Chapter 1521

Lan Yincao's face turned very pale when she heard Su Chen's words.

Do you recognize her master?

Her future life and death will be in the hands of this human being, which is more tragic than killing her.

But if she was deprived of that drop of divine water by the guardian of the Horcrux Ladder, she would transform into bluegrass again. She didn't know how many years it would take before she could practice transformation again.

Lan Yincao looked at Su Chen and asked hurriedly, "Is there a third option?"

"have!"

Su Chen nodded and replied with a weird expression.

Su Chen didn't expect that Lan Yin Cao wanted a third choice. A third choice?

Of course there is, but I don't know if Lan Yin Cao will be more interested after hearing this. Collapse.

When Lan Yincao heard Su Chen's words, he hurriedly shouted,

"I choose third"

"you sure?"

Su Chen looked at the idiot Lan Yincao and continued to ask.

He didn't expect that Lan Yincao didn't even ask what the third option was, so she directly chose the third option. This girl didn't think that the third option was Are the three choices the best choice?

Lan Yincao nodded to Su Chen with a serious face,

"I am sure!"

Lanyincao can't choose the first choice, nor can she choose the first or second choices.

No matter what the third choice is, it's better than the first and second choices. She also has no choice at all. Power.

As long as she is not allowed to recognize her master, or even deprived of her cultivation realm, she doesn't care about other options.

Su Chen nodded and said with a smile, "Okay, I will help you, the guardian of the ladder, to erase her." all previous memories"

"Can!"

"No, I don't want my memory wiped!"

"Blue Yincao, this is your choice, you can't blame me"

"you are despicable, you.....Ahhhh!"Lanyincao looked at Su Chen and cursed angrily.

But just when she was about to continue cursing, a white light suddenly enveloped Lanyincao, and then Lanyincao screamed in the white light. There was a burst of misery. After shouting, the white light disappeared, and even the giant eye in the sky disappeared without a trace.

On the steps on the 5,000th floor,

Su Chen looked at the confused Lan Yincao who fell on the ground and shook his head.

Lan Yincao was It's his own fault.

If Lan Yin Cao hadn't robbed him of his treasure and even had memories of the past, Su Chen wouldn't have been able to treat Lan Yin Cao.

But Lan Yin Cao had memories after all.

If her son became his enemy in the future, Su Chen would He was about to face this powerful woman, and he had to do this for the safety of her men and women in the future.

"Blue Yincao, do you still remember what happened before?"

"Who are you? Why am I so familiar with you?"

I guess!

How can Lan Yin Cao still have memory?

This is impossible?

The guardian of the ladder has erased Lan Yin Cao's memory. It's impossible for Lan Yin Cao to still have memory, but how can she still have memories of herself?

Could it be that Lan Yin Cao still has memory? Does Cao hate that he can't even erase his memory?

Su Chen looked at the confused Lan Yincao and was very helpless.

It's his fault.

Lan Yincao won't be able to think about what he forced her to do today, right?

Su Chen He knelt down and looked into Lanyincao's eyes and said,

"I am your master. You were seriously injured in order to protect me. You have been healed by me now, but your memory has been forgotten."

Lanyincao patted his head and asked confusedly, "Master? Are you my master? I feel a strong force inside my body. Is this what you do too?"

Su Chen nodded and continued talking nonsense,

"Well, I restored you with a drop of divine water from the fairy world. Not only did your body recover, but your cultivation level also improved greatly. You are now a fighting god."

"Thank you master!" Lanyincao looked at Su Chen for a while and then stood up and saluted.

Lanyincao also felt that Su Chen was very familiar, especially the smell of Su Chen's body.

When Su Chen squatted in front of her, she felt that Su Chen was even more familiar. Chen was very familiar with it, which made her no longer doubt what Su Chen said just now.

Is this done?

Su Chen looked at the blue grass that saluted him and touched his nose and thought, but this is Isn't that too despicable?

Su Chen looked at Lan Yin Cao and shook his head, no matter whether he was despicable or not!

If he didn't do this now,

Lan Yin Cao would definitely be his enemy in the future, and it would be impossible for the son of luck in Tangshan to fight with him. He lived in harmony in order not to encounter a powerful enemy in the future.

Su Chen did not feel that it was wrong to do this.

Su Chen grabbed Lan Yincao and said, "Lanyin Cao, you have just broken through now, and the energy in your body is not yet there." Completely consumed and absorbed, you turn into your true body and continue to absorb and practice in the jade box."

"Yes, master!"

The blue grass nodded to Su Chen, and she turned into a blue grass and appeared in Su Chen's hand.

Su Chen put the blue grass in the spiritual stone jade box and breathed a sigh of relief. This thing is perfect. The problem is solved. I hope Lanyincao will not think of Tanghao and Tangshan in the future.

"I'll do it!"

Su Chen forgot to ask Blue Yincao whether she is perfect now after she re-transformed.

Su Chen thought that Blue Yincao had re-cultivated her body to transform. Although she had her previous memories, the new Blue Yincao should also be perfect. Body, right? This is equivalent to the beginning of a human baby.

Su Chen thought for a while and said to himself, "Forget it, it's hard to ask such a question. If I ask Lan Yincao like this, I'm afraid Lan Yincao will Yincao would also regard herself as a shameless pervert."

Boom!

After Su Chen continued to climb up, as soon as he climbed up the 5001st step, countless wind blades attacked him one after another.

Su Chen hurriedly used magic power to protect his body and continued to climb.

Now the Ice, flames, thunder, and now wind blades. Although the gravity has not increased much on the steps of the 5001st floor, these wind blades are very difficult to deal with. The wind blades flash suddenly like sharp arrows. Growing up, Su Chen was also careful to deal with these wind blades on every step.

At this moment, under the ladder to heaven, some female ghosts appeared under the ladder to heaven.

They were all after climbing to the three thousandth floor. These female ghosts Unable to stand the flames and gravity, they all gave up and continued climbing.

However, the strength of these female ghosts has increased quite well. The lowest cultivation level of these female ghosts is at the peak of the Golden Core Realm, and most of them have even advanced to the level of Face Nascent Soul. level of cultivation

"Look, the master has climbed to more than five thousand floors. The master is really powerful!"

"Yes, the master is very powerful. If the master hadn't given us the spirit wine, we might not even be able to climb the three thousand floors."

"Sisters, why do you think the master has been hiding his cultivation? And he has been hiding at the level of the Grand Master?"

"Haha, I know, I know, I heard Nie Xiaoqian say that this is a low profile, the master always wants to be low-key"

"Low profile? Why do I feel like the master is pretending to be a pig to eat the tiger?"

"Haha, I feel the same way."

Chapter 1522

On the ladder to heaven, the other girls are still holding on.

There are still dozens of female ghosts on the three thousandth floor who are struggling to climb. These female ghosts may not be able to hold on for long. Their legs are so weak that they may fall apart in a short while. Will fall down.

Zhao Ling'er has now turned into a human body and a snake's tail, Xiao Xun'er's strange fire has also burst out, and both of them have climbed to the four thousand level with these abilities.

Qian Xue'er also activated her soul power.

With the blessing of the angel martial soul, Qian Xue'er climbed up the four thousand steps with difficulty step by step.

Qingniao and Ning Zhong were the weakest. They were now at more than 3,700 floors. I can't hold on any longer.

Elf Diana was already scarred on the 4300th floor.

The thunder attack here made her suffer a lot. Her clothes were in tatters and even her snow-white skin was exposed. She doesn't care about these now..

Elf Diana has been staring at Su Chen in front.

In order not to be teased by Su Chen in the future, she is gritting her teeth and continuing to climb hard.

Nie Xiaoqian appeared on the 4500th floor.

She was in a very embarrassed state now.

However, in order not to let Su Chen be disappointed in her, Nie Xiaoqian still insisted on climbing up step by step.

Isabella and Sylph also separated.

Isabella is now on the 4600th floor, while Sylph appears on the 4700th floor. Like the elf Diana, their clothes are in tatters after being attacked by thunder.

Their hair is even more messy, and they now feel like beggars, but Isabella and Sylph are very tempting like this, with their perfect figures exposed, and even their snow-white skin cannot be tattered. Covered by clothes.

If Su Chen saw all this, it would be even more impossible for Su Chen to leave their side.

At this moment,

Mo Yu was about to climb the 5,000th floor.

This imperial sister who came from behind was still very powerful. She left those women behind one by one.

Su Chen was the only one left in front of her, but she was very helpless towards the pervert Su Chen. Just now she saw that Su Chen was still on the 5100th floor. After climbing for a while, she found that the bastard had already reached the fifth floor. There are more than 1,600 floors.

This made Mo Yu really have nothing to say to Su Chen. That bastard was probably much more powerful than her.

Mo Yu tightened her tattered dress and continued climbing.

Even if she couldn't catch up with Su Chen, she would still have to climb hard to increase her strength. She always remembered Su Chen's threat. If she didn't want to be beaten by Su Chen in the future, Bullying can only make her stronger quickly.

Su Chen climbed quickly on the steps.

At the 5500th floor,

Su Chen got another root bone reward.

Su Chen didn't know what level his current root bone was, but he guessed that his root bone was The bones are probably perfect now.

With several consecutive root bone rewards,

Su Chen became more and more able to analyze some of his confusion about cultivation. boom!

When Su Chen climbed up to the six thousandth floor, a white light suddenly appeared, and a jade box floated in front of him.

Seeing this, Su Chen rubbed the jade box and took it. He was very much looking forward to it this time. get a nice reward

"This is? Why is this a ghost face mask?"

Su Chen was very surprised when he opened the jade box.

When he looked at this mask with a grimace that seemed to be crying and laughing, he felt that it was familiar. Why did he seem to have heard of this mask with a grimace somewhere?

"Holy shit! Empress? This is the Empress's grimace mask."

Su Chen suddenly thought of it, doesn't the Empress of Haters have a mask with a ghostly face? Isn't it the ghostface mask of the Empress of Haters?

Su Chen's heart was churning now, how powerful is the Empress of Haters?

The mortal world The Empress of Immortals may be the Golden Immortal level of immortal cultivators, the Immortal King?

What about the Immortal Emperor?

If I meet the Empress in the future, will the Empress be a powerful person at that level?

Su Chen looked at the ghost face mask in his hand and said,

"I don't know if this Ghost Face Mask is a disaster. If the Empress knew that he owned the Ghost Face Mask, I'm afraid the Empress would strangle herself to death."

Su Chen thought about it and was ready to try on this mask.

This is an imperial weapon and the most powerful spiritual treasure in Su Chen's hands now.

It's impossible for Su Chen not to be tempted by this grimace mask.

"I'll do it! Can't bring it with me? Does this still require dividing people?"

Su Chen held the Ghost Face Mask and tried to put it on his face.

The Ghost Face Mask seemed to be resisting Su Chen. He couldn't put on the Ghost Face Mask even when he was about one foot away.

Su Chen was very speechless when he looked at the Ghost Face Mask. This powerful I'm afraid he won't be able to use the Imperial Arms. Doesn't the Hater Empress not like men wearing her Ghost Face Mask?

Su Chen shook his head and put away the Ghost Face Mask.

Now is not the time to check the Ghost Face Mask. He will wait for it later Check it out slowly when you have time.

Boom!

Su Chen continued to climb up the ladder to heaven.

The gravity here has reached 2,000 times. Su Chen felt a little breathless as soon as he stepped on it, and the sixth The space blade appeared again in the Thousand and One Levels.

This made Su Chen curious about this ladder. First there was ice, flames, thunder, and blast wind, and now space appeared again. Will there be a time storm on the Seven Thousand Levels? ?

Su Chen is very familiar with space blades. After all, he also knows the laws of space. These space blades pose no threat to him at all.

Space is against space. As long as the space blade appears, Su Chen can sense the fluctuations in space. He can also use space. Sharp blade against space sharp blade.

Su Chen immediately started to climb quickly.

Apart from gravity, he had nothing to worry about in the six thousand layers.

At this time, in the ruins palace, the battle between Xiao Tian and Tang Hao was about to end. ,

Tang Hao is no match for Xiao Tian at all.

Tang Hao is now very miserable. One of his arms was chopped off by Xiao Tian. Now Tang Hao wants to let Tangshan escape here quickly. He is worried that Tangshan will also be killed by Xiao Tian. Kill.

Boom!

Xiao Tian knocked Tang Hao away with another palm and said disdainfully, "Tang Hao, what else do you want to say before you die? Tangshan hit a pillar and vomited blood before threatening, "Xiao Tian, even if I die, I will pull you to die with me.""

Suddenly, all the soul power in Tang Hao's body burst out. He was going to self-destruct and Xiao Tian was going to die together.

Xiao Tian looked at Tang Hao and warned with a twitching face,

"If you want to self-destruct, Tang Hao, you have to think clearly. Even if you want to self-destruct, you may not be able to die with me, but your son will definitely die here."

Xiao Tian did not expect that Tang Hao would self-destruct, which made him very worried.

His strength has not been fully restored to begin with. If Tang Hao self-destructs, he will suffer heavy losses. By then, he will be immortal and may not be able to reach the level of cultivation. About to fall again

"Father, don't blow yourself up, I caught Xiao Huohuo."

At this time,

Tang Shan, who was next to him, dragged Xiao Huohuo over.

"waste!"

Chapter 1524

On the ladder to heaven,

Su Chen had no idea what was happening in the ruins palace. He was currently climbing the ladder with all his heart.

Under the ladder, more and more female ghosts appeared under the ladder, and even Qingniao and Ning Zhongze were forced to give up climbing.

They were just over 200 steps away from climbing to the 4,000th floor, but they were really exhausted. It would be dangerous if they continued to climb, and the two of them had no choice but to quit.

Ning Zhong looked at the women on the ladder and said with emotion, "Qingniao, our strength is still too low."

There was a hint of unwillingness on Qingniao's cold face.

Although her current strength is at the peak of the Golden Core Realm, But compared to those women, the difference is huge.

Qingniao looked at Isabella and the girls and said,

"Yes, everyone else is on the 4,000th floor, but we haven't even gone up to the 4,000th floor. Compared with those women, our strength is simply not good enough."

"Alas, I have to practice harder in the future, otherwise I won't be able to follow in my master's footsteps."

"The young master has almost reached the seven thousand level. Is the young master that strong?"

Ning Zhong looked at Su Chen on the ladder and said with a smile,

"Yes, you don't know much about the owner"

"I'm afraid the master has never taken action with all his strength. Don't look at it. The master has been hiding his cultivation in the Grand Master."

"Even if the master is a great master, some strong men will feel threatened by the master, and even those strong men will not dare to take action against the master easily."

Qingniao nodded when she heard Ning Zhongze's words.

Since she followed Su Chen,

Qingniao has never seen Su Chen take action with all his strength. When encountering powerful monsters and immortal cultivators, Su Chen will take them with him. Escape.

And being able to escape from the hands of powerful monsters and cultivators also shows that Su Chen is very powerful.

Whoosh!

At this time,

Qian Xue'er was also instantly teleported to the bottom of the ladder. Qian Xue'er looked pale. They hurriedly sat down and recovered.

Qingniao and Ningzhong looked at Qian Xue'er and shook their heads.

Qian Xue'er couldn't hold on on the 4,200th floor, and Zhao Ling'er and Xiao Xun'er might not be able to hold on either.

As expected, just after a while,

Zhao Ling'er and Xiao Xun'er were also teleported back one after another. They also hurriedly recovered after being teleported back.

However, Zhao Ling'er was in the form of a human body and a snake's tail. This made Qingniao, Ning Zhongze, and even the surrounding people... The female ghosts looked over one after another.

Ning Zhong looked at Zhao Ling'er's form and asked doubtfully, "Qingniao, is Zhao Ling'er a human or a demon?"

"I don't know, it should be considered a demon." Qingniao shook his head and replied.

Qingniao is not familiar with Zhao Ling'er, but do people have snake tails?

Zhao Ling'er is probably a monster. If it were in the Southern Continent, Zhao Ling'er might be a monster or a spirit beast.

Ning Zhong took a look. The people around laughed and said, "Demon? Haha, Blue Bird, look around you, there are either ghosts or demons here, the owner is really special."

Qingniao rolled his eyes at Ning Zhongze and said speechlessly,

"You might as well say that the young master only likes beauties. Whether they are humans, monsters, or even female ghosts, as long as they are beautiful beauties, the master will probably not let them go."

"That's right!"

Ning Zhong nodded as he thought of Su Chen's romance.

In the Tianxuan Continent, Su Chen was just a pervert, but in the Shenyu Continent, Su Chen had not changed at all.

Boom!

At this time,

Su Chen also arrived. As soon as he stepped onto the 7,000th floor, the reward for the ladder was delivered to him.

Su Chen looked at the ceramic jar in front of him and was very speechless. This jar must be the ruthless empress's sky-swallowing magic jar.

Su Chen carefully examined the Sky-Swallowing Magic Jar.

There was a picture of a graceful woman depicted on the Sky-Swallowing Magic Jar, but this woman seemed not to exist. No matter how you looked at it, you couldn't see clearly what she looked like. There was also a seal on the lid. There is a ghost face mark, which is exactly the same as the ghost face mask that Su Chen got before.

Don't you reward the ruthless empress's treasures in the future? Su Chen got two of them

, the ghost face mask and the sky-swallowing magic jar. If he gets another ruthless empress The treasure of the Human Empress, it is really impossible to see the ruthless Empress in the future. This Sky-Swallowing Demon Jar seems to be able to be awakened, right? Su Chen remembered that there was a plot in which the Sky-Swallowing Demon transformed into the Empress. After thinking about it, he felt that it was very possible. The Heavenly Demon Lord is an imperial weapon forged from the second body of the Empress. This jar of the Heaven-Swallowing Demon must contain the soul and essence of the Empress's second body, and there may even be a trace of the spirit left behind. Su Chen stretched out his hand to touch the Heaven-Swallowing Demon There was a depiction of a woman on the jar, but as soon as his hand touched it, the Heaven-Swallowing Devil jar began to tremble, which shocked Su Chen.

"I'll do it! Isn't the Sky-Swallowing Magic Jar a living thing?"

Su Chen hurriedly backed away.

He was worried that the Sky-Swallowing Magic Jar would suddenly attack him.

"This is divine magic [One thought and flowers bloom, rule the world] ! "

Su Chen saw a spiritual jade appearing in the Heaven-Swallowing Demon Lord. The eight words on the jade made him surprised and said,

Su Chen didn't expect to get another reward. Could it be that he was not allowed to touch the Heaven-Swallowing Demon Jar? Compensation for his portrait?

Su Chen held his chin and felt that it was very possible that this sky-swallowing magic jar was the second incarnation of the empress. I am afraid that this second incarnation was already in a state of recovery.

If the Empress knew about this, she would probably break the Heaven-Swallowing Devil Jar and absorb the soul and essence inside. If there was even a trace of the soul, the Empress would be even more unlikely to let it go.

After Su Chen received the spiritual jade, he looked at the Sky-Swallowing Magic Jar. He was not allowed to touch the Sky-Swallowing Magic Jar, so how would he use the Sky-Swallowing Magic Jar in the future? Is this like a ghost face mask that can only be seen but not used?

Su Chen thought for a while and said to the sky-swallowing magic jar in front of him,

"Sky-Swallowing Magic Jar, can I use you in the future? You can just shake it from side to side."

Su Chen waited for a while but saw no movement from the Sky-Swallowing Devil Jar.

This made Su Chen's face darken.

Is the Empress' treasure really meant to be used by different people?

Huh?

That's not right!

This is the Godfall Continent.

It is impossible for Lingbao, these holy weapons, and imperial weapons to appear in the Divine Fall Continent. Aren't the Ghostface Mask and the Sky-Swallowing Magic Jar inferior to ordinary Lingbao?

This is definitely impossible.

Su Chen guessed that the Ghostface Mask cannot be worn, and the Sky-Swallowing Magic Jar There was no response. Does it mean that these cannot be used in the Shenyu Continent?

Then if the Ghost Face Mask and the Sky-Swallowing Magic Jar appear in the Shenyu Continent, will this be punished by God?

Su Chen looked into the air and shouted road,

"Can holy artifacts, ghost face masks and sky-swallowing jars appear in the Godfall Continent?"

"Can! But it cannot be used!"

Holy crap!

This really can only be seen but not used. Su Chen was very helpless when he heard about the holy artifacts.

These can only be regarded as collections, and they are also very dangerous collections.

If the empress knows about it in the future, he will I'm afraid it's going to be dangerous.

Chapter 1525

Su Chen received the Sky-Swallowing Magic Jar into the system space, and he was going to collect the Ghost Face Mask and the Sky-Swallowing Magic Jar.

These were treasures that could not be used at will. If the Empress knew that he had the Ghost Face Mask and the Sky-Swallowing Magic Jar, she would probably He directly caught himself and refined him.

The empress can even refine the holy and divine bodies. Although his physique is not as good as those of the holy and divine bodies, he does have the blood of the Black Bird.

I'm afraid the empress won't be able to let go of such a bloodline.

Su Chen shuddered just thinking about it. its not right!

How could there be a treasure belonging to the ruthless empress in this ladder?

And two of them appeared immediately.

What is the origin of the ladder?

Sacred weapon?

Is this a sacred weapon in a fantasy world?

Or is it a sacred weapon in the prehistoric world?

"Holy weapon, where are you from?"Su Chen thought for a while and shouted. He wanted to see if the holy weapon would answer his question.

Su Chen waited for a while but saw no answer from the soul of the weapon.

This made him shake his head.

I'm afraid the holy weapon was not Perhaps telling him this, this ladder still looks very high.

Su Chen doesn't know whether there are 10,000 levels of angels or if there are countless steps behind it.

Boom!

Su Chen stepped onto the seventh level. After the Thousand and Levels, it was indeed the attack of time.

A man who looked exactly like Su Chen suddenly appeared. He quickly attacked Su Chen with a cold and arrogant look.

Boom!

"A grandmaster's image dared to attack him. This was simply asking for death." Su Chen smashed the time realm clone with one punch and said disdainfully,

I'm here!"

Su Chen suddenly looked at the top of the ladder and thought, wouldn't the mirror clones here be stronger than each other?

Now it's the realm of a grandmaster. Like a clone, what about in the future?

Great master?

Heavenly realm?

Golden elixir realm!

Or a clone that becomes more powerful each level?

Su Chen's face turned a little dark. If this is true after the seventh thousand levels, I'm afraid his future climbs It would be much more difficult.

After Su Chen climbed to the 7002nd floor, two clones of Su Chen appeared here, and they were both at the master's level of cultivation.

This made Su Chen breathe a sigh of relief.

If this was the case If so, he wouldn't care at all even if a thousand images of such strength appear on the seven thousand floor and are distracted. On the five thousand floor, Mo Yu's hair has been messed up by the thunder, and his clothes are completely torn. Mo Yu's face is expressionless. Crimson was very ashamed and angry. She did not expect that after reaching the 5,000th floor, there would be thunder attacks. Each floor was filled with black thunder attacks. This made Mo Yu unable to dodge at all. Although her strength had been greatly improved, Ascension, now she has been promoted to Soul God (Dongxu Realm), these ordinary thunderbolts cannot threaten her, but her clothes cannot withstand the attacks of thunderbolts

"Damn it, if that bastard sees what he is like now, he will be embarrassed."

While protecting her tattered clothes, Mo Yu looked worriedly at Su Chen on the upper floor.

Mo Yu was now worried that Su Chen would look back at her. If any bastard looked back, she would be killed by that bastard. She's seen him all.

No!

Mo Yu suddenly thought that the bastard in the river had already seen him all. Even if she was seen all by Su Chen again, it didn't seem to be a big deal. Anyway, is there a difference between once and twice?

Mo Yu Su Chen stared at the front and continued to climb.

She had no choice now.

Even if she put on a intact dress now, she would probably be shattered by lightning in an instant.

Mo Yu didn't care about that much now, that If that bastard dared to look back, she would never let that bastard go in the future.

Time passed so quickly.

When Su Chen reached the 7500th floor, the rewards on the ladder changed again. This time there was no reward at all. When he was dead, a small bloody flower appeared in front of Su Chen.

Su Chen was very puzzled as he looked at the little flower. He felt his blood boiling when he looked at the little bloody flower, as if his blood could not wait to absorb this little bloody flower.

"this.....Is this the spiritual flower that evolved the bloodline?"Su Chen looked at this little bloody flower and suddenly said,

Su Chen got a spirit fruit that evolved his bloodline at the Yaphimiter auction. It was also that spirit fruit that awakened his black bird bloodline. This little bloody flower should It can evolve bloodline.

Su Chen took this little flower and looked at it and guessed,"Good thing, no wonder the holy weapon said that there are items it needs here. Is this the little flower that can evolve bloodline?""

Chirp! Chirp!

At this time,

Qingying stretched out her little head from Su Chen's arms. She looked at the bloody flower in Su Chen's hand and screamed. When

Su Chen heard Qingying's cry, he lowered his head and looked at Qingying. Ying asked,"Su Ying, do you want this little bloody flower?""

"Choo Choo Choo!"

I guess!

Su Chen was very confused when he saw Qingying shouting and nodding.

What's wrong with him?

The treasures he got were either robbed or couldn't be used.

Su Chen was really helpless.

Su Chen looked at Qingying With Ying's longing eyes, he handed the small bloody flower to her mouth, "Su Ying, eat it, this is the first gift I give you, brother."

Su Chen was a little distressed and asked Su Ying to eat the little flower.

Although he was very distressed, Qingying would not leave him in the future and would even protect him all the time.

Su Chen would not be stingy with Qingying either.

Chirp, chirp, chirp!

Qingying shouted, rubbed her head against Su Chen's hand, and swallowed the small blood-colored flower in one gulp. She returned to Su Chen's arms and fell asleep.

Su Chen shook his head and sighed, "Alas! This is fate. I hope the reward above will also include the little flower with bloodline evolution."

Su Chen looked back to see how many women there were on the ladder, but when he turned around he saw Mo Yu's embarrassed look. Mo Yu's exposed skin made Su Chen drool just looking at it.

"Mo Yu, you are gone!"

Su Chen looked at it for a while and then yelled.

Mo Yu was climbing.

When she heard Su Chen's cry, she cursed angrily, "Shameless bastard, please turn back and continue climbing. If you dare to look back again, I will kill you." Gouge your eyes out"

"I'm so scared, Mo Yu, I just saw what you can do to me?"

"Shameless! Su

Chen smiled and continued teasing, "Hahaha, Mo Yu, I have teeth. You see, my teeth are still very white, just like my skin.""

"Bastard, I'm going to kill you, I'm going to kill you"

"I'm waiting for you. As long as you catch up with me, you may kill me. Come on!" Su Chen said and looked at the others before continuing to climb.

There were only four women left on the ladder, Nie Xiaoqian, Isabella, Silver, and Mo Yu.

The strength of these women is now very good. , but Nie Xiaoqian might not be able to hold on even if she reaches the fifth thousand floor. Isabella, Sylph, and the others might not be able to climb the six thousand floor.

Mo Yu, a beautiful woman like Su Chen, is not sure. If Mo Yu continues to be angry, If she catches up and kills her, she might be able to climb to the six thousandth floor

"Bastard, I won't let you go!"

Chapter 1526

On the ladder,

Sylph, who was on the 4,800-plus steps, and Isabella, who was on the 4,700-plus steps, also heard Su Chen teasing Mo Yu, which made them very angry.

Their situation is not much better.

Although the four-thousand-level wind blade is not as good as the five-thousand-level thunder, they are also in tatters. That bastard Su Chen must have seen their condition just now.

Sylph gritted her teeth and wanted to beat up that bastard.

This bastard was simply a shameless pervert.

She was still here, and that bastard dared to blatantly molest other women. This meant that he didn't take her seriously at all..

Isabella was not much better.

She had been exposed by that bastard in the river before. Although she was not exposed this time, what difference did it make.

The tattered dress on her body didn't cover her body at all, and that bastard must have feasted his eyes again.

Nie Xiaoqian smiled when she heard Su Chen's words from behind.

She didn't care at all.

She was Su Chen's subordinate.

No matter what Su Chen did to her in the future, it would be a matter of course, even if Su Chen asked her to serve him in the future.

Can I still object?

Nie Xiaoqian looked at the many female ghosts under the ladder and shook her head.

Those female ghosts were probably eager to serve Su Chen.

These female ghosts will also be part of Su Chen in the future, or even some invisible shadows. In addition to following them, they Apart from Su Chen, it is impossible to follow anyone else in the future.

The women under the ladder also heard Su Chen's words.

They all lowered their heads and laughed. Originally, these women were exhausted physically and mentally, but after Su Chen made such a fuss, they all relaxed.

"Shameless bastard, this bastard is so shameless."Xiao Xun'er looked at the ladder and cursed angrily.

Zhao Ling'er patted Xiao Xun'er's shoulder and said with a smile,"Haha, that bastard is very thick-skinned. Xun'er, you just scolded him in front of him, that Assholes don't care"

"Yes, you all should be careful about Su Chen in the future, but don't let that bastard take advantage of you."Qian Xue'er reminded the girls with an angry look on her face.

Qian Xue'er thought that after returning to the Southern Continent this time, she would definitely tell her mother what happened here.

Qian Xue'er wanted her mother to know that Su Chen was not reliable at all. When looking for a love interest, you should also find someone reliable. It is better for such a shameless bastard to arrive early.

Qingniao and Ningzhong lowered their heads and smiled without saying anything.

They are both Su Chen's maids.

Although they also know that Su Chen was a little out of tune, but he was climbing the ladder to heaven. Su Chen still teased other women without any restraint, which made them not know what to say.

"How many floors do you think Su Chen can climb?" Elven Diana saw that Su Chen was about to climb to the 8,000th floor, which made her even more impressed by Su Chen's strength.

"Ten thousand floors, maybe." Xiao Xun'er looked up at Su Chen on the ladder and guessed.

Qian Xue'er looked at the unattainable ladder and said doubtfully,

"Ten thousand floors? I don't know how many floors this ladder has, but it gets harder and harder as you go up. Su Chen probably won't be able to climb ten thousand floors. Besides, this ladder seems to have more than ten thousand floors, right?"

Zhao Ling'er clenched her fist and said with conviction, "I think Su Chen can definitely climb to the 10,000th floor. Now that Su Chen has not used all his strength, I think Su Chen will definitely climb to the 10,000th floor."

"We also believe that the master (young master) can climb to the 10,000th floor." Qingniao and Ning Zhongze said to the girls at the same time.

Both Qingniao and Ning Zhongze knew that Su Chen still had blood that had not burst out.

If Su Chen's blood broke out again soon, his strength would probably be even stronger.

Ten Thousand Levels ,

Su Chen will definitely be able to climb up

"Maybe!"

Xiao Xun'er looked at Su Chen on the ladder with beautiful eyes.

She was also looking forward to Su Chen very much.

If Su Chen could climb to the 10,000th floor, then this bastard would probably be very powerful in the Shenyun Continent. Even if Even some old monsters may not be Su Chen's opponent.

Boom!

After more than 7,700 levels,

Su Chen now has to face more than ten avatars of the Nascent Soul Realm.

He feels that it is getting harder and harder. Now, these images are not affected by gravity at all. Although Su Chen can deal with these image clones of himself.

But what about in the future?

What if he encounters more than ten images of the God Realm, or even the Fusion Realm? Like, he might be injured.

If he encounters more than ten, no!

If three or four Dongxu realms are distracted in the future, he might be defeated in an instant.

Boom boom boom!

"I'll do it!"

"Will the image clone also use space laws to attack?"

Su Chen saw more than ten realm clones starting to attack with space sharp blades, which made Su Chen even more worried.

Originally, these realm clones were just rigid attacks, but he didn't expect these more than ten realm clones of the Nascent Soul Realm. He actually knows how to use his space laws.

He needs to speed up.

In the future, the image clone must not attack with mental power.

He has only figured out how to use mental power to attack. If the image clone uses mental power to attack,

Su Chen will not know how to deal with it

"By the way, there is also Qingying."

Qingying is in his arms.

If Qingying's image clone appears again in the ladder,

Su Chen doesn't know what to do.

Qingying has eaten the blood-colored flower and is sleeping. If Qingying really appears, The avatar of the scene.

Su Chen just wiped his neck.

Seven thousand eight hundred layers.....seven thousand nine hundred floors.....Seven thousand nine hundred and eighty floors.....Seven thousand nine hundred and ninety-six floors.

At this time,

Su Chen had to face the distraction of fifteen combined realm avatars. Some of these avatars used the laws of space to deal with him, and some used the four major sword techniques of Qingyun Sect to attack him.

Su Chen's body was now also There were sword wounds and scratches everywhere.

If it weren't for the huge threat to him from the space realm clone, he wouldn't have been injured. boom!

On the 8000th floor,

Su Chen finally appeared on the 8000th floor.

On the last few floors of the 7000th floor, images of the Dongxu realm appeared. Fortunately, only two images of the Dongxu realm appeared in the end. Otherwise, Su Chen It's really impossible to climb eight thousand floors.

Su Chen lay on the 8,000th floor and gasped,"Huh, it really hurts me. I don't know what kind of reward the ladder will give this time? By the way, where is the reward? Why hasn't it appeared yet?"

Su Chen's body was dripping with blood and his clothes were soaked with blood. It was the most difficult time for him to reach the 8,000th floor.

Su Chen looked up and saw nothing in the sky.

This made him confused.

When he appeared on the reward ladder before, the ladder immediately sent rewards. Why was there no reward this time? Will there be no ladder rewards in the future? boom!

At this time, six light groups appeared in the sky, six light groups of different colors.

Chapter 1527

On the 8,000th floor,

Su Chen looked at six light groups of different colors in front of him, cyan, red, white, black, blue, and green.

This made him confused.

Are you asking him to choose one among them?

Or are these all his rewards?

And what are the rewards in this light group?

Su Chen reached out and touched a blue light ball, but the cold breath in the light ball made him quickly retract his hand.

Later,

Su Chen encountered several other light groups.

These light groups turned out to be the six laws of cyan ice, red flames, white storm, black thunder, blue space, and green time.

Su Chen was very surprised by this.

Six laws?

This time, the ladder actually rewarded six kinds of law seeds.

The ladder was generous enough.

Su Chen looked at these six Law Seeds and thought about how to use them.

Just now he encountered these Law Seeds and found that they could be taken away. This made Su Chen very excited.

These are Law Seeds, and there are six kinds.

As long as they are used These laws seeds can be used to cultivate these laws.

This is a huge reward.

Su Chen collected the six law seeds in the air with a wave of his hand.

"Forget it, keep these first"

"You want the seeds of the law of time for yourself, and the remaining seeds of the law should be given to your woman."

"I don't even have time to practice so many laws."

"Space and time are the most powerful laws, and these two laws are enough."

Boom!

When Su Chen stepped onto the eight thousand and one steps, he felt that the gravity here was even stronger. It was almost five thousand times stronger. If ordinary people came here, they would be trapped by gravity in an instant. The bones of oppression are gone.

Whoosh!

"Amazing salamander?" bump!

"Holy shit!"

Su Chen suddenly saw Jing Salad appear in front of him, and Jing Salad attacked him without any expression on his face.

This made Su Chen hurriedly avoid it.

Swish, swish, swish.....

The Frightened Salamander held the Frightened Salamander sword and rapidly changed its position to attack him continuously. Su Chen moved instantly to avoid the Frightened Salamander's attacks.

"Jing Salamander, I'm Su Chen, what's wrong with you?" Su Chen yelled while avoiding the attack of the Frightened Salamander, while the Frightened Salamander swung his sword indifferently and kept killing Su Chen, as if she didn't hear Su Chen's words at all.

Su Chen looked expressionless. Jing Salamander guessed, "I am the one who is the one, isn't this also a scene? Ladder, you bastard, do you want me to kill my wife?"

Su Chen's face was very ugly.

Although he guessed that this might be a scene, he was reluctant to take action against the Frightened Salamander.

"Trialist, this is an illusion, everything is fake. In the eight thousand layers, you will meet your enemies, your lover, and your relatives. This is a test of your state of mind."

"Fantasy?"

Su Chen was very surprised when he heard Saint Weapon's answer, but he really didn't want to take action when he looked at Jing Salamander. Jing Salamander was his first woman. Su Chen felt very helpless when he looked at Jing Salamander.

Hong Hong Boom boom.....

The Frightened Salamander pursued and attacked Su Chen, but Su Chen could still bear to attack the Frightened Salamander.

"Damn it, madam, I'm sorry!"

Su Chen appeared next to Jing Salamander instantly.

He hugged Jing Salamander and controlled her.

Although Su Chen couldn't kill the phantom, he could catch Jing Salamander's phantom. Su Chen took it out from the system space. The rope bound the phantom of the salamander

"Haha, I'm still smart enough." Su Chen touched the expressionless face of the Frightened Salamander and laughed.

Su Chen looked into the air and asked, "Holy Artifact, am I passing the test?"

"Trialist, you are very smart, pass the test!" The unexpected voice of the Holy Artifact came over.

Su Chen smiled when he heard the Holy Artifact's admiring words.

The Holy Artifact probably did not expect that he would do this.

His wife, and even his relatives, were just illusions. ,

Su Chen couldn't possibly kill him.

If this place was like his own illusion in the Seven Thousand Layers, Su Chen would kill him without saying a word. He would not allow a second self to exist, not even a terrifying scene or illusion..

Whoosh!

A quarter of an hour later, the illusion of the Frightened Salamander disappeared.

Su Chen took the rope and continued climbing.

He looked at the rope in his hand and thought, if he met his woman and relatives, Su Chen would catch it. They were tied up, and if they encountered enemies, he would just kill them.

Whoosh!

"Murong Fu? It looks like you're going to die again."

Su Chen was happy when he saw Murong Fu appearing in Eight Thousand Zero.

Murong Fu was only as strong as a master. Even if he stood still, Murong Fu would not be able to hurt him at all.

Touch!

Su Chen stretched out a finger and pointed directly.

After Murong Fu died,

Su Chen met Wang Yuyan, Li Qingluo, Huang Rong, Lin Shiyin and others, and even Duan Yu, Ouyang Feng, Ouyang Ke, Yang Kang. He also met these enemies one by one.

There were many more that he couldn't name. For passers-by named Su Chen, Su Chen always defeated these strangers with one move. Su Chen also understood now that the people who appeared in this illusion were all powerful in life or now. Murong Fu was a master when he died. Cultivation, the Murong Fu who appeared in the illusion is the cultivation of the Grandmaster. Wang Yuyan is now in the Celestial Realm, and her strength in the illusion is the Celestial Realm. On the 8160th floor, Su Chen looked at The beautiful Zi Nu was very speechless. He did not expect that Zi Nu's strength had reached the peak of the Heavenly Realm. She was only one step away from reaching the Golden Core Realm. Su Chen held the rope and said with a smile, "Madam Zinu, please be good or I will spank you." Boom! The purple in the illusion swung the red sword and attacked Su Chen unceremoniously. Su Chen appeared next to Zi Nu in an instant, and he hugged the phantom Zi Nu tightly with one hand.

"I guess, my bondage is getting more and more evil, Zinu, my wife, I am offended this time."

Su Chen was very ashamed when he saw the tied up Zi Nu. Zi Nu's bumpy figure was exposed.

If this was really Zi Nu,

Zi Nu would probably have yelled at him loudly.

"Huh? Why did the illusion disappear so quickly? Could it be that the little girl from Saint Weapon couldn't bear to do this?"

Su Chen saw that the purple girl who had just been tied up disappeared. This made him confused. Didn't he have to wait for a quarter of an hour before? Why did he disappear this time just after being tied up?

Su Chen shook his head and continued climbing. , the eight thousand level is not as difficult as the seven thousand level,

Su Chen is willing to teach his woman a lesson on the eight thousand level, and even kill his enemies again

"Ancestor Sunflower didn't expect that Ancestor Sunflower would also appear in the illusion."

Whoosh!"

"Die!"

Boom!

Su Chen shattered the Sunflower Patriarch's fan into pieces with one palm. An old eunuch in the heavenly realm, Su Chen was not polite to him.

On the 8499th floor,

Su Chen saw it as soon as he came up Shi Guanyin appeared instantly. Shi Guanyin turned out to be a cultivator in the Golden Core Realm. It seemed that Shi Guanyin was also cultivating very hard.

"Su Chen, do you want to kill me?"

"I wonder, why did he talk like that?"

Chapter 1528

On the 8499th floor,

Shi Guanyin's illusion suddenly spoke to Su Chen,

"Su Chen, do you want to kill me? Su

Chen looked at Shi Guanyin and shouted in confusion, "I wonder, why is Shi Guanyin's phantom talking?"

Su Chen heard the phantom Shi Guanyin speak, which surprised Su Chen.

The phantom could speak so well?

Could it be that the difficulty has increased?

Shi Guanyin continued to ask with a cold look, "Su Chen, you You won't kill me, will you?"

Su Chen touched his chin to see what this illusion was going to do. He looked at Shi Guanyin and shook his head and said, "How could it be? You are my wife, how could I kill you?"

"Yeah? What if I want to kill you?"

"Are you planning to murder your husband?"

"That's right!"

After Shi Guanyin got close to Su Chen, she quickly hit him with a palm.

Boom!

Whoosh!

Su Chen escaped Shi Guanyin's attack and appeared next to her, "Beauty, you are not good, have you forgotten my husband? But it can teleport through space"

"court death!"

Boom!

After Su Chen hurriedly teleported to avoid Shi Guanyin's attack, he took out the rope and smiled evilly and said, "I know, Shi Guanyin's wife, I didn't expect you to be really violent. I won't play with you anymore. Be obedient and let your husband tie you up, otherwise the family will take care of you"

"Shameless!"

"If you still dare to take action, do you really think that I can't do anything to you?" Su Chen instantly appeared next to Shi Guanyin and hugged her. He quickly tied up Shi Guanyin with a rope.

"Let me go, husband, I was wrong, let me go." Shi Guanyin begged with a shy expression.

Su Chen looked at Shi Guanyin's expression and said in surprise, "I'm going to go for it, this is too real, an illusion can be made to look like a real person, but I don't know how to do it. Be fooled."

Illusion Stone Guanyin struggled and shouted, "Let me go, bastard, let me go quickly."

Snapped!

"Be honest!"

Su Chen slapped Shi Guanyin on the body and shouted.

Whoosh!

Just when Su Chen was about to check the phantom, the phantom Guanyin suddenly disappeared.

Su Chen looked at the sky and counted a middle finger.

Boom.!

On the 8500th floor,

Su Chen got another little blood-colored flower this time.

This made Su Chen breathe a sigh of relief.

This time, no one should be competing with him for this blood-evolved little flower.

Uh!

Su Chen suddenly thought of Su Yue and Su Yan were confused again.

His two daughters also need the evolutionary bloodline!

He looked at the bloody flowers in front of him and his face darkened.

Alas!

Forget it, let them use it in the future.

His Let's think of other ways to evolve the bloodline, hoping that the reward later will be the reward of the little bloody flower.

Su Chen shook his head and continued climbing.

At this moment,

Nie Xiaoqian also quit, and she did not reach the fifth thousand floor in the end. On the 4887th floor, she really couldn't hold on any longer.

"Sister Nie, you are so amazing. You are just a little bit short of being able to climb five thousand floors."

"Yes, we were eliminated before we even climbed four thousand floors."

"Sister Nie should be at the distraction level now, which is stronger than us."

"No wonder the master likes Sister Nie, we must work hard in the future"

"Well, we must practice well in the future, otherwise the master will not like us."

The female ghosts gathered around Nie Xiaoqian and chatted.

Nie Xiaoqian's strength is one or two realms higher than them.

Only the most powerful female ghosts are in the out-of-body realm. The other female ghosts are not golden elixirs. The realm is the Nascent Soul realm, and their cultivation realm is simply incomparable to Nie Xiaoqian.

Nie Xiaoqian looked at the female ghosts around her and said with a smile,

"Sisters, we must work hard in the future. The master is getting stronger and stronger. If we want to help the master in the future, our strength must also become stronger."

"Yes, Sister Nie!"The other female ghosts nodded after hearing Nie Xiaoqian's words.

Qian Xueer looked at the female ghost next to her and asked in confusion,"Why does that bastard have so many female ghost subordinates? And these female ghosts are still so powerful?"

Qingniao heard Qian Xueer's words and explained,

"These are poor women. When they were controlled by an old demon, the young master rescued them. These female ghosts had nowhere to go, so the young master took them in."

It was only after Qingniao talked with Nie Xiaoqian that she learned about the origins of these female ghosts like Nie Xiaoqian.

If these female ghosts still stay in Lanruo Temple, I'm afraid some demon hunters will destroy them. Nie Xiaoqian and other female ghosts are also impossible. He has become so powerful in a short period of time.

When Zhao Ling'er thought of what Su Chen did to the butterfly demon, she said angrily, "That bastard is just looking for sex. All of these female ghosts are young, beautiful and extremely beautiful." Female ghosts, Su Chen must have taken a fancy to the beauty of these female ghosts."

Ning Zhongze shook his head when he heard Zhao Ling'er's words and explained,

"No, Zhao Ling'er, you are wrong. The master has thousands of beauties in his hands."

"Not to mention anything else, the women who are the shadow assassins under the master are also very beautiful, not to mention that the master is a queen.....Cough cough cough."

Ning Zhongze almost exposed Su Chen's identity as she spoke.

Fortunately, she reacted in time.

If she revealed that Su Chen was the emperor of an empire, these women would probably continue to ask questions.

"What's the emperor?"

Xiao Xun'er looked at Ning Zhongze and asked with her eyes shining.

Xiao Xun'er felt that Su Chen's maid almost revealed some of Su Chen's secrets just now.

This made her very interested.

She had always thought Su Chen is a dandy who came to the Immortal Realm for training, but she feels that Su Chen's identity is very strange.

This bastard should not only be a dandy from the lower realm of the Immortal Realm.

In the Godfall Continent, this bastard must have other identities, even this bastard She was going to do something earth-shattering in the Shenyu Continent.

The other women also looked at Ning Zhongze, which made Ning Zhongze nervous.

She knew that some women here would be Su Chen's wife in the future, just like Xiao Xun'er. Likewise, this woman will definitely be Su Chen's woman from now on.

But she doesn't dare to reveal Su Chen's identity casually.

After all, the matter is so important that she can't reveal a word without Su Chen's permission. Qingniao also looked at Ning Zhongze was very confused. Although she had followed Su Chen for a long time, she didn't know Su Chen's specific identity. However, Su Chen's ability to offend people was very powerful. The Buddhist Guanyin Bodhisattva was such a great Buddha. Su Chen dared to deceive and offend, but she didn't see fear in Su Chen's eyes. This made her curious about Su Chen's identity?

"Ning Zhongze, can't you tell us?"

Chapter 1529

Xiao Xun'er looked at Ning Zhongze and continued to ask coldly.

With her relationship with Su Chen,

Xiao Xun'er didn't believe that Ning Zhongze would not tell her.

Ning Zhong smiled bitterly at Xiao Xun'er and saluted, "Madam, this really cannot be said. I dare not reveal a word without the master's permission."

When Xiao Xun'er heard Ning Zhong Ze call her Madam, her face was filled with embarrassment. Hong, she looked at Ning Zhongze and continued to ask rudely, "But you have already revealed one word, Emperor? What does this mean?"

Zhao Ling'er, Qian Xue'er, and even the elf Diana heard that Ning Zhongze My name is Mrs. Xiao Xun'er.

They all looked at Xiao Xun'er in surprise.

They didn't expect that Su Chen and Xiao Xun'er had such a relationship. Could it be that Su Chen and Xiao Xun'er were in love before?

Qian Xueer felt very uneasy now.

That bastard adulterer actually had another woman. She must tell her mother about this. This pretty boy must ask her mother to dump him.

Elf Diana's face doesn't look good now.

She knows about Su Chen and their princess.

She was originally worried that the Elf Queen found out about this and would send holy elves to capture Su Chen, but if Su Chen had other women, the Elf Queen will definitely execute Su Chen angrily.

Zhao Ling'er looked like she was watching the fun.

She couldn't stand that bastard Su Chen. Although she wouldn't kill that bastard, she was very interested in knowing the specific identity of Su Chen.

"I.....I....."

Ning Zhongze really didn't know how to answer Xiao Xun'er.

It wasn't true whether she said it or not.

She was really in a dilemma.

Qingniao stood up at this time and said to the girls,

"Don't ask, Ning Zhong will not tell you. If you want to know the young master's identity, you can ask him face to face when the young master comes back. We are just maids, and I hope you won't embarrass us."

Qingniao also saw that Ning Zhongze was in a very difficult situation.

She and Ning Zhongze were both Su Chen's personal maids, and Qingniao didn't want these women to force Ning Zhongze to do anything.

"Forget it, I'll ask Su Chen later." Xiao Xun'er nodded and said.

Xiao Xun'er felt that he couldn't force Su Chen's maids.

That bastard didn't have orders.

His maids probably wouldn't dare to disobey Su Chen's orders. Besides, Ning Zhongze was Su Chen's Personal maid, she will still have many things to learn from Ning Zhongze in the future.

If Ning Zhongze is forced this time,

Xiao Xun'er is afraid that she will never get any information about Su Chen again.

Whoosh!

At this time,

Isa Bella also appeared at the bottom of the ladder.

She failed on the 5,007th floor. The thunder attack on the 5,000th floor was too abnormal. She couldn't dodge the thunder attack at all.

"Isabella, adjust your breathing quickly." Elven Dean looked at the pale Isabella and said hurriedly.

Isabella nodded to Diana and said, "I know, but I need to change my clothes first. That bastard saw what I looked like now."

The dress she was wearing was in tatters, almost like nothing.

Isabella was worried that if that bastard Su Chen came back suddenly, she would definitely be exposed by that bastard again.

On the ladder, only Su Chen and There are three Elf Princesses, Sylph and Mo Yu.

Su Chen is about to reach the 9,000th floor.

Mo Yu is on the 5,800th floor, and she won't be able to hold on any longer.

The Elf Princess Sylph is on the 5,300th floor. Still struggling to climb.

The elf princess Sylph looked at Su Chen and kept cheering, "Damn it, you have to persist, Su Chen is about to reach the nine thousandth floor, and I can't be too different from him.""

The elf princess Sylph doesn't want to be too different from Su Chen in strength.

Although Su Chen is already her husband, she will not admit defeat to Su Chen. Even if Su Chen is very powerful, so does Sylph. Not wanting to be left far behind by Su Chen's strength,

Mo Yu kept yelling and scolding with an angry look on his face, "Asshole, what magic medicine did that bastard take? How could it climb so fast?"

Mo Yu doesn't care about being exposed now. Her perfect figure is almost exposed.

But when she saw that Su Chen was about to climb to the nine thousandth floor, her mentality collapsed.

She has been working hard to catch up with that person. Bastard, but all this is in vain.

Mo Yu can only hope to climb to the six thousandth floor now. That bastard is so perverted, he is simply a humanoid monster.

Mo Yu stroked her hair and said helplessly, "Forget it. Now, stop chasing that bastard. That bastard is simply inhuman. You should just aim for the six thousandth floor."

On the 8849th floor,

Su Chen had just killed Jinlun Dharma King.

He stretched his waist and felt a little tired. It would have been easier if he kept killing those enemies and strangers.

But in order to deal with those women,

Su Chen It was very difficult.

Not only was he unable to hurt those women, he even had to catch them intact.

Women with low strength were okay.

But when he met such powerful women as Shui Rou (Mrs. Ye Di), Bai Ruobing, Ji Ruxihe, etc.

Su Chen has exhausted all his thoughts

"Su.....Su Yan!"

When Su Chen climbed to the 8996th floor, he unexpectedly saw her daughter Su Yan, which made Su Chen's face darken.

The phantom Su Yan saw Su Chen and said with a smile, "Hi! Dad, are you going to surrender and let me kill you? Or do you want to resist in the hands of this princess?"

Su Chen's face turned completely dark when he heard the words of the phantom Su Yan.

Although this was just an illusion, the illusion was so realistic that it even revealed the cunning character of this little girl.

Su Chen stared at Su Yanjiu asked, "Little girl, do you want to rebel? I'm your father, and you actually want to kill me?"

"Don't worry, Dad, I'll do it very quickly, you won't feel it painful"

"Little girl, you need to teach me a lesson, otherwise you will be in trouble."

"Yeah? Haha, dad, I have the spiritual sword Luoxue, are you my opponent?"

Su Chen looked at the Spirit Sword Luoxue on Su Yan's waist and smiled and said, "Spirit Sword Luoxue?" Yan'er, if you try the Spirit Sword Luoxue, it won't obey your orders. Don't forget who gave the Spirit Sword Luoxue to you."

"Um?"

Illusion Su Yan drew out his spiritual sword Luoxue and started to check it out.

"Falling snow!"

Whoosh!

After Su Chen called Luo Xue,

Luo Xue suddenly flew directly from the phantom Su Yan's hand to Su Chen.

Su Chen directly grabbed Luo Xue and smiled.

Luo Xue got it from the system space. Even if this Luo Xue It's not true, but as long as it has something to do with Spirit Sword Luoxue, Su Chen can control Spirit Sword Luoxue.

When Su Yan saw Luoxue flying into Su Chen's hand, she pretended to cry anxiously,"Wow! Dad, you actually stole my spiritual sword Luoxue. I will definitely tell my mother and aunts."

"Little girl, I'm going to tie you up again later. This time I'm going to teach you, an unfilial daughter who wants to kill her father, a lesson."

Chapter 1530

Su Chen looked at the mischievous Su Yan with a dark face.

His daughter was getting more and more weird. This was just an illusion in an illusion, but the Su Yan in this illusion was completely different from the real Su Yan..

Su Chen didn't say anything to Su Yan.

He took out the rope and quickly grabbed Su Yan and tied him up.

This girl was so capable of causing trouble.

Su Chen was also afraid that he would become soft-hearted and fall into Su Yan's scheme. He still Quickly resolve this phantom Su Yan.

Su Yan was tied up by Su Chen and shouted,"Wow, Dad, please be gentle, you are tied too tight."

Su Chen continued to tie him up and said with a smile, "Little girl, don't tie it up too tight, you I don't know what trouble we're going to cause."

Su Yan said to Su Chen with a pitiful look, "Dad, I'm your daughter, do you really want to treat me like this?"

Su Chen ignored Su Chen. Yan looked pitiful, damn

, even now, this illusion Su Yan still wanted to deceive him,

Su Chen would not be fooled by this girl,

"Stop talking nonsense and tell me. How do you want me to teach you a lesson? Is it a bullet in the forehead? Or a spanking?"

"Dad, are you sure you can control me?" Su Yan stopped struggling. She looked at Su Chen and asked with a smile.

Su Chen was confused when he heard Su Yan's words.

Why does this girl still have no intention of giving up?

Does this girl have a back-up plan?

But Su Chen Yan has been tightly tied up by him, what ability does this girl have to resist?

"Um? Girl, what other abilities do you have? I have tied you up so tightly, can you still dig out my Wuzhishan?"

"Yeah?"

Boom!

At this time, fire suddenly burst out of Su Yan's body, and the blue flames burned the rope to ashes.

"I'll do it! How is this going? Where does this girl get angry?"

Su Chen was very surprised when he saw the fire that suddenly appeared in Su Yan's body.

He didn't expect that there would be fire in Su Yan's body, but isn't the strange fire in the Shenyu Continent? How can this girl use fire?

"Haha, dad, can you still catch me?" Su Yan laughed loudly when he regained his freedom and looked at Su Chen and mocked.

Su Chen looked at the arrogant Su Yan and reminded him,

"Girl, if I can catch you once, I can catch you twice. Are you too happy too early?"

Illusion Su Yan threatened Su Chen with a cold face, "Really? Dad, since you won't surrender, don't blame me"

"Feel free to come over."

Chirp, chirp, chirp!

At this time, the sound of bird chirping suddenly came from Su Yan's body, and then, a fiery red giant bird flew out of Su Yan's body.

Su Yan attacked the giant bird in the air. He waved and laughed and said,

"Haha, dad, you have to be careful. My little fire is very powerful. You must not be burned to ashes by the little fire."

"Is this a black bird? Red black bird?"

Su Chen was very confused when he saw the black bird summoned by Su Yan.

How could Su Yan's black bird be red?

His black bird was white with gold. Shouldn't Su Yan's bird be the same as his own?

"Small fire, burn this bastard father to death." Su Yan waved his hand and ordered Xuanniao.

When Su Chen heard Su Yan's words, his face turned dark and he shouted,

"Damn it, Su Yan, you are dead this time. If I don't beat your ass into eight pieces, I won't be your father."

Chirp! Chirp!

The black bird in the sky looked at Su Chen and didn't attack. It flew over Su Chen and kept looking at Su Chen, just like it was checking Su Chen.

Su Yan saw that the black bird hadn't made a move yet, so she He shouted indifferently,

"Xiaohuo, kill daddy quickly!"

Chirp, chirp, chirp!

The black bird suddenly became smaller and landed on Su Chen's shoulder. It gently rubbed Su Chen's face and screamed happily."

Chirp, chirp, chirp!"

At this time,

Su Chen also flew out of the body. A black bird appeared.

It was a very noble white giant black bird, but the wings on the back of the black bird were all golden.

"Ha ha....."

Su Chen laughed when he saw all this.

Su Yan's Black Bird bloodline was his inheritance.

Su Yan was his daughter, and the Black Bird in Su Yan's body was the daughter of the Black Bird in his body. What happened to Su Yan's Black Bird? May attack themselves.

In the phantom, Su Yan saw that a black bird also appeared in Su Chen's body, and it was bigger and more noble than her black bird.

This made her face look ugly and she shouted,

"How can this be?"

Su Chen looked at the surprised Su Yan and smiled and said,

"Little girl, now you know that daddy is your daddy, right? Everything you have is given to you by dad, and now you want to use the ability dad gave you to deal with dad. Little girl, do you now know what it means to reap the consequences?"

"I kill you."

Bang!

Su Chen flicked Su Yan's forehead quickly and threatened, "Unfilial daughter, dad will not let you go this time."

[illegible]

Su Chen pressed Su Yan down and spanked her buttocks and shouted, "I told you to want to kill my father, I told you to be dishonest, and I told you to want to be an unfilial daughter."

"Wow wow wow, dad, I was wrong, let me go"

"If you dare to play tricks, the one who hits you will be soft."

"I want to tell my mother, I want to tell my aunts, and I also want to tell my aunts and grandmothers, Dad, if you don't let me go, you will be doomed from now on."

Su Chen continued typing disdainfully, "Tch, I won't even let you go. My mother and aunts have suppressed me, will I be afraid of them?"

Whoosh!"

"Holy shit!"

Su Chen was continuing to hit Su Yan, but Su Yan suddenly disappeared, and even the red black bird disappeared.

Su Chen looked at the sky and was very speechless. , before he had time to teach the phantom Su Yan a lesson, the phantom Su Yan disappeared. If he had known better, he would not have wasted the argument.
