Chapter 1511

In the ruins, the women were divided into several teams and were busy looking for various treasures, spiritual fruits, spiritual weapons, magic weapons, and even some exotic flowers and plants. These women got a lot.

However, what they didn't know was that

Su Chen was sweating profusely and climbing a towering ladder to the sky.

Su Chen wiped the sweat from his head and said speechlessly,

"Damn it, from more than 200 steps, how come the gravity is so strong? Are you going to go up like this from now on?"

Su Chen felt helpless when he looked at the towering ladder.

Although he hadn't used his magic power yet, he probably wouldn't be able to climb up this ladder that he couldn't see at a glance.

Whoosh!

Su Chen returned to the ladder again. After thinking about it, he thought it was impossible to climb this ladder.

With his strength, he could climb more than two or three thousand steps at most. This ladder could have more than two or three thousand steps, maybe even ten thousand steps.

"Eat and drink enough first before going to have a look. If it doesn't work, leave." Su Chen took out some food and wine and started eating and drinking.

Su Chen took a sip of wine and suddenly thought of Nie Xiaoqian and the others. Although this ladder is weird, it must have other purposes.

After thinking about it, Su Chen decided to summon Nie Xiaoqian and the girls. Ghosts, maybe this ladder has other functions

"Owner!"

"See the owner!"

After Nie Xiaoqian and more than a hundred female ghosts appeared, they all saluted Su Chen.

Su Chen looked at these beautiful female ghosts and ordered,

"Nie Xiaoqian, and you, there is a ladder in front of you. Don't use your magic power to climb at the beginning. Use your magic power when you really can't hold on anymore. You all go and try to see how many steps you can climb."

"Yes, master!"

"Go try it all!"

"Yes, master!"

Su Chen watched the beautiful female ghosts start to climb one by one. These female ghosts all climbed up the first step with caution.

After trying that there was no danger, they all started to quickly go to the upper steps one by one. When they went up, Su Chen was watching them from below. These female ghosts all wanted to show off in front of Su Chen.

Su Chen looked at the female ghosts and thought:

"These female ghosts are not bad, and they can be trained with strength. These female ghosts will be their trump cards in the future. If there is no danger, it is better not to dispatch them easily."

Half an hour later, after these female ghosts were on the 80th floor, some of them began to use their magic power. After reaching the 130th floor, all the other female ghosts except Nie Xiaoqian used their magic power. Magic power.

Nie Xiaoqian also used magic power after more than 150 levels.

After these female ghosts used magic power, their speed accelerated a lot.

Su Chen drank a small drink and watched the female ghosts all covered with blood. Climbing wetly, the uneven figures of the female ghosts were exposed in front of his eyes, which made him watch with relish.

Boom!

After Nie Xiaoqian climbed five hundred steps, her physical aura suddenly exploded. It was originally She was at the early stage of the Golden Core Realm, and now she has advanced to the middle stage of the Golden Core Realm.

Su Chen's eyes flashed when he saw it, five hundred steps?

Could it be that after climbing five hundred steps, this ladder will reward one promotion?

Look again Look, let's see if other female ghosts will also advance when they reach level 500.

Boom boom boom.....

After a while, some female ghosts climbed to the five hundred steps one after another, and these female ghosts all advanced one after another.

Those in the early stage of the Heavenly Realm have advanced to the middle stage, those in the middle stage of the Heavenly Stage have advanced to the later stage, and those in the later stage

have advanced to the peak, and one or two female ghosts have even advanced to the cultivation level of the Golden Core Realm.

Holy shit!

This is simply a cheating device.

When Su Chen saw this, he was no longer calm. Now he couldn't help but want to climb this ladder.

Su Chen patted his forehead and said, "By the way, Xiao Xun'er and the others are also going to find them. This training cheating device cannot be without their women."

Whoosh!

After Su Chen marked a space node, he teleported out of the space. He wanted to bring Xiao Xun'er and those women over as soon as possible.

In the ruins,

Qingniao and Xiao Xun'er are checking their harvest in this side hall. They have found a lot of spiritual fruits, elixirs, and even some spiritual soldiers. They are now all little rich women.

"Qingniao, do you think Su Chen will find as many treasures as we do?" Xiao Xun'er asked with a smile while playing with a spirit sword in his hand.

Qingniao looked at the spirit flower in his hand and said with a smile, "Madam, the young master must have gained more than us. The young master knows the laws of space. In this There is no place in the ruins that the young master cannot go to."

Xiao Xun'er heard Qingniao keep calling her madam, which made her face very red.

She looked at Qingniao and shouted shyly, "Qingniao, I'm not that bastard woman now, so don't scream."

Qingniao looked like you couldn't run away and said with a smile, "Haha, madam, isn't this a matter of time?"

"You are here!"

At this time,

Su Chen suddenly appeared next to Xiao Xun'er and Qingniao. He looked at Qingniao and Xiao Xun'er and shouted hurriedly,

"Su Chen, what happened?"

"Master!"

Xiao Xun'er and Qingniao shouted when they saw Su Chen appearing.

Su Chen hurriedly hugged the two girls and said, "I will take you to a place where you can improve your strength. I have to find other people, so I will send them away first. You go over there."

Su Chen didn't wait for the two girls to answer.

He teleported away with the two girls in his arms.

Su Chen appeared in front of the ladder with the two girls in his arms. He told Xiao Xun'er and Qingniao what had just happened.

He then She disappeared, and she had to bring other women with her.

Su Chen was busy enough this time.

Xiao Xun'er was very surprised when she saw Su Chen leaving quickly again. She looked at the hundreds of female ghosts on the ladder. I didn't expect that Su Chen had so many powerful female ghosts, and they were all very beautiful. Damn it, how could this bastard have so many beautiful female ghosts under him?

Xiao Xun'er shook his head and thought of Su. What Chen said just now, as long as you climb five hundred steps, you can improve your strength once, which made her feel very unreal.

"Bluebird, is this true?"

Qingniao nodded and replied, "Madam, it's impossible for the young master to deceive us. Let's go up and try too!"

Qingniao also had a surprised expression.

She didn't expect that there was such a treasure land for cultivation in the ruins. As long as you climb five hundred steps, you can improve your strength once. This is simply a cheating device for cultivation.

"Come on, let's go climbing!"

"OK, ma'am!"

Subsequently,

Su Chen appeared from time to time under the ladder with some women. After these women appeared, they began to climb the ladder one after another. The ladder that can improve the strength is much more precious than the treasures they are looking for, let alone those that have not been found. The treasure cannot disappear.

After they climb the ladder, they can continue to search for the treasure in the ruins.

"Mo Yu, I want to look for butterflies. Do you want me to send you there first? Or come with me to find butterflies?"

"Let's go together, young master, you don't need to ask my opinion."

Chapter 1512

After Su Chen sent the other women away, only Qian Xueer's guard Mo Yu was left.

Although Su Chen wanted to send her there, he thought that there was no news about the Butterfly Demon yet. Su Chen also wanted to find the Butterfly Demon. After that, take Mo Yu and Butterfly Demon together.

Su Chen nodded after hearing Mo Yu's answer.

Su Chen also had a little impression of this beautiful woman. She seemed to have appeared when the Wuhun Empire destroyed Jiu Bao or some other sect.

This woman is not weak in strength.

The eighth soul skill's blood boiling is extremely terrifying. The flying feathers can be turned into ultimate fire, which is immortal when exposed to water. This woman is indeed worthy of having the word "feather" in her name.

"Come on, let's go take a look at the small attic on the right." Su Chen took Mo Yu's hand and walked towards the small attic outside the palace.

Mo Yu was very speechless when he saw Su Chen holding her.

Doesn't this bastard know the difference between men and women? Or did this bastard do it on purpose? Taking advantage of her?

Mo Yu shook his head but didn't take out his hand.

She knew that Su Chen had spatial powers. If they were in danger in the ruins, this bastard could quickly take her away.

Boom!

It's his fault!

Su Chen just Pushing the door, he didn't expect that the attic door fell down, which made Su Chen very embarrassed.

Su Chen touched it and shut up, then said, "Go to another attic. The butterflies will definitely not be inside here."

"good!"

Mo Yu looked at Su Chen's embarrassed look and smiled and nodded.

In another attic, after Su Chen opened the door, the attic suddenly lit up. In the hollow place in the middle of the attic, a huge cocoon hung in the middle. In the middle.

This cocoon is still shining, and the colorful colors are changing in the cocoon. Sometimes it is green, and sometimes it is red. Every four or five seconds, the color of the cocoon changes. This makes

Su Chen and Mo Yu was very surprised.

When they got closer, they looked at the cocoon. The cocoon was as tall as a person. There seemed to be a humanoid creature inside the shining cocoon.

Su Chen looked at the cocoon and suddenly guessed: This The cocoon is not a cocoon with a bow tie, right? It's just that the butterfly has turned into a butterfly, how can she still make a cocoon? Isn't she a butterfly demon?

Mo Yu suddenly said to Su Chen, "Mr. Su, there is a woman in the cocoon"

"woman? I gonna go see!"

When Su Chen heard Mo Yu's words, he hurriedly flew up. He wanted to see if the thing inside was a butterfly.

Mo Yu hurriedly grabbed Su Chen and reminded him, "No, the woman inside is not wearing any clothes. You can't look at it."

I guess!

It's not like he hasn't seen butterflies before, and he's even seen Mo Yu. It's useless for Mo Yu to stop this now.

Su Chen turned around and said to Mo Yu, "Let me see if the thing inside is a butterfly."

"I'll go and see, you stay."

Mo Yu shook his head at Su Chen and said,

"Holy shit!"

Su Chen watched Mo Yu fly up speechlessly.

Mo Yu really regarded him as a pervert.

Could it be that this beautiful woman discovered that he secretly looked at Mo Yu's body when he was in the river?

"Mr. Su, here is a butterfly, but she seems to be changing."

"Demutation? Are butterflies in danger?"

"Probably not. The butterfly is very peaceful inside and I don't think she is in danger."

When Su Chen heard Mo Yu's words, he thought that

Butterfly must have obtained some kind of treasure. Her bloodline should be advancing now, just like Queen Medusa.

As long as Butterfly is not in danger,

Su Chen doesn't want to disturb Butterfly's escape now. Change

"That's it! Forget it, come down. I'll leave a letter for the butterfly. Let's go to the ladder first. If she hasn't completed her transformation when we come back, I'll leave with her cocoon."

"All right!"

"Come on, I'll take you to the ladder!"

At this moment, on the ladder,

Nie Xiaoqian has reached more than 1,600 floors. The other female ghosts are between more than 130 floors to more than 150 floors. Their strength has been improved three times.

Nie Xiaoqian's current Her strength is already at the peak of the Golden Core.

As long as she climbs to the two thousandth level, her strength will be promoted to the Nascent Soul realm.

And women like Isabella,

Xiao Xun'er and Qingniao, Qian Xue'er, Elf Diana, Ning Zhongze and Zhao Ling'er have both climbed the 500th floor, and their strength has improved once, which makes them excited to continue climbing.

As for Isabella and Sylph, these two powerful flying women are about to climb After climbing to the thousandth floor, they now wish they could improve their cultivation realm a few more times.

Whoosh!

After Su Chen arrived with Mo Yu in his arms, he looked at the conditions of the girls and nodded.

This time, they were the ones who had improved their strength the most. Good opportunity, if these women can climb more steps. This is much easier than their hard training in the past, but the gravity will become stronger the further back, and there may even be other changes.

Su Chen doesn't know that these women can how many steps to climb

"Mo Yu, you should go climbing too!"

"good!"

After Mo Yu left, Su Chen took out the Tears of the Goddess necklace around his neck and called Xiao Li.

Su Chen also wanted Xiao Li to come out and climb the ladder, but after calling for a while, the Tears of the Goddess was still a little weak. There was no change.

Su Chen gave up.

"Su Ying, why don't you try it too?" Su Chen patted Qingying who was sleeping on his chest and said

"Choo Choo Choo!"

Qingying stretched her head to look at the ladder and then nestled in Su Chen's arms again.

Looking at Qingying's appearance, Su Chen shook her head and said, "Forget it, you can just continue to sleep. I'll try."

Su Chen wanted to take this ladder seriously this time.

He rolled up his sleeves and walked up the ladder. Su Chen quickly walked up each ladder.

After a while,

Su Chen almost caught up with Mo Yu, but Su Chen saw that Mo Yu's clothes were all wet, which made him follow Mo Yu unhurriedly.

Mo Yu also noticed Su Chen.

She turned around and saw that Su Chen had been following her unhurriedly, even There are only four or five steps left.

This makes Mo Yu very angry.

Mo Yu guesses what this bastard is looking at behind her, but she has no way to stop this bastard unless she uses her soul power to leave quickly, but not yet Her limit, she can't climb the stairs with her soul power now.

Damn you pervert!

Mo Yu turned around and glared at Su Chen fiercely.

Su Chen smiled when he looked at Mo Yu's bulging figure, and he also Seeing Mo Yu glare at him,

Su Chen sped up and came to Mo Yu, "Mo Yu, speed up, you are at the lowest level now."

Mo Yu hurriedly put his hands on his chest and shouted,

"Don't look around, I will use my soul power when I reach the limit, and then I will catch up with the person in front."

Su Chen looked at Mo Yu and said with a smile, "Haha, I saw what I should have seen in the river. Mo Yu, you are so secretive. The women here are the biggest losers to you."

Su Chen teased Mo Yu and quickly climbed up. He was worried that Mo Yu would take action against him in anger.

"Shameless pervert!"

Chapter 1513

Su Chen crossed Mo Yu and continued climbing, one hundred levels!

One hundred and fifty floors!

Two hundred floors!

Until he reached the 300th level,

Su Chen was almost at his limit.

He was sweating profusely now, and the sweat on his head was dripping from time to time, but he didn't use any magic power.

Su Chen wanted to know how many steps he could climb to his limit

"This bastard! How powerful is he?"

At this time,

Mo Yu chased up from behind.

She had also reached her limit at the 256th floor. She was climbing very fast using her soul power.

However, she saw that Su Chen in front of her had not yet used it. Mana, this made Mo Yu admire Su Chen very much.

When Mo Yu appeared next to Su Chen, she looked at the embarrassed Su Chen and said with a smile, "Mr. Su, I have to take the first step. You take your time. To keep up. Su

Chen took a breath and looked at Mo Yu and teased, "Woman, you're naked. I didn't expect you to like black underwear.""

Although Mo Yu used soul power, this silly woman didn't use soul power to dry her dress.

Mo Yu's bumpy figure was still exposed in front of Su Chen, and even the underwear inside was clearly visible to Su Chen.

"asshole!"

When Mo Yu heard Su Chen's words, her face turned red and she hurriedly climbed away.

She doesn't want to face this shameless pervert now. This bastard is a shameless and shameless bastard.

"Ha ha!"

Su Chen laughed when he saw the red-faced Mo Yu leaving.

It seems that climbing this ladder is really good. Not only can you enjoy the beautiful scenery, but you can even flirt with the women here from time to time.

Su Chen steps up step by step He panted after climbing the 300th step, and said,

"The 300th step is mine. This is really exhausting me. Who created this ladder? Couldn't it be easier?"

Su Chen looked at the girls above and continued to persist.

He must break his limit again, the five hundredth level.

Su Chen planned to climb to the five hundredth step without using magic power.

Three hundred and thirty.....three hundred fifty.....Three hundred and eighty.....four hundred and thirty.....four hundred and seventy.....Four hundred and ninety-six.

Su Chen is about to die.

His legs are shaking constantly. A gust of wind may blow Su Chen down.

"Four hundred and ninety-seven, four hundred and ninety-eight, four hundred and ninety-nine, my heaven! There is only one step left, and the current gravity is probably more than forty times higher."

Su Chen wiped the sweat from his head as he looked at the last step in front of him. I

'm afraid he doesn't even have the strength to raise his voice now.

It's the last step, and he has to go up no matter what.

"The 500th step!"

Su Chen gritted his teeth and yelled, raised his foot, and stepped on the 500th step.

Boom boom boom.....

After Su Chen stepped onto the 500th step, the aura in his body suddenly burst out, and he suddenly broke through from the middle stage of the out-of-body realm to the late stage of the out-of-body realm.....The peak of the out-of-body realm.

At the peak of the out-of-body realm,

Su Chen actually rose to two realms at once.

This was something Su Chen didn't expect. He was one step away from breaking through to the distraction realm.

Su Chen checked his cultivation level and shouted,"How refreshing is that? If you don't have to use mana to climb five hundred steps, will this ladder reward you with two levels of improvement?""

"Beauties, I'm here!" Su Chen looked at the beauties in front and shouted.

Su Chen has also used magic power now.

After using magic power, the influence of gravity on him is not that great.

Swish swish swish....

Su Chen sped up. Su Chen chased after the women in front. After a while, Su Chen caught up with Qian Xue'er on more than 900 steps.

Qian Xue'er's strength is the lowest among all the girls. She is the soul emperor's strength. Su Chen looked at Qian Xue'er beside him and smiled and said, "Xiao Xue'er, you are a little slow!

"

"none of your business!"

Qian Xue'er hurriedly protected her chest and glared at Su Chen and shouted.

Su Chen didn't expect Qian Xue'er to have such a bad temper, "Let me come in, Qian Xue'er, originally I wanted to help you. Since you are so ignorant, then you should be slow. Climb slowly. Qian

Xue'er looked at Su Chen disdainfully and explained, "Humph, Su Chen, it's impossible to help each other on the ladder, otherwise wouldn't Aunt Yu not help me?"

"Did I say I would take you?"

"Um? What can you do? Tell me quickly?"

"Don't you need my help?"

"Bastard, didn't you say that?" Qian Xue'er grabbed Su Chen and asked angrily.

Su Chen was very speechless when he looked at Qian Xue'er.

This little beauty was really rude to him. Just like her mother Bi Dong'er, she was both arrogant and coquettish. A conceited woman.

Su Chen took out a red fruit from the system space, handed it to Qian Xue'er and said, "Here you are, eating this red fruit will elevate your strength to the peak of Soul Saint."

"This is real? Qian

Xue'er asked suspiciously as she looked at the Zhu Guo in her hand.

Su Chen stretched out his hand to take back the Zhu Guo in Qian Xue'er's hand, "If you don't believe me, give it back to me. I don't want to waste a Zhu Guo."

"Don't even think about it!"

Qian Xue'er immediately stuffed the Zhu Guo into her mouth and ate it.

But as soon as she ate the Zhu Guo,

Qian Xue'er felt that the soul power in her body was full. She immediately sat down and had a breakthrough.

Su Chen looked at Qian Xue'er Bi Shang's eyes began to break through. He shook his head, left a pot of spiritual wine, and left.

When Su Chen reached the thousandth floor, he successfully broke through to the distraction state.

However, after the thousandth floor, the gravity actually increased. A hundred times, no wonder the women all slowed down after the thousandth floor.

On the thousand, three hundred and forty-third floor,

Su Chen caught up with Xiao Xun'er and Qingniao, Ning Zhongze, these women are now in the Golden Core realm. (Dou Huang)'s strength, the two improvements in strength made them all become immortal cultivators.

Su Chen didn't talk to them too much. After all, there was more than one woman here, and Su Chen couldn't tease anyone.

Su Chen was leaving them After drinking some spiritual wine, he continued climbing.

Su Chen wanted to catch up with that beautiful woman Mo Yu. Mo Yu, who had a curvy front and back, was very interested in her.

"Diana, you are quite capable!"

When Su Chen was approaching the 1,500th floor,

Su Chen caught up with the elf guard Diana.

This long-legged elf beauty rarely spoke. Su Chen forgot about this beautiful elf several times.

Elf Diana protected her body and smiled and said to Su Chen, "Mr. Su, aren't you more powerful?"

"Haha, come on, there is the 1,500th step ahead, and then your strength will be improved again."

Chapter 1514

Su Chen was speechless looking at Diana who was tightly protecting her breasts. Could it be that his name as a pervert was also known to the elf Diana?

Su Chen shook his head and planned to leave.

After all, she didn't know Diana well, and it was impossible for him to say teasing words.

When Diana heard Su Chen's words, she nodded and thanked,

"Thank you, Mr. Su."

Su Chen also left a pot of spiritual wine and said, "No need to thank you, I have to leave first and you have to cheer up."

"Wait, Mr. Su, I want to ask you something"

"You ask! Diana looked at Su Chen and asked with a blush, "Mr. Su, did the princess have sex with you?""

"Ahem, how do you know?" Su Chen coughed hurriedly after hearing what Diana said.

How did Diana know about this?

Did Sylph tell Diana?

Is this impossible?

I'm afraid Sylph won't tell anyone, but How did Diana know?

Seeing Su Chen's surprised look, Diana said speechlessly, "I am an elf, and the princess is also an elf. How could I not know that the elf's innocence is gone?"

"There's a reason for that. It's all in the ruins....."

Su Chen was about to explain to Diana that Sylph was drugged, but before he could explain,

Diana interrupted him.

"Mr. Su doesn't need to explain to me, I'm just asking. If the Queen knows about these things, Mr. Su will be in trouble."

"The princess is the future queen of the Elf Empire, and the queen will definitely not let this matter go."

"Mr. Su, you should be more careful in the future. Su

Chen looked at Diana in surprise and asked hurriedly, "Damn it, Diana, your queen won't send experts to kill me, right?"

"It's possible!" Diana smiled and nodded in reply.

Diana didn't know whether the Elf Queen would kill Su Chen, but she would definitely not let Su Chen go easily.

After learning about the Elf Princess Sylph, the Elf Queen, the Queen will send sacred elves to capture Su Chen and go to the Elf Empire. As for how to deal with Su Chen, it depends on the mood of the Elf Queen.

Su Chen shook his head when he heard what Diana said.

A strong Elf Queen cannot be easy to deal with. Besides, the Elf Queen's strength should not be low.

However,

Su Chen is not afraid either.

There are two of the most powerful people in the Shenyu Continent beside him. The Little Fox and Qingying are very powerful.

Again. No,

Su Chen can also rope in that old woman from Guanyin Bodhisattva, three powerful cultivators of the Tribulation Realm. Su Chen didn't believe that the Elf Queen and her elves could be rivals.

Su Chen looked at Diana who was gloating about his misfortune and reminded him He said, "Diana, your princess is now my woman. Do you, who is a guard, also have to dowry?"

When Diana heard Su Chen's words, she said with shame and anger, "You.....We elves don't have such a tradition, don't even think about it."

Su Chen crossed his shoulders and said with a smile, "Haha, I will tell Sylph about this, Diana, I'm afraid you won't be able to escape in the future."

"You are so shameless, no wonder Mo Yu told me to be careful about you."

Diana has nothing to do with Su Chen.

She knows that the princess cannot agree to Su Chen's nonsense. But in the future, when the princess and Su Chen are really together, she, as a guard, will probably have to face this bastard's teasing every day.

Diana thought These are very helpless

"I'll do it! No wonder you are wary of me. It turned out to be Mo Yu who reminded you. It seems that you won't be able to let that woman go for a while."

Su Chen now understood why Diana was on guard against him.

It turned out that this was all the fault of that woman Mo Yu.

When Su Chen looked at Mo Yu on the ladder, he wished he could immediately catch up with that woman and teach her a lesson.

Diana heard Su Chen wanted to teach Mo Yu a lesson, which made her say she regretted exposing Mo Yu just now.

She looked at Su Chen and couldn't help but cursed, "You are a shameless pervert!"

"Hey, Diana, you're a little confused about your identity."

"what are you up to?"

"Nothing to do, but your ears are quite beautiful. Do you mind if I touch them?"

"No, this really doesn't work!" When Diana heard Su Chen's words, she hurriedly knelt down, covered her ears and begged,

"Haha, I'm scaring you, let's go, you should continue to work hard." Su Chen looked at the nervous Diana and smiled and left.

The elf's ears are not something you can touch casually.

Su Chen was just trying to scare Diana.

"What a shameless bastard, I'm afraid I'll have to deal with it in the future."

When Su Chen continued to climb to the 1,500th floor, his strength had already reached the middle stage of the distraction realm. Su Chen was very satisfied with this speed of improvement.

If he could take away this ladder in space, then his woman would The strength of them and their subordinates will increase rapidly, but this idea is simply impossible to realize.

Su Chen asked the system when he went up the ladder, but he did not expect that the answer he got was "You want to eat farts".

Su Chen was also interested in the system He was speechless.

The system was getting more and more naughty now.

Although he didn't know whether this was the system itself or a subsystem, he saw that it was all set by the system itself.

Above the 1,500th floor, gravity increased again. , the current gravity is probably almost two hundred times.

Going up further,

Su Chen met some female ghosts. These female ghosts were already tired and weak and saluted to Su Chen.

"Owner!"

Su Chen waved his hands to these female ghosts.

He took out more than twenty bottles of spiritual wine and said to these female ghosts, "Let's all rest! Now it's more than 1,500 floors, I hope you can all climb to 3,000"

"You can drink these spiritual wines to restore your mana. You must keep climbing up. This is a hard-won opportunity to improve your strength. I hope you will seize this opportunity. These more than 20 female ghosts saluted Su Chen and said, "Master, don't worry, we will definitely persist until the three thousandth floor.""

Su Chen waved to these female ghosts and set off.

Along the way, the female ghosts Su Chen met encouraged them and left some spiritual wine for them to restore their mana and continue climbing.

Su Chen saw Mo Yu, who had reached the 1800th floor, shouted and threatened, "Mo Yu, I'm going to catch up with you. If you slander me, I won't forgive you easily."

After Mo Yu heard Su Chen's cry, she turned around and saw Su Chen not far away and quickly speeded up. Mo Yu didn't expect that Su Chen actually knew what she said to slander this bastard.

This shameless pervert!

This bastard... She must have molested countless women on the way. She couldn't be caught up by this bastard. Mo Yu was worried that if Su Chen caught up with her, she might be molested by that bastard again. The elf princess Sylph also heard Su Chen's words Shouting, she looked angrily and yelled and cursed while climbing,"Damn bastard, you are not honest on the ladder."

Chapter 1515

In the ruins hall, at this time,

Xiao Huohuo and Tang Shan also appeared here.

They were all in a very embarrassed state. Even Xiao Tian and Tang Hao were seriously injured. Although Xiao Huohuo and Tang Shan were fine, they His face was pale and he was obviously frightened.

Xiao Huohuo looked at this huge palace and said in surprise,"What is this place? Why did we appear in a hall inexplicably?"

"Father, isn't this a space relic?"

Tangshan asked in surprise as he looked at this ancient, dilapidated huge palace.

Xiao Tian covered his chest and coughed and said,"Ahem, this should be a space ruin. We may have been teleported in accidentally."

Tang Hao looked around with a livid face and shouted,

"Damn it, why are we here? No, we have to go out. My important items are lost. I need to find them quickly."

Tang Hao is very anxious now.

When he was fighting with the monster, the blue grass in his arms was knocked down.

The blue grass is not just grass, she is his wife, a god-level soul beast. , just because he was severely injured and needed to start practicing again.

Tang Hao's wife is recovering. Although it is unlikely to take many years, this is also one of his expectations.

Blue Yincao must not be lost, that is his wife.

When Xiao Tian heard Tang Hao's words, he was confused.

What item did Tang Hao drop? He didn't even explore the ruins even when he arrived. Could it be some kind of treasure?

Xiao Tian looked at the bearded Tang Hao and asked,"Brother Tang , now that we are in the land of ruins, why don't we explore it? Our purpose this time is to find the ruins."

Xiao Huohuo and Tang Shan were also very surprised when they looked at Tang Hao.

Although they broke into the ruins accidentally, this also shows that they were lucky.

They could accidentally break into the ruins even if they were running for their lives, but Tang Hao He actually wanted to leave, which puzzled both Xiao Huohuo and Tangshan.

"Father, what have you lost?"Tang Shan asked suspiciously when he came to Tang Hao,

"A treasure that is so important to me that I cannot afford to lose her."Tang Hao looked at Tangshan and said helplessly.

He can't tell Tangshan now that his mother was thrown away. After all, Tangshan didn't know that her mother was a spirit beast.

Besides, there are two outsiders here, so it's not time to tell Tangshan this now. When things happened,

Xiao Huohuo said to Tang Hao,

"Senior Tang, we don't know how to get out even if we want to get out now. We might as well explore this palace first, looking for the treasures in the palace and looking for the exit at the same time."

Xiao Tian looked around and said expressionlessly,

"Brother Tang, I advise you not to look for the lost treasure. Besides, can you find the lost treasure?"

"We fled in a panic along the way, and all we encountered along the way were powerful monsters. Even if we went to look for them, we might never come back. You'd better think about it carefully."

Xiao Tian will not leave this palace, nor will he help Tang Hao find any lost treasures.

This is a place of ruins, a place of ruins from ancient times. He was accidentally teleported in again. With such a great opportunity, he is so Maybe he missed it.

Tang Hao looked at Xiao Tian and the two of them and guessed what they were thinking. There were many treasures in the ruins, and there might even be huge opportunities. These people would definitely not help him find the blue grass.

He was cold He said to Tangshan with a straight face, "Xiaoshan, let's find the exit. No matter how difficult it is, even if we die, we will find our family's treasures.""

"Father?"

Tangshan doesn't understand why they have to look for the lost treasure.

Even if the treasure is crucial to them, it has been lost.

Moreover, there are many dangers in the ruins, and there are many powerful monsters. If they go back now, they Father and son will definitely be killed by powerful monsters

"Walk!"

Tang Hao glared at Tang Shan, and he turned around and went outside the palace to find the exit.

Tang Shan hurriedly chased after him with a helpless expression. He still needs Tang Hao's protection now. If he left Tang Hao, he might not be able to escape. It is possible to leave this place of ruins alive.

Xiao Tian watched Tang Hao and the others leave and shook his head, "Let's go to the palace and have a look. This is an ancient ruins. Xiaohuo, please be careful. The mechanisms here are probably very dangerous." many"

"Yes, ancestor!"

On the ladder,

Su Chen climbed the ladder step by step.

He was filled with fighting spirit as he looked at this endless ladder. This was a good opportunity for him to improve his strength. He could not give up such a good opportunity..Boom!

At the second thousandth floor,

Su Chen's strength had been promoted to the late stage of the distraction realm.

However, after the second thousandth floor, the ladder no longer had gravity. The biting cold made Su Chen feel very cold.

Su Chen I didn't expect that there would be such a change after two thousand floors.

Cold!

Very cold!

The breath exhaled from Su Chen's mouth was frozen instantly. I'm afraid he would be frozen even when he peed.

Su Chen looked ahead The women in front were very impressed. The women in front didn't even care about such a cold air. These women really risked their lives for the sake of strength.

"Owner!"

"Owner!"

When Su Chen passed by some female ghosts, they all saluted Su Chen. Su Chen also encouraged them to leave some spirit wine and continue climbing.

When Su Chen was on the 2300th floor, he caught up with her. Mo Yu

's head was covered with white frost, and his face was very ugly. This woman probably used her magic too much, which made her breath a little unstable.

Su Chen patted Mo Yu's back He smiled and said, "Haha, Mo Yu, run, keep running!"

Mo Yu was startled when she heard Su Chen's voice. She didn't expect that this bastard would catch up with her so quickly.

After Mo Yu heard Su Chen's threat, she kept climbing with all her strength, but she didn't Thinking that this bastard still caught up so quickly.

Mo Yu patted Su Chen's hand away and said warily,

"what are you up to? Mr. Su, there are many people on the ladder to heaven. You cannot bully me."

"What are you afraid of? Can I still eat you here?" Su Chen took out a pot of spiritual wine and handed it to Mo Yu.

Mo Yu took the spiritual wine that Su Chen handed over and drank it directly. Her breath was a little confused now, and her mana was even a bit consumed. Mo Yu just needed the spiritual wine. Drink some wine to recover. After

Mo Yu drank a few sips of spiritual wine, her face returned to rosy.

Mo Yu looked at Su Chen and thanked her, "Spirit wine, this is a good thing. I really need these spiritual wines now." I regained my fighting spirit and thanked Mr. Su for the spiritual wine this time."

Su Chen waved his hand and said, "Mo Yu, stop exploding with all your strength, otherwise you won't be able to climb to a high place."

"Aren't I worried about you taking revenge on me? Mo Bai glanced at Su Chen and said angrily,

"Ha ha! Mo Yu, I was just trying to scare you, but do you think I will let you go? Although I will not retaliate against you on the ladder, you must be careful when you return."

Chapter 1516

Su Chen looked at the plump Mo Yu and scared her again.

This woman is quite interesting, but now is not the time to pick up girls. This time the ladder is the top priority.

"Here you go, save the drink, I don't have much left now." Su Chen handed Mo Yu another pot of spirit wine and continued climbing upwards.

Mo Yu was confused when he saw Su Chen leaving.

Why won't he let him go in the future? What does this bastard mean? Could it be that this bastard will never let him go? Do you want to force yourself?

Mo Yu looked at the spirit wine in his hand and thought angrily,

No!

After this time in the ruins, she must leave this bastard as soon as possible.

If this bastard wants to attack her,

Mo Yu, she But he had no ability to resist this bastard.

Then,

Su Chen caught up with Nie Xiaoqian.

Nie Xiaoqian was almost catching up with him now. Su Chen left some spirit wine for Nie Xiaoqian and continued climbing.

There were only two women left on the top. ,

Isabella and Sylph, these two women are very powerful now, and it is reasonable for them to be able to climb to the top.

Boom!

Boom!

Su Chen was behind the 2500th floor and the 3000th floor.

His strength has advanced to the Fusion Realm.

There have been changes here on the 3000th Floor. The gravity has been almost a thousand times. Moreover, the cold here is gone, but the heat has appeared.

Hot!

Very hot!

It's like... It was the same as in the volcano.

He had just arrived at the 3001st floor, and the clothes on Su Chen's body were wet with sweat.

Su Chen wiped the sweat from his head and said helplessly, "Damn, it's cold for a while, and it's cold for a while." It's going to be hot, this ladder is really torturous."

Su Chen came back and looked a little worried.

Those women and female ghosts with low strength may not be able to reach above the three thousandth floor. The gravity here is too strong, and they women may not be able to bear it.

"Damn it, how could Isabella and Sylph reach the 3500th floor in a short time? These two women are really crazy."

Su Chen was really speechless for Isabella and Sylph.

Although these two women from the Western Continent are powerful, they never take a break to improve their strength.

They are ruthless.

Women are really scarier than men when they are ruthless.

However, this The strength of the two women should have improved to two great levels. They are probably both super masters of the Dongxu Realm now.

These two women just got lucky this time.

If they practiced, they might not be able to do it for decades. Maybe he has cultivated to the Cave Void Realm.

Boom!

This?

Why didn't he improve his strength this time?

Could it be that the ladder is broken?

Hey!

I guess,

Gen Gu has actually improved!

Is it possible that the strength is no longer improved above three thousand levels?

Gen Gu!

Bloodline!

Talent!

Supernatural power!

Techniques!

Will the ladder in the future reward these?

Or will the ladder reward some magic weapons and treasures in the future?

Su Chen sat here and thought about it and felt very strange.

Who made this ladder?

How could it have such a powerful function?

God?

Immortal?

Su Chen shook his head as he thought about it.

This ladder was probably made by a terrifying power. But what is the purpose of this power making a powerful ladder?

To save all sentient beings. Is there such a kind-hearted power?

Su Chen stood up and continued to climb the ladder. He couldn't understand these things, and he stopped thinking about them. As long as he could climb to the top, he would understand everything. At this moment,

Isabella and Sylph were both wet, and they didn't care at all that their perfect bodies were exposed. Besides, there was a man here, so they had nothing to be afraid of.

Isabella smiled at Sylph beside her said,

"Sylph, our strength has been greatly improved this time. When we return to the Western Continent, there will not be many people who can defeat us with our strength."

Sylph felt her cultivation level and smiled and said,

"Yes, we are only one step away from being able to advance to the Sky Dharma God (Dongxu Realm). If we can also advance to a small realm at the third thousand level, we are all Sky Dharma Gods now."

Sylph thought that they would all be promoted to the Sky Dharma God at the 3,000th level, but the rewards from the ladder can only be upgraded to the Earth Dharma God peak.

It's just one step away, and she can be at the same level as her mother.

Yi. When Sabella heard Sylph's words, she said helplessly, "Maybe our root bones are not good enough, otherwise, at the 3500th level, the ladder will not reward the improvement of the root bones."

"That's right, look, Isabella, that bastard Suchen is coming to catch up." Sylf and Isabella were talking, and she realized that Su Chen was about to catch up with them step by step.

Isabella hurriedly grabbed Sylph and climbed up quickly, "Let's continue climbing. We can't let that bastard see us the way we are now"

"haha okay!"

Sylph looked back at Suchen and laughed.

She also understood Isabella's worries.

They were all wet now, their dresses were tightly attached to their bodies, and their figures were bulging forward and backward. But it's very conspicuous.

Isabella must be worried that Suchen will see her now.

However,

Sylph and Suchen already have skin-to-skin contact, and she doesn't mind this at all. After all, Su Chen is already her The other half of the other half.

When Isabella and Sylph reached the 4,000th floor,

Suchen also caught up.

On the 4,000th floor,

Isabella and Sylph received another bone enhancement. They are now I don't know how much the root bones have improved. We can only know this by going back and testing the root bones.

"You two run really fast."

After Su Chen lifted the bone, he walked to the two girls and said with a smile.

Isabella protected her chest with her hands and said coldly, "Asshole, you'd better watch your eyes, or I'll kick you. You got off this ladder."

Su Chen turned his back on Isabella and said deliberately disdainfully,

"Come on, Isabella, you don't have a few ounces of meat on your body, and I won't even look at it if you ask me to."

Although Su Chen said this, he still couldn't help but take a few more glances. Isabella's figure was so perfect. This little blond fairy didn't expect her figure to be so good.

However,

Su Chen also He didn't look too much at Isabella, but there was Sylph here, and he didn't want his woman to be jealous.

"shameless bastard!"

Isabella saw that Su Chen was still secretly looking at her from time to time, which made her very ashamed and angry. He doesn't have a few ounces of meat?

He doesn't have a few ounces of meat, but this bastard keeps peeking?

Shameless pervert!

Look, Silver Xiang Su Chen asked doubtfully,

"Su Chen, what is your level of strength? I am an Earth Dharma God, so how do you think you are still an intermediate warrior (Grand Master)?"

"Haha, Sylph, you will know later."

Chapter 1517

Su Chen smiled when he heard Sylph's words.

He didn't dare to expose his strength now. Both women were stronger than him. If the blond goblin knew his strength, I'm afraid Isabella would I can't help but attack him.

Su Chen took out a pot of spiritual wine and handed it to Sylph and said,

"Let's drink some spiritual wine to recover. After the four thousandth floor, gravity will probably increase again, and there may even be other tests."

Sylph rolled her eyes as she took the spirit wine. Suchen said they were already husband and wife.

This bastard still refused to tell him his strength. Is it because Isabella was around?

"What about mine?"

Isabella saw that Su Chen only gave Silver Spirit wine, but this bastard didn't give it to her?

This made Isabella very angry.

She and Su Chen had known each other first, but this bastard actually showed up in front of her. Please the elf princess, damn bastard.

If she couldn't beat Su Chen, she would definitely teach this bastard a lesson.

Su Chen asked with a smile,

"What's yours?"

Isabella clenched her fists tightly and said angrily,

"Spiritual wine, you bastard, don't you want to give it to me?"

"Why should I give it to you?"

Su Chen asked in a funny way while crossing his arms.

He just wanted to make Isabella angry.

This little blond beauty had hidden her secrets well enough. She had such a perfect figure, but she was always wearing loose robes.

Last time I was there When they were in the river,

Suchen just glanced at Isabella. If he hadn't been attracted by the figure of the beautiful woman Mo Yu in the river, he would have discovered Isabella's perfect figure.

Isabella suddenly looked Looking at Sylph, she thought that Su Chen, a pervert, had fallen in love with Sylph, right?

Isabella's face immediately darkened.

"Inglorious bastard, why did you give it to Sylph but not to me? Have you fallen in love with Elf Princess Sylph? Bastard, let me tell you, elves will not fall in love with humans. You are trying to be courteous to the wrong person."

"Yeah?"

"Of course, no one in the elves has ever liked humans. Even if some elves are caught by humans, they will commit suicide."

"What to say now?"

Su Chen hugged the elf princess Sylph and kissed her. His relationship with Sylph had been discovered by the elf Diana.

There was no need for Su Chen to hide it anymore.

"this...you.....you?"

Isabella saw Su Chen kissing Sylph, but Sylph didn't stop her, or even struggled.

This made Isabella completely confused.

Sylph's face was filled with embarrassment and embarrassment. He pushed Suchen and said,"Let me go, how can you kiss me in front of Isabella?"

Su Chen hugged Sylph and said with a smile,"Your guard Diana has discovered our relationship, and there is no need for us to hide it."

Sylph said worriedly when she heard Su Chen's words,

"Diana actually knew it, and it was bad. Diana could see it, and my mother could also see it. Suchen, I'm afraid you will be in trouble in the future."

Sylph didn't expect that Diana could see her change.

Since Diana could see it at a glance, other elves would also see it.

Her mother, the Elf Queen, could even see it.

If her mother found out about her and Regarding Su Chen's relationship,

I'm afraid the holy elves will be dispatched.

Su Chen patted Sylph's back and comforted her, "It's okay. There are powerful masters around me. Your mother can't do anything to me."

"real?"

"Of course, there are two or three immortal cultivators in the Tribulation Realm around me. These are the pinnacle existences in the mainland. Do you have any elves in the elves who can defeat the masters of the Tribulation Realm? Elf

Princess Sylph looked at Su Chen and said seriously, "Yes, but she won't take action, and it's impossible for her to leave the elves."

"Holy shit! Sylph, there are elves in your elves who can defeat the cultivators of the Tribulation Realm? Is it your mother?"

Su Chen was shocked.

He didn't expect that the elves were so powerful that they could even defeat the masters of the Tribulation Realm. Could it be that the defeated Tribulation Realm master was a parallel import?

Su Chen had experienced the strength of the Tribulation Realm. Guanyin The Bodhisattva's exposed aura can suppress him.

If Guanyin Bodhisattva explodes with all his strength, he may be able to suppress and kill him with his powerful aura.

Sylph shook her head and explained,

"No, it's the elemental elves. The elemental elves are very powerful. I heard my mother say that there used to be demon cultivators who had transcended the Tribulation Realm and tried to snatch the holy water from the elves, but were eventually killed by the elemental elves."

Su Chen was very surprised when he heard Sylph's words, elemental elf?

He had heard of this before, a palm-sized elf, but he didn't expect the elemental elf to be so powerful.

Since the elves have elemental elf, what kind of life What about the ancient trees?

The elves seem to have been born from the sacred tree of life. Could it be that the elves in the Godfall Continent were also bred from the sacred tree of elves?

Su Chen thought about it and asked Sylph, "Elemental elves?" Sylph, you elves don't still have the Divine Tree of Life, right?"

"Yes, we elves were born from the Divine Tree of Life." Sylph nodded and replied.

Su Chen looked like this when he heard it.

The elves really do have the Elf God Tree, and even the elves were born from the God Tree of Life.

"What is the strength of the Elf's Divine Tree of Life?"

Sylph didn't hide anything from Su Chen. She directly told Su Chen some of the secrets of the elves.

"I don't know. I have never seen the Elf Divine Tree take action in a thousand years. Even the Elf Divine Tree has always been a huge sacred tree, and we have never seen the Elf Divine Tree turn into a human form."

Su Chen nodded when he heard Sylph's words,

Elf Divine Tree?

The Elf Divine Tree is probably not the Divine Tree of the Divine Meteor Continent. Could it be that the Elf Divine Tree is the Divine Tree of the Immortal Realm? Then what is the reason for the Elf Divine Tree to appear in this world? Godfall Continent?

At this time,

Isabella next to her was listening to the conversation between Su Chen and Sylph, and she became even more confused.

Isabella also knew little about the elves, although her mother and the Elf Queen of the Elf Empire They are allies, but she doesn't know anything about these things. And when did Su Chen and Sylph get together?

She is with Sylph all the time. When did Su Chen win over this bastard? Elf princess Sylph?

Aren't the elves not able to combine with humans?

How can Sylph be with Suchen?

Isabella pointed at Suchen and Sylph and asked angrily,

"you...When did you two get together?"

"illicit sexual relations? Isabella, can you use words? Sylph and I are in love, so if you don't know how to speak, don't talk nonsense."

Chapter 1518

Su Chen was very speechless when he heard Isabella's words.

Moreover, Su Chen was also very surprised as to why the little fairy Isabella was so angry. This was a matter between him and Sylph. Isabella didn't care. Too much?

"snort! Give me the spirit wine."When Isabella heard Su Chen's words, she gave this bastard a hard look.

This damn bastard!

No!

He's a damn pervert.

Isabella originally had some affection for Su Chen, but this time it's all It all disappeared, and now she wanted to strangle this bastard with her own hands.

Su Chen took out some spiritual wine and gave it to Isabella and said,

"Here, Isabella, be careful when you and Sylph climb the ladder. If it doesn't work, don't force it. You have already received great benefits this time."

"we know!"

Isabella said angrily after taking the spirit wine.

Silver grabbed the still angry Isabella and said helplessly, "Isabella, I didn't mean to hide it from you. These are too complicated. I'll tell you what happened later."

Isabella looked at Sylph, and then at the bastard Suchen.

She nodded and didn't plan to ask the elf princess Sylvera now.

"Well, as long as this bastard doesn't force you, I won't care about your business."

Su Chen looked at the ladder and said, "You guys drink some spiritual wine here to recover, I will continue climbing."

"Su Chen, you have to be careful!"

"Damn it, don't fall off."

Su Chen waved to Sylph and Isabella, and he stepped onto the 4,001st step.

Boom boom boom!

Crack!

Damn it! As soon as

Su Chen stepped onto the 4001st floor, here suddenly Rolling thunder appeared, and these thunders continuously attacked Su Chen, which made Su Chen hurriedly climb up while avoiding the attacks of the thunder. While climbing, Su Chen shouted to Sylph and the others below, "You must be careful. , from here the gravity will probably be 1,500 times greater, and there will also be thunder attacks. The higher up, the greater the attack power of thunder."

Su Chen didn't know if Sylph and Isabella could hear it now. He just wanted to inform them so that they wouldn't be accidentally attacked by thunder when they came up.

Isabella heard Su Chen's words and Asked Sylph, "This?" Sylph, did you hear what Suchen said?"

Isabella didn't expect that she would be in danger if she went up any higher.

Thunder attack?

The attack becomes more powerful the further she goes up. Isabella should also be careful in future climbs.

Silver nodded and replied, "I heard it, Isabella. It seems that there will be danger in the future. We need to be careful."

"Well, we leave some warnings here so that those who come later can also prepare."

"good!"

On the ladder to heaven, other girls and female ghosts are still climbing.

On the three thousandth floor,

Nie Xiaoqian, Mo Yu, Elf Diana, and more than ten female ghosts are all on the third thousand floor.

The rest Zhao Ling'er, Ning Zhongze, Qian Xue'er, Xiao Xun'er, and Qingniao were all on the 2,000th floor. They and the remaining female ghosts were all climbing hard.

Mo Yu was sweating and panting as he climbed.

"Huh, it's really hot. Thanks to Su Chen's spirit wine, otherwise our mana might be consumed even faster."

Elven Diana was also wet all over, and she didn't mind the exposed perfect figure.

Diana looked at the three people above and shook her head and said, "Mo Yu, I may only be able to climb to the top of the three thousand floors. There is no way I can climb the four thousand stories."

"Diana, we are now being rewarded with nothing by the ladder. Don't give up."

"I know, but I'm afraid I won't be able to climb up to the 4,000th floor. Not only is the gravity very strong on the 3,000th floor, but I can't stand the flames. I'm afraid it will be even more difficult to climb on the 4,000th floor."

"Give it a try. If it doesn't work, you can give up."

"I see!"

Diana nodded and climbed up again.

She also wanted to take this opportunity to improve her strength.

Princess Sylph has reached the four thousandth floor. As a guard, she cannot be too inferior to the princess's strength.

And Su Chen She was still on top, just so she wouldn't be that bastard's dowry escort in the future, she had to work hard to continue climbing.

When Mo Yu saw Diana starting to climb again, she looked at Su Chen above and gritted her teeth. She must not lose to that bastard Su Chen this time. If she cannot take advantage of this opportunity to improve her strength, she will be bullied to death by that bastard Su Chen in the future.

In the ruins palace,

Xiao Huohuo and Xiao Tian looked at each other with livid faces. Looking around the palace, most of the treasures here have been looted. What they found was a spiritual fruit and some exotic flowers and herbs. Among the treasures here, they didn't even find any skills or magic weapons.

Xiao Huohuo looked ugly. He said to Xiao Tian, "Ancestor, this place has been robbed by others. I am afraid that those people have obtained the secrets of the techniques, spiritual weapons, and magic weapons."

Xiao Tian also said with an angry look, "It must be those women from before. I didn't expect that they also found this place."

Xiao Tian is very angry now.

In order to restore his previous strength, he took Xiao Huohuo to the ruins on this adventure. He just wanted to find some elixirs, as long as his strength returned to its peak strength.

Ancient tribe, immortal cultivator , even other families and empires, he will not take it lightly.

Now that the treasure has been snatched by those women, how can Xiao Tian not be angry?

"Ancestors, what should we do?"

"try to find! Find those women, and the treasures they get will belong to us. If they don't hand them over, then kill them."

"But the palace is so big, why should we look for it like this?"

Boom!

Xiao Tian blasted away a stone platform with one palm and shouted wildly, "Look for them in one place. As long as they don't leave this palace, we will definitely find them."

"Yes, ancestor!"

Xiao Huohuo was frightened by Xiao Tian's current appearance. He felt that if he dared to say no, Xiao Tian would chop him with one palm.

Outside the ruins palace,

Tang Shan also knew why Tang Hao insisted on looking for the lost treasure..What kind of treasure is that?

It would be better to say that his mother was lost by Tang Hao.

Tangshan didn't expect that his mother turned out to be a blue grass.

It's his fault.

He didn't expect that Tang Hao actually married a spirit beast. No wonder Tang Hao was expelled by the sect and wanted by the Wuhun Empire.

All this was for a blue grass.

Tang Shan checked the place where they arrived and said, "Father, there is no exit here at all. We are afraid we have to You have to trigger some restrictions before you can go out."

"Look again."

Tang Hao looked around anxiously as he kept rummaging around.

He wanted to leave the palace as soon as possible, but Tang Hao was worried that his wife would be eaten by some monsters.

If this happened, he would be ready to die.

"All right!"

Chapter 1519

Outside the ruins palace, in an attic, the huge cocoon became brighter and brighter. The colorful cocoon was constantly trembling, which caused the entire attic to erupt with powerful vibrations.

Tangshan suddenly saw some bright light erupting from a nearby attic, and the entire attic was even shaking.

Tangshan hurriedly reminded Tang Hao, "Father, look, there is something wrong with the attic."

"Huh? Is there any treasure? Tang Hao was also very surprised when he looked at the sparkling attic.

Tang Shan asked Tang Hao expectantly, "Father, are we going to find the treasure?"

Tangshan hopes to find some treasures in the attic.

In the academy, his strength is not as good as others. If his hidden weapons were not good enough, his position as the boss might not be guaranteed. Now the treasure is right in front of him. , it's a lie if he's not tempted.

Tang Hao waved his hand and said, "Let's go and take a look. Even if there's not a treasure in the attic, maybe it's the teleportation array at the exit."

"OK, Father!"

At this moment,

Xiao Tian and Xiao Huohuo suddenly appeared in front of the attic. They were also attracted by the vibration in the attic.

When Xiao Tian saw Tang Hao and his son coming over, he said expressionlessly, "Tang Hao, Aren't you leaving? Leave now. You don't have to go to the attic. The treasures inside belong to me."

Tang Hao saw Xiao Tian who quickly appeared in front of the attic, and even Xiao Tian wanted to drive them away.

This made Tang Hao's temper rise.

Tang Hao looked at Xiao Tian and said coldly, "Xiao Tian, here are our father and son. Whoever finds it first, you'd better go away."

Xiao Tian looked at Tang Hao with disdain and mocked, "Did you discover it first?" We were obviously the ones who discovered the arrival first, Tang Hao, please leave as soon as possible, you are not as strong as me."

Xiao Tian is not afraid of Tang Hao.

His strength is a little higher than Tang Hao.

If Tang Hao is ignorant and still wants to compete with him for treasures, then don't blame him for being ruthless.

"Damn it, you turned your back now, do you think I will be afraid of you?"

"court death!"

Boom boom boom.....

When Xiao Huo saw that Tang Hao was so ignorant, he immediately struck Tang Hao with a palm. When Tang Hao saw Xiao Tian attacking, he hurriedly activated his soul skills and attacked Tang Hao.

"Xiaohuo, go to the attic to get the treasure"

"Xiao Shan, you go too, they can't let them get the treasure."

While Xiao Tian and Tang Hao were fighting, they both shouted to Xiao Huohuo and Tangshan,"

Boom!"

Tangshan and Xiao Huohuo looked at each other and started fighting. Xiao Huohuo attacked Tangshan with a giant ruler. Tangshan activated his soul skill and faced Xiao Huohuo with a hammer.

Outside the attic, the two parties were fighting fiercely, and in the distance of the attic, some screams suddenly came from a dark stone platform. The stage also began to shake, and it became more and more intense.

In the attic, the huge cocoon was about to break out of the cocoon, and traces of spiritual light emerged from the cocoon. These spiritual lights slowly gathered in the cocoon. Next to it. After a while, a colorful dress appeared next to the cocoon.

Whoosh!

A woman suddenly emerged from the cocoon, and this colorful dress was instantly put on the woman's body. At this time, the woman felt I looked at my body and smiled when I was underground.

This woman is the Butterfly Demon, but now the Butterfly Demon is more beautiful, more glamorous, with exquisite face, cold eyes, convex figure, plus this A colorful dress.

The butterfly is more beautiful and attractive than before.

Whoosh!

A letter on the cocoon instantly appeared in the hand of the butterfly demon.

The butterfly demon opened it and looked at it and smiled.

She did not expect Su Chen She unexpectedly found this place, and this was the land of ruins. She didn't expect this. The butterfly demon was drawn into the whirlpool and came here.

There was an item in this attic that attracted her.

When she entered the attic, the ancient colorful The butterfly inheritance poured into her body, and she started to transform into a cocoon and prepare to become a butterfly again. She didn't know anything else. The butterfly demon read the letter and smiled and said to himself, "Su Chen, My current strength is in the Fusion Realm. If you dare to bully me in the future, I will let you know how powerful I am."

Damn it!

Butterfly suddenly patted her forehead.

She suddenly thought that she was not wearing a dress when she transformed into a butterfly. Didn't that bastard all see it?

Butterfly's face immediately turned red.

She thought, this is not the case. In the river, all the girls were there at that time.

Even if Su Chen saw Butterfly at that time, there were other women accompanying her.

But this time she was the only one, and that bastard probably saw her carefully. Fine.

Huh?

Why is there the sound of fighting outside?

Butterfly came to the attic window and looked over and was very surprised.

She did not expect that those people who left early in the morning would also appear in the ruins. Su Chen did not say that in the letter After all this, have these people just come in?

But why are they fighting in the nest?

Butterfly has no intention of going out to persuade, she is watching all this quietly in the attic.

Su Chen asked her to wait for his arrival here, Butterfly I didn't want to check in the ruins.

As for the black stone platform in the distance, no one here noticed any movement on the stone platform. This may be because the fighting sounds of Xiao Tian and Tang Hao masked the vibration of the stone platform.

On the ladder to heaven ,

Su Chen is about to reach the 5,000th floor, but Su Chen is now very embarrassed, his clothes are in tatters, and even his hair is standing on end after being struck by lightning.

It's his fault!

If you know who built it in the future If he gets this ladder, he will not let this person go.

Su Chen felt very depressed when he looked at his tattered clothes.

Although these thunder attacks did not cause much harm to him, his clothes could not withstand the thunder. Attack.

If he hadn't been careful all the time,

I'm afraid his clothes would have been completely shattered by the thunder, and he would have made a fool of himself in front of all the women.

Su Chen looked at the 5000th step before he looked at it. He hurriedly stepped onto the 5000th step.

Boom!

This?

Is this a little water?

Damn it!

Why is the 5000th step rewarded with a little water? What kind of water is this? Isn't it the legendary Three Light Divine Water? Right?

Su Chen looked at the drop of water floating in front of him and was very confused. How could there be a reward of a drop of water? This is definitely not the Three Light Divine Water, so what kind of water is this drop of water? Let me guess!

How about the blue grass ? Out?

"don't want.....What the hell!"

Su Chen looked at the blue grass that suddenly appeared and quickly absorbed the drop of water.

This made Su Chen feel very sad.

Although he didn't know what this drop of water was, being able to get this reward on the 5,000th floor is definitely not ordinary. Water is just cheaper now for Tangshan's mother.

Chapter 1520

On the 5000th floor,

Su Chen watched the blue grass absorb the water droplets in front of him.

He could no longer stop it.

He could only see what changes would happen to the blue grass. This drop of water must be different. , there must be a reason why the bluegrass came out to absorb this drop of water.

Boom boom.....

After a while, the blue grass began to grow crazily, and its strength became more and more powerful.

On the entire fifth thousand steps,

Su Chen was so squeezed that he almost fell off the steps.

"I'll do it!"

Su Chen just looked at the blue grass for a while, and her strength was improved to Soul Saint, and it was still improving.

Soul Saint.....Contra.....Ordinary Titled Douluo.....Super Douluo.....Peerless Douluo.

Su Chen stared at Blue Yincao dumbfounded.

What the hell,

Blue Yincao has now reached the distraction state, but it has not stopped yet.

If Blueyin grass continues to improve, her strength will be raised to the integration state. , which is comparable to his strength.

Su Chen felt weird looking at Lan Yin Cao.

In the past, Lan Yin Cao was probably the Peerless Douluo (at the Distracting God Realm), but now she has reached the Distracting God Realm.

Why hasn't Blue Yin grass transformed yet?

Isn't it possible for a hundred thousand year old soul beast to transform into a blue grass? How did the blue grass give birth to Tangshan? boom!

At this time, the strength of Blue Yincao advanced to the Soul God (Fusion Realm).

Blue Yincao suddenly burst out with white light, and then a woman in white appeared on the steps. The woman in white kept checking her body after appearing.

Su Chen was very surprised when he saw the beautiful woman who appeared.

Tangshan's mother was actually alive?

And he has become a super strong person in the Fusion Realm, but does Lan Yincao still remember what happened before?

Blue Yincao is really beautiful. Her tall and perfect figure, delicate appearance, and even mature charm are very attractive. No wonder Tang Hao fell in love with this Blue Yincao.

Su Chen looked at the Blue Yincao and asked , "Girl, do you know who you are?"

"Who are you?"

Lanyincao looked at Su Chen and felt very confused.

Why is this human being's breath so familiar? Why does she feel that this human being has a very close relationship with her? But why is there no memory of this human being in her memory?

Su Chen doesn't know whether Lan Yin Cao still has the memory of the past, he can only try to see if Lan Yin Cao has the memory of the past.

"I? I am your master, don't you remember?"

Lanyincao asked with a cold face when he heard Su Chen's words,

"Owner? What nonsense are you talking about, human being? How can you be my master? I remember clearly that I have no master at all. Who are you?"

"Do you have any memories from the past?"

"certainly!"

"Then do you still remember your Tangshan and Tang number? Lan

Yincao said excitedly when he heard Su Chen's words, "Remember, Tang Hao is my husband and Tang Shan is my son."

Su Chen's face turned dark when he looked at Blue Yincao.

He originally thought that Blue Yincao would be reborn and would not have its previous memories.

It seems that his guess was wrong.

A drop of precious water was wasted.

And will it be returned to him? He supported the future enemy, which made Su Chen's face very ugly.

Su Chen pointed at the blue grass and cursed,

"Damn it, Lan Yincao, I saved you, and I helped you regain your strength. You don't want to go find your husband and son, do you?"

Lanyincao looked at Su Chen and said coldly,

"why not? Although you saved my life and gave me a new life, I will repay you in the future, but I have to go find my husband and son."

"get out!"

Su Chen yelled and cursed at the blue grass,

"you....."

Lan Yincao wanted to get angry when she heard Su Chen's words, but she suddenly felt the energy in her body began to riot, which made her panic.

Boom boom boom.....

At this time, on the 5000th step, a terrifying aura enveloped the place, and a giant eye appeared in the sky. Su Chen and Lan Yincao both looked at the giant eye that appeared in the sky in horror.

The huge eyes shone with an icy chill, as if if these huge eyes looked at them for a while longer, Su Chen and Lan Yincao would be wiped out.

At this time, a cold voice came over,

"Seize the reward and be punished! Human beings, do you need to deprive your reward from the body of the monster?"

"Who are you?"

Su Chen asked hurriedly when he heard this voice.

He didn't expect such a good thing. Blue Yincao robbed the reward items, and there was an executor to claim them back. This made Su Chen look at Blue Yincao and be filled with excitement. Laughing.

Lan Yincao was panicking now.

She didn't expect that the holy water she just absorbed would be taken back, and even she would be killed by this very powerful eye.

This made her look pale and she didn't know what to do.

"Guardian of the ladder!"

"Guardian of the ladder? Are you human or immortal?"

The voice of the guardian of the ladder continued to come over and said, "No, I'm just the soul of a holy weapon."

"Human being, you are very good. I can feel that your potential is very huge. Keep climbing. There are the treasures you need here. I hope that you will be the first person to reach the top in tens of millions of years."

Su Chen looked at the giant eyes and said mockingly to Lan Yincao, "Lanyin Cao, what do you think I should do with you, a white-eyed wolf?"

Su Chen is not in a hurry to let the giant eye in the sky deprive him of the drop of water.

He is now more and more interested in this ladder.

No one has been able to climb to the top for tens of millions of years?

There are still treasures he needs here? Even the giant eye still has his potential. Very huge?

What potential does Su Chen have?

Ahem!

It can't be his potential to pick up girls, right?

When Lan Yincao heard Su Chen's words, he said angrily,

"White-eyed wolf? Human being, I have not offended you at all. Besides, I have promised to repay you in the future. You cannot deprive me of my cultivation realm. Su

Chen crossed his arms and said with a smile, "Haha, Blue Yincao, is this useful now?"

"what on earth do you want?"

Lanyin Cao is very uneasy now. Although she has a good impression of Su Chen in her heart, this bastard's words are too unpleasant. He even seems to want to intimidate her.

Su Chen looked at Lan Yin Cao with a cold and arrogant expression. said,

"I give you two choices, one, accept me as your master, or two, I will let the guardian of the ladder take out the drop of water, and you can turn into a blue grass again, and you can stay here to fend for yourself."

Lan Yincao heard Su Chen's words and hurriedly begged, "No! I will repay you later, please, don't do this."

Su Chen looked at Blue Yincao without saying anything.

If Blueyin grass had no memory, he wouldn't treat Blue Yincao like this.

But after this Blue Yincao reshaped, she actually still had her previous memories, which made her Su Chen had no choice but to threaten Lan Yin Cao.

After all, Lan Yin Cao was very powerful, and he did not want to have such a powerful enemy in the future.

"Blue Grass, three breaths of time, if you have no choice, I will let the Horcrux Guardian take action against you."
