today. The entire Xuzhou City was shrouded in black thunder and lightning caused by this bastard. Is this bastard planning to destroy Xuzhou City?

Li Maozhen asked Su Chen with a cold expression,

"You damn bastard, why did you come to the Northern Continent? And were you going to destroy Xuzhou City just now?"

Su Chen said hurriedly and awkwardly when he saw Li Maozhen's cold and serious expression,

"Ahem! Madam, don't be so angry. When I came to the Northern Continent this time, I also appeared in the Northern Continent after returning from a foreign battlefield. I didn't mean it just now. This was the big noise caused by my spiritual sword Luoxue. I didn't expect it either. Making such a big noise.

Li Maozhen was surprised when she heard Su Chen's words and asked, "Have you gone to a foreign battlefield?" Why are you back so soon?"

Su Chen knew that Li Maozhen had misunderstood.

He did not go to the foreign battlefield.

However,

Li Maozhen did not go to the foreign battlefield this time, which Su Chen did not expect.

"Maozhen, I didn't go to this foreign battlefield. Alice and her team had a new teammate before. The last time they went to the trial world was also their new teammate. I was just invited by them to help."

"So that's it, I thought you were going to participate in the foreign war this time."

"No, only three people from each team can participate this time. I am too powerful to compete with Bai Yuekui and the others. Why didn't you go?"

"My strength has been completely restored and is even stronger than before. It doesn't matter whether I go or not this time."

Su Chen hugged Li Maozhen's small waist and said with a smile, "Well, your strength is really beyond my expectation. You are indeed my wife."

"Virtue!"

Li Maozhen's cold face showed a hint of blush and rolled her eyes at Su Chen. She had never been so close to Su Chen.

However, the feeling of being held by this bastard was very good.

Li Maozhen has always looked down on men, and even looked down on any man. She was dismissive, but she didn't expect that after meeting this bastard on a foreign battlefield, she would be captured by this bastard with his sweet words.

Is this the fate between herself and this bastard?

Su Chen hugged Li Maozhen and sat on a boulder. He said, "Madam, I'm going to Yizhou in a minute. I'm going to bother you with that girl Su Yan.""

"Yizhou? What are you doing in Yizhou? Why are you in such a hurry to go to Yizhou?" Li Maozhen asked suspiciously when she heard Su Chen's words.

Li Maozhen and Su Chen had just met, but this bastard couldn't wait to go to Yizhou. Does this bastard have other women in Yizhou?

Li Maozhen looked at Su Chen at this time His expression was very unkind.

When Su Chen saw Li Maozhen looking at him with an unkind look, he hurriedly explained,

"Didn't I just make a big fuss? That girl Su Yan will definitely take the opportunity to blackmail me. I can't be blackmailed by that girl. And Yizhou is now controlled by a woman from the Western Continent. I have a grudge and I have to resolve it."

Li Maozhen leaned into Su Chen's arms and said,

"Then you don't have to rush"

"Well, I'll stay with you for a few days." Su Chen touched Li Maozhen's hair and smiled.

Su Chen and Li Maozhen have never been alone together. He also plans to win over the empress Li Maozhen this time. The cold and domineering Li Maozhen has a unique flavor. Su Chen also wants to enjoy it. Li Maozhen's tenderness is like water

"Do I need your company?" Li Maozhen rolled her eyes at Su Chen charmingly and lowered her head. She was blushing now and didn't dare to look at this bastard.

"you need to."

Seven days later,

Xu Ducheng!

Cao Cao has been on tenterhooks since he escaped from Xuzhou.

Cao Cao was very worried that the eldest princess of the Xuantian Empire would launch a war against Yuzhou. He mobilized all the troops in Yuzhou, with more than 100,000 troops and The newly recruited 100,000 troops have been preparing intensively for the past few days.

When Xun Yu came to the study and looked at the old Cao Cao, he bent down and saluted,

"My lord, I don't know where the envoys of Xuantian Empire have gone now. However, Mrs. Ding, Miss Guo family, Miss Zhang family, and even Empress Fu went to find the envoys of Xuantian Empire. The last place where Mrs. Ding and the others appeared was in Xuzhou.."

Xun Yu also didn't think about Miss Yan from Jingzhou.

She turned out to be the eldest princess of the Xuantian Empire.

Xun Yu guessed that the Xuantian Empire might launch a war against the Han Empire. The chaotic Han Empire was torn apart at this time. The Xuantian Empire must be He would not give up this rare opportunity.

Cao Cao sighed when he heard Xun Yu's words, "Xuzhou? well! It seems that something has happened to Madam and the Miss Guo family. Xuzhou is now controlled by the eldest princess of the Xuantian Empire. If the Xuzhou army discovers Madam and those women, they will definitely capture them."

"Lord, we haven't found Jingzhou mobilizing troops yet. Should we take the opportunity to seize our Yanzhou?"

"Um! Yanzhou must be captured, but it's better to wait for a while. I'm worried that Jingzhou will send out troops at this time."

"Lord, we can send scouts to keep an eye on Jingzhou. The top priority is to retake Yanzhou as soon as possible. Otherwise, if Lu Bu gains a foothold in Yanzhou, it will be much more difficult for us to retake Yanzhou."

"let me think again! You go down first"

"Yes, my lord!"

Xuzhou City, after the chaos seven days ago, has stabilized.

However, the Prefectural Mufu Mansion in Xuzhou City has become ruins. The people of Xuzhou City also have lingering fears about the battle that night, and even many people They all went to look at the ruins of the Zhou Mu's Mansion.

Su Yan temporarily lived in Mi Zhu's house. Mi's Mansion was now full of beauties. More than twenty beautiful women appeared in Mi's Mansion. But it makes people very envious.

In a garden,

Su Yan and the other girls were leisurely basking in the sun and drinking tea.

After the assassination seven days ago, the women here had also recovered from their panic..

Huang Yueying sat next to Su Yan.

She smiled when she saw Su Yan's unhappy look and said,"Princess, it's been seven days. There is still no information from His Majesty the Emperor and Empress Huanyinfang. I wonder if they are Everyone left?"

Su Yan shook his head when he heard Huang Yueying's words and said,"No, it is certain that my father will leave, but my aunt Li Maozhen will definitely not leave."

"Why?"

Su Yan held her little hand and explained angrily,

"After this assassination, my father will definitely ask my aunt to stay and protect me. Either my aunt is still chasing those two powerful enemies, or she is with my father making love to me. Huang

Yueying asked in confusion when she heard Su Yan's words, "Then why are you still unhappy these days?"

Su Yan pouted and said angrily,

"I'm angry with my father. How dare my father run away? It is even possible to be with my aunt and have sex with each other. Has he forgotten that there is still his precious daughter who needs to be comforted?"

The beautiful women around were very speechless when they heard Su Yan's words.

They all thought that Su Yan was trying to stab him. They did not expect that Su Yan would leave without saying goodbye because of her father, and was even jealous of her father and aunt.

Chapter 1275

Su Yan saw the women next to her looking like they wanted to laugh, and she shook her head helplessly.

Su Yan also thought she was a little childish, but she was very unhappy. Her father's absconding in fear of crime made her. She was not angry, but she became even more unhappy when she thought of her father and Li Maozhen being together.

Su Yan felt that her father should at least comfort her. She was almost accidentally killed by Tian's father this time, but her father actually fled in fear of crime and did not even dare to see her face to face.

"Princess, do you want to launch a war against Cao Cao's Yuzhou?" Le Bingyun came to Su Yan and asked directly.

Su Yan shook his head when he heard Le Bingyun's words and said, "No, Cao Cao doesn't have to deal with it in a hurry. We have to attack Yangzhou first. This is also my father's decision."

Su Yan read the letter Su Chen left for her.

Su Yan's Black Bird Legion was going to launch a war against the south of the Han Empire, and in the north,

Gai Nie's Tenglong Combat Legion was also going to launch a war.

Cao Cao let him live again. After a while, there will be plenty of time to deal with that cruel bastard.

Cai Yan asked suspiciously when he heard Su Yan's words, "Yangzhou?" Isn't Yangzhou Yuan Shu's territory? Yuan Shu has been fawning over the eldest princess. Does the eldest princess really want to send troops against Yuan Shu?"

Su Yan took a sip of tea and smiled and said,

"He does not have complete control over Yuan Shu's Yangzhou. Sun Ce in Jiangdong has always been dissatisfied with Yuan Shu, and is even constantly encroaching on Yuan Shu's territory. I will let Yuan Shu surrender to me first, and then I will raise my troops to destroy Sun Ce in Jiangdong."

"Yuan Shu is a prince after all. Can he seek refuge with the eldest princess? Da Qiao looked confused and asked Su Yan.

In Da Qiao's view,

Yuan Shu was also a powerful prince.

How could Yuan Shu seek refuge with Su Yan?

"That trash will definitely do it."

Su Yan said to Da Qiao confidently.

Su Yan knew Yuan Shu very well.

Besides,

Yuan Shu had people arranged by her.

Yuan Shu's life and death were always under her control.

Yuan Shu probably didn't even know about him. More than half of her subordinates have defected to her, and even the counties in Yangzhou will immediately change their flags and join her as soon as she gives the order.

Oh!

"who?"

At this moment, a figure suddenly came here.

Powerful women such as Le Bingyun and Bai Qing'er hurriedly protected Su Yan. The surrounding secret guards and troops also quickly surrounded him with weapons in hand. come over

"it's me!"

Empress Li Maozhen turned around and said with a cold face,

"See Princess!"

When Le Bingyun and the others saw it was the empress, they all hurriedly saluted and said,

"See Princess!"

The surrounding secret guards and black-armored troops also knelt down and saluted, saying,

"Aunt!"

Su Yan hurriedly ran over when he saw Li Maozhen.

"Get up, everyone!"

"Thank you, Princess!"

Li Maozhen smiled as she hugged Su Yan who ran over.

Li Maozhen didn't expect that Su Yan would be so close to her, which made her never smile smile.

Li Maozhen was tired of being with Su Chen every day for a few days.

She also became a real woman in the past few days, a charming and beautiful woman.

Su Yan looked at the blushing empress Li Maozhen and asked hurriedly, "Auntie, did my father escape?"

Li Maozhen hugged Su Yan and patted her back and said,

"Haha, your father has something to do. Don't talk to your father like this."

"Hum, my father just absconded out of fear of crime." Su Yan snorted angrily when he heard Li Maozhen's words,

"Yan'er, your father left a gift for you. If you still talk about your father like this, then I will confiscate your gift."

"Auntie, what did my father leave behind?"

"Spirit Sword Luoxue!"

Su Yan smiled excitedly when he saw Li Maozhen taking out the spiritual sword Luoxue,"Ah! Spirit Sword Luoxue, my father actually left Spirit Sword Luoxue to me? Hahaha....Is this my father's compensation for me?"

Su Yan doesn't care that her father has escaped now.

Having the Spirit Sword Luoxue is the biggest compensation for her.

Su Yan has always coveted the Spirit Sword Luoxue, but her father has never promised to give it to her. This time it is a An unexpected surprise

"That's right, after all, your father scared you this time. Here you go, the Spirit Sword Luoxue. You can go back to your room later and let it recognize its owner."Li Maozhen handed the spiritual sword Luoxue to Su Yan and put her down.

"Thank you, aunt."

Su Yan smiled and nodded while holding the spiritual sword Luoxue.

Women like Madam Yan and Huang Yueying kept looking at Li Maozhen.

They didn't expect that Su Chen's wife was so beautiful and noble, and Li Maozhen was not only beautiful, she He is also a powerful Heavenly Realm master. These are some of the most powerful people in the Northern Continent and even in the Tianxuan Continent.

Huang Yueying, Da Qiao and the other girls looked at each other and lowered their heads. They also understood why Su Chen Are you afraid of being interested in them?

Su Chen's wives are also familiar with them these days.

That bastard's wives are all powerful masters, and they are even famous and beautiful women in the world.

Apart from Huang Yueying and the others , Beauty is useless.

Su Chengui is the emperor of the empire, so he definitely doesn't care about these beautiful vases.

Li Maozhen looked at the beautiful women here and was very speechless.

If it weren't for Su Yan's cute and cute appearance,

Li Maozhen would have wanted to beat her. He spanked Su Yan a few times.

Li Maozhen knew that Su Yan had collected these beautiful women everywhere, and it goes without saying that these were the beautiful women Su Yan had found for that bastard Su Chen.

Li Maozhen couldn't understand how Jing Salamander educated his children. ?

Is there such a daughter who is looking for a love rival for her mother?

Is it because Jing salamander and Su Yan have a bad relationship?

At the junction of Jingzhou and Yizhou,

Su Chen rode towards Yizhou alone.

Su Chen originally He could teleport directly to Chengdu, the capital of Yizhou, but he wanted to see what Yizhou would look like under Jiang Yuyan's control. Would it be possible for the people of Yizhou to live in dire straits through military violence?

Su Chen thought of spending the past few days with Li Maozhen. They laughed together.

He had enjoyed Li Maozhen's tenderness for a few days.

He had been very happy these days.

"Young Master, are you going to Yizhou alone?"

At this time, on the official road, a caravan of several hundred people was resting on the roadside.

When a steward in the caravan saw Su Chen, he shouted,

"Exactly, are you also going to Yizhou?" Su Chen looked at this huge caravan and nodded and replied,

"Ha ha! We are originally from Yizhou. We went to Jingzhou this time to buy a batch of goods and are about to return to Yizhou. If you don't mind, you can go to Yizhou with us."

"Thank you very much."

Chapter 1276

Su Chen thought for a while and agreed.

Anyway, it was very lonely to be alone along the way, so it seemed more lively for him to be traveling with this caravan.

Su Chen also wanted to inquire about Yizhou.

After Su Chen was taken to a resting place on the roadside by the steward,

Su Chen asked the middle-aged steward, "Brother, which caravan are you from? It looks like it's quite big." The middle-aged steward After asking Su Chen to sit down, he said with a smile, "Sir, you can just call me Lao Hu. We are from the Wu family in Shu."

Manager Hu also felt that Su Chen was extraordinary.

He felt that this young man should be A young master from a wealthy family, maybe even a young master from an official family.

Otherwise, this young man would not have such a noble temperament.

Manager Hu also planned to make friends with Su Chen, which would do no harm to the Wu family.

"Wu family? But Wu Yi's Wu family?" Su Chen thought about it and asked after hearing what Lao Hu said.

Su Chen only knew that when Liu Bei entered Shu,

Liu Paopao married a beautiful widow. She was even raped after Liu Paopao became emperor. Named Queen, the Wu family?

In Yizhou and Shu, only Wu Yi's family can be called a wealthy family with the surname Wu, but isn't Wu Yi a general under Liu Yan?

How come the Wu family is still in business?

"Yes, I wonder what your surname is?"

"My surname is Su! Brother Hu, didn't I hear that the Wu family is a family of officials? Why did you start a business?"

"Mr. Su, you don't know something. The master of our Wu family is not doing business. It is the young lady of our Wu family who is doing this. Our caravan was also established by the young lady."

"Miss?"

"Well, Miss Wu Ran is a business genius, and our Wu family has shops throughout Yizhou."

Su Chen also understood after hearing what the steward said.

Wu Yi's sister Wu Ran should not have married Liu Yan's son yet. Wu Ran actually established this caravan.

This made Su Chen interested in this Miss Wu. Now,

Liu Bei couldn't help but marry Wu Ran, a widow, and was even named a queen in the end. This Wu Ran should also be a beautiful woman.

Moreover, this Wu Ran was actually interested in doing business, and

Su Chen wanted to meet her. This is Miss Wu Ying

"Manager Hu, who is this stranger? Why are you in our caravan?"

At this time, a sullen-faced young man appeared next to Su Chen and Manager Hu with some guards. After the sullen-faced young man arrived, he reprimanded Manager Hu unceremoniously.

Manager Hu looked at The young man who arrived hurriedly saluted and said, "Master Bu, this is a passerby. Mr. Su is also going to Yizhou, so I decided to invite Mr. Su to go with me.

The young man looked at Su Chen disdainfully and ordered, "Passers-by?" Our caravan is not just for passers-by to join. Let him leave as soon as possible."

"Yes, yes, Master Bu"

"Humph, what kind of cat and dog just want to climb up the dragon and the phoenix? Our Bu family and your Wu family are not a shelter for beggars. Let him get out of here."

"Yes, Master Bu."

After the young man left,

Manager Hu looked at Su Chen helplessly and didn't know what to say.

This time he was no longer a human being.

Su Chen stood up and smiled and said, "I'll do it right now. Leave. Thank you very much, Manager Hu, for your hospitality this time."

Su Chen didn't care at all about these things that looked down upon others.

In ancient times, such things should have happened very commonly. Even in modern society, there are many things that look down upon others.

Su Chen would not be as stupid as Xiao Yan. It seemed like they were talking about thirty years in Hedong and thirty years in Hexi. Don't bully young people into poverty.

Manager Hu became even more embarrassed when he heard Su Chen's words, "Master Su, I'm really sorry this time. I didn't think it would happen." Such a thing"

"Nothing, by the way, who is this Young Master Bu?" Su Chen waved his hand and asked,

"Mr. Su, Young Master Bu is Bu Chan, the son of my master's close friend Bu Zhi. This time he went to Jingzhou to purchase goods. The Bu family and our Wu family jointly went to Jingzhou to purchase goods. Moreover, Young Master Bu Chan has been pursuing my young lady. My master and Even the birds of prey are interested in getting closer and closer to each other"

"I see, Manager Hu, I'll take my leave. See you later."

"Mr. Su, see you later."

Su Chen was very surprised when he heard what Manager Hu said. He didn't expect Bu Zhi did not go to Soochow, but came to Yizhou with his family. It seems that Sun Quan's wife Bu Lianshi will be gone in the future.

But Bu Zhi Why did Bu Zhi go to Yizhou?

Is it because he is good friends with Wu Yi?

Or Bu Zhi deliberately hid in Yizhou for his daughter. Bu Zhi's daughter Bu Lianshi is one of the most beautiful women in the Northern Continent.

Su Chen felt that Bu Zhi The bird of prey probably didn't go to Soochow because of his daughter Bu Lianshi.

Su Chen took the horse and prepared to go on the road.

Since the people here didn't welcome him,

Su Chen didn't want to have anything to do with these people.

"stop!"

Just when Su Chen was about to leave the caravan, dozens of guards with weapons quickly surrounded Su Chen, and Bu Chan shouted to Su Chen with a sinister look on his face,

"Is there anything?"

Su Chen looked at the guards surrounding him.

He shook his head and asked Bu Chan.

Bu Chan looked aloof and threatened Su Chen, "Boy, Miss Wu Ran is not a bumpkin like you. You can kiss the fragrant one and run away from the sensible one immediately, otherwise you won't survive tomorrow."

What the hell!

Is this Bu Chan a psychopath?

When did he pay attention to Wu Ying?

Su Chen has never even seen Wu Ying's face. Is this idiot Bu Chan crazy because of jealousy?

"You are overthinking, I don't know Miss Wu, I am just a passerby."

Su Chen doesn't want to cause trouble now.

He doesn't want to kill people as soon as he enters Yizhou.

If Jiang Yuyan notices this, that crazy woman Jiang Yuyan will probably mobilize the army to surround and kill him.

This is not what Su Chen wants to see. of

"You must be aware of current affairs, otherwise today will be your death anniversary." Bu Chan mocked with his nostrils in the sky,

"Holy crap!

" Su Chen wanted to kill this idiot when he saw Bu Chan's arrogance.

"Bu Chan, what are you doing?"

At this time, a veiled woman came quickly with some guards.

When Bu Chan saw Wu Ran's arrival, he looked like a pug and said,

"Miss Wu, I am asking this passerby. This is the junction of Jingzhou and Yizhou. There are many bandits here. I am also worried that this passerby is a spy. The veiled woman retorted unceremoniously in an angry tone, "Bu Chan, do you think I'm a fool?" How could this frail young man be a bandit? Are there any bandits with such outstanding temperament?"

Bu Chan glared at Su Chen who was still here and argued, "You should not be judged by appearance, Miss Wu, there are people from all walks of life among the bandits. Maybe this person's noble temperament is all fake. Wu

Ran, wearing a veil, looked at Su Chen and asked, "What's your name?" What to do in Yizhou?"

"No comment!"

"you....."

Chapter 1277

Su Chen refused without hesitation when he heard Wu Ran's question.

These people met him by chance, and

Su Chen didn't want to get too involved with them.

Wu Ran was still wearing a veil when he came this time.

Although Su Chen I couldn't see Wu Ran's face, but her figure was still very perfect, especially the undulating mountains. Although it was a bit fascinating, Su Chen only took a few more glances and lost interest.

Wu Ran was very angry when she heard Su Chen's refusal without hesitation.

If Manager Hu hadn't reported the matter to her this time, she would have been too lazy to care about these messy things.

When Bu Chan heard Su Chen's words from the side, he pointed at Su Chen and cursed, "Country bumpkin, are you looking for death? If you dare to be rude to Miss Wu again, I will kill you."

Bu Chan felt that this time he could please Wu Ran. Showing off his authority can also please Wu Ran, but Bu Chan is prepared to use this scholar as a stepping stone.

"Palm mouth!"

Pa!

After Su Chen casually said something, a woman in black suddenly appeared and slapped Bu Chan away. Then, the woman in black disappeared again without a sound.

"Master? Master? Are you okay?"

Bu Chan's guards were all startled, and they all hurriedly ran to check Bu Chan's injuries.

The woman who hit their young master appeared in an instant, but they disappeared in an instant without seeing clearly.

This made them The guards were very wary of Su Chen. The woman in black was obviously a master.

Wu Ran was also shocked.

She did not expect that Mr. Su had powerful guards around him to protect him. This made Wu Ran She also became wary of Su Chen. She felt that Mr. Su was no ordinary person at all.

One side of Bu Chan's face was swollen like a steamed bun. After he was helped up by the guards, he yelled and ordered,"Boy , how dare you order your guards to beat me? You're dead, you're dead this time, come on, I'll tear the whole country bumpkin into pieces"

"Yes, Master!"

Although the surrounding guards were afraid that the woman in black would appear again, they had to obey Bu Zhe's orders. The guards here raised their weapons and attacked Su Chen.

"Stop, stop it, Bu Chan, what are you going to do?"

At this time, another woman ran over quickly.

She stopped her loudly before she arrived.

Bu Chan saw her sister arriving and said angrily,"Sister, this person dares to hit me. If you want to kill him, leave these things alone"

"Nonsense, please be more honest." This beautiful woman scolded Bu Chan after she arrived.

Su Chen didn't expect that there was another woman in the caravan, and this beautiful woman was actually Bu Chan's sister.

Then wasn't she Bu Chan's trainer?

However,

This step trainer is very beautiful. Her goose-yellow dress sets off her curvy figure, her long black hair is spread over her shoulders, her crescent-shaped eyebrows, and her thin, alluring lips are soft and beautiful. Her face was very pleasing to the eye.

Trainer Bu glanced at Su Chen and asked Wu Ran, "Miss Wu, what is going on here?"

Wu Ran lay down in the Bu trainer's ear and whispered softly.

When Su Chen saw this, he shook his head and got on the horse. He didn't want to be treated like a fool by the people here.

In Su Chen's horse riding After leaving, no one of the guards here dared to stop them. After all, the woman in black had scared them. Besides, there were no orders from Wu Ran and Bu Lianshi here, and their guards here did not dare to intercept them.

Bu Chan looked at Su Chen had been sullen since he left.

The guards here all obeyed her sister's orders. If her sister had not given the order, it would be impossible for these guards to obey his orders now.

This made him very angry.

Bu Chan He was embarrassed in front of Wu Ran this time. He would never let that damn bastard go. As long as he got to Yizhou and Chengdu, he would find and kill that bastard. After hearing what

Wu Ran said, Master Bu She glared at Bu Chan, but she was also very distressed when she saw Bu Chan's red and swollen face.

Bu Lianshi was also very angry with Su Chen, but she didn't stop the bastard when he left, which made her feel sad about leaving Su Chen. Chen was very dissatisfied.

Wu Ran was a little happy when she saw Bu Chan's face. Wu Ran couldn't stand this prodigal son who had been stalking her.

If it weren't for Bu Chan's face, Wu Ran couldn't stand it. , she had chased away this toad a long time ago

"Let's set off and speed back to Yizhou"

"Yes, miss!"

Under Wu Ran's order, the huge convoy started to hit the road. More than 20 carriages, guarded by hundreds of guards, drove quickly towards Yizhou.

In a luxurious carriage,

Wu Ran and Lianshi Bu and the others were sitting in this carriage. Lianshi Bu poured a cup of tea for Wu Ran and then the confused Wu asked, "Miss Wu, who do you think that bastard is? Does he have such a strong bodyguard? Wu

Ran shook his head and replied, "How do I know? I just asked that bastard, but the bastard said he had no comment. I am still very angry now."

Trainer Bu laughed when he heard Wu Ran's words, "Haha, that bastard must have never seen Sister Wu's face, otherwise he would definitely be fascinated by your beautiful face and know everything about it."

Wu Ran said to Master Bu with a serious face,

"No, trainer, you are prettier than me, and that bastard just looked at you and left. He is either not a womanizer, or he has seen too many beautiful women."

"Well, no matter what, that bastard asked his guards to beat my brother. Although it was my brother who insulted him indiscriminately, my brother should be beaten, but his guards were too cruel. See you again in the future. I won't let that bastard go."

"Haha, then you are going to be disappointed. I am afraid that none of our guards here can be the opponent of that bastard guard."

"If one person can't do it, then ten people will do it. If ten people don't do it, then there will be a hundred people. I don't believe that that bastard guard will be the opponent of many guards."

At this moment,

Su Chen rode his horse and stopped at a mountain pass.

Su Chen was very speechless when he saw thousands of armed bandits in the mountain pass. This was also the first time he encountered bandits blocking the road. , but aren't bandits all bandits who rob homes? But how do these bandits look like an army? Judging from the dangerous position of the bandits, and even the bandits holding sophisticated weapons, bows and arrows,

Su Chen No matter how you look at it, you feel that these bandits don't look like bandits, they are just an elite army.

"Boy, who are you?"

"Passersby!"

Chapter 1278

Su Chen was even more speechless after hearing what the bandit said.

Didn't the bandit say "I drove this mountain and planted this tree? I want to pass by here and leave money to buy the road?" 】 These bandits are not professional at first glance, they are even bandits disguised as some troops.

Su Chen suddenly thought of the caravan behind him.

Are these troops disguised as bandits trying to attack the caravan?

Or are these troops coming for Bu Lianshi and Wu Ran?

A bandit leader frowned when he heard Su Chen's words.

He felt that this young man was not simple.

Most people would either cry for mercy or run for their lives when encountering bandits, but this young man did not panic at all..

When the bandit leader thought about this mission, he immediately said to Su Chen, "Boy, get out of here or we will kill you.""

"But I want to go to Yizhou, can you let me go?" Su Chen asked with a smile when he heard what the bandit leader said.

The bandit leader was confused when he heard what Su Chen said.

He didn't expect that Su Chen would say this. This young man is either a nerd or a nerd. The bandit leader, who has never seen the world, waved his hand and ordered angrily, "Wishful thinking, archers prepare!"

"Holy shit! I can't get over it." Su Chen saw thousands of archers preparing to shoot him, so he hurriedly turned his horse to leave.

Su Chen was not afraid of these archers, but it was not cost-effective to kill these troops disguised as bandits.

Su Chen didn't want to Help the team behind to get rid of trouble.

He planned to wait and see who would be interested in Bu Lianshi and Wu Ran?

Su Chen stopped not far from the mountain pass.

After tying the horse, he took out some wine and food from the system space and started eating.

After a while, the convoy from behind also arrived.

When the guards of the convoy found Su Chen sitting on a boulder eating and drinking, they were all a little confused.

The convoy was passing by Su Chen. They were very cautious when traveling.

The guards all knew that this young man had a grudge against their convoy, and the young master also had a powerful guard. The guards were very worried that Su Chen would take action against them. The carriage Inside,

Bu Lianshi and Wu Ran also got the news.

They were also very confused when they saw Su Chen at the carriage window.

They had eaten just an hour ago. This bastard should have eaten at that time, but this bastard Why did he start eating leisurely again, and he seemed to be ready to watch a show?

"Stop moving forward!"

Wu Ran looked at Su Chen and ordered with a frown.

She didn't think Su Chen would take a break and eat at this time. Is there danger ahead? Or is this bastard going to take revenge on them?

"Miss, why did you stop?"

Just after the convoy was stopped by Wu Ran,

Manager Hu hurriedly came to the carriage and saluted and asked.

In the carriage,

Wu Ran stuck his head out and ordered to Manager Hu, "Manager Hu, send a team of guards to check in front."

"Yes, miss!"

"Miss Wu, do you think there is danger ahead?" Trainer Bu originally thought that Wu Ran asked the convoy to stop to deal with Su Chen, but she didn't expect that Wu Ran actually asked the guards to explore the way. She looked at Wu Ran and was very confused.

Wu Ran turned to Coach Bu with a serious face. Said, "Well, there's no way this bastard can rest now, and he seems to be sitting in the direction where he's waiting to watch some show."

"this.....Are there bandits ahead?"

Trainer Bu was very surprised when she heard Wu Ran's words.

She also felt that it was very wrong for Su Chen to rest here. Could it be that this bastard stopped when he found out that there were bandits in front of him? But why didn't this bastard remind them?

Wu Ran looked around and said warily, "It's possible, this is the area of 100,000 Mountains, and there are a lot of bandits here. With an angry look on his face, Trainer

Bu was about to dismount and settle the score with Su Chen, "This bastard didn't even warn us about the bandits. He acted like he was watching a show. Let's go teach that bastard a lesson.""

"Wait, we asked earlier."

At this time,

Su Chen nodded after seeing the motorcade stop.

The two women in the carriage were not stupid enough. They sent guards to explore the road when they knew they had stopped, but it was in vain for them to send people to explore the road. Check it out.

If the troops disguised as bandits find the convoy stopped, those troops will definitely attack. The hundreds of guards in the convoy are no match for those elite troops.

"Mr. Su, are there bandits ahead?" After Wu Ran and Trainer Bu arrived next to Su Chen, Wu Ran asked Su Chen directly,

"Are we familiar?"

Su Chen asked while drinking.

Wu Ran didn't expect that Su Chen would say this.

This made her face instantly turn red with anger. You must know that she and Bu Lianshi are two beautiful beauties.

Well.!

This bastard may not be able to tell that she is wearing a veil, but Master Bu is a stunning woman on the Northern Continent beauty rankings.

Is this bastard a blind man?

"you....."

Trainer Bu walked up to Su Chen and stared at Su Chen with his hands on his hips and shouted, "Hey, how do you speak? We are just here to ask you. If you know, just say it. If you don't know, just say you don't know." You look like a quack, you think you are the emperor!"

I said!

Brother, I am an emperor, and I am also the emperor of a powerful empire.

Su Chen looked at the angry Bu Lianshi and shook his head.

Bu Lianshi is still too young and does not look mature and steady at all in the future. In history, Bu Lianshi has not A tolerant, kind and courteous woman, the current step trainer is like a little wild cat

"Why should I say that? Do you think you are a queen?"

When Master Bu heard Su Chen's words, he pointed at Su Chen angrily and shouted, "You.....How dare you tease me?"

What the hell!

Why did I tease Bu Lianshi?

Uh!

Emperor? Queen?

What the fuck!

Su Chen thought that Bu Lianshi likened him to be the emperor, and he also likened Bu Lianshi to the queen. What a coincidence.

Su Chen didn't expect that this could be considered teasing Trainer Bu.

Wu Ran's eyes flashed coldly when she looked at Su Chen.

She also didn't expect that this bastard turned out to be a deceiver. Su Chen's appearance and temperament were like a The noble young master did not expect that this bastard was a wolf in sheep's clothing.

At this time, a guard who ran back on horseback shouted to Wu Ran, "Miss, it's not good, thousands of people were found at the mountain pass." Bandits, and those bandits are very well-equipped."

"What? Thousands of bandits? Or a well-equipped bandit? How can this be? Aren't there some refugees who are fleeing disaster and robbing their homes? Why are there so many bandits this time?"

Chapter 1279

Wu Ran was very surprised when he heard what the guards said.

There were thousands of bandits at the first pass of Shiwanda Mountain.

How could this be possible?

They had walked this road several times, and they had only encountered some scattered bandits before. How could there be thousands of bandits this time?

Or even a well-equipped bandit?

Trainer Bu's face was also very pale.

She held her hands tightly together and was very worried.

Thousands of bandits?

They only have more than 400 guards here.

How is it possible to defeat these bandits?

Wu Ran regained some of her nervousness and hurriedly ordered to Manager Hu, "Order the guards to quickly organize a defense and form a circle around the carriage. We will definitely not be able to escape.""

"Yes, miss!"

After Manager Hu heard Wu Ran's words, he glanced at Su Chen and hurriedly arranged for security guards.

Manager Hu felt that Su Chen should be here to remind them that there were bandits in front of them.

Otherwise, if their convoy continued to move forward, , I'm afraid he would be caught off guard by those bandits, but why didn't Su Chen warn him? Is it because Bu Chan had made things difficult for him before? At this time,

Bu Chan also knew that there were thousands of bandits in front of him. He covered his swollen face and pointed angrily at Su Chen and said to Wu Ran, "Miss Wu, this person must be a spy. He must be with those bandits. Let's kill this country bumpkin first.""

"Bu Chan! shut up!" When Bu Lianshi heard that Bu Chan wanted to frame Su Chen, she hurriedly stopped Bu Chan.

Bu Chan shrank when he heard Bu Lianshi's words, but he thought that Su Chen's guard slapped him. , which made him look at Su Chen and continue angrily, "Sister, this person must be a spy, otherwise he would be here like this? And he happened to be following us all the way? This redneck must be spying on our convoy."

After Trainer Bu heard what Bu Chan said, she also felt that Su Chen's appearance in their team was very strange.

Trainer Bu looked at Su Chen seriously and asked,

"Won't you explain it? Mr. Su"

"Why should I explain? So what if I'm a spy?" Su Chen said nonchalantly while drinking.

Su Chen was somewhat optimistic about Wu Ran's reaction.

Wu Ran did not let the convoy turn around and escape immediately, and immediately organized a defense.

This Wu Ran had some strategic vision. If Wu Ran immediately order the convoy to escape. The convoy will be in great chaos and may even be quickly killed by the bandits who are chasing them. They will not even have a chance to resist.

"you....."

When Trainer Bu heard Su Chen's words, he angrily ordered the guards to catch this bastard, but before she could say anything, Wu Ran who was next to her hurriedly grabbed her and said, "Trainer, he is not a spy, and he cannot be a spy."

"Why?"

Trainer Bu asked Wu Ran in confusion.

Trainer Bu only suspected that Su Chen was a spy, but why was Wu Ran so sure that Su Chen was not a spy?

This made Trainer Bu very confused.

Wu Ran looked at Su Chen and smiled. He explained,

"Haha, trainer, don't you understand? If Young Master Su was a spy, we would have been controlled by him a long time ago. Young Master Su has a powerful guard. If that guard suddenly attacks us, do you think we can hide from such a close distance?"

"Also, this bastard's guard is very powerful." Trainer Bu nodded in enlightenment after hearing Wu Ran's explanation.

Wu Ran bowed down and saluted Su Chen, "Master Su, can you help us deal with those bandits later?"

"Can't!"

Su Chen looked at Wu Ran unexpectedly and refused without hesitation,

"Why?"

Wu Ran looked at Su Chen in surprise and asked,

"I don't want to cause trouble"

"Mr. Su, you don't want to cause trouble, but those bandits probably won't let you go. We can work together to deal with those bandits."

"Or not"

"You bastard, why don't you agree?" Bu Lianshi saw that this bastard refused to agree to the alliance, which made her angry little face turn red.

"You are too weak. I never cooperate with weak people. Besides, those bandits may not take action against me."

Su Chen once again planned to come to the show.

Besides, Bu Chan and Bu Lianshi regarded him as a spy just now, so Su Chen couldn't help them for no reason.

Moreover,

Su Chen felt that the bandits would not take action against him. , otherwise the fake bandit army would not have let him go, and they would not have even worried that Su Chen would inform Wu Ran.

This also made Su Chen very confused.

"you.....What a bastard you are!"When Trainer Bu heard Su Chen's words, he pointed at Su Chen and yelled.

Trainer Bu didn't expect that Su Chen would say this. This bastard is a powerful guard, and he is just a weak scholar.

Now he still looks down on them. , they have hundreds of elite guards, and this bastard is a self-righteous bastard.

Wu Ran's face under the veil is also very ugly.

She just wants Su Chen's powerful guards to help capture the leader of the bandits, and fighting like this can also It ended without a fight, but I didn't expect that this bastard would refuse without even thinking. At this time, a vigilant guard shouted to Wu Ran from the nearby mountain,"Miss, it's not good, the bandits are coming.""

"Prepare for battle, the archers are ready, rely on the carriage to shoot the bandits rushing over."

Wu Ran immediately rushed towards the carriage circle and ordered hurriedly.

The battle was inevitable.

Wu Ran also wanted to defeat the bandits who were about to rush over as much as possible.

Otherwise, their guards and servants here would be killed. , and she and Bu Lianshi were also kidnapped by those bandits. The fate that awaits her and Bu Lianshi in the future may be inhuman torture and abuse.

"Yes, miss!"

Dong dong dong dong.....

The sound of running footsteps could be heard in the distance, and the guards in the convoy were nervously preparing their bows and arrows for battle.

"Master, thousands of troops disguised as bandits also appeared behind."

At this moment, a masked woman in black suddenly appeared next to Su Chen and saluted,

"oh? Is there an army behind? No wonder the bandits at the mountain pass didn't mind letting him go at all. It turned out that they were preparing to attack from both front and rear, but who were these people? Why was the army sent out to deal with Wu Ran and Bu Lianshi?"

Su Chen looked at Wu Ran and Bu Lianshi in the carriage circle and was very confused.

How could the two women let two armies disguise themselves as bandits to deal with them? Is it because Bu Lianshi and Wu Ran were so beautiful? Or are these troops going to capture Bu Lianshi and Wu Ran to threaten their families?

"Youru, send shadow assassins to check the surroundings again. I think there should be troops hiding around."

"Yes, master!"

Chapter 1280

Su Chen felt that things were not simple this time.

The army here was disguised as bandits and wanted to take action against Wu Ran and Bu Lianshi. Could it be that Bu Lianshi and Wu Ran's families were not known?

Or their family members, trying to use Wu Ran and Bu Lianshi as bait to lure out someone?

This is the junction of Jingzhou and Yizhou. Even outside this mountain pass is very empty. There may be other armies hiding in the valley surrounded by mountains.

At this time, the army disguised as bandits also arrived.

The bandit leader came to the front of the motorcade and looked at Wu Ran and shouted, "Miss Wu, you and Miss Bu, my master wants to invite you as guests."

"Who are you? Who is your master?" Wu Ran asked the bandit leader with a serious look on her face.

Wu Ran also saw that these were not bandits at all.

These were elite troops.

Wu Ran couldn't understand why there was an army here to arrest her. Hebu Lianshi?

If these armies are hostile forces, what is the use of arresting these two weak women? It is impossible for their families to compromise with the hostile forces for the sake of these two weak women.

"Miss Wu, you will understand when you meet my master"

"What if we don't go?"

"Then we have no choice but to use violence"

"defense!"

Wu Ran saw that the army disguised as bandits was about to take action. She also ordered hundreds of guards. The bandit leader waved his hand and ordered, "Come on, kill everyone except Miss Wu and Miss Bu."

"kill!"

Swish swish swish".....

The troops disguised as bandits and the guards of the convoy fired arrows at the same time.

For a while, bows and arrows were flying around in the valley. Both Wu Ran's guards and the troops disguised as bandits were killed or injured.

Bu Lianshi and Wu Ran hid behind the carriage to avoid being shot by bows and arrows.

They watched guards being shot and killed one after another, which frightened the two women who had never seen blood.

The Bu trainer's hands were trembling as he pulled Wu Ran and said worriedly, "Sister Wu Ran, this won't work. Our guards are too few. Although we have carriages to cover us, those troops pretending to be bandits will definitely attack soon.."

Wu Ran shook her head with a pale face and said,

"Trainer, we can only resist the attack of those armies in this way. We will definitely not be able to escape. We can only hope that the army from Jingzhou or Yizhou will discover the situation here, otherwise, I am afraid I will be dead."

Bu Lianshi said in panic when he heard Wu Ran's words, "How is this possible? This is a mountain with hundreds of thousands of mountains! It is impossible for the armies of Jingzhou and Yizhou to discover the situation here"

"Then let's pray for God's blessing!"

"Miss, thousands of bandits also appeared behind us."

At this time,

Manager Hu came to Wu Ran with a long knife and hurriedly reported.

When Wu Ran heard what Manager Hu said, he was surprised and said,

"What? Are there thousands of bandits behind us? How can this be? We can't fight against the thousands of bandits in front of us. How can there be bandits behind us? Don't these two bands of bandits go together?"

"Sister Wu Ran, what should we do?" Trainer Bu grabbed Wu Ran's arm tightly and asked worriedly,

"Let me think about it, let me think about it!"

Wu Ran rubbed her forehead and hurriedly thought of a solution.

What happened today was beyond her imagination. She also didn't understand why two armies appeared to deal with her and Bu Lianshi?

The bandits were still rushing over. , but the archers in the convoy have been shooting to prevent the bandits from approaching. If it weren't for Wu Ran's arrangement this time, the bandits might have already killed them. Among the bandits, a fat bandit faced the mountain bandits. The bandit leader said, "General, I didn't expect that Wu Ran would rely on the convoy to stop us. The archers in the convoy are too great a threat to our army."

The bandit leader waved his hand and said nonchalantly, "Don't worry, Wu Ran's guards don't have much arrow speed. After a while, they will use up their arrow speed, and we can successfully complete the mission."

"Yes, General."

The bandit leader looked at the back of the valley and said with a serious face,

"Wu Jun's army should also be arriving. This time we have to capture Bu Lianshi first. Bu Lian Shi is very important to us in Hanzhong. Whether General Bai and Wu Jun can form an alliance depends on this Bu Lian Shi. The fat bandit touched his head and asked doubtfully, "General, I understand this, but why do we have to capture that woman Wu Ran alive?" Does General Bai want to use Wu Ran to threaten Wu Yi in Yizhou?"

"No, Wu Ran is what Mr. Xie likes. If Mr. Xie can capture Wu Ran, then Wu Yi in Yizhou will also be under our control in Hanzhong. This will be crucial for our future campaign in Yizhou."

"Lord Xie Xiaofeng? Isn't Mr. Xie looking completely cold? Is he so interested in Wu Ran?"

"Since ancient times, heroes have been saddened by beauty. Mr. Xie is also a man after all. He may not like beauties."

"makes sense!"

The fat bandit nodded when he heard the bandit leader's words.

He thought that their general Bai Yifei had sex with women every day, and even those women who could not survive more than three days by General Bai's side were tortured to death. The fat man Every time the bandits think of those women dying with a smile on their faces, they feel very frightened.

Dong-dong-dong-dong.....

At this time, the army from behind also arrived. After the arrival of thousands of troops disguised as bandits, the army that was fighting with the convoy guard also stopped its offensive. The three parties formed a triangle in the valley.

Su Chen didn't pay attention to the arrival of thousands of troops disguised as bandits.

He looked at the three parties confronting each other below and found it very interesting.

Wu Ran and Bu Lianshi were like fish on the chopping board. I'm afraid they were not captured by the previous If the incoming army catches them, they will be kidnapped by the incoming army. Wu Ran and Bu Lianshi are now very pitiful.

Suddenly, a shadow assassin appeared next to Su Chen and saluted, "Master, there are still troops in the mountains and forests. There are five or six thousand foreign troops hiding in the mountains and forests not far away."

Su Chen heard the words of the shadow assassin. Very confused,

"Alien? Why are the aliens also interested in Bu Lianshi and Wu Ran? Could it be that the leader of the foreign race is also interested in the beauty of Wu Ran and Bu Lianshi? Or are the aliens trying to capture Wu Ran and Bu Lianshi to negotiate with Yizhou?"

Su Chen always thought that there should be Yizhou's army in this valley, but he didn't expect that aliens would appear here.

In the Three Kingdoms, the aliens in Yizhou should not have been ruled by Meng Huo, so what would the aliens here be? Foreign race?

Qiang?

Di?

Shanyue?

Or Nanman?

"Master, the leader of the foreign race is a woman."The shadow assassin looked at Su Chen's thoughtful look and continued,

"female.....woman?"
