

Zongwu 1481

Chapter 1481

Guanyin Bodhisattva was very speechless when he heard Su Chen's request.

Isn't this bastard really afraid of killing him? Or does this bastard have some trump card to make sure he can't kill him?

Su Chen patted his chest and said with a righteous assurance, "Bodhisattva, as long as you save my two friends, I will be on the same front with Buddhism and we will be a family."

Guanyin Bodhisattva said to Su Chen disdainfully He said, "You are just a little scumbag in the out-of-body realm? Are you qualified to form an alliance with Buddhism?"

Su Chen shook his head when he heard Guanyin Bodhisattva's words.

He sat on a stone and said with a smile,

"Bodhisattva, this is the Divine Fallen Continent!"

"In the Godfall Continent, I am a top noble, and I also have hundreds of thousands of elite troops."

"Three years!"

"As long as I have three years, I can destroy the Song Dynasty court, and then I will establish an empire."

"You said, if I occupy the Song Dynasty in the future, I will even destroy the surrounding imperial dynasties. Even within a few decades, I will be able to rule the entire Eastern Continent."

"Bodhisattva, am I qualified to be an ally of Buddhism?"

Guanyin Bodhisattva was very surprised when he heard Su Chen's words.

If according to what Su Chen said, this bastard is very important to their Buddhism.

Buddhism is indeed inferior to Taoism in Shenyu Continent. If Su Chen becomes an emperor, even After that, he ruled the Eastern Continent.

If the Buddhists formed an alliance with Su Chen, the Buddhists would get more luck from the human race, which would be very beneficial to their Buddhists.

However,

Guanyin Bodhisattva looked at Su Chen's bastard look, and she pretended to be disdainful. ,

"Do you have this ability? The Song Dynasty court has the support of the Taoist Immortal Cultivation Sect. I don't believe that it can destroy the Song Dynasty."

Su Chen said,

"Do you want to make a bet?"

"What to bet on?"

Guanyin Bodhisattva looked at Su Chen unexpectedly.

She intended to promise Su Chen.

Su Chen also had the potential to destroy the Song Dynasty. She had also seen the black-armored troops in Hangzhou City. Those black-armored troops were also very powerful among humans. Su Chen raised three fingers and said seriously, "Three years, I can destroy the Song Empire in just three years. If I destroy the Song Empire in three years, you must agree to me a condition.""

"What if you didn't make it?"

"Bodhisattva, if I had not done it, do you think I could still live?"

"Bet!"

"Ahem....."

Su Chen heard that Guanyin Bodhisattva agreed, which made him feel very strange.

He actually bet with a powerful god?

And Guanyin Bodhisattva actually agreed?

This made him feel that Guanyin Bodhisattva was not an unreasonable god, at least he did not force himself to save him.

"You cough fart! If you have something to say, say it."

I guess!

Why is this old woman so foul-mouthed?

Is this still Guanyin Bodhisattva?

Su Chen felt that this Guanyin Bodhisattva was fake. It was completely different from the Guanyin Bodhisattva he knew.

Su Chen shook his head I don't want to think about this anymore. Regardless of whether Guanyin Bodhisattva is true or not, as long as this old woman can help him.

Su Chen smiled and said to Guanyin Bodhisattva, "Well, Bodhisattva, will you rescue my two friends?"

"no!"

"Why?"

Guanyin Bodhisattva looked at the Demon Locking Tower and shook his head.

"I can break this Demon Locking Tower, but I cannot do this. The Demon Locking Tower is a low-level magic weapon refined by the human religion, and it contains demons that harm the people. If I break the Demon Locking Tower, I will You will get heavenly karma, do you understand?"

When Su Chen heard Guanyin Bodhisattva's words, he thought about it and hurriedly asked, "Then if humans break the Demon Locking Tower, will there be any karma?"

Guanyin Bodhisattva looked at Su Chen as if he were an idiot.

This bastard is an immortal cultivator. He doesn't even know the basic knowledge of immortal cultivators. It seems that he has not joined any sect. This also makes Guanyin Bodhisattva put down. Worried

"Hey, no matter who breaks the Demon Locking Tower, there will be karma, and human beings will also have their luck weakened. I advise you to give up this idea. If you have no luck, don't talk about conquering the Song Dynasty in the future. I'm afraid You will have bad luck in the future, and your family may even be destroyed."

"Understood!"

Su Chen understood now.

No wonder Li Xiaoyao would be so tragic in the future. It turns out that destroying the Demon Locking Tower can weaken his luck and even be blessed by heaven.

Guanyin Bodhisattva looked at Su Chen's thinking and reminded him, "But , you can ask the people of Shushan to release the monsters in the Monster Locking Tower. Su

Chen's eyes lit up when he heard Guanyin Bodhisattva's words, "This is a way. Bodhisattva, can you catch the Sword Master?"

"snort!"

Guanyin Bodhisattva glared at Su Chen and snorted coldly.

She stretched out her hand and grabbed it.

Whoosh!

A Dugu Sword Master, who was in tatters and with injuries all over his body, was instantly grabbed by Guanyin Bodhisattva.

Su Chen looked miserable. The Dugu Sword Master shook his head.

Is it okay to provoke Dugu Sword Master?

Pianpian provokes Guanyin Bodhisattva.

Guanyin Bodhisattva is probably the top person in the immortal world.

Apart from saints, there are only a handful of people who can defeat Guanyin Bodhisattva.

Su Chen Chen looked at Dugu Sword Master.

He did not rush to let the Sword Master release Zhao Ling'er and Butterfly Demon.

The Sword Master is a stubborn person, and now he is even more ruthless. He may not be able to compromise even if he dies.

Su Chen Seeing that the sword master's cultivation had dropped to the golden elixir realm, he asked, "Sword Master, you are going to die, do you have any last words?"

"If you want to kill, just kill. There is no last word." Dugu Sword Master looked at Guanyin Bodhisattva and glared at Su Chen and said.

Su Chen looked at the Sword Master and asked with a smile,

"Sword Master, do you still remember Lin Qing'er? Oh, your mind has been cultivated and you have forgotten the situation. You must not remember Lin Qing'er. Then don't you want to know who Lin Qing'er is?"

"Lin Qing'er?"

When Dugu Sword Master heard Lin Qing'er's name, he showed some complicated expressions. He had heard of this familiar and unfamiliar name.

His junior brother Jiu Jianxian said this name a year ago. At that time, Jiu Jian Sheng The Sword Immortal wanted to kill a demon from the Demon Locking Tower, but he stopped him.

Lin Qing'er was also brought out by the angry Jiu Sword Immortal at that time.

Is Lin Qing'er an important person to him?

Su Chen walked to Dugu Sword Master asked in front of him, "Sword Master, does the name Lin Qing'er seem very familiar to you?"

"It's familiar."

Dugu Sword Master nodded and replied.

Su Chen smiled slyly and started talking nonsense.

"That's because Lin Qing'er is your wife, of course you will be familiar with her, but you have practiced the Art of Forgetting Love, and of course you can't remember Lin Qing'er, that miserable woman."

Chapter 1482

Su Chen told Dugu Sword Master these false information because he wanted to disturb Dugu Sword Master's state of mind.

As long as Dugu Sword Master's state of mind was disturbed, it would be very simple for him to propose to rescue Zhao Ling'er and the others.

"My wife? How could I have a wife?"

Dugu Sword Master looked like he didn't believe it when he heard Su Chen's words. Does

Dugu Sword Master think that if he had a wife, would he practice the Forgetting Art?

This simply doesn't make sense.

"Sword Master, of course you don't have a wife, that's because you are not married at all. Are you also very familiar with the Bai Miao people in Nanzhao Kingdom?"

"White Hmong? High priest? High Priest Lin Qing'er?" Dugu Sword Master said to himself crazily when he heard Su Chen's words.

Guanyin Bodhisattva looked wary when he looked at Su Chen.

This bastard must be talking nonsense.

Although she doesn't know these things clearly, she cultivates forgetfulness. How can a person who has a secret love have a wife?

This may be that Lin Qing'er had a relationship with the Juggernaut.

This bastard wants to mess up the Juggernaut's state of mind.

It's so despicable. This bastard is more shameless and despicable than some people in their Buddhist sect. Much more.

Guanyin Bodhisattva is worried that what the bastard said to her just now is all lies. She has to be more careful with this shameless human being. This human being is too shameless and despicable for his purpose.

"Senior brother, are you like this?"

At this time,

Jiujianxian flew over with hundreds of powerful elders and disciples from Shushan one by one with swords. When Jiujianxian saw the miserable look of the swordsman, he hurriedly shouted

"I can't die yet!"

The Sword Master saw Jiu Sword Fairy and Shushan masters arriving, and he slowly stood up and said.

Jiu Sword Master saw that the Sword Master was only seriously injured and his life was not in danger. He also noticed it. He looked at Su Chen and Guanyin Bodhisattva. He ordered the masters of Shushan,

"Sword array!"

Su Chen saw that Jiujianxian was about to take action, so he hurriedly stopped him and said, "Wait a minute, Jiujianxian, you are no match, I advise you not to take action."

"Junior brother, all of you stand down."

The Sword Master also hurriedly stopped him.

Guanyin Bodhisattva is very powerful. He was seriously injured with one blow. His cultivation level even fell to the Golden Core level. It may take him more than ten years to recover.

Sword Master said. Sheng felt that this Buddhist woman must be an immortal.

The Buddhist immortal actually cloned himself into the lower world.

This made the sword master worry that Buddhism was going to take action against Taoism, and his cultivation realm was knocked down.

Now he can't activate it with great magic power at all. A distress signal. Even the immortals in the immortal world are distracted and cannot come down to save Shushan.

"Senior brother?"

Jiu Sword Immortal looked at the Sword Master in confusion. He didn't understand why the Sword Master wanted to stop them from attacking these two people.

Su Chen looked at Jiu Sword Immortal and said with a smile,

"Jiujianxian, your senior brother is only seriously injured and his life is not in danger. My name is Su Chen. You should have heard what your disciples Li Xiaoyao and Lin Yueru said about me, right?"

Jiu Sword Immortal understood when he heard Su Chen's name, but when Su Chen came to save Zhao Ling'er and Butterfly Demon, he injured his senior brother seriously and even lost his realm.

This also made Jiu Sword Immortal look at Su Chen Very angry,

"Are you Su Chen? Why did you hurt my senior brother when you came to save people?"

Su Chen saw Jiu Jianxian's angry look and explained,

"Cough, Jiujianxian, you misunderstood. Do you think I can beat your senior brother with my strength?"

Jiu Jianxian heard Su Chen's words and looked at Guanyin Bodhisattva.

He felt that Guanyin Bodhisattva was very powerful and could seriously injure the Sword Master.

This woman must be above the Dongxu Realm.

His senior brother is a How could this woman, who is at the peak of the Dongxu Realm, be more powerful than his senior brother?

Thinking of this, Jiu Jianxian asked Su Chen,

"This powerful woman must be your woman. My disciple once said that you were a playboy. I didn't believe it at first. You came to save Zhao Ling'er and Butterfly Demon, and you actually brought a powerful and beautiful woman with you. You are indeed a passionate person. people."

I guess!

Su Chen wants to stop Jiu Jianxian's mouth now.

What nonsense is this bastard talking about?

Is Guanyin Bodhisattva his?

Does he want to die on his own?

Huh?

Something is wrong?

Why is this old woman like Guanyin Bodhisattva not right? Did Jiu Sword Immortal take action?

Didn't he beat himself up?

Does Guanyin Bodhisattva not mind these words? Or does Guanyin Bodhisattva not care about these rumors at all?

Su Chen looked at Jiu Sword Immortal and hurriedly shouted, "Jiu Sword Immortal, you don't want it. Nonsense. I don't know this woman. If you want to die, don't get involved with me."

"Su Chen, don't you know me?" Guanyin Bodhisattva heard Su Chen's words and asked him indifferently.

Guanyin Bodhisattva did not expect that this bastard was so afraid of death.

These were just some rumors.

She didn't care at all.

But the panic of this bastard made Guanyin Bodhisattva feel I want to scare this bastard.

I'll do it!

What is this old woman going to do?

Set a trap for herself?

Or does she want to take this opportunity to teach herself a lesson?

Su Chen can't guess what Guanyin Bodhisattva has planned this time, and he doesn't dare to act casually now. Answer.

Jiu Jianxian showed an expression and asked Su Chen, "Su Chen, what else do you have to say?"

"Jiujianxian, you really drank too much."

Su Chen was really helpless with this fool.

He looked at Dugu Sword Master and reminded him, "Sword Master, tell your junior brother to shut up. If you want him to die, you can leave him alone."

Jiang Sheng understood what Su Chen said.

He was also worried that Jiu Jianxian would offend that Buddhist woman.

He was no match for that Buddhist woman. Jiu Jianxian was an immortal cultivator in the early stage of the distraction realm. Jiu Jianxian She was no match for that Buddhist woman.

The Sword Master shouted at the Jiu Sword Master, "Junior Brother, shut up, Elder Wu, take the other disciples and leave.""

"Yes, senior brother!"

"Yes, Headmaster!"

After all the disciples of the Shushan Sword Sect left,

Su Chen, the Sword Master, the Wine Sword Immortal, and the Guanyin Bodhisattva were all left here. However, none of them spoke now.

Su Chen saw that the Guanyin Bodhisattva had been staring at him. He, he knew that Guanyin Bodhisattva must still be waiting for his answer if he didn't answer this old woman just now.

And Juggernaut and Jiu Jianxian must be transmitting messages.

Su Chen was also worried that Jiu Jianxian would let it slip.

Jiu Jianxian If he told the Sword Master Lin Qing'er, he might not be able to fool the Sword Master again.

"Huh? Is there anyone hiding aside?" Guanyin Bodhisattva suddenly looked aside and said,

"Anyone else?"

Su Chen was very confused when he heard Guanyin Bodhisattva's words. He had already asked Qingniao and Ning Zhongze to go down the mountain first. How come there are still people here?

Su Chen immediately had the mental strength to check.

Whoosh!

"I was just passing by, and I just felt like there was a strong battle here so I came over to take a look."

Chapter 1484

Dugu Sword Master had an expression of disbelief upon hearing Su Chen's words,

Demon Locking Tower?

The demons locked up in the Demon Locking Tower are all demons.

How could his daughter be locked up in it?

Dugu Sword Master looked at Su Chen and became suspicious. He suspected that Su Chen was deceiving him in order to save some demon.

Su Chen saw the Juggernaut's suspicious eyes and said hurriedly,

"Sword Master, you don't have to look at me like this. Your junior brother wanted to save some monster earlier, right?"

"Your junior brother should know something about you. Otherwise, why would your junior brother save a demon?"

"Also, Lin Qing'er is a descendant of Nuwa, which means that Lin Qing'er is a half-human, half-snake human being. You should have known this before, otherwise you would not have been able to practice the Art of Forgetfulness in pain."

Dugu Sword Master understood what Su Chen said, half human and half snake?

It turned out that he practiced the Art of Forgetfulness just for this matter.

The Sword Master felt that he was a bastard before, just because Lin Qing'er was half human and half snake. As a human being, he will forget Lin Qing'er.

No wonder he doesn't know about having a daughter.

It's all his fault.

Lin Qing'er is responsible for herself if she doesn't tell him.

"So that's it, it turns out that I wanted to forget Lin Qing'er because she is half-human and half-snake. Haha, I am such a pedantic person. How could I do this?"

Jiu Jianxian glared at Su Chen fiercely and hurriedly reminded,

"Senior brother, now is not the time to talk about all this. Let's rescue Ling'er first."

Dugu Sword Master heard the words of his Jiu Sword Immortal and said hurriedly, "Yes, yes, junior brother, I will tell you how to enter the Demon Locking Tower. You go and rescue the soul quickly."

"Okay, senior brother."

Jiu Sword Immortal nodded and listened to the Sword Master's message.

After Jiu Sword Immortal got the way to get in and out of the Demon Locking Tower, he hurriedly flew towards the Demon Locking Tower.

It has been almost two years, and

Jiu Sword Immortal is also worried about Zhao Ling'er. Something will happen in the Demon Locking Tower.

Guanyin Bodhisattva looked at Su Chen and said,

"Descendants of Nuwa? Are you, you bastard, talking nonsense? How could Empress Nuwa have descendants?"

Guanyin Bodhisattva has never heard of any descendants of Empress Nuwa.

Does half-human and half-snake have to be descendants of Nuwa?

This bastard actually said that the snake demon is a descendant of Nuwa. If Empress Nuwa notices this, , I'm afraid this bastard will be wiped out in an instant

"Why do you care so much? Am I not saving people again?"

Su Chen didn't tell Guanyin Bodhisattva more about Zhao Ling'er.

It's better not to let Guanyin Bodhisattva know about Zhao Ling'er.

Buddhism is not a good thing.

If Buddhism has bad thoughts about Zhao Ling'er, I'm afraid it will be like the Jade Emperor's sister Yao Ji. The end.

Zhao Ling'er will be miserably plotted by Buddhism in the future.

However,

Su Chen did not dare to vouch for whether the avatar of Guanyin Bodhisattva could see Zhao Ling'er's identity.

Su Chen was not very worried.

Although Zhao Ling'er and Lin Qing'er were women Descendants of Wa, this is probably a trace of Nuwa's blood on their ancestors.

It is impossible for Nuwa to have descendants.

If there are descendants, human beings may be regarded as the real descendants of Nuwa.

After all, human beings are created by Nuwa.

Guanyin Bodhisattva did not expect that Su Chen would dare to speak to her like this, which made her glare at the bastard and threaten, "Bastard, if you dare to talk to me like this again, be careful I ruin the bet and kill you.""

"You boss, I can't afford to offend you."

Su Chen looked at Guanyin Bodhisattva and left her side.

This old woman has reached menopause.

Uh!

How old is Guanyin Bodhisattva?

Hundreds of millions of years old?

Or billions of years old?

Damn it,

Guanyin Bodhisattva is not old. No matter how old you are, you ladies

"What are you here to do?"

At this time,

Su Chen walked up to Bi Dong'er unknowingly. Bi Dong'er shouted vigilantly when he saw Su Chen arriving.

Su Chen looked at the cold and beautiful Bi Dong'er and said with a smile, "I am. Let me tell you something. I am very interested in the Southern Continent."

"Go away, I don't want to talk to you." Bi Dong'er looked down upon Su Chen and said impatiently,

"I'm here!"

Are you being disliked?"

Su Chen looked at the cold and charming Bi Dong'er and shook his head.

This queen is really arrogant. I'm afraid that woman Hu Nana I learned it from Bi Dong'er. Both master and apprentice are very cool and arrogant.

"Bi Dong'er, let me give you a piece of advice. Your first love is currently training a disciple, and his disciple still hates you very much. You should be more careful."

Bi Dong'er was very surprised when she heard Su Chen's words.

She had also heard about that person's discipleship, and she also knew that his disciples were from the Tang family.

But how did this bastard know?

"you.....How do you know this?"

"Why should I tell you?"

"you....."

Bi Dong'er looked at Su Chen who was about to leave and had no choice.

She was rude to this bastard just now, and now he was rude to her. This made her want to know more things, and there was no way to keep this bastard.

She didn't dare to use force against Su Chen.

The woman next to her was very powerful. She could probably kill her with one palm.

Before Su Chen left, he reminded Dong'er again,

"Also, Tangshan is not a simple person. Your disciple Hu Nana and your daughter are no match for him. Tangshan is very hidden. I even suspect that he is a person who takes away his body and is reborn."

"Damn it, I'll get to the bottom of it."

Bidong'er nodded to Su Chen.

She also heard about how fast Tangshan's cultivation was.

She used to think that that person had accepted an outstanding disciple, but she thought it was strange when she thought about it.

Hidden weapon?

This she After investigation, it seems that no one has taught Tangshan, and hidden weapons are only owned here in the Eastern Continent. Could it be that Tangshan was taken away by immortal cultivators from the Eastern Continent?

Su Chen smiled and walked to Guanyin Bodhisattva and sat down.

He The first time is to cause some trouble for Tangshan.

Su Chen has now figured out that those sons of luck will probably be his enemies, since they are destined to be enemies in the future.

Su Chen doesn't mind causing them some trouble.

"Give!"

At this time,

Guanyin Bodhisattva handed Su Chen the storage bag.

Su Chen took the storage bag and asked doubtfully,

"What's this?"

Guanyin Bodhisattva said to Su Chen a little arrogantly,

"There are some cultivation resources in it, as well as some magical powers that I have collected before. Although those magical powers are not so powerful, in the Shenyun Continent, these are top-notch magical powers."

Su Chen was very surprised when he heard Guanyin Bodhisattva's words.

Guanyin Bodhisattva suddenly became so generous, which made Su Chen wary.

"Are you so nice to me so suddenly? There can't be any conspiracy, right?"

Guanyin Bodhisattva glared at Su Chen and cursed, "Asshole, I'm afraid you'll die, but I want to see if you can rule the entire Eastern Continent in the future."

"Tsk, are you thinking about Buddhism? If I rule the Eastern Continent, you will definitely let me establish Buddhism as the state religion. I am afraid that Buddhism will develop faster in the future, and the number of believers will increase exponentially."

Chapter 1485

Su Chen looked at the items in the storage bag and was very surprised.

Lingshi?

And purple spirit stones?

What level of spiritual stone is this?

There are actually hundreds of purple spirit stones, the primary spirit stones and the intermediate spirit stones each have thousands of pieces, and the advanced spirit stones also have four to five hundred pieces.

There are also some unknown immortal fruits and elixirs, and there are also four jade slips for cultivating immortality and magical powers.

Su Chen looked at Guanyin Bodhisattva unexpectedly.

He guessed that Guanyin Bodhisattva was making a big bet for him in the future.

If Su Chen destroyed the Song Empire in the future, established a new empire, and even ruled the Eastern Continent in the future.

This is very beneficial for Buddhism to compete for the destiny of the human race, and even the destiny of the human race in the entire Eastern Continent will be plundered by Buddhism.

But will Su Chen let Buddhism fulfill his wish?

If Guanyin Bodhisattva knew in the future that Buddhism would not only lose any luck from the human race in the Eastern Continent, but that Buddhism would even be destroyed by Su Chen, would Guanyin Bodhisattva tear himself alive?

Guanyin Bodhisattva did not refute what Su Chen said.

Su Chen was right.

She was optimistic that Su Chen could destroy the Song Empire in the future, and even other empires and dynasties in the Eastern Continent.

As long as Su Chen establishes Buddhism as the state religion in the future, the luck of the human race in the Eastern Continent will return to Buddhism.

Their Buddhist sect's quasi-sage power will be able to take advantage of the luck of the human race to practice, and their strength will be one step closer, and they can even advance to the pinnacle of quasi-sage. Strength.

Seeing Su Chen's surprised look, Guanyin Bodhisattva smiled and said, "Su Chen, these were originally rewards from my lower realm to the Buddhist sects in Shenyu Continent, but now it's easier for you."

"What is purple spirit stone?" Su Chen asked suspiciously when he heard Guanyin Bodhisattva's words.

"It is the best spiritual stone. A single purple spiritual stone can allow you to cultivate to the realm of cultivating immortals in the realm of distraction. I can't bring better spiritual crystals to the Divine Meteor Continent. This is already the limit of what I can bring from the fairy world."

"Isn't it possible for a Bodhisattva to bring treasures at will from the immortal world?"

Guanyin Bodhisattva shook his head and said,

"cannot!"

"I need the help of three quasi-sages to clone myself into the lower realm once. Moreover, I cannot bring high-level treasures from the fairy world, so I can only bring some low-level treasures and items."

"This time, with the help of five quasi-sages, I can bring hundreds of top-grade spiritual stones, but these top-grade spiritual stones are also cheaper for you."

Su Chen nodded when he heard this.

He also felt that this was only fair. If Buddhism and Taoism could bring treasures to Shenyu Continent at will, then Shenyu Continent must be full of cultivators who have transcended the tribulation realm. It seems that Shenyu Continent is full of immortal cultivators.

The laws of heaven and earth on the continent cannot be destroyed even by the great powers in the prehistoric times. How was the Divine Meteor Continent formed?

Why are there such powerful rules of heaven and earth?

Su Chen became more and more curious about the Divine Meteor Continent.

Su Chen looked at Guanyin Bodhisattva and continued to ask, "What about the saint? Can't a saint bring treasures down to the lower world?"

Guanyin Bodhisattva looked at Su Chen unexpectedly and said,

"saint? You bastard knows a lot. Saints can't even appear in the prehistoric times. Do you think a saint can come to this place where no one can shit?"

Holy crap! Is it possible that the prehistoric era has passed the stage of becoming a god?

Yes, the little fox may be Su Daji, and becoming a god must have passed.

So is the journey to the west about to start in the prehistoric world now?

Su Chen is also interested in the prehistoric fairyland. I have some understanding, but how long will it take for Journey to the West to start?

Su Chen has no idea.

If he becomes an immortal in the future, will he be able to catch up with the plot of Journey to the West?

Su Chen touched his chin and thought: How can he start from Guanyin? Did the Bodhisattva get some more information out of his mouth?

Bi Donger was very shocked when she looked at Su Chen and Guanyin Bodhisattva.

She was not paying attention to Su Chen like the Sword Master. She heard the conversation between Su Chen and Guanyin Bodhisattva just now. It is clear.

Bi Donger did not expect that the woman beside Su Chen came from the fairy world, and that the lower realm of immortals also needs the help of three quasi-sages.

What realm is the quasi-sage in the fairy world?

There are also saints.

She just heard the words of Guanyin Bodhisattva and was very excited. Doubtful, [The saint is not in the fairy world at all, and he doesn't even care about the Shenyu Continent.]

【Are saints the masters of the immortal world? 】

Bi Dong'er was also very curious about Su Chen.

This peeping tom was actually noticed by the immortal. The immortal even gave this bastard all the treasures that were originally intended for the sect in the lower world. Could it be that this bastard also has elders in the immortal world?

Su Chen looked at Guanyin Bodhisattva and smiled and asked, "Bodhisattva, what is the situation in the ancient world now? Is there anything big happening in Buddhism, Taoism, or even in heaven?"

Guanyin Bodhisattva heard Su Chen's words and asked doubtfully,

"What do these do, you ask? You bastard is still far away from becoming an immortal. Don't ask about these things you shouldn't know."

Su Chen took out some wine and snacks from the system space, and quickly placed them on a stone table.

Like a dogleg, Su Chen flattered Guanyin Bodhisattva and said, "Bodhisattva, please sit down. I'm just curious. Tell me.!"

Guanyin Bodhisattva was very speechless when she looked at Su Chen.

This bastard was so shameless just because he wanted to know something. She had no choice but to deal with this shameless bastard.

However, she still felt that she could not easily agree to this bastard, "Curiosity killed the cat. , you should think about how to rule the Eastern Continent in the future."

Su Chen immediately stood behind Guanyin Bodhisattva and massaged her shoulders and said,

"My men will conquer the Eastern Continent. Bodhisattva, you see we are all so familiar with each other. Just tell me some things about the fairy world. Anyway, we have nothing to do now."

Guanyin Bodhisattva didn't expect that Su Chen would dare to touch her.

Although this was just a clone, its consciousness was her own. When this clone returns, it will merge into the original body. If her consciousness also merges with the original soul, her Thoughts

are the thoughts of the main body. If this bastard dares to touch her, aren't she afraid that she will destroy him?

Just looking at Su Chen's shameless look, she shook her head.

This shameless bastard who has never been offline is even more shameless than the Buddhist Ran Deng. , even more shameless than that superior saint.

Guanyin Bodhisattva is helpless to this bastard Su Chen

"Well, what do you want to know?"

"What big thing is happening in heaven?" Su Chen saw that Guanyin Bodhisattva agreed. After thinking about it, he asked Guanyin Bodhisattva.

Su Chen did not dare to ask about Buddhism at the beginning. If he dared to ask about Buddhism, Guanyin Bodhisattva would probably doubt him.

Anyway, Everything that happens in Heaven is related to Buddhism's Journey to the West.

As long as Su Chen knows what happens in Heaven, he can determine whether the plot of Journey to the West has begun.

After hearing Su Chen's words, Guanyin Bodhisattva thought about it and replied, "Heaven, Heaven is here There was a big fuss by a monkey four hundred years ago, but nothing major happened in heaven now."

Four hundred years have passed since the monkeys made trouble in heaven?

Then isn't there still another hundred years before the plot of Journey to the West begins?

Chapter 1486

Su Chen felt that he would definitely become an immortal within a hundred years, and he could catch up with the plot of Journey to the West.

However, if he becomes an immortal and reaches the prehistoric immortal world, will Buddhism let him go?

Can Guanyin Bodhisattva let him go?

Su Chen has to think about the future. Buddhism will definitely not be able to stay in the Shenyun Continent. If the Buddhism is destroyed, it will be destroyed.

Su Chen will be the Emperor of Humanity from now on, and he will not let those immortals and Buddhas plunder the destiny of the human race, whether it is Buddhism or Taoism.

Guanyin Bodhisattva stopped giving her a massage when she saw Su Chen. This bastard was in a daze and didn't know what he was thinking.

"what's on your mind?"

Su Chen heard Guanyin Bodhisattva's question, he reacted and continued to massage Guanyin Bodhisattva,

"Oh, I didn't think about anything, I was just curious about how the mighty Heaven could be disrupted by a monkey."

Guanyin Bodhisattva saw Su Chen starting to massage again, which made her enjoy Su Chen's massage and said, "You will know these in the future. What else do you want to know? I'm in a good mood today. If you want to ask, just ask right away."

"Bodhisattva, how many demons and ghosts are there in the immortal world?"

"Many, very many!"

"What is the difference between the human race in the Immortal Realm and the human race in the Godfall Continent?"

Guanyin Bodhisattva took a sip of spiritual wine and explained,

"There is no difference. The prehistoric fairy world is very big, and the prehistoric human race is almost the same as the human race in the Shenyu Continent."

"There are immortal cultivators, fighting spirit cultivators, element cultivators, and powerful warrior cultivators. In short, the Shenyu Continent is a smaller version of the prehistoric immortal world."

Su Chen nodded when he heard Guanyin Bodhisattva.

It seems that cultivators from other systems in Shenyu Continent will enter the Great Desolate Immortal Realm after practicing to a certain level.

The cultivation system in the Prehistoric Immortal World is the same as that in Shenyu Continent. Immortal cultivators may be in the Prehistoric Immortal Realm. The immortal world is still the mainstream.

Then will there be people like No. 10 and the Hater Empress in the ancient immortal world? What strength are they in the ancient immortal world?

Golden Immortal?

Or Daluo Golden Immortal?

Su Chen thinks that the most powerful of those people may be the Golden Immortal, at most it is Taiyi Golden Immortal. It is impossible to compare the fantasy world with the prehistoric world.

Bi Dong'er next to her was already fainting.

The news she heard this time was a bit big.

How powerful is the prehistoric fairy world?

Shen Yun Continent It is just a microcosm of the Great Desolate Immortal World, so why have the fighting spirit cultivators and soul cultivators of the Great Desolate Immortal World never descended from the Great Desolate Immortal World?

Are the practitioners of other cultivation systems in the Prehistoric Immortal World still inferior to those who cultivated immortality in the Prehistoric Immortal World?

These Bi Dong'er Can't even figure it out

"Suchen!"

At this time,

Zhao Ling'er and the Butterfly Demon arrived and ran towards Su Chen.

Dugu Sword Master stopped Zhao Ling'er and said anxiously, "Ling'er, I....I am your father. You may not know me, but I am your father."

Zhao Linger was very helpless when she looked at the Sword Master. Jiu Jianxian had already told her what happened here , and even asked her to pretend to be the daughter of Dugu Sword Master. Zhao Ling'er hated Su Chen now. This bastard wanted to She actually dared to make up nonsense. This bastard not only ruined her mother's reputation, but even gave her a father? Why didn't this damn bastard slap this shameless bastard to death last time? Zhao Ling'er looked at the Juggernaut and said He said awkwardly, "This

.....Senior, I don't know if you are my father. I have to ask my mother about this before I tell you."

The sword master nodded hurriedly and replied, "It should be, it should be, don't worry, I will go find your mother as soon as I recover from my injuries."

"Thank you, senior!"

Jiu Jianxian came to Dugu Sword Master and reminded him, "Senior brother, you quickly go to seclusion to recover from your injuries. Nothing will happen to you with me here in Ling'er."

Jiu Sword Master was afraid that Zhao Ling'er said the wrong thing.

If Zhao Ling'er accidentally told the truth, things would probably go wrong.

Dugu Sword Master nodded and told Zhao Ling'er,

"Okay, Ling'er, I went to recover from my injuries earlier. You wait for me. As long as I recover from my injuries, I will definitely go find your mother."

"Um!"

Zhao Ling'er lowered her head and replied.

She really didn't want to say anything.

Zhao Ling'er had never deceived anyone.

She was so blushing now that she didn't dare to look at Dugu Sword Master.

Su Chen asked with a smile when he saw the butterfly demon coming, "Little Butterfly, how are you doing in the Demon Locking Tower?"

The butterfly demon looked at the Guanyin Bodhisattva next to her, and she complained to Su Chen,

"What's good? Ling'er and I have to face demon attacks in the Demon Locking Tower every day. If we hadn't been hiding and not daring to move around, you probably wouldn't be able to see us."

"Haha, your strength has improved quite a lot over the past year." Su Chen touched Butterfly Demon's head and laughed.

He guessed that Butterfly Demon and Zhao Ling'er had a very hard time in the Demon Locking Tower, but he didn't expect that they didn't dare to walk around in the Demon Locking Tower at all.

However,

Butterfly Demon His strength has improved very quickly in more than a year, and he is now about to advance to the Nascent Soul Realm.

And Zhao Ling'er's current strength is also good.

With the cultivation of the Golden Core Realm and the transformation into a snake body, I am afraid that he is a cultivator of the Nascent Soul Realm. Even she is no match for her.

Butterfly Demon said a little arrogantly,

"That is, we are hunted every day in the Demon Locking Tower. If our strength had not improved, we would have been killed long ago. This is also thanks to the cultivation resources given to us by Senior Jiu Jianxian, otherwise we would not have made such great progress."

After Zhao Ling'er left the Sword Master, she came to Su Chen angrily and asked,

"Su Chen, you bastard, what are you talking about? How do you want me to face the Sword Master in the future?"

Su Chen patted Zhao Ling'er on the head and mocked, "Hey, you still want to face the Sword Master? If you want to be imprisoned in the Demon Locking Tower again, you can see Dugu Sword Master again in the future."

Guanyin Bodhisattva frowned when he saw a butterfly demon, a snake-like demon and Su Chen together.

One of the two demons is elegant and beautiful, and the other is innocent and cute.

This bastard can't be attracted to these two. A beautiful banshee, right?

Zhao Ling'er shivered when she heard Su Chen's words.

The Demon Locking Tower was too scary.

She didn't want to be imprisoned in the Demon Locking Tower again. But when she thought of what the Sword Master had just told her,

Zhao Ling'er turned to Su worriedly. Chen asked,

"But.....But, what if the Sword Master finds me again in the future? what do I do?"

Su Chen spread his hands and said with a smile,

"What else can be done? Keep deceiving him! Otherwise, if the Sword Master knows that we are deceiving him, we will all be killed by the angry Dugu Sword Master."

Zhao Ling'er lowered her head and said with a pitiful look, "I.....I don't know how to deceive people at all, Su Chen, why don't you teach me a lesson."

Su Chen was very speechless when he looked at Zhao Ling'er.

This silly girl even has to teach people how to lie. If Zhao Ling'er lives in this world full of lies and deception, I'm afraid she will be deceived and lose everything. She may even be deceived. He lost his virginity and heart through deception. Seeing Zhao Ling'er's pitiful look, Su Chen said helplessly,

"You just need to blame everything on your mother. Anyway, if the Juggernaut says anything, you should ask your mother. Can you say that?"

"That's it! Then I can do that."

Chapter 1487

When Zhao Ling'er heard what Su Chen said so simply, she breathed a sigh of relief.

"You can leave Shushan now."

At this time,

Jiujianxian came to the side and looked at the people here and said,

Jiujianxian did not want Su Chen to stay in Shushan. This bastard killed dozens of Shushan disciples once he came to Shushan, and even Master Brother Dugu Sword Master was injured.

If this bastard continues to stay here,

I am afraid that Shushan will be destroyed by this bastard.

Su Chen looked at Shushan and said with a smile,

"Jiujianxian, we have just arrived in Shushan. At least you should let us stay in Shushan for a few days."

Jiu Jianxian heard Su Chen's words and said in a rude tone, "No, you should take your women and leave. We, Shu Mountain, cannot accommodate a great god like you."

Boom!

As soon as the Jiu Sword Fairy finished speaking, he was pointed by Guanyin Bodhisattva and flew out.

Come on!

Su Chen saw the Jiu Sword Fairy who was pointed by Guanyin Bodhisattva and flew out. He hurriedly pulled Zhao Ling'er and the Butterfly Demon away. Guanyin Bodhisattva.

Although the idiot Jiujianxian said the wrong thing, this woman is too cruel.

I hope Jiujianxian will not be killed.

"Su Chen, don't forget our bet. If you dare to do anything contrary to your promise again, you will die!"

Guanyin Bodhisattva was very angry when she saw Su Chen hiding from her. She wanted to deal with this bastard.

Even if this bastard was hiding in the corners of the world, it would be useless. Guanyin Bodhisattva glared at Su Chen and disappeared silently.

"Did he? Yes, that fierce woman finally left." Su Chen was relieved when he saw Guanyin Bodhisattva disappear. Although he had been pretending to be shameless and shameless just now, Su Chen was also afraid that Guanyin Bodhisattva would suddenly turn against him. He was destined to become an enemy. He did not take her lightly at all. Su Chen was with Guanyin Bodhisattva, and all his mental power was focused on Guanyin Bodhisattva's every move. Butterfly Demon saw the powerful Guanyin Bodhisattva leaving, which made her frightened and turned to Su Chen asked, "Su Chen, who is that woman?" She just saw Guanyin Bodhisattva blowing away the powerful Jiu Jianxian with one finger. This shocked her. Jiu Jianxian is the second most important figure in Shushan, and Guanyin Bodhisattva blew away the Jiu Jian with one finger. Immortal, this made her very afraid of Guanyin Bodhisattva. Su Chen looked at the people here and said silently, "A woman we cannot afford to offend now or in the future."

"

"....." Zhao Ling'er didn't expect that Su Chen would be so afraid of a woman.

Isn't this bastard very good at dealing with women?

Could it be that that powerful woman Su Chen couldn't handle it?

"Su Chen, can we talk alone?"

At this time,

Bi Dong'er came to Su Chen's side and said coldly,

"Okay."

Su Chen nodded looking at Bi Dong'er's cold expression.

He wanted to know what Bi Dong'er wanted to talk to him.

Su Chen also wanted Bi Dong'er to suppress Tangshan in the Southern Continent, and it would be best to completely destroy Tangshan's reputation. It's so bad.

Su Chen turned around and said to Zhao Ling'er and Butterfly Demon, "Ling'er, Butterfly, you go to the foot of Shushan Mountain. My maid is at the foot of the mountain. You wait for me to go back at the foot of Shushan Mountain.""

"All right!"

Zhao Ling'er and Butterfly Demon nodded and left.

Although they were interested in this woman with noble temperament, beautiful face and perfect figure, they had no choice but to leave after Su Chen said this. Su Chen saw Zhao Ling'er and Butterfly Demon. After the demon left, he looked at the cold Bi Dong'er and asked,

"What do you want to say? Bi

Dong'er asked with a puzzled look on his face.

"What is your identity?"

Su Chen sat down and took a sip of wine and said casually, "I'm just a nobleman, why are you asking these questions?"

Bi Dong'er just say it directly to Su Chen,

"I want to ally with you"

"I am the queen of the Southern Continent's Spirit Empire, and your identity is also very extraordinary."

"I know that you want to rule the Eastern Continent, and I want to rule the Eastern part of the Southern Continent. After we form an alliance, our power will become even stronger, which will be helpful for our future goals."

"I reject!"

Su Chen shook his head and refused.

He will conquer the Southern Continent in the future.

If he forms an alliance with Bi Dong'er now, and if he sends out troops to attack the Southern Continent in the future, Su Chen will not be able to attack his allies. After all, Bi Dong'er Not Guanyin Bodhisattva.

When Bi Donger heard Su Chen's words, he asked with a cold face,

"Why? Our alliance is a strong alliance, which is good for both of us. I don't understand why you refuse?"

"No reason."

Su Chen rolled his eyes at Bi Dong'er and was very speechless.

If he doesn't form an alliance, he just doesn't want to form an alliance.

Why does this cold and charming woman insist on asking so clearly what she is doing?

"Do you look down on me? Do you look down on my Wuhundian empire?"

"I don't!"

"You do, I can see it in your eyes"

"I guess, I said I didn't. Bi

Dong'er looked at Su Chen and asked with anger on his face,

"You also look down on me for being from the Southern Continent, right?"

"You immortal cultivators from the Eastern Continent think that you are superior to others, and people from other continents are looked down upon by you. Even for marriage, you from the Eastern Continent will not find people from other continents."

"You people from the Eastern Continent just look down on people from other continents."

Damn it, how come people from the Eastern Continent are discriminating against people from other continents? Do they even bring up the matter of marriage?

Do people from the Eastern Continent really look down on people from other continents?

Su Chen doesn't understand these things It's all unclear

"Bi Dong'er, you are wrong. I also have women in the Southern Continent. I have not discriminated against people from other continents."

"I have my own reasons for not forming an alliance with you. I am now a city lord, and my territory is only one city. You are the queen of an empire. Our strengths are far apart, so don't consider forming an alliance."

When Bi Dong'er heard Su Chen's words, she looked at this bastard in surprise.

She just heard the conversation between Su Chen and Guanyin Bodhisattva. She thought this bastard was the king of the empire, or even a powerful prince at worst. But this bastard is a city lord?

This made her feel that this bastard was deceiving her.

Bi Donger dared to bet on this bastard when he thought of the immortal clone. She had no reason to look down on this bastard.

Bi Donger thought of this and said to Su Chen said,

"I don't mind that your power is weak, Su Chen. If you don't believe in my sincerity, we can have a marriage."

"Holy shit, you want to marry me?"

Su Chen was very confused when he heard Bi Dong'er's words.

He didn't expect that Bi Dong'er would risk everything in order to form an alliance.

Why did Bi Dong'er do this?

"Inglorious bastard, when did I say I wanted to marry you? You fucking bastard."

Chapter 1488

Bi Dong'er is now going to be mad at Su Chen, this damn bastard.

She just wants her disciple Hu Nana to marry this bastard, but this bastard actually thinks that she wants to marry him?

This damn bastard, didn't he see that he was much older than him?

When Su Chen heard Bi Dong'er's words, he coughed in embarrassment and said, "Ahem, cough, misunderstanding. It's your fault too. Who told you not to explain clearly."

Su Chen didn't expect that Bi Dong'er wasn't talking about her.

It's no wonder,

Bi Dong'er has a daughter after all, and besides, she is the queen of an empire, so even if they want to get married, it won't be her.

Bi Dong'er yelled at Su Chen with a look of shame and anger,

"Shameless, do you think this emperor will like you?"

Su Chen also mocked Dong'er with disdain,

"Tsk, you say it as if I will fall in love with you"

"you....."

Bi Dong'er said angrily that she didn't know what to say.

She thought of the beautiful women around Su Chen, and it seemed that she would not be attracted by this bastard.

Moreover, she is also the mother of a daughter, which makes her even less attractive to this bastard.

Damn it, how could I have thought of this?

Was this bastard trying to humiliate her?

"Okay, Your Lady Queen, since there is nothing to do, I will leave. You can do whatever you need to do."

"Wait, you haven't formed an alliance with me yet, you can't leave"

"Forget about forming an alliance. If I can help you in the future, I will help you. That's okay, right?"

Su Chen waved his hand to Bi Dong'er and prepared to leave. He came to Shushan to rescue people and it was very smooth.

However, Guanyin Bodhisattva has completely noticed him.

Su Chen should be more careful in the future.

"No, we must form an alliance."

Bi Dong'er saw Su Chen was about to leave and hurriedly stopped him.

This time was an opportunity for her.

The empires in the East and West of the Southern Continent are currently at constant friction. If she wants to unify the Eastern South Continent as soon as possible, she must have a master. Help.

It is very easy for Bi Dong'er to destroy other empires in the east of the southern continent, but it is difficult for the Dou Qi empires in the west of the Eastern Continent to get involved. After all, Dou Qi practitioners are stronger than soul power practitioners.

Su Chen looked stubborn Bi Dong'er was very helpless.

It was impossible to form an alliance.

Bi Dong'er insisted on forming an alliance.

Su Chen also guessed why.

He guessed that the southern continent should also be very chaotic, with hatred between sects. The friction between empires, the hostility between Dou Qi cultivators and Soul Power cultivators.

These are probably more chaotic than the Eastern Continent.

Su Chen looked at Bi Dong'er who stopped him and said helplessly, "Bidong'er, I don't Will ally with anyone!"

Bi Dong'er hummed to Su Chen, "Humph, where was that powerful woman just now?" Don't you want to form an alliance with her?"

"I just deceived her. I am just a nobody. I don't want to be used as cannon fodder by powerful women like you."

"After we form an alliance, it is impossible for me to treat our allies as cannon fodder"

"Forget it, I know how much I weigh, so I'd better develop on my own."

Bidong'er threatened Su Chen with a serious look on his face,

"No, you can't leave without forming an alliance with me. You are no match for me. That powerful woman has also left. No one here can help you."

What the hell!

Is there any pressure to form an alliance?

Even if it is an alliance, isn't Bi Dong'er afraid that he will break the alliance at any time?

Su Chen sat down again.

Now he wants to think about why Bi Dong'er insisted on it. By forming an alliance with him, is it that the Wuhun Empire is in crisis?

Or is there another Douqi empire that has launched a war against the Wuhun Empire?

He knows nothing about the situation in the southern continent.

Su Chen can't figure out what Bi Dong'er's plan is. , and what is she going to do when she comes to the Eastern Continent this time?

Bi Dong'er looked at Su Chen with a cold face, she must form an alliance with this bastard, even if it is forced, she must form an alliance with this bastard.

Bi Dong'er She doesn't believe every word this bastard says.

She now has some understanding of this shameless bastard. Originally, she had no intention of forming an alliance with this bastard, but to be favored by an immortal clone, this bastard must have something different.

Than Dong'er has already visited several empires and dynasties when he came to the Eastern Continent this time, but none of the empires and dynasties in the Eastern Continent are willing to form an alliance with the empire in the Southern Continent.

Some powerful enemies have appeared in the Wuhun Empire, one named Soul The palace's organization has been hunting soul power masters, and many masters in her martial soul empire have been hunted down.

She sent powerful masters several times but failed to destroy them.

The strength of those enemies was too strong.

Unless she could gather more The masters coming to destroy it, but the war between the Wuhun Empire and other empires is about to break out, and it is impossible for her masters to gather together at this time.

Bi Donger just hopes that after forming an alliance with Su Chen this time, this bastard can send some powerful The immortal cultivator went to the Wuhun Empire. With the help of powerful immortal cultivators, she would definitely destroy those powerful enemies.

Su Chen suddenly thought of Xiao Xun'er.

Xiao Xun'er's family was also very powerful. If Xiao Xun'er was Introduce him to Bi Dong'er, so that he can be freed, and Bi Dong'er will no longer be entangled in his alliance.

Su Chen thought about it and said to Bi Dong'er,"Bi Dong'er, I can introduce you to an ally, and It's still a powerful family in the Southern Continent."

"Tell me!"

"Ancient Clan, you must have heard of this family, right?"

"Ancient tribe? One of the eight major Dou Qi families and the most powerful Dou Qi family, you are actually related to the Ancient Clan."

Bidong'er was very surprised when she heard Su Chen's words.

How could she not know that the Ancient Clan is the most powerful family in the Dou Qi cultivation system, and the leader of the Ancient Clan is a Nine-Star Fighting Saint (the peak of the Divided God Realm) , and can even advance to the Fusion Realm (Fighting Emperor) at any time.

And there are even more masters from the Ancient Clan than from her Spirit Empire. But how could this bastard know people from the Ancient Clan?

This bastard is really not a simple person..Su

Chen shook his head and replied,

"I have nothing to do with the ancient tribe"

"I just know the lady from the Ancient Clan, Bi Dong'er. I can write you a letter. As long as you go to the Ancient Clan and find Gu Xun'er, the Ancient Clan will form an alliance with you. What do you think?"

Bi Dong'er glanced at Su Chen in surprise.

She didn't expect that this bastard would hook up with a young lady from the ancient tribe. This bastard was indeed a shameless pervert.

However!

Bi Dong'er thought that if she formed an alliance with the ancient tribe, she would also be a A better choice. The Ancient Clan has a good reputation in the Southern Continent and is also a decent family.

"Are you sure that the ancient lady will form an alliance with me?"

Su Chen patted his chest confidently and said, "Of course, there is a letter written by me, Xiao.....Ahem, Gu Xun'er will definitely form an alliance with you"

"I agree, Su Chen, if the ancient tribe does not ally with me, then you must ally with me, otherwise, I can only invite you to our Spirit Empire as a guest."

Chapter 1489

Su Chen's face turned dark when he heard Bi Dong'er's words.

He just wanted to send Bi Dong'er away.

As for whether Bi Dong'er could form an alliance with Xiao Xun'er's family?

He knows shit.

Besides, that woman Xiao Xun'er has always been hostile to him.

That girl wants to kill him. Bi Dong'er's alliance with the ancient tribe is really difficult to succeed.

Su Chen thought about it and decided to bribe Xiao Xun'er.

Didn't that girl want Zhu Guo?

This time he asked Bi Dong'er to bring a few pills to Xiao Xun'er. He didn't believe that Xiao Xun'er could refuse.

"If I write you a letter, the Ancient Clan will 100% form an alliance with you."

"Hum, I will believe you this time."

Bi Dong'er nodded when he heard Su Chen's words. This bastard actually said this, so he couldn't be deceiving himself. Bi Dong'er decided to believe this bastard for once.

"Give this Najie to Gu Xun'er."

After Su Chen wrote a letter, he took out a Na ring and put in a few red fruits.

He handed it to Bi Dong'er and said,

Bi Dong'er saw Su Chen quickly put in a few fruits, she He asked doubtfully,

"What's inside?"

Su Chen rolled his eyes at Bi Dong'er and reminded,

"Why do you care so much? This is not for you. The items inside are related to the success of your alliance. You should not use the items inside without permission."

Bidong'er's face changed when she heard Su Chen's words. Her chest swelled with Su Chen's anger, as if it would explode at any time.

"Do you think the emperor would care about your things?"

"It's best not to be rare. Bi

Dong'er glared at Su Chen fiercely and stretched out his hand and said, "Give me one of your purple spiritual stones."

Bi Dong'er just heard that Guanyin Bodhisattva gave Su Chen some items. Among them, she was very interested in the purple spirit stone that the immortals had brought from the fairy world. That purple spirit stone must be better than ordinary spirit stones.

Bi Dong'er wants to try the more precious spiritual stone, and see if the purple spiritual stone is useful for her soul power cultivation.

"You're eating farts!" Su Chen cursed rudely when he heard Bi Dong'er's words,

"Bastard, do you want to die?"

Bi Dong'er grabbed Su Chen's clothes and yelled.

She didn't expect that this bastard would say dirty words to her. This bastard without quality, Bi Dong'er wanted to strangle this bastard to death.

Su Chen looked at Chi Chi Bi Dong'er was late, and the fragrance of her body came to his nostrils. Her exquisite face, convex figure, and arrogant noble temperament made Su Chen distracted and wanted to kiss this arrogant queen.

Su Chen He bit his tongue and regained his clarity and said,

"Bi Dong'er, it's best to forget what you just overheard. If that powerful woman knew that you were talking nonsense, you and your spirit empire would be destroyed by her. You should know that with her strength, you can Did it. Bi

Donger let go of Su Chen and said proudly,

"Do you think I'm stupid? A purple spirit stone. I won't tell anyone about your relationship with your fairy world clone. I didn't see or hear anything about what happened today."

"I'll do it! You are blackmailing"

"This is just hush money, how can it be called blackmail?"

"You are cruel, Bi Dong'er. If the purple spirit stone is of no use to you, remember to return it to me later."

Su Chen has no choice.

What this woman heard today must be kept secret.

If other immortal cultivators find out that he possesses purple spiritual stones, I am afraid there will be constant troubles in the future, and even some old monsters who cultivate immortals will not be able to stand it. Live in temptation to rob

"Haha, let's talk about it later."

Bidong'er took the purple spirit stone that Su Chen gave her and said with a smile, how could she return the treasure to this bastard in her hand? Spirit stones are a rare treasure even in the Eastern Continent, not to mention this. She just won't be able to use the top-grade purple spiritual stone in the future. She can also exchange some treasures with those cultivating sects in the future.

"Bi Dong'er, what are you doing here? Where are your disciples and subordinates?"

"I was originally going to the Liyang Dynasty to discuss an alliance, but I don't need to go now."

"Are you going back to the Southern Continent?"

"Of course, I have been out for almost half a year, and it's time to return to the Southern Continent."

"Goodbye and have a good trip."

Su Chendu showed off to Bi Dong'er and then disappeared in an instant.

He has nothing to do here.

Bi Dong'er was also taken care of by him.

Su Chen didn't want to stay and be blackmailed by this woman.

"Damn bastard!"

Bi Dong'er was very helpless when she saw Su Chen running away instantly.

She originally wanted to ask about Tangshan, but this bastard avoided her like the plague. This made Bi Dong'er look ugly and wanted to chase after that bastard and beat him up.

"Hum, Su Chen, we will meet again, and I will never make it easy for you in the future."

Bidong'er yelled angrily and disappeared in an instant.

At this time,

Jiujianxian limped back to the square.

He saw that there was no one in the square, which made Jiujianxian breathe a sigh of relief.

The woman just now was too powerful. She could easily knock him away with just one finger. This was because the woman didn't want to kill him, otherwise he would have been a corpse.

Hangzhou City,

Mu Guiying's Northern Battle The legion has arrived with 300,000 troops, and the army of the Song Dynasty court has also begun to attack Hangzhou City.

In the city lord's palace,

Xiaobai, Xiaoqing, Mu Guiying, Ji Ruxihe, Shui Rou (Mrs. Ye Di), Lin Yueru, Bird Demon, Hongyi and other women were listening to Mu Guiying's war deployment.

Xiaoqing looked at the heroic Mu Guiying and asked, "Commander Mu, do you want to fight against the enemy in the Red Moon Plain?" The Song Dynasty's army faced a decisive battle?"

Mu Guiying is wearing a fitted armor, with an uneven figure, a pretty face, and a serious and cold expression.

This makes Mu Guiying look even more beautiful, and she wants people to conquer her even more.

Her eyes are cold. He nodded and replied,

"Well, the Song Dynasty's army dispatched 500,000 troops this time, plus the troops from various cities in the south who want to fish in troubled waters, there may be more than 700,000 troops this time. I want to wait for my work this time, and win the red army in one fell swoop. These armies were wiped out on the Moon Plain. Xiaobai asked worriedly while holding Su Yue in his arms.

"But your northern combat regiment has only arrived at 300,000 troops. Even if you add the 100,000 troops from Hangzhou City, it only amounts to 400,000 troops. Mu Guiying, can you win this war?"

Xiaobai felt that Mu Guiying was a little overconfident.

The Song Dynasty's nearly 800,000 troops were a huge army.

Hangzhou City only had 400,000 troops, and it was impossible to dispatch them all. This was a difference of more than half.

Xiaobai couldn't understand Mu Guiying's confidence to say this.

Mu Guiying clenched her fists and said with a smile,

"Haha, I was worried before, but now I am not worried at all. Don't worry, this time I will destroy all the 700,000-800,000 troops of the Song Dynasty, and I will also conquer the southern part of the Song Dynasty within half a year."

Chapter 1490

When Mu Guiying came to Shenyu Continent, she was also worried that her army would not be a match for the army of the world of cultivating immortals.

However, after her army arrived in the Shenyu Continent, the strength of the soldiers in the Northern Combat Legion exploded instantly. Now in her entire Northern Combat Legion, the soldiers with the weakest cultivation skills are all at their peak acquired strength.

What else does she have to fear from such a powerful army?

She also had a preliminary understanding of the Song Dynasty's army.

The army of the Song Dynasty was no different from the army of the Tianxuan Continent. The army of the Song Dynasty was only physically stronger than the army of the Tianxuan Continent. Mu Guiying was full of confidence in this war.

When the girls heard Mu Guiying's words, they didn't ask any more questions.

Although these women were powerful, they knew nothing about marching and fighting. As Mu Guiying was a powerful combat corps commander, maybe she was really determined to win this war..

Ji Ruxihe looked at Mu Guiying and said, "Guiying, Shui Rou and Xiaoqing will go with you this time. If there are powerful immortal cultivators, the two of them can also protect you."

Mu Guiying nodded and agreed. He said, "Well, that's fine. The Shadow Pair hasn't come out of seclusion yet, and I'm also afraid that a powerful immortal cultivator will assassinate me."

After the girls also discussed the war,

Ji Ruxihe and Xiaobai went out. , they must also deal with the demons in Hangzhou City. After all, Hangzhou City is their base camp. In the future, demons and immortal cultivators will not be allowed to appear in Hangzhou City without their permission.

At the foot of Shu Mountain, after Su Chen reunited with Qingniao, Zhao Ling'er and the others, they left the boundary of Shu Mountain.

This time they were going to Miao territory. Although they were going to save Zhao Ling'er's mother, Su Chen also wanted to collect the Five Elements Spirit Beads.

Su Chen now has the Thunder Lingzhu and the Water Lingzhu, but also has the Earth Lingzhu, Fire Lingzhu and Golden Lingzhu that he has not obtained.

He can't go wrong with these spiritual treasures.

In a carriage,

Su Chen rested on the butterfly demon's lap, thinking that the next spiritual bead should be in the hands of the Red Ghost King.

The Earth Spirit Pearl should be very easy to obtain in the hands of the Red Ghost King.

In the plot, even Li Xiaoyao, Zhao Ling'er, and Lin Yueru were able to defeat the Red Ghost King.

When he encounters the Red Ghost King, he can kill him instantly, and he will also get the Earth Spirit Pearl. Zhao Ling'er was very angry when she saw Su Chen's carefree look. There was also Butterfly Demon. Butterfly Demon was too kind to this bastard and served him with every possible care along the way. Zhao Ling'er patted Su Chen who was thinking about something and asked angrily, "Su Chen, why did you take our spirit beads?" Su Chen glanced at Zhao Ling'er and said, "Zhao Ling'er, I gave the spirit beads to you. Is there anything wrong with me coming back?" Zhao Ling'er said seriously,

"What's yours? The Lingzhu belongs to the Holy Mother Nuwa. As a descendant of Nuwa, the Lingzhu naturally belongs to me as well."

"laugh! If I hadn't told you that you were a descendant of Nuwa, would you have known that you were a descendant of Nuwa? Giving you spirit beads is a waste. Besides, didn't I give you some spirit stones for you to practice?"

"you.....I don't care, the spirit beads must be mine, and you have to return them to me in the future."

"Okay, I'll pay you back when I'm tired of playing with you"

"You are shameless!"

At this time,

Ning Zhongze came into the carriage and reported to Su Chen, "Master, we have to take a boat to Miao territory on the way down."

Su Chen was surprised when he heard Ning Zhongze's words and asked, "Take a boat? Aren't there monsters in the sea? Is it very dangerous to take a boat?"

Su Chen also learned something about the sea.

There are many low-level sea monsters on the edge of the sea. If they take a boat, if they don't eat the high-level sea monsters in the sea, aren't they looking for death?

Ning Zhong smiled and said to Su Chen, "Master, this is just an inland river. There should be no monsters in the river, otherwise people here would not be able to go south by boat."

"That's right, let's take a boat."

Su Chen nodded and agreed.

As long as it's not the sea, he doesn't care.

The sea monsters in the sea are very powerful.

There are countless sea monsters in the distraction and fusion realms, and even the sea monsters in the Cave and Void realms and the Mahayana realm. There will be many beasts, otherwise the sea will not become a forbidden land for humans.

Su Chen is also very afraid of the sea, but he can't swim, and in the sea he is also worried about encountering sea monsters in the Tribulation Realm. If Encountering the sea monster that was crossing the tribulation realm, he had no way to escape with these four beauties.

By a river, a huge ship stopped at the riverside, and some people got on the ship one after another..

Su Chen was very speechless when he stood by the river.

Is this a river?

Is there such a wide river?

This river looks like the sea.

Qingniao looked at Su Chen and kept looking at the river.

She He asked doubtfully,"Master, do we want to get on the boat?"

"let's go!"

Su Chen nodded and took the four girls to the big ship.

Although he was afraid of the sea, this was the shortest way to Miao territory.

The reason why Su Chen didn't want to teleport and take the girls away one by one was because he was afraid of missing them. An opportunity to find the spirit bead.

On the big ship, there are all kinds of people here, and there are even blond and blue-eyed humans from the Western Continent.

In a cabin, a blond knight told a veiled woman,

"Your Highness, there are many masters on this ship. We should not build the ship. The people here are too complicated. We are worried that we will not be able to protect Her Highness."

The veiled woman stood up gracefully.

She came to the window and looked at the people outside the cabin, then shook her head and said,

"Doss, we can quickly return to the Western Continent by taking a boat. It has been almost a year since we were teleported here. I am afraid that the Queen Mother will be worried about me. We must return to the Western Continent as soon as possible."

The veiled woman wore a large cloak, and her figure and appearance were very tightly covered. However, her clear voice told people that she must be a very beautiful woman.

Doss said with a worried look, "Princess, you can also take the land route, but I'm still a little worried."

The princess was speechless when she heard what Doss said. How could this brainless knight agree to be the captain of her bodyguard?

Even the cultivators of the Eastern Continent dare not enter the Monster Forest easily, and Doss actually proposed to travel through it. It's a forest of monsters. Isn't it possible to go in and never come back?

"Overland? Taking the land route, we have to pass through a monster forest. Not everyone can cross the monster forest. Although you knights are very powerful, we cannot take risks."

"Doss, needless to say, we have already boarded the ship. Tell the knights to be calm on the ship. The immortal cultivators in the Eastern Continent are very powerful. Don't provoke those immortal cultivators unless there is anything wrong."

Doss nodded in embarrassment when he heard the princess's words.

He had never thought of this at all.

He also wanted to protect Her Royal Highness the Princess.

Places with more people are more dangerous. They knights are also worried about the immortal cultivators in the Eastern Continent. After discovering the identity of the princess, or even discovering the princess's beauty, lust will arise.

"Master, this is our cabin. The conditions here are simple. Master, can we just make do with it for a few days?"
