

Zongwu 1381

Chapter 1381

Xunzi nodded to the farmer with a serious face.

The reason why he came to Daqin this time was to avenge his disciples. Han Fei was his most promising disciple, and he was also very fond of Zhang Liang's rising disciple. Be optimistic.

But two of his outstanding disciples were killed by Su Chen. Although it was Han Fei who killed Zhang Liang and those from various schools of thought, he was forced by Su Chen.

All of this must be blamed on Su Chen.

When the elders of the farm family heard Xunzi's words, they smiled and said, "Okay, then the six of us will assassinate Huang Rong. As long as Huang Rong and the emperor of the Xuantian Empire are killed, the army here will definitely be in chaos, and Qin will be in danger." ease"

"I hope everything goes well. If Donghuang Taiyi is not here, I can kill Su Chen, the emperor of the Xuantian Empire, 100% of the time."

"Well, I have sent farm disciples to check around to see who the Emperor of the Xuantian Empire has brought with him this time."

"Everyone, get ready!"

At this moment, the temporary tent tower was also built.

Su Chen picked up the little princess Su Yue, and he took Zhao Ji and Mi Hua to the middle tent platform to wait for the arrival of King Qin Ying Zheng.

On the wall of Xianyang City,

King Qin Ying Zheng When Zheng Yuan saw Su Chen, he brought two women over.

He frowned and ordered to the side,"

"Li Si, Wang Li, you and I will go together. Li Xin, you will be responsible for the defense of Xianyang City."

"Yes, Your Majesty!"

Between the two armies, on a temporary tent set up,

Su Chen, Zhao Ji, and Mi Hua had already sat down to wait for King Qin Yingzheng. He also took out a jar of spiritual wine and prepared to let King Qin, an old acquaintance, have a taste.

Mi After Hua poured Su Chen a glass of wine, she sat quietly next to Su Chen.

Zhao Ji looked at Xianyang City from time to time. She was now afraid that Ying Zheng would not show up to meet Su Chen.

"No need to look, King Qin Yingzheng will definitely come."Su Chen teased Xiao Yue'er for a while. She was speechless when she saw Zhao Ji's appearance.

Zhao Ji felt relieved after hearing Su Chen's words.

"I'm just worried that Ying Zheng won't come over"

"Ying Zheng will come, but you don't have too high hopes. Ying Zheng is a real king. He cannot surrender or be captured alive by me. Zhao Ji, I hope you understand this."

"Are you saying that even if Ying Zheng dies, he will never surrender?"

"good!"

"What to do? Su Chen, just persuade Ying Zheng to surrender. This will save his life."

"He won't agree. Surrender? Or even captured alive? These are all insults to a true king. Ying Zheng would rather be destroyed together with Da Qin, and there is no way he would surrender or be captured alive."

Su Chen looked at Xianyang City and said with emotion, a king, or even an emperor.

How can one have the dignity to live in the world after the country is destroyed? As long as they are a true king, they will not survive in the world.

"Your Majesty, King Qin is out of the city."

When Mi Hua saw the Xianyang City Gate opened and a group of soldiers escorting several people rushing towards it, she hurriedly said to Su Chen,

"Look, here it comes!"

After a while, a group of soldiers from the Qin Army stopped not far away, and Qin Wang Ying Zheng took Li Si and Wang Li to the high platform.

After Qin Wang Ying Zheng got on the high platform, his face immediately became gloomy.

He did not think that Su Chen had brought his mother Zhao Ji and his ex-wife Mi Hua, was this damn bastard trying to insult him? Li Si and Wang Li also looked at Su Chen angrily.

There is no need to expect that there are actually the Queen Mother of Qin Zhao Ji and Mrs. Qin Mi Hua here. Although they know something about Zhao Ji and Mi Hua, this is a slap in the face of the King of Qin. It is a slap in the face of the Qin Empire.

"King Qin!"

"Emperor of the Xuantian Empire!"

"Please take a seat!"

"Thank you!"

Su Chen looked at Ying Zheng's somewhat old appearance and said with emotion, "King Qin, it's been more than a year, I didn't expect you to have aged so much."

The King of Qin Ying Zheng is a few years older than him.

But the King of Qin is much older than himself. Will he age so quickly when he becomes the king or emperor of a country?

King Qin Ying Zheng glanced at Su Chen and said sarcastically, "I'm not you. You spend all your time messing around with women, but I have to deal with state affairs diligently. It's impossible for me not to grow old."

Ying Zheng didn't expect that Su Chen was still the same as before.

There was a huge gap between him and this bastard.

King Qin now seemed to be in his thirties or even forties, but Su Chen still looked like a young kid. , the appearance of this bastard has not changed at all in the past two years.

No!

The temperament of this bastard has changed.

His current temperament is very outstanding and noble.

Zhao Ji felt very distressed when she saw Ying Zheng's appearance. Ying Zheng is now She looks even older than she is. It seems that Ying Zheng's life is very difficult these days.

Mi Hua did not look at King Qin Ying Zheng.

After King Qin Ying Zheng arrived, she kept her head down. Mi Hua had nothing She told Ying Zheng that if it weren't for her son Fusu, she would not have come to this sad place again.

Su Chen smiled when he heard what King Qin Ying Zheng said, "Haha, I am a man who can do more work." , those who are capable should let them manage more things, so that they can have time to do other things."

"I'm not like you. I get up earlier than a chicken, go to bed later than a dog, eat worse than a pig, and work more than an ox. Being an emperor should enjoy it."

King Qin was livid when he heard Su Chen's words.

Is this bastard scolding him?

It seems that he did all these things himself.

He gets up early every day to deal with state affairs, even when he comes to eat, he does it hastily, and it's time to go to bed at night. In the middle of the night.

Damn bastard, the same king of an empire, this bastard is enjoying himself very much, and he is as tired as a cow

"Su Chen, what do you want to talk to me about this time? It's impossible for me to surrender, you should understand that"

"Your mother wants to see you, I'm just a middleman."Su Chen pointed at Zhao Ji and said with a smile.

Zhao Ji said to Ying Zheng at this time,

"Zheng'er, surrender. The Xuantian Empire is not something you can defeat. I can ask Su Chen to spare your life. Stop making weak resistance. It's not bad to be an ordinary person in the future."

Ying Zheng felt very unhappy when he looked at Zhao Ji.

He could say that it was Zhao Ji who protected him from growing up, and he was able to successfully spend his life as a hostage in the Zhao Kingdom.

Without Zhao Ji, he would not have been able to sit on the The king of Qin.

It is not even certain whether he can survive.

King Qin Ying Zheng looked at Zhao Ji and showed a smile.

"Queen Mother, I cannot surrender. I cannot throw away the dignity of Da Qin. Otherwise, even if I die, I will still be sorry for the ancestors of Great Qin. Queen Mother, please take care of yourself in the future."

When Zhao Ji heard what King Qin Yingzheng said, she stood up and shouted loudly, "Why? Isn't it good for you to be alive? Even the other kings of Qin could not defend the state of Qin."

"You can't imagine how powerful the Xuantian Empire is. The Southern Combat Legion arriving today is only one of the six legions. One legion can conquer a continent."

"Six powerful combat legions, tens of millions of troops, no matter how powerful you are, you can't defeat them. Zheng'er, surrender, mother will save your life."

Chapter 1382

Zhao Ji couldn't understand why Ying Zheng was so stubborn. It was effortless for the Xuantian Empire to conquer an empire.

Huge army!

Mountains of food!

There are even several treasure houses filled with money!

There are countless powerful masters, none of which can be matched by any empire.

Ying Zheng was very shocked when he heard Zhao Ji's words, six major combat legions?

Doesn't the Xuantian Empire only have four major combat legions? Why did two more combat legions suddenly appear?

Li Si and Wang Li trembled when they heard Zhao Ji's words, six combat legions?

Their intelligence only has four combat legions. When were the remaining two combat legions established?

Who is the commander of the legion?

Su Chen listened to Zhao Ji's words and did not participate in these things.

He held Su Yue and played games with her.

Su Chen never let Su Yue leave his sight for a moment. Except when Su Chen was being fed milk by Zhao Ji and Mi Hua, he kept holding Su Yue and did not let anyone else hold her.

Ying Zheng looked at Zhao Ji and asked doubtfully, "Queen Mother, are you true that the Xuantian Empire has six combat legions?"

Zhao Ji nodded and explained,

"Yes, in addition to the four major combat legions in the southeast, northwest and northwest, Su Chen formed two more combat legions"

"The former director of Zhao Min County in Dayuan is the commander of the Canglang Combat Legion. The Canglang Combat Legion has fifteen subordinate legions, totaling 750,000 troops. These are basically elite cavalry. The Canglang Combat Legion is attacking the alien Tianzhu Empire."

"There is also Genie who is the commander-in-chief of the Tenglong Combat Legion. There are 13 subordinate legions with a total of 650,000 troops. The Tenglong Combat Legion is fighting against the Han Empire in the Northern Continent."

"In addition to the six major legions"

"There is also a special legion, which is the private legion of Princess Changle, the eldest princess of the Xuantian Empire, the Xuanniao Combat Legion. The Xuanniao Combat has seven subordinate legions, totaling more than 300,000 troops."

"Zheng'er, do you understand? This is still a combat legion. There are countless city guards in the Xuantian Empire."

"The major warehouses in Xuantian Empire have mountains of food, weapons and equipment that can arm an army of one million more at any time, and there is so much money that they can't even fit in several treasure troves."

"Can Great Qin rival the Xuantian Empire? Can it defeat the Xuantian Empire?"

Zhao Ji said all this because she wanted Ying Zheng to retreat when he saw the difficulties, so that he would stop resisting fearlessly.

Otherwise, Ying Zheng would be completely defeated in the end, and he would even be killed and captured alive by the black-armored army after they broke through the city.

Then she would be It was impossible to save Ying Zheng.

Ying Zheng fell silent after hearing Zhao Ji's words.

The Xuantian Empire's national power was more powerful than he imagined, even many times more than he expected. Da Qin was really helpless. , Great Qin is really going to perish in his hands.

Li Si and Wang Li are trembling now. They didn't expect Xuantian Empire to be so powerful. How can they fight Xuantian Empire? Xuantian Empire is just a waste. Can consume Da Qin to death

"Queen Mother, I want to say something to Su Chen, can you avoid it?"

"Can!"

After Ying Zheng saw that Zhao Ji agreed, he looked at Mi Hua and said guiltily, "Mi Hua, I'm sorry, there is also the matter of Fu Su. I should tell you that Fu Su fell ill and died half a month ago."

Mi Hua asked emotionally when she heard Ying Zheng's words, "What? Fusu died of illness? How can this be? Fusu will not die. Did you lie to me? You lied to me, right?"

"Fusu's fever persists. He is indeed dead. You can ask Li Qiu. Li Qiu has been taking care of Fusu before he escaped. I can't deceive you about this."

"I don't believe it, I....."

"Zhao Ji, take Mi Hua away." Su Chen looked at the excited Mi Hua and directly tapped Laitian's faint point. Mi Hua was very excited now. He was also afraid that Mi Hua would do something if he couldn't think of it.

"Okay, Su Chen, Zheng'er will trouble you." Zhao Ji took Mi Hua and prayed to Su Chen,

"I know how to do it."

Ying Zheng looked at Zhao Ji who was reluctant to leave.

He waved his hand and ordered Li Si and Wang Li,

"You all go down too"

"Yes, Your Majesty!"

Su Chen took out another jar of wine and put it in front of Ying Zheng and said, "Come, let's drink some wine, just like when we met in the cold country, drink it to our heart's content. These are the best wines in my collection."

"Well, I hope you've had enough wine." Ying Zheng poured himself a bowl and drank it in big gulps.

Su Chen also threw away the wine glass and replaced it with a big bowl and poured the wine into it.

Su Chen and Ying Zheng didn't talk anymore. They kept drinking one by one. They all wanted to get drunk.

There were few emperors that Su Chen admired in Tianxuan Continent.

Emperor Zhu Youjian of Ming Dynasty and King Yingzheng of Qin. Although they all had many shortcomings and were even cruel and disowned, But they are very competent as emperors

"Yeah yeah yeah....."

After a while,

Su Yue, who was in Su Chen's arms, grabbed Su Chen's chin with her little hands. Su Yue seemed to not want Su Chen to drink like this.

Su Chen looked at Su Yue holding her with her little hand and smiled and said,

"My good daughter, daddy just drinks for a while. If you have another drink with this uncle, you can't stop daddy from drinking."

"Yeah yeah yeah....."Su Yue still kept grabbing Su Chen's chin and messing with it.

"Your legitimate daughter, Princess Gaoyue?"Ying Zheng asked with a smile as he watched Su Chen's daughter keep causing trouble.

"good!"

Su Chen nodded and replied.

Ying Zheng looked at Su Yue and suddenly laughed.

"Hahaha, Su Chen, I am not as good as you in anything, but I have a son, and I have three sons. You have an adopted daughter and a biological daughter. I am better than you in this regard."

Su Chen's face darkened when he heard Ying Zheng's words, "I'll do it! Are you comparing yourself to me?"

Ying Zheng smiled and said calmly,

"Ha ha....., this is the only thing I can compare with you, but it's not important anymore, it's not important anymore!"

"Su Chen, I will give my sons a lift myself. However, one of my daughters hopes that you can be lenient with her and let my mother raise her up."

Su Chen shook his head when he heard Ying Zheng's words.

He knew what Ying Zheng meant.

Ying Zheng was planning to go back and kill his sons. Da Qin was about to end, and Ying Zheng also had death intentions, and even wanted to let him go. Su Chen was relieved, his sons would also be executed with his own hands.

Su Chen and Ying Zheng clinked a bowl of wine and drank it in one gulp and persuaded,

"Ying Zheng, you don't have to do this. I don't want to kill you, nor do I want to kill you all. As long as you surrender, you and your children can live a rich life for the rest of your life."

"Your mother, Zhao Ji, manages the financial power of the Xuantian Empire."

"She randomly gives you some money, which is enough for your family to spend a lifetime. Isn't it good for you to be an ordinary person in the Xuantian Empire and see the glory of our Yanhuang tribe?"

Qin Wang Yingzheng shook his head and said sadly,

"Su Chen, I can't, I really can't!"

"I feel sorry for the ancestors of Great Qin, and I feel sorry for the thousands of people of Great Qin. You should understand this, if it were you? Will you survive the destruction of your country?"

Chapter 1383

Ying Zheng drank heavily.

In Da Qin, anyone can surrender, but he, the king, cannot surrender.

He is a king, the king of an empire, how could he surrender? How could he surrender just to survive?

The country is with him!

If the country perishes, he will perish!

He is the king of the Qin Empire, and he must die with dignity. He cannot live like those incompetent emperors.

Su Chen fell silent when he heard Ying Zheng's words.

Ying Zheng was right. If the Xuantian Empire was going to be destroyed in the future, could he surrender in order to survive? He couldn't do it, and he wouldn't surrender just to survive.

Su Chen suddenly took a sip of wine and looked at Ying Zheng and said,

"Ying Zheng, although you did some things that were not authentic in the past, I admire you very much now. You are a true king, and you are the king that I admire the most in Tianxuan Continent. Ying

Zheng also took a sip of wine and said with a smile, "Haha, if I can gain your admiration, I, Ying Zheng, will not live this life in vain. I hope we can be brothers in the next life.""

"Hey, Ying Zheng, I seem to be yours now....."

"Stop it, you shameless bastard, I don't want to know about my mother and you, and you don't have to tell me, and I don't want to hear it either."

Ying Zheng hurriedly interrupted when he heard what Su Chen was about to say,"

This damn bastard,

I want to be his brother in the next life, but this bastard actually wants to be his father now, why doesn't this bastard die?"

Su Chen heard Ying Zheng was very speechless.

It seems that he can't take advantage of Ying Zheng this time. He, the stepfather, actually doesn't want to have such a big son.

Well, his cheap eldest son seems to have Fu Hongxue

"Su Chen, treat my mother well from now on, that's it this time, farewell."

Ying Zheng stood up, looked at Zhao Ji in the distance and waved his hand.

He smiled and walked towards Xianyang City step by step. He didn't even ride the horse brought by the guard. He wanted to take a good look at Xianyang. City, let's take a look at the capital of Da Qin

"Goodbye, King of Qin!" Su Chen said silently as he watched them leaving step by step,

"father.....daddy.....Dad."

At this time,

Su Yue stretched out her little hand to touch Su Chen's beard and actually called her dad.

Su Chen was very excited when he heard that Su Yue called her dad, but Su Yue hadn't called her Concubine Yan yet. , this was the first time he called him daddy, which made Su Chen laugh happily.

"Hahaha....., you are still my good daughter. In the future, your father will definitely create a great empire for you and your sister. You and your sister will also be the most noble princesses in the world."

"father.....Dad, I'm hungry!"

"hungry? Father will get you milk right away."

Su Chen disappeared in a flash. He wanted to give his daughter hot milk to drink. He didn't want his daughter to be hungry.

"Huang Rong ordered the troops to withdraw."Su Chen showed up at the commander's office and told Huang Rong,

"Yes, Your Majesty!"

Huang Rong nodded when she heard Su Chen's words.

She didn't ask why.

Su Chen had his own reasons for doing this. Besides, Su Chen was not only her husband, but also an emperor. Huang Rong would definitely do what he ordered. completely obedient

"Come, give me the order to retreat!"

"Yes, Commander!" woo woo woo woo.....

At this time, the withdrawal horn of the Southern Combat Legion sounded. After hearing the withdrawal horn, the commanders of each army arranged for the troops to return to their respective camps.

"Why did you withdraw your troops?"

On Fucuo Mountain, the masters of various schools of thought saw the Xuantian Empire's troops withdrawing, which made them confused.

The Xuantian Empire's army was preparing to attack Xianyang City in such a massive manner, why did they do so without knowing why? Withdrawal of troops?

"The Emperor of Xuantian Empire and King Qin just met. I'm afraid they reached some agreement, right?"

"No, King Qin will not surrender. King Qin Yingzheng can be a very wise king. He cannot surrender just to survive. This is not the character of King Qin Yingzheng, nor is it his style."

"What if? What if King Qin is also a king who is greedy for life and afraid of death?"

"No chance, King Qin's tyranny is deep in his bones. He will not be submissive to others. War is inevitable. Tomorrow will probably be the real siege war."

"That's right. Let's have a good rest tonight. Tomorrow's war will be the time for us to go out."

When the peasants and Confucians saw that the Xuantian Empire did not launch an attack, they began to withdraw their troops, which caused them to discuss.

In the base camp of the Southern Combat Legion, after Su Yue had eaten and slept,

Su Chen asked Qin Mengyao and the others Several girls took care of Su Yue, and he himself came to Huang Rong's tent.

When Su Chen came to Huang Rong's tent, he reminded Zhao Ji,

"Zhao Ji, be mentally prepared. Ying Zheng has a death wish. You should understand Ying Zheng's choice. Although other things he did are very disgusting, Ying Zheng is a qualified king."

Zhao Ji said bitterly with a sad face,

"I know, I know. I guessed it from the way he looked at me from a distance and then walked back into Xianyang City."

"I somewhat regret taking Zheng'er back to Da Qin. How wonderful it would have been if he had not returned to Da Qin and become the King of Qin! Su

Chen hugged Zhao Ji and said comfortingly, "This is all fate. Maybe without my appearance, Ying Zheng would have lived his life brilliantly!"

Huang Rong said nervously when she heard Su Chen's words, "Husband, this is true in every country. Don't talk nonsense."

"What are you nervous about? I just feel emotional"

"You bastard, do you want to scare me to death?"

"You are just an idiot. I have beautiful beauties like you and our two lovely daughters. How can I not think about it? You're such a noisy person"

"Don't you think you are shameless for saying this?"

"What's so shameless about saying this in front of your own woman?"

"Your shamelessness is unbearable."

Huang Rong glared at Su Chen and wanted to leave helplessly, but!

She still had something to ask this bastard, and it was impossible for her to leave this bastard now.

Zhao Ji said to Su Chen in a low mood, "Su Chen, I looked at Mi Hua earlier. She had lost her son. I was so scared that I couldn't think about it."

"Well go ahead!"

Su Chen shook his head speechlessly when he thought of Mi Hua.

He also didn't expect that Fusu would die of illness, and that the eldest son of Da Qin would die like this.

But that's fine, otherwise!

Fusu might also be killed by Ying Zheng himself. Killing is just a pity for those young masters.

Being born in an emperor's family is a blessing and a misfortune. After just ten or twenty years of glory and wealth, it is a choice between life and death. This is probably impossible to avoid. Su

Chen must prevent his children from killing each other in the future.

Huang Rong asked doubtfully after Zhao Ji left, "Husband, is Ying Zheng going to die for his country?"

"Well, Ying Zheng will probably commit suicide tonight. For a king to leave like this, it may be the best ending for him."

Chapter 1384

Although Su Chen felt very sorry for Ying Zheng's choice, it was also the best choice for a king. Su Chen respected Ying Zheng's choice. It was also because of this that he did not persuade Ying Zheng to become a king!

For the empire!

To disappear with his empire like this is the best respect for him.

Huang Rong heard Su Chen's words and asked doubtfully, "Will the Qin army in Xianyang City surrender tomorrow?"

Su Chen shook his head and said uncertainly,

"It depends on the choice of those armies. Ying Zheng will order surrender when he is dying, but will the Qin army choose to be destroyed together with Great Qin? This depends on the loyalty of the Qin army and the Qin state."

"That's right. If our Xuantian Empire encounters such a situation, our black-armored army will not surrender even if the last man in the battle is killed."

"What fate! This is really fucked up. Huang

Rong patted Su Chen on the shoulder and said worriedly, "Don't be confused, we are for the Xuantian Empire, and Ying Zheng is for the Great Qin Empire. We are destined to become enemies.""

Su Chen hugged Huang Rong and sat down and said with a smile,

"I just want to express my feelings, Ronger, you have to end the war in the Eastern Continent as soon as possible. From now on, our battlefield will be in the Shenyu Continent. The war in Tianxuan Continent is just a warm-up war for you girls. The Shenyu Continent is yours. real war"

"I understand, Godfall Continent! I'm very much looking forward to it."

Xianyang City,

Palace of Qin!

After Yingzheng came back, he went directly to the harem.

He summoned his three remaining sons. These were all babies, the oldest was only over one year old.

Although Yingzheng couldn't bear to leave them, he knew that if he didn't make a complete end today, his children would definitely be used by someone with ulterior motives in the future, and would even end up being killed by the Xuantian Empire as scapegoats.

It would be better to die as soon as possible.

Ying Zheng didn't want his children in the future. Being used.

Until night,

Ying Zheng stayed with his sons throughout the day. This was the only time he had, and this was what he owed these sons.

Ying Zheng looked at the children who were already sleeping. , he murmured to himself with tears in his eyes,

"It's time to leave! I hope you will be children of ordinary families in your next life."

The next morning, the Qin Palace was in complete chaos.

The king of Da Qin and the princes of Da Qin all died one by one.

This caused the Qin Palace to be in chaos for a while.

"Why is the king dead? what is going on?"

"How can it be? Why are the king and his sons dead?"

"O king! Is there really no way to save Da Qin?"

"I don't believe it. It's impossible for the king to die. It's not true. It's not true."

In the main hall of the Qin Palace, the officials of Great Qin screamed in grief. These officials did not expect that King Qin would hang himself, and even killed all the princes. This made the officials of Great Qin speculate that King Qin would kill himself. Ying Zheng wants to die with the Great Qin Empire.

The king dies in Sheji.

The King of Qin wants to live and die with the Great Qin.

The Great Qin Empire is about to be destroyed. The King of Qin is leaving first. The King of Qin definitely does not want to see the last moment of the destruction of the Great Qin.

"King Qin's edict!"

At this time, a eunuch came to the throne of King Qin, held up a royal edict and shouted,

"Welcome the royal edict!"

Every official in the hall knelt down and saluted, saying,

"King Qin's edict,"

"Since I ascended the throne as King of Qin, I have worked conscientiously for Da Qin and Da Qin's goals for the sixth generation."

"Although I have done a lot of wrong things, I have not failed the Qin Dynasty, nor the people of the Qin Dynasty, nor have I failed the dear friends for their support to me."

"However, fate is not as good as fate. Our Great Qin met the Xuantian Empire and that damn Su Chen. That bastard was too powerful, and his empire was even more powerful."

"There is no way for me to defeat that bastard, and there is no way for Da Qin to defeat the Xuantian Empire. You all tried your best."

"I don't want to see the moment when Great Qin is destroyed, nor do I want to see you and the people of Great Qin being disappointed in me."

"I am a king!"

"He is the king of Da Qin!"

"Da Qin was about to be destroyed. I couldn't bear to see the moment when Da Qin was destroyed, so I chose to become a deserter."

"The widow's sons also left with the widow. This is not because the widow is cruel. If the widow's children stay, they will be taken advantage of by people with intentions. They should go with their useless father, so that the widow can take care of them on the way."

"I now issue the last order of the King of Qin!"

"Order all officials in Da Qin to surrender!"

"Order all the armies of Da Qin to surrender!"

"Order all the people of Great Qin to submit to the Xuantian Empire!"

"Order, the Qin Empire.....surrender!"

"In the Qin Dynasty, the Qin Dynasty was in its twenty-eighth year!"

After the officials in the main hall heard the last edict of King Qin Yingzheng, all the officials here burst into tears.

"Your Majesty, I will leave with you. Even if I die, I will accompany you so that your Majesty will not be alone." Qin Chen Feng Jie knelt down and kowtowed to the throne. Then he suddenly hit his head on the pillar next to him.

Feng Jie immediately died of a broken head and bleeding.

"The old minister is also willing to follow the king"

"And I, the old minister, don't want the king to be alone. The king is a king, even if he dies, he will still be a king. The old minister will assist the king under the nine springs."

"The minister Yao Jia also went with the king."

"Moreover, I am weak, and the old minister also goes with the king. The old minister wants the king to follow the king even if he dies."

In the palace of King Qin, more than ten ministers committed suicide one after another, and the whole hall became quiet for a while.

"The whole army went out of the city to fight. There is no one in our Qin who is afraid of death."

"Kill, for the sake of your Majesty, we have violated your Majesty's orders and will fight for the last time for Great Qin."

[illegible]

Dang".....

At this time, the death knell of the Qin Palace rang.

After hearing the death knell of the Qin Palace, the people in Xianyang City were stunned and cried bitterly.

The king of Da Qin is dead, can Da Qin be saved?

Will the Great Qin Empire be destroyed when it reaches hundreds of people?

"Jiujiu and Lao Qin fought against the national calamity together. The old Qin Dynasty restored our mountains and rivers. Until the blood dries, we will fight to the death....."

"Jiujiu and Lao Qin fought against the national calamity together. The old Qin Dynasty restored our mountains and rivers. Until the blood dries, we will fight to the death....."

"Jiujiu and Lao Qin fought against the national calamity together. The old Qin Dynasty restored our mountains and rivers. Until the blood dries, we will fight to the death....."

For a time, the people throughout Xianyang City sang the tragic oath when the Qin Dynasty was founded.

Now, the king of Da Qin is dead, and

Da Qin will be destroyed.

This made the people of Great Qin feel sad for their king and their Great Qin Empire.

An old man who was half a hundred years old, holding a hoe in grief, shouted, "Take up your weapons, for the sake of the king! For the sake of our Great Qin! Defeat the Xuantian Empire."

Chapter 1385

Outside Xianyang City, in the base camp of the Southern Combat Legion,

Su Chen and Huang Rong also heard the death knell in Xianyang City after getting up. They all knew that King Qin Yingzheng was dead.

"Ying Zheng, have a good trip!"

"King Qin, have a safe journey!"

Su Chen and Huang Rong walked out of the camp and looked towards Xianyang City and said one after another.

At this time, a secret guard came to Su Chen and Huang Rong and saluted, "Your Majesty, Commander-in-Chief, Xianyang City's army has been dispatched, and the gate of Xianyang City has been opened. , more than 100,000 Qin soldiers came out of the city wearing sackcloth and filial piety."

"The Qin army is preparing for a desperate battle." Su Chen said expressionlessly when he heard the secret guard's report.

Although Su Chen guessed that Da Qin

's army would not surrender like this after the death of King Qin, he still underestimated Da Qin and underestimated Da Qin's army.

Huang Rong He said with a serious face, "Then give them a ride and let these Qin troops fight for Qin King Yingzheng again in the underworld. Su

Chen nodded and ordered, "It doesn't matter whether it's right or wrong. Anyone who dares to resist will be killed without mercy!"

"Yes, Your Majesty!"

Huang Rong nodded to Su Chen.

She turned around and ordered,

"Gather the troops and prepare for the final battle"

"Yes, Commander!" woo woo woo woo.....

The horns of the Southern Combat Legion sounded, and each legion immediately mobilized their troops upon hearing the sound of the rallying horns.

At this moment, on Fucuo Mountain, after hearing the death knell of Xianyang City, people from hundreds of schools of thought were all very surprised. Did they not expect that King Qin was actually dead? The final decisive battle has not yet begun. How could King Qin die? Could it be that a master from the Xuantian Empire assassinated King Qin?

"The Qin army is out of the city. This may be to avenge King Qin. Everyone is ready. It is time for us to go out."

"Why did the Qin army leave the city? Isn't this courting death? The Qin army only had more than 100,000 wounded including the wounded. With the protection of the city wall, there might be hope of resisting the Xuantian Empire's army. Wouldn't leaving the city be asking for death?"

"The Qin army is seeking death. The King of Qin is already dead. The Qin army here is probably going to follow the King of Qin."

"Then do we still need to go out? This is a fight to the death, we better not get involved"

"Yes, these Qin troops are dying, why should we seek death?"

"Then let's retreat, Da Qin is finished."

Some of the masters of the various schools of thought left after discussing one after another. They would not seek death with the Qin army. They would not participate in a hopeless war.

In the end, hundreds of scholars There are only dozens of masters from hundreds of schools left. These are the remaining masters from farmers, Confucians, and even Mohists.

"Get ready to go, the farmers will not back down"

"We Confucians will not back down either"

"We, the Mohists, will not back down even if it is a fatal battle. We, the Mohists, will also participate in this war."

Under Xianyang City, groups of Qin troops immediately formed military formations after they came out of Xianyang City.

Many of these Qin troops were injured, but these Qin troops did not flinch. They were all wearing sackcloth and wearing filial piety. The final battle for the Qin Empire

"How can I say that I have no clothes, and I share the same robe with you? When the king raises an army, he repairs my spear and spear, and I share the same enemy with you. How can I say that I have no clothes, and I share the same robe with you?...."

More than 100,000 Qin troops sang Qin songs one by one and looked at the Xuantian Empire's troops gathering in the distance.

Today is a battle to the death.

More than 100,000 Qin troops have to face nearly one million Xuantian Empire troops. They cannot win no matter what.

But no one of the Qin troops here escaped, and no one retreated in front of the battle, or died!

The Qin army here also wants to leave the last drop of blood for Da Qin

"How can I say that I have no clothes, and I share the same robe with you? The king raised an army, repaired my sword and spear, and I share the same enemy with you....."

At this time, tens of thousands of people came out of Xianyang City. These people also sang Qin songs loudly, holding messy weapons, and formed an offensive formation behind the Qin army.

Wang Li and Li Xin saw the people coming and did not stop them.

These were the people of Great Qin.

What reason did they have to stop them?

At this time, after Li Si came to the battlefield with some officials, they shouted to Wang Li and Li Xin,

"Wang Li, Li Xin!"

"Didn't you understand the king's edict?"

"The King has ordered that all officials in Da Qin surrender, all armies in Da Qin surrender, and all people in Da Qin must submit to the Xuantian Empire. Do you want to resist and disobey the decree?"

Wang Li cursed expressionlessly when he heard Li Si's words,

"Li Si, we are the army of Great Qin, our capital guarding army. All the armies of Great Qin can surrender, but our capital army will not surrender under any circumstances."

"We are the king's imperial guards and the last barrier to protect the king. What reason do we have to surrender? What reason do we have for staying alive after the king hanged himself?"

Li Si did not expect Wang Li and Li Xin to be so loyal.

If the Qin army did not surrender, after these officials defeated the army here in the Xuantian Empire, they would also be caught and questioned by the Xuantian Empire. Li Si also wanted to be a member of the Xuantian Empire in the future. A senior official of the Heavenly Empire, he cannot let Wang Li and Li Xin ruin his future dreams.

"Wang Li, do you want to watch many soldiers die? Do you want to see families broken up after the death of soldiers here?"

When Wang Li heard what Li Si said, he turned around and shouted to the army,

"Are you afraid of death?"

"Be loyal to the king without fear!"

"Be loyal to the king without fear!"

"Be loyal to the king without fear!"

More than hundreds of thousands of Qin troops uniformly shouted in reply to Wang Li.

Wang Li looked at Li Si and said mockingly, "Li Si, did you hear that? If you want to fight with us, I welcome you. If you are afraid of death, please leave immediately."

"you....."

Li Si glared at Wang Li and Li Xin fiercely, and hurriedly left with his people. He now wanted to find a way to let the emperor of the Xuantian Empire know that this time it was Wang Li and Li Xin who did not respect the king's order. It was they who sent out troops privately.

Woo woo woo.....

Outside Xianyang City, the Southern Combat Corps is also ready, and an asymmetric war is about to begin.

Wang Li rode his horse to the middle and shouted to the other side, "Emperor of the Xuantian Empire, do you dare to come out and see me?"

"Who are you?"

A legion commander came out and asked expressionlessly,

"General Qin, Wang Li!"

"I will report to Your Majesty on your behalf. If Your Majesty doesn't see you, let's meet again on the battlefield."

"Thank you!"

Li Xin also rode to Wang Li's side.

He looked at Wang Li and asked, "Wang Li, do you think the emperor of the Xuantian Empire will meet us?"

Wang Li nodded and said affirmatively,

"Meeting with us, the king entrusted the little princess to the Queen Mother Zhao Ji. We have not yet delivered the little princess to the Queen Mother. The emperor of the Xuantian Empire will definitely not start a war first."

"well! I hope the little princess can live a peaceful life in the future"

"Don't worry, with Queen Mother Zhao Ji here, nothing will happen to the little princess. It's just a pity for the other young masters."

Chapter 1386

On the high platform of the commander-in-chief of the Southern Combat Legion,

Su Chen nodded after receiving the news. He also guessed that Wang Li might want to send Ying Zheng's daughter over.

Su Chen didn't refuse.

Wang Li was much stronger than his father Wang Ben, right?

The Sun-hiding King Ben hasn't appeared yet. Wang Ben's father Wang Jian is dead, and his son Wang Li is also dead this time. Why hasn't the Sun-hiding King Ben shown up?

Could it be that Wang Ben was with those various schools of thought?

Will Wang Ben also want to assassinate him soon?

Su Chen had discovered the masters of the hundreds of schools of thought on Fucuo Mountain early in the morning.

The masters of the hundreds of schools of thought who escaped today would be ambushed by secret guards on the way. He would not keep those masters of the hundreds of schools of thought in the future. What kind of storm will it cause again?

In the middle of the battle between the two armies,

Su Chen rode up to Wang Li and Li Xin alone.

"I have met His Majesty Emperor Xuantian!" Wang Li and Li Xin bent down and saluted when they saw Su Chen arriving.

Although Su Chen was their enemy,

Su Chen was the emperor of an empire after all. They would still respect a king with all due respect.

Su Chen said directly to Wang Li and Li Xin, "Wang Li, Li Xin, I know what you are going to say. Since I promised King Qin's daughter to Ying Zheng, I will let Zhao Ji raise his daughter.""

"Thank you, Your Majesty. I will leave the little princess to Your Majesty."

After Wang Li waved his hand, a Qin soldier came over with a baby in his arms. After Wang Li handed the baby to Su Chen, he saluted,

"What's the name of the little princess?"

"Win Charmaine!"

Su Chen looked at Charmaine Ying in his arms and said with a smile, "Charmaine Ying?" The name is good. In the future, Ying Shiman will be the princess of the Xuantian Empire and the princess of Huayang."

"Thank you, Your Majesty!"

Wang Li and Li Xin thanked Su Chen sincerely after hearing Su Chen's words,"

Princess Huayang!

This is the highest title under a princess, and it is more noble than the princesses in other empires. Wang Li and Li Xin expressed their gratitude to Su Chen. This approach was very satisfying.

Su Chen looked at the Qin army lined up outside Xianyang City and sighed,

"well!"

"Ying Zheng is dead. Although I feel very sorry for Ying Zheng's death, this is his choice. This is also a king's explanation to his empire. I will not care about your choice no matter what."

"You are loyal to Da Qin and the King of Qin. This is also the choice of your Da Qin army. I will respect your choices."

"However, on the battlefield, we will not let my troops show mercy. I also have to consider the troops who are loyal to me. Life or death will be decided soon on the battlefield."

"Wang Li, Li Xin, all I can do is let the Southern Combat Corps fight with you with the same strength. This is also my admiration for such a loyal army like you."

"If you can defeat the same number of black-armored armies, there will be no Xuantian Empire troops in Xianyang City in the future."

"You take care of yourself!"

Wang Li and Li Xin said gratefully after hearing Su Chen's words,

"Thank you, Your Majesty."

Wang Li and Li Xin did not expect that Su Chen would do this, but they still had no confidence in the war that was about to break out.

The Xuantian Empire's army was too powerful. Even with the same strength, they would be completely defeated. The Qin army simply It is impossible to be the opponent of the black-armored army.

Anyway, they all have death intentions. If they can die so gloriously, their life will not be in vain.

After Su Chen left with Ying Shiman,

Wang Li and Li Xin also prepared The war is about to begin.

This war of ten to no life is a war of death. Although it is very cruel for them to die in front of more than 100,000 troops, they are the Imperial Guards of Great Qin. The King will die, and the Imperial Guards will

What's the use of keeping them?

These imperial guards all want to follow the King of Qin. Even if they go to the underworld, they will fight for the King of Qin.

"Prepare for war, prepare for battle, prepare the entire army for war!" After Wang Li and Li Xin arrived at the Qin army, they loudly ordered,

Southern Combat Legion."

After Su Chen came back, he gave Huang Rong instructions.

The Qin army plus the civilians with weapons numbered 160,000 to 70,000 people. Su Chen Directly ask Huang Rong to dispatch three legions and fifteen troops. There are fifteen elite black-armored troops. It is more than enough to destroy the defeated soldiers.

After hearing Su Chen's words, Huang Rong thought about it and ordered,

"Order the Second Cavalry Corps, Sixth and Seventh Infantry Corps to dispatch. This time, the three legions will compete with the Qin Army. Tell the commanders of each legion that the Qin Army will leave no one behind. These are all troops with death intentions. , tell them not to be careless about me"

"Yes, Commander!"

Dong dong dong dong.....

At this time, the Qin Army's war drums sounded, and the Qin Army's army began to move.

More than 100,000 Qin Army troops moved towards the southern combat corps step by step. woo woo woo.....

The horns of the Southern Combat Corps also sounded, and two infantry regiments and a cavalry regiment came out of the army.

"The war is about to begin and we are ready to go."When a farmer saw that the two armies were about to fight, he said to the people around him,

"Set off!"

Dozens of masters were secretly approaching the southern combat corps one by one.

Xunzi saw that the Confucian masters were also dispatched, and he sighed.

This was a life-and-death battle. Their masters here Even if they assassinated the Emperor of Xuantian Empire and Huang Rong, they would not be able to escape from hundreds of thousands of troops.

"In order to avenge Han Fei and Zhang Liang, are these sacrifices worth it? Xunzi looked around and thought helplessly.

Then, he shook his head and disappeared.

At this moment,

Wang Li saw that the black-armored army on the opposite side also dispatched 150,000 troops, and he waved his hand. He ordered loudly,

"Charge, for Da Qin, for the king, for the glory of our Da Qin army, kill!"

"kill! Kill, kill!"

Here in the black-armored army, when the two army commanders discovered that the Qin army had begun to charge, they ordered one after another,

"Archers, crossbows ready, release!"

Swish swish swish"....

Ahhhhh....

As the archers of the black-armored army fired and the crossbows fired continuously, tens of thousands of people were killed before the Qin army reached half the distance, and countless others were injured.

The Qin army's charge did not stop.

The Qin army here all knew that this was a war seeking death. They would die early or die late. As long as they came into contact with the black-armored army, they would count every one they could kill. woo woo woo woo.....

The attack horn of the Southern Combat Corps also sounded.

The commander of the Second Cavalry Regiment shouted an order on his horse,

"Soldiers of the second, sixth, and seventh legions, His Majesty the Emperor and the commander-in-chief are looking at us from behind. We are the Southern Combat Legion, the most powerful legion of the Xuantian Empire."

"For the empire! For your majesty! For the commander in chief! For our Southern Combat Corps!"

"To open up and expand the territory for His Majesty, death would not be a pity! attack!"

The soldiers of the three legions raised their weapons one by one and shouted,

"It is not a pity to die for Your Majesty!"

"It is not a pity to die for Your Majesty!"

"It is not a pity to die for Your Majesty!"

Chapter 1387

On the battlefield, as the Qin Army and the Black Armor Army collided, the Qin Army was instantly killed and at a disadvantage. Although the Qin Army fought desperately against the Black Armor Army, regardless of their weapons and equipment and fighting ability, the Black Armor Army was at a disadvantage. It is not something that the Qin army can compare with.

"Kill, kill more black-armored troops for me. Even if we die, we will kill as many as we can."

"kill!"

"Ahem, me.....I do not....no kill....A black-armored sergeant.....soldier i.....I'm not willing to give in!"

"Old Sun, why did you take the first step? kill.....puff"

"For the sake of the king, kill!"

"I am a soldier of Great Qin, and I want to fight for Great Qin!"

On the battlefield, although the Qin army's continuous attacks are commendable, they are just dying in the face of the shield formation of the black-armored army.

Dong-dong-dong-dong.....

At this time, the Second Cavalry Corps had already detoured back to the rear of the Qin Army.

In the army of common people at the rear of the Qin army, each one of them was either trampled to death by war horses or penetrated by Chang Ge.

At this time, the Qin army was surrounded by the black armored army. Although the Qin army did not want to escape, the encircled Qin army could no longer form a military formation. It was only a matter of time before the Qin army was destroyed.

"Each team forms a shield formation to kill the enemy. No prisoners are taken. The Qin army will kill them all."

"The cavalry must pay attention, cooperate with the infantry to kill the enemy, and the crossbowmen must continuously kill the enemy's commanding general."

"Encircle and encircle, the eighth team, encircle and encircle this Qin general."

"Charge, the third cavalryman will break up the Qin troops gathered together for me."

On the high platform of the commander of the Southern Combat Army,

Su Chen held Su Yue and Ying Shiman and looked at the battlefield. He was no longer paying attention. He was now the father of two children.

Zhao Ji was still looking after Mi Hua, and

Su Chen We can only take Charmaine Ying with us first.

However,

Su Yue and Charmaine Ying are close in age. Now the two little guys are looking at each other with big eyes and small eyes.

This is not bad.

In the future, Charmaine Ying and Su Yue will They also have company.

But who is older and who is younger?

Su Chen can't tell. It seems that he can only find Ying Shiman's birthday and horoscope after occupying Xianyang City.

"Um? Those mice can't help but take action?"

Su Chen suddenly sensed some unfamiliar auras, which were sneaking closer to the Southern Combat Legion. This made Su Chen guess that the various schools of thought were about to take action.

Huang Rong asked suspiciously when she heard Su Chen's mumbling. "Husband, are the various schools of thought here?"

Su Chen nodded and said with a smile, "Not bad! These people from hundreds of schools of thought are probably not afraid of death when they come to kill us. They dare to assassinate us in an army of hundreds of thousands. Their courage is commendable.

Huang Rong said to Su Chen disdainfully, "Tch!" It's not certain whether they can come to us. Not everyone in my Southern Combat Corps can sneak over."

Su Chen looked aside and said to Qin Mengyao, "Qin Mengyao, you can go out now.""

"Yes, Your Majesty!"

"Huang Rong, have the Taoists come back?" Su Chen suddenly looked to the other side. There was a powerful person coming over there. Su Chen checked and asked Huang Rong.

Huang Rong shook her head and said, "Not yet. People from the Taoist and Yin Yang families are going to rob and escape. Hundreds of disciples of various schools, they should be back soon"

"Didn't that old guy Bei Mingzi come this time?"

"Bei Mingzi? He is here, but at this time he should also have gone to rob and kill the hundreds of families who escaped. Bei Mingzi is very worried about the losses to his disciples and grandchildren."

"That's it, it looks like I'm going to take action myself again"

"Um? What's wrong? Is there a powerful enemy coming? Su

Chen handed Su Yue and Ying Shiman to Huang Rong and said seriously, "It's Xunzi from Confucianism. The old Confucian scholar didn't expect that he would also come. It seems that he wants to avenge Han Fei and Zhang Liang who came to me." Huang

Rong kissed Su Yue and Ying Shiman in her arms and said with a smile,

"Haha, this time Xunzi is looking for death. A celestial being has come to assassinate you in the out-of-body realm. Oh no, now your realm is suppressed in the golden elixir realm. I'm afraid you just don't take action. You can suppress it with aura and coercion. Xunzi Bar"

"Yes, in the Heavenly Realm, I can crush them to death with just one hand."

Su Chen can now deal with the Heavenly Realm with no effort at all.

The masters he met while passing through the Shenyun Continent He doesn't care about any of the masters in Tianxuan Continent now, cough!

Except for his powerful women.

At this time, in a legion of the Southern Combat Legion, Qin Mengyao's team and thousands of secret guards appeared here, while tens of thousands of black-armored troops surrounded the place.

Qin Mengyao looked down at the masters from various schools of thought who were hiding among a pile of supplies.

"Rats, they have discovered you, do you still want to continue hiding?"

After a farmer heard Qin Mengyao's words, he hurriedly stood up and ordered loudly, "No, we have been discovered. Come together and kill him. We must kill that Commander Huang Rong."

"kill!"

"The crossbow is ready, shoot at will!" When Qin Mengyao saw dozens of masters from various schools of thought appeared, she ordered to the secret guards, swish, swish, swish.....

When the peasant soldier saw the powerful Qi-breaking military crossbows coming towards him, he hurriedly shouted to the masters around him, "Kill those crossbows that are a huge threat to us."

Qin Mengyao looked at the masters rushing towards the secret guards and said Said disdainfully,

"What an idiot! The shadow assassins were also dispatched, and those six old farm guys taught us."

Although the masters of hundreds of schools of thought are powerful, the weakest among them are in the Xiantian realm, but when faced with the attack of the Qi-breaking crossbow, they can handle it at the beginning, but as time goes by, some of these masters also have They were shot to death one after another.

Some masters and masters from various schools of thought rushed towards the secret guards. They wanted to kill these secret guards holding crossbows.

Stabbed! Stabbed! Stabbed!

These masters and masters were about to kill them. At this time, some female assassins in black suddenly appeared. These female assassins cut the throats of these masters to death one by one in an

instant. These masters did not even have a chance to react, and were killed by the shadow assassins one after another..

At this time,

Qin Mengyao's six daughters and the six elders of the farm family also fought against each other.

Qin Mengyao knew that the farm family had a powerful formation. This time, the six daughters of Qin Mengyao were dragging a farm elder with them. They would not give these elders anything. The guys had a chance to activate the formation.

On the battlefield, the war was about to end.

After just an hour, the Qin army of 160,000 to 70,000 people had less than 50,000 people. The army composed of ordinary people was also dead, and only the remaining The Qin army is now being divided and slaughtered. The Qin army will probably be completely destroyed within half an hour.

Qin General Wang Li was killed by crossbow arrows from the black armored army, and Li Xin was even more miserable than Wang Li. , he was surrounded by the shield array and was stabbed with wounds by countless long swords before he died.

Su Chen looked at the battlefield and touched his chin and said,"The war is about to end, and Da Qin is finished. I hope the people of Da Qin will not Rebellion occurs"

"Husband, the people of Qin are martial. If the people of Qin rebel, do we want to massacre the rebellious people?"

"Rebels will be killed without mercy!"

Chapter 1388

Su Chen said to Huang Rong expressionlessly,

"Anyone who dares to rebel will be killed without mercy!"

No one can stop him from the unification of Tianxuan Continent. In order to make a difference in the Shenyu Continent in the future, Tianxuan Continent must not hold him back. Anyone who dares to rebel will be killed without mercy.

Cultivation!

Luck!

These things He needs them all.

In order to be with her women forever in the future, and for his daughters, the fate of Tianxuan Continent must be gathered on him, and no one can stop him.

Huang Rong said seriously He promised Su Chen, "I understand, Da Qin will not be in chaos in the future, I promise."

Su Chen smiled and touched Huang Rong's hair and said,

"Haha, don't be so serious. Our Xuantian Empire's taxes are lower than any other empire, and there is no corvee."

"As long as the people of Great Qin survive the one-year transition period, I believe that the people of Great Qin will recognize and completely surrender to our Xuantian Empire."

"makes sense! Huang

Rong nodded when she heard Su Chen's words and said,

"The emperor of the Xuantian Empire? SouthHuang Rong, the commander of the combat corps?"

At this time, an old man with a white beard suddenly appeared next to the commander's platform. He looked at Su Chen and asked with piercing eyes. The surrounding secret guards and black-armored guards quickly surrounded him with crossbows, bows and arrows. Hands, and even the huge shield of the black armored army hurriedly protected Su Chen and Huang Rong.

"Everybody stand down!"

Su Chen waved his hand to the secret guards and the black-armored army and ordered,

"Yes, Your Majesty!"

Xunzi was very surprised when he saw Su Chen driving back his guards and troops.

He came to assassinate Su Chen.

Why did Su Chen push back his guards and troops? Is there any powerful person hiding here?

"Emperor of Xuantian Empire, don't you know that I want to assassinate you? Su

Chen smiled and replied, "I know, I've been waiting for you for a long time, Confucian Xunzi"

"Do you know me?"

Xunzi didn't expect Su Chen to know him, which surprised him.

He had been staying in Xiaoshengxian Manor for decades and never came out. How did Su Chen know him?

Su Chen was speechless when he heard Xunzi's words.

He can't tell Xunzi that he has watched anime, right?

Su Chen smiled and explained,

"Haha, in the Eastern Continent, Donghuang Taiyi and Bei Mingzi are considered to be members of our Xuantian Empire. Guiguzi has been killed by Donghuang Taiyi. The only person in the Eastern Continent who is still in the realm of heaven and humanity is the Confucian Xunzi. Are you right? ? Xunzi of Confucianism"

"That's right, then you should know why I came, right?"

"Whoever killed me, or my wife Huang Rong"

"Yes, I originally planned to kill your wife Huang Rong this time, but your unexpected appearance made me change my focus."

"For Han Fei and Zhang Liang?"

"Yes, my disciple was killed by you, and I have no choice but to avenge him."

Su Chen understood what Xunzi said, but did he kill Han Fei?

Did he kill Zhang Liang?

None of this seems to have anything to do with him, right?

"Zhang Liang was killed by Han Fei, and Han Fei died of exhaustion of his life force. This doesn't seem to have anything to do with me, right? Xunzi said with a serious face,

"The old lady is still confused. Without your threat to Han Fei, how could Han Fei kill Zhang Liang? How could Han Fei die if he didn't expend his life force? It's all your fault."

Su Chen nodded in agreement after hearing this, "That's right, these can definitely be blamed on me, but do you dare to kill me?"

"I don't dare to kill you, why?" Xunzi asked with confusion on his face.

Su Chen was just a great master, and

Huang Rong was also a great master.

It would be effortless for him to kill them both. He also checked here and there was no powerful master here.

Why? Don't you dare to kill him?

Huang Rong is watching over Su Yue and Ying Shiman.

She is not worried about Su Chen's safety at all.

A man from the Heavenly Realm comes to kill a strong man from the Golden Core Realm?

This is ironic enough.

Su Chen is a bastard. Just pretend to be a pig and eat the tiger.

This bastard has been pretending to be a person with low strength. He used to be a master and pretended to be in the innate realm. The great master pretended to be a master, and now he is an immortal cultivator in the out-of-body realm.

This bastard also pretended to be an innate realm. A great master, this bastard's enemies were probably killed by him.

Su Chen crossed his arms and said with a smile,

"Old man, think about your Confucianism?"

"No matter if you can kill me this time, as long as you dare to take action against me, there is no need for Confucianism to exist"

"If word spreads today about Confucianism assassinating me, Qi State will take action first to destroy your Confucianism without the troops and masters of the Xuantian Empire being dispatched. Do you believe it?"

Xunzi nodded his head in undeniable agreement and said,

"I believe that as long as you die, Xuantian Empire will be completely in chaos. At that time, I will personally go to Qi State to plead guilty, and even agree to serve Qi State. Qi State will not necessarily destroy my Confucianism."

"That's right. You can take action. I've also told you the consequences. As long as you take action, there will be no room for turning back."

"Then I will be offended. Don't worry, I won't touch Princess Gao Yue. I won't take action against a little baby."

Boom!

Xunzi burst out with a powerful aura as he spoke. He waved his hand and wanted to kill the emperor of the Xuantian Empire with one palm.

Boom!

A powerful aura suddenly erupted from Su Chen's body, and Xunzi was suppressed by him. Crawling on the ground.

Although Su Chenshou's strength was sealed to the Golden Core Realm, his mental power was not sealed.

The strength of the Golden Core Realm and the powerful mental power of the Out-of-body Realm were not something Xunzi could compete with.

Xunzi Looking at Su Chen with a cold sweat, he asked in horror, "You are actually a cultivator of the Golden Core Realm, how is this possible? How old are you? How could he be a strong man in the Golden Core Realm? Su

Chen said to Xunzi expressionlessly, "You ask too many questions, Xunzi. I gave you and your Confucianism a chance, but you didn't get it. You should have thought of the consequences." Xunzi said to Su Chen with a frustrated look on his face,

"I didn't expect that I would come to assassinate a strong man in the Golden Core Realm. Your Majesty, the Confucianists all have useful talents. Don't you hope to get Confucianists' talents?"

Xunzi knew that he had to die this time, but Confucianism could not be destroyed, and hundreds of years of Confucianism could not be destroyed in his hands. He now hoped that Su Chen would only let Confucianism go.

Su Chen saw Xiang Xunzi mocked disdainfully, "Talent? I know exactly what your Confucianism is like. The disciples of Confucianism are all nobles. I know exactly what the nobles are like."

" [Gentleman is far away from the kitchen], what kind of nonsense are these? Little Shengxian Manor doesn't even have a kitchen. Do you need to go to a restaurant to order food? I cannot afford to use your Confucian talents."

Xunzi asked with a livid face when he heard Su Chen's words, "Your Majesty, do you really want to destroy Confucianism?"

"It must be destroyed!"

"Then let's die together!"

Xunzi suddenly gathered all his power and wanted to blow himself up and die together with Su Chen.

"Want to blow yourself up in front of me? You think too much!"

Su Chen suddenly appeared next to Xunzi, and he broke Xunzi's neck with one hand.

"Huang Rong, inform the King of Qi of the State of Qi that I want to kill all the Confucians without leaving any trace. Tell the King of Qi that if a Confucian escapes, I will kill the members of the Qi royal family to take the blame."

"Yes, Your Majesty!"

Chapter 1389

Huang Rong was very surprised when she heard Su Chen's order.

This time Su Chen seemed to be really angry.

But yes, if these Jianghu people assassinate court officials at every turn, it will be very detrimental to their future rule of the Eastern Continent.

Su Chen probably wanted to intimidate those Jianghu people.

Huang Rong nodded and agreed, "I understand. I will inform them of Qi State. If the royal family of Qi State does not want to be destroyed, they will definitely destroy the Confucianism of Xiaoshengxian Village.""

"Well, let Luo Wang also send some people to monitor, especially Confucian Fu Nian and Yan Lu. They did not come this time. If these two masters are not killed, they will also be a threat in the future."

"Fu Nian and Yan Lu? I understand. I will issue an order to focus on monitoring Fu Nian and Yan Lu in Qi State's trap."

At this time,

Qin Mengyao and the others also killed all the assassins. The dozens of assassins from various schools who arrived this time were completely wiped out.

Even those who escaped earlier could not escape. There were Taoists and The masters of the Yin and Yang family led the team to rob and kill those assassins. Those assassins from various schools of thought were also dead.

On the battlefield, the war was basically over. Three black-armored legions were now checking on the Qin army who was pretending to be dead and even injured. The Qin army, who had no ability to resist, also picked them up one by one.

On the walls of Xianyang City, many people shed tears silently looking at the tragic battlefield.

The last army of the Qin Dynasty was also completely wiped out, and the destruction of the country by the Qin Dynasty has been reversed. Well, the Great Qin that has existed for hundreds of years is going to die like this.

From a country that raised horses for the Great Zhou to a gradually rising Great Qin, it took six generations of wise kings to develop into the most powerful empire in the Eastern Continent.

But facing Xuantian Due to the empire's attack,

Da Qin was about to be destroyed without persisting for a year, which made the people of Da Qin feel very uncomfortable.

Wow woo woo woo.....

At this time, the horn of the Southern Combat Legion sounded, and an infantry legion was dispatched.

The infantry legion of 50,000 soldiers headed directly towards Xianyang City. Xianyang City was now undefended, and the infantry legion quickly rushed out from the city gate. Entered Xianyang City.

In Xianyang City, some black-armored messengers dispersed and shouted in Xianyang City,

"His Majesty the Emperor has issued an order. The Qin Dynasty has died, and the people have gone home. Xianyang City will be under a curfew for one month. Any people who dare to resist will be killed without mercy!"

"His Majesty the Emperor has issued an order. The Qin Dynasty has died, and the people have gone home. Xianyang City will be under a curfew for one month. Any people who dare to resist will be killed without mercy!"

"His Majesty the Emperor has issued an order. The Qin Dynasty has died, and the people have gone home. Xianyang City will be under a curfew for one month. Any people who dare to resist will be killed without mercy!"

After the people in Xianyang City heard the order, although they were all unwilling, they were helpless.

The hundreds of thousands of elite troops of Great Qin were all finished.

Even the young and middle-aged people in Xianyang City died. Xianyang No matter how unwilling the people of the city were, they could not resist the well-equipped black-armored army.

After 50,000 elite black-armored troops took control of Xianyang City,

Da Qin's black dragon flag was also replaced by the Xuantian Empire's black bird flag. The Qin Dynasty, which had existed for hundreds of years, was really destroyed this time. Su Chen and Huang Rong had arrived at the Qin Palace in Xianyang. The remaining officials of the Qin Dynasty were kneeling in the hall one by one, waiting for Su Chen to deal with them.

Su Chen came When he arrived at the King of Qin's hall, he sat on the throne. He frowned when he looked at the remaining Qin officials. There were many fewer officials here than the ones he knew.

"See His Majesty the Emperor!"

In the main hall, the officials of Da Qin knelt down and worshiped Su Chen.

Su Chen looked at Li Si who was kneeling on the ground in the main hall and asked,"Li Si, where have all the old ministers of King Qin gone?"

"Returning to Your Majesty, all those officials followed King Qin. Li Si immediately raised his head and replied,

"Haha, okay, those officials are the real Da Qin officials, you people are really greedy for life and afraid of death."

Li Si's face changed drastically when he heard Su Chen's words.

He was worried that Su Chen would look down on them officials and even order them to be massacred.

Li Si hurriedly defended Su Chen,

"Your Majesty, nature selects the fittest to survive. We are just officials, not kings. We just want to assist the king in governing the world and managing people's livelihood. As for who will be the king or the emperor, we have no way to stop it."

Su Chen looked at Li Si disdainfully.

Although Li Si in the plot was very talented, he was also a huge scourge.

It can be said that Li Si contributed a lot to the establishment of the Qin Empire, but Li Si was also a huge driving force behind the demise of the Qin Dynasty.

Like this Who dares to use it?

"Li Si, your eloquence is good, but you may not know that just outside the city, I was assassinated by the Confucian Xunzi. Xunzi was killed, and all Confucian disciples will be killed in the future. As a Confucian disciple, you will not exception."

Li Si is very uneasy now.

He did not expect that Confucianism would assassinate Su Chen. Even Xunzi took action himself. Confucianism was going to kill him this time.

Li Si was worried that Su Chen would really kill him.

"Your Majesty, although I am a disciple of Xunzi, Xunzi has expelled me from Confucianism. I am now a Legalist and no longer a Confucian."

Su Chen didn't want to listen to Li Si's excuses. He felt sick just looking at such a person.

"If anyone comes, Li Si will kill them on the spot, and Li Si's family will be wiped out!"

"Yes, Your Majesty!"

"Your Majesty, please spare your life, Your Majesty, spare your life!" Li Si yelled when he was dragged away by the black-armored soldiers.

Su Chen saw that the remaining officials were very panicked, so he said expressionlessly,

"As for you, the officials of the Xuantian Empire will evaluate you in the future. If you are capable, you can continue to be an official. Where can those who are not capable go back and forth?"

"Yes, Your Majesty!"

Su Chen waved his hand and ordered, "Now go and appease the people of Xianyang City. Officials from the Xuantian Empire will arrive in three days. You must manage Xianyang City for me in the past few days."

"I obey the order!"

After Su Chen's ministers here all left, he came to the back hall alone, where the remains of King Qin Ying Zheng and his children were placed.

At this moment,

Zhao Ji was also here.

Zhao Ji looked sad. Looking at the body of King Qin Ying Zheng, she gently touched Ying Zheng's pale face and whispered, "Zheng'er, rest, you are tired too. All this is life. I should not have brought you back in the first place." Da Qin, this is all mother's fault."

Su Chen walked to Zhao Ji and patted her shoulder and said, "Zhao Ji, Ying Zheng is a true king."

"Although he did something unfair to you and some things, it is undeniable that he has no regrets towards Da Qin."

"Ying Zheng is also the most outstanding king among the kings of the Qin Dynasty. I will bury him with royal etiquette, you can rest assured."

Zhao Ji shed tears when she heard Su Chen's words and said,

"I know that although Zheng'er broke my heart, he is my child after all. Seeing Zheng'er leave with an old look on his face, I regretted it very much. I regretted that I should not have taken Zheng'er back to Daqin."

"This is what fate should be, and you can't force it, so don't be too sad."

Chapter 1390

It has been almost five hundred days since Su Chen left the Divine Meteor Continent, and a year and a half has passed here.

A lot of things have happened in the past year and a half since Su Chen left Shenyu Continent.

A year ago, the Song Dynasty's 100,000 troops were wiped out by the black-armored army. Although the Song Dynasty had tried its best to conceal this incident, the war at that time was discovered by many people's associations and surrounding immortal cultivators.

The Song Dynasty court is very passive now.

After all, the city of Hangzhou was granted to Lord Wu Xiang.

Needless to say, the Song Dynasty's 100,000 troops came to Hangzhou City. Other forces could guess why.

Hangzhou City was an important city in the south of the Song Dynasty and an important place for taxation.

The Song Dynasty was not willing to allow such an important city as Hangzhou City to be enfeoffed. However, the Song Dynasty court did not expect that one hundred thousand troops would be completely wiped out. This was The Song Dynasty court was both embarrassed and lost face.

Recently, various cities in the southern part of the Song Dynasty have been gathering troops intensively. The Song Dynasty court is preparing to attack Lord Wu Xiang of Hangzhou City.

Now that it has lost face, the Song Dynasty is also desperate to take back Hangzhou City.

Thirdly, the Buddhist sect of the Song Dynasty also took action.

The Buddhist sect initially thought that Lord Wu Xiang was supported by the Taoist Shushan sect, which made the Buddhist sect dare not act rashly for a while.

But the war a year ago.

After letting the Buddhists know that they might have been deceived by Wu Xiangjun, the Buddhists waited and watched for more than half a year.

They found that the Song Dynasty had already fallen out with Wu Xiangjun, and now the Song Dynasty was gathering troops to launch a war against Wu Xiangjun again.

Buddhism also saw the opportunity, and various Buddhist temples in the south began to gather experts intensively to prepare to attack Lord Wu Xiang in Hangzhou City.

After all, the temples in Hangzhou City were destroyed.

Buddhism also needs Wu Xiangjun to give them an explanation. It has been more than half a year since Ji Ruxi and He Shuirou came to Hangzhou City in Shenyu Continent. The situation in Hangzhou City is becoming more and more dangerous. The Song Dynasty court has assembled more than 300,000 troops in the south, and they are still gathering troops. The actions of the Buddhist monks have also been noticed by them. In the study room of Lord Wu Xiang's Mansion , Ji Ruxi, Shui Rou, Xiaobai, and Xiaoqing sat together and looked at the intelligence collected by the secret guards. Shuirou looked at Ji Ruxi and thought for a while and said,

"Sister, it seems that the Song Dynasty will have to gather at least 500,000 troops before launching a war. This way we still have time. As long as Mu Guiying's northern combat corps arrives, the army of the Song Dynasty court will be vulnerable to a single blow."

Ji Ruxi nodded and said with a frown,

"I know this, but Buddhism is a threat, and Fahai of Jinshan Temple is no match for us. It seems that we will need the help of the boss at that time."

Xiao Bai and Xiao Qing were very helpless when they looked at Ji Ruxi and He Shuirou.

They knew little about the black-armored army, the secret guards, the nets, and even the shadow assassins. What Ji Ruxi and He Shuirou said about the Northern Combat Legion, they were more... Confused.

Six months ago, these two women appeared in Wu Xiangjun's mansion with many of their subordinates. At that time, Xiaobai and Xiaoqing almost fought with Ji Ruxi and them.

If it weren't for the black-armored army saluting Ji Ruxi and them, Even the black-armored army called Ji Ruxi and them Madam, and they were probably going to destroy Ji Ruxi and these people.

Especially when Ji Ruxi and brought Su Chen's letter, they knew that these two women were Su Chen's wives.

Xiao Qing was very enthusiastic about Ji Ruxi and He Shuirou, but Xiaobai was different. Xiaobai didn't expect that Su Chen actually had a wife, or even two people, which made her very angry. After that,

Wu Xiangjun Some beautiful women appear in the house from time to time.

Although those women left Wu Xiangjun's house after living in it for about ten days, the conversations between these women made Xiaobai want to strangle that bastard Su Chen to death.

Xiaobai didn't Thinking that those beautiful women are all related to that bastard, and some are even the women of that bastard Su Chen.

Xiao Qing asked in confusion after hearing Ji Ruxi's words,

"Is the little fox Fahai's opponent? Fahai may be an immortal cultivator in the Dongxu Realm. The most powerful one among us is my sister Xiaobai, but she is only at the distraction stage and we are still too weak."

Ji Ruxihe shook his head and said, "I don't know, but when we arrived, my husband said that if there was something that couldn't be solved, the little fox could take action. I think the little fox is very powerful."

Xiao Bai looked at Ji Ruxi and the girls and said to them, "The little fox is very powerful. I felt a great threat from the little fox five hundred years ago. The little fox should be able to defeat Fahai."

Although Xiaobai doesn't know how powerful the little fox is.

But five hundred years ago, when she saw the little fox, she felt that if the little fox wanted to kill her, he might not have killed her with one hand..

She is now at the distraction level, but when she saw the little fox again half a year ago, she still felt that she was no match for the little fox.

Shui Rou twitched when she heard Xiao Bai's words, five hundred years ago?

This How old is Bai Suzhen?

Monster!

She never thought that one day she would sit with a monster, and they might even become sisters in the future.

Shui Rou was speechless when she thought of this.

"We don't need to worry about this yet, there is still time anyway, maybe Su Chen will arrive after a while."

Xiao Qing nodded hurriedly after hearing Shui Rou's words and said, "Well, that's right. We should wait until Su Chen comes back to talk about these things. Anyway, we still have time."

"Where did Su Chen go?" Xiao Bai looked at Ji Ruxi and He Shuirou and asked doubtfully.

Xiao Bai was not as carefree as Xiao Qing.

The arrival of Ji Ruxi and them was very mysterious. Even the beautiful women who kept appearing in the future were also mysterious. Appearing in Wu Xiangjun's Mansion.

You must know that she has been guarding Wu Xiangjun's Mansion. The arrival of these low-power humans cannot be hidden from her perception.

But these beautiful women were only discovered by her after they appeared in the back garden..

This made Xiaobai very confused.

Xiaoqing also looked at Ji Ruxi and He Shuirou.

She also wanted to know where the bastard Su Chen had gone?

How come he had been gone for more than a year?

Ji Ruxi and Xiaobai said apologetically He Xiaoqing said, "Let's wait until Su Chen arrives to tell you this. This matter is of great importance, and we don't dare to tell you casually."

"Well, I'll have to ask that bastard when he comes."

Shenyu Continent,

Southern Continent Frontier, Yunlan Sect!

Yunlan Sect has been very lively these days.

Some powerful forces from the Southern Continent Frontier and Eastern Continent Frontier have been invited by Yunlan Sect.

There are only three more days. Nalan Yuyan, the chief disciple of the Yunlan Sect, has a three-year agreement with Xiao Huohuo. The Yunlan Sect wants Nalan Yuyan and Xiao Huohuo to duel in front of many strong men. At the foot of the Yunlan Sect mountain,

Huan Huan and Shi Feixuan also came here. They also heard that there was going to be a competition here, and there would be many strong people here, so they planned to come and see the excitement.

Huan looked at the powerful people around them. The person whispered, "Nun, there are really a lot of powerful people here, we have to be careful."

"Witch, why do you keep following me? Wouldn't it be better for us to practice separately?"
