Chapter 1341

In the ruined temple,

Su Chen checked Ning Caichen's situation and stopped looking at it. With Yan Chixia protecting Ning Caichen, it was impossible for anything to happen to that nerd Ning Caichen.

"Nie Xiaoqian, I need you to help me do an experiment." Su Chen looked at Nie Xiaoqian and said.

Nie Xiaoqian heard Su Chen's words and said hurriedly, "Young master, just ask, Xiaoqian will do her best to help you."

"Young Master, we can also help Young Master"

"Yes, Young Master, we will also try our best to help Young Master"

"No matter what you ask, we will help you"

"Young Master, we sisters will all help the Young Master, just ask the Young Master."

Other female ghosts also said to Su Chen.

These female ghosts thought that if they could help Su Chen this time, then Su Chen would definitely take in these lonely ghosts in the future. With Su Chen's strong strength, he would definitely be able to protect them.

By then, they will not have to wander around and hide, nor will they have to worry about being abducted by other monsters, or even killed by the monster hunters.

Su Chen looked at these female ghosts all showing their loyalty, which left him speechless. He shook his head.

Su Chen originally planned to try and see if he could use a jade box containing spiritual stones to collect these female ghosts?

In the plot, these Nie Xiaoqian have always been attached to a painting.

But Su Chen didn't have a painting, and This is not just Nie Xiaoqian, there are more than twenty female ghosts.

Su Chen can't take these female ghosts around, right? He plans to take over Hangzhou City. If he decides to take in these female ghosts, then these It is impossible for female ghosts to reveal themselves at will.

Su Chen waved his hands to these female ghosts and said, "No need to bother, Nie Xiaoqian, are you ready?"

"Sir, I'm ready!"

"receive!"

Whoosh!

Su Chen took out a jade box containing a primary spirit stone, and he used the power of space to put Nie Xiaoqian into the jade box.

The other female ghosts didn't know what Su Chen was doing, but they weren't worried either. Su Chen would be unfavorable to Nie Xiaoqian.

Su Chen is very powerful.

If Su Chen wants to kill these female ghosts, it is impossible for them to resist.

"out!"

A quarter of an hour later,

Su Chen released Nie Xiaoqian again.

"Nie Xiaoqian, how do you feel inside?"

The other female ghosts also looked at Nie Xiaoqian.

They all felt that there were some changes in Nie Xiaoqian, but they couldn't tell what the changes were, but they felt that Nie Xiaoqian's soul seemed to be more condensed than before.

Nie Xiaoqian heard Su Chen's words He hurriedly replied,

"Young Master, I feel very good inside, and I feel my strength has increased after just a short while inside. What does the jade stone that emits spiritual energy say?"

Nie Xiaoqian became more and more curious about Su Chen.

In the jade box, she felt that the aura inside was very rich. It was a hundred times richer than the aura in the tree demon's cave.

There was also the jade in the jade box. What exactly is it? Why does it exude such strong spiritual energy?

Su Chen nodded when he heard Nie Xiaoqian's words, "Nie Xiaoqian, don't you feel any discomfort?"

Nie Xiaoqian shook her head and replied, "No, I feel very good. My soul body seems to be more solidified. If I can practice in it, my strength will increase very quickly."

Su Chen stood up and looked at these female ghosts and asked seriously, "That's good, do you really want to join me? Nie

Xiaoqian knelt down and saluted, "Master, we sincerely want to join you. If we have any other intention, the sky will thunder and we will sink into hell forever without reincarnation.""

"If you have a different intention, the sky will thunder and you will sink into hell forever without reincarnation."

"If you have a different intention, the sky will thunder and you will sink into hell forever without reincarnation."

"If you have a different intention, the sky will thunder and you will sink into hell forever without reincarnation."

The other female ghosts also knelt down and saluted Su Chen.

These female ghosts were very happy to see that Su Chen wanted to take them in. Although they are still controlled by the tree demon, they believe that Su Chen will destroy them. Kill the dryads and set them free

"Okay, remember your words. If you betray me in the future, I will make your life worse than death. It will be difficult for you to die even if you want to."

"Yes, master!"

"You all go to the jade box to practice. I will solve the control of the tree demon on you."

"Yes, master!"

After Su Chen opened the jade box, the female ghosts all flew into the jade box one by one.

Nie Xiaoqian and the other female ghosts all heard what Nie Xiaoqian just said. Although Su Chen did not answer what was in the jade box, it can enhance strength and cohesion. Soul body, this is very good for them.

The female ghosts are also eager to practice in the jade box.

At this time,

Lin Yueru got up and came to Su Chen and said worriedly, "Why did you agree to these female ghosts? Aren't you afraid that these female ghosts will deceive you?"

"Do you think you will be scared based on my strength?" Su Chen took back the jade box and asked with a smile,

"Hum, I know you are powerful, but don't all ghosts lie? You'd better be careful"

"Thank you very much!"

"By the way, aren't you going to teach me martial arts? Can you teach me now?"

When Su Chen heard Lin Yueru's words, he took out two secret books from the system space and handed them to Lin Yueru and said, "Here you go, this is the emperor's secret book Ghost Slaying God Sword Technique, and this emperor's secret book Soul Power Cultivation Technique, you Practice these first"

"Imperial level technique? You are indeed from a cultivating immortal family."

Lin Yueru was very happy after receiving the secret books.

These martial arts secret books are much more powerful than the ones at home. She used to practice only some heaven-level martial arts secret books. Here she is really a person who is in the sky and a person who is low.

"Eat this and use your power to absorb it." Su Chen thought about it and took out another red fruit and handed it to Lin Yueru.

Lin Yueru looked at the red fruit that Su Chen handed her and asked doubtfully,

"What's this?"

"You just eat it, will I still harm you?"

"You are just a pervert, what if this is some kind of adultery?"

Su Chen's head was full of black threads when he heard Lin Yueru's words.

Lin Yueru didn't know what was going on in his mind. Will Zhu Guo be regarded as a prostitute? This really made Su Chen feel very helpless.

Su Chen hugged Lin Yueru's The young man asked teasingly, "Then what if this is really the fruit of obscenity? Do you want to eat it or not?"

"you.....Let me go, you're holding me too tight."

Lin Yueru lowered her head shyly when Su Chen hugged her. She didn't expect that this bastard Su Chen would hold her back again. She just said it casually. Lin Yueru thought that Su Chen would give her the fruit of sex.

Su Chen touched it. Touching Lin Yueru's delicate red face, she said,

"Eat it quickly. This can enhance your strength. You are only at the innate realm now. After eating this red fruit, your strength may be able to improve the cultivation realm of a great Taoist master."

"real?"

"Fake!"

"Asshole, you are such a disgusting guy."

Chapter 1342

Su Chen saw Lin Yueru eating red fruit.

Lin Yueru also started to exercise her martial arts to absorb Zhu Guo's spiritual energy. Su Chen looked at Li Xiaoyao who was pretending to sleep. but!

Su Chen didn't expose Li Xiaoyao.

Without Zhao Ling'er and Lin Yueru, Su Chen didn't know what would happen to Li Xiaoyao, the protagonist of luck.

Does this count as taking away Li Xiaoyao's luck?

Holy shit!

Where is Ning Caichen?

Nie Xiaoqian had surrendered to her, so wasn't Ning Caichen's luck also deprived by him?

Ning Caichen is not comparable to Li Xiaoyao. Li Xiaoyao at least has Jiu Jianxian as his master.

It seems that Ning Caichen is lucky to be Nie Xiaoqian. Ning Caichen doesn't know martial arts, and Ning Caichen doesn't seem to have other opportunities. This Ning Caichen won't be killed by monsters in the future, right?

"Damn it, is Ning Caichen really dead?"

After Su Chen checked Ning Caichen's situation, he found that Yan Chixia was fighting with the Millennium Sophora japonica tree demon, and Ning Caichen was penetrated by a branch in the chest and fell to the ground. This made Su Chen couldn't help but suck. A breath of air-conditioning.

Ning Caichen died immediately after losing his luck? It seems that luck is crucial to the protagonist in Shenyun Continent.

Su Chen looked at Lin Yueru and shouted to Li Xiaoyao who was pretending to sleep,"Li Xiaoyao , Yan Chixia is fighting with the tree monsters. Go and help quickly. They are one mile away to the west."

Li Xiaoyao got up in a hurry when he heard Su Chen's words and said,"Oh, okay, I'll go right away. Mr. Su, aren't you going?"

"I want to take care of Lin Yueru. The tree demon is not very strong. You and Yan Chixia should be able to kill her."

"Then I will go help Yan Chixia."

Su Chen touched his chin after Li Xiaoyao left and thought,

Luck! Luck! Why didn't he feel that his luck had increased? Could it be that luck can only be discovered after one becomes an immortal?

Outside Lanruo Temple,

Yan Chixia was fighting against the thousand-year tree demon.

Ever since Yan Chixia found out that the thousand-year tree demon was coming, he took Ning Caichen and ran towards the ruined temple.

It was fine at first.

But for some reason, Ning Caichen ran away. Sometimes he either tripped over a stone or fell down unexpectedly.

After the thousand-year-old tree demon stopped them,

Ning Caichen was even more unlucky to be killed by the tree demon with one blow. Even though Yan Chixia tried her best to save Ning Caichen, it was in vain.

Boom boom boom!

In the mountain forest, the fight between Yan Chixia and the thousand-year-old tree demon became more and more fierce. Although the tree demon was stronger than Yan Chixia, he did not have a powerful special move after all. The tree demon only used Some branches attack Yan Chixia

"Yan Chixia, die!" When the tree demon saw that Yan Chixia would not be killed for a while, she ferociously attacked Yan Chixia with countless branches from all directions. When

Yan Chixia saw the branches attacking him from all directions, he hurriedly waved his sword and said: ,

"The sword returns to Wuji!"

Countless swords separated from the sword in his hand. These swords formed a sword formation one by one and completely defended Yan Chixia. Bump, bump, bump!

Boom, boom, boom!

"The sword transforms into thousands!"

Yan Chixia commanded countless swords and counterattacked towards the tree demon.

Boom boom boom!

"Hahaha....., Yan Chixia, you can't do anything to me, just give me that body and I'll let you go."

"Don't think about it, dryad, don't think that I don't know what you want to do. Ning Caichen is a pure yang body. If you want to absorb pure yang yang essence for cultivation, you'd better stop dreaming."

"Then just die!"

"The sword returns in a moment!"

Boom, boom, boom! Cough, cough, cough!

Yan Chixia was beaten until she vomited blood and flew out, saying helplessly, "Damn it, why is this old tree demon so powerful? Could it be that he really couldn't defeat this old tree demon who was neither male nor female?"

"Master Yan, let me help you with sword control!"

When Li Xiaoyao saw Yan Chixia being knocked down, he took his sword and used Shushan Sword Controlling Technique to attack the tree demon.

Boom!

The tree demon laughed when he resisted Li Xiaoyao's attack,

"Here comes another reckless boy, but you also have a pretty good penis. This time, grandma, I can have a full meal."

Li Xiaoyao watched in confusion as his attack was easily blocked.

"Damn it, this old monster is too powerful, why are his attacks useless?"

Yan Chixia shouted with a dark face when she heard Li Xiaoyao's words, "Li Xiaoyao, go quickly and find Su Chen. You are no match for this tree demon."

"Oh, okay, what about you?"

"Damn it, of course I'm going to find Su Chen, run!"

"I....."Before Li Xiaoyao could finish speaking, Yan Chixia grabbed him and flew towards the ruined temple.

"Want to escape? Can you escape? Hahaha....."

The tree demon laughed when she saw Yan Chixia and Li Xiaoyao running towards the ruined temple. She waved her hand and hundreds of female ghosts appeared next to her, "Surround Lanruo Temple for me. No one is inside." able to let go"

"Yes, grandma!"

In the ruined temple,

Su Chen watched with a speechless expression as Yan Chixia and Li Xiaoyao quickly escaped. In the plot, Yan Chixia killed the tree demon. Why was Yan Chixia defeated by the tree demon here?

And Li Xiaoyao Xiaoyao, is he here to make a joke?

The powerful sword control skills did not break the defense of the tree demon?

If the Jiu Jianxian knew this, he would probably give his apprentice Li Xiaoyao a lesson.

At this time,

Yan Chixia and After Li Xiaoyao escaped back,

Li Xiaoyao yelled when he saw Su Chen, "Su Chen, no, the tree demon is too powerful. Yan Chixia and I are no match, and Ning Caichen seems to be dead." Got it"

"I saw!"

Su Chen looked at the panicked Li Xiaoyao speechlessly and said.

Li Xiaoyao looked at Su Chen doubtfully and asked, "Then why aren't you sad? Isn't Ning Caichen your friend?"

"Damn my friend, I just met him today. Didn't you see Ning Caichen secretly leaving alone? If we were friends, would he leave without notifying me?"

"Forehead! makes sense!"

"Mr. Su, that thousand-year-old tree demon is going to trouble you." Yan Chixia came to Su Chen in a state of embarrassment and said.

Su Chen waved his hand and said, "Nothing, as long as the thousand-year-old tree demon dares to come here, I will definitely kill her."

As Su Chen said, he discovered that the tree demon did not arrive, but left with Ning Caichen's body?

After thinking about it, Su Chen felt that the tree demon might want to suck Ning Caichen's yang essence to practice. Just now she should They were also injured by Yan Chixia. The tree demon was planning to increase its strength before coming to kill them.

"Um? Why are there so many female ghosts? How many female ghosts does this tree demon control?"

Su Chen suddenly found that hundreds of female ghosts were surrounding Lanruo Temple. These low-strength female ghosts did not attack. It seemed that these female ghosts were here to monitor them.

Is the tree demon afraid that they would escape?

"Space moves!"

A blue light appeared in the ruined temple, and hundreds of female ghosts around the ruined temple were also imprisoned by Su Chen and appeared in the ruined temple.

"Damn it, Mr. Su, you have captured hundreds of female ghosts again. Are you planning to raise a group of female ghosts?"

"Shut up!"

Chapter 1343

Su Chen's face turned dark when he heard Li Xiaoyao's words.

What does it mean to raise a group of female ghosts?

Although these female ghosts are low in strength, they can be powerful helpers when trained. Su Chen is planning to train the female ghosts into personal guards.

Su Chen summoned Nie Xiaoqian and ordered,

"Nie Xiaoqian, look at the female ghosts here who can be used by me. There is no need for those female ghosts to live."

"Yes, master."

Nie Xiaoqian looked at the female ghosts around her and hurriedly saluted Su Chen, and then she began to select them one by one.

Yan Chixia looked at Su Chen and asked seriously, "Mr. Su, do you want to subdue these female ghosts?"

Su Chen nodded and replied,

"Well, if these female ghosts stay, they will be kidnapped by other monsters, or even killed by other monster hunters. They will not be punished to death, so I'd better subdue them."

Li Xiaoyao was very moved when he saw these beautiful female ghosts. If he has these beautiful female ghosts to serve him in the future, it will definitely be a great enjoyment.

Li Xiaoyao rubbed his hands and asked, "Su Young Master, can I also subdue some female ghosts?"

Su Chen looked at Li Xiaoyao unexpectedly.

He didn't expect that Li Xiaoyao would also be interested in the female ghost. Isn't he worried that Jiu Jianxian would destroy him?

Su Chen glanced at Yan Chixia and said teasingly, "Yes, as long as you are not afraid of being entangled with Yin Qi, or even being kicked out by your master, you can do whatever you want"

"Forehead! Forget it, what's so good about female ghosts? I still like human women." When Li Xiaoyao heard Su Chen's words, his face changed drastically and he hurriedly waved his hands to refuse.

Yan Chixia slapped Li Xiaoyao on the head and warned, "You brat, you'd better give up your dirty intentions. , if the disciples of Shushan find out that you dare to take in a female ghost or banshee, Shushan will clean up the family for you."

"Yes, I understand."

After Yan Chixia taught Li Xiaoyao a lesson, she reminded Su Chen, "Mr. Su, female ghosts have fickle minds. You should be more careful about these female ghosts in the future."

"I will!"

Boom! Boom! Boom!

At this time,

Lin Yueru began to break through.

Lin Yueru, who was in the Xiantian realm, broke through to the Grandmaster realm in one go.

In the early stage of Grandmaster.....Late Grandmaster.....Grandmaster's peak, boom! Early stage of Grand Master.....mid-term grand master.....

Li Xiaoyao stared at Lin Yueru who kept breaking through.

Lin Yueru was not as powerful as him, but in just a short time,

Lin Yueru broke through to the Grand Master, and the breakthrough did not mean to stop at all.

This shocked Li Xiaoyao.

Yan Chixia looked at Lin Yueru in surprise, who was constantly making breakthroughs. Lin Yueru was only in an innate realm before, so how could he keep making breakthroughs? Could it be that Su Chen helped Lin Yueru?

Li Xiaoyao hurriedly came to Su Chen and said flatteringly,

"Mr. Su, Brother Su, do you still have that Zhu Guo? Give one to my little brother, and he will be obedient to you from now on."

Su Chen shook his head and refused, "I don't have any anymore. Do you think the treasures of heaven and earth are just cabbage?"

Su Chen's Zhu Guo doesn't know how to make enemies.

Although Li Xiaoyao has no grudges with him now, what if they fight in the future?

Li Xiaoyao is also the protagonist of luck after all.

Su Chen will not cultivate a strong enemy.

"well! Why is there no more? I wish I were a beautiful woman. My hard training is not as good as a beautiful woman. Innate realm Lin Yueru suddenly became a great master. This is really enviable."

"Boy, you are not a great master, you are in the realm of gods and humans!" Yan Chixia looked at Li Xiaoyao speechlessly and struck.

Li Xiaoyao turned around and saw Lin Yueru breaking through again, which made him want to die, "What the hell, I won't live anymore, this is making me Are you ready to die of envy?"

Su Chen also didn't expect Lin Yueru's qualifications to be so good.

However, he thought that the Eastern Continent of the Divine Meteor Continent had spiritual energy, which was not comparable to the Tianxuan Continent.

It was reasonable for Lin Yueru to be able to break through to the Heavenly Realm.

At this time,

Nie Xiaoqian came to Su Chen.

She pointed to the female ghosts who were divided into two sides and said, "Master, I have chosen these female ghosts. These have not harmed ordinary people. The more than thirty female ghosts are all some evil spirits that have harmed countless humans."

Su Chen looked at the female ghosts and then turned around and said, "Yan Chixia, Li Xiaoyao, those female ghosts, please make them lose their souls." Yan

Chixia nodded and said,

"Okay, these female ghosts are capable of killing countless people at first glance. Your little female ghost did not lie. Mr. Li, I will leave these female ghosts to you. Let me see what skills you have learned from Jiu Jianxian."

"Yes, Master Yan, let me save these female ghosts."

"Nie Xiaoqian, ask these female ghosts, are they going to submit to me? Or leave on your own?"

"Yes, master."

At this time,

Lin Yueru also completed her breakthrough.

She suddenly broke through from the innate realm to the middle stage of the heavenly realm, which made Lin Yueru feel stronger than ever before.

Lin Yueru got up and quickly came to Su Chen's side. She hugged her. He held Su Chen's arm and said with a smile, "Su Chen, I am now a master in the Heavenly Realm. Haha, I am as powerful as my father."

"Just be happy, but can you control your strength? Are you going to scratch my arm to pieces?"

"Am I not yet proficient in mastering my cultivation realm? How about I rub it for you?"

"Forget it, I can't bear it"

"you are such a bastard"

"Yan Chixia, please keep an eye on this while I go and kill the tree demon." When Su Chen saw Nie Xiaoqian still talking to those female ghosts, he wanted to kill the thousand-year-old tree demon first.

"good!"

"Su Chen, you have to be careful!"

Su Chen waved to Lin Yueru and Yan Chixia and disappeared.

In a cave more than ten miles away from Lanruo Temple, the tree demon took Ning Caichen's body back to her cave. This is her true body. It was also the place where she incarnated and lived.

The tree demon was very angry after looking at the injuries on her body.

Yan Chixia had severely injured her this time. I am afraid that the tree demon's injuries would not be able to recover in a few years.

However!

This time she can If she gets a yang essence with a pure yang body, her injuries will recover quickly, and her cultivation level will even be enhanced.

Moreover, there is a pure yang body waiting for her in Lanruo Temple, if it weren't for Yan Chixia , there are even others in Lanruo Temple, the tree demon has already killed Yan Chixia, and then captured another pure Yang body

"Grandma!"

In the cave, more than a dozen female ghosts all hurriedly saluted when they saw the tree demon coming back.

The tree demon dragged Ning Caichen's body and ordered,"Stay around, grandma, I want to absorb this pure Yang. yangjing"

"Yes, grandma!"

Whoosh!

Su Chen appeared in the cave instantly, and he saw an ugly old woman carrying Ning Caichen's body,"Are you the Thousand-Year-Old Sophora Tree Demon? You're neither male nor female, and you still have a bark face. You look really ugly."

"who?"

Chapter 1344

In the cave, the tree demon was preparing to drag Ning Caichen's body to suck out the yang essence, but she didn't expect anyone to arrive suddenly.

She didn't notice anyone coming at all.

You must know that this cave is where her true body is, and nothing can escape her perception. How could this human being appear in her cave?

Is this human being even more powerful than her? swish swish.....

More than a dozen female ghosts from the Dryad Cave appeared around Su Chen. Each of them looked at Su Chen with frosty expressions and prepared to take action.

The thousand-year-old tree demon looked at Su Chen and asked cautiously,

"Human being, who are you?"

Su Chen looked around.

He found that the body of the tree demon was indeed very big.

This locust tree was probably ten stories tall. The locust tree demon had probably killed a lot of humans for thousands of years. It was the tree demon. It would probably take hundreds of years to collect so many beautiful female ghosts.

"Dryad, you have a good body. You have been practicing for thousands of years. Your demon pill should be a good treasure."

"court death!"

When the tree demon heard Su Chen's words, she wanted to take action with a frosty face.

However, she thought that this human appeared silently in her body. I'm afraid this human being is not simple at all. The thousand-year-old tree demon is also very fond of Su Chen. Be vigilant.

When Su Chen heard what the tree demon said, he smiled and said,

"court death? Hahaha! Dryad, you should have killed a lot of people in the past thousand years. Don't you know that the more people you kill, the more difficult it will be for you to survive the catastrophe?"

"This is none of your business!"

"Of course this is none of my business, dryad, do you have any last words before you die? You don't need to threaten me, Old Monster of Montenegro, I don't care about Old Monster of Montenegro at all."

"who are you? Are you from a cultivating family? I haven't offended you, why do you have to have trouble with me?"

"laugh! Have the human beings whose yang essence you sucked ever offended you?"

"Kill this human!"

The tree demon saw that Su Chen was looking like he was going to kill her.

She knew that a battle was inevitable.

This human being was not a cultivator based on his strength. The tree demon also planned to let the female ghosts try this human's strength first.

"Yes, grandma!"

"Space moves!"

Su Chen waved his hand and used the power of space to transfer these female ghosts to the ruined temple. Yan Chixia and Nie Xiaoqian in the ruined temple should know what they would do. The gap between warriors and cultivators is really too big.

Su Chen is here After advancing to the out-of-body realm, he felt that he could do it after flying to the sky and escaping to the earth, but he didn't have the skills to cultivate immortality, otherwise his strength would be even more powerful. With the space law, he can only teleport and move in space now. Space cutting, space prison.

Su Chen believed that he would understand more spatial magical powers in the future.

The dryad demon saw that Su Chen had easily disappeared the female ghosts under her, which made the dryad demon look at Su Chen very much. Horrified.

Space Law?

This human being actually knows one of the ten laws of Space Law. Could it be that this human being is an immortal who came from the fairy world? The tree demon looked at Su Chen with a wary expression and asked doubtfully, "Space Law?" You actually know the laws of space. Who are you?"

"You don't need to know, dryad, your demon elixir is going to be mine."

"Don't even think about it, just die!"

Swish swish swish"

At this time, the tree branches in the cave attacked Su Chen like sharp arrows. Thousands of branches kept attacking Su Chen, but these sharp arrow-like branches disappeared silently when they reached Su Chen. , as if it had never appeared.

Su Chen's side was constantly flashing light. This was Su Chen using his space magic power to attack. His branches moved to other places, "Tree Demon, since you know that I know the laws of space, do you think these attacks of yours are useful to me?"

"Damn it, I'm going to kill you!"

The thousand-year-old tree demon looked at Su Chen and rushed over angrily.

She knew that if she didn't kill this human being, she would be the one who died. This human being came for her demon pill, and the tree demon had to kill him if he didn't want to die. this human being

"Space prison!"

Su Chen waved his hand, and a blue light directly enveloped the tree demon. As the blue light imprisoned the tree demon, no matter how hard the tree demon struggled in the prison of space, it was useless.

"Space cutting!"

In the space prison, space blades suddenly appeared and attacked the tree demon. The body of the thousand-year-old tree demon was cut into pieces in an instant, and more space blades continued to appear in the space prison. The body of the thousand-year tree demon It was miserable to be torn apart in a short while.

"Ahhhhh....., human beings, Mr. Montenegro will definitely avenge me."

"Then let him come to me."

Su Chen didn't care about the Black Mountain Old Demon.

If the Black Mountain Old Demon dared to appear in the human world, I'm afraid the immortal sects in the Eastern Continent would not let the Black Mountain Old Demon go.

What does he have to be afraid of?

Wait until he becomes stronger.

The Black Mountain Old Demon The demon elixir must also be taken away.

After a while, the thousand-year-old tree demon in the space prison was wiped out.

"Hey, you want to pretend to be dead? Space cutting!"

Su Chen looked at the tree demon being wiped out in the space prison and sneered.

Su Chen's mental power was always checking the surroundings. After the thousand-year tree monster was wiped out in the space prison, he clearly sensed the huge locust tree. A little trembling.

This made Su Chen guess that the annihilated tree demon must be a clone, or where all the power of the tree demon lies.

The thousand-year-old tree demon's body should have no strength, and the demon pill should also be in the body of the locust tree.

"Ahhhhh....."

Boom boom boom.....

Under the attack of space cutting, the huge locust tree let out a huge scream and collapsed.

I'll do it!

Don't let the demon pill be destroyed by space cutting.

Su Chen planned to give the thousand-year-old tree demon's demon elixir to Xiao Qing.

The plot of White Snake had already begun.

He was also worried that Xiao Qing would be killed by Fa Hai due to her low strength.

"Found it, is this the demon pill?" Su Chen used space movement to transfer the demon pill into his hand and began to look at it.

Su Chen looked at the blue demon pill in his hand.

This demon pill does contain huge energy.

This is not spiritual power, nor is it any other that Su Chen knows. Energy, the demon pill should be the essence of the demon. He guessed that the demon pill should contain demon power, which may be beneficial to the demon. It would be useless for humans to obtain it.

Su Chen did not want to absorb the demon power of the demon pill and become a monster.

"It's time to go back, system, deploy 50,000 black armored infantry and 10,000 black armored cavalry between Suzhou and Hangzhou"

"Ding, host, this is your first time to deploy an army in the new world. The system rewards the army for promotion once. The strength of the black-armored army in the Godfall Continent has been raised to the acquired peak strength. The black-armored armies obtained in the future will also be the acquired peak strength. Strength."

Su Chen was surprised when he heard the system's reward and said, "I guess, the black-armored army has been promoted to the peak of acquired strength? This is quite a powerful system. Thank you very much."

"Ding, host, the black-armored army in Shenyu Continent cannot be brought back to Tianxuan Continent. As long as the host completely controls Tianxuan Continent, there will no longer be restrictions on the black-armored army in Shenyu Continent."

Chapter 1345

On the official road leading to Hangzhou City, an army of tens of thousands escorted a luxurious carriage to Hangzhou City. In the carriage, Su Chen and Lin Yueru were sitting together.

More than ten days ago, after Su Chen killed the thousand-year-old tree demon, he returned to the ruined temple to explain to Yan Chixia and Li Xiaoyao and left.

And Lin Yueru, this little girl, was entangled with him.

Su Chen originally wanted Li Xiaoyao and Lin Yueru to go to Shushan together to find out about Caiyi and Zhao Ling'er.

But Lin Yueru kept pulling him, and

Su Chen had no choice but to take Lin Yueru with him to Hangzhou.

In the carriage,

Lin Yueru had been in a daze after encountering these black-armored troops today. She did not expect that Su Chen would have tens of thousands of troops, and these troops were troops she had never seen before.

She knew from the powerful aura exuded by these black-armored armies that these armies were very powerful. This was not comparable to any army in the Song Dynasty.

Lin Yueru was even more confused about Su Chen's identity.

"Su Chen, what is your identity? Why do you have so many armies?"

"you guess?"

Su Chen took a sip of tea and said with a smile,

"I'm guessing, tell me!"

"I don't have any identity, I am just a city lord who is about to take office in Hangzhou City."

Lin Yueru asked in surprise when she heard Su Chen's words,

"you? Are you actually the lord of Hangzhou City? How can this be? Hangzhou City was the largest main city of the Song Dynasty in the south. There were more than 500,000 residents in Hangzhou City alone, not to mention the counties under the jurisdiction of Hangzhou City."

"Don't I look like a city lord?"

"No matter how you look at him, he is the dandy young master of the same family."

Su Chen took out the imperial edict and seal from the system space and said,

"Lin Xiaoniu, you are looking down on others. Look, this is the imperial edict of the Emperor of the Song Dynasty and the seal of the city lord of Hangzhou City. Do you think these are fake? Lin

Yueru exclaimed with a surprised look on her face,

"You are really the lord of Hangzhou City. Although I guessed that you couldn't lie when I saw these troops, Hangzhou City is crucial to the Song Dynasty's control of the south. How could the Song Dynasty court entrust such an important Hangzhou City?"

"Hey, maybe the Emperor of the Song Dynasty was confused!" Su Chen coughed and said rudely.

Lin Yueru glared at Su Chen and asked angrily, "You bastard are talking nonsense. Is your family a cultivating family? Are there some powerful people in your family?"

Lin Yueru felt that Su Chen's family was probably very powerful.

Otherwise, it would have been impossible for the Song Dynasty to entrust such an important city of Hangzhou. The annual taxes paid by Hangzhou City accounted for one-third of the entire south. How could the Song Dynasty court possibly Will they give up such an important tax place?

This is probably what benefits Su Chen's family gave to the Song Dynasty court, or even what conditions they promised to the Song Dynasty court.

Su Chen nodded when he heard Lin Yueru's words, "Well, not bad. I am the weakest in my family. I can't tell you where my home is now, but you will know later."

In Tianxuan Continent,

Su Chen's strength is not comparable to that of his women. It is understandable for him to say this. Although he is powerful now, he does not mean that Lin Yueru knows nothing.

"Then how come you were named Wu Xiangjun? Junjue is one level lower than Wangjue. Has your family paid a huge price?"

Su Chen shook his head and said, "How do I know? I only found out not long ago that I was going to be the city lord of Hangzhou City, and I also just found out about the title of Lord Wu Xiang."

Su Chen also didn't expect that the system would assign him the same title he had used in Tianxuan Continent in Shenyu Continent.

Mr. Wu Xiang?

No one has called him this title for a long time.

He really missed this title.

At this time, a man's voice came from outside the carriage,

"Your Majesty, Hangzhou City is about ten miles away. Do we need to notify the officials of Hangzhou City? Su

Chen thought for a while and then ordered, "Send someone to inform the officials in Hangzhou City so that they don't have to welcome me. Just ask them to arrange a residence for me."

"Yes, Your Majesty! Lin

Yueru asked suspiciously after hearing Su Chen's order, "Why don't the officials of Hangzhou City greet you?"

Su Chen touched Lin Yueru's delicate face and said,

"I don't know how to use any of those officials. From now on, the city of Hangzhou will be mine, and the officials will all be mine. I will send all those officials from the Song Dynasty court away."

Lin Yueru opened Su Chen's hand in shame and anger.

She thought about it and nodded and said, "Well, that's fine. Those provincial officials are being obedient to you."

"Oh, I didn't expect that the carefree Lin Nvxia would think of this."

"Do you want to die? If you say that again, I'll beat you up"

"Tsk, it sounds like you can beat me, but you really have a way to beat me."

"any solution? Lin

Yueru asked Su Chen with a confused look on her face.

Lin Yueru knew that Su Chen was a powerful out-of-body master. Su Chen could defeat her with just one hand.

No!

Su Chen could defeat him with just one look. ,

Su Chen, who knows the laws of space, is very powerful.

Lin Yueru thought that if she took action against this bastard, he would probably move her to Suzhou City. No matter how angry she was, there was nothing she could do against this bastard.

At this moment,

Hangzhou City The magistrate here sat in the government office with a gloomy look. He did not expect that the Song Dynasty court would entrust Hangzhou.

This would cut off his financial path.

Hangzhou City is the richest place in the south of the Yangtze River. He can spend time in Hangzhou City every year. He embezzled hundreds of thousands of silver taels. Now that Hangzhou City has been enfeoffed, he will not be the top official in Hangzhou City in the future. It is not even certain whether the future lord of Hangzhou City will use him.

"Someone come!"

"grown ups!"

The governor of Hangzhou ordered with a sinister look on his face, "Master, inform General Wu and ask him to lead people to kill the upcoming lord of Hangzhou City."

"Sir, you are doing this to be treasonous. If the new Mr. Wu Xiang finds out, you will be killed."

The prefect of Hangzhou said disdainfully after hearing what his men said,

"Treason?"

"My official career has come to an end. The city of Hangzhou has been enfeoffed. Whether we live or die in the future depends on the new city lord's whim."

"Besides, I have controlled Hangzhou City for more than 20 years. There is no way I would give up all these years of hard work. It is impossible for me to return to the imperial capital. So what if Hangzhou City has a new city lord? As long as the new city lord is killed on the way here, who will know that it was me?"

The master continued to persuade with a worried look on his face,

"Sir, think twice! Being able to be entrusted with the city of Hangzhou by the emperor to the new city lord, I'm afraid that Mr. Wu Xiang's family background is not simple. My lord, you should think about it before making a decision."

Bang!

The city lord of Hangzhou slammed the table and ordered loudly, "Go and send the order immediately and ask General Wu to lead an army of five thousand to kill the new city lord."

"Yes, my lord!"

Chapter 1346

Outside Hangzhou, in a secret underground building.

The petite little fox was sitting on a chair with her legs crossed and resting. She smiled and watched her little demons making some low-level magic weapons.

Suddenly, the little fox squinted his eyes and looked in one direction

"Suchen? You bastard finally shows up."

The little fox didn't expect that it was almost half a year before Su Chen came to Hangzhou City. She guessed that the bastard must have done something else, otherwise he wouldn't have come to the little green snake so late. The little fox checked Su Chen and said to himself in confusion He said to himself, "Huh? Why did this bastard come with tens of thousands of troops? Is this bastard going to take over Hangzhou City?"

"Boss, what happened?"

Bang!

The little fox kicked away the little demon under her and said unkindly, "Go and do what you should do."

"Yes, Boss!"

The little fox suddenly realized that Hangzhou City also wanted to move. Why did Hangzhou City's army also dispatched?

They were still heading in the direction of that bastard. Could it be that Hangzhou City's army got the news that Su Chen was going to attack Hangzhou City?

It was just that Hangzhou City dispatched five thousand troops. It's no use. That bastard has an army of 50,000 or 60,000 people. Even if these troops go there, they will deliver food. What on earth is that bastard Su Chen going to do?

Forget it!

Go meet that bastard!

By the way, I want some more spiritual stones, that bastard I don't know where I got the spirit stone.

The little fox looked at the little demons here who were still making magic weapons. She smiled and disappeared on the chair.

At this moment,

Su Chen was being pinched by Lin Yueru. Lin Yueru didn't expect that such a shameless bastard like Su Chen would be able to defeat this bastard by being weak?

Is this the way to defeat this bastard?

This bastard is just a pervert, what else is the only way?

This bastard Why don't you die?

Su Chen looked at the ashamed and angry Lin Yueru and smiled and said, "Okay, I was just joking."

"You are a pervert!" Lin Yueru glared at Su Chen fiercely and let go of this bastard.

"Lin Yueru, do you want to be an official?"

"Be an official? I don't want to be an official. My dream is to be a chivalrous and righteous heroine."

"Forget it, I originally wanted you to be the peace officer of Hangzhou City. From now on, all the police officers and city guards in Hangzhou City will be under your control, but I didn't expect you to be unwilling."

Lin Yueru hurriedly said after hearing Su Chen's words, "I am willing, I am willing, Su Chen, I will be the Sheriff of Hangzhou City."

Lin Yueru didn't expect that Su Chen would give Tian such great power. There would be more than a thousand policemen in Hangzhou City, as well as the city guards of Hangzhou City. Although Lin Yueru didn't know the city guards of Hangzhou City. How many, but the city guards in Suzhou have more than 10,000 troops. Hangzhou is much larger than Suzhou, and there are many more people than Suzhou. Lin Yueru thinks that the city guards in Hangzhou City must have at least 20,000 to 30,000 troops. Su Chen saw Lin Yueru agreed and said with a smile, "Weren't you unwilling just now?" Su Chen also felt that Lin Yueru had a strong sense of justice, and Lin Yueru was now a master in the heaven-human realm. Su Chen had no one to use, so Lin Yueru wanted to make do with it first. Lin Yueru blushed and shouted, "You care about me, I Now I am willing again." Su Chen stopped teasing Lin Yueru when he saw her blushing face. If he angered this little brat again, he would be the unlucky one.

"Well, when I take over Hangzhou City, all the policemen in Hangzhou City will be under your control. I will give you another 10,000 black-armored troops as city guards. These will all be under your control."

"hehe! Okay, by the way, what rank of official am I?"

"You are the biggest person below me in Hangzhou City. You don't have to listen to anyone's orders, but you have to obey my orders."

"I am so loyal that I became the Sheriff." Lin Yueru smiled and patted Su Chen on the shoulder.

Lin Yueru now feels that Su Chen knows her very well.

She likes to do chivalry, so Su Chen arranged for her to manage the security of the entire Hangzhou city. This is more powerful than chivalry. If there are more, it can even help those poor people.

Whoosh!

"Bastard Su, I didn't expect you to actually come. What are you going to do when you bring the army to Hangzhou City?"

At this time, a figure suddenly appeared in the carriage, and a crisp female voice suddenly sounded in the carriage.

"who?"

"Little Fox? How did you come?"

When Lin Yueru and Su Chen heard the little fox's words, they found a petite figure appearing next to them.

Lin Yueru was on guard against the little fox as if facing a formidable enemy, while Su Chen watched the little fox's appearance in surprise.

Little The fox held the pipe and squinted at Lin Yueru. She then smiled tenderly at Su Chen and said, "Yue, Su Chen, can't I come?"

"Haha, that's okay, little fox, I miss you very much." Su Chen hugged the petite little fox and said with a smile.

The little fox is still so beautiful and cute, but it would be great if the little fox could grow bigger.

A little fox who doesn't know how old he is has always been a Looking like a little girl, the little fox didn't know how long he would have to pretend to be young.

When Su Chen held him, the little fox yelled angrily, "You bastard, let me go, who asked you to hug me? Let me go quickly, or I'm going to do it."

Su Chen quickly let go and the little fox said awkwardly, "I miss you so much, little fox. I've been thinking about you every day since I said goodbye to Shura City."

Su Chen didn't feel the little fox's cultivation realm at all, which was very surprising to him.

He originally thought that the little fox's cultivation realm was the distraction realm or the integration realm, but now he saw the cultivation realm of the little fox, Su Daji. As for the realm, I am afraid that they are the group of people with the highest cultivation realm in the Shenyu Continent.

Su Chen rolled his eyes and thought about how to please this little fox in the future. With the little fox as a backer in the future, who else is there in the Shenyun Continent? Can you threaten yourself?

The little fox crossed his legs and sat in the carriage and said mockingly, "Hey, you pervert will miss me? Don't lie to me here. I don't believe a word of your words."

"What you said made me sad"

"It's best if you die"

"I'll do it!"

Lin Yueru looked at a little girl who appeared in the carriage warily.

The little girl's silent appearance in the carriage made her feel something was wrong. Moreover, Su Chen called her a little fox, which also made Lin Yueru guess that this beautiful little girl The girl was not a human being.

The little fox looked at Lin Yueru who had been looking at her, and she asked Su Chen doubtfully,

"Su Chen, why did you bring the army to Hangzhou this time? You don't need to bring an army if you want to see the little green snake? Are you planning to attack Hangzhou City?"

Su Chen poured a cup of tea for the little fox and said with a smile,

"Xiaoqing and I met in Suzhou City some time ago. I came to take over Hangzhou City. From now on, I will be the lord of Hangzhou City, and you will also be under my control."

The little fox was very surprised when he heard Su Chen's words.

This bastard is actually the city lord of Hangzhou City?

How did this bastard do it in such a short time? The little fox knew that Su Chen was not a human from the Shenyu Continent. The little fox is becoming more and more mysterious about Su Chen's identity.

"The Lord of Hangzhou City? I am also under your control? you sure?"

"Don't be so serious, I'm just joking with you, little fox, what level of cultivation are you at? Why can't I see your practice?realm?"

Chapter 1347

When Su Chen saw the little fox with evil eyes, he quickly changed the subject.

He didn't want to be beaten by this powerful little fox.

He always thought that this little fox was Su Daji in the world of gods.

Although the little fox never said her name.

But in the plot, the little fox spent thousands of years looking for her tail, which made Su Chen very suspicious that the little fox was Su Daji.

The vixen Su Daji is at least as strong as a Golden Immortal in the Conferred Gods World, but why didn't the little fox Su Daji die in the Conferred Gods World?

This made Su Chen confused.

Su Chen guessed that the nine-tailed sky fox had some means of saving his life. The little fox even did not go to confuse King Zhou himself.

She may have used a clone to replace her to confuse King Zhou, but

I am afraid she was discovered by some gods in the end, otherwise, the little fox's tail would not have been cut off.

The little fox heard Su Chen's words and said sarcastically, "My level of cultivation? You'd better not know. Your strength is too weak."

Su Chen shouted with a black face,

"Damn it, little fox, I am now in the cultivation realm of the out-of-body realm. Am I weak? The little fox held out a finger and said disdainfully, "I can kill you bastard with just one finger. Do you believe it?"

"Damn it, you are awesome, little fox, I will have to rely on you to protect me in Hangzhou from now on."

Su Chen can't believe it.

The identity of the little fox is a mystery. Regardless of whether she is really Su Daji, there is no doubt that she is powerful.

Su Chen will not offend the little fox with a hot head.

The little fox is arrogant. He turned his head and said disdainfully, "Dream, why should I protect you, you bastard?"

Su Chen held the little fox's shoulders and smiled to please him, "We have a close relationship. You can't be so ruthless. After all, we were born and died together in Shura City. You won't forget it, right?"

"Life and death in Shura City? Why do I feel like you are traveling in Shura City? What life and death have you experienced?"

"Ahem, don't worry about these details. Little fox, you have to protect me from now on. Anyway, I'm too lazy to have sex with you."

"You are so shameless."

The little fox was really speechless towards Su Chen, but!

She was also very curious about Su Chen's changes.

This bastard was just a warrior in Shura City, but just over ten years later, this bastard turned out to be an outstanding figure. As a cultivator in the Aperture Realm, Su Chen's strength has improved rapidly.

Su Chen suddenly thought of Miss Sun and the Rakshasa sisters and asked, "By the way, little fox, do you know the news about Sun Yatou and the Rakshasa sisters?"

The little fox said to Su Chen with a serious face,

"I don't know about them. Sun Yatou disappeared without a trace when she appeared in the Shenyu Continent. I don't know why. I'm afraid the Rakshasa sisters are in the underworld of the Shenyu Continent. This is also my guess. After all, I didn't go to the underworld. Viewed"

"Sun Yatou disappeared? Could it be that Sun Yatou was not a person from the Shenyun Continent who was destroyed by the law of heaven?"

"Impossible. Sun Yatou seemed to have activated some formation at that time. She probably had a jade talisman with her all the time, otherwise she would not have been able to activate the formation and disappear when she arrived in the Shenyu Continent."

"So that's it, then why did the Rakshasa sisters go to the underworld? Are they originally from the underworld?"

"I don't know much about the underworld in the Shenyu Continent. My identity is special and I cannot reveal my identity. It is also impossible for me to check out the underworld. I don't know what is going on with the Rakshasa sisters."

Su Chen shook his head when he heard the little fox's explanation and said, "Well, let's ignore them for now. I think nothing will happen to them."

Although Su Chen said this, he felt that none of the girls he met in Shura City were simple.

Little Green Snake is an important character in the plot of White Snake, and Peach Blossom Demon is also a mysterious woman. And Little Green Snake is an important figure in the plot of White Snake, and

Peach Blossom Demon is also a mysterious woman.

And Little Green Snake The fox may be Su Daji in the world of gods, and

Miss Sun's identity may not be simple.

As for the Rakshasa sisters!

Su Chen thought from the beginning that the Rakshasa sisters should be the Shura tribe created by the ancestor of Styx. The women of the tribe are beautiful, but the men are very ugly.

This was discovered by Su Chen in Shura City.

The men of Rakshasa are very ugly, but the women of Rakshasa are all very beautiful.

In the underworld But there are six paths, and one of the six paths, the Asura Path, should be managed by the Rakshasa clan. In this way, the Rakshasa sisters should have returned to the Asura Path in the Shenyun Continent.

However, does this count as having one in the underworld? Power?

The Rakshasa sisters are his people.

They will definitely listen to Su Chen's words. If he conquers the underworld in the future, this can be regarded as an internal response. The little fox knocked Su Chen who was thinking about something with his pipe and said,

"Su Chen, Hangzhou City has dispatched five thousand troops to come towards you. You said you are the new city lord of Hangzhou City, so why do I feel like those troops are here to kill you?"

"Five thousand troops? The prefect of Hangzhou City is seeking death."

Su Chen understood after hearing what the little fox said.

The prefect of Hangzhou City must have come to kill him. The prefect of Hangzhou probably didn't want to lose his power. He was desperate to kill himself so that he could continue to control Hangzhou.

Su Chen was right He shouted loudly outside the carriage,

"Su Ling!"

"Your Majesty!"

"Lead 10,000 black-armored cavalry, go ahead and destroy the troops who want to ambush us, then march into Hangzhou City and seize all the officials in Hangzhou City. Anyone who resists will be killed without mercy!"

"Yes, Your Majesty!"

When Lin Yueru heard Su Chen's order, she stood up and said seriously, "Su Chen, I'm going too. The Hangzhou prefect is too bold. I won't let that Hangzhou prefect go."

Lin Yueru was sitting in the carriage.

She listened to the conversation between Su Chen and the little fox as if she were listening to a book from heaven.

What Shura City?

What underworld?

What Rakshasa?

She knew nothing about these. Now there is a war to fight. Lin Yueru I can't wait to leave here

"Okay, you go too!" Su Chen glanced at Lin Yueru and nodded in agreement.

After Lin Yueru left, the little fox stretched out his white palm and said, "Give me some more of your spirit stones."

"there is none left."

Su Chen smiled when he heard what the little fox said.

The little fox squinted his eyes and raised his fist to threaten, "Su Chen, if you don't give it to me, you have to think about the consequences."

"Damn it, are you trying to force a girl into prostitution? Bah, no, are you threatening me?"

Su Chen didn't expect that the little fox wanted to rob him by force, but he didn't feel any killing intent.

Su Chen also understood that the little fox was joking with him.

The little fox nodded with a serious face and said, "You can think of it this way.!"

"Little fox, I can give you the spirit stone, but you have to tell me your name. I can't keep calling you little fox, right?"

"You can call me Boss!"

"Are you Su Daji?"

Boom!

When the little fox heard Su Chen mention the name Su Daji, her face changed drastically and she burst out with a powerful aura that enveloped Su Chen.

The little fox shouted to Su Chen with an angry look, "Shut up, don't mention this name in front of me again"

"My day! Little fox, do you want me to die? Quickly take back your momentum and pressure."

Chapter 1348

Su Chen didn't expect that he just said the name Su Daji.

This will make the little fox very nervous and angry, and even hurriedly stop him from saying the name again.

This made Su Chen even more certain that the little fox was Su Daji.

But who is the little fox's enemy?

In the plot, the little fox did not reveal her enemy, and the little fox's current cultivation level must have been re-cultivated. She is not an immortal yet. Is the little fox worried that her enemies know that she is not dead?

The little fox regained his momentum and warned Su Chen seriously, "Su Chen, you'd better not mention that name again. This is for your safety.""

"Who is your enemy?" Su Chen looked at the little fox and nodded, saying,

"It's none of your business."

Su Chen hugged the little fox's petite body and said,

"Little fox, you see we are all familiar with each other, your affairs are my affairs, your enemies are my enemies, and I will help you get revenge in the future."

Come on!

The little vixen's waist is so soft.

A vixen is no less a vixen.

However, if the little fox's body becomes bigger and more mature, this feeling should be even better.

The little fox didn't expect that Su Chen would dare to hold her. She, this made the little fox disappear in Su Chen's arms in an instant.

She reappeared on the other side and cursed in shame and anger,

"You shameless pervert, do you want to die? You damn bastard, you better practice hard, you are just a weakling now, and my enemies may be able to destroy you with just one look."

When Su Chen saw the little fox escaping to the other side, he coughed and said,

"Hey, you look down on me too much. It took me less than half a year to reach the out-of-body realm from Grandmaster cultivation. As long as you give me some time, I will definitely be the most powerful existence in the Shenyun Continent."

When the little fox heard what Su Chen said, she also felt incredible about this bastard.

This bastard's cultivation realm advanced too quickly. She checked that Su Chen's cultivation realm was also very stable, which also made the little fox Don't worry about Su Chen.

The little fox feels that Su Chen is her fate.

She shouldn't have seen this bastard in Shura City. She has no choice but to do anything about this shameless and shameless bastard. The little fox can't kill this bastard. Right?

Eh?

How could this bastard have the luck of the Human Emperor?

The little fox looked at Su Chen and was very confused.

She suddenly felt that Su Chen had a trace of the luck of the Human Emperor.

How is this possible?

The Human Emperor has been around since Shang Zhou. The queen has been cut off by human beings. How could Su Chen have the luck of a human emperor in his body?

The little fox was nervous and asked Su Chen in a hurry, "Su Chen, who are you?" Why do you have the luck of the Human Emperor?"

Su Chen's heart tumbled when he heard what the little fox said.

He didn't expect that the little fox discovered the aura of the Human Emperor on his body. This was his secret.

The Human Emperor is of great importance.

If the identity of the Human Emperor is exposed,

I'm afraid he has no place in Shenyu Continent.

Su Chen pretended to be confused and said, "Human Emperor? what is that? Little fox, I don't understand what you are talking about?"

When the little fox saw that this bastard still refused to say anything, she angrily grabbed Su Chen's clothes and shouted,

"Damn it, answer me quickly, aren't you afraid of death? When the Human Emperor appears, all the gods and Buddhas in the sky will kill you. Do you know that you will be in great danger in the future?"

Su Chen looked at the anxious and nervous little fox and said, "Okay, I'll tell you."

Su Chen took the little fox to sit down, and he told the little fox about the Tianxuan Continent.

The little fox really cared about him now, and

Su Chen didn't want to deceive the little fox.

And if the little fox was really a vixen Su Daji, then the little fox must know a lot about the Human Emperor, and maybe the little fox can help him in the future.

Hearing Su Chen's explanation, the little fox suddenly enlightened and said, "Tianxuan Continent? I didn't expect that you would unify a world with hundreds of millions of people. No wonder you would have a trace of the luck of the Human Emperor. Su

Chen shook his head and said proudly, "No, Tianxuan Continent has not been completely unified yet, but I will definitely unify Tianxuan Continent within one or two years.""

The little fox held the pipe and thought with blurred eyes.

She suddenly realized that something was wrong.

Even if Su Chen unified Tianxuan Continent, it is impossible for the people in Tianxuan Continent to believe in Su Chen, and it is impossible for Su Chen to believe in him. The human emperor's luck appears, but why does this bastard have the human emperor's luck?

The beliefs of the world are divided by Buddhism and Taoism.

How could Su Chen gain the faith of hundreds of millions of people?

The little fox looked at Su Chen He said doubtfully,

"No, this is wrong, Su Chen, I think even if you unified the Tianxuan Continent, you would not have the luck of the Human Emperor."

"In the small world of all heavens and worlds"

"You have unified the entire world, but if your people don't believe in you, you won't have the luck of being a human emperor."

Su Chen said awkwardly when he heard the little fox's words,

"Well, I destroyed Buddhism in Tianxuan Continent. Taoism has sunk in Tianxuan Continent, just like there is no Taoism. Now the people in Tianxuan Continent believe in me, and I am like a god in their hearts."

The little fox looked at Su Chen dumbfounded.

She didn't expect that Su Chen would destroy Buddhism in his world.

This bastard is really brave.

Fortunately, Tianxuan Continent is only a small world, and it is impossible for the fairy world to discover what is going on there.

If Su Chen dares to destroy the Buddha in the Shen Yun Continent,

I am afraid that Western Buddhism in the fairy world will send a clone to the Shen Yun Continent to destroy Su Chen at all costs.

The little fox looked at Su Chen and said helplessly,

"you.....Do you think you have a long life? Do you dare to destroy Buddhism? I really have nothing to say to you. No wonder you have the luck of being a human emperor. The faith of hundreds of millions of people can indeed make you recognized by heaven."

Su Chen approached the little fox and hugged her waist again and said,"Little fox, I will need you to protect me in the future, otherwise I will have to hide back in my world."

The little fox patted away Su Chen's hand holding her and said speechlessly,

"Stay away from me, damn bastard. If you want to die, don't drag me with you. My enemies are already very powerful. I didn't expect that you, bastard, will cause more trouble. Your enemies in the future will be gods and Buddhas all over the sky. You Do you think I can protect you?"

Su Chen immediately flattered the little fox and said,"Yes, you are a smart and beautiful little fox. You will definitely be able to protect me in the future."

"shameless!"

The little fox's beautiful eyes glared at Su Chen, and she turned around and didn't want to talk to this bastard anymore. When Su Chen saw the little fox turning around, he continued shamelessly,"Little fox, don't let yourself die, after all. There is a deep love between us, and my feelings for you are stronger than gold."

"You are so shameless. When did I become deeply attached to you? You shameless bastard is just talking nonsense, but you still have more love for me than gold? You are a shameless bastard."

Chapter 1349

The little fox was really speechless towards Su Chen.

She didn't know how to treat this shameless pervert. I'm afraid it would be useless to beat this bastard. It was impossible for her to kill this bastard. Was this bastard really her fate? ?

The little fox sat on the side holding her chin, and she was thinking about how this bastard came to the Shenyu Continent.

The Divine Meteor Continent is not Shura City.

How can Su Chen come to this Zhongqian World with his strength? Even the ordinary gods in the immortal world cannot know about the Divine Fall Continent, and only those powerful sects know about the existence of the Divine Fall Continent.

Buddhism!

Explain the teaching!

People teach!

There is also the Jiejiao sect that was exterminated, and only these powerful saint sects know the existence of the Shenyu Continent.

Not even Heaven knows about the existence of Shenyu Continent.

How did Su Chen arrive?

Su Chen took out the spirit wine and poured a glass for the little fox and asked, "Little fox, can you become bigger?"

"cannot!"

The little fox took a sip of the spirit wine gracefully and her eyes shone. She didn't expect that Su Chen would soak the spirit stone in the wine.

Spirit stone?

She didn't even notice it before, but since the fairy world was shattered after the war between saints, the acquired spiritual energy They are very rare in the fairy world, and spiritual stones have become a necessity for cultivation. Those immortals and demons who do not have caves with rich spiritual energy need to use spiritual stones to practice.

Su Chen asked the little fox in confusion,

"Why?"

The little fox replied somewhat calmly, "I'm not complete yet, and you are very familiar with me, so you should know that I am looking for my other tail."

"So that's it, where is the rest of your tail? I'll help you find"

"just you? Forget it, with your scum-like strength, my enemies can kill you with just one finger."

Su Chen heard the little fox belittle him again, which made him say angrily, "I guess, little fox, what strength are you now?"

"none of your business!"

"Am I him?"

At this moment, ten thousand black-armored cavalry were about to meet the army of Hangzhou City.

General Wu from Hangzhou City looked at the black-armored army that surrounded them with a shocked expression. He did not expect that the newly arrived Lord Wu Xiang would be like this. There were many troops, which made him very regretful for following the order of the Hangzhou magistrate to rob and kill the new city lord.

The legion commander of the black armored cavalry looked at the besieged army and ordered,

"Prepare to attack!" woo woo woo woo.....

"The black armored cavalry charges and kills the enemy!"

"kill! kill! kill!"

Lin Yueru was very surprised when she looked at the powerful black armored army."What a powerful black armored army. However, I will also have ten thousand such powerful black armored troops in the future."

General Wu from Hangzhou City saw the black-armored cavalry charging.

He hurriedly ordered and shouted,"Defend, defend quickly, archers release arrows, release arrows quickly!"

Swish swish swish".....

After a hail of arrows, the black-armored cavalry continued to charge forward unscathed.

The strength of the soldiers in the black armored army is the peak of acquired strength. Coupled with the sophisticated armor, ordinary archers cannot cause harm to the black armored army at all.

Swish swish swish.....

Ahhhhh.....

The crossbows of the black armored cavalry also began to shoot.

With the shooting of the Qi-breaking crossbows,

Hangzhou City's army killed one in an instant.

The Hangzhou City's army did not bring defensive shields at all this time. I originally thought that It was an extremely simple robbery and killing mission, but this time the Hangzhou City Army was sent to die.

Phew! Phew! Phew!

After the black-armored cavalry collided with the Hangzhou City army, the soldiers of the Hangzhou City army were knocked away by their horses one after another. The black-armored

cavalry wore devil masks and waved long swords and sabers, slaughtering the people of Hangzhou City one by one like the god of death. army,

"kill!"

Lin Yueru quickly killed the troops in Hangzhou City with a long sword. The offensive momentum of the black-armored army also affected her. Lin Yueru did not expect that fighting with the army would be so passionate. General

Wu from Hangzhou City looked at the black-armored army in horror. He didn't expect that his army would be slaughtered and routed in just a short time.

This made him panic and hurriedly order, "Retreat, retreat quickly, disperse and escape. These black-armored cavalry are too powerful. We are no match for these black-armored troops.""

"Run, these black-armored troops are devils!"

"I want to run away. I still have a wife and children. I won't fight anymore."

"Run away, run away to the nearby forest, otherwise I won't be able to escape the cavalry."

The troops in Hangzhou City fled in panic and screamed. They were all frightened by the power of the black-armored army. When the commander of the black-armored cavalry regiment saw the troops in Hangzhou City fleeing in all directions, he shouted loudly at the black-armored cavalry. commanded,

"Your Majesty has an order to kill all the enemy troops, leaving no one behind!"

"kill!"

As the black-armored cavalry chased and killed the fleeing Hangzhou City army, this war was coming to an end quickly.

The Hangzhou City army was no match for the black-armored army at all, and it was only a matter of time before these fleeing armies were killed.

Su Ling rode up to Lin Yueru's side, dismounted and saluted,

"Madam, I leave this to the madam. I will lead five thousand black armored cavalry to take over the city of Hangzhou. Your Majesty is coming soon. I want to control the city of Hangzhou as soon as possible."

Lin Yueru was very embarrassed when she heard Su Ling call her madam.

However,

Lin Yueru felt that if she didn't marry that bastard Su Chen, she couldn't marry anyone else. Not only had she been hugged by Su Chen, but that bastard also touched her at every turn. face.

Lin Yueru also felt that her relationship with Su Chen was getting closer and closer,

"good.....Okay, leave this to me. Su Chen asked you to capture all the officials in Hangzhou City. There is no way you will let them escape."

"Yes, ma'am!"

At this moment,

Su Chen, escorted by the black-armored army, was about to reach the battlefield just now, and

Hangzhou City was getting closer and closer.

Su Chen also thought about how to govern Hangzhou City in the future.

The people in Hangzhou City are easy to govern, but Hangzhou City There are also Buddhist temples. Fahai's old bald donkey is at the Jinshan Temple in Hangzhou City. Sooner or later, he will face Fahai in Hangzhou City.

Su Chen rubbed his forehead and felt a little confused.

If he sent troops to destroy the Buddhist Jinshan Temple ?

This will definitely offend the entire Eastern Continent Buddhism.

Those hypocritical Buddhists are masters of gossiping.

What if Buddhism gives him a demon-possessed man, saying that he was bewitched by a female ghost, and then give him another one for the sake of the world? The common people killed him to subjugate demons.

Su Chen had no way to fight against the powerful Buddhism

"what's on your mind?"

The little fox was playing with the intermediate spirit stone in her hand. She suddenly saw Su Chen frowning and asked in confusion.

The little fox thought that Su Chen might have something to worry about. This time Su Chen gave her five yuan for the intermediate spirit stone. Ling'er, if Su Chen has any troubles, the little fox wouldn't mind helping this bastard.

"Children, don't be curious about everything, just play with your spiritual stones."

"Do you want to die?"

Chapter 1350

Three days later,

Su Chen also completely controlled Hangzhou City, and even the counties under the jurisdiction of Hangzhou City were completely controlled one by one.

Su Chen also deployed all the black armored troops. A total of 95,000 black armored troops were deployed by Su Chen in Hangzhou City and surrounding counties.

With black-armored troops in other counties, it would be difficult for those temporarily retained officials to rebel even if they wanted to.

More than half of the officials in Hangzhou City were also executed by Su Chen. Those corrupt officials were all scum who would not hesitate to die.

The money embezzled by these officials made Su Chen find it unbelievable.

The millions of money was equivalent to several years of taxes in Hangzhou City. This made Su Chen unexpectedly get these ill-gotten gains.

The little fox did not come to Hangzhou City.

When Su Chen was about to enter Hangzhou City, the little fox left a jade charm and left.

Su Chen did not stop the little fox from leaving. Anyway, the little fox was just outside Hangzhou. It was very convenient for him to see the little fox.

Hangzhou City,

Wuxiangjun Mansion.

Su Chen was very speechless when he saw Xiao Qing and Xiao Bai arriving.

Before he had time to inform Xiao Qing and Xiao Bai, these two women actually knew that he was the new city lord of Hangzhou City. The monsters were really well-informed, and maybe even one monster His presence is known by the thought.

Xiao Qing held Su Chen's arm and asked with a smile, "Su Chen, I didn't expect that you would be the new city lord of Hangzhou City, and you would also be given the title of nobility. How did you do it?"

Xiao Qing knew Su Chen is not from the Shenyu Continent.

How come this bastard became a noble after not seeing him for more than a month? Even controlled the entire city of Hangzhou?

Xiao Qing is very curious about these.

Xiaobai looked at Su Chen and found it unbelievable that the Song Dynasty court had the protection of the Immortal Cultivation Sect.

It was impossible for Su Chen to threaten the Song Dynasty court based on his strength.

But how did this shameless pervert allow the Song Dynasty court to carve out the city of Hangzhou? Hangzhou City was the main city of the Song Dynasty in the south. Could it be that the emperor of the Song Dynasty had lost his mind and gone crazy?

Su Chen held Xiaoqing in his arms and said with a smile,

"I am originally a top noble. Didn't you see that I have a powerful army of more than 100,000 people?"

Xiao Qing rolled her eyes at Su Chen and said arrogantly, "If you don't tell me, I will live here in the future. You can arrange a room for us."

"You can stay in my room. Your sister, Xiaobai, I will ask the maid to arrange the room."

"you.....What nonsense are you talking about? I won't stay in your room." When Xiaoqing heard Su Chen's words, she blushed and refused hastily.

Her sister Xiaobai was right next to her. This bastard didn't know how to speak, which made her feel ashamed to see others.

Su Chen looked at the shy Xiaoqing and said He said jokingly, "Haha, Xiaoqing, you are my wife. If you don't want to live in my room, why should you let your sister live in my room?"

"Shameless pervert, are you looking for death?" When Xiaobai heard Su Chen's words, she slapped Su Chen in shame and anger. She hadn't even settled the score with this bastard yet. He peeked at her bathing, and this bastard dared to tease her. This Xiaobai can't stand this bastard anymore

"Space moves!"

Su Chen saw Xiao Bai waving his palm towards him, and he hurriedly activated his space magic power to move Xiao Bai out of the room.

Su Chen's current strength is the same as Xiao Bai's. They are both in the realm of out-of-body cultivation.

Su Chen was not afraid of Xiaobai taking action against him.

Xiaoqing saw Su Chen move Xiaobai out of the room.

She looked at Su Chen and asked in surprise,

"you.....You actually moved Xiaobai out of the room? Aren't you as strong as a Grandmaster warrior?"

Su Chen kissed Xiao Qing and said with a proud smile,

"Haha, I am now an immortal cultivator in the out-of-body realm, how about it? Your husband is at the same level of cultivation as Xiaobai now. Even if Xiaobai fights with me, she cannot be my opponent."

Xiaoqing leaned in Su Chen's arms and shook her head to persuade her,

"Forget it, I'm too lazy to ask you. Even if I ask you, you will say haha and not tell me. However, don't provoke Xiaobai anymore. If you never get along in the future, I will be in a difficult position."

Although Xiaoqing is curious about Su Chen's strength advancing so quickly, this is Su Chen's secret, and she doesn't want to embarrass Su Chen.

Su Chen nodded and agreed,"I know, I will not be with Xiao Qing in the future. Bai generally knows it."

Boom!

After Xiaobai kicked open the door of the room, she walked into the room and yelled at Su Chen with a frosty face,"Su Chen, you bastard, you dare to move me outside the city, you bastard Go to hell, you bastard!"

"Xu Xian, why are you here?"

"May.....Xu Xian is here?"When Xiaobai heard Su Chen's words, she hurriedly put down her raised palm. She was helpless and hurriedly asked Su Chen,

"Coming, right behind you!"

"I....., Damn it, you actually cheated on me again?"

When Xiaobai heard Su Chen's words, she turned her head in panic, but when she was sure that there was no Xu Xian behind her, Xiaobai knew that she had been deceived by Su Chen again.

Xiaobai was also dizzy.

She would know if there was anyone behind her just by feeling it. She also felt that she was stunned by this bastard Su Chen.

Xiaobai turned around and found that Su Chen had disappeared.

She looked at Xiaoqing and immediately asked,

"Xiaoqing, where is that bastard?"

Xiao Qing looked at the very angry Xiao Bai and said helplessly,

"Sister, don't be like Su Chen. Su Chen is a bastard. You can't possibly defeat that bastard. Moreover, Su Chen is now in the out-of-body cultivation realm. You can't defeat that bastard either."

Xiao Bai asked in shock when he heard Xiao Qing's words,

"What? Isn't Su Chen a warrior of the Grand Master? How could his strength be at the cultivation level of the out-of-body realm?"

Xiao Qing pulled Xiao Bai and explained, "Sister, think about it, if Su Chen wasn't so strong, do you think he might move you, a strong man out?"

Xiao Bai fell silent.

She thought that she had been moved outside Hangzhou by Su Chen just now when she had no ability to react. If Su Chen was not strong, how could she be moved out by that bastard?

Xiao Bai held Holding her fist, she felt very dissatisfied.

Damn that bastard.

Xiaobai thought that if she repaid Xu Xian in the future, she would definitely not let that bastard go.

She and that bastard would be at odds from now on.

Seeing Xiaobai, Xiaoqing gave up looking for her. When Su Chen settled the accounts, she hurriedly tried to persuade Xiaobai again,

"Sister, just give Xu Xian some money and elixirs. Don't think about anything else. Xu Xian is Xu Xian. He is not Xu Xuan five hundred years ago."

"I understand, Xu Xian is indeed not Xu Xuan, but how can we get Xu Xian to accept our money? That pedantic Xu Xian cannot accept our money for no reason."
