Chapter 1301

Su Chen looked at the monthly gift package in the system space. He didn't know what items he could get this time. The monthly gift package was a big hit last time. He hoped that the monthly gift package would continue to be a big hit this time.

"System, open the monthly gift package!"

"Ding, the monthly gift package is open, congratulations to the host for getting: two fragments of the world passage (remnant), the secret technique [One Thought of Flowers Blooming to Dominate the World], the upper part of the immortal cultivation technique [Plain Girl Heart Sutra], the immortal level invisibility technique [Shadow], the immortal fruit [Small] Ten flat peaches], a hundred red fruits, and a hundred shadow assassins."

Holy crap!

Is the system crazy this time?

This is not a big explosion!

This is a huge explosion!

The world channel is now assembled, and there are immortal-level skills, secret techniques, and immortal fruits.

Am I him? Yes, is the system asking him to go to the new world?

【[One Thought of Flowers Blooms and Rules the World], this is the secret technique of the ruthless emperor. This is a very powerful secret technique. Even the Nine Secrets of the Perfect World may compete with this secret technique.

"Let's introduce the system, [Plain Girl's Heart Sutra], and why there is only half of the [Plain Girl's Heart Sutra]?"

"Ding, Su Nu's Heart Sutra is a powerful cultivation method for immortality. The upper part is for cultivation and foundation building. There are nine levels in total. The corresponding ones are foundation building, golden elixir, Yuan Ying, out of body, distraction, integration, and hole void. , Mahayana, transcending tribulations

"The lower part is the immortal cultivation method, which also has nine levels, corresponding to human immortals, earth immortals, heavenly immortals, mysterious immortals, golden immortals, Taiyi mysterious immortals, Daluo Jinxian, Hunyuan Jinxian [quasi-sage], and Hunyuan Daluo Jinxian [quasi-sage]. saint】 "

"Host, this is a technique practiced by a woman, and the host cannot practice it."

Su Chen almost drooled when he heard the system's explanation, but the system actually said that this is a woman's immortality cultivation technique, which made Su Chen's heart go cold.

"Come on, I'm drooling. You actually said that I can't practice this powerful technique? Damn it, system, are you kidding me?"

"Ding, this is bad luck for the host, and the system cannot be blamed for this."

"Your sister!"

"Ding, the system has no sister!"

"Holy shit!"

Su Chen is speechless about the system.

This is because he is lucky and stupid.

However, this [Plain Girl's Heart Sutra] can be practiced by his women. Many of his women's cultivation realms are about to advance to the golden elixir realm. , the foundation building should be a cultivation realm below the Golden Core realm.

"System, please explain to me the fairy-level invisibility technique [Shadow]?"

"Ding, fairy-level invisibility technique [Shadow]: This is a powerful invisibility technique. [Shadow] has nine levels in total, which corresponds to the lower realm of Su Nu's Heart Sutra. Only those who are above the two major realms have a chance of discovering [Shadow] Hidden."

Su Chen touched his chin and thought that this was prepared for his Shadow Assassin. It's just that this fairy-level skill that can only hide without attacking is really special.

But this is not bad,

Su Chen also has a personal bodyguard. A powerful stealth technique, I can just find an assassination technique for the shadow assassins in the future.

"System, where is the Fairy Fruit Little Peach?"

"Ding, Fairy Fruit Little Flat Peach: Little Flat Peach is a low-level fairy fruit. Monks above the Golden Core Realm can quickly improve their cultivation level after eating it. This depends on the monk's spiritual roots and luck. Some monks can eat the Little Flat Peach. To improve one or two major realms, some monks can improve to four or five major realms."

Su Chen understood after hearing the system's explanation.

Spiritual roots?

Luck?

He seems to be good at these.

Su Chen has spiritual tea in his hand that can enhance spiritual roots.

Luck?

This Su Chen is even more lacking.

Su Chen is the emperor of a huge empire.

Will he have less luck?

Although his women cannot have as much luck as him, they cannot have less luck. If Tianxuan Continent is unified by him in the future, what luck will he have? He will transport such ethereal and illusory things more in the future.

Su Chen thought about this and looked at the five passage fragments in the system space.

Su Chen didn't know if the world passage was synthesized, what kind of world passage would it be? To that world.

Is it the world of immortality?

Or the world of fantasy, or the magical world of the West?

Su Chen does not believe that this world passage will be a modern world passage.

"System, synthesize the world channel for me"

"Ding, the world passage fragments are being synthesized.....5%.....8%.....25%.....33%....."

Su Chen saw that the synthesis speed of the world passage was not as fast as expected, so he sat down and drank in boredom.

Su Chen thought that there were only two continents left in the Tianxuan Continent that were not unified, and

Huang Rong's southern battle in the Eastern Continent. The army is attacking, and now the Qin State may be destroyed by Huang Rong.

The Han Empire in the Northern Continent has his daughter Su Yan, Gai Nie from the Tenglong Combat Legion, and now Jiang Yuyan from Yizhou. The Northern Continent may be conquered faster than the Eastern Continent.

Su Chen thought about it and decided to send Zhao Min's Canglang Combat Legion to the Eastern Continent. This year, they must completely occupy the entire Tianxuan Continent, so that he can go to the new world with peace of mind.

Su Chen took out the Immortal Cultivation Technique [Shadow] from the system space, handed it to You Ru with a hundred red fruits, and said, "Youru, you Shadow Assassins must practice this invisible technique immediately, and there are also these hundred red fruits." Zhu Guo, you, Youruo and Youxue, you three, discuss how to distribute"

"Yes, master!"

At this time, the system also synthesized the world channel,

"Ding, the world channel has been synthesized. Does the host want to bind the world channel?"

"binding"

"Ding, the world channel has been bound to the host. No one can go to the new world through the world channel without the host's permission."

Su Chen hurriedly asked after hearing what the system said, "System, if the immortal discovers the world passage, can the immortal come to my world through the world passage?"

"Ding, immortals can't do it either. This world passage is formed by the will of heaven. Even the legendary saints can't pass through it."

"Phew, that's good, then my world will be safe."

Su Chen didn't expect the World Passage to be so big.

However, this is a World Passage that connects two worlds. Without Heaven's permission, he would probably be obliterated by the will of Heaven after going to a powerful world.

And this World Passage is like a Pass, even if Su Chen goes to a powerful new world, the will of heaven will not obliterate him.

It is even possible to give Su Chen a suitable identity.

After all, the world passage is the product of the will of heaven.

"System, what kind of world is the new world?"

"Ding, the New World is a huge world, hundreds of times larger than the Tianxuan Continent. The New World also has four continents, the immortal civilization in the Eastern Continent, the fantasy civilization in the Southern Continent, the magical civilization in the Western Continent, and the barbaric zone in the Northern Continent.."

Chapter 1302

Su Chen listened to the introduction of the system with a confused face.

This world was simply a hodgepodge.

The civilization of cultivating immortals in the Eastern Continent.

This must be the world of monsters and monsters in movies and TV dramas. There must be fairy swords, white snakes, Zhu Xian, and A Chinese Ghost Story. These new worlds must have plots.

As for the fantasy civilization in the southern continent, could this be the world of Dou Po and Dou Luo?

Among the civilizations in the fantasy world, these are the only worlds below the immortal level.

If a perfect world appeared, this would definitely be impossible. The perfect world level could be comparable to that of immortals.

The magical civilization of the Western Continent should be a magical world of elves, orcs, dwarves, mermaids, and Medusa.

As for the wild areas of the Northern Continent,

Su Chen couldn't guess.

The new world should not be the plot in movies or TV series, but the plot in novels and animations.

These systems have been introduced before.

Only after Su Chen went to the new world once could he know how chaotic that new world was.

Do you want to go there once?

So who should we bring with us?

Su Chen's strength is scum in the new world, but women like Jellyfish Yinji, Shi Guanyin, Donghuang Taiyi, etc. cannot leave with him at this time.

After all, there are still some powerful beings in Tianxuan Continent, such as

Emperor Shitian of Tianmen, Yuan Tiangang of bad guy, two masters of Tianren Realm from Xiake Island, and the mysterious future swordsman Dugujian, etc. Tianxuan There are too many uneasy factors in the mainland, and it is impossible for Su Chen to take away the powerful masters of the Xuantian Empire.

Su Chen thought deeply about his plan to go to the new world.

First of all,

Su Chen had to bring with him the less than 100,000 black-armored troops in the system space, and the shadow assassins also had to bring some people with him.

Su Chen, the master of the Grand Master, is preparing to take away a shadow team.

Su Chen, the terrestrial god in the heavenly realm, had a hard time deciding who to bring.

Shen Shui Palace Jellyfish Yin Ji, Shi Guanyin, Yin Yang Family Ji Ruxi and [Donghuang Taiyi], Bai Ruobing [Marquess], Shui Rou [Mrs. Night Emperor], Empress Li Maozhen, Yan Ying, Hua Baifeng, Bai Jing from Ghost Palace, Fairy Yunmeng, Yao Yue, Dongfang Bubai, and this Jiang Yuyan.

These women are all powerful masters of the Heavenly Realm, but who of them will be taken to the new world?

Su Chen couldn't decide at the moment.

As for the four imperial concubines, Jing Salamander, Queen Yan Fei and Murong Qiudi, it was impossible for Su Chen to take them to the new world.

They still need to control the Tianxuan Continent. Su Chen doesn't want the Tianxuantian Continent to be out of his control after going to the new world.

"Oh, what a headache!"

Su Chen patted his forehead and said helplessly,

"Suchen!"

At this time,

Jiang Yuyan came out of the tent with a shy look.

When Su Chen saw Jiang Yuyan coming, he pulled her to sit down and asked, "Yuyan, why don't you take a rest?"

"I'm fine, what are you thinking? Why are you so sad?" Jiang Yuyan leaned on Su Chen and asked with a smile.

Su Chen didn't hide anything from Jiang Yuyan.

"Yuyan, I am going to a new world, but that world is much more dangerous than ours. That world is a world of immortality. I am now considering who to take with me.

Jiang Yuyan was surprised when she heard Su Chen's words and asked, "What?" New world? How can this be? You're not cheating on me, are you?"

Su Chen hugged Jiang Yuyan's small waist and explained,

"It's true, I discovered a world passage that leads directly to a new world, and that new world is hundreds of times larger than our Tianxuan Continent, and it is also a powerful world for cultivating immortals."

Jiang Yuyan's heart was churning now.

The world of immortal cultivators!

It is a very powerful world.

There were immortal cultivators in Tianxuan Continent before, but those cultivators disappeared thousands of years ago.

Only one person was left behind. A secret place full of aura, even some secret places are very threatening, which shows how powerful the cultivators are.

Jiang Yuyan thought for a moment, then pulled Su Chen with a pale face and said, "This.....Su Chen, why don't you go? We are just warriors. It's probably very unsafe for us to go to the world of cultivating immortals. You'd better not take risks."

Su Chen shook his head and refused and explained,

"No, Yuyan!"

"This is our opportunity. We want to live forever and be together forever. We must go to the new world."

"If we can all cultivate immortality in the future, our whole family will not be separated by life and death. I don't want to see you die in my arms hundreds of years later, and I can't bear to see you die in front of me."

Jiang Yuyan was very moved when she heard Su Chen's words, but she was still worried and persuaded Su Chen,

"But that world is very dangerous, you cultivators! Those cultivators may kill us with one palm. This is really too threatening. I hope we can live happily for hundreds of years, and I don't want you to take the risk."

"Don't worry, the new world can't be full of powerful immortal cultivators. As long as I don't provoke those powerful immortal cultivators, those powerful immortal cultivators won't be able to attack me for no reason. Jiang

Yuyan looked at Su Chen and blinked her beautiful eyes and said, "Are you sure you won't cause trouble?" I don't believe you. Besides, there must be demons and ghosts in the world of immortality. What if those demons, ghosts and ghosts want to attack you?."

Su Chen was very embarrassed when he heard Jiang Yuyan's words.

He is a troublemaker everywhere. Although some things are not caused by him, most things are caused by him.

"Ahem, cough, cough, I will definitely not cause trouble this time. Besides, those monsters and monsters live in the barren mountains and mountains. I just don't go to those places."

Jiang Yuyan lay in Su Chen's arms and sighed, "Oh, I can't help you, but your wives definitely don't agree with you going to the new world."

"I know this, but the new world is very important to our family. We cannot guard this huge treasure without being tempted."

"I'm just a bride. Even if I agree, it's impossible for women like Concubine Yan and Jing Sala to agree. It's useless for you to tell me this."

"Yuyan, I plan to go secretly this time, and you have to keep this matter a secret from me." Su Chen hugged Jiang Yuyan and said with a smile.

When Jiang Yuyan heard Su Chen's words, she hurriedly shook her head and refused,

"No, I can't do it. Don't come to me. If I conceal this matter for you, Concubine Yan and other women will definitely reject me in the future. I don't want to be kicked out by your queen before I even enter the house. This matter Just find someone else."

Jiang Yuyan thinks Su Chen is going crazy.

Doesn't Su Chen know how important his identity is? What if something happens to Su Chen in the new world?

Even if the women here know about it, they can't do anything about it. Jiang Yuyan doesn't want to confirm with Su Chen just now. If she loses her husband after having a relationship, she will even blame her if the women like Concubine Yan find out about her in the future.

Jiang Yuyan dare not agree to Su Chen to hide it for him. There is no way she will agree to hide it for this bastard this time.

Su Chen saw Jiang Yuyan. He was very helpless when he refused without hesitation.

He still persuaded Jiang Yuyan without giving up,

"Yuyan, isn't there nothing I can do? Besides, I am just going to explore the new world this time, and I will be back in a few days. I will definitely not cause any trouble or cause trouble."

Chapter 1303

In the forest,

Su Chen persuaded Jiang Yuyan all morning, but

Jiang Yuyan did not agree, which made Su Chen very depressed.

The new world is very tempting to Su Chen. Su Chen is very concerned about the cultivation techniques, natural materials and earthly treasures.

It's just that Jiang Yuyan didn't agree.

If he secretly went to the new world, I'm afraid Jiang Yuyan would immediately notify Li Maozhen and those women. If Su Chen came back, he would definitely be denounced by those women, and it would even be impossible for him to leave the Black Bird Palace in the future.

Jiang Yuyan leaned against Su Chen and looked at him with a smile.

This feeling was so good.

Su Chen didn't yell at her after getting her.

Jiang Yuyan had seen too many men treat women with disdain. , don't even treat women as human beings.

And Su Chen was able to discuss this important matter with her, and even kept trying to please her and persuade her. This showed that this bastard was not only attracted by her beauty, but that this bastard really liked him.

It's just that this matter is too important.

Jiang Yuyan is not Su Chen's real wife. She doesn't dare to hide this matter. If Su Chen doesn't tell her about ordinary little things, she can help this bastard hide it.

But Su Chen didn't even want to think about it.

The new world was too dangerous, and

Jiang Yuyan didn't want Su Chen to take the risk himself.

Su Chen pulled Jiang Yuyan to stand up.

He took out a blue bird jade pendant and five red fruits from the system space and handed them to Jiang Yuyan.

"Yuyan, this is the blue bird token, a status symbol that represents you as my wife, and these few red fruits, you can keep them for later use."

"I will ask You Ru to equip you with the secret guards and shadow assassins. Send someone to contact my daughter Su Yan in Jingzhou, and the Tenglong Combat Legion of Qingzhou Gai Nie. You must learn about these as soon as possible."

Jiang Yuyan took the blue bird jade pendant handed to her by Su Chen and smiled.

She had heard of the blue bird jade pendant. The one in Su Chen's hand was the black bird jade pendant, and his wives all had blue bird jade pendants.

The blue bird jade pendant was not only This bastard woman wears a watch, and the blue bird jade pendant can also command an army to launch a war.

There is also the red fruit in her hand.

Jiang Yuyan has eaten the red fruit before, and she also knows the efficacy of the red fruit.

But. Jiang Yuyan did not expect that Qingzhou was also his territory.

"Do you also have an army in Qingzhou?"

Su Chen nodded and explained,

"Well, Qingzhou has a combat legion of more than 600,000 that will arrive after the new year, but it has been hiding in Qingzhou. This time Qingzhou's Tenglong combat legion will launch a war in the north of the Han Empire"

"Yan'er's Jingzhou Legion will launch a war in the south. Your Yizhou will destroy Bai Yifei's Hanzhong first, and I will leave you a black-armored army of 50,000 people."

Jiang Yuyan nodded when she heard Su Chen's words and said,

"Well, Bai Yifei has contacted me a lot before, but I have never agreed to form an alliance with him. Husband, Bai Yifei seems to be in contact with Sun Ce of Wu County, and has also secretly contacted the barbarians."

"I know all this. You can support Zhu Rong from the barbarians. Don't pay attention to Sun Ce from Wu Commandery. Yan'er will personally take care of that arrogant guy."

"Humph, what is your relationship with that barbarian Zhu Rong?"

"Haha, Zhu Rong is the helper I found for you to save you from fainting in the future."

When Jiang Yuyan heard Su Chen's words, her face turned red and she said in embarrassment, "You.....You are so shameless!"

Jiang Yuyan didn't expect Su Chen to be so shameless.

However, she fainted when she thought about serving this bastard before.

This also let Jiang Yuyan know that she couldn't handle this bastard by herself. If Zhu Rong would serve this bastard with her in the future, Bastard, this also relieved her pressure.

Su Chen then handed over the fairy-level skills and the small flat peach to Jiang Yuyan.

Su Chen did not give up going to the new world. He just made arrangements for the Northern Continent and then secretly went there. Jiang Yuyan wouldn't know, and neither would his women.

"Yuyan, keep this fairy-level technique and these fairy fruits and small peaches for now, and you can practice them together when the other women from the Black Bird Palace arrive."

"Don't eat the small flat peach randomly. This small flat peach can only be taken in the Golden Elixir realm. Otherwise, I'm afraid you will explode and die. You can take this small flat peach when your cultivation realm reaches the Golden Elixir realm."

Jiang Yuyan was very shocked when she saw the fairy-level skills and fairy fruits that Su Chen handed her.

Although she knew that Su Chen had a lot of good things in his hands, this bastard had both fairy-level skills and fairy fruits.

This made her Jiang Yuyan never thought of it

"Immortal level skills? You actually have the skills to cultivate immortality? There are also these little fairy fruits, peaches. Are these really fairy fruits?"

Su Chen pulled Jiang Yuyan and walked towards the mountain forest and said,

"This is all true, but the spiritual energy of Tianxuantian Continent is exhausted, even if you want to practice immortal skills, it is impossible to practice them."

"However, the spiritual energy in our Xuantiao Palace is very rich. After you and Yan'er conquer the Northern Continent, you can go to the Xuantiao Palace to practice. There can be several emperor-level martial arts techniques in the Xuantiao Palace, and there are even more king-level martial arts techniques."

"I see."

Jiang Yuyan nodded in confusion.

She was now so shocked by the information Su Chen said that these items were rare treasures to her before, but in the hands of this bastard, Give it to yourself like garbage.

Jiang Yuyan hurriedly collected these treasures and rolled her eyes at Su Chen.

After leaving the mountain forest,

Su Chen looked at Jiang Yuyan and said, "Yuyan, I have to leave first, Sword Master Dugu Jian, I need to find him as soon as possible. He is a threat to us. I must get rid of him first."

"Are you talking about the sword master of Wushuang City?"

Jiang Yuyan asked reluctantly after hearing Su Chen's words.

She didn't expect that Su Chen would leave today.

However,

Jiang Yuyan thought that Su Chen must have something important to do when he came to the Northern Continent this time. Although Jiang Yuyan was also suspicious. Will Su Chen secretly go to the new world, but she doesn't know where the entrance to the new world is.

This time she plans to trust Su Chen for once

"good!"

"Have you provoked Sword Master Dugu Jian?"

"No, but Li Maozhen's battle in Wushuang City completely destroyed Wushuang City. I'm worried that the old fool Sword Master will seek revenge on Li Maozhen. I'd better kill him first for this threat."

Jiang Yuyan was completely relieved after hearing Su Chen's explanation.

She wasn't too worried about Su Chen going after the Sword Master. With the emperor-level sword technique Su Chen performed yesterday, even the two sword masters would not be Su. morning rival

"Then you have to be careful, the Sword Master is very powerful, he may be a master in the late stage of the Heavenly Realm."

Su Chen kissed Jiang Yuyan and said with a smile, "Don't worry, I'm absolutely sure to kill him."

"Don't let your boat capsize in the gutter"

"Got it, I'm leaving. Just take care of those women, Zhu Rong and Bu Lianshi."

"I will!"

When Su Chen heard Jiang Yuyan's answer, he waved his hand and disappeared instantly.

Su Chen planned to find a secret place to go to the new world. The new world is a world made up of those movies, TV series, novels and animations.

This made Su Chen very curious.

Tianxuan Continent is a world of comprehensive martial arts, and the new world is probably a comprehensive world of immortals and heroes.

No, there are also fantasy, magic, and even wild things.

"New world, I, Su Chen, am here!"

Chapter 1304

Yizhou, in the Shiwan Mountains,

Su Chen appeared in a mountain with lush trees.

After Su Chen checked that there was no one around,

Su Chen decided to go to the new world here. This time he just checked the new world first. The situation in the world, just find a foothold, this is how he will prepare for taking the girls to the new world in the future

"System, how to open the world channel?"

"Ding, host, there are two ways to open the world channel. One is that the host can fix the world channel in one place, and the host can directly go to the new world from the world channel, or the host can let the people selected by the host pass through the world channel."

"Second, Su Chen can temporarily carry the world channel with him. After the host opens the world channel and enters the new world, the world channel will be taken back into the system space. It will reappear only if the host uses the world channel again."

Su Chen smiled when he heard the system's explanation and said, "That's right. I didn't expect the world channel to be so humane. This saves a lot of trouble."

Su Chen can only temporarily carry the World Passage, so that even if he encounters danger in the new world, he can quickly return to the Tianxuan Continent through the World Passage.

Besides, he is just going to explore the new world this time, and wait until he understands it. After the new world,

Su Chen will fix the world passage in Xuannio Palace, so that his women can go to the new world to find him if they have something to do, and they can even send armies through the world passage to the new world.

"Youru!"

"Owner!"

"How many Shadow Assassins are around now?"

"Master, there are four shadow teams nearby now."

Four shadow teams?

There are only forty shadow assassins.

If we add one hundred shadow assassins and ninety-five thousand black-armored troops in the system space, these should be able to occupy a foothold in the new world, right?

Shadow The lowest level of cultivation for an assassin is the master level, and the black-armored army is also a very elite army.

Su Chen does not believe that there are powerful practitioners among the common people in the new world.

"Youru, gather the shadow assassins and go to the new world with me later."

"Yes, master!"

After Su Chen gave the order to the shadow assassin You Ru,

You Ru waved around, and one by one the masked women in black appeared next to Su Chen. These shadow assassins with bulging figures and sloping backs appeared. They all saluted to Su Chen.

Su Chen nodded to the shadow assassins around him and communicated with the system,

"System, open the world channel. I want to temporarily carry the world channel to the new world."

"Ding, the world passage is open, host, the time flow rate in the new world and Tianxuan Continent are inconsistent. One day in Tianxuan Continent is equal to one hundred days in the new world. After the host enters once, this time flow rate will be fixed."

Su Chen didn't expect that the time flow rate in the new world is different from that in Tianxuan Continent.

This is a good thing for Su Chen.

Su Chen is also worried that his absence for too long will make his women worried. Now in the new world, One hundred days have passed in the world, and only one day has passed in Tianxuan Continent. This is very news for Su Chen.

"1:100? This is not bad. Even if I have stayed in the new world for a hundred days, and Tianxuan Continent has only passed for one day, the world passage is really user-friendly. The system, can I still receive the monthly gift package after one month in the new world?"

"Ding, that's not enough. Only after the host completely unifies Tianxuan Continent can the host receive the monthly gift package in the new world."

"I'll do it! System, your conscience is very bad. Besides, my empire in Tianxuan Continent is very powerful. It is only a matter of time before we can unify Tianxuan Continent. Can't you be accommodating?"

Su Chen didn't expect that he wouldn't be able to receive the gift package in other worlds.

If Su Chen stayed in the new world for a hundred days, it would be three months, and the three-month gift package would have been missed.

"Ding, no!"

"I'm going!"

"Ding, however, the system can give the host a random identity in the new world. This depends on the host's luck."

"Um? Random identity? What kind of random method?"

"Ding, host, random identity is a kind of gambling wheel. The host may get the identity of a beggar, a sect disciple, or even a general, a noble, or a city lord."

"Is it possible that he is the husband of a stunningly beautiful woman?"

"Ding, anything is possible!"

"I'll do it! The system is awesome!"

Su Chen was also speechless about the system.

He didn't expect that the system would have such a humorous day. However, Su Chen was also looking forward to this random identity.

"System, can the random identity be transferred now?"

"Ding, host, you can only turn the dial to extract your identity after you arrive in the new world."

"That's it, by the way, system, I randomly arrived at other continents in the new world? Or can I pick any continent I arrive at?"

"Ding, the first time is to arrive at the new world randomly. After that, the host can reach the new world in a fixed place."

"I understand, this is asking me to determine a coordinate, system, and world passage in the new world? Why can't I see it?"

Su Chen nodded when he heard the system's explanation.

Su Chen looked around and found no world channel.

This made him wonder if the system had not opened the world channel?

"Ding, the world passage is ten meters in front of the host. The host can make the world passage appear."

Su Chen didn't expect that the world passage could be invisible, which would be much easier.

"Youru, lead the shadow assassins with me."

"Yes, master!"

Su Chen did not let the world passage reveal itself.

He led the shadow assassin and walked ten meters ahead. Su Chen suddenly disappeared while walking. You Ru and other shadow assassins saw Su Chen Disappeared, they rushed towards the place where Su Chen disappeared one by one.

After the shadow assassins disappeared one by one, it seemed as if no one had been in this mountain forest, and the quiet mountain forest became quiet again.

The New World, also called The Godfall Continent, according to legend, used to be a continent where immortals, demons, gods, and Buddhas coexisted. However, the war between the gods later caused the entire continent to be fragmented. Most of the gods in the continent have fallen, and the remaining gods They all disappeared in this continent.

The Shenyu Continent also got its name from this.

The Shenyu Continent is in a desert between the Eastern Continent and the Southern Continent. There is a war of hundreds of thousands of people going on here. One side is the human race. There are more than 200,000 troops, and one side is an army of more than 50,000 snake people with human bodies and snake tails.

In the desert, these two armies are engaged in a cruel war. Human corpses are everywhere, and the corpses of snake people are also increasing. The entire The desert on the battlefield is dyed red with blood

"Queen!"

"The Jiama Empire wants to drive out our snake tribe. This time, the Jiama Empire has dispatched the most elite royal army. There are more than ten masters of Dou Wang, and there are even two Dou Huangs."

"If our snake tribe continues to fight, even if we defeat the royal army of the Jia Ma Empire, our snake tribe will be unable to recover from the fall."

"Queen, how about we escape to the Eastern Continent?"

Chapter 1305

In the middle of the snake army, a beautiful and cold snake girl with a snake tail stood here with a frosty face.

She was wearing a purple brocade robe. Her body under the brocade robe was plump and exquisite, like a mature honey. Like a peach, three thousand strands of hair were casually scattered from the fragrant shoulders, and a purple snake tail was exposed under the brocade robe. The snake tail swayed slightly, making people feel inexplicably hot all over the body just looking at it.

She looked at the battle on the battlefield with a cold face.

After she heard the words of the snake leader, she shook her head with a cold face.

The Snake Queen looked at her guard captain and said coldly,

"Hua She'er, you can't go to the Eastern Continent. On the other side of the desert boundary river, Tianfeng City's army is already gathering. It's impossible for us snake people to cross the river and compete with Tianfeng City for territory. Besides, Tianfeng City has a powerful cultivator. Or, I am no match for that powerful woman."

Hua She'er looked at the snake people who were dying and asked with a look of grief and anger, "Queen, do we really want to fight to the death with the Jiama Empire? Why didn't the Jiama Empire even give us a piece of desert?"

"It's all for the survival of the race. The Garma Empire must want to open up the connection with the Eastern Continent. Maybe the Garma Empire has formed an alliance with Tianfeng City in the

Eastern Continent. We snake people have blocked the trade between the Garma Empire and Tianfeng City."

"Trade? Don't we snake people also have deals with Tianfeng City? Why does Tianfeng City still cooperate with the Jiaoma Empire?"

"We don't know what humans think. Maybe the Jiaoma Empire must have promised some benefits to Tianfeng City."

Hua She'er showed an angry expression on her beautiful face and yelled, "Damn humans, humans are all bastards who don't keep their word."

The Snake Queen looked at the battlefield and ordered coldly and arrogantly,

"War is inevitable. If we want our snake people tribe to pass on, we have to fight this war. For the future reproduction of the snake people, we must defeat the army of the Gama Empire."

"Yes, Queen!"

"who?"

At this time, the Snake Queen suddenly felt some human aura appearing behind the Snake Army.

At this moment,

Su Chen had just arrived in the new world with the Shadow Assassin, and he found that he appeared in a desert, and there were also... A war involving hundreds of thousands of people was taking place.

This made Su Chen a little stunned.

Because Su Chen actually saw the human army fighting with the snake army with human body and snake tail. Su Chen was the first snake man with tail that Su Chen saw. , of course, those seen in movies and TV series do not count.

The shadow assassins quickly hid themselves one by one after arriving in the new world. Assassins cannot be exposed to the outside. The shadow assassins also hide around Su Chen to protect him at all times.

At this time, after Su Chen appeared in the desert, in a luxurious building in Tianfeng City, a beautiful woman who was meditating suddenly opened her eyes, with a puzzled expression in her beautiful eyes.

Boom!

"I'll do it!"

Su Chen suddenly felt a threat, and he hurriedly teleported and disappeared.

After the Snake Queen attacked with a palm, she didn't expect that Su Chen actually avoided it, and she didn't even notice a breath.

This made her The Snake Queen's expression became cautious.

"Um? He actually dodged my attack. Could this human being be the Dou Huang? Or is he a powerful immortal cultivator? What about the rest? Just now, I sensed the arrival of dozens of people. Where are those humans hiding?"

After Su Chen reappeared,

Su Chen also saw that it was a snake girl attacking him, but this snake girl was too beautiful. The cold, beautiful, noble and mature snake girl made him unable to take his eyes away.

Su Chen didn't expect that when he arrived in the new world, there would be such a beautiful snake man to greet him, but this greeting was not a real greeting. When

Su Chen saw the snake woman looking at him,

Su Chen hurriedly questioned the snake woman He said, "Why are you attacking me? I don't seem to have offended you, right?"

"Human, why are you here?"

The Snake Man Queen looked at Su Chen and felt very strange.

This human being is not an immortal cultivator at all, and his strength is also very weak. His strength is at the peak of a fighting spirit.

But how can he dodge his attacks so well?

Su Chen saw After looking at the Snake Girl's protruding figure, he coughed and said,

"Well, I just didn't arrive here accidentally. I didn't know you were at war. I'll leave right now. When the

Snake Queen saw Su Chen was about to leave, she blocked Su Chen's path and shouted, "Stop, where are your companions?" Just now I felt that there were still some humans arriving. Don't tell me that you didn't know.

Su Chen pretended to be confused and said innocently, "Companion?" I don't know, I don't know that other people exist, and I don't know how I ended up here this time."

Su Chen didn't expect that this powerful snake girl couldn't discover the existence of the shadow assassin. Is it because of the different training systems that the snake girl couldn't detect the shadow assassin despite her strength?

"You still dare to lie, do you think I dare not kill you?"

"Forehead! medusa i....."

"Shut up, I am a snake man, not the Medusa of the Western Continent."

"Snake girl, me....."

The Snake Queen interrupted Su Chen again and threatened,

"Shut up, how dare you call me a snake girl? I am the queen of the snake tribe. Do you, a human, want to die?."

The Snake Queen is very angry now.

This human has bullied her again and again. You know, even the Dou Huang of the Gama Empire wants to call her Queen

, but this weak human dares to call her Medusa. ?

Even called her Snake Girl?

Doesn't this bastard human know that she is the Queen of Snakes?

Or does this human don't want to live anymore?

Damn it!

Why is this Snake so arrogant?

She thinks she is the Queen of Medusa. Really?

Well!

This snake girl is wearing a crown, and she is still a snake girl.

Could this snake girl be the Queen of Medusa?

Su Chen looked at the snake girl and asked doubtfully,

"Queen, you can't call me Cai Lin, right?"

Boom, boom, boom!

After Su Chen called out the name of Queen Medusa Cai Lin, the Snake Queen quickly attacked Su Chen again.

Damn it!

Su Chen really had nothing to say to this snake girl. He just said a name, but this snake girl attacked him at every turn. If Su Chen hadn't been observing the snake girl with his mental power, he would have died in the hands of this snake girl.

Boom!

At this time,

Another powerful woman arrived in an instant.

When a beautiful woman in a pink dress arrived, she beat back Medusa with one palm and looked at Su Chen in surprise.

"Suchen? Why did you appear in the Godfall Continent?" ps: Let's divide the realms: Grand Master = Dou Ling, Heavenly Man Realm = Dou King, Golden Core Realm = Dou Huang, Nascent Soul Stage = Dou Zong, Out of Body Realm = Dou Zun, Divided Spirit Realm = Dou Sage, Fusion Realm = Dou Di,

Douluo Wuhun is one level lower than Dou Qi, that is, a peerless Douluo of level 100 is also a Dou Sage equivalent to Dou Qi, which is equivalent to the distraction state of cultivating immortals. The remaining Dongxu realm, Mahayana Realm, transcending tribulation realm, these three realms are not comparable to Dou Qi and Douluo Wuhun. The division of realms in the Western magical world will be added later.

Here I set that the immortal cultivators are very powerful, and I also checked this The information is set up like this, you can search and see.

If you don't like it, don't comment!

Chapter 1306

Su Chen was very confused when he saw the beautiful woman who suddenly appeared.

Running away from the flower demon?

This is the Peach Blossom Demon he met in Shura City, the trial world, but how could she appear in the new world?

"Peach Blossom Demon, how come you are in this world?"

The peach blossom demon was very happy when she looked at Su Chen.

"Haha, I was already in this world, Su Chen, how did you come to this world? I thought I felt wrong just now."

Su Chen rubbed his nose while smelling the body fragrance on Peach Blossom Demon's body.

He suddenly thought that this is a comprehensive world of cultivating immortals. If Peach Blossom Demon appears in this world, will Xiaoqing and Little Fox also be in this world? ?

Su Chen thought about it and asked Peach Blossom Demon,

"I also came here accidentally, Peach Blossom Demon, are you, Little Fox, Xiaoqing and the others all in this world?"

Peach Blossom Demon took Su Chen's hand and said with a smile, "Yes, not only are Little Fox and Xiao Qing here, but Spider Woman and the Little Shura sisters are also in this world."

I guess!

Su Chen is a little dizzy now.

Why is this world of immortal cultivation so chaotic? The little fox Su Daji, the little green snake Xiaoqing, the peach blossom demon, the spider woman, and the Shura sisters, this is almost going to happen. Big party.

Boom!

Queen Medusa flew over and attacked the Peach Blossom Demon. She did not expect that this woman from Tianfeng City would appear in her territory and even attack her. This made Queen Medusa furious. I want to kill this woman.

Touch!

The Peach Blossom Demon blocked Queen Medusa's attack and shook her head and said,

"Snake Queen, you are no match for me. I am just here to meet a friend."

"friend? Just this weak human being?"

Queen Medusa was very surprised when she heard Peach Blossom Demon's words.

Peach Blossom Demon is a very powerful woman. Her strength is at least that of a Dou Zun, and she is also the ruler of Tianfeng City. But how could she be so powerful? A weak human friend?

Could this human being be the young master of a powerful family?

When Su Chen heard Queen Medusa's ridicule, he couldn't help but quibble,

"Come on, Queen Medusa, what's wrong with me being weak? Don't weak people have friends?"

Queen Medusa looked at Su Chen and mocked disdainfully,

"Weak human being, you have no place to speak here. You'd better shut up."

What the hell!

Forget it,

Su Chen originally wanted to keep arguing, but he is really no match for Queen Medusa.

Queen Medusa is at least a powerful woman in the Golden Core realm. If he hadn't teleported His ability and mental power are also very powerful. He may have been killed by Queen Medusa long ago. When the

Peach Blossom Demon saw Queen Medusa being rude to Su Chen, she threatened Queen Medusa with a sullen face. Said,"Snake Queen, you'd better speak politely, otherwise, don't blame me for being rude to you."

Queen Medusa also asked the Peach Blossom Demon aggressively,

"Tao Qingxue, what agreement did you reach with the Jiama Empire? Why did the Jiama Empire launch a war against our snake tribe?"

Peach Blossom Demon heard Queen Medusa's words and said doubtfully,"Cailin, what the Garma Empire does is their business. I have not made any agreement with the Garma Empire. You should know my character."

Queen Medusa was also a little confused when she heard Peach Blossom Demon's words.

She has known Peach Blossom Demon for more than ten years. Peach Blossom Demon has been practicing in seclusion and doesn't care much about things in the world.

But Tianfeng City's army is indeed dispatched , and was still guarding her snake tribe at Jiehe.

Queen Medusa continued to ask with a cold face,

"Then your Tianfeng City has dispatched troops. Aren't you trying to prevent us snake people from crossing the boundary river?"

"Um? I don't know about this. I have been practicing in seclusion. If I hadn't felt Su Chen's arrival this time, I wouldn't have been able to break through and come here."

Su Chen was like a dispensable person on the side, which made Su Chen feel very depressed.

The snake girl was indeed the queen of Medusa, and the strength of the peach blossom demon made him not expect to be so powerful.

Beauty. Queen Medusa Cai Lin is a strong person in the Golden Core Realm, that is, the Dou Huang, but the Peach Blossom Demon didn't care at all in front of Queen Medusa, and even stopped Queen Medusa's attack with a casual palm. What is the Peach Blossom Demon doing now? What kind of strength is it?

Su Chen looked at the two beautiful beauties who had been talking, he coughed and said,

"cough! Well, Queen Medusa, if nothing happens, I will go with Tao.....Tao Qingxue has left, you should focus on your war."

Queen Medusa heard Su Chen's words and threatened with anger, "Stop, weak human, I said I am not Medusa, have you forgotten?"

"Knowing Queen Medusa, I will definitely not forget it next time"

"damn it!"

The Peach Blossom Demon smiled and hurriedly grabbed Su Chen, who was about to stir up trouble.

She didn't expect that Su Chen, a little great master, would dare to provoke Queen Medusa like this. You must know that Queen Medusa is a fighting emperor, and she also He is a strong man in the Golden Core Realm who cultivates immortality.

The Peach Blossom Demon is worried that Queen Medusa will attack Su Chen again.

"Cai Lin, I will take Su Chen away. I will ask why the Tianfeng City army was dispatched."

Queen Medusa saw that the Peach Blossom Demon was about to leave, and she hurriedly shouted to the Peach Blossom Demon, "Wait a minute, Tao Qingxue, our snake tribe is in a very critical situation right now. I want to ask you to help my snake tribe get through this. crisis"

"You want me to kill the two fighting emperors in the Jia Ma Empire?" The Peach Blossom Demon looked at the direction of the Garma Empire's army and asked guessingly.

Queen Medusa nodded and said helplessly,

"Yes, I can only defeat one of the two fighting emperors Haipodong and Jiaxingtian of the Jia Ma Empire. Together they are no match for me. Tao Qingxue, just think that I owe you a favor this time."

Su Chen hurriedly interrupted when he heard Queen Medusa's words and asked, "Haipodong? Is it Ice Emperor Haipodong?"

"good!"

Queen Medusa glanced at Su Chen and nodded in reply.

Queen Medusa originally didn't want to talk to this weak human being, but when she thought that this weak human being made Peach Blossom Demon care so much, Queen Medusa didn't want to do it at this time either. This made this human being angry.

When Su Chen heard Queen Medusa's confirmation, he said to the Peach Blossom Demon, "Qingxue, go and capture Hai Podong. I have use for this person.""

"Okay, you wait for me here, I'll be back soon."

The Peach Blossom Demon nodded and agreed.

The Peach Blossom Demon didn't ask Su Chen why he wanted her to catch Hai Potong.

She believed that Su Chen must have a reason for doing this, and even if Su Chen didn't have a reason, the Peach Blossom Demon would. Follow Su Chen's orders

"Well, be careful, I don't want to see you get hurt"

"Haha, it's just a Dou Huang, I can kill him with just one hand, don't worry."

After the Peach Blossom Demon disappeared,

Su Chen looked at the voluptuous Queen Medusa and smiled.

Su Chen did not expect that the first person he met after entering the new world would be Queen Medusa Cai Lin. , is this their fate? Will Queen Medusa Cai Lin meet that Xiao Huohuo again in the future?

"You're laughing your ass off, you weak human being, you'd better control your eyes, otherwise don't blame me for digging them out for you."

Chapter 1307

Queen Medusa saw Su Chen constantly looking at her, which made her very ashamed and angry.

If Queen Medusa hadn't wanted the Peach Blossom Demon to help her, she would have killed this shameless human immediately.

When Su Chen heard Queen Medusa's words, she was speechless and said, "You are crazy. We are the only two here. If I don't look at you, why should you look at the ground?"

"Human beings are all shameless people."

Queen Medusa rolled her eyes. Su Chen looked at the battlefield.

Her snake army began to retreat on the battlefield. There were less than 20,000 snake soldiers left. The snake army suffered heavy casualties this time.

If The Peach Blossom Demon can kill one of the two fighting emperors of the Garma Empire, and she can defeat the remaining one. She can even kill another fighting emperor of the Garma Empire, so that Queen Medusa can turn defeat into victory.

Garma After the empire lost two fighting emperors, the Garma Empire did not dare to launch a war against the Snake Tribe again.

Su Chen mocked Queen Medusa with disdain,

"Yep, your snake people seem to be good people, but you snake people are even more lustful. Snakes are cold-blooded animals, and they are also lustful by nature. Why are you staring? Did I say something wrong?"

Although Su Chen said this,

Queen Medusa is really very beautiful. She is also one of the most beautiful, mature, cool and noble women he has ever seen, especially Queen Medusa. Her noble and mature temperament.

This is comparable to Concubine Yan and Shi Guanyin.

Concubine Yan is managing a powerful empire, with millions of elite troops and even hundreds of millions of people. Her noble and mature temperament is Even more prominent than Queen Medusa.

Upon hearing Su Chen's words, Queen Medusa turned her head angrily and said,

"We are snake people, not snakes, you weak human beings need to understand"

"Aren't snakes snake people?"

"Is the snake a snake person?"

"No?"

"You are your size, so do you think the orcs in the Western Continent are humans?"

"of course not!"

"Then why do you bastard say that snakes are snake people?"

"....."

Su Chen touched his chin and smiled silently.

Queen Medusa was really interesting to talk about. A snake queen actually argued with him over such a trivial matter. Queen Medusa was indeed a qualified snake. Queen of people.

Su Chen looked at the battlefield and shook his head and said,

"Your army is going to be defeated"

"I know!"

Queen Medusa nodded with an ugly face.

Su Chen was very speechless when he saw the chaotic battle of the snake people.

Although the army of the Garma Empire did not have a strong military formation, at least the army of the Garma Empire knew The army cooperates with each other.

But the snake army is a mess.

It is like a martial arts master being besieged and killed by the army. No matter how powerful the martial arts master is, he cannot face the army's siege. It will only take time for the snake army to be destroyed. It's a matter of length.

Su Chen kicked the sand under his feet and analyzed Queen Medusa,

"Your snake army is very powerful, but they fight independently on the battlefield and don't know how to cooperate with each other. No matter how powerful your army is, it will still fail in a large-scale war. The war is not for one person. In war, an army that does not understand the formation and does not understand how to cooperate is destined to fail."

Queen Medusa looked at Su Chen unexpectedly.

She felt that this weak human seemed to have commanded wars, and even commanded more than one war.

Queen Medusa decided to test the identity of this weak human. She felt that this weak human was I'm afraid his identity is not simple, otherwise the powerful Peach Blossom Demon wouldn't be able to care so much about this weak human being.

Queen Medusa blinked and said, "You seem to have commanded an army to fight."

"you guess?"

"I'm guessing, damn human beings"

"Ha ha....."

Queen Medusa glared at Su Chen and felt very helpless. She originally wanted to test the identity of this bastard, but this bastard was like a cunning fox, and he actually saw through her test.

Su Chen saw a huge noise in the Gama Empire, and he knew that the Peach Blossom Demon was starting to take action.

Su Chen asked the Peach Blossom Demon to attack Hai Podong because of the map of the Qinglian Earth Core Strange Fire, although he did not need the Qinglian Earth Core. Strange Fire, but Su Chen couldn't keep that map and let Xiao Huohuo get the Qinglian Earth Core Strange Fire.

Su Chen looked at Queen Medusa and smiled and asked, "Queen Medusa, do you know about strange fire?"

"Um? what are you up to?"

Queen Medusa asked nervously after hearing Su Chen's words.

The Qinglian Earth Core Fire in the desert is crucial to her transformation. The news of the Qinglian Earth Core Fire is absolutely impossible to be exposed. This human being Could it be that he came for Qinglian's strange fire in the center of the earth?

"You know where the Qinglian Earth Core Strange Fire is, right?"

"If you want to fight Qinglian's Earth Core Strange Fire, stop dreaming. Just rely on your strength and don't seek death."

Su Chen smiled and sat on the sand and said,

"I don't care about Qinglian's strange fire"

"However, the news about Qinglian's Earth-centered Fire has been exposed. Ice Emperor Haipodong knew all about the Qinglian's Earth-centered Fire. Perhaps this war was the Gama Empire's attempt to let Haipodong get the Qinglian's Earth-centered Fire. Started by fire."

Queen Medusa was surprised when she heard Su Chen's words and said,

"How can this be? I have strictly blocked the news about Qinglian's strange fire in the center of the earth. How could Ice Emperor Haipodong know about it?"

"Won't you know if you ask me later?"

Boom boom boom.....

At this time, huge noises erupted from the direction of the Jia Ma Empire.

The battles above the Golden Core realm were indeed extraordinary.

This was not something that mortals could approach.

Su Chen also had a certain understanding of the battles above the Golden Core realm. understanding

"Queen, is there anyone strong enough to help our snake tribe?"

At this time, a beautiful snake woman came quickly and asked Queen Medusa,

"That's right?"

"That counts?"

Hua She'er was very confused when she heard Queen Medusa's words.

What does it mean?

Yes is, and no means no.

How can it be?

Hua She'er saw Su Chen next to her staring at her.

This made her angrily point her weapon at Su Chen and ask, "Queen, is this weak human being the slave you captured? Can I kill her?"

I guess!

Are all snake people crazy?

Why do they kill people so often?

This little snake girl actually said that she is a slave?

Are there such handsome slaves in the world?

Su Chen looked at the beautiful snake girl who arrived. He originally thought He praised this snake girl for being very beautiful, especially her beautiful snake tail. Su Chen looked like he wanted to reach out and touch her snake tail. But after this beautiful snake girl wanted to kill him, Su Chen also felt sorry for this snake girl.

The snake girl was speechless

"Hua She'er, it's up to you!"

"Holy shit, Queen Medusa, you are a human being.....No, you are not a true snake person. I asked Tao Qingxue to help you capture Haipodong, but you actually tried to kill me by burning down the bridge?"

Chapter 1308

Su Chen did not expect that Queen Medusa would let her men attack him.

This was something Su Chen couldn't understand.

You must know that the Peach Blossom Demon was helping Queen Medusa because of his words. Isn't Queen Medusa afraid? Did he bring the Peach Blossom Demon back?

Or is Queen Medusa testing him again?

Hua She'er's eyes lit up when she heard Medusa's words.

She didn't expect that Queen Medusa actually agreed.

Hua She'er's eyes were full of anger when she looked at Su Chen. The way this human looked at her just now made her very angry. angry.

Even if Hua Sheer doesn't kill this human being this time, she will cripple this lustful human being

"Humans, are you ready? If I kill you, you will not feel great pain. In just a moment, you will be beaten to pieces by me, and you will not be able to feel the pain."

Su Chen raised his middle finger to the heroic Hua Snake and said,

"Come on, talk big!"

Hua She'er saw Su Chen's raised middle finger.

Although she didn't know what it meant,

Hua She'er felt that this human being was definitely insulting her.

Hua She'er angrily shouted at Su Chen, "You are looking for death. , Damn human being, I will torture you to a painful death."

Su Chen ignored Hua She'er.

He looked around and suddenly shouted,

"Yours!"

"Owner!"

A masked woman in black suddenly appeared and saluted Su Chen.

Su Chen pointed at Hua Snake and said,"Lead the shadow assassins to teach this snake girl a lesson. She is a fighting king, which is what we call the realm of heaven and human beings. Strong men, you should be careful"

"Yes, master!"

Youru looked at Hua Snake'er and saluted.

She heard what happened just now clearly.

This snake girl didn't know how to live or die and wanted to cause trouble for Su Chen.

Youru will teach her a lesson this time.

Meidu Queen Shah was very surprised when she saw the sudden appearance of the masked woman in black.

She originally asked Hua Snake to test this weak human being. She was already prepared to save this human being when he was in danger, but she didn't expect this human being. There were actually guards around.

She didn't even notice the existence of this masked woman in black, which made Queen Medusa even more confused about the identity of this human being when she looked at Su Chen.

"kill!"

Hua She'er saw that Su Chen actually called out a human woman to fight with her, and also wanted this human woman to teach her a lesson.

Hua She'er raised his weapon and angrily came towards Youru to kill him.

Whoosh whoosh whoosh whoosh.....

When Youru saw Hua She'er attacking, she waved her hand and quickly disappeared in place.

At this moment, dozens of black-clothed and masked women suddenly appeared around Hua She'er. Each of these black-clothed and masked women held shorts. Blade kept dodging and attacking her. boom!

Bump bump!

Ding ding ding!

Shadow assassins kept appearing suddenly one after another to assassinate Hua She'er.

After one attack, they would disappear quickly regardless of whether they were successful or not. This made Hua She'er constantly deal with the assassinations of shadow assassins. She had no spare time at all. Time to attack these elusive shadow assassins.

Su Chen watched the Shadow Assassin attack Hua She'er non-stop, to the point where Hua She'er couldn't even use any moves to attack the Shadow Assassin.

This made Su Chen smile.

Although most of the Shadow Assassins were at the level of Grandmasters, and there were only a few masters of Grand Masters, the Shadow Assassins relied on their elusive invisibility. If Hua Sheer couldn't find the Shadow Assassins, If there is any flaw, she will be tortured to death by the shadow assassin.

Queen Medusa looked at the sudden appearance of so many masked women in black, which made her look at Su Chen with an incredible expression on her beautiful eyes. She did not expect that there would be so many human beings hidden around her.

These masked women in black were some great fighting masters and several fighting spirits. Hua She'er was a fighting king, but these elusive and masked women in black were able to beat Hua She'er without the ability to fight back.

After Queen Medusa saw the invisible shadow assassins, she did not notice where the shadow assassins were hiding. Queen Medusa looked at Su Chen and wanted to ask what was going on with those women?

Is their invisibility skill the legendary magic of the Eastern Continent?

"Damn it, go to hell!"

Boom boom boom.....

Hua She'er was tortured crazy by these elusive women.

She was stabbed in the neck by a shadow assassin just because she was not paying attention. If she hadn't sensed the danger and retreated hastily, she might have had her throat cut by these shadow assassins. And die.

Hua Sheren is attacking aimlessly.

After these shadow assassins disappear one by one, she has no way to find out where the shadow assassins are hiding. Hua Sheer can only use violent attacks to force out the hidden shadows.
assassin

"Su Chen, what's going on?"

At this time,

Peach Blossom Demon came back with a middle-aged man covered in blood. She looked at Hua She'er and the Shadow Assassins who were fighting and asked doubtfully.

Su Chen looked at the captured Hai Podong and asked. He smiled and said, "Nothing, I just let my men compete with Queen Medusa's men."

Peach Blossom Demon looked at the shadow assassins surrounding Hua Sheren'er and asked doubtfully, "Are these women your subordinates? These women aren't all your women, are they?"

"cough! What nonsense are you talking about? These are my guards. They have always been hiding by my side to protect me."

Peach Blossom Demon looked at Su Chen's embarrassed look and said with a smile,

"You are a passionate person. In Shura City, Xiaoqing, the human woman, the Shura female sisters, they all have a deep love for you. Even the little fox looks at you differently."

"You have captured several women in just a few days. Who knows if these voluptuous and masked women in black are your women?"

"Men, these are my men." Su Chen was very ashamed and hurriedly said to Peach Blossom Demon,

"hehe!"

Su Chen looked at the smiling Peach Blossom Demon and knew that she didn't believe it.

Su Chen was too lazy to explain to the Peach Blossom Demon.

He looked at Queen Medusa and said, "Queen Medusa, you can interrogate this Hai Po Dong first. Come on, I believe you can get this old guy to talk."

"Leave it to me. If Haipotong really knows, I will let him tell everything he knows." When Queen Medusa heard Su Chen's words, she mentioned Haipodong on the ground and disappeared.

Stab! Stab! Stab.....

At this moment,

Hua Sheer was stabbed repeatedly by the Shadow Assassin with short blades. The more anxious she became, the more mistakes she made. She even made several mistakes in defense, but the Shadow Assassin took the opportunity to stab her neck.

Hua She'er also understood now that these shadow assassins did not want to kill her at all, otherwise she would have died by having her throat cut by these shadow assassins.

Are these shadow assassins teasing her?

Su Chen took Peach Blossom Demon and sat down and asked, "Qingxue, why is the spiritual energy in this continent so thin? This is just a little stronger than my world. How did you become so powerful through cultivation?"

Peach Blossom Demon smiled. Xiaoxiao leaned on Su Chen and answered him,

"Su Chen, this is the Southern Continent. If you cross the boundary river and go to the Eastern Continent, the spiritual energy there is much richer than that of the Southern Continent."

"The four continents in the Divine Meteor Continent have different rules of heaven and earth in each continent. The Eastern Continent is rich in spiritual energy, the Southern Continent is full of fighting spirit and soul power, the Western Continent is full of various elements, and I don't know about the Northern Continent either. I also heard this from other strong people."

Chapter 1309

Su Chen was very surprised when he heard Peach Blossom Demon's story.

He didn't expect that this Godfall Continent would be so strange. A continent would have four rules of heaven and earth, aura, fighting spirit, soul power, elements, and finally the mysterious North. Su Chen was interested in the mainland, the wild northern continent.

What kind of movies and TV shows would there be?

Or is it the plot of some novel or anime?

Su Chen looked at Peach Blossom Demon and asked, "Where are Qingxue, Xiaoqing and that vixen?"

Peach Blossom Demon smiled and replied,

"I don't know about this. After we came back, we separated. However, Xiaoqing seemed to have gone to Hangzhou City in the Eastern Continent to find her sister. I don't know about the others."

"That's it, it doesn't matter, as long as they are in the Shenyu Continent, we will meet in the future, what about you? How could you be the city lord of that Tianfeng City?"

The Peach Blossom Demon became nervous when she heard Su Chen's question.

The Peach Blossom Demon was only helping the owner of the jade pendant in Tianfeng City. She also wanted to deal with the general.

Since the Peach Blossom Demon met Su Chen in Shura City, In the end, she didn't know what was going on. Anyway, she just felt that Su Chen was the one she was destined for. This was a belief from her soul. She felt that it was Su Chen's reason why she would enter Shuluo City.

And Su Chen was in The first time she came to Shenyu Continent, her soul was constantly shaking.

This was why she hurriedly came out of seclusion to find Su Chen.

The Peach Blossom Demon was nervously afraid that Su Chen would misunderstand her,"I.....I.....I'm not the city lord.....I....I'm just helping a friend protect Tianfeng City"

"The owner of that jade pendant?"Su Chen asked with her eyebrows furrowed when she saw Peach Blossom Demon's nervous look.

Peach Blossom Demon saw Su Chen's frown, so she hurriedly grabbed Su Chen's hand and replied nervously,

"yes.....Yes"

"I see"

"Su Chen, don't get me wrong. I have helped him protect Tianfeng City for ten years. This year is the tenth year. I can leave Tianfeng City now."

Su Chen hugged Peach Blossom Demon's slender waist. Seeing Peach Blossom Demon's nervous look, he smiled and asked,"Haha! Where is the owner of the jade pendant? Aren't you going to protect him?"

Peach Blossom Demon breathed a sigh of relief when Su Chen held her. After hearing Su Chen's question, she shook her head and said, "It's not necessary. I have been protecting him for ten years. I have done everything I need to do. , we have nothing to do with each other from now on."

Su Chen thought about it after hearing Peach Blossom Demon's words and said,

"Well, Qingxue, you go back to Tianfeng City to deal with the matter with the owner of the jade pendant, and check on the affairs of Tianfeng City and the Garma Empire. I will wait for you in Queen Medusa's tribe."

"Okay, I will take care of this matter, you have to wait for me to come back"

"Don't worry, I will also be in this continent in the future, and we will never be separated again"

"I'll be back as soon as possible."

After the Peach Blossom Demon hugged Su Chen and kissed her, she quickly disappeared from the place with her face flushed.

Su Chen touched the face kissed by the Peach Blossom Demon and smiled.

At this moment,

Hua She'er was also The Shadow Assassin captured

Hua She'er alive, and Hua She'er was brought to Su Chen by the Shadow Assassins with an angry look on her face.

Su Chen shook his head when he looked at the bloody Hua She'er. It seems that different training systems have different strengths..The

Dou Qi system is really not as good as the Immortal Cultivation System.

"Little snake girl, do you still want to kill me now?" Su Chen got up and walked over to Hua She'er, patted her pretty face and said.

Hua She'er scolded Su Chen with a look of grief and anger, "Let me go, you are such a weak human being, you and I are so kind. A fight?"

"You can't even defeat my men, and you still want to fight me? You think too much"

"Shameless human!"

Hua She'er looked at Su Chen and lowered her head in shame and anger.

She was embarrassed this time.

As the captain of the snake queen's guard, Hua She'er didn't defeat these weak humans. She was even beaten from beginning to end. Suppressing the beating, Hua Sheer felt that she had no face to see Queen Medusa again.

Whoosh!

At this time,

Queen Medusa appeared next to Su Chen and said with a cold face, "Su Chen, you are right, Haipo Dong is really I know the news about Qinglian's strange fire in the center of the earth. It seems that someone in my snake tribe has exposed the news."

"Is there a traitor among your snakemen?"

Su Chen asked suspiciously when he heard Queen Medusa's words.

Queen Medusa shook her head with an ugly face.

This time the news about Qinglian's strange fire in the center of the earth was exposed.

Queen Medusa guessed that it must be the snake man. Someone among several elders leaked the news. Only she and a few elders knew about the strange fire in Qinglian's core. Could it be that some snake people had colluded with humans?

"I don't know. I have to investigate this. There are only a few people who know about Qinglian's strange fire in the center of the earth. I will definitely find out the reason."

Su Chen did not care about the internal affairs of the snake people. He looked at the retreating armies of the Garma Empire in the distance and said, "The armies of the Garma Empire have retreated. I think the war is over here. Queen Medusa, I can go. Is your snake tribe a guest?"

"No, our snake tribe does not welcome humans."

Queen Medusa coldly and arrogantly rejected Su Chen, especially when Queen Medusa saw the miserable look of her guard captain Hua Snake'er, which made it even more impossible for her to let this human go to her snake tribe. Chen didn't expect Queen Medusa to refuse without hesitation.

This Queen Medusa was really cold, arrogant and ruthless.

"Let me tell you, Queen Medusa, I helped you in this war. If I hadn't asked Tao Qingxue to capture Haipodong, do you think the Jiama Empire's army would have retreated?"

"Or not"

"What the hell! Forget it, Haipodong is of no use to me, you can do whatever you want. If Tao Qingxue goes to the Snake Tribe to look for me, let her look for me in nearby towns. Goodbye!"

Su Chen still refused when he saw Queen Medusa.

He did not plead shamelessly to Queen Medusa.

Su Chen waved to the shadow assassins around him and disappeared here. The shadow assassins also disappeared one by one. in this desert

"Are you leaving now?" Queen Medusa was very confused when she saw Su Chen and the Shadow Assassin disappearing here one by one. Queen Medusa originally thought that Su Chen would plead with her. If so, she might agree to Su Chen. Stay in the Snake Tribe for a few days. But this human being left without saying a word. This made Queen Medusa very surprised on her cold face.

"Queen!"

Hua Snake'er was also very surprised after Su Chen and the Shadow Assassin left.

It can be said that Su Chen saved the snake tribe in this war, but Queen Medusa's words made her confused.

That human just went to their snakes. The human tribe stayed for a few days and waited for others, but she didn't expect Queen Medusa to refuse without hesitation. Could it be that the human had evil intentions towards their snake tribe?

"Let's leave. This time our snake tribe suffered heavy casualties, and the traitors in our snake tribe must also be found."

"Yes, Queen!"

In the East Continent, in a huge underground building not far from Hangzhou City, the little fox sat still on the chair with a pipe in his hand and a surprised expression on his face. The little monsters next to him didn't look at the little fox either. Dare to disturb or even approach the little fox

"Suchen? Why did Su Chen appear in Shenyu Continent? How could that bastard come to the Godfall Continent?"

Chapter 1310

The little fox also felt the constant vibration of her soul today. The depths of her soul kept beating.

The little fox had been thinking for nearly two hours.

She finally understood that this was the bastard Su Chen who came to the Shenyu Continent.

The little fox was very shocked now. She was very surprised that the bastard Su Chen came to the Shenyu Continent, but why did the arrival of that bastard make her so shocked? What about soul vibration?

What connection does that bastard have to her?

Is it just because of the chance encounter in Shura City?

The little fox raised his white calves, squinted his eyes, smiled and said,

"Damn it, why did he come to the Godfall Continent? But that's okay, the spiritual stones that bastard gave me have been used up for more than ten years, and I will ask for some more spiritual stones when I meet that bastard."

At this time, in a mansion in Hangzhou City,

Xiaoqing was walking around uneasily in the room.

She felt very uneasy today, and her soul was constantly shaking, which made her wonder if there was something wrong. What happened?

It's just that she couldn't calm down and think about it.

Today, her sister Xiaobai met Xu Xuan again, no!

It's Xu Xian now.

This has already happened.

Xiaoqing also came from Shura City After coming out, she found that time had gone backwards. Her sister Xiaobai was unscathed and was not crushed under the Leifeng Pagoda. She did not meet Xu Xian or even gave birth to a child.

This made Xiaoqing very happy, but today , her sister met Xu Xian again,

Xiao Qing will not let tragedy happen again this time, and she will not let Xiao Bai be with Xu Xian again. If Xiao Bai is still stubborn and insists on being with Xu Xian, Xiao Qing will want to Xu Xian assassinated

"Xiaoqing, what happened to you today? Are you so uneasy all the time?"

At this time, the room was opened, and a beautiful woman in a white dress walked into the room and asked Xiaoqing.

Xiaoqing shook her head and replied, "Sister, I don't know what happened today. My soul It keeps vibrating, as if something is about to happen"

"Um? Is there such a thing? Haven't you thought about the reason?"

Xiao Bai looked at Xiao Qing and was very worried.

Xiao Qing has never been like this before. Is this a sign of something going to happen? Otherwise, why would Xiao Qing be so restless today?

Xiao Qing still felt upset when she sat down. , suddenly,

Xiao Qing thought of the Xu Xian she met today and said to Xiao Bai, "I can't calm down, sister, the Xu Xian I met today is not Xu Xuan. If you want to repay your kindness, you can give him some money, or even make him disease-free for the rest of his life." No disaster, you don't have to repay the favor with your body."

Xiao Bai shook his head and said with a smile, "No, Xiao Qing, Xu Xian is Xu Xuan. I owed him my life five hundred years ago. This time I really intend to repay his kindness with my life."

"Sister, we are demons and he is human. You should know that demons and demons have different paths."

"What about you? Don't you also like the human named Su Chen you mentioned?"

"That's different. Su Chen is a cultivator and very powerful. Besides, Su Chen is a cultivator and very powerful....."Xiaoqing was explaining to Xiaobai that she suddenly thought of why she was uneasy today.

After Xiaoqing heard Su Chen's name, the depths of her soul were shaken even more, which made Xiaoqing guess that Su Chen might have arrived. In the Shenyu Continent,

Xiaoqing was so excited that she hurriedly said to Xiaobai,"Su Chen? Sister, I understand, Su Chen is here. It is Su Chen who came to the Shenyu Continent."

"Suchen? Is that Su Chen really here? Didn't you say that he is from another world? Isn't this what you deceived me about?"Xiaobai was very confused when she heard Xiaoqing's words.

Ever since Xiaoqing disappeared for a few days more than ten years ago, Xiaoqing has been depressed when she came back and kept mumbling Su Chen's name. Later Xiaoqing told her Xiaobai didn't believe those things at all.

What another world?

What Shura City?

She didn't believe in any of this. Even gods couldn't go to another world, not to mention they were all little demons with low strength.

Xiao Qing How could it be possible to go to a world called Shura City?

Xiaoqing shook her head hurriedly and said,"No, sister, I can't explain these things to you clearly. You will understand when you meet Su Chen."

Xiao Bai looked at Xiao Qing's anxious look, she stroked Xiao Qing's hair and smiled and said,"Haha, then I want to see what kind of human being your sweetheart is."

"Sister, please promise me not to get too close to Xu Xian before Su Chenhe meets us. This is my begging to my sister."

Xiao Bai thought about it and sighed,

"Oh, okay, but it can't be too long. One year. If Su Chen doesn't show up after one year, then you can no longer stop me and Xu Xian."

"Okay, okay, just one year, I agreed."

Xiaoqing nodded hurriedly when she heard Xiaobai agreed.

Xiaoqing planned to let Su Chen convince her sister Xiaobai. She knew that if Xiaobai was with Xu Xian again, the tragedies Xiaoqing encountered would still happen. She didn't want her sister Xiaobai to be trapped under Leifeng Pagoda again.

Half a month later, in the monster forest of the southern continent,

Su Chen stayed in this forest for almost ten days, but he never got out of this monster forest. The monster forest.

This monster forest is boundless, and

Su Chen's mental power can only sense the distance of less than a hundred miles, which makes him wander around the monster forest without leaving the forest.

Su Chen holds the shadow assassin You Ru walked leisurely in the monster forest, surrounded by shadow assassins who were on guard.

He was too bored, and no one in the monster forest talked to him, so Su Chen could only ask the shadow assassins to show up. Walking with him in the monster forest.

After Su Chen originally wanted to see the monsters here in the monster forest, he went to the towns around the desert to wait for the peach blossom demon.

But he didn't expect to get lost in the monster forest. It has been almost ten days and he has not left the monster forest.

Su Chen held a piece of grass in his mouth and asked, "Youru, you think we won't be able to get out of this monster forest, right?"

You Ru smiled when she heard Su Chen's words and said, "Master, maybe we are not looking in the right direction. Do you want us to try another direction?"

Su Chen shook his head and refused, "Forget it, let's go for a few more days. Anyway, we also found many useful elixirs in the Monster Forest. We didn't come to this Monster Forest in vain."

"Master, someone appears five miles ahead."

At this time, a shadow assassin came quickly and saluted Su Chen,

"Anyone? It seems that we are going in the right direction. Youru, follow with the shadow assassins. I will go and see who they are first."

"Yes, master!"

At this time, not far from Su Chen, some men and women were fighting a monster.

No, they were fighting a spirit beast.

"Xiaoshan, this Cockscomb Snake is a thousand-year-old spirit beast, the seven of you must be careful."
