

Zongwu 1681

Chapter 1681

Guanyin Bodhisattva and Our Lady of Wudang looked at the sky with serious faces.

The light beam in the sky just now was obviously the lower realm of immortals, but could it be the lower realm of immortals?

The coordinates of the Divine Meteor Continent are not something that anyone in the immortal world can know. Will this be the lower realm of the immortals of that force?

Explain the teaching?

People teach?

Or heaven?

Our Lady of Wudang looked at the direction in which the light beam fell, and said to Guanyin Bodhisattva, "Do we want to go over and see who is going to the lower world?"

Guanyin Bodhisattva shook her head and replied, "No, these are not what we want to do. Su Chen's matter is a top priority."

Our Lady of Wudang nodded when she heard Guanyin Bodhisattva's words.

She also felt that there was no need to care about the immortal in the lower world now. Besides, the immortal posed no threat to them at all. Su Chen's identity was their top priority. To find out,

"Also, whether it is the lower realm of the immortal, it has no impact on us. We need to find out the identity of that bastard Su Chen first."

When Su Yue heard the words of Guanyin Bodhisattva and Our Lady of Wudang, she looked at the sky curiously and asked, "Auntie, what happened to that beam of light just now?"

Our Lady of Wudang touched Su Yue's little head and said with a smile, "Nothing, it's just that there is a miscellaneous fish coming to this world."

"Trash fish?"

"Yes, just a little miscellaneous fish"

"hehe....."

After Su Yue heard what Madonna Wudang said, she smiled and started playing with Xuanniao again. She didn't care about these things at all. She was just curious about the light beam just now.

Guanyin Bodhisattva and Our Lady of Wudang looked at Su Yue who was playing, and then they returned to the house. They had to wait for Su Chen's arrival with peace of mind. Before Su Chen's identity was figured out, they were not sure about anything. Won't care.

Hangzhou City, in the City Lord's Mansion, after a beam of light fell outside Hangzhou City,

Xiaobai, Ji Ruxi and a few girls in the City Lord's Mansion noticed it.

They looked at the outside of Hangzhou City and were very confused.

The fall of the light beam made them all feel that something was wrong. , they all thought some kind of immortal had descended to the lower world again.

"Do we need to check it out?"

"No need, if it is the lower realm of immortals, this will have no impact on us. Immortals are not interested in wars in the human world."

"You are right. Mu Guiying has led an army of 500,000 people to launch a war against the Song Dynasty in three directions. If everything goes well, we can destroy the Song Empire by the end of the year."

"Well, we don't have to worry about the war. Mu Guiying is a very wise and handsome man. The war in the Song Dynasty should not be difficult for her."

"Su Chen should have gotten the news that Su Yue was taken away, and that bastard should be back."

"I'm afraid not. Su Chen will go directly to Su Yue, hoping that Su Chen will not conflict with Guanyin Bodhisattva and Wudang Virgin."

Xiao Bai, Ji Ruxihe, Shui Rou, Xiao Qing, Suru, Shi Feixuan and Zhou Zhiruo were all sitting together and talking. A mysterious light pillar appeared outside Hangzhou, which made them all very vigilant. There was also the matter of Guanyin Bodhisattva and Wudang Virgin, which also made them a little worried.

At this moment, outside Hangzhou, a man in Chinese clothes appeared on a mountain outside Hangzhou. He looked around and checked.

Huh?

Where is Xu Xian?

Why is there no Xu Xian in Xu Xian's home in Hangzhou City?

And that White Snake, why doesn't she show up at Xu Xian's home?

It's time now and it seems they should be getting married, why isn't she at home?

"Damn, what the hell happened? Is our plan of Wenquxing going to end in vain?"

This man is Wenquxing in Heaven.

He also accidentally discovered the small world of Shenyu Continent.

In this small world, he found a way to quickly increase his cultivation level, but this requires him to find someone with great luck. A person reincarnates.

As long as he can be reincarnated into a family with great luck, after his merits are perfected, his luck will increase dramatically.

Even after returning to the immortal world, he can break through to the Golden Immortal in one fell swoop, which is better than what he has now. The realm of Xuanxian is much more powerful, and

Wenquxing cannot let anyone ruin his plan. Although he is not controlled by the list of gods, he has not been able to advance at all after practicing for so many years.

He has been in the realm of Xuanxian for almost 100,000 years. , this time he must get the luck of Xu Xian and the snake demon. In order to improve his strength, he can kill anyone who disrupts his plan.

Whoosh!

Wenquxing disappeared on the mountain in an instant. He wanted to go to Hangzhou City to check The situation of Xu Xian and the snake demon.

Whoosh!

After Wenquxing disappeared, the little fox appeared on the mountain.

She was very disdainful when she saw the disappeared Wuquxing.

Wenquxing was just a little scum in the fairy world. What is his plan this time? The little fox didn't know.

She also wanted to know what Wenquxing's plan was, so the little fox didn't kill him. The little fox thought about it and disappeared in an instant.

She was going to the Lord's Mansion in Hangzhou, where

Guanyin Bodhisattva and Wudang Our Lady took Su Yue was taken away, and there were no powerful immortal cultivators in the city lord's palace. The little fox was also worried that Wenquxing would be harmful to Su Chen's women. In

Hangzhou city,

Wenquxing appeared outside Xu Xian's home. He looked around and said: Go in quietly

"Who are you looking for?"

In the yard,

Xu Xian's sister saw a man in rich clothes appearing in her yard, and she hurriedly shouted.

Wen Quxing looked at Xu Xian's sister and said hurriedly, "Madam, I'm looking for Xu Xian, I'm Xu Xian's friend."

"Xu Xian? What are you doing with my brother?"

"Madam, I don't mean any harm. I was saved by Xu Xian when I fell ill a few years ago. I am here this time to thank Xu Xian for his life-saving grace."

"Xu Xian is no longer in Hangzhou City. He went to Jinshan Temple in Zhenjiang City. If you want to find him, go to Jinshan Temple."

"Jinshan Temple? Is your brother a monk?"

Wen Quxing was very shocked when she heard Sister Xu Xian's words., why did Xu Xian appear in Jinshan Temple?

That could be the territory of Buddhism.

Could it be that Buddhism also takes a fancy to Xu Xian's luck?

Xu Xian's sister shook her head and replied,

"No, my brother was escaping from the government. He was rescued by the master of Jinshan Temple."

When Wu Quxing heard Xu Xian's sister's words, he breathed a sigh of relief.

As long as Xu Xian did not become a monk, it would be fine. But how could Xu Xian be arrested by the government? This made him confused. Xu Xian's luck had not been stolen, and with Xu Xian It is impossible for him to be arrested by the government due to his luck.

"So that's it. Why was your brother arrested by the authorities?"

Xu Xian's sister explained to Wen Quxing with a sad face,

"The thing is, my brother fell in love with a woman named Bai Suzhen, but that woman married Wu Xiangjun of Hangzhou City. My brother wanted to ask Wu Xiangjun for an explanation, which angered Wu Xiangjun....."

"What? Bai Suzhen is married? How can this be?"

Chapter 1682

Wen Quxing heard that Bai Suzhen had married, which made him feel very angry.

Xu Xian's luck alone was not enough for him to break through to Jinxian.

Only when Bai Suzhen and Xu Xian got married could he be reincarnated as Xu Xian and Bai Suzhen's child. Only in this way can he obtain the luck of Xu Xian and Bai Suzhen at the same time.

After he returns to the immortal world after completing his merits,

Wenquxing can successfully break through to the Golden Immortal.

But now everything was in vain, which made Wenquxing's anger reach the extreme. boom!

Wen Quxing accidentally leaked some of his powerful aura, and his powerful aura directly killed Xu Xian's sister. Xu Xian's sister disappeared completely before she even had time to scream.

Wen Quxing saw that he didn't care about Xu Xian's sister who was accidentally killed by him.

He wanted to find Bai Suzhen. If Bai Suzhen's luck did not disappear, he would capture Bai Suzhen. Bai Suzhen and Xu Xian must get married. His plan cannot be ruined.

"Um? There are so many immortal cultivators in the city lord's mansion? It seems that the City Lord's Mansion is not simple, but those immortal cultivators pose no threat to me. If those immortal cultivators are ungrateful, I don't mind killing them."

After Wen Quxing checked the City Lord's Mansion, he didn't expect that there would be many immortal cultivators in the City Lord's Mansion. No wonder the snake demon would be favored by Lord Wu Xiang. I'm afraid that Lord Wu Xiang is not a simple person either.

Whoosh!

Look, Wen Quxing After looking at it, he disappeared instantly.

He was going to the City Lord's Mansion to check on Bai Suzhen, hoping that Bai Suzhen's luck had not dissipated.

At the same time, in the City Lord's Mansion and in the pavilion, Ji Ruxi,

He Shuirou and the other girls were drinking tea leisurely. , they all felt the powerful aura just now, and the little fox has arrived, so they have nothing to worry about.

Ji Ruxihe took a sip of tea and said seriously, "What is the intention of that immortal going to Xu Xian's house?"

Shuirou looked at the girls and said, "How could Xu Xian be related to the immortal?" This doesn't make any sense!"

"I think I know why." Xiao Bai stood up and looked at the girls and said coldly.

Xiao Bai also just remembered what Su Chen said to her before,

Buddhism's plan for her, and a Wen Quxing from Heaven who also had plans for her.

Wen Quxing from Heaven actually He wanted to be reincarnated as her child. When Xiaobai heard this, he was very angry, especially Wenquxing. That shameless immortal was not worthy of being an immortal at all.

Xiaobai guessed that the immortal who appeared this time was Wenquxing, and Wenquxing's arrival should be She is preparing to be reincarnated.

But all this can't happen.

She is now the wife of that bastard Su Chen. Wen Quxing will probably go crazy if she finds out.

"what reason?"

Ji Ruxihe looked at Xiaobai and asked in confusion.

The other women also looked at Xiaobai. Xiaobai was always cold and didn't like to talk too much. This time Xiaobai knew the reason for everything, which made them also want Xiaobai to know. What's the reason?

Xiaobai stood up and pointed at himself and said seriously,

"Because of me, Su Chen once said that I was plotted by Wenquxing in Buddhism and Heaven. It should be Wenquxing who comes this time. She is going to be reincarnated as my child. No, to be precise, she should be reincarnated into me and Xu Xian. child."

Suru suddenly stood up and shouted angrily,

"What? How could such a thing happen? Why did Wen Quxing want to be reincarnated as your and Xu Xian's child? Besides, now that Xu Xian has been killed and you are also the wife of my brother Su Chen, it is impossible for Wenquxing to be reincarnated again, right?"

Suru was very angry when she heard what Xiaobai said.

Xiaobai is her brother's wife. Wenquxing dared to hit Xiaobai's attention. This was really seeking death. Suru wished she could kill the shameless Wenquxing now.

Xiaobai grabbed the excited Suru and continued,

"I don't know, but Su Chen once said that Buddhism wanted to get Xu Xian and my luck. I guess Wen Quxing also had the same intention. Otherwise, why would he be reincarnated as my and Xu Xian's child? Shuirou nodded and said,

"Makes sense!"

Ji Ruxihe also said,

"Luck, it seems, is the case. Su Chen said that luck is very important to those gods. I am afraid that Wenquxing really went to the lower world for the luck of Xiaobai and Xu Xian."

Xiao Qing said angrily, "Well, those Xian is simply shameless for the sake of luck."

After hearing Xiaobai's explanation, the girls in the pavilion all understood.

However, they did not expect that a majestic god would be so shameless and would use reincarnation to steal some luck. Luck, this has changed their view of gods.

Whoosh!

"Huh? Why are you all here?"

At this time,

Su Chen suddenly appeared in the city lord's palace. When he saw the girls in the pavilion, he asked suspiciously.

Su Chen was originally going to Tianyin Temple or Lishan to find Guanyin Bodhisattva and Wudang Virgin, but He changed his route on the way, mainly because Su Chen suddenly thought that if Guanyin Bodhisattva and Wudang Madonna didn't get the secret they wanted from Su Yue's mouth.

Wouldn't Su Chen have fallen into a trap if he went?

He didn't want to go to Su Yue. In any case ,

Guanyin Bodhisattva and Wudang Virgin Mother cannot harm Su Yue.

Besides, if Guanyin Bodhisattva and the others get their secrets, they will definitely look for her at all costs. Su Chen only needs to wait for their arrival in Hangzhou City. That's it

"Su Chen, you are back"

"Brother, you are finally back"

"Husband!"

"Bastard, you still know how to come back!"

"Husband, don't leave me easily in the future."

The girls in the pavilion were very happy to see Su Chen come back.

Su Chen came back at the right time.

Although Wenquxing can be dealt with by the little fox, Wenquxing is a god after all. They are also worried that the little fox is no match.

Now Su The arrival of Chen Chen made them all feel at ease.

Su Chen was very embarrassed when he heard what the girls said.

He knew that he was often away from Hangzhou City, which made the women at home very resentful, but there was no way.

Su Chen had to do it There are so many things, some of which he still cannot let the women at home know. He wants to be with his women for a long time, and there are some things that he must do.

Su Chen immediately pretended to be tired He said like that, "I teleported all the way back, I'm almost exhausted, don't any of you care about me?"

"Deserve it!"

Ji Ruxihe rolled his eyes at Su Chen and poured him a cup of tea.

Ji Ruxihe also noticed that Su Chen was a little tired. She guessed that Su Chen came back quickly this time.

However, why did this bastard rush so suddenly this time? Come back?

Shouldn't he save Su Yue first?

"Haha, White Snake, I didn't expect that your luck would be stronger than before. This surprised me very much. It seems that my luck, Wenquxing, is also very good."

Chapter 1683

After Wen Quxing appeared in the city lord's palace, he was very happy when he saw Bai Suzhen.

Wen Quxing did not expect that after Bai Suzhen got married, her luck not only did not dissipate, but also became more prosperous than before. This was an unexpected blessing for Wen Quxing

"who?"

Shui Rou suddenly heard the sound of laughter and shouted vigilantly.

Ji Ruxi, He Shifeixuan and the other girls also stood up and looked around vigilantly.

"Wenquxing?"

Su Chen was very confused when he heard Wen Quxing's words just now.

Why did Wen Quxing go down to the next world?

Xiaobai has become his wife and Xu Xian has been killed. Is Wenquxing still preparing to reincarnate?

At this time,

Wenquxing released his invisibility.

He saw After looking at the women in the pavilion, he laughed and said, "Haha....., Mortals, I am Wenquxing in heaven, you don't need to be so wary of me."

Wen Quxing suddenly discovered that all the women here have very strong luck, and some of them are even more lucky than Bai Suzhen.

This made Wen Quxing wonder why there are so many in this small world. A lucky person?

"Wenquxing, why did you come to our mansion?" Ji Ruxihe shook her head at Su Chen and the girls. She pretended not to know the reason and asked Wen Quxing.

Wen Quxing said arrogantly with a righteous look,

"Mortals, I have discovered that there is evil spirit here, and I am here to catch the evil spirit.

Suru looked at Wen Quxing with an indifferent expression and refused, "Catch monsters?" No need, there are no monsters in our mansion. Even if there are monsters, you, Wenquxing, don't need to catch them yourself."

Suru didn't expect that Wenquxing was so despicable.

If it weren't for what Xiaobai said earlier, she wouldn't have been deceived by Wenquxing, a despicable god.

Su Chen didn't speak, but he wanted to see what Wenquxing was going to do. How did a little scumbag in the heaven know about the existence of the Shenyu Continent? Could it be that the Emperor in the heaven discovered the Shenyu Continent?

Wenquxing pretended to be a good person and said

"Mortals, I know that your cultivation is good. You did not kill the snake demon. I am afraid that the snake demon has bewitched you. This time I pass by here, I will get rid of the snake demon for you."

"What if we say no? Shui Rou looked at Wen Quxing and said disdainfully.

Wen Quxing asked indifferently after hearing Shui Rou's words, "Huh?" Do you dare to disobey me? Zhou

Zhiruo said coldly,

"So what if I disobey you?"

"Mortals, aren't you afraid of death for the two snake monsters?"

Wenquxing didn't expect that these women would dare to object, which made him very angry when he looked at these women.

He is a god.

When these women heard that he was a god just now, these women did not salute him, or even There wasn't even a hint of fear.

Wenquxing felt that these women were either novices and didn't understand gods, or they had some rituals and were not afraid of gods like themselves.

Wenquxing also wanted to know about these women, who Why are you so bold to disobey yourself?

These women have very good luck. He is also worried that other immortals have the same plan as him and want to use the luck of these women to practice.

Ji Ruxi and heard Wen Quxing's threat asked politely,

"Can you kill us?"

"Ha ha....., you are really courageous, the little immortal cultivator is so arrogant, it seems that you have something to rely on, who is the person behind you?"

Su Chen looked at Wen Quxing and drank tea leisurely and said,

"it's me!"

"you? A small immortal cultivator in the Cave Void Realm, are you Mr. Wu Xiang?"

"good!"

Wen Quxing understood after hearing Su Chen's words.

I am afraid these women were all found by Wu Xiangjun.

Otherwise, how could a human being in his twenties cultivate to the Cave Void Realm?

Wu Xiangjun must also have stolen it. The luck of these women, his cultivation realm has only grown so quickly, and he no longer has anything to worry about as a small immortal cultivator.

Wen Quxing looked at Su Chen and directly threatened, "Wu Xiangjun, what do you want? Die? You dared to arrest Xu Xian and ruined the destined marriage between Xu Xian and the snake demon. You are simply unforgivable."

"What kind of bullshit is destiny? Wenquxing, Xiaobai is my wife, and Xu Xian has been killed by me. Can the destiny marriage you mentioned still come true?"

"What? Did you kill Xu Xian? You actually killed Xu Xian?"

"Yes, Xu Xian is overestimating his abilities, why can't I kill him?"

Wen Quxing was furious at Su Chen's words.

Xu Xian is actually dead?

His years of planning were ruined by a little monk?

Wen Quxing looked at Su Chen and said fiercely,

"Damn it, you deserve to die. I will make your life worse than death. Even if you die, I will arrest your soul and make you suffer the pain of being cut into pieces every day."

Su Chen rolled his eyes when he heard Wen Quxing's vicious words.

He was really speechless for this idiot.

Since Su Chen dared to say this to Wen Quxing, didn't Wen Quxing think about why he had the courage to face a god? Why don't you have any scared expression?

The little fox just sent a message to Su Chen, and

Su Chen also knew that the little fox was hiding next to him. With the little fox here, what else is Su Chen afraid of?

With the little fox, he can ascend to the fairy world at any time. The strength of Wenquxing is even equal to that of Little Fox.

But don't forget that he still exists. If Su Chen's Space Law and Time Law assist Little Fox, even if two Wenquxing arrive, they will not be their opponents.

"Wenquxing, do you know who I am?"

"Aren't you Mr. Wu Xiang?"

"Haha, Lord Wu Xiang is just my title"

"Mortal, I don't care who you are, you must die. However, these women of yours will belong to me from now on, and their luck will also be mine from now on. I also want to thank you for finding so many women with great luck."

Wen Quxing didn't want to fight with Su Chen anymore.

He looked at these women and made a decision.

Wen Quxing thought that Su Chen could combine with these women and use their luck to practice. Why couldn't he?

Wen Quxing wanted to These lucky women are all captured. He wants to learn from Su Chen and marry these women.

In this way, the luck of these lucky women will be his in the future.

This is better than the luck of Xu Xian and the snake demon. Much more. If he can steal the luck of these women, his cultivation level may be directly promoted to Taiyi Golden Immortal.

"Wenquxing, you are seeking death!"

Su Chen looked very cold when he heard Wen Quxing's words.

He did not expect that Wen Quxing would dare to attract the attention of Shi Feixuan, Ji Ruxi and these women.

Originally, Wen Quxing dared to come and attract the attention of Xiaobai, which made him very angry.

Wen Quxing still wanted to fight for the attention of other women, but Su Chen would not let Wen Quxing die easily.

Xiaoqing heard Wen Quxing's words and shouted to Su Chen, "Su Chen, don't kill Wen Quxing easily, I We must torture this damn Wenquxing day and night."

"Suchen? you.....you.....Are you Su Chen, the general of Yaochi?"

Chapter 1684

Wenquxing was stunned when he heard Xiaoqing calling Su Chen's name.

Su Chen, the general of Yaochi in Heaven, was very famous. Although he had never met Su Chen, he had also heard of Su Chen's legend.

Don't worry. It seems that Su Chen is just a little monk.

In the Heavenly Court,

Emperor Haotian is the boss, and Su Chen is the second-in-command, and he is also a person that no one can afford to mess with. Even if the gods in the Heavenly Court dare to disobey the orders of the Emperor of Heaven, they would not dare to disobey the Yaochi Divine General Su. Chen's Order, Jie Jiao, Chan Jiao, Ren Jiao, Buddhism, these major religions are all related to Su Chen.

The Queen Mother of Yaochi, the Guanyin Bodhisattva of Buddhism, the Queen Mother of West Kunlun, the Wudang Holy Mother of Jiejiao, the Golden Spirit Holy Mother, Yunxiao, these powerful quasi-sages are all closely related to Su Chen.

Moreover, it is rumored that Su Chen has the final say in the Yaochi Palace of the Queen Mother. Does he, a little fairy, dare to offend Su Chen?

In heaven, little gods like him are not even qualified to see Su Chen.

Su Chen looked at Wenquxing expressionlessly and said coldly,

"Wen Quxing actually knows the name of this divine general."

Wenquxing turned pale when he heard Su Chen's words. This Su Chen turned out to be the Yaochi Divine General in Heaven.

He is going to be finished this time.

Although Wenquxing has a good relationship with Lei Zhenzi, the third generation disciple of Chanjiao, Su Chen has a close relationship with Anji. The relationship between the immortals was very good, and the Antarctic immortal even went to the Yaochi Wonderland to meet Su Chen in person.

Wenquxing felt that he was going to die this time.

He was immediately frightened into a cold sweat, and plop!

Wenquxing hurriedly knelt down to Su Chen. Begging for mercy, "God will atone for his sins. Xiaoxian didn't know that God will be here. Just now, Xiaoxian spoke uncontrollably. I hope Master God can forgive Xiaoxian for the offense he just committed.""

Su Chen looked at Wen Quxing who was so frightened that he broke into a cold sweat.

He asked without any politeness.

"Atonement? offend? Who dares to offend me in this heavenly palace? Even Emperor Haotian wants to give me some face, but you, a little immortal, dare to threaten me? If you even want to rob the woman of this divine general, you will be thrown into the eighteenth level of hell."

Wen Quxing kept kowtowing to Su Chen and begging for mercy, "God will atone, God will atone, Xiaoxian will never dare to do it again, please ask God to forgive Xiaoxian this time."

Ji Ruxi and the women looked at Su Chen in shock.

They didn't expect that Xiaoqing just called out Su Chen's name, and Wenquxing was so frightened that he knelt down and begged for mercy.

Yaochi Divine General?

When did Su Chen become a bastard ? The Divine General of Yaochi?

And it seems that Su Chen's status in the heaven is still very high.

It's just Su Chen who is not an immortal yet.

How could he be the Divine General of Yaochi?

Even an immortal was frightened by Su Chen. Their bodies were covered in cold sweat.

Ji Ruxi and the other girls looked at Su Chen and their faces turned cold. They felt that Su Chen had hidden a lot of things from them.

When did this bastard go to the fairy world?

He even became a Yaochi general in the fairy world?

No wonder when this bastard came back last time, he would bring a lot of fairy fruits, fairy wine, and even golden elixirs that can increase cultivation.

After Ji Ruxi and these women looked at each other, they planned to wait for Su Chen to deal with Wenquxing's matter. Finally, they asked Su Chen to tell them everything they had hidden.

Su Chen looked at Wen Quxing and ordered expressionlessly,

"Wenquxing, self-proclaimed cultivator, I will deal with you after I return to heaven."

Su Chen originally wanted the little fox to kill Wenquxing, but he thought that Wenquxing was just a clone.

If he killed Wenquxing's clone, the real Wenquxing in the fairy world would probably get the news. The real Wenquxing in the fairy world knew that he had offended him. He will not be able to survive.

If he reveals what happened to the Shenyu Continent, I am afraid that there will be no peace in the Shenyu Continent in the future. The gods in the fairy world will find a way to come to the Shenyu Continent.

Su Chen thought about it and decided not to kill Wen Quxing first. The clone, this matter will wait until he returns to the fairy world before executing Wenquxing.

Wenquxing was very helpless when he heard Su Chen's words.

Would he dare to disobey Su Chen's order?

Wenquxing also thought about killing someone to silence him, but what's the use of killing a clone?

He He came to the Shenyu Continent with a clone, and Su Chen must have used a clone to come to the Shenyu Continent. Does he dare to kill Su Chen?

If Wen Quxing dares to take action against Su Chen, I am afraid there will be no place for him in the fairy world. Those in the fairy world The gods who want to make peace with Su Chen will definitely hunt him down with all their strength.

At that time, Wenquxing will really have no way to go to heaven and no land to enter. There is no place for him in heaven and earth.

Wenquxing is helpless.

He really couldn't afford to offend Su Chen for his self-proclaimed cultivation. If he killed a clone of Su Chen, he would die without a burial place.

If he confessed to Su Chen's self-proclaimed cultivation, he might still have a chance to survive.

Wenquxing I hope Su Chen can spare his life when he returns to heaven in the future.

When Su Chen saw that Wen Quxing was so sensible, he proclaimed himself a cultivator and was ready to arrest him. This made him a little confused.

He originally thought that Wen Quxing would kill him and silence him. Could it be that he was in heaven? Is this what scares the gods?

"Little fox, you will imprison Wenquxing. By the way, ask him how he came to the Shenyu Continent."

Whoosh!"

"Su Chen, you really impress me, Yaochi Divine General? Haha, I'll come back to you bastard again in the future."

After the little fox suddenly appeared and taunted Su Chen, she grabbed Wenquxing and disappeared into the city lord's palace.

Ji Ruxi and the others saw that Su Chen had taken down Wenquxing in just a few words.

They were all speechless towards Su Chen. They originally thought there was someone there. It was an earth-shattering battle, but they didn't expect it to end so anticlimactically.

Ji Ruxi and Qing Lengde mocked Su Chen, "Husband, won't you explain it to us? Lord Yaochi God General?"

The other women also looked at Su Chen with unkind expressions. They wanted Su Chen to explain it to them no matter what this time. I

'm afraid this bastard was hiding more than one thing from them. They also wanted to know why Su Chen wanted to Hiding these things from them, could it be that Su Chen didn't believe them?

Damn it,

Su Chen looked at Ji Ruxi and the women with unkind expressions.

He was also very helpless.

Ji Ruxi and these women knew about the ladder. But he has been to the fairy world, and no one even knows about the things he did in the fairy world, huh?

No,

Guanyin Bodhisattva and Wudang Virgin Mary know that he has been to the heaven.

Looking at the appearance of Ji Ruxi and the girls this time, they will definitely We need to get to the bottom of everything he hides, but can he tell some things?

The Human Emperor?

Does he dare to tell Ji Ruxi and these women?

The Human Emperor matter is of great importance, and it is related to the lives of his entire family. You Guan, the fewer people who know about this matter, the better. It is impossible for Su Chen to tell anyone, not even the most trustworthy people.

If they go to the fairy world, those powerful men in the fairy world will probably be able to tell Ji Ruxi and these people at a casual glance. There is no problem with Su Chen's systematic protection of women's memories, but Ji Ruxi and these women do not have systematic protection. When

Shi Feixuan saw Su Chen's deep thought, she smiled and asked, "Husband, are you trying to fool me?" Us?"

"No, no, how could I fool you, I was just wondering how to tell you."

Chapter 1685

Ji Ruxi and the other girls were speechless when they heard Su Chen's words.

They didn't believe what Su Chen just said. This bastard lied without blinking an eye. When they were not with Su Chen, they were all deceived by this bastard. Pass

"I ask you to answer!" Xiao Qing looked at Su Chen and said proudly.

When Su Chen saw the other women nodding, he smiled and said to Xiao Qing, "Okay, you ask and I answer, Xiao Qing, you ask!"

"Have you been to fairyland?"

"Been there!"

"Are you really the divine general of Yaochi in heaven?"

"good!"

"You are the divine general of Yaochi, so how powerful are you in heaven?"

"Under one person, above ten thousand people!"

Su Chen smiled and answered Xiao Qing's question.

He had nothing to hide in the fairy world. As long as it didn't involve the Human Emperor and the system, Su Chen would not hide other things from his women. After Xiaoqing ,

Ji Ruxi and the other women heard what Su Chen said, they were all very surprised.

Su Chen was actually lower than one person and higher than ten thousand people in the Heavenly Court?

Could it be that in the Heavenly Court, apart from the Emperor of Heaven,

Su Chen was The second most powerful person in heaven?

What about the Queen Mother?

Where are the four great emperors in the east, west, south and north?

And where is the Supreme Lord?

Su Chen is a small monk.

He is probably not as powerful as the heavenly soldiers and generals in heaven, let alone The powerful gods Erlang God Yang Jian and Nezha

"Husband, how did you get to the fairy world?" Ji Ruxihe poured Su Chen a cup of tea and asked in confusion.

Su Chen explained while drinking the tea,

"Do you still remember the ladder I told you about? From the 9900th floor to the 9999th floor, I went to the fairy world for the trial. I stayed in the fairy world for more than a year."

Ji Ruxihe was shocked when he heard Su Chen's words and said, "The ladder trial actually went to the fairy world? What is the origin of the ladder? How could it be so powerful? Even the passage to the fairy world can be opened."

The other women were also very surprised.

Su Chen told them about the ladder to heaven.

Ning Zhongze and Qingniao were both taken to the ladder by Su Chen. Now Ning Zhongze and Qingniao are very powerful, even stronger than them. Some of them must be strong.

Ji Ruxi and these women also want to climb the ladder to heaven. They all want to improve their cultivation level so that they can help Su Chen.

Now they hear that the trial of the ladder to heaven can lead to the fairy world, which makes them They are even more looking forward to the ladder.

Su Chen promised to take them to climb the ladder in the future.

"The ladder is very mysterious, and I haven't figured it out yet, but one day I will find out the true origin of the ladder."

Shui Rou (Mrs. Ye Di) looked at Su Chen tenderly and asked, "Husband, how did you become the divine general of Yaochi in heaven?"

"This is a long story"

"Then keep your story short"

"The thing is like this, when I went to the fairy world for the first time, I used the banner of Guanyin Bodhisattva....."

Su Chen sat down and told Ji Ruxi and these women everything that happened when he went to the fairy world.

However, he also brushed aside some of the affairs of Princess Iron Fan, Third Holy Mother Yang Chan and others, and Su Chen was also afraid that these women would despise him.

After Ji Ruxi and the other girls heard what Su Chen said, they were speechless for a long time.

The women looked at Su Chen and felt incredible that

Su Chen was pretending to be a Guanyin Bodhisattva in the fairy world, and Su Chen was in heaven. He also managed to defeat the Queen Mother, and even the Queen Mother's peach garden was occupied by this bastard.

If their strength was not too low, Ji Ruxi and these women would all want to taste the flat peach with the best innate spiritual roots.

Is this just what this bastard said about getting rid of the Queen Mother?

What kind of deal is this?

They all guessed that Su Chen would not capture the Queen Mother, right?

If Su Chen takes down the Queen Mother, then this bastard will really be too outrageous.

Xiaobai looked at Su Chen and asked worriedly,

"Husband, you said you want to become an immortal within three years. Then after you become an immortal, you will have to do the 10,000-level trial mission. Will the 10,000-level trial mission still be in the fairy world?"

Xiao Bai feels that the 9900-level ladder trial is very difficult for Su Chen. It should not be hell-level difficulty. After all, Su Chen is facing the immortals and Buddhas in the fairy world.

If the 10,000-level ladder trial is The trial is still in the immortal world, and with Su Chen's strength as he has just become an immortal, he may be in great danger.

"Yes, the 10,000-level trial mission is still in the fairy world."

Su Chen nodded when he heard Xiaobai's words.

Then he looked at Ji and Xihe and said,

"Xihe, you need to send someone to inform Concubine Yan and Jing salamander to let them deal with the matters at hand as soon as possible. In two years, I will take you to climb the ladder to heaven."

"I see!"

Ji Ruxihe nodded hurriedly when she heard Su Chen's words.

She also knew that time was tight.

One hundred days in the Shenyu Continent is equal to one day in the Tianxuan Continent. The women like Concubine Yan and Jing Salaman only had about seven days to prepare.

If Some women may not be able to make it by then, and they may miss a huge opportunity.

Su Chen thought about it and said to Xiao Bai,

"Xiaobai, order the secret guards to inform Queen Medusa of the Snake Tribe, Xu Zhihu of Northern Liang, High Priest Bo Saixi of Poseidon Island, and Queen Bidong'er of the Southern Continent Spirit Empire. These women will also be here two years later. Come here."

Su Chen didn't want to call Bi Dong'er to come.

After all, Bi Dong'er is not his woman, but he didn't call her an adulterer for nothing.

Besides, Bi Dong'er is a very noble and cool beautiful woman. Su Chen is also very fond of Bi Dong'er. Interested.

Xiao Xun'er and Qian Xue'er have already climbed the ladder to heaven. The elf princess Sylph and Isabella are too far away. They have also climbed the ladder to heaven. There is no need to call them back this time.

Shi Feixuan looked at Su Chen and said He requested, "Husband, please call me master and senior sister too.""

Suru heard Shi Feixuan's words, she looked at Su Chen and said, "Brother, call Shuiyue and Lu Xueqi."

"All right!"

Su Chen nodded and agreed. Anyway, so many people have gone there, including Shuiyue from Qingyun Sect and several of her disciples.

When Shi Feixuan and Suru heard that Su Chen agreed, they were very Shi

Feixuan wanted to repay Shui Yue for her selfless teachings and the care given to her by the senior sisters.

Su Ru felt that she owed something to the Qingyun Sect. If Shui Yue's cultivation realm became stronger after climbing the ladder to heaven , Qingyun Sect will still be the top sect in Shenyu Continent in the future.

Zhou Zhiruo reminded Su Chen,

"Our people also need to inform them that the Huanwen people are still practicing outside, and they also need to be reminded that they will come back in two years. The women who are in retreat must also notify them in advance of leaving the retreat."

"Well, you can arrange this yourself."

Su Chen smiled and said to Zhou Zhiruo.

Su Chen felt that he had led these women astray. These women should stop asking questions, right?

"Husband, Yue'er, aren't you going to find her and come back?"

"No, Guanyin Bodhisattva and Our Lady of Wudang will not harm Yue'er, they will send Yue'er back in the future."

Chapter 1686

In the pavilion,

Su Chen did not tell Ji Ruxi or these women specifically about Su Yue.

He is now not sure whether Guanyin Bodhisattva and Wudang Holy Mother have discovered his secret. They can only wait ten days and a half to find out.

When night came,

Su Chen had a reunion dinner with the girls.

Su Chen felt very happy when he looked at the girls at the dinner table. Ji Ruxihe, Shi Feixuan, Xiaobai, Shui Rou, Zhou Zhiruo, Suru and others. , most of the women here are his women.

Su Chen also plans to stop wandering around.

The trial of the Ten Thousand Steps Ladder will begin in less than three years. Su Chen must improve his strength as soon as possible.

"Su Chen, I want to go back to the Western Continent, can you arrange for me to go back?"

At the dinner table, the mermaid Delia looked at Su Chen and asked anxiously.

Delia has been captured in the Eastern Continent for more than half a year. Although she was very happy here with Su Chen, she was also worried about the Queen of the Mermaid Tribe. Looking for myself everywhere.

Delia's silent disappearance, her mother, the Queen of the Mermaid Tribe, is probably very worried about her. It was safe, but it was impossible for her to return to the Western Continent alone. Delia could only ask Su Chen to send her back.

"Okay, I'll take you back in person in a few days."

Su Chen was very speechless when he heard what the mermaid Delia said.

He had just decided not to go out for a wander, so the mermaid Delia found something for him. The women in the mansion either had their own things to do or were practicing in seclusion. Su Chen didn't have a suitable person to send the mermaid Delia back to the Western Continent.

"Thank you, Suchen!"

Delia smiled and thanked Su Chen when she heard what Su Chen said.

She actually didn't want to go back to the Western Continent, but she was caught this time. Her mother would be very anxious if she didn't have information about her. Maybe even start a war against humanity

"You're welcome!"

When the girls at the dinner table heard what Su Chen and Delia said, they looked at each other and shook their heads.

Not even a day after Su Chen came back, this bastard planned to go out again, and this time he was going to the Western Continent.

This made them all very helpless.

They also knew that Delia had a special status.

If she went back by herself,

Delia might be caught by human traffickers or some interested humans on the way. After all, mermaids are all Very beautiful.

Suru suddenly said to Su Chen while drinking tea, "Brother, that girl Su Yan has arrived in Dali City, Nanzhao Kingdom. Don't you send someone to capture her?"

"No need, Yan'er has Qingying protecting her and nothing will happen to her."

Su Chen shook his head and replied.

Su Yan has tried every means to get out since he came to the Shenyun Continent.

Last time in Qingyun Sect, Su Yan deceived Qingying, so Su Chen asked Ji Ruxi and the other girls not to take more care of Su. Yan, Qingying is a cultivator who has transcended the calamity realm. With Qingying protecting Su Yan, it is impossible for anything to happen to that girl.

After hearing Su Chen's words, Suru rubbed her forehead and said,

"I didn't mean that something would happen to Yan'er. That girl actually led a black-armored army and said she wanted to conquer Nanzhao. I asked you to stop that girl."

Suru also understood why Ji Ruxi and the other girls were not allowed to let Su Yan out of the house before.

That girl is such a fool.

How long has it been since she ran out?

Su Yan actually led an army to destroy the country? This is a Is this what a little girl should do?

I guess!

Yan Yatou is really not easy to worry about.

Oh!

That girl is too wild.

Why is she so belligerent even after she has arrived in the Shenyun Continent?

Su Chen also heard what Su Ru said. He was very speechless. Su Yan was wilder than him now. Like father, like daughter.

However,

Su Chen suddenly thought,

Nanzhao country?

Isn't that the country of Zhao Ling'er's father?

After thinking about it, Su Chen felt no longer Regardless of Su Yan, that Miao King is a waste.

It would be best if Su Yan could destroy the Nanzhao Kingdom. Worshiping the Moon and the Water Monster are no threat to Su Yan at all. With Qing Ying here, the Shen Yun Continent can threaten Su Yan. There are not many people

"Forget it, don't worry about that girl. The small Nanzhao Kingdom poses no threat to Yan'er."

Tian Linger looked left and right.

She was very envious of her sister Su Yan.

She also wanted to go out and lead troops to fight with her sister Su Yan. But all this was wishful thinking. She is now either cultivating or cultivating in the city lord's palace. , she was bored to death.

After the girls at the dinner table heard Su Chen's words, they all rolled their eyes at Su Chen.

Su Yan was becoming more and more similar to Su Chen, both in terms of personality and ability to cause trouble. The father and daughter were each stronger than the other.

Ji Ruxihe shook his head and said to Su Chen,

"I have sent the deputy commander of the Shadow Assassins, You Xue, to lead three teams of Shadow Assassins. After all, Yan'er is still young, so I don't feel at ease if there is no one to take care of her."

When Su Chen heard about the Shadow Assassins, he felt very helpless.

Since the Shadow Assassins came to the Shenyu Continent, their role for him has become smaller and smaller.

The female ghost next to Su Chen has now taken over the duties of the Shadow Assassins.

The strength of the Shadow Assassin is still too weak, and it still takes time for him to train the Shadow Assassin.

Su Chen thought about it and then told Ji Ruxihe,

"That's fine, but the strength of the Shadow Assassins can't keep up. Xihe gathered all the Shadow Assassins and asked all the Shadow Assassins to participate in the ladder climbing two years later."

Ji Ruxihe nodded.

She thought Su Chen's approach was good.

The Shadow Assassin was their most loyal subordinate. She didn't want the Shadow Assassin to fall from power. However, she thought of the secret guards and Luo Sheng, who were also their loyal subordinates.

"Well, that's good. After all, the Shadow Assassins are our bodyguards. Let's do this. The Shadow Assassins, Secret Guards, and even Luo Sheng are all recalled this time, so that all these organizations can participate in climbing the ladder."

Shi Feixuan said worriedly when she heard Ji Ruxihe's words, "If we do this, won't our intelligence system be paralyzed?"

Ji Ruxihe smiled and explained,

"No, it won't take long to climb the ladder. The Tianxuan Continent is already very stable. In the Divine Meteor Continent, the territory we occupy is still small, so this has no impact on us."

Su Chen thought about it and felt that Ji Ruxi's idea was good.

Secret guards!

Shadow assassins!

Snares!

These are the sources of intelligence for them to control the world. Su Chen also hopes that these organizations can become stronger.

"Then call them all back, and also call in the Jurchen Women's Legion. From now on, the Jurchen Women's Legion will serve as the guardian legion of the imperial palace in the Godfall Continent."

"Okay, I'll write to Concubine Yan immediately."

Su Chen and the girls were eating while discussing the future development of Hangzhou City and the war against the Song Dynasty.

Until late at night, the girls all dispersed to rest. Su Chen took Ji Ruxi and He Shuirou with him. (Mrs. Ye Di) also went to rest

"Xiaoqing, you will come over soon. Su Chen will send Delia back to the Western Continent in a few days. If you don't hurry up, that bastard will find so many women."

"Xiaobai, I...."

Chapter 1687

After Xiaoqing heard Xiaobai's words, her face turned red and she felt a little overwhelmed.

She liked Su Chen very much, but that bastard was often not in the mansion, and Xiao Qing also had very big complaints about Su Chen.

However, if Xiaoqing sent it to her door by herself, she would be very embarrassed. It wasn't that she didn't want to go, but it just made her really embarrassed to go.

"Forget it, you sleep with me tonight."

Xiao Bai looked at Xiao Qing and shook her head.

She knew everything Xiao Qing was thinking.

Su Chen was accompanying Shui Rou and Ji Ru Xihe tonight. Xiao Qing was probably too embarrassed to go there.

"Okay, Xiaobai!"

Xiao Qing finally breathed a sigh of relief.

If Su Chen accompanied Xiao Bai tonight, she would not hesitate to find Su Chen and Xiao Bai.

However, after all, Xiao Qing's relationship with Shui Rou, Ji Ruxi and Xiao Qing is not that close yet. She didn't want Shui Rou and Ji Ruxi to see her joke.

Nanzhao Kingdom, outside Dali City!

Fifty thousand black-armored troops were already stationed twenty miles away from Dali City.

In the commander's camp,

Su Yan and Princess Chei were lying on the ground. Resting together.

The Second Army of the Northern Combat Army is commanded by Princess Che.

A few days ago,

Princess Che was very happy with the arrival of Su Yan. She also led the army to attack Nanzhao under Su Yan's instigation. The country launched a war.

Princess Che also told Commander Mu Guiying in a secret letter, and Mu Guiying's reply was only one word, accurate!

Su Yan lay next to Princess Che and asked, "Auntie, Can we capture Dali City tomorrow?"

Princess Chei touched Su Yan's hair and said with a smile,

"Yan'er, it's not difficult to break through Dali City, but the Moon Worshipping Cult in Dali is a threat. The scouts reported that the Moon Worshipping Cult leader may be a cultivator in the realm of distraction. We should be careful with the Moon Worshipping Cult leader."

"Haha, aunt, don't worry, the leader of the Moon Worshipping Cult will be left to Shui Qilin to deal with it."

Su Yan laughed when he heard Princess Chei's words. Su Yan doesn't care about a cultivator in the distraction realm. Not only is Qing Ying from the Tribulation Realm beside her, but her mount Shui Qilin can destroy Fen. The leader of the Moon Worshipping Cult in the divine realm. Princess Chei thought of the monster Su Yan was riding, and she asked doubtfully, "Water Qilin?" Is that your mount? Is it a water unicorn?" Princess Chai thought that she was shocked when she saw Su Yan's mount for the first time. Su Chen had said that there were demons, ghosts, and even some powerful monsters in the Shenyun Continent. Princess Chei It was also the first time she saw a monster. The monster was smaller than a horse. She felt very powerful when she looked at it. The monster could even kill her in an instant. But she didn't expect that the monster turned out to be a water unicorn. Princess Che thought that the water unicorn might have become smaller so that Su Yan could ride more comfortably. The water unicorn's body might be very huge. Su Yan nodded and admitted, "Yes, aunt, the water unicorn is my father's descendant from Qingyun." He came from the door, and the water unicorn is also a sacred beast in the Mahayana realm. One claw of the water unicorn can kill the leader of the Moon Worshipping Cult.

"

"hiss! Water Qilin is so powerful? Your father is so kind to you. With Shui Qilin here, I don't worry about your safety anymore."

Princess Chai was really frightened when she heard Su Yan's words.

She didn't expect that Shui Qilin was one step away from being a monster in the Tribulation Realm.

The Tribulation Realm was the most powerful existence in the Divine Meteor Continent. That bastard Su Chen was so cruel to him. The protection of her daughter was really painstaking.

Su Yan smiled, lay in Princess Che's arms and closed her eyes.

She hadn't told Princess Che yet that there was a real Tribulation Realm monster next to her.

No!

It wasn't a monster. The beast is her Aunt Qingying,

Su Ying!

Dali City, the Dali City Wall is brightly lit at night, and groups of troops are constantly patrolling the city wall. The arrival of the black-armored army makes the army and people of Dali City very panic. In the Dali Palace,

King Miao was very uneasy walking around the palace.

Three days?

In just three days,

Nanzhao Kingdom was conquered one by one. Now the enemy army has even attacked the capital.

"Your Majesty, Bai Miao is still unwilling to send out troops to help us."

At this time, an old man in black walked quickly to King Miao and saluted.

King Miao was surprised when he heard what the old man said and asked, "What? The Bai Miao people are still unwilling to send out troops? Damn it, doesn't Bai Miao know that if our Black Miao are wiped out, White Miao will be next?"

"Your Majesty, Bai Miao is still worried about the death of the high priest. Bai Miao will not send out the army to save us, Black Miao. Bai Miao probably wants us to be destroyed by that mysterious army."

King Miao was filled with hatred when he heard the old man's words.

The high priest was very beautiful, and she was also his witch queen.

However, all of this was destroyed by the leader of the Moon Worshipping Cult.

What kind of snake demon?

All of this was destroyed. It was the nonsense of the leader of the Moon Worshipping Cult, but the matter was irreversible. The Witch Queen Qing'er turned into a stone statue in order to seal the water monster, and Bai Miao and Black Miao were incompatible with each other from now on.

"Damn it, damn it, all this is due to the Moon Worship Cult. Where is the leader of the Moon Worship Cult? Elder, aren't you willing to take action even if you worship the moon?"

"Your Majesty, the leader of the Moon Worshipping Cult is willing to help, but he also made a request"

"explain!"

"The Moon Worship Cult mainly sacrificed Princess Zhao Ling'er to the Water Monster"

"What? How can this be? Ling'er is the only heir to our Black Miao. The leader of the Moon Worshipping Cult is so cruel!"

After King Miao heard the elder's words, he was so angry that he wanted to kill the leader of the Moon Worshipping Cult.

Ling'er was his only heir and the only heir of the Black Miao of Nanzhao. The Moon Worshipping Cult was planning to seize Nanzhao. To the throne of Zhao Kingdom,

King Miao wanted to immediately order the death of the leader of the worshipping moon, but he could only think that the leader of the worshipping moon was a very powerful immortal cultivator. I am afraid that the entire army of Hei Miao would not be the opponent of the leader of the worshipping moon, otherwise , he had already ordered the execution of that damn Moon Worshipping Leader

"Your Majesty, what shall we do?"

"let me think, let me think"

"Yes, Your Majesty."

After Elder Hei Miao left,

King Miao sat on the throne without a master.

He didn't know what to do now?

King Miao thought that he had killed the Witch Queen, would he have to watch his daughter die again more than ten years later? Really?

No!

The Nanzhao Kingdom cannot be subjugated.

Ling'er, father can't forgive you anymore.

For Heimiao!

For the sake of the Nanzhao Kingdom!

My father can only sacrifice you.

Lord Worshipping Moon, even if you sacrifice my daughter to Shui. Warcraft, but Heimiao is mine, and Nanzhao Kingdom is also mine. You can never take the throne from me.~

At this moment, not far outside Dali City,

Zhao Ling'er and Butterfly Demon looked at the Qilin Cave in front of them. They didn't dare to go in rashly.

According to what Su Chen said, the Five Spiritual Pearls and the others obtained the Wind Spiritual Pearl from the monster Phoenix. They obtained the Earth Spirit Pearl by killing the Red Ghost King. In addition, they obtained the Thunder Spirit Pearl in Su Chen's hand. Pearls and water spirit beads, the only remaining five spirit beads are the fire spirit beads.

But the fire unicorn in the Qilin Cave is probably very powerful, and they don't dare to go in rashly.

"Linger, do we want to go in?"

Chapter 1688

Butterfly Demon feels that the Fire Qilin in the Qilin Cave is very powerful. She and Zhao Ling'er are probably no match. Even if they master the Wind Lingzhu and the Earth Lingzhu, she still feels that they cannot beat the Fire Qilin.

Zhao Ling'er looked at the Butterfly Demon and thought for a while and said, "Butterfly, this is the last spirit bead. Although we can't defeat the Fire Qilin, we can steal the Fire Spirit Bead like we did last time when we stole the Wind Spirit Bead."

The Butterfly Demon shook his head. He shook his head and reminded,

"Ling'er, this may be very difficult. The Fire Lingzhu is in the Qilin Cave. If we enter the Qilin Cave, we will definitely disturb the Fire Qilin."

"With your Nascent Soul Realm cultivation and mine, can we really not defeat the Fire Qilin?"

"It's hard! Fire Qilin should be a monster beast in the out-of-body realm. The two of us together are probably no match for Fire Qilin."

"How about we wait nearby for a few days. If the Fire Qilin comes out of the Qilin Cave, we will go in and look for the Fire Spirit Orb."

"Well, we'll wait and see in a few days."

Zhao Ling'er and Butterfly Demon discussed for a while, but there was no way. They couldn't match the power of Fire Qilin, and they could only wait for Fire Qilin to leave before secretly stealing the Fire Spirit Pearl. The next morning, the troops in Dali City lined up. After the team left Dali City, more than 150,000 troops were in formation outside Dali City, waiting for the arrival of the Black Armored Legion.

On the city wall,

King Miao saw that all his troops had left Dali City, and he was worried about the black Miao soldiers beside him. The elder asked,

"Elder, our army went out of the city to fight the Black Armored Legion. Can this defeat the Black Armored Legion?"

An old man saluted King Miao and said,

"Your Majesty, this is the meaning of the leader of the Moon Worshiping Cult. After a while, the leader of the Moon Worshiping Cult will personally kill the commander of the Black

Armored Legion. In this way, the Black Armored Legion will be destroyed without an attack, and our army can also take the opportunity to hunt down the Black Armored Legion."

"So that's it!"

King Miao nodded when he heard the words of Elder Hei Miao.

He knew that the leader of the worshipping moon was very powerful. If the leader of the worshipping moon could personally take action today, this war would be foolproof. If he could save Nanzhao, he would have to sacrifice again. His daughter is also worthy

"Your Majesty, don't worry. The leader of the Moon Worshipping Cultivator is a very powerful immortal cultivator. Ordinary warriors cannot be the opponent of the immortal cultivator. King

Miao waved his hand and continued to ask,

"I understand, elder. Whose army are those black-armored legions? Have you found out?"

"Your Majesty, the Black Armored Army is the army of Lord Wu Xiang of Hangzhou City of the Song Dynasty. Lord Wu Xiang's army has defeated the southern army of the Song Empire. The entire southern part of the Song Empire has been occupied by Lord Wu Xiang."

"oh? A rebel could actually defeat the army of the Song Empire and even occupy the entire south of the Song Empire. This Lord Wu Xiang should be a rebel with great ambitions."

"Yes, Your Majesty, Lord Wu Xiang's army is attacking the northern part of the Song Empire. Half a million black-armored troops are attacking the northern part of the Song Dynasty. If the Song Empire cannot stop Lord Wu Xiang's army from attacking, the Song Empire may It will destroy the country."

King Miao heard that Wu Xiangjun's army still had 500,000 troops, and was even attacking the Song Empire.

This made his face pale with fright.

500,000 black-armored troops?

Attacking Nanzhao this time The army only has 50,000 black-armored legions, and

Nanzhao is no match for the 50,000 black-armored legions.

If Lord Wu Xiang dispatches hundreds of thousands of black-armored legions to attack Nanzhao again, what will he do to resist?

Wu Xiangjun's men It is impossible that there will be no immortal cultivators, if Lord Wu Xiang dispatches powerful immortal cultivators.

Is the leader of the Moon Worshiping Cult the opponent of the immortal cultivators in the Central Plains?

"Damn it, why would Mr. Wu Xiang fall in love with this remote place like ours? Our Nanzhao Kingdom does not have any treasures to attract Wu Xiangjun. Why did Wu Xiangjun attack our Nanzhao Kingdom?"

"this.....This old minister doesn't know."

Elder Hei Miao lowered his head hurriedly when he saw the ugly look on King Miao's face.

Elder Hei Miao also understood that if the leader of the Moon Worshiping Cult defeated this black-armored legion this time, it would definitely anger the military in Hangzhou City. Lord Xiang. There are many outstanding people in the Central Plains, and there are countless powerful immortal cultivators. If Lord Wu Xiang also has powerful immortal cultivators, then the Nanzhao Kingdom may be slaughtered by the angry Lord Wu Xiang. Elder Hei Miao also thought before. He persuaded King Miao to surrender, but he could only think that if he dared to say this to King Miao,

King Miao would definitely execute him without hesitation.

In order to stabilize the throne of Nanzhao, King Miao first wanted to kill him for the crime of snake demon. The High Priest of Bai Miao is also the Witch Queen. Now in order for the Nanzhao Kingdom not to be destroyed, the Miao King has agreed to sacrifice his daughter to the Moon Worship Cult.

The Miao King cannot surrender, and he does not want to lose his Nanzhao King throne.

Woo woo woo.....

At this time, the sound of a horn came over.

On the wall of Dali City,

King Miao and Elder Hei Miao hurriedly looked outside Dali City.

Dong Dong Dong Dong..... da da da da.....

In the distance of Dali City, the sound of neat steps came over, and there was even the sound of messy horse hooves.

A quarter of an hour later, dense black shadows in the distance appeared in front of the Dali army.

King Miao on the city wall saw the arrival of the black armored legions.

He held hands tightly and was very unwilling. These black armored legions were too powerful. Legion A had not arrived yet, but the chilling atmosphere made him feel very panicked.

The black-armored army stopped more than a mile away from Dali City. Princess Chai and Su Yan were very surprised when they saw more than 100,000 troops outside Dali City. They did not expect that the army from Dali City would leave the city. Could it be that Nan Is Zhao Guo going to fight to the death? Is it just that Nanzhao's army is that powerful? Su Yan rode on the back of the water unicorn. She looked at the army outside Dali City and said disdainfully,

"Auntie, are these Nanzhao troops fools? The city wall was not guarded and he even went out to seek death. It seems that King Miao was also a useless waste. Princess

Chechai shook her head and said cautiously,

"No, Yan'er, there must be some conspiracy in Nanzhao Kingdom."

"Nanzhao Kingdom has more than 100,000 troops. Our Black Armor Legion can destroy them with a single charge. It is impossible for Nanzhao Kingdom not to know that their army is no match for our Black Armor Legion."

After Su Yan heard Princess Che's words, she touched her chin and thought about it and guessed,

"Auntie, could it be because of the Moon Worshiping Cult Leader? I guess the leader of the Moon Worshiping Cult may take action to kill us. Only in this way can we explain why the Nanzhao army came out of the city to fight."

"possible!"

"Haha, then there is no problem."

Su Yan smiled and didn't care.

If the leader of the Moon Worshiping Sect dares to come,

Shui Qilin will teach the leader of the Moon Worshiping Sect how to behave.

Su Yan patted Shui Qilin who sat down and said,

"Shui Qilin, have you heard what you just said? I will leave it to you when the Moon Worshiping Cult Leader arrives. If you can quickly kill the Moon Worshiping Cult Leader, I will reward you with a five-turn golden elixir jelly bean."

"Ho ho ho!"

Chapter 1689

After hearing Su Yan's words, Shui Qilin nodded obediently like a puppy.

Since Shui Qilin followed Su Yan, it had eaten several third-turn golden elixirs and fourth-turn golden elixirs along the way. This increases its strength very quickly.

If Su Yan gave it a fifth-turn golden elixir this time,

Shui Qilin felt that it would only need to practice for a few months before it could successfully advance to the realm of transcending tribulation.

Shui Qilin felt that it was much better to follow Su Yan than in Qingyun Sect.

In Qingyun Sect,

Shui Qilin only slept. For thousands of years, it only slept and practiced, and it could not leave Qingyun Sect.

But after following Su Yan,

Su Yan took it everywhere, and it could even eat some elixirs. This was much better than the treatment in Qingyun Sect.

There was also Su Yan's mysterious father.

That man was too scary. Well,

Su Yan's father had several powerful immortals around him, and those immortals were also famous in the immortal world.

The Wudang Virgin of Jiejiao and the Guanyin Bodhisattva of Buddhism, these women are like pyramids in the fairy world.

Shui Qilin felt that as long as it followed Su Yan in the future, it would definitely become a real Qilin holy beast.

Princess Chee looked at the puppy-like water unicorn and shook her head. The water unicorn was not the holy beast she imagined at all.

"The messenger, blow the horn, prepare to attack"

"Yes, Legion Commander!"

Woo woo woo.....

The Black Armor Legion's attack horn sounded. The soldiers of the Black Armor Legion looked at the Nanzhao army in front, and they all raised their weapons and prepared to attack.

Seeing the black-armored regiment that had gained momentum, Princess Chee continued to issue orders,

"The cavalry regiment was ordered to rush into Dali City after the war. The 10,000 troops were to attack the enemy head-on, the 20,000 and 30,000 troops were to attack from both wings, and the 40,000 troops were the reserve corps."

"Yes, Legion Commander!"

When Su Yan saw that the Black Armored Legion was about to attack, she thought of her Black Bird Legion.

If her Black Bird Legion arrived this time, it would be her Black Bird Legion's credit for destroying Nanzhao. It's just that the Black Bird Legion is far away from the Han Empire in the Tianxuan Continent. Even if the Black Bird Legion comes to the Shenyu Continent, it will probably take a long time.

King Miao on the wall of Dali saw the Black Armor Legion and was about to attack, but thanks The Moon Worship Leader has not arrived yet.

This made King Miao panic and shout, "Where is the Moon Worship Leader?" Why hasn't he appeared yet? The Black Armor Legion is about to attack. Is the Moon Worshipping Leader trying to deceive me?"

"Your Majesty, we don't know either. The leader of the Moon Worshipping Cult said that he would appear. Maybe he would be brought after the war between the two armies."

King Miao felt dizzy when he heard the words of his ministers. He showed up again after the war?

Does this mean that all his troops will die?

A single charge from the Black Armor Legion can destroy his army. His army can wait until the leader of the Moon Worshipping Cult. Did they appear?

King Miao slapped the city wall hard and shouted angrily,

"Damn it, after war? Our army will be finished after the war begins. Hurry up and find the leader of the Moon Worshipping Cult and ask him to kill the commander of the Black Armored Legion now."

"Yes, Your Majesty!"

At this moment, on a mountain outside Dali City, the leader of the Moon Worshipping Cult in black robes looked at the black armored army and was speechless for a long time.

He was just about to kill the commander of the black armored army, but the roar of the water unicorn just now made him timid..

The leader of the Moon Worshipping Cult did not expect that there was a powerful monster in the black armored legion. If it were not for the roar of the monster just now, he really would

not have discovered the existence of the water unicorn. The roar of the water unicorn made the leader of the Moon Worshiping. Shivering, Shui Qilin must be much more powerful than him.

Baiyue is not going to die.

"King Miao, it's not that this leader doesn't want to help you, this leader is also powerless. I'm afraid Nanzhao is going to be doomed."

The leader of the Moon Worshiping Cult suddenly disappeared after looking at Dali City.

"attack!" woo woo woo woo.....

"kill!"

"kill!"

"kill!"

After the black-armored legions heard the attack horn, they rushed over one by one with weapons raised and shouting, swish, swish, swish, swish, swish.....

Archers and crossbows all charged towards Nanzhao's army, while ten thousand black-armored cavalry rushed directly towards the city gate. As long as the city gate was captured, Dali City would be sure of victory.

The general of Nanzhao saw the charge of the black armored army, and even killed countless black Miao troops by archers and military crossbows.

He yelled to calm the panicked army, "Stand still, hold still. We are the army of Nanzhao Kingdom, and we are powerful black Miao people. Stop the charge of the black armored army."

"No more fighting, the Black Armor Legion is too powerful"

"Escape, the Miao King is asking us to die. There is a city wall that won't let us defend it. If we go out to fight in the city, we are going to die."

"Run away, run away quickly, those black-armored legions look very fierce."

"Save me and escape with me!"

"We can't escape. Our family members are still in Dali City. If we escape, our family members will be demoted as slaves."

"There's not much we can do about it, it's more important for us to save our lives first."

Outside Dali City, before the black-armored army rushed over, countless Nanzhao troops were killed by archers and crossbows. The Nanzhao troops were so panicked that some began to flee.

"kill!"

At this time, the Black Armored Legion also rushed over.

When the two armies collided, countless Nanzhao Kingdom's troops were killed instantly. The Black Armored Legion's swords and Changge slaughtered the Nanzhao Kingdom's army one after another. The strength of the average acquired peak of the armored legion was simply not something that the old and weak soldiers of Nanzhao could resist.

Behind the black armored legion,

Su Yan looked around and asked in confusion, "Auntie, where is the leader of the Moon Worshipping Cult?" Shouldn't he be taking action?"

Princess Chei frowned and shook her head.

She was also very confused. The war had already begun, but why didn't the leader of the Moon Worshipping Cult come over to assassinate her?

"Yan'er, I don't know. Could it be that the leader of the Moon Worshipping Cult hasn't arrived yet?"

"Haha, didn't come? If the leader of the Moon Worshipping Cult hadn't arrived in another half hour, Nanzhao's army would have been wiped out."

"This is a bit strange. Doesn't the leader of the Moon Worshipping Sect dare not come?"

"Huh? Auntie, could it be that the leader of the Moon Worshipping Cult discovered the water unicorn? Is he too scared to come?"

"possible!"

Su Yan and Princess Chei were very confused when the leader of the Moon Worshipping Sect did not show up.

However, this has nothing to do with their war. The arrival of the leader of the Moon Worshipping Sect is seeking death. The leader of the Moon Worshipping Sect does not dare to come. This also has no bearing on their war. Their attack on Dali City had no impact.

On the city wall,

Elder Heimiao saw that the army was vulnerable. The army of Nanzhao Kingdom had been beaten to death and could not escape. I am afraid that the army of Nanzhao Kingdom will be destroyed soon. ,

Elder Hei Miao hurriedly said to King Miao, "Your Majesty, run away quickly, I'm afraid the leader of the Moon Worshipping Cult will not appear."

"Damn it, the leader of the Moon Worshipping Cult actually deceived me and deceived all of my troops out of Dali City. That bastard, that shameless villain, the Black Miao people will never let go of the leader of the Moon Worshipping Cult in the future."

Chapter 1690

When King Miao heard what Elder Hei Miao said, he cursed angrily.

The leader of the Moon Worshiping Sect did not show up, which made him feel that he had been deceived by the Moon Worshiping Sect.

Nanzhao's army suffered heavy casualties.

The black-armored army will probably attack Dali City soon, and Nanzhao will be destroyed. All of this is the fault of the leader of the Moon Worshipers.

"Kings!"

"Let's go to Bai Miao's priest temple.

Elder Hei Miao was surprised when he heard King Miao's words and said, "What?" Your Majesty, are we going to the priest temple of Bai Miao? The Bai Hmong people would not agree. King

Miao waved his hand and said anxiously,

"Now, where do we have to go? Are the remaining cities in the rear safe? We can only temporarily hide in the priest temple of Bai Miao"

"Yes, Your Majesty!"

The Miao King then hurriedly left the city wall with his guards. The black-armored cavalry was about to rush into Dali City. If the black-armored cavalry rushed into Dali City, he would not be able to escape even if he tried to escape.

Outside Dali City,

Qilin Cave,

Zhao Ling'er and Butterfly Demon also discovered the war in Dali City.

Zhao Ling'er was a little uneasy.

Dali City was the capital of the Nanzhao Kingdom and the kingdom of her cruel father. She didn't know whether the Nanzhao Kingdom would be destroyed in this war. She I don't know if his cruel father will be killed.

The butterfly demon looked at the fighting armies in the distance and said doubtfully,

"Ling'er, that's the black-armored army. Isn't the black-armored army Su Chen's army? Why did Su Chen's army come to attack Nanzhao?"

"Su Chen's army?"

Zhao Ling'er was very surprised when she heard Butterfly Demon's words.

How could Su Chen's army appear in Nanzhao? Aren't Su Chen's troops at war with the Song Empire? Could it be that Su Chen wanted to destroy Nanzhao for her? Mother revenge against mother?

Zhao Ling'er knew that Su Chen looked down upon her father very much.

When Su Chen told her about her mother, Su Chen was very disdainful of her father, King Miao, and even revealed some murderous intentions.

Butterfly Demon Point He nodded and explained,

"Yes, I heard Ning Zhongze say that Su Chen's army was all black-clad and black-armored. Su Chen had controlled the entire southern part of the Song Empire. The southern part of the Song Dynasty was also adjacent to the Nanzhao Kingdom. Su Chen's black-armored army It makes sense to come and attack Nanzhao."

"Butterfly, let's go over and see why Su Chen's army wanted to destroy Nanzhao."

"well! All right!"

Butterfly Demon nodded and agreed.

She knew that Zhao Ling'er was the princess of Nanzhao Kingdom and the only daughter of King Miao of Nanzhao Kingdom.

Butterfly Demon was worried that Zhao Ling'er still had some affection for her father.

If Zhao Ling'er still had feelings for King Miao, There is a relationship between father and daughter. I don't know whether this is a good thing or a bad thing for Zhao Ling'er.

If Zhao Ling'er prevents the Black Armored Legion from attacking Nanzhao Kingdom, this may anger Su Chen.

When Su Chen originally talked about King Miao, he revealed his murderous intention. The Butterfly Demon saw it clearly.

A quarter of an hour later,

Nanzhao's army completely collapsed. Except for some Nanzhao troops who escaped, the rest were either killed or knelt down to surrender. A crowd of people knelt outside Dali City. The Nanzhao army surrendered.

Outside Dali City, a messenger hurriedly ran to Princess Chei and saluted,

"Legion commander, the First Cavalry Corps has occupied Dali City, and the Miao King has fled. More than 60,000 Nanzhao troops were killed, more than 10,000 fled, and more than 70,000 Nanzhao troops surrendered."

After hearing this, Princess Che said expressionlessly, "The vulnerable army, what will be the casualties of our army?"

"Legion commander, our army has more than 3,000 casualties, most of which are injured."

"Well, the injured soldiers are being treated intensively, and the dead soldiers are cremated on the spot, and their ashes are to be taken back to Hangzhou."

"Yes, Legion Commander!"

After Su Yan heard this, she said sarcastically, "Auntie, I didn't expect King Miao to have escaped. A king who is so greedy for life and afraid of death, King Miao is not worthy of being a king at all. Princess Chai smiled and replied, "Yan'er, not every king is a wise and powerful king. It is easy to say that the king dies in the country, but it is very difficult to do." Su

Yan suddenly looked up at Princess Che and asked, "If my father's Xuantian Empire is destroyed, aunt, do you think my father will escape?"

Princess Chai was very speechless when she heard Su Yan's words.

Will the Xuantian Empire be destroyed?

This is simply impossible.

The Tianxuan Continent will be unified.

There are tens of millions of black-armored troops in the Xuantian Empire. , with more than millions of alien servants, only the Han Empire of the Northern Continent is still struggling in the Tianxuan Continent. It will be a matter of time before the Han Empire is destroyed.

How can the Xuantian Empire be destroyed?

The Xuantian Empire will also become a The real fairyland.

Princess Chei rolled her eyes at Su Yan when she thought of this, shook her head and said,

"No, although your father has not been serious all day long, he is a great king. Even if the Xuantian Empire is destroyed, your father will not escape when the country is destroyed.

"Besides, the black-armored troops of the Xuantian Empire are loyal to your father, and the people also love your father very much. Your father's empire cannot be destroyed."

"Unless the tens of millions of black-armored legions are wiped out and the people all oppose your father's rule, the Xuantian Empire will not be destroyed. Even the gods and Buddhas in the sky cannot destroy your father's Xuantian Empire."

Su Yan nodded when she heard Princess Chei's words.

She also knew the Black Armor Legion's loyalty to her father. There are tens of millions of Black Armor Legions. Even if there is a rebellion in the Xuantian Empire, the Black Armor Legion will soon To quell the rebellion.

The Black Armored Legion has six combat legions, plus her Black Bird Legion, there are seven powerful combat legions.

Among the seven combat legions, the commander of five combat legions is her aunt, Su Yan is the commander-in-chief of the Black Bird Combat Legion. The remaining commander-in-chief of the Tenglong Combat Legion is also held by her uncle Wei Zhuang's senior brother Gai Nie. None of the seven combat legions can rebel against her father.

"who?"

While Su Yan was thinking, the black-armored troops suddenly discovered two women appearing on the battlefield. The black-armored troops immediately surrounded the two beautiful women who came uninvited.

Princess Chei and Su Yan also looked over,

They did not expect that two beautiful women would appear on the battlefield, and they seemed to be very powerful.

Otherwise, they would not have been discovered when they arrived near Su Yan and Princess Chei.

Butterfly Demon and Zhao Ling'er saw the nervous black people around them. Army A, if they move forward, these black-armored troops will attack them.

Butterfly Demon and Zhao Ling'er were also afraid of being misunderstood by each other, so they stopped in a hurry.

Butterfly Demon looked around and shouted hurriedly: , "Don't be nervous, we are your friends Wu Xiangjun"

"Let them come over!" When Princess Che heard what the Butterfly Demon said, she waved her hands to the surrounding troops and shouted,

"Yes, Legion Commander! Princess

Chei saw Butterfly Demon and Zhao Ling'er arriving.

She looked at these two beautiful women and asked, "Who are you?" Why come to the battlefield?"

"My name is Butterfly, this is Zhao Linger, is Su Chen here too?"
