

Zongwu 1471

Chapter 1471

While Qingniao was thinking, a woman's cold voice came over, and then a beautiful woman in a blue dress suddenly appeared on the carriage.

"Blue Bird, I've seen Madam!"

"See ma'am!"

When Qingniao saw Xiaoqing appearing, she hurriedly saluted, and the surrounding black-armored cavalry also dismounted and knelt down to salute.

Xiaoqing waved his hand and ordered to Qingniao, "No salutes, everyone. Qingniao immediately led the black-armored cavalry. When we go to Tianhe Town, I will kill that monk and Xu Xian must take him back."

"Yes, ma'am!"

After Qingniao saluted Xiaoqing, she immediately led the black-armored cavalry and chased towards Tianhe Town.

Since Xiaoqing said that Xu Xian was taken to Tianhe Town, it was definitely not wrong.

Qingniao just didn't expect that there would be a golden man. There are immortal cultivators in the elixir realm. No wonder Xu Xian was taken away silently.

Xiao Qing patted her head and said to herself in annoyance, "It's all my fault. If I had come here earlier, that monk in the elixir realm would have been taken away silently." It is impossible to escape with Xu Xian."

Xiao Qing just coaxed Su Yue for a while, sheIt was unexpected that such a change would occur.

If that bastard knew about this, that bastard would definitely make fun of her.

Xiaoqing looked around and disappeared instantly.

The old monk was still waiting for her to kill him. She would not let the old monk escape again this time.

Tianhe Town is close to the sea, and some adventurers often appear here for adventure and trials.

There are many rare treasures in the sea, and of course there are many sea monsters. Although there are no powerful sea monsters in the sea near the mainland, even ordinary sea monsters are not easy to deal with.

The strength of the Kraken beast increases dramatically in the sea.

A low-level Kraken beast is difficult for even a small group of warriors in the Heavenly Realm to deal with. If it is an intermediate Kraken beast, even the immortal cultivators at the Golden Core realm may not be able to survive if they encounter it.

In an inn in Tianhe Town, a chubby middle-aged man and a dignified, beautiful and charming woman were having dinner with several young men and women.

These are Tian Buyi and Suru, the first peak masters of Dazhu Peak of Qingyun Sect, and the five trial disciples they brought this time.

Tian Buyi looked at the five disciples and said majestically,

"Your strength has also improved in these days, but you are still not good at facing the sea monster. Tomorrow, I will take you to hunt a low-level sea monster. Zhang Fan, you don't want to participate."

"Yes, master."

The other disciples all answered politely, but they looked at the submissive junior brother Zhang Fan next to them, and they all shook their heads speechlessly.

Zhang Fan has been a disciple for several years, but his cultivation level has never been improved. It is very embarrassing for Dazhufeng to be a master warrior now.

Zhang Fan also replied hastily and awkwardly,

"yes.....It's the master!"

When a young beauty next to her heard Tian Buyi's words, she said unhappily, "Dad, why don't you let Xiaofan go? This is a very good training opportunity, maybe the junior brother will make a breakthrough. Tian

Buyi shouted after hearing what her daughter Tian Linger said,

"Shut up. When a master warrior faces a low-level sea monster, he is seeking death, not training."

"The lowest cultivation levels of the several of you are all at the Heavenly Realm, and the third and fourth sons are both immortal cultivators at the Golden Core Realm. You can kill low-level sea monsters, but Zhang Fan will be spared."

Suru grabbed her naughty daughter and scolded,

"Ling'er, don't be ridiculous. This trial of yours is very dangerous. None of you have ever dealt with the sea monster. Xiaofan's strength is too low. He really cannot participate this time."

"Got it, mother!"

After Tian Buyi saw that his daughter was honest, he said to his disciples again,

"You all give me some strength, look at those women in Xiaozhu Peak, Lu Xueqi is about to advance to the out-of-body realm, and I heard that Shui Yue has recently accepted a genius disciple who is almost at the golden elixir realm."

"If you don't want to be bullied by those women from Xiaozhu Peak in the future, you'd better practice hard for me."

"Yes, master!"

Several of Tian Buyi's disciples replied feebly.

They were all suppressed by Lu Xueqi in the past, and now a genius disciple has appeared in Xiaozhu Peak. I am afraid that they will be suppressed by those women in Xiaozhu Peak for the rest of their lives. They bullied them.

Suru smiled and ignored these disciples. She was also very happy that her senior sister could accept a genius disciple again, but her senior sister had always looked down on Tian Buyi, so that Xiaozhufeng and Dazhufeng had not Deal with it. And Lu Xueqi of Xiaozhu Peak is very powerful. None of the disciples of Dazhu Peak are Lu Xueqi's opponent. They, the elders, can't bully the younger ones.

"Huh?"

"A master has arrived."

Suru and Tian Buyi saw a direction at the same time.

They both sensed that a golden elixir-level immortal cultivator was quickly approaching Tianhe Town, but this golden elixir-level immortal cultivator flew in the air in front of everyone, as if he was running for his life. Like.

Boom!

After a while, outside the inn, a monk appeared outside with a man and a woman. These three people were Monk Minghui and Xu Xian and Zi Ling.

Minghui also sensed that there were two powerful auras in the inn. , he guessed that these might be the people from the Qingyun Sect that Liu Yun mentioned.

Minghui appeared outside the inn, and he just hoped that the powerful people from the Qingyun Sect could help him destroy the demon that was chasing him.

But he sensed that the demon had been following him

"Who are you?" Tian Buyi saw that this monk seemed to be looking for them, which made him very strange.

"Amitabha, are you from the Qingyun Sect? Minghui looked at Tian Buyi and gave him a Buddhist name, saying with a compassionate look,

"good!"

"Lao Na, Minghui of Lingyin Temple, I am being chased by a big demon, and your Qingyun Sect disciple Liu Yun may be killed. I hope you can help me get rid of the demon."

"Big demon?"

Tian Buyi was very surprised when he heard Minghui, big demon?

How could the big demon blatantly chase and kill a monk?

And there are disciples of Qingyun Sect who were killed by the big demon? It seems that this big demon that harms mankind will be destroyed.

Others were also very surprised when they heard Minghui's words.

The minimum strength of a big demon is the Nascent Soul Realm. If it is a thousand-year-old demon, it will be the strength of the Distraction Realm. This is already the same as the strength of their master and mistress. Same.

Da da da.....

At this time, the sound of horse hooves suddenly came over, and there were even thousands of troops

"Surround the inn, no one can be let go"

"Yes, my lord!"

Chapter 1472

Outside the inn,

Qingniao led the black-armored cavalry to surround the inn.

She did not rush in.

She felt several powerful beings in the inn, they were very powerful immortal cultivators. Qingniao was now a little worried that Xiaoqing could not be the one. The opponents of these immortal cultivators.

Qingniao waved his hand and hurriedly ordered,

"Come, please use the butterfly-winged bird to notify your Majesty and tell him that there are several powerful immortal cultivators in Tianhe Town."

"Yes, my lord!"

Whoosh!

Xiao Qing also appeared here.

She looked at the inn with a serious face.

Xiao Qing had arrived early. After she discovered that the monk had brought Xu Xian into the inn,

Xiao Qing did not dare to act rashly. There were people in the inn. There are two powerful immortal cultivators in the distraction realm, and she is at the peak of the Nascent Soul Realm. She is no match for the two immortal cultivators in the inn.

"Madam, there are powerful immortal cultivators in the inn!" Qingniao saluted Xiaoqing,

Xiaoqing nodded to Qingniao and said, "I know, you did a good job, now we can only hope that Su Chen will come soon."

Xiao Qing is very depressed now.

She was just careless for a moment, and it was really unfortunate that things happened like this.

In the inn,

Tian Buyi and Suru saw that they were surrounded by the army, which made them look at each other. Monk Minghui, they all felt something was wrong.

Although a big demon appeared in the army, the demon and the army hunted the monk together, which made Tian Buyi and Su Ru feel very strange.

"Minghui, what is going on? Why are the army and the big demon hunting you down? Minghui hurriedly replied,

"Donor, these troops are the troops of Hangzhou City. Hangzhou City is waging a war with the Song Dynasty. Aren't you Qingyun Sect the guardians of the Song Dynasty? You should help the Song Dynasty destroy these armies."

Suru heard that Monk Minghui did not answer Tian Buyi, and even persuaded them to deal with these troops.

This made Suru shout with a serious face,

"Don't talk nonsense. Although our Qingyun Sect is the guardian of the Song Dynasty, if the Song Dynasty was at fault first, our Qingyun Sect would not be able to stand up for the Song Dynasty. Monk, what on earth did you do? Why are these armies and big monsters chasing you?"

Disciples such as Tian Linger and Zhang Fan also looked at the monk Minghui. They all felt that the matter was not that simple. The monk might have lied.

Minghui immediately thought about it and explained,

"Donor, the thing is like this. Lord Wu Xiang of Hangzhou City wanted to execute Xu Xian. Xu Xian was just an ordinary doctor, so I saved him on the way. But I didn't expect that Hangzhou City would send out troops to hunt us down. Even Hangzhou City actually There are monsters"

"I don't believe you, husband, let's go out and ask"

"good!"

Suru and Tian Buyi said, and they came out of the inn together.

Tian Linger and the others also followed them out. They were not worried about the army and the big demon outside. With their master and mistress here, the army and the big demon could not do anything. them

"Who are you?"

When Qingniao saw Tian Buyi and Suru coming out with some people, she asked expressionlessly.

Suru looked at Qingniao and replied, "We are monks from Qingyun Sect. Girl, why are you chasing monk Minghui? ?"

Qingniao looked at Suru and the others in surprise.

She didn't expect that these people were actually people from Qingyun Sect.

This was the second time Qingniao met people from Qingyun Sect. She had met Shuiyue from Xiaozhufeng in Yunlan Sect. Master and Lu Xueqi.

Are these people from Qingyun Sect?

Qingniao nodded to Suru and replied

"That monk broke into the Hangzhou City Prison and killed hundreds of policemen, and even kidnapped an important prisoner. We are hunting the monk and the prisoner. Since you are from the Qingyun Sect, please leave on your own."

"What? The monk killed hundreds of policemen?"

Tian Buyi was very surprised when he heard Qingniao's words.

He did not expect that a cultivator would attack ordinary people and even kill hundreds of policemen.

This made him very disgusted with the monk Minghui.

Suru and here The disciples were also very surprised.

How could a monk kill innocent people indiscriminately?

Even if he wanted to save people, how could a cultivator kill ordinary people?

Minghui looked livid in the inn.

He saw the people from Qingyun Sect looking over. With a disgusted expression, he was very angry. If he wasn't strong enough, he would have killed these people from the Qingyun Sect.

Tian Buyi looked at Xiao Qing and asked with a serious face, "Snake demon, who are you?"

"presumptuous!"

When Qingniao heard Tian Buyi's words, he yelled angrily. The surrounding black-armored troops all held crossbows and pointed at Tian Buyi's people. As long as Qingniao gave the order, the black-armored troops would shoot these people without hesitation.

Tian Buyi He didn't expect that just by calling out Xiao Qing's identity, the black-armored army here would be ready to kill them. He guessed that this snake demon had a close relationship with the leader of this army.

"Bluebird!"

Xiao Qing waved at the blue bird to stop him and said,

"lady!"

"Let the troops stand back!"

"Yes, ma'am!"

After Qingniao heard Xiaoqing's order, she waved her hand to the black armored cavalry and said,

"All retreated."

The black-armored cavalry put away their weapons and retreated around the inn.

After Xiaoqing gave the order to Qingniao, she walked out to look at the people in Qingyun Sect and said, "Everyone in Qingyun Sect, I have no intention of being an enemy of you. You can leave now."

At this time,

Zhang Fan came out holding a stick and said seriously,

"Snake demon, you actually dare to appear in the human world openly, and you also want to kill the master of Buddhism and those two innocent people. It is impossible for our Qingyun Sect to watch you kill human beings."

Zhang Fan had been saved by a monk before, and this snake demon was obviously more powerful than monk Minghui. He was also afraid that Master Tian Buyi would not save Minghui's people, so he hurriedly expressed his attitude first.

"Zhang Fan, shut up!"

Tian Buyi heard that Zhang Fan dared to talk nonsense without his consent, which made him very angry.

Suru also looked at Zhang Fan with a frown.

She did not expect that Zhang Fan, who had always been indifferent, would say this. This made him very angry. She was also very unhappy. She and Tian Buyi were here, so how could there be a disciple making decisions for the master?

"Junior brother, don't talk nonsense"

"Junior brother, come back quickly, we have no place to talk here."

"Xiaofan, what are you doing?"

Tian Linger and several other senior brothers hurriedly tried to persuade Zhang Fan.

They did not expect that Zhang Fan would stand up and say these words. They were all worried that the master would punish Zhang Fan.

Xiaoqing looked at Zhang Fan with an angry look on his face. He said,"No one has dared to speak to me like this for a long time. It's Zhang Fan. You're dead this time.""

"You are not capable of killing my disciple yet. Tian

Buyi looked at Xiao Qing and said seriously, although Zhang Fan offended the snake demon,

Zhang Fan is his disciple after all. How could he watch the snake demon kill his disciple?

"Oh, is it so? Why don't I believe you can protect your disciples?"

"Master!"

"See you, Your Majesty!"

Chapter 1474

Su Chen was confused when he heard Tian Linger's words.

This time, not only Su Chen was confused, but everyone here was confused, especially Tian Buyi. He heard his daughter called Su Chen uncle, This made him want to beat up his daughter for yelling at others.

Suru heard Tian Linger calling Su Chen uncle, and she wanted to teach Tian Linger a lesson at first, but she suddenly thought of Su Chen's name, which made her stunned when she looked at Su Chen.

Suru has a younger brother, and he is much younger than her.

However, she was practicing in Qingyun Sect at the time, and something unexpected happened in her family.

Her younger brother, whom she had never met, was also missing. She also heard from neighbors that her younger brother My name is Su Chen.

Suru was very excited when she looked at Su Chen.

As she looked at Su Chen's appearance, she felt more and more similar to her. This Su Chen might really be her brother.

No wonder Ling'er called Su Chen uncle.

Ling'er probably discovered that she and Su Chen looked a bit similar, and even had the same surname and first name.

Su Chen looked at Tian Linger and reminded,

"Little beauty, please don't scream, I'm not your uncle, don't try to get relatives here again. Tian

Linger said anxiously with an affirmative expression, "You are my uncle. My uncle is also called Su Chen, and you and my mother look very similar. I am not a random relative.""

Xiao Qing looked at Su Chen and then at Suru.

She also found that the two people looked very similar.

This made Xiao Qing confused and asked Su Chen,

"Su Chen, do you have a sister?"

Su Chen rolled his eyes at Xiao Qing and said speechlessly, "How could I have a sister? You should understand who I am. How could I have a sister in the Shenyun Continent?"

Xiao Qing smiled awkwardly when she heard Su Chen's words.

She thought that Su Chen was from the Tianxuan Continent.

How could he have a sister in the Shenyun Continent? This was unreasonable.

At this time,

Su Ru reacted and said excitedly to Su Chen, "Su Chen, you are really my brother, Ling'er was right."

Su Chen shook his head and said helplessly, "I'm not, I don't have any brothers or sisters. You got the wrong person."

"Impossible, we look so similar, and our last name is the same, Ling'er and I can't admit we are wrong"

"Sister, there are many people who look alike in the world, and there are even many people with the same name. I am really not your brother."

Su Chen was also very helpless.

He came here to show off this time.

Why is he acting like he is recognizing his relatives?

Tian Buyi was also confused now, but he also found that Su Chen looked somewhat similar to Suru.

Even He is also very similar to Ling'er.

Tian Buyi thought that Su Chen might not really be his brother-in-law.

Tian Buyi's disciples also looked at Su Chen and then at their master's wife. They all felt that Tian Ling'er didn't say Cheng Cuo, I'm afraid this Su Chen is really their wife's younger brother.

Suru walked to Su Chen and said hurriedly, "Su Chen, is there a crescent mark behind your left shoulder?"

"No, you are really mistaken. There is nothing on my left shoulder, and I am not your brother."

Qingniao was very confused when she heard Su Chen's words.

There was a crescent mark on Su Chen's left shoulder. She could see it clearly when she was serving Su Chen.

But why didn't Su Chen admit it?

Did Su Chen not want to get along with Su Ru? Do you agree?

"Impossible, I want to see for myself"

"Let me guess, is this bad?"

"I have to see it with my own eyes or you will be my brother."

Su Chen was very helpless when he heard Suruhe's words.

He didn't have any marks on his body at all, and he couldn't be Suru's younger brother at all.

Besides, does Suru have a younger brother?

There is no mention of Su Ruhe in the plot. If there is something about a younger brother!

Boom!

"If you want to run away, just die!"

At this time,

Xiaoqing suddenly realized that the monk was about to escape. She quickly struck out a purple light with a palm and attacked the monk Minghui who was about to escape.

Ahem! Ahem!

Monk Minghui was knocked down by Xiaoqing's palm against a house. The house was directly hit by him. The impact caused it to collapse.

Minghui lay on the ground and looked at Xiaoqing with a horrified expression.

Although he knew that this demon was powerful, he did not expect that Xiaoqing turned out to be a powerful Nascent Soul Realm demon. He was in Xiaoqing's hands. There was no ability to resist at all.

Next to the monk Minghui, the transformed Xu Xian was dead, and even the body began to slowly disappear. Zi Ling passed out with scars all over her body.

Xiao Qing saw Xu Xian dead, and she looked towards Su Chen hurriedly said,"Su Chen, Xu Xian is dead, what should I do? Su

Chen looked at it and said with a smile,"This Xu Xian is a fake. You don't have to worry about it. This Xu Xian is just an illusion. Kill that monk.""

"good!"

Minghui heard that Xu Xian was fake and even wanted to kill him.

This made him scared and shouted quickly,"Don't kill me. If you kill me, Guanyin Bodhisattva will not let you go in the lower world."

"killed!"

Su Chen ordered directly with disdain,"

Guanyin Bodhisattva?

It's not like he has never seen it before.

This monk has fallen into a trap. Even if the old lady Guanyin Bodhisattva knew about it, she couldn't blame herself.

Boom!

Xiaoqing waved his hand towards Monk Minghui blasted past, and after a ray of light,

Monk Minghui died without leaving any residue.

Xiaoqing frowned when he looked at the unconscious woman next to him.

This woman was taken away by the monk just now, and now this woman is unconscious. Okay, Xiaoqing doesn't want to take action against someone who has no resistance.

"Su Chen, there is another unconscious woman here. Do you want to kill her?"

Su Chen shook his head and replied,

"Forget it, she is just a woman of a great master. When she wakes up, interrogate her about her relationship with the monk. If the relationship is not serious, let her go."

"All right!"

"Bluebird, order the troops to return to Hangzhou City"

"Yes, Master!"

Su Chen kicked Zhang Fan toward Tian Buyi and said to Suru,

"Suru, for your sake, let this fool go. You must take good care of her from now on. I will not show mercy to my woman if she dares to offend me again next time."

Su Chen originally wanted to try to kill Zhang Fan, but when he was about to step on Zhang Fan's head, the soul-eating rod on the ground vibrated. Su Chen felt that if he continued to use force, the soul-eating rod might be destroyed. Will attack him.

The Son of Luck is really not so easy to kill.

Su Chen picked up the soul-eating rod and was about to let the little fox check it out. This soul-eating rod was very strange.

Seeing that Su Chen was about to leave, Suru hurriedly stopped her. Su Chen said, "Su Chen, you haven't let me look at your shoulders yet. You can't leave."

"I can't be your brother. You'd better go find your brother elsewhere. Goodbye."

Chapter 1475

Suru saw Su Chen disappear suddenly with the snake demon, which made her a little at a loss.

Before she could check Su Chen's shoulder, Su Chen ran away, which made her even more suspicious that Su Chen was her brother.

But why didn't Su Chen recognize her?

How did Su Chen come here alone all these years? Why did he become the lord of Hangzhou City? And became a king of a top noble? Suru wanted to know all this.

Tian Linger came to Suru and asked doubtfully, "Mom, is Su Chen my uncle?"

"Nine times out of ten it is." Suru touched Tian Linger's hair and smiled and said, this time she has to thank this little girl, otherwise, she would not be able to find her brother.

Although she has not yet determined it accurately, she feels that Su Chen is Her younger brother.

Tian Linger frowned when she heard Suru's words. Since Su Chen is her mother's younger brother, why don't they recognize each other?

Does Su Chen really not know that he has a sister?

But this is impossible,

Her little uncle was almost three years old when he disappeared. Su Chen should remember what happened when he was young.

"But why doesn't my uncle recognize us?"

Su Chen shook his head with a wry smile and said,

"I don't know, Hangzhou City? Su Chen is the city lord of Hangzhou City. We go to Hangzhou City to find him. I must find out whether Su Chen is my brother?"

Tian Buyi hurriedly said after hearing Suru's words,

"Madam, we still need to take the disciples to practice. How about we go back to Hangzhou City?"

Tian Buyi doesn't have a good impression of Su Chen.

That bastard just called him a fat man and even said that he was not worthy of Suru.

And his disciple was bullied by that bastard and took away Zhang Fan's Weapons, even if Su Chen is really Suru's younger brother, he has no good impression of Su Chen.

Suru shook her head and refused, "No, I don't want to delay for a moment. You take the disciples here to practice, I need to find out this matter when I go to Hangzhou."

"Mom, I'll go too, I can help." Tian Linger hurriedly shouted after hearing Suru's words,

"Okay, Linger and I will go."

Suru looked at Tian Linger, smiled and agreed.

With Linger here, she would have a better chance to figure out Su Chen's identity.

Suru pulled Tian Linger and nodded to Tian Buyi. She took Tian Linger with her. He disappeared quickly.

"damn it!"

Tian Buyi saw Suru and Tian Linger leaving, which made him very angry.

Tian Buyi's disciples pretended not to see it. These things are not something they can participate in.

They all pretended to check on the unconscious Zhang Fan.

In Hangzhou City, in the city lord's mansion, after Su Chen and Xiao Qing came back,

Su Chen sat on the chair depressedly. He guessed that Suru would not give up, but he was really not Suru's brother. How could Suru do this? A younger brother appeared?

Xiaoqing poured a cup of tea for Su Chen and said with a smile, "Su Chen, that Suru will definitely come to Hangzhou to look for you. Then you can just let her look at your shoulders. That's okay." Let Suru give up"

"Alas, I don't have anything, but Suru is a woman after all, so it's a bit bad to look at a man's back shoulders like this."

"Haha, what's the point? You won't lose a piece of meat. You just let Suru look at it. It doesn't matter."

"It can only be the!"

Su Chen nodded and agreed.

"Owner!"

At this time, a beautiful woman came into the study and saluted.

Su Chen was very surprised when he saw Ning Zhongze.

Ning Zhongze was not among the people who came to Shenyu Continent this time. Why did Ning Zhongze appear in the city lord's mansion?

"Ning Zhongze, why are you here?"

Ning Zhong replied respectfully to Su Chen,

"Master, I have just arrived. The queen asked me to come over and inform the master that the Northern Combat Corps is ready and will arrive within a few days."

Su Chen heard that Mu Guiying's army was coming, which made him relieved.

The Song Dynasty might attack Hangzhou City in the next ten days. This time, with Mu Guiying's northern combat army here, he also felt relieved. You can rest assured to go to Shushan to rescue Zhao Ling'er and the others.

Su Chen touched his chin and thought for a while before saying to Xiaoqing, "Xiaoqing, Hangzhou City has been under martial law these past few nights, and the black-armored troops outside the city have been notified to prepare for the Northern Combat Legion's arrival"

"Yes, I know!"

Xiao Qing nodded and replied that

Su Chen had a space channel. Ji Ruxihe also told them.

In fact, it was Ji Ruxihe who didn't tell her and Xiaobai. She and Xiaobai also guessed that there was a space array in the city lord's mansion.

Many strange and beautiful women randomly appeared in the city lord's mansion, and even the backyard was very tightly protected by Su Chen's guards, which made them aware.

When Ji Ruxihe told them all this, she and Xiaobai both They were very shocked. They did not expect that Su Chen actually had a world passage leading to his original world.

She and Xiaobai also knew that this passage must be kept strictly confidential.

If the world passage were known to those powerful immortal cultivating sects, Su Chen's The world may be in trouble

"Ning Zhongze, please continue to follow me in the future. I didn't expect that your strength would reach the realm of heaven and human beings after you have been in seclusion for so long."

Su Chen looked at the beautiful Ning Zhongze and nodded.

Ning Zhongze has been in seclusion for more than half a year. He has broken through from a great master to the realm of heaven and humanity. Ning Zhongze seems to have not slackened in his cultivation, but he doesn't know about Black Widow. How's it going? Black Widow was also the first maid to follow him.

"Yes, master!"

Ning Zhongze hurriedly saluted after hearing Su Chen's words.

She was very happy to be able to stay with Su Chen, especially since this is still a world of cultivating immortals.

"I would like to report to your Majesty that a woman who is said to be your elder sister is looking for you outside your residence."

At this time, a black-armored soldier reported outside the study.

Su Chen shook his head when he heard the black-armored soldier's report. He did not expect that Suru would catch up so quickly.

"Let her in!"

"Yes, Your Majesty!"

Xiao Qing stood up and smiled at Su Chen and said, "It seems that Suru is very sure that you are her brother. If she didn't see the crescent mark on your shoulder, Suru would be very disappointed."

"This was just something out of nowhere. I told her. Suru couldn't blame me if she was disappointed."

After a while,

Suru brought Tian Linger into the study, but Suru kept frowning.

She didn't find anything when she arrived in Hangzhou City. But after she entered the city lord's mansion, she found that there were still people in the city lord's mansion. There were two demons, a powerful snake demon, and a weak sparrow demon. The snake demon she sensed was more powerful than the snake demon in front of her, and she could not even be the opponent of that snake demon.

Suru was very worried that Su Chen would be confused by these monsters.

"Suru, I'm really not your brother, and I know you don't believe it. I'm going to let you see if I have the crescent mark."

Chapter 1476

Suru nodded when she heard Su Chen's words.

She also wanted to confirm whether Su Chen was her brother.

As for the monster here?

Suru could only wait for a while and check. If these monsters really confused her brother, she would kill these monsters no matter what.

"Suchen! Who are these people?"

At this time,

Xiaobai arrived with Su Yue in her arms.

She also sensed the arrival of a powerful immortal cultivator. She was afraid that something would happen to Su Chen and Xiaoqing.

Then she hurried over.

"It's nothing serious, it's just that this woman got the wrong person." Su Chen smiled when he saw Xiaobai coming with Su Yue in his arms and replied,

"father....Dad."

Su Yue stretched out her little hands and shouted when she saw Su Chen.

Su Chen smiled when he heard Su Yue's cry and said, "Haha, good daughter, let your mother hold you first, and father will hold you after a while."

"Is this your daughter?"

Suru asked in shock when she looked at Su Yue.

When Su Yue called Su Chen daddy, she was very surprised.

Suru didn't expect that Su Chen had a child, and even the child she had with a snake demon made her happy and worried at the same time. Suru was worried that Su Yue was a half-human, half-demon child.

Su Chen nodded and replied, "Well, my youngest daughter Su Yue, and I also have a seven-year-old eldest daughter Su Yan." When

Tian Linger heard Su Chen's words, she exclaimed excitedly, "Wow! That's it! I have two sisters? Uncle, where is Su Yan? Get her over quickly, I want to meet your eldest daughter"

"I'm not your uncle."

Su Chen was also speechless towards Tian Linger.

He was probably about four years older than Tian Linger. Su Chen felt very uncomfortable when such an older woman called him uncle.

Besides, he was not Tian Linger at all. Uncle.

Xiaobai was very confused when he saw all this?

Uncle?

When did Su Chen have such an old niece?

Besides, does Su Chen have a sister?

Xiaoqing looked at the confused Xiaobai, and she smiled Quietly telling Xiaobai what happened before.

Su Chen took off his clothes and exposed his left shoulder, then turned around and said,"Suru, look, there is nothing behind my left shoulder. Tian

Linger saw the crescent mark on Su Chen's back shoulder and shouted,"Crescent mark, it's really a crescent mark. Uncle, you really have a crescent mark on your back shoulder. You are really my uncle." Suru smiled happily and said,"Su Chen, you are really my brother. You can't be wrong. This is really the crescent mark.""

Xiao Qing was very surprised when he saw Su Chen's crescent mark.

How could Su Chen have a crescent mark?

Besides, Su Chen is not from this world at all. He can't be Suru's younger brother at all.

But Su Chen is not only with Suru's younger brother has the same name and surname, and even has a crescent moon mark.

Why doesn't this make sense? Looking at all this, Xiaobai still doesn't understand.

She knows that there is a crescent moon mark on Su Chen's shoulder. After all, they were in the same bed last night. I thought, is Su Chen's crescent mark exactly the same as Suru's brother?

Su Chen was also confused.

He was very sure that there was no birthmark on his body at all.

Just looking at the expressions of these women, there must be no birthmarks on his back shoulders. There is a crescent moon mark, but how is this possible?

Su Chen hurriedly communicated with the system and asked, "System, what's going on with the crescent moon mark on my body?"

"Ding, host, the system doesn't know this. Maybe it's caused by the host getting the identity of the city lord of Hangzhou City."

"I'll do it! I can't be Suru's brother, but what should I do now?"

"Ding, this is the host's business"

"Damn it, system, you didn't say you would get a sister for free after getting an identity." Su Chen was very helpless when he saw that the system didn't answer. What should he do? He was telling Suru now that he was really not her brother, and Suru probably wouldn't believe it. Su saw Su Chen's depressed look. , she didn't force him to recognize her now. She wanted to make sure these monsters had not confused her brother first. Anyway, she had confirmed Su Chen's identity, and there would be a chance for Su Chen to recognize her as her sister in the future.

"Xiaoyue'er, come let your aunt hug you." Suru came to Xiaobai, looked at Su Yue and said with a smile.

Suru first wanted to confirm whether Su Yue was half human and half demon. She was worried that Su Yue's bloodline was demonic. When

Xiaobai saw Su Yue , she said Chen nodded, and handed Su Yue to Suru.

Suru checked Su Yue and felt relieved.

Su Yue was a complete human being, not a half-human, half-demon body, but she felt Su Yue's body was sealed.

This made her look at Su Chen and ask hurriedly, "Su Chen, what's going on with Yue'er? She was actually sealed? Su

Chen looked at Suru and explained, "Yue'er has activated the family's bloodline. If I don't seal Yue'er's cultivation, it will be detrimental to Yue'er, so I sealed Yue'er's cultivation.""

Su Chen also indirectly reminded Suru: Our family is all related by blood. If you don't have it, we have no relationship at all, and he can't be Suru's younger brother.

Suru was stunned when she heard Su Chen's words. Face shouted in surprise, "Xuanniao bloodline? Have you activated the Blackbird bloodline?"

Damn it!

How could Suru know the Xuannian bloodline?

This is so weird.

Su Chen looked at Suru dumbfounded. He really didn't expect that Suru also knew about the Xuannian bloodline.

Could this be the same identity? Caused by it?

Then Suru also has the blood of Black Bird?

Suru looked at Su Chen's surprised look and smiled and said,

"You don't have to be so surprised. You are my younger brother. You have the Black Bird bloodline and so do I. It's just that I didn't activate the Black Bird bloodline."

"For thousands of years, no one in our family has ever activated the Black Bird bloodline. I never expected that you would activate the Black Bird bloodline, and even have your descendants automatically activate the Black Bird bloodline. Tian

Linger looked at Suru and asked hurriedly, "Mom, do I also have the blood of the Black Bird?"

Suru touched Tian Linger's hair and replied.

"Of course you do, but my Black Bird bloodline is very thin. It is impossible to activate the Black Bird bloodline, and your Black Bird bloodline is even thinner."

Su Chen didn't want to say anything anymore.

This matter is too weird.

It's just an identity.

How could it cause so many things?

Sister?

It's his fault.

What should we do?

It's all because the system didn't explain it clearly at the beginning, otherwise, it was impossible for him to use the identity card.

Suru had no intention of leaving.

She hugged Su Yue and started talking to Xiaobai. Suru even regarded this place as her home. Now Suru is like a parent He was still asking everything about Xiaobai.

Su Chen winked at Xiaoqing and left the study.

He needed to be quiet now.

Chapter 1477

The next day,

Su Chen set off with Qingniao and Ning Zhongze.

He didn't want to stay in Hangzhou City to meet Suru.

However, in less than two days, Suru figured out the women in the city lord's mansion.

Although Ru doesn't mind that Xiaobai and Xiaoqing are monsters.

But she would nag Su Chen whenever they met, talking about her family's past. Su Chen knew that Suru was asking him to recognize her as his sister, but Suru was really not his sister.

In the city lord's mansion, when Su Chen left for Shushan,

Suru wanted to go with Su Chen. Shushan was a top sect, but she was worried that Su Chen would be in danger when he went to Shushan.

But the war between Hangzhou City and Song Dynasty was about to begin, and she couldn't leave with Su Chen in order to protect Su Yue.

In a room,

Suru held Su Yue and asked Xiaobai doubtfully,

"Xiaobai, where did Su Chen's troops come from? More than 300,000 troops have appeared in the past two days, and they continue to appear from the back garden. Do you have an ancient teleportation array?"

Xiao Bai shook his head in embarrassment and said, "This.....I'll tell you this when Su Chen comes back. I can't make the decision."

"Forget it, I'll wait until Su Chen comes back and ask him again, alas! Su Chen still doesn't recognize me, Xiaobai, you have to help me make Su Chen recognize me as my sister."

"I.....I try my best, I try my best!"

Xiao Bai was also very speechless.

She also knew that Su Chen and Suru were not siblings at all, but these things could not be explained clearly. All the evidence showed that Su Chen and Suru were siblings.

Suru looked Xiang Xiaobai shook her head.

She didn't mind that Xiaobai was a snake demon now. She was very satisfied with

Xiaobai's gentleness and virtuousness and his obedience to Su Chen. She just looked at Su Yue's face, It was impossible to raise eyebrows at Xiaobai, and Xiaobai was stronger than her, so Suru didn't ask about Su Chen marrying a snake demon. Three days later, Su Chen took Qingniao and Ning Zhong Then he appeared in a small town, which was not far from Shushan. Su Chen originally wanted to teleport directly to Shushan, but after thinking about it, he decided not to go to Shushan rashly. He was probably no match for the strong men in Shushan, especially It was the immortal Sword Master. After Ning Zhongze inquired in the town, she came to Su Chen and said, "Master, this is less than three hundred miles away from Shushan. Shall we rest in the town today?" ?

"

"Well, just take a night's rest in the town." Su Chen looked around and nodded.

It's getting dark now.

Even if they hurry, they can't reach Shushan. Su Chen doesn't need to teleport with Qingniao and Ning Zhongze. It will take them another day or two. It took about 10 minutes to reach Shushan.

In the only inn in the town,

Su Chen, Qing Niao and Ning Zhong were sitting on the second floor eating.

Qing Niao looked at Su Chen and reminded, "Master, this is very close to Beiliang.."

Su Chen waved his hand while drinking and said,

"Don't worry, we're not going to Beiliang. Even if we go to Beiliang, that boy Xu Nian won't dare to take action against us."

Blue Bird nodded and said,

"Well, that's good. After all, Beiliang has hundreds of thousands of troops. It's better if we don't go to Beiliang."

Da da da.....

At this time, the sound of horse hooves suddenly came from the small town.

Su Chen looked out the window.

On the street, thousands of troops wearing golden armor escorted a luxurious carriage and appeared on the street of the small town.

The people on the street hurriedly hid aside when they saw these troops. They did not dare to block the way of these troops.

"The troops in the Southern Continent are not from our Eastern Continent." Qingniao looked at these troops and said seriously.

Ning Zhongze also looked at these troops curiously. This was the first time she met cultivators from the Southern Continent, cultivators of different systems. Ning Zhongze was very fond of these people. Very curious

"The army of the Wuhun Empire. Su Chen looked at these troops and said to Qingniao and Ning Zhongze.

Qingniao said in confusion, "Martial Spirit Empire?" Why did the Wuhun Empire's army appear here? This place is thousands of miles away from the Southern Continent."

"Don't worry about these people, they have nothing to do with us."

Su Chen turned around and started eating food again. He didn't care about why the Wuhun Empire's army appeared in the Eastern Continent. It didn't look like these troops were coming to attack the Eastern Continent's empire. At this time, these troops stopped outside the inn. Coming down, two beautiful women got out of the luxury carriage, and in the inn, the army came directly and dispersed the guests in the inn.

"You three, this place has been taken over by us. Here are one hundred gold coins. Please leave immediately."

At this time, a group of soldiers went up to the second floor and said to Su Chen.

Su Chen saw other guests collecting gold coins and leaving one after another.

He shook his head and said, "Young Master, there are many gold coins. It's already dark. Come down, I'm going to rest in the inn today, you don't have to be in the way here."

"Boy, don't toast us and you'll be punished with a drink. Get out now, otherwise don't blame us for being rude."

"oh? Why are you so rude?"

When these soldiers heard Su Chen's words, they all drew their weapons.

Just when they were about to activate their soul rings,

Ning Zhong quickly appeared in front of these soldiers. Before these soldiers had time to react, she quickly killed these soldiers one by one. Kicked out from the second floor

"Enemy attack, enemy attack!"

Outside the inn, after this group of soldiers was kicked out by Ning Zhongze, thousands of troops outside shouted, and they all took their weapons and activated their soul rings to prepare for the attack.

"Stop it all"

"Yes, saint!"

At this time, a blond woman wearing a purple dress walked outside the inn. She waved her hand to stop the army's attack. The blond woman looked at the second floor of the inn, and then she walked directly into the inn.

The blond woman When she got to the second floor, she saw that Su Chen and the other three were the only ones left on the second floor.

She walked to Su Chen's side and asked coldly, "Did you beat our Spirit Empire soldiers?"

"good!"

Su Chen didn't expect that a beautiful woman would arrive from the Wuhun Empire. Not only was this woman extremely beautiful, but she also had a perfect figure, but her cold face was a bit inhumane. The blond woman looked at the three of them and threatened,

"If you leave me now, pretend that nothing has happened. Otherwise, you don't have to leave."

She also saw that these three people are stronger than her, but so what, this time they have three Titled Douluo. No matter how powerful these three people are, they cannot be the opponents of the Titled Douluo.

"Everyone can talk nonsense, beauty, if you don't want to be kicked down from the second floor by us, you'd better leave. A soul king (grandmaster) better not be arrogant."

Chapter 1478

The blonde woman clenched her fists angrily when she heard Su Chen's words. If she hadn't been a match for these three people, she would have wanted to kill this stinky man now.

"Nana, come back."

At this time, a woman's voice came from the luxury carriage outside the inn.

The blonde beauty hurriedly replied when she heard the voice in the carriage,

"Yes, master!"

However, the blonde beauty gave Su Chen a fierce look before leaving.

She will remember this bastard. If she encounters this bastard again in the future, she will definitely avenge the humiliation he gave her today.

Outside the inn, the blonde beauty got up. After the luxurious carriage, the army escorted the carriage and left unexpectedly. This made Su Chen and the other three people on the second floor confused.

"Master, these people just left like this? Ning Zhongze looked at the leaving army and asked doubtfully.

Su Chen touched his chin and guessed, "I'm afraid they have something secret to do, and they won't even cause trouble in the Eastern Continent." Qingniao looked back at Su Chen and asked, "Master, who is the woman in the carriage?" She is very powerful"

"She should be the queen of the Wuhun Empire."

Su Chen is now very sure that the woman in the carriage is the Spider Queen of the Wuhun Empire, and the blond beauty just now is the Queen's disciple Hu Nana.

When Su Chen used his mental power to check the carriage just now, he was struck by the powerful woman in the carriage. He discovered that even the woman in the carriage was attacking him with her mental power.

Su Chen also hurriedly withdrew his mental power.

He was no match for that powerful woman.

An Extreme Douluo (Distraction Realm) was stronger than

Su Chen. Although Su Chen was not afraid of her,

Su Chen did not want to provoke an unnecessary fight.

At this moment, in the carriage guarded by the army, the blonde beauty said respectfully to a noble woman,

"Master, why are you leaving? The most powerful among the three are the two maids, their strength is Soul Douluo (Celestial Realm), that bastard man is a Soul Emperor (Grand Master), we don't have to be afraid of them at all."

The noble woman said expressionlessly, "Nana, you are wrong. Among the three, that man is the most powerful. That man is at least a peak Douluo (out-of-body realm). He hides his strength."

Although the confrontation just ended before it even started, the noble woman also discovered Su Chen's aura.

A Soul Emperor (Grand Master)?

That man was a bastard.

Nana was right this time.

That bastard wanted to act like a pig. Do you want to eat a tiger?

You dared to peek at her just now.

If there wasn't something urgent to do this time, and the noble woman didn't want to cause trouble in the Eastern Continent, she would definitely kill the peeping tom.

"What? Peak Douluo?"

Nana was stunned when she heard what the noble woman said.

A man who was not much older than her was actually a peak Douluo? This made her feel too unbelievable. The noble woman looked at the stupid Nana and explained ,

"Nana, the Eastern Continent is not comparable to our Southern Continent. The immortal cultivators in the Eastern Continent are very powerful."

"Even if I become a god, I am probably as strong as the immortal cultivators in the Fusion Realm. I am no match for the immortal cultivators in the Dongxu Realm. Even the immortal cultivators in the Mahayana Realm and Tribulation Realm can kill me with one palm."

Nana nodded when she heard the noble woman's words, but she asked a little frustrated, "Master, why is that bastard so powerful at such a young age?"

The noble woman thought for a while and said,

"Either he is a direct disciple of some of the top sects in the Eastern Continent, or he is a powerful family with blood inheritance. You don't need to be discouraged. Your strength is among the top among the younger generation in the Southern Continent. Within ten years, you will definitely become an extreme fighter. Luo."

When Nana heard the noble woman's words, she felt very depressed.

Ten years?

If she became an Ultimate Douluo in ten years, that bastard?

His strength would be even more terrifying, and her revenge would probably be difficult to avenge.

Just like this overnight. After that,

Qingniao bought three horses in the town and continued on the road.

However, they had been on the road for almost a day, and Su Chen didn't find those people from the Wuhun Empire again.

This made Su Chen feel strange.

Wuhun The people from the empire were obviously heading in this direction. Did they not stop to rest at all last night?

Boom! Suddenly

, a big hole was opened in front of Su Chen and the other three, and then, a woman in white suddenly appeared in front of them..

Damn it!

Why did this old lady Guanyin appear here?

Is it because of the old monk who was killed?

Su Chen was very speechless when he saw Guanyin Bodhisattva blocking the way. I am afraid he will be unlucky today.

The little fox is not here. If Guanyin Bodhisattva If you kill him, Su Chen may not have a chance to escape.

Guanyin Bodhisattva was very angry when she looked at Su Chen.

She had already let this disrespectful bastard off her once, and even informed Buddhism that she would not deal with him in the future.

But this bastard turned around and This bastard was so audacious to kill one of their Buddhist temple abbots.

And he dared to appear near Shushan today.

Could this bastard want to join the Taoist sect?

"Su Chen, you went back on your word. Do you really think I dare not kill you?"

Su Chen saw that Qingniao and Ning Zhongze were actually going to attack Guanyin Bodhisattva.

He hurriedly grabbed Qingniao and Ning Zhongze. They didn't know Guanyin Bodhisattva. Wouldn't he?

Su Chen took Qingniao and Ning Zhongze and they After pulling him, he coughed and said,

"cough! Guanyin Bodhisattva, don't you understand why I wanted to kill that old monk? That old monk just saved his substitute Xu Xian, but he actually killed more than a hundred of my agents."

"Doesn't Buddhism emphasize not killing?"

"Then why did the old monk kill my men? Guanyin

Bodhisattva asked with a cold expression, "Stop talking nonsense. Although Minghui has killed many of your subordinates, you can kill Minghui, but why do you want to seek refuge in Taoism?"

At this moment,

Qingniao and Ningzhong were completely confused,

Guanyin Bodhisattva?

This cold and beautiful woman is actually Guanyin Bodhisattva?

How is this possible?

Isn't Guanyin Bodhisattva a kind and compassionate god?

But this woman has a cold face. His angry look doesn't look like Guanyin Bodhisattva?

Also, didn't Guanyin Bodhisattva appear with a white lotus platform? A willow and jade vase? Why doesn't this woman have any of these?

"Take refuge in Daomen? Guanyin old.....Ahem, Guanyin Bodhisattva, when will I take refuge in Taoism?"

Su Chen wiped the cold sweat from his head.

He almost called out the old lady Guanyin just now.

If Guanyin Bodhisattva heard Su Chen call her like this,

Guanyin Bodhisattva would probably tear his heart out.

"If you don't want to seek refuge with Taoism, what are you doing here in Shushan? You don't want the sword master from Shushan to deal with me, do you?"

"Suchen!"

"The sword master is a cave master. I can even kill him with one palm strike. You have come to the wrong place to seek refuge in Shushan."

Chapter 1479

Guanyin Bodhisattva glared at Su Chen fiercely.

This bastard must have scolded him just now.

However, this bastard is dead today.

He has been alive for several years.

Since Guanyin Bodhisattva took refuge in Buddhism, no one has dared to play tricks on her. This Human beings are shameless bastards, and she is too stupid to believe a despicable and shameless human being.

Su Chen was confused when he heard Guanyin Bodhisattva's words.

Did he seek refuge in Taoism?

Are you even coming to seek refuge in Shushan this time?

Isn't this old woman suffering from endocrine disorders due to her age?

Su Chen obviously came to Shushan to cause trouble this time and to save Zhao Ling'er and Butterfly Demon.

How could this old woman think that he came to seek refuge with the Taoist sect?

Su Chen suddenly saw that Guanyin Bodhisattva was about to take action again, and his aura was getting stronger and stronger.

Su Chen hurriedly explained,

"Holy shit? Guanyin, when will I take refuge in Taoism? I came to Shushan this time to save people, bah! No, I came to Shushan to save the demon. Have you misunderstood?"

"Um? Save the demon?"

Guanyin Bodhisattva was very confused when he heard Su Chen's words.

Is this bastard really here to save people?

Su Chen nodded hurriedly and said, "Yes, my confidante was imprisoned in the Demon Locking Tower by people from Shushan. I came to Shushan this time to save my confidante."

Guanyin Bodhisattva squinted at Su Chen and shook his head, "I don't believe you. You are a bad human being and a shameless bastard. I don't believe every word you say."

"Guanyin, how do you want to believe me?"

When Su Chen heard Guanyin Bodhisattva's words, he was filled with dark thoughts.

It seems that he has never deceived Guanyin Bodhisattva.

Why is he a shameless bastard again? Guanyin Bodhisattva couldn't have listened to the complaints of that old bastard Fahai, right?

"You should take the oath of heaven and join Buddhism now, so that I can believe in you."

Su Chen hurriedly hugged Qingniao and Ning Zhongze, kissed each other and said, "No, there are so many beauties around me, how can I join the Buddhist sect."

Guanyin Bodhisattva said indifferently, "Then today is your death day!"

Su Chen is ready to run away.

He just hugged Qingniao and Ning Zhongze and kissed them on purpose. If he is going to teleport away while Guanyin Bodhisattva is distracted,

Su Chen is holding Qingniao and Ning Zhongze with dishonest hands. said,

"Wait a minute, Guanyin Bodhisattva, don't be so violent. You are a Bodhisattva and the famous Guanyin Bodhisattva. You cannot be so violent."

Guanyin Bodhisattva saw Su Chen touching the two girls dishonestly with both hands.

She tilted her head and shouted to Su Chen, "You are so messy, have you said enough? If you say enough is enough, prepare to die."

"I'll say goodbye!"

Su Chen suddenly activated the law of space and disappeared.

This time he was going to appear directly in Shushan.

Su Chen didn't know whether Guanyin Bodhisattva would catch up with Shushan.

"Shameless bastard, humans are indeed trustless people."

When Guanyin Bodhisattva saw Su Chen running away, she guessed that the bastard just now distracted her on purpose, which made her angrily disappear and chase after him. She would never let that bastard go this time.

Shortly after Su Chen and the others left. Finally, a noble and beautiful woman appeared here. She looked around and looked in the direction of Shushan. The powerful aura before made her feel frightened.

The aura just now must be that of an old monster who has transcended the tribulation realm, but this The old monster in the Tribulation Realm seemed to be chasing someone? Could it be the three people he met yesterday evening?

The noble and beautiful woman looked at Shushan and thought for a moment, and then she disappeared in an instant.

Shushan!

This is a mountain Located in the lofty mountains, the peaks are like floating clouds in the sky.

This is a fairyland on earth blessed by immortals. The rich spiritual energy condenses into spiritual liquid, and the Shushan Sword Sect is built here.

Since the establishment of the Shushan Sword Sect, disciples of all generations have practiced immortality. Technique, enter the world to subdue demons, imprison demons and lock demons in the tower, protect the world from demons.

Whoosh!

In the demon locking tower square of Shushan Sword Sect,

Su Chen, Qingniao and Ning Zhongze just appeared here, surrounded by The disciples of the Shushan Sword Sect flew around with their swords and surrounded the three of them.

"Who dares to break into Shushan?" A man with a black beard stood on the flying sword and shouted to Su Chen and the other three.

Su Chen was very surprised when he looked at the Shushan disciples around him.

All of these disciples were cultivators of the Golden Core Realm. , there are at least forty people here, and this black-bearded man is only at the Nascent Soul realm, so his strength is a bit low.

Su Chen cupped his fists at the black-bearded man and said,"The Lord of Hangzhou City, Su Chen, wants to see Senior Sword Master , please also report it."

The black-bearded man did not expect that Su Chen was actually a city lord,"Hangzhou City? City Lord Su Chen, what do you want to see the leader about?"

Su Chen said casually when he heard Blackbeard's words,"Senior, Shushan is going to be in danger. A great Buddhist master is coming to Shushan. You'd better inform Senior Sword Master quickly."

"Buddhism? How dare Buddhists come to Shushan? You are talking nonsense."

"What I said is true. Blackbeard said with an arrogant look,"

Even if what you say is true, if anyone from Buddhism dares to come to Shushan, I will make sure he never comes back. Shushan is a forbidden area for Buddhism. I will kill every one who comes.""

A woman's voice suddenly said coldly and arrogantly,"Have you come back or not? Come and kill one? Shushan is so majestic!"

At this time, Guanyin Bodhisattva appeared silently in the square.

She heard everything the black-bearded man said just now.

Guanyin Bodhisattva did not expect Shushan to be arrogant and arrogant. Even Lao Tzu's human teachings did not dare to say this. A small Shushan looked down on Buddhism so much. Shushan really should be destroyed.

When Su Chen saw Guanyin Bodhisattva coming, he hurriedly pulled Qingniao and Ning Zhongze to hide aside. Now there was a scapegoat blocking the way. All he had to do was watch. Just play

"Who are you?"The black-bearded man shouted coldly when he saw Guanyin Bodhisattva appearing.

Guanyin Bodhisattva looked at Su Chen who was hiding aside.

She didn't have time to kill that bastard now. These Shushan people are even more hateful than Su Chen. She won't kill him this time. Some Shushan cultivators, these arrogant people will not be in awe of Buddhism

"A Buddhist!"

When the black-bearded man heard Guanyin Bodhisattva's words, he ordered angrily, "Damn it, Buddhists dare to break into our Shushan Mountain. Come and capture this Buddhist woman for me."

"Yes, elder!"

On the side of the square,

Su Chen and the others saw that the battle was about to break out.

Ning Zhongze asked Su Chen doubtfully, "Master, these Shushan people are so arrogant. I'm afraid Shushan will suffer a loss this time."

"No, Shushan has the qualifications to be arrogant. It's not certain who will win this time. Shushan also has a way to invite the immortals from the immortal world to clone themselves into the lower world."

Chapter 1480

Su Chen guessed that Shushan also had a trump card.

After all, Shushan was a sect of cultivating immortals founded by the Taiqing Laozi of the Human Religion.

Buddhism could transform into the lower world, and the immortals of the Human Religion could certainly do the same.

In the Shenyu Continent, the highest level of cultivation was at the peak of the Tribulation Realm.

As long as the immortal clones are in the lower realm, their cultivation realm will be suppressed and they will all be in the Tribulation Realm.

In this way, those clones in the lower realm will be half a pound to half a pound, and no one will be able to kill the other easily.

Boom boom.....

At this time,

Guanyin Bodhisattva saw that the Shushan disciples were desperate to take action.

She immediately burst out with a powerful aura and suppressed these Shushan Sword Sect disciples in an instant.

The disciples of the Shushan Golden Core Realm and the elders of the Nascent Soul Realm were suppressed and fell to the ground in fear. They did not expect that the Buddhist man who came this time was really a powerful person.

"Annihilate it!"

After Guanyin Bodhisattva looked indifferently at the dozens of disciples and the Shushan elder who offended her, she just waved her hand gently.

These people began to fall into pieces.

The dozens of disciples in Shushan seemed to be burned. , they turned into ashes one by one without even screaming.

Su Chen watched Guanyin Bodhisattva kill dozens of Shushan disciples in an instant, which made him very surprised.

Su Chen had some understanding of the power of Guanyin Bodhisattva. New understanding.

Su Chen wiped the cold sweat on his head and shouted,

"Holy shit, this old woman is so powerful that it's terrifying. Is this the legendary Samadhi True Fire?"

"Master, Guanyin Bodhisattva is too scary. Please don't provoke Guanyin Bodhisattva again."

Ning Zhongze hurriedly reminded Su Chen with some trembling body.

Ning Zhongze was really scared this time.

These dozens of people from the Shushan Sword Sect are all stronger than her, but these very powerful Shushan disciples, They had no room to resist in front of Guanyin Bodhisattva.

Guanyin Bodhisattva only revealed some powerful aura, and with a gentle wave of his hand, dozens of powerful Shushan disciples disappeared into thin air, not even leaving their bodies.

Guanyin Bodhisattva The strength is too powerful.

Qingniao also nodded beside Su Chen, her cold face was no longer calm. The power of Guanyin Bodhisattva made her understand that human beings are like ants in front of immortals. It is too easy for immortals to kill human beings.

Su Chen nodded.

He would not provoke this powerful woman if he had nothing to do.

Su Chen looked at Guanyin Bodhisattva and was very worried. If Shushan did not invite the immortal to distract the lower world this time, then he would be in danger.

He could escape. Escape, but you can't always run away, right?

"Su Chen, why don't you get out of here?"

What the fuck?

This immortal old woman.

Su Chen was very speechless when he heard Guanyin Bodhisattva's scolding.

Guanyin Bodhisattva had defeated him this time.

Su Chen gave Qingniao and Ning Zhongze instructions and left. Go over.

As Su Chen walked towards Guanyin Bodhisattva, he hoped that the Sword Master of Shushan would arrive as soon as possible. This gave him a powerful fighting spirit. He didn't believe that the Sword Master of Shushan didn't know the situation here.

"Bodhisattva, don't be so angry. I have no choice. If you want to kill me, I will definitely run away."

Guanyin Bodhisattva was very angry when he saw Su Chen coming, "Shameless man, can't you escape? Will you try to escape again?"

"Hey, Bodhisattva, stop joking. How can I run away again? I will be obedient this time, whatever you say will come true"

"You bastard is so thick-skinned!"

Boom!

At this time, a sword shot at Guanyin Bodhisattva in an instant, but Guanyin Bodhisattva just looked at him and blocked the attack of the sword with a powerful aura.

The ground was shaken by the powerful aura and was about to crack..

Su Chen did not dodge. He should be the safest next to Guanyin Bodhisattva. He did not want to be accidentally injured by the Dugu Sword Master of Shu Mountain.

Whoosh!

An indifferent old man with white hair and beard appeared in the square, and he had no expression on his face. He has a cold expression, like a heartless and righteous person

"Buddhism? who are you?"

Guanyin Bodhisattva looked at the heartbroken Sword Master and warned, "Sword Master of Shushan? You are such a scumbag and you make a bad face in front of me, otherwise I will crush you to death with one hand."

"Fight the demon with your sword!"

When Dugu Sword Master saw Guanyin Bodhisattva being so arrogant, he quickly took action indifferently.

Boom boom boom boom.....

A sword next to him suddenly erupted with powerful white light sword intent. These sword intents were much more powerful than those used by warriors, and each sword intent contained the energy of destroying the world.

Dugu Sword Master uses his energy to control the sword and his mind to move the sword. He controls the powerful white light sword and kills Guanyin Bodhisattva in an instant.

"break!"

Guanyin Bodhisattva saw the flying sword erupting with countless sword intents to attack her. She waved and shouted coldly,

Boom!"

When countless white light sword intents attacked Guanyin Bodhisattva, these powerful destructive sword intents were destroyed. Guanyin Bodhisattva easily defeated

"punish!"

After Guanyin Bodhisattva broke through countless sword intentions, she stretched out her white fingers and pointed at Dugu Sword Saint.

Whoosh!

A beam of light suddenly emitted from Guanyin Bodhisattva's finger. This beam of light attacked Dugu Sword Saint

Dugu Sword at lightning speed. Sheng Zai Guanyin Bodhisattva was very vigilant when he attacked. Just now Guanyin Bodhisattva easily went bankrupt. He was attacking, which made him no longer underestimate Guanyin Bodhisattva.

"Sky-shattering slash!"

Dugu Sword Master condensed his powerful magic power on his palm. He raised his palm and summoned a huge sword. He swung the giant sword and slashed at Guanyin Bodhisattva as if he wanted to cut through the sky.

Boom!

Guanyin Bodhisattva's attack and Dugu After the Sword Master's attack collided,

Dugu Sword Master was directly knocked back more than ten miles away.

After Guanyin Bodhisattva's terrifying attack shattered several mountains, the beam of light also disappeared without a trace.

In Shushan Square,

A huge chasm divided the square into two.

Su Chen was very surprised when he saw the bottomless chasm.

This was a casual blow from Guanyin Bodhisattva.

If this old woman used all her strength to strike, would Shushan be destroyed? Disappeared directly into the Shenyu Continent? Su Chen had a new understanding of immortal cultivators who could turn mountains and seas.

Su Chen looked at the distance and asked Guanyin Bodhisattva,

"Dugu Sword Master is dead!"

Guanyin Bodhisattva rolled her eyes at Su Chen and replied,

"No, I just used the strength of the Mahayana realm. Dugu Sword Master will not die yet, but he will not feel better. He will not be able to recover in ten years or so."

Guanyin Bodhisattva was also speechless to Su Chen, a shameless human being.

When Dugu Sword Master attacked, this bastard actually hid behind her. Didn't this bastard know that she wanted to kill him too?

Su Chen looked at the towering The Demon Locking Tower in the mountain asked, "Bodhisattva, you are so powerful, can you break the Demon Locking Tower?"

Guanyin Bodhisattva glared at Su Chen and said rudely,

"The Demon Locking Tower contains demons that harm the world. Why should I break the Demon Locking Tower?"

"Bodhisattva, can you get two demons out of the Demon Locking Tower?"

"Why?"
