Chapter 1591

In heaven, more than a month has passed.

Since Su Chen returned to Pantaoyuan, he was severely scolded by the Queen Mother, and he has not been out of Pantaoyuan during this period.

In the Flat Peach Garden,

Su Chen asked the Queen Mother to open up a small space, and three thousand female fairies were arranged to practice there. After all, the spiritual energy in the Flat Peach Garden was very strong.

Su Chen drank wine and leaned against the peach tree and muttered to himself,

"Sun Wukong should be coming out of the alchemy furnace soon. After the monkey was pinned under the Five Elements Mountain, the plot of making a big fuss in the sky is over, and he will return to the Godfall Continent."

Should I use the summoning talisman?

This is a prehistoric world. If something happens to the woman who was summoned, he will have no way to rescue him.

Su Chen can't make up his mind about this.

Alas!

Forget it,

I'll use the summoning talisman again when I have the opportunity..Su

Chen looked back and saw Princess Iron Fan walking around in the peach garden, and he shouted to Princess Iron Fan, "Princess Iron Fan, are you okay?" You can only pick some 3,000-year-old peaches. If you eat 6,000-year-old peaches, you will burst."

After Princess Iron Fan was promoted to Golden Immortal,

Su Chen released her from the lotus lantern.

Princess Iron Fan has been practicing in the Peach Garden for the past ten days, but today Princess Iron Fan is returning to the Sea of Blood. Su Chen also agreed to let Princess Iron Fan pick some flat peaches.

Princess Iron Fan flew over and smiled at Su Chen and said, "I know, Su Chen, this time I picked fifty flat peaches that are three thousand years old and nine thousand years old." I also picked ten of them"

"Do you want to give it to your ancestor Styx?"

"yes! If there are flat peaches, I will definitely bring some to my ancestor."

"up to you."

Su Chen waved his hands and said nonchalantly. The Blood Sea Styx is still very good to Princess Iron Fan. He even gave the innate spiritual treasure the banana fan to Princess Iron Fan. It can be seen that Styx still cares about the safety of Princess Iron

Fan.

Princess Shan came to Su Chen and hugged his arm and said, "Su Chen, I may not bleed the sea often in the future. This time I advance to the Golden Immortal, my ancestor will definitely let me practice my magical powers in seclusion."

Su Chen touched Princess Iron Fan's hair and said with a smile, "Then you should go into seclusion. I will be in seclusion for hundreds of years in a few days."

"Then when you get out of seclusion, you must come to the sea of blood to find me."

"Don't worry, I'll find you"

"Humph, if you don't come to me, I will slap you away when I see you next time"

"Are you willing to?"

Su Chen hugged Princess Iron Fan's waist and said with a smile.

He also discovered that Princess Iron Fan had fallen in love with him, which Su Chen didn't expect.

The Bull Demon King's wife is gone, but!

This! It's none of his business, he 's just a bull demon.

Although the Bull Demon King is Tongtian's mount, the Jiejiao religion has declined. If the Bull Demon King knows this, will he still dare to seek revenge on himself?

Princess Iron Fan's face turned red with embarrassment when Su Chen hugged her. Said, "Let me go, I'm leaving"

"Safe travels!"

"I know, Ziyi is still outside Pantaoyuan to send me out of heaven, I have to leave"

"Um!"

Su Chen looked at Princess Iron Fan who was reluctant to leave and shook his head.

This is another love debt.

Three Holy Mothers, Yang Chan and Princess Iron Fan, Su Chen did not expect to have two women in the prehistoric world.

Oh no!

One is the real lady and the other is the prepared lady.

Su Chen thought of Princess Wan Sheng and Ninth Princess in Donghai, he shook his head and said, "Princess Wan Sheng and Ninth Princess in Donghai should also have received flat peaches. I hope they will receive them in the future." They will not be involved again in the Buddhism spread to the east."

"God General, the Enlightenment Tea has changed."

At this time,

Hongyi shouted to Su Chen from the side,

"What's wrong?"

When Su Chen heard Hong Yi's words, he hurried to the Enlightenment Tea Tree.

The Enlightenment Tea was sent by Chanjiao, and even the Zhuxian Sword and Yunxiao's body were sent.

Su Chen also told how to divide the merits and luck of Buddhism. , told the people of Chanjiao one by one, and those people of Chanjiao settled it with their fingers and left happily, and even promised to keep Su Chen's secret.

"God General, look, the Enlightenment Tea has begun to sprout buds."

When Su Chen heard Hong Yi's words, he checked the Wudao Tea Tree. When he saw that the Wudao Tea Tree began to grow some buds, he said happily, "The Wudao Tea Tree has finally grown leaves. It seems that the Three Lights Divine Water Still very useful"

"Hong Yi, from now on, your sisters will take care of the tea tree after enlightenment."

"Yes, God General!"

Su Chen suddenly reached the sky and said in confusion,

"Why didn't that beautiful lady from Yunxiao come to thank me? Her corpse was brought to her by herself. Could it be that Yunxiao is merging with the corpse? Hongyi looked at Su Chen and asked with a smile, "General God, do you think Fairy Yunxiao will notice the changes on her body?"

"cough! Probably not!"

Su Chen said with some guilt.

After Yun Xiao's body was delivered, Su Chen looked over Yun Xiao's body. He was very curious about Yun Xiao's body at that time and hoped that Yun Xiao would not find the fingerprints on her body.

Three Queen of Heaven, boom!

A loud noise came from the Tushita Palace, and then countless heavenly soldiers and generals set up dragnets in the heavenly court, and the sound of fighting also came from the heavenly court.

"It finally begins!"

In the Pantaoyuan, when Su Chen heard the sound of fighting, he stood up immediately. This time, Sun Wukong really made a fuss in the sky, and it was also the last plot for Su Chen to complete the trial.

Whoosh!

"Do you want to go there?"

The Queen Mother suddenly appeared in Pantaoyuan and asked Su Chen.

Su Chen looked at the increasingly beautiful Queen Mother and nodded, "Well, let's go and see the excitement!"

The Queen Mother heard Su Chen's words and said mockingly, "Do you want to die? You have returned Guanyin's white lotus to her. Are you able to watch the battle of immortals?"

I guess!

Su Chen was stunned when he heard the Queen Mother's words.

He had forgotten that the battle of immortals was not something that a little monk like him could watch.

But this time he had to watch from the side

"Madam, would you like to lend me a spiritual treasure?"

"Where is the lotus lantern of the Three Holy Mothers?"

"I also gave it back to Chan'er!"

The Queen Mother shook her head when she heard Su Chen's words. This bastard just doesn't make people worry at all.

The Queen Mother waved her hand and a small flag appeared.

She handed it to Su Chen as a reminder,

"This is the plain cloud flag. You'd better watch it from a distance. Sun Wukong has advanced to the Golden Immortal level, and with the help of Taishang Laojun, he has

cultivated the indestructible body of King Kong. Even Sun Wukong's eyes have mutated. Don't get too close"

"It's better, my dear, I'll go and come back." After Su Chen accepted the plain Yunjie flag, he suddenly hugged the Queen Mother and disappeared in a hurry.

"shameless bastard!"

Chapter 1592

The Queen Mother was very ashamed and angry now.

She didn't expect that bastard Su Chen would hug her, which made her want to catch that shameless bastard immediately.

The Queen Mother clenched her fists tightly for a while and then loosened them.

She shook her head and sat down where Su Chen had just been sitting. The Queen Mother was becoming more and more helpless towards Su Chen. This bastard was probably her nemesis, that bastard. He is also becoming more and more bold.

Damn bastard!

How could I indulge this bastard so much?

The Queen Mother lowered her head when she looked at the scenery in the Peach Garden.

Her feelings for Su Chen became more and more strange. She wanted to teach that bastard a lesson, but she was reluctant to do so. She was even worried that Su Chen would be abducted by those women from Guanyin Bodhisattva..

That bastard is becoming more and more important in her heart now.

Just like this time, the Queen Mother found out that Sun Wukong was making trouble in heaven again, so she hurried to Pantaoyuan. She knew that Su Chen would definitely come to watch the fun, but this bastard had already She returned the white lotus to Guanyin

Bodhisattva. She was also worried that this bastard would be affected by the aftermath of the battle.

"well! Forget it, let's take it one step at a time!"

At this moment, the heaven was in chaos. The low-level heavenly soldiers and generals in the heaven were no match for Sun Wukong. Sun Wukong was in a state of embarrassment and was killing everyone in the heaven. When

Su Chen arrived, he was very surprised to see the appearance of Sun Wukong.

"Damn it, the monkey's hair was almost burned. Now Sun Wukong is really miserable."

The armor that Sun Wukong is wearing now is in tatters, and even the monkey hair on Tian's body has been burned bare. This is like giving Sun Wukong a hairy leg."

"Why did you come here?"

At this time, a figure suddenly appeared next to Su Chen and asked.

When Su Chen saw the arrival of Erlang Shen Yang Jian, he smiled and said hello, "Brother, you are also here to watch the fun."

"If you don't stay in Pantaoyuan, why are you here to see the excitement?"

Erlang Shen Yang Jian shook his head helplessly when he heard Su Chen's words.

He is now immune to the title of uncle. Besides, this bastard is really nice to his sister.

He is even nice to him, with flat peaches and top-grade spiritual wine. But I gave him a lot.

His sister now has the Queen Mother to make the decision, and Erlang Shen is not worried that her sister will be punished by the Emperor of Heaven.

"Isn't this a bit boring, uncle, won't you come?"

"I don't have to take action this time"

"Uncle, Sun Wukong is not weak now, can you still beat him?"

Erlang Shen Yang Jian shook his head when he heard Su Chen's words and said, "Half a catty is worth eight ounces. I am about to advance. As long as I advance, Sun Wukong will not be my opponent. Su

Chen looked at Erlang Shen Yang Jian and laughed and said, "Hey, uncle, Chan'er is in the late stage of Taiyi Golden Immortal now. You are not as powerful as your sister!" Erlangshen said to Su Chen disdainfully, "Tsk, you are as powerful as my sister. You are so weak. If you make my sister unhappy, you will suffer in the future.""

Although Erlang Shen Yang Jian said this, his tight hold on his hand made him very uneasy. His sister, who had been protected by him before, suddenly became stronger, which made him very at a loss.

Although his sister was powerful He was also very happy, but the thought that he could no longer protect Yang Chan made him very uncomfortable for a while.

I guess!

Erlang Shen can also ridicule people?

But yes, the Third Holy Mother Yang Chan is indeed better than He is powerful

, but so what?

Su Chen's women are much more powerful than him, but do those women dare to rebel? He is the head of the family, and even the most powerful women have to listen to him.

Su Chen looked at the battlefield. The heavenly soldiers and generals who came up were speechless and said, "The Heavenly Court has been dispatching the Tota King and his son and those useless immortal officials. Can't the Emperor of Heaven change a group of people?"

"Change? How to change it? The low-level immortal officials are people like Tuota Tianwang. After dispatching the strong ones, can Sun Wukong be able to parry it?"

"Don't Jie Jiao and your Chan Jiao have low-level immortal officials?"

"The Emperor of Heaven cannot command!"

Su Chen was stunned when he heard Erlang Shen's words.

Can the Emperor of Heaven not command him?

This is possible.

After all, the strong men of Jiejiao and Chanjiao are very proud, but the Emperor of Heaven has the list of gods. After the emperor took out the list of gods, Do the disciples of Jie Jiao and Chan Jiao still dare to disobey orders?

"What about the list of gods? The Emperor of Heaven has a list of gods. Is the list of gods useless?"

Erlang Shen Yang Jian shook his head and explained,

"Su Chen, this is just an act, as long as you have immortal officials like Li Jing. Anyway, it's not like Li Jing and other immortal officials have failed once or twice. They only lose face once. They've been embarrassed enough."

"Forehead! makes sense!"

Su Chen looked at the Tota King and the immortal officials with some sympathy. They were the only immortal officials who could keep being embarrassed.

At this moment,

Sun Wukong had almost reached the Lingxiao Palace, and people were injured or killed everywhere along the way. Heavenly Soldiers and Heavenly Generals, these low-level Heavenly Soldiers and Heavenly Generals who died will never have the chance to become immortals again after reincarnation.

Outside the Lingxiao Hall,

Sun Wukong laughed when he saw the Heavenly Emperor Haotian, "Haha, Heavenly Emperor, yours Your subordinates are all cowards, and today I am going to overthrow your Lingxiao Palace. The

Emperor of Heaven pretended to be frightened and shouted, "The demon monkey is rampant. Who among the immortals can control this demon monkey?"

"Emperor of Heaven, no one can catch me anymore. Today I will dethrone you from the throne. I will be the Emperor of Heaven in this heaven."

Boom boom boom.....

While Sun Wukong was yelling at the Emperor of Heaven crazily, he waved his sky stick and swept across the surrounding heavenly soldiers and generals.

"coming soon!" When Su Chen saw Sun Wukong entering the Lingxiao Palace, he touched his chin and said,

"Who's coming?"

"Buddhism!"

"Well, Buddhism should have appeared. The Emperor of Heaven made a very big sacrifice this time in order to share some of Buddhism's merits and luck."

Su Chen shook his head and sighed,

"well! It is simply not worth it for the Emperor of Heaven to do this. In the human world, a king, an emperor, or even an emperor would probably not be able to do this like the Emperor of Heaven.

"For the sake of some merit and luck, you pretend to be so cowardly, let the monkeys run wild in the Lingxiao Palace, and even let the Buddhists show off for a while. If it were me, I would definitely not do this."

Su Chen simply couldn't understand why the Emperor of Heaven did this. Although merit and luck are important, is his face important?

A Heavenly Emperor in the Heavenly Court actually allowed a monkey to be rampant, and even asked Buddhism to show off for a while. Doesn't the Emperor of Heaven worry about the disgrace of the Heavenly Court by doing this?

No wonder Sun Wukong said when he met a monster that he had beaten the Emperor of Heaven and the soldiers and generals of Heaven. This was simply ruining the reputation and majesty of the Heavenly Court.

"The Emperor of Heaven is also very helpless. Various sects have always been dissatisfied with the management of the Heavenly Court. The Emperor of Heaven also wants to make the Heavenly Court stronger by doing this. He even wants to use his merits and luck to become a saint."

Chapter 1593

Su Chen shook his head when he heard Erlang Shen Yang Jian's words.

He had guessed all these, but he still didn't agree.

Maybe the Heavenly Emperor Haotian was used to being a boy, and he didn't understand what to do as a Heavenly Emperor.

Like Emperor Jun of the Demon Clan, even if Emperor Jun is not a saint, doesn't it make the saints dare not take action against him?

If the lich is not the protagonist of the great tribulation, what use are those saints even if they are saints?

When the demon clan gives an order from the Emperor of Heaven, hundreds of millions of demon clan will obey the order. This is not only that Emperor of Heaven is a Heavenly Emperor, but that Emperor of Heaven is a real emperor.

Charisma cannot be learned at all.

"Buddhism is coming!"

At this time,

Su Chen saw the appearance of Guanyin Bodhisattva, and soon the Buddhist Tathagata would appear, and Sun Wukong would also end his troubles.

"I'll leave first and be nicer to my sister in the future, otherwise I won't let you go."

"Haha, then you have to beat your sister"

"asshole!"

When Yang Jian heard Su Chen's words, he cursed with a black face and disappeared.

Su Chen smiled when he saw Yang Jian leaving.

He also understood why Yang Jian left.

With the appearance of Guanyin Bodhisattva, she would definitely come back to him soon. Yang Jian is a person who explains the teaching, and Guanyin Bodhisattva is a traitor who explains the teaching. If Yang Jian continues to stay here, he will be very uncomfortable. At this moment,

Guanyin Bodhisattva did not know what he said to the Emperor of Heaven, and suddenly something happened in the Lingxiao Palace. A powerful aura erupted, and a huge figure appeared in the sky above the Lingxiao Palace.

Su Chen was very disdainful when he saw Duobao Tathagata coming. He is really a coward.

Duobao should be the most hidden and scheming person in the ancient world.

Jie Jiao's Zhu Xian Sword Formation Diagram should be in Duobao's hands.

This Jie Jiao's biggest traitor is too scheming and has planned for too long and too carefully. Tongtian and I were both deceived by Duobao. Su Chen will follow later I will be very careful with Duobao

"Are you going back to the Shenyu Continent?"

At this time,

Guanyin Bodhisattva appeared next to Su Chen and asked.

Su Chen looked at the beautiful Guanyin Bodhisattva and teased, "Yes, why are you reluctant to leave me?"

When Guanyin Bodhisattva heard Su Chen's words, he threatened angrily, "Shameless! You bastard, if you dare to talk to me like this, you don't have to come to your senses."

"Just kidding, Bodhisattva, don't be angry"

"When you return to Shenyu Continent, don't forget what you promised me before"

"knew!"

Su Chen waved his hands indifferently and replied.

Guanyin Bodhisattva looked at Su Chen's lazy look, and she was very helpless.

This bastard might attack Buddhism when he returns to the Shenyun Continent.

She knows Su Chen very well now. , Buddhism is a stumbling block for Su Chen in the Shenyun Continent. With the character of this bastard, Buddhism may be wiped out by this bastard in the future. Guanyin Bodhisattva does not want to take action against this bastard.

Besides

, this bastard has climbed the ladder to heaven.

His strength is probably There will be a rapid improvement.

Su Chen is now at the cultivation level of Dongxu Realm. After the ladder, this bastard will probably be promoted to the Tribulation Transcendence Realm. Her clone appears in the Shenyun Continent, and I am afraid that there is nothing that can be done about this bastard.

Guanyin Thinking of this, Bodhisattva reminded Su Chen,

"Speak to me carefully. Buddhism attaches great importance to the spread of Buddhism to the East. I will be fully responsible for the spread of Buddhism to the East in the future. You'd better be more honest with me in the Shenyun Continent."

Su Chen immediately assured Guanyin Bodhisattva,

"Don't worry, I promise that as long as Buddhism doesn't take action against me, I will definitely not take action against Buddhism."

Although Su Chen promised Guanyin Bodhisattva like this, he still has to deal with Buddhism.

If Buddhism was practicing hard in the mountains like Taoism,

Su Chen would not be bothered to deal with Buddhism, but Buddhism is sucking the hard-earned money of the people, and The teachings of Buddhism are very unfavorable to his rule.

It is impossible for Su Chen to leave a harm.

Guanyin Bodhisattva nodded and ignored Su Chen.

She saw that the Tathagata Many Treasures and Sun Wukong were already facing each other. After a while, the Tathagata Many Treasures Sun Wukong will be suppressed.

The first stage is about to be completed, and the journey to the west will begin in five hundred years.

This bastard Su Chen is also a Buddhist, but Guanyin Bodhisattva has not thought of convincing this bastard like this.

Su Chen looked at Bai Yi The fluttering Guanyin Bodhisattva, with her tall figure, noble and elegant temperament, and cool and beautiful face, is very beautiful. The more she looks at this Guanyin Bodhisattva, the more beautiful she becomes.

Su Chen suddenly thought of Bai Lian and asked Guanyin Bodhisattva, "Bodhisattva , to what level has Bai Lian been promoted?"

"It's eleventh grade!"

"Eleventh grade? This is quite fast. I wonder if I can advance to the twelfth level Pure World White Lotus?"

"It should be okay. Bai Lian is still advancing. I want to thank you very much this time."

"You're welcome, we have a very close relationship, and the Bodhisattva just said that."

Guanyin Bodhisattva now wants to strangle this bastard to death.

This bastard will lose his temper after a while.

She feels that she is becoming more and more tolerant of this bastard, and this bastard is becoming more and more presumptuous.

"Bastard, shut up and don't talk to me from now on."

I guess!

Is Guanyin Bodhisattva eating gunpowder?

Su Chen just wanted to get closer to Guanyin Bodhisattva. How could Guanyin Bodhisattva react so strongly?

Do gods also have unstable moods for a few days every month?

Su Chen looked at it Guanyin Bodhisattva looked cold and arrogant, and he didn't dare to provoke this emotionally unstable woman. He didn't want to be hit by the gun when the woman came.

Boom boom boom boom.....

At this time,

Duobao Tathagata's palm turned down, and

Sun Wukong was directly blasted down to the heaven by the powerful momentum. Even after being blasted down from the heaven, Duobao Tathagata did not stop, and stars continued to fall from his palm towards Sun Wukong. And down.

Holy shit!

Can't even see it?

Su Chen shook his head dejectedly.

He was not an immortal yet, and I was afraid that Sun Wukong would not be able to see it with his own eyes as he was trapped under the Five Elements Mountain.

Whoosh!

At this time,

Guanyin Bodhisattva waved his hand, and a picture of Sun Wukong appeared in front of Su Chen.

"Shut up and watch!"

Just when Su Chen was about to thank Guanyin Bodhisattva, Guanyin Bodhisattva stared at Su Chen with her beautiful eyes and shouted.

Damn it!

Guanyin, this great beauty, is really elusive.

Su Chen just wanted to thank this great beauty. I didn't expect that Guanyin Bodhisattva would actually reprimand me.

This beautiful woman looked like she was really the one coming.

Forget it, it's better not to offend this beautiful woman seeking death.

"Tathagata, you are making a fool of yourself, and I, the old grandson, will not accept it. I, the old grandson, will not accept it."

In the lower realm,

Sun Wukong kept yelling when he was pressed by the Five Elements Mountain.

Su Chen looked at Sun Wukong in the painting and shook his head and said, "Poor monkey, this pressure lasts for five hundred years. This will definitely destroy the world." This monkey is going crazy"

"Su Chen, you'd better be more honest, otherwise the monkey's rampant end will be your end."

Chapter 1594

Su Chen rolled his eyes and ignored Guanyin Bodhisattva.

At this time, Su Chen was very confused.

Sun Wukong had been suppressed.

Why hasn't the Holy Soul of the Ladder announced the end of the plot yet? Is there any plot that remains unfinished?

"what's on your mind?"

Guanyin Bodhisattva suddenly noticed that Su Chen seemed to be a little absent-minded. Could it be that the threats he just made to this bastard made him scared? Or was this bastard thinking about something else?

Su Chen frowned and said to Guanyin Bodhisattva, "Nothing? Bodhisattva, I want to go to the lower world. See you later."

"Um? Are you going to see Sun Wukong?"

Guanyin Bodhisattva frowned when she looked at Su Chen.

She guessed that Su Chen was meeting Sun Wukong now.

I'm afraid it was the final trial of the ladder to heaven.

This bastard might leave the ancient world today. This made Guanyin Bodhisattva a little reluctant to part with this. The bastard left

"Yes, I'm going to laugh at the monkey."

Su Chen nodded and admitted.

He couldn't hide it even if he wanted to.

As long as he goes to Five Elements Mountain to get close to Sun Wukong, the Buddhist people will find out, and Guanyin Bodhisattva, a high-ranking Buddhist monk, will also know about it.

"Go ahead, the five directions of enlightenment will not stop you"

"Thank you, beautiful lady!"

"What an shameless bastard!"

Guanyin Bodhisattva shook her head when she saw Su Chen disappearing in front of her.

How should she convince this bastard to join the Buddhist scripture-seeking team in the future?

Participating in Buddhist scripture-seeking can gain merit and luck. Guanyin Bodhisattva did not want Su Chen to give up this rare opportunity.

But Su Chen's attitude towards Buddhism made her very embarrassed, and she was not sure whether Su Chen would join the group of Buddhist scriptures.

Guanyin Bodhisattva looked around and then disappeared without a trace. Today may be the last time she sees Su Chen. Now, she was going to listen to what Su Chen and Sun Wukong had to say.

Under the Five Elements Mountain,

"Tathagata, let me out quickly, you despicable villain, let me go!"

Sun Wukong still kept cursing Duobao Tathagata.

Sun Wukong also kept struggling.

He wanted to break through the mountain pressing him, but this mountain was heavier than he imagined. Sun Wukong just used all his strength, and he No one can escape from this mountain.

Boom boom boom.....

"Ah, my old grandson is not convinced, Tathagata, my old grandson is not convinced!"

At the foot of Five Elements Mountain,

Sun Wukong was pressed under the mountain and his head was exposed, and he kept shouting angrily.

"Monkey, save your energy, no one is coming to save you."

At this time,

Su Chen appeared next to Sun Wukong. He looked at Sun Wukong's embarrassed look and shook his head. When

Sun Wukong saw Su Chen's arrival, Sun Wukong's face turned dark.

Every time he looked embarrassed, this bastard would appear. He felt that Su Chen Chen just came to see his jokes on purpose.

"Su Chen, are you here to watch my grandson's jokes again?"

Su Chen folded his arms and leaned against the mountain wall and said with a smile, "How about seeing your joke? So what if I don't laugh at you?"

Sun Wukong glared at Su Chen and cursed, "You bastard, give me a bottle of wine, I'm already a little thirsty after scolding you."

"You're welcome, you monster monkey."

"I'm so polite to you bastard, no matter what, we are just getting to know each other."

"Monkey, why don't you ask me to save you? Sun

Wukong took a sip of wine and shook his head and said, "Forget it, you are just a little monk. Tathagata is so powerful that I am no match for you. You can't save me at all.""

Su Chen sat next to him and asked with a smile, "You also know that Tathagata is powerful, so you just screamed like shit."

Sun Wukong looked into the air with blurred eyes and said,

"Aren't we, Lao Sun, unwilling to do so? That Tathagata can suppress me with one hand. I'm not a fool. Can't I, Sun, see that Tathagata is very powerful?"

Su Chen nodded when he heard Sun Wukong's words.

This monkey still has self-awareness, but everything is too late. After all,

Sun Wukong is a chess piece, a person destined to learn from the scriptures. Sun Wukong will be suppressed here for five hundred years.

"Monkey, please cultivate your mind and nature under the Five Elements Mountain. I will come and bring you some wine when I have time in the future."

"You're not bad, Su Chen. Bring me some of those flat peaches from now on. The flat peaches are still good to eat. Su

Chen counted one middle finger to Sun Wukong and said, "You are eating farts. Are flat peaches something I can just get?"

When Sun Wukong heard Su Chen's words, he mocked,

"Come on, who in heaven doesn't know that Pantaoyuan belongs to you. Although I, the old sun, look down on you, this bastard, your popularity is really much better than that of my old sun."

Sun Wukong was very envious of Su Chen.

He and Su Chen arrived at the Heavenly Court at the same time to serve as officials, but he was looked down upon by the Heavenly Court again and again, either as a Bima Wen or as a guardian of the fairy orchard.

Even on the surface, he was a The majestic Monkey King, but no immortal in heaven looks up to him. But what about this boy Su Chen?

This bastard actually regards Pantaoyuan as his own, and the Queen Mother still obeys this bastard, and this bastard is behind his back It seems that there are several powerful backers.

When Sun Wukong looked at Su Chen, he felt that he was the same person but had different fates.

"Trialist, you have completed the plot of Havoc in Heaven and can now return."

At this time, the voice of the Heavenly Ladder Holy Soul came to Su Chen's ears.

Su Chen laughed when he heard the Heavenly Ladder Holy Soul's words.

Sure enough, he had to meet Sun Wukong to complete the plot. He didn't know that the plot would be completed this time. What kind of reward would he get?

Su Chen suddenly thought that he couldn't disappear for no reason.

He was going to retreat to prepare for returning to Tianyue Continent. Even if he came to the prehistoric world again in the future, he could also appear blatantly.

"Holy Soul, wait a minute, I still have some things to deal with. How about coming back later?"

"Trialist, you only have one day"

"clear!"

Su Chen stood up and said to Sun Wukong, "Monkey, I left. We will meet again in the future. You must not die."

"Bah, even if you die, my grandson will not die!"

"Hahaha.....Bye now!" Su Chen laughed and disappeared after hearing Sun Wukong's words.

When Sun Wukong saw Su Chen disappear, he slapped his forehead and cursed, "Damn it, I forgot to ask Su Chen for some fairy wine. , I don't know how long Tathagata's bald donkey will suppress me."

Over the Five Elements Mountain,

Guanyin Bodhisattva sighed when she saw Su Chen leaving.

She guessed that Su Chen was leaving, and the trial of the ladder to heaven was probably coming to an end. Guanyin Bodhisattva looked at Sun Wukong below and disappeared into the Five Elements Mountain. Go up.

In the Heavenly Court,

Su Chen hurriedly arranged everything when he came back. He did not go to meet the Queen Mother, so he would explain it to the beautiful lady later.

Su Chen sat in the hermitage in the Peach Garden.

He looked around and said ,

"Holy soul, come back!"

Chapter 1595

God Meteor Continent,

Ladder to Heaven.

Su Chen appeared on the ladder on the 9999th floor.

He looked around and sat down.

At this moment,

Qingying saw Su Chen appear and got into his arms again.

Su Chen touched Qingying and smiled.

He had been in the prehistoric world for almost a year, but only a quarter of an hour on the ladder to heaven.

This made Su Chen feel a little bit changed.

At this time, the voice of the Holy Soul came over,

"Trialist, you have passed the trial of Havoc in Heaven. Although you struggled all the way to pass, you have passed the level after all. You will also get three rewards this time."

Su Chen's face turned very dark when he heard the Holy Spirit's words while sitting on the steps. How can he be so stubborn?

How can he not be so stubborn?

Any monster or heavenly soldier in the ancient world can kill him. If there is no Guanyin Bodhisattva sitting on his Backer, I'm afraid he will be killed as soon as he appears in the prehistoric world

"Holy Soul, I want to receive the reward"

"Trialist, there are five light balls here. The rewards in each light ball are different. You can choose three reward light balls."

Su Chen was very speechless when he saw the light ball that suddenly appeared in front of him.

Is this trying his luck?

Choose three out of five!

The rewards in the light ball may be good or bad.

Which three reward light balls should you choose? ?

Su Chen looked at these light balls and they were all the same. He couldn't even detect what was inside.

Su Chen looked at these light balls and said,"Holy Soul, I choose three rewards: one, three, and five." Photosphere"

"Can!"

"Ball of light, ball of light! Hope you don't let yourself down."Su Chen looked at the three light balls in front of him, rubbed his hands and underestimated,

"Holy shit, what is this?"Su Chen opened a light ball and shouted with a dark face,"

A piece of grass?

This belongs to him!

How come there is a piece of grass in the reward?

This is not Tangshan's mother Blue Yin grass, and besides, he has already obtained the Blue Yin grass." No matter how Su Chen looked at it, it was just an ordinary grass.

"Trialist, you are in good luck. This is a nine-leaf sword grass that is growing."

Su Chen was very confused when he heard Holy Soul's explanation,"Is this the Nine-leaf Sword Grass? Holy Soul, you didn't get it wrong, right? No matter how you look at it, it's just an ordinary piece of grass."

"It's the Nine-Leaf Sword Grass!"

This is really the Nine-leaf Sword Grass, so he has gained a lot.

【A blade of grass can kill the sun and the moon! 】

Nine-leaf sword grass is very powerful.

Su Chen looked at the grass in his hand and smiled.

The first reward was so generous, and the remaining two reward light balls should also be rare treasures.

Whoosh!

I'll do it!

Why did the bluegrass come out?

What the hell!

Su Chen was about to be furious.

Blue Yin Cao came out and swallowed the Nine-leaf Sword Grass in his hand. This made Su Chen want to open Lan Yin Cao's mouth and snatch out the swallowed Nine-leaf Sword Grass.

At this moment, the blue grass is still devouring the nine-leaf sword grass. The current blue grass is very attractive, with a gauzy white dress, a curved figure, long hair, and an exquisite and beautiful face. After the evolution of the divine water, Blue Yincao becomes more and more beautiful.

After Su Chen took a look at Lan Yin Cao's perfect figure, he yelled at Lan Yin Cao and asked, "Ah Yin, why did you swallow the Nine-leaf Sword Grass?"

A Yin looked innocent. He asked doubtfully, "Master, isn't this the promotion treasure that the master found for me?"

"Huh? Ah Yin, can you advance by swallowing the Nine-leaf Sword Grass?"

"Of course, Master, I am now a 200,000-year-old soul beast. When I absorb the Nine-leaf Sword Grass, I can become a million-year-old powerful soul beast."

"Millions of years? Let me go, Ah Yin, how long will it take for you to evolve into a million-year-old soul beast?"

Su Chen was very surprised when he heard Lan Yincao's words.

One hundred thousand year soul beasts are all Douluo of more than ninety levels. If A Yin evolves to a million year soul beast, will A Yin become a million-year soul beast in one step? Immortal? What level of strength will it reach?

Ah Yin blinked and said to Su Chen,

"Master, it may take about ten years. The energy in the Nine-leaf Sword Grass is very certain, and I can inherit the ability of the Nine-leaf Sword Grass. This will take a longer time."

Su Chen hugged Ah Yin's waist, kissed her and said with a smile, "Haha....., Yes, Ah Yin, you will practice hard and advance, and the master will ask you to protect him in the future.

Su Chen felt that he had found a treasure this time.

Not only would the blue grass consume the nine-leaf sword grass, his strength would greatly increase, but it could even inherit the abilities of the nine-leaf sword grass.

Blue Yincao will be very powerful in the future. A blueyin grass that can turn into a human is much better than a nine-leaf sword grass. At least the blueyin grass will warm his bed in the future.

"Well, I will protect the master well in the future."

A Yin was hugged and kissed by Su Chen, and she lay shyly in Su Chen's arms.

Su Chen smiled when he looked at the shy blue grass,

Tangshan!

I'm sorry, your mother already belongs to Me.

From now on in Tangshan, we should still have sex with Tang Hao.

"Ah Yin, go back to the jade box and continue practicing."

"OK, Master!"

Su Chen shook his head when he saw the Blue Yincao disappearing.

The Blue Yincao had robbed him of two treasures. Previously he robbed him of a drop of divine water, and this time he robbed the Nine-leaf Sword Grass. From now on, the Blue Yincao will It won't work if I don't agree with my body.

"Try opening another bonus light ball, hoping to get a good treasure again." Su Chen looked at the remaining two reward light balls and muttered to himself.

Su Chen reached out and opened another reward light ball, but this time it turned out to be empty.

Su Chen checked carefully and hurriedly called Said, "Holy Soul, what's going on? What about rewards?"

"No!"

"No?"

Damn it, what does this mean?

Are there any rewards left?

Su Chen was so embarrassed that he wanted to beat the Holy Soul. After wasting a year, one of the three rewards was empty. ?Why didn't Holy Soul say that there were free reward light balls at the beginning?

Holy Soul's voice came and explained,

"There is a very big reward among the five bonus light balls, so two of the five bonus light balls are empty."

"A very big reward? Two of the five reward light orbs are empty? Let me guess, this last reward light ball is not empty, right?"

"This depends on the trialer's luck!"

"Holy Soul, why didn't you tell me earlier?"

"Trialist, I told you earlier, wouldn't you choose?"

Damn it!

The Holy Soul of the Ladder has decided to kill himself.

But he has to choose whether to say it or not.

His thin arms can't twist the thick thighs of the Holy Soul.

On the Ladder, the Holy Soul of the Ladder can do whatever he says. ,

Su Chen also had no ability to refute.

"The last reward light ball must not be empty."

Chapter 1596

Su Chen opened the last reward light ball nervously.

A purple bracelet appeared in Su Chen's hand.

Su Chen was very confused when he looked at the purple bracelet.

The purple bracelet was very beautiful.

There were more than thirty people hanging on it. The small amethyst-like diamonds are shining one by one, looking very dazzling, and the bracelet is also very cold. The purple bracelet makes people feel very peaceful in their hands.

What kind of treasure is this?

Why do you feel like a spiritual treasure?

But why doesn't it look like it?

"Trialist, your luck is very good, and you have obtained the only powerful treasure."

At this time, the voice of Holy Soul spoke to Su Chen again.

Su Chen looked at the purple bracelet and asked doubtfully, "Holy Soul, are you sure this purple bracelet is a treasure?"

"Of course, this is a unique treasure"

"What kind of treasure is that purple bracelet?"

The old voice of the Holy Soul explained to Su Chen,

"This bracelet is called [Purple Yun Hanxing], it is a powerful thing for the strong."

"The thirty-six purple stars on the bracelet are refined from the cores of the thirty-six most important stars among the stars. Wearing this [Purple Rhythm Cold Star], as long as the magic power is strong, you can activate the Little Zhoutian Stars. Array."

Let me guess!

The Zhoutian Star Formation?

Isn't this the Zhoutian Star Formation of the Demon Clan's Heavenly Court?

The Demon Clan's Zhoutian Star Formation, and the Wu Clan's Twelve Heavenly Gods Formation, are all from the prehistoric world. Two killing formations.

Even the saints in the prehistoric world are very afraid of these two formations, which shows how powerful the Zhoutian Stars Formation is.

A bracelet can activate the Small Zhoutian Stars Formation.

This This is really a big deal

"Holy soul, [Purple Yun Hanxing] has also been sealed?"

"No!"

" [[Purple Yun Hanxing] has not been activated. This can only be activated by the owner of [Purple Yun Hanxing]."

"Damn it, then I can't use it, right?"

"You can say that!"

What the hell!

This is another treasure that can be seen but not used. The

Zhuxian Sword given in the last explanatory teaching can only be seen but not used. The [Purple Yun Hanxing] obtained this time can still be seen but not used.

This What kind of treasure is it?

Su Chen continued to ask with a dark face, "Holy Soul, who is the owner of [Purple Yun Hanxing]?"

"Nuwa in the ancient world."

Come on!

This [Purple Yun Han Xing] can only be used as a collection in the future,

Empress Nuwa?

Empress Nu Wa is a saint.

If he dares to take out Zi Yun Han Xing, I am afraid he will be taken away by Empress Nu Wa immediately. Do you dare to wear Empress Wa's private belongings? Su Chen dare not wear this [Purple Rhyme Hanxing] even if he has ten lives.

Under the ladder,

Isabella and Xiao Xun'er are very confused now. Su Chen just now They seemed to be talking to someone, and even kissed someone, but why didn't they see anyone?

Now Su Chen is sitting on the ladder dejectedly. Did he fail the ladder test?

"Did you see anyone else on the ladder?"The elf princess Sylph looked at Su Chen on the ladder and asked the other girls.

Sylph was very angry now.

Su Chen's action just now was obviously kissing someone. This damn bastard, who is here? The relationship between these girls and Su Chen is unclear. Does that bastard have another woman?

"No!"

"Neither did I, but it seemed like Su Chen was talking to someone, and even...."

"There must be someone on the ladder, maybe the ladder obscures that person's existence"

"Well, I also think there is someone else on the ladder"

"That bastard was clearly kissing someone just now. There must be someone on the ladder."

Isabella, Zhao Ling'er, Elf Diana, Qian Xue'er, Mo Yu and others all said in confusion.

They saw Su Chen's actions just now clearly.

Su Chen appeared behind the ladder in an instant. They women But they were very concerned, but Su Chen's strange movements made them very confused.

Ning Zhong looked at the girls and asked worriedly, "Do you think the master is still in the trial illusion and has not recovered?"

Qingniao also said to the girls with a serious face, "It's possible, the young master's actions are too weird, and the young master is the only one left on the ladder, and it is impossible for anyone to be with the young master."

When Isabella and the other girls heard what Ning Zhongze and Qingniao said, they all became worried.

Isabella and the others also felt that what Ning Zhongze and Qingniao said was right. There can't be anyone else on the ladder. They were also very worried that Su Chen had not recovered from the illusion.

"Haha, we found the real secret treasure, the hill. This is the legendary ladder to heaven. Our sect has recorded it before, but we didn't expect that our father and son would meet it."

At this time, a burst of laughter came from the other side of the ladder.

After Isabella and the other girls heard the laughter, they looked at each other and guessed who was coming. Xiao Tian came earlier, The Tangshan father and son unexpectedly arrived this time. These people seemed to be very lucky.

Xiao Xun'er waved his hands to the girls and whispered, "Don't do anything yet. Let's hide aside and listen to how they arrived." , is there anyone else coming to the secret realm?"

Isabella and Sylph nodded after hearing this.

They all quickly hid on the other side.

The bodies of Nie Xiaoqian and other female ghosts began to become illusive one by one, and they disappeared here after a while.

Tangshan listened When Tang Hao kept laughing, and even he didn't understand what he said,

Tang Shan asked Tang Hao in confusion,

"Father, what is the ladder to heaven? Tang

Hao excitedly patted Tang Shan on the shoulder and said,

"Hill, this is a special trial. The higher you climb the ladder, the greater the reward you will get. Some people will become gods after climbing the ladder. This is a great opportunity."

Tangshan was also very excited after hearing this. He had never thought that there was such a pair of trial treasures in the world, which could allow him to reach the sky in one step, and even become a soul god.

"Dad, look, is there someone at the top?"

Suddenly Tangshan saw a person on the ladder to heaven, which surprised him very much.

That person was about to climb to the top.

"What?"

Tang Hao heard Tang Shan's words and looked over hurriedly. When he saw Su Chen sitting on the ladder, his face was livid. Tang Shan didn't expect someone to come faster than them.

Tang Shan observed for a moment and said hurriedly, "Father, it was that Su Chen, I didn't expect that he had come in early and even climbed so high."

Tang Hao looked around and found no one else. There was only Su Chen on the ladder to heaven.

He looked at Su Chen on the ladder to heaven and said sternly.

"Damn it, Xiaoshan, let's climb the ladder quickly. If Su Chen climbs so high, his strength must have increased very high. We'll kill him if we have the chance."

Chapter 1598

On the ladder to heaven,

Su Chen stepped onto the 10,000th floor and discovered that there was a luxurious palace here.

Su Chen looked at this majestic palace and felt that he was very insignificant here. This was compared to the Emperor of Heaven. The Lingxiao Palace is still magnificent, and even some of the auras revealed in the palace frightened Su Chen.

"Holy Soul, what kind of palace is this palace?"

"Trialist, the palace is none of your business. With your strength, you don't need to know about this palace at all."

I guess!

Does this mean that he dislikes his low level of cultivation?

Su Chen's face turned dark and he wanted to curse the Holy Soul of the Ladder.

Since he is not allowed to know about this palace, why should he put the palace on the 10,000th floor? The Holy Soul of the Ladder Didn't you mean to show off?

Su Chen looked into the air and shouted rudely, "Holy Soul, what is the trial at the 10,000th level? Please explain it to me immediately.""

"The 10,000-level trial is a hell-level difficulty. Trialist, are you ready?"

Su Chen said to Holy Soul disdainfully,

"Tsk, you said last time that Havoc in Heaven is also a hell-level difficulty. Didn't I pass it anyway?"

"That was because you managed to pass. This time it is a real hell level difficulty. You have to participate in the whole process as one of the protagonists. Trialist, are you really ready?"

Su Chen was confused when he heard what Holy Soul said.

He wants to be the protagonist this time?

How to do it?

If he were to be one of the protagonists in the fairy world, wouldn't he be dead?

"Holy shit! Holy Soul, with my current strength, as long as I don't go to the world of immortals, I won't be afraid. However, do you think my current strength can be one of the most important protagonists in the immortal world?"

"All things have their own laws. Where there is life, there is death, and where there is death, there is life. All things have their own glimmer of hope. It all depends on what you do."

What the hell!

Why can't he understand what the Holy Soul said?

What death?

What life?

Are you talking about these now?

Su Chen felt that asking the Holy Soul was in vain.

I am afraid that the Holy Soul would not be able to tell him even if he knew it. Just like the five reward light balls just now, two of them were empty, but the Holy Soul was not revealed at all.

Su Chen lowered his head and thought about it and asked, "Saint Soul, tell me, what is the plot?"

"Journey to the West and you will be one of those who learn from the scriptures. When Su

Chen heard what Holy Soul said, he hurriedly shouted, "Holy crap, Holy Soul, Sun Wukong was just crushed under the Five Elements Mountain. Do you think the Journey to the West plot can start now?"

Su Chen didn't expect that he would become one of the Buddhist scripture seekers, but aren't there five scripture seekers in total? Can the holy soul still control the way of heaven in the prehistoric world?

Su Chen looked at the ladder and was confused, but he didn't ask Heavenly Ladder, he couldn't tell himself even if he asked Heavenly Ladder.

When the Holy Soul heard the voice, he explained to Su Chen

"Who said the Journey to the West plot will start now? You haven't become an immortal yet. Within three years, if you become an immortal, you will start the Journey to the West plot. This is also to prepare you for climbing to the 10,000th floor in the future."

"Three years? Holy Soul, can this be done halfway?"

"This is not giving up halfway, this is the special treatment of climbing to the 10,000th floor"

"Holy shit, can I quit now?"

"Can!"

"Then if I become an immortal, how can I find you?"

"Trialist, I will look for you after you become an immortal within three years."

"Forget it, goodbye!"

Su Chen doesn't want to say anything more to the Holy Soul now.

This Holy Soul is too deceitful.

He will become an immortal within three years, and he will also be an earthly or heavenly immortal.

With such strength, if he goes to learn scriptures with Sun Wukong and the others, I'm afraid he will have to suffer a lot along the way. I'm afraid he can't beat any monsters for his sins. Could it be that he was beating up little monsters like Zhu Bajie?

Whoosh!

Su Chen appeared directly under the ladder.

He looked at the women next to him who were still looking towards the ladder.

Su Chen He coughed and said, "Hey, what are you still looking at? I'm back, why don't you welcome me?"

After Isabella and the others heard what Su Chen said, these women came to Su Chen one by one and asked hurriedly,

"Ah, Suchen, why are you down? Haven't you been tested on the 10,000th level yet?"

"Yes, why did you come down before you accepted the trial?"

"Su Chen, you have failed, right?"

"Impossible, Su Chen has not yet accepted the trial, how could he fail?"

"Su Chen, have you given up on the 10,000-level test?"

Su Chen heard these women chattering and asking, which gave Su Chen a headache.

Too many women are also very troublesome.

A woman is like a duck. There are more than ten women here. If Nie Xiaoqian is added to the These female ghosts, with more than a hundred ducks, I'm afraid they will disturb Su Chen to death.

"Don't tell me anymore, I'll tell you why I came down from the ladder."

Then, after

Su Chen and Isabella and the other women were quiet, he told the girls what happened on the 10,000th floor.

Isabella and the other girls also understood after hearing Su Chen's explanation. The trial should be very difficult, otherwise the Holy Soul of the Heaven Ladder would not be able to let Su Chen undergo the trial after becoming an immortal.

Isabella and the other girls also told Su Chen what happened under the Heaven Ladder.

Especially Xiao Tian and Tang Hao They were killed, Tang Shan and Xiao Huohuo were thrown out, and the Demon Lord was killed by them. They all told Su Chen very carefully.

Su Chen was very confused when he heard what the girls said.

Xiao Tian and Tang Hao is dead?

Tangshan and Xiao Huohuo were almost taken away from their bodies and died?

Is this him?

Aren't Tangshan and Xiao Huohuo the protagonists of luck?

How could they be taken away from their bodies?

Now that Xiao Tian and Tang Hao are killed, Tangshan and Xiao Didn't Huo Huo have no backer? Did their luck run out? Or did their luck tell Xiao Xun'er and the girls to spare their lives?

Su Chen nodded and said to the girls, "I know all this. , the ladder climb is over, we don't know how long we have been in the ruins, we should leave."

Elven Princess Sylph took Su Chen's hand and said reluctantly, "Su Chen, when we go out, we will go back to our respective continents. You will come to the Western Continent to see me in the future."

Isabella also said to Su Chen hurriedly, "And me, Su Chen, you must come to me when you go to the Western Continent, otherwise I will ignore you in the future."

"Don't worry, I will definitely visit you. Su

Chen smiled and nodded in agreement, but he thought of Isabella and asked doubtfully, "By the way, Isabella, you entered the ruins from the Eastern Continent. Will you return to the Western Continent when you leave?" Isabella smiled and explained to Su Chen, "Yes, I have the spiritual jade given by Sylph. As long as I leave the ruins, I will appear in the same place as Sylph.""

"That's good! Qian

Xue'er looked at Su Chen and said proudly,

"Adulterer, although you helped me this time, I will not agree with you and my mother. Hum, if you dare to appear in the Wuhun Empire in the future, I will let the army arrest you."

"Qian Xue'er, you'd better regain your cold and indifferent expression. You are becoming more and more lively now. This is not like the Princess of the Spirit Empire."

Chapter 1599

Su Chen was very speechless when he looked at Qian Xue'er.

Qian Xue'er now believed that he was the adulterer.

If Bi Dong'er knew about it in the future, she didn't know whether Bi Dong'er would beat Qian Xue'er violently.

Moreover, Qian Xueer has become more and more lively during this period.

Su Chen still thinks the cold Qian Xueer is beautiful.

This does not mean that Qian Xueer is lively and not beautiful. Su Chen is also making trouble in his heart. After all, in the plot, Qian Xueer is cold and cold. Her face is very beautiful

"Humph, I want you to take care of it!"

Qian Xueer's face turned slightly red and she shouted to Su Chen unceremoniously,

"Mo Yu, I will look for you in the future. When Mo

Yu heard Su Chen's words, he said angrily, "No, I don't want to see you, and you don't have to come to me."

"Haha, let's go back to the river first. Where are Xun'er's men still?"

Su Chen waved to Nie Xiaoqian's female ghosts and took them back. He hugged Xilf and Xiao Xun'er and disappeared.

Several times in a row,

Su Chen took all the women to the river.

In the small By the river,

Su Chen took out some fairy wine and delicious food and let the girls drink it.

Isabella and the girls' faces turned red while drinking the fairy wine.

After all, their strength was still low.

After just a few sips, they Some people started to get drunk.

By the river,

Su Chen placed the drunk Isabella and the girls in a tent, and he hugged Xiao Xun'er and lay on the grass by the river.

Su Chen held Xiao Xun'er in his arms. Er's small waist said,

"Xun'er, you should practice the techniques I gave you first. After all, cultivating immortals is more powerful than fighting spirit. If you can't practice my Su Nu Heart Sutra, I will think of other ways."

"Well, Sylph, did you give it to her?" Xiao Xun'er leaned into Su Chen's arms and asked with a smile.

Su Chen kissed Xiao Xun'er and nodded and said,

"Here you go, one of you is an element cultivator and the other is a Dou Qi cultivator. The Heart Sutra of Su Nu is very powerful. If you master it, you can destroy the Shen Yun Continent with one finger."

Su Chen understood that the affairs between him and Sylph had been known by these women, and he had no intention of hiding it. Anyway, neither Sylph nor Xiao Xun'er could escape from his grasp.

Xiao Xun'er heard Su Chen's words and Very surprised, one finger can destroy the Shenyu Continent.

Is there really such a powerful immortal?

"So powerful?"

"Do you know the saints who cultivate immortality?"

"I don't understand. Immortals are very powerful. Are saints even more powerful?"

Su Chen explained to Xiao Xun'er with a smile,

"I'll tell you about the realms of immortals and you will understand. Immortals are divided into: human immortals, earth immortals, heavenly immortals, mysterious immortals, golden immortals, Taiyi golden immortals, Daluo golden immortals, quasi-sages, and finally saints."

As Xiao Xun'er listened to Su Chen's explanation, her delicate little mouth kept opening in surprise.

She didn't expect that immortals could be divided into so many realms.

One immortal could probably sweep across the entire Shenyu Continent, but the people above There are actually eight levels, and the top saint can really destroy the Godfall Continent with one finger.

Three hours later, all the girls returned to their drunken state, and Su Chen also hugged Isabella and the girls. He hugged them and sent them to the exit.

Su Chen watched Isabella, Sylph, Diana, Qian Xueer, Mo Yu, Xiao Xuner and other women leave.

He shook his head and said with emotion,

"well! All left. Ning

Zhongze smiled and said to Su Chen, "Master, Qian Xueer took away both Chiyunhu and Little Chiyunhu."

"I know!"

Su Chen nodded and laughed.

How could Chi Yunhu leave with Qian Xue'er without his order? He knew it when Qian Xue'er was coaxing Chi Yun Hu.

Next to him, Zhao Ling'er looked at Su Chen and urged, "Su Chen, let's leave too"

"Linger, have you really decided? Zhao

Ling'er nodded to Su Chen and replied, "Well, I am very strong now. Besides, with Butterfly accompanying me, nothing will happen to us.""

Su Chen thought for a while and agreed,

"Yes, Butterfly is now a master of the Distraction Realm, and is about to advance to the Fusion Realm. Your strength is also good, and you will soon advance to the Out-of-body Realm. Nothing will happen if you go to save your mother."

"Su Chen, we will go back to Hangzhou City to find you in the future." Butterfly Demon hugged Su Chen and said with a blush.

She didn't want to be separated from Su Chen, but Zhao Ling'er was her good sister after all, and she couldn't watch Zhao Ling'er save her mother alone.

Zhao Ling'er didn't want to trouble Su Chen to save her. Her mother, Butterfly Demon, could only help Zhao Ling'er by herself.

Su Chen kissed Butterfly Demon and said with a smile, "Okay, I will wait for you in Hangzhou City. If there is any danger, let me know.""

"We understand!"

After leaving the ruins,

Zhao Ling'er and Su Chen said goodbye, and

Su Chen was left with Ning Zhongze and Qingniao.

"Come on, let's go back to Hangzhou City!"

Su Chen hugged Ning Zhongze and Qingniao and said loudly,

Hangzhou City, after three months,

Mu Guiying has conquered the entire south of the Song Dynasty, but the south is not very peaceful.

Buddhist monks and some The local wealthy families are constantly making trouble, and there are rebellious rioters in various cities in the south.

Ji Ruxihe has ordered secret guards and nets to secretly check who is behind the plot, and even Mu Guiying's Northern Combat Corps has destroyed several rioting armies..

But these only treat the symptoms but not the root cause. As soon as the army leaves, new riots will begin in various cities. During this time, Ji Ruxihe, Xiaobai, Xiaoqing, Shui Rou, and even Suru have no choice.

In the living room,

Xiaoqing is sitting He said listlessly on the chair,

"Su Chen didn't know where to go. If he were here, he would definitely have a way to solve these problems."

Ji Ruxihe heard Xiao Qing's words and smiled and said,"Xiao Qing, if Su Chen were here, he would definitely go on a killing spree. Su Chen would definitely kill all the Buddhist monks and even the wealthy families. Shuirou said to Ji Ruxihe with a serious look on her face.

"Yes, we have relented. Xihe, please give the order. This is the way to go. The secret guards and Luowang's investigation also pointed to Buddhism and those wealthy families. We can't wait any longer."

"Then order the army to dispatch. Anyway, Buddhism and those wealthy families are not good people."

Xiao Bai also nodded and said.

During this time, she saw the faces of Buddhism and those wealthy families. Those are some bastards who eat people without spitting out bones. They are even crueler than some monsters and monsters.

Ji Ruxihe became indifferent after thinking about it. said,

"Okay, Xiaobai, you order the secret guards to send a message to Mu Guiying that all the temples in the south should be destroyed! The wealthy families in each city will be destroyed! This time I will also solve the worries of the south once and for all, so that Mu Guiying can march to the north of the Song Dynasty with peace of mind."

"Okay, I'll notify Mu Guiying right away."

After Xiaobai heard what Ji Ruxihe said, she hurriedly wrote a secret letter and asked the secret guard to send it to Mu Guiying immediately.

"Ha ha.....In the Shenyu Continent, I, Su Yan, am here."

At this time, a little girl's laughing voice suddenly came from the city lord's mansion.

"Damn it, why is that girl Su Yan here?"

Chapter 1600

In the back garden of the Hangzhou City Lord's Mansion,

Su Yan burst into laughter as she came out of the world passage. She was very happy when she felt the spiritual energy in the world of cultivating immortals. After a month, she finally arrived in the Shenyu Continent.

Le Bingyun felt the aura here, and then she smiled and said to Su Yan, "Princess, this is the Shenyu Continent. The aura is indeed much richer than that of the Tianxuan Continent."

"Yes, this place is much better than in Tianxuan Continent."

"The world of cultivating immortals here is definitely much better than that of Tianxuan Continent."

"The world of cultivating immortals is very powerful, we must be careful in the future"

"Don't worry, His Majesty has arrived in Shenyu Continent a long time ago. We don't need to worry too much."

"It's better to be careful. There are demons and monsters in Shenyu Continent, and even those cultivators are more powerful than the last."

Behind Su Yan, Liu Sheng Piauxu, Liu Sheng Xueji, Bai Qing'er, Li Wu, and Ying Ge were all very curious about the world of cultivating immortals.

Especially the rich spiritual energy here, which is not found in Tianxuan Continent. of

"See the eldest princess!"

At this time, the secret guards guarding the world passage appeared one by one and saluted Su Yan.

"No courtesy, is my father in the house?"

A secret guard commander hurriedly saluted Su Yan and said, "Back to the eldest princess, Your Majesty has not come back yet."

"Are my aunts here?"

Su Yan's eyes lit up when she heard that Su Chen was not here.

As long as her father Su Chen is not here, she can look around in this world and no one here can control her.

"Su Yan, come here."

At this time,

Ji Ruxi's voice came over.

Su Yan curled his lips when he heard Ji Ruxi's voice. She was so arrogant when she came to the Shenyun Continent just now. Ji Ruxi and several aunts in the house must have heard her shouting. Laughter sounded

"Let's go there!"

"Yes, princess!"

In the main hall,

Ji Ruxi (Donghuang Taiyi) and Shuirou (Mrs. Yedi) were very helpless.

Su Yan's arrival gave them a headache.

This girl is the same as Su Chen. Her ability to cause trouble does not require Su Yan at all. Morning difference, even better than others

"Who was it just now? Su Yan? Could it be Su Chen's eldest daughter?" Xiao Bai looked at Ji Ruxi and He Shuirou and asked in confusion.

Xiaoqing and Suru also looked at Ji Ruxi and He Shuirou. They also wanted to know whether the little girl's voice just now was the arrival of Su Chen's daughter. ?

"Yes, Su Yan is Su Chen's eldest daughter and the eldest princess of the Xuantian Empire, Princess Changle.

Suru frowned and asked Ji Ruxi, "Why aren't you happy about Su Yan's arrival?" Are you worried about Su Yan's safety?"

Suru was very happy about the arrival of Su Chen's daughter.

This is the next generation of their Su family.

But when she saw the sad faces of Ji Ruxi and He Shuirou, Suru suspected that Su Yan was not the biological child of Ji Ruxi and them. Daughter, do Ji Ruxi and the others dislike Su Yan?

Ji Ruxi and the others shook their heads and said helplessly, "Alas! You will understand in a moment. Shuirou reminded Suru and Xiaobai, "Su Yan is a little devil. He can even cause trouble more than Su Chen. You will also have a lot of headaches in the future.""

Suru and the others were stunned when they heard what Ji Ruxi and He Shuirou said.

They looked at each other and were very confused.

From the voices just now, they all guessed that Su Yan might be a child of seven or eight years old. Is this little girl really a little devil?

And her ability to cause trouble is as good as Su Chen's?

"Su Yan has met two aunts."

At this time,

Su Yan arrived with the girls Le Bingyun from the Shadow Team.

"The Shadow Team meets Mrs. Xihe and Mrs. Shuirou." Le Bingyun and the other girls also saluted Ji Ruxi and He Shuirou, saying,

"Su Yan, why are you here?" Ji Ruxihe waved to Le Bingyun and the girls and asked Su Yan.

Su Chen sat next to Ji Ruxihe and said with a smile, "Haha.....Auntie, I got my mother's permission to come to the Shenyu Continent. Where is my sister? Why didn't you see her? Ji

Ruxihe touched Su Yan's little head and said doubtfully, "Your sister Su Yue is sleeping now, but your mother actually allowed you to come?" You didn't come secretly from the Black Bird Palace again, right?"

"Auntie, it's true this time, I'm here to take care of my sister. Shui

Rou looked at Su Yan and said in disbelief, "You little girl, we won't believe your words." When Su

Yan came to Shui Rou, he shook her arm and said coquettishly, "Auntie, I'm so cute, why don't you believe me?" Shui

Rou looked at Su Yan's coquettish look and said speechlessly,

"Come on, you girl, don't tell me these things. If you can stay in the mansion and not go out, I will believe you. Yan'er, can you do it?"

"this.....this.....This!"

Su Yan was vague and did not dare to agree when she heard Shui Rou's words.

Suddenly she saw Xiaobai and the girls, and she hurriedly changed the subject and asked, "Auntie, aren't these my aunts too? Shui

Rou rolled her eyes at Su Yan and explained, "These are your Aunt Bai and Aunt Qing, and this is your aunt Suru."

"Su Yan has met Aunt Bai and Aunt Qing." Su Yan hurriedly shouted to Xiaobai and Xiaoqing.

However, she looked at Suru and asked Shuirou in confusion, "Aunt? Aunt, do I have an aunt?"

Su Yan now wants to please Xiaoqing and Xiaobai. Whether she can go out to play in the future depends on these two new aunts, so she must deal with these two new aunts.

But Suru made her confused, aunt?

How could she have an aunt?

Her father had no older sisters, so why did an aunt appear in the Shenyu Continent?

Shuirou smiled and said to Su Yan, "She is your biological aunt, and also your father's biological sister." Sister, your father will explain it to you later."

Shui Rou, Ji Ruxi, and Suru also got to know Suru during this period.

Suru is a very gentle and kind-hearted woman. Although she cannot be Su Chen's sister, this matter is too complicated.

They have nothing to say about this matter. It doesn't make sense, and Suru was very concerned about Su Yue during this period, and was even very helpful to women like them. Shui Rou, Ji Ruxi and Ji Ruxi also acquiesced in Suru's existence.

"Su Yan has met her aunt!"

Su Yan was stunned when she heard Shui Rou's words. However, since Shui Rou said so, she could only salute and shout to Suru.

Xiao Bai and Xiao Qing were very happy that Su Yan was so sensible. They She also liked this clever little girl very much.

When Suru heard Su Yan call her aunt, she was so happy that she shed tears and hugged Su Yan.

"Be good, you are much better than your father, Yan'er. If you have anything to do in the future, just tell your aunt, and your aunt will definitely make the decision for you."

"Thank you, aunt!"
