Chapter 1371

In the hibiscus tree garden, a girl in a pink dress ran over. After she saw the girls sitting under the hibiscus tree, she hurriedly came to Bai Ruobing and asked in a low voice, "Master, what happened?"

"Honglian, if nothing happens, you can continue to practice." Bai Ruobing smiled when she saw Princess Honglian arriving and ordered.

Bai Ruobing loved Princess Honglian very much.

After Han Fei's death,

Su Chen promised Han Fei to take care of Princess Honglian. Even Princess Honglian's title was Su Chen. They were all reserved for her.

Bai Ruobing used to be the Marquise of the Han Kingdom.

After meeting Princess Honglian, she decided to accept her as her disciple. This was also an explanation to the Han Kingdom that she had served before. She did not want the Han Kingdom. Not a single member of the royal family is left alive.

"Master, can I go see His Majesty the Emperor once?" Honglian asked Bai Ruobing in a low voice.

Princess Honglian had many things to ask Su Chen, but Su Chen had never been in Xuannio Palace. After she was taken to Xuannio Palace, Honglian never asked her. I have never seen Su Chen.

Bai Ruobing looked at Princess Honglian and sighed,

"well! Honglian, I know what you want to ask your brother about, but we have told you this. Even if your brother is alive, he does not want to see you avenge him. Do you understand this?"

Princess Honglian said hurriedly with some restraint, "I understand, I just want to ask His Majesty the Emperor something."

"Youzhu!"

Bai Ruobing shouted after hearing Princess Honglian's words.

"I've met all the ladies!" A shadow assassin suddenly appeared under the fusang tree. She saluted the Bai Ruobing girls.

"Take Honglian to see His Majesty!"

"Yes, ma'am!"

"Thank you, master!"

Honglian's eyes flashed when she heard Bai Ruobing's words and she hurriedly thanked,

"Go for it!"

"Yes, master!"

After Princess Honglian was taken away,

Ji Ruxi and the other girls looked at each other.

They knew that Princess Honglian had been holding back to avenge Han Fei. This time Princess Honglian went to see Su Chen to assassinate Su Chen, but They each shook their heads when they thought of Princess Honglian's martial arts.

Later, when they saw Princess Honglian leaving, they said doubtfully, "That little girl has murderous intentions. Is this okay for you?"

When I looked at Ji Ruxi and the girls in the future, I felt very strange. The little girl just now had murderous intentions towards Su Chen. How could these women accept an enemy as a disciple? They were not worried that Su Chen would be accidentally killed by that little girl. Die?

Ji Ruxi shook his head and said with a bitter smile,

"In the future, sister, this is the knot in that little girl's heart. If she cannot untie this knot, she will be unhappy for the rest of her life. Besides, our husband is not an ordinary person. A little girl of fourteen or fifteen years old will definitely handle it. Later, while drinking tea, he nodded and said, "These are your matters, I won't care about them. When will Jellyfish Yin Ji come back?"

Yaoyue took out a letter and handed it to the future, saying, "This is the letter that Sister Jellyfish Yinji left for you. As for when Sister Jellyfish Yinji will come back, we can't tell."

"Thanks!"

After receiving the letter, she began to read it.

At this time,

Princess Honglian was led by the Shadow Assassin to the outside of the study. She felt very uneasy when she looked at the heavily guarded secret guards around her, and her palms were even sweaty.

Shadow Assassin You Zhuliang went outside the study and reported, "Your Majesty, Princess Honglian wants to see you!"

"Let her in!"

"Yes, Your Majesty!"

Youzhu replied after hearing Su Chen's order.

She looked at Princess Honglian and opened the door to the room. But when Princess Honglian wanted to enter the room, Youzhu took a deep look at Princess Honglian. This almost frightened Princess Honglian and she ran away on the spot.

As Bai Ruobing's personal guard,

Youzhu is also the leader of the shadow assassins around Bai Ruobing. She is fully aware of some of Princess Honglian's tricks. She also warned Princess Honglian just now.

If Princess Honglian dares to assassinate Su Chen, then she will kill Princess Honglian without hesitation.

They shadow assassins don't care whether Princess Honglian is the disciple of the ladies. Anyone who dares to take action against Su Chen will be killed by them. All of them will be killed without mercy.

In the study,

Su Chen heard that Princess Honglian wanted to meet him. He also forgot about Princess Honglian. When Han Fei died, he handed over Princess Honglian to her. This was Su Chen's promise to Han Fei.

Su Chen rubbed his forehead and was very speechless.

He had never seen this Princess Honglian, but Princess Honglian should not be old now, she was an older little girl. Why do you want to see me this time? Is it because of Han Fei?

"Honglian has met His Majesty the Emperor!" Princess Honglian came into the study uneasily and saluted Su Chen.

Su Chen looked at the little girl about fourteen years old who came in and nodded.

This Princess Honglian is exactly the same as the Princess Honglian in his impression, but now she is not there. He looked unruly and willful.

Su Chen waved his hand to Princess Honglian and said,

"Honglian, I have been very busy these days and have not had time to issue a decree to recognize you as my sister. You don't have to be so polite to others. After all, you will be Princess Honglian of the Xuantian Empire."

"Thank you, Your Majesty"

"Please call me brother from now on. Today I will decree to make you the Red Lotus Princess of the Xuantian Empire."

"many.....Thank you bro....elder brother."

Princess Honglian raised her head and looked at Su Chen in a restrained manner.

This was the first time she saw the most powerful man in this continent. He was handsome, noble, and seemed to be very kind. Could this be a thought? The vicious smiling tiger?

Su Chen looked at the very restrained Princess Honglian and shook his head.

After the country was destroyed and the family was destroyed, this little girl

's temper has changed a lot.

However, without the guidance of the forced king Wei Zhuang,

Honglian The princess's level of cultivation is still a master, and this little girl's cultivation talent is also good. It seems that Ji Ruxi and the other girls will be able to train Princess Honglian in the future.

"Honglian, what do you want from me this time?"

Honglian clenched her fists after hearing Su Chen's words and said,"I just wanted to come and thank you brother.....My brother sent someone to rescue me from the Eastern Continent."

"No need to thank you. This is what I promised you just now, Han Fei. Do you hate me?"

"I....."

"to be honest!"

Princess Honglian exploded when she heard Su Chen's words.

She looked at Su Chen angrily and said sternly,

"I hate you, I hate you very much. It was because of you that the Han Kingdom was destroyed by the Qin Kingdom. My brother Han Fei also died because of you. The country was destroyed and the family was destroyed. What reason do I have not to hate you?"

Su Chen looked at the angry Princess Honglian and said speechlessly,

"What does it have to do with me if the Han Kingdom is destroyed by Qin? Was it me who ordered Qin to destroy Han? Your brother used the Reverse Scale Sword excessively and died of wasting his life force. Is it my fault?"

Princess Honglian pointed at Su Chen with an angry look and said loudly,

"If it weren't for what you did in Han State, would Han State be destroyed by Qin? The generals of the Han Kingdom were killed and fled by your men. If those generals were there, would the Han Kingdom be destroyed?"

"In addition, the capital of the Han Kingdom was also occupied by your wife Zinu, which forced my father to move the capital. If the Han Kingdom had the protection of Xinzheng City with tall walls, would the Han Kingdom be destroyed so quickly?"

Su Chen looked at the angry Princess Honglian and asked,

"Ji Wuye? Or Bai Yifei? Could it be that with them here, Han State could defeat Qin State? Your father wants to leave Xinzheng City, the capital of the Han Kingdom, on his own. If he stays in Xinzheng City, will he be caught and killed?"

"What about my brother Han Fei? If you hadn't forced my brother to use the Reverse Scale Sword to kill those people from the various schools of thought, would my brother have died?"

Chapter 1372

Su Chen was speechless after hearing what Princess Honglian said.

He was responsible for Han Fei's death, but Su Chen didn't force Han Fei at that time. Han Fei wouldn't live long. A person with almost overdraft of vitality could still survive. several years?

It was true that Princess Honglian hated him.

Su Chen also understood now that

Princess Honglian came to see him this time to assassinate him. It was just that a master's cultivation level wanted to assassinate an immortal cultivator in the out-of-body realm. Is this a fly biting an elephant?

Su Chen stood up and looked at Princess Honglian and asked,

"You want to kill me?"

"good!"

Princess Honglian suddenly took out a dagger from her arms and said coldly, swish swish swish.....

After Princess Honglian took out the dagger, more than a dozen shadow assassins in black tights suddenly appeared in the room. Each of these shadow assassins held broken blades, and they quickly surrounded Princess Honglian.

When Su Chen saw the shadow assassin appearing, he waved his hand and ordered,"Youruo, stand down. Don't take action without my order.""

"Yes, master!"

After Youruo and the shadow assassins saluted one after another, they disappeared into the room one by one. In the study, it was as if the shadow assassins had never appeared at all just now.

Princess Honglian did not expect that there would be so many in this room. Shadow Assassin.

She was already desperate and thought she was going to die, but she didn't expect that Su Chen actually asked the Shadow Assassins to retreat. This made Princess Honglian very confused when she looked at Su Chen.

"Honglian, do you just want to kill me with a dagger? Do you know how strong I am?"

"One dagger is enough. You are at most an innate level of cultivation. How can I, a master, still not be able to kill you?"

"Then you take action?"

"You'd better call your shadow assassin out, otherwise you're dead."

Su Chen shook his head when he heard Princess Honglian's words.

He sat down again and read some secret messages from the Northern Continent. These were the messages sent by the Shadow Assassin.

Princess Honglian looked at them in confusion. Xiang Su Chen, she came to assassinate Su Chen, but Su Chen didn't seem to care about her existence at all, which made Princess Honglian blush with anger. Princess Honglian held a dagger angrily and rushed over to kill Su Chen. Chen, it's just that she couldn't do anything when she thought about Su Yan.

Princess Honglian was friends with the eldest princess Su Yan, whom she had never met, and Su Yan was Su Chen's daughter. Princess Honglian thought about killing her. Su Chen, then Su Yan will be very sad, and they will not even have to be friends in the future.

Princess Honglian has been exchanging letters with Su Yan, and she also accidentally saw Bai Ruobing's secret letter. From that time on, Honglian She used the butterfly-winged bird to keep in touch with Su Yan, and even acted as Su Yan's spy in the Black Bird Palace.

Until the afternoon,

Princess Honglian was too entangled and did not take any action. She sat on the chair and fell asleep. It's burning.

This made Su Chen very speechless.

"You Ruo!"

"Owner!"

"Send Princess Honglian back to rest!"

"Yes, master!"

In the Fusang Tree Garden,

Ji Ruxi and the girls had a very pleasant conversation with Hou Hou. Hou Hou even answered some of the girls' questions about cultivation. Hou Hou also agreed to live in Xuannio Palace first. She also saw the letter from Jellyfish Yin Ji. She stayed and waited for the return of Jellyfish Yinji.

Besides, the hibiscus tree garden in Xuannio Palace was a holy land for cultivation. One day of cultivation here was comparable to hundreds of days of cultivation on Changchun Island, and she didn't want to leave just once.

"Madam, Princess Honglian has been sent back!" You Zhu came to Bai Ruobing and saluted.

When Bai Ruobing heard You Zhu's words, he smiled and asked, "Is nothing wrong with Hong Lian?"

"No!"

"Has Guren taken action?"

"Forehead! It doesn't count as a move!"

Youzhu said with a strange expression,

"Um? Doesn't count as a move? So what happened? Bai Ruobing looked at Youzhu and asked in confusion, while Ji Ruxi and a few girls next to him also looked at Youzhu curiously. They were also very interested in the assassination of Princess Honglian.

Youzhu lowered his head and suppressed laughter. Yi said,

"Princess Honglian had a showdown with her master from the beginning, and even took out a dagger to assassinate her master. However, after her master asked the shadow assassins to retreat, she kept looking at the document"

"Princess Honglian kept standing in the study room troubled, and finally fell asleep sitting on the chair. The owner also saw Princess Honglian asleep, so he asked us to send Princess Honglian back."

Ji Ruxi and the other girls couldn't laugh or cry when they heard You Zhu's words.

Is this an assassination?

An assassin actually fell asleep during the assassination.

Are there such assassins?

Bai Ruobing is now a black line, and

Princess Honglian is her apprentice. , Such a careless apprentice really made her feel very embarrassed. Although she knew that Princess Honglian could not assassinate Su Chen, she had to at least pass a few tricks! Are there any assassins who would sleep to assassinate the enemy?

Hahaha.....

After a while, Ji Ruxi and the other girls all laughed.

Today, they had learned a lot. An assassin, an assassin at the master level, actually fell asleep during the assassination. This made them all feel very funny.

"What are you laughing at?"

At this time,

Concubine Yan carried Su Yue to the hibiscus tree garden. She heard all the girls laughing, which made her very curious.

Yao Yue took Su Yue from Concubine Yan, and she laughed. Then he told Princess Honglian's assassination of Su Chen again.

Concubine Yan was very speechless after hearing this.

She also didn't expect that Princess Honglian's heart would be so big. An assassin would fall asleep during the assassination. Fortunately, Not an enemy, otherwise Honglian would not know how she died.

Bai Ruobing looked at the girls and defended Honglian, "Honglian probably didn't want to assassinate Su Chen, otherwise she wouldn't have fallen asleep in front of Su Chen."

"possible!"

Ji Ruxi smiled and nodded.

The other girls looked at Bai Ruobing and nodded.

They knew that Bai Ruobing was speaking for her apprentice.

They didn't care about it. They were happy to hear such things today. After a while, they all gave Bai Ruobing face and stopped laughing at Princess Honglian.

"Who is this?"

Concubine Yan looked at the future and was very surprised.

Why is this woman with outstanding temperament in the hibiscus tree garden? This is not a place where just anyone can come.

"Um, we forgot to introduce it to you, this is the future that Sister Jellyfish Yinji mentioned. Sister in the future, this is Concubine Yan, the queen of our Xuantian Empire."

Ji Ruxihe patted her forehead when she heard Concubine Yan's words, and she introduced each other to Concubine Yan and Hou Hou.

Concubine Yan did not expect that this woman with outstanding temperament would be the most powerful woman in Tianxuan Continent.

In the future!

This made Concubine Yan carefully look at the future.

"It turned out to be the future sister, but Concubine Yan heard Sister Jellyfish Yinji keep mentioning her sister."

In the future, I will also look at the most powerful woman in Tianxuan Continent. With her graceful temperament, peerless appearance, and powerful strength, this Queen Yanfei is indeed the most noble woman in Tianxuan Continent. In the future, I heard that

Queen Yanfei She was also called sister, which she was embarrassed to accept.

After all, Concubine Yan was the queen of a powerful empire. Even the power and mystery of the Xuantian Empire made her very frightened.

"Queen, you're welcome. Since you are sisters of Jellyfish Yinji, you will also be my sisters from now on."

Chapter 1373

In Xuannio Palace, in the evening,

Su Chen held a banquet for his future arrival.

In the hibiscus tree garden, more than a dozen beautiful women were eating delicious food, drinking spiritual wine and talking to each other.

Princess Honglian sat next to Bai Ruobing with a look of despair. She wanted to die now, and she never expected to fall asleep in Su Chen's study.

She wanted to assassinate Su Chen, and she even took out the weapon, but she couldn't figure out why she fell asleep.

Bai Ruobing looked at the listless Princess Honglian and said, "Honglian, do you understand everything I said to you this afternoon?"

"Master, I understand."

Princess Honglian nodded hurriedly.

Under the guidance of Bai Ruobing and Zi Nu, she no longer planned to seek revenge from Su Chen.

Su Chen was right,

Han Guo could not be Qin's opponent no matter what, and her brother Han Fei,

Honglian also knew about it.

She used to think that his brother was not in good health, and he was often bedridden.

After Princess Honglian knew that it was the Nilin Sword that absorbed her brother's vitality , , even if her brother didn't die in Loulan, he probably wouldn't live long, and what her brother did was just so that Su Chen could take care of herself in the future. When

Bai Ruobing heard Princess Honglian calling her master, she rubbed her forehead.

"This relationship is a bit messy"

"Su Chen had issued an imperial edict in the afternoon. From now on, you will be Su Chen's sister and the eldest princess of the Xuantian Empire."

"You are both my disciple and my sister-in-law. That bastard confused our seniority."

Princess Honglian was very speechless when she heard Bai Ruobing's words, but she didn't care about it.

She still liked to call Bai Ruobing her master.

"It doesn't matter, I am your disciple to begin with. Calling me sister-in-law or master is the same."

"whatever. Bai

Ruobing looked at Su Chen talking to Hu Ji, she smiled slyly and said,"By the way, has your brother given you a gift?"

"Gift? No! His Majesty.....Oh no, is it my brother who wants to give me a gift?"

Princess Honglian asked curiously.

She was a little excited now. Su Chen was the emperor of an empire and a powerful master. If Su Chen gave her a gift, it would definitely not be an ordinary thing.

Bai Ruobing pulled up Hong Princess Lian smiled and said,"Come with me, I will ask for a gift for you for that bastard. Since that bastard recognizes you as his sister, how can there be a shortage of gifts?"

"Haha, thank you, master!"Princess Honglian smiled and hurriedly went to find Su Chen with Bai Ruobing. She was looking forward to Su Chen's gift very much.

At this moment,

Su Chen was holding the sexy Hu Ji while drinking spiritual wine and talking.

He didn't know at all that he was The treasures will be less.

Hu Ji leaned on Su Chen's arms and said coquettishly,"Husband, I am now at the peak of the Grand Master's strength. Am I really not able to go to the Shenyu Continent?"

Su Chen kissed the hot-figured Hu Ji and refused,

"No, the Shenyu Continent is too dangerous. Immortal cultivators, monsters, ghosts, and even demon cultivators are not something we can deal with. Your current strength is gone. The Shenyu Continent is also a scumbag. Immortal-level exercises, Su Nu Heart Sutra You have to practice hard, and your husband will have to rely on you to protect him from now on."

"Haha, I understand, husband, since you can find a fairy-level technique for women to practice, why can't you find a cultivation technique that suits you?"

"well! His character is too bad, but I will find an immortal-level skill as soon as possible"

"Well, I believe that your husband can find a suitable immortal-level technique."

At this time,

Bai Ruobing brought Princess Honglian to Su Chen and said with a smile,"Husband, since you recognize Honglian as your sister, what about the gift?"

"what gift?"

"How could you not give a gift if you recognize Guren as your sister? It's like celebrating someone's birthday. Don't you go to a birthday party without bringing a gift?"

I guess!

Is there such a thing?

Su Chen also thought what Bai Ruobing said was reasonable, but what gift should he give to Princess Honglian?

After hearing the conversation between Su Chen and Bai Ruobing, the girls next to them also wanted to know. What gift will Chen give to Princess Honglian?

"Three vermilion fruits, three primary spiritual stones, a bag of spiritual tea, a jar of spiritual wine, Ruobing, is this okay?"

Su Chen thought about it and said to Bai Ruobing, these are very valuable cultivation treasures. Su Chen is not stingy this time. After all, Princess Honglian will be his sister in the future, and Su Chen will never be stingy towards his own person.

When Princess Honglian heard what Su Chen said, her eyes were so bright that she was about to drool. She knew all these treasures.

In the hibiscus tree garden, she ate and drank a lot, including tea and wine, and even She had drank and eaten Zhu Guo, otherwise she would not have been able to become a late master in just a few months.

Bai Ruobing nodded when she heard what Su Chen said, but she saw Princess Honglian's eyes were shining, so she patted her head angrily. This little girl was so worthless. These are just some ordinary cultivation treasures. Su Chen didn't produce any of her treasures.

Bai Ruobing After thinking about it, he said to Su Chen,

"Not bad, but give your black mandala flower to Honglian. Honglian is very interested in poisons. She can control snakes in the world. With black mandala flowers, Honglian will also have her own flowers in the future. ability to protect"

"What? Black mandala flower?" Su Chen felt pain when he heard that Bai Ruobing wanted to get a black mandala flower for Princess Honglian. The black mandala flower is very powerful. The early black mandala flower can poison the golden elixir. If the black datura flowers enter the mature stage in the future, even gods can be poisoned. The black datura flowers have been cultivated in the hibiscus tree garden. Su Chenguang uses spiritual fluid and spiritual stones to use them. I bought more than ten pills. Su Chen felt so painful that he wanted to refuse. Everyone here laughed when they saw Su Chen's painful appearance. Women like the Black Mandala Flower knew that after all, the hibiscus tree garden was full of flowers. They are taking care of it. Such spiritual flowers are very powerful, and they did not expect Bai Ruobing to pay attention to the black mandala flower. This time Su Chen will lose a piece of flesh. Bai Ruobing smiled and confirmed to Su Chen, "Well, that's right, it's just the black mandala flower. You won't need it anyway, so give it to your sister.

"

"I....."

"you are not willing?"

"Willing, willing." Su Chen looked at Princess Honglian's expression of crying if she didn't give him anything, and reluctantly agreed.

Su Chen looked at Bai Ruobing and decided that

Bai Ruobing should not sleep tonight. He will teach this prodigal woman a good lesson tonight. Teach her a lesson.

Looking at these in the future, she can't understand why Su Chen's expression looks like cutting flesh on a flower? Is that black mandala flower very special?

Princess Honglian rubbed her hands excitedly and hurriedly thanked, "Thank you brother, thank you master!"

Su Chen said with a mournful face as if he was about to die,

"It should, it should!"

Chapter 1374

Su Chen then took Princess Red Lotus to the black mandala flower. After he released the identity of the black mandala flower, he asked the black mandala flower to recognize Princess Red Lotus as its master.

Su Chen also told Princess Honglian about the toxicity of black datura flowers, and even told Princess Honglian about the threat black datura would pose to people around her.

But the excited Princess Honglian didn't seem to hear it. She looked around the black mandala and even wanted to collect the black mandala flowers now.

When Bai Ruobing saw the hopeless Princess Honglian, she couldn't help but knock her on the head and asked her to listen carefully to Su Chen's explanation and warning. Bai Ruobing and Su Chen didn't care about the excited Princess Honglian. Little girl.

Although she also saw black mandala flowers in the future, this was not her place after all. Although she had many questions she wanted to know, today was not the time for her to ask questions. She was going to live here for a while anyway, and the weirdness here She will figure it out one by one in the future.

Late at night, the banquet also broke up.

When Bai Ruobing was about to take Princess Honglian back, Su Chen hugged Bai Ruobing and disappeared in an instant. He did not forget to teach Bai Ruobing a lesson. Today, he was ripped off by Bai Ruobing.

In the north of the southern continent, a huge black-armored army was marching. Although it was dark now, this army still did not stop to rest.

"Miss.....Oh no, Commander, are we in such a hurry?"

In a carriage,

Xiao He looked at Mu Guiying who was resting with his eyes closed and asked doubtfully.

Mu Guiying opened his eyes and shook his head and said,

"Xiao He, this time my husband's secret message contains an urgent call for our Northern Combat Corps to return to the Imperial City of Gusu."

"My husband may encounter trouble, and there may even be other armies attacking Gusu Imperial City. We must rush back as soon as possible."

Xiao He poured a cup of tea for Mu Guiying and said doubtfully,

"Commander, this is impossible!"

"There are many troops around Gusu Imperial City"

"Besides, the defense area of our northern combat corps is the southern continent. There is no news from the hidden guards that enemy troops are going to attack the Gusu Imperial City, and it is impossible for any army to come to the northern continent to attack the Gusu Imperial City."

Mu Guiying shook her head and replied,

"I don't understand this, and that bastard didn't explain it clearly in the secret message. He just asked the Northern Combat Corps to immediately go south and return to the Imperial City of Gusu. I still don't understand why Su Chen gave such an order."

Xiao He smiled and comforted, "Forget it, Commander, we will understand it when we get to Kegusu Imperial City."

"Well, we will rush back to Gusu Imperial City in more than ten days, and we haven't seen that bastard for a long time."

Xiao He suddenly thought of the widows of the Yang family, and she frowned and asked, "What should we do with those women? Do you want to take it to Xuanniao Palace when the time comes?"

Mu Guiying was speechless when she thought of the widows of the Yang family.

Those six widows are now the commanders of her northern combat corps, and all of them are very experienced corps commanders.

Although Mu Guiying is not worried Those widows would rebel, and those widows didn't seem to have any thoughts of rebellion, but these women were still very resentful of Su Chen, and she was also very embarrassed about this matter.

Mu Guiying rubbed her forehead and said helplessly,

"Take them with you, they are now the commanders of our northern army, and they have all surrendered to our Xuantian Empire now."

"Geng Jinhua and the others are also loyal to our Xuantian Empire. There is no need for us to be on guard against them. Moreover, that bastard may have some plans for these women."

"I see!"

At this time, among the black-armored army, six women wearing black armor were riding on horses and talking.

These six women all looked heroic, and they were even more heroic in the army. , especially the fitted black armor, which highlights the perfect figures of these women.

These six women are like a landscape in the dark, but the black-armored army does not appreciate them at all.

These women were Su Chen back then. If the captured six widows of the Yang family, including Chai Meirong, the princess of Chai County, all the seven widows of the Yang family were collected by Su Chen, and many of the seven dragon balls were captured by Su Chen. The seventh woman, Du Jin'e, looked sad. said,

"Second sister-in-law and sixth sister didn't know how they were living in the eldest princess's Blackbird Legion? It would be great if Sixth Sister also fought in the northern legion, so that the seven of us could be reunited."

The second eldest child, Li Cuiping, shook her head when she heard the seventh child's words and said,

"Seventh sister, Lao Liu is now the deputy commander of the Black Bird Legion. She will be fine. If the Black Bird Legion hadn't been in the Northern Continent now, we would have been able to see Lao Liu this time."

Zou Yulan, the third child, asked doubtfully when she thought about this urgent march, "What big thing do you think happened this time? Why was that bastard Su Chen so anxious to summon the army back to Gusu Imperial City?"

"I don't know. I hope there won't be any rebellion. The world has finally calmed down and the people are living and working in peace and contentment. It's better not to have a war."

"Sisters, are we still looking for revenge on that bastard?"

"Forget it, everyone has his own master in a war, and casualties are inevitable. Now Su Chen is very tolerant to the people of the world, with extremely low taxes and loose policies and regulations. Such an emperor is a good emperor, and we cannot be selfish. Let the world fall into war again"

"That's right. Although that bastard has a bad character, he is still very good to the people of the world. This is better than any emperor can do. We can't let the world fall into dire straits for the sake of revenge."

"Yes, it doesn't matter whether we take revenge or not. Anyway, if Saburo and his brothers are not dead, we will still be living widows. This is no different from what we are now."

"well! Over the years, I only thought that Shiro was injured in the war and was unable to continue the family line. I didn't expect that your husbands are the same. We are all women who have suffered a lot."

The six Geng Jinhua were marching on their horses while talking to each other.

They have given up on seeking revenge from Su Chen. Now that the world is peaceful, they don't want to let war break out again.

I'm afraid they don't know that because of their current With their strength, it is impossible to take revenge. Even before they get close to Su Chen, they will be killed one by one by the shadow assassins.

As for the army?

That is even more nonsense.

Although the six of them control 300,000 black-armored troops, But these black-armored troops are loyal to Su Chen. If the six widows dare to raise troops to rebel, the black-armored troops will probably rebel and capture the six of them first.

"The commander-in-chief has ordered that all legions be repaired in Sanqiao Town ahead."

"The commander-in-chief has ordered that all legions be repaired in Sanqiao Town ahead."

"The commander-in-chief ordered that all legions be repaired in Sanqiao Town ahead."

At this time, the messengers were riding horses to convey Mu Guiying's orders to each legion.

The boss Zhou Qiaoer looked at the others and said hurriedly, "You all go back quickly and lead your respective legions to repair in Sanqiao Town."

"Okay, sister-in-law, let's leave first."

The other women nodded when they heard Zhou Qiao'er's words.

They hurriedly left with their guards.

The entire Northern Combat Legion will be repaired in a while, and they, the legion commanders, have to go to the commander-in-chief to receive their tasks.

Black Bird Palace,

Second Oh my god, in the morning, a loud curse suddenly came from Bai Ruobing's room,"Su Chen, you shameless bastard, I'm going to kill you bastard.""

"Madam, you asked for this."

Chapter 1375

In Bai Ruobing's room,

Bai Ruobing held down Su Chen with disheveled hair and started beating her randomly. Her body felt like it was falling apart. This shameless bastard actually tapped her acupuncture points. She had endured the bullying from this bastard all night.

"Okay, don't be angry."Su Chen hugged Bai Ruobing with his backhand and said with a smile.

He was very happy last night.

He enjoyed Bai Ruobing's tenderness.

Although he wanted to teach Bai Ruobing a lesson this time, Bai Ruobing is his woman after all. , Su Chen also stopped in moderation, and he did not torture Bai Ruobing excessively.

Bai Ruobing's face turned red as he patted Su Chen and said,"You are a bastard, get out of here, I want to rest again.""

"I'll rest with you!"

Su Chen hugged Bai Ruobing and continued to lie down. Anyway, there is nothing to do now. The empire is also managed by Concubine Yan, Changsun Wuchu and other girls. It doesn't matter if Su Chen sleeps until noon.

Bai Ruobing leaned in Su Chen's arms and whispered. He said, "You'd better spend more time with that little girl Su Yue, or Yue'er won't recognize you next time you come back."

Su Chen's eyes lit up when he heard Bai Ruobing's words, "By the way, madam, how about I take Yue'er to the Shenyun Continent?"

Bai Ruobing didn't expect that Su Chen would have such a plan, but the Shenyun Continent is very dangerous. Isn't this bastard afraid that something will happen to Yue'er in the Shenyun Continent? When Bai Ruobing thought of this, she shouted to Su Chen angrily ,

"Are you crazy? The Shenyun Continent is a world of immortal cultivation. We don't have the ability to protect ourselves when we go there. You actually want to take Yue'er with you? Do you want Concubine Yan to kill you?"

Su Chen coughed hurriedly and explained, "Cough! I'm just saying, look, a hundred days in the Shenyun Continent is equal to one day in the Tianxuan Continent. Don't I hope that Yue'er will grow up quickly?"

"That won't work, you'd better give up on this idea. If Concubine Yan finds out, you bastard will sleep in the study from now on."

"I'll do it!"

Su Chen thought that if Concubine Yan knew his thoughts, Concubine Yan would probably not make it easy for her. Concubine Yan loved her baby daughter very much, so let's just forget about it.

"Master, a secret message from the Eastern Continent has arrived."

At this time,

You Ruo reported outside the room,

"Bring it in"

"Yes, master!"

After You Ruo came in and handed Su Chen the secret letter, she hurriedly left. The smell in the room made her blush, but she didn't dare to stay in the room any longer.

Su Chen opened the secret letter and read it.

After a while,

Su Chen put the secret letter aside and thought about things.

Huang Rong's secret letter mentioned that the Qin State would be destroyed in just a few days.

Huang Rong's letter this time, she also wanted to know how Su Chen would deal with it. Should King Qin Yingzheng be killed? Or should he be captured and taken back to the Imperial City of Gusu?

Bai Ruobing took the secret letter and looked at it and said,

"Husband, this time you take Zhao Ji and Mi Hua to Xianyang, Qin State. After all, Zhao Ji is the mother of Qin King Ying Zheng. Let her go and meet Mi Hua's son."

Su Chen was also very helpless, "Oh! It has been four days since I arrived in Tianxuan Continent, and it has been more than a year since I arrived in Shenyu Continent. I am worried that something will happen in Shenyu Continent. Bai

Ruobing pointed at Su Chen's forehead with her white finger and said, "Husband, why have you become stupid? Won't you let Ji Ruxi, sister, sister Shuirou and others take people to the Shenyu Continent first?"

"Let me go, why didn't I think of this? You can rest, I will arrange for Xi and them to go to the Shenyun Continent now." Su Chen kissed Bai Ruobing and said happily after hearing what Bai Ruobing said.

He did not expect to let Ji Ruxi and the girls go there first.

Su Chen was also dizzy.

The world passage has been opened.

Even without him,

Ji Ruxi and them They could all pass smoothly. Su Chen had always wanted to take them there with him. He had always thought that the women could not enter the Shenyue Continent without him.

Bai Ruobing touched Su Chen's beard and said with a smile,

"You just have to do everything yourself. We women are not vassals. If you have anything to do in the future, just tell us. We are not stupid women."

"Haha, of course, all of my women, Su Chen, are extremely smart and as beautiful as gods."

"Virtue, hurry up and arrange your affairs."

"Okay, you have a good rest, I will go to the hibiscus tree garden immediately."

Bai Ruobing touched her belly when she saw Su Chen leaving. They were crazy most of the night yesterday. They didn't know if they could conceive a child this time. Bai Ruobing also hoped to have a child of her own. In the hibiscus tree garden,

Su Chen was After finding Ji Ruxi and the girls, they told them. After Ji Ruxi and the girls heard what Su Chen said, they also knew that this bastard had to go to the Eastern Continent. After thinking about it, they went to the Shenyue Continent first. Hangzhou City also needs them to preside over it.

Xiaobai and Xiaoqing are demons after all, and they cannot always appear in Hangzhou City. If the monks or demon subduing masters find out, it will be very detrimental to Hangzhou City..Su

Chen wrote a letter to Xiaobai and Xiaoqing under the hibiscus tree. Ji Ruxi and the other girls would not have any conflict when they went to Shenyue Continent.

Su Chen handed the letter to Ji Ruxi and explained,

"After you arrive at Shenyu Continent, you will first practice in Hangzhou City. There are still some demons and immortal cultivators in Hangzhou City. As long as those demons and immortal cultivators don't cause trouble, you can leave these alone."

"If there are powerful monsters causing trouble, you can go to a peach grove outside Hangzhou to find a little fox. The little fox is very powerful, so let her take action to destroy the troublesome monsters."

"We understand!"

Ji Ruxi and the girls nodded to Su Chen and replied with a smile.

Su Chen looked at Yao Yue and the girls again and said,

"Yao Yue, you, Hua Baifeng, Bai Jing, and Fairy Yunmeng will take turns guarding this world passage first. This is the key to our foothold in the Shenyu Continent. The world passage must not be discovered."

"besides!"

"After Hanwan, Shi Feixuan and the others arrived, they were allowed to go directly to the Shenyu Continent."

Then,

Su Chen said to Ji Ruxi,

"Xihe, Huanwan and Shi Feixuan asked their daughters to let them go to various places in the Shenyu Continent. As long as their strength did not offend powerful people, nothing would happen to them. They would let them stay in the Shenyu Continent. Wander around at will."

Yao Yue and the girls all nodded when they heard Su Chen's words. They also know the importance of the world channel. Fortunately, the world channel can be invisible, so it will not be easily discovered. After

Su Chen opened the world channel, Ji Ruxi He and Shuirou entered the world passage with their men.

After Yao Yue saw Ji Ruxi and them disappear, she looked at Su Chen and asked doubtfully, "Husband, Zhu Yuyan and Fan Qinghui, Lin Chaoying, Yan Aren't you going to let women like Jing'an go to Shenyi Continent?"

"They are all leaders and sect leaders of the same sect. I will talk to them later to see if they are willing to go to the Shenyu Continent."

Chapter 1376

Su Chen thought for a moment after hearing Yao Yue's words. Zhu Yuyan and the others were not idle and had nothing to do.

Zhu Yuyan's women not only manage their respective sects, but even the local officials where they work are supervised by them.

If you want them to go to the Shenyu Continent, you have to wait until they have arranged everything. It is not even sure whether they are willing to go now.

"You Ruo, ask Zhao Ji and Mi Hua to come over"

"Yes, master!"

"Are you leaving today?" Hua Baifeng looked at Su Chen and asked in confusion.

Bai Jing, Fairy Yunmeng, Yao Yue and others also looked at Su Chen. They did not expect that Su Chen would leave in such a hurry.

Ji Ruxi and Shui Rou had just left, Su There was no need for Chen to rush back to Shenyi Continent. They had only stayed with Su Chen for a few days. They were all a little reluctant to leave Su Chen.

"Well, the Qin State is going to be destroyed in the next couple of days, so I have to deal with the Qin State's affairs."

Bai Jing was surprised when she heard Su Chen's words and said,

"Qin is going to be destroyed? Huang Rong's Southern Combat Army moved quickly enough. Qin was the most powerful country in the Eastern Continent. If Qin was destroyed, the remaining five countries would not be able to use it as a base."

Yao Yue also understood,

"So that's it, are you planning to take Zhao Ji and Mi Hua there to let them meet their respective sons?"

Su Chen nodded and replied,

"Well, that's it."

Fairy Yunmeng said with a smile on her face,

"Okay, you'd better talk to Concubine Yan, and Yue'er. You only took her with you for three days this time. Maybe Yue'er will really disown you as her father in the future."

Su Chen also nodded.

He also felt that the time spent with Yue'er was a little short. After thinking about it, Su Chen felt that he would take Yue'er with him this time. He didn't believe that he could handle a child.

Phoenix. In the palace,

Concubine Yan was taking Yue'er with a smile, while the God of the Moon looked at Concubine Yan with an angry look.

Concubine Yan looked at the angry look of the God of the Moon and said helplessly,

"Moon God, you don't have to look at me like this. You don't want me to do this at all. Donghuang Taiyi, oh no, it was Ji Ruxihe who decided to let you manage the Yin and Yang family, but I didn't participate in this matter."

Concubine Yan is also speechless to Ji Ruxihe.

Ji Ruxihe is still holding on to the trouble with the Yinyang family. It is also possible to move the Yinyang family to the southern continent, but Ji Ruxihe has been unwilling, and Concubine Yan is not willing to do so. Knowing what to do.

Moon God looked at Concubine Yan and said angrily, "Then won't you refuse for me? Are you still my sister?"

"Tsk, did you think of me as your sister before? Concubine Yan sneered disdainfully when she heard what Moon God said.

Moon God's face turned slightly red and she directly showed her cards, "Concubine Yan, you have to help me solve this matter. I'm going to advance to the Heavenly Realm now. I don't want to go to the Eastern Continent to manage the Yin-Yang family's messy affairs."

"What can I do? Or do you want Ehuang Nuying to manage the Yin and Yang family first?"

"They definitely don't want to. Da Siming and Shao Siming are going to Shenyu Continent. I'm afraid Ehuang Nuying will be arranged to go there in the future. Who else is there in the Yin Yang family? Can you tell me something?"

"I have no choice"

"then what do I do? Do you really want to go back to that crappy place again?"

Concubine Yan coughed when she thought of Su Chen and whispered, "Ahem, you can ask your husband to solve it for you."

"What to solve?"

At this time, as soon as Su Chen entered Concubine Yan's room, he heard Concubine Yan's words and asked in confusion.

Seeing Su Chen's arrival, Moon God smiled and asked, "Husband, why are you here?"

"I didn't say anything, you still let Luna talk to you." Concubine Yan shook her head in embarrassment.

Su Chen took Yue'er from Concubine Yan's arms and said, "I'm going to the Eastern Continent. Concubine Yan, I want to take Yue'er with me this time, so that our father Women can also deepen their relationship"

"Eastern Continent? Why do you want to go to the Eastern Continent?" Concubine Yan said doubtfully when she heard Su Chen's words.

Concubine Yan didn't expect that Su Chen would go to the Eastern Continent. This bastard was leaving after just a few days, which made her very reluctant to leave. The

Moon God looked at Su Chen She was also very reluctant to leave.

She was not allowed by this bastard to go to Shen Yun Continent this time, and this bastard had to go out again just a few days after he came back. Now she wanted to tie this bastard up.

"Haven't you read the secret message sent from the Eastern Continent today? Concubine Yan pointed at the Moon God and said speechlessly, "No, no, the Moon God has been pestering me, and I haven't had time to go to the Black Bird Palace."

"What happened?"

Moon God asked Su Chen with some worry.

Su Chen teased Xiao Yue'er and said with a smile, "It's not a big deal. It's just that Huang Rong is going to destroy Qin. This time I will take Zhao Ji and Mi Hua to Qin. country, their private affairs also need to be dealt with."

"That's it, I understand, but do you really want to take Yue'er with you? Can you take care of Yue'er?"

"Don't worry, how could a person like me not be able to carry Yue'er well? I will definitely carry Yue'er well."

"It's up to you. If I find the moon is thin and dark when I come back, prepare to be punished."

Su Chen patted his chest and promised, "Don't worry, I will definitely raise our daughter to be white and fat."

"Bastard, you raise pigs!"

Concubine Yan laughed angrily and cursed when she heard Su Chen's words.

She was still worried that Su Chen could not take Yue'er well, but when Concubine Yan thought that Zhao Ji and Mi Hua were going there together, she was relieved. Zhao Ji and Mi Hua has taken care of children before, so the two of them can definitely take care of Yue'er.

"Concubine Yan, what did you want me to solve just now?"

"Didn't Xi and his sister leave a task for the Moon God?....." Concubine Yan told Su Chen about the troubles of the Moon God.

Su Chen was very speechless when he heard this.

Ji Ruxi and the Yin Yang family were really persistent with her. All the masters of the Yin Yang family were kidnapped by him. What's the use of keeping the remaining two or three kittens in the Yin Yang Family?

Su Chen touched Luna God's little face and said with a smile,

"I know this. In this way, Moon God, you send a message to those people of the Yin Yang Family. The Yin Yang Family station in the Eastern Continent is closed. Then you find a station next to the Gusu Imperial City. This way, the Yin Yang Family is closer to the Gusu Imperial City. You can do it too. Manage the Onmyojia"

"OK, thank you husband!"

"I'm going to the Eastern Continent. Concubine Yan, prepare some of Yue'er's clothes for me."

"good!"

Eastern Continent,

Xianyang City of the State of Qin.

Xianyang City has been besieged by Huang Rong's Eastern Combat Legion for almost a month. The Qin State's army has been depleted by less than 100,000 people during this period, and many soldiers are still injured.

In the main hall of the Qin Palace,

Qin King Ying Zheng shouted to the ministers in the hall with bloodshot eyes, "Are the five eastern countries still unwilling to rescue? Do the five eastern countries really want to see Great Qin destroyed?"

Qin King Yingzheng is now very scared.

The Qin army of more than 300,000 people was wiped out by more than 200,000 people in less than a month. Even Wang Jian's army that came to rescue was completely wiped out, and Wang Jian was also defeated. Later, he committed suicide.

Great Qin now has no troops to use.

It took more than a hundred years for Great Qin Fen VI to develop and grow, and even became the most powerful country in the Eastern Continent for a time. But what about now? Will the Great Qin Empire perish in his hands?

"Your Majesty, even if the five eastern countries send troops, they dare not move. The Wei Zhuang in Xinzheng City has an army of 250,000 soldiers, which was at Hangu Pass before the Qin Dynasty. Even if the five eastern countries send troops, they cannot break through our Hangu Pass before the Qin Dynasty."

Chapter 1377

In the main hall of Qin Palace.

Many ministers now look downcast. The Qin Dynasty is finished. I am afraid that the Xuantian Empire's army will really attack Xianyang City within the next two days.

In this month,

Huang Rong's Southern Combat Legion has been harassing Xianyang City.

Da Qin's army of more than 300,000 has been consumed by more than 200,000 in less than a month. There are about 10,000 troops almost every day. The Qin army was shot to death.

King Qin Yingzheng sat on the throne and said weakly, "Tell me, is there any other way to save the Qin Dynasty?"

Li Si immediately offered his hand to King Qin and saluted,

"Your Majesty, we can only fight to the bitter end."

"It is impossible for the Xuantian Empire to accept the surrender of Great Qin. All the counties and counties of our Great Qin have been captured by the Xuantian Empire. Only the capital of Great Qin, Xianyang, is left. This is no different from the destruction of the country."

Qin King Yingzheng shouted angrily when he heard Li Si's words, "A last-ditch fight? What can we do to fight against the odds? Just rely on 100,000 wounded soldiers? Wang Li, Li Xin, can you defend Xianyang City?"

"The king atones for his sins, but I cannot"

"Neither can the King's atonement minister."

Wang Li and Li Xin immediately knelt down and apologized to the King of Qin.

For almost a month,

Wang Li and Li Xin had been beaten by Huang Rong to the point of losing their temper.

Huang Rong either sent archers and crossbows to attack, or sent stones to attack them every day. The car attack was either during the day or in the middle of the night. Wang Li and Li Xin were harassed by Huang Rong's army and lost their temper.

Touch!

Qin King Ying Zheng slapped the table angrily and shouted loudly,

"No, no, do we have to surrender to that bastard Su Chen?"

"The king atones!"

Every minister in the hall hurriedly knelt down and said.

King Qin Yingzheng stood up and waved his hand and ordered,

"Tomorrow you all go up to the city wall with me. I want to see what the Xuantian Empire's army has got."

"less than a month"

"The Great Qin army suffered more than 200,000 casualties, while the Xuantian Empire's army suffered only 10,000 or 20,000 casualties. Is this the incompetence of our Great Qin army? Or is the Xuantian Empire's army too powerful?"

"Minister, obey the order."

At this moment, in the camp of the Southern Combat Legion,

Huang Rong looked at the victory results in her hands and smiled. Da Qin was about to be finished. Tomorrow or the day after tomorrow, her army could capture Xianyang City, and Da Qin would also be the Eastern Continent that he wanted to destroy. The first country.

Fu Junzhuo thought of something when he saw Huang Rong smile,

"Commander, you are going to be in the limelight again this time. This time you have destroyed Qin. The remaining five eastern kingdoms are also vulnerable, and their destruction is also a matter of time. Huang

Rong laughed and said, "Haha, Junzhuo, my husband has already returned to Xuanniao Palace. Do you sisters want to go back to Xuanniao Palace?"

Fu Junzhuo wanted to go back to Xuanniao Palace very much after hearing Huang Rong's words, but she thought of the missions of these people, and she also knew that it was impossible to go back to Xuanniao Palace now.

Fu Junzhuo smiled and said, "Commander, our sisters and others These sisters are responsible for protecting you. We can't go back to Xuannian Palace at this time."

"I have to thank my sisters this time. If it weren't for you, I might have been assassinated by those assassins."

"Commander, we are only the first line of defense. Even if we fail to stop you, you are still protected by secret guards and shadow assassins. It is impossible for those assassins to assassinate you."

"Maybe!"

Huang Rong shook her head when she heard Fu Junzhuo's words.

During this period, she had encountered more than ten assassinations.

Assassins from the Qin State and the five eastern countries were all constantly assassinating her. If it weren't for Fu Junzhuo and others, Without the protection of a woman, she would not be able to command the war in such a stable manner in the camp.

"Someone come!"

"Commander in chief!"

"Order all legions to prepare to formally attack Xianyang City tomorrow"

"Yes, Commander!"

Fu Junzhuo was very surprised when he heard Huang Rong's order.

Although Xianyang City has been crippled by Huang Rong's army in this period, as long as it continues like this.

Can't Xianyang City be destroyed without attacking?

Why would Huang Rong be so eager to attack Xianyang? City?

Fu Junzhuo shook his head and didn't think about it anymore. Huang Rong was an outstanding military commander, and she must have her reasons for doing this.

The next morning, hundreds of thousands of black-armored soldiers were outside Xianyang City, and the Xianyang City Wall Above,

King Qin Yingzheng and the ministers of Great Qin also appeared on the city wall. They did not expect that the Xuantian Empire's army would launch an attack today, which made these ministers look pale and wanted to get off the city wall immediately.

They all felt that they were lucky today. It was really bad.

Just the last time they went up the city wall, these ministers encountered a real attack from the Xuantian Empire. However, King Qin Yingzheng was beside them. No matter how scared they were, they did not dare to go down the city wall privately.

King Qin Yingzheng looked at it. Looking at the black-armored army outside the city wall, he trembled in his heart and said, "Damn it, is the Xuantian Empire going to launch a real attack today?" woo woo woo woo.....

At this time, the horn of the Southern Combat Legion sounded, and the soldiers of the entire Southern Combat Legion took action instantly.

Dong Dong Dong Dong.....

The black-armored army stepped on the spot, and the sound of heavy footsteps made the troops and poor people in Xianyang City nervous. da da da da.....

At this time,

Huang Rong was wearing a black battle armor and a red black bird cloak on her back. She came to the battlefield on horseback with a heroic appearance.

The black bird symbolizes the royal family of the Xuantian Empire and is also the symbol of the Xuantian Empire. This is not someone who can have the black bird pattern. Huang Rong is also qualified to wear the cloak with the black bird pattern because she is Su Chen's woman and the imperial concubine of the Xuantian Empire.

"1st Corps, Southern Combat Corps, see Commander-in-Chief!"

"Second Cavalry Regiment, Southern Combat Corps, see Commander-in-Chief"

"Twelfth Legion, Southern Combat Corps, see Commander-in-Chief"

"Southern Combat Legion, Wolf Servant Army Legion, see Commander!"

"Southern Combat Legion Hulin Servant Army Legion, see Commander!"

After Huang Rong appeared on the battlefield riding a war horse with thousands of secret guards, each legion knelt down and saluted Huang Rong when she passed by. On the high platform of the commander-in-chief of the southern combat legion,

Huang Rong began to fight against her south after her arrival. The legion waved his hand.

There were 600,000 Southern Combat Legions gathered here, as well as more than 200,000 foreign servants. The more than 800,000 black-armored troops were a very large army.

This does not include Hu Ji's 200,000 troops in Jiuyuan County.

The troops in Jiuyuan County are scattered in various counties in Da Qin to prevent Qin people from causing rebellion.

King Qin Yingzheng looked at the cheers outside the city and frowned, saying,

"That woman is Huang Rong, the commander-in-chief of the Southern Combat Corps? It was this woman who defeated our Qin army without any counterattack. Even General Wang Jian was defeated and died in Huang Rong's hands."

"A woman has such outstanding ability in commanding troops. That bastard Su Chen is really lucky.
Li

Si looked pale and explained to King Qin Yingzheng,

"Your Majesty, this Huang Rong is also the concubine of Xuantian Empire Emperor Su Chen, and the commanders of the remaining Eastern Combat Legion, Western Combat Legion, and Northern Combat Legion are all women, and even these women may be the Emperor of Xuantian Empire. Su Chen's woman."

Chapter 1378

King Yingzheng of Qin's face became even worse after hearing Li Si's words.

He still knew something about the Southern Combat Legion attacking Da Qin this time. He also heard that Huang Rong, the commander of the Southern Combat Legion, was that bastard woman of Su Chen.

He did not expect that the commanders of the remaining three powerful combat legions were also women, and they were even Su Chen's women. This made King Qin Ying Zheng look constipated.

Da Qin didn't know that the Xuantian Empire already had six combat legions, and the two newly established combat legions were now waging war.

Zhao Min's Canglang Combat Legion is attacking Tianzhu, and Ge Nie's Tenglong Combat Legion is waging war in the Northern Continent.

There is also an independent legion of the eldest princess Su Yan, the Black Bird Combat Legion.

If King Qin Yingzheng knew that there were still these combat legions, I am afraid he would be even more helpless and frightened.

Not far outside Xianyang City in the Great Qin Dynasty, three figures suddenly appeared here. This was Su Chen who brought Zhao Ji and Mi Hua to the Eastern Continent.

After Su Chen advanced to the realm of out-of-body cultivation, he could teleport thousands of miles at a time. If Su Chen hadn't been worried about his mental energy being consumed too quickly, he would have reached Xianyang City in the Eastern Continent yesterday.

"Su Chen, the war is about to begin, let's get over there quickly."

Zhao Ji saw that hundreds of thousands of black-armored troops were already stationed outside Xianyang City. She was worried that she might not be able to see King Qin Yingzheng when the siege battle began.

"All right!"

Su Chen hugged Su Yue and smiled before replying.

Su Yue was looking around with her eyes wide open. After holding Su Yue several times and teleporting, Su Yue did not have any adverse reactions. Su Chen was relieved.

Mi Hua looked at Xianyang City with a sad face.

She was very confused now.

Da Qin was about to end, but her son Fusu was still in Xianyang City. She didn't know what Fusu's fate would be in the future. In this way, she originally wanted to ask Su Chen what he would do with Fu Su, but she did not dare to ask Su Chen several times.

"See Your Majesty!"

At this time, a group of patrolling secret guards appeared next to Su Chen and saluted.

Su Chen looked at the arriving secret guards and nodded and ordered, "Get up and inform Commander Huang Rong that I have arrived."

"Yes, Your Majesty!"

At this moment,

Huang Rong was ready to order an attack. Catapults, battering rams, and huge siege ladders were all in place.

Huang Rong did not want to capture Xianyang City in one fell swoop this time.

Her goal today was to wipe out Da Qin's army. More than half, tomorrow will be the real battle to capture Xianyang City.

Huang Rong ordered the messenger next to him with a serious face,

"Order each legion to prepare to attack in turn. This attack is in accordance with the previously assigned tasks and is not aimed at siege. Our task today is to destroy more than half of the Qin army."

"Yes, Commander!"

"Report to the Commander-in-Chief, His Majesty the Emperor has arrived."

At this time, a secret guard arrived quickly and saluted Huang Rong and said hurriedly.

Huang Rong was very surprised when she heard the secret guard's report, "What? His Majesty the Emperor has arrived?"

"Yes, Commander,"

"Come on, the order just now is cancelled, and the commanders of the various regiments are ordered to follow me to welcome His Majesty."

"It's the commander-in-chief!"

Huang Rong didn't expect that Su Chen would arrive so soon. It took her two days for her secret message to arrive at the Black Bird Palace, and Su Chen arrived in two days. Is that bastard's teleportation ability so strong?

Woo woo woo woo.....

"The legions immediately formed their ranks and His Majesty the Emperor arrived. All legions were ready to welcome His Majesty the Emperor."

"The legions immediately formed their ranks and His Majesty the Emperor arrived. All legions were ready to welcome His Majesty the Emperor."

"All legions immediately formed their ranks, His Majesty the Emperor arrived, and all legions were ready to welcome His Majesty the Emperor."

Hundreds of thousands of black-armored troops outside Xianyang City suddenly heard the sound of horns calling for the entire team to assemble. This made the soldiers of the various black-armored regiments who were preparing to attack very confused.

And when all the black-armored troops heard the call from the ordering soldiers, After the shouts, all the soldiers in the black-armored army were excited.

They did not expect that in the final war of annihilation, His Majesty the Emperor would come in person. This made all the soldiers in the Black-armored Army straighten their backs and prepare to welcome His Majesty the Emperor. The arrival.

On the wall of Xianyang City, King Qin Yingzheng and many ministers, and even more than 100,000 Qin troops became nervous when they heard the sound of the trumpet. They all guessed that the black-armored army of the Xuantian Empire was about to attack. Wang Li suddenly discovered that the black- armored army was about to attack.

The strange behavior of the army made him hurriedly report to King Yingzheng of Qin,

"No, Your Majesty, look, the black-armored troops below seem to be lining up. This is not an offensive formation, it seems to be welcoming the arrival of someone important."

Li Xin looked at the black-armored army and said doubtfully,

"Yes, I can see it, but in the Eastern Continent, Huang Rong's level is the highest in the Xuantian Empire. Who else can Huang Rong welcome with such a grand ceremony?"

Qin King Ying Zheng raised his eyebrows when he heard Wang Li and Li Xin's words and greeted the important people?

Or is he more noble than Huang Rong, the commander of the Southern Combat Legion?

Huang Rong is not only the commander of the Southern Combat Legion, she is also a member of the Xuantian Empire Princess, there is probably no one with a higher status than Huang Rong in the Eastern Continent. Who are those hundreds of thousands of black-armored troops welcoming in such a grand manner?

Su Chen?

Could it be that bastard Su Chen has arrived?

This is impossible!

King Qin Ying Zheng She shook her head and rejected his guess.

Su Chengui is a powerful emperor. It is impossible for him to appear in the Eastern Continent at this time.

At this moment, after Huang Rong led her men to where Su Chen was, she was pleasantly surprised when she saw Su Chen. shouted, "Husband, why did you suddenly come to the Eastern Continent?"

"See Your Majesty the Emperor."

More than a dozen regiment commanders of the Southern Combat Corps and thousands of secret guards knelt down and saluted Su Chen.

"Haha, everyone, get up."

Su Chen waved his hands to the army commanders and secret guards. He looked at Huang Rong, hugged Huang Rong's waist and said, "Didn't I rush here after receiving your secret message?"

"Yeah yeah yeah...."

At this time,

Su Yue in Su Chen's arms also waved her little hands and screamed.

Huang Rong saw Su Chen hugging her in front of her subordinates, which made her face slightly red, but after she heard Su Yue's cry.

She looked at Su Yue and asked doubtfully, "Husband, what is this?"Is this Su Yue?"

Su Chen looked at the excited little Su Yue and said with a smile, "Yes, this is our little princess Su Yue."

"Why did you bring Yue'er? Yue'er is still young, aren't you worried about Yue'er getting sick on the road?"

"Don't worry, nothing will happen to you as long as I'm here. Huang

Rong turned pale when she heard Su Chen's words and stared at this bastard. She looked at her men and ordered, "You haven't seen our little princess of the Xuantian Empire, Princess Gao Yue!"

"See Princess Gaoyue!" Huang Rong's army commanders all hurriedly saluted after hearing Huang Rong's words.

Princess Su Yue of Gao Yue in Su Chen's arms looked around with her little eyes and waved her little hands and screamed.

"All free of charge!"

"Thank you, Your Majesty!"

"You all return to your respective legions and prepare to welcome His Majesty the Emperor and Princess Gao Yue."

"Yes, Commander."

Chapter 1379

After Huang Rong ordered her army commander, she also discovered Zhao Ji and another beautiful woman. She had some guesses about Zhao Ji's arrival, but Huang Rong had no impression of her at all who the other strange woman was.

"Sister Zhao Ji, do you want to meet King Qin Yingzheng? Zhao

Ji nodded to Huang Rong and said helplessly, "Well, Huang Rong, we will build a temporary shed outside Xianyang City later. I want Ying Zheng to say something."

Although Zhao Ji is very disappointed with King Qin Ying Zheng,

King Qin Ying Zheng is his son after all.

If Ying Zheng can surrender, she is ready to plead with Su Chen for Ying Zheng.

I hope Su Chen can spare Ying Zheng's life. , let Ying Zheng live as an ordinary person from now on.

"Okay, I will arrange these."

Huang Rong nodded and agreed.

After all, Zhao Ji is the mother of King Qin Yingzheng, and Zhao Ji also manages the empire's finances in Xuanniao Palace. She is still a bastard woman. Huang Rong wants to give Zhao Ji face.

Huang Rong Looking at Mi Hua, she asked Zhao Ji doubtfully,

"Who is this? Su

Chen looked at the anxious Mi Hua and explained to Huang Rong, "The wife of Ying Zheng of Qin State, Mi Hua."

Huang Rong was very speechless when she heard what Su Chen said.

One is the mother of King Qin Yingzheng, and the other is the wife of King Qin Yingzheng. Did this bastard come here to humiliate King Qin Yingzheng?

Although Huang Rong knew that Su Chen could not do such boring things. But this made her unable to figure out Su Chen's plan.

Zhao Ji might have arrived for the sake of Ying Zheng's life and death.

What about Mi Hua?

Could it be for Qin's son Fu Su?

"Mihua? Are you Mrs. Qin, Mi Hua, who was sent to Xuanniao Palace by King Qin Yingzheng last time in exchange for Hu Ji withdrawing her troops?"

"Mi Hua has met Commander Huang Rong." Mi Hua hurriedly saluted after hearing Huang Rong's question.

Mi Hua's identity is very embarrassing.

She is neither Su Chen's woman nor the wife of King Qin Ying Zheng. In Great Qin, Mi Hua was the wife of King Qin Ying. Zheng Xuan died of illness. She is very uncomfortable here now.

Huang Rong looked at Su Chen strangely and said to Mi Hua, "Haha, you're welcome. I have a sister of yours in my military camp. Mrs. Qin Li Qiu.

Mi Hua heard Huang Rong talking about Li Qiu and asked hurriedly, "Li Qiu?" Li Qiu was caught by the commander?"

"No, it was Li Qiu who escaped to my military camp. It was the help of Qi State that allowed Li Qiu to escape Xianyang City. You can ask Li Qiu about this later."

"Mihua knows!"

Su Chen also did not expect that Li Qiu would escape from Xianyang City.

It seems that Qi State is ready to surrender.

Qi State is the most spineless among the Warring States Period. The strength of Qin State can force Qi State to surrender. The Xuantian Empire is Much more powerful than Qin, Qi must have planned to surrender as soon as possible without seeing any hope.

"Shadow Team, Captain of the Second Team, Qin Mengyao (Fu Junzhuo, Fu Junyu, Fu Junqiang, Hua Yuenu, Hua Xingnu) has met His Majesty."

At this time, six beautiful beauties appeared next to Su Chen and saluted.

Su Chen waved to these beauties and asked, "Get up, Qin Mengyao, didn't you receive the secret message? Qin

Mengyao smiled and replied to Su Chen, "Your Majesty, I have received the secret message from Xuannio Palace. I am waiting for Shen Sanniang to arrive, and then I will rush back to Xuannio Palace.""

Qin Mengyao also didn't expect that

Su Chen would send her and Shi Feixuan to the Shenyu Continent. She had read about the continent where immortals were cultivated in a secret letter. She was also very curious about the world of immortal cultivators.

"Well, this time you and Shi Feixuan told them to be careful when they arrive at the Shenyu Continent. There are many masters there. Your strength is not that good in the Shenyu Continent."

"Mengyao understands!"

"Let's set off to see the last afterglow of Da Qin"

"Yes, Your Majesty!" woo woo woo woo.....

Su Chen held Su Yue in his arms and rode towards the Southern Combat Legion. When they were about to reach the Southern Combat Legion's military formation, the horn of the Southern Combat Legion sounded again.

"See your majesty, your majesty will live forever! See Princess Gaoyue, happy princess!"

"See your majesty, your majesty will live forever! See Princess Gaoyue, happy princess!"

"See your majesty, your majesty will live forever! See Princess Gaoyue, happy princess!"

One after another, black-armored army phalanxes knelt down and saluted as Su Chen passed by holding Su Yue in his arms.

Su Chen also waved to the various legions of the Southern Combat Legion, and

Su Yue also waved with her little eyes wide open. Holding her little hand, there were so many people here, and even the loud noises did not scare Su Yue at all. She looked around with great interest.

Zhao Ji and Mi Hua saw so many troops kneeling down to salute. They were also surprised.

There must be nearly a million troops here!

When Zhao Ji and Mi Hua saw the black-armored army soldiers here, they looked at Su Chen with admiration. They were very impressed by Su Chen's ability to master the black-armored army. The ability is very shocking.

I am afraid that the troops here are willing to fight to death for Su Chen. All the black-armored troops here will carry out an order from

Su Chen to the letter. On the wall of Xianyang City, King Qin Yingzheng and many ministers heard With the shouts of the black-armored army, they all looked outside the city wall in shock. The emperor of the Xuantian Empire, Su Chen, has arrived? The little princess of the Xuantian Empire, Princess Gao Yue, has also arrived? Da Qin will be destroyed today ?

"Damn it, that bastard showed up in person."Qin King Ying Zheng looked outside the city wall and cursed angrily.

Su Chen's arrival this time made him know that the Qin Dynasty's demise was irreversible.

Although Ying Zheng had long thought that such a day would come, he just did not expect this day. It arrived so quickly.

And that bastard Su Chen had to come in person. Did that bastard want to watch his Great Qin be destroyed in person?

This made Qin King Ying Zheng very angry and helpless.

"Your Majesty, a messenger from the Xuantian Empire has arrived."

At this time

, a black-armored cavalry rushed towards Xianyang City. Wang Li looked at it and reported to King Qin Yingzheng.

King Qin Yingzheng looked at the outside of the city and ordered expressionlessly,"Order the archers not to let go. Arrow, let someone bring the letter up"

"Yes, Your Majesty!"

After a while, a Qin soldier held a letter with a black black bird pattern, and he quickly delivered it to Qin Wang Yingzheng.

Qin Wang Yingzheng looked at the letter with a black black bird pattern, and he opened it in a daze. stand up,

"King Qin Yingzheng!"

"It has been more than a year since we last said goodbye. From allies to enemies, these are all for our respective empires. I didn't take your treachery to heart at first."

"Today, your Great Qin will be destroyed by my Xuantian Empire"

"Don't blame me. Destroying a country is something we, the monarchs, must do. Between empires, you destroy me today and I will destroy you tomorrow. This kind of war will end in my hands."

"I will completely unify the Tianxuan Continent. The four continents will all fall under the rule of the Xuantian Empire. The Yanhuang Huaxia tribe will be the noblest nation in the Tianxuan Continent."

"I also know your ambitions. I will do what you haven't accomplished. I'm not here to show off, nor am I here to hit you again. Let's go out to the city and see you. I've prepared some wine."

"There are still some people who want to see you. They also want to see you again. I will wait for your arrival outside Xianyang City."

"Emperor of the Xuantian Empire, Su Chen!"

Chapter 1380

King Qin Yingzheng read the letter in his hand and held it tightly.

Su Chen was right, it was impossible for empires to become friends.

When Ying Zheng betrayed his faith and wanted to kill Su Chen, he also saw Su Chen's potential, a powerful army, and a powerful master. At that time, Su Chen had the ability to threaten Great Qin.

Ying Zheng did not kill Su Chen in Da Qin.

This was the most regretful thing he had done in his life.

If he had killed Su Chen at all costs, would Great Qin be like this today?

Ying Zheng looked outside Xianyang City. Some black-armored troops were setting up temporary tents. He knew that Su Chen wanted to meet him, or even see him off for the last time.

King Qin Yingzheng looked at the black-armored army in the distance, he laughed sadly and said,

"Ha ha....., I am not as good as Su Chen? How can I be inferior to that shameless bastard?"

"Why does a guy who causes trouble everywhere and even flirts with women have such a powerful army?"

"Why are there so many powerful masters helping him? Why do those proud women fall in love with that shameless bastard?"

"Is the destruction of Qin imminent? Is the destruction of Qin imminent? Is Da Qin going to perish in the hands of the few?"

"The few are dissatisfied! Da Qin refused to accept it!"

On the city wall, when the ministers of Da Qin saw Ying Zheng shouting heartbreakingly, they all lowered their heads one by one. Some officials loyal to Da Qin felt very sorry for the King of Qin.

King Qin Ying Zheng was a very wise monarch. , the King of Qin would be busy until late at night just dealing with state affairs.

However, the Qin Dynasty encountered the powerful Xuantian Empire, and

King Qin Yingzheng met the evil Su Chen.

The evil Su Chen seemed to be blessed by gods and was destroyed in less than two years. There are countless countries, and even today the Great Qin will be destroyed by the Xuantian Empire and Su Chen. How unfair is this God?

"God is unfair! Da Qin refused to accept it!"

"God is unfair! Da Qin refused to accept it!"

"God is unfair! Da Qin refused to accept it!"

On the wall of Xianyang City, some officials loyal to Great Qin also shouted with Qin King Yingzheng.

The ministers nearby and even the thousands of Qin troops on the wall of Xianyang also shouted one by one. Finally, even Xianyang, the capital of Great Qin, The people in the city also yelled one after another.

On the high platform of the commander-in-chief of the Southern Combat Legion,

Su Chen was teasing Xiao Yue'er.

However, the loud shouts coming from Xianyang City made Su Chen look at Xianyang City with some doubts and said, "I guess, Da Qin is having trouble. What are you crazy about? I just wrote a letter asking to meet him, why is the whole city shouting dissatisfaction?"

"You didn't write anything to insult King Qin, right? Huang Rong looked at Su Chen and asked suspiciously, here is Zhao Ji, the mother of King Qin Ying Zheng, and Mi Hua, the wife of King Qin Ying Zheng.

This bastard didn't provoke King Qin Ying Zheng in his letter, right?

"As for me? If you don't believe it, you can ask Mi Hua. He sharpened the ink for me. Mi Hua has seen everything I wrote."

Mi Hua blushed and said hurriedly when she heard Su Chen's words, "Your Majesty did not write anything to insult King Qin. The letter only mentioned some past events and a meeting later."

Mi Hua didn't expect that she would be caught peeking at the letter written by Su Chen.

She just wanted to know what Su Chen would write to the King of Qin. She was also worried that Su Chen's letter would anger the King of Qin and her son Fusu would be angry. The King of Qin was executed.

However, she saw that Su Chen didn't care and didn't even plan to pursue the case, which made her relieved.

When Huang Rong heard Mi Hua's words, she said doubtfully, "Is that so? Could it be that the King of Qin was unwilling to be punished by someone like you?" The bastard destroyed his country?"

Su Chen looked at Huang Rong with a speechless expression and shouted,

"Let me go, Huang Rong, is there anything wrong with me destroying Qin? With the power of the Xuantian Empire, the power of the black-armored army, and the power of women like you, isn't it natural that the Qin Kingdom will be destroyed by me? Huang

Rong laughed when she heard Su Chen's words and said,

"Hahaha! How powerful is the Xuantian Empire? How powerful is the black armored army? Even how powerful we women are?"

"Does this have anything to do with you?"

"You are just a dandy who flirts with women everywhere. Have you ever managed the Xuantian Empire?"

"Have you ever led an army to destroy any country?"

"King Qin Yingzheng was also unwilling to accept that his Qin State was destroyed by you, a dandy."

Although Huang Rong ridiculed Su Chen like this, the Xuantian Empire, the Black Armor Army, and these women were all supported by Su Chen. The

Xuantian Empire was established by Su Chen, and so was the Black Armor Army. Su Chen recruited them, and the skills and martial arts secrets of these women were also provided by this bastard.

Without Su Chen, none of this would have been possible.

Huang Rong also kept running around with Su Chen, no!

She kept getting involved everywhere Hua Laicao was very dissatisfied.

Su Chen couldn't even trap him in Tianxuan Continent now. This bastard went to the world of cultivators to pick up girls, and even picked up some monsters. This made Huang Rong really speechless towards Su Chen.

After Su Chen heard what Huang Rong said, he was stunned and didn't know how to defend himself.

Huang Rong seemed to be very reasonable, but when Su Chen thought about Huang Rong's words, he felt that something was wrong. The women next to him couldn't bear it. They didn't dare to laugh at Su Chen at this time.

Otherwise, if Su Chen got angry from shame, it would still be them women who would suffer.

On Fucuo Mountain outside Xianyang City, some masters from various schools of thought were hiding here.

Xunzi from the Confucian school, the six elders of the peasant family, some remaining people from the Mohist school, and some unknown masters from various schools of thought, all came to help Qin. In the past month, many of them have sent troops from various schools of thought. People assassinated Huang Rong, but they never came back every time. The various schools of thought have lost a lot of masters in the past month. The

Xuantian Empire's army has not launched an attack on Xianyang City, and they are just staying here. It's been a month.

Today, they discovered that the Xuantian Empire's army was about to launch an actual attack. Just when they were about to assassinate the generals of the black-armored army, they did not expect that His Majesty the Emperor of the Xuantian Empire had arrived.

This made this place The remaining schools of thought have all retreated.

When the emperor of the Xuantian Empire arrives, there must be many expert guards around him. With two or three of them, there is no way they can be the opponent of those powerful guards.

Farmers An elder looked at Xunzi, a Confucian who was meditating next to him, and said seriously, "Master Xun, you are the most powerful here. You are a land immortal in the heavenly realm. The emperor of the Xuantian Empire is going to trouble you this time.."

In this nearly month-long assassination of Huang Rong, neither the Confucian nor the Nong family masters participated.

The Confucian family disdained the assassination, and the Nong family's sixth elders did not agree with each other, which also led to the Nong family not participating in the assassination.

"Su Chen, the emperor of the Xuantian Empire, killed my disciples Han Fei and Zhang Liang. I have no choice but to avenge this. After the war begins, I will take action against Su Chen, the emperor of the Xuantian Empire."
