

## Zongwu 1501

### Chapter 1501

As soon as Su Chen finished talking to Ning Zhongze and the other girls, some people quickly appeared next to them.

Each of these people had pale faces, and even their bodies were in tatters. More than a hundred people had returned. With ten people, these forces could be said to have been completely wiped out.

Su Chen shook his head when he saw Isabella.

None of Isabella's men came back. They might have been killed by the monster. At least the elf princess still had one man. This Isabella was unlucky enough. of.

Su Chen also saw Xiao Huohuo and Tang Shan. They were both guarded by masters in the distraction realm. They were lucky to escape.

Bi Dong'er's daughter also escaped, and it was probably the master next to her who saved her.

It's just that none of the people from the Eastern Continent escaped, which surprised Su Chen.

How could a lucky person be killed?

Has that guy's luck been exhausted?

Ho ho ho ho.....

At this time,

Chiyunhu roared around for a while and then disappeared, which made everyone who had just escaped breathe a sigh of relief.

Isabella came to Su Chen and said quietly, "Su Chen, I.....All my men are dead."

Su Chen glanced at Isabella and said, "It's none of my business. I didn't ask you to go."

The elf princess heard Su Chen's words and asked angrily, "How can you do this? Isabella is already very sad, can't you comfort her?"

"Do we know each other well?"

Su Chen leaned against the tree and asked,

"you....."

Isabella hurriedly grabbed Sylph, shook her head and said, "Forget it, Sylph, it's not Su Chen's fault at all. Don't quarrel with him."

Sylph looked at Isabella and said She said ashamedly, "Isabella, it's all my fault. If I hadn't forced you to leave, all your men wouldn't have died."

Isabella shook her head and said, "How can I blame you? You were trying to save me, Sylph, so you don't have to blame yourself."

"isabella....."

Xiao Huohuo next to him looked around and asked doubtfully, "Strange, why didn't the Red Cloud Tiger come after me?"

Xiao Huohuo's ancestor Xiao Tian guessed, "This may be the territory of another powerful monster. , Chiyunhu should be afraid of the monsters here, so he doesn't dare to chase them."

"Ancestor, isn't it very dangerous for us to stay here?"

"Let's check the situation first. If it doesn't work, we'll leave here immediately."

"Okay, ancestors!"

In addition, the Tangshan father and son who were sitting together were recovering as quickly as possible.

They had consumed a lot in their escape just now. If they hadn't all had accelerating soul tools, I'm afraid they wouldn't have been able to escape the Chiyun Tiger's pursuit.

Tangshan recovered. After a while, he opened his eyes and asked, "Father, are we still looking for the ruins?"

"No, it's too dangerous here. If it's safe here soon, we'll leave. Tangshan looked around and said worriedly, "But there is also a powerful monster behind. We are trapped in the middle now. Do we want to leave like this?"

"There are still a few powerful people here. If it doesn't work, we will cooperate with them and leave together."

"this.....Okay, Father."

Near Tangshan, two beautiful women were sitting together. A distracted woman asked the young woman next to her,

"Miss, are you okay?"

"Aunt Yu, I'm fine, I'm just restless. Maybe I haven't recovered from being oppressed by Chi Yunhu's momentum."

"I didn't expect this search for ruins to be so dangerous. All our people are dead. We'd better leave soon. I'm afraid we won't be able to find the ruins in space."

"This is all we can do, Aunt Yu, how do we get out of here?"

"After a while, I looked at the other people. It was impossible for us to go to the exit alone."

"good!"

Su Chen smiled while drinking and listening to the conversations around him.

These people seemed to have given up on searching for the ruins, but that's fine.

After these people left, he wouldn't have to fight with them if he found the ruins.

Su Chen looked at Qingniao and Ning Zhongze beside him and ordered,"Qingniao, Ning Zhongze, set up a tent, we will rest here today.""

"It's the young master (master)."

Qingniao and Ningzhong immediately saluted,

"Are you going to rest here today?"Xiao Xun'er asked suspiciously when she heard Su Chen's words.

She couldn't figure out why she needed to rest at this time?

Shouldn't she be looking for the ruins now?

Why is this bastard resting here?

Su Chen shook his head and said,"Everyone is tired, let's take a rest first."

Su Chen wanted to wait for these people to leave before setting off to search for the ruins.

He also thought about asking Qingying to kill these people, but he thought that Xiao Huohuo and Tangshan must still have a lot of luck.

If he kills them here , They may cause unnecessary trouble, and

Su Chen is too lazy to take action.

From now on, Xiao Huohuo will let Xiao Xun'er deal with it, and Tangshan will let Queen Bi Dong'er deal with it. This should be very fun.

Xiao Xun'er looked at it The tired Ning Zhongze and the other girls nodded.

Anyway, there was no danger at all around this bastard, so Xiao Xun'er planned to take a good rest.

When the other people saw that Su Chen had set up a tent here, they were very worried. I was speechless.

There were powerful monsters in front and behind, but these people actually wanted to rest here.

Aren't they afraid of being attacked and killed by monsters?

At this moment,

Xiao Huohuo and Tangshan gathered together, and they all They discussed leaving for a while.

Isabella took the elf princess Sylph to stay here with Suchen. They ate the food here without any courtesy, and Sylph even gave her her only living The guard also pulled over

"Can we sit here?"

At this time, two beautiful women next to them also came over. They also felt that there were many women here, and Su Chen was at least safer here.

Su Chen looked at the little beauty and waved his hand for them to sit down.

"Qian Xueer!"

As soon as Qian Xue'er and her Aunt Yu sat down,

Qian Xue'er heard Su Chen call her name, which surprised her very much.

Her identity is top secret, and only a handful of people know her real name, but Why did this person call her by her real name as soon as he opened his mouth?

Qian Xue'er looked at Su Chen and asked warily,

"you know me?"

Su Chen shook his head and replied,

"No, I know your mother."

Qian Xue'er stood up immediately after hearing Su Chen's words.

She glared at Su Chen and asked, "You.....Are you actually the adulterer?"

"Hey hey, adulterer? God's adulterer?"

Su Chen was drinking.

He almost choked to death when he heard Qian Xue'er's words.

He didn't expect that Qian Xue'er would think he was an adulterer.

Is there a man better than Dong'er?

But this is impossible!

"You don't have to pretend, I've long guessed that she has another man, but I didn't expect that it would be a good-for-nothing man like you."

## Chapter 1502

Qian Xue'er was very angry when she looked at Su Chen.

No wonder her mother had always been very hostile to her and her grandfather, and even wanted to kill her grandfather.

It turned out that her mother really had an adulterer, but this adulterer was a Soul Emperor (Grand Master) soul cultivator, and he was probably only in his twenties.

She was really disappointed with her mother's vision.

When looking for an adulterer, she should also find someone of comparable strength. This man was probably just a pretty boy who cheated her with food and drink.

When Xiao Xun'er and Zhao Ling'er heard Qian Xue'er's words, they all looked at Su Chen. They all knew that Su Chen was a shameless pervert, and this Qian Xue'er was probably not lying.

Isabella and Elf Sylph also looked at Su Chen. They also did not expect that Su Chen was an adulterer. However, they did not know whether what this beauty said was true.

Su Chen was speechless when he heard Qian Xue'er's words.

How could he be accused of being an adulterer for no reason?

If it was true, he would admit it, but it was just fabricated.

Su Chen saw other women looking at him with contempt, which made him very helpless.

Su Chen hurriedly explained to Qian Xue'er, "Qian Xue'er, I just met your mother not long ago. I'm not an adulterer. Don't get me wrong."

Qian Xue'er glared at Su Chen angrily and asked, "Do you think I will believe you? Will my mother freely tell other people about me?"

"I....."

Su Chen was really speechless this time.

Not many people knew Qian Xue'er's identity. He really didn't know how to answer Qian Xue'er this time.

Do you want to tell Qian Xue'er that you have watched the plot?

Qian Xue'er looked at Su Chen and couldn't answer, which made her even more sure that this bastard was her mother's adulterer, "What? I have nothing to say, huh, I will kill you with my own hands in the future."

"up to you."

Su Chen waved his hands impatiently and said, he has no explanation at all from Qian Xue'er now. It's better to let Bi Dong'er teach her daughter a lesson in the future.

"Take out some more food, we are also hungry." Qian Xue'er saw that there wasn't much food left, so she said unceremoniously to Su Chen,

"I.....Here, you'd better eat like a fat girl." Su Chen was very speechless when he saw Qian Xue'er who was confidently asking for food. Are you sure that he is going to eat him?

It's really frustrating for him to be an adulterer. Su Chen shook his head and took out some more delicious food.

Qian Xue'er greeted him. While her Aunt Yu was eating the food, she hummed to Su Chen, "Huh, I'm a natural beauty. No matter how much I eat, I won't gain weight. I disappoint you, bastard.""

"Su Chen, what's going on?" Xiao Xun'er took Su Chen's arm and asked seriously.

Su Chen looked at Xiao Xun'er's serious face and hurriedly explained,

"Do you remember the Bidonger I told you? This Qian Xue'er is her daughter. Bi Dong'er and I have nothing to do with each other. If you don't believe it, you can ask Qingniao and the others."

As he said this, Su Chen felt something was wrong. What is the relationship between Xiao Xun'er and him?

It's his fault!

Su Chen felt that Qian Xue'er was going to drive him crazy.

Xiao Xun'er didn't even have a dime to do with him. He himself Why did you explain so much to Xiao Xun'er?

Xiao Xun'er's face became much better after hearing Su Chen's words, "So that's it. I also think it's impossible for you to have a relationship with Bi Dong'er, otherwise you wouldn't agree to be with Bi Dong'er. Dong'er alliance"

"This wine?"

At this time, after Qian Xue'er and her Aunt Yu drank Su Chen's spiritual wine, they looked at each other and continued to drink. They did not expect that just drinking some wine could improve their strength. No wonder other women He kept drinking. In the dark forest,

Su Chen had already taken the girls into the tent to rest. As for the others, Su Chen was too lazy to care about them.

In the huge tent,

Qingniao and Ning Zhong had already laid out They made the floor, and the girls also arranged some bedding.

"Why did you come in?"

Su Chen saw Qian Xue'er coming in with her Aunt Yu, Isabella, Elf Princess Sylph, and a female elf guard. This made Su Chen very speechless.

Qian Xue'er faced Su Chen He said disdainfully, "Your tent is so big that it can accommodate more than ten people. Are you going to let us sleep on the grass?"

"Suchen, we are disturbing you."

Isabella said to Su Chen, and she pulled the elf princess into the tent and sat on a floor bunk. The female elf guard lowered her head and followed her.

Su Chen waved her hand and didn't want to worry about it.

Anyway, as long as a woman comes, he doesn't want a man to come into his tent.

"Hey, why are your ears pointed?" Xiao Xun'er suddenly saw the Elf Princess taking off her cloak. She asked in surprise when she saw the Elf Princess's ears.

The other girls also looked over after hearing Xiao Xun'er's words.

When they also saw the Elf Princess They were all very surprised.

They didn't expect that the Elf Princess's ears were pointed. Could it be that the Elf Princess was a demon? The

Elf Princess smiled at Xiao Xun'er and replied, "I am from the Elf clan, and we Elf Everyone's ears are like this."

When Su Chen saw the elf princess, he was also very surprised.

Su Chen didn't expect that this Sylph was actually an elf, and she was also an elf princess.

But this elf princess was really beautiful.

Sylph and Isabella, who just revealed her face, is equally matched. They all have beautiful faces, bulging figures, and even tall figures, which make them even more beautiful.

Su Chen looked at Elf Princess Sylph and said with a smile ,

"Elves are a race in the Western Continent. There are many races in the Western Continent, just like the demons in the Eastern Continent, including elves, humans, dwarves, Medusas, orcs, etc. Anyway, the races in the Western Continent are just like demons. There are as many races as there are countless"

"You actually know about Xixi Continent?"The elf princess looked at Su Chen and asked in surprise.

Su Chen nodded and continued,

"I know something. Although your elves are powerful, it seems that humans have been capturing you beautiful elves. After all, there is a beautiful elf woman, which will make those human nobles very proud. Elf

Princess Sylph said with an angry look on her face,"Huh, those humans will get their retribution in the future. The Elf Goddess will definitely not let those hateful nobles go.""

Su Chen shook his head and didn't want to say anything else.

The elves are powerful, but they don't care about the outside world.

If the elves can destroy several human empires, will the remaining imperial nobles still dare to capture the elves?

Su Chen looked at Isa Bella asked,"Isabella, you are also a princess, what is the name of your empire?"

"Starfall Empire, have you heard of it?"

Chapter 1503

Su Chen shook his head when he heard Isabella's words. I'm afraid the empire in the Western Continent is not a character in the plot, but maybe a character in some novels.

However,

Su Chen has no impression of the Starfall Empire at all. It seems that he can only After going to the Western Continent in the future, he will be able to find some familiar plots

"Everyone, please rest quickly. Once you have rested, we can go on the road tomorrow."Su Chen waved his hands to the girls, and he sat on a bunk inside to rest.

"You won't leave?"Qian Xueer asked in confusion when she saw Su Chen was about to lie down and rest.

Isabella and Elf Princess Sylph also looked at Su Chen.

They originally thought that there were so many women here. Su It should be impossible for Chen Chen to stay in the tent, but this shameless bastard actually wanted to lie down and rest, which made them feel bad.

Ning Zhongze, Zhao Linger and the other girls smiled and said nothing.

This was not the first time. ,

Su Chen's shamelessness, let people who don't know him see it today.

Xiao Xun'er was very speechless when she looked at Su Chen.

She knew that Su Chen couldn't leave.

She knew this bastard very well, and besides, the four sides of this bastard She was a beautiful maid, and she was probably his concubine.

Xiao Xun'er shook her head and lay down directly. The tension of the day made her a little tired.

She was too lazy to ask about these things.

Su Chen looked at Qian Xue'er and pointed to the tent. He said, "I know, this is my tent, and you still want me to leave? Qian

Xueer said matter-of-factly, "We are all women here, can't you leave like a gentleman?"

"I'm too lazy to pay attention to you. I'll rest in the tent today."

"You are so shameless!"

Qian Xueer saw Su Chen lying down directly.

She had no choice.

She couldn't possibly drive this bastard out of the tent, right?

"Madam, rest!" Aunt Yu next to Qian Xue'er patted her and said.

Qian Xue'er nodded and deliberately said loudly, "Okay, Aunt Yu, be careful when sleeping. That bastard is a pervert. Don't let that bastard take over. cheaper"

"Miss, please stop talking nonsense and take a rest."

The other women also lay down to rest one by one, and the tent suddenly became quiet.

However, there were still two women in the tent who were not resting.

Su Chen saw the one named Aunt Yu and the elf guard sitting on the side. As if he was standing guard for the women here.

Su Chen looked at the two of them and reminded them, "You should also rest. It is very safe with me here.""

Aunt Yu and the elf guard looked at each other and shook their heads. They would not believe that Su Chen had such ability. A great master dared to boast like this. This man was probably just a pretty boy. Seeing that

Su Chen did not persuade the two girls,

He didn't bother to persuade them anymore.

If it weren't for the fact that they were two beautiful women, Su Chen wouldn't have asked them many times.

At this time,

Isabella sat up and said to the two women, "Mo Yu, Diana, you guys should rest, nothing will happen to us with Su Chen here."

"this....."

Mo Yu and Elf Diana looked at each other and were very confused. They didn't expect Isabella to trust Su Chen so much. Could it be that this Su Chen was a hidden master?

"Get some rest and trust that bastard." Qian Xue'er also waved her hands to the two girls and said,

Qian Xue'er will not underestimate Su Chen now, spirit wine, and be calm when encountering monsters.

This bastard must not look simple, and this bastard can carry several women appeared in this dangerous forest without even a single injury, which made her very curious about Su Chen.

No wonder this bastard was attracted by her mother. I am afraid that this bastard also hid his cultivation level.

Dark In the forest, it is impossible to distinguish between day and night, but today the women in the tent fell asleep quietly. The thrilling day may have made these women very tired.

Outside the tent, more than ten guards of Xiao Xuner took turns to guard There was a guard outside the tent, and at this moment,

Xiao Huohuo and Tangshan left quietly. They wanted to leave this independent space while it was safe. It was too dangerous here. They didn't want their descendants to die here.

Tent Here, after Xiao Huohuo and the four Tangshan people left,

Su Chen patted Qingying in his arms and let her fly out. Su Chen didn't want Xiao Huohuo and the others to leave safely without giving them some fun. I'm so sorry for these protagonists.

Su Chen turned around and saw Xiao Xun'er's delicate face.

He quietly moved to Xiao Xun'er and hugged her thin waist. Xiao Xun'er's body suddenly trembled. There was no response. Su Chen smiled, hugged Xiao Xun'er and closed his eyes.

In the forest, four figures were moving quickly, but they didn't notice at all that a small cyan bird had been following them.

While Xiao Tian was moving quickly with Xiao Huohuo, he reminded others, "Be careful, there is a fighting saint (distraction realm) monster here, don't expose our aura."

"Um!"

Tang Shan's father Tang Hao led Tang Shan and nodded, preparing to quickly pass through the territory of this monster.

Ho ho ho!

At this time, the distraction realm monster here suddenly came to kill, which made Xiao Tian and Tang Hao immediately protected Xiao Huohuo and Tang Shan and wanted to leave here quickly.

Boom!

A huge beast slapped them hard, and Tang Hao and Xiao Tian immediately evaded it.

"It's a demon ape, leave quickly, we can't kill it"

"Walk!"

Boom boom boom!"

"damn it!"

The demon ape's huge claws kept attacking it and the others, and even the surrounding soil changed. Earth walls suddenly appeared blocking their way.

"Let's kill it together, otherwise we'll all die here"

"Giant sky hammer!"

"Tianfeng Sword!"

Boom boom boom....

After Tang Hao and Xiao Tianba placed Xiao Huohuo and Tang Shan in a safe place, they took action against the demon ape.

Ho ho ho.....

In a corner of this forest, a powerful battle broke out, and not far away,

Xiao Huohuo and Tang Shan looked at the battle not far away with worried faces.

Xiao Huohuo looked at the fierce battle in front of him and asked worriedly, "Can your father and my ancestors kill this demon ape?"

Tang Shan nodded and said in a positive tone, "Of course, the demon ape is just A monster in the distraction realm. My father, you and your ancestors are all in the same realm. They will definitely kill the demon ape."

"Hope so!"

In the tent,

Su Chen suddenly opened his eyes. He looked in one direction and smiled. He sensed the battle between the Demon Ape and Xiao Huohuo, and he didn't know if the Demon Ape could kill one or two people this time.

This At this time,

Xiao Xun'er blushed and whispered to Su Chen, "You bastard, take your hand away, or I will kick you out of the tent.""

"sleep!"

"You are so shameless!"

Chapter 1504

In the independent space, six hours passed.

In the tent, women woke up one after another.

However, when they saw Su Chen still sleeping with Xiao Xun'er in his arms, they were all speechless.

This shameless bastard actually slept with a woman in his arms in front of everyone. They really had nothing to say to Su Chen, and they didn't know whether to wake up this shameless bastard.

Qian Xueer clenched her fists and wanted to go over and beat this shameless pervert severely. She would definitely tell her mother about this, and she would definitely let her mother sever ties with this bastard in the future.

"Um? Have you all had a rest?"

At this time,

Su Chen felt something strange and opened his eyes. He saw all the girls looking at him. Su Chen waved his hand and asked,

"Shameless!"

Qian Xueer couldn't help but cursed when she saw Su Chen's shameless look,

"Qian Xueer, I am too lazy to be familiar with you." Su Chen sat up and rubbed his arms that were numb from Xiao Xun'er's pressure and said,

"Huh, you pervert!"

Qian Xueer rolled her eyes at Su Chen and went out to wash up.

"Huh? Why is there a grass?"

Su Chen stood up and found a piece of grass in his chest.

This made him confused.

This glowing grass must not have been there last night.

Su Chen looked at the green warbler in his arms.

He suddenly thought that this grass was not there. Could it be Tangshan's mother?

Qingying couldn't just bring back an ordinary grass. Could it be that Tangshan's father died yesterday? Did

Qingying find this blue grass from the corpse? Or was Tangshan's father fighting with the magic ape? Did it fall during the fight?

Su Chen held the beady blue grass and shook his head.

He didn't expect Qingying to bring Tangshan's mother, but it was okay.

Su Chen decided to take care of her in the future. Cultivating this blue yin grass may really allow Tangshan's mother to reincarnate.

But will the transformed blue yin grass still be Tangshan's mother?

Su Chen put the blue yin grass into a jade box containing spiritual stones. After getting inside, he looked at Xiao Xun'er who was still pretending to sleep and smiled and said, "Xun'er, everyone else has left, you can get up. Xiao

Xun'er sat up and yelled at Su Chen, "You bastard, I hate you so much now."

She didn't expect Su Chen to be such a bastard.

This bastard hugged her to sleep yesterday, so let's go to sleep. But this bastard kept moving, otherwise she wouldn't have gotten up late today, and even let others see her in Su Chen's arms.

Su Chen hugged Xiao Xun'er and kissed her, saying, "Haha, but I love you so much."

"Let me go, how do you want me to see these people in the future?" Xiao Xun'er blushed when Su Chen kissed her and pushed him. She was worried that someone would come into the tent again.

"What's the point? You will be my woman from now on. What does these women have to do with us?"

"Shameless!"

"Su Chen, hurry up and bring out some delicious food. We are all hungry."

At this time,

Isabella shouted outside the tent,

"Let's go out and set off to find the ruins in space later." Su Chen pulled Xiao Xun'er and said,

"good!"

Outside the tent, the girls saw Su Chen and Xiao Xun'er with a red face coming out.

They all looked at them strangely.

The women here are all pretty good, and they heard all the conversations in the tent clearly.. They didn't expect that Su Chen would manage a little beauty in one night. Su Chen took some food and said to the girls, "What are you looking at? Hurry up and eat delicious food, we will set off soon." The Elf Princess Sylph said to Su Chen while eating the food, "Su Chen, Xiao Huohuo and Tang Shan have all left." Su Chen nodded and replied, "I know, they left when we were resting yesterday, so we don't need to worry about them."

"

"Shall we go look for the ruins later?"

Qian Xue'er looked at Su Chen and asked.

Su Chen took a sip of wine and said with a smile, "That's right, we will set off to look for the ruins in the space in a moment."

Isabella said worriedly, "But there is a powerful monster in front of us, and we can't get through it at all."

"Just because you can't make it doesn't mean I can't make it.

Qian Xue'er asked in surprise, "Su Chen, do you have a way to get there?"

"certainly!"

When Isabella and Elf Princess Sylph heard Su Chen's words, they were very confused.

The monster in front of them was very powerful. With their strength, they could not be the opponent of that monster. Is Su Chen really A hidden master?

Qian Xue'er looked at Su Chen with an expression that was indeed true. Her guess yesterday was definitely not wrong. This shameless pervert must be a powerful immortal cultivator.

Xiao Xun'er smiled. Without saying a word, she knew that Su Chen had a powerful green warbler in his arms. The Red Cloud Tiger would probably be frightened down if it sensed the Qing Ying's breath. The Red Cloud Tiger was not a threat to Su Chen at all.

The four Zhao Ling'er girls also smiled. Looking at Su Chen, they all knew about Qingying.

They were not worried about the danger in searching for the ruins. With the overlord of this space by their side, this space was as safe as their back garden.

Half an hour later, the girls packed up their belongings and set off with Su Chen.

Some of them wanted to know how this bastard would deal with the powerful Chiyunhu.

Hohohoho.....

After Su Chen and others approached Chiyunhu's territory, Chiyunhu roared when he felt the human aura.

However,

Su Chen didn't pay attention at all. He led everyone towards Chi Yunhu's territory step by step.

Ho ho ho.....

At this time, the Red Cloud Tiger kept roaring anxiously.

It also felt the presence of Qingying.

Although the Red Cloud Tiger wanted to escape, it kept looking back at him. The Red Cloud Tiger kept looking back at its cave. The Red Cloud Tiger was anxious at the entrance of the cave. Walking around and yelling.

On the way,

Isabella was very worried when she heard the roar of the Red Cloud Tiger, but after a while, she did not notice the arrival of the Red Cloud Tiger.

This made Isabella confused and asked,

"Huh? The Chiyun Tiger kept shouting and didn't come to attack us? What exactly is going on?"

The Elf Princess also said in confusion, "It's a little strange. It seems that Chi Yunhu is very anxious. What is going on?"

"Sylph, could this be because of Suchen?" Isabella looked at the people around and asked Sylph.

The elf princess Sylph nodded and said with a serious face,

"It's possible, Isabella. I had doubts when the Red Cloud Tiger didn't chase us yesterday. Now I'm very sure that it was because of Su Chen's presence that the Red Cloud Tiger didn't continue to chase us."

After the other girls heard the conversation between Isabella and Sylph, some women looked at Su Chen in front of them. They were now very curious about Su Chen. How could Su Chen make the powerful Chi... Yunhu is also afraid of him?

Chapter 1505

Su Chen ignored the girls.

He looked around and walked towards Chiyunhu.

Su Chen wanted to know why Chiyunhu didn't run away when he clearly sensed Qingying's presence. Is there really a treasure in Chiyunhu's territory? Or does the Red Cloud Tiger have cubs?

After a while,

Su Chen led everyone to a huge cave, and a huge red cloud tiger lay on the ground and kept roaring, but its voice became lower and lower, and even its body kept trembling.

"this....."

Isabella was very confused when she saw the Red Cloud Tiger.

Is this the same Red Cloud Tiger that killed them before?

This was simply a huge little kitten.

Chiyunhu was lying on the ground trembling, making her eyes shine brightly when she looked at Su Chen. This bastard was indeed no ordinary person.

The elf princess looked at the trembling Chiyunhu and said in surprise,

"Is this possible? The Red Cloud Tiger is a monster that is even more powerful than the Sky Magic God. How can it be afraid of a human like Su Chen?"

The elf guard Diana looked at Su Chen in front of her, and she whispered to the elf princess, "Princess, this human is not simple. You can befriend him."

"Make good friends? How to make friends? Do I want to give you to this shameless pervert?" The elf princess Sylph shook her head and said speechlessly.

She also discovered that Su Chen was a pervert. Not to mention other women, it was this bastard who brought four beautiful maids. She could tell that Su Chen was a pervert. Evil ghost.

How to make friends with this bastard?

Money?

Or treasures?

This bastard is so powerful that money and treasures are simply not useful to him.

Do you want to marry a human?

This is even more impossible.

She will be an elf empire in the future. How could the queen marry a human? Even this human is a shameless pervert

"Princess....."

When the elf guard Diana heard Sylph's words, she blushed and hurriedly lowered her head.

She was really worried that Elf Princess Sylph would let her marry Su Chen, and she was unwilling to marry a human, even a human far away from the Elf Empire of the Western Continent.

Qian Xueer looked at Su Chen and clenched her fists tightly.

She had no confidence that she would be able to kill this adulterer in the future.

This bastard was too powerful.

A soul-god realm monster was so afraid of Su Chen. She would do this in the future. Only then can I kill this adulterer?

Xiao Xun'er's guards were very happy when they looked at Su Chen.

They could see the relationship between Xiao Xun'er and Su Chen, and Su Chen might be the uncle of their ancient clan in the future.

In the future, if the Ancient Clan has such a powerful uncle, their Ancient Clan will truly be the number one family in the Southern Continent, and will not even be replaced for thousands of years to come.

Zhao Ling'er and Ning Zhongze looked at it without saying anything.

They all knew that this was Qingying's fault.

If it had been Su Chen, he would have escaped long ago and would not even dare to face Chiyunhu.

"The bastard who pretends to be powerful!" Xiao Xun'er looked at Su Chen and whispered.

When Su Chen heard Xiao Xun'er's words, he patted her on the head.

He turned around and said to everyone,

"You all stay, I'll go take a look!"

The girls all nodded, and they did not dare to move forward any further.

Although Chiyunhu did not dare to attack them, and even lay on the ground with a look of fear, Chiyunhu's powerful aura made them also Not daring to move forward.

Su Chen walked towards the Red Cloud Tiger step by step, and the Red Cloud Tiger became even more uneasy, and its body trembled even more.

"Kitten, don't be afraid, I won't hurt you"

"Ho ho ho ho....."

Su Chen was very speechless when he heard the roar of the monster.

Come on, you, the Red Cloud Tiger, are already a monster in the Cave Void Realm.

Why can't you speak human words?

Is it impossible for the monsters in this independent space to speak?

Su Chen couldn't figure out what was going on.

As long as the monsters cultivated to the Yuanying realm, they should be able to speak human words. The space here is really special.

Su Chen looked at Chiyunhu and threatened,"Kitten, come with me into your cave and take a look, otherwise you should understand the consequences."

Although Chiyunhu couldn't answer,

Su Chen knew that it should understand human speech..

Su Chen looked at the Red Cloud Tiger and walked towards the cave.

When the Red Cloud Tiger saw that Su Chen was about to enter the cave, it rushed into its cave first.

Su Chen was very surprised when he walked into the cave.

There was no strange smell at all.

Su Chen originally thought that the cave would smell very unpleasant, but he did not expect that it would be very cool and even have a faint fragrance.

Ho ho ho.....

At this time, suddenly there were several small red cloud tigers in the cave that kept roaring. Su Chen saw the three small red cloud tigers and understood. The red cloud tiger has been refusing to leave, maybe because of its children.

"Kittens, I'm not a bad person, you don't have to be afraid." Su Chen looked at the Chiyun tiger cub, which was as big as a puppy, and he smiled and said,

"Choo Choo Choo!"

At this moment,

Qingying suddenly came out of Su Chen's arms and flew towards it.

"Damn it, Su Ying, don't run around." Su Chen shouted hurriedly when he saw Qing Ying flying into the cave.

Su Chen was worried that after Qing Ying left, the Red Cloud Tiger would suddenly attack him.

Ho ho ho ho.....

At this time, the three little red cloud tigers immediately surrounded Su Chen. They all looked at Su Chen curiously but did not attack.

The adult Chiyunhu kept staring at Su Chen.

Su Chen looked at these three little Red Cloud Tigers speechlessly. These Red Cloud Tigers had probably never seen anyone before, so they were curious about him.

Whoosh!

At this time,

Qingying flew back quickly. It nodded to Su Chen and looked deep into the cave.

"Su Ying, do you mean there are good things in it?"

"Choo Choo Choo!"

"Go and have a look!"

Su Chen immediately walked towards the depths of the cave. He also wanted to see if there were any treasures deep in the cave.

After Su Chen walked for almost a mile, the depths of the cave were almost at the end, and there was a sparkling light in one place. At the spring,

Su Chen saw a purple flower. This purple flower actually opened seven small petals, and it smelled very fragrant.

"This is? What a fragrant flower? Is this a spiritual flower?" Su Chen looked at this purple flower and was very confused.

"Choo Choo Choo!"

At this time,

Qingying fell directly into the spring and drank the spring water, calling to Su Chen from time to time.

"Su Ying, is this spring also a spiritual spring?"

"Choo Choo Choo!"

I'll do it!

This is really hard work.

Su Chen felt very helpless when he saw Qingying who couldn't speak.

Su Chen directly communicated with the system and asked,

"System, what are these?"

"Ding, host, you are in good luck. This purple flower is the Heavenly Spirit Flower, which is also very rare in the ancient fairy world.

"Eating a petal of the Tianling Flower can elevate you to a realm below the Golden Fairyland."

"Although this Heavenly Spirit Flower is not as powerful as the Heavenly Spirit Flower in the fairy world, eating a petal can also improve one or two realms of the immortal cultivator."

Chapter 1506

Su Chen was very surprised when he heard the system's explanation,

Tianling Flower?

Or is it the fairy flower that was also very scarce in the ancient fairy world? Can you even reach a higher realm in Fairyland?

Forehead!

It must be below the Golden Immortal Realm.

However, this Pearl Sky Spirit Flower definitely does not have that great effect, but it is also very good to be able to improve one or two major realms in the Immortal Cultivation Realm.

There are seven petals of the Heavenly Spirit Flower here, and his women's strength will increase dramatically this time.

Su Chen looked at the spiritual spring next to him and continued to ask, "System, what is the use of this spiritual spring?"

"Ding, this is Qingling Spring. It is a spiritual spring that cultivates exotic flowers and herbs. It is even easier to use than spiritual stones. It tastes sweet and refreshing. Drinking more of it can even help maintain your appearance."

"This is not bad. System, can we take this spiritual spring away?"

"Ding, yes, the system can be moved to the system space."

When Su Chen heard that they could be moved to the system space, he hurriedly urged, "Hurry up and move both Lingquan and Tianling Flower to the system space."

Boom!

There was a sudden sound in the cave, Lingquan suddenly disappeared into the cave, leaving a deep pit in the cave, and Tianlinghua also disappeared into the cave.

Su Chen looked at the cave and also There were no other items, so he was ready to leave.

When Su Chen came to Chi Yunhu, he thought about it.

After all, this is Chi Yunhu's territory, and the spiritual spring is probably what Chi Yunhu has been drinking.

Su Chen started from the system Take out ten spiritual stones from the space,

"Chiyunhu, I took away the spiritual flowers and spiritual springs inside. In this way, I won't take your treasure in vain. Here are ten elementary spiritual stones, which I will use as compensation for you."

"Ho ho ho....."

Damn it,

Su Chen looked at the roaring Chiyunhu in confusion and said,

"I can not understand what you say? If you agree, you nod, if you disagree, you shake your head."

Chi Yunhu nodded to Su Chen and shook his head.

Come on!

What does this mean?

Do you agree or disagree?

"Choo Choo Choo!"

Qingying looked at Chiyunhu and then at Su Chen and shouted.

Su Chen patted his forehead and walked out of the cave.

He was really speechless to Qingying and Chiyunhu.

He couldn't listen at all. Knowing these animal languages, Su Chen could only go outside to see who could understand what it meant.

Maybe the butterfly demon should know.

After Su Chen came out of the cave, the red cloud tiger followed Su with three little red cloud tigers. We came out together in the morning

"Su Chen, have you subdued the Chiyunhu family?" Xiao Xun'er saw the first and third little Red Cloud Tigers coming out with Su Chen. She was surprised and asked Su Chen. The other girls were also looking at several little Red Cloud Tigers from a distance. None of them Thinking that there were three little Red Cloud Tigers in the cave, they all thought that Su Chen was going to take these Red Cloud Tigers away.

"Um?"

When Su Chen heard Xiao Xun'er's words, he hurriedly turned back to look at Chi Yunhu. Su Chen felt that Chi Yunhu was not following him just now.

Su Chen looked at Chi Yunhu and nodded and asked," Chiyunhu, do you want to leave with me? If you want to leave with me, just nod."

"Roar!"

The Chiyunhu looked at Su Chen and nodded its huge head.

Damn it!

It turns out that the Chiyunhu wants to leave with me!

It's him, no wonder the Chiyunhu nodded and shook his head just now.

Su Chen looked Looking at Chi Yunhu, he was very speechless.

However, it is not bad to have a monster from the Cave Void Realm.

When he encounters danger in the future, Chi Yunhu will take action, and he will feel much more relaxed. Besides, Chiyun Tiger can also be used as a mount, so Lafeng's mount was also very impressive.

Su Chen flew onto Chiyunhu and said loudly, "Let's go and find the ruins here."

Hoar!

Chiyunhu roared and set off with three little Chiyunhus.

This made the rest of the people look confused.

Su Chen just left like this?

Didn't Su Chen ride on Chiyunhu ? Did they leave after they did?

Did that bastard forget them?

Whoosh!

At this time,

Chiyunhu came back quickly. Su Chen felt very embarrassed when he looked at the girls. He really forgot about the girls just now.

Su Chen Looking at the girls, he shouted, "Qingniao, Xun'er, Ning Zhongze, Butterfly, Ling'er, come up quickly, let's go together on the Red Cloud Tiger to find the ruins."

Isabella didn't expect that Su Chen didn't care about their girls. This made Isabella angrily yelled at Su Chen and asked,

"Su Chen, what about us?"

Su Chen looked at Isabella and the others and said,

"You can go on your own, and besides, didn't you say I'm a pervert? We are sitting together on the Red Cloud Tiger, aren't you afraid that I will do evil to you?"

"You bastard, we also want to ride the Red Cloud Tiger."

Isabella said, pulling the elf princess Sylph and flying onto the back of the Red Cloud Tiger. She didn't care what Su Chen said, anyway, she was already sitting on this powerful Red Cloud Tiger.

Whoosh!

Qian Xueer also flew onto the back of Chiyunhu.

She didn't care whether Su Chen wanted it or not.

How dare her mother's adulterer drive her down?

Su Chen looked at the women and shook his head. He had originally There's no point in abandoning them, these women are all too tough.

"Mo Yu, Diana, come up too." Su Chen waved his hands and said while looking at the two remaining women.

Su Chen didn't want to keep these two women alone.

One is a charming and beautiful woman and the other is a beautiful elf. These are both very beautiful beauties. , Su Chen, who has always been sympathetic to her, would not let them continue to walk to the mainland.

"Thank you, Mr. Su." After Mo Yu and Diana thanked Su Chen one after another, they also flew on the back of Chiyun Tiger.

Su Chen waved to the remaining people and set off, and the remaining guards followed quickly. Go up.

Hangzhou City,

Hongyue Plain, sixty miles away from Hangzhou City, the 600,000-strong army of the Song Dynasty and more than 200,000 troops from various cities in the south have already assembled here.

In a large tent, more than ten The generals all looked respectfully at the middle-aged man sitting at the head. This middle-aged man was Zhao Lijian, the prince of the Song Dynasty.

This time the Song Dynasty court wanted to annihilate Lord Wu Xiang of Hangzhou City, but after the failure of the last war, this time too Prince Zhao Lijian volunteered to attack Hangzhou City.

A general looked at the middle-aged man and bent down to report, "General, Hangzhou City has assembled in the Red Moon Plain. This time, 400,000 troops have arrived in Hangzhou City."

Zhao Lijian frowned when he heard the general's words and asked, "An army of 400,000? So many troops coming from Hangzhou City? Didn't it say that Hangzhou City has 100,000 troops?"

Another general hurriedly guessed, "Commander, these may be the new soldiers that Wu Xiangjun of Hangzhou City has just recruited this year.""

Zhao Lijian nodded, stood up and ordered loudly,

"Well, it is possible to order the army to dispatch and destroy these rabble in Hangzhou City today. Hangzhou City is also the Hangzhou City of our Song Dynasty."

"Yes, handsome!"

On the Red Moon Plain, two huge armies appeared in opposition on the Red Moon Plain, and the war that was about to break out was about to begin.

If this war of the Song Dynasty failed again, the southern part of the Song Dynasty would probably change hands. The army here is the entire army of the Southern Song Dynasty. If the army here is defeated, then the Southern Song Dynasty may have no troops available.

Chapter 1507

On the Red Moon Plain,

Mu Guiying appeared on horseback in front of the black-armored army. She looked at the dark Song army opposite and shook her head.

The commander-in-chief of the Song Dynasty did not arrange his troops at all, and he did not even arrange the most basic military formations. Are these Song armies going to swarm in one fell swoop? This is really weird.

Mu Guiying looked at the Song army and ordered, "The third black armored cavalry regiment is responsible for the right wing, and the fourth black armored cavalry regiment is responsible for the left wing.""

"Yes, Commander!"

"The first, second, and third black armored armies defeated the enemy frontally, and the seventh army encircled them from the rear flank. No one from the Song Dynasty army could be let go."

"Yes, Commander!"

"The Sixth Black Armored Legion, ready to support at any time"

"Yes, Commander!"

Mu Guiying was riding on the horse.

She said to the regiment commander here with a serious expression,

"Gentlemen, this is the first foreign war of our Northern Combat Corps, and it is for Your Majesty.....It's the first foreign war fought for the sake of your lord."

"Our northern combat corps cannot embarrass your Majesty, nor can we let other combat corps look down upon us."

"Among the four major combat corps in the southeast, northwest and northwest, our northern combat corps is inferior to Huang Rong's southern combat corps, not as good as Li Xiuning's eastern combat corps, and even Shen Luoyan's western combat corps."

"But this time, your Majesty just let our Northern Combat Legion arrive. This is an opportunity for our Northern Combat Legion, and it is also your Majesty's trust in our Northern Combat Legion."

"Gentlemen, for your Majesty's trust in us and for the glory of the Northern Combat Corps, we must win this war."

The seven commanders of the Black Armored Corps immediately saluted Mu Guiying and said,

"It is not a pity to die for your Majesty! For the glory of the Northern Combat Legion, fight bravely to kill the enemy!"

At this time, the thirty-five black-armored legions all shouted in unison,

"It is not a pity to die for your Majesty! For the glory of the Northern Combat Legion, fight bravely to kill the enemy!"

"It is not a pity to die for your Majesty! For the glory of the Northern Combat Legion, fight bravely to kill the enemy!"

"It is not a pity to die for your Majesty! For the glory of the Northern Combat Legion, fight bravely to kill the enemy!"

"Prepare for war!"

"Yes, Commander!" woo woo woo woo.....

At this time, the black-armored army took action, and each black-armored phalanx began to dispatch towards the Song army on the opposite side of the Red Moon Plain.

At this moment, at the headquarters of the Song Dynasty, Zhao Lijian heard the cry of the black-armored legions, and even the black-armored phalanxes were dispatched one by one.

This made Zhao Lijian panic and yell,

"Is this a mob? Are you all idiots? The army in Hangzhou City is stronger than our Song Dynasty army at first glance. Is this the army he just recruited?"

A general said hurriedly to Prince Zhao Lijian,

"Commander, the army in Hangzhou City has been underestimated by us."

"But Hangzhou City's army does not have 400,000 troops. In the Red Moon Plain, Hangzhou City's army only has 350,000 troops, but we have nearly 800,000 troops.

Another general saluted Zhao Lijian and said, "Yes, Marshal, if our army swarms forward, the army in Hangzhou City will be destroyed by us soon."

Zhao Lijian waved his hand and ordered,

"Okay, it depends on you whether you can defeat the army in Hangzhou City, so go prepare for war!"

"Yes, handsome!"

Dong dong dong dong.....

At this time, the war drums of the Song Dynasty also sounded, and the 800,000-strong Song Dynasty army began to rush towards the black armored army.

"Kill, rush for me, destroy the army in Hangzhou City, and be promoted to a higher rank today."

"Go!"

"Kill, I want to be promoted to a higher rank"

"If you rush and kill more enemies, you will be rewarded with money and titles."

The soldiers of the Song Dynasty army rushed towards the black armored army with shouts.

"Archers prepare, release!"The commander of the Black Armored Legion gave the order with disdain when he saw the Song Dynasty army rushing over in chaos, and swish swish.....

A hail of arrows shot and killed the Song army on the opposite side.

"ah....."

"Shield, raise the shield quickly, ah...."

"Save me, save me, ah, don't step on me..."

"I'm hit by an arrow, please help me!"

After several rains of arrows from the Black Armor Legion, the front army of the Song Dynasty became completely chaotic. Screams, cries for help, and even the wails of being trampled to death kept echoing on the battlefield.

"The crossbow is ready, let go!"

Swish swish swish.....

"Tens of thousands of troops charged into the battle, slaughtering the enemy troops for the sake of your Majesty and the glory of the Northern Combat Legion!"

"Kill, kill, kill!"

The tens of thousands of troops of the Black Armored Legion shouted and quickly rushed towards the Song Dynasty's army.

Boom!

After the two armies collided, the Song Dynasty army was defeated by the Black Armored Legion.

The soldiers of the Black Armored Legion, a The lowest level of cultivation is the existence of the peak of acquired heaven. The centurion and commander of thousands in the innate level are even more difficult for the Song Dynasty army to compare with.

Mu Guiying shook her head when she looked at the forms on the battlefield. Said, "The Song army was simply vulnerable, which made me worried for several days."

Whoosh!

Xiao Qing and Shui Rou (Mrs. Ye Di) appeared next to Mu Guiying in an instant. When the surrounding black-armored guards saw Xiao Qing and Shui Rou appearing, they all hurriedly knelt down and saluted.

Mu Guiying saw Xiao Qing and Shui Rou. When Qing and Shuirou appeared, she smiled and asked,

"Did you find anything?"

Shuirou looked at the situation on the battlefield and said to Mu Guiying, "Yes, there are several powerful people in the command of the Song Dynasty. There are three people in the Nascent Soul realm and about ten in the Golden Core realm."

Mu Guiying was very surprised when she heard Shui Rou's words. She didn't think that the Song Dynasty's army was not very good, but there were really many masters.

Mu Guiying looked at Xiao Qing and Shui Rou and said worriedly, "No Thinking that there are so many powerful people in the Song Dynasty, are you two rivals? Do you want Xiaobai to come over too?"

Xiao Qing smiled and said to Mu Guiying, "No, although those people are at the same level as us, they are masters who have been piled up by pills. It is easy for us to kill them."

"That's fine."

Mu Guiying was relieved after hearing Xiao Qing's words.

As long as Xiao Qing and Shui Rou can destroy those immortal cultivators, this war will be very easy. She also has to think carefully about occupying the southern part of the Song Dynasty in the future.

The war lasted until the afternoon, and by this time the Song army had begun to retreat. After four or five hours of fighting, more than half of the more than 800,000 Song army had been wiped out, and the remaining troops had begun to retreat. He was about to run away in a commotion.

Wuwuwu.....

Da da da.....

At this time, the black-armored cavalry on both wings were dispatched. One hundred thousand black-armored cavalry quickly killed the Song army from the left and right wings.

"Surround the enemy troops and don't let anyone go."

Chapter 1508

In the mysterious space,

Su Chen and the others have searched many places, but there are no traces of the ruins at all. In this forest without sunlight, Su Chen is gradually losing his patience.

In this space,

Su Chen cannot use his energy at all. No matter how hard you look, you can't even tell the difference between east, west, north and south.

Su Chen didn't know how long it would take to find the ruins.

This space is not small.

Even if they search here for several years, they may not be able to completely explore this space.

By a river,

Su Chen and the girls were resting here. Although they were not tired, they couldn't stand the humid and dark forest climate after wandering around in the forest for a day.

Su Chen took a sip of wine and asked, frowning,

"Xun'er, don't you have any clues? For example, what mountains are there? What rivers are there?"

Xiao Xun'er shook his head and replied,

"No, we only have one way to enter this space. We have no idea what is going on here."

"This is difficult!" When Su Chen heard Xiao Xun'er's words, he lay on the grass and said helplessly.

This space is extremely vast. If he continues to search, he doesn't know how much time will be wasted.

Su Chen doesn't want to continue to waste time in this space.

Xiao Xun'er looked at Su Chen lying down and asked,

"Why don't you go wash up? Su

Chen shook his head and replied, "Forget it, those women are in the river. If I go there, I will be regarded as a pervert."

Su Chen actually wants to go, but Xiao Xun'er is here watching him.

Can he go?

Xiao Xun'er must have said this on purpose just now. This little beauty is cunning and cunning.

Ho ho ho.....

Three little Red Cloud Tigers were playing around, while the adult Red Cloud Tiger was practicing in front of more than a dozen spiritual stones.

"Suchen, come quickly, Sylph is missing."

At this time,

Isabella suddenly shouted in the river, and

Zhao Ling'er also shouted, "The butterfly is also gone. What's going on? Why did they suddenly disappear?"

Su Chen and Xiao Xun'er heard the call, and they hurriedly ran towards the river.

When Su Chen came over the river, he immediately opened his eyes wide.

There was a field of white flowers in front of him, which made Su Chen almost have a nosebleed. It all flowed out.

Su Chen suppressed the throbbing in his heart and asked hurriedly, "What's going on? How could Sylph and Butterfly disappear for no reason?"

"We don't know whether they were still here just a moment ago or they suddenly disappeared."

When Xiao Xun'er saw Su Chen looking around with his big eyes open, she grabbed Su Chen's waist and hurriedly reminded the girls, "Don't say anything anymore and put on your clothes quickly. This bastard has ruined your innocence. Seen it all"

"ah! Shameless pervert!"

"Asshole, leave now"

"Hurry into the river"

"Master Su, please leave first!"

When Isabella and Zhao Ling'er heard Xiao Xun'er's reminder, the women all screamed in panic.

Su Chen was speechless looking at these women.

He had seen everything he should have seen just now. , I've seen everything I shouldn't have seen, these women have no use hiding now.

"You all leave, and I will go down to the river to take a look. Remember, you are not allowed to go into the river again without my order."

Su Chen said to the girls and jumped directly into the river. Although he couldn't swim, he could hold his breath. Su Chen also wanted to see what was weird in the river.

After Su Chen jumped into the river , other women came out of the river one after another. They were also worried about something strange in the river. The instant disappearance of Sylph and Butterfly also made them very worried.

By the river, after all the women came ashore and put on their clothes,

Qian Xue'er pulled Mo Yu and asked in a low voice, "Aunt Yu, didn't that bastard see me just now?"

Mo Yu lowered his head after hearing Qian Xue'er's words and replied, "Miss, I.....I don't know, I was confused at the time and had no idea."

Mo Yu just found that Su Chen had been staring at her, which made her feel very ashamed and angry. She didn't expect that her innocence for many years would be ruined by this bastard.

"Huh, even though that bastard didn't do it unintentionally this time, I can't let that bastard go. Aunt Yu, you have to help me teach that bastard a lesson in the future."

Mo Yu shook his head and persuaded,

"Miss, Young Master Su is very powerful. We are no match for Young Master Su. Look at Chi Yun Hu next to you. Who do you think in our Spirit Empire can defeat Chi Yun Hu?"

Qian Xue'er was discouraged after hearing Mo Yu's words.

Although Su Chen's strength was unknown, they were not able to deal with a Red Cloud Tiger in the Fighting God Realm.

Suddenly,

Qian Xue'er looked at the Red Cloud Tiger next to her and smiled. Get up

"Haha, Aunt Yu, although we can't take revenge, we can bring Chiyunhu back to the Spirit Empire. That bastard Su Chen is my mother's adulterer. He shouldn't object, right?"

Mo Yu nodded quickly after hearing Qian Xue'er's words and said,

"Miss, this is okay!"

"If only our Spirit Empire had the Red Cloud Tiger"

"Her Majesty the Queen will definitely be even more powerful, and the Queen will not have to worry about other empires uniting to deal with our Spirit Empire, and the young lady will no longer have to hide her identity in the future."

Qian Xueer heard that Mo Yu also agreed with her idea, which made her laugh.

She must take Chi Yunhu away this time. Even if she betrayed some of her mother's secrets, Chi Yunhu must also be taken away. , Qian Xueer also wanted to get such a cool mount.

The other women looked at the river nervously. Although some of their faces were red, the sudden disappearance of Sylph and Butterfly made them worried that something would happen.

At this moment , in the river, after Su Chen jumped into the river, he discovered that there was a whirlpool in the river, and the whirlpool was still moving. Su Chen thought about it and quickly rushed into the whirlpool.

Boom!

After a while of rolling,

Su Chen appeared in a stone hall. This surprised Su Chen. He did not expect that the whirlpool actually led to a palace. Could this be the ruins?

Su Chen inspected the hall.

After a while, he The unconscious elf princess Sylph was found on this stone platform, but Sylph's face was red and looked very strange.

Su Chen hurriedly walked over to help Sylph and shouted, "Sylve?" Sylph, are you like this?"

I guess!

Could it be that Sylph was drugged?

Su Chen saw a box dropped next to Sylph and guessed that Sylph could have taken the box from the stone platform and got hit by a trap.

"Suchen, me.....I am hot!" Sylph opened her eyes and saw Su Chen, her face was red, she hugged Su Chen and shouted.

Su Chen looked at Sylph's infatuated look and hurriedly shouted, "Oh my god! Just wait, I'll get you some water"

"Su.....Suchen, me.....I...."

"Hill.....Woohoo!" Su Chen was stunned when he was hugged and kissed tightly by Elf Princess Sylph. He wouldn't be pushed back this time, right?

Chapter 1509

In a corner of the palace,

Su Chen and Elf Princess Sylph were sitting together.

However, both Su Chen and Elf Princess Sylph looked very bad.

Elf Princess Sylph did not expect to be poisoned here, but Su Chen thought of the previous This made him feel unhappy.

The elf princess was very ashamed and angry when she saw Su Chen's dark face. They already had a close relationship with this damn bastard

, but this bastard seemed unwilling to do so.

Are you really that bad?

Or does this bastard dislike her for being a foreigner?

"What are you doing, you bastard, with such a stinky face all the time? You've done this to me, do you still dislike me?"

Su Chen said to Elf Princess Sylph with a dark face,

"Can I be happy? I am a grown man, do you think I can be happy?"

"Inglorious bastard, shut up!" When the elf princess Sylph heard what Su Chen said, she was so ashamed and angry that she wanted to strangle this bastard to death.

"Sylph, please call me husband?"

"roll!"

The elf princess Sylph was really speechless towards Su Chen.

She and Su Chen had known each other for more than a day, but in just over a day, these things happened. This made the elf princess Sylph very... Helpless.

Sylph thought that if she returned to the Elf Empire in the Western Continent in the future, she didn't know how to explain it to her mother. She hoped that her mother would not blame Su Chen, otherwise she would be in trouble in the future. The

Elf Princess Sylph suddenly felt Su Chen's ear was being touched. She hurriedly opened Su Chen's hand and yelled angrily, "Asshole, don't touch my ear. Su

Chen smiled and said, "Haha, I heard that men cannot touch the ears of elves. Now that I am your husband, I should be able to touch your ears.""

"Go away!"

Su Chen smiled and stood up.

He looked around and said to Sylph,

"Sylph, you wait here. I'll call Isabella and the others. Don't touch anything anymore, otherwise I will have to sacrifice my life to save you."

"you.....You are such a dog that you can't spit out ivory from your mouth. I won't touch anything again. Su

Chen suddenly thought of the butterfly demon and hurriedly asked Sylph, "By the way, have you discovered the butterfly?" She was also sucked into the vortex. Sylph shook her head and replied, "No, I didn't find anyone when I showed up here. By the way, how do I get out of here?" do you know?"

Sylph didn't expect that someone else would be sucked into the whirlpool like her, which made her very worried about the butterfly.

This palace is very big, and she didn't know if the butterfly demon would encounter the same trap as her.

Su Chen clicked He nodded and explained,

"I know that when I came here, I left a space node. I can leave at any time and come back at any time."

"Then I'll wait for you here!"

Su Chen nodded to Sylph and disappeared instantly.

After Sylph left, she hurriedly tidied up her dress.

She was worried that other women would notice something strange about her.

If she let Those women discovered her relationship with Su Chen, which must have been very embarrassing.

After a while,

Su Chen appeared in front of Sylph holding Isabella and Zhao Linger. Su Chen left Isabella and Zhao Linger behind. Then he disappeared again.

Several times in a row,

Su Chen brought in Ning Zhongze, Xiao Xun'er, Qingniao, Mo Yu, Elf Diana, Qian Xue'er, and other women one by one. These women did not expect that,

The ruins they had been looking for turned out to be at the bottom of the river.

This time, had it not been for the sudden disappearance of Sylph and Butterfly, they would never have guessed that the ruins would be here.

The women talked with Sylph for a while, and they. They all looked at Su Chen. This was an ancient ruins and they all wanted to try their luck.

When Su Chen saw the women looking at him, he also knew what these women were planning.

Su Chen waved his hands to these women and gave instructions. road,

"You can form a team to explore this palace together, but be aware that some items have mechanisms, so you must be careful when opening them."

"We'll be careful, bye." Qian Xue'er said to Su Chen, pulled Mo Yu and left.

Isabella, Sylph, and Elf Diana left together.

Zhao Ling'er and Ning Zhong nodded to Su Chen and left.

The rest were left. Xiao Xun'er and Qingniao teamed up and left quickly.

What the hell!

None of these women wanted to team up with him?

Damn it.

Su Chen was very depressed when he saw the girls leaving quickly one by one.

None of these women wanted to be with her. Was he disliked by all the women?

Qingniao and Ning Zhongze also ran away. They were their maids, and they even abandoned their master.

And Sylph Xiao Xun'er and Xiao Xun'er, one of them was already his woman and the other was his future woman, they all ran away one after another.

Su Chen shook his head and walked towards a side hall.

In the Red Moon Plain, the war has already begun It's coming to an end.

The Song Dynasty's more than 800,000 troops were completely defeated this time. The more than 800,000 troops suffered four to five million casualties. The rest either knelt down and surrendered, or fell to the ground with injuries and screamed. Whoosh whoosh whoosh whoosh..

Boom boom boom, at the headquarters of the Song Dynasty,

Miss and Shui Rou are fighting with the immortal cultivators here.

Several of the more than ten powerful immortal cultivators have been killed, and it is only a matter of time before the rest are killed.

At this moment,

Zhao Lijian, the prince of the Song Dynasty, was almost scared to death.

There were less than 10,000 Song Dynasty troops around him, and his escape route was blocked by the troops from Hangzhou City.

He couldn't escape even if he ran away now.

He had originally He also hoped that the immortal cultivators could rescue him, but these immortal cultivators couldn't even defeat two women. Several immortal cultivators were killed in a row.

Zhao Lijian was desperate now.

He originally thought it was an opportunity to make meritorious deeds. Who knew that this would be the place where he died. He now hoped that the generals of Hangzhou City would not kill him soon.

A Nascent Soul cultivator discovered the demonic aura on Xiao Qing's body, and he shouted in surprise: ,

"Demon, you woman is actually a demon. I didn't expect that Hangzhou City would collude with the demon. Our Tianshi Mansion will not let you go."

The young lady shouted to this person in the Nascent Soul Realm with a cold look on her face.

"You'd better die first!"

Boom!

After another Nascent Soul cultivator was beaten back by the young lady, he hurriedly said to the remaining six people,

"Let's all run away separately. We need to tell all the sects and sects about Hangzhou City's collusion with demons."

"No one can escape, kill!"

"If you want to escape, you should all stay!"

When Xiao Qing and Shui Rou saw these people trying to escape, they accelerated their attack to keep these people behind.

They couldn't let these people escape, otherwise these immortal cultivators would bring unnecessary trouble to Hangzhou City.

Boom boom boom.....

"Qingling Sword, points!"

At this time, a beautiful woman suddenly appeared here.

The spiritual sword in her hand suddenly transformed into thousands of spiritual swords and attacked the immortal cultivator who was about to escape.

Swish, swish, swish.....

In just an instant, these immortal cultivators who were about to escape were pierced by random swords one by one.

Each of these immortal cultivators fell to the ground and vomited blood.

The golden elixir realm cultivators were killed directly, and the remaining two The Nascent Soul Realm is almost dead

"Qingyun....point....Spirit sword? Who are you....Qing.. People from Yunmen? Why? for....what will help.....Helping the devil?"

Chapter 1510

On the battlefield, the immortal cultivators of the Song Dynasty were killed one after another by a beautiful woman.

Two powerful Nascent Soul cultivators were dying.

They saw that this beautiful woman was using Qingyun Sect's sword technique, which made them not close their eyes until they died.

Xiaoqing saw Suru killing the remaining immortal cultivators, which made her very confused about Suru's arrival.

They did not notify Suru about this war.

How did Suru come here from Hangzhou City? He even helped them kill those cultivators.

"Suru? Are you here like this?"

Suru looked around and said with a smile,

"I'm worried about you. You should inform me about this war. Otherwise, if you let these immortal cultivators escape, they will spread the word about demons in Hangzhou City in the future."

"Thank you very much!"

"Suru, thank you."

Xiao Qing and Shui Rou thanked Suru one after another.

Suru waved her hands and said,

"You're welcome, you are my brother's women, I can't let other immortal cultivators threaten my brother."

Suru is also worried that Su Chen's army will fail in this war.

The Song Dynasty has dispatched more than 800,000 troops this time, while Su Chen only has 400,000 troops, and it is not even possible to dispatch all of them.

More than 300,000 troops are facing With an army of 800,000,

Suru was very unfavorable about this war.

However, she saw Su Chen's black armored army on the edge of the battlefield, overwhelming the Song Dynasty's army from the beginning of the war. She also did not expect Su Chen's black armored army. The armored legion would be so powerful.

The soldiers of the black armored legion were all warriors with the lowest level of acquired skills, which surprised Suru.

Xiaoqing and Shuirou were speechless when they heard Suru's words.

Suru seemed really She thought Su Chen was her brother, but this was simply impossible.

Suru and Su Chen were not from the same world at all.

How could they be siblings?

However, this matter was very strange.

Su There is a crescent mark on Chen's back, and Su Chen's black bird bloodline Suru also has it. This thing makes no sense. The women all suspect that Su Chen may be Suru's younger brother, otherwise such a coincidence would not happen. As for the fact that they are not from the same world, it may be that Su Chen was transported to Tianxuan Continent when he was a child.

Shuirou looked at the battlefield and said to Xiaoqing and Suru,

"The war is almost over, and it's time for us to go back. Let's leave this place to Mu Guiying."

Suru nodded when she heard Shui Rou's words.

She looked at Zhao Lijian who was hiding aside and asked, "Don't you care about the commander-in-chief of the Song Dynasty?"

Xiao Qing looked at Zhao Lijian and said disdainfully, "He's just a waste, Mu Guiying will deal with him."

Xiao Qing looked down upon these commanders of the Song Dynasty very much.

A commander who commanded more than 800,000 troops was destroyed by Mu Guiying's army in less than a day.

He did not even cause too many casualties to Mu Guiying's army. , this commander-in-chief of the Song Dynasty is really a waste

"Then let's go talk to Mu Guiying and leave."

"good!"

After the girls left,

Prince Zhao Lijian of the Song Dynasty came out of a broken tent nervously.

He had heard what he just said.

There are powerful monsters in Hangzhou City?

Are there people from Qingyun Sect?

Qingyun Sect is not their big one. The guardian of the Song Dynasty?

How could the Qingyun Sect help Hangzhou City?

Could it be that the Qingyun Sect was dissatisfied with the Song Dynasty court? Does it want to support an empire again?

"kill!"

At this time, a group of black-armored cavalry rushed over.

The Song army here immediately knelt down and surrendered. The Song army was finished. The remaining troops guarding the commander's camp were no match for the black-armored cavalry.

Zhao Lijian also immediately knelt down and shouted, "I surrender, I surrender, I am the Prince of Song Dynasty, you can't kill me"

"Take it and hand it over to the commander-in-chief."

"Yes, Captain!"

In the space ruins,

Su Chen came to a side hall.

He looked at this long passage and shook his head. This must be a trap, but it was useless to him. One of his teleports would You can pass safely.

Whoosh!

Damn it!

Boom!

Whoosh whoosh whoosh!.....

As soon as Su Chen appeared at the end of the passage, light arrows shot at Su Chen one after another. These energy-like light arrows were very fast, and they almost killed Su Chen in just an instant.

Su Chen immediately dodged and retreated.

He was also in a cold sweat. This ruins was too dangerous for him, and the people who built this palace were too insidious. Even the owner of the palace considered teleportation.

Whoosh!

After Su Chen shot the light arrow, he teleported over again. This time he was very careful and highly concentrated.

Click!

After Su Chen found no danger, he pushed open the huge bronze door in front of him.

"Holy shit!"

As soon as Su Chen pushed open the huge copper door, he was instantly sucked in. Although he had been careful to guard against it, this suction force was not something he could break free from, and he couldn't even teleport.

"This is? Isn't this his ladder? Why is there such a high ladder in this palace? What kind of ruins are here?"

Su Chen appeared in another space.

There was an endless ladder in front of him.

This was a towering ladder that reached into the clouds. It even extended into the clouds. He felt very dizzy just looking at this ladder. Isn't it going to be a climb up here?

Su Chen looked around and guessed: Isabella and the others won't appear here soon, right? I hope nothing happens to them along the way. The mechanism here is very insidious.

"Try this ladder first!"

Whoosh!"

"I'll do it!"

Su Chen teleported to a step on the ladder, but before he had time to stand firm, he was bounced off the step.

Su Chen teleported again and appeared at the bottom of the ladder.

He thought depressingly, "Oh, this ladder is not good. You will have to go up step by step.?" "boom!"

When Su Chen went up the first ladder, he felt the gravity increase.

He tried it and continued walking up.

Every time Su Chen walked up a step, the gravity increased a little. He didn't feel anything about this, or even didn't feel anything at all. Without the use of magic power, these gravity now have no influence on Su Chen at all.

I'm afraid that gravity will become stronger as you go higher, and there may even be other tests.

At this moment,

Isabella and the other girls each got some treasures. They encountered no danger at all along the way, but when they found another treasure, they were delayed for some time by some small mechanisms.

Elf Princess Sylph held a jade box and said with a smile,

"Isabella, I got another spiritual fruit. This spiritual fruit can improve my qualifications."

Isabella handed the spiritual bow to Sylph and said,

"Not bad. I got an immortal cultivator's spiritual bow, [Crane Moon]. This is a magical weapon, and it can also use mana to kill enemies. I give it to you."

"Thank you Isabella, I will take this spiritual fruit as a reward. Can you not refuse it?"

"Haha, then I won't be polite."
