Chapter 131

Su Chen looked at Yao Yue and wanted to tease her, but just as he was about to say something, Huan Huan pinched his waist. Su Chen was in tragedy. He didn't finish his words before he was interrupted by Huan Huan. Now Yaoyue still doesn't know how to deal with him.

Yao Yue looked at Su Chen and grabbed him directly. Shi Feixuan wanted to save Su Chen, but she was injured by Huan Huan before and she had no time to save Su Chen. Shi Feixuan was a little anxious and wanted to grab Su Chen. morning.

But Huanwan stopped Shi Feixuan from having sex

"Don't worry, Su Chen will be fine. Besides, Yao Yue is a great master. Even if you want to save Su Chen, you can't."

"Witch, this is all your fault. If it weren't for you, Su Chen wouldn't have offended Yao Yue."

"Haha, how do I know what that shameless bastard is going to say? Shi Feixuan, don't worry, nothing will happen to Su Chen. I can guarantee you."

Shi Feixuan looked at Huan Huan and then looked at Yao Yue nervously. She was now afraid that Su Chen would be struck to death by Yao Yue's angry palm.

Shi Feixuan was a little happy to know that Su Chen had not forgotten her, although she I don't know if Su Chen is realIt can help him advance to the realm of cultivation, but Su Chen felt it was enough for Shi Feixuan to say these words.

At this time, Gao Zhong and Xu Ziling accidentally obtained Su Chen's fake Immortality Secret after returning to Yangzhou City.

Kou Zhong, Xu Ziling and the others had just obtained the secret of longevity and were discovered by some Jianghu people. Kou Zhong and the others secretly escaped from Yangzhou City for the secret of the secret of longevity.

Although Kou Zhong and Xu Ziling were very careful, someone still recognized them just after they left the city. Now all the Jianghu people in Yangzhou City went out of the city to look for these two gangsters, Kou Zhong and Xu Ziling.

When the Jianghu people outside the city knew that the secret of longevity was in the hands of two gangsters, tens of thousands of Jianghu people immediately began to search for the whereabouts of Gao Zhong and Xu Ziling.

Even the martial arts masters here in Su Chen went out from the military formation to look for the two gangsters.

The only ones left now are Lian Xing, Zhu Yuyan and Han Fei. Even Lu Xiaofeng and Sikong Zhaixing went out to look for the two gangsters Gao Zhong and Xu Ziling.

This longevity secret is very important. This is about whether they can live forever. Lu Xiaofeng and the others will not give up on this longevity secret. They are not even interested in starting a bet.

Zi Nu and Han Fei saw that everyone here was also looking for the longevity secret, and they were a little helpless. Han Fei and Zi Nu were also very interested in the longevity secret, but now Wei Zhuang, the only powerful one among them, was still fighting with them. Ximen Chuixue competed, but Zi Nu and Han Fei were unable to compete for the Secret of Immortality.

Zi Nu stood next to Han Fei and looked at the battle between Wei Zhuang and Ximen Chuixue and said,

"Wei Zhuang is no match for Ximen Chuixue. This time, Ximen Chuixue has pushed his cultivation level to the early stage of a master, and he doesn't want to win without fighting."

"Wei Zhuang used special moves to attack Ximen Chuixue several times, but Ximen Chuixue easily resolved them all. Wei Zhuang's energy had been almost exhausted, but Ximen Chuixue never fought back. This time Wei Zhuang should be convinced of the defeat.

Han Fei smiled and said to Zi Nu,

"Haha, Miss Zinu, after this battle, Brother Wei Zhuang will probably become stronger and stronger in the future."

Zi Nu also believes that Wei Zhuang will become stronger and stronger. Wei Zhuang has Ximen Chuixue feeding him the sword this time. Zi Nu believes that Wei Zhuang will definitely use this opportunity to hone his sword skills after he returns.

"Well, Wei Zhuang should have learned enough swordsmanship experience from Ximen Chuixue this time, and Wei Zhuang's swordsmanship has improved by leaps and bounds."

Han Fei suddenly asked Zi Nu,

"By the way, Miss Zinu, did you get a promise from Mr. Wu Xiang this time?"

Han Fei knew that Lord Wu Xiang had just made a promise to those women. He knew that the condition could be big or small. If Han Fei got this promise, he would definitely ask Lord Wu Xiang to send troops to help Han State not be invaded by Qin..

And those Jianghu people probably want Wu Xiangjun to help them deal with some small things, or to get some rest. It is a pity to give these beauties this condition.

Zi Nu frowned and shook her head and said,

"No, I don't need it. Besides, Mr. Wu Xiang is a shameless bastard. My banknote was also wasted. That shameless bastard took the banknote and didn't even think about paying it back."

"Even after he lost the bet with Lu Xiaofeng, he had no intention of fulfilling the bet. I also had no intention of arguing with a shameless person. I just considered the banknote lost."

Zi Nu saw Wu Xiangjun deal with several women's affairs before and stopped paying attention. Zi Nu saw that Wu Xiangjun was a very shameless person.

And those beauties did not have to get Wu Xiangjun's promise. , these women all have their own purposes, and Zi Nu will not be involved in this matter.

Han Fei was speechless after hearing Zi Nu's words. Such a good opportunity was wasted by Zi Nu. Han Fei looked at the direction of the carriage with envy..

He felt that Lord Wu Xiang could destroy their Han Kingdom with just his power, not counting the powerful confidante of Lord Wu Xiang. If Lord Wu Xiang's confidante also helped him, Han Fei would be even more envious. After thinking about it,

Han Fei smiled and said to Zi Nu,

"This Lord Wu Xiang is indeed a bit shameless, but his power is indeed powerful. I can't understand how this person who does nothing and attracts bees and butterflies everywhere can have such a powerful power?"

Zi Nu looked at Han Fei and said mockingly,

"Ninth Young Master, are you feeling a little uncomfortable? This shameless Lord Wu Xiang is much more powerful than you, the Young Master of the Han Kingdom."

"Lord Wu Xiang, like you, doesn't know martial arts, but look at Lord Wu Xiang's army here. This is not the army in his city in Gusu. Lord Wu Xiang could control these powerful armies in the Sui Dynasty. What do you think? When Wu Xiangjun arrives in the Eastern Continent, will he also be able to control the armies of other countries?"

"There are also those confidantes of Lord Wu Xiang, all of them are either masters or great masters. You don't have a powerful confidante now. Do you envy them?"

Han Fei nodded immediately, looked at Zhu Yuyan and Lian Xing next to him and said with envy,

"Envy, any man would probably be very envious of Wu Xiangjun, those powerful women like Yaoyue and Lianxing from Yihua Palace, Zhu Yuyan from Yinkui Sect, Fan Qinghui from Cihang Jingzhai, and that big girl like Su Chen Grandmaster's Wife"

"Even that bastard Mr. Wu Xiang actually married Mr. Dongjun of the Yin Yang Family. This Mr. Wu Xiang is really going to defy heaven. Zi Nu, how about you be my confidante? At least let me have a strong confidante"

"Dream on, I am not your confidante, we are just a cooperative relationship. Besides, I am only at the Xiantian Ninth Level Cultivation realm, which is far different from Wu Xiangjun's confidante."

Chapter 132

Han Fei smiled and shook his head. He just said casually that this Zi Nu could not be defeated by himself. Zi Nu was not only too shrewd.

Moreover, the ability is very outstanding. If anyone can get the love of Zi Nu, then that person can lie down and sleep while Zi Nu makes money for her to support him.

Han Fei looked at the carriage and thought that if Wu Xiangjun deceived Zi Nu, wouldn't he be short of a money bag? Han Fei immediately became nervous.

Zi Nu is the money bag in their quicksand. She can't leave quicksand now, otherwise quicksand will definitely be completely paralyzed due to lack of money.

Han Fei looked at Wei Zhuang who was still fighting and was speechless. Now Han Fei couldn't leave even if he wanted to. Wei Zhuang didn't even look at what time it was. If Wu Xiangjun came out of the carriage to find Zi Nu, I'm afraid they Quicksand will lose one of its elders. bump

"Help!"

"Ah, you shameless person, I'm going to kill you."

At this moment, there was a sudden noise from inside the carriage, and a person was thrown out of the carriage. However, this person managed to hit Zi Nu directly on her body.

Zi Nu was a little confused now. She saw Wu Xiangjun yelling and being thrown out of the carriage, but when she found that Wu Xiangjun was flying towards her, Zi Nu immediately took action to slap Wu Xiang Jun away. But just when

Zi Nu wanted to When they started, Zhu Yuyan and Lianxing locked Zi Nu with their breath. Zi Nu was suppressed by a great master and a master at the peak of the master, and she did not dare to act.

Just when she was distracted, Su Chen directly hit her body. Su Chen knocked Zi Nu to the ground and then suppressed Zi Nu. Moreover, Su Chen's head happened to be pressed on Zi Nu's chest.

Zi Nu looked at her lying on her back Su Chen was so angry that she wanted to kill this bastard, but before she could take action, Shi Feixuan came out of the carriage, pulled Su Chen and flew to the carriage.

Zi Nu watched and was rescued by Shi Feixuan Su Chen lost her mind and drew out her red sword, and walked towards the carriage. She wanted to kill this shameless person with her own hands.

Now Zi Nu still feels that her chest is very painful. That shameless bastard Su Chen actually After biting her, Zi Nu said loudly with shame and anger on her face and went to kill Su Chen.

Su Chen was also a little confused now. After he was caught by Yao Yue in the carriage, Su Chen didn't try to persuade Yao Yue to do anything. Yue, that crazy woman just wanted to torture him. Su Chen also took advantage of Yao Yue's idea to hold Yao Yue down and kiss her.

Su Chen didn't want to suffer, since Yao Yue would never kill him no matter what, Su Chen felt When Yao Yue came out, Yao Yue already had special feelings for him, otherwise Su Chen would not have dared to kiss Yao Yue.

Su Chen did not expect that Yao Yue would throw him out of the carriage out of shame and anger, and Su Chen was still alive. It pressed down on Zi Nu's body.

Even Su Chen bit Zi Nu at that time. Su Chen just felt that the place was a little soft. Before he could see where he bit, he was taken away by Shi Feixuan.

"Shameless person."

Zhu Yuyan looked at Su Chen and scolded Su Chen with a blush. She never thought that because she allowed Su Chen, a shameless bastard, to take such a big advantage of that woman, Zhu Yuyan felt a little sorry for that woman.

Lianxing smiled and continued to watch how Su Chen would comfort this woman next. If he couldn't comfort this woman this time, I'm afraid Su Chen would have some trouble in the future.

The purple girl and Han Feizhi just now She heard the conversation clearly, and Lianxing also wondered why these two people did not compete for the Secret of Immortality! She was curious to investigate.

Who knew that the man turned out to be the young master of the Han Kingdom in the Eastern Continent, and they He also founded a quicksand organization.

Lian Xing felt that this organization was a killer organization. If Su Chen couldn't deal with this purple girl, I'm afraid their quicksand organization would cause trouble for Su Chen in the future.

Su Chen looked at Zi Nu holding the red sword. He was not worried when she came to him. Not to mention that there were Zhu Yuyan and Lianxing beside him. Even if Shi Feixuan was injured now, it was impossible for Zi Nu to deal with it.

But when Su Chen saw the saliva on the dress in front of Zi Nu's chest The traces were so confused that he didn't think that the place he bit just now was in trouble. Zi Nu would definitely not stop until she killed him. Su Chen had ruined the reputation of a woman again. Although Zi Nu was Sister Yu didn't care about these reputations, but Zi Nu would definitely not spare her.

When

Zi Nu was so embarrassed and angry that she was about to kill him, Huan suddenly appeared and used the demon satin to directly kill Zi Nu, who only had innate cultivation. The girl fought back.

After Zi Nu was beaten back by Huan Huan, she knew that she was no match for Huan Huan. She looked at Huan Huan who suddenly appeared and stared at Su Chen with a cold look on her face.

Zi Nu saved her with a red sword. Pointing at Su Chen, he said angrily,

"Mr. Wu Xiang, if you are a man, please stand up for me."

"Am I stupid?"

Su Chen hugged Shi Fei Xuan's small waist and said while looking at Zi Nu's chest.

Zi Nu was very angry when she saw this shameless bastard staring at her chest.

"You shameless bastard, I won't let you go."

Pengpengpengpengpengpengziniu kept trying to kill Wu Xiangjun with the red sword, but every time she attacked, she was blocked by Huanwen with the demon satin, which made Zinu even more ruthless to Wu Xiangjun. Bastard.

Han Fei hasn't reacted yet. He saw Zi Nu angrily trying to kill Wu Xiangjun before he reacted. Now Han Fei is speechless looking at the angry Zi Nu.

A master who was born at the peak was actually killed by a A person who didn't know martial arts was knocked down and even bullied by Wu Xiangjun, which made Han Fei speechless. Han

Fei felt that Wu Xiangjun must have done it on purpose, otherwise why did he bite there? That place was casual. Can it be bitten?

Han Fei is now worried that their money bags will be abducted. Judging from Wu Xiangjun's method of dealing with women, I am afraid that Zi Nu will be in trouble this time.

Zi Nu will either be killed by Wu Xiangjun in the future. Take it down, or Zi Nu takes down Wu Xiangjun. Anyway, Zi Nu will not die in the future, and there may be no other possibility.

Yao Yue came out and saw that this woman wanted to kill Su Chen, and she was a little helpless. Just now she paid attention Looking at Su Chen, she was also afraid of throwing Su Chen into a dangerous place.

After all, Su Chen didn't know martial arts yet. But Yaoyue didn't expect such a big mistake. She didn't know whether she should let Su Chen deal with it now. Is this woman responsible?

Yao Yue was very conflicted when Su Chen kissed her just now, and now she is even more conflicted when she sees this woman whose reputation has been ruined by Su Chen.

Yao Yue does not want Su Chen to become a stallion, Su Chen already has three wives now, and she doesn't want Su Chen to have another wife. There are already several backup women here. If Yao

Yuezai has not thought clearly about the relationship with Su Chen, this bastard Su Chen will never allow it. Find any woman again.

Chapter 133

Zhu Qiqi was a little confused now. She didn't expect that Wu Xiangjun was so shameless. After he accepted her banknote, he even threatened her with a bad debt if she lost.

She looked around at the most elite Xiaoguo Army of the Sui Dynasty, and Zhu Qiqi thought that if a shameless person like Wu Xiangjun could really command the Imperial Forest Army of the Ming Dynasty, her father might not be able to stop the army's attack.

Others looked at this shameless Lord Wu Xiang threatening a little girl and despised Su Chen. Although they knew that Su Chen was just talking, it also showed that Su Chen was preparing to make a bad deal.

Su Chen looked at this little beauty and smiled and said,

"Little loli, don't be afraid. I just said that it is natural to pay back debts. How could I have bad debts?"

"Do you really know how to deal with bad debts?"

Zhu Qiqi looked at Su Chen with big eyes and asked in disbelief,

"Of course, I can write you an IOU, but that's not right. I haven't lost yet, so why do you act like you're all here to demand the debt?"

Su Chen saw that Xiao Loli didn't believe him, so he patted his chest to reassure him. But suddenly Su Chen thought that that bastard Lu Xiaofeng hadn't lost yet. If Lu Xiaofeng found out what was going on here, he might do it right away. Turn to Xie Xiaofeng.

Zhu Yuyan looked at Su Chen's confused look and said with a smile,

"Haha, Su Chen, you will definitely lose this time. Didn't you see Lu Xiaofeng pretending to be exhausted now? Lu Xiaofeng could have dealt with Xie Xiaofeng a long time ago. He was able to

wait until this point but he has done enough acting. You two are indeed shameless and thick-skinned."

Su Chen looked at Lu Xiaofeng and then stared at Zhu Yuyan speechlessly and said,

"Let me guess, Zhu Yuyan, if you don't speak, no one can think you are mute. You haven't seen Fan Qinghui look like a master, it looks like you are crazy at first glance."

"you wanna die"

"Oh my god, I'll retreat first, Sikong, stop her."

Su Chen saw Zhu Yuyan getting angry and asked Sikong Zhaixing to stop him. However, when Su Chen turned around, he found that Sikong Zhaixing had run away. Su Chen angrily cursed this unloyal bastard,

"Damn it, Sikong Zhaixing, you bastard, how could you possibly run away? You wouldn't even take me with you if you ran away."

"Do I really dare to take you with me? If you want to die, don't take me with you."

Sikong Zhaixing ran to Ximen Chuixue and touched the sweat on his head. He was almost beaten by Su Chen. Can he stop Zhu Yuyan? He didn't want to be beaten by that crazy woman.

Su Chen Seeing Zhu Yuyan beating him step by step, she felt a little guilty.

"That Zhu Yuyan, I was just talking nonsense just now, can you let me go this time?"

"cannot"

"Zhu Yuyan, Lianxing is still here, are you sure you want to teach me a lesson?"

"Do you think Lianxing will save you?"

Su Chen looked at Lian Xing next to him, but at this time Lian Xing was chatting with a beautiful woman, which made Su Chen speechless.

It seems that there will be some blood this time, otherwise this crazy woman will definitely not let him go. Yes, the Evil Emperor's relics can't be used by themselves, and their own woman Su Chen doesn't want them to use them. Who knows if the Evil Emperor's relics have any side effects. Zhu Yuyan practices the Heavenly Demon Dharma, and the Evil Emperor's relics are all those of people from the Demon Sect. The essence, Zhu Yuyan's cultivation method should be very consistent with the Evil Emperor's relics.

Su Chen planned to give the Evil Emperor's relics in Yang Gong's treasure to Zhu Yuyan, and let Zhu Yuyan and Huanhan absorb the essence in the Evil Emperor's relics.

Su Chen looked When Zhu Yuyan came to him, Su Chen hurriedly lowered his head and whispered,

"Zhu Yuyan, I'll give you a baby, can you let me go?"

Zhu Yuyan looked at this bastard with some fun. She didn't expect that this bastard Su Chen would bribe her now. What's the use of Zhu Yuyan asking for a baby? What she wanted was for the Yinkui sect to be powerful and for the Yinkui sect to unify the holy sect.

Zhu Yuyan looked Looking at Su Chen, she wanted to see how he bribed her.

"What baby?"

Su Chen smelled the fragrance of Zhu Yuyan's body and whispered,"The treasure that your demon sect has been looking for."

Zhu Yuyan grabbed Su Chen's shoulders with some excitement and asked,"You.....Do you know where it is?"

The people nearby were a little surprised when they saw Zhu Yuyan's excited look. A treasure can make Zhu Yuyan, the Yin Queen of the Yin Kui Sect, so excited. They all wanted to know what kind of treasure Su Chen was going to give Zhu Yuyan.

Fan Qinghui frowned. I was thinking about what kind of treasure Su Chen would give to Yin Queen Zhu Yuyan. Cihang Jingzhai and the Yin Kui sect are at odds with each other.

If Su Chen gave Yin Queen Zhu Yuyan the relic of the Evil Emperor, I am afraid that Yin Queen Zhu Yuyan's promotion was destroyed by the evil king Shi Zhixuan. , passing the Evil Emperor's relic this time may allow her to be promoted to Grand Master again, which makes Fan Qinghui a little worried now.

Su Chen was speechless when he saw Zhu Yuyan's excitement. If Zhu Yuyan hadn't been a person who didn't recognize anyone, I'm afraid Zhu Yuyan was also a pretty good one. For a person, it's just the character that determines the butt. Well, it's the character that determines the character. Zhu Yuyan's character is too bad.

Su Chen rolled his eyes at Zhu Yuyan and said,

"Of course, if it weren't for the fact that Huanwan absorbed it by herself and I was afraid of bursting her, that baby wouldn't have had your turn either."

"you....."

At this time, Lu Xiaofeng covered one of her shoulders, pretended to be injured, staggered up to Su Chen and said,

"Su Chen, I lost the fight. This Xie Xiaofeng is too difficult to deal with. I am no match for him."

Su Chen looked at Lu Xiaofeng's pretense and rubbed his head and said helplessly,

"If you lose, give us money. These women are now our creditors. See that little beauty. She pressed one hundred thousand taels of gold by herself. Now we have to go bankrupt just to compensate her alone."

Lu Xiaofeng was a little confused after hearing Su Chen's words. He opened his eyes wide and asked hurriedly,

"No, didn't we agree that if they bought me to win, I would pretend to lose? Why are they all betting on me now?"

Su Chen pointed at Sikong Zhaixing and Fan Qinghui respectively and said,

"You win if all the men buy it, and you lose if all the women buy it. Think about it for yourselves. Now we both owe these women hundreds of thousands of gold. Even if we sell you, we probably won't be able to pay it back."

Lu Xiaofeng listened to Su Chen's words and looked at the women around him in stunned silence. He couldn't afford to offend some of these women, not to mention there were so many powerful women this time. Lu Xiaofeng knew that they must be lazy this time.

"Damn it, I've been pretending for a long time, but it's all in vain. Oh my god, the debt of hundreds of thousands of taels of gold can't be paid off even if you sell me ten times. Su Chen, you are the Wu Xiang of the Song Dynasty. Jun, you must be very rich. You pay all the money this time, and I will pay you back slowly in the future."

"Shit, I still have to support the army, officials, and people. How can I have money?"

"So what do you say?"

"Let's wait and see what happens."

Su Chen looked at those women and was about to make a move. He looked at the banknotes in his arms and wanted to run away.

However, there were many powerful women among these women, and the friends who came with them must also be very powerful. Powerful, he and Lu Xiaofeng will definitely be too lazy this time

"Mr. Wu Xiang, we people have won. Shouldn't the money we win be divided among us?"

Chapter 134

When Murong Qiudi saw Su Chen and Lu Xiaofeng muttering, she walked towards them. However, she had just taken a few steps when she noticed that the other women involved in the bet had arrived.

Murong Qiudi smiled. Seeing how Wu Xiangjun solved the matter this time, she didn't believe that Wu Xiangjun now had so much gold to pay these women.

Su Chen and Lu Xiaofeng both turned pale when they saw these women arriving. Lu Xiaofeng pushed Su Chen and said,

"Brother Su, you have experience in dealing with women. I'll leave it to you this time. I'll go to the back and take a rest first."

"I'm here, you bastard, what do you want from me?.....What about me, what about people? Lu Xiaoji, hell, it's over now."

When Su Chen saw that bastard Lu Xiaofeng pushing him out, he wanted to drag Lu Xiaofeng to face these women. But just as he was about to pull Lu Xiaofeng, that bastard Lu Xiaofeng disappeared. Su Chen was very angry when he saw Lu Xiaofeng ran away. When

Murong Qiudi saw Lu Xiaofeng running away, she didn't care. Her target was Wu Xiangjun Su Chen. It didn't matter whether Lu Xiaofeng was there or not. When

Murong Qiudi saw Su Chen's face looking a little ugly, she smiled and said,

"Haha, Mr. Wu Xiang, Lu Xiaofeng ran away, wouldn't you want to run away too?"

Su Chen showed a smile and looked at this hateful woman. If she hadn't been the first to place the bet, I'm afraid the other women would have followed suit.

"No, how could I run?"

Zhu Qiqi was a little excited and grabbed Su Chen's clothes. This time she made one hundred thousand taels of gold at once, which was more than her father made at one time. Zhu Qiqi saw that Su Chen was not When he wanted to pay, he hurried over to be the first to get the money.

Zhu Qiqi stretched out his hand and said with a smile,

"Then give me money. I won one hundred thousand taels of gold. Plus my principal, it's two hundred thousand taels of gold. You give it to me first.

Murong Qiudi and the others were all standing next to Su Chen and watching how Su Chen paid. Mr. Wu Xiang definitely didn't have that much money now. Murong Qiudi and the others looked at Su Chen who was crying and wanted to know how Su Chen would deal with Zhu. Seventy-seven.

Sikong Zhaixing and the others also gathered around. They didn't care at all about the small money they lost. Now they also wanted to know how Wu Xiangjun sent these horrible women away.

The strength and background of these women are also stronger than the last. Even if Wu Xiangjun doesn't know, he will probably be able to tell.

Sikong Zhaixing and the others also wanted to know how Su Chen would deal with these horrible women without offending them.

Su Chen looked at this little beauty and asked, "Little loli, can you tell me your name now?"

"Zhu Qiqi"

"Let me guess, is Zhu Wanwan your father?"

"Yeah, you know my dad?"

"I don't know him, but I've heard of his name."

Su Chen looked at the happy Zhu Qiqi and was a little speechless. This time he was really seeking death. The daughter of Zhu Wanwan, the richest man in the Ming Dynasty in the history of martial arts, was a rich woman.

Could it be that this Zhu Qiqi hasn't met Shen Lang yet? Otherwise, she wouldn't have time to come to Sui Dynasty to play. Su Chen thought of this and had a way to deal with this Zhu Qiqi.

Su Chen smiled and said to Zhu Qiqi,

"Zhu Qiqi, how about I pay in another way?"

"Another way? You want to be lazy?"

Seeing that Su Chen didn't give her money, Zhu Qiqi immediately turned red and pointed at Su Chen and said angrily.

Seeing that Zhu Qiqi was angry, Su Chen said hurriedly

"Let me go, Zhu Qiqi, I didn't say I wouldn't give you money, Xiao Qi, you see your family is already so rich, even if you make more money, it's just a number, I have an idea"

"How about I promise you a condition to offset the money from this bet? I can agree to any conditions you have, even if you ask me to bring hundreds of thousands of troops to help you."

Zhu Qiqi asked with shining eyes,

"Help from hundreds of thousands of troops? You didn't lie to me?"

Zhu Qiqi thought that if Lord Wu Xiang could really help him with such a condition, it would be a very cost-effective way. With an army of hundreds of thousands, I am afraid that even the Ming Dynasty would not dare to offend her easily in the future.

"Of course, I can write a letter, but I can only promise to help you once"

"Okay, let's get the paperwork done quickly."

Su Chen saw that Zhu Qiqi agreed and took these people into the military formation. Su Chen wrote a written note to Zhu Qiqi on the table and chair next to the carriage.

Murong Qiudi saw that Su Chen's written note was not stamped. She was about to give it to Zhu Qiqi, so she smiled and reminded,

"Mr. Wu Xiang, you can't make an appointment without your seal of Mr. Wu Xiang."

Murong Qiudi is a little envious when he looks at Zhu Qiqi. After Zhu Qiqi has this evidence, I am afraid that neither the court nor the Jianghu people will dare to offend her easily.

Hundreds of thousands of troops and some great masters, Zhu Qiqi From now on, you can ask Su Chen for these conditions for the army and experts. Zhu Qiqi will make a lot of money this time.

"Okay, Mr. Wu Xiang, are you going to lie to me again?"

"Um, I forgot about it for a moment, I'll cover it now."

Su Chen took out his private seal from his arms and stamped it. Su Chen thought he could be deceived this time, but he didn't expect that this troublesome woman would start making trouble again.

Su Chen had no intention of breaking the agreement. Anyway, Zhu Qiqi would definitely do it in the future. He needed to help him find Shen Lang. When Shen Lang appeared, he also knew that Zhu Qiqi's promise was very simple and could be fulfilled.

Zhu Qiqi took Su Chenli's letter and smiled and said,

"Haha, Mr. Wu Xiang, please don't violate your agreement in the future. I have written evidence now."

Su Chen saw that Zhu Qiqi was so happy that he even forgot to go back with the principal, so he hurriedly sent her away,

"I won't break the agreement. Now let's go, who is next?"

At this time, Qingqing appeared in front of Su Chen in a wheelchair and said coldly,

"Mr. Wu Xiang, I have little money, please give it to me first."

Su Chen felt a little familiar when he saw Wuqing. Su Chen recognized the purple girl here. Su Chen also guessed who the woman carrying the piano was. The wheelchair-bound person should be Wuqing from one of the four famous shops in the Ming Dynasty.

Su Chen After looking at this seemingly heartless woman, she asked,

"What's your last name, girl?"

""Ru Wu"

Su Chen smiled and leaned on Qing Qing's wheelchair and whispered in her ear,

"Haha, your name is not Wu Qing. You didn't tell me your real name. Are you Miss Sheng?"

Qingqing originally thought that this shameless Lord Wu Xiang was going to tease her, but she didn't expect that Lord Wu Xiang actually knew her real name. Only a few people knew Qingqing's real name, and it was impossible for those people to tell it.

"How did you know?"

Su Chen looked at the surprised Wu Wu and smiled and said,

"Can't you read my thoughts? Can you read it?"

Seeing this bastard so close to him, Qingqing backed away a little and said with a blush,

"I can't read your thoughts. Although you don't know martial arts, your mental power is much stronger than mine. How can you, an ordinary person, have such a strong mental power?."

Su Chen looked at this beautiful Qing Qing and said,

"Wuqing, we will talk about this later. You also know that I can pay you the one thousand taels of gold, but you can also use the one thousand taels of gold to let me help you once."

"You have two choices. One is, I can cure your leg so that you can completely recover. The other is, I can tell you who are the murderers of your family?"

Although Su Chen could pay Wu Qing the thousand taels of gold, he felt that he could get the thousand taels of gold just by saying a few words.

Oh, no, Su Chen had no intention of paying back the principal, saying something insignificant. You can get 2,000 taels of gold for the information. Su Chen thinks this is a very good deal.

"Ruthless, choose one, heal your legs first."

Chapter 135

Han Fei was confused now. He saw clearly what happened just now. From Wu Xiangjun being thrown out and hitting Zi Nu's body, to Zi Nu going to kill Su Chen and being stopped by a woman, and finally being stopped by a woman. The Lord of Yihua Palace invited Yue Zhi to stay.

What happened in front of him was so fast that before Han Fei could even react, he found out that Lord Wu Xiang had taken Zi Nu away.

Now Han Fei was anxious. He knew that Wu Xiangjun was an out-and-out shameless bastard. Now that Zi Nu was taken away by Wu Xiang Jun, Han Fei was afraid of what Wu Xiang Jun would do to Zi Nu.

Han Fei was about to go to Wu Xiangjun and ask him to let Zi Nu go, but before he could take a few steps, he saw Su Chen's guards pointing their crossbows at him. Han Fei was so frightened that he immediately stopped.

Han Fei didn't know any martial arts, so he didn't dare to break into the carriage protected by these guards.

Han Fei hurriedly said to a guard commander with his hands clasped,

"Commander, please inform Mr. Wu Xiang that Han Fei of the Han Kingdom wants to see him."

Su Zhong, the deputy commander of the secret guard, looked at this poor Han Fei and said,

"Your Majesty is busy and has no time to talk to you, so you should leave."

Su Zhong also watched Han Fei's beautiful female companion being brought into the carriage by Miss Huan Huan. I'm afraid that woman will never have anything to do with Han Fei anymore. After all, the woman who was targeted by their king has not yet been unavailable..

Now Su Zhong admires Wu Xiangjun very much. A vicious woman like Yao Yue has now been captured by the Lord. Even Zhu Yuyan, the concubine of the Yinkui sect, has some relationship with the Lord. This is a great master. And a master who is at the pinnacle of the master's level.

Su Zhong knows that the emperor's confidante is a powerful woman. Based on the emperor's confidante, I am afraid that there are very few people in the world who dare to offend the emperor.

Han Fei hurriedly He said to Su Zhong,

"No, my friend just offended Mr. Wu Xiang, and she did not mean to offend Mr. Wu Xiang. Please give this commander a message to Mr. Wu Xiang. We are willing to apologize and ask Mr. Wu Xiang to let my friend go."

Su Zhong looked at Han Fei pitifully and said,

"Impossible. Your female companion wants to kill our Lord. She cannot be let go. Get out of here quickly, or we will be rude to you."

At this moment, Huanwen came out of the carriage and asked Su Zhong directly,

"Su Zhong, where is Su Ming?"

When Su Zhong saw Huan Huan asking him, he immediately ran to Huan Huan like a bitch and replied,

"Returning to Miss Huanwan, Commander Su Ming led people to patrol the perimeter."

Huanwan looked at Han Fei and ordered Su Zhong,

"You send someone to inform Tong Hu and ask him to send two thousand-man teams to find the two gangsters who escaped from Yangzhou City with the Secret of Immortality. Remember, we only need to know where they are, there is no need to arrest them."

"Yes, Miss Huanhan."

When Su Zhong heard this, he immediately asked the secret guard next to him to inform General Tong Hu of the Xiaoguo Army.

Huanyuan looked at the lonely Han Fei standing beside him anxiously and knew what he was going to do. Huanyuan knew what he was going to do. I also know that that bastard Su Chen is interested in the woman he captured just now. I'm afraid Han Fei won't be able to take Zi Nu away this time.

Huan Huan smiled and asked Han Fei next to her,

"Why haven't you left yet? A person without martial arts dares to come here to join in the fun. Do you think you are that bastard Su Chen? Leave quickly, this is not the place you should stay,"

Han Fei said hurriedly when he saw Hanwan was about to leave.

"Miss Huanhan, please wait a moment. My friend Zinu was taken away by you just now. It was my friend who was wrong just now. Miss Huanhua, can you let my friend go?"

Wanyuan looked at Han Fei's anxious look and rolled her eyes mischievously and said,

"Haha, don't think about it anymore, that girl named Zi Nu will be the concubine of that bastard Su Chen, you'd better leave on your own. Seeing that

Han Fei was shocked by what she said, Huanwan shook her head and ordered,

"Su Zhong, order the army to set off now"

""Yes."

Han Fei is really confused now. Zi Nu has been taken as a concubine by Wu Xiangjun? What should he do? Wu Xiangjun is clearly robbing civilian girls, but he doesn't know martial arts, and he has no way to save Zi Nu. ,

Han Fei saw the army and guards protecting the carriage and starting to leave, and he was anxiously walking around on the ground.

Now Zi Nu was taken away by Wu Xiangjun, and the bastard Wei Zhuang was still competing with Ximen Chuixue by the lake. , their quicksand has just been established, are they going to lose someone?

In the carriage, Su Chen also saw Zi Nu's panicked eyes, but Su Chen didn't care about Zi Nu's current mood.

Zi Nu, Su Chen would let her go, but Not now, he also wants to go to the Eastern Continent to see the characters in the anime. Su Chen will go to the Eastern Continent with Zi Nu.

Zhu Yuyan and Lianxing lost interest after looking at this longevity secret.

"Su Chen, this longevity secret is simply a useless secret book. Without corresponding attributes, this technique cannot be practiced at all."

"Who said that? Didn't you see my wife practicing this secret book of longevity next to you?"

Zhu Yuyan looked at the beautiful woman next to her and said with a smile,

"Your wife is indeed a little lucky. This longevity secret is a heaven-level secret book anyway, and it is also a skill with attributes. If your wife succeeds in practicing it, her achievements in the future will definitely be very powerful."

Su Chen looked at Concubine Yan and Changsun Wuchuan and smiled and said,

"Haha, none of my wives is a vase. Jing Salamander is a great master. Concubine Yan will also be a great master in a short time. Changsun Wuchuan has only started to practice martial arts now, but with her own help, Wuchuan will soon become one. A martial arts master."

Su Chen suddenly thought of the bet with Yao Yue. Although he didn't reveal the bet due to Huan Huan's troubles, Su Chen had no intention of talking about the bet with Yao Yue now. Anyway, the relationship between them didn't care about the bet.

Su Chen reached into his arms and took out a box from the system space and handed it to Shi Feixuan and said,

"Feixuan, there is a red fruit in the box. When this red fruit comes to our resting place, you can eat it."

"After eating this red fruit, you can gain thirty years of skill. If you can absorb all the energy in the red fruit, I'm afraid you can break through to the great master."

"Even if you can't break through the Grand Master, you will still be a master at the pinnacle of the Grand Master. In the future, even the Yin Queen Zhu Yuyan will be unable to do anything to you."

Zhu Yuyan exclaimed to Shi Feixuan after hearing Su Chen's words,

"Shi Feixuan, open the box and let me see the red fruits inside?"

Zhu Yuyan didn't expect that Su Chen had such a treasure. If it was really like what Su Chen said, I'm afraid she would really have nothing to do with Shi Feixuan in the future.

After all, Shi Feixuan will be at the same level as her in the future. Now, Zhu Yuyan wanted Su Chen to give the Evil Emperor's relics to her and Hanhan as soon as possible, otherwise their Yinkui sect would be suppressed by Fan Qinghui's Cihang Jingzhai in the future.

"Zhu Yuyan, please don't rob me. I have already promised you and Huanhan to give you the Evil Emperor's relics. This is for Shi Fei Xuan."

Chapter 136

Seeing Zhu Yuyan's curious look, Su Chen hurriedly pulled her back. Su Chen was now worried that Zhu Yuyan would steal the Zhu Guo from Shi Feixuan's hand.

He doesn't have many Zhu Guo left. If he gives Changsun Wuchuan one more, then he will have two left. Su Chen has to eat another Zhu Guo, so there will be only one Zhu Guo left. This Zhu Guo is also Su Chen's. Plan to use again when necessary.

When Zhu Yuyan saw this bastard Su Chen holding her back again, she wanted to get rid of this bastard Su Chen.

"You bastard, let me go. I'm just looking at this red fruit. I haven't seen this kind of spiritual fruit before. Let me see what it looks like."

Su Chen pulled Zhu Yuyan tightly and said with a smile without letting go,

"If you weren't so nervous, I would almost believe it. If you want to see it, just look here. It's not like you can't see it here."

"you do not believe me?"

"Your character makes me have to do this"

"You bastard"

"I know"

"You are shameless"

"Thank you for the compliment"

"you.....You are shameless"

"Haha, I'm just shameless."

Zhu Yuyan stared at the shameless bastard Su Chen and wanted to kick him away. She didn't expect that this bastard didn't believe her so much, which made Zhu Yuyan a little angry.

Shi Feixuan smiled and looked at Su Chen and Zhu Yuyan's fight. Opening the box, when the box was opened, there was a fragrance inside the carriage that permeated the entire carriage. People here felt very comfortable smelling this fragrance. When this happened

, Changsun Wuchu actually cultivated at this time. Internal strength, the internal strength cultivated by Changsun Wuchu means that Changsun Wuchu can be regarded as a Jianghu person. As long as she becomes stronger in the future, she will also become Su Chen's right-hand assistant.

Zhu Yuyan, Yaoyue, Lianxing, and Huanyuan all looked at the box. There was a red fruit inside that made them swallow their saliva involuntarily. The fragrance was so fragrant, which made them all want to eat the red fruit.

Su Chen watched the women's eyes light up when they looked at the red fruit, and hurriedly said to them. Shi Feixuan said,

"Damn it, Fei Xuan, close the box quickly, or these women will snatch it away."

Huan Huan hugged Su Chen and said coquettishly,

"Su Chen, I also want this kind of red fruit."

Su Chen touched Hanwan's head when she saw her coquettish look and said helplessly,

"No more, I only have one left, I can keep this for myself, you don't want to steal the fruit from your future husband, do you?"

Huanwan asked Su Chen in disbelief,

"Is there really nothing but your own?"

Su Chen hugged Huanwan and kissed her and said,

"There really isn't any anymore. If there were, I wouldn't give it to you. Besides, I want to give the Evil Emperor's relics to you and your master. You and your master, Zhu Yuyan, can make great progress with the essence of the Evil Emperor's relics. You don't have to worry about Master Xuan meeting. more than yours"

"I understand. If you get this red fruit in the future, you must leave one for me."

"I'll talk about it later if I have any."

At this time, Yao Yue also came to Su Chen again and said to Su Chen coldly,

"Su Chen, this Zhu Guo is also effective for our Grand Master. From now on, you must give one to me and my sister."

Su Chen said angrily when he saw how confident Yao Yue came to beg him.

"No, do you think these are Chinese cabbages? I still don't know if I can get such a red fruit in the future."

Yao Yue said angrily with Su Chen's chest rising and falling as she choked,

"you.....You bastard, don't let me and Lian Xing help you if you have something to do in the future."

After Su Chen heard what Yao Yue said, he immediately expressed his goodwill and pulled Yao Yue to leave. Su Chen still needs Yao Yue and Lian Xing to go to Luoyang. He doesn't want to offend Yao Yue and Lian Xing at this time, otherwise he will get Mr. Yang. Treasure may be much more difficult

"Um, I'm just kidding, Yaoyue, with our relationship, you can use any of my belongings in the future, and Zhu Guo will be able to give them to you and Lianxing in the future."

Yao Yue shook off Su Chen's hand and took Lian Xing to rest on the bed. She didn't believe that Su Chen didn't have Zhu Guo. Yao Yue wanted to wait until there was no one around before questioning this bastard Su Chen.

Shi Fei Xuan closed the box She just smiled. She knew that this Zhu Guo was indeed what Su Chen said. Shi Feixuan was also very happy now.

She didn't expect that Su Chen gave her such a precious treasure. Shi Feixuan looked at the eldest grandson next to her. Wu Chu, even Changsun Wu Chuan does not have Zhu Guo now.

Shi Feixuan thought that Su Chen must have left Zhu Guo for Chang Sun Wu Chuan. Su Chen would not treat his wives differently because of this.

Shi Fei Xuan was a little bit He playfully said to Su Chen,

"Su Chen, I accepted Zhu Guo, but you still left me with a special move, and you still gave Huanhan a special move."

Su Chen was a little speechless after hearing this. Now Master Feixuan is becoming more and more lively. She is no longer the cold fairy.

"Fei Xuan, I was just talking casually with Huan Huan, who knew she would actually pull off that trick."

Shi Feixuan smiled and had no intention of letting Su Chen go. Shi Feixuan also had no intention of Su Chen giving her any secret skills. Although Huan Huan's secret skill was powerful, the sequelae after using it were also a bit serious.

Shi Feixuan is now He just deliberately wanted to embarrass Su Chen. Who told Su Chen, a bastard, to think of Huan Huan first in everything?

"I don't care about that. You can also tell me some tricks. I believe you won't deliberately fool me."

"Let me think about it, let me think about it."

Su Chen looked at Shi Feixuan speechlessly, lying on her lap. Su Chen's legs were also raised on Huan Huan's legs. Su Chen just lay there and closed his eyes to think about it. The king's hero is somewhat similar to Shi Feixuan.

Zi Nu is a little confused now. She didn't expect that she would be completely treated as a transparent person here. She heard the secrets that Su Chen and Zhu Yuyan told clearly. Now Zi Nu There is no hope that she can leave here.

She has heard so many secrets. Wu Xiangjun, a shameless person, will definitely not let her go, and Wei Zhuang may not let her go either.

There are two great masters around Su Chen , Zhu Yuyan is a master at the peak of the master level, Huan Huan and Shi Feixuan are masters at the master level, and Su Chen's wife Yan Fei is also a master at the peak of the master level.

Such a powerful combination, based on Grandmaster Wei Zhuang's initial cultivation level is It was impossible to leave her. Zi Nu suspected that Su Chen would be killed by the Xiaoguo Army before he even came to Su Chen's side. These tens of thousands of Xiaoguo Army were not an ordinary army. Even the ordinary army Wei Zhuang was not. Dare to break in.

Zi Nu was speechless when she saw Su Chen lying comfortably on Shi Feixuan's body with her legs on Huan Huan's lap.

This bastard is really a lustful person. Basically, all the women here have a relationship with Su Chen. They were either Su Chen's wives or Su Chen's confidantes.

Su Chen suddenly sat up and looked at Hanwan and Shi Feixuan and said,

"Yes, Shi Feixuan and Huan Huan, I have two powerful sword techniques. You two can each learn one."

"How powerful? What's the name of the sword technique?"

"Huanwen, this sword technique is so powerful that you can't imagine. One of these sword techniques is called the Divine Sword Controlling Thunder True Technique, and the other is the True Ghost-Slaying Technique."

Su Chen originally did not want to give the Imperial Sword Art to Shi Feixuan and Huan Huan, but when Su Chen thought about Shi Feixuan and Huan Huan's relationship with him, he thought that there would be no difference between what they study now and what they will study in the future. Anyway, they will be alone in the future. She will also be her own woman.

After hearing Su Chen's words, Shi Feixuan smiled and asked,

"Su Chen, tell us about these two sword techniques."

Su Chen thought about it and said to them,

"These two sword arts are emperor-level sword arts, not yellow yellow, but the emperor's emperor. These are emperor-level sword arts that have not appeared in Tianxuan Continent." Huanyuan, Zhu

Yuyan, and Lianxing all pricked up their ears and prepared. After listening to Su Chen introducing the two sword techniques he mentioned, when they heard that this emperor-level sword technique turned out to be an emperor-level sword technique that had never appeared before, they all took a breath involuntarily.

Huan looked at Su Chen She showed worry. She was afraid that this emperor-level sword art would cause big trouble to Su Chen. Even if someone revealed this emperor-level sword art, Su Chen might be in danger.

Zhu Yuyan and Lian Xing also watched Looking at Su Chen, this news was so shocking. They didn't expect that Su Chen would tell them without avoiding them, which made them somewhat touched. After hearing this, Shi Feixuan hugged Su tightly. In the morning, Shi Feixuan was frightened. She did not expect that this sword formula turned out to be an emperor-level sword formula.

Till now, Tianxuan Continent has not heard of anyone who has practiced the emperor-level secrets. Shi Feixuan did not expect that Su Chen actually There is an emperor-level sword art, which makes Shi Feixuan a little worried about Su Chen.

After all, this news is too shocking. If this emperor-level sword art is revealed, I am afraid Su Chen will be hunted down by Jianghu people all over the continent.

Yao Yue looked at Su Chen and smiled unfaithfully. She knew that what Su Chen was talking about were those emperor-level secrets. Although Yao Yue also wanted to learn those emperor-level sword techniques, she thought that what Su Chen was talking about were his family's secrets. Only his family can learn martial arts, and Yao Yue will not do what this bastard Su Chen wants.

Zi Nu has no choice but to do it even if she doesn't want to hear it. Anyway, she has heard many secrets from these people, but this time The news shocked her.

Emperor's sword technique? If people in the world knew that Su Chen had an emperor's sword technique, I'm afraid all the masters on the mainland would come to snatch Su Chen's emperor's sword technique, even those old monsters who lived in seclusion. They can't help but want to snatch it.

Zi Nu's face is very ugly now. Although the secret book of the Immortality Secret she just heard is also of great importance, the matter of the Immortality Secret is too different from this imperial sword secret.

Immortality It doesn't matter if the secret secrets are exposed in the future, and this emperor-level sword secret is probably not exposed even if Su Chen kills her.

Zinu knows that she will not be able to leave in the future, and she may be able to do so in the future After becoming Su Chen's plaything, she knew from the way this shameless man looked at her that he would not let her go.

Zi Nu now thought of committing suicide, but she couldn't make up her mind when she thought of Zi Lanxuan's sisters. , in the end, Zi Nu can only see how Su Chen will treat her in the future. If Wu Xiangjun uses force on her, she will not let him succeed even if she commits suicide.

Su Chen looked at Shi Feixuan and Zhu Yuyan and relaxed. Said slowly,

"Let's talk about the first Divine Sword Thunder Control Technique first. If you master this sword technique, you can absorb thousands of thunderbolts for your own use. The formula is: Jiutian Xuansha, turn into divine thunder, and the brilliant power of heaven, use the sword to attract it."

"The true art of divine sword and thunder control is to use a mortal body to trigger the power of heaven and earth, spread it with divine weapons and sharp blades, and draw down the nine-day divine thunder. The brilliant divine power of heaven will cause the heaven and earth to shake when the move is made, and the situation will change."

Huan Huan was a little surprised. Then he said to Su Chen,

"Is what you said true? This Divine Sword and Thunder Control Technique can actually summon thunder to attack. This is too fantasy."

Su Chen was speechless looking at this little demon girl.

"Can you remove it? This is an emperor-level sword art, an emperor-level sword art. If it were an ordinary sword art, would it still be called an emperor-level sword art?"

After hearing this sword art, Shi Feixuan felt that it was very powerful. This sword art is not like a sword art that can be used by humans.

Now Shi Feixuan is a little curious about another sword art.

"What about the other sword technique?"

Su Chen didn't hesitate at all. He trusts the people here very much. Although Zhu Yuyan, a woman with bad character, is trained by her apprentice, I believe Zhu Yuyan will also be tight-lipped.

And Zi Nu, who has no sense of existence, is even more Needless to say, as long as Zi Nu is dealt with, Zi Nu will be more trusted by Su Chen than Zhu Yuyan.

Su Chen drank a cup of tea and continued,

"Another sword formula is called Killing Ghosts and Gods. The formula is: The righteousness of heaven and earth will last forever. We don't seek to kill immortals, but kill ghosts and gods."

"This ghost-killing sword technique is as fierce as the sun, using offense instead of defense. It is indomitable and powerful. When the sword is drawn, it carries with it the disrespect for heaven and earth, ghosts and gods since ancient times. It looks down on the world and kills the enemy, even if it is broken into pieces."

Shi Feixuan asked in disbelief,

"Su Chen, does such a powerful sword technique really exist in the world?"

Su Chen now also knows that this emperor-level sword art may be the sword art in the world of cultivation. Su Chen has not heard of the king-level secret book in Tianlu until now. Su Chen thought that the king-level secret book must be the ordinary sword art in the world of cultivation. Cultivation skills.

The emperor-level secrets should be relatively powerful Taoism, but it also depends on what kind of cultivation world it is. A powerful cultivation world may be different from an ordinary cultivation world.

"Nonsense, if there is no human world, how can I have it? But these are no longer martial arts secrets. They can be called Taoism, the kind of Taoism that cultivates immortality."

Zhu Yuyan asked hurriedly after hearing Su Chen's words,

"Are you saying that we can live forever after practicing these emperor-level sword techniques?"

Shi Feixuan and the others also looked at Su Chen nervously, waiting for his answer. Yao Yue also sat up. Su Chen, the bastard, didn't tell her that this emperor-level sword technique was a Taoist technique.

Yao Yue was also a little nervous waiting for Su Chen's answer made even Zi Nu look at Su Chen and wonder if this emperor-level sword technique would make people immortal.

Su Chen looked at Zhu Yuyan and said funnyly,

"Zhu Yuyan, when did I tell you to practice this imperial sword technique? This is the Taoism taught by our Su family. You are not a student of our Su family."

"You fucking bastard."

Zhu Yuyan was so angry that she wanted to teach this shameless bastard Su Chen a lesson. The good impression she had just had on Su Chen was now far away. When

Huanhan saw it, she hurriedly grabbed her master. Huanwan knew that this was Su Chen's intention. Angry at her master, Huanhan discovered that Su Chen, a shameless person, was incompatible with her own master.

Huanhan also knew that Su Chen had always had a prejudice against her master, Zhu Yuyan. What Zhu Yuyan had done in the past was wrong, but Huanhan didn't do it either. Maybe she blamed her master Zhu Yuyan.

Chapter 138

Yao Yue was a little happy when she saw Su Chen quarreling with Zhu Yuyan. Now she and Zhu Yuyan share the same fate. Now that Zhu Yuyan is in the same situation as herself, Yao Yue is no longer so depressed.

Yao Yue now feels that this bastard Su Chen deserves a beating. If she hadn't been unwilling to meet Su Chen in the same way, this scumbag who doesn't know martial arts would have been buried in the grave by three battles.

"Su Chen, can you tell us how this emperor-level sword art can make people live forever?"

"No, this is just an emperor-level sword technique, not an emperor-level skill. If it were an emperor's skill, it would definitely be able to make people live for thousands of years. There is no problem."

Zhu Yuyan and Yao Yue were a little disappointed after hearing this. They originally thought they had encountered A sword technique that can lead to immortality. If this sword technique can lead to immortality, they will practice this imperial sword technique even if they are embarrassed.

After all, they are relatively old, and they don't know how long they can live before they become an old woman. Yao Yue suddenly thought that since Su Chen had the Imperial Sword Technique, would this bastard also have the Imperial Level Kung Fu?

Yao Yue hurriedly came to Su Chen and asked,

"Do you have any imperial-level skills?"

Su Chen saw Yao Yue asking him a little excitedly, so he started talking nonsense again,

"I don't know, I'm still looking for some relics left by my ancestors, maybe there are emperor-level skills in them."

Su Chen can only make up some stories to deceive them now. Things about the system cannot be leaked out under any circumstances. The system is his ultimate secret. Even if he dies, this secret cannot be exposed.

Yao Yue and the others listen After hearing Su Chen's words, they didn't believe it. Yao Yue and the others felt that Su Chen was lying to them. However, there was no way to refute that Su Chen was lying to them. After all, the Imperial Sword Art really existed. At this time, Su Minglai When he got to the carriage, he said to Su Chen inside the carriage,

"Reporting to your Majesty, Yangzhou city guard Yuwen Tuo led Yangzhou officials to greet your Majesty outside."

"Come on, let them all go back. Su Ming, tell Yuwen Tuo to find us some maids in Yangzhou City and send them to the emperor's palace. I helped him with his affairs."

""Yes, Your Majesty,"

Huanwan asked curiously.

"Su Chen, what does Yangzhou City Guards want you to help him with?"

Su Chen smiled when he thought about the gifts that Yuwen Tuo sent to him on the way here. Although the money was not much, Su Chen was not too little. With just a casual word, he could get one hundred thousand taels of gold and Why not buy some jewels? Su Chen thought of the secret letter given to him by the secret guard and knew that this Yuwen Tuo was just a simple-minded military commander. Maybe it was because the Yuwen family really didn't have many people left, so he sent a military commander out. In charge of managing Yangzhou City,

Su Chen smiled and said to Hanhan,

"Nothing, this Yu Wentuo is a military general. He is a little tired of staying in Yangzhou City now. He wants to lead troops to fight, so let me ask Yu Wentuo to transfer him."

Huanwan said to Su Chen excitedly,

"Su Chen, if there is no city guard in Yangzhou in the future, you will give Yangzhou to our Yinkui sect. From now on, Yangzhou will be the territory of our Yinkui sect."

Zhu Yuyan looked at Su Chen in surprise after hearing this. If Su Chen really handed over Yangzhou City to their Yin Kui Sect, then their Yin Kui Sect would definitely develop into the most powerful sect in the Demon Sect, and even then It is also possible to win the world of Sui Dynasty by chasing deer in the Central Plains.

Shi Feixuan was a little anxious and immediately said to Huan Huan,

"No, you Yinkui sect are all members of the demon sect who have done many evil things. If Yangzhou City is handed over to you Yinkui sect, the people in Yangzhou city will be torn apart by your evil deeds."

When Huanwan saw Shi Feixuan making trouble again, she hurriedly said to Shi Feixuan,

"you! Master nun, I'm talking to Su Chen. You'd better not talk too much. Our Yinkui sect will restrain our disciples from doing those evil things in the future. I can guarantee this."

Su Chen looked at Huanhan speechlessly, but there was nothing he could do. This Huanhan had some fantastic ideas. Is it so simple to govern a city?

A sect that only knows how to fight and kill actually wants to control a big city. , the Yinkui sect wants to govern a big city without talents, and it needs an army. Su Chen can't figure out how the Yinkui sect can govern a big city.

Zhu Yuyan looked at Su Chen and said expectantly,

"Su Chen, leave Yangzhou City to our Yinkui Sect. I will clean up the moths in the Yinkui Sect immediately."

Su Chen shook his head and refused,

"Impossible. First of all, Yangzhou City is not my city. I have no right to hand over Yangzhou City to you. Thirdly, even if I hand over Yangzhou City to you Yinkui Faction,"

"Do you have management talents? Do you have the army to defend Yangzhou City? Now the Jianghuai Army is staring at Yangzhou. Can you defeat Du Fuwei of the Jianghuai Army?"

Zhu Yuyan and Huanwen were speechless by Su Chen. They had never thought about how they would manage a city. How could the Yinkui sect have an army? Even if they added up all the people in the Yinkui sect, they would only have Hundreds of people.

Shi Feixuan is a little relaxed now. She was just afraid that this bastard Su Chen would agree to Huan Huan's request again. If Su Chen really handed over this Yangzhou City to the Yinkui Sect, it would be terrible for the people of the entire Yangzhou City. It was a disaster.

Huanyuan and Zhu Yuyan were also a little discouraged now. They knew that they had been a bit fanciful just now. If they owned Yangzhou City, they might not be able to hold it for a day before it would change hands.

Hanwen looked outside with some upset, but thought she Her eyes lit up when she saw the Xiaoguo Army protecting them around them, and she suddenly said loudly to Su Chen,

"Su Chen, give me your Xiaoguo Army. I will use the Xiaoguo Army to defend Yangzhou City."

Damn it, you're not as beautiful as I thought. Su Chen was speechless when he looked at Huan Huan. He doesn't want to talk to Huan Huan, a woman who is now a little crazy.

Although Xiao Guojun is his own now, but this But it was done behind Yu Wenhua's back. If the Xiaoguo Army was handed over to the Yinkui faction now, wouldn't it be known to Yu Wenhua?

Su Chen also suspected that after handing over the Xiaoguo Army to the Yinkui faction, the Xiaoguo Army It was useless. Can these Jianghu people command the army to fight? It might not be long before the Xiaoguo Army would be annihilated by the entire army commanded by those useless people.

Seeing that Su Chen didn't pay attention to her, Huanwen pushed Su Chen down and pressed on his body. He said threateningly,

"Will you give it or not? If you don't give it to me, I'll bite you."

Su Chen smiled when he saw Huanwan being used on his body and said,

"The Xiaoguo Army is not mine. I borrowed it from Yu Wenhua. How could I have an army in Sui Dynasty? This is my first time in Sui Dynasty. Don't you know?"

"I don't believe you, these Xiaoguo Army must be yours"

"Damn it"

Chapter 139

In the palace, Su Chen looked at her arm and was a little speechless. This Huan Huan was simply a puppy. This time Su Chen refused to agree to Huan Huan, and Huan Huan also left a few teeth marks on her, just like her master. left.

Shi Feixuan also left. She was going back to Cihang Jingzhai to eat Zhuguo to prepare for a breakthrough. Yaoyue and Lianxing were wandering around in Sui Dynasty, but all the flower slaves in Yihua Palace were given to Su Chen. Stayed.

Su Chen also practiced the Ming Yu Gong of Yihua Palace, and he also asked the system to help him successfully practice the Divine Sword and Thunder Control Technique.

He and Changsun Wuchu ate the red fruit together. Now Changsun Wuchu has reached the sixth level of Xiantian cultivation. Su Chen is also at the peak of Xiantian. This time Su Chen is not hiding his martial arts skills.

Su Chen also planned to find some people with innate cultivation realms to compete with him. Although he had an army and subordinates, he still wanted to try his own skills, but this was also a matter for the future.

Now he has only practiced the ultimate move of Divine Sword Controlling Thunder. He will see what else he can learn when he returns to Gusu City.

Su Chen teleported directly to his study. Looking at Concubine Yan who was writing a letter, he smiled and hugged her from behind.

"Madam, what happened to East Emperor Taiyi of your Yin Yang family this time?"

Concubine Yan looked at Su Chen and smiled and said,

"Husband, please don't come out mysteriously. If I hadn't been familiar with your aura, I would have killed you with my palm."

Concubine Yan felt very regretful when she saw this bastard Su Chen teleporting. A few days after Su Chen came to the palace, he told her that he would compete with her, and the loser would have to agree to a condition for the winner.

Concubine Yan felt at that time Su Chen's innate peak strength was about to compete with hers. She felt that Su Chen was a little inflated, so she agreed to Su Chen's conditions to compete with him.

Concubine Yan did not expect that Su Chen would ask her to catch him within an hour. Concubine Li Yan didn't catch Su Chen, so Concubine Yan lost.

Concubine Yan agreed on the spot, but she didn't expect that this bastard Su Chen could teleport. As a result, Concubine Yan couldn't even see Su Chen's shadow in an hour. They didn't meet, which made Concubine Yan very depressed.

After Concubine Yan gave up, she was hugged by Su Chen and disappeared. She was eaten by Su Chen that night. Every time Concubine Yan saw Su Chen, she teleported her. He couldn't help but want to teach this bastard a lesson.

Su Chen looked at Concubine Yan who was now full of femininity and couldn't help but hug her and kiss her.

"Haha, don't I want to see Madam earlier?"

Concubine Yan leaned in Su Chen's arms and rolled her eyes. Su Chen looked a little helpless. Su Chen didn't want to care about anything now. He was either practicing or wandering around Yangzhou City. In the past ten days, Concubine Yan and Changsun Wuyu She also tried to persuade Su Chen several times, but Su Chen still didn't care. She and Changsun Wuchuan ignored this bastard. Now she and Changsun Wuchuan were in charge of both the palace and Yangzhou City.

"You can't be more serious, husband. This time, Master Donghuang wrote to me and told me that Ying Zheng secretly came out of Qin. Our Netherworld Cavalry was also sent out by Ying Zheng. This time, he didn't know what King Qin Ying Zheng was going to do. What?"

Hmm? This is Ying Zheng preparing to meet Han Fei, that funny guy. After this time, Ying Zheng will take power, and the Eastern Continent will be completely in chaos.

Su Chen thought about what is about to happen in Han Country , I felt that the copper box that was one of the Canglong Qisu in the Cold Palace of Han State was about to be discovered. Although

Su Chen didn't know what was in which copper box, he didn't want to watch the copper box being stolen from under his nose. He wanted to use the copper box to exchange some masters and techniques with Donghuang Taiyi.

Su Chen hugged Concubine Yan, kissed her and said,

"Madam, I hope you will go to the Han Kingdom. There is a copper box of Canglong Qisu in the Han Kingdom. I know the specific location. This time you take it out and give it to your Donghuang Headmaster."

"Ask him to give us the black and white young master Siming and the Taoist and Taoist Guang Tongchen. I also tell Donghuang Taiyi the location of the Phantom Sound Box this time, and treat it as the betrothal gift I gave him. Concubine Yan asked with some doubts.

"Husband, I think Headmaster Donghuang will agree to the rest, but our Yin Yang family does not have the Taoist concept of harmony with light and dust."

Su Chen didn't believe that the dignified head of the Yin-Yang family, Donghuang Taiyi, didn't have Taoist skills. Although Su Chen didn't know why Donghuang Taiyi didn't let people from the Yin-

yang family practice Taoist skills, this time Concubine Yan used a copper box in exchange for Su Chen believed that Donghuang Taiyi would agree.

Su Chen sat on the chair and hugged Concubine Yan's small waist and said with a smile,

"Haha, madam, just ask Donghuang Taiyi for it, and he will definitely give it to you. Donghuang Taiyi has many Taoist techniques. Maybe he promised something to Taoist Beimingzi, but your Yin Yang family doesn't have them. Learn those Taoist techniques."

Concubine Yan nodded after hearing Su Chen's words and said,

"Okay, then I'll go back and give it a try, but you're the only one left after I leave. Changsun Wuchu just returned to our Gusu City the day before yesterday. Do you want to call Yaoyue and Lianxing back?"

"Forget it, that crazy woman is here to cause trouble again, and there won't be any trouble here. Those rivers and lakes are still looking for Kou Zhong and Xu Ziling. Yangzhou is much more relieved now."

"Then you have to be careful, or if you can't, just use that damn teleportation of yours to escape."

"Haha, I know, take that purple girl away this time too"

"Aren't you going to continue bickering with her?"

"Forget it, that woman is too powerful, I am no match, you just need to tell her that if she continues to be with Wei Zhuang and Han Fei, then I will catch her back and train her"

"Ok, I know"

"Then let's rest, and you can go back tomorrow." The next day, Concubine Yan left early in the morning. This time Concubine Yan brought the 10,000 Nether Iron Cavalry that Su Chen took out from the system space. The five that Su Chen got last time Wan Jingran's army is all Netherworld Cavalry.

Su Chen also asked Concubine Yan to send another 10,000 troops to Liu Hai. In this way, Liu Hai has 30,000 Netherworld Cavalry. In the future, if there is a battle during the Yingzheng Crown Ceremony, the Netherworld Cavalry will be wiped out quickly. Opponent.

At this time, thirty miles away from Yangzhou City, the Song family is being chased by Du Fuwei's army of more than 100,000.

Here at the Song family, they are also a little tired now. These Jianghuai troops have been chasing After killing them for several days,

Song Yuzhi and Song Yuhua supported each other and walked. Song Yuzhi looked at the other people here who were also very tired, and the two gangsters were now out of breath. Her elder brother was When Song Yuzhi saw this, she was speechless.

She said to Song Que next to her,

"Dad, are we just going to keep running away?"

Song Que was also a little helpless now. He looked at Fan Qinghui next to him and sighed and said,

"What if we don't escape? This is an army of more than 100,000 people. This Du Fuwei obviously wants to kill us all. Even if I kill, I can't kill all of these 100,000 Jianghuai troops."

Fan Qinghui looked at the dust behind and said hurriedly,

"Song Que, as long as we reach Yangzhou City, we will be safe. Tell your people to speed up. Du Fuwei's Jianghuai Army's cavalry will soon be chasing us."

"Qinghui, Du Fuwei's Jianghuai army will definitely attack Yangzhou City this time. We don't want to go to Yangzhou."

"Shut up, Song Que, we have nothing to do with each other. From now on, you will call me Fan Qinghui or Master Fan Zhai. If you don't go to Yangzhou City, I will go there myself."

Chapter 140

Fan Qinghui looked at Song Que and headed towards Yangzhou. She knew that that bastard Su Chen was in Yangzhou City. There was Su Chen's Xiaoguo Army in Yangzhou City, and Du Fuwei's miscellaneous army was not the Great Sui Dynasty at all. An elite opponent of the Xiaoguo Army.

But Fan Qinghui felt helpless when she thought of that bastard. Now her apprentice Shi Feixuan was as powerful as herself. No matter how Fan Qinghui asked Shi Feixuan how her strength was enhanced by Su Chen, Shi Feixuan just shook her head and refused to say..

Fan Qinghui didn't dare to let Shi Feixuan stay with Su Chen. She was really afraid that Su Chen would eat Shi Feixuan. Shi Feixuan was the successor of Cihang Jingzhai, and Fan Qinghui would not let her. The proud disciple was ruined by Su Chen.

When Song Que saw the angry Fan Qinghui flying towards Yangzhou City, he also hurriedly called on his people to chase after Fan Qinghui. Song Que was a little worried about Fan Qinghui's comfort.

Song Que also knew that Fan Qinghui would not flee to the dangerous Yangzhou for no reason. Song Que had no choice but to treat a dead horse as a living horse doctor. He hoped that Fan Qinghui would not lead his whole family to die in Yangzhou city.

In the Yangzhou City Palace,

Su Ming quickly came to Su Chen's side and hurriedly saluted,

"Your Majesty, a spy just came to report that Du Fuwei's more than 100,000 Jianghuai troops are coming towards Yangzhou."

Oh? This Du Fuwei is going to attack Yangzhou City now? This is faster than the plot. Su Chen thought about the martial arts plot and shook his head. In this mixed martial arts world, it is normal for the plot to deviate somewhat.

"Su Ming, how long will it take for Du Fuwei's army to reach Yangzhou City?"

Su Ming immediately replied,

"Your Majesty, Du Fuwei's army may arrive outside Yangzhou City in less than two hours."

Su Chen thought for a moment and then ordered directly,

"He ordered Tong Hu's Xiaoguo army to gather outside the city to prepare for war. Didn't he already want to fight? This time, let's try the Xiaoguo Army, the most powerful army of the Sui Dynasty. Let the 20,000 defenders in Yangzhou City go to the city wall to guard them."

"Yes, Your Majesty."

Su Chen asked Su Ming to leave and then sat on a chair and thought for a while. He was almost half in Yangzhou City now. Ning Daoqi hadn't given away the Heshi Bi yet. It seemed that it was the bald men from Jing Nian Temple. Donkey refused to hand over the Heshi Bi to Ning Daoqi.

The strength of Kong Kong was not simple, and with the four holy monks, Ning Daoqi probably wouldn't be able to grab the Heshi Bi, unless Ning Daoqi held a grand ceremony in Jingnian Temple. Killing is forbidden, but Ning Daoqi probably wouldn't kill those bald donkeys.

At this time, a beautiful maid came to Su Chen with a cup of tea and said respectfully,

"Your Majesty, please have tea."

Su Chen looked at the maid named Wei Zhenzhen and smiled. He didn't expect that Wei Zhenzhen was among the maids Yuwen Tuo found, and Wei Zhenzhen had not been sold to Baozi by her bastard father. That old man.

Su Chen didn't ask Wei Zhenzhen if he knew Kou Zhong and Xu Ziling. Now Kou Zhong and Xu Ziling won't do anything without the longevity secret, and Su Chen doesn't care whether Kou Zhong can survive in the future. Zhonghe Xu Ziling,

"Wei Zhenzhen, go call Hua Yuen and Hua Xingnu and tell them I'm looking for them."

"Yes, Your Majesty."

Wei Zhenzhen looked at Wu Xiangjun and immediately withdrew. Wei Zhenzhen was now very satisfied with her life. Originally, she was desperate when her father sold her to the government, but

she didn't expect that the biggest man in Yangzhou City would... The official selected maids for a larger official than him.

The selected maids were brought to the emperor's palace. Wei Zhenzhen was also appointed as the chief maid by Wu Xiangjun's wife, and she was also a professional maid. Responsible for serving Wu Xiangjun.

In Yangzhou city, Murong Qiudi and Yan Shisan knew that that bastard Su Chen was going to do something big when they saw the Xiaoguo army dispatched. In the past ten days, Murong Qiudi and that bastard Su Chen I don't know how many times we had confrontations, but every time the shameless bastard took advantage of me and ran away.

"Miss, why do I feel like the Xiaoguo Army is about to start a war? Why are these Xiaoguo Army so murderous?"

"Well, there might be a war. Let's go outside the city and have a look."

"Yes, miss."

Ximen Chuixue, who was in the teahouse next to him, looked at the troops leaving Yangzhou City. The corner of his mouth twitched when he thought of the shameless Lord Wu Xiang. Ximen Chuixue frowned and thought for a while before following the Xiaoguo army out of the city with Qinggong..

Some Jianghu people in Yangzhou City who did not go to find Gao Zhong and Xu Ziling also left the city at this time. They also wanted to know what the Xiaoguo Army in Yangzhou City was going to do when they left the city.

Outside Yangzhou City, 30,000 Xiaoguo Army had already gathered here. After that, 20,000 infantry and 10,000 cavalry were neatly arranged in military formations waiting for the arrival of the Jianghuai Army.

At this time, Fan Qinghui had already arrived outside Yangzhou City. She saw that Su Chen's Xiaoguo Army was ready and sent it away. In one breath, Fan Qinghui was afraid that Su Chen would not know that Du Fuwei's Jianghuai army was attacking, but she kept using Qinggong all the way to Yangzhou to inform Su Chen about that bastard.

Fan Qinghui flew to the front of the army and asked Xiao General Tong Hu of the Fruit Army,

"Where is your Mr. Wu Xiang?"

Tong Hu waved his hand when he saw Fan Qinghui arriving. He was afraid that the army would take action against Fan Qinghui of Cihang Jingzhai.

This woman also had an unclear relationship with the king, and her apprentice Shifei Xuan was the king's future. Madam, Tong Hu dare not offend this Fan Qinghui of Cihang Jingzhai,

"Master of Brahma Palace, your Majesty will be here soon."

Fan Qinghui saw that these troops did not stop her. She knew that the generals here should know her, or looked at her apprentice Shi Feixuan's face and did not stop her.

Fan Qinghui came to Xiaoguo Army General Tong Hu and asked,

"General Tong, I heard that your Lord has begun to practice, and has even reached the innate realm?"

When Tong Hu saw Fan Qinghui arriving, he dismounted and saluted Fan Qinghui and said,

"Yes, Your Majesty is now at an innate level of cultivation."

Fan Qinghui didn't expect that the rumors were true and that bastard really started practicing. She also didn't know what treasures that bastard Su Chen used to advance Fei Xuan to the peak of Grandmaster, and he himself also advanced to the innate realm.

Fan Qinghui suddenly thought of Su Chen That bastard promised to give Yin Queen Zhu Yuyan the Evil Emperor's relics. If Yin Queen gets the Evil Emperor's relics, I'm afraid Yin Queen Zhu Yuyan will also break through to the Grand Master, and then their Cihang Jingzhai will be in danger.

Swish swish swish swish

"The people in front leave quickly, and those who approach the army will be killed without mercy."

At this time, when Song Que brought some people to Yangzhou City, Song Que did not expect that Yangzhou City actually had the most elite Xiaoguo Army of the Sui Dynasty. He Now I understand why Fan Qinghui came to Yangzhou.

With these Xiaoguo troops in Yangzhou City, Du Fuwei's miscellaneous army will definitely not be able to capture Yangzhou City, and may even be destroyed by the Xiaoguo army here.

Song Que saw Fan Qinghui entered the army in front and was about to follow, but as soon as they were about to approach the army, they were warned by the bows and arrows fired from the army.

This made Song Que and the others here a little confused why Fan Qinghui from Cihang Jingzhai could go in? They But these people were prevented from entering.

Looking at these troops, Fu Junzhuo knew why these troops were here. This should be the army of Lord Wu Xiang. At that time, she saw these troops escorting Lord Wu Xiang to Yangzhou. Follow us.

Dong Dong Dong Dong Dong Dong

At this time, the sound of war drums came from the distance. Du Fuwei led more than 100,000 Jianghuai troops and was about to arrive.

"Second brother, I didn't expect that Du Fuwei's Jianghuai Army would also go to war against Yangzhou. Should we join Du Fuwei in going to war against Yangzhou?"

"Xiuning, we only have five thousand cavalry, let's take a look first."
