

## Zongwu 1321

Chapter 1321

Three days later,

Suzhou, East China.

In the morning, in a room in the Liu Mansion,

Su Chen got up from the bed and sat on a chair in a daze. Although he had a good relationship with many beauties in the past few days, and even his relationship with Xiao Qing was improving day by day, Xiao Qing was... It's so hard to watch for nothing.

Every time Su Chen was with Xiao Qing, Xiao Bai would guard them both like a parent, which made Su Chen very speechless.

In the past few days,

Su Chen understood after listening to Xiaoqing's explanation.

In the Shenyu Continent,

Xiaobai and Xu Xian had just met. This was also the reason why Xiaoqing discovered that time had been regressed after returning to the Shenyu Continent.

Su Chen didn't care much about this. The relationship between Xiaobai and Xu Xian was calculated by the gods. Although it was impossible for gods to appear in the Shenyu Continent, wouldn't those gods create an incarnation to appear?

There is Guanyin Bodhisattva in White Snake.

Although the incarnation of Guanyin Bodhisattva cannot be an immortal, its ability to transcend the tribulation realm makes Su Chen helpless. Su Chen has not yet decided whether to get involved in the matter between White Snake and Xu Xian.

Su Chen held his chin and thought for a while and said to himself,

"The water in the Shenyu Continent is very deep. If I'm not careful, I'm afraid I'll die without a burial place."

"well!"

"This really puts me in a dilemma. Why does Guanyin Bodhisattva want to plot against Xiaobai?"

"Is it true that the legend says that Xiaobai is a disciple of Mother Lishan? Mother Lishan is the incarnation of the Holy Mother Wudang, a disciple of Tongtian. Does this mean that Buddhism still wants to eradicate the Jiejiao religion?"

Su Chen felt more and more dizzy as he thought about it.

These things are too complicated, and they are not something that he, a little human being, should take care of. Su Chen will not seek death to participate in these things, and Xiao Qing will do it anyway. Nothing happened.

Su Chen didn't intend to get involved in these things.

Su Chen suddenly thought of something, and his communication system hurriedly asked, "System, if I kill Xu Xian now, will anything happen?"

"Ding, host, you can't kill Xu Xian."

Su Chen asked suspiciously after hearing the system's words, "Huh? Xu Xian is now a helpless person. Why should I kill him?"

"Ding, host, Shen Yun Continent is a world of cultivating immortals. The protagonists here are different from Tianxuan Continent. The protagonists in Shen Yun Continent all have luck. Unless the host takes away the luck of these protagonists, you will kill them. Don't kill them.

Su Chen looked confused and continued to ask, "The protagonist's luck?" Damn it, isn't this the halo of the protagonist? Does it mean that if I kill Xu Xian and Li Xiaoyao, a powerful person or demon will come to save them?"

Su Chen's face turned dark when he heard the system's explanation.

He had read in novels before that the protagonists were lucky enough not to be killed, and now he has also encountered this situation.

Could it be that if those protagonists offend him in the future, he You can only watch but not kill? Even if you send someone to kill, is it still giving experience to the protagonist?

"Ding, that's right, luck has not been taken away, and the protagonists will be rescued when they encounter danger."

"I'll do it! Then I can't kill the protagonists at will in the Godfall Continent?"

"Ding, the host can take away the protagonist's luck, the protagonist's women, skills, and opportunities. Only in this way will the protagonist's luck be weakened and deprived, and it will be easy for the host to kill them again."

Su Chen thought about it and shook his head and said, "Forget it, I have enough women now. As long as those protagonists don't offend me, I won't bother to deal with them."

"Ding, host, there is no way you won't offend the protagonists who will rule the Divine Fall Continent in the future, and it's impossible for the protagonists to allow you to successfully conquer the Divine Fall Continent."

"Damn it, then I won't rule the Shenyu Continent, I just need to occupy a place to establish myself."

"Ding, host, you now have a trace of the Human Emperor's aura. Even after you unify the Tianxuan Continent, you will be blessed by the destiny of heaven and earth, and the Human Emperor's destiny will also be revealed. The Human Emperor is not Emperor, you should know this"

"Holy shit! Human Emperor? Can the Human Emperor do whatever he wants? King Zhou of Dashang was the last human emperor. Even King Zhou was plotted to death by gods and Buddhas all over the sky. System, do you want me to die without a burial place?"

Su Chen is frightened by the system now,

Human Emperor?

He is the Human Emperor, not some kind of emperor? Does he dare to be the Human Emperor?

The Human Emperor King Zhou in Fengshen was plotted by the gods and Buddhas in the sky to die without burial. The earth, and King Zhou Wu only dared to call himself the emperor from now on.

The human emperor has been extinct since King Zhou, and the gods and Buddhas all over the sky cannot make the human emperor appear again.

Su Chen has never wanted to be a human emperor.

"Ding, host, you are asking for these step by step. The people in the Xuantian Empire do not respect gods and Buddhas. Buddhism was destroyed by you and disbanded. Taoism has sunk to the west, and the people in the Xuantian Empire are all against you. This emperor respects you very much and even regards you as a god. When you unify Tianxuan Continent, you will be blessed by the fate of heaven and earth, and the status of Human Emperor will reappear."

Su Chen panicked for a moment when he heard what the system said.

"Damn it, what should I do?"

"Damn it, if I destroy Buddhism, I can't stand the fact that Buddhism occupies a large amount of fertile land, and the monks are not engaged in production, and they don't have to pay taxes. If I don't destroy Buddhism, who will I destroy? Taoism is none of my business. Taoism has failed to develop. I have never suppressed Taoism."

"Ding, I don't know about the system. The system is based on facts. This is the direction of your future development. The system also informed the host in advance."

Su Chen lay weakly on the table.

He didn't know what to do now. Should he give up on unifying Tianxuan Continent? But his army has already started to launch a war. Should he go back and withdraw his troops at this time? ?

Damn it!

What should we do?

Su Chen thought that if he really became the Human Emperor, then all the gods and Buddhas in the sky would be his enemies in the future. Even the Jade Emperor in Heaven and Buddhism in the West would not be able to let him go.

Su Chen is not even considered an immortal cultivator now. How can he be the opponent of the gods and Buddhas in the sky in the future? I'm afraid that when a god comes to plot against him, Su Chen will die without a burial place.

"Su Chen, what's wrong with you?"

At this time, a beautiful woman in green clothes came into Su Chen's room. When she saw Su Chen lying on the table, she asked doubtfully,

"Little butterfly, I'm going to die."

Su Chen replied weakly when he saw Cai Yi coming in.

When Cai Yi heard Su Chen's words, she rolled her eyes at Su Chen and said, "Death? Aren't you doing well? How could you die? Stop making fun of me"

"well! I can't explain it to you, an idiot. What do you want from me?"

Caiyi said angrily when she heard Su Chen's words, "Bah, you are the fool, Su Chen. It has been four days and the miracle doctor from Hangzhou can't detoxify Liu Jinyuan's poison. You should detoxify Liu Jinyuan's poison." Alright"

"Little butterfly, you can detoxify Liu Jinyuan, but you have to protect me for a year."

Chapter 1322

Su Chen thought that Cai Yi's strength was not weak.

Cai Yi was in the middle stage of Nascent Soul. He didn't have anyone strong above the Golden Core stage. If Cai Yi could protect him for a year in the future, Su Chen could too. Feel free to do something.

When Caiyi heard Su Chen's words, she asked doubtfully, "Protect you for a year? Your wife Xiaoqing is more powerful than me. Do you need my protection?"

Su Chen shook his head and said helplessly to Caiyi, "Well, Xiaoqing still has things to do. She can't always follow me, so I need a beauty like you to protect me."

Su Chen had no choice.

Xiaoqing couldn't wander around with him.

The little white snake Beautiful women are a powder keg, and Su Chen is not willing to let Xiaobai follow him, otherwise he will be in a lot of trouble in the future and even be very dangerous to the people around him.

Caiyi thought for a while and nodded in agreement, "I can promise to protect you for one year, but you are not allowed to distract me or let me do something I don't like, and I won't take it seriously. Serve you like a woman. Su

Chen's head was filled with dark thoughts after hearing Cai Yi's words.

Cai Yi was too narcissistic, but Su Chen had never thought of paying attention to Little Butterfly,"Okay, okay, I will treat you like an aunt from now on.""

"You are such a shameless human being."

Caiyi was very ashamed and angry when she heard Su Chen call her aunt.

Although she is much older than this bastard, she is more than enough to be his aunt.

But is there such a young and beautiful aunt?

Su Chen Looking at the shy and angry Cai Yi, he smiled, then he took out a jade box from the system space and handed it to Cai Yi and said,"Here, this is the heaven and earth spiritual fruit Zhu Guo. Although the spiritual fruit can detoxify all the poisons in the world, I don't Do you know if you can detoxify monsters?"

"Is this a fairy fruit? How could you have fairy fruit?"Caiyi took the jade box doubtfully, opened it, looked at it, and exclaimed.

Su Chen looked at Caiyi who screamed and said speechlessly,

"What fairy fruit? This is just spiritual fruit"

"No, this is a fairy fruit. Although it is only the lowest grade fairy fruit and does not have much effect on our cultivation, it is more than enough to detoxify the poison of ordinary monsters."

"Can this really detoxify Liu Jinyuan?"

"Yes, this immortal Zhuguo is more than enough to cure Liu Jinyuan's poison."

"Then go and detoxify. We will set off this afternoon to kill the spider demon first."

"good!"

Su Chen thought about it after Caiyi left.

Isn't Zhuguo a spiritual fruit? Why would Caiyi say it is a fairy fruit? Is the spiritual fruit given by the system the most common fairy fruit in the fairy world?

At noon,

Liu Jinyuan's poison has been detoxified,

Caiyi also secretly detoxified Liu Jinyuan. These achievements also made Xu Xian and the doctors in Hangzhou famous.

In Zhao Ling'er's room,

Su Chen and Zhao Ling'er were sitting together.

Su Chen looked at the cold Zhao Ling'er drank tea and asked, "Zhao Ling'er, can you change now?"

"Transform? What transformation?"

Zhao Ling'er asked puzzledly after hearing Su Chen's words,

"Human body and snake tail!"

Zhao Ling'er thinks that Su Chen is a deceiver.

This bastard actually wants her to turn into a monster with a human body and a snake's tail? This bastard's thoughts are so dirty,

"What nonsense are you talking about? How could I become like that?"

Su Chen saw that Zhao Ling'er had misunderstood and said hurriedly, "Zhao Ling'er, you are a descendant of Nuwa. You can only increase your strength by transforming into the form of a human body and a snake's tail. Don't have such unhealthy thoughts."

Su Chen has never thought of such a dirty thing, but?

A snake with a human body and a snake's tail?

Queen Medusa is a snake with a snake's tail. How about we deal with Queen Medusa in the future? A snake with a snake's tail seems to be good too.

"I can't, I'm not sure yet whether I am a descendant of Nuwa."

Su Chen thought that if Zhao Ling'er really couldn't transform, then Zhao Ling'er who was only in the Heavenly Realm would be a drag, "That's it! Let's try it on the way to kill the spider demon. If you really can't transform, then you are useless."

"Damn you pervert, are you going to burn bridges?"

"Am I going to burn bridges? Why did I burn bridges across rivers?"

Zhao Ling'er glared at Su Chen angrily and yelled, "Shameless bastard, you promised to give me the Water Spirit Pearl after killing the spider demon queen. Do you think you can't keep your promise when you see that I am weak?"

"Zhao Yatou, do you think you can defeat the monsters in the Nascent Soul stage with your strength? I'm afraid you'll be slapped to death before you get close to the spider demon, and then you'll be slapped into a pulp. Aren't you afraid?"

"I.....I.....I want to transform, you have to help me transform"

"After we leave in the afternoon, find a private place to try. I'm not sure if you can transform?"

When Zhao Ling'er heard Su Chen's words, she clenched her fists and said seriously, "Okay, if I were a descendant of Nuwa, I would definitely transform, and I would definitely succeed. I would also go to Nanzhao to save my mother."

Su Chen nodded and walked out of Zhao Ling'er's room.

Xiao Qing is probably about to leave with Xiao Bai. Su Chen also plans to explain some things to Xiao Qing. He doesn't want anything to happen to Xiao Qing in the Shenyu Continent.

A room away ,

Su Chen opened the door and walked in, but as soon as he came in, he saw Xiaobai staring at him with a livid face.

"What are you doing here? Su

Chen sat down and looked around and said casually, "I'm not here to find you. Why do you care so much?"

Xiao Bai shouted and cursed rudely at Su Chen, "You shameless pervert, you are not welcome in our room."

Xiao Bai saw that Su Chen came in without knocking, which made her face very ugly.

Su Chen looked at the shy and angry Xiao Bai and said speechlessly, "I'll do it! Xiaobai, didn't I just watch you take a shower by accident? Besides, I didn't see anything at the time, so you didn't have to call me a shameless pervert, right?"

Xiao Bai didn't expect Su Chen to be so shameless. He peeked at her bathing and spoke so openly. This made her chest almost explode with anger. "Shameless pervert, if it wasn't for Xiao Qing's sake, I would have done it long ago. Kill you"

"Where is Xiaoqing? I have nothing to do with her!"

"have no idea!"

Su Chen raised his middle finger and said mockingly, "Tsk, what the hell? I'll go find her myself."

Su Chen looked at Xiaobai's expression of keeping away from strangers and shook his head to leave.

Xiaoqing was not in the room, so she must have been entangled by Lin Yueru again.

"Wait, do you still have your spirit stone?"

"none of your business!" boom!

"I'm fucked, let me go?"

Su Chen didn't expect that Xiao Bai would directly suppress him.

Su Chen was now suppressed by Xiao Bai's momentum and was forced to lie on the table.

This made him feel very embarrassed. His face was now pressed tightly against the table, it's like being stepped on in the face

"Aren't you very proud? Can you try that gesture for me again?"

Chapter 1323

Xiaobai angrily suppressed Su Chen and was very relieved.

This bastard secretly watched her take a shower without saying anything. He dared to be so arrogant today. This made Xiaobai want to beat this bastard very much. If this bastard hadn't been beaten all the time. With Xiao Qing protecting him, this bastard had long been lying on the bed recovering from his injuries.

When Su Chen heard Xiaobai's words, he hurriedly said, "Xiaobai, let me go quickly, or don't blame me for being rude."

"Bastard, you dare to be arrogant now, but you are rude to me. I am waiting for you to be rude to me."

Su Chen didn't expect Xiaobai to say this.

He looked at the beautiful Xiaobai and smiled and said, "I'll do it! Xiaobai, your skin was really fair the day before yesterday. Now that I think about it, I think I should take a closer look."

"Shameless pervert, you are seeking death!"

When Xiaobai heard Su Chen's words, she stretched out her hand with shame and anger and wanted to teach this bastard a lesson.

"Xiaoqing, little.....Woohoo."

When Su Chen saw Xiao Bai about to take action, he hurriedly shouted to Xiao Qing for help, but before he could scream, Xiao Bai blocked his mouth with a steamed bun.

"You scream! Why don't you call?"

"woo woo woo woo....."

Su Chen stared at Xiaobai angrily.

He was really going to fall into Xiaobai's hands this time, and he didn't know what Xiaobai would do to him.

Xiaobai laughed when he saw Su Chen staring angrily, "Haha, I won't easily get around you this shameless pervert this time."

Boom!

"Let Su Chen go!"

At this time,

Caiyi broke in directly.

She had been following Su Chen.

She promised Su Chen to protect this bastard for a year, but she didn't expect that less than a day later, something happened to this bastard.

Xiaobai didn't expect Caiyi to barge in.

Xiaobai dissuaded her with a cold face, "Butterfly Demon, you are no match for me and get out of here quickly."

Caiyi smiled when she saw Su Chen's pitiful look.

She didn't expect that this bastard Su Chen would be like this. This time, Su Chen was in a very embarrassed state. Not only did this bastard have his face pressed against the table, he even had a gag in his mouth. A big white steamed bun was served.

When Caiyi heard Xiaobai's words, she smiled and said, "White Snake, although you are a master in the distraction period, as long as I fight you, I believe Xiaoqing will come over, don't you think so?" Aren't you afraid that Xiaoqing and your sister will be cut off?"

"Xiaoqing can't!"

"Why not? Su Chen is Xiaoqing's husband, and if you kill her husband, Xiaoqing may not kill you, but your thousand-year sisterhood will also come to an end."

"this....."

Xiaobai was speechless for a moment.

Although she believed that Xiaoqing would not have a conflict with her, Caiyi was right. After all, Xiaoqing was this bastard's woman. Although they had not yet gotten married, Xiaoqing was very interested in this shameless woman. The embryo is deeply in love.

Xiaobai was also very worried that treating Su Chen like this would cause a breakdown in the relationship between Xiaoqing and her sisters.

After Xiaobai stopped suppressing Su Chen,

Caiyi looked at Su Chen and asked with a smile,

"Su Chen, are you okay?"

"Damn it, it's suffocating me to death, this damn steamed bun." Su Chen took off the steamed bun that blocked his mouth and said depressedly.

Su Chen was speechless when he saw Cai Yi smiling.

Cai Yi must be laughing at him, but he couldn't do anything about Cai Yi.

First, Caiyi came to save him this time. Secondly, he couldn't defeat Caiyi, the butterfly monster.

"I gave it to you as my apology for watching you take a shower." Su Chen took out a jade box from the system space and threw it to Xiao Bai and said,

"Shameless!"

When Xiaobai heard what Su Chen said, she wanted to kill this shameless pervert immediately with shame and anger on her face.

Xiaobai didn't expect that this bastard would tell this matter in front of Caiyi. This matter was between Su Chen and She knew, and now Caiyi also knew, but she didn't know how many people would know in the future.

Caiyi also looked at Su Chen and Xiaobai in shock. She didn't expect such a thing to happen to Su Chen and Xiaobai.

No wonder Xiaobai would take action against Su Chen.

Such a shameless pervert, Su Chen, was so bold that even Xiaoqing's sworn sister was interested in her.

Caiyi will also try to get in the way of this shameless pervert in the future.

"What are you looking at? gone!"

After Su Chen waved his hand to Xiaobai, he patted Caiyi's surprised little face and said.

Caiyi hurriedly opened Su Chen's hand and shouted, "Don't touch me, I will leave on my own." bump!

"shameless bastard!"

When Xiaobai saw Su Chen and Caiyi leaving, he slapped the table angrily.

"Huh? There are more than ten spiritual stones? this.....There is actually an intermediate spirit stone here? Why is this bastard so generous? This is an intermediate spiritual stone. One intermediate spiritual stone is worth a hundred low-level spiritual stones. That bastard doesn't really have any plans for him, does he?"

Xiao Bai looked at the ten primary spirit stones and three intermediate spirit stones in the jade box.

This made Xiao Bai very confused.

Spirit stones are very scarce in the Shenyu Continent.

Immortal cultivators and monsters are all interested in spirit stones. Determined to get it, if there is news about the spirit stone, there will probably be a fierce battle to compete for the spirit stone.

This is still an ordinary low-level spirit stone.

For the intermediate spirit stone, even those old monsters will probably come out to fight for it.

The reason why Xiaobai can practice In the distraction period, it was also thanks to the spiritual stones Xiaoqing gave her last time, but the few spiritual stones last time had been used up, otherwise she would not be able to ask for spiritual stones for Su Chen this time.

But what about now?

That The bastard gave her so many spirit stones this time, including three fast and intermediate spirit stones, which made Xiaobai very suspicious that Su Chen had plans for her. When Xiaobai looked out of the room, her eyes were very complicated.

She didn't want the spirit stones. Maybe give it back to Su Chen.

With these spiritual stones,

Xiaobai may advance to the peak of transcending tribulation within a hundred years, and becoming an immortal and a Taoist will be just around the corner.

Xiaobai put away the jade box and exhaled and said to himself Said,"Huh! This favor will be returned to that bastard in the future, but if that bastard dares to think wrong about me, I will never let that damn bastard go."

In the afternoon, after Su Chen said goodbye to Xiao Qing, he took Caiyi and Zhao Ling'er and prepared to find trouble with the spider demon.

Su Chen was determined to get the Thunder Lingzhu. How could a little demon get an innate spiritual treasure? ? If Su Chen didn't take this opportunity to get the Thunder Lingzhu, it would be a shame for this opportunity.

On the way to the mountains and forests,

Zhao Ling'er walked quickly to Su Chen and asked Su Chen doubtfully,

"Su Chen, did you do something to Xiaobai just now? Why did Xiaobai ignore you at first? But after you secretly said something to Xiaobai, why did Xiaobai's face suddenly turn red?"

"Zhao Linger, why are you such a gossip? You'd better think about your transformation for a while and don't be curious about everything!"

"I'm just asking casually, and you won't tell me to pull you down." When Zhao Ling'er saw that Su Chen was unwilling to answer, she pouted and said unhappily,

"Curiosity killed the cat. If you want to die, I can help you."

"You bastard!"

Chapter 1324

When Zhao Ling'er heard Su Chen's threat, she glared at him fiercely. Although she wanted to teach this bastard a lesson, she held back when she thought of Cai Yi next to her.

Zhao Ling'er is no match for Butterfly Demon.

Two nights later, outside the Black Spider Forest.

Su Chen and the others arrived at the spider demon's territory when it was dark.

Although this was the outskirts of the black forest and still some distance away from the spider demon's cave, Su Chen wanted Zhao Ling'er to try his transformation first. He could only let Zhao Linger try to transform outside the black forest first?

Su Chen touched his chin and thought about how to let Zhao Ling'er transform?

In the plot, Zhao Ling'er turned into a human with a snake's tail because of pregnancy, and the Sword Master of Shushan also beat Zhao Ling'er into a transformation.

Su Chen thought about it and wanted Caiyi to beat Zhao Ling'er.

Zhao Ling'er was not with Li Xiaoyao now, and it was impossible for her to be pregnant. Su Chen had only this option left. If Caiyi beat Zhao Ling'er, she still couldn't activate her blood transformation. , then Zhao Ling'er is really useless, and the Thunder Lingzhu in the spider demon's hand can only be given up for now.

Su Chen said to himself regretfully, "Oh! I was a little reckless this time. I should have asked Xiaoqing to come over and get rid of the spider demon.""

"What did you say?"

Zhao Ling'er asked after hearing Su Chen's mumbling.

"none of your business"

"you.....You are such an asshole."

Zhao Ling'er is furious now.

Will this bastard die if he doesn't confront her?

Zhao Ling'er just cares about this bastard, but this bastard is like gunpowder. This is really a good intention.

"Zhao Ling'er will try to see if you can transform in a while. If you can't transform, we will go back home this time. It is impossible for Cai Yi to defeat the spider demon alone, and it is impossible for us to obtain the Thunder Spirit Pearl."

"How to try?"

"This requires you to pay some price, are you willing?" Su Chen touched his chin and said with a weird smile.

When Zhao Ling'er saw Su Chen looking at her weirdly, she hurriedly protected her chest and yelled angrily, "What are you doing, you bastard? I will not sell my body."

Cai Yi also looked at Su Chen with an angry expression. If this bastard dared to do this, she would definitely stop this shameless bastard, and she would not even protect this shameless bastard.

"I'll do it!"

Su Chen really has nothing to say to Zhao Ling'er.

Zhao Ling'er has such a rich imagination. Isn't this Zhao Ling'er unreasonable? Didn't she just come out of Fairy Island?

Su Chen thought of letting Caiyi beat Zhao Ling'er. When, should he also participate? He felt that he had to teach this suspicious little girl a lesson, maybe Zhao Ling'er would be very obedient in the future.

Su Chen looked at Cai Yi, who had an ugly face, and directly ordered,

"Caiyi, beat Zhao Ling'er hard. Zhao Ling'er, use all your strength to resist Caiyi's attack."

Zhao Ling'er was surprised when she heard Su Chen's words and said, "You.....you.....You actually let a monster in the Nascent Soul stage fight with me, a little celestial being? Are you crazy?"

"Zhao Ling'er, if you want to activate the bloodline of Nuwa's descendants, this is the only way you can do it. The other way is too time-consuming."

"Is there any way? any solution?"

"Hey hey hey, you can directly activate your Nuwa bloodline when you are pregnant"

"Shameless pervert!"

Zhao Ling'er didn't expect that Su Chen was so shameless.

What kind of pregnancy could activate her bloodline?

This bastard must be deceiving himself.

Damn bastard, does he really want Caiyi to beat him?

Zhao Ling'er thought that she would have to fight with Yuan Yingqi for a while. When a master fights, his heart trembles

"Think about it for yourself, we will rest here tonight. If you haven't transformed successfully after dawn, we will have no choice but to go home, no! They are going their separate ways"

"I....."

When Zhao Ling'er heard Su Chen's words, she got discouraged and sat on a dead tree.

She looked at Cai Yi next to her and shook her head hastily in fear.

Zhao Ling'er thought that this time she would either be severely beaten by Cai Yi, or If you leave tomorrow and go your own way, how can you save her mother after leaving her like this? How to kill the leader of the Moon Worshipers who killed her mother?

Southern Continent, Wutan City.

In the Miter auction building, today's Miter auction was very lively. Some masters from Wutan City, the Eastern Continent, and the Southern Continent came here one after another. There were many precious martial arts in this Miter auction. Cheats and elixirs are to be auctioned.

In a private room,

Queen Medusa is sitting here leisurely drinking tea. In this auction, she just wants to buy some elixirs for healing and increasing cultivation. Of course, if there are other precious items, Medusa The Queen will also buy it

"Youru, do you have anything you want to buy?" Queen Medusa took a sip of tea and whispered.

Youru suddenly appeared and saluted Queen Medusa,

"Madam, I don't!"

"Cough cough cough! Didn't I tell you not to call me madam? You can call me whatever you want. Why do you call me madam?" Queen Medusa almost spat out the tea she drank when she heard Youru's words.

Queen Medusa didn't expect Youru to call her that.

Did that bastard Su Chen have sex with Youru?

That shameless pervert wouldn't really Do you have plans for yourself?

"Madam, don't you want your identity to be revealed? I can't remember how to call you other than calling you madam."

"You can call me Miss. You can call me Miss from now on."

"Yes, ma'am!"

Youru smiled strangely and replied.

Youru also wanted to help Su Chen get Queen Medusa.

She knew that Su Chen wanted to find a territory in the Shenyu Continent so that the Xuantian Empire's army could invade Shenyu. The mainland is preparing.

Queen Medusa has a huge territory, and Youru also wants Su Chen to make Queen Medusa his own, so that Queen Medusa's territory will also become the territory of their Xuantian Empire.

Queen Medusa was very helpless when she heard Youru's name again.

She clenched her fists and gritted her teeth, thinking, that bastard Su Chen is really not a thing. She will definitely not meet that damn bastard again in the future. I will let that shameless bastard go easily.

Dang Dang Dang.....

At this time, the auction bell rang, and the auction was about to begin.

Many experts in the entire auction also fell silent. Powerful experts and some family patriarchs and elders also looked towards the middle of the auction. This time, there is a special martial arts secret book to be auctioned.

This special martial arts secret book can be practiced not only by fighters in the southern continent, but also by practitioners in the eastern continent. The families and some strong men who came this time are very interested in this martial arts secret book.

A very beautiful, mature and beautiful woman walked into the middle of the auction.

This beautiful woman was wearing a red dress, with fair and delicate skin, a curvy figure, long black straight hair, and a delicate and pretty face. It makes her whole body exude a mature charm.

Every move she makes is very attractive.

In another private room,

Xiao Huohuo looked at the beauty in the middle of the auction and exclaimed with covetousness, "Damn, Yafei is so beautiful, she is a real mature lady."

"Xiaohuo, you have to focus on cultivation now. As long as you are strong enough, what kind of beautiful woman will you be without in the future?"

"Yes, master!"

## Chapter 1325

During the auction, people in other private rooms were also stunned by Yafei's maturity and beauty. They did not expect that there would be such a beautiful and peerless beauty in the small city of Wutan.

Boom!

The beautiful woman standing in the middle knocked on the table and said with a smile, "Everyone, thank you for participating in Miter's auction. Yafei is here to thank everyone for coming. Now the auction will begin."

"Let's get started, we can't wait"

"Yes, I have prepared 10,000 gold coins this time, and I am determined to get the Dragon Power Pill."

"Haha, Miss Yafei, let's start quickly. I am also determined to get the fourth-grade soul elixir."

"Miss Yafei is so beautiful. I am truly lucky to meet Miss Yafei this time."

"Yes, I didn't expect that there would be such a beautiful beauty at Miter's auction."

In the hall, many fighters and warriors looked at Yafei and said, but their eyes were constantly looking at Yafei, but they were also very fond of Yafei, a beautiful woman.interest.

Yafei waved his hands around and said with a smile,

"Everyone, please be quiet. The auction will begin now. The first thing to be auctioned is the third-grade elixir, the Qi Restoration Pill. Everyone knows the Qi Restoration Pill very well, so I won't go into details here. The starting price for a bottle of the Qi Restoration Pill is 100 gold coins. , there are only ten bottles of the Rejuvenation Pill. If you need it, please buy it as soon as possible."

"I want a bottle, I'll pay 150 gold coins"

"I offer two hundred gold coins for one bottle. I want three bottles."

"I offer two hundred and ten gold coins, and I also want a bottle".....

After hearing Yafei's words, everyone in the hall made offers one after another, just for a while.

The Rejuvenation Pill has been pushed to more than 400 gold coins, and the price is still rising.

Xiao Huohuo was very happy when he saw the heated scene below.

He gave the Rejuvenation Pill to Yafei for auction. He was very happy to be able to auction such a high price this time.

"Haha, Master, this time we are giving out the Qi Restoration Pill. I didn't expect that the Qi Restoration Pill would be so profitable. I'm afraid the remaining pills are even more valuable."

An old voice reminded me, "Be careful, this is just the beginning. If you can successfully refine fifth-grade and sixth-grade elixirs in the future, you will not be short of money for your future cultivation."

"Hey, Master, I have never received so much money. After this auction, I will be able to get tens of thousands of gold coins. Can I be unhappy?"

"Oh, xinxing, you have to keep your xinxing"

"Got it, master!"

With the passage of time, the third-grade Qi Restoring Pill, the fourth-grade Purple Heart Barrier-Breaking Pill, and the scarce fifth-grade Fusion Spirit Pill, and the sixth-grade Yuanling Pill were all auctioned off by the people below. Let's go.

Many people in the private rooms didn't care about this. They had no interest in these ordinary pills.

Yafei was smiling broadly.

The auction in Wutan City has been very successful so far.

This is also Only halfway through, the auction items at the back were much more precious than the previous ones. Yafei believed that this auction would make her name known to both the northern part of the Southern Continent and the southern part of the Eastern Continent.

Yafei continued with a smile. , "Everyone, what is going to be auctioned below is a kind of elixir. This was obtained in the Monster Forest. Thousands of mercenaries suffered heavy casualties to obtain this bead elixir."

"Miss Yafei, what kind of elixir is this?"

"Yes, what kind of elixir is it?"

"Thousands of mercenaries were acquired with heavy casualties. There should be Dou Wang among the mercenaries, right? Being able to inflict heavy casualties on thousands of mercenaries even when Dou Wang takes action, this elixir may not be simple."

"Yes, Miss Yafei, please tell me what kind of elixir it is?"

Everyone present started talking about it, and even kept urging Yafei to quickly tell what kind of elixir it was.

Dong-dong-dong!

Yafei took the jade box handed over by the guard, and she smiled and knocked on the table. said,

"Everyone, wait a moment, this elixir is the Qinglingxian strain, the elixir that can evolve the bloodline. The Qinglingxian strain is the seventh elixir auctioned on the elixir spectrum. I believe you all know about the Qinglingxian strain." boom!

"who?"

At this moment, a powerful master directly tried to snatch the jade box from Yafei's hand. This was also thanks to the many masters who came to the Miter Auction this time, otherwise the Qingling Fairy Strain would have been snatched away.

"Everyone takes action, Qinglingxian Strain is going to be obtained no matter what this time"

"Yes, my lord!"

After this middle-aged man was stopped by the two fighting kings from Miter's auction, he ordered to the people around him, and among the dozens of fighting spirits hidden in the auction, the big fighting masters also ordered to use their weapons to attack the ones in the middle. Yafei killed him

"Guard, stop them, stop them quickly." Ya Fei didn't expect that someone would really come to rob this auction. Fortunately, she was prepared, otherwise she would definitely be robbed of the auction items by these powerful enemies this time.

Boom boom boom!

At this moment,

Miter Auction's The hall was directly blasted open, and a Dou Huang and dozens of people also came into the auction. In the private room of the auction,

Queen Medusa sat on a chair with her chin raised and looked at the messy scene below and said interestingly,

"It's interesting. I didn't expect that the Green Spirit Immortal Strain would appear in this small auction. The Green Spirit Immortal Strain is only useful for human blood, but it is a rare fairy plant."

Youru looked at Queen Medusa and asked, "Madam, don't you need the Qingling Fairy Strain?"

Queen Medusa shook her head and said ,

"No need. Although the Green Spirit Immortal Strain is a bloodline evolution elixir, it is useless to us snake people."

"Some of your human family bloodline inheritance, this Zhuqing Lingxian strain is very useful. This auction may be over here, and our visit this time has been in vain. I hope the auction will continue in a few days."

In another room of the auction, a cold and beautiful woman ordered an old man next to her, "Uncle Ling, grab the Qingling Immortal Strain later."

"Yes, miss!"

In a private room next to the cold and beautiful woman, a young man asked an old man next to him, "Old Huang, is this Qingling Fairy Strain really important to the bloodline?"

The old man smiled at the young man and said,

"Young Master, this is of no use to us. The Qingling Immortal Strain is very important to the bloodline inheritance families in the Southern Continent. The more perfect the bloodline evolution of the bloodline inheritance families in the Southern Continent, the stronger they will be."

"Oh, then let's watch the show. If the auction is no longer held in a few days, we will go back to Beiliang"

"Okay, Master!"

In the Yunlan Sect's private room,

Yunshan coveted the Qingling Immortal Strain when he saw it.

Although he did not have a family bloodline, the Pearl Qingling Immortal Strain could be exchanged for an eighth-grade elixir, which would be a key to his advancement. Douzong is very important, and he is determined to win the Qinglingxian Strain.

People in other private rooms also looked at the Qinglingxian Strain in Yafei's hand.

Although there are experts from the Gama Empire and the Miter family guarding the place, but this auction came and there were many masters, even the Douhuang masters, there were four or five people.

After a burly middle-aged man arrived with hundreds of guards, he looked at the people in the hall who wanted to rob Qingling. The robber of Xianzhu shouted angrily,

"You are so brave, you even dare to snatch the auction items from our Miter auction, kill them all"

"Yes, the head of the family!"

A fighting emperor looked at the patriarch of the Miter family and said disdainfully, "Tengshan, you, the fake fighting emperor, dare to stop us? I think you are the one who is tired of living"

"Who are you?"

"Haha, you will know!"

Chapter 1326

The melee at Miter's auction became more and more chaotic. Some masters from mysterious forces suddenly appeared to snatch the Qinglingxian Strain. This caused some masters with ulterior motives who came to the auction to also join in to snatch the Qinglingxian Strain.

Boom boom boom!

After the powerful Dou Huang masters started fighting, the building of Miter Auction House completely collapsed. All the people who participated in the auction escaped from the collapsed auction house. Some powerful masters looked down from the sky. battle.

On a high wall,

Queen Medusa looked at the messy battle and guessed, "Six masters of fighting emperors have arrived? It seems that the Qingling Immortal Strain was exposed early, but these fighting emperors are from that family or People from powerful forces?"

Youru frowned and asked,"Madam, these people are not all the same. It seems that people like Qingling Fairy Strain should not be able to snatch it this time."

Queen Medusa nodded and replied,

"Well, these fighting emperors are fighting on their own. The two fighting emperors from Miter Auction and Jiana Empire should be able to keep the Qingling Immortal Strain this time. However, if those fighting emperors in the auction also take action, That's hard to say"

"Madam, do we want to continue watching?"

"No, let's go back. No matter who gets the Qingling Fairy Strain, it has nothing to do with us. We'd better wait for the next auction before coming back."

"Yes, ma'am!"

Eastern Continent, outside the Black Forest.

Zhao Ling'er was wounded all over and was being beaten by Cai Yi.

Zhao Ling'er was knocked down by Cai Yi time and time again. She stood up and fought Cai Yi again and again. In order to activate her bloodline inheritance, in order to transform In order to save her mother in the future, Zhao Ling'er fought desperately with Cai Yi.

Boom!

After Cai Yi beat Zhao Ling'er away again, she asked Su Chen worriedly,

"Su Chen, does this really work?"

"how could I know? Let's try this first, shall we?"Su Chen leaned on the tree while drinking and shook his head.

Su Chen did not expect that Zhao Ling'er would be so desperate to activate the blood transformation. Su Chen was not sure whether this method would work.

He also followed the method in the plot. Want to give it a try?

If it doesn't work this time?

Zhao Ling'er may have the intention to kill him.

"You bastard, are you trying to deceive Zhao Linger?" Caiyi didn't expect that Su Chen would say this, damn bastard, he couldn't be trying to trick Zhao Ling'er on purpose, right?

Su Chen smiled awkwardly and said, "Ahem, I'll tell you after a while, you can put some more pressure on Zhao Ling'er. , it is best to treat Zhao Ling'er with murderous intent, this may be able to stimulate Zhao Ling'er's potential."

"You'd better not lie to me, otherwise I will treat you like this again"

"Damn it, little butterfly, did I force you to do this? Don't forget that you are my guardian"

"Bah, you said this, otherwise Zhao Ling'er wouldn't be so desperate to activate blood transformation."

Boom, boom, boom!

At this moment, where Zhao Ling'er was knocked to the ground, a huge snake tail appeared. The violent snake tail swayed and slapped the ground.

At this moment,

Zhao Ling'er's upper body was also revealed, with a head of fiery red hair. Zhao Ling'er stood in front of Su Chen and Cai Yi with her upper body in tattered clothes, her red eyes staring at Su Chen as if on the verge of bursting into flames.

Su Chen looked at Zhao Ling'er who had a human body and a snake's tail and said in surprise, "I'll do it! Zhao Ling'er really succeeded, but why does she seem so angry that she wants to eat me? Caiyi, did I see it wrong?"

Caiyi didn't expect that Zhao Ling'er really succeeded. This bastard didn't deceive her and Zhao Ling'er, but Caiyi looked at Zhao Ling'er's expression. She also guessed that Zhao Ling'er just heard their conversation.

Caiyi looked at Su Chen and gloated. , "You read that right, Zhao Ling has indeed succeeded, and her strength is now at the level of cultivation in the early stage of Nascent Soul. Su Chen, you are going to die. Zhao Ling'er is going to take revenge on you."

"Damn it, Zhao Ling'er, don't be ungrateful. You can inspire blood inheritance. This is my contribution. If you dare to treat me....."

Boom boom.....

"I'll do it!"

Before Su Chen finished speaking, Zhao Ling'er's snake tail swept over him, and he hurriedly teleported to the side.

Zhao Ling'er is now a master at the Nascent Soul stage. If Su Chen dares to be careless, I'm afraid he will be severely beaten by Zhao Ling'er.

Zhao Ling'er She was very angry in her heart.

The reason why she was able to successfully transform was not Caiyi's credit at all. She was only made successful by this bastard.

After Zhao Ling'er was beaten away by Caiyi, she heard Su Chen and Caiyi Caiyi was very angry during the conversation. This bastard actually said that he was not sure that he could transform her in this way?

Zhao Ling'er was beaten by Caiyi for more than an hour. She was beaten with scars all over her body, but in the end she got this news. She is now I really want to kill this shameless bastard

"Damn me!"

Boom boom boom.....

Su Chen kept hiding and hiding under Zhao Ling'er's angry attack.

Su Chen focused on Zhao Ling'er with all his mental power. The cultivation realm of Nascent Soul Realm was so powerful that he was almost injured by Zhao Ling'er's tail several times. arrive,

"Caiyi, if you don't stop Zhao Linger, I will be beaten to death? Don't forget that you are my guardian." Su Chen wiped the blood from the corner of his mouth that was shaken by Zhao Ling'er's attack, and he hurriedly shouted to Cai Yi next to him,

"You deserve it! Caiyi glanced at Su Chen and said mockingly.

Su Chen didn't expect that Caiyi, a little butterfly, would refuse to help, "Should I join in?" Cai Yi, you are fired, I don't need a guard like you"

"Fire me, fire me, I don't want to protect you, a shameless pervert."

Boom boom boom.....

Cough cough cough!

Su Chen was so shocked by Zhao Ling'er's attack that his internal organs were almost broken.

Su Chen looked at Zhao Ling'er angrily, then glared at Caiyi who was watching the show. He quickly gestured with his middle finger and disappeared in an instant..

Su Chen will not continue to stay to seek abuse.

He will definitely avenge this revenge.

He is really not able to compete with the masters of Shenyu Continent, such as Zhao Ling'er, Caiyi, Queen Medusa, and that little white snake.

If Su Chen remembers them, he will be stronger in the future.

He won't let any of these women go.

Zhao Ling'er noticed that Su Chen had disappeared.

She quickly checked her surroundings and asked Caiyi, "Is that shameless bastard leaving? Why can't I feel Su Chen's breath?"

"Huh? After I really left, I couldn't feel Su Chen's breath anymore." Caiyi also hurriedly checked the surroundings. She said anxiously without detecting Su Chen's breath.

Zhao Ling'er heard Caiyi's words and said hurriedly, "What should we do? Why did that bastard run away? I just want to teach him a lesson, I have no intention of killing him at all!"

Zhao Ling'er needs Su Chen to rescue her mother.

Now that Su Chen has been beaten and run away by her,

Zhao Ling'er is very worried that Su Chen is really angry and left.

Su Chen's departure makes her not know where to look for him. , even if she finds Su Chen in the future, I'm afraid that bastard will not help her anymore.

After Caiyi confirmed that Su Chen really left, she lost her mind and said to herself, "Su Chen really left? Doesn't he need his own protection? how so? I'm just kidding, I didn't want to save him"

"Caiyi, what should we do now?"

"Tomorrow we will first kill the spider demon and seize the Thunder Spirit Pearl, and then go to find Su Chen."

Chapter 1327

The battle at the Miter Auction House was still going on fiercely.

As the surrounding Dou Huang and Jindan realm masters joined in to snatch the Qingling Immortal Strain, the weak people in the entire auction house stayed away from each other.

Over the auction, more than ten Douhuang and Jindanjin masters were fighting each other.

Yafei stood alone in the ruins of the auction house in fear.

She did not dare to move a step now. She only moved slightly just now. The masters who were fighting each other attacked her one by one to snatch the Qingling Fairy Plant, but Yafei was so frightened that her legs went weak.

Whoosh!

"Hahaha....., the Qinglingxian plant is mine."

At this time, a sneaky Dou Huang suddenly appeared. He quickly snatched the Qingling Immortal Strain from Yafei's hand and laughed as he tried to escape.

"Qingling fairy plant!"

Ya Fei didn't expect that the Qinglingxian Strain would be taken away. She looked at the master who took the Qinglingxian Strain away and exclaimed.

"court death!"

"you wanna die!"

"Put down the Qinglingxian plant!"

"Damn it, the troublemaker who ran out there, put down the Qingling Fairy Strain"

"you wanna die!"

Boom boom boom.....

Many experts saw someone taking away the Qingling Immortal Strain.

They all quickly attacked the Dou Huang who was trying to escape. Even these experts stopped fighting. They surrounded the person who was snatching the Qingling Immortal Strain. Dou Huang decided to kill the troublemaker first. boom!

"My Qingling Fairy Strain, you all deserve to die!"

Under the siege of many masters, the master who snatched the Qingling Immortal Strain was blown away, and the jade box in his hand also fell from his hand and flew into the air.

One by one, many masters They wanted to snatch the Green Spirit Immortal Strain, but as long as someone wanted to snatch the Green Spirit Immortal Plant, everyone else would attack the person who wanted to take action. The jade box above the ruins slowly fell down, and more than a dozen powerful masters were fighting each other. They were on guard, and they were all ready to snatch the dropped jade box.

"I'll do it! What hit me? It's that bastard....."

At this time,

Su Chen suddenly appeared on the ruins of the auction, but as soon as he appeared here, he was hit on the head by a jade box in the air. Su Chen took the jade box that hit his head and started to curse,

But he suddenly found that there were ruins around him, and there were more than a dozen powerful masters glaring at him in the air, which made Su Chen confused for a moment.

"Boy, put down the jade box and I will spare your life!"

"Put down the green fairy plant"

"That boy, put down the Qingling Fairy Plant quickly."

"You wild boy, quickly put down the Qingling Fairy Plant,"

"Seeking death, he dared to snatch the Qinglingxian plant."

More than ten powerful masters shouted at Su Chen one by one. They also saw that Su Chen was just a person with low strength. This young man also got the Qingling Immortal Strain unintentionally.

Otherwise, these masters They had already taken action to kill this young man who suddenly appeared.

Yafei was very speechless when he saw Su Chen who suddenly got the Qingling Immortal Strain. How did this young man with low strength suddenly appear? There are more than ten fights here. A master of the Golden Core Realm in the Huanghe East Continent.

Isn't this young man looking for death?

On a roof, a young man and an old man looked at each other when they saw the changes in the ruins. The young master smiled and said to the side The old man said,

"Interestingly, a great master actually got the Qingling Immortal Strain. These Douhuang and Jindan realm powerhouses were also balanced. Old Huang, who do you think will get the Qingling Immortal Strain in the end?"

The old man touched his beard and saluted, saying,

"Young Master, I think there is no accident that the Qingling Immortal Strain will be obtained by Yunshan of Yunlan Sect. Yunlan Sect has two fighting emperors."

"Yunshan is also the most powerful being among the Douhuangs. If the Yunlan Sect does not care about the reputation of Miter Auction House and the Jiama Empire, then the Qingling Immortal Plant will definitely return to the Yunlan Sect in the end."

The young master nodded and said, "That's true, but the Yunlan Sect and the Jiama Empire have a close relationship. If the Yunlan Sect and the Jiama Empire fall out over the Qingling Fairy Zhu, it will be a bit more gain than the loss!"

"The young master is right!"

At this moment,

Xiao Huohuo saw Su Chen appearing from the side and shouted in surprise, "Is it him? Why did this person appear?"

"Xiao Huohuo, do you know that person?" A beautiful, cold and beautiful woman asked suspiciously after hearing Xiao Huohuo's words,

"Sister Xun'er, who has a close relationship with Queen Medusa, may also be here to snatch the Qingling Immortal Strain this time."

This beautiful and cold beauty named Xiao Xun'er, when she heard Xiao Huohuo's words, she looked at him coldly and said, "Xiao Huohuo, we are not familiar with each other, don't call me that in the future."

"ok ok"

"Qingling fairy plant? What the hell is this?"

Su Chen looked at the jade box in his hand and opened it. He didn't care about the threats from the Dou Huang and the Golden Core Realm. If he couldn't beat him, he could escape. It was impossible for these Golden Core Realm masters to catch up with him.

Su Chen He also arrived here after escaping from Zhao Ling'er's pursuit and constantly teleporting. At that time, he was also worried that Cai Yi and Zhao Ling'er would find him.

Cai Yi was in the Nascent Soul Stage cultivation realm, and he was also worried that he would be powerful if he got close. Caiyi sensed that Su Chen kept teleporting along the way, and he didn't know how far he had escaped. But now that he looked at the Dou Huang and the masters of the Golden Core Realm in front of him, Su

Chen felt that he had returned to the Southern Continent.

Chen looked at the experts around him and said speechlessly,

"I guess, how far did I really run away?"

"Suzhou in the Eastern Continent is thousands of miles away from the Southern Continent. Did he return to the Southern Continent after teleporting several times?"

"There is also this strawberry-like fruit, what kind of Qinglingxian plant is it? Isn't this just a bigger strawberry?"

"Hand over the Qingling Fairy Strain and we can let you go." A master in the golden elixir realm shouted at Su Chen and asked.

Su Chen took the Qingling Immortal Strain and said meaningfully, "Hand over this Qingling Immortal Strain? Then who should I leave to you?"

"Leave it to me, boy, call me!"

"Little brother, this is the auction item of our Miter Auction House. I hope that little brother can return it to our Miter Auction House."

"If you don't want to die, please leave it to me, otherwise I will definitely kill you."

"Leave it to us, or you're dead."

On the ruins, when more than a dozen powerful masters heard Su Chen's words, they all shouted threateningly.

Su Chen directly took out the Qingling Fairy Strain in the jade box and threatened, "I'm so scared. Shut up, or I will crush this Qinglingxian plant"

"you wanna die!"

When an old man from Douhuang heard what Su Chen said, he was about to take action against Su Chen with an angry look on his face.

"come! You try, see if I dare to crush the Qingling Fairy Plant?"

"you....."

"Haha, don't you dare to take action? Who can tell me what this Qinglingxian strain is?"

"Young Master, you don't know? Yafei next to her asked suspiciously when she heard Su Chen's words.

She did not expect that this young man had never heard of the Qingling Fairy Strain. You must know that the Qingling Fairy Strain is a famous elixir on the Southern Continent's elixir list. Yao, could it be that this young master just arrived from the Eastern Continent?

"I know shit! Who are you! Aren't you, a little grandmaster, afraid that people here will kill you?"

"I.....It's not that I don't want to leave, I just don't dare to leave. My name is Yafei. I wonder what the young master's name is?"

Chapter 1328

Su Chen was very surprised when he heard the words of the beauty next to him,

Yafei?

Isn't this Yafei from Miter Auction House?

This is actually the ruins of Miter's auction? So these strong men are all here for the strawberries in their hands?

Oh, no, it's some kind of Qingling fairy plant.

Su Chen looked at the plump imperial sister Yafei and nodded. As expected, this Yafei had the appearance of bringing disaster to the country and the people. No wonder Xiao Huo was so obsessed with it, but her ending didn't seem to be very good.

Su Chen looked at the experts around him and waved his hand to Yafei, "You can leave. I don't think people here dare to stop you."

"this.....,Thank you sir."

Yafei looked at the strong men around and didn't pay attention to her, which made Yafei relieved.

Although Yafei also wanted to return to the Qingling Immortal Strain, there were too many strong men here. Even if this young master returned it, She couldn't keep her Qingling Fairy Strain.

Yafei couldn't keep it either.

I guess!

Why did I forget to ask what the Qingling Fairy Strain was?

After Yafei left,

Su Chen looked at the Qingling Fairy Strain in his hand and shook his head speechlessly. , this Qinglingxian Strain was competed by so many experts. Su Chen felt that the Qinglingxian Strain was definitely not simple. The Qinglingxian Strain must be a kind of elixir or precious medicine.

However, the Qinglingxian Strain that was obtained,

Su Chen Chen Ke will not hand it over again. This can be regarded as his fortune. He was bullied by that woman Zhao Ling'er once, and he was able to escape to Miter's auction and get a magical elixir. His luck is really good.

"Boy, hand over the Qingling fairy plant."

A fighting emperor looked at Su Chen and threatened.

Su Chen touched his chin and smiled slyly and said, "Is this it? In fact, you have all been fooled. This is not a Qingling fairy plant, this is just an ordinary fruit."

When a strong man in the Golden Core Realm in the sky heard Su Chen's words, he yelled and cursed, "Boy, you are talking nonsense. Do you think we can't tell the real and fake Qingling Immortal Strain? How could it be that the Qinglingxian Strain is full of spiritual power and not the Qinglingxian Strain?"

"oh? What about this spiritual fruit? Do you think this spiritual fruit is the Qingling fairy plant?" Su Chen took out a red fruit from the system space and waved it around and said,

Full of spiritual power?

Then his red fruit is even more powerful, oh!

No, it is full of fairy energy, and the red fruit is the lowest level." Fairy Fruit, this is not comparable to the Spirit Fruit Green Spirit Fairy Strain. Su Chen feels that the Zhu Guo must be more precious than the Green Spirit Fairy Straw, and it will make people here show greedy expressions.

"How can this be? How is this even more powerful than the spiritual power of the Qingling Immortal Strain? There is even another kind of spiritual power inside"

"this.....There is actually immortal energy in this spiritual fruit. This is an immortal fruit. How could you have an immortal fruit?"

"What? Fairy fruit? How can it be? How could there be fairy fruit in the Shenyu Continent?"

"Fairy fruit? What is fairy fruit?"

"Fairy fruit? Could it be the fairy fruit from the fairy world in the Eastern Continent?"

"How is this possible? How can the fairy fruit in the fairy world appear to be the God Meteor Continent?"

When the more than ten masters here saw the Zhu Guo in Su Chen's hand, they all showed very surprised expressions. They did not expect that this boy would have a spiritual fruit from the fairy world.

This is a fairy fruit.

How could it be possible? Appearing in the Divine Fall Continent?

Could it be that this young man is the young master of the family who came to the Divine Fall Continent from the fairy world to experience?

Su Chen smiled when he heard the conversations among many experts and said, "Do you believe it now?"

"Young Master, who are you?" An old man asked Su Chen with a serious face,

"I? Who do you think I am?"

The owner of the Miter Auction House looked at Su Chen and said hurriedly, "You are not from the Shenyu Continent, right? You are the young master of the family who came from the fairy world to the Shenyu Continent to gain experience, right?"

"oh? why would you say so?"

Su Chen was speechless when he heard the words of the Miter family master.

Are he still a person from the Immortal Realm?

Can a person from the Immortal Realm come to the Shenyu Continent?

Even if a person from the Immortal Realm can come to the Shenyu Continent, it will be the same as Guanyin Bodhisattva. A powerful clone.

Is there such a weak immortal in the immortal world?

The head of the Miter family said with a serious face, "You have an extraordinary temperament, and you also have a natural nobility. Your identity must not be simple."

The other masters nodded their heads when they heard the words of the Miter family master.

Now they can see that Su Chen has an extraordinary background. This young master with low strength has been calm and composed since he suddenly appeared here, and he is not afraid of them at all. Douhuang and Jindan realm experts.

Now they can see that this young master has extraordinary temperament, and even his natural nobility is very surprising to the people here. These experts all think that the Miter family's guess is good, this noble master It must be the young master from the family who came to the Shenyu Continent from the Immortal Realm to experience.

When the people around who had not left heard the words of the strong men above the ruins, they all looked at Su Chen in shock. They did not expect that people from the Immortal Realm would come to the Shenyu Continent.

But can people from the Immortal Realm really come to the Divine Fall Continent?

They don't know these things.

The young master watching the excitement asked the old man next to him in surprise, "Old Huang, can people from the Immortal Realm come to the Divine Fall Continent?"

This old Huang also said with a serious face,

"Yes, but the people who come to the Divine Fall Continent from the Immortal Realm are all clones, and even their cultivation realms are suppressed in the Tribulation Realm. I have never heard of such weak people coming to the Divine Fall Continent from the Immortal Realm."

"So this young man is a fake?"

"No, this young man is not simple. The nobility in him is stronger than that of the emperor, even more noble. Even if this young man is not a person from the fairy world, his identity is unusual."

"I understand, no matter whether this young master is from the fairy world or not, his status must be very noble. It is best not to offend him."

"The young master is right."

At this moment,

Xiao Xun'er looked at Su Chen with a shocked face.

She heard clearly what those strong men just said.

She knew more about the fairy world.

Xiao Xun'er guessed that Su Chen might have really learned from the fairy world. The young master of the family who came to practice, but why is this man not protected by a protector? Queen Medusa will definitely not be his protector.

Xiao Huohuo looked at Su Chen with a shocked face.

He did not expect that Su Chen turned out to be Coming from the fairy world, this scared him.

Xiao Huohuo asked in a low voice about the ring in his hand, "Holy shit, master, is this young master really from the fairy world?"

An old voice said to Xiao Huohuo,

"uncertain!"

"But nine times out of ten it should be true. I have also learned about the fairy world. Immortals have come to the fairy world for tens of thousands of years. Although those are clones, those clones are also very powerful."

"It is impossible for us people in the Divine Fall Continent to defeat those immortal clones. Fortunately, people from the immortal world cannot come to the Divine Fall Continent. There is also a time limit for the arrival of clones. Otherwise, our Divine Fall Continent would have been fragmented again."

At this time,

Su Chen saw the weird looks everyone around him was giving him and said speechlessly, "I'm not from the fairy world, so don't make random guesses."

Chapter 1329

On the ruins of the auction, many experts did not believe what Su Chen said.

They felt that even if Su Chen was not from the fairy world, he probably had a very close relationship with the fairy world. Su Chen was even from a family that came from the fairy world to practice. young master

"Young Master, can you sell your fairy fruit?" A master at the Golden Core Realm looked at Su Chen and asked with jealousy,

"oh? Do you want it?"

Su Chen looked at the masters of the Golden Core Realm in the Eastern Continent and asked doubtfully.

The function of Zhu Guo is only to remove all the poisons and negative influences in the world. To increase the strength, it is only effective for realms below the Heavenly Realm. The realm of Douluo It should be useful for Dou Wang and below.

The masters here are all Dou Huang and Jindan realm masters.

They should not be needed.

The Jindan realm old man nodded hurriedly and continued, "Yes, Young Master, I wonder if your fairy fruit can be used Buy us some?"

"Is that so?"

"Sir, our Miter Auction can help you auction."

At this time,

Yafei came to Su Chen and bent down to salute.

Su Chen saw that the beautiful royal sister Yafei was back, which made him very speechless, especially since Yafei wanted him to auction the Zhu Guo.

Su Chen also guessed what Yafei was thinking, "Yafei, why are you back? I have no intention of auctioning the Zhu Guo. Yafei smiled and said to Su Chen,

"Young Master, if you have more red fruits, you can auction a few of them. This will also appease all the masters here. Our Miter Auction will help Young Master auction them, and no extra commission will be required."

After hearing the words of Yafei and Su Chen, more than a dozen masters in the air above the ruins all looked at Su Chen.

Although these masters could snatch the Zhu Guo from Su Chen's hand, Su Chen's origin was unknown, and they didn't care. Whether Su Chen came from the fairy world, his identity will not be simple. The masters here are also unwilling to offend Su Chen for no reason.

"let me see!"

Yafei felt hopeful when she heard Su Chen's words.

Yafei very much hoped that Su Chen could auction a few red fruits in her auction house, so that not only could she complete the bet, but she would also have the final say in her future life.

Besides, this young master has extraordinary experience.

If he were to auction Zhu Guo at her auction here, I believe no one would dare to snatch his auction items.

"Young Master, I wonder what function this Zhuguo you mentioned has?"

Su Chen looked at the Zhu Guo in his hand, shook it and said casually, "Yafei, this is just the Zhu Guo that I use to quench my thirst. In addition to being able to relieve all the poisons and negative effects in the world, the increase in strength is also minimal."

"Do you want to quench your thirst by eating fairy fruit?"

"Hey, Yafei, how about you try it? It tastes good"

"I?"

Su Chen handed the Zhu Guo directly to Yafei and said,

"Yafei, eat it!"

Su Chen wanted to know how much Yafei's strength would be improved after eating Zhu Guo.

Yafei cultivated fighting spirit, and now he is in the realm of a fighter.

Su Chen also wanted to know how much Yafei's strength could be improved. Is Zhu Guo right? Are there enough people who practice fighting spirit?

Seeing this situation, the head of the Miter family hurriedly said to Yafei, "Yafei, just eat it. After all, this is the young master's wish."

The head of the Miter family looked at Su Chen and then at Yafei.

He felt that Su Chen might be interested in Yafei, otherwise it would be impossible for Yafei to eat the precious fairy fruit. After all, Yafei is also the third member of the Gama Empire. One of the great beauties.

None of the other people around her objected. They also wanted to see what would happen if a Dou Zhe Qixing person ate Zhu Guo.

"Well, thank you sir."

Under the attention of many people around,

Yafei ate the Zhu Guo in small bites.

She was very nervous now. So many people were paying attention to her eating, and there were even more than ten Douhuang and Jindan realm experts. , she was not only nervous but even blushed.

Boom!

After Yafei ate the red fruit for a while, a white light suddenly burst out from her body, which was a sign of a breakthrough in fighting spirit.

Yafei hurriedly sat down and started running Fighting spirit.

Fighter Eight Stars.....nine stars.....Fighter.....Dou Shi two stars.....

The people around saw Yafei's continuous breakthroughs, which made them all look at Yafei on the ruins. They all wanted to know what level of cultivation Yafei could break through.

Fighter Nine Stars.....Great Fighter.....The Great Fighter has two stars, the Great Fighter has five stars.....Dou Ling.....

Around him,

Xiao Huohuo's eyes almost popped out of his head when he saw Yafei breaking through to the fighting spirit.

His current strength was that of a fighting master, but Yafei, a fighting master, actually broke through to the fighting spirit in less than half an hour.

This shocked Xiao Huohuo.

He practiced desperately in the monster forest and it took more than a year to become a Dou Master. But Yafei just ate a fairy fruit and she quickly broke through to Dou Ling, even before she could reach Dou Ling. stop.

This made Xiao Huohuo very envious.

Xiao Xun'er also looked at Yafei with her sexy little mouth open.

She also didn't expect that the fairy fruit was so powerful. It was really a fairy fruit in the fairy world.

Xiao Xun'er also wants to get a red fruit now

"Lao Huang, did my eyes see correctly? Isn't this too exaggerated?"

"The young master is not wrong, and I am not wrong either. The immortal fruit is indeed not comparable to the spiritual fruit from the Shenyun Continent."

"If the fairy fruit is being auctioned this time, I will also take one. This is simply a training cheating device."

"Well, the young master can indeed take one. Yafei's cultivation realm is not unfavorable at all, and his cultivation is still very solid. This fairy fruit will be of great benefit to the young master without any harm."

Boom, boom, boom!

Yafei's cultivation is still making breakthroughs. Five-star Dou Ling.....Dou Ling Eight Stars.....Boom, Dou Wang.....Dou Wang Er Xing.....Dou Wang Five Stars.....

Su Chen looked at Yafei in bewilderment.

He did not expect that Yafei would directly break through to the Heavenly Realm.

This was the King of Dou.

Su Chen did not expect that Zhu Guo would be so beneficial to Dou Qi practitioners. This was better than those in Tianxuan Continent. Cultivators are much stronger when they advance.

The one with the best qualifications in Tianxuan Continent is promoted to Grand Master, and everyone else has been promoted to Grand Master. Could it be that Zhu Guo has a greater effect on Dou Qi practitioners?

At this moment,

Yafei's strength has stopped at the Eight Stars of Dou Wang.

This is already very remarkable. A fighter has been promoted to Dou Wang in less than an hour. This makes everyone around him feel incredible.

The people around looked at Su Chen with bright eyes.

They could clearly see the effect of Zhu Guo. Although Zhu Guo might not have much effect on them, Zhu Guo could be used to cultivate the descendants of their family. Even their direct blood relatives.

Su Chen saw that Yafei was still running his fighting spirit.

He looked around and said loudly, "In one month, I will let Yafei auction ten red fruits. If you are interested, you can come to the auction in one month."

"Thank you sir, I will definitely be here in a month"

"I will definitely come, and I will definitely take a picture of Zhu Guo"

"I will definitely take some photos of Zhu Guo. Young Master, I'm leaving."

"Farewell, I will be here in a month".....

Chapter 1330

Three days later,

Miter's family was in the mansion in Wutan City.

Su Chen now lived here.

After all the powerful masters left three days ago,

Su Chen did not leave. Zhao Ling'er and Cai Yi were not their opponents yet. , now he can't kill the spider demon even if he goes to the Eastern Continent.

And Su Chen also suspected that after he left last time, Zhao Ling'er and Cai Yi would kill the spider demon and take away the Thunder Spirit Pearl.

He wouldn't get anything even if he went back now, and he might even continue to be hunted by that little girl Zhao Ling'er.

In the past few days, some powerful people in the Southern Continent and

Eastern Continent borders knew that a month later, someone was going to auction ten fairy fruits at the Miter Auction in Wutan City. These days, the Eastern Continent and Southern Continent borders were very busy. lively.

Heavenly Realm, Golden Core Realm, Douwang, Douhuang, Duping frequently appeared between the two continents.

It was not uncommon to see Dou Wang appear in the past, but the powerful Dou Huang and Jin Dan realm frequently appeared in the barren lands of the two continents, which shocked the practitioners.

In the Desert Snake Tribe, Queen Medusa in the Snake Tribe also knew what happened at Miter's auction. After Queen Medusa heard Youru's explanation, she regretted coming back early a few days ago. She didn't expect that bastard Su Chen to show up at the auction. When Youru saw Queen Medusa who was very regretful, she smiled and said,

"Madam, we can go to Miter Auction in a month. I think the master will not leave Wutan City during these days."

Queen Medusa nodded when she heard Youru's words.

She looked at Youru, thought for a moment and asked, "Youru, is Su Chen really the young master of the family who came from the fairy world to the Godfall Continent for trials?"

You Ru shook her head and said, "No, the master is just an ordinary person, not a person from the fairy world."

"Then how could Su Chen have the fairy fruit?"

"Madam, that's not a fairy fruit. Look, it's a spiritual fruit, but this red fruit is a little special. Youru took out a jade box from her arms and handed it to Queen Medusa.

Medusa opened the jade box and found a red fruit inside, "Youru, you actually have a fairy fruit too?"

"Madam, these are just some red fruits that the master gave me. I haven't had time to use them yet."

"Youru, how many of these red fruits do you have in your hand?"

"I have less than ten left."

Queen Medusa's eyes lit up when she heard Youru's words. She didn't expect that Youru had so many red fruits in her hand.

She looked at Youru and said hurriedly,

"Youru, please sell me a few red fruits. You also know that my snake tribe has gone through civil strife and there are not many masters now."

Youru waved after hearing Queen Medusa's words. A shadow assassin appeared next to Youru with several jade boxes.

Youru took a few jade boxes from the shadow assassin, and she handed them to Mei. Queen Tussaud said, "Madam, these are five red fruits. You can use them. I don't dare to ask for Madam's money.""

"Haha, then I would like to thank you." Queen Medusa smiled after taking the jade box.

Five red fruits can cultivate five fighting masters. The lost fighting masters in the snake tribe can also be replenished this time.

In the hands of that bastard Su Chen There must be vermilion fruits.

Queen Medusa thought that after meeting that bastard in a month, she would ask him for some vermilion fruits. In

Wutan City,

Su Chen has been busy practicing these days. He thinks His strength in the Shenyu Continent was too low. In the past few months, he had done nothing but run away.

Although he was running around to understand the situation in the Shenyu Continent, he kept running away like this. Su Chen didn't want to either.

Especially when he was threatened by a woman and ran away every time.

This made Su Chen feel very shameless.

Su Chen took out the random identity card in the system space, and said to himself,"Shen Yun Mainland China has almost learned about it, and it's time to use that random identity. I hope the random identity won't let me down."

After Su Chen opened the random identity card, a void carousel appeared in front of him.

Su Chen's face turned dark when he looked at the void carousel.

"System, what does this mean?"

"servant? House slave? beggar? There are even slaves, why do these take up so much space on the carousel?"

"Why do the city lords, nobles, generals, and direct disciples of the cultivating sect only occupy a small amount of space? If so, I might as well not need a random identity"

"Ding, host, this is just an identity given to you by the system. If the host feels that the random identity is inappropriate, the host does not need to use the transferred random identity. This will have no impact on the host."

Su Chen thought for a while and said,"Forget it, don't use it for free. If there are some beggars or servants who don't use it, system, turn on the carousel."

"Ding, the turntable is on, just stop it when the host says"

"I know!"

Su Chen looked at the rapidly rotating turntable and said nervously,

"stop!"

"Ding, congratulations to the host for getting the random identity of a city lord."

"Let me guess, my luck is incredible, one percent of the city lord's identity has been transferred out by me."

Su Chen looked at the pointer pointing at the city lord's grid. This made Su Chen very happy. There was a 100% chance that he would be turned out. It seemed that he was not a non-chief.

"System, use the city lord identity!"

"Ding, the city lord random identity is activated. Congratulations to the host for obtaining the identity of the city lord of Hangzhou City in the Great Song Dynasty in the Eastern Continent. The host's identity has been implanted in the Shenyu Continent. Hangzhou City will be the host's territory from now on."

What the hell!

Why Hangzhou City?

Hangzhou City is where the plot of White Snake is located.

Su Chen did not intend to participate in the plot of White Snake, and that is not what Su Chen can participate in.

The sea of Buddhism, the avatar of Guanyin Bodhisattva, and Although Su Chen didn't know whether Old Mother

Lishan was Bai Suzhen's master, he felt that Old Mother Lishan was the clone of the Holy Mother of Jie Jiao Wudang.

If Bai Suzhen was not the disciple of Old Mother Lishan, I'm afraid she would be with Lishan in the future. The old mother got involved.

Otherwise,

Buddhism would not be able to plot against White Snake.

Su Chen thought about it and felt that he could not go to Hangzhou City.

Hangzhou City was too dangerous.

"What the hell, system, can I give up this identity?"

"Ding, host, the random identity cannot be given up after it has been used."

"Then can I not take over Hangzhou City?"

"Ding, host, this is up to you to decide. However, Hangzhou City has been registered in the Song Empire. If the host does not take over Hangzhou City for a long time, you will commit the crime of deceiving the emperor in the Song Empire. In the future, the Song Empire The host will be wanted for questioning."

Su Chen said disdainfully after hearing the system's explanation,

"Am I afraid that the Song Empire will want me? The Song Dynasty in Tianxuan Continent was destroyed by me, and the Song Empire in Shenyu Continent was even more vulnerable."

"Ding, as long as the host is happy!"

"System, what do you mean?"
