Chapter 1491

Su Chen and the four girls from Jade Bird were very depressed when they arrived at a cabin.

The environment here was really bad.

They boarded the ship a little late this time. Some of the luxury cabins had been sold. This was probably where civilians lived.

Su Chen looked at the cabin and shook his head and said, "Forget it, let's just stay for a few days."

Zhao Ling'er looked at Su Chen with a look of disgust and said, "You are really hypocritical. It would be nice to have a place to live. You didn't see the civilians outside, but they can't even afford cabins."

"You're so troublesome, why don't you clean it up quickly?" Su Chen patted Zhao Ling'er's head and urged.

Zhao Ling'er is still very worried about him wanting to take away the spirit bead. She has been trying to find ways to antagonize him along the way.

If Su Chen didn't want to get to know this little beauty, he would have done it long ago. Let this little beauty know why the flowers are so red

"Master, I'm afraid the people living next door to us are not simple either." Qingniao said to Su Chen while cleaning up the cabin.

Su Chen nodded when he heard Qingniao's words.

When they arrived at the cabin, they found dozens of warriors from the Western Continent, all of whom were vigilantly protecting a person. Cabin.

I'm afraid he and those people from the Western Continent are the only ones in their cabin.

However, this has nothing to do with him.

As long as these people from the Western Continent don't provoke him, Su Chen will not provoke these people from the Xixi Continent.

"Don't worry about those people, they won't mess with us"

"Yes, Master!"

Zhao Ling'er was speechless when she saw that there was only one bed in the cabin.

There is no cabin on this ship.

Do the five of them want to sleep together?

Zhao Ling'er came to Su Chen and asked, "Su Chen, how can we rest at night? ? This cabin only has one bed, but there are five of us?"

Su Chen hugged Zhao Ling'er's waist and said with a smile, "This bed is still very big. We can still sleep in it if we squeeze together."

"You are shameless, I will not sleep in the same bed with you." Zhao Ling'er slapped Su Chen's hand away in shame and cursed.

Zhao Ling'er didn't expect this bastard to be so shameless.

There are four women here. Can't this bastard give up this cabin to these women?

"That's up to you! Butterfly

Demon smiled and said,"Ling'er, the four of you can sleep well. I will return to my true form at night.""

"I'm not sleeping with this bastard."Zhao Ling'er glanced at Su Chen and said arrogantly,

"Haha, Linger, the master is lying to you, look!"

Ning Zhongze smiled and took out some bedding from the ring and spread it on the deck.

She had prepared these early in the morning.

Ning Zhongze's ring contained some daily necessities.

She and Su Chen had been together for a long time. In the past, when she was in the wild, it was Su Chen who took out the tent and bedding. Now that she has Najie, she is now responsible for these.

Zhao Ling'er was very embarrassed when she saw this.

She felt that she was a little narcissistic just now.

Here None of the women objected, but her reaction was huge, which made her afraid that other people would laugh at her.

Su Chen looked at Zhao Ling'er who was blushing and did not try to challenge her.

The strength of those people in the Western Continent just now was not simple, those Among the people, there were four practitioners of the Golden Core Realm, one Nascent Soul Realm cultivator, and even the woman in the cabin turned out to be a cultivator of the Distraction Realm, which was a level higher than Su Chen's strength.

These things What do people from the mainland do when they come to the Eastern Continent? Don't the blond and blue-eyed people from the Western Continent practice elements? The aura of the Eastern Continent seems useless to their cultivation, right? When resting at night,

Su

Chen held Ning Zhongze and rested on the bed, and Zhao Linger The girls slept on the floor.

But Su Chen didn't sleep.

He looked at the items given by Guanyin Bodhisattva.

He didn't dare to take the pills given by Guanyin Bodhisattva. Anyone who uses Buddhist pills will regret it. The elixirs must have been tricked by Buddhism, and taking these elixirs will definitely be controlled by Buddhism.

Among these items, except for the thousands of spiritual stones, which are pretty good, the elixirs are useless, but he saw those magical jade slips After that,

Su Chen immediately started to check, the lightning control technique, the magical power of transformation, the magical power of mental attack.

Huh?

Why is there a white lotus seed?

Su Chen took out the white lotus seed and looked at it, but this lotus seed didn't even have any spiritual energy. It was like a dead lotus seed.

Su Chen looked at the lotus seed and saw nothing.

He thought:"That old lady Guanyin couldn't have made a mistake, right? A dead lotus seed is useless"

"Master, what's wrong?"Ning Zhongze leaned in Su Chen's arms. She saw Su Chen looking at the lotus seeds in his hand and asked doubtfully.

Su Chen touched Ning Zhongze's hair and said, "Nothing, I just want to take a look at this lotus seed. What is the use"

"Isn't this just an ordinary lotus seed? Ning Zhongze blushed and looked at the lotus seed in Su Chen's hand.

Su Chen nodded and said, "Well, I also think this lotus seed is very ordinary, but it was given to me by an immortal from the immortal world. You Do you still think this lotus seed is ordinary?"

"What? Immortal? Master, you didn't lie to me, did you?"

"Remember that powerful woman we met? She is an immortal, one of the top immortals in the immortal world"

"this....."

Ning Zhongze sat up immediately.

She didn't care about her naked body at all.

Immortal?

Could the woman they met on the road really be Guanyin Bodhisattva?

When Su Chen called the woman Guanyin Bodhisattva, she and Qingniao thought that Su Chen was trying to seduce the woman, or even talking nonsense.

Guanyin Bodhisattva is a very powerful immortal, and it is impossible to look like what they saw.

When they saw that Guanyin Bodhisattva was not like Guanyin Bodhisattva at all, even their personalities were too different. If that woman was really Guanyin Bodhisattva, then she would be the avatar of Guanyin Bodhisattva in the lower realm. The other women also looked at Su Chen in surprise. , these women are not sleeping, and these women were pretending to sleep just now. After all, there is a man in the cabin, so it is strange that they can fall asleep.

The Butterfly Demon looked at Su Chen and asked worriedly, "Su Chen, is that woman on Shu Mountain really an immortal?" The

Butterfly Demon thought that she was a demon.

If that woman was really an immortal, then she could still be with her in the future. Are Su Chen together?

The butterfly demon found that the woman was very kind to Su Chen, and she was also worried that one day the fairy would let her, the demon, stay away from Su Chen.

Su Chen saw Zhao Ling'er and the girls sitting up.

He thought about it and told Guanyin Bodhisattva's identity.

"Well, that woman is the clone of Guanyin Bodhisattva in the fairy world. You should be careful about that woman in the future."

"Buddhism and we are destined to be enemies. Guanyin Bodhisattva has been deceived by me now. If she finds out that I deceived her in the future, you can think of the consequences."

"Master, could this lotus seed be the lotus seed of the white lotus that Guanyin Bodhisattva sits on?"

Chapter 1492

When Ning Zhong heard that the woman Su Chen said was really Guanyin Bodhisattva, she thought of the white lotus platform where Guanyin Bodhisattva sat.

It is impossible for Guanyin Bodhisattva to give Su Chen an ordinary lotus seed.

Ning Zhong thought about it and felt that this lotus seed should be the lotus seed received from the lotus platform under the seat of Guanyin Bodhisattva.

"The twelfth-grade pure white lotus!" Su Chen screamed when he heard Ning Zhongze's words.

Su Chen hurriedly looked at the lotus seeds in his hand.

He also felt that Guanyin Bodhisattva would not give him a necrotic lotus seed, but why would Guanyin Bodhisattva give him such valuables? The treasure of Guanyin Bodhisattva?

You must know that the white lotus of Guanyin Bodhisattva is only of the sixth or eighth grade. It may take several huiyuan to pick out a lotus seed from such a white lotus.

Su Chen didn't know whether the white lotus under the Guanyin Bodhisattva's seat was the same as the tenth grade. Are the second-grade white lotus the same?

But there is a white lotus boy under the Buddhist sage. The white lotus of Guanyin Bodhisattva should be the sixth-grade pure world white lotus or the eighth-grade pure world white lotus.

"What?"

"What is the Twelfth Grade Pure World White Lotus?"

"Are your lotus seeds grafted from the white lotus of Guanyin Bodhisattva?"

Zhao Ling'er and the other girls said one after another when they heard Su Chen's exclamation.

Su Chen looked at the lotus seeds in his hands and said,

"The twelfth-grade white lotus of pure world is the best innate spiritual treasure in the immortal world. You are not able to touch these for the time being. All you need to know is that this lotus seed is a very, very precious treasure."

Zhao Ling'er and the other girls were very speechless when they heard Su Chen's words. What this bastard said means he didn't say, will the items sent by Guanyin Bodhisattva be ordinary items?

The best innate spiritual treasures?

What kind of treasure is this?

They are all familiar with these. Nothing.

Boom!

At this time, the ship suddenly seemed to hit something. The whole ship shook violently, and all the debris in the cabin fell down.

"I guess he encountered a sea monster, right?"

Su Chen hurriedly got off the bed.

He looked at the women who were still confused and reminded, "Please clean up quickly. Aren't you afraid of being exposed to the eyes of the men outside?"

Zhao Ling'er and the girls are wearing very cool clothes now. Su Chen doesn't want these women to be seen by other men.

Boom boom boom.....

"Help! Someone fell into the river"

"It's the Kraken. We're going to die. It's the Kraken that's attacking the ship."

"Oh my God, this is an inland river. How could a sea monster appear in an inland river?"

"Damn it, I don't want to die, I have a lot of money, who can come and save me?"

"Immortal cultivators should attack the sea monster quickly, otherwise we will all die in the river."

At this time, the ship was constantly being hit, and the civilians on the ship all screamed.

After Su Chen and the other girls got dressed, they hurriedly came out of the cabin.

In the passage,

Su Chen and the others also I met these people from the Western Continent, but they didn't have time to talk to each other. They were all in a hurry to get to Class A. Otherwise, after the ship was sunk, a lot of them would die. On the deck

, the civilians here were trembling. They hugged tightly what they could, fearing that they would fall off the boat and be eaten by the Kraken.

"Damn it, why are there so many sea monsters?"

Su Chen came to the deck and was very surprised when he saw the sea monsters in the river.

Although these sea monsters were low-level sea monsters, there were too many of them. Hundreds of them kept hitting the big ship. I'm afraid this big ship won't be able to hold on for long.

Qingniao held a long sword and asked Su Chen, "Master, what should we do?" Do you want to attack these sea monsters?"

Su Chen shook his head and stopped, "It's useless. Since the sea monsters appear here, I'm afraid there will be a steady stream of sea monsters coming. These sea monsters obviously live in groups."

When the princess of the Western Continent next to her heard Su Chen's words, she did not let her men kill the sea monsters in the river.

She also saw that these sea monsters lived in groups, and her knights killed hundreds of sea monsters. Monsters, more sea monsters will come soon.

Boom boom boom.....

Su Chen looked around the dark surroundings and checked to see if there was any land.

Su Chen was really afraid of what might happen. He was originally worried about encountering a sea monster, but he encountered it only half a day and midnight.

His luck was even too good. Oops,

Su Chen seems to encounter accidents every time he takes a boat. In the past, he encountered wind and waves or enemies. This time, he even encountered a sea monster.

If there is a lottery ticket seller in the Shenyu Continent,

Su Chen will I want to try my luck selling some lottery tickets.

Su Chen hugged Qingniao and Ning Zhongze and shouted hurriedly, "Come to me, Butterfly, you and Ling'er take care of each other. You are strong, so be careful."

Butterfly Demon is at the peak of the Golden Core Realm. Ling'er is also in the early stage of the Golden Core Realm. They are both stronger than Qingniao and Ning Zhongze. Su Chen can only take care of Qingniao and Ning Zhongze first.

"we know!"

"Don't worry, we'll take care of ourselves."

Butterfly Demon and Zhao Ling'er held hands, and they nodded to Su Chen and said, boom boom boom.....

Click!

There was a huge cracking sound, and the ship cracked from one side in the middle, and the civilians next to it fell in one by one.

"Help!"

"Save me, save me quickly, I'll give you 10,000 gold coins, come and save me"

"Brother, please give me a hand"

"Ahhhhh.....Kraken....."

"Cough, run quickly, the ship is sinking."

On the deck, after the boat cracked, when the river was about to flood up, there were poor people, warriors, and even immortal cultivators on the deck who were anxious. This place is far away from the land now. If they fell into the river, they would be killed by sea monsters. Kill and eat.

Boom.....Click!

The boat broke apart, and thousands of people fell into the river one after another. The sea monsters jumped on them one by one in an instant, and the river water was dyed red with blood in a short time.

"Butterfly, Linger, go to the wooden board over there"

"good!"

Whoosh!

Su Chen hugged the blue bird and Ning Zhong instantly appeared on a wooden board, and Zhao Ling'er and the Butterfly Demon also followed Su Chen and flew to the wooden board.

Zhao Ling'er looked at the thousands of people falling into the river, and she couldn't bear it. He asked Su Chen, "Su Chen, can't you save these people?"

Su Chen glared at Zhao Ling'er and scolded, "Save me, please be honest, a powerful sea monster is coming."

Su Chen sensed that several powerful monsters were coming in the river.

These sea monsters can compete with the immortal cultivators of the Golden Core Realm. If they fell into the river, even the Golden Core Realm cultivators would instantly fall into the water. If they

are killed, those who are cultivating immortals in the Nascent Soul Realm may not be able to escape.

Swish, swish, swish.....

At this time, people from the Western Continent also appeared one after another at Su Chen's place, and the wooden board was instantly filled with people.

"Let me know, won't you go somewhere else? Damn it, the board will sink if someone comes again."

Chapter 1493

Su Chen watched people from the Western Continent come to him one by one. The wooden planks were sinking quickly because they could not withstand so many people.

This made Su Chen very angry.

There were many broken wooden planks in the river.

These people from the Western Continent Why did you come here all the time? Are all people in the Western Continent idiots?

The princess of the Western Continent was also very embarrassed.

She also saw Su Chen and several girls standing on the wooden board. She followed them without thinking, but she didn't expect that all her men would follow them one by one.

The veiled princess hurriedly ordered her subordinates who were coming over, "Don't come here anymore. The others can find the wooden board next to them."

Su Chen looked at the veiled woman and said rudely, "Hey, woman, there are too many people here. Okay, let your men go some distance"

"Doss, get some guys on the other boards." The veiled princess heard Su Chen's words and ordered her subordinates,

"Yes, princess!"

On the wooden board, after some people from the Western Continent left, the wooden board floated again, but the current crisis has not passed yet. The junior sea monsters are attacking and killing ordinary civilians. If ordinary civilians are killed and eaten, then the standing The cultivators on each wooden board were about to be in trouble.

Moreover, the powerful sea monster was about to arrive.

Su Chen felt that he could not stay here.

He originally wanted to teleport away with Qingniao and Ning Zhongze, and then come back. Pick up Zhao Ling'er and Butterfly Demon.

It's just that this place has an impact on mental power. His mental power can only be detected for dozens of miles.

This made Su Chen give up teleporting and leave.

Boom!

Su Chen hit the river with a palm , the board was moving forward quickly in one direction.

Su Chen hurriedly ordered to the people in the Western Continent on the board,"Attack the river. Let's leave in one direction. Don't look at him. Go and die if you want." Waiting for death on other boards"

"All take action!"

The veiled princess felt that Su Chen's words made sense, and she hurriedly ordered her men.

More than a dozen knights from the Western Continent on the wooden board immediately saluted,

"Yes, princess!"

Boom boom boom....

The knights of the Western Continent quickly attacked the river one by one, and the wooden planks also moved quickly in one direction.

Su Chen hugged Qingniao and Ning Zhong and looked around leisurely. The people on other wooden boards around them imitated Su Chen's attack, and more than ten wooden boards also followed Su Chen's board.

Su Chen looked at the dozen or so planks following him and said speechlessly, "These fools, if I hadn't been here this time, these fools would have died here."

Ning Zhongze and Qingniao heard what Su Chen said. He smiled, and Ning Zhong looked at the veiled woman next to him and said, "Master, that woman seems to be a princess."

Su Chen glanced at the veiled woman and said nonchalantly, "What's so great about a princess? The princess I saw Isn't that enough?"

Those people in the Western Continent just called this woman a princess, and Su Chen certainly heard it, but she was just a princess, and Su Chen didn't care about her at all.

Su Chen was very speechless looking at this wide river.

He didn't know where he was going now. He could only try his luck. It would be great if he could meet land. If he couldn't meet land, then all these people would be killed. Resigned to fate.

Su Chen looked at the butterfly demon and asked, "Butterfly, how big can your body become?"

"Su Chen, are you going to ride me?" The butterfly demon looked at Su Chen and said with a sly smile.

When Su Chen heard the butterfly demon, he choked and coughed, "Ahem, what nonsense are you talking about? I'm worried that we won't find land. We can only rely on you to lead us. left."

Butterfly Demon looked at Su Chen's embarrassed look and smiled and said, "Haha, don't worry, I can take you four more than enough, but I don't want to take you, how about I catch you and fly?"

"You dream, I will sit on your body today"

"hehe....."

Ning Zhongze, Zhao Ling'er, and the three girls Qingniao all laughed.

They had just forgotten that the butterfly was a demon or a demon that could fly.

It seemed that they no longer had to worry. Even if the board was broken, they would You can let the butterfly demon take them away.

The veiled princess was very surprised when she heard Su Chen's conversation.

The woman in red turned out to be a demon?

These humans are actually together with monsters.

Aren't the monsters in the Eastern Continent very cruel? Why are these humans with a succubus? And they seemed very harmonious.

The veiled princess looked at Su Chen and was very worried.

That bastard didn't know where the plank was going.

If there was any danger later, that bastard and his women could be taken away by the red-dressed banshee.

Then those people Woolen cloth?

Princess Veil is so powerful that she can fly out of the river, but she still has dozens of subordinates, but these people can't fly. Even if there are some who can fly, they probably won't be able to fly very far.

Boom boom boom.....

Su Chen saw that a wooden plank at the back was shattered, and the cultivators on the plank fell into the water and were instantly killed by the sea monster.

He hurriedly ordered the Western Continental people on the plank, "No, those powerful ones in the river The Kraken beasts are chasing after them. They all speed up. The powerful Kraken beasts are about to catch up."

"Boost!"

Princess Veil also saw what was happening behind her. She stood on the edge of the board and shouted orders to everyone on each board,

"The element of light, my friend, turn into holy light, the blade of light!"

When the Kraken was about to attack the board again, Princess Veil suddenly took action and attacked the Kraken.

A stream of light arrows shot at the sea monsters in the river one after another from the air, boom boom boom.....

After a burst of light blade attacks, many of the Kraken beasts chasing after them were killed by light arrows, but the Kraken beasts behind them still followed closely.

I'll do it!

The magic attacks of the Western Continent are not weak either!

What level of magic practitioner is this woman? In the Eastern Continent, her strength is at the level of distraction, but what about in the Western Continent? Isn't this woman a Dharma God?

At this time,

Zhao Ling'er met and shouted to Su Chen,

"Su Chen, there is land ahead."

Su Chen breathed a sigh of relief when he saw the land more than 20 miles away, "It's okay, it's okay, we're finally on land. We'd better not take the boat if nothing happens in the future."

Boom boom boom.....

Suddenly, the powerful Kraken began to attack, and blue beams of light shattered the wooden boards in front of them. Some people on the boards flew up in a hurry, and some fell into the water and were caught up by the Kraken. The beast swallowed it in one gulp.

Su Chen saw that the sea monster was about to attack their board again, and he hurriedly said to the butterfly monster,

"No, butterfly, change quickly."

Whoosh!

A huge colorful butterfly appeared in the sky above the board. Zhao Ling'er and Ning Zhongze, bluebirds flew on the colorful butterfly's body one after another. Su Chen also appeared on the huge colorful butterfly's body in a flash.

"Butterfly, that's right. Your body looks really beautiful."

Chapter 1494

Above the dark river, a colorful butterfly with a length of more than ten meters appeared in the air. Two pairs of wings emitting white light were dancing gently. The elegant butterfly body drew arcs one after another and flew rapidly, colorful. The colorful colors are very dazzling in the night sky.

Su Chen stood on the butterfly demon's body. He checked the butterfly demon's body and said with a smile, "Butterfly, that's good. Your body looks really beautiful." The butterfly demon turned around and said proudly, "That's right. Of course, I am just a colorful butterfly now. If I evolve into a nine-color butterfly in the future, our body will be even more beautiful."

"Butterfly, your current body is already very beautiful."

"Yes, this is the most beautiful butterfly I have ever seen, and of course, the largest butterfly"

"Butterfly, if we want to go to other places in the future, you can just take us there, which will save us the hassle of traveling all the way."

Ning Zhongze, Qingniao, and Zhao Ling'er looked at the butterfly demon's body and said one after another.

They all saw the butterfly demon's body for the first time.

The three of them originally thought that the butterfly demon was just a small butterfly. Now they see it. They were surprised and curious about this huge beautiful butterfly.

The Butterfly Demon was very speechless when he heard the words of Ning Zhongze and the three women.

Are these three women planning to use her as a mount in the future?

The Butterfly Demon feels that it is better to leave Ning in the future. The three women were far away in the middle. She didn't want to be the mount of these women. If there was no danger in the future, she thought it would be better not to transform at will.

Su Chen looked at the other people behind who were hunted by the sea monster. I didn't even want to save them, life or death was a matter of fate!

There were too many sea monsters, and they were far away from the land, and even powerful sea monsters were coming continuously.

Su Chen would not take the risk to save those strangers.

Whoosh!

After arriving on land,

Su Chen and Ning Zhongze jumped down from the butterfly demon.

The butterfly demon also recovered its human body.

They all looked at some people in the river who were still trying to escape here. Huh? How to get back here

?

What happened?

Why is it so powerful to interfere with mental power?

Su Chen has already arrived on land, but his mental power can still only detect dozens of miles. This makes Su Chen nervously turn around and look around.

"Let me gather together and cut the space!"

Boom boom boom....

A series of beam blades appeared instantly and quickly attacked the rear.

"Ho ho ho....."

In the jungle on land,

Su Chen's attack cut down all the huge trees around him. Some low-level monsters hidden in the jungle were also killed by Su Chen's spatial magical power.

After Su Chen attacked, other monsters in the jungle roared one after another. In the dark night, the roars of the monsters in the jungle became even more eerie and terrifying.

"Come on, you can't stay here any longer."

Su Chen hurriedly grabbed Qingniao and Ning Zhong and ran away quickly. Butterfly Demon and Zhao Ling'er also hurriedly followed Su Chen. Su Chen

's quick attack just now made them frightened. They didn't expect that there would be someone by the river. There are monsters hidden, and the roars of many monsters also let them know that it is very unsafe here.

At this moment, after Princess Veil brought her men to the shore, she found that Su Chen and several girls were moving quickly , she waved her hand and chased after Su Chen without thinking.

Su Chen was flying with Ning Zhongze and Qingniao.

He suddenly felt that something was getting worse and worse. Why was this forest getting darker and darker? Even the surrounding area They all have some powerful monster auras. Could it be that they ran into the monster forest?

Su Chen didn't dare to run around anymore.

He was a road fool. If he kept running around in the forest, I'm afraid they would be out again in the forest. not going

"What's wrong?"

"What happened?"

After Su Chen stopped under a giant tree in the forest, Zhao Ling'er and Butterfly Demon followed and asked in confusion,

"I found that there were many powerful monsters around. We may have entered the monster forest by mistake."

Zhao Linger was surprised when she heard Su Chen's words and said,

"What? Monster forest? How could we accidentally break into the monster forest? The Monster Forest is thousands of miles away from us. How come there is a Monster Forest here? Ning

Zhongze frowned and said, "Yes, the Monster Forest on the map is very far away from us, and the direction is wrong. There is no way we can appear in the Monster Forest."

Qingniao asked with a serious face, "Master, you don't feel wrong, do you?"

The butterfly demon looked around and said in disbelief, "Su Chen, this really can't be a monster forest."

Su Chen shook his head when he heard the women's words and explained,

"I can't possibly feel wrong. There are many powerful monsters in this forest. There are more than ten Nascent Soul realm monsters around us, and there should be even more powerful monsters further away."

Ning Zhongze and the others were also very confused when they heard Su Chen's words.

Did they go in the wrong direction by boat?

Or is this just an ordinary monster jungle, not a vast monster forest.

Swish swish swish....

At this time,

Princess Veil came to Su Chen with more than 20 of her subordinates. Princess Veil looked at Su Chen and the girls as they stopped.

She walked towards Su Chen in confusion.

Princess Veil looked at Su Chen and asked in confusion, "Why did you stop? There are many monsters chasing us behind us."

Su Chen looked at Princess Veil who had been following them and asked, "Why did you keep following? Us?"

Princess Veil was a little angry when she heard Su Chen's words.

She was not willing to follow this bastard, but she was not familiar with the place, and the presence of many monsters here was also very strange.

Princess Veil thinks that only by following these people can we walk through this forest.

"you.....There are many monsters and beasts here. Only by working together can we get out of this forest. By the way, where is this place? do you know? Zhao

Ling'er looked at Princess Veil and shook her head, "I don't know, but the monsters here are very powerful. There are more than ten monsters in the Nascent Soul Realm around. We don't know where this place is."

Princess Veil was surprised when she heard Zhao Ling'er's words, "How is this possible?" This is not a monster forest, so why are there these powerful monsters?"

"Woman, you are so powerful that monsters in the Nascent Soul Realm are not a big deal to you. You are so scared."

Su Chen was speechless when he saw Princess Veil's surprised look.

This woman is a powerful master of the distraction realm.

Can't the monsters of the Nascent Soul realm be punched in her hands?

Oh!

No, it's just a forbidden spell. It can destroy the surrounding Nascent Soul Realm monsters.

Princess Veil looked at Su Chen and said angrily,

"what do you know?"

"I can't replenish my elemental mana in the Eastern Continent at all. I can't do anything without taking action, and I have many people with low strength under my command. I have to think about their safety.

Su Chen laughed when he heard Princess Veil's words, "So you are a loser?"

"Scrap material? Shameless bastard, do you believe that I will destroy you now?"

Chapter 1497

Su Chen was very surprised when he heard Xiao Xun'er's words, ancient ruins?

What is this?

Could it be that Xiao Xun'er came here to look for some ancient ruins?

"you do not know?" Xiao Xun'er looked at Su Chen and asked in confusion.

Su Chen shook his head and replied,

"I do not know!"

Ancient ruins?

He has never heard of it.

Did Xiao Xun'er appear in this forest to find ancient ruins?

Xiao Xun'er stared at her beautiful eyes and asked Su Chen, "Then how did you appear in this forest? This independent space?"

"Is this an independent space?"

Su Chen stood up hurriedly when he heard Xiao Xun'er's words. He looked at Xiao Xun'er and asked hurriedly.

Xiao Xun'er looked at Su Chen's surprised look and suddenly thought that entering this independent space requires a key, and the key There are six in total, and six pieces of spiritual jade have been obtained by their various forces.

Su Chen does not have spiritual jade, how did he come to this independent space?

"Yes, by the way, you didn't open the Lingyu of the independent space, how did you appear here?"

What the hell!

This is actually an independent space?

Su Chen didn't expect them to appear in an independent space, but how could the independent space appear in the river? And let people like them come in by mistake? Isabella and the Blue Bird girls were also very surprised when they heard the conversation between Su Chen and Xiao Xun'er. They didn't expect that they entered an independent space by accident. No wonder there are such powerful monsters here. They How could he appear in an independent space after just landing on land? Su Chen said to Xiao Xun'er a little depressed, "I just bumped in by mistake. I don't even know why I appeared here." Su Chen looked at the other people who had arrived and found some acquaintances. He did not expect that these people had entered the independent space. Could it be that all these children of luck came to this independent space to look for opportunities? Xiao Huohuo was indeed not attracted by Yun Yun. Kill, this little cockroach didn't expect to appear here, but without his golden finger, can Xiao Huohuo survive here? And Tangshan, he also appeared here,

a soul king unexpectedly appeared here. If they are not dead, these sons of destiny are probably protected by others all the way. Su Chen doesn't know anyone from the other three factions, but the people from these six factions are all pretty powerful, and Xiao Xun'er is actually protected by Dou Sheng. It seems that this independent space has the treasures they need, or some inheritance. Xiao Huohuo also discovered Su Chen. He hated Su Chen very much. Xiao Huohuo's teacher was killed, and he didn't even want to take revenge. He didn't dare to take revenge. The Qingyun Sect was too powerful. Even his ancestors didn't dare to provoke the Qingyun Sect easily. But Su Chen would not let it go. Xiao Huohuo saw that Su Chen also appeared in this space, which made him. With the hope of revenge, his ancestor was a strong fighting saint (distracting spirit realm). He did not believe that there were fighting saints among the women around Su Chen. Xiao Huohuo said to a middle-aged man next to him, "Ancestor, can you kill that man?" When the middle-aged man heard Xiao Huohuo's words, he asked doubtfully, "Huh? Is that person your enemy?"

"

"Yes, I will not be a human unless I kill him." Xiao Huohuo looked at Su Chen angrily and said harshly.

The middle-aged man shook his head and refused,

"Not now. There is a powerful woman beside that young man. Her strength is equal to mine."

"Moreover, Gu Xun'er of the ancient clan should have a good relationship with him. If I try to take action, I will be besieged by two fighting saints. We want to get the treasures in the ruins this time, so don't cause trouble first."

The middle-aged man also saw Isabella's strength.

With a fighting saint beside Su Chen, it is impossible for him to kill Su Chen. Even if he kills Su Chen, I'm afraid that woman will also kill Xiao Huohuo.

Dou Sheng wanted to kill someone, but he couldn't guard against it, and it was impossible to protect Xiao Huohuo.

Besides,

Gu Xun'er from the ancient tribe had a close relationship with Su Chen. If he dared to take action, I'm afraid he would also die here. Two powerful people The fighting saint is not something he can deal with.

"Yes, ancestor!"

Tangshan also discovered Su Chen, but he only met Su Chen once.

He was very dissatisfied with Su Chen, a pervert, but he didn't want to provoke Su Chen. Tangshan knew that Su Chen's background was very unfair. Simple, as long as Su Chen didn't provoke him, he wouldn't let his father kill Su Chen. The other three parties didn't pay much attention to Su Chen, but they were also very wary of Su Chen and Xiao Xun'er.

People like them They were originally trying to balance each other, but now Su Chen and Xiao Xun'er have a close relationship.

This makes them all worry that after Su Chen and Xiao Xun'er unite, it may not be easy for them to get the treasures in the ruins.

"Sylph!"

At this time,

Isabella saw some people wearing cloaks nearby and shouted,

"Isabella, you actually appeared here?"

Besides, among more than a dozen people wearing cloaks, a tall woman heard someone calling her, and the voice was even very familiar. She walked out of the crowd and shouted in surprise,

Isabella faced Sylph He shouted, "Come here quickly, we haven't seen each other for a long time."

Isabella didn't expect that the elf princess would also appear here.

She thought she had seen it wrong just now.

The elf princess Sylph is her best friend. With Sylph here this time, she should not look at Su Chen again. The bastard's face turned pale.

At this moment,

Su Chen also learned some information about this independent space from Xiao Xun'er. The independent space will be opened once every thousand years. There are exotic flowers and herbs, spiritual fruits and elixirs here, and even some There are some artifacts and inheritances, but the relics in the independent space are different every time.

Xiao Xun'er didn't know what relics it would be this time.

Su Chen looked at the people resting next to him and asked Xiao Xun'er, "Xun'er, Who are those people?"

Xiao Xun'er smiled when she heard Su Chen's words and said,

"You know Xiao Huohuo, right? Next to him is his ancestor Xiao Tian. Xiao Tian is a fighting saint. You have to be careful, Xiao Huohuo hates you very much."

Su Chen looked at Xiao Huohuo and said disdainfully, "I didn't care about him at all, just a bastard."

Xiao Xun'er rolled her eyes and continued,

"The people wearing black clothes next to them are the Tang family. They are also very powerful. This time they are protecting a person named Tangshan."

"There are also those people wearing golden armor. They are from the angel organization. That woman's martial spirit is that of an angel. Although her strength is not the same, don't underestimate her. When she grows up, she will definitely be an angel. strong person"

"The two parties are not very clear, but your person seems to know one of them."

Su Chen nodded when he heard Xiao Xun'er's words.

Only one of these people he didn't know,

Xiao Xun'er, Xiao Huohuo, Tang Shan, the woman with Angel Wuhun should be Bi Dong'er's daughter, and People who are familiar with Isabella.

The remaining party is obviously the immortal cultivator from the Eastern Continent. The fact that these people can be gathered together shows that they all have good luck.

Su Chen is also interested in the ruins in this space..

Chapter 1498

In the gloomy forest,

Su Chen and Xiao Xun'er kept talking.

He got to know the people next to him and stopped paying attention. There were crises in this forest now.

The highest level of cultivation here was also the distraction state. Although there were six There are seven masters of the distraction realm, but whether they are dealing with the powerful monsters in front of them or the powerful monsters behind them, these people are just trash.

At this time,

Isabella pulled a tall woman wearing a cloak to Su Chen.

She smiled at Su Chen and said,

"Su Chen, let me introduce to you. This is my friend Sylph. She is also a princess, and she is also a very, very beautiful beauty. It's just that you can't see her face."

"And I don't have to worry about not being able to replenish my elemental mana now. Sylph just told me that in this independent space, I can replenish my mana at any time."

"You bastard, you dare to speak rudely to me again."

"I will teach you a lesson."

Su Chen said disdainfully after hearing Isabella's words,

"Hey, Isabella, since you can make up for it, don't bother me around me. You should stay with your friends. I don't have time to talk to you."

"you....."

Isabella didn't expect that Suchen would say this, which made her feel that this bastard disliked her. Isabella thought that she was a princess, and she was a Dharma God before she was even twenty-five years old. This damn bastard was really Damn it.

Su Chen looked at Isabella's angry look and continued,

"What are you? Isabella, I have been opening the way for you all the way. Now that you can fight without fear, don't follow me anymore. Just leave with your friends."

Isabella said hurriedly after hearing Su Chen's words.

"Don't think about it. It's so dangerous here. I think we're safe together."

Isabella doesn't dare to leave with Sylph.

There is a powerful monster in front of them, and there is a powerful monster behind them who is plotting evil against them. Who knows whether that powerful monster is going to attack Su Chen or her. Take action.

Isabella doesn't dare to leave.

Besides, can she leave now?

They are blocked by monsters one after another, a powerful monster from the Tribulation Realm, and a monster that may be from the Cave Realm or the Mahayana Realm. , leaving with their strength is seeking death.

"Big Devil, who is this?"Xiao Xun'er looked at Isabella and asked doubtfully.

This veiled woman gave her a very dangerous feeling.

This woman must be a powerful master.

However, she heard Su Chen's words as if there was something between them. The relationship is not like this, otherwise Su Chen would not be able to drive this veiled woman away.

Su Chen curled his lips and said to Xiao Xun'er,"A piece of trash picked up on the road."

Boom!

Isabella waved her hand and a fire dragon burst out. She blasted into the open space next to her,"Su Chen, if you dare to call me trash again, do you believe I will burn you immediately?"

Tweet, Tweet, Tweet.....

At this time, the monster behind suddenly screamed, and the clear bird song made the faces of everyone here change.

"No, a powerful monster is coming. Let's leave quickly."

"Go, get out of here"

"We also left. The monsters behind were too powerful. We encountered ten deaths and no life."

"Run away from here."

After the resting people heard the chirping of birds, they all quickly got up and left quickly. The chirping of birds just now made their souls tremble. If they encountered the monster behind, none of them would survive.

"Su Chen, let's leave quickly, the monster behind is coming." Isabella said hurriedly to Su Chen with a pale face.

Su Chen stood there blankly and didn't move, as if he didn't hear Isabella's words at all.

Sylph didn't respond when she saw Isabella. Leave, and even ask the human to leave together.

She grabbed Isabella and ran quickly and said, "Isabella, go quickly, or we will all die here."

Sylph's men and Isabella's men saw their princess leaving quickly, and they quickly followed.

Isabella was pulled by Silver to move quickly, and she hurriedly said to Xi Wolf said, "Sylph, there are powerful monsters ahead, we can't go."

Sylph said while pulling and moving quickly,

"Isabella, those people have passed just now. If there is a monster, those people will encounter it first. We just need to escape from here. The monster behind is too powerful."

"I.....Su Chen....."

"Ignore that human. That human just wanted to drive you away. Isabella, you are a princess. Do you still want to stay after that human humiliated you?"

At this moment,

Xiao Xun'er was also very anxious.

She wanted to pull Su Chen away, but Su Chen kept looking at the back blankly, even his expression and eyes were very dull.

Xiao Xun'er didn't know what Su Chen was doing. What's wrong?

A fighting saint from the ancient tribe said to Xiao Xun'er seriously, "Miss, we have to leave. The powerful monsters behind us are coming. If we don't leave, we will all die here."

"No, I can't leave this bastard behind." Xiao Xun'er shook her head and refused.

Xiao Xun'er didn't know what happened to Su Chen, but she couldn't leave this bastard here to die.

Qingniao, Ning Zhongze and the other girls came to Su Chen and they hurriedly With Su Chen guarding him in the middle, it is impossible for the four of them to abandon Su Chen and leave.

Although Su Chen's current appearance is worrying, they are either Su Chen's maids or Su Chen's confidante. At this time, they will die. It is impossible to leave Su Chen here alone.

Qingniao said to Xiao Xun'er,

"Xiao Xun'er, you'd better leave! That monster is very powerful, and you will die if you stay.

Xiao Xun'er shook his head and refused, "No, I won't leave. Clan elder, if you want to leave, just leave. I can't leave this bastard and escape." None of these people from the ancient clan had any choice. How dare they abandon Xiao Xun'er and leave. If Xiao Xun'er is killed by a monster here, they will not be able to escape death even if they go back.

More than ten people from the ancient tribe also took out their weapons and stood around Xiao Xun'er to protect her.

If Xiao Xun'er doesn't leave, it's impossible for these guards to leave.

At this moment, in Su Chen's soul, the black bird kept shouting, as if in response to the bird song of the monster just now.

Su Chen's mental power was pulled away by a powerful mental force.

In a colorful space,

Su Chen saw a giant cyan bird, a giant bird that was aloof and despised everything.

Chapter 1499

Su Chen's mental power appeared in the colorful space. He was very shocked when he saw this huge blue bird. This mountain-like blue bird was simply indescribable.

The feathers are gorgeous, the body is tall and graceful, the feathers on the head are more noble and mysterious, the tail feathers have white eye makeup spots, and the wings are as beautiful as a peacock when spread out

"Choo Choo Choo....."

At this time, a noble and beautiful black bird also appeared in this space, but this black bird was much smaller, not even as big as the green warbler's feet.

Su Chen felt relieved when he saw the black bird appear.

This black bird should be the black bird in his body, and also the black bird transformed from his black bird blood.

"Tweet, Tweet, Tweet....."

"Tweet, Tweet, Tweet....."

Qingying and Xuanniao kept calling in the space.

Su Chen looked at this with a confused face.

He guessed that Xuanniao and Qingniao might be talking, but he didn't understand the language of birds.

At this moment, the women Xiao Xun'er, Qingniao, and Ning Zhongze outside had just seen a black bird suddenly appear in Su Chen's body, and the black bird disappeared as quickly as it appeared.

This made them all look dumbfounded.

Although Xiao Xun'er and Qingniao had seen the black bird in Su Yue's body in Yunlan Sect, there was no comparison between Su Yue's black bird and the black bird in Su Chen's body.

With a powerful aura, an aloof and noble temperament, and beautiful wings, this black bird is much bigger than your Su Yue's, and is even more noble and aloof.

Even the people from the ancient tribe next to them now looked stupid.

The appearance of the black bird just now made them almost kneel down. If the black bird hadn't disappeared quickly and instantly, the dozen of them would have been suppressed and knelt down.

"How is this going? Why is there a bird in Su Chen's body? Zhao Ling'er asked Qingniao and Ning Zhongze with a confused look on her face.

Ning Zhongze came to his senses and said to Zhao Ling'er, "Don't worry, this is Xuanniao, and it is the master's Xuanniao bloodline inheritance."

Qingniao also nodded and said, "Well, the young master has the blood of the Black Bird, and even the young lady has the blood inheritance. The Black Bird appeared last time when the young lady was in danger, so we don't have to worry."

Zhao Ling'er and Butterfly were relieved after hearing the words of Qingniao and Ning Zhongze.

But will there be a divine bird in the blood inheritance?

Xuanniao? These are the four sacred birds in ancient times. How could Su Chen have the bloodline inheritance of Xuanniao?

Is Su Chen also a demon?

Xiao Xun'er looked at all this with a cold face.

Although she had also seen the black bird in Su Chen's daughter's body, this time the black bird appeared from Su Chen's body, which made her always cold. She was no longer cold.

Although she didn't show anything, her heart was tumbling.

She also thought of her father's words, marriage!

She wanted her to marry Su Chen, so that her and Su Chen's descendants would be very powerful, and maybe even Even more powerful than Su Chen's daughter in the future.

Xiao Xun'er's face turned slightly red when she thought of these things.

She held her hands tightly as if she had made some kind of decision.

She couldn't explain her feelings towards Su Chen clearly, but this bastard was here. She will be very nervous when danger arises.

To say that she doesn't like this bastard, it probably doesn't make sense at all. If she doesn't like this bastard, why would she leave He Zheng, a bastard, to die with him?

But to say that she likes this bastard Bastard,

Xiao Xun'er is not sure either.

She has never had the upper hand in seeking revenge from this bastard from the beginning. She is even almost mad to death by this bastard every time. Xiao Xun'er is also very confused now.

"Tweet, Tweet, Tweet....."

At this time, the black bird suddenly appeared and returned to Su Chen's body.

Su Chen also regained his clarity.

Su Chen looked at the women around him and waved his hands. He sat under the big tree and wanted to think about what just happened.

Su Chen didn't expect to meet Qing Ying here, and it was also a Qing Ying who had been reborn from Nirvana.

But would Qing Ying be reborn from Nirvana?

Isn't this the ability of Phoenix?

Whoosh!

A small cyan bird appeared on Su Chen's shoulder. The cyan bird gently rubbed its head against Su Chen's cheek. It was obviously very close to Su Chen.

Su Chen touched the blue bird's head and said with a smile, "Haha, I'll call you Su Ying from now on."

Su Chen would not underestimate this weak Qing Ying. Her current strength is only one step away. As an immortal, if Qingying grows up in the future, she can become a quasi-sage. If she is lucky enough, she can even become a saint in one step.

Su Chen thought of the messages he heard in the space now, and he also felt very sympathetic to Qingying.

Qingying had been looking for another Qingying all his life. Qingying was born from heaven and earth. It was beautiful and elegant but could not make a sound..

It is lonely and lonely, because it has never found its kind, and only when it meets its kind will the green warbler make a crisp and cold cry.

Although Su Chen is not its kind, he has the blood of the black bird. The blue bird and the black bird belong to the four sacred birds. The green warbler and the black bird are the closest and loneliest existences. They are both beings without the same kind.

Xiao Xun'er looked at Su Chen and asked,

"Su Chen, what's going on?"

Xiao Xun and the other girls looked at the little blue bird on Su Chen's shoulders and were very confused. They couldn't tell whether the little blue bird was a monster or not. The little blue bird seemed to be just an ordinary bird.

Su Chen He looked at Xiao Xun'er and smiled and said,"Haha, it's okay, you don't have to worry, this is Su Ying, and she will be a member of my family from now on."

It is impossible for Su Chen to tell these people about Qingying. Now is not the time. Besides, there are still some idle people here. If you want to tell them, you can only tell them later.

"Su Ying? A little bluebird?"Xiao Xun'er looked at the little blue bird on Su Chen's shoulder and asked doubtfully.

Qingniao heard Xiao Xun'er call out"little blue bird", which made her look embarrassed and said hurriedly,"Ahem... Miss Xiao, my name is Qingniao. , don't talk nonsense casually"

"Choo Choo Choo!"

Qingying cried out unhappy when she heard Xiao Xun'er's words.

Su Chen comforted Qingying and said to Xiao Xun'er,"Xun'er, you can call her Su Ying from now on, she can understand."

"Master, the one at the back....."

"That's her!"

When Zhao Ling'er, Ning Zhongze, Butterfly, and even Xiao Xun'er heard Su Chen's words, they all took a breath of air.

They didn't expect that the monster behind would be this little blue bird, a monster in the Tribulation Realm. This is one step away from becoming an immortal. In the Shenyu Continent, this is the most powerful strength.

Butterfly looked at Qingying and asked doubtfully, "Su Chen, it is so powerful, why hasn't it transformed yet?" shape?"

"Su Ying is very special. Even if she becomes an immortal, she cannot transform. Only when her strength reaches a certain level can she transform."

Chapter 1500

Although Su Chen didn't know much about Qingying's transformation, as an ancient sacred bird, the slower she transformed, the greater her potential. Not all the great powers in the prehistoric world were golden immortals when they transformed. Or Daluo Jinxian? Qingying should be like those great powers in the ancient world. As long as Qingying takes form, he will become a golden immortal or a Daluo golden immortal.

Ho ho ho.....

Boom boom boom.....

At this time, the roar and terrifying aura of a powerful monster suddenly erupted in front, followed by the sound of a fierce battle.

At this moment, a tiger-shaped monster suddenly appeared and killed more than a dozen of the hundreds of people who had escaped earlier. The rest fled one after another when they saw the powerful monster. They all saw that although this tiger-shaped monster is not as powerful as the monster behind, it is very easy to kill them.

"Run quickly, this is a god-level monster (Dongxu Realm), none of us can be its opponent."

"Chiyunhu? This is the Red Cloud Tiger in Dongxu Realm, run quickly"

"Oh my god, this monster is so big that we can't escape at all."

"Hill, retreat, retreat quickly"

"Everyone in the Xiao family retreats. Quickly, everyone retreats to their original place."

"Princess, let's retreat quickly. The monster in front of us is too powerful."

Just when these people were hurriedly trying to retreat to their original place, the red cloud tiger did not let go of the humans who invaded its territory. The huge demon red cloud tiger trampled to death with one step, and there were not many humans in time. Some humans even attacked it. 's attacks don't care at all.

Hohohoho....

The red flame attack that Chiyunhu spewed from its mouth made it impossible for the fleeing humans to avoid it. The blazing flames immediately stopped some humans who were about to escape, and even more than ten people were directly burned to ashes.

"Ahhh.....save me, save....."

"Don't look back, run away!"

"Master, bastard, save the master quickly, otherwise we will be executed when we go back."

"Miss, run away, don't fly, move quickly"

"Damn it, are those fools trying to lure Chi Yunhu to come? Don't fly. If anyone dares to fly again, I will kill you."

The fleeing people moved quickly in the forest one by one.

Just now, some humans wanted to fly away, but as soon as they took off, they were shot by the spikes on the Chiyun Tiger's body.

The Chiyun Tiger also quickly chased them, More than half of the more than a hundred people were killed in less than three breaths, and the remaining people were panicking and running for their lives.

Isabella and the elf princess Sylph, they pulled each other and quickly rushed back. Retreat.

The terrifying aura of the Red Cloud Tiger just now made them breathless.

If they hadn't stayed away from the Red Cloud Tiger, they would have either been injured or killed by the Red Cloud Tiger.

Isabella saw Sylph trying to save her Guards, she hurriedly shouted, "Sylph, we can't save those guards, run quickly, we must escape back to Suchen.""

Sylph looked at the guards who were either burned to death or shot by some sharp spikes.

She felt very regretful when she thought about what Isabella said earlier. If she had listened to Isabella and stayed in that Su Chen There, their guards would not suffer heavy casualties.

Sylph looked at Isabella and said apologetically, "Isabella, I'm sorry, almost all of your men died."

"Now is not the time to say this, let's run away quickly." Isabella pulled Silver and said anxiously.

Isabella didn't expect that Silver would still be thinking about this now.

If they were caught up by the Red Cloud Tiger, they would be killed easily. Apologize? Let's wait and see if we can escape Chiyunhu's pursuit.

Hohohoho.....

The Chiyun Tiger had no intention of letting these humans go. It kept dodging to kill the humans who were trying to escape. If the humans weren't too scattered, it would have wiped out the group of humans in one bite.

Under the big tree,

Su Chen took out a piece of food and started eating with the girls.

Qing Ying stood on Su Chen's shoulder.

With Qing Ying here, what else was Su Chen afraid of in this forest? Qingying is probably the strongest person in this forest.

Su Chen can also walk sideways in this forest from now on.

When Su Chen saw Qingying about to fly, he hurriedly patted Qingying's little head and said, "Little guy, calm down, we don't have to worry about the life and death of those people."

Tweet Tweet Tweet.....

When Qingying heard Su Chen's words, she nodded and shouted softly.

Su Chen picked up a piece of meat and said to Qingying, "Here, I'll give you this soy sauce beef. It's very delicious.""

"Su Chen, does your friend not care whether she lives or lives?"

Xiao Xun'er looked at Su Chen feeding Qing Ying. She thought of the veiled woman before and said to Su Chen.

Su Chen shook her head and said,

"She is not my friend, we met after the ship sank, and I just learned her name. Xiao

Xun'er sighed while drinking Su Chen's spirit wine,"I'm afraid not many of those people can escape alive.""

"Life and death matter. Since they are looking for some ruins, they should know the dangers here."

"Su Chen, do you want to find the relics in this space?"Xiao Xun'er looked at Su Chen and asked with a smile.

Xiao Xun'er also knew that Su Chen had Qingying, and Su Chen would not be in danger in the whole forest.

Although she didn't care about the ruins, she could go and see them. What kind of relic is it?

Xiao Xun'er still wants to know a lot.

"We'll see what happens later. By the way, Xun'er, Queen Bi Dong'er of the Wuhun Empire may come looking for you....."

Su Chen suddenly thought about Bi Dong'er, so he told Xiao Xun'er about Bi Dong'er's alliance with the ancient tribe.

As for whether Xiao Xun'er is willing to form an alliance with Bi Dong'er, that's none of his business. Anyway, Bi Dong'er won't be able to trouble him again in the future.

When Xiao Xun'er heard Su Chen's words, he asked suspiciously,"Huh? What does Queen Bidong have to do with you?"

Xiao Xun'er was really speechless about Su Chen.

This bastard actually knew the Queen of the Spirit Empire. , damn bastard,

Xiao Xun'er felt that Su Chen was an out-and-out pervert, and she also regretted the decision she just made.

Su Chen took a sip of wine and shook his head and said, "It doesn't matter much. She wants to form an alliance with me, but I don't agree."

Xiao Xun'er rolled her eyes at Su Chen when she heard what he said.

She understood now. , the Queen of the Wuhun Empire sought an alliance with this bastard, and this bastard actually pushed the Queen of the Wuhun Empire to her, which made Xiao Xuner really speechless towards this bastard.

She had a very bad relationship with Su Chen before. Why did this bastard think that she would listen to him and form an alliance with the Spirit Empire?

"Master, someone is coming!"

At this time,

Ning Zhongze came over and reported to Su Chen.

Su Chen also discovered that some people were coming, but he didn't know whether the monster would follow.

Qingying now hid her aura.

If that powerful monster didn't sense Qingying's existence,

I'm afraid it would really come and kill her.

"Let's see who else can come back alive."
