Chapter 1331

Su Chen felt that there was something in the system's words, but he did not get a reply from the system after asking the system. He knew that the system could not answer him.

Su Chen thought about it and decided to take over Hangzhou City.

He didn't want to be targeted by the Song Empire of Shenyu Continent before launching a war in Shenyu Continent.

After all, this is a world of cultivation.

If the Song Empire is backed by a powerful cultivation sect, Su Chen will start fleeing again.

Su Chen took out the Qinglingxian Strain from the system space and checked it out.

This Qinglingxian Strain is a spiritual fruit that can activate bloodlines and even evolve bloodlines. However, he has no bloodline inheritance, and this Qinglingxian Strain is useless to him. of.

However, this strawberry looks very good, why don't you eat it yourself?

Su Chen thought for a while and then took a bite of the Qinglingxian strain and ate it, "Yeah! It tastes good. Although it doesn't have the sweet and sour taste of strawberry, the fragrant and delicious Qinglingxian strain is still very suitable for my taste."

"Ding, host, although the Qingling Fairy Strain is not a fairy fruit, it is also a strange spiritual fruit, which is probably very strange in the fairy world. Does the host want to obtain blood inheritance?"

Su Chen heard the system suddenly speak and asked strangely, "I know, system, I'm just a human, how can I get a bloodline inheritance? Besides, I don't want to get those messy bloodlines."

"Ding, host, the luck totem in your system space has not been used yet. The system can help the host obtain the bloodline inheritance that the host wants from the luck totem."

Su Chen patted his forehead when he heard what the system said.

The Luck Totem was originally used when the country was founded, but the system reminded that it would be better to use the Luck Totem after the Tianxuan Continent was unified.

After that,

Su Chen forgot Luck Totem

"Luck totem? I almost forgot about the luck totem. System, didn't you say that it would be better to activate the luck totem after Tianxuan Continent is unified? Now if I get the bloodline inheritance from the Luck Totem, will this cause any damage to the Luck Totem?"

"Ding, no, as long as the host selects the luck totem, the system will help the host once. This is the only time."

"System, you will be so good?" Su Chen didn't expect that the system would help him like this this time. He felt that something was wrong with the system this time.

"Ding, the system is also worried that the host will die in the Shenyu Continent due to its low strength.

Su Chen said to the system with a dark face, "I'll do it!" System, it's very shameless for you to say that."

"Ding, does the host have face?"

"Damn it, little girl, are you awake now?"

Su Chen now suspects that the system can wake up.

This cannot be that dry subsystem.

"Ding, the host is still a little smart, and the system has temporarily woken up. After a while, the system will fall into deep sleep again. This time, it is regarded as the system's compensation for the host for these days."

Su Chen touched his chin and said with a smile, "Girl, show your face, let me see your beautiful face again."

Su Chen also saw the system elf when he first got the system.

The system elf was very beautiful.

At that time, he thought he could see the system elf at any time in the future.

Su Chen didn't pay too much attention at the time, but he didn't expect the system elf to appear once. Then he fell asleep.

This made Su Chen very depressed at the time.

"Ding, host, do you need to use the Qingling Fairy Strain to activate your bloodline inheritance? If you don't make a decision, the spirituality of the Qingling Fairy Plant will disappear."

Su Chen originally wanted to see the system's peerless appearance, but after hearing the system's reminder, he hurriedly said,

"Damn it, activate the luck totem as a black bird and activate my black bird bloodline. By the way, system, if I activate the black bird bloodline, can my daughter also have the black bird bloodline?"

"Ding, your youngest daughter Su Yue can have the blood of the Black Bird, but your eldest daughter Su Yan is not of your blood. Su Yan cannot have the blood of the Black Bird."

Su Chen was very anxious when he heard what the system said.

Although Su Yan is not her biological daughter, he has always regarded Su Yan as his biological daughter these days.

If Su Yan cannot get the blood inheritance this time,

Su Chen is worried about Su Yan. It will be very sad,

"What to do?"

"System, Su Yan is also my daughter. Although she is not my biological daughter, I have always regarded her as my biological daughter, and Yan'er has always regarded me as my biological father."

"If Yue'er has the blood of the Black Bird, but Yan'er doesn't, this will make Yan'er very sad. Is there a way for the system to let Yan'er also have the blood of the Black Bird?"

"Ding, yes, but the host has to pay a huge price. Su

Chen said hurriedly without hesitation, "I am willing to pay no matter how high the price is. System, what is the price?"

"Ding, luck, the host needs to spend half of your total luck to solve it. In this way, Su Yan will be connected by blood with you in the future. Su Yan will also be your biological blood in the future, and she will naturally get your Black Bird blood inheritance."

"Half luck? System, I agree, I will use half my luck to solve this problem"

"Ding, host, luck will be very important to you in the future, are you sure?"

Su Chen said with a serious face, "Sure, I can't make Yan'er sad. Yan'er and Yue'er are both my daughters. I can't let them feel the difference between their sisters in the future."

"Ding, the totem black bird is activated, and the black bird blood begins to activate. Host, this will be very painful, you have to hold back."

"Damn it, wait a minute, the system, my eldest daughter is only seven years old and my youngest daughter is less than one year old. Can Yan'er and Yue'er bear it?"

Su Chen hurriedly stopped when he heard what the system said.

Will blood activation be very painful?

This is nothing to him, but

Su Yan is only seven years old and Su Yue is less than one year old. The two sisters cannot bear the extreme pain.

"Ding, host, you are worrying too much. Only you will feel the pain of blood inheritance. Your descendants will get the blood inheritance as long as they sleep."

"I....Damn it, but it's okay, I will bear the pain, and the future generations of Fu Ze can enjoy it. This is probably the benefit of blood inheritance."

Su Chen didn't expect that he was the only one who could feel the pain, which made him very helpless.

But that's good.

At least Su Yan and Su Yue don't have to feel the pain.

"Ding, the Black Bird Totem is activated, and the Black Bird bloodline is being passed down....."

"I'm going to die, why does it hurt so much? System, why do I feel like the blood in my body is boiling? My body is so hot that my bones feel like they are about to break."

At this time,

Su Chen's strength also began to make continuous breakthroughs.

Boom!

The Grand Master broke through to the Heavenly Realm at the peak of his power.

In the early stage of the Heavenly Realm ,.....Middle stage of heaven and human realm.....Late stage of heaven and human realm.....

Chapter 1332

At night, in the small courtyard where Su Chen lived in

Miter's Mansion in Wutan City , a powerful aura enveloped the small courtyard, and everyone around him was awakened. In just an instant, the whole Wutan The city was alarmed, and the powerful pressure caused the entire Wutan City to lie on the ground. Whether they were ordinary people in Wutan City, current cultivators, or even powerful Dou Huang and Golden Core masters, they were all suppressed to the ground by this powerful aura. In Miter's hall, Yafei was pressed to the ground by the powerful aura and asked in horror,"What's going on? What on earth is Mr. Su doing?" The Miter family head was also pressed to the ground in panic. Said,"It seems that Mr. Su is making a breakthrough, but how can this momentum be stronger than Dou Emperor?

"

"Grandpa, Su Chen may really be someone from the immortal world. Such a powerful aura is impossible to appear in the Shenyu Continent."

The head of the Miter family looked at Yafei and reminded,

"Yes, Yafei, you must serve Mr. Su Chen well in the future. Whether our Miter family can prosper or not depends on you. You will also be the heir of our Miter family in the future. Yafei said in embarrassment,"Grandpa, what are you talking about? If Mr. Su Chen were from the fairy world, he might fall in love with me.""

"What happened to the people in the fairy world? You are one of the three most stunning beauties in the Jia Ma Empire. I believe Master Su Chen will fall in love with you. Yafei said hurriedly with her face flushed,

"this.....Let's talk about it later. I don't know what level Mr. Su Chen will break through this time."

Ya Fei looked at where Su Chen lived and her heart beat very fast.

She thought that Su Chen was not only noble in status, but also handsome and unrestrained. Even his noble temperament was very attractive. She also had some affection for Su Chen..

But she was a little depressed when she thought of Su Chen's noble status.

If Su Chen really came from the fairy world, then he would definitely look down on the women of the Shenyu Continent. Maybe Su Chen would find a powerful family that matched him to marry.

Xiao At home,

Xiao Xun'er was very speechless when she was lying on the bed under the strong aura.

She was about to rest and was changing her clothes. Who knew that such a thing would happen.

Xiao Xun'er's naked body was now being pressed by the powerful aura. The breath pressed down on the bed, making her very angry.

Xiao Xun'er felt the powerful breath and her eyes burst out with fire, but no matter how hard she struggled, she couldn't move, even her Golden Emperor Burning Sky Fire It seemed as if it was about to go out.

This made her hurriedly withdraw the strange fire

"Damn you bastard, are you making a fool of yourself? How could that bastard have such a powerful aura after breaking through? I'm afraid even Dou Emperor doesn't have such a strong aura."

In another room of the Xiao family,

Xiao Huohuo was also pressed to the ground.

He felt the powerful aura in horror and kept calling his master, but the ring in his hand did not move at all. This made Xiao Huo Huo Huo was very anxious.

Xiao Huohuo sensed the direction of the powerful aura and said doubtfully,

"This direction is the residence of the Miter family in Wutan City. Could it be that Su Chen making a breakthrough? But how could the breakthrough make such a big noise?"

In the inn in Wutan City, a young man was pinned down by an old man. They were both looking at each other in confusion.

The young man cursed at the old man with an angry look on his face, "Old Huang, give it to me. Go down, you're going to crush me to death."

Lao Huang said with an innocent face, "Master, I can't move either. Master, please bear with me a little longer. We can get up after Mr. Su Chen breaks through."

"Damn it, my Xiliang Crown Prince is going to be defiled by this old man like you."

"Young Master, I don't want to either. Who knew that we would be oppressed by a powerful aura while we were sparring? This is our fate!"

"Damn it, Lao Huang, aren't you a strong person in the Celestial Realm (Golden Core Realm)? No matter how much I practice, I can't get rid of the momentum and pressure."

"Young Master, don't say that I am in the Celestial Realm. Even if I am a land god (Nascent Soul Realm), I cannot break away from such a powerful pressure. No one can break away from such a powerful pressure."

"Oh my god, let's strike that bastard to death with lightning!"

Boom, boom, boom!

At this time, thunder and lightning suddenly broke out in the dark sky. Lightning flashes pierced the night sky, and the roaring thunder continued to sound in the air.

"Damn it, Su Chen couldn't really be struck by lightning, right?" The young master didn't expect that he was just talking casually, but there was actually thunder in the sky.

"Master, you are such a crow's mouth."

Utan City is like the end of the world now, but the strange thing is that there is nothing happening outside Utan City. Not even a strong momentum or pressure is coming from Utan City.

In Su Chen's room ,

Su Chen's breakthroughs are still continuing, and he has reached the Golden Core Realm at the peak of the Heavenly Realm, and the breakthrough has not stopped yet.

The early stage of the Golden Core Realm.....Late stage of Jindan realm.....boom! Early stage of Nascent Soul Realm.....Middle stage of Nascent Soul Realm.....

At this moment, a shadow was vaguely forming behind Su Chen, just like a huge golden bird about to spread its wings and fly.

Boom boom boom.....

The thunder and lightning in the sky of Wutan City became more intensive, and even some tall buildings were shattered by lightning.

Su Chen's face was twisted at this time, and he had been enduring the heartbreaking pain in his body. boom!

Su Chen's cultivation realm suddenly broke through to the out-of-body realm, which is the same realm as Dou Zun. After Su Chen's realm broke through to the peak of the out-of-body realm, his breakthrough also stopped.

At this time, the shadow behind Su Chen's body was completely formed, and a huge golden and noble black bird appeared behind Su Chen.

Chirp!

A deafening bird song sounded from behind Su Chen's body, and then a huge golden and noble black bird broke through the roof and flew into the air.

Choo Choo Choo!

Boom boom boom!

In the sky above Wutan City, a huge golden black bird rushed into the thunder and lightning.

The sounds of birdsong and thunder and lightning in the air were intertwined and continuously transmitted from the air.

Boom boom boom!

The huge noise shook the people of Wutan City and almost fainted. Even Dou Wang was knocked unconscious one by one. The remaining powerful masters were still struggling to hold on.

At this time,

Su Chen stood up from the ground sweating profusely and cursed,

"Damn it, it's finally over, it really hurts me to death"

"Ding, host, the bloodline activation is completed. Your two daughters will now get the Blackbird bloodline. Half of your luck has been consumed. I hope the host will unify Tianxuan Continent as soon as possible, so that the host's luck can be increased."

"I see."

Su Chen wiped the sweat from his head and sat down.

Suddenly he saw the broken roof and even the golden black bird intertwined with thunder and lightning in the sky.

Su Chen asked in confusion, "Holy crap, how can the black bird run away? Out? System, what's going on?"

Chapter 1333

Su Chen felt incredible when he saw the black bird intertwined with thunder and lightning in the sky.

Isn't the Xuanniao bloodline a bloodline inheritance? Why does it look like the black bird is alive, and can even compete with thunder and lightning?

"Ding, host, Xuanniao is the four ancient divine birds, and the Phoenix, Qingying, and Golden Crow from the prehistoric period are all innate races."

Su Chen shouted in confusion when he heard the system's explanation,

"Let me go, why does this have to do with prehistoric times?"

"Is Black Bird still on the same level as Phoenix and Golden Crow?"

"The Phoenix in the prehistoric era is one of the three innate clans. The Golden Crow is also the future emperor of the demon clan. What is Qingying? It seems that Xuanniao is not famous in prehistoric times, right?"

"Ding, Qingying and Xuanniao were also very powerful in the prehistoric times, even as powerful as Phoenix and Golden Crow."

"After the Qingying and Xuanniao suffered heavy losses, their populations withered away. The Qingying was extinct in the prehistoric world in the future. The remaining Qingying accompanied Houtu in the underworld."

"In order to survive, the remaining Xuanniao joined the forces of the Queen Mother of the West in West Kunlun. During the battle between the emperor and Chi You for the human emperor, the Nine Heavens Xuannv appeared, and the Nine Heavens Xuannv was Xuanniao."

Su Chen slapped his forehead in confusion and said, "Come on, why do I feel that the water is getting deeper and deeper? How come a bloodline is related to the prehistoric period? System, who killed Qingying and Xuanniao?"

"Ding, this host will know later"

"Damn it, why did I only say half of what I said? Doesn't this make me upset?"

Su Chen was speechless for the system.

Every time he just said the beginning and stopped talking, this was not a guessing game.

How could Su Chen guess the plot behind it?

"Xuanniao is Jiutian Xuannv? Jiutian Xuannv is a subordinate of the Queen Mother of the West, but didn't Jiutian Xuannv belong to the heaven in the legend? Could it be that something else happened in the meantime?"

Su Chen felt a headache after thinking about it.

He looked at the black bird fighting with thunder and lightning in the air and couldn't figure it out.

Isn't the black bird a kind of inherited bloodline? Why does the black bird seem to be going through a catastrophe? The blood of the black bird is different from his. What's the connection? Why is his family called the Xuanniao family?

Su Chen suddenly discovered his level of cultivation and exclaimed,

"Come on, my strength has advanced to the peak of the Out-of-body Realm (Douzun)? This Black Bird bloodline is so powerful. Is there any family in the Shenyu Continent whose bloodline can compare to my own?"

Chirp, chirp, chirp! Boom, boom, boom!

At this time, the thunder and lightning in the air were directly torn apart by the claws of the golden black bird, and the thunder and lightning in the air gradually dissipated.

Chirp -

After the golden black bird in the air chirped, it came from He flew towards Su Chen quickly in the air, and his huge body and wings slowly became smaller.

"Damn it, Xuanniao isn't going to hit him to death, is he?"

Su Chen looked at Xuan Niao who was about to hit him in an instant and wanted to teleport away. However, he suddenly felt that Xuan Niao would not hurt him.

Su Chen could only bite the bullet and look at Xuan Niao who was approaching.

Whoosh!

When the black bird approached Su Chen, it transformed into a beautiful little bird of ordinary size and stood on Su Chen's shoulder. The black bird gently rubbed Su Chen's face and then suddenly got into Su Chen's body..

Su Chen felt his chest feel hot.

He hurriedly opened the clothes on his chest and took a look.

Su Chen saw a black bird pattern appearing on his chest. The beautiful and noble golden black bird pattern seemed to be printed on his chest from birth. Just like before, it looked very harmonious and pleasing to the eye.

Su Chen looked at the black bird pattern on his chest in confusion, and said to himself,

"What exactly is going on? Can blood still be imprinted on the body like a pattern? And Xuanniao seems to have intelligence, so he couldn't have been wrong about it just now."

At this time,

Wutan City has also returned to calm, and the thunder and lightning in the sky have disappeared without a trace. The people of Wutan City have not woken up yet, but some cultivators have slowly woken up. The

Xiao family,

Xiao Huohuo was still looking at the air in confusion, and an old voice said to Xiao Huohuo, "Xiao Huo, how did you feel just now?"

Xiao Huohuo heard the master's voice and asked hurriedly, "Master, what happened to you just now? I thought something happened to you?"

"Just now I was resisting that powerful aura with all my strength. It was impossible to speak or even appear in my soul body, otherwise I would be annihilated at any time."

"Master, what was the giant golden bird in the sky just now?"

"I don't know, but from the classics I have read before, I think it is the inheritance of family blood. It should be that Su Chen's breakthrough just now, the family's bloodline awakened, but this situation I am just guessing, after all, it has never happened in the Shen Yun Continent. Such a thing"

"But that golden giant bird seems to be very powerful, even tearing the thunder and lightning into pieces."

"Yes, even with my peak strength, I would be easily killed by the golden bird. Don't offend that Su Chen in the future."

"I see."

Xiao Huohuo nodded with a gloomy face.

Although he looked down on that dandy Su Chen, what happened tonight made him really feel powerless.

Having a good background in the world of cultivating immortals is really too powerful.

He has been practicing desperately, but he is not as good as someone else's fairy fruit. He is so talented, but that bastard's family lineage is just a few blocks away from him, no!

A world away from him.

Xiao Xun'er

After the powerful aura and coercion disappeared, Xiao

Xun'er hurriedly put on her dress.

This time she was naked for almost two hours. Today was also the most embarrassing time for her. Fortunately, no one came at night, otherwise She really can't help it and kills people now

"Damn bastard, it's finally over, Su Chen, I won't let you go this time. No matter how powerful you are in the future, I will definitely avenge the humiliation tonight."

Is that golden giant bird a bloodline inheritance?

How is it different from my own?

Will bloodline inheritance have such changes?

Xiao Xun'er thought that 70% of her bloodline had not changed like that, and there seemed to be no such record in the family.

Is there something different about blood inheritance?

Do you want to ask that bastard?

In the inn, after the powerful aura and pressure disappeared,

Lao Huang stood up from his young master with an embarrassed look, and his young master Hei With an expression on his face that he wanted to kill him, Lao Huang couldn't help but run away from here in a hurry.

The young master looked at Lao Huang and said angrily, "Nothing happened today? Lao Huang, did you hear that?"

"Yes, yes, I did not come to see the young master tonight. Young master, you rest, I went back to sleep."

Lao Huang nodded hurriedly and ran out.

"I was really unlucky today. Why did that bastard Su Chen break through at night? Something seemed to have happened to me and Lao Huang, hiss! I can no longer think about it, I am a normal man."

In Miter's Mansion,

Su Chen changed to another room under the leadership of the servant.

In Su Chen's room, after Yafei brought some bedding to Su Chen, she looked at Su Chen and felt very strange. Wasn't Su Chen Is he making a breakthrough? Is he still a great master (Dou Ling) because of his strength?

"Mr. Su, haven't you made any breakthrough in your cultivation realm? Why are you still fighting spirit?"

Chapter 1334

Su Chen shook his head when he heard Yafei's words.

He has hidden his cultivation realm now. If he exposes his cultivation realm of the Out-of-body Realm (Douzun), people here will not know what's wrong with him after seeing it. Bad thoughts.

Su Chen didn't want to cause unnecessary trouble.

Su Chen looked at the slim Yafei and waved his hand and said, "We'll talk about this later. I'm tired now and need to rest. Miss Yafei, you should go back and rest too."

Yafei nodded after hearing Su Chen's words. , "Well, Mr. Su, just rest, I won't disturb you anymore."

Seeing that Su Chen was unwilling to say more, Yafei did not continue to ask.

She guessed that this might be Su Chen's secret, or even Su Chen's secret. Chen's current cultivation level is all fake.

Su Chen must have hidden his cultivation level.

After Yafei left,

Su Chen entered the room and lay down on the bed. He thought that there was a lot of noise in activating the blood today, and many masters might come to Wutan City to check it out tomorrow.

Su Chen decided to leave Wutan City tomorrow after explaining to Yafei.

After what happened today, he believed that those masters would not dare to snatch Zhu Guo again.

As for the Zhu Guo that Yafei auctioned,

Su Chen also decided to let Yafei buy some space. ring.

Su Chen is in urgent need of space rings, but many of her women do not have space rings.

Su Chen closed his eyes and said to himself,

"So I decided to leave Wutan City tomorrow and go to the Eastern Continent first to take over Hangzhou City. As for the White Snake plot, I will see the situation by myself and avoid it if I can. If it is really unavoidable, I can only face Buddhism. threatened"

-

Tianxuan Continent, Xuanniao Palace.

In the queen's bedroom of Xuanniao Palace,

Concubine Yan, Donghuang Taiyi (Ji Ruxihe), Bai Ruobing (Marquessess), Bai Jing, Shui Rou (Mrs. Ye Di), Hua Baifeng, Jing Salamander and others all looked nervously at the person on the bed. Little princess Su Yue.

Just now,

Su Yue's body erupted with a burst of white light. The white light has not dissipated even now, and none of them can get close. This made Concubine Yan and the other girls very worried.

Concubine Yan said anxiously to Taiyi Donghuang, "Sister Xihe, what is going on? Why did such a bizarre thing happen to Yue'er when she was so good?"

Taiyi Donghuang looked at Su Yue and couldn't understand.

Su Yue The light erupting from the body was very powerful, but why didn't it hurt Yue'er?

Not even hurting them?

"Concubine Yan, don't worry, I checked and Yue'er is fine now, but I can't explain this situation."

Hua Baifeng took Concubine Yan and said comfortingly, "Concubine Yan, don't worry, nothing will happen to us in Yue'er. Changsun

Wuchu also hurriedly comforted Concubine Yan, "Yes, there are several powerful sisters here, and nothing will happen to Yue'er. Sister Concubine Yan, you don't have to worry either.""

The other women also comforted the anxious Concubine Yan.

Although Bai Ruobing and the others couldn't help now, they saw that Su Yue was not in danger on the bed, and they felt that nothing would happen to Su Yue.

Boom!

At this time,

Su Yue A powerful aura suddenly burst out from the body, and the white light on Su Yue's body disappeared at this time, and an illusive golden black bird appeared in the sky above Su Yue.

Concubine Yan shouted when she saw the illusive black bird in the sky, "This is a black bird. How come there is an illusory black bird on Su Yue's body?"

"How come the illusory black bird appears on Yue'er's body? What exactly is going on?"

"Look, how come Yue'er is at the third level of acquired cultivation? Am I dazzled?"

"No, it is the fourth level of the day after tomorrow. How is this possible? Yue'er is less than one year old, and she has not practiced at all. How can she reach the realm of cultivation?"

"It's incredible. Is it because of the appearance of the black bird?"

"It's possible that my husband's family is the Black Bird family, and the Black Bird is the totem of our family. I'm afraid this is really caused by the Black Bird."

When the women like Donghuang Taiyi saw the changes in Su Yue's body, they all said that today's events made them very confused. Such fantasy things made them feel incredible.

Chirp!

After a crisp bird song , the golden black bird got into Su Yue's body in an instant.

At this time,

Su Yue's cultivation level was still improving, and the fifth level of heaven was the day after tomorrow.....Sixth Heaven the Day After Tomorrow.....Seventh Heaven the Day After Tomorrow.....

As soon as Dong Huangtai saw that Yue'er's cultivation realm was about to break through the innate realm, she hurriedly said to the women around her,

"Hurry, seal Yue'er's cultivation realm quickly. Yue'er is too young and her cultivation realm can no longer be improved. Bai

Ruobing nodded and said to the women around her,"Let's take action together to seal Yue'er's cultivation realm.""

"good!"

The girls all quickly used their skills to suppress Su Yue, who was still making breakthroughs.

After a quarter of an hour of suppression,

Su Yue's cultivation realm was sealed, and Su Yue's cultivation realm almost broke through to the innate realm. One A baby that is less than one year old and has reached the peak of acquired life is extremely unparalleled in the Tianxuan Continent.

Donghuang Taiyi checked Su Yue and said with a smile,

"Yue'er is fine and the seal is successful. When Yue'er grows up, we will lift her seal.

Changsun Wuchu asked with a puzzled look on his face, "What's going on with that black bird?" Why did the black bird come out of Yue'er's body? And he returned to Yue'er's body? Shuirou shook her head and said,

"I don't know, I'm afraid only my husband knows this. Sister Frightened Salamander asked the secret guard to immediately use the butterfly-winged bird to send a message to that bastard, asking what the hell is going on."

"OK, I'll make arrangements immediately." The Jing Salamander nodded and quickly disappeared here.

Concubine Yan picked up Su Yue and stared at Su Yue with big eyes. She checked but didn't notice anything wrong, which reassured her.

Zinu touched it. Touching Su Yue's little face, she smiled and said,

"Yue'er is unprecedented and unprecedented. She is less than a year old and has acquired peak strength. I am afraid no one in Tianxuan Continent can compare to Yue'er."

Donghuang Taiyi thought for a while, and then she said to Concubine Yan seriously, "Concubine Yan, I guess this could be caused by Su Chen's bloodline? I have seen some family blood inheritance in some classics before. Do you think this is possible? Concubine Yan was surprised when she heard Donghuang Taiyi's words and asked, "Sister Xihe, the family bloodline is inherited?" Do you mean that Yue'er got the black bird bloodline from her husband's family?"

"possible!"

At this time,

Frightened Salamander came back quickly and said incoherently with a letter,

"Something like this also happened to Yan'er. Half a day ago, Yan'er also had the same situation as Yue'er, with an illusory golden black bird appearing."

"Yan'er is now at the peak of Grand Master's strength. This is because Sister Jellyfish Yinji and Sister Shi Guanyin sealed Yan'er's cultivation realm in time. This is the message that the butterfly-winged bird has just received."

Chapter 1335

Jing Salad couldn't help but be excited.

Su Yan was not Su Chen's biological daughter, but Su Yan's physical appearance was exactly the same as Su Yue's, which made Jing Sala think that Su Chen had done all this.

Su Chen was able to treat Su Yan and Su Yue equally, which moved Jing Salad very much.

Su Chen had previously decided to let Su Yan inherit the throne of the empire. Jing Salad strongly opposed it, but she could not help Su Chen. She also wanted to When Su Yan grows up, he will give up the inheritance rights to Su Yue.

Now something like this happened again.

Su Yan actually got the Xuannian bloodline of the Su Chen family?

This made Jing salamander guess what Su Chen must have done during this period, or maybe Su Chen had been looking for some treasure outside. This made Su Chen and Su Yan connected by blood.

Jingyu thought about everything since she met Su Chen, and she felt very happy. It was that girl's luck that Su Yan could meet such a good father.

When Concubine Yan and the other women heard what Jing Salam said, they hurriedly read the letter brought by Butterfly Wing Bird.

Concubine Yan and the others all knew about Su Yan.

Su Yue could get Xuannio bloodline because Su Yue was Su Chen's biological daughter. But how could Su Yan also get Xuannio bloodline? This made them all confused.

Concubine Yan looked at the expressions of the girls and smiled and said,

"We don't need to guess here. Yan'er was able to obtain the Xuannian bloodline. This was probably done by her husband. The husband often went out. He might have been trying to activate the Xuannian bloodline, or even run around for Yan'er's affairs. We might have misunderstood the husband before."

"Um! We used to think that our husband was flirting with women outside, but it seems that we really misunderstood him."

"That bastard keeps everything to himself. He may be afraid that we will worry about him."

"It's possible that we don't need to worry about our husband anymore. We can just take care of the empire and let our husband do what he should do."

"good!"

Donghuang Taiyi and other women all feel very guilty. They used to think that Su Chen was either messing around or flirting with others when he went out. Now they think about how Su Chen brings a lot of treasures every time he goes out.

Last time he went to Beijing The little flat peach and the fairy-level secret book sent from the mainland surprised them all.

This time, Su Yan and Su Yue were asked to activate the Black Bird bloodline.

That bastard must have had a very hard time during this period.

Shen Yue Continent,

Half A month later,

Su Chen returned to the Eastern Continent. Su Chen didn't care about the Southern Continent auction at all. After Su Chen told Yafei half a month ago, he returned to the Eastern Continent.

Su Chen wanted to go to Hangzhou After the city was completely under control, he also planned to place the world passage between Shenyu Continent and Tianxuan Continent in Hangzhou City.

Although Su Chen had not yet decided whether to launch a war in Shenyu Continent?

But doing so would be a precaution.

With the world passage,

Su Chen can summon the army to the Shenyu Continent at any time. Even if he wants to launch a war in the Shenyu Continent, the army will gather quickly, so that time will not be too delayed.

Su Chen suddenly thought of Youru's shadow assassins , he patted his forehead regretfully and said,"Damn it, Youru and the others are still in the snake tribe, but I forgot to notify them this time."

Su Chen looked around and was very speechless.

He was about to arrive in Suzhou now.

After Suzhou, he would reach the city of Hangzhou.

If he went back now, it would be a waste of his mental energy.

Su Chen had teleported back and forth in the past few days, but he had used it excessively. He had lost his mental power, and he had been riding a horse these past few days just to restore his mental power.

Boom!

Su Chen looked at the dark clouds and shook his head helplessly.

"I'll do it! It's going to rain, and there is no shelter from the rain in this wilderness. It's still hundreds of miles away from Suzhou City. Do we need to teleport to Suzhou City again?"

"Young Master, Young Master, run quickly, it's going to rain."

At this time, a scholar ran out from the alley on one side, and he yelled at Su Chen.

Damn it!

Why did a scholar appear in this wilderness? Isn't this scholar afraid? Are you a monster?

The scholar ran to Su Chen and pulled him and said hurriedly,

"Come on, there is a broken temple ahead. We can go there to take shelter from the rain."

"I....."

Su Chen was very speechless when the scholar pulled him away.

Isn't this scholar really a nerd? His horse was still on the side of the road, and this bastard pulled him away, but where was his horse?

Is this scholar a blind man?

"Beep!"

Su Chen whistled and shook his head.

The horse couldn't ride anymore, so he could only whistle and ask the horse to follow.

At this time, the scholar took Su Chen to a ruined temple. At this time, it was also raining. It started to rain, "Here we are, we are finally here, it is this ruined temple. Fortunately we arrived in time, otherwise we would have been caught in the rain.""

"Lanruo Temple?"

Su Chen exclaimed as he looked at the stone tablet in front of the ruined temple.

The scholar in front nodded when he heard Su Chen's words and said,"Sir, this is Lanruo Temple. I also heard from people in the previous town that there is a Lanruo here. temple"

"May I have your name?"

"Ning Caichen, young master, what is your surname?"

"Suchen!"

Su Chen felt disgusted now, what's wrong with him!

Why did he meet this stupid scholar Ning Caichen?

Xu Xian!

Dong Yong!

Ning Caichen!

These three people are each stronger than the other, cough!

Such a powerful one , one dared to go up to snakes, one dared to go up to immortals, and one even dared not let go of ghosts.

Su Chen looked at Lanruo Temple and shook his head.

Lanruo Temple is a place of right and wrong, and there is a thousand-year-old locust tree demon here. There are also hundreds of female ghosts controlled by the locust tree demon. The locust tree demon also uses these female ghosts to absorb the yang essence for cultivation.

Boom boom boom!

The rain is getting heavier and heavier, and the thunder is deafening, and the sky is gradually darkening. , making Lanruo Temple look very scary.

There were coffins piled everywhere in the ruined temple, broken Buddha statues collapsed on the ground, spider webs everywhere on the walls and pillars of the ruined temple, and the dust on the ground left a footprint every time you stepped on it.

Ning Caichen put down his backpack and greeted Su Chen, "Brother Su, come sit here and rest. It's cleaner here."

"Thank you, Ning Caichen, where are you going?"

Su Chen looked at this dirty place and sat down helplessly.

Su Chen was not a person who was afraid of hardship and mess.

He was just used to being clean.

Even if Su Chen spent the night in the wild, he would always find a clean place. He could even take out some blankets and tent items from the system space to spend the night.

But with Ning Caichen here,

Su Chen couldn't take out some items from the system.

"I went to Beijing to take the exam."

Ning Caichen spread some dry grass on the ground and smiled at Su Chen and said,

"Going to Beijing to take the exam?"

"Yes, I want to get a degree and do good things for the people."

"Then I wish Brother Ning immediate success."

Su Chen smiled helplessly after listening to Ning Caichen's words. Even if Ning Caichen was admitted to the imperial examination, it would be in vain. A stupid scholar would be played to death by those cunning officials in the future.

But who is this Ning Caichen? version of A Chinese Ghost Story?

"Brother Su, have you heard a woman's laughter?"

Chapter 1336

Su Chen suddenly stood up when he heard Ning Caichen's words.

Did he think he was hallucinating just now? He also heard the voice just now, and was even very familiar with that voice, but why did Lin Yueru appear here? bump!

A sound.

The door of the ruined temple was kicked open, and a man and a woman walked into Lanruo Temple.

However, they were confused when they saw Su Chen.

Lin Yueru looked at Su Chen and shouted in surprise, "Su Chen, why are you here?"

"Lin Yueru, why are you and Li Xiaoyao here?"

Su Chen also wondered how Lin Yueru and Li Xiaoyao came together.

Is there no Zhao Ling'er?

Lin Yueru and Li Xiaoyao came together? Did they fall in love in just a few days?

Lin Yueru heard Su Chen's words,

She patted her head and said hurriedly, "Su Chen, something bad has happened, Caiyi and Zhao Ling'er have been taken away, Li Xiaoyao and I are going to rescue them.

When Su Chen heard Lin Yueru's words, he hurriedly asked, "What?" Cai Yi and Zhao Ling'er were taken away? Captured by whom? Su

Chen didn't expect that Cai Yi and Zhao Ling'er would be kidnapped just after being separated for more than a day. Cai Yi and Zhao Ling'er were not weak. Who kidnapped them?

"Shushan.....He is the Sword Master of Shu Mountain"

"Shushan Sword Master? Dugu Yuyun? Lin

Yueru nodded and said,

"Um! Um!"

"After Caiyi and Zhao Ling'er killed the spider demon, they were ready to leave with us, but they didn't expect that the Sword Master of Shushan suddenly appeared and said he would subdue the demon."

"Although Li Xiaoyao's master tried his best to stop them, the Sword Master still forcibly captured Caiyi and Zhao Ling'er, and even threatened to imprison Cai Yi and Zhao Ling'er in the Demon Locking Tower.

Li Xiaoyao cupped his fists at Su Chen and said, "Brother Su, my master can't dissuade the sword master. There is nothing my master can do this time.""

"I understand, you don't have to worry, nothing will happen to Cai Yi and Zhao Ling'er." Su Chen stopped worrying when he heard that it was Shushan Sword Master who took away Caiyi and Zhao Linger. Shushan Sword Master had a close relationship with Zhao Linger's mother. In the plot, Zhao Linger was also captured by Shushan Sword Master and imprisoned in the Demon Locking Tower. But that was the Sword Master protecting Zhao Linger, and it was impossible for the Shushan Sword Master to harm Zhao Linger. Lin Yueru said doubtfully after hearing Su Chen's words,

"Will Su Chen, Cai Yi and Zhao Ling'er really not get into trouble? The Jiujianxian said that the Demon Locking Tower is very scary. Are Caiyi and Zhao Ling'er really okay after being imprisoned in it?"

Su Chen waved his hand and sat down again and said,

"Nothing, that was the Sword Master protecting Zhao Ling'er. Zhao Ling'er's mother and the Sword Master were very familiar with each other. How could he possibly not be able to tell whether Zhao Ling'er was a snake demon? Don't worry about these things for now. Let's go to Shushan together later and ask the Sword Master to release Caiyi and Zhao Ling'er."

"That's it, as long as nothing happens to them. Su

Chen looked at Lin Yueru and Li Xiaoyao and asked in confusion,"By the way, why are you with Zhao Ling'er and the others?"

Su Chen suddenly thought, how could Lin Yueru and Li Xiaoyao know that Zhao Ling'er and the others were arrested?

Su Chen, Zhao Ling'er and the others ran away quietly when they left. Lin Yueru and Li Xiaoyao should not know. How could they be with Zhao Ling'er and the others? Together?

Lin Yueru said proudly after hearing Su Chen's words,

"We only caught up with Caiyi and Zhao Ling'er last night. I want to make a career in the world, and Li Xiaoyao promised Zhao Ling'er to go to Nanzhao, so we worked together to sneak out of Suzhou City with you.

Su Chen taunted disdainfully, "You are still wandering around the world with your three-legged cat skills?" Aren't you afraid of monsters and monsters eating you?"

Lin Yueru angrily yelled at Su Chen, "You.....Am I not looking for you? You bastard bullied me. How could I let you escape if you left secretly?"

Lin Yueru remembered what her father said.

This bastard not only hugged her, but even rode a horse with her. Although she didn't care about this, her father had no intention of letting it go.

Lin Yueru also thought that Su Chen was pretty good.

She also wants to take this opportunity to make a career in the world. As for this bastard, she will look at it later. If Su Chen falls in love with her in the future, Lin Yueru plans to marry this bastard. If she doesn't like Su Chen, a playboy, Lin Yueru will play with it. Return to Linjiabao after a while.

Su Chen was stunned when he heard Lin Yueru's words. He did not expect that Lin Yueru came out to find him.

Did Lin Yueru really let him marry her?

Later,

Su Chen introduced Lin Yueru and Li Xiaoyao Scholar Ning Caichen, but Lin Yueru and Li Xiaoyao looked at Ning Caichen blankly, and they didn't want to talk to Ning Caichen.

Touch!

"Huh! Why are there so many people here?"

At this time, a bearded man knocked open the door of the ruined temple, and he actually found someone in the ruined temple. This made him very confused when he looked at the people in Lanruo Temple.

Su Chen smiled when he saw Yan Chixia coming. Laughed, the characters in A Chinese Ghost Story are about to arrive, and Nie Xiaoqian should be coming next.

Lin Yueru and Li Xiaoyao were confused when they saw Yan Chixia, and Yan Chixia looked dirty, and even her body was still wet. There was a smell, which made them all frown.

Ning Caichen lowered his head quickly when he saw Yan Chixia's fierce look.

Li Xiaoyao saw that neither Su Chen nor Lin Yueru paid attention to Yan Chixia, and he touched her. The nose asked Yan Chixia,

"Who are you? Yan

Chixia looked at these handsome men and beauties and said loudly, "My dear Yan Chixia, little brother, this is not a place you dare to stay. You should leave as soon as possible." Li

Xiaoyao looked at Yan Chixia who was carrying a sword and clasped his fists and said, "Little brother Li Xiaoyao, Master Yan, why can't you stay here?"

"There is a demon here, a big demon." Li Xiaoyao became interested when he heard that there was a demon here. Li Xiaoyao is a disciple of Shushan, and it is his job to conquer demons. The last time Li Xiaoyao and Zhao Ling'er and the others dealt with the spider demon, he didn't do anything. The spider demon was destroyed by Zhao Ling'er and Cai Yi. This time there was also a demon in Lanruo Temple, so Li Xiaoyao decided to subdue this demon.

"Demon? Haha, don't worry, Master Yan, I am a disciple of Shushan. It is my duty as a disciple of Shushan to conquer demons."

Yan Chixia was very surprised when she heard that Li Xiaoyao was a disciple of Shushan, "Are you a disciple of Shushan? Who is your master?"

"My master is a wine swordsman, does Master Yan know him?"

"The wine swordsman! We know each other, but we haven't seen each other for a long time. Li Xiaoyao, come here and let's chat."

"this.....All right!"Li Xiaoyao looked at the conversation between Su Chen and Lin Yueru, and he nodded helplessly in agreement.

At this time,

Ning Caichen looked at the four people in the ruined temple talking to each other. He was alone and felt It was boring.

He saw that the fire was about to go out, so

Ning Caichen stood up and went to the ruined temple to find some dry firewood.

"Master, I'm a little cold. Can I go to the temple to get some shelter from the rain?"

Chapter 1337

Outside Lanruo Temple, a woman in white suddenly appeared in front of the ruined temple.

She saw the scholar Ning Caichen picking up broken wood in front of the ruined temple, and she pretended to be weak and pitiful and asked for help.

Ning Caichen turned around and saw a beautiful woman in white appearing in front of the ruined temple. The rain also wetted the woman's dress, revealing her uneven figure.

Ning Caichen hurriedly covered his gaze with his sleeves. He lowered his head and stammered,"

"Small.....Miss, come in and take shelter from the rain.

The woman in white looked at the dumbfounded Ning Caichen and smiled and said,"Thank you, sir!""

"You're welcome, you're welcome!"

"Young Master, are you the only one here?"

"Miss, I am not alone. There are some people taking shelter from the rain in the temple. Miss, you should go in and warm yourself up, otherwise you will catch a cold."

"Thank you sir!"

At this moment,

Yan Chixia in the ruined temple suddenly stood up and looked outside the temple. The bell in his hand kept ringing.

Li Xiaoyao was chatting happily with Yan Chixia when he suddenly saw Yan Chixia. Standing up with a serious face,

Li Xiaoyao asked doubtfully, "Master Yan, what happened? Yan

Chixia said seriously to Li Xiaoyao, "A ghost is coming. I'm afraid your little brother has encountered a ghost.""

"Is there a ghost? A ghost has appeared, so what are you waiting for? Let's go to slay the demons quickly."

"OK, let's go together!"

Yan Chixia also wants to see how strong Li Xiaoyao is.

Yan Chixia was also a disciple of Shushan before, and he was expelled from Shushan for some reasons. Besides, Li Xiaoyao is a disciple of his senior brother Jiu Jianxian, and so is Yan Chixia. I want to teach Li Xiaoyao some skills in killing monsters and ghosts.

"All sit down."

Su Chen saw that Yan Chixia and Li Xiaoyao were going out to kill Nie Xiaoqian.

This was not what he wanted to see.

The plot of A Chinese Ghost Story has not yet begun. Su Chen was waiting to watch the show. Besides, he had not yet seen what Nie Xiaoqian looked like. Yes, he also wants to meet this very famous female ghost Nie Xiaoqian

"Boy, do you dare to control me?" Yan Chixia asked with wide eyes when she heard Su Chen's shouting.

Su Chen continued to say to Yan Chixia with a cold face, "Not bad! You all sit down and you are not allowed to go out without my order."

Su Chen is not afraid that Yan Chixia will fall out.

Yan Chixia is at the Nascent Soul stage. If Yan Chixia dares to disobey her orders, Su Chen can suppress him with one hand. Lin

Yueru looked at Su Chen and said I can't understand why Su Chen didn't ask Yan Chixia and Li Xiaoyao to kill the ghost when a lonely ghost came. Is that ghost special?

"you....."

Yan Chixia was about to get angry at Su Chen.

Li Xiaoyao next to her hurriedly grabbed Yan Chixia.

Li Xiaoyao didn't want Yan Chixia to offend Su Chen. Su Chen knew several powerful monsters. If Yan Chixia was offended, Su Chen, I'm afraid those powerful monsters will kill Yan Chixia

"Master Yan, let's sit down. Mr. Su has his own reasons for saying this. We listen to Mr. Su. Yan

Chixia glared at the spineless Li Xiaoyao and asked angrily, "Boy Li, why do you want to listen to this playboy?"

Li Xiaoyao whispered in Yan Chixia's ear,"Master Yan, Mr. Su has an extraordinary origin, and Mr. Su knows many things. Maybe this ghost may be a little special."

"Um? This ghost is a bit special. This female ghost has never killed anyone? This is a bit strange"

"Since that ghost, Master Yan, is special, we will wait and see. Yan

Chixia put down her sword and sat down again and said,"Well, I, Yan Chixia, am not a person who doesn't distinguish between right and wrong. If this ghost doesn't have bad intentions, I won't kill innocent people indiscriminately.""

However!

Yan Chixia looked at Su Chen and felt very strange.

How could Mr. Su know that the female ghost would not hurt their friends?

Su Chen was only at the level of a great master, and he could not sense it. Looking at the situation outside, not to mention the ghost energy, it is not something that people who have not yet cultivated their magic power can detect.

Yan Chixia is curious about Su Chen's identity.

"Girl, please come in!"

At this time,

Ning Caichen brought Nie Xiaoqian into the ruined temple.

When Nie Xiaoqian came in, she found that there were four people in the ruined temple, and each of these people was stronger than the other. There was even one person who was almost as strong as her grandmother.

This Nie Xiaoqian couldn't help but run away

"Nie Xiaoqian, do you want to escape?" Su Chen nodded as he looked at Nie Xiaoqian who was about to run away.

Nie Xiaoqian indeed has a face that brings disaster to the country and the people. Her bulging figure, black hair, and clothes soaked by the rain made her look even more beautiful. Touching.

Nie Xiaoqian heard Su Chen's words and asked doubtfully, "Mr.....Master, do you know me?"

Nie Xiaoqian was about to run away, but Su Chen's words made her stop.

Nie Xiaoqian looked at Su Chen and felt very strange. She didn't know this human being at all. How could he know her name so well?

Su Chen smiled and said He stood up and said, "How come I don't know Nie Xiaoqian from Guobei County? Did the tree demon send you, a female ghost, to suck the male essence again this time?"

"female....ghost!"

When Ning Caichen heard Su Chen's words, he was so frightened that he rolled around and hurriedly fled behind Su Chen.

Ning Caichen was frightened.

He didn't expect that this beautiful beauty turned out to be a female ghost, and she was also planning to kill her. Absorb his yang essence. Fortunately, Su Chen is here this time, otherwise he would really die without a burial place.

"Young Master, do you know me? Why don't I have any impression?"

"I don't know you and you don't know me"

"Then how do you know my name?"

"Um? This is probably fate." Su Chen shook his head and said with a smile.

Nie Xiaoqian was stunned when she heard Su Chen's words. After a while, she smiled and blinked and said, "Fate? Young Master, are you teasing me? You know I'm a female ghost"

"I can.....Let me guess, Lin Yueru, why are you crazy?" Su Chen was about to answer Nie Xiaoqian's words, but he didn't expect Lin Yueru to pinch his waist. This made Su Chen hurriedly grab Lin Yueru and wanted to beat this woman.

Lin Yueru glared at Su Chen and yelled,

"Su Chen, you shameless bastard, you actually have bad thoughts about a female ghost. You are so shameless."

I'm not talking about it,

I just said it casually, why does he have bad thoughts about Nie Xiaoqian?

Su Chen now wants to shut Lin Yueru's mouth, what happened to this little girl today? He just likes the ghost Nie Xiaoqian, this It's nothing to do with Lin Yueru.

Yan Chixia came over and said with raised eyebrows to Nie Xiaoqian, "Nie Xiaoqian, you don't have the blood to kill. I won't kill you. Tell me where the tree demon is now?"

"Who are you?"

Nie Xiaoqian looked at the powerful Yan Chixia and asked doubtfully,

Bang!

Yan Chixia slammed the sword in her hand on the broken table and replied loudly,

"Yan Chixia!"

"Demon slayer Yan Chixia? Yan Chixia, if you can't kill grandma, don't die in vain."

Chapter 1338

Nie Xiaoqian did not expect that the bearded man turned out to be the demon catcher Yan Chixia.

However, she also heard the tree demon grandma talk about Yan Chixia. Although Yan Chixia was very powerful, he could not be the tree demon grandma in the late Yuan Ying stage. His opponent, the tree demon grandma, didn't care about Yan Chixia at all.

Yan Chixia said to Yan Chixia with a righteous face,

"Female ghost, I know that I am no match for the thousand-year-old tree demon, but the tree demon has been threatening Guobei County for many years and harmed countless people. How can I, as an exorcist, sit back and watch?"

Nie Xiaoqian saw that these people had no intention of taking action against her, which reassured her.

"Haha, Yan Chixia, even if you can kill the Sophora Tree Demon, don't think that nothing will happen to you. There is a Black Mountain Demon behind the Dryad. The old Black Mountain Demon is even more powerful than the Dryad."

"Montenegro old demon? this....."

Yan Chixia was confused when she heard Nie Xiaoqian's words.

He did not expect that the tree demon was actually related to the old demon from Black Mountain. He was not sure that he could kill the thousand-year-old tree demon, and it was even less likely that he could kill the old demon from Black Mountain who was even more powerful. opponent.

Li Xiaoyao and Lin Yueru looked sideways when they heard Nie Xiaoqian's words.

Although they didn't know what kind of monsters the Dryad and the Black Mountain Old Demon the female ghost mentioned were, they frowned when they saw the bold Yan Chixia, and they also guessed that the Dryad and the Black Mountain Old Demon were probably not easy to mess with.

Ning Caichen shivered and shrank to one side.

He was confused when he heard something about the thousand-year-old tree demon and the old black mountain demon. A female ghost could easily kill him. The more powerful tree demon and black mountain demon Couldn't the old demon kill him with just one look?

Ning Caichen doesn't want to stay here anymore.

This Lanruo Temple is too scary.

Su Chen took a sip and didn't pay attention to this.

Although the Black Mountain Old Demon is powerful, the Black Mountain Old Demon cannot easily appear in the human world. In the plot, the Black Mountain Old Demon has never appeared in the human world. But is there an underworld in the Godfall Continent?

Su Chen shook his head as he thought about it.

Even if there was an underworld in the Shenyu Continent, it would be a replica. How could the power of the underworld appear in the Shenyu Continent?

And how could the real underworld not be able to subdue a little old Montenegro monster?

No matter how you say this, it is unjustifiable.

"Um? Are there some more female ghosts?" Su Chen suddenly looked outside the ruined temple and said to himself,

"What? Is there another female ghost coming?" Lin Yueru asked hurriedly after hearing Su Chen's words.

Others also looked at Su Chen.

They didn't expect that there were more female ghosts coming.

But how did Su Chen know that some more female ghosts were coming?

Yan Chixia looked at Su Chen Chen was confused.

How could a great master feel more powerful than him? He didn't sense the arrival of a female ghost. Is Su Chen lying? Or did he really sense the arrival of a female ghost?

Su Chen nodded. He confirmed, "Well, some little female ghosts with low strength are coming."

"Have I ever been able to fight?"

"you? You'd better go to sleep, you can kill those female ghosts everywhere in your dream.

Lin Yueru kicked Su Chen hard, " You.....Suchen, you are an asshole."

Lin Yueru did not expect that Su Chen would be so angry with her.

She knew that her three-legged cat technique could not be the opponent of the female ghost, but Su Chen did not give her face and even ridiculed herself in public. This made Lin Yueru look at Su Chen. Very angry.

Su Chen turned sideways and hid.

He looked at the angry Lin Yueru and smiled.

This little wild cat was really angry this time.

However,

Lin Yueru looked really beautiful when she was angry.

Su Chen grabbed him Lin Yueru, who still wanted to take action, smiled and said,

"Okay, don't be angry, I'm just joking. I will teach you some powerful skills in a while, and you will also be a powerful heroine in the future."

"real?"

Lin Yueru's eyes lit up when she heard Su Chen's words.

Although she didn't know how powerful Su Chen was, people like his father and Zhao Ling'er said that Su Chen was not simple. Lin Yueru also guessed that Su Chen might have a not simple family background, or even someone from the East. Cultivation family in the mainland

"real!"

"Haha, you bastard, you have to keep your word, otherwise I won't let you go in the future."

"I won't lie to you. Li

Xiaoyao asked Su Chen, "Master Su, are those female ghosts the same as Nie Xiaoqian?"

Nie Xiaoqian said hurriedly on the side, "Those female ghosts and I are together, but they are all controlled by the tree demon, and we can't help but help the tree demon do things. Yan

Chixia took the giant sword and shouted, "It doesn't matter what they do, as long as those female ghosts harm the people, I will do justice for heaven."

Su Chen rolled his eyes at Yan Chixia and suddenly stretched out his hand and said,

"Space moves!"

Whoa!

Dozens of female ghosts in white appeared in the ruined temple in an instant.

These panicked female ghosts looked at the people in the ruined temple with fear and trembling. They did not dare to take any action at all.

Just now. A powerful force imprisoned them all at once, and even appeared here in the blink of an eye, which made them female ghosts guess that they had met a powerful immortal cultivator. Su Chen was now in the realm of out-of-body cultivation, and his space After converting the internal force into magic power, he also mastered some spatial magical powers. Although he was not yet proficient in using the spatial magical powers, he was more than enough to deal with these female ghosts. Everyone in the ruined temple looked at

Su Chen in shock.

I didn't expect that Su Chen would be so powerful. More than 20 female ghosts were captured in an instant. Even these female ghosts were so frightened that they did not dare to take action or escape.

This made Yan Chixia and the others have no intention of attacking Su Chen. Chen Chen was shocked and confused.

Su Chen frowned when he looked at these female ghosts.

Some of these female ghosts had blood on them.

This must mean that some of these female ghosts have killed people, but he couldn't tell them apart. Are you killing good people, or are you killing people who deserve to die?

"Nie Xiaoqian, who can let go of the female ghost here? Who else must be in a state of despair?"

Yan Chixia patted her chest when she heard Su Chen's words and said,

"Mr. Su, I am good at this. I can tell at a glance whether these female ghosts have killed anyone."

Su Chen shook his head and refused, "You can't do it. When a female ghost kills someone, she has to divide the people. Some people die without mercy, and some people may die innocently. Can you tell the difference between these?"

"I....."

Yan Chixia was also very helpless when she heard Su Chen's words.

Su Chen was right.

It would be unfair to those female ghosts to judge whether they killed someone based on their blood. Some damned people really deserved to die, and neither did Yan Chixia. A person who knows no difference between right and wrong.

After Nie Xiaoqian came to her senses, she hurriedly knelt down and begged Su Chen,

"Mr. Su, these are my sisters. Some of them have killed some people, but those are also people who deserve to die."

"Young Master, although the tree demon has been forcing us to absorb the yang essence, we poor women are still looking for some damn people to kill. I beg Young Master to let the sisters here go."

Chapter 1339

When Su Chen heard Nie Xiaoqian's words, he looked at these female ghosts.

The strength of these female ghosts was too low. Only when they became ghosts did they have the same strength as a human grandmaster. No wonder they were killed by Yan Chixia with one sword in the plot. Damn these female ghosts.

The next moment, these female ghosts also hurriedly knelt down to Su Chen one by one.

The female ghosts also understood that they were all captured by this young master, and even their life and death were determined by this young master.

A leading female ghost knelt on the ground and said to Su Chenshu,

"Young Master, we were forced to kill some humans, and those humans deserved to die. The humans we killed were either gangsters, or bullies who oppressed other people. You can go to Guobei County to check, I said. it is true."

Lin Yueru was held by Su Chen, and she did not struggle to get rid of Su Chen's hand.

When Lin Yueru heard what Nie Xiaoqian and the female ghost said just now, she felt very sympathetic to these female ghosts,"Su Chen, or let her go. They? These are also some poor women."

Su Chen looked at these female ghosts and touched his chin and said,"Don't move around. If what you say is true, I won't kill you. I will check now to see if you have killed innocent people."

Boom!

At this moment,

Su Chen looked at these female ghosts and burst out with a powerful aura, and a blue light directly enveloped these female ghosts. This was Su Chen's soul cultivation technique to check the memories of these female ghosts.

With his current strength, it is easy to check the memories of these master female ghosts. Since the internal power was converted into magic power, Su Chen's soul power, that is, mental power, has jumped thousands of miles. In the past, mental power could check the situation within a hundred miles.

But now, he can freely check within thousands of miles. Just checking the surrounding situation all the time will consume too much mana. Su Chen just checks around from time to time.

People around him saw Su Chen burst out with powerful energy. The aura of the ghosts even created a blue light that enveloped these female ghosts. They all looked at Su Chen in surprise.

Yan Chixia said with a serious face,"This.....This is the aura of the out-of-body realm. Su Chen is actually a strong person in the out-of-body realm? How can this be? How old is he? How could it be so powerful?"

"Master Yan, what is the realm of cultivation in the out-of-body realm?" Li Xiaoyao looked at Yan Chixia with a confused look on her face and asked.

Yan Chixia patted Li Xiaoyao on the shoulder and asked doubtfully, "You kid, your master Jiu Jianxian never told you about being an immortal cultivator. Division of strength?"

"Master Yan, you also know that my master is drunk every day, and I have learned all my cultivation by myself, otherwise I must be very powerful now."

Yan Chixia thought about Jiu Jianxian and felt very helpless.

Since the incident happened more than ten years ago,

Jiu Jianxian probably hasn't completely forgotten the incident.

Yan Chixia looked at poor Li Xiaoyao and explained road,

"You are just a master with peak strength. In the future, your cultivation realm will be the grand master realm, the heavenly realm. These are the foundations of cultivation. In the future, the golden elixir realm, the Nascent Soul stage, the out-of-body realm, the distraction realm, etc., these are the It is the true realm of cultivating immortals"

"Then what level of cultivation is Master Yan?"

"cough! I.....Why are you asking so many questions? These are not questions you should ask."

Yan Chixia is having a hard time speaking now.

He is only in the middle stage of Nascent Soul Realm, and Su Chen is a level higher than him.

Yan Chixia feels a little embarrassed that a young man in his twenties is actually stronger than him. Powerful. Fortunately, he didn't disobey Su Chen just now, otherwise he would definitely be taught a lesson by this Su Chen. No wonder Li Xiaoyao would say that this Su Chen has an extraordinary origin.

This Su Chen is indeed very mysterious.

At this moment,

Su Chen also checked Looking at the memories of these female ghosts, these female ghosts really did not lie.

The people they killed were indeed people who deserved to die.

These female ghosts also did some good deeds. If these female ghosts absorbed pure yang and yang essence, , then the strength of the tree demon will probably be even more powerful than it is now.

"You can leave now."Su Chen took back his mental power and said to these female ghosts.

After the leader of these female ghosts heard what Su Chen said, she hurriedly begged to Su Chen,

"Master, can you save us? The tree demons are becoming more and more cruel now. As long as we fail to complete the task of the tree demons, the tree demons will brutally kill our sisters until our souls are scattered."

Su Chen pointed at Yan Chixia and said with a smile,

"Don't worry, the Millennium Sophora Tree Demon is dead this time. With Hero Yan Chixia here, the Thousand-Year Tree Demon will definitely be killed by him, and you will all be free by then."

Nie Xiaoqian heard Su Chen's words and reminded,"Sir, the tree demon is in the late Nascent Soul cultivation realm. The demon catching master Yan Chixia cannot be the opponent of the thousand-year-old tree demon."

Yan Chixia blew her beard and stared at Nie Xiaoqian and shouted,

"how? Do you look down on me, Yan Chixia? Not to mention that the tree demon is a master in the late Nascent Soul stage, even if the tree demon is in the cultivation realm of the out-of-body realm, I, Yan Chixia, will definitely destroy the tree demon."

Yan Chixia was very unhappy when she heard Nie Xiaoqian's words. Although the tree demon is stronger than him, he practices the powerful Shushan Kung Fu. How can the tree demon be his opponent without powerful kung fu?

"Okay, you just stay here for now, and after Yan Chixia kills the tree demon, you can leave separately."

Su Chen shook his head and sat down.

Su Chen thought that it shouldn't be difficult for Yan Chixia to kill the tree demon. Yan Chixia killed the tree demon in the plot.

But which version is this A Chinese Ghost Story?

Su Chen still has it now. He didn't notice that Nie Xiaoqian was not played by a star he was familiar with.

Damn it, why did Ning Caichen faint?

Su Chen suddenly saw Ning Caichen lying on the ground behind him, and he was very speechless.

Ning Caichen was The protagonist in A Chinese Ghost Story, why did the protagonist faint at the beginning of the plot?

Is he the protagonist of luck?

Su Chen is also convinced by this protagonist.

However!

Su Chen has no intention of killing Ning Caichen. The protagonist of Luck, and the protagonist of Luck is not so easy to kill. I am afraid that if Su Chen kills Ning Caichen, either Yan Chixia will stop him or a tree demon will show up to disrupt the situation. Such things often happen in novels..

Besides, such a lucky protagonist poses no threat to him at all.

Su Chen was too lazy to take action against Ning Caichen.

In the ruined temple, there were only Su Chen and a few people there, but there were more than 20 female ghost queens. , and these female ghosts were all beautiful women.

The ruined temple suddenly became lively.

These female ghosts were all surrounding Su Chen, and even cleaned up Su Chen's surroundings. But Li Xiaoyao next to her was very envious.

Lin Yueru clenched her fists and became very angry.

These female ghosts were all trying to please Su Chen, and even squeezed her out of Su Chen's side. This made her see Su Chen He looked like he was enjoying himself and wanted to drive away these female ghosts.

When Yan Chixia saw Li Xiaoyao's envious eyes, he patted Li Xiaoyao on the shoulder and reminded him, "Boy, don't be envious. We are cultivators, and women will be delayed." Our cultivation, look at me, has never been affected by women"

"Master Yan, your appearance can't attract any woman at all. If it weren't for my low strength, I would be surrounded by those female ghosts like Mr. Su."

Chapter 1340

Li Xiaoyao glanced at Yan Chixia and shook his head.

Yan Chixia was a rough man with a beard and a stinking body that looked like he hadn't taken a shower in more than a year.

How could a woman like such a stinky man? I'm afraid even female ghosts and banshees are not interested in such a man.

Su Chen took out some food and wine from the system space at this time.

In the Shenyu Continent, it is not surprising that Su Chen even conjured up some food. The cultivators in the Eastern Continent have storage bags, and the Southern Continent has space for fighting spirit and soul power. Nai rings and storage belts, the magic of the Northern Continent has space rings.

People like Yan Chixia are not the nerds like Ning Caichen, so these people will not be surprised to see this.

Su Chen asked the female ghosts to send some food to Yan Chixia and Li Xiaoyao.

Yan Chixia is not a bad person,

Li Xiaoyao, the protagonist of luck, has not offended him, Su Chen has no intention of dealing with him, and he is not a person who kills innocent people indiscriminately.

A female ghost poured Su Chen a glass of wine and asked expectantly, "Sir, can we female ghosts follow you in the future?"

"You want to follow me?"

Su Chen looked at the female ghost and asked doubtfully.

The female ghost immediately knelt down and prayed to Su Chen again,

"Young Master, we are just lonely ghosts. We probably can't reincarnate ourselves. Even if the tree demon is destroyed, we will either be captured by other powerful demons or ghosts, or killed by some demon hunters. Please, Master, take us in"

"Please also ask the young master to take us in." The other female ghosts also begged, and Nie Xiaoqian also knelt down and swore to Su Chen, "Young master, please take us sisters in. We will obey your orders in the future and will not betray you."

Su Chen looked at these female ghosts, thought for a moment, waved his hands and said, "You all get up, I will consider this matter."

Su Chen has no intention of accepting these female ghosts. These female ghosts are of no use to him due to their low strength, but just leave these female ghosts alone? I'm afraid these female ghosts will end up like what they said in the future.

Humans and ghosts have different paths. , humans and ghosts are inherently antagonistic, just like demons, humans kill demons and demons eat humans

"Yes, sir!"

Nie Xiaoqian and other female ghosts all stood up when they heard Su Chen's words. Although Su Chen did not say that he would take them in, Su Chen did not refuse, which gave them some hope. In the middle of the night, everyone in the ruined temple He had already rested, and at this moment, a man was sneaking towards the outside of the ruined temple. He opened the door gently and ran out quickly.

"What a guy looking for death!" Su Chen leaned on the pillar and watched Ning Caichen sneak out and shook his head.

Nie Xiaoqian and the other female ghosts all looked at Su Chen. After hearing what Su Chen said, Nie Xiaoqian asked Su Chen doubtfully, "Master, won't you stop that Ning Caichen?"

Su Chen waved his hand and said with a smile,

"No, he can't die."

Nie Xiaoqian reminded Su Chen when she saw what she said.

"Young Master, there are many female ghosts controlled by tree demons around Lanruo Temple. Although some female ghosts don't kill good guys like us, there are other female ghosts who kill both good and bad guys."

Su Chen pointed to the side of the ruined temple and smiled and said, "Don't worry, Ning Caichen is lucky. He can't die here. Look, Yan Chixia didn't follow him quietly."

Su Chen is also very envious of these lucky protagonists. If Ning Caichen doesn't stay in the ruined temple, he dares to run around in the wilderness in the middle of the night. For ordinary people, even a few lives are not enough to kill him.

Yan Chi Xia followed the past and that was probably the reason for the protagonist's aura.

Outside Lanruo Temple,

Ning Caichen ran out of the ruined temple and hurriedly wanted to go down the mountain.

He was frightened this time.

There were dozens of female ghosts in the ruined temple, and those were eating Human female ghosts, Su Chen, Yan Chixia and others are not afraid of female ghosts because they are all cultivators of immortality.

He is an ordinary person.

Ning Caichen would rather hide away than interact with those female ghosts. When they were together, he was very worried that those female ghosts would kill him while Su Chen and Yan Chixia were not paying attention.

"Master, where are you going?"

"Young Master, come and play!"

"What a handsome young man!"

"Young Master, do you think I am beautiful?"

At this time, more than a dozen beautiful female ghosts appeared in the mountains and forests. Each of these female ghosts was wearing a thin gauze, and their bulging figures were highlighted. They saw Ning Caichen They all gathered around,

"Damn it, help me! Help!"Ning Caichen shouted for help when he saw the female ghosts surrounding him.

The female ghosts did not expect that Ning Caichen would know that they were female ghosts. A female ghost ordered with a frosty face,"Come on, suck him. Yang Jing, we just go back to grandma."

"good!"

Whoosh!

Ah!

Suddenly, a giant sword flew quickly, killed a female ghost who wanted to suck Ning Caichen's yang essence, and then flew back.

"Monster hunter? Let's kill this monster hunter together!"A female ghost said fiercely when she saw Yan Chixia coming from a distance,

"You are not overestimating your own capabilities."

When Yan Chixia saw these female ghosts coming towards him one by one, he was very disdainful.

Yan Chixia inserted the giant sword on the ground and tied her hands together and said,"The sky and the earth are infinite, and the universe is borrowed. , the Dharma comes from the voice of the heart, endlessly, Taiyi Tianzun is as urgent as the law."

Boom!

Ahhhhhhh.....

A golden light suddenly burst out from Yan Chixia's body, and more than a dozen female ghosts were blown away by the golden light. Some female ghosts who were close were directly blown away by the blast, and even the female ghosts farther away were injured and fell to the ground.

"It is not a pity for you evil ghosts to die, so please die!"

Yan Chixia picked up the giant sword and slaughtered the remaining female ghosts three or five times.

If these female ghosts had not taken action against Ning Caichen, Yan Chixia would not have killed them, but these female ghosts actually took action and killed him. These female ghosts will not be merciful either.

"Thank you, Master Yan, for saving your life!" Ning Caichen saw Yan Chixia kill these female ghosts in a moment, which made him hurriedly thank Yan Chixia with lingering fear.

Yan Chixia put away the giant sword and shouted to Ning Caichen, "You little kid The scholar is really not afraid of death. If you don't stay well in the ruined temple, why did you run out? Ning

Caichen replied hurriedly with a pale face, "Master Yan, the ruined temple is full of female ghosts. I'm just an ordinary person. I'm afraid those female ghosts will kill me, so I had no choice but to escape from the ruined temple.""

"Those female ghosts in the ruined temple don't harm anyone. What are you afraid of? You are really a timid scholar."

"I....."

"Damn you, come back to the ruined temple with me. There are many female ghosts here at Lanruo Temple at night. If you meet that old witch, even I can't save you."

Booooooooo!

At this time, a strong wind suddenly blew up in the mountain forest.

Under the moonlight, a heavy fog suddenly appeared in the mountain forest. The friction of branches and the roar of the wind made the gloomy mountain forest even more terrifying.

"No, there is evil spirit, such a big evil spirit. Is this the old demon from the thousand-year-old locust tree? Scholar, let's go quickly and return to the ruined temple."
