Chapter 1451

In the palace, with the arrival of the official officials,

Xuanyuan Qingfeng brought Aruo and Xiaoguan to the courtyard under the protection of the guards. Today, Su Chen was going to kill the old demon, and Xuanyuan Qingfeng wanted to see it. Su Chen removes the demon.

Wang Huaqing also came out of the room with Xiao Rong.

He hoped that Xuanyuan Qingfeng and Su Chen would leave his home immediately.

"Where is Su Chen? Why hasn't he arrived yet?"

Xuanyuan Qingfeng looked around and found Su Chen, which made her ask You Yu in confusion.

You Yu guessed after hearing Xuanyuan Qingfeng's words,

"Miss Xuanyuan, I don't know either, but the Taoist priest hasn't arrived either. I'm afraid Mr. Su hasn't gotten up yet. After all, Mr. Su rested too late last night."

"That damn bastard, come here, go see if Su Chen is up."

"Yes, miss!"

At this time, a dirty monk wandered into the courtyard, which made Xuanyuan Qingfeng, You Yu, Wang Huaqing, and even the banshee Xiaorong look at this dirty monk. They were all a little surprised,

You Yu When Yu saw the monk coming in, he said speechlessly, "Monk, why did you come in again? Didn't I ask you to leave?"

Xuanyuan Qingfeng felt that this monk was not simple.

She felt danger from this monk.

But Xiaorong's face changed drastically when she saw this monk.

She already knew who this monk was.

This dirty monk just beat up the old demon. Although everyone here knew the identity of the injured monk, she was still worried that the monk would kill her.

"Amitabha," the ruined monk looked at the people here and focused on Xiaorong.

He had already seen that Xiaorong was the banshee.

However, he did not expect that there were powerful people here. He looked at Xuanyuan Qingfeng and clicked Nodding, this woman is in the early stage of the Heavenly Realm at a young age, and her cultivation talent is not bad.

Xuanyuan Qingfeng looked at Monk Ruin and asked,

"Who is the master?"

"Amitabha, the name of the poor monk, Taoji!" Monk Zaoha made a Buddhist name to Xuanyuan Qingfeng and replied,

"Why did Master Daoji arrive?"

Xuanyuan Qingfeng returned the salute and continued to ask.

"Get rid of demons!"

Xuanyuan Qingfeng looked at Xiaorong when she heard Daoji's words. She also didn't expect that Monk Daoji found out that Xiaorong was a demon. So this monk should not be simple. Everyone in the yard looked at Xiaorong,

They all knew that Xiao Rong was a demon, but they didn't expect that yesterday a Taoist priest came to get rid of the demon, and today another monk came to get rid of the demon. Xiao Rong, the female demon, was quite pitiful.

Wang Huaiqing hurriedly grabbed Xiao Rong tightly,

He was worried that the monk would kill Xiao Rong.

Xiao Rong felt very bitter.

Yesterday was finally over, and Mr. Su even promised that no one would embarrass her.

It was only one night,

A monk came to kill her, which made Xiao Rong feel that being a demon was too difficult.

Xuanyuan Qingfeng knew that Su Chen had spared Xiao Rong and even allowed Xiao Rong to live in Qinghe City. She also did not want Su Chen's promise. It was only one night before someone broke it,

"Master, you can't get rid of the demon here, you'd better leave.

Daoji looked at Xuanyuan Qingfeng and asked doubtfully, "Why can't the demon be eliminated?" Demons are causing harm to the world, and Buddha has the duty to eliminate them."

Daoji also discovered that everyone here knew that Xiao Rong was a demon, but why weren't these people afraid?

Even when facing the banshee, they didn't take action to destroy the demon?

"If it can't be removed, it can't be removed. Master, you'd better stop meddling in other people's business."

"Female donor, you are also a powerful warrior. Can you bear to see demons causing harm to the world?"

Xuanyuan Qingfeng doesn't want to talk to this ruined monk anymore.

She just wants to see what happens to the Xuanyuan family after Su Chen kills the old demon. She still needs to figure out those things in the Xuanyuan family. She is not in the mood to talk to this monk. The monk continued to talk.

Xuanyuan Qingfeng threatened the monk,

"That also depends on whether the demon really wants to cause harm to the world. Master, for your own good, you'd better leave."

Daoji frowned when he heard Xuanyuan Qingfeng's threat.

He felt that the people here might have been threatened by the old demon. These people should be worried that after he killed the banshee, the old demon would appear and kill him, or even It's everyone here.

Daoji smiled when he thought of this.

He waved his broken fan and suddenly attacked Xiaorong. A powerful white light was about to kill Xiaorong in an instant.

Boom!

Touch!

Xuanyuan Qingfeng struck The sword shattered the white light that was about to kill Xiao Rong.

She was also shocked and took more than ten steps back.

Xuanyuan Qingfeng didn't expect that this monk was so powerful. She almost couldn't block it with just a casual blow.

"Female donor, I want to get rid of my demon. I hope the donor won't stop me anymore, otherwise I won't blame the poor monk for being rude."

"Monk, I advise you to leave as soon as possible, otherwise you won't be able to leave even if you want to."

Xuanyuan Qingfeng also knows that she is no match for this monk at all. Now she can only hope that bastard Su Chen comes soon.

Otherwise, this monk will really kill Xiao Rong.

Xuanyuan Qingfeng doesn't care whether Xiao Rong dies or not. But Su Chen had promised Xiao Rong that if Xiao Rong was killed now,

Su Chen would be embarrassed and lose face.

Xiao Rong was so frightened that her pale body trembled. If Xuanyuan Qingfeng hadn't saved her just now, I'm afraid she was really killed. This monk was a bit too strong.

"Xiaorong, don't be afraid, I won't let this monk hurt you."When Wang Huaiqing saw Xiao Rong's appearance, he hugged her and comforted her.

Wang Huaiqing was also very angry now.

Yesterday, Taoist priests and officials came to subdue the demons.

Today, the monks came to subdue the demons.

Is this still over?

"Surround them."

You Yu waved his hand and ordered the police here.

You Yu didn't want the monk to kill Xiao Rong.

Although Xiao Rong was a demon, she had never done anything harmful to nature. Why should she be killed?

And last night,

Xiao Rong He was also very impressed by his kindness and righteousness, and he didn't want Xiaorong to be killed by this monk now.

More than a dozen policemen also drew their sabers, and they stepped forward and surrounded Monk Daoji.

Boom!

"Amitabha!"

Daoji suddenly burst out with a powerful momentum.

The surrounding officials were staggered one by one. Even Xuanyuan Qingfeng was shocked and kept retreating.

"No one can stop the poor monk from destroying the demon"

"Monk, stop talking nonsense and try your skills."

At this time, the Taoist priest Xuan Yi jumped over quickly.

The Taoist priest also felt that there was a strong momentum in the palace, and he hurriedly arrived at the palace.

When he saw a monk attacking the people here, he even wanted to To destroy the demon, the Taoist priest hurriedly tried to stop him.

Bang!

Boom!

The Taoist priest Xuan Yi took the peach wood sword and was about to attack the monk.

However, with a gentle wave of his hand from the monk Daoji, the Taoist priest was knocked away and hit a house.

Then the whole house collapsed

"Amitabha, banshee, today the poor monk will save you"

"Monk, you are talking nonsense, I guarantee you will not be able to kill this banshee."

Chapter 1452

After Monk Daoji suppressed these people, he looked at the banshee held by Wang Huaiqing and prepared to kill her.

As for the old demon's revenge, as long as he was here, the old demon would never come back even if it came.

Xiaorong saw that everyone here was suppressed by the monk, which made her even more worried.

She just hopes that Su Chen can come as soon as possible, otherwise she will be killed by this monk today.

"Monk, you are talking nonsense, I guarantee you will not be able to kill this banshee."

At this time,

Su Chen arrived with Su Yue and the Blue Bird and the Sparrow Demon in his arms, and even the Five Elements Talisman General Red Armor also arrived.

People in the yard saw Su Chen appearing, which made them all relieved. Rong was completely relieved.

She was really scared to death just now. When

Monk Daoji saw Su Chen arriving, his eyes lit up when he looked at these people.

He did not expect that these people were very powerful. The maid Turns out to be a peak celestial being, this young master is also a great master, and even has five powerful puppets.

But the last maid also looks like a demon.

"Donor, do you also want to stop the poor monk from destroying the demon?"

Su Chen was very surprised when he saw this ruined monk.

Isn't this monk too poor?

Aren't all monks extremely rich?

"You can think so."

After hearing what Su Chen said, Monk Daoji dissuaded him and said, "Donor, you are no match for the poor monk, so you should not stop the poor monk."

Su Chen looked at the ruined monk with disdain and said, "I don't think so, monk, what's your name?"

"The name of the poor monk is Daoji!"

"puff! What did you say? Your name is Daoji?"

"Exactly, the poor monk is Daoji."

What the hell!

This monk is actually Jigong?

Isn't Jigong crazy?

Why doesn't this monk look crazy?

However, the Buddhist robes on this monk are in tatters, and he even has a broken fan in his hand. This is also like Jigong's style

"Li Xiuyuan, I didn't expect that you are not dead yet. Do you still remember a woman named Lu Qingqing? Are you worthy of her? Are you worthy of your parents? Monk? An eminent monk? Do you deserve it?"

"you.....you.....How did you know?"

Dao Ji was very shocked when he heard what Su Chen said.

He didn't expect that Su Chen would know that he was flying together.

It has been decades.

How did this young man know?

Su Chen looked at Dao Ji with a face filled with tears. He asked angrily,

"Do you know how that crazy woman lived in front of your mother's grave?"

"On your wedding day, you abandoned your new wife and became a monk. If you didn't like Lu Qingqing, why did you marry her?"

"If a woman is abandoned on her wedding day, do you know what will happen to her in the future? Will you receive much guidance from outsiders?"

"No!"

"you do not know"

"You only have your Buddha in your heart"

"For the sake of Buddha, you leave your old parents behind"

"For the sake of Buddha, you abandoned your newlywed wife"

"Your parents are mad at you, your wife is driven crazy by you, Li Xiuyuan, how can you live in this world?"

Su Chen looked down upon Li Xiuyuan very much.

When he first watched the plot, Su Chen thought Jigong was very funny. When he grew up,

Su Chen watched the plot again.

When he watched it again,

Su Chen killed Jigong in succession. Li Xiuyuan's heart was filled with excitement.

Monk?

Monk?

Fuck the monk.

Everyone around him was very shocked when they heard Su Chen's words. They didn't expect that this monk would abandon his home and wife, and even have sex on his wedding day. Monk, this makes everyone here very angry.

If you don't like it, don't marry it!

A woman is married, but her husband becomes a monk on her wedding day. What will that woman do in the future?

Think about the situation of that woman. , you know how hurt that woman will be and how heartbroken she will be.

Especially the women here,

Xuanyuan Qingfeng, Aruo, Qingniao, and even the banshee Xiaorong, they looked at Monk Daoji and wanted to kill this A ruthless monk.

Daoji looked at Su Chen and said in panic, "I don't. I wholeheartedly worship Buddha. I was forced to marry Lu Qingqing. I never wanted to hurt her. I really never wanted to hurt her."."

Su Chen mocked with contempt,

"Forced? Then why didn't you become a monk earlier and later, instead of becoming a monk on the day you married Lu Qingqing? Does being a monk also mean you have to look forward to a good life?"

"I.....I....."

Daoji is confused, yes!

Why didn't he become a monk a day earlier?

Why do you want to become a monk when marrying Lu Qingqing?

Su Chen looked at the confused Li Xiuyuan and asked again,

"Li Xiuyuan, can you give up your seven emotions and six desires by becoming a monk?"

"Parents, you can pretend that you don't have"

"Wife, you can pretend you don't have one"

"So what do you have?"

"Buddha?"

"So what did the Buddha give you?"

"Life?"

"No, life is given by your parents"

"Family affection?"

"You don't. You can even abandon your newlywed wife. How can you be in love?"

"In the human world, if there are no emotions or desires, would you still be a human being?"

"You can't even compare to this banshee. The banshee can harm herself or even die for the one she loves."

"And you?"

"Does anyone have feelings for you? Maybe, but before you became a monk, could someone give their life for you? No, you should still expect your Buddha to sacrifice his life for you"

"Scum!"

"people.....Scum!"

Su Yue also screamed in Su Chen's arms.

Damn it!

Su Chen was frightened when he heard Su Yue's scream.

He didn't want his daughter to learn these dirty words if his women knew about it.

I'm afraid I want to strangle him to death.

Su Chen pinched Su Yue's little nose and said with a smile,"Good girl, don't imitate daddy's swearing. This is not good.""

"hehe....."

Everyone in the courtyard felt very satisfied when they heard Su Chen's shouts and curses. This monk really did not regret his death. If they were not as powerful as this monk, they would all want to go up and kill him now.

Monk Daoji had collapsed on the ground, and even the broken fan in his hand fell to the ground.

He thought of Lu Qingqing, the woman he met in front of his mother's grave

, who was still wearing her wedding dress. Even if she was crazy, she still wanted to protect her. In front of his mother's grave.

Even if Lu Qingqing is crazy, she has not forgotten to guard his mother,

Lu Qingqing?

What does the woman to whom he owes his life look like?

He couldn't remember it now.

Daoji is panicking now,

"Why can't I remember what she looked like? Why? why is that?"

Chapter 1453

In the courtyard, everyone looked at Monk Daoji, and no one sympathized with him.

For the sake of the Buddha in his heart, a man not only left his elderly parents behind, but even ruined a woman's life. Such a monk, even if he is an eminent monk, has no sympathy for him. how?

Su Chen was right.

A person without emotions and desires would be worse than a monster.

No, even a beast.

A beast would at least protect its child, and would even die for the child.

What does a monk have?

Eat fast and chant Buddha's name every day?

Or do you want more incense money?

Su Chen glanced at Li Xiuyuan and ordered to Qingniao, "Qingniao, pour me a cup of tea. I'm thirsty from scolding you."

"Yes, Master!"

Just when Qingniao was about to go, the maid Xiaoguan immediately volunteered and said, "I'll go, Qingniao, I'd better go and pour tea for the young master."

"what ever."

Xuanyuan Qingfeng looked at Su Chen and felt very uneasy.

She now completely believes what Su Chen said.

A monk, Su Chen, knows it all.

I'm afraid what Su Chen said last night is true.

Her father She is a cultivator in the Golden Core Realm. The ancestor of the Xuanyuan family may have some ulterior motives, and her mother may even have done something that is sorry for her father.

Aruo looked at Su Chen and made a Decided, she now feels that this big devil is not a particularly bad person. How can a person who can say such words be a bad person?

And what he said about loving his daughter just now made Aruo look a little funny, a The big devil turned out to be a slave girl, which Aruo didn't expect.

Su Chen looked at the people around him and shouted to the collapsed house, "Taoist priest, are you dead?" If we don't die, we're going to leave."

Boom!

The Taoist priest ran directly out of the collapsed house, "No, no, I just don't dare to disturb you and scold this monk."

At this time,

Li Xiuyuan stood up and saluted Su Chen, "Amitabha, donor, poor monk. Thank you for your teachings. Poor monk has enlightened.""

"What the hell are you doing?"

Su Chen couldn't help but cursed again when he heard Li Xiuyuan's words, what did he realize?

Su Chen was also confused, but the monk still chanted the Buddha's name, which made Su Chen feel that he still refused to change his ways.

"Donor, this poor monk has really realized his enlightenment."

"Get lost, are you enlightened? Are you still a poor monk?"

Li Xiuyuan hurriedly explained to Su Chen,

"Donor, although this poor monk is sorry for his parents and Qingqing, and I am prepared to accompany them for the rest of my life to atone for the mistakes I have committed, but this poor monk does not want to abandon the Buddha!"

"roll! idiot!"

"this....."

Li Xiuyuan was completely confused.

Not only had he figured it out, he even knew how to repent, but why did the donor still speak harshly to him?

Is it really wrong to become a monk yourself?

Li Xiuyuan looked at Su Chen and asked for advice, "Donor, am I still wrong?"

Su Chen thought about it and decided to remind Li Xiuyuan again. If this monk will continue to be stubborn in the future, then he can only be He is his enemy.

Buddhism is a life-and-death existence with him. Su Chen also thinks that one less enemy is better than one more enemy.

"Monk, judging from your attitude of repentance, let me point it out to you again. Monk is not a good person."

"You don't need to refute, just listen to me first"

"Buddhist golden Buddha statue, gold? Where did it come from? It took the blood of countless poor people to collect the gold and silver. Have you ever seen Buddhism helping poor people?"

"If you look at the Dao Sect again, you will see the clay and wood sculptures of the Dao Sect. In troubled times, you will not see the Tao, and in the prosperous times, you will not see the Buddha. Do you understand this sentence?"

"Go and look at temples everywhere and see how gorgeous and impressive those temples are. Buddhism is not engaged in production, but occupies a large amount of farmland. Do you Buddhas need these?"

"Put down the butcher knife and become a Buddha immediately. A murderer can be exempted from crime as long as he becomes a monk."

"Do you think it's fair to those who died?"

"There are many, many examples, which you need to see and check for yourself."

Li Xiuyuan's face changed when he heard what Su Chen said.

He knew some of this before.

After Li Xiuyuan heard what Su Chen said, he needed to see if Buddhism was what he thought.

"Amitabha....., I understand, I will verify these one by one. I also want to know whether the Buddha in my heart is different from the Buddha in other temples."

"what ever!"

Su Chen was too lazy to pay attention to this Li Xiuyuan.

He didn't kill Li Xiuyuan this time because of the influence of watching the plot when he was a child.

Otherwise, Su Chen would have killed him long ago.

"Jie Jie....."

At this time, a gust of wind blew up, and an old woman's wild laughter sounded all around.

When Li Xiuyuan heard the laughter, he immediately said seriously, "It's the old demon. I didn't expect that the old demon would come. This also saves the poor.".....I'm going to find this old monster

"The old demon is here?"

Su Chen was stunned when he heard Li Xiuyuan's words.

Is this him?

Wang Huaqing's home is a haunted house. How come this place has become a gathering place for monsters? Yesterday! Today! He just stayed here all night and morning. Wang Huaqing's Home has become a battlefield.

Li Xiuyuan looked at the people around him and hurriedly reminded,

"You all be careful, this old demon is as strong as me. I didn't kill her last time. This time the old demon comes to recover from her injuries, and even I may not be able to kill her."

The head catcher You Yu looked at the monk and asked doubtfully, "Didn't you hurt the old demon once? Then the old demon is definitely no match for you, so what are you afraid of?"

"I'm worried about you. The old demon can't defeat me. I'm worried that the old demon will take action against you."

Taoist Xuan Yi came to Li Xiuyuan and said loudly, "He.....Ahem, Li Xiuyuan, don't worry, Mr. Su is very powerful and the old demon poses no threat to us."

Boom!

After a loud noise, a short dwarf old woman with thick makeup on her face and a big green robe appeared in the yard. Behind her were hundreds of women of various shapes. Demon, the old dwarf demon looked at Li Xiuyuan and said angrily,

"Monk, I didn't expect you to chase me to the border of the Eastern Continent. However, you came a step too late. My injuries have already recovered. Even if you want to kill me, you may not be able to kill me.

Li Xiuyuan shouted expressionlessly, "Old demon, I won't let you go this time.""

The dwarf old demon looked at Li Xiuyuan disdainfully.

"Yeah? Monk, you are at the peak of the Nascent Soul Realm, and I am also at the peak of the Nascent Soul Realm. Last time I was injured because of my carelessness. It is not certain who will live and who will die this time."

Su Chen drank the tea handed over by Xiaoguan.

He was very speechless as he listened to Li Xiuyuan and the old demon chattering.

The villain died from talking too much.

Don't they understand this?

"If you want to fight, then fight quickly so that I can watch the excitement. You all should stop talking nonsense."

Chapter 1454

Su Chen's voice attracted the attention of everyone here.

In the courtyard, whether it was people like Li Xiuyuan and Xuanyuan Qingfeng, or the dwarf old demon and more than a hundred banshees.

Both humans and demons here looked at Su Chen.

"They all looked at nothing, let's start fighting!" Su Chen looked at everyone looking at him. This made Su Chen frown and shout.

Su Chen also wanted to leave here early.

It's almost noon now. He has to leave Qinghe City today. He doesn't want to stay. Let's have another night's rest in this shady house.

Su Chen is also worried about staying here any longer.

He doesn't know what kind of trouble he will encounter here.

"Human, do you want to die?"

"In no mood"

"If you don't want to die, shut up, or I'll kill you first"

"Damn it, old dwarf, do you have what it takes?"

"court death!"

The dwarf old demon was very angry when he heard Su Chen's words, old dwarf?

This bastard human dared to call her that. The dwarf old demon immediately burst out with a powerful momentum and hit Su Chen with a palm.

A flash of black energy Then attack Xiang Su Chen

"Space moves!"

Boom!

Su Chen was directly moved aside by the old demon's attack, but Wang Huaiqing's mansion was unlucky. This time the old demon attacked with hatred, and at least half of Wang Huaiqing's mansion was destroyed.

"How can it be?"

The old demon saw that her attack was moved to other places, which made her feel very incredible.

Su Chen was just a Grand Master warrior, how could her attack be moved to other places by a warrior?

Xuanyuan Qingfeng and the others all knew Su Chen With their strength, they were not too surprised that Su Chen easily moved his attack.

Li Xiuyuan looked at Su Chen and was very confused.

He did not expect that Su Chen was so powerful. This Su Chen must have hidden his strength. I am afraid that Su Chen is even stronger than him. Powerful.

Otherwise, with his strength, it would be impossible not to see that Su Chen was hiding his strength.

Su Chen looked at the old dwarf demon with disdain and laughed, "Dwarf, is this all you have?"

"Damn it, are you going to die?"

The dwarf old demon jumped up. She wanted to tear this human into pieces. This damn human completely angered her.

"If you want to die, I will make it happen for you."

Su Chen saw that the old dwarf demon had also recently killed him. He was holding Su Yue now. He would not fight with the old dwarf demon in close quarters.

"Space prison!"

Whoosh, a ray of light flashed past, and the old dwarf demon disappeared in the yard instantly.

"Space cutting!"

Su Chen looked at the old dwarf demon trapped in the space prison, and he hurriedly wanted to destroy the old demon. The space prison could not trap the old dwarf demon who was at the peak of the Nascent Soul Realm. He could only fight quickly now. , we cannot give the old dwarf demon any time to resist.

Taoist priest Xuan Yi looked at Su Chen and shouted in shock, "My God, what kind of strength is Mr. Su? It's incredible that an old demon at the peak of the Nascent Soul Realm can be destroyed at the drop of a hat.

You Yu asked with a surprised expression, "Taoist, am I right?" Mr. Su just talked about the space prison, and the old dwarf demon disappeared. Was the old dwarf demon imprisoned?"

"Maybe!"

Xuanyuan Qingfeng looked at Su Chen and said with a complicated expression, "I didn't expect this bastard to be so strong. In the last battle with Lu Xueqi, this bastard didn't use his full strength at all."

A Ruo heard Xuanyuan Qingfeng's words and looked at Su Chen with brighter eyes.

The Great Demon King is so powerful. If she follows the Great Demon King in the future, even if a warrior discovers her physique, she won't have to worry about being raped. Take him away to make a cauldron.

Li Xiuyuan wiped the cold sweat from his bald head.

Fortunately, he didn't take action against Su Chen just now, otherwise the old dwarf demon would have suffered the same fate as him.

The old dwarf demon brought the banshees into confusion.

They didn't expect that the old dwarf demon would disappear in an instant, which made them not know what happened. These banshees did not dare to escape now. They were also afraid that the old dwarf demon would appear again. If the old dwarf demon knew that they had escaped, , I'm afraid none of them banshees will survive.

"What is this place? Ahhhhh.....What the hell is going on? ah....."

In the space prison, the old dwarf demon looked at the vast whiteness around her.

She was about to fly up and look around.

She did not expect that white light blades suddenly appeared. These light blades continued to attack her from all directions, even her body. The meat on it was cut off piece by piece.

This made the old dwarf scream in pain.

The old dwarf demon kept dodging to escape the attacks of the white light blades, but no matter where she fled, white light blades would appear from all directions, and she could not avoid these white light attacks at all.

Su Chen looked at the miserable old demon in the space prison, he smiled and said,

"Old dwarf demon, just die inexplicably like this. Your demon elixir belongs to me."

"beat.....beat.....beat." Su Yue kept shouting with her big eyes open in Su Chen's arms.

Su Chen patted Su Yue's little head and was very speechless.

It seems that Su Yue and Su Yan will be exactly the same in the future. They have an eldest daughter who has a headache. Su Yan was enough to trouble Su Chen. With the addition of a little daughter Su Yue, Su Chen's troubles would become even greater in the future.

A quarter of an hour later, the old dwarf demon in the space prison was completely shaken, and a white The demon pill was floating in the space prison.

Su Chen stretched out his hand and took the demon pill in his hand.

He looked at the demon pill and pointed at the sparrow demon.

"Sparrow demon, I have unlocked your cultivation. Who should deserve death from these banshees? You and Qingniao will take the five-element talisman and red armor to destroy them. If you have not killed humans, let them go."

"Yes, Master!"

When the bird demon saw the demon pill in Su Chen's hand, she knew that the old dwarf demon had been killed. She did not dare to neglect Su Chen at all.

"The old dwarf is dead?"

Xuanyuan Qingfeng came to Su Chen and asked.

Su Chen rolled his eyes at Xuanyuan Qingfeng and said, "If she dies, if she doesn't kill her, do I still want to stay with her for the New Year?"

Xuanyuan Qingfeng didn't expect that this bastard would still charge at her, which made her look ugly, so she clenched her fists and asked, "You.....I didn't expect you to be so strong. In the Yunlan Sect, you didn't try your best in the battle with Lu Xueqi, right?"

"Never mind your own business."

Su Chen replied angrily when he heard Xuanyuan Qingfeng's words,

"asshole!"

Xuanyuan Qingfeng's chest was about to explode because of Su Chen's anger.

This bastard was so irritating.

However, she thought of Su Chen's views on the Xuanyuan family.

Xuanyuan Qingfeng also knew that Su Chen looked down on her and even hated her. Xuanyuan Qingfeng has no choice but to be a woman who is disdainful of her father. It seems that she will have a good talk with his father in the future.

"Don't bother me. I'll leave in a moment. From now on, we'll go our separate ways and don't want to see each other again."

Su Chen hugged Su Yue and walked outside the palace.

He was ready to leave. Things here are over and he doesn't want to stay any longer.

As for the banshee Xiaorong, let Wang Huaiqing enjoy it. I hope Wang Huaiqing will not be Xiaorong's face is so frightened to death

"Huh, do you think I want to see you, this shameless bastard?"

"Just in time to see you."

Chapter 1455

Xuanyuan Qingfeng felt very uncomfortable when she heard Su Chen's words, but there was nothing she could do.

Su Chen had a very bad impression of her. Until she changed her mind, Su Chen would definitely not want to see her.

In the yard, the sparrow demon and the blue bird took the Five Elements Talisman and killed more than half of the red-armored banshees, and they let the remaining banshees go.

Those banshees were not evil demons, and with the confirmation from the sparrow demon, they did not kill them all.

Li Xiuyuan was a little confused when he saw this, but after the Taoist priest's explanation, he also understood that demons have good and bad qualities just like humans. Getting rid of demons does not mean killing them all, and there is no need to kill good demons.

Li Xiuyuan looked at Su Chen leaving and nodded.

Although he was scolded by Su Chen this time, he didn't care at all. He owed too much to his parents and his wife, especially the one in a skirt. Lu Qingqing in wedding dress.

Li Xiuyuan's heart bleeds now that he thinks about it.

He wants to make up for his mistake. Although it is too late now, he will always protect the woman in the wedding dress from now on.

She is his wife, even if she dies, he will protect her for the rest of his life.

"Miss Xuanyuan, this is a letter from Miss Aruo to you!"

At this time, a policeman came to Xuanyuan Qingfeng and said,

"Aruo? Huh? Why is A Ruo missing?"

Xuanyuan Qingfeng suddenly discovered that Aruo was missing when she heard the police officer's words.

This made her very nervous.

Aruo's physique was very special. She was very worried that Aruo would be captured by some warriors.

Xuanyuan Qingfeng hurriedly opened the door She started reading the letter, but her face looked very ugly as she read it.

Xuanyuan Qingfeng didn't expect that Aruo would follow Su Chen secretly. Will Aruo follow that bastard in the future? Wouldn't Aruo not Do you believe that you can protect her?

Xuanyuan Qingfeng thought for a while, but there was no way.

Since A Ruo had decided something, it was impossible for her to change it. She also had many things to do now. She had to figure out the things about the Xuanyuan family.

"Damn you bastard, you will meet beautiful women wherever you go. From now on, that bastard better walk on dog shit and drive your car over."

Xuanyuan Qingfeng put away the letter and cursed angrily, and she left with her guards.

People in the yard also left one after another.

Wang Huaqing felt like crying when he looked at the dilapidated mansion. A good mansion, It has been continuously destroyed in the past two days.

Today, more than half of it was destroyed.

It will cost a lot of money to rebuild.

Xiao Rong looked at Wang Huaqing's distressed look and comforted him, "Huaqing, don't worry, we will The mansion will be rebuilt."

Xiao Rong is really relieved now.

The old dwarf demon is dead and the monk will not kill her.

Moreover, Su Chen's power makes her feel very safe. Even if the demon catcher comes again in the future, as long as she heard about today Those monster catchers didn't dare to offend Su Chen to kill him.

"Well, we will work hard together in the future."

Tianxuan Continent,

Northern Continent,

Wu County!

Sun Ce and a group of generals are discussing the military situation in the main hall.

The army of Princess Changle of Jingzhou has almost reached Wu County. The counties around Wu County have either surrendered or been destroyed. The entire There was only a solitary Wu Commandery east of the Yangtze River still holding on.

General Huang Gai looked at Sun Ce and reminded him,

"Lord, there is a huge disparity in our military strength now, and Princess Changle's black-armored army is very powerful. Our army of 60,000 to 70,000 is no match for the more than 300,000-strong black-armored army."

Zhou Tai also hurriedly said,

"Yes, my lord, the natural dangers of the Yangtze River can no longer stop the Black Armor Army. Lujiang County and Danyang County are now Princess Changle's territory. Our Wu County is now surrounded."

Sun Ce was sitting in the main seat with a very ugly face.

He did not expect that Miss Yan from Jingzhou was actually the eldest princess of the Xuantian Empire.

Xuantian Empire!

Sun Ce was very frightened when he thought about it.

In the north of the Han Empire,

Xuantian The Empire's Tenglong Legion is fighting against Yuan Shao. Yuan Shao has been defeated and lost his troops and even Yizhou. He can only huddle in Youzhou and wait to be destroyed. In the south,

Princess

Changle's army has controlled the entire south. He is now Like a nail, he was surrounded by Princess Changle.

Princess Changle came in person this time.

Sun Ce knew why Princess Changle came in person. He had completely offended Su Yan before, and Sun Ce would not end well even if he surrendered. , he must resist if he doesn't want to die.

Sun Ce waved his hand and stood up and said,

"I know all this. We have to find a way to get through this difficulty. The Xuantian Empire wants to conquer the entire Han Empire this time, and even rule the entire Northern Continent. Gongjin, do you have any idea?"

Zhou Yu shook his head with a pale face and said,

"Lord, we don't have any chance of winning. Princess Changle's army has surrounded Wu County."

"Now a legion of Princess Changle is attacking the Shanyue tribe. After Shanyue is destroyed, our Wu County will be destroyed. Now all strategies are useless. If we don't want to die, we can only fight to the death."

Bang!

Sun Ce slapped the table hard when he heard Zhou Yu's words.

"Damn it, we don't even have an ally, and the entire Han Empire was divided by the Xuantian Empire's legions."

"Cao Cao and Lu Bu were stronger in the north, but Cao Cao attacked Lu Bu desperately. Didn't he know that he would die with his lips cold and his teeth cold?"

"Also, Dong Zhuo's old troops actually surrendered to the Xuantian Empire and even attacked Ma Teng of Xiliang and Jiang Yuyan of Yizhou. She turned out to be the imperial concubine of the Xuantian Empire?"

"This is his!"

"It's bizarre enough for an imperial princess to become a prince. Now that even the imperial concubine has come out to become a prince, doesn't the Xuantian Empire have other generals?"

Many generals in the main hall lowered their heads when they heard Sun Ce's scolding.

The eldest princess, the imperial concubine, and these generals, although they don't know why the princess and the imperial concubine came to the Northern Continent in person. They are even able to take charge of one side.

But They also admired these two women, the elder princess and the younger one. The eldest princess took control of Jingzhou at a young age, and even Xuzhou and Yangzhou successively submitted to Princess Changle.

And the imperial concubine of the Xuantian Empire secretly took control of Yizhou. , and even subdued the barbarians, which is even more bizarre.

Zhuge Jin saluted Sun Ce and said,"My lord, the people of Wu County are fleeing one after another. Do we want to stop them?" Sun

Ce waved his hand and said,"Forget it, don't stop it. A civil uprising broke out after the provincial government stopped it. It seems that Wu County's demise is imminent.""

Sun Ce also understood that

Wu Jun has been surrounded by the Xuantian Empire's army. As long as Princess Changle arrives, the black dragon armor army will attack Wu Jun. With more than 300,000 elite black armor troops, what can he do to stop it?

At least more than half of Wujun's sixty-seventh army are ordinary civilians. Can such an army stop the attack of the black-armored army?

"Lord, why don't we send dead soldiers to assassinate Princess Changle Su Yan? As long as Princess Changle dies, the black-armored army will definitely be in chaos. By then, the crisis in our Wu County will be lifted."

Chapter 1456

When Sun Ce heard what his brother Sun Yu said, he frowned and assassinated Princess Changle?

Is this possible?

Not to mention the protection of the masters around Princess Changle, even if they really assassinated Princess Changle.

What happens next?

Their Wu County might have to face crazy revenge from the Xuantian Empire, and even everyone in this Wu County would be massacred.

Sun Ce did not dare to take this risk.

If he were defeated, he might die, but his family members would not be executed.

But if he dared to assassinate Princess Changle, then he would probably be exterminated.

"No, this is too risky. Regardless of whether we succeed or not, the price is too high."

Zhou Yu breathed a sigh of relief when he heard that Sun Ce vetoed Sun Yu's proposal.

Assassinating the eldest princess of the Xuantian Empire?

This bastard is simply a brainless person.

The Xuantian Empire's dominance of the Han Empire is an irreversible outcome.

They People just need to spend more time. If they assassinate the eldest princess of the Xuantian Empire, not only the people of Wu County will be buried with them, but even their family members and tribesmen will be buried with them.

"What the lord is saying is that assassinating the princess of the Xuantian Empire is a serious crime and we cannot take the risk. Sun

Ce waved his hands with a headache and said, "Okay, everyone, let's go back and prepare. Princess Changle will arrive soon. When the time comes, we will first meet Su Yan, Princess Changle of the Xuantian Empire.""

"Yes, my lord!"

In the city lord's palace, a girl in red was eavesdropping on the conversation inside the main hall.

When people in the main hall were about to come out, she left in a hurry.

The girl in red came to a pavilion, and she Thinking about what he had eavesdropped on outside the hall, he said doubtfully,

"Assassinate Princess Changle? Can Wu Jun be saved by assassinating Princess Changle? Why don't you go rob and kill Princess Changle yourself, so that you can help your brother."

The girl in red thought for a while and decided to assassinate Princess Changle, so that Wu County could be saved, and her family would not be caught and executed by Princess Changle.

Three days later, on an official road in Jiujiang County, a black armor The army was protecting a carriage heading towards Jiujiang County.

In the carriage,

Huang Yueying looked at the frowning Su Yan and was very confused.

It has been almost three days.

Ever since Su Yan received a secret letter, she has been I have never been happy, which makes Huang Yueying confused.

"Princess, why are you so depressed these days? Isn't this about to destroy Sun Ce of Wu County? What else is bothering you? Su

Yan weakly leaned back and said, "I'm sorry, Yueying, I regret it. If I had known, I would have left my father. I regret it very much now." Huang

Yueying looked at Su Yan and asked with a smile,

"regret? What do you regret? Don't you want to go back to the imperial palace in the Southern Continent? No one cares about you in the Northern Continent. You are so carefree. What do you regret?"

Su Yan looked at Huang Yueying and said with a sly smile, "I can't tell you, this is the secret of our Xuantian Empire. If you become my father's woman, then I can tell you. Huang

Yueying blushed when she heard Su Yan's words and said, "Bah, I won't be your father's woman.""

"Haha, if you don't do it, you won't do it. Why are you blushing?"

Su Yan was very funny when he saw the blushing Huang Yueying.

In Jingzhou City, the women who had met his father had all changed their minds. During this period, they had been constantly inquiring about her father. This made Su Yan feel that those women were all interesting to her father.

But when Su Yan thought about Princess Honglian's letter, she regretted it very much.

The new world was still a world of cultivating immortals.

Su Yan wanted to see it very much, but now she simply couldn't. She can't leave.

She still needs to preside over the war here.

Even if she leaves now, it will take about a month to return to the palace in the southern continent.

Even if she returns to Xuannian Palace,

I'm afraid her mother and aunts will She was obsessed with it.

I'm afraid she wouldn't even think about going to the New World.

Su Yan was a little envious of her sister.

His father took little Su Yue to the New World this time.

Su Yan felt even more unhappy when he thought about it. Now, she really wished she had never come to the Northern Continent. If she had been in the Black Bird Palace, she would definitely have been taken away by her father this time.

A new world!

A world of cultivating immortals!

That world must be more beautiful than the Tianxuan Continent. It's huge and fun.

But she can only think about it now.

She doesn't know when she can go and take a look.

At this time, a secret guard reported outside the carriage, "Report to the eldest princess, the scouts ahead reported that there are hundreds of people ambushing In the mountains and forests on both sides of the road, it seems that someone is coming to assassinate the eldest princess."

"Assassination? Didn't you expect that someone would come to assassinate me? He only brought a few hundred people with him. This was overestimating his capabilities. He ordered the forward troops to capture those people, and those who resisted were killed without mercy."

"Yes, princess!"

Huang Yueying was speechless when she heard the secret guard's report.

There was a legion of 50,000 black-armored guards here, and even the surrounding secret guards. The shadow assassins were closely guarding Su Yan. These assassins seemed to be here. Delivering food.

But at this moment, in a mountain forest, hundreds of female soldiers were nervously waiting for something.

A girl in red was wearing armor and staring at the official road with a serious face.

This time she secretly brought her five hundred The female soldier came to assassinate the eldest princess.

She was very confident in this assassination. As long as Princess Changle of the Xuantian Empire arrived, she would definitely kill the little princess.

At this time, a female soldier ran over quickly and shouted, "Miss , Oh no, Princess Changle is actually being guarded by tens of thousands of troops this time. There is no way for us to get close to Princess Changle's carriage."

The girl in red exclaimed when she heard the female soldier's words, "What? Tens of thousands of troops are protecting Princess Changle?"

"Well, well, I think there are at least 50,000 black-armored troops."

The girl in red felt dizzy when she heard the words of the female soldiers under her command.

Is a princess so squeamish?

When she went out, there were at least 50,000 troops guarding her. This was faster than all the troops in Wu County.

What should I do? Assassinate Princess Changle?

Are you going to die?

The girl in red rubbed her forehead in annoyance and hurriedly ordered,

"Quick, order our people to retreat.

The female soldier asked confusedly to the girl in red, "Miss, are we not going to assassinate Princess Changle?"

The girl in red hurriedly patted the confused female soldier and shouted, "You're still assassinating me. The other side has fifty thousand troops. If we don't want to die, we should retreat quickly."

"Yes, miss!"

Chapter 1457

In the mountain forest, after hundreds of female soldiers received the order to retreat, these female soldiers immediately gathered and prepared to retreat. Although they did not know why they canceled the order, it was an order from their ladies, and they, the female soldiers, would not what

"Come together, let's go back to Wu County." The girl in red riding on a horse hurriedly shouted to the female soldiers.

The female soldiers also hurriedly pulled out the hidden horses and prepared to retreat quickly.

Ta da da da.....

At this time, the sound of horse hooves came over, which panicked the female soldiers who were preparing to retreat. They speeded up and led the horses out one by one.

"No, we didn't find out, so we set up a defensive formation." The girl in red saw a dark shadow approaching quickly in the distance. She knew that she would not be able to escape now.

Ta da da da.....

Five thousand black-armored cavalry arrived quickly.

After the black-armored cavalry discovered that they were all female soldiers, these black-armored cavalry surrounded the female soldiers in groups.

"Throw away your weapons and surrender, or you will be killed without mercy!" A captain shouted as he looked at the defending female soldiers.

The girl in red refused after hearing the words of the black-armored captain.

"surrender? Impossible. If you have the guts, come and join the battle."

"Crossbows, archers ready!" The captain of the black-armored army waved his hand and ordered expressionlessly,

"Defend, shield and defend quickly!"

"I'll give you five breaths, and if you don't surrender, you'll all be executed!"

The girl in red was very helpless when she looked at the black-armored army that was waiting for them.

She miscalculated this time.

She didn't expect that the black-armored army would be so alert.

Princess Changle's carriage hadn't arrived yet, and they were discovered. I'm afraid the black army
The scouts of Army A discovered them early, otherwise these black-armored troops would not have come straight to them.

"Miss, what should we do?"

"Wait and see first"

"Miss, let's cover your escape. We'll take care of these black-armored troops."

The girl in red shook her head and refused,

"There is no way to escape. These are elite black-armored troops, and the crossbows and archers are too deadly to us. We have no chance of escaping at all."

"Two breaths!"

"We surrender, we surrender!" When the girl in red heard the words of the black-armored commander, she hurriedly said, these female soldiers can't escape, and she doesn't want hundreds of female soldiers to die here. Surrendering may allow these female soldiers to survive.

"Miss?"

The girl in red looked at the female soldiers around her and ordered with a look of helplessness,

"All throw away their weapons, we surrender"

"Yes, miss!"

Hundreds of female soldiers threw away their weapons after hearing the words of the girl in red.

When the commander of the black-armored army saw the surrender of these female soldiers, he directly ordered, "Kneel down on both sides of the road. Anyone who dares to move intentionally Kill without mercy."

After hearing this, the girl in red was unwilling, but the situation was pressing, so she could only lead five hundred female soldiers to kneel on both sides of the road.

After a while, a huge black-armored army appeared.

Although the black-armored army It hasn't arrived yet, but the huge evil energy has frightened all the female soldiers here. They all know that this black-armored army is an elite army that has survived countless battles on the battlefield.

Dong Dong Dong Dong.....

Groups of black-armored troops walked past these female soldiers, and the sound of heavy footsteps made each of these female soldiers look very pale.

At this time, a luxurious carriage arrived, surrounded by hundreds of black-clad secret guards closely protecting the luxurious carriage.

When the black-armored captain saw the carriage stop, he stepped forward and saluted hurriedly,

"Report to the eldest princess and all the assassins surrender."

In the carriage,

Su Yan heard that the assassin surrendered without resisting, which made her feel very bored.

"Everyone surrendered? It seems that these assassins are not dead soldiers."

"Princess, these assassins are a little special"

"special? How special?"

"Princess, they are all female soldiers, and the leader is also a woman."

Hi, the carriage door was opened, and

Su Yan got out of the carriage.

She was interested in these assassins.

A group of hundreds of female soldiers?

This is very rare, except for the Jurchen tribe in the Xuantian Empire. In addition to the female soldier army, there is actually a female soldier army in the northern continent.

Su Yan was ready to see what these female soldiers were like.

Outside the carriage, after Su Yan got off the carriage, a thousand black-armored troops quickly guarded the surroundings. Each crossbow was pointed at the female soldiers kneeling on both sides of the road, and the secret guards were closely guarding Su Yan. The hundreds of female soldiers on both sides of the road were very shocked when they saw this formation.

These women had already They no longer have the ability to resist, but these black-armored troops and guards are still vigilant. Even if they want to resist now, they will probably be shot into a hornet's nest.

"Are you the leader?" Su Yan walked up to the girl in red and asked,

"good!"

The girl in red was also very shocked when she saw Su Yan.

She didn't expect that Su Yan was really a little girl of about seven years old. It's just that this little girl is too evil.

Such a small girl? She actually controlled the entire big man. In the south of the empire, is the princess of Xuantian Empire so evil?

Princess Changle is so smart at such a young age. If Princess Changle inherits the throne of Xuantian Empire in the future, Princess Changle will probably become a powerful empress of the empire.

Su Yan sees Looking at this heroic girl in red, she nodded.

This young girl in red dared to do something bold, which made her feel that this girl in red was not an ordinary person.

"who are you? Why do you want to assassinate me? The girl in red looked at Su Yan and said coldly and proudly, "If you want to kill me, just kill me. I won't tell you.""

"Yeah? The crossbow is ready. I will count down to three times. If you don't answer, all the female soldiers here will be executed." Su Yan smiled and stretched out three fingers to threaten,

"three!"

""Two"

Sun Shangxiang said hurriedly when he heard Su Yan's rapid countdown,

"Wait, I said, I said, I am Sun Ce's sister from Wu County, Sun Shangxiang."

Sun Shangxiang was also very helpless.

This little girl is so cruel. She just kills everyone if she can't ask the answer. This is not like a little girl at all.

Su Yan looked at Sun Shangxiang and said in surprise,

"Sun Shangxiang? Sun Ce's sister? You are Sun Shangxiang, the bow-waisted concubine. Yes, you are very beautiful. Sun

Shangxiang looked at Su Yan and asked hurriedly,

"Princess Changle, I have told you my identity, can you let these female soldiers go?"

Sun Shangxiang knew that she was doomed.

Her brother Sun Ce had been arranging Su Yan in the past and even threatened to kill Princess Su Yan of Changle. This time she fell into Su Yan's hands and died. Sun Shangxiang just hoped that Su Yan could Open the net and let the female soldiers here go.

"Did I say I would let them go?"

Chapter 1458

Su Yan didn't expect to have such a harvest on the way, which made her a little happy.

Sun Ce's sister Sun Shangxiang.

Su Yan thought that if she waited until she destroyed Wu Jun, Sun Ce saw her sister appear here, and she didn't know what Sun Ce would do. Won't be mad to death

"Come on, take all these female soldiers to Jiujiang County"

"Yes, princess!"

"Sun Shangxiang, come here with me."

Sun Shangxiang's eyes lit up when she heard Su Yan's words.

She was originally very desperate when Su Yan refused to let these female soldiers go, but now she sees an opportunity.

As long as she and Princess Changle get on the carriage, she can quickly seize this opportunity. Little princess, as long as she captures Princess Changle, even if there are thousands of troops here, they can't do anything to her.

In the carriage,

Huang Yueying poured some tea.

After Su Yan took Sun Shangxiang to the carriage,

Huang Yueying just Looking at Sun Shangxiang, she didn't care whether Sun Shangxiang had any bad ideas.

Although she and Su Yan were the only ones in the carriage, if Sun Shangxiang dared to make any move, I'm afraid Sun Shangxiang would be trained by Su Yan in the future.

"I advise you not to take action, otherwise you will regret it."Huang Yueying saw that Sun Shangxiang had been staring at Su Yan, so she kindly reminded her,

"Not always."

Sun Shangxiang said and quickly moved to catch Su Yan, but before her hand reached halfway, her body was pressed on the acupoints.

In the carriage, a masked woman in black appeared at some point, and this The masked woman didn't know when she appeared behind her, and Sun Shangxiang was controlled unknowingly.

"this....."

Sun Shangxiang looked at the masked woman in black in confusion.

She couldn't understand.

There were only two women in the carriage, so how could there suddenly be an additional woman in black and masked?

Huang Yueying shook her head and said regretfully,"I said you would regret it if you took action. Alas, why didn't you listen to my advice."

Su Yan looked at Sun Shangxiang and smiled slyly and said,

"Ha ha..., Sun Shangxiang, you are so miserable. You dare to attack me. Yueying, we had some fun on the road."

"Youxue, here comes the rope, isn't Sun Shangxiang Ji Gongyao? Let's see how soft her waist is."

Su Yan deliberately exposed a flaw so that Sun Shangxiang would take action against her.

She was not worried at all about Sun Shangxiang taking action against her. Even if there was no Shadow Assassin, with her peak Grandmaster strength, would she be worried about a woman in the lower innate realm?

"Yes, princess!"

Huang Yueying looked at Su Yan and shook her head.

However, her eyes also lit up.

Bow-waist Ji Sun Shangxiang?

She also wanted to see how soft Sun Shangxiang's waist was.

"No, what are you going to do? Don't tie me up, ah! Are you going to break my waist?"

"Su Yan, we can't do this. Let's take it slow first. Let Sun Shangxiang lower half of his waist first."

"That's right. If she lowers her waist too hard, we will really break her waist."

"Princess Changle, you devil, I won't even die.....Ah, you bastards, my waist is going to break and I can't get down."

Two days later, after Su Yan arrived at the Jiujiang County

Sheriff's Mansion , all the officials and commanders of the various regiments here arrived to greet Su Yan. Su Chen sat on the main seat and waved his hands and said,

"Everyone sits down. Now I will arrange the tasks. In addition to the Shanyue tribe and Wei Yan's Sixth Army,"

"Other legions set out to attack Wujun within three days. The third and seventh cavalry regiments deployed around Wujun. No one in Wujun was allowed to escape, especially Sun Ce and the family members and tribesmen of those generals and officials."

"Yes, princess!"

Su Yan looked at Huang Zhong and others again and said,

"Huang Zhong's First Army, Taishi Ci's Second Army, you serve as the main attacking army, catapults, siege rams, ladders, all the logistics are assigned to your army, the fourth and fifth armies are reserve armies to deal with emergencies."

"Yes, princess!"

"Let's go back and prepare to march."

"Yes, princess!"

In a room in the Sheriff's Mansion,

Sun Shangxiang was lying on the bed and didn't want to move. She suspected that her waist would be broken now. Damn that little loli, she was tortured along the way.

"Miss Sun, get up and eat soon."

At this time,

Huang Yueying arrived and said to Sun Shangxiang.

Sun Shangxiang lay on the bed and waved his hands before replying, "I don't want to eat, Miss Huang, you weren't captured by Princess Changle too, were you?"

"Yes and no!"

"What's the meaning? Sun

Shangxiang asked suspiciously when he heard Huang Yueying's words.

Huang Yueying smiled and replied, "I used to be threatened by Su Yan before I came to her, but now I'm used to it, and I'm living a pretty good life now,"

Huang Yueying Thinking about it, things were really changeable.

When she was first threatened by Su Yan to stay in Xiangyang City, she tried to find a way to leave every day.

But after such a long time, she also discovered that Su Yan was just doing it for fun, or even to please. His father did not punish her.

She now has a very good relationship with Su Yan, and even Su Yan, the women in the Black Bird Palace, secretly told her a lot.

Huang Yueying also doubted that she would never marry anyone again in the future. , and no man dared to marry her, and even her parents would suspect that she was Su Yan's father's woman.

Sun Shangxiang curled her lips and closed her eyes to rest.

She wanted to think about how to escape from here, and even wanted to Her female soldiers were all rescued safely.

When Huang Yueying left, she turned back and suddenly warned,

"Sun Shangxiang, the war will begin in three days. Wu County is already over. You'd better be calm during this period, otherwise your Sun family will be exterminated by Su Yan.

Sun Shangxiang was surprised when he heard Huang Yueying's kindness and said, "Three days?" The war is going to start in three days? So soon? Aren't you in the process of collecting the Shanyue people? Huang

Yueying shook her head and replied,

"For a small Shanyue tribe, one legion is enough. Sun Shangxiang, don't forget that Su Yan's Black Bird Legion has more than 300,000 soldiers and seven legions. This does not include the city guards in various places."

Sun Shangxiang is confused, three days?

Wu Jun will probably be defeated in three days.

What will happen to her brother?

What will happen to her family?

Three days later,

Wu Jun!

Outside Wu Jun City,

Er One hundred thousand black-armored troops were lined up neatly. Hundreds of meters away from Wujun City, catapults and huge siege ladders were all preparing to attack Wujun City.

Woooooooooooo.....

The horn of the black-armored army sounded, and a group of black-armored troops arrived escorting a little girl riding a pony.

The red Black Bird Flag of the Black Bird Legion was swinging in the wind, and the black Black Bird Flag of the Xuantian Empire was held high at the front.

"See Princess Changle, long blessings to the eldest princess!"

"See Princess Changle, long blessings to the eldest princess!"

"See Princess Changle, long blessings to the eldest princess!"

Chapter 1459

On Wujun City,

Sun Ce and a group of generals looked at the black-armored army outside the city.

They were very shocked.

The neat military formations, rigorous military appearance, and even the huge evil spirit. This was not a miscellaneous army like them. Comparable.

Sun Ce clenched his fists and said helplessly,

"There is no way we can win this time. Everyone, if you want to leave, just leave. I, Sun Ce, will not blame you. There is no way we can win this war. I don't want to drag you down. Zhou

Yu smiled at the side and said, "Master, you and I are best friends. Am I, Zhou Yu, a person who is greedy for life and afraid of death?"

"Lord, I am your father's general, and it is impossible for me to leave at this time."

"And me, there are no people in Wu County who are greedy for life and afraid of death."

"Lord, if we die together, we will die together. We will not be lonely on the road."

"Haha, yes, I still want to drink and eat meat with everyone, and I can't be left out this time."

"If we live together, we brothers will die together."

On the city wall, these generals shouted loudly one by one.

They all knew that they would be killed if they resisted this time, but they were all ministers of the Sun family. Although Sun Ce was not as smart as Sun Jian in dealing with people, Sun Ce never let them down.

The Xuantian Empire was too powerful, and Sun Ce had offended the eldest princess of the Xuantian Empire to death. This time the eldest princess came to kill Sun Ce. It was impossible for them, the ministers, to watch Sun Ce being killed.

Sun Ce looked at these The generals nodded solemnly and said,"Okay, brothers, let's go together. We have company on Huangquan Land.""

"Report to the lord, the second young master escaped with his guards."

At this time, a messenger hurried over to report.

When Sun Ce heard what the messenger said, he stared and asked hurriedly,"What! What did you say?"

"My Lord, the Second Young Master asked the south city gate to be opened and escaped with the guards."

"Sun Quan, I, Sun Ce, don't have a younger brother like you, and my Sun family doesn't have a bastard like you who is greedy for life and afraid of death."When Sun Ce heard this, he shouted with anger on his face.

Sun Ce did not expect that all the generals here would be willing to die for the Sun family, but his brother actually escaped.

This made him very angry.

City Wall The generals on board also had angry faces.

They did not expect that Sun Jian, a tiger from the east of the Yangtze River, would have such a son who was greedy for life and afraid of death.

This really embarrassed Sun Jian and Sun Ce.

"See the eldest princess, long blessings to the eldest princess!"

"See the eldest princess, long blessings to the eldest princess!"

"See the eldest princess, long blessings to the eldest princess!"

At this time, a loud shout came from outside the city wall, and everyone on the wall immediately looked over.

Zhou Yu looked at the black-armored army and said, "My lord, the eldest princess of the Xuantian Empire has arrived."

Sun Ce looked at Changle Princess Su Yan who was being supported, and he sighed and said,

"What is supposed to come will always come"

"Gong Jin, I didn't expect that we would offend the princess of Xuantian Empire for Da Qiao and Xiao Qiao. This is really a trick of fate."

"When my father was alive, he had a very good relationship with Princess Changle, but he never thought that I would completely offend the princess for a woman."

Sun Ce is also very regretful now.

He didn't respond to a word of what his father said when he passed away. This is because his arrogance has harmed himself, his generals, and everyone in the Sun family..

Zhou Yu shook his head and replied,

"Maybe this is fate."

Outside Wu Jun City,

Su Yan looked at Wu Jun and waved.

She originally wanted to bring Sun Shangxiang over this time to humiliate Sun Ce, but she thought of Sun Ce's father being respectful when he was here, so Su Yan gave up this plan.

Anyway, Sun Ce is dead this time, and there is no need for her to humiliate a dying person.

Wow woo woo.....

Boom boom boom boom.....

After Su Yan ordered the attack, the attack horn sounded, and hundreds of catapults began to attack. Huge stones were thrown at the Wujun city wall.

For a time,

Wujun's city wall was riddled with holes.

The soldiers on the city wall were either smashed to death, or were shaken by the huge shock wave and fell off the city wall to their death.

After more than ten rounds of catapult attacks, the First and Second Legions began to dispatch.

Groups of black armored troops held giant shields and under the cover of archers, pushed huge ladders and battering rams and attacked.

Taishi Ci rode on his horse and called to Huang Zhong not far away, "Huang Zhong, let's compete to see who can attack the city wall first."

Huang Zhong nodded and agreed, "Okay, Taishi Ci, I'll do something to you." , my first legion must attack the city wall first"

"Haha, that's not necessarily the case. If my second army attacks the city wall first this time, your first army will lose face."

"Then you must have that ability"

"Second Army, charge me. We are going to slap the First Army in the face."

"kill! kill! kill!"

"First Army, charge for me. Don't let the Second Army attack the city wall first."

"kill! kill! kill!"

Su Yan saw that the first and second legions were competing again, and she was too lazy to care.

In the past, Wei Yan and Huang Zhong were competing. After Wei Yan was sent out, she didn't expect Taishi Ci to compete with Huang Zhong again.

This is just like Dian Wei. Like those two reckless men Xu Zhu, they were fighting non-stop all day long.

A black-armored cavalry came quickly and saluted Su Yan and said, "Princess Qi, the seventh army captured Sun Quan who was about to escape. He is Sun Ce's younger brother."

"bring it here!"

"Yes, princess!"

On the battlefield, as the ladders and city-breaking hammers approached the city wall, the black-armored troops began to scramble to climb up the city wall from the ladders.

"Rolling wood, black oil, quickly stop the attack of the black armored army."

On the city wall,

Zhou Tai looked at the black-armored troops who were about to climb up the city wall and ordered hurriedly.

Huang Zhong saw the rolling logs on the city wall constantly smashing into the black-armored troops.

He hurriedly ordered,"Archers, crossbows, organize arrows. net to cover the army's siege."

Swish swish swish"

Archers and Qi-poking crossbows continued to shoot at the soldiers on the city wall. Wu Jun was suppressed by the rain of arrows and could not even lift his head.

"kill!"

It took less than half an hour.

Soldiers from the first legion's black-armored army rushed to the city wall, and then more and more black-armored troops rushed to the city wall.

Boom!

At the same time, the second legion also used a city-breaking hammer. After blasting open the city gate of Wujun, the black-armored troops rushed in with swords raised and rushed into the city of Wujun.

"Kill, anyone with weapons will be killed without mercy unless they surrender."

At this time,

Sun Ce saw that not only the city wall had been attacked, but the city gate had also been breached. He did not expect that the city would be breached in just a short time after the war started.

Sun Ce hurriedly ordered with a look of helplessness.

"retreat! Return them all to the Sheriff's Mansion!"

Su Yan shook his head when he saw the battle in Wu Juncheng and said,

"Sun Ce isn't very strong either? I thought it would take several hours to fight, but it seems I overestimated this little overlord of Jiangdong."

Chapter 1460

The war in Wujun ended almost as quickly as it started.

More than 30,000 of the 60,000 to 70,000 Wujun troops were killed. The remaining troops knelt down and surrendered when they saw the black-armored army break through Wujun City. Only the county was left in the entire Wujun City. Guarding the mansion, there were thousands of troops resisting.

Outside the city,

Su Yan entered Wu Commandery City under the protection of the black-armored army and secret guards.

This headquarters of the prince Sun Ce was completely lost not long after he occupied it, and it was completely impossible for Soochow to appear in the future.

When Huang Zhong arrived on horseback, he saluted Su Yan and said,

"Report to the eldest princess that except for the Sheriff's Mansion, the troops in other places in Wujun City have either been destroyed or surrendered. Only the Sheriff's Mansion in Wujun City has not been breached."

Su Yan was very confused when he heard Huang Zhong's words, "The Sheriff's Mansion? Why hasn't this small county governor's mansion been breached yet?"

"Princess, the front of the county governor's mansion has been set on fire by black oil. Our troops can't rush through now."

"So that's it. Let's go and have a look."

"Yes, princess!"

In front of the governor's house, a wall of fire blocked the attack path of the black-armored army. Although many soldiers were extinguishing the fire with water, the black oil was not easy to put out. The fire was still very strong and blocked the way.

Su Yan heard it and looked at the sky. The fire was frowning.

Although the black-armored troops tried their best to extinguish the fire, the effect was not good at all. This made Su Yan even more fed up with the stubborn Sun Ce.

"Huang Zhong, order the army to wait here. I want to see how much black oil can be burned in the governor's mansion."

"Yes, princess!"

Su Yan suddenly raised his hand and ordered,

"Archers, prepare rockets, launch, I want people in the Sheriff's Mansion to put out the fire as well."

At this time,

Huang Yueying and Sun Shangxiang, guarded by a team of black-armored troops, also arrived in front of the county governor's house.

Sun Shangxiang hurriedly stopped after hearing Su Yan's order,

"Wait, Princess Changle, don't do this. There are many women and children in the governor's mansion. If you do this, you will shoot innocent people."

Su Yan glared at Huang Yueying and shouted to Sun Shangxiang,

"Sun Shangxiang, what qualifications do you have to order this princess? Does this princess need you to teach me?"

Su Yan didn't expect Huang Yueying to bring Sun Shangxiang, which made Su Yan very dissatisfied.

Sun Shangxiang was a prisoner. Although she didn't put Sun Shangxiang in prison, she was guarded by secret guards, and Sun Shangxiang was also restricted. Walking freely.

This time Huang Yueying must have come privately with Sun Shangxiang.

Sun Shangxiang knelt down next to Su Yan and said lovingly, "Princess, I am willing to let the people in the governor's mansion surrender. I hope you can spare the lives of my family."

"It's impossible. Someone, bring Sun Quan over."

Su Yan shook his head and refused.

Sun Ce will die no matter what.

Anyone who insults her will not be let go.

Sun Ce has been in trouble with her more than once or twice. Su Yan has no reason to let Sun Ce go.

Otherwise,

She will not come in person during this war

"Yes, eldest princess."

Sun Shangxiang's heart dropped when she heard Su Yan's words.

She didn't expect Su Yan to be so murderous.

However, she also guessed why Su Yan refused to forgive his brother.

Her brother had previously threatened to catch Su Yan. To train this little girl, it makes sense for Su Yan not to let Sun Ce go.

But if the rest of the Wu family is not guilty enough to die,

Su Yan won't really want to kill them all, right?

"Archers, rocket launchers!"

Swish swish swish.....

When the five thousand archers around heard Su Yan's order, they immediately lit their rockets and launched them towards the governor's mansion.

"Rocket, it's a rocket, put out the fire quickly!"

"Ahhhhh.....save.....help me!"

"Put out the fire quickly!"

"Damn it, are we going to be burned to death?"

"General Zhou Tai, no good. General Zhou Tai was shot."

"I want to get out, I want to get out, otherwise we will be burned alive."

In the Sheriff's Mansion, after the rocket attack, the room in the Sheriff's Mansion was set on fire. The fire even got bigger and bigger, and the troops and servants inside were shouting.

"The crossbows are ready. Anyone who escapes will be shot by me."

"Yes, princess!"

Sun Shangxiang has collapsed on the ground.

She knows that the Sun family is finished. The fire inside is getting bigger and bigger, and there are even archers and crossbows around. Even those who escape will probably be shot.

Huang Yueying looks at Looking at all this, he sighed.

War is inherently cruel.

Su Yan was not wrong in doing this.

If Sun Ce had not blocked the way with black oil, the innocent people in the governor's mansion would not have been killed.

All of this was Sun Ce's fault. I did it all by myself, and I can't blame anyone else for it.

"The eldest princess, Sun Quan has brought you."

At this time, a group of black-armored soldiers escorted Sun Quan.

Sun Quan was very panicked after being tied up and brought. He also saw the fire in the governor's mansion, and now he was afraid that he would also be executed.

Sun Quan saw Sun Shangxiang, who was sitting on the ground next to him, hurriedly shouted, "Little sister, little sister, please help me, I don't want to die."

"Come on, throw Sun Quan into the governor's mansion!" Su Yan looked at Sun Quan and ordered with disdain,

"Yes, princess!"

Sun Quan shouted in horror when he heard Su Yan's order,

"No, no, I don't want to die, eldest princess. All this is caused by Sun Ce. If you want to kill, just kill Sun Ce. It has nothing to do with me. I have not offended the eldest princess. I don't want to die. I don't want to die."

Sun Shangxiang originally asked for mercy, but Sun Quan's words stunned her.

She didn't expect that Sun Quan was so greedy for life and afraid of death, and even put all the blame on his elder brother Sun Ce, which made Sun Shangxiang have some disgust in his eyes.

"Ahhh....."

Sun Quan was thrown into the governor's mansion and was burned by the fire. He rolled over and over in the fire in pain.

Sun Shangxiang lowered her head and refused to see these tragedies.

She clenched her fists and glared at Su Yan angrily.

After a while, Sun Quan was silent.

Half an hour later, the fire slowly extinguished.

Huang Zhong waved his hand and rushed in with the black-armored army.

Su Yan looked at the black-armored troops that were rushing into the county governor's house.

She turned back to Sun Shangxiang, who was staring at her, and asked

"Sun Shangxiang, do you want to kill me? Sun

Shangxiang replied angrily, "Yes, I can't wait to tear you into pieces right now.""

"It's a pity, it's a pity that you may never be able to do it in your lifetime." Su Yan shook his head and said with a smile,

"I can't do it in my life. Even if I act like a ghost, I won't let you go."

Su Yan laughed when he heard Sun Shangxiang's curse and said,

"Be a ghost? Even if you become a ghost, you can't kill me, haha...., if you could scare me by saying this before, even if you are a ghost now, I can kill you easily."

Su Yan is protected by a black bird.

I'm afraid ghosts can't do anything to her.

Besides, her father has gone to the world of immortal cultivators. From now on, their family will be all immortal cultivators.

Are immortal cultivators afraid of ghosts?

Sun Shangxiang looked at Su Yan and asked He cursed viciously,

"You cruel little girl, you kill innocent people like this, aren't you afraid of retribution?"

"retribution? Your brother Sun Ce probably killed more people and destroyed many families. Why didn't you say that your brother would get retribution?"
