

Zongwu 141

Chapter 141

On a hillside outside Yangzhou City, Li Shimin felt helpless when he looked at the army outside Yangzhou City. He originally brought his most elite black armor cavalry to seek revenge on Su Chen.

But he didn't expect that the person who humiliated him at the beginning was Wu Xiangjun of the Song Dynasty, and now he was still controlling the most elite Xiaoguo Army in the Sui Dynasty. This left Li Shimin, who had been here for more than ten days, unable to do anything.

Today made Li Shimin a little happy. He had just received a spy report that Du Fuwei's more than 100,000 Jianghuai troops had come to attack Yangzhou City. Li Shimin felt that he could take this opportunity to kill Wu Xiangjun Su Chen.

Li Xiuning frowned and looked at the Xiaoguo army outside Yangzhou City. This was the most elite army in the Sui Dynasty. Even their black armored cavalry built with heavy gold were no match for those Xiaoguo troops who had experienced hundreds of battles.

I am afraid that a single Xuanjia Cavalry will be scattered by the Xiaoguo Army cavalry, or even a single Xuanjia Cavalry will be killed and the army will be defeated. This makes Li Xiuning a little worried that the Xuanjia Cavalry will suffer heavy losses in this war in Yangzhou.

Li Xiuning also knew that this time her second brother came to take revenge on Lord Wu Xiang of the Song Dynasty in Yangzhou City. She knew that the second brother's fiancée, the eldest grandson, was also taken away by Lord Wu Xiang. Li Xiuning now also hates Lord Wu Xiang very much..

This Lord Wu Xiang is obviously a king who does all kinds of evil. Li Xiuning now wants to kill Lord Wu Xiang and save his eldest grandson Wu Chuan.

In front of the Xiaoguo Army, Song Que looked at the Xiaoguo Army and refused to allow them to enter the army. Fan Qinghui in the army did not respond. Song Que led the people here to spare the Xiaoguo Army and came to a place. On the high ground, get ready to see what war is about to happen.

Kou Zhong and Xu Ziling now have their faces dirty, but they are afraid that the people here will recognize them.

Kou Zhong and Xu Ziling still don't understand why this Korean woman didn't tell everyone in the Song family that they had the secret book of the secret of longevity, and she didn't even press them for the secret of longevity. This made Kou Zhong and Xu Ziling very confused.

Dong Dong Dong Dong Dong Dong

At this time, there was the sound of heavy footsteps in the distance. After a while, a black mass of people appeared in the distance. Seeing the appearance of more than 100,000 troops, the people here took a breath of air-conditioning.

When Du Fuwei's Jianghuai Army confronted the Xiaoguo Army outside Yangzhou City, some generals of the Jianghuai Army escorted Du Fuwei and appeared in front of the Jianghuai Army.

A deputy general frowned and said, looking at the neatly arranged Xiaoguo Army.

"Mr. Du, there is actually a Xiaoguo Army here. I am afraid our troops are no match for this Xiaoguo Army."

Another general said angrily,

"Yes, I don't know if that bastard lied about the military situation and said that there are only 20,000 ordinary Sui troops here. We may have returned without success this time."

Du Fuwei rode on his horse and looked at the Xiaoguo Army waiting in front, feeling that there was some trouble. This time he wanted to occupy this prosperous Yangzhou City. Now that the Xiaoguo Army is here, his operation may fail. It ended.

There was also the Song Dynasty clan leader Song Que and his family that they were chasing all the way. If there was no army to kill Song Que and the others this time, if Song Que returned to Lingnan, he would probably launch a war against his Jianghuai army.

"General Duan, do you know why these Xiaoguo troops are here?"

General Duan immediately told Du Fuwei the news he had just received,

"Mr. Du, didn't a heaven-level secret book appear in Yangzhou City some time ago? Some martial arts people came to Yangzhou to compete for the martial arts secret book called the Secret of Longevity. It seems that if you practice the Secret of Longevity to the highest level, you can live forever. These The Xiaoguo Army also came to protect Lord Wu Xiang of the Song Dynasty."

Du Fuwei thought for a while and then ordered,

"Go and shout, since these troops are protecting Lord Wuxiang of the Song Dynasty, there is no need for us to have a grudge against Lord Wuxiang of the Song Dynasty. Let's first see if Lord Wuxiang of the Song Dynasty can give us Yangzhou City. If he doesn't let us, we will attack. We are here. There are 160,000 troops, and these Xiaoguo troops will be killed even if they are exhausted."

"Yes, Chief!"

The general rode towards the Xiaoguo Army. When he came to the front of the Xiaoguo Army's formation, he shouted loudly,

"General Xiaoguo Army, listen, I am Jianghuai Army Deputy General Han Wenxuan. Our general manager Du Fuwei said that as long as Wu Xiangjun leaves Yangzhou City, our Jianghuai Army will not deal with Wu Xiangjun."

Tong Hu looked at Jiang Huaijun and said with some shame,

"Haha, General Han, it is impossible for our Lord to give up Yangzhou City. If you want to attack, go ahead and attack. Our Xiaoguo Army has not fought for a long time. This time, we will attack your Jianghuai Army and let Your Majesty take a look at us. The strength of the Xiaoguo Army."

Han Wenxuan looked at these high-spirited Xiaoguo troops and said with an ugly expression,

"Then prepare for war"

"War is war, come on."

When Han Wenxuan returned to the Jianghuai Army, the Jianghuai Army began to take action. The entire Jianghuai Army began to prepare to attack the Xiaoguo Army.

In Yangzhou City, Su Chen rode a horse with Hua Yuenu and Hua Xingnu. The two grandmasters ran quickly towards the outside of the city. Su Ming led hundreds of secret guards to closely follow Su Chen to protect him.

When Su Chen came outside the city, he saw Xiaoguo Army and Jianghuai Army approaching. There was a confrontation, and the Jianghuai Army seemed to be preparing to attack.

"Xiaoguo Army, General Tong Hu has seen your Majesty"

""I have met you, Your

Majesty." Tong Hu immediately dismounted his horse and saluted when Su Chen arrived, and the Xiaoguo Army also knelt down neatly and saluted.

Fan Qinghui was a little embarrassed now. She was standing alone in the Xiaoguo Army, and Xiaoguo Army The Guo Army is now kneeling down and saluting that bastard Su Chen. It is very unnatural for a woman like Fan Qinghui to stand alone in the Xiaoguo Army.

Su Chen looked at these Xiaoguo Army and found that Fan Qinghui, an old woman, was also in the Xiaoguo Army. In the army, Su Chen looked at Fan Qinghui who was unnatural and smiled.

"Get up, everyone"

""Thank you, Your Majesty."

Su Chen checked the Xiaoguo Army. Although these Xiaoguo Army were also very elite, they were still far inferior to his own army. The weapons and equipment of the Xiaoguo Army were also not as good as his own army's weapon preparation.

Su This time Chen wanted to see the combat effectiveness of the Xiaoguo Army. If the Xiaoguo Army here met his requirements, then Yu Wenhua and the remaining Xiaoguo Army Su Chen would also find a way to get them.

Fan Qinghui saw that Su Chen was a bastard She was very angry when she was ignored. She spent more than half of her energy to inform this bastard.

Although she did not expect that Su Chen discovered that the Jianghuai Army was going to attack Yangzhou City, she was also Shi Feixuan's master after all, but this bastard She actually ignored herself.

Fan Qinghui walked towards Su Chen. It was very inconvenient for her to stay alone in the Xiaoguo Army. Now that Su Chen came over, she would go to Su Chen first and wait until the war was over. Fan Qinghui teaches this bastard a lesson again

"Manager, Mr. Wu Xiang is here, do we still want to attack?"

Du Fuwei smiled when he saw Mr. Wu Xiang coming and said with some doubts,

"Haha, I didn't expect Lord Wu Xiang to be a young man, but why would the Xiaoguo Army be so respectful to Lord Wu Xiang of the Song Dynasty? This obviously regarded Lord Wu Xiang as their master. Did the Xiaoguo Army defect to Lord Wu Xiang?"

"General Duan, order the army to suspend the attack. I will go meet this Lord Wu Xiang."

"Yes, Controller"

Chapter 142

Su Chen looked at the more than 100,000 troops facing the Xiaoguo Army and frowned. Su Chen thought that although the Xiaoguo Army was stronger than the peasant army, Du Fuwei's peasant uprising Jianghuai Army was too large.

Although the Xiaoguo Army can destroy Du Fuwei's army, the Xiaoguo Army may also suffer heavy losses. Su Chen does not want his army to suffer heavy losses here.

"System, deploy 10,000 heavily armored Nether Cavalry and wait for my order five miles away."

"Ding, 10,000 heavily armored Nether Cavalry have been deployed five miles away, waiting for the host's order."

"Tong Hu"

"My subordinate is here."

Su Chen took out a token from his arms and threw it to Tong Hu and said,

"Take my token and go five miles to the south. There are my 10,000 heavily armored Nether Cavalry. Those Nether Cavalry are now under your command. I only have one request, which is that neither the Xiaoguo Army nor the Nether Cavalry are allowed to show up. Too many casualties."

Tong Hu is very excited now. He heard the secret guard commander Su Ming introduce Wu Xiangjun's army. The Nether Iron Cavalry is the most powerful cavalry army in the entire continent. Why? This time it is 10,000 heavily armored Nether Iron Cavalry.

"Your Majesty, don't worry, there are 10,000 heavily armored cavalry here. We won't suffer too many casualties this time. If the army suffers heavy losses, I, Tong Hu, will commit suicide in front of your Majesty."

Su Chen waved his hand and said to the excited Tong Hu,

"You go prepare for war, I'm just here to watch, you don't have to worry about my safety"

"Yes, Your Majesty,"

Su Chen said teasingly when he saw Fan Qinghui coming over.

"Fan Qinghui, what are you doing, an old woman, in the army? Didn't the nun make preparations to become a female general?"

Fan Qinghui wanted to kill this bastard after hearing Su Chen's words. Is this what people say? Although she is very old, her appearance is very young.

This shameless person actually called herself an old woman! Fan Qinghui is so angry that he wants to strangle this bastard Su Chen to death.

"Shameless bastard, if I hadn't come to inform you that the Jianghuai Army was going to attack Yangzhou, why would I be here?"

Su Chen didn't expect that Fan Qinghui would come to inform him of the Jianghuai Army's attack. This made Su Chen look at Fan Qinghui a little apologetically. Su Chen felt that he had been a little too much towards Fan Qinghui just now. After all, Fan Qinghui was also plump and beautiful. Beautiful nun.

Su Chen looked at Fan Qinghui who was very angry now and smiled and said,

"Haha, thank you very much to Master Fanzhai. Su Ming, give Master Fanzhai a horse."

"Yes, Your Majesty."

At this time, Du Fuwei led a team of guards to the center of the confrontation between the two armies and said loudly,

"Mr. Wu Xiang, I am Jianghuai Du Fuwei. I wonder if Mr. Wu Xiang would dare to come and talk to me?"

Su Chen smiled when he heard Jianghuai Du Fuwei's words and rode towards the place where the two armies were facing each other. Su Chen also wanted to see what kind of person Du Fuwei would be who would surrender to Li Tang in the future.

Hua Yuenu and Hua Yuenu immediately followed on horseback, and Su Ming also hurriedly followed with a team of guards.

Fan Qinghui was embarrassed again this time. That bastard Su Chen went to see Du Fuwei without saying anything this time. Su Chen's men also followed. Fan Qinghui looked at the remaining

hundreds of secret guards and felt somewhat comforted. At least she was not left here alone this time.

"JAC Du Fuwei"

"Wu Xiangjun of the Great Song Dynasty, Su Chen."

After Su Chen arrived, he and Du Fuwei called each other's names. The two of them looked at each other a few meters apart.

Su Chen looked at Du Fuwei, who was quite tall. , although this Du Fuwei didn't look very good, Du Fuwei didn't look like a person who would do anything evil.

It was just that it was rumored that Du Fuwei's army burned, killed, looted and committed all kinds of evil everywhere, which made Su Chen couldn't bear it. I just wanted to ask Du Fuwei.

Su Chen pulled the horse rope and looked at Du Fuwei and smiled,

"Du Fuwei, you are still going back and forth. Although Yangzhou City does not belong to me, I have no obligation to protect Yangzhou City, but the character of your army is too bad. I am afraid that if I leave, your army will be wiped out in blood. Yangzhou City."

Du Fuwei stared at Su Chen with murderous intent. Du Fuwei also knew what was going on in his army, but if he didn't do this, he wouldn't be able to recruit soldiers at all. Du Fuwei also waited until the army was completely stabilized before reorganizing the army. When

Du Fuwei saw Su Chen's refusal, he wanted to kill Wu Xiangjun immediately, so that the Xiaoguo Army might retreat without a fight.

Du Fuwei looked at Su Chen with murderous intent and said,

"Lord Wu Xiang, you are not from the Sui Dynasty. Aren't you afraid that doing this will cause disputes between the two countries? Or are you saying that the Song Dynasty is preparing to invade the Sui Dynasty?"

Su Chen also felt that Du Fuwei wanted to kill him here. Su Chen shook his head and said,

"Whatever you say, even if I really want to invade Sui Dynasty, so what? What can you do to me? Can you destroy my army with just a mob like you? Or will you kill me now?"

Du Fuwei laughed and said to Su Chen,

"Haha, if I kill you, maybe the Xiaoguo Army will retreat without a fight, so won't I be able to get Yangzhou City easily?"

"Then can you kill me?"

Su Chen felt that there were several powerful masters among Du Fuwei's guards, but Su Chen was not afraid. Although he could not take action this time, Su Chen did not mind killing a few people who wanted to kill him.

Du Fuwei He smiled and called behind him,

"Haha, Mr. Wu Xiang, I have brought a few powerful Jianghu people with me this time. I am afraid it will be difficult for you to retreat safely this time. Xie Xiaofeng, Yang Xuyan, Shangguan Jinhong, please come out."

At this time, Hua Yuenu and Hua Xingnu immediately looked at these people with vigilance. Su Ming led the secret guards to protect Su Chen. After hearing Du Fuwei's words, Su Chen saw several people coming from Du Fuwei. The Fuwei guards came out. Su Chen looked at them and shook his head. Only Xie Xiaofeng and Shangguan Jinhong were the masters here.

Yang Xuyan was only an innate cultivation state, and he could kill this shadow in seconds. Assassin Yang Xuyan, the remaining few people should be Shangguan Jinhong's men, they are all scum.

"Du Fuwei, do you think they can kill me with just a few of them? Xie Xiaofeng, are you sure you want to kill me?"

Du Fuwei said to Su Chen very definitely,

"Mr. Wu Xiang, they will definitely kill you. I promise them that as long as they help me get Yangzhou City, I will help them find the two gangsters."

"Although I now know that those two gangsters have the secret book of longevity in their hands, it is of no use to me. You are dead this time."

Xie Xiaofeng, who is behind Du Fuwei, is very confused now. He did not expect that Du Fuwei would ask him to meet Su Chen. If he had known earlier, he would definitely not have come.

Su Chen's wife and confidante are very powerful. If he takes action against Su Chen, I'm afraid that the Xie family will also be wiped out by Su Chen's angry women. He knows how terrifying those women are.

After thinking about it, Xie Xiaofeng still didn't dare to take action against Su Chen. He faced Du Fuwei. He said with a gloomy face,

"Du Fuwei, this is the end of our transaction. I cannot offend Mr. Wu Xiang. Please take your leave."

Shangguan Jinhong felt helpless when he saw Su Chen. He knew that Wu Xiangjun's women were all more sinister than him. If he dared to take action against Su Chen, I'm afraid his money gang wouldn't even exist. necessary,

"Du Fuwei, our money gang is also withdrawing. I will have your gold returned to you."

"Haha, Du Fuwei, it seems that none of the experts you invited dare to take action against me. Now there is only one shadow assassin, Yang Xuyan, left. Do you think he will leave?"

Chapter 143

Du Fuwei did not expect that Xie Xiaofeng, who had begged him before, did not dare to take action against Su Chen, and the money gang that had received his gold also withdrew, which made Du Fuwei feel that something was wrong.

He looked at the shadow assassin Yang Xuyan next to him and felt that a Xiantian-level assassin would definitely not be able to kill Su Chen. This time, he could say that he fell short.

"Mr. Wu Xiang, let's meet on the battlefield."

Su Chen said funnyly when he saw Du Fuwei was about to leave,

"Du Fuwei, do you think you can make it there? Or do you think you can escape unscathed if you fail to deal with me?"

Du Fuwei's face was a little ugly. He knew that Xie Xiaofeng and Shangguan Jinhong had left, and it was no longer realistic to kill Su Chen.

"What do you want?"

Su Chen looked at the shadow assassin Yang Xuyan and said to the Huayue slaves in Yihua Palace,

"Huayue Nu, you and Hua Xingnu killed the shadow assassin Yang Xuyan. Since he is unwilling to leave, let him stay here forever."

"Yes, Your Majesty."

Hua Yuenu and Hua Xingnu listened to Su Chen's order and attacked the shadow assassin Yang Xuyan.

Su Chen watched the two master masters deal with an innate-level assassin. Yang Xuyan was sure this time. There is no way to escape. If it weren't for the shadow assassin Yang Xuyan's martial arts and Su Chen was afraid that he would escape, a Huayue slave could easily kill Yang Xuyan.

"Su Ming led the secret guards to kill Du Fuwei's guards."

"Yes, Your Majesty."

Su Ming drew out his short blade and ordered the secret guards,"The secret guards obey the order and kill all the guards here."

"yes"

""Kill"

Du Fuwei watched Su Chen order his men to start massacring his own guards, so he pulled out his big knife and was about to kill Su Chen.

Su Chen was speechless when he saw Du Fuwei holding the big knife.

"Wait, Du Fuwei, we are people with status after all, you don't want to take action yourself, do you?"

"Can't you take action personally if you have an identity?"

"Of course, one look at you will tell you that you are not a noble. Have you ever seen a noble go off to fight in person? If even the nobles took action personally, what else would their subordinates do?"

"Haha, Mr. Wu Xiang, you are already a little master in the Xiantian realm. Don't you dare to take action against me?"

"I'm not worthy of attacking you. Since you want to die, don't blame me."

"Haha, Mr. Wu Xiang, you are dead this time."

Just when Du Fuwei was about to kill Su Chen, Du Fuwei's army and Su Chen's army also began to prepare to attack each other.

Du Fuwei took a big knife and quickly slashed at Su Chen. Su Chen watched Du Fuwei was about to cut him, and he suddenly disappeared with a mysterious smile.

Du Fuwei struck the place where Su Chen was standing just now and found that Su Chen suddenly disappeared. This shocked Du Fuwei. , just when Du Fuwei was about to turn around to search for Su Chen, he suddenly felt a sense of crisis coming from behind him.

Su

Chen took a brick in his hand and smashed it hard on Du Fuwei's head. After Wei was knocked down by him, Su Chen kicked Du Fuwei away.

Su Chen looked at Du Fuwei's bruised and bloody appearance and said with a smile,

"Du Fuwei, how does my invincible slab feel?"

Du Fuwei wiped the blood from his head and shouted angrily,

"Mr. Wu Xiang, I will not stop until I kill you."

As Du Fuwei said, he actually got on a horse and ran away. This made Su Chen a little depressed. A grandmaster didn't dare to fight with him.

Su Chen didn't want to kill Du Fuwei now, otherwise it wouldn't have been a brick. It's a sword.

If he kills Du Fuwei now, I'm afraid Jianghuai will be annexed by several nearby forces. This is not in his own interests. Su Chen wants to drain Du Fuwei dry first and then destroy him. When

Su Chen saw Du Fuwei running away, he shook his head and looked around. The reason why Su Chen revealed that he knew martial arts this time was to suppress those who wanted to cause trouble for him.

Su Chen has been with Murong Qiudi and the others since After those beauties had contact, some people who were not afraid of death began to want to deal with him. Concubine Yan killed many people in Yangzhou City alone.

Su Chen exposed his martial arts in public this time. I believe those who are not afraid of death People would restrain themselves, otherwise Su Chen wouldn't mind massacring their whole family.

At this time, Hua Yuenu and Hua Xingnu came back with the head of the shadow assassin Yang Xuyan,

"Your Majesty, this is the head of shadow assassin Yang Xuyan."

"Damn it, you are all beauties and you are not allowed to cut people's heads anymore. Just kill them."

"Yes, Your Majesty."

Su Chen looked at the head of Shadow Assassin Yang Xuyan and felt a little sad. This prince of the Sui Dynasty would no longer have to live in pain.

Su Chen thought that if the evil king Shi Zhixuan knew that he had killed his apprentice, what would he do? Won't he come to trouble him? But Su Chen is not afraid of Shi Zhixuan. Now Shi Zhixuan is just an irrational madman.

After Su Ming led the secret guards to kill Du Fuwei's guards, Su Chen and the others left. After all, there are some It's not safe. If they are surrounded by Du Fuwei's army.

Su Chen can leave with Hua Yuenu and Hua Xingnu in an instant, but Su Ming and the others will definitely be surrounded by the army and die in battle.

Fan Qinghui saw Su Chen coming back. She breathed a sigh of relief. She originally saw that Su Chen and Du Fuwei were about to fight, and Fan Qinghui was going to save Su Chen, but she didn't expect that Su Chen actually scared Du Fuwei away.

Fan Qinghui also discovered that Su Chen Her movements were so fast that she had no idea how Su Chen avoided Du Fuwei's attack.

"You bastard's body skills are pretty good. I didn't expect you to be able to scare away a grand master."

Fan Qinghui, who came from Su Chen, said proudly next to him,

"Tsk, what do you, a nun, know? Fan Qinghui, who are those people over there? Why do they seem to be looking at you all the time?"

"It's Song Que of the Song Dynasty and his family"

"Let me guess, isn't that your old sweetheart here? Fan Qinghui, don't you plan to meet your old friend?"

Fan Qinghui grabbed Su Chen's clothes and said angrily,

"Do you want to die? If you dare to talk nonsense again, I will kill you bastard first."

Su Chen turned around and sat on Fan Qinghui's horse. He hugged Fan Qinghui from behind and said with a smile,

"Don't move, I'm here to help you. If you want Song Que to forget you completely, you have to let him know that you already have a new love, so that Song Que will no longer miss you."

Fan Qinghui's face turned red as Su Chen hugged her from behind while sitting on the horse. She never thought that Su Chen, a bastard, would be so bold.

She was a nun, and Su Chen, a shameless person, would not let her go. This bastard Although he said he was helping him, Fan Qinghui felt that Su Chen, a shameless bastard, was taking advantage of her.

"Let me go quickly, or I'm going to do it."

Su Chen smiled and did not let go of Fan Qinghui. Su Chen also wanted to know what Song Que's expression would be like later. Anyway, Fan Qinghui was here, and he believed that Song Que would not dare to take action against him.

Su Chen looked at the two Fang Jun was about to fight, so he looked at the blushing Fan Qinghui and smiled and said,

"Fan Qinghui, I have hugged you now anyway. People here have seen everything they should see. If I let you go now, I won't be able to help you."

"You are so helpful, you are causing trouble for me, please let me go."

The people watching the battle were all very shocked. They did not expect that Lord Wu Xiang could actually do martial arts, and his light kung fu was also very good.

A person in the Xiantian realm actually scared away a grandmaster, which made these people in the world feel a little incredible.

However, they thought about it and thought that if they were to fight against Wu Xiangjun, they might not need Du Fu's power. Wu Xiangjun's movement skills were too powerful.

This time Du Fuwei just hit a brick. If Wu Xiangjun had used a knife or a sword, Du Fuwei would have been dead.

Ximen Chuixue's mouth twitched when she saw Su Chen teleporting. He had been hurt terribly by this Wu Xiangjun. From now on, whenever he met Wu Xiangjun, he would call him big brother. Ximen Chuixue couldn't help but look at Su Chen. To draw his sword and kill this bastard,

Ximen Chuixue also met Su Chen in Yangzhou City a few days ago. After meeting him, Wu Xiangjun actually wanted to compete with him, and whoever lost had to agree to a condition.

Ximen Chuixue also saw that Wu Xiangjun, who was in the Xiantian realm, wanted to compete with a master master. Ximen Chuixue felt that Wu Xiangjun was looking for abuse.

Originally, Ximen Chuixue was unwilling to compete with Su Chen, but he did not expect that Lord Wu Xiang would threaten him with his wife.

If he didn't compete with him, Wu Xiangjun's bastard would let his wife beat him. Ximen Chuixue knew that Wu Xiangjun had two wives of great masters. No matter which one of Wu Xiangjun's wives, Ximen Chuixue couldn't beat him..

After all, he is the master's late cultivation state, and he is no match for the great master.

Ximen Chuixue finally agreed to Wu Xiangjun's competition, but he didn't expect that Wu Xiangjun would let him catch him in a competition arena for a quarter of an hour. If he didn't catch him, Ximen Chuixue would lose, and if he caught Su Chen, he would lose. Ximen Chuixue wins.

Ximen Chuixue looked at the competition venue and agreed without hesitation. The result was tragic. Wu Xiangjun's teleportation was simply not something that his Qinggong could keep up with.

Moreover, Mr. Wu Xiang's reaction ability is also very powerful. Mr. Wu Xiang saw through Ximen Chuixue's attempts to attack the east and the west. In the end, Ximen Chuixue also lost the competition, and Mr. Wu Xiang's condition was that when he saw Mr. Wu Xiang in the future, he would Call me brother.

Ximen Chuixue decided that he would not appear where Wu Xiangjun was in the future, so as to save himself from embarrassment.

Murong Qiudi saw Su Chen neatly hitting Du Fuwei with a brick and smiled and said,

"Haha, this shameless bastard is getting more and more interesting. Thirteen, what do you think this bastard Wu Xiangjun has eaten, so that a person without martial arts can reach the peak of innate cultivation in ten days?"

Yan Shisan also saw Su Chen slap Du Fuwei on the head with a brick and his head was bleeding. He couldn't help but swallowed and said,

"I don't know. I have never heard of such a treasure. Even the Great Return Pill of Shaolin Temple probably doesn't have such an effect. Moreover, Wu Xiangjun's Qinggong is so weird that I didn't even see Wu Xiangjun clearly. How did he appear behind Du Fuwei?"

Murong Qiudi looked at Su Chen who had returned safely and said to Yan Shisan,

"It's not that Dahuan Dan doesn't have this effect, it's that it simply doesn't have such an effect."

"Although the Dahuan Dan can increase one's skill, its effect is limited. Otherwise, the Shaolin Temple would have been filled with masters, and the world would be controlled by the Shaolin Temple in the future."

"As for Wu Xiangjun's Qing Gong, I'm afraid it's not Qing Gong, but a type of Taoist Kung Fu. His movement technique is indeed powerful."

Murong Qiudi had just finished talking to Yan Shisan when he discovered that Su Chen had climbed onto Fan Qinghui's horse and hugged Fan Qinghui.

This made Murong Qiudi dumbfounded and confused as he watched Su Chen hugging Fan Qinghui. Measure.

Murong Qiudi looked at Su Chen worriedly and said,

"Does that bastard want to die? Song Que had just arrived here. If Song Que found out that Su Chen was so frivolous towards Fan Qinghui, he would probably kill Su Chen, a bastard, with a knife."

Yan Shisan was also shocked by Su Chen's boldness.

"Miss, should we go and persuade Mr. Wu Xiang?"

Murong Qiudi looked at those who were not angry and said,

"Damn it, this bastard can die if he wants to, it's upsetting to look at him anyway."

Yan Shisan smiled and said nothing. He knew that Murong Qiudi had some affection for Su Chen, but he was just a servant, and it was inconvenient for him to bring up some things. He could only let Murong Qiudi figure it out for herself. Decision.

At this time, Su Chen's Xiaoguo Army was also coming into contact with Du Fuwei's Jianghuai Army.

"The archers prepare, shoot three times in a row, and let go" swish, swish, swish, swish, swish, swish, swish, swish, swish, swish, swish

"Shields for defense, spears ready,"

Tong Hu shouted loudly in the Xiaoguo Army,

"Ahhhhhhhhhhhhhhhhhhhhhhh"

"Defend quickly, put up your shield and defend yourself. Damn it, you idiots, put up your shields, otherwise....ah"

"Everyone moves forward, anyone who retreats will die."

"Attack, come on me."

The front troops in the Jianghuai Army were in complete chaos. If it weren't for the supervising team behind them, I'm afraid these front troops would have started to flee for their lives.

When Tong Hu saw that they were about to engage in hand-to-hand combat, he pulled out his saber and shouted loudly,

"Brothers of the Xiaoguo Army, this is the first war we fight for Mr. Wu Xiang. Mr. Wu Xiang is watching behind us. We cannot let Mr. Wu Xiang disappoint us. We are the Xiaoguo Army, the strongest. Big Xiaoguo Army"

"For Lord Wu Xiang, fight bravely to kill the enemy"

"For Lord Wu Xiang, fight bravely to kill the enemy"

"For Lord Wu Xiang, fight bravely to kill the enemy"

"Xiaoguo Army, charge"

"kill....."

When the two armies came into contact, the front troops of the Jianghuai Army were quickly penetrated and killed by the Xiaoguo Army. The corpses left by the Jianghuai Army on the ground were everywhere along the way.

When Tong Hu saw that the Xiaoguo Army had broken through the Jianghuai Army's front army, he immediately ordered,

"Lieutenant General Wang ordered the cavalry to dispatch, and first destroyed the Jianghuai Army's cavalry from both wings."

"Yes, general." Tong

Hu watched the archers of the Jianghuai Army constantly blocking the Xiaoguo Army's attack, and even many Xiaoguo Army were shot by the archers, so he hurriedly ordered,

"Situ Ming, let your crossbow unit be dispatched. You are only responsible for clearing out those archers. I don't want to see our Xiaoguo army suffer heavy casualties."

"Yes, general."

Su Chen returned to his horse now. He didn't know if Song Que had seen him hugging Fan Qinghui just now.

But now he was in no mood to care about this. Su Chen looked at the 30,000 Xiaoguo army fighting in a bloody battle, and he won't play with women in the rear.

Su Chen looked at the battlefield expressionlessly and ordered,

"Su Ming, move my black bird flag forward. Let's move forward too. Wherever the Xiaoguo Army hits, I will move it there. I want the soldiers of the Xiaoguo Army to know that I have been following them."

"Yes, Your Majesty."

Su Chen rode his horse and led the secret guards towards the battlefield ahead. Su Chen's flag moved, which immediately aroused the thoughts on the battlefield. When the soldiers of the Xiaoguo Army discovered that Wu Xiangjun's flag was facing towards He shouted excitedly when he came to the battlefield,

"Kill! Your Majesty's handsome flag is coming. Your Majesty is coming."

"What? It's the Black Bird Flag, your Majesty's Black Bird Flag. You've come to the battlefield. Kill, kill these rebels for Your Majesty."

"Kill, for the sake of the king, bravely kill the enemy"

"Kill, for the sake of the king, bravely kill the enemy."

Chapter 145

On the battlefield, as Su Chen's black bird flag moved towards the battlefield, the Xiaoguo Army became more aggressive, and the Xiaoguo Army slaughtered the Jianghuai Army desperately.

At this moment, the Jianghuai Army no longer has the courage to resist the Xiaoguo Army's attack. Although the Jianghuai Army is large in number, they have now lost the confidence to fight with resistance.

Now the Jianghuai Army no longer cares about the supervising team, and some Jianghuai troops even killed the supervising team and started to escape.

When Du Fuwei saw that the army in front was completely defeated, Du Fuwei shouted angrily,

"Damn, bastard, an army of more than 100,000 people was defeated by 30,000 Xiaoguo Army. General Duan, please take my 50,000 personal guards to personally knock down the arrogance of Xiaoguo Army. I will destroy Xiaoguo Army today. Guojun killed Wu Xiangjun Su Chen"

"Yes, General." General

Duan rode his horse to a place with some tough troops and said loudly,

"Brothers, our Jianghuai Army is a little overwhelmed on the battlefield ahead. You are the personal guards of the General Manager. This time it is up to you to turn the tide of the battle and kill these Xiaoguo Army. Yangzhou City will be ours."

"Brothers, there are countless gold and silver treasures in Yangzhou City, and beautiful beauties are waiting for us. We can do whatever we want when we enter Yangzhou City. Now let us first kill the Xiaoguo Army blocking us. Slaughter the Xiaoguo army and capture Wu Xiangjun alive"

"Slaughter the Xiaoguo army and capture Wu Xiangjun alive"

"Slaughter the Xiaoguo army and capture Wu Xiangjun alive"

"Slaughter the Xiaoguo Army and capture Lord Wu Xiang alive."

These Du Fuwei guards slapped their weapons and yelled fiercely,

"Follow me to massacre the Xiaoguo Army"

""Kill"

Tong Hu saw that the last 50,000 troops of the Jianghuai Army were also dispatched. He knew that this was the most elite army of the Jianghuai Army.

Although the Xiaoguo Army could defeat these unexpected Jianghuai Army, I am afraid that the Xiaoguo Army would suffer heavy casualties. After all, the Xiaoguo Army has been fighting for a long time.

"Someone coming"

"general"

"Send a signal, and those Jianghuai troops will be dealt with by the Netherworld Cavalry."

The messenger looked at Tong Hu in confusion and said,

"Um, general, we don't have the Netherworld Cavalry."

Tong Hu looked at the messenger and patted his head and said,

"You know what the heck, that is your direct legion, we just follow you, in the future we will also be your direct legion, hurry up and the red fireworks will notify the Netherworld Cavalry Legion to dispatch"

"Yes, General" tweeted.....Peng

When Tong Hu saw the red signal bomb and released it, he didn't care about the 50,000 Jianghuai troops. He must kill all the Jianghuai troops here now.

The Jianghu people next to them couldn't help but take a breath of air as they looked at the brutal fighting on the battlefield. The fighting of this army was much more cruel than the fighting of the Jianghu people.

Seeing dead bodies everywhere on the battlefield, some of which were even incomplete, these Jianghu people who were used to seeing dead people couldn't help but want to vomit.

Although Song Yuzhi felt a little uncomfortable watching the fighting on the battlefield, he still endured it and said to Song Que,

"Dad, these Xiaoguo Army are indeed powerful, but they are still not as powerful as that bastard Wu Xiangjun's army. It would be great if our army in Lingnan was as powerful as the Xiaoguo Army."

Song Que is now looking at Su Chen on the battlefield with a cold look on his face. He saw clearly just now that Lord Wu Xiang dared to hug Fan Qinghui. This made Song Que unable to help but want to draw his sword and strike him. This shameless person.

But Song Que looked at Fan Qinghui and thought that Fan Qinghui allowed Lord Wu Xiang to hug her and did not take action to teach or kill Lord Wu Xiang. This made Song Que a little confused. Song Que couldn't understand. She doesn't believe that Fan Qinghui would fall in love with someone who is decades younger than her. Will Fan Qinghui use the same method to deal with her back then to deal with this Wu Xiangjun?

Song Que frowned and felt a little headache. Now Song Que just wanted to know what Fan Qinghui was planning.

Song Que didn't bother to care about Wu Xiangjun, the unlucky guy. I'm afraid no one who was targeted by Cihang Jingzhai would end well. He himself decades ago, The Evil King Shi Zhixuan twenty years ago is now about to meet this Lord Wu Xiang

"Yuzhi, you said that Wu Xiangjun's army is stronger than Xiaoguo's army. Have you seen those armies?"

When Song Yuzhi heard Song Que asking her, she hurriedly told Song Que about the troops she had seen in Xingzilin and Gusu City,

"I have seen that bastard Wu Xiangjun has two legions of troops. One is an infantry legion called the Xuanwu Legion. There may be 50,000 in number, but the Xuanwu Legion is very powerful. My second uncle said that 10,000 Xuanwu Legion soldiers can do it. Destroyed our 100,000 troops in Lingnan"

"Another legion is called the Netherworld Cavalry. This is a cavalry legion with an ominous number. We found at least more than 20,000 Netherworld Cavalry Legion in Gusu City. The Netherworld Cavalry Legion looks even more powerful than the Xuanwu Legion."

Song Que said with some doubts after hearing Song Yuzhi's words,

"A Xuanwu Legion, a Netherworld Cavalry Legion, one for defense and one for offense. How did Lord Wu Xiang train this army?"

When Yan Shisan saw that the most powerful force of the Jianghuai Army was about to be dispatched, he hurriedly said to Murong Qiudi,

"Miss, the elite troops of the Jianghuai Army have also been dispatched. I wonder if the Xiaoguo Army can stop them this time?"

When Murong Qiudi saw the elite troops of the Jianghuai Army dispatched, she looked at Su Chen who was riding a horse with a serious expression and became a little worried.

"It can be blocked, but after this war, the Xiaoguo Army may be finished. After all, the number of Xiaoguo Army is too small."

Yan Shisan thought that Lord Wu Xiang had offended many people in the Sui Dynasty. If the Xiaoguo Army suffered heavy losses this time, those Jianghu people who hated Su Chen would definitely not miss this opportunity to assassinate Lord Wu Xiang. Yan

Shisan Thirteen looked at Murong Qiudi's worried expression and asked funnyly,

"Wu Xiangjun's army is not in the Sui Dynasty. I am afraid that Wu Xiangjun will have difficulty in the Sui Dynasty in the future. Miss, don't you plan to help Wu Xiangjun?"

Murong Qiudi pretended not to care and said,

"Why should I help that shameless pervert? Even if he dies, it's none of my business. The Tianzun Organization was established by me, and I don't want my power to help this shameless bastard."

Murong Qiudi is also very helpless now. This shameless Lord Wu Xiang can't even say a few words to her before he will be angry to death.

There are also two wives of Lord Wu Xiang, one is a great master, and the other is from the Yin and Yang family. I'm afraid Dongjun has been promoted to Grand Master now. This bastard alone has two Grand Master wives.

Most of his confidante are master masters, eh? Do I count as that bastard's confidante?

Murong Qiudi shook his head. He shook his head and felt helpless. This shameless bastard didn't know if he would help him. Murong Qiudi was reluctant to use the promise he made to himself.

Su Chen also saw the last troops of the Jianghuai Army dispatched, but he didn't care. His Netherworld Cavalry Tong Hu has not been sent out yet. This time Tong Hu should let the Netherworld Cavalry deal with the somewhat powerful Jianghuai Army.

"Su Chen, get out of here quickly. The Jianghuai Army's personal guards have been dispatched. Your Xiaoguo Army may not be able to stop the attack of these troops now. I will take you out of here quickly."

"Let me go, old nun, why are you so crazy? I'll get closer and let go. Don't you know whether men and women can have sex or not?"

Chapter 146

Fan Qinghui saw that the elite guards of the Jianghuai Army had been sent out. Now the Xiaoguo Army was massacring ordinary Jianghuai Army. If those personal guards arrived, I am afraid the Xiaoguo Army would not be able to resist it. After all, the Xiaoguo Army The number of people is too small.

Fan Qinghui hurriedly rode to Su Chen's side and pulled him to leave. Fan Qinghui was too impatient this time. She used too much force and directly pulled Su Chen's horse into her arms. Fan Qinghui saw that Looking at Su Chen who looked confused, she blushed a little.

Fan Qinghui thought that Su Chen was holding her from behind on horseback to anger Song Que, but now she was holding Su Chen from behind.

But when Fan Qinghui heard that bastard Su Chen call her an old nun again, she became so angry that she threw Su Chen onto his horse again.

"You shameless bastard, I came to take you out of here with good intentions, but you called me an old nun again."

Su Chen was speechless after sitting down on the horse. He was feeling the softness on Fan Qinghui's chest just now, but he didn't expect Fan Qinghui to throw him back again.

Su Chen was also helpless towards this old nun. Do you blame this old nun? Well, she did come to her with good intentions. If you don't blame this old nun, she did something wrong with good intentions.

Due to her arrival, the Xiaoguo Army was massacring the Jianghuai Army with great momentum. If she retreats now, I'm afraid The ferocious momentum of the Xiaoguo Army will also disappear.

What's more, his own Nether Iron Cavalry is about to arrive. Those elite personal guards of Du Fuwei will also fall apart in front of the Nether Iron Cavalry, and will not cause any harm to the Nether Iron Cavalry at all.

Seeing Fan Qinghui's angry look, Su Chen sighed and said,

"Alas, Fan Qinghui, can you ask me if I can stop those Jianghuai troops and let me leave here?"

"You came here and took me away without asking anything. Can I leave now? If I leave, can you imagine what will happen to the Xiaoguo Army here? Think about it, you are still the leader of a faction."

Fan Qinghui is a little embarrassed now. She did not ask Su Chen if she could block the attack of Du Fuwei's personal guards, nor did she think about the consequences of the Xiaoguo Army if Su Chen left.

"you.....I.....Can you deal with those elite personal guards of the Jianghuai Army?"

Su Chen rolled his eyes at Fan Qinghui and nodded and said,

"Of course, you don't really think that I came to Sui Dynasty without bringing an army, right?"

Fan Qinghui heard that Su Chen actually brought an army to the Sui Dynasty, but she had never seen Su Chen's army.

She looked at Su Chen and asked hurriedly,

"Do you still have an army? Where is your army now?"

Su Chen looked into the distance and said with a smile,

"I'll be there soon, and I'll let you see the combat effectiveness of my Netherworld Cavalry Legion."

Woo! Woo! Woo! Woo! Woo! Da!

Da! Da! Da! Da! Da!

At this moment, the sound of the horn came from the distance, and then the earth vibrated, and the sound of heavy horse hooves came from the distance. Here they come.

These tens of thousands of cavalry are wearing black heavy armor. Even the horses are covered with a thick layer of black heavy armor. The soldiers on the horses are running towards the battlefield quickly with their spears raised. At this time,

Li Shimin Li Xiuning and Li Xiuning were a little confused when they saw the sudden appearance of the black armored cavalry. They did not expect that there was a cavalry hidden behind them, and even these were heavy armored cavalry.

Li Xiuning saw that the heavy armored cavalry was about to arrive, so she hurriedly urged Li Shimin: ,

"Second brother, get out of here quickly. We are blocking the path of these black heavy armored cavalry. Leave quickly, otherwise we will be destroyed by the heavy armored cavalry."

"Withdraw, retreat to Du Fuwei."

Li Shimin was a little jealous when he saw these heavy armored cavalry. Whose army are these? These are heavy armored cavalry. These heavy armored cavalry are killing weapons on the battlefield.

Li Shimin thought that if he had tens of thousands of heavy armored cavalry, Armor cavalry, he doesn't have to worry about being unable to deal with that shameless bastard Su Chen.

Every night, Li Shimin would think of Su Chen forcing his eldest grandson Wuchu to sleep with him. Every time Li Shimin thought of this, his heart would break.

When Li Shimin took his Xuan When the armored cavalry appeared on the battlefield, the Jianghuai Army's personal guards began to quickly surround the five thousand cavalry who suddenly appeared on the battlefield.

When Li Shimin saw his army being surrounded, he immediately shouted,

"Don't take action, I am Li Shimin of the Li clan, Mr. Du, and I am here to help you."

Du Fuwei is now angrily watching his army being massacred by the Xiaoguo Army. It will take some time for his personal guards to rush over.

When he heard that the army that appeared turned out to be Li Shimin, the second son of the Li Clan, he knew that the second son of the Li clan must be trying to make a profit. Du Fuwei was in a bad mood, so he angrily decided to let his bodyguards destroy Li Shimin's army along the way.

"Li Clan? Li Shimin? Order General Duan to kill those cavalymen. What's so great about Li Clan? Who dares this bastard to be a fisherman here?"

"Yes, General Manager."

When Du Fuwei's personal guards began to attack Li Shimin's army, Li Shimin was completely angry.

"Damn it, is Du Fuwei a fool? Those heavy armored cavalry were about to arrive. Didn't he hear the sound of horse hooves? Dare you attack us now?"

Li Xiuning said hurriedly when he saw Jianghuai troops starting to attack them,

"Second brother, break out quickly, otherwise our black armor cavalry will be slaughtered by the Jianghuai army."

Li Shimin is very aggrieved now. Seeing his black armor cavalry being massacred by the Jianghuai Army, he wants to kill that thief Du Fuwei now.

"Xiuning, we can't escape now. There are 50,000 troops blocking our way, and the heavy armored cavalry behind us are about to arrive."

Li Xiuning felt a little helpless when she saw that the Xuanjia Cavalry was fighting. This time the Xuanjia Cavalry was going to be completely destroyed. Li Xiuning looked at it, picked up the spear and killed the Jianghuai Army.

Su Chen looked at the sudden appearance on the battlefield. Li Shimin was very happy. He didn't expect that the Netherworld Cavalry Army actually forced Li Shimin out of hiding, and now he was fighting with Du Fuwei's Jianghuai Army.

"Haha, this is a good show. If a dog bites a dog, Li Shimin will definitely come to take revenge on him. But when did this Li Shimin arrive?"

"Su Chen guessed that Li Shimin's arrival must have been coming for a long time. It seemed that Li Shimin still had some abilities. He was hiding with five thousand cavalry and was not discovered by Xiaoguo Army spies."

Fan Qinghui was speechless when she saw Li Shimin appearing on the battlefield. She did not expect that Li Shimin would also appear here. Li Shimin was the future emperor they chose. Fan Qinghui could not let Li Shimin die here.

"Su Chen, the second son of the Li clan cannot die here. Can you save him later?"

Su Chen knew why Fan Qinghui said that Li Shimin could not die. In the martial arts drama, Fan Qinghui asked his concubine Xuan to hand over the Heshi Bi to Li Shimin.

Li Shimin was the future emperor chosen by her and the monks at Jingnian Temple. Su Chen also felt that These monks and nuns are so idle.

The six pure monks and nuns do not eat fast and chant Buddha seriously, but they even start to choose the emperor for any generation. These nuns and monks are really lawless. This is clearly supporting the Li clan's rebellion.

"Oh, Van Lao.....Lord Fan Zhai, why can't the second son of the Li clan die here? I have a grudge against Li Shimin"

"Even if Du Fuwei doesn't kill Li Shimin this time, I won't let him sneak away from me. After all, the Li clan must have hoarded a lot of money and food during the rebellion. I would be sorry if I didn't blackmail Li Shimin."

Chapter 147

Fan Qinghui was a little confused now. She could not tell Su Chen that Cihang Jingzhai and Jingnian Chanyuan supported the Li clan's rebellion, nor could she explain that Li Shimin was their favorite future emperor.

Fan Qinghui thought that if he told Su Chen this, Su Chen would immediately kill or imprison Li Shimin.

She also understands Su Chen somewhat now. This bastard is an out-and-out shameless bastard. He will do whatever is good for him.

Fan Qinghui looked at Su Chen and said helplessly,

"Su Chen, can't you let go of your grudge against Li Shimin? I will prevent Li Shimin from going against you again."

Su Chen looked at Li Shimin who was thinking about breaking out and said with a smile,

"Haha, Fan Qinghui, do you think he can put aside his past grudges after I snatched Li Shimin's future wife? You take it for granted. I know better than you who Li Shimin is."

"It's good luck for Li Shimin that I didn't add insult to injury this time. I won't help him if he can escape from Du Fuwei alive."

"I will even catch him and let Li Clan redeem Li Shimin. Now I have to think about how much gold Li Yuan of Li Clan can give to redeem Li Shimin. Fan

Qinghui shouted to Su Chen angrily,

"If you don't save me, I will."

Su Chen waved and urged with a smile,

"Then go as soon as possible, otherwise I'm afraid you will have to collect Li Shimin's body."

"You are a shameless bastard."

Fan Qinghui glared at Su Chen and rode towards Li Shimin.

Now Fan Qinghui can't care so much anymore. If Li Shimin dies here this time, I'm afraid all their years of planning will be useless. Maybe in the future, Buddhism They will vigorously suppress Buddhism after the new emperor is born.

When Su Chen saw Fan Qinghui going to save Li Shimin, he said to himself unkindly,

"Tsk, I don't want to kill Li Shimin this time. I'll count him lucky. This time I'll extort some money first, and then I can catch Li Shimin and extort some more money later. Li Shimin will be his own cash machine from now on."

At this time, the Nether Iron Cavalry finally arrived. Under the guidance of the Xiaoguo Army's spies, the Nether Iron Cavalry quickly rushed towards the Jianghuai Army. General

Duan, Du Fuwei's personal guard general, was frightened when he saw the black armored cavalry. cried out,

"Get ready to defend. Get ready to defend. Damn it. Where did this heavy armored cavalry come from? If we can't stop it this time, we will all die here."

Li Shimin was very panicked when he saw the arrival of the black-armored heavy cavalry. Now he only has a few hundred black-armored cavalry left. If he is attacked by the black-armored heavy cavalry again, I am afraid that all his black-armored cavalry will be wiped out.

General Duan saw The heavy armored cavalry of the Netherworld Cavalry was about to approach, and he immediately ordered,

"Archers, shoot your arrows"

Whoosh whoosh whoosh whoosh whoosh ding ding ding ding ding

"Damn it, are these black armored cavalry monsters? No matter how hard you shoot them with bows and arrows, you put your shield in front and your spear behind you, ready for contact combat."

When the black-armored heavy cavalry was about to attack the Jianghuai Army like a torrent of steel, the leading black-armored heavy cavalry general Liang Liang raised his spear and shouted loudly,

"The Nether Iron Cavalry is invincible, serving as the king and killing the enemy bravely."

The black-armored heavy cavalry also raised their spears and looked fiercely at the Jianghuai Army, raising their spears and shouting,

"The Nether Iron Cavalry is invincible. For the king, he fights bravely to kill the enemy."

"The Nether Iron Cavalry is invincible. For the king, he fights bravely to kill the enemy."

"The Nether Iron Cavalry is invincible, serving as the king and killing the enemy bravely."

Puff! Puff! Puff!

When the black-armored heavy cavalry collided with the Jianghuai Army, each of these Jianghuai Army soldiers were pierced by the ruthless black-armored soldiers. Some Jianghuai soldiers were directly knocked down by the black-armored horses. On the ground, they were trampled to death by the horses behind them before they could even get up.

Fan Qinghui rushed all the way in and saw Li Shimin gaping at the black-armored heavy cavalry massacring the Jianghuai Army. She angrily urged Li Shimin,

"Li Shimin, what are you still looking at? Take your remaining men and leave here quickly, otherwise they will be massacred by the black armored heavy cavalry in a short while."

Fan Qinghui was also frightened by Su Chen's troops. These troops were simply killing machines. In just a short time, one-fifth of the most elite troops of the Jianghuai Army were slaughtered. If it had been a while longer, I am afraid that here The Jianghuai Army will be slaughtered to death.

Li Shimin saw the Fanzhai Master of Cihang Jingzhai coming to save them, but he saw that only the Fanzhai Master came. Li Shimin was very disappointed.

Li Shimin looked around and looked ugly. said,

"Master Fanzhai, we can't escape. Here are either the Jianghuai Army or the Xiaoguo Army, and there are even black-armored heavy cavalry behind them. None of these armies will let us go."

Fan Qinghui said angrily after killing the surrounding Jianghuai troops with one palm,

"Damn it, why are you here? Don't you know that bastard Su Chen has tens of thousands of Xiaoguo troops?"

Li Xiuning saw that Li Shimin's face turned pale after being scolded and hurriedly said to Fan Qinghui,

"Master Fanzhai, now is not the time to talk about this. The second brother is also eager for revenge. Master Fanzhai, I saw that the Xiaoguo Army did not attack you just now. Can you lead us to break out from the Xiaoguo Army?"

"Follow me."

Fan Qinghui looked around and then led Li Shimin and Li Xiuning to break out towards the Xiaoguo Army.

Song Que thought thoughtfully when he saw that Fan Qinghui went to save Li Shimin, the second son of the Li clan, alone. After a while he said,

"Master Dao, you are here, I will come back as soon as I go"

"Yes, dad."

Song Que's body flashed and flew towards Fan Qinghui on the battlefield. However, Song Que was forced down by archers as soon as he arrived on the battlefield. Song Que was also a little confused.

He looked at Jiang Huai's army and The Xiaoguo army fired arrows at him and killed him, which made him feel helpless. Song Que couldn't figure out why he was attacked by the two fighting armies at the same time. Song Que could only move quickly to avoid the attack of the army here.

Su Chen was on the horse Seeing a middle-aged man walking towards Fan Qinghui and the others, Su Chen thought that this must be Song Que.

Su Chen was holding Fan Qinghui before, but Song Que, the infatuated man, did not show up. This time Fan Qinghui fell into the battlefield and Song Que It seems that Song Que has not forgotten this old nun.

Su Chen laughed when he saw Song Que being forced down from the air by the archers,

"Haha, Song Que finally appeared. Hua Yuenu, did you see where Song Que came from?"

Hua Yuenu immediately said to Su Chen,

"Your Majesty, I saw it."

Su Chen looked at Song Que and smiled and said,

"Huayue Nu, you take three hundred secret guards to capture Song Que's family. If Song Que returns, you will withdraw immediately."

"Yes, Your Majesty"

"Haha, Song Que, this time I want to see whether you want to save your old lover first or your family first."

Chapter 148

On the battlefield, with the appearance of the Nether Iron Cavalry, the Xiaoguo Army also knew that his reinforcements had arrived. The Xiaoguo Army slaughtered the Jianghuai Army even more fiercely. They also wanted to prove that their Xiaoguo Army was no worse than Wu Xiangjun's direct legion.

At this time, the Jianghuai Army had lost all morale. Seeing no hope of victory, some Jianghuai Army threw away their weapons and knelt on the ground to surrender. As some Jianghuai Army began to surrender, other Jianghuai Army also threw away their weapons and knelt down. surrender.

The Xiaoguo Army did not take action against the surrendered Jianghuai Army. They crossed over the surrendered Jianghuai Army and went to hunt down the other Jianghuai Army that did not surrender.

When Du Fuwei saw Jiang Huai begin to surrender, he angrily beat his horse.

"Damn it, damn it, how could it fail this time? Those heavy armored cavalry also belonged to Lord Wu Xiang. How did he bring the heavy armored cavalry to the Sui Dynasty? Are the forces that let heavy armored cavalry pass through their territory all blind? Han

Wenxuan looked at the angry Du Fuwei and said hurriedly,

"General Manager, we failed. Now the Jianghuai Army has begun to surrender. Let's get out of here quickly."

After hearing Han Wenxuan's words, Du Fuwei looked around and laughed.

"Haha, we can't leave. The cavalry of the Xiaoguo Army are slaughtering our cavalry on the outside. What's more, we are in the middle of the battlefield. In front of us is the Xiaoguo Army and behind us is that bastard Su Chen's black-armored heavy cavalry. Do you think we can? Escape to where?"

"Chief Manager, why don't you put on soldier's clothes and run away? I put on your clothes and attract the Xiaoguo army here"

"No need, I failed this time. That bastard Su Chen will definitely pay attention to me at all times. Even if I put on the clothes of a soldier, I can't get over it."

Du Fuwei looked in the direction of Su Chen with some helplessness. If he hadn't taken action against Su Chen before, he might still have hope of living. But if he is caught by Su Chen now, I'm afraid that bastard will directly execute him.

Du Fu Wei did not expect that this shameless Lord Wu Xiang could be so insidious. He had ten thousand heavy armored cavalry. He let the heavy armored cavalry hide here early. This was because Lord Wu Xiang had been preparing to destroy him. But at this time , Song Que also came

to Fan Qinghui. Along the way, Song Que was in great danger. Although he was powerful, there were too many troops here, so he was still hit by an arrow in his arm.

Song Que killed When he reached Fan Qinghui, he said loudly,

"Fan Qinghui, are you desperate for your life? On the battlefield, even the Grand Master may be surrounded and killed by the army. Why do you still come to the battlefield?"

Fan Qinghui didn't expect Song Que to come, which made Fan Qinghui a little touched, but it was just touched. Fan Qinghui knew

Song Que's feelings for her, but she was a monk. She could not accept Song Que, even if she was not a monk. It was impossible for Fan Qinghui to accept Song Que. She had no feelings for Song Que at all. She did that to take advantage of Song Que, but she didn't expect that Song Que would be so infatuated.

Fan Qinghui shook her head and put away these distracting thoughts. Now is not the time to think about these things.

"Song Que, you came just in time, help us fight to the Xiaoguo Army."

Song Que killed the Jiang Huai army who was approaching with a sword and wanted to pull Fan Qinghui away from here.

"Fan Qinghui, stop messing around and leave with me quickly, otherwise we will die here too."

Fan Qinghui avoided Song Que's attempt to hold her hand and said hurriedly,

"Song Que, we just need to escape to the Xiaoguo Army. The Xiaoguo Army will not attack us."

"you.....The teacher said they were in danger."

Song Que felt a little helpless when he saw that Fan Qinghui was still hiding from him. But just as he was about to say something to Fan Qinghui, he found that his children had been surrounded by some people.

Now Song Que was a little anxious. His three children could not They are all there. If something happens to them, I am afraid Song Que will not forgive him.

Fan Qinghui noticed Song Que's expression and discovered that Song Quedu's family was surrounded by Su Chen's secret guards. Fan Qinghui was very angry when he saw this. She was so angry that she knew that Su Chen was forcing Song Que to make a choice.

Fan Qinghui also knew that Su Chen would not kill Song Que's family. Although Fan Qinghui didn't know why Su Chen kept targeting Song Que, he killed innocent people indiscriminately. Suchen wouldn't do it.

"Song Que, don't you worry too, those are Lord Wu Xiang's secret guards, they will not kill your family."

Song Que knows that his daughter has offended Lord Wu Xiang, and he is now afraid that Lord Wu Xiang will take this opportunity to kill his children.

"Fan Qinghui, are you sure they won't kill my children? My daughter has offended Mr. Wu Xiang."

Fan Qinghui nodded to Song Dian and said,

"I'm sure, don't worry, although that bastard Su Chen is a bit shameless, he will not kill innocent people indiscriminately."

Song Que felt relieved with Fan Qinghui's affirmation. He knew that Fan Qinghui would not deceive him about this matter. Song Que and Fan Qinghui began to lead Li Shimin and the others to break out of the Xiaoguo Army.

The war on the battlefield is becoming more and more cruel. Although more and more Jianghuai troops are surrendering, there are still more than 100,000 Jianghuai troops after all. The remaining stubborn Jianghuai troops are still resisting the attacks of the Xiaoguo army.

And the Netherworld Iron Cavalry At this time, Du Fuwei's personal guards were also slaughtered, and they were now heading towards the center of the battlefield.

Han Wenxuan looked at the slaughtered Jianghuai troops and said to Du Fuwei unbearably,

"General Manager, if you don't escape, surrender. We don't need the troops to make unnecessary sacrifices."

Du Fuwei said angrily to Han Wenxuan with an ugly face,

"surrender? Am I, Du Fuwei, the one who surrendered?"

Han Wenxuan looked at the angry Du Fuwei and knew his mood, but these troops are the future hope of their Jianghuai Army. If the army here is slaughtered by Wu Xiangjun's army, the

Jianghuai territory controlled by Du Fuwei will be It's going to be dangerous. Other forces around Jianghuai will definitely attack Jianghuai when Du Fuwei suffers heavy losses.

"Chief Manager, we don't know yet whether Mr. Wu Xiang will kill us. If Mr. Wu Xiang doesn't want to kill us, then these troops will be the capital for our comeback in the future. We cannot let these troops die in vain here."

Du Fuwei looked at the Jianghuai troops who were being massacred on the battlefield, hesitated for a while and said,

"Alas, Han Wenxuan orders the army to surrender. I hope that bastard Wu Xiangjun can let me go this time."

"Yes, Grand Steward."

Dong dong dong. At this time, the Xiaoguo Army and the Jianghuai Army who were fighting suddenly heard a burst of war drums. When the Jianghuai Army heard the drums, each Jianghuai Army stopped attacking.

They, the Jianghuai Army, all knew What does this drum sound mean? This is an order for the entire army to surrender. The officers and soldiers of the Jianghuai Army couldn't help but look at the people around them and threw away their weapons.

They knew that even if they resist now, it will be useless, and sooner or later they will be beaten by force. Xiangjun's army destroyed them

"The war was over, but I didn't expect Du Fuwei to surrender. This was a bit beyond my expectation."

Chapter 149

Su Chen was a little surprised when he saw Jianghuai troops surrendering. He didn't expect Du Fuwei to surrender. Wasn't Du Fuwei afraid that he would kill him?

Su Chen was speechless when he looked at the tens of thousands of Jianghuai troops who had surrendered. He had no use for these troops, and it was impossible to kill them now. Killing these captives would be bad for his reputation.

Although Su Chen cares about reputation, Su Chen will not kill these prisoners. If he kills these prisoners, Du Fuwei will be done with it. What else can Du Fuwei do without an army.

At this time, Hua Yuenu and the others came back with Song Que's family. When Hua Yuenu came to Su Chen, she saluted and said,

"Your Majesty, Song Que's family members were all brought back, and they did not resist."

Su Chen touched his chin and said with some surprise after thinking about it.

"Oh, that little pepper didn't attack you? This is a bit beyond my expectation. Bring them here"

"Yes, Your Majesty"

"Su Ming, order Tong Hu to intercept Li Shimin and the others. He is our money bag, and ask him to bring Du Fuwei too."

"Yes, Your Majesty."

Su Chen looked around when he saw Su Ming leaving. The Jianghu people here have now seen the army's war, and I believe they will be more afraid of him in the future.

Su Chen saw Murong Qiudi looking at him, Su In the morning, he smiled and said hello to Murong Qiudi, who had evil intentions. This little beauty had been assaulted twice on the breast by him, and he didn't know if she would take revenge on him in the future. When

Murong Qiudi saw that the war was over, Su Chen had a complete victory this time. Although the Xiaoguo Army lost five to six thousand people, they killed tens of thousands of people and even captured tens of thousands of people.

Murong Qiudi also saw how powerful the Xiaoguo Army was. The Xiaoguo Army was indeed the most powerful army in the Sui Dynasty, and those black-armored heavy cavalry were even more powerful.

Murong Qiudi had never seen such a powerful army before he had grown up, and these black-armored heavy cavalry were simply deadly weapons. , I am afraid that any army in the future will be frightened when encountering these black-armored heavy cavalry.

Murong Qiudi looked at the battlefield and wanted to know how Su Chen would deal with Du Fuwei and the tens of thousands of surrendered Jianghuai troops in the future, but she just saw Su Chen discovered that Su Chen, the shameless bastard, was actually waving to her.

Murong Qiudi was a little confused. She didn't see what this bastard was going to do. Was he to let her pass? Or let herself leave?

Murong Qiudi didn't even think about it. Do you know what Su Chen's waving means?

"Damn bastard, Thirteen, what does that bastard Su Chen mean?"

Yan Shisan looked at Murong Qiudi speechlessly. Didn't Su Chen wave his hand to say hello to them? How could Murong Qiudi not understand such a simple gesture?

Yan Shisan did not dare to confront Murong Qiudi. , he could only vaguely say to Murong Qiudi,

"Um, I don't know, maybe he's saying hello to us."

Murong Qiudi didn't believe that that bastard was just saying hello. She angrily pointed around and said loudly,

"greet? Are we familiar with him? There are so many Jianghu people here, why don't you see him saying hello to others? That bastard must be teasing us."

Yan Shisan touched his head and said helplessly,

"Miss, Mr. Wu Xiang just waved his hand. Why did he make us angry? Miss, you are too sensitive to Mr. Su Wuxiang now. Mr. Wu Xiang just made a simple action. You may be thinking too much."

"Impossible, this shameless guy won't greet us for no reason. Let's go over and ask that bastard Su Chen."

Murong Qiudi walked directly towards the battlefield. She didn't believe that Su Chen greeted them. This bastard must have some conspiracy to deal with her. If Murong Qiudi didn't figure it out, she wouldn't be able to sleep at night.

Su Chenqi I frowned when I saw the corpses everywhere here. Although the weather is not too hot now, if these corpses are not buried quickly, the plague may occur. If the plague occurred in ancient times, it would be very fatal. At this time, the Song family was taken away. Coming over, Su Chen looked at these people and was a little confused. Isn't this Song Que just three children? In addition to the guards, why is there another woman and two people here who are obviously not from the Song family?

Su Chen looked at Song Yu and wondered. He looked angry and smiled and said,

"Hey, isn't this Miss Song Yuzhi? Why are you so good this time? Why didn't you call me a bastard when you saw me?"

"you....."

"If you dare to scold me again, I will take off your clothes and throw them into those Jianghuai Army prisoners."

Su Chen saw that Song Yuzhi still wanted to scold him, so he interrupted Song Yuzhi and threatened that if this little brat didn't calm her down, I'm afraid she would scold him endlessly.

Song Yuzhi was a little angry and wanted to scold him again. Bastard, she didn't believe that this bastard dared to strip her naked and throw her into that prisoner.

"I....."

Song Yuhua next to him directly grabbed Song Yuzhi who was about to scold Su Chen and said,

"Yuzhi, don't cause trouble. Don't say anything now. Dad will come to save us later."

Su Chen looked at the gentle and beautiful woman next to Song Yuzhi and guessed that she should be Song Yuzhi's sister Song Yuhua. This woman was sold by his father.

Song Que married her to the Jie of Duzunbao in Bashu. Hui's son Xie Wenlong, Song Que seemed to have a falling out with Xie Hui in order to help Kou Zhong. So one can imagine Song Yuhua's ending.

Su Chen thought about it and said to Song Yuhua with a smile,

"Haha, you must be Song Yuhua, Song Yuzhi's sister. Don't expect your father Song Que to come to save you. He is now with his old friend Fan Qinghui, and he doesn't care about your life or death. Song

Yuhua retorted with a slight blush on her face,

"You're talking nonsense. My dad is just going to save people. He will definitely come to save us."

"Song Yuhua, are you sure your father can rescue you from my army of tens of thousands?"

"this....."

Song Yuhua was a little unsure. They had been chased by Du Fuwei's army all the way to Yangzhou City, and this Wu Xiangjun's army was stronger than Du Fuwei's Jianghuai army.

Her father, Song Que, didn't even dare to confront Du Fuwei's army, so it was even less likely that Song Que, Lord Wu Xiang's army, would break in. They were the only ones.

"Song Yuhua, how do you think I will treat you? Should I kill you or imprison you?"

"I.....I have no idea."

Song Yuhua pulled Song Yuzhi at a loss. She was not sure what Wu Xiangjun would do to them now. She just thought that Wu Xiangjun was a lustful person, and she was a little worried about what Wu Xiangjun would do to their sisters.

"Haha, you know, it would be easy for me to kill your younger brothers and sisters, huh? Your brother Song Shidao is still defending a woman at this time? It seems to be a love affair."

Su Chen saw that the Xiaoguo Army had surrounded Li Shimin and the others in the distance. He was a little bored and wanted to tease this gentle and elegant Song Yuhua. But he didn't expect that Song Que's son actually had someone he liked. And what about that woman Su Chen? It looked familiar.

Su Chen thought that in the original drama, Song Shidao seemed to like Fu Junzhuo, a Korean poet, so this woman was the Fu Junzhuo who assassinated him at Yu Wenhua's house.

She was covered with a gauze scarf at the time, and Su Chen didn't see her face. Now I see that Fu Junzhuo looks just like that. Maybe he has seen too many beauties. This Korean Fu Junzhuo did not arouse Su Chen's interest.

"Fu Junzhuo, you are throwing yourself into a trap. I haven't settled the matter with you for your assassination of me. This time you fall into my hands. Do you have anything else to say?"
