### Chapter 1651

In Baoqingfang,

Su Chen watched boredly as the little demons around him were making magic weapons.

The little fox had not yet left seclusion.

Su Chen did not want to wait any longer.

The southern part of the Song Dynasty had been occupied for more than a few months.

Mu Guiying's The army is wiping out the wealthy families who have been causing trouble and rebellion, and the Buddhist temples in the south are also intensifying their cleanup. Su Chen is going to destroy the Jinshan Temple in Zhenjiang City himself, Fahai! The most famous monk in the Song Dynasty, Su Chen would not let him escape, and Xu Xian, the protagonist of White Snake, was no longer useful. If he was retained, he would probably be a disaster in the future, so we dealt with him together. Boom boom boom

.....

At this time, a powerful aura suddenly erupted from Baoqingfang.

The entire Baoqingyun was shaken by the shock. Many items were scattered on the ground. The goblins looked at Baoqingfang in great horror. the apse.

The little fox is coming out of seclusion?

The little fox is already very powerful.

Now she is a complete body. Will the little fox become an immortal directly?

Su Chen stood up and wanted to check on the little fox.

He was worried that the little fox would directly ascend to the fairy world.

If the little fox ascended to the fairy world now, the little fox would probably be very threatening.

The fairy world is about to enter the plot of Journey to the West.

If the little fox appears in the fairy world at this time, those immortals who once plotted against the little fox may not let the little fox go, and may even plot the little fox into the journey to the west.

Whoosh!

"Su Chen, thank you very much this time."

The little fox appeared next to Su Chen in an instant. She looked at Su Chen and thanked him with a smile.

Su Chen looked at the little fox's beautiful face and said with a smile,

"You're welcome, our relationship is extraordinary, little fox, why do you still look like a little girl?"

"Haha, do you want to see my original body and appearance?"

"think!"

When the little fox heard Su Chen's answer without hesitation, she glanced at Su Chen and became very angry.

This bastard thinks about dirty things all day long.

Su Chen is a shameless pervert.

She will not recover now. Her original body and appearance, otherwise, if Su Chen saw her previous body and appearance, this bastard would tease her even more.

The little fox crossed her legs and coldly refused to Su Chen,

"You are dreaming! You shameless pervert thinks I don't know what your plans are, so stop dreaming."

I guess!

Why is the little fox still so cautious?

Forget it, without the little fox's high level of cultivation,

Su Chen felt that there was nothing he could do about this vixen.

"Little fox, you didn't become an immortal this time?"

The little fox proudly replied, "I can become an immortal at any time, but I don't want to become an immortal yet."

"That's good, little fox, don't rush to become an immortal now, the immortal world is not peaceful recently."

"Didn't the Holy Mother tell you that?"

Su Chen shook his head and reminded,

"No, I have been to the fairy world. Buddhism is preparing to spread Buddhism eastward. I don't know who your enemies are. However, if you appear in the fairy world at this time, I

think your enemies will plot against you again and may even drag you down. Journey to the West into Buddhism"

"Have you ever been to the fairy world?" The little fox was very surprised when she heard that Su Chen had been to the fairy world. With Su Chen's level of cultivation, how could he have been to the fairy world? Even the Wudang Holy Mother who intercepted the teachings could not take Su Chen with him. Entering the fairy world, how did this bastard enter the fairy world?

"Have you heard of the ladder to heaven?"

"I've heard of it, but I haven't had the chance to climb it"

"I got your last tail from the reward of the ladder to heaven, and I also went to the fairy world from the ladder to heaven. I now have some understanding of the fairy world, and now is not the time for you to become an immortal."

The little fox is a little autistic.

This bastard Su Chen is really lucky.

No matter what this bastard does, he will get huge benefits, and the cultivation talents of his women are all amazing.

If this bastard After staying in the Shenyu Continent for ten years, powerful immortal cultivators will appear one after another in the Shenyu Continent, and these new powerful immortal cultivators may all be Su Chen's women. The little fox rolled his eyes at Su Chen and said in frustration

,"You're such a pervert, you're really lucky. You can meet someone on the ladder to heaven. Su Chen, don't worry, I won't become an immortal now."

Su Chen hugged the little fox's waist and said with a smile,

"That's good, little fox, don't be depressed. I have a good relationship with the Holy Soul of the Ladder. In the future, we will all become fairy queens, and I will take you to climb the fairy-level ladder together."

I agree!

The little fox's waist is really soft!

The little fox is worthy of Su Daji.

She is now like a little beauty from the dwarf tribe.

However, the little fox's temperament, appearance, and even the uneven figure are still very beautiful. Perfect.

Su Chen held the little fox and thought about her previous figure and appearance.

The famous Su Daji was a stunning beauty who seduced the world. He didn't know when the little fox would be able to see her original figure and appearance for himself.

"Su Chen, thank you."

The little fox didn't open Su Chen's hand holding her. This bastard is a shameless pervert. She fell into Su Chen's hands.

The little fox thought that Su Chen would get her tail.

Su Chen must have given up other rewards. , her tail is of no use to others, and it is impossible to appear in the rewards of the ladder. She knows everything Su Chen did to her.

"Haha, if you want to thank me, I can give you my life!"

"You are so shameless!"

"Little fox, this is for you, as well as these flat peaches and golden elixirs." Su Chen took out a high-grade promotion talisman and some Pangu chalcedony and golden elixir from the system space."

"What's this?"

The little fox looked at the ball of light handed to her by Su Chen and asked doubtfully,

"This is a ladder reward for improving your strength. After using it, you will become a Taiyi Golden Immortal. However, you should not use it now. You will use it after you become an immortal."

When the little fox heard Su Chen's words, she opened her sexy little mouth in surprise.

She didn't expect that a small ball of light would instantly turn her into a powerful immortal of Taiyi Golden Immortal.

The little fox looked at Su Chen. It's very complicated.

I'm afraid no one can refuse such a treasure, but she can't take it.

Su Chen is now at the cultivation level of Dongxu Realm. It probably won't take a few years for this bastard to become an immortal.

This one can be promoted instantly. After seeing the treasure of Taiyi Golden Immortal, the little fox thought that Su Chen would be the most suitable to use it.

"Su Chen, you should use this when you become an immortal in the future, I can't have it."

Su Chen hugged the little fox and kissed her little face and said,

"Little fox, just accept this ball of light. Your enemy is probably very powerful, and your strength must be improved quickly. I have six such balls of light, so don't worry that I don't have them."

"Let me go, you are such a shameless pervert!"

Chapter 1652

The little fox was very helpless after being hugged and kissed by Su Chen.

She had no choice but to deal with this bastard.

The little fox wanted to kick Su Chen away, but she thought about it and decided not to kick this bastard. Su Chen did this to her. It was so much that she would never be able to leave this bastard in the future.

Su Chen hugged the little fox and did not let her go.

He smiled when he saw the little fox struggling to leave without anger. It seemed that he was getting closer to his goal of capturing the little fox.

"Little fox, I will be leaving soon. Do you want to go back to Hangzhou with me? The little fox shook his head and replied, "No, I'm living a good life here. I don't want to see your women of all races.""

"Well, those are just my friends, you misunderstood"

"I misunderstood you, will you let those foreign beauties go? Don't you blush when you say these words?"

Su Chen was speechless by the little fox, but he was right, he had no intention of letting the mermaid Delia go, and the snake girl Yuemei. Su Chen never thought about it, but if Queen Medusa comes in the future, the snake girl Yue Mei is just a concubine. Su Chen shook his head and changed the subject,

"Let's not talk about this anymore, little fox. I want to become an immortal in three years. I don't have much time. In three days, you and I will go to Jinshan Temple in Zhenjiang City. Those monks should also deal with them."

When the little fox heard that she was going to Jinshan Temple, she shook her head and refused, "Let Our Lady of Wudang go with you, I will go into retreat again."

The monks at Jinshan Temple are related to the fairy world, and even Guanyin Bodhisattva comes to Jinshan Temple from the fairy world from time to time.

Her status is special, and the little fox is also worried that it will bring unnecessary trouble to Su Chen.

Su Chen thought after hearing what the little fox said After thinking about it, there might be something wrong with the little fox not going to Jinshan Temple. Otherwise, it would be impossible for the little fox not to go with him.

"Okay, you can go into seclusion. I'll go back and make arrangements before getting ready to go. After the monks from Jinshan Temple have dealt with it, I will also go into seclusion to make a breakthrough. If you have anything to do in the future, come to Hangzhou to see me."

The little fox came out of Su Chen's arms and reminded Su Chen, "Well, you have to be careful and don't get too close to Jie Jiao."

"I understand that I will not jump into the big pit of Jie Jiao."

Three days later,

Su Chen and Our Lady of Wudang left Hangzhou City together.

In the carriage,

Su Chen rubbed his forehead in great depression.

He did not expect that in just a few days, Qingying would be abducted by that girl Su Yan.

The little girl Su Yan is getting better and better at deceiving people now.

He doesn't understand what Su Yan said to Qingying. Qingying actually agreed to be with Su Yan. However

,

Su Chen thought of Qingying Protecting Su Yan, Su Yan will not be in danger in the Shenyu Continent.

In the carriage, the Virgin Mother of Wudang looked at Su Chen and asked with a smile, "Su Chen, do you need me to take action this time?"

"You are too expensive, I can't afford it."

Su Chen shook his head and refused directly.

He asked Our Lady of Wudang to come with him this time just in case.

Jinshan Temple is the place where Buddhist immortals go to the lower realm of the immortal world.

In case when Jinshan Temple is destroyed, there are Buddhist immortals in the lower realm.

Su Chen is not the opponent of those immortal clones.

The Wudang Virgin is just an insurance. Without the immortal lower world, it is impossible for Su Chen to use the Wudang Virgin.

The Wudang Virgin was very angry when she heard Su Chen's words. This damn bastard, this bastard doesn't need to be used. If you take action yourself, then why should you go to Jinshan Temple with him?

"Bastard, I took action once, and you only saved one Jiejiao disciple. Why am I too expensive?"

Su Chen took a sip of wine and laughed at Our Lady of Wudang, "Hey, are Jie Jiao's disciples so easy to save? Have you ever saved a disciple over the years?"

Our Lady of Wudang explained in embarrassment,

"I.....I can't take action at will, otherwise those people will know that I did it. The other Jiejiao disciples are controlled by the Conferred God List, and it is even more impossible for them to take action."

Su Chen looked at the beautiful Wudang Virgin and said with a smile,

"Mother Wudang, don't you think you were too arrogant and overbearing before you became a god?"

"Why do you ask?"

Our Lady of Wudang was very confused when she heard Su Chen's words.

The Jie Jiao before the Conferment of Gods was very prosperous, with thousands of immortals coming to court!

This is not just to say that

Jie Jiao was the only one family in the prehistoric world.

If it weren't for the Chan Jiao and the The Human Sect colluded with Buddhism. How could they fail in the Battle of the Gods? The leader Tongtian was besieged by four saints before he broke the Immortal Killing Sword Formation.

Su Chen thought about it and explained to the Holy Mother Wudang,

"Jiejiao is known as the Ten Thousand Immortals Coming to the DPRK. There are more golden immortals, Taiyi Jinxian, Daluo Jinxian, and even quasi-sages in the sect than all other sects combined. You Jiejiao teaches all kinds of things, and even makes some people

with karma The powerful demons joined, and during the Lich War, many demons who had harmed humans were taken in.

"Wudang Holy Mother, you have to know that the human race is the protagonist in the fairy world now. Although the human race is just a puppet of the great religions, the human race's luck is very strong, otherwise the great religions would not be able to compete for the human race's luck.

"And there are quite a few cannibals among your disciples of Jie Jiao. When humans declined, they did not dare to offend Jie Jiao. In this way, the Three Sovereigns and Five Emperors of the human race will have resentment towards you Jie Jiao for a long time."

"And Master Tongtian thinks he has the Zhuxian Sword Formation in his hand. The Four Saints cannot break the Formation. I am afraid that Master Tongtian is also arrogant. There are six saints in the ancient world. Has your teacher ever won over a saint?

"If Tongtian wins over a saint, will you still fail in the Battle of the Gods?"

"Mother Wudang, the Chan Sect, the Human Sect, Buddhism, and even the Human Race all took action against the Jie Sect. Do you have any allies in the Jie Sect? Have any friends? Jie Jiao failed in the Battle of the Gods. Have you ever thought about how many Jie Jiao disciples betrayed Jie Jiao?"

After Su Chen said this, he looked at the silent When Duo Bao betrayed Jie Jiao, he simply said to Wu Dang Holy Mother that not many Jie Jiao's disciples may have their hearts towards Jie Jiao. When Duobao betrayed Jie Jiao, he took away many Jie Jiao disciples. The three thousand disciples captured by Saint Zhunti.

The loyal disciples of Jiejiao are dead. Those who are on the list of gods are on the list of gods, and the others are just idlers. Even if the great religion is powerful, those disciples will turn to that great religion.

Zhenjiang City, Jinshan Temple.

A 50,000-strong black-armored army has surrounded Jinshan Temple.

In Jinshan Temple, thousands of monks are guarding Jinshan Temple one by one as if they are facing a formidable enemy. The monks of Jinshan Temple did not expect that tens of thousands of black-armored troops would be surrounding them today. Jinshan Temple, in the main hall of Jinshan Temple, an old monk reported to Fahai, "Abbott, Lord Wu Xiang's army has surrounded Jinshan Temple. It seems that the entire southern temples will be eradicated by Lord Wu Xiang."

After Fahai heard this, He calmly called out the Buddha's name and said, "Amitabha, Fahai Ming, when will the masters from Tianyin Temple arrive?"

"Abbot, he should be here within the next day or two."

"Well, that's good. I will report the changes that happened in the Immortal World Shenyu Continent later. I hope the Buddhist immortals in the Immortal World can send a clone to Jinshan Temple."

Chapter 1653

Fahai was also very helpless.

He did not expect that Su Chen would become so powerful in just a few short years.

According to the information transmitted from Qingyun City and Qingyun Sect, Su Chen is at least a cultivator in the Cave Void Realm, and even a powerful monster. That monster is probably even more powerful than Su Chen's cultivation.

Several masters from Tianyin Temple and Jinshan Temple have been killed.

His strength is not as good as Su Chen.

He is just an immortal cultivator in the Fusion Realm.

If Jinshan Temple does not have powerful immortal cultivators, Jinshan Temple may disappear for thousands of years. In the Godfall Continent

"What an eventful time!"

Fa Hai shook his head and was about to ask for help from the immortal world, the Southern Continent, the Wuhun Empire.

In the Wuhun Palace,

Bi Dong'er stared at her daughter Qian Xue'er with an angry expression.

Bi Dong'er was originally dissatisfied with Qian Xue'er's strength. She was happy, but when she heard Qian Xue'er say that Su Chen was her adulterer, Bi Donger wanted to teach this nonsense daughter a lesson.

When did she have an adulterer?

How could Su Chen, that shameless pervert, be so happy? Became her adulterer?

Qian Xue'er looked at Bi Dou'er and said nonsense,

"If you still don't admit it, Su Chen has already admitted your relationship. It doesn't matter whether you admit it or not."

Qian Xue'er also discovered that Bi Dou'er and Su Chen had nothing to do with each other.

However, that bastard Su Chen had a lot of treasures in his hands. In addition, she also knew about her mother's past. Qian Xue'er hoped that her mother and Su Chen would That bastard is together.

Although Su Chen is a shameless pervert, that bastard treats his woman very well. Su Chen will never let down her mother in the future.

Qian Xue'er is ready to bring her mother and Su Chen together.

Qian Xue'er Bi'er also doesn't want her mother to look for that first love again. If her mother and Su Chen are really together in the future, she can openly ask for some treasures for that bastard.

Bi Dou'er was ashamed and angry when she heard Qian Xue'er's words. threatened,

"Insolent, Qian Xue'er, if you dare to talk nonsense again, I will lock you up. Qian

Xue'er smiled and pointed outside the hall and reminded,

"Mother, I now have a Red Cloud Tiger of the second level Soul God (Dongxu Realm). You are no match for the Red Cloud Tiger. You'd better save yourself. You won't be able to teach me a lesson in the future."

"you....."

Bi Dou was very confused when she heard Qian Xue'er's words.

She didn't expect to be threatened by her own daughter.

However,

Chi Yunhu's was much more powerful than her.

She was the peerless Douluo, and the top one was the Soul God. At the second level of Soul God, Chiyunhu is two realms higher than her in strength.

Bi Dou'er is no match for Chi Yunhu at all.

If she fights Chi Yunhu, she will probably be defeated in seconds.

Mo Yu pretended not to hear anything.

She was really speechless to Qian Xue'er.

In order to get the treasure in Su Chen's hand,

Qian Xue'er actually sold her mother.

However,

Mo Yu couldn't help but think of that bastard. Nodding,

Su Chen's bastard's character was not very good, but Su Chen was really good to his women. She was very envious of the treasures she got from Xiao Xun'er and the elf princess Sylph.

Pills, immortal fruits, techniques, magical powers, spiritual stones, etc., these are all priceless treasures in the Shenyu Continent.

Although she has gained some, it is impossible to compare with Xiao Xun'er and Elf Princess Sylph.

"Qian Xue'er, please get out of here. You'd better not talk nonsense about this matter to me, otherwise you will regret it later."

Qian Xue'er nodded when she heard Bi Dou'er's words.

She took out a space ring and handed it to her mother, saying, "I know, here, your adulterer asked me to give these to you. If you don't want? If you don't want it, I'll use it myself."

Qian Xue'er shamelessly asked for these for Su Chen.

At that time, she saw Su Chen distributing treasures to the girls, and she wanted to ask for a share for her mother.

At first, she also thought that Su Chen was her mother's adulterer.

Bi Dou'er looked at the Space Naje and asked doubtfully.

"What's here? Qian

Xueer rolled her eyes and said casually, "Mom, you definitely don't like some gadgets. Why don't you just leave them to me?"

"Bring it! Bi

Dou'er glanced at Qian Xue'er and shouted coldly.

She felt that Qian Xue'er, who used to be cold and silent, had changed a lot and even learned to deceive her. Moreover, Qian Xue'er seemed to really want to get the items in the space ring.

Bi Dou'er suddenly thought of the changes in Qian Xue'er's strength, as well as the powerful Chiyunhu, one of the three children.

She felt that these should be given to Qian Xue'er by Su Chen.

Did that bastard really take a fancy to her?

Bi Dou'er thought of When she met Su Chen in the past, the information revealed by that bastard was obviously to help her. In addition, Su Chen gave her daughter a powerful monster, and even selflessly helped Qian Xueer improve her strength.

Compare Dou'er's heart I got panicked

"you want?"

"I said bring it over"

"Here you go, here you go."

Qian Xue'er saw Bi Dou'er getting angry again, so she hurriedly handed over the space ring.

"Why don't you leave?"

"Mother, give me a bunch of purple jade grapes in the space ring."

"You think too much!"

"Mother, the items in the space ring are what I asked for for your adulterer. I have no credit but hard work."

"You are really annoying, get out of here."

When Bi Dou'er heard Qian Xue'er's words, she took out a bunch of crystal clear purple jade grapes and threw them to Qian Xue'er.

However,

Bi Dou'er regretted throwing the bunch of purple jade grapes to Qian Xue'er.

After she After taking out the purple jade grapes, the hall was suddenly filled with a strong fairy spirit.

Bi Dou'er didn't expect that just by smelling it, her cultivation level would be loosened.

Is this fairy fruit?

This must be the fairy world.

Otherwise, it is impossible for ordinary spirit fruits to have immortal energy, and ordinary spiritual energy is completely useless to soul energy practitioners.

"I'm leaving now."

After Qian Xue'er got the purple jade grapes, she saw Bi Dou'er's expression changed. She hurriedly waved to Mo Yu and quickly left the Wuhun Hall.

"This girl, Ziyu Grape? There are only three strings of spatial Nai Rings. Alas, a bunch of fairy fruits were wasted."

Bidouer saw Qian Xueer leaving quickly, but she did not stop her.

After Bidouer checked the items in the space ring, she was very surprised.

There were three bunches of purple jade grapes, ten red fruits, and pills. There were three bottles of medicine. She didn't know what these elixirs were. She didn't know anything about them. There were also some tea and wine. These should be fairy tea and fairy wine.

Bi Dong'er's cold face kept changing, and she was a little embarrassed. He said to himself angrily,

"That bastard really wants to pursue him? How can this be? If Su Chen wasn't pursuing him, why would he give such a valuable treasure?"

Chapter 1654

In the south of the Song Dynasty,

Su Chen's army now controls the entire south.

At the same time today, black-armored troops from various cities in the south were dispatched.

The wealthy families, temples, and nobles in each city, all those who opposed Su Chen's rule, were killed by black-armored troops. The legion captured them all, men, women, and children, and prepared to kill them all.

In Suzhou City,

Lin Tiannan looked at the black-armored army escorting thousands of prisoners, and he shook his head and did not interfere.

Su Chen is his future son-in-law, and her daughter Lin Yueru already lives in the city lord's mansion in Hangzhou City.

"Lord Limbao, save us. We will never resist Wu Xiangjun's rule again."

"Lord Linbao, you said Wu Xiangjun's future father-in-law, please save our family."

"Hero Lin, save us, save us!"

"My family is innocent, Brother Lin, please save our family."

"It was all our fault before, it was our fault that we rebelled, Lord Limbaugh, please save our family."

On the street, when the captured wealthy families and nobles saw Lin Tiannan, they all begged Lin Tiannan.

Lin Tiannan looked at these wealthy families and nobles and said with a bad face,

"Everyone, you are bringing this upon yourselves."

"Mr. Wu Xiang has been patient with you for several months. You nobles and nobles have joined forces with the nobles and nobles in various cities in the south to rebel continuously. Mr. Wu Xiang has endured you to the limit. You should reunite as a family and go on the road together."

After the prisoners here heard Lin Tiannan's words, they all turned very pale. They did not expect that Su Chen would kill them all.

The south has left their wealthy families and nobles, how will Su Chen rule the entire south like this?

The economy and officials of the south have It comes from their wealthy and noble clans, which is why they keep provoking Lord Wu Xiang to not be afraid. Now Lord Wu Xiang wants to eradicate it, which makes them all regret it very much.

"Mr. Lin!"

At this time, a commander of the black-armored army came to Lin Tiannan with a group of secret guards.

When Lin Tiannan saw the commander of the army stationed in Suzhou City, he clasped his fists and said, "Commander Wu!"

At this time, a secret guard commander looked at Lin Tiannan, took out the black bird scroll, raised it and shouted,

"Lin Tiannan, Mrs. Jun ordered."

Lin Tiannan immediately knelt down and saluted when he saw the black black bird scroll,

"Lin Tiannan takes the order!"

The surrounding black-armored troops and people also knelt down one after another.

When the secret guard commander saw Lin Tiannan kneeling down, he opened the Black Bird Scroll and read:

"Madam Jun ordered Lin Tiannan to be the prefect of Suzhou City, in charge of all affairs in Suzhou City. She ordered the Seventh Army of the Northern Combat Army to dispatch 10,000 black-armored troops as city defense troops to garrison Suzhou City. The third day of June in the third year of the Black Bird Calendar."

"Lin Tiannan accepted the order."

The commander of the Black Armored Corps congratulated Lin Tiannan, "Master Lin, Suzhou City will depend on Master Lin from now on."

"Commander Wu, I will rely more on the help of the commander in the future."

"Don't worry, my legion is stationed not far from Suzhou City. If Mr. Lin has anything to do in the future, just say hello and I will definitely help you."

"Thank you."

Lin Tiannan didn't expect that he would become an official and become the prefect of a city.

Suzhou City is a big city, second only to Hangzhou City in the south. He has reached the sky in one step.

Outside Suzhou City, thousands of prisoners They were executed one by one outside the city of Suzhou. The wealthy and noble families were completely eradicated in Suzhou.

Such things happened in various cities in the south. The wealthy and noble families, and even Buddhist temples, were all eradicated. In the past few months, The rebellion that came was also completely quelled.

On an official road,

Su Chen and Our Lady of Wudang were sitting in a carriage, staring at each other with big eyes.

No one of them spoke.

At first, Our Lady of Wudang stared at Su Chen, After finding out, Su Chen was not willing to be outdone and stared at Our Lady of Wudang.

It had been more than half an hour, and neither of them had backed down. Our Lady of Wudang was very unwilling to stare at Su Chen.

What Su Chen said just now She thought about it and felt that it was very correct. Most of Jie Jiao's disciples were just losers. Those disciples who joined Jie Jiao also took a fancy to Jie Jiao's strength. Once

Jie Jiao disappeared completely, those losers would abandon Jie Jiao. The teacher found another supporter.

However, she just wanted to glare at this bastard to retaliate for slandering the teacher, but the bastard kept staring at her. This damn bastard was really not a man.

At this time,

Ning Zhong Then he announced outside the carriage, "Master, we are about to arrive at Zhenjiang City. Should we enter the city or go directly to Jinshan Temple?"

"Go to Jinshan Temple!"

"It's the master!"

Su Chen immediately rubbed his eyes.

Although Su Chen was strong, he had been staring at Our Lady of Wudang for half an hour, and his eyes were a little sore.

Come on!

This woman of Our Lady of Wudang is so cruel, for half an hour

This woman has been insisting for a long time.

Aren't her eyes tired?

"Shameless pervert, what are you looking at?"

When the Holy Mother saw that Su Chen was still looking at her secretly, she was very embarrassed and annoyed.

When they were fighting each other just now, this bastard had been secretly looking at her. She even felt that her whole body was covered by this bastard. It was all over.

Su Chen looked at the Wudang Virgin and said disdainfully, "Tsk, you didn't know who was looking at me just now?"

"Was I looking at that?"

"No?"

"That's bullshit. I was just staring at you, you bastard. Damn it, you bastard is so pretentious."

After Su Chen heard what Madam Wudang said, he pretended to be relieved and teased,

"stare? It turns out you were glaring at me. It seems I misunderstood, causing me to worry for so long in vain."

"Misunderstand? Worry?"

Our Lady of Wudang was very confused when she heard Su Chen's words.

What did this bastard mean?

Why couldn't she understand it at all?

Su Chen smiled and continued teasing,

"Of course, I thought you were attracted to me just now. If you were to fall in love with me, it would be the end of me. You are a disciple of Jie Jiao, and I don't want to have too much interaction with Jie Jiao."

"Shameless pervert, I will kill you."

Our Lady of Wudang understands that this bastard is looking for death.

He actually dares to tease her and even look down on her. Damn shameless pervert.

Our Lady of Wudang will never let this bastard go this time. She quickly grabs him with one hand. Su Chen twisted this bastard's arm.

Su Chen hurriedly yelled, "I'll get in!" Damn it, let go, my arm is going to break"

"Su Chen, this time I want an arm from you. This is the price for your teasing and insulting me."

"Wait, Holy Mother, you are not really going to break my arm, are you?"

"What do you think?"

"Then don't blame me for being rude."

Su Chen quickly turned over and pinned Our Lady of Wudang underneath him.

He hugged Holy Mother of Wudang tightly and did not dare to let go.

This clone of Our Lady of Wudang is a cultivator who has transcended the tribulation realm. Su Chen is not Dare to be careless in the slightest

"Shameless pervert, get out of here or I'll kill you."

Chapter 1655

Mother Wudang did not expect that this bastard would hold her down, and there was no way she could push this bastard away.

This bastard's body is filled with the power of space.

Every time she pushes hard, it will be pushed empty.

This shameless pervert, the Incompetent

Mother, even if she wants to kill this bastard, there is nothing she can do.

The power of space?

This bastard's Space Law didn't expect him to be so advanced in his cultivation.

"Haha, Holy Mother of None, as long as you promise not to retaliate against me, I will let you go."

"Don't even think about it!"

"Then let's just keep spending it like this."

"Shameless! You are such a shameless bastard"

"You have the same face as I said, but you are being suppressed by me now. If this is according to the commandments of us human women, you will not be able to marry anyone you want to marry in the future. You no longer have an innocent body."

"Go away, you are not innocent!"

"Cough, cough, cough, if you are not a holy mother, I have lost my innocence a long time ago. My daughter is already so old, how can I still have my innocence?"

Our Lady of Wudang's chest rose and fell with shame and anger when she heard Su Chen's words.

She hates this bastard now.

She wants to kill this bastard now, but she can't kill him at all. She scolds this bastard?

This bastard Her skin was thicker than the city wall.

After thinking about it, Our Lady of Wudang bit Su Chen's shoulder. Holy shit!

Our Lady of Wudang actually bit someone!

Our Lady of Wudang bit someone!

She bit someone!

Su Chen was stunned for a moment. , he has now forgotten that the pain caused by being bitten by the Virgin Mary is on his shoulder.

The majestic Quasi-Saint of the Ancients, a Virgin Mary who has lived for who knows how many years actually bites someone? She bites like an ordinary woman. ?

Outside the carriage,

Ning Zhongze and Qingniao were driving the carriage while listening to the sounds in the carriage.

After a while, why was there no sound in the carriage again?

Ning Zhongze patted Qingniao on the shoulder and whispered,

"Bluebird, what happened in the carriage? Why was there no sound at all before? It was still noisy just now. Why is there no sound now?"

Qingniao shook his head and reminded,

"I don't know. This is not what we should care about. Sister Ning, let's not care about what happens inside."

"Well, I'm just worried that the master will anger the Virgin Mary. If the master angers the Virgin Mary, I'm afraid the master will be finished."

"You are worried unnecessarily. Is there any woman that the young master can't deal with?"

Ning Zhong heard Qingniao's words and hurriedly covered her mouth.

Su Chen's ability to pick up girls is very powerful.

She knows all this, but the woman in the carriage is an immortal, and she is also a very, very powerful one. Ning Zhong was worried that their conversation would be in vain and the Holy Mother would know about it, and they would be doomed by then.

"Ahem, cough, Xu, don't talk nonsense. If the Incompetent Mother hears it, we will both be doomed."

Qingniao blinked and looked at Ning Zhongze.

She felt that Ning Zhongze's worries were unnecessary.

Although Our Lady of Wudang is a very, very powerful immortal, Su Chen's ability to pick up girls is very powerful.

What happened to an immortal?

Maybe Wudang When I become a Virgin, I will be taken care of by Su Chen.

"Ah~" Su Chen's scream suddenly came from the carriage , and Ning Zhongze and Qingniao hurriedly opened the door to get in.

"sorry!"

Bang!

The carriage door was quickly closed by Ning Zhongze and Qingniao again.

They all looked at each other with flushed faces.

Ning Zhongze and Qingniao did not expect that such a thing would happen inside, which made them all surprised. Unexpected

"Get off!"

The Holy Mother of Wudang felt that she had no shame to see anyone.

Su Chen's screams just now,

Ning Zhongze and Qingniao must have seen the situation in the carriage.

This bastard just pressed her down, and she was still buried in the arms of this world. Looking at this bastard, Ning Zhongze and Qingniao must have misunderstood her relationship with Su Chen.

"hiss!"

After Su Chen let go of Our Lady of Wudang, he looked at his shoulder and took a breath.

Blood flowed out.

No wonder the lips of Our Lady of Wudang were very red. It turned out that it was his blood that stained her lips.

Wudang When the Holy Mother sat up, she glared at Su Chen fiercely. After she tidied up her dress, the Holy Mother of Wudang got out of the carriage.

She wanted to think about what happened just now.

Her heartbeat was suppressed by Su Chen just now. Very fast. Even when she was in danger before, her heart would not beat so fast.

What happened this time?

When Su Chen saw Our Lady of Wudang going out, he shook his head and quickly stopped the blood on his shoulder.

He leaned on the soft body and just thought about what had just happened. The figure of Our Lady of Wudang is really good, but this is a clone, and the clone is not the same as the original body. Almost half an hour later,

Su

Chen's carriage arrived At the foot of Jinshan Temple, the black-armored troops surrounding Jinshan Temple saw Su Chen's arrival. These black-armored troops quickly escorted the carriage towards the temporary camp.

In the big tent, a heavy-backed black-armored general saluted Su Chen,"The fourth of the Northern Combat Corps Legion, the commander of the legion, Liu Zhong, joined the king. Su

Chen sat down, waved his hands and asked,"Get up, what are the monks at Jinshan Temple doing these days?"

"Reporting to your Majesty, there has been no movement at Jinshan Temple since it was besieged."

"Well, order the army to have a good rest today and attack Jinshan Temple tomorrow."

"Yes, Your Majesty."

After Su Chen and Liu Zhong left, he rubbed his forehead and felt very strange.

Jinshan Temple did not escape after being besieged?

Are thousands of Jinshan Temple monks going to fight to the death?

Fighting with tens of thousands of black-armored troops, the monks of Jinshan Temple Do we have this ability?

Or is there a clone of the immortal in Jinshan Temple?

"Forget it, everything will be known tomorrow."

In Jinshan Temple,

Fa Hai, who was meditating, suddenly opened his eyes.

He looked down the mountain and frowned. Just now, a powerful aura appeared at the foot of the mountain.

Has the strong man under Wu Xiangjun arrived?

At this time,

A young monk with hair who was practicing meditation next to Fa Hai said,"Master, can the monks in the temple repel Wu Xiangjun's army? Fa

Hai looked at Xu Xian and shook his head and said,"Xu Xian, these are not things you should know. Have you done your homework today?""

Fahai was also very helpless towards Xu Xian.

Xu Xian was a man of great luck, but during this period he found that Xu Xian's luck had been dissipating.

If Xu Xian and White Snake were not allowed to get married, Xu Xian would not be able to survive a year, and his The luck will be completely dissipated.

Xu Xian continued with a grimace, "Master, I am restless today and have no intention of doing my homework at all."

"Xu Xian, you have your cause and effect. Bai Suzhen and you are destined to be married. Tomorrow the Guanyin Bodhisattva in the immortal world will descend to the world. I will report your matter to the Bodhisattva."

"Thank you, master."

Chapter 1656

At night,

Our Lady of Wudang sat on a mountain and looked at the night sky.

She thought about it all afternoon.

She still felt very irritable in her heart.

Our Lady of Wudang didn't know what was going on. Her heart was always restless. Come down.

The Holy Mother of Wudang shook her head and said to herself in pain,

"Su Chen, Su Chen, this is all because of that bastard, what will I do in the future? Will Su Chen become his own inner demon in the future? Are you going to kill that bastard?"

Our Lady of Wudang stood up and looked at the black-armored military camp at the bottom of the mountain.

That bastard Su Chen was probably resting with the two maids holding his head. She thought of Su Chen, Ning Zhongze and Qingniao resting together.

Her face became gloomy. When he came down, even his eyes showed some fierceness.

At this time, a voice suddenly came from the side of the mountain,

"Everyone, hurry up. Jinshan Temple is ahead. We don't want the troops here to discover us."

An old monk said with a smile to the monk in front of him,

"Don't worry, Master Forensic, we are all cultivators of the Distracting God Realm and the Cave Void Realm here this time, and it is impossible for the army here to detect us."

These people are all powerful cultivators from Tianyin Temple invited by Jinshan Temple.

After Su Chen killed the monks of Tianyin Temple and Jinshan Temple in Qingyun City, Jinshan Temple went to Tianyin Temple's powerful immortal cultivators.

They all know Su Chen They will take action against Buddhism, and Jinshan Temple is in the territory of Wu Xiangjun Su Chen. Wu Xiangjun Su Chen will probably take action against Jinshan Temple first, so more than a dozen powerful immortal cultivators from Tianyin Temple hurried to Jinshan Temple...

Jinshan The forensic evidence shook his head and said cautiously,

"Master Huiyun, we'd better be careful. Wu Xiangjun is very powerful. None of the six immortal cultivators of Qingyun Sect are Su Chen's opponents. If Wu Xiangjun Su Chen also arrives, we may not be able to He is Su Chen's opponent."

Hui Yun of Tianyin Temple nodded and said, "Well, Lord Wu Xiang is very powerful, but as long as the Buddhist immortals in the Immortal World descend to the lower realm, Lord Wu Xiang will not have anything to worry about."

Swish swish swish".....

Thump thump thump thump thump thump thump thump thump.....

At this time, a powerful aura suddenly attacked the monks of Tianyin Temple.

Before the more than ten monks here had time to react, their foreheads were penetrated and died.

There were more than a dozen powerful immortal cultivators and monks, but only three people were left in an instant.

Among the dead monks were twelve powerful cultivators of the God-Dividing Realm, and three cultivators of the Cave Void Realm, but they were all dead until their death. Don't know who killed them

"who?"

"Who is he?"

"Who wants to kill our master from Tianyin Temple?"

Fazheng, Huiyun, and a monk from the Cave Realm were very surprised when they saw the monk who was killed instantly.

There are very powerful immortal cultivators here. Who can kill someone without knowing it? Got them?

"All the monks deserve to die, not to mention you want to kill Su Chen."

At this time,

Our Lady of Wudang appeared silently in front of the three monks. She spoke coldly.

Huiyun looked at Our Lady of Wudang and asked warily, "Who are you? Are you the woman of Wu Xiangjun and Su Chen?"

Boom!

When Our Lady of Wudang heard what the monk said, she waved her hands and blasted the monk in shame and anger. Why did these monks say that she was that bastard woman?

Damn it, all the monks deserve to die.

Forensic evidence saw that Our Lady of Wudang With a random palm, she killed one of their immortal cultivators in the Cave Realm.

He shouted to Huiyun of Tianyin Temple, "Huiyun, run away separately. This is a powerful immortal cultivator in the Tribulation Realm.""

"good!"

"Want to escape? Were you able to escape?"

Our Lady of Wudang watched the remaining two monks run away quickly.

She waved her hand, and the two white ribbons disappeared in the hands of Our Lady of Wudang.

Boom!

There was a roar in the distance.

In an instant,

The two white ribbons returned to the hands of the Virgin Mary

"Two little scumbags!"

Our Lady of Wudang looked around and then disappeared here.

In the black-armored military camp,

Su Chen looked at the Virgin Mary who destroyed the monks and smiled. He has been observing Our Lady of Wudang today. Our Lady of Wudang today There was something wrong that made him very confused.

Su Chen touched his chin and guessed,

"What happened to the Virgin Mary? Could it be because of what happened in the carriage?"

"Master, why don't you rest yet?"

In the camp,

Ning Zhongze made the bed and said to Su Chen.

Su Chen stood up, stretched and said,

"Rest, there will be a big battle tomorrow, and there may be immortals from the Immortal World in Jinshan Temple."

"Where is the Holy Mother? Did he leave?"

"No, she's nearby"

"That's good. Even if Jinshan Temple is a fairy, we don't have to worry about whether the Holy Mother is there or not."

Su Chen shook his head when he heard Ning Zhongze's words. I

I'm afraid things will not be simple tomorrow.

In the lower realm of Buddhist immortals,

Su Chen is not sure whether the Holy Mother Wudang will help him tomorrow.

Su Chen held Ning Zhongze and went Rest, let's talk about tomorrow's matters tomorrow.

The next day, the Black Armored Legion was dispatched.

The 50,000 Black Armored Legion shortened the encirclement towards Jinshan Temple. Catapults continued to attack Jinshan Temple, and archers and crossbows were also ready to shoot. Kill the Buddhist masters who are about to appear.

Su Chen sat on the horse and watched the catapult attack expressionlessly. Jinshan Temple was going to be razed to the ground this time, and he didn't care at all about destroying the buildings of Jinshan Temple.

Ning Zhongze and Qingniao The ones on the left and right are riding on horses on both sides of Su Chen, and there are thousands of black-armored troops around to protect Su Chen.

"kill!"

At this time, thousands of monks came out from Jinshan Temple with weapons.

"Archers, crossbows ready, release!"

Swish swish swish....

With the shooting of archers and crossbows, the monks who rushed out from Jinshan Temple were shot and fell to the ground, while some monks with strong cultivation continued to rush over.

The commander of the Black Armored Legion saw some powerful monks about to rush over. He waved his hand and ordered, "Prepare the God's Arm Bow. Target, the monks in the Golden Core Realm and Nascent Soul Realm, let go!"

"In the formation, five thousand troops armed with huge bows and arrows walked out of the formation. One by one, they pulled up the divine arm bows that glowed with white light, and shot at the powerful monks one after another.

Swish swish swish.....

Each light arrow split into more than a dozen light arrows in the air.

The arrow rain in the air instantly increased dozens of times, and the monks who rushed over were killed by several light arrows. One after another, bodies fell from the sky.

Qingniao looked at the divine arm bow used by the black armored legion and asked doubtfully,

"Master, what is the Divine Arm Bow? Why are these bows and arrows so powerful?"

Su Chen saw that the power of the God's Arm Bow was still very good. Anyone below the Nascent Soul Realm could be killed with one hit. Immortal cultivators in the Nascent Soul Realm could not withstand being shot by several God's Arm Bows.

Su Chen laughed. He smiled and said to Qingniao and Ning Zhongze,

"The Divine Arm Bow is a spiritual weapon refined by the little fox. It is specially designed to deal with those powerful immortal cultivators."

"Each legion of the Northern Combat Legion has five thousand divine arm bows. In Little Fox Treasure's Qingfang, the little monsters are working hard to build them. In the future, the number of divine arm bows in each legion will increase."

Chapter 1657

Su Chen was very happy now.

The strength of the Black Armored Legion in the Divine Meteor Continent was also very good. He did not expect that the Black Armored Legion could use their spiritual soldiers to kill these powerful immortal cultivators.

Is this the so-called ant eating the elephant?

The Black-armored Legion are just warriors, and those who rushed over just now were cultivators.

The Black-armored Legion can use the spiritual soldiers to kill these monks. Although the spiritual soldiers take most of the credit, the Black-armored Legion remains calm in the face of danger and even shoots accurately. Killing also takes some credit.

When an old monk saw this situation, he waved his Zen staff and shouted,

"The magic circle attacks, spreads the Buddha's magic circle!"

Outside Jinshan Temple, the monks of Jinshan Temple saw that they could not rush through, and the remaining monks were very anxious. The

Black Armor Legion is just an ordinary warrior army.

As long as the monks in Jinshan Temple can come into contact with the Black Armor Legion, these big Grandmasters, warriors at the Heavenly Realm, and even cultivators at the Golden Core Realm and Nascent Soul Realm can definitely defeat the Black Armored Legion.

"Om, what, what, what, what, what, hum!"

The remaining thousands of monks in Jinshan Temple gathered together one by one, and they gathered their magic power to launch an attack formation.

Boom boom boom.....

The next moment, a huge golden palm suddenly appeared in the sky above Jinshan Temple. The golden palm was still growing slowly.

"Black-armored legion, formation and shield!"

When the commander of the Black Armor Army saw the monk launching a magic circle attack, he hurriedly ordered.

Thirty thousand soldiers of the Black Armor Army immediately formed a military formation. Then each of these Black Armor soldiers raised their weapons.

Boom boom boom boom.....

[illegible]

The huge palm struck hard at the giant shield again and again, and the light of the blue giant shield slowly dimmed. I am afraid that it won't be long before the giant shield of the black armored army will shatter.

On the mountain of Jinshan Temple, people ten miles away could see a huge palm striking the blue shield, and a huge impact could be heard for dozens of miles around.

Not far outside Jinshan Temple,

Our Lady of Wudang appeared in the air and looked at the black-armored army. She nodded as she fought with the monks of Jinshan Temple,

"This bastard's army is really good, but its strength is still a bit weak. If these black-armored legions were all master warriors, the monks in Jinshan Temple would not be able to do anything to the black-armored legions."

The Holy Mother of Wudang turned around and saw Su Chen riding on the horse, and her face turned cold.

Damn bastard, do you want to kill this bastard?

Her inner demons can never be left behind, but why did she do this to this bastard? What if I can't help it?

"Master, I'm afraid the military formation may not be able to hold on any longer."

Ning Zhong saw black-armored soldiers vomiting blood and falling to the ground.

She was very worried. In the military formation and shield composed of 30,000 soldiers, there were already thousands of black-armored soldiers vomiting blood and falling to the ground.

If this happens again. If they go down, the 30,000 black-armored troops will probably be attacked by the giant palm and vomit blood and fall to the ground.

Qingniao looked at Su Chen and asked doubtfully, "Master, can't archers and cavalry join the army?"

Su Chen watched the black-armored soldier vomiting blood and falling to the ground.

After hearing what Ning Zhongze and Qingniao said, he shook his head and replied,

"It's possible, but it's useless"

"The strength of the soldiers of the Black Armor Legion is still a bit low. Even if the archers and cavalry join the military formation, they will not last long. The Black Armor Legion can last for a quarter of an hour, which is already very good."

Ning Zhongze asked hurriedly after hearing Su Chen's words,

"What to do? If the Black Armor Legion's shield formation is broken, the Black Armor Legion will suffer heavy casualties."

"Don't worry, the Black Armor Legion will not be defeated." Su Chen looked at the giant shield in the air and thought for a moment and said, bump bump bump.....

The huge palms in the air continued to attack the giant blue shield.

The black-armored soldiers persisted with pale faces, but there were already cracks in the giant blue shield in the sky, and I am afraid it will be completely broken before long.

Su Chen appeared in the air in a flash. He looked at the black-armored army below and took out a spiritual sword.

He raised the spiritual sword and shouted loudly,

"I am the Emperor of the Xuantian Empire. As the Emperor of the Xuantian Empire, I order to gather the luck, military formation and shield of all the black-armored legions of the empire in the Shenyu Continent, and explode!"

Boom boom boom boom.....

The spiritual sword in Su Chen's hand burst out with a burst of light, and then the cracks in the blue shield were quickly repaired, and the light of the blue shield became stronger and stronger.

The huge palm in the air is still attacking the giant blue shield, but it can no longer cause any damage to the giant blue shield.

The soldiers of the Black Armor Legion also looked at Su Chen in the air.

They all knew that Su Chen had taken action, and that their Emperor had taken action.

When the commander of the Black Armor Army saw this situation, he hurriedly ordered loudly, "The Black Armor Army listens to the order, change the formation, the military

formation. A sky-breaking strike!" The blue giant shield in the air suddenly began to change its shape, and the blue shield suddenly began to change shape. The huge colored shield instantly turned into a huge blue light arrow

"Shoot!"

Whoosh!

A blue giant arrow shot out like a meteor, instantly hitting the huge palm of Jinshan Temple.

Boom!

The huge palm that was about to be shot over Jinshan Temple was instantly broken by the light arrow, and the huge golden palm also dissipated in the sky. into the air, but the blue light arrow did not stop at all.

Boom boom boom boom.....

Where the monks of Jinshan Temple gathered to launch the formation, the blue light arrows directly attacked here, and the huge explosion drowned the monks here instantly.

When the Holy Mother Wudang looked at the sky, Su Chen said in surprise,

"Is this luck? How could Su Chen gather luck? The emperor of the Xuantian Empire? Why is this bastard the emperor of the Xuantian Empire again? Isn't he a Wu Xiangjun?"

Our Lady of Wudang found that she couldn't see through Su Chen.

She didn't understand how Su Chen could use luck. Luck can be used by the Human Emperor. How could this bastard use it?

Also, when did this bastard become the emperor of an empire? Xuantian

Empire?

Why hasn't she heard of it in Hangzhou City?

Our Lady of Wudang thinks that Su Chen has a big secret. Could this bastard be the next Human Emperor?

But how is this possible?

It is impossible for the Human Emperor to appear again. Well, there was no emperor after the Yin and Shang Dynasties.

In the prehistoric world, the human religion, Buddhism, Heavenly Court, and even their Jiejiao religion did not allow the human race to have a human emperor again.

If the human race had another human emperor, then the fate of the human race would be ruined. will gather on the Human Emperor. The Saint Sect in the prehistoric world will not allow such a thing to happen.

"Liu Zhong, commander of the army, ordered the catapults and archers to continue the attack and completely destroyed Jinshan Temple. The remaining black-armored soldiers should recover as soon as possible."

"Yes, Your Majesty!"

Chapter 1658

After Su Chen issued the order, he looked at Jinshan Temple.

Fahai did not appear at this time, and even the immortals from the lower realm of Buddhism did not appear. This made Su Chen very confused.

Is Fahai not in Jinshan Temple?

This is probably impossible. Jinshan Temple has been besieged for several days, and it is impossible for Fahai not to get the news.

Where is the immortal?

Isn't there a lower realm of immortals in Jinshan Temple?

Su Chen frowned and thought for a while but couldn't figure it out.

There was a formation in Jinshan Temple that blocked mental inspection. He didn't know what was going on in Jinshan Temple now.

At this moment, the catapults and archers of the Black Armor Legion attacked Jinshan Temple one after another. Huge boulders continued to destroy the buildings in Jinshan Temple, and bows and arrows also shot at Jinshan Temple in chaos.

In Jinshan Temple, there are now less than 500 monks out of 3,000, and all the remaining monks are seriously injured, and even the breath of these monks has shrunk.

"Amitabha! Amitabha!"

In a interpretation room in Jinshan Temple,

Fahai saw the Buddhist disciples who suffered heavy casualties and kept chanting the Buddha's name.

"Master, why hasn't Guanyin Bodhisattva arrived yet?" Xu Xian came into the interpretation room and asked Fahai anxiously.

Jinshan Temple was in a mess caused by catapults and bows and arrows, and many buildings were destroyed.

If the Guanyin Bodhisattva from the immortal world has not arrived yet,

Jinshan Temple will probably be completely destroyed. Destruction, the monks of Jinshan Temple and he may be killed

"Xu Xian, don't be anxious, it's almost time, Guanyin Bodhisattva is coming"

"Master, will Guanyin Bodhisattva kill Wu Xiangjun when he comes?"

Fa Hai stood up and said with a flash of light in his eyes,

"I don't know, my Buddha is compassionate, Guanyin Bodhisattva will first influence Wu Xiangjun Su Chen, and if Wu Xiangjun Su Chen persists in his obsession, Guanyin Bodhisattva will get rid of the demon."

Fahai also wanted Wu Xiangjun Su Chen to die.

The Buddhist disciples of Jinshan Temple suffered heavy casualties.

These are the mainstay of Buddhism. Even decades later, these Buddhist disciples will become powerful immortal cultivators.

More than two thousand Buddhist disciples were killed. ,

Fahai was also very heartbroken. If Wu Xiangjun Su Chen hadn't been so powerful, he would have gone out to kill Wu Xiangjun Su Chen.

Boom boom boom~

At this time, a huge noise suddenly came from the sky above Jinshan Temple.

"Come, Xu Xian, come with me to welcome Guanyin Bodhisattva."

"Yes, master!"

Outside Jinshan Temple,

Su Chen frowned as he looked at the sky above Jinshan Temple. The roaring above Jinshan Temple made him confused.

Is this?

Is this the lower realm of immortals in the Buddhist world?

There was no lower realm of immortals in Jinshan Temple before?

"Master, what happened?"

"It should be the lower realm of Buddhist immortals in the fairy world."

Ning Zhong heard Su Chen's words and hurriedly reminded him, "Master, please summon Wudang Holy Mother quickly. If the Buddhist immortals come down to the lower realm, our army is no match for the immortals from the lower realm."

Su Chen shook his head and refused.

"No, if Our Lady of Wudang helps me, she will appear even if I don't summon her. If Our Lady of Wudang is unwilling to help me, she won't appear even if I summon her."

Su Chen sensed that Our Lady of Wudang was around, but what happened yesterday, he was not sure whether Our Lady of Wudang would help him.

Su Chen also wanted to know who the immortal in the lower realm of Buddhism in the fairy world would be this time.

If it was Guanyin ladies!

Su Chen doesn't have to worry.

At least Guanyin Bodhisattva can't kill him.

When the Virgin Mother looked at Su Chen from the air, she crossed her arms and smiled. The Buddhist immortal has descended to the next world. She will see how this bastard responds.

She won't take the initiative to help this bastard this time, unless that bastard comes to beg her.

Boom boom boom.....

At this time, a beam of light came down from the sky, and in the light beam, a woman in a white dress appeared looming in the sky above Jinshan Temple.

"Fahai of Jinshan Temple, see Guanyin Bodhisattva"

"See Guanyin Bodhisattva!"

In Jinshan Temple,

Fahai and the remaining monks saluted the Avalokitesvara Bodhisattva in the sky.

"All free of charge."

Guanyin Bodhisattva checked the situation of Jinshan Temple in the air, she waved her hand coldly and said,

"Thank you Guanyin Bodhisattva!"

I guess!

Is it really the old lady Guanyin Bodhisattva? Is

Guanyin Bodhisattva so idle?

Why is she the one who comes out every time?

Are the other great powers in Buddhism very busy?

Su Chen was very speechless when he saw Guanyin Bodhisattva appear. , although he was worried about the immortals from the lower realm of Buddhism, he did not want to see Guanyin Bodhisattva appear. He had ways to deal with the immortals from the lower realm of Buddhism.

Although Guanyin Bodhisattva had a good relationship with him, Su Chen did not want to break up with Guanyin Bodhisattva at this time. After all , his trial on the 10,000th level of the ladder is part of the plot of Journey to the West, and

Su Chen still needs Guanyin Bodhisattva to continue to be his backer.

"Damn it, why is this bitch Guanyin?"

Our Lady of Wudang saw that it was Guanyin Bodhisattva who appeared, which made her very angry.

Guanyin Bodhisattva has a close relationship with that bastard Su Chen. It is impossible for that bitch to kill Su Chen.

"Mother Lishan, haven't you shown up yet?"

At this time, the Guanyin Bodhisattva in the air looked at the Wudang Madonna hidden in the air and shouted indifferently.

The Guanyin Bodhisattva first looked at Su Chen.

She didn't say anything to Su Chen.

She had already guessed these things when she was in the fairy world. , I just didn't expect that Su Chen would move so fast.

Not long after Su Chen came back from the fairy world, he couldn't wait to attack Buddhism. Is that bastard so disgusted with Buddhism?

However, when Guanyin Bodhisattva discovered the existence of the Wudang Virgin,

This made her very angry.

Wudang Holy Mother was a Jie Jiao. She had already warned that bastard Su Chen not to have anything to do with Jie Jiao. Did that bastard turn a deaf ear to her words?

Wu Dang Holy Mother instantly When she appeared opposite Guanyin Bodhisattva, she said with a cold face,

"Guanyin, you are still so annoying."

Guanyin Bodhisattva looked at Our Lady of Wudang and reminded, "Old Mother Lishan, this is not the place you should come."

"hehe! Guanyin, do I need you to take care of where I am going?"

"I don't need to take care of it, but you shouldn't get close to Su Chen, Mother Lishan. Su Chen is not something you can win over, and it's impossible for him to join Jiejiao. You should give up this idea."

"This is not something you should worry about. Su Chen is not a disciple of your Buddhist sect. If he wants to join our Jiejiao sect, you have nothing to do with it."

No one below heard the conversation between Guanyin Bodhisattva and Wudang Madonna, but both Guanyin Bodhisattva and Wudang Madonna had ugly faces, and everyone below knew that they were fighting.

Su Chen looked at Guanyin Bodhisattva and Wudang Madonna in the air There is no way to be a holy mother, he touched his chin and said to himself,

"It seems that Guanyin Bodhisattva and Our Lady of Wudang are angry at each other. Is this a good thing for me? Or is it a bad thing?"

"Master, is it not a good thing for us to be the Holy Mother to deal with Guanyin Bodhisattva?"

"Yes, Our Lady of Wudang can deal with Guanyin Bodhisattva, can't our black-armored army destroy Jinshan Temple? This is very beneficial to us!"

Ning Zhongze and Qingniao were very confused when they heard Su Chen's words.

Wouldn't it be good for the Holy Mother to be on their side? Why does Su Chen look so worried?

"well! You don't understand, I actually have a good relationship with Guanyin Bodhisattva. If Guanyin Bodhisattva gets into a fight with Our Lady of Wudang, who do you think I will help? I'm afraid I don't even dare to break up the fight."

Chapter 1659

Su Chen felt helpless when he looked at Guanyin Bodhisattva and Wudang Our Lady in the sky.

What if Guanyin Bodhisattva and Wudang Our Lady really got into a fight, what would he do?

If Su Chen were watching the battle between Guanyin Bodhisattva and Wudang Virgin, he might offend these two beauties at the same time.

But if he was asked to break up a fight, who should he try to break up first?

If Su Chen tried to persuade Guanyin Bodhisattva first, he would definitely offend Guanyin Bodhisattva.

What if Su Chen tried to persuade Wudang Holy Mother first?

He will also offend the Immortal Mother.

Su Chen suddenly felt a headache.

Ning Zhongze and Qingniao were very confused when they heard Su Chen's words.

Su Chen actually has a good relationship with Guanyin Bodhisattva?

How can this be?

They have never heard that Su Chen has a relationship with Guanyin Bodhisattva. If Su Chen has a close relationship with Guanyin Bodhisattva.

Then why did Su Chen want to destroy Buddha?

Su Chen asked Guanyin Bodhisattva to give an order to the Buddhists. Will the Buddhists dare to be unfriendly to them in the future?

Ning Zhongze and Qingniao looked at each other without making a sound.

They also saw that Su Chen was very entangled.

Both Guanyin Bodhisattva and Wudang Our Lady were related to Su Chen, and now Guanyin Bodhisattva and Wudang Our Lady seemed to be fighting. As if getting up, they all knew that Su Chen was in a very difficult situation.

Whoosh! boom!

Su Chen suddenly appeared next to Fahai and knocked Fahai away with one palm.

He was in a very bad mood now, so Fahai should be his punching bag.

Boom boom boom.....

Su Chen quickly teleported to attack Fa Hai, and he destroyed Fa Hai without a single palm move.

He couldn't stand this old bald donkey. In the White Snake plot, Fa Hai was very, very annoying. Anyway, He was in a bad mood, so he tortured this old bald donkey first

"asshole!"

Guanyin Bodhisattva watched Su Chen beating Fahai, which made her very angry.

Didn't this bastard see him coming?

Fahai is a disciple of Buddhism. Doesn't Su Chen, a bastard who beats a dog, not look at the owner? ?

In the air,

Our Lady of Wudang saw Su Chen beating Fahai, and she happily said to Guanyin Bodhisattva, "Haha, Guanyin, did you see it? Su Chen can't stand your Buddhism very much.""

Guanyin Bodhisattva coldly shouted to Our Lady of Wudang, "Shut up, Old Mother Lishan, if you dare to talk nonsense again, you, the clone, don't have to go back to the fairy world."

"Guanyin, your strength has improved very quickly over the years, but this is the Shenyu Continent, and our strength is half a catty to eight ounces. Are you capable of destroying my clone?"

"Do you want to try it?"

"Just try it, do you think I will be afraid of you?"

"A battle in the barrier"

"war!"

Guanyin Bodhisattva and Wudang Virgin suddenly disappeared into the air.

Su Chen also discovered the disappeared Guanyin Bodhisattva and Wudang Virgin. He didn't know where those two powerful women had gone.

It was just the departure of Guanyin Bodhisattva that made Su Chen I don't understand.

Doesn't Guanyin Bodhisattva know that after she leaves, all the monks in Jinshan Temple will be killed?

Fahai was so miserable when he got up from the ground that he was very helpless.

He did not expect that Su Chen also wanted the background of the fairy world.

Li Old Mother Shan!

This is an existence on the same level as Guanyin Bodhisattva.

With Old Mother Lishan here,

Guanyin Bodhisattva will definitely not care about Jinshan Temple. Jinshan Temple, which has been around for thousands of years, will probably perish in the Shenyu Continent this time.

"Wu Xiangjun Su Chen, I didn't expect that you also have a background in the fairy world. However, Guanyin Bodhisattva is not something that Old Mother Lishan can deal with. You must be dead this time."

"You'd better go see your Buddha first." Su Chen appeared next to Fahai in an instant and grabbed his neck and said,

"Buddha.....No door.....will let you go.....This devil's"

"goodbye!"

Kacha!

When Su Chen heard Fa Hai's words, he broke Fa Hai's neck with disdain.

Buddhism?

Su Chen is afraid of Buddhism now, but this does not mean that he will still be afraid of Buddhism in the future, from Tianxuan Continent to Shenyu Continent. , he has offended Buddhism many times. Even if he goes to the fairy world in the future, Buddhism will probably be his enemy. Buddhism will fight him to death in the future, and it is useless for him to worry.

Su Chen thought of his identity as the emperor, and will explain his teachings in the future. Human religion, Heavenly Court, and even Jiejiao will all be his enemies.

Su Chen has only offended a Buddhist now, and he is also very helpless about the future situation.

"Kill, the monk kills everything."Su Chen looked at Jinshan Temple and ordered loudly,

"Yes, Your Majesty!"

Su Chen appeared in Jinshan Temple in an instant.

He looked at the submissive Xu Xian with great contempt. Why would this worthless Xu Xian make Buddhism pay so much attention to him? Is it because Bai Suzhen is a registered disciple of the Wudang Mother?

No.!

Su Chen suddenly remembered that in the plot,

Xu Xian and Bai Suzhen's son was Wenquxing who descended to earth. Is this Buddhism's layout for heaven?

Then when Xiaobai and he have children, will Wenquxing descend to earth?

Su Chen thought for a while He felt that it was simply impossible. All the gods in the fairy world knew about him. Even if Wenquxing lent him some courage, he would not dare to reincarnate into his child.

Xu Xian saw Su Chen thinking about something, and he thought that Su Chen had just killed Master Fahai even ordered the army to kill all the Buddhist monks.

Xu Xian was worried and shouted angrily at Su Chen, "Wu Xiangjun, you are massacring Buddhist disciples. Guanyin Bodhisattva will definitely destroy you, the big devil.""

"Dry tongue!"

Boom!

Su Chen looked at Xu Xian and waved his hand.

Xu Xian was completely dissipated in this world by Su Chen's palm.

Su

Chen didn't care about Xu Xian's life or death at all.

Su Chen looked at Seeing that the black-armored army was massacring the monks of Jinshan Temple, he was ready to run away, otherwise!

Guanyin Bodhisattva would definitely cause trouble for him in a while.

Su Chen also just figured out that

Guanyin Bodhisattva might have left on purpose just now to give himself a chance. She massacred the monks of Jinshan Temple, and Wudang Madonna might be her excuse. In the future, if Buddhism in the fairy world finds out, Guanyin Bodhisattva can also push Wudang Madonna out.

Su Chen returned to Ning Zhongze and Qingniao and hurriedly gave instructions,

"Ning Zhongze, Qingniao, after this is over, you will go back to Hangzhou City. I am going to escape the limelight. Don't worry, Guanyin Bodhisattva and Wudang Virgin Mother will not embarrass you."

"It's the master (young master)."

Ning Zhongze and Qingniao nodded and replied.

They guessed that Su Chen might want to avoid Guanyin Bodhisattva.

After all, Su Chen had just destroyed Jinshan Temple. Even if Guanyin Bodhisattva had a close relationship with Su Chen, Su Chen would not give Guanyin Bodhisattva." An explanation, I'm afraid Guanyin Bodhisattva will also teach Su Chen a lesson.

Whoosh!

When Su Chen heard the answers from Ning Zhongze and Qingniao, he looked around and suddenly disappeared.

Qingniao looked at Ning Zhongze beside him and asked, "Sister Ning, if Guanyin Bodhisattva and Our Lady of Wudang come back later, will they go after the young master in anger?"

"Maybe, probably, maybe. If it were me, I would definitely not let the master go."

"In this way, it is very wise for the young master to escape at this time."

## Chapter 1660

Su Chen teleported several times and appeared in Linjiang City near the southern continent.

This place was thousands of miles away from Zhenjiang City. Su Chen did not believe that Guanyin Bodhisattva and Wudang Virgin could find him.

On the seaside, huge ships were docked in the port, and many civilians were constantly carrying supplies to the ships.

Su Chen stood by the sea.

He felt very good looking at the sea in the distance.

Looking at the vast sea, he no longer had to think about those messy things.

Huh?

Aren't these ships afraid of being attacked by sea monsters when they go to sea?

Su Chen saw many people getting on a big boat one after another, which made him very confused.

The last time Su Chen took a boat on an inland river, he was attacked by a sea monster. In this vast sea, aren't there more sea monsters? Aren't these ordinary people worried about being buried in the sea?

"The boat to Poseidon Island is about to leave. One gold coin per person. Those who want to go to Poseidon Island should get on the boat quickly."

At this time, on a large ship not far away, a cultivator shouted loudly to the shore,

"Poseidon Island?"

Su Chen was very confused when he heard the cry of the immortal cultivator,

Poseidon Island?

Is this the Poseidon Island that was tested in Tangshan?

Su Chen thought that this is the junction with the Southern Continent, and

Poseidon Island is on the sea.

Maybe Poseidon Island really is It's the one he imagined, so why don't you go and see it?

Poseidon?

It's just a soul god's first-level cultivation realm (Fusion Realm), or at most a soul god's second-level cultivation realm (Dongxu Realm) , Su Chen's strength can completely crush the Poseidon.

Su Chen felt very guilty after looking at the big ship.

Every time he took the ship, something would happen. If he took the ship again this time, Su Chen didn't know if something would happen again.

Su Chen thought about it for a while and decided to go to Poseidon Island.

He couldn't go back to Hangzhou City recently.

Guanyin Bodhisattva and Our Lady of Wudang couldn't find him. Hangzhou City must be their focus.

Su Chen paid the money and went there. After getting on the big ship, he looked at the people around him and didn't care.

The most powerful immortal cultivators here were at the Golden Core level. If this ship was a black ship, Su Chen could kill them with a little finger.

Three days later,

Zhenjiang City Jinshan Temple,

Guanyin Bodhisattva and Wudang Madonna came out of the barrier.

When they came out, they saw that Jinshan Temple had been destroyed. The Black Armor Legion and Su Chen were gone. Guanyin Bodhisattva and Wudang Madonna were very angry.

Neither of them thought that Su Chen would leave like this. What was the point of the fight between them?

Guanyin Bodhisattva wanted to strangle that bastard to death.

She even gave up Jinshan Temple for Su Chen, but that bastard was like this Guanyin Bodhisattva now wants to go to Hangzhou City to kill that bastard.

Our Lady of Wudang clenched her fists tightly, her beautiful face was very angry, this time it was the bastard Su Chen who asked her to come with him Jinshan Temple, but after she fought with the bitch Guanyin, that bastard left without waiting for her. Did he abandon her?

Or kicked him away after using her?

Guanyin Bodhisattva looked cold and treated the two around him like a holy mother. said,

"Old Mother Lishan, you and Buddhism have already formed a relationship. It is impossible for Buddhism to let you go after you return to the fairy world."

Our Lady of Wudang frowned when she heard Guanyin Bodhisattva's words.

She and Guanyin Bodhisattva fought in the barrier for three days and three nights.

They couldn't decide the winner.

But I, Our Lady of Wudang, also guessed why Guanyin Bodhisattva and Guanyin Bodhisattva were fighting. She fights.

Guanyin Bodhisattva is between Jinshan Temple and Su Chen.

She chooses to help Su Chen.

Guanyin Bodhisattva uses herself to create an opportunity for Su Chen.

This Guanyin bitch is really good to Su Chen, and even abandons the interests of Buddhism.  
abandon

"Guanyin, why do you think I don't know? You want to shift all the responsibility to me for Su Chen. You really care about that little bastard. However, I will accept this matter."

Avalokitesvara Bodhisattva's face changed when she heard the words of Our Lady of Wudang.

She threatened uneasily,

"Hum, after returning, your original body, the Holy Mother, should be prepared to face the revenge of Buddhism."

Our Lady of Wudang reminded Guanyin Bodhisattva disdainfully,

"revenge? Do you Buddhists dare? Guanyin, I just went to Chaos not long ago, and my master gave me the Qingping Sword. Do you Buddhists dare to take action against me, the only remaining Jie Jiao disciple?"

Our Lady of Wudang is also very helpless.

She took the blame for that bastard Su Chen this time.

Our Lady of Wudang is also worried about being targeted by Buddhism after returning. There are many quasi-sage masters in Buddhism. Besides, the journey to the west is about to begin. Wudang Holy Mother, she doesn't want to be suppressed by Buddhism at this time.

"What? Saint Tongtian actually gave you the Qingping Sword? How can this be?"

"Guanyin, there is nothing impossible about this. I have told the master everything about Su Chen. If Su Chen is willing to join Jiejiao, I will give the Qingping Sword to Su Chen in the future."

When Guanyin Bodhisattva heard the words of Mother Wudang, she shouted angrily,

"Mother Lishan, Su Chen has a good relationship with you. Why do you want to drag him into the quagmire of Jie Jiao? You are harming Su Chen."

Guanyin Bodhisattva did not expect that Our Lady of Wudang would do this.

She would tell Saint Tongtian about Su Chen. This would be very detrimental to Su Chen.

If Jie Jiao really tempted Su Chen to join Jie Jiao,

Su Chen would definitely do it in the future. Being suppressed by Buddhism and the Chanjiao people's sect may even put their lives in danger.

When the Virgin Mother Wu heard the words of Guanyin Bodhisattva, her face also changed.

She knew that if Su Chen joined the Jiejiao sect, other sects would definitely not Will let him go, those sects will never see Jie Jiao recover again.

However, when Our Lady of Wudang thought of what Su Chen had done before, she felt that it was much safer for Su Chen to join Jie Jiao than to become a Human Emperor.

Human Emperor If Su Chen was born, Buddhism, Chan Sect, Human Sect, Heavenly Court, and even their Jie Sect would not be able to let Su Chen go. The final fate of that bastard would definitely be ruthlessly suppressed.

When the Virgin Mother thought of this, she decided to tell Guanyin Bodhisattva, although this bitch is not very good

, she really cares about Su Chen. Maybe she will work with this bitch to help that bastard Su Chen in the future.

"You don't need to care about this. Guanyin, let me tell you a secret. Su Chen can use luck. He is also the emperor of an empire. I suspect that Su Chen may have the destiny of a human emperor. You should know what this means."

Guanyin Bodhisattva was very shocked when he heard Wudang Mother's words.

Su Chen can actually use luck?

Or is he an imperial emperor?

The destiny of the human emperor?

How is this possible?

Guanyin Bodhisattva was frightened by the news.

If Su Chen really He is the next generation of Human Emperor. If the various sects in the immortal world find out, this will probably cause a new war.

The Battle of the Gods is to cut off the human emperor from the human race. In the future, the human race can only have the emperor, and it is impossible for the human emperor to appear again..

Guanyin Bodhisattva looked at Our Lady of Wudang and asked in disbelief,

"This is impossible. How can Su Chen use luck? When did he become an emperor in the Godfall Continent? Human Emperor? After the Yin and Shang Dynasties, the fate of the Human Emperor of the human race has been cut off by the saints. How could the Human Emperor reappear?"

"Do you think I would cheat on you?"
