Chapter 171

Su Chen is not sleeping now. He has been thinking about escaping for the past three days, but he has tried various methods to escape.

There was also this mysterious cold cicada thread. This small transparent thread was so strong that he tried his best not to break it. This left Su Chen speechless.

However, in the past three days, Su Chen also figured out everything about Shi Guanyin. , Shi Guanyin has never been to Fuso, and of course she has not married Tianfeng Jushiro and given birth to a child for him.

Moreover, those faces raised in the desert were also used to confuse the homosexuality of the jellyfish Yinji, which shows that Shi Guanyin is still an old maid.

Well, no, maybe she was exposed by the gay Jellyfish Yinji. This is also possible. After all, Shi Guanyin was caught by the perverted woman Jellyfish Yinji.

Su Chen heard Shi Guanyin calling him, but Su Chen didn't care. This Shi Guanyin also scared him. Shi Guanyin threatened him a lot along the way, but he never took any action. Su Chen is not afraid of Shi Guanyin now.

"Li Qi, where are we going?"

Su Chen stood up and stretched. Seeing Shi Guanyin and Li Qi still wearing a veil, he smiled and said, "Now that we are on the grassland, can you tell me? Also, there's no one else here, and you're wearing a veil."

Su Chen was very surprised when she thought about yesterday when he took off Shi Guanyin's veil and saw her face. She didn't expect that Shi Guanyin was so beautiful. She was the most beautiful woman she had ever seen.

No wonder Shi Guanyin was very natural in the original work. Love, with such a face that brings trouble to the world, Shi Guanyin can be narcissistic.

"Go away, if you talk nonsense again, I will....."

"Kill me, I know, you've said it dozens of times in the past few days"

"You shameless bastard, don't think I really dare not kill you"

"Understand, understand, you are great, you are invincible, where shall we go now? And you should always let me report to my women, otherwise they will worry about me."

Su Chen opened the curtains on the carriage and looked at the endless prairie. He felt helpless. There was no one here now, and there was nothing he could do if he wanted to ask.

Su Chen now felt that they were going to leave Sui Dynasty, and Shi Guanyin was leading After flying for a whole day, God knows how far this stinky bitch Shi Guanyin flew.

Su Chen still had a lot of things to do in the Sui Dynasty. The treasures and the evil emperor's relics from the Yang Gong's treasure had not been taken out yet. What if? If he falls into the hands of Li Shimin in the future, then he will be considered an enemy.

Shi Guanyin also looked outside and said coldly, "You can just think that you are dead. Your woman cares about what you do with me.""

Su Chen looked outside, leaned on the carriage and sighed, saying,

"Alas, Li Qi, how about we reconcile? I didn't know you well before, and I mistook you because of hearsay about your information. I can apologize, and I will never call you a vicious woman again."

Shi Guanyin looked at Su Chen unexpectedly. She didn't expect that this bastard Su Chen had given up. In the past few days, this bastard had not given up to her at all, and even pushed herself from time to time. Could this bastard want her to agree to him? , let him find someone to go back and report that his women are safe, right?

"Haha, do I care what you think of me? I am a big devil and a vicious woman. You don't need to say anything. I will not agree to any conditions like you, a bastard."

What the hell, why is this woman so stubborn? It's been three days. If I don't pass on the news that I'm fine, I'm afraid something big will happen in Luoyang City.

Those women of my own will turn Luoyang upside down. If the Song Dynasty knew about it, it would be even more troublesome. Su Chen was also a little anxious now.

Suddenly at this time, the sound of horse hooves suddenly came from the front. Su Chen and Shi Guanyin immediately looked into the distance, only to see Yuan Yuan appear. There were thousands of cavalymen, and thousands of cavalymen and tens of thousands of people were coming towards them.

Shi Guanyin looked at those cavalymen and said with a cold look,

"This is the Hun cavalry. They captured tens of thousands of people and wanted to take them back to their Hun tribe."

"Then kill these cavalry. There are only thousands of cavalry here. Li Qi, go kill those beasts."

"Did I use your Wu Xiangjun command? I will kill them without you telling me."

Shi Guanyin glared at Su Chen and flew out of the carriage. She quickly killed the Huns cavalry.

Su Chen was very happy when he saw Shi Guanyin and Li Qi leaving. He looked at the cold cicada silk in his hand. He wanted to leave immediately, but he looked at Li Qi who was massacring the Huns cavalry and shook his head. Su Chen felt that it was inappropriate to leave now.

After thinking about it, Su Chen dropped the remaining 30,000 Netherworld troops from the system space. Ten thousand cavalry came out, and he now wanted these cavalry to go back to Luoyang in the Sui Dynasty and hand over the letters he had written in advance to his women, so that he would not worry about Li Shimin getting the treasure of Duke Yang in Luoyang, and his women He won't cause trouble anymore

"System, deploy 10,000 cavalry five miles away"

"Ding, ten thousand cavalry have been deployed five miles away."

Su Chen breathed a sigh of relief after hearing this. As long as his letter is sent back, he can rest assured to compete with the elusive Shi Guanyin. If he can deal with this woman, he will have a future. The helper of the human realm.

Su Chen was a little excited when he thought about it, but this woman was too elusive. Now Su Chen didn't even figure out what kind of woman Shi Guanyin was, and he didn't even discover some of her hobbies.

And At this time, tens of thousands of Han people were driven deep into the grassland by these Huns cavalry. The tens of thousands of Han people who had arrived in despair suddenly found a woman in white flying from the sky. After this woman arrived, she started to massacre these Huns. The cavalry gave the Han people hope. They all wanted this fairy to kill all the Huns.

"Kill this woman. Quick archers are ready to shoot this woman."

A Hun general saw that this woman had slaughtered hundreds of their Hun cavalry in a short while, and he hurriedly ordered. Swish, swish, swish. When he saw the bow and arrows shot at her,

Guanyin waved his hand, and the bows and arrows shot at her were She was shattered by the blow. She looked at these Hun cavalry and hit them in the air with one palm.

Boom

, boom, Shi Guanyin hit these Hun cavalry with one palm after another. Her attacks were like cannonballs, blasting here. The Hun cavalry suffered heavy casualties, which stunned tens of thousands of Han people nearby. They all now thought that this woman must be a fairy.

Su Chen was also a little surprised when he saw it. The difference between this heavenly realm and the Grand Master was so great. The Grand Master The army can still grind her to death, but the land gods in the heavenly realm may not be able to capture her no matter how many troops there are. Unless the army has a military battle formation, the army cannot keep the land gods in the heavenly realm.

Su Chen arrived with a carriage. Tens of thousands of Han people got off the carriage here. Now he wanted to know where this place was and what countries were around it.

"This old man, where is this place? Which country are you all from?"

"Sir, we are all....."

Chapter 172

"Young Master, we were all captured from the State of Zhao. This place is close to the border of the State of Zhao. In the past, General Li Mu was stationed there, and the Huns did not dare to come. However, after General Li Mu was recalled to Handan by the king,"

"The Huns here are constantly invading the border. Alas, we common people are either captured or killed. If I hadn't learned some skills, I would have been killed too."

What the hell, I've gone to the Eastern Continent? Where does this Shi Guanyin want to take me? What on earth is this bitch going to do to me? She doesn't want to monopolize her, right?

No, Su Chen thought about it and decided He decided to leave, but Shi Guanyin knew his identity. If he escaped this time, what would happen if she went to find his woman in the future? How about letting Donghuang Taiyi of the Yin Yang family compete with Shi Guanyin?

"Thank you for telling me, my father-in-law. Please leave here and return to Zhao State as soon as possible. This is the grassland. There may be other Huns cavalry here. It is a bit dangerous to stay here."

"Thank you young master and madam for saving me. I will tell everyone to leave here and return to Zhao Kingdom."

Su Chen watched the tens of thousands of Zhao people leaving and sat on the carriage waiting for Shi Guanyin. This woman had always paid attention to herself. When the old man said she was his wife just now, Shi Guanyin almost fell out of the air. Su Chen saw It was clear that Shi Guanyin was a little embarrassed. At this moment,

Su

Chen heard the sound of horse hooves and knew that ten thousand Nether Iron Cavalry were coming. Now Su Chen didn't want the Nether Iron Cavalry to return to Sui Dynasty. He just wanted to Just send a team of cavalry to carry the letter back there.

"Commander of the Netherworld Cavalry Legion, Cui Hao has met you."

"I've met your Majesty"

"Cui Hao, destroyed those Huns cavalry"

"Yes, Your Majesty, Liu Tao, your thousand-man team will stay to protect Your Majesty, and the rest will kill those Huns cavalry."

"Yes, Captain Shi

Guanyin also noticed the arrival of tens of thousands of black-armored cavalry. These black-armored cavalry looked much more powerful than the Huns cavalry here.

Shi Guanyin saw that those black-armored cavalry were going to see Su Chen. , she hurriedly went to save that bastard Su Chen, but when Shi Guanyin went to save Su Chen, those troops knelt down to Su Chen.

This made Shi Guanyin a little confused. Could these black-armored cavalry be? Su Chen's bastard army? These black-armored cavalry actually came here, which surprised Shi Guanyin. When

Shi Guanyin saw these black-armored cavalry coming to kill the remaining Huns cavalry, she flew towards Su Chen, but When she was about to come to Su Chen, she found that the black-armored cavalry around Su Chen were all pointing crossbows at her.

This made Shi Guanyin very angry. Did this bastard think that with the army here, he could Aren't you afraid of yourself?

"Let her come, she is one of our own."

As soon as Su Chen handed the letter to Liu Tao, the commander of thousands, and gave him instructions, Su Chen saw Shi Guanyin coming back. Su Chen was afraid that this Shi Guanyin would take action against his army.

"Yes, Your Majesty."

Shi Guanyin came to Su Chen and said mockingly,

"Su Chen, that's good. Your troops were able to track them here. What's wrong? Do you want to use these armies against me?"

"Haha, that's okay. Don't they know you? Just don't get along with them."

Su Chen was a little amused when he saw that Shi Guanyin was a bit arrogant and unreasonable. Shi Guanyin, at such an old age, could still lose his temper like a little woman. This made Su Chen confused. But Su Chen thought After thinking about Shi Guanyin and Li Qi's experience, it became clear to me that Shi Guanyin's family was brutally wiped out when she was a girl. She may have been living in hatred and practicing martial arts in the future. Even if she takes revenge, she is probably not too young.

"You're laughing your ass off, are you planning to leave?"

Su Chen leaned on the carriage and said with a smile,

"No, now that I have come to the Eastern Continent, I want to take a good stroll here. I don't want to leave here yet."

Since Su Chen came to the Eastern Continent this time, he wanted to wait until he attended the coronation ceremony of King Qin Yingzheng before leaving.

He also wanted to meet King Qin Yingzheng to see how this one emperor in history was doing, and then talk about his His wife, Concubine Yan, is also here. It's a good time to get together with Concubine Yan. Su Chen misses the beautiful and noble Concubine Yan.

Shi Guanyin was relieved when he heard that Su Chen didn't leave. She made a high-profile appearance in Sui Dynasty. She came to the Eastern Continent because she was afraid that the pervert Jellyfish Yinji would find her.

If Su Chen, the bastard, wasn't with her, Shi Guanyin didn't know if she would take action against this bastard. She just deliberately didn't tie up Su Chen with chilling silk. Just go and kill those Huns cavalry.

Shi Guanyin just wanted to see if Su Chen, a bastard, would abandon her and run away. Shi Guanyin was a little happy that Su Chen didn't use his ability to escape, otherwise these black armored cavalry would appear. Shi Guanyin wouldn't worry about this bastard. When

Su Chen saw that Shi Guanyin was thinking about something, he ordered Captain Liu Tao,

"Liu Tao, now you take your army and leave immediately for Luoyang in the Sui Dynasty, and do what I asked you to do for me."

"Yes, Your Majesty."

When Su Chen saw Liu Tao leaving with thousands of cavalry, he came to Shi Guanyin and looked down at her. Although Shi Guanyin was wearing a veil now, Su Chen still saw that Shi Guanyin was a little uncomfortable.

Shi Guanyin saw that Su Chen kept staring. Looking at herself, she was a little panicked. She didn't expect that bastard Su Chen would dare to look at her like this. Wasn't this bastard afraid that she would kill him? At this time, the Netherworld Cavalry also killed the remaining Huns cavalry. Cui Hao He escorted a Hun general to Su Chen, saluted and said,

"Your Majesty, this is the general of these Huns cavalry."

The arrival of Cui Hao made the ambiguous atmosphere between Su Chen and Shi Guanyin disappear without a trace. Shi Guanyin glared at Su Chen and got into the carriage. She didn't want to see this bastard Su Chen now.

"Cui Hao, interrogate and see what this Hun general knows, and see if there are any resting places around?"

"Yes, Your Majesty."

Eastern Continent, Han Country, Zilanxuan

Zinu was sitting in the room drinking tea and looked at Wei Zhuang and Han Fei next to her and shook her head. She had already told Han Fei and Wei Zhuang that she was not in the quicksand. People, Zilanxuan will not have anything to do with them in the future.

But Wei Zhuang and Han Fei have to ask clearly, but can Zi Nu tell Wei Zhuang and Han Fei that they are being threatened? The people who came with her this time There are also a hundred secret guards.

These secret guards were arranged by Concubine Yan to protect her, but Zinu knew that these secret guards were monitoring her. If Zinu did something extraordinary, she would probably be executed by Concubine Yan's order. , Wei Zhuang and Han Fei might also be killed.

Han Fei thought for a while and said to Zi Nu,

"Zi Nu, did Wu Xiangjun threaten you?"

Han Fei now has to count on the relationship between Zi Nu and Wu Xiangjun to help them, but now even Zi Nu has to leave Liusha, let alone Wu Xiangjun's help, which makes Han Fei a little surprised.

He now guesses that Zi Nu The girl must have been threatened by Wu Xiangjun to leave Liusha, but why did Wu Xiangjun want Zinu to leave Liusha? This made Han Fei confused. Zinu was also a little helpless now. That bastard Su Chen threatened her, and her wife also threatened him. , she has no choice now. Zi Nu clenched her fists when she thought of that bastard Su Chen and wanted to kill him.

Chapter 173

Wei Zhuang was drinking in silence. He just glanced at Zi Nu and stopped looking at her. Wei Zhuang now knew that Zi Nu must have been threatened by that Wu Xiangjun, but there was nothing he could do. Wei Zhuang could not Even Su Chen's women couldn't beat him.

Now there is an undercurrent surging in the cold country, and the movement of the night curtain is getting bigger and bigger. Without the help of Zi Nu at this time, I am afraid that their quicksand will also be wiped out by Ji Wuye.

Wei Zhuang's mood is very complicated now. Now that Gai Nie is the personal guard of the powerful King Qin of Qin, what does he mean in the Han Kingdom now? It seems that as an assassin, this accomplishes nothing at all.

Zinu felt very bitter after taking a sip of the wine. She didn't want to leave Liusha, but if she didn't do what Concubine Yan said, Liusha would be destroyed even faster, and Han Fei and Wei Zhuang would not be able to survive.

Zi Nu knew that Concubine Yan was already at the level of Grand Master. If she came to kill Han Fei and Wei Zhuang, Han Fei and Wei Zhuang wouldn't even be able to resist.

Zi Nu looked at Wei Zhuang and Han Fei and said helplessly. ,

"Han Fei, Wei Zhuang, I really can't help you this time, please be more careful in the future."

Han Fei regrets it very much now. Why did he go to Sui Dynasty to find trouble? It's over now. Not long after Liusha was first established, one person was missing, and he was also a very important person among them. In the future, Liusha's money and information were about to be cut off,

Han Fei stood up and said with a sad face,

"Forget it, Zi Nu, let's leave then, just.....Forget it, let's talk about the rest later."

Weizhuang also took his Shark Sword and prepared to leave here with Han Fei.

"Take care of yourself"

"Wait, Han Fei, here is a hundred thousand gold banknotes that you will need in the future. This can be regarded as my last help."

"Thank you."

When Zi Nu saw Han Fei and Wei Zhuang leaving, she stood in front of the window and looked at the night sky in Xinzheng. Zi Nu knew that Xinzheng City might become a county of Qin in a few years. Why did that bastard Su Chen help Qin? ? Is it because the Qin State is strong? As a person from the Han State, Zi Nu really does not want the Han State to be destroyed. They established Quicksand to revitalize the Han State, but now everything is ruined. At this time, a man wearing light yellow A beautiful woman wearing clothes with a delicate figure and a delicate figure came in. She came to Zi Nu and thought about it for a while and asked,

"Sister, have you really become the concubine of Wu Xiangjun of the Song Dynasty?"

Zi Nu said angrily when she heard Nong Yu's words,"Nong Yu, who are you listening to? How could I be that bastard woman or a concubine? Don't talk nonsense."

Nong Yu asked suspiciously when he saw Zi Nu's angry expression.

"Sister, when you were away, Han Fei and Wei Zhuang both said that you would definitely be his woman after being captured by Mr. Wu Xiang. Besides, weren't those masters who protected you sent by Mr. Wu Xiang?"

Zi Nu angrily crushed the wine glass and said loudly,

"Damn it, there's no way I can be that bastard's woman. Even if I die, I can't be his woman."

"Sister, why are you quitting the quicksand? Are you really threatened by Mr. Wu Xiang?"

Zi Nu touched Nongyu's head and said with a somewhat relaxed wry smile,

"Nongyu, there are some things that you don't understand, and I can't tell you. Now our Zilanxuan has nothing to do with Han Fei and Wei Zhuang. From now on, the sisters don't have to live in fear. You can also go and accompany you. Mother"

"I know."

At night,

Su Chen and Shi Guanyin stood together on the grassland and looked at the Xiongnu tribe in front of them. There were more than 30,000 Xiongnu cavalry here, and Su Chen's Netherworld Cavalry was less than 10,000. This time Su Chen wanted to Kill these Huns cavalry, and then rest here for the night.

Shi Guanyin was speechless looking at Su Chen now. She did not expect that Su Chen would find a comfortable place to rest and launch a war against the Huns tribe.

"Su Chen, are you going to start a war just to find a place to rest? Are you doing things too childishly?"

Su Chen rode on the horse and looked at the Xiongnu tribe with cold eyes. When he thought about what the Huns did to the Chinese people, he wanted to kill them all.

When he was studying history in his previous life, he thought that if he could travel to ancient times, he would definitely wipe out the tribe. All the alien races around China are not worthy of living in this world.

Now that Su Chen has the ability to destroy these alien races, how can he let them continue to live? After he establishes his country in the future, he will definitely lead an army to destroy them one by one. Kill all those alien races

"I'm not just looking for a comfortable place to rest. These aliens are a waste of food in the world. I will kill them all this time."

Shi Guanyin looked at Su Chen in surprise. He didn't expect that Su Chen also had such a bloody side.

"Are you really cruel to kill all these Huns? In addition to the more than 30,000 Huns cavalry here, there are at least tens of thousands of Huns in the Huns tribe. If you want to slaughter all these almost 100,000 Huns, will you be punished by God?"

Su Chen said nonchalantly, "What does it matter even if you are punished by God?" I won't kill all these people"

"how? Changed your mind again?"

"Haha, I haven't changed my mind. I want to kill all these Huns, except women. All Huns men must die, whether they are adults or babies."

"You are a pervert."

Su Chen was speechless. He just wanted these Huns women to carry on the family line for the Chinese people in the future. After all, the world is quite big, and the Chinese people have a small population due to years of war.

"Why am I a pervert? I am here to revitalize the Huaxia clan. After these Xiongnu women have no men, they will definitely migrate to other countries in the Eastern Continent. When the time comes, whether it is Qin or Zhao, they will accept these Xiongnu women."

Shi Guanyin said to Su Chen with some emotion, "War is unfair to women."

Su Chen ignored this crazy woman and directly ordered Captain Cui Haodao,

"What is most unfair in the world is that Cui Hao ordered the Netherworld Cavalry to be sent out. All the men in the Xiongnu tribe were not spared. I am talking about all the men, no matter adults, children, or even babies. The Xiongnu women were not spared. If you resist, kill"

"Yes, Your Majesty."

After Cui Hao received the order, he mounted his horse and came to the front of the Netherworld Cavalry. He saw that the Netherworld Cavalry was ready and said loudly,

"Your Majesty has an order to slaughter all the men of the Xiongnu, all men and women who dare to resist, kill them, Netherworld Iron Cavalry, for your Majesty, wipe out all enemies and attack"

"For the sake of your Majesty, destroy all enemies!"

"For the sake of your Majesty, destroy all enemies!"

"For the sake of your Majesty, destroy all enemies!"

Chapter 174

The sound of the horseshoes of the Netherworld Cavalry rushed towards the Xiongnu tribe like the god of death. At this time, the Xiongnu tribe's vigilance cavalry also discovered that there was an enemy attack, and they quickly sounded the horns.

Woo woo woo woo

"There is an enemy attack, there is an enemy attack, there is....."

Swish, swish, swish.

At this time, the crossbows of the Netherworld Cavalry also shot at the Xiongnu tribe. Round after round of arrow rain continued to kill the Hun cavalry who wanted to gather.

"The spears were ready, throw" buzz buzz buzz buzz buzz buzz buzz buzz buzz buzz" spear after spear was quickly thrown towards the Huns by the Netherworld Cavalry. The Huns in the Xiongnu tribe who were preparing to mount their horses were pierced to death by the spears one by one. Even the war horses in the Xiongnu tribe He was also pierced by a spear and died.

Cui Hao drew his saber on his horse and took the lead in rushing into the Xiongnu tribe. He would kill every man he saw, and the Netherworld Cavalry also rushed into the Xiongnu tribe. In the Xiongnu tribe, , the Nether Iron Cavalry began the massacre.

In the Xiongnu tribe, in a luxurious tent, a very coquettish woman wearing scantily clad clothes knew that an enemy was attacking the Huns tribe when she heard the noise outside.

This coquettish woman had no intention of going out to have a look. After making a plan, she sat quietly on the blanket, waiting for the final result.

A Hun general came to this luxurious tent and said to a burly man,

"General Baltu, there is an enemy sneak attack on our tribe, and now they have rushed in. Our Huns cavalry will be unable to withstand it. Those black armored cavalry are too powerful. Baltu said hurriedly with some fear,

"Black armored cavalry? Could it be those black-armored cavalry from Qin? How could they be here? We are very far away from Jiuyuan"

"I don't know, General Baltu, what should we do now? Baltu picked up his weapon and said loudly,

"What else can we do? Let all the Hun men in our tribe come forward. If we don't fight off these black armored cavalry this time, we will all die here."

Bartu looked back at the charming woman in the tent. This woman was the woman that the King of the Huns wanted to get. Although Baltu wanted to have sex with her, he didn't dare to. If the King of the Huns knew about it, his tribe would probably do the same. Slaughtered by the Huns

"Hu Ji, you don't have to worry. Although these black armored cavalry are powerful, they are small in number. There are more than 30,000 Huns cavalry in my tribe."

"Even the Hun men in my tribe are all warriors. I will definitely repel these black armored cavalry, and then I will send you to the Hun royal court intact."

Hu Ji looked up at Baltu. She now didn't understand why the Hun general was afraid of the black armored cavalry attacking the Huns. Are those black armored cavalry very powerful? This made Hu Ji hate this black armored cavalry. The cavalry is somewhat interested

"Haha, then I wish you success."

On the high slope outside the Xiongnu tribe.

Shi Guanyin nodded as he watched the Netherworld Cavalry slaughtering the Huns. The overall strength of these Netherworld Cavalry is much stronger than that of the Huns. I am afraid it won't take long before the Hun men here will be wiped out. After killing,

"Your army is good, but the number is a bit small. If you have a hundred thousand cavalry like this, the Huns may really be exterminated by you."

Su Chen was also very satisfied with the Netherworld Cavalry's attack. He said to Shi Guanyin and Li Qi with some pride,

"Haha, Li Qi, my army will grow more and more in the future, and the Huns won't be able to escape anyway. When I gather hundreds of thousands of cavalry in the future, whether they are the Huns or other foreign races, I will kill them one by one. Genocide"

"You are a little crazy now. Do you want to kill me in the future?"

Su Chen was speechless after hearing Shi Guanyin's words. Now when he was excited, this moody woman hit him like this.

If Su Chen could kill Shi Guanyin, he would have killed her long ago, but this Shi Guanyin She is a terrestrial immortal in the heavenly realm. If Su Chen had not killed her once, he would probably live in fear in the future.

"Um, how is this possible? What is our relationship now? How could I kill you? I'll be thankful if you don't kill me."

Shi Guanyin looked at Su Chen and said coldly,

"Su Chen, you are really shameless. If I were not strong, would you have killed me long ago?"

"Don't deny it, I've felt it from your eyes before. The reason why you didn't kill me after your army arrived was because you were afraid that if you didn't kill me with one blow, you would worry that I would always retaliate against you in the future?"

"Even those women who are afraid that I will kill you in the future, right?"

"Ahem, how is that possible? You are such a beautiful beauty, how could I kill you? You may feel wrong. Women will have random thoughts when they come. You must be.....Well, you don't seem to have that anymore, right?"

Su Chen was dealing with Shi Guanyin. As he was talking, he suddenly thought that Shi Guanyin's age would no longer have that reaction. This made Su Chen think about Yao Yue and other older women. Do they not have that reaction anymore?.

Shi Guanyin is so angry that she wants to kill this bastard. She didn't expect that Su Chen even knows a woman's menstrual period.

Although she is much older, the skills she practices can last forever, except for her age. Besides, she is no different from a twenty-year-old woman now.

Shi Guanyin, blushing, grabbed Su Chen's clothes and threatened,

"You damn gangster, if you say something offensive in front of me again, I will kill you right now."

Su Chen thought about it and felt that women like them who practice special skills should have that. Otherwise, some of the older women in martial arts dramas wouldn't be able to find those faces.

"Oh, got it, I won't talk nonsense anymore."

Shi Guanyin saw that Su Chen seemed to know something, which made Shi Guanyin blush even more. Fortunately, she was wearing a veil. Otherwise, if this bastard saw her like this, Shi Guanyin might not be able to help but kill this bastard.

"What do you understand? You don't understand anything."

Su Chen looked at Shi Guanyin speechlessly and said,

"Damn it, Li Qi, then you want me to understand that you still have menstruation? Or should I pretend not to understand that you have menstruation? I was confused by you"

"Shut up, it doesn't matter whether I have my period or not?"

"It doesn't matter. You can have a baby if you have menstruation. If you don't have menstruation, you can't have a baby."

Shi Shi Guanyin now wants to shut up this bastard. Why is this bastard involved in having a child now? Do you want to have a child? Who will you have a child with? After thinking about it, Shi Guanyin felt that this bastard wouldn't be right. Do you have an intention? When Shi Guanyin thought of this, he cursed with shame and anger,

"You shameless bastard, shut up. If you talk again from now on, I will cut off your tongue. Do you hear me?"

Chapter 175

When Su Chen saw that Shi Guanyin was angry, he shrugged and smiled and looked at the Xiongnu tribe. He also found out that it was impossible for Shi Guanyin to kill him now.

This time Su Chen took the risk to test Shi Guanyin. Su Chen was worried that after meeting Concubine Yan in the Qin Kingdom, the moody Shi Guanyin would look for trouble again and even go on a killing spree.

Now it seems that Shi Guanyin is not that bad. Su Chen has regained his mental strength now and no longer has to deliberately guard against Shi Guanyin.

When Shi Guanyin saw Su Chen looking at the Xiongnu tribe, she hurriedly touched her chest. Now she felt that her heart was beating very fast. Shi Guanyin didn't know why, but she felt that she was particularly concerned about Su Chen's shameless words.

Is it really impossible to have children as you get older? Is it impossible for a woman to give birth to a baby even after her menstrual period has ended? Shi Guanyin felt like he was going crazy now, how could he think of such a thing.

Su Chen saw that some Huns knelt down and surrendered. This surprised Su Chen. Su Chen felt that he did not need the Huns prisoners, but it seemed uneconomical to kill them like this. Even if they died, these Huns prisoners must have something. value.

Su Chen thought for a while, then patted Shi Guanyin who was thinking about something next to him and said,

"Let's go over there, the war inside is almost over."

Shi Guanyin said in embarrassment after being woken up by Su Chen patting her on the shoulder,

"You shameless bastard, who told you to touch me?"

"Hey, are you a tiger? You can't touch a tiger's butt. Will it kill you if you touch it?"

Su Chen said and hurriedly rode towards the Xiongnu tribe with the Netherworld Cavalry that protected him. Su Chen was worried about what Shi Guanyin would do to him.

Although Shi Guanyin would not kill him, but he provoked Shi Guanyin like this, Su Chen I am also afraid that this woman will beat me. Alas, I can't do it without strength. I must practice my martial arts well when I go back this time.

"Damn, this bastard is getting wilder."

Shi Guanyin ran away when Su Chen finished speaking. This made her so angry that she wanted to go over and strangle this bastard to death. Shi Guanyin calmed down and followed on horseback.

Shi Guanyin felt that she could not do this again in the future. Now she It seemed that this bastard was leading the way. Su Chen was his prisoner. Shi Guanyin felt that Su Chen could not be allowed to be so unscrupulous in the future.

In the Xiongnu tribe, nine out of ten Xiongnu cavalry were killed by the Netherworld Cavalry, and even ordinary Xiongnu cavalry were killed. The Xiongnu men also killed more than 10,000 people. The remaining Huns were so frightened by the cruelty of these ghost cavalry that they dropped their weapons and knelt on the ground and surrendered. The

Hun general Baltu was also kneeling on the ground. He still had two sticks on his body. Crossbows, Baltu was filled with fear when he looked at these black-armored cavalry.

He did not expect that his tribe's more than 30,000 troops and tens of thousands of Huns men could not defeat these less than 10,000 black-armored cavalry.

He thought of these black-armored cavalry killing people. The method was terrifying. He knelt on the ground hoping that these black-armored cavalry could spare the Xiongnu tribe. He did not want his tribe to be slaughtered by these black-armored cavalry.

Hu Ji was also escorted out of the tent by the Netherworld Cavalry. When Hu Ji came out of the camp, she saw the entire Xiongnu tribe kneeling on the open ground, surrounded by some cavalry in black armor.

Hu Ji was very shocked now. There were 60,000 to 70,000 Huns here in the light of fire. Even under the bright light, they all shivered and knelt on the ground, not daring to raise their heads. Even Baltu was kneeling in front of him with wounds all over his body.

""Kneel down!"

Cui Hao shouted expressionlessly when he saw this charming woman escorted from the Xiongnu camp. He would not be polite to this beautiful Xiongnu woman.

Lord Wu Xiang will be coming soon. All the Xiongnu here Everyone must kneel down to greet the king, no one is exempt.

Hu Ji looked at the black-armored general and knelt on the grass. The situation is stronger than the people now. Hu Ji is also a woman who knows how to advance and retreat. She will not At this time, these troops are offended

"I have met the Lord, I have met the Madam."

Cui Hao hurriedly saluted when he saw Lord Wu Xiang arriving.

Cui Hao still doesn't know who Shi Guanyin is from the Lord, but the woman who can be with the Lord must be the lady of the Lord. , he saluted Shi Guanyin without hesitation.

When Su Chen heard Cui Hao calling Mrs. Shi Guanyin, he was sweating. If Shi Guanyin suddenly burst out and killed Cui Hao, Su Chen would not be able to stop it.

Su Chen secretly observed and found that Shi Guanyin had no reaction at all. This made Su Chen a little confused. This moody woman was not angry this time, and did not even kick Cui Hao away.

Su Chen rode on horseback and looked at Shi Guanyin. Regardless of her reaction, he, the Huns kneeling on the ground, asked,

"Captain Cui Wanfu, can you control these surrendered Huns? Cui

Hao said helplessly,

"Your Majesty, I can control these Huns, but the number of our Netherworld Cavalry is too small. If we want to control these Huns, we may not be able to do other things."

Su Chen smiled and directly communicated with the system and asked the system to deploy 10,000 Nether Iron Cavalry five miles away. Su Chen just wanted these Huns to fight the Huns. After all, he didn't have many troops this time. This would be more effective than massacring them directly. There are more.

When the Huns are almost killed, I am afraid that there will not be many surrendered Huns left. At that time, I will massacre them or let these surrendered Huns continue to attack other foreign races. This is very cost-effective.

"Cui Hao, reinforcements will arrive in a while. I will replenish you with 10,000 Nether Iron Cavalry this time. From now on, you will lead the Nether Iron Cavalry to burn, kill and loot for me everywhere. The Xiongnu Chanyutman and his son Maodun, I want to see their heads later"

"You can use these prisoners as you like. In the future, if you encounter Huns who refuse to surrender, you will kill them. Let these surrendered Huns take the lead in the war. As for how to do it, I will not interfere."

"Yes, Your Majesty."

Cui Hao heard that 10,000 Netherworld Cavalry had arrived. Happily, with the arrival of another 10,000 Nether Iron Cavalry, he can launch wars on the grasslands without any scruples. These Huns will also become cannon fodder for the slave army in the future.

Seeing that Su Chen wasn't paying attention to her, Shi Guanyin loosened his fist. When Cui Hao called his wife just now, Shi Guanyin wanted to kill him with one palm.

But after Shi Guanyin heard Cui Hao call her wife, her mood improved inexplicably. This made Shi Guanyin not kill Cui Hao on the spot. Shi Guanyin felt that she had completely changed now.

She actually cares about other people's opinions of her now, and is even unknowingly connected with Su Chen in terms of title.

At this time, Hu Ji looked at the man and woman who were protected by the black armored cavalry and was a little curious. When the black armored cavalry general here saluted the man and woman, Hu Ji knew that they were under the control of this black armored cavalry. Or, now Hu Ji is a little curious about them.

Su Chen looked at these Huns prisoners and became uninterested. It was already midnight, and Su Chen wanted to rest. However, when Su Chen came to a luxurious tent, he saw a very revealing woman kneeling in front of him. When Chen looked at this woman, she felt familiar.

"Huh? Who is this woman?"

"You shameless bastard, you are actually interested in this scantily clad bearded girl. Do you want to die?"

"Damn it, Li Qi, are you going to break my arm?"

Chapter 176

Su Chen looked at this woman wearing revealing clothes and felt that she was very familiar, but he couldn't remember where he had seen this woman for a while.

Shi Guanyin saw that Su Chen, a shameless man, had been staring at the scantily clad Hun woman kneeling on the ground.

She grabbed Su Chen's arm angrily. This bastard looked down on her less and less, and now he openly wanted to play with this Hun woman.

"You shameless bastard, you are actually interested in this scantily clad bearded girl. Do you want to die?"

"Damn it, Li Qi, are you going to break my arm?"

"Just twist it off, you already have so many women, you bastard, you still want to find a Hu girl to play with?"

Damn it, what does Shi Guanyin mean? I only have three or four women, why are there so many? Besides, I just want this Hu girl, so why does I care about her Shi Guanyin? Isn't this moody woman going crazy again? Already?

"Let go, let go quickly, my men are all here, can you not go crazy at every turn?"

Shi Guanyin looked around, but as soon as she turned her head, she saw that the Nether Cavalry around them lowered their heads and did not dare to look at her, which made Shi Guanyin a little embarrassed.

Shi Guanyin let go of Su Chen and went directly into the camp. Now she had to think about what happened today. Shi Guanyin also felt that she was a little strange today.

Su Chen shook his head when he saw Shi Guanyin leaving inexplicably. This woman's thoughts were really unpredictable.

Su Chen rubbed his arms and knelt down to The woman on the ground asked,

"Look up, what's your name?"

Hu Ji raised her head and looked at Su Chen with some anxiety. Now she didn't know how this adult was going to treat her. The woman just now was too scary. Even though the woman glanced at her, Hu Ji felt like she had fallen into an ice cave. Same,

Hu Ji said to Su Chen with trembling all over,

"Lin Hu people, Hu Ji, have you ever seen"

Hu Ji?" I guess, isn't this the wife of the Xiongnu Chanyutouman? Why is this Hu Ji here? This is a medium-sized tribe of the Huns. As Hu Ji, She shouldn't be here

"Hu Ji, why are you here?"

Hu Ji hurriedly said after hearing Su Chen's question,

"Sir, I am attracted by the Xiongnu Chanyu Touman. The Xiongnu Chanyuman threatens my tribe. If I don't marry him, he will slaughter my tribe. This time Baltu is planning to send me to the Hunnu royal court."

"Cui Hao, go find out if this woman lied."

"Yes, Your Majesty."

Su Chen didn't expect that Hu Ji was not with the Hun Chan Yu Tou Man. At that time, when Su Chen was watching the anime, he only paid attention to her exposed figure. Others only knew that she was A sinister person with a very powerful heart, but now she is just a little woman with no strength.

"Get up. If you don't lie, I won't kill you."

"Thank you, sir."

At this time, there was a sound of horse hoofbeats. When Su Chen heard it, he knew that the ten thousand Netherworld cavalry he had just deployed were coming. The

Huns prisoners saw tens of thousands of black armored cavalry coming, and they were all trembling with fear. Just now, less than 10,000 black-armored cavalry defeated tens of thousands of Huns' cavalry, and now there are tens of thousands of black-armored cavalry.

This makes some Huns who want to escape in the dark kneel down and dare not do anything.
Action taken

"The captain of the Netherworld Iron Cavalry, Chang Qing, has seen your Majesty"

"I've met your Majesty"

"Everyone, get up, Chang Qing. From now on, you and Cui Hao will act together on the grassland. Cui Hao will be the leader and you will be the deputy to complete the tasks I assigned."

"Yes, Your Majesty, I will work well with Captain Cui Wan."

"You go deal with these Huns prisoners first."

"yes."

Hu Ji saw another 10,000 Netherworld Cavalry coming, and these Netherworld Cavalry actually called this young man Lord. Is this young man a Lord?

Are there such a young Lord in the Seven Kingdoms of the Central Plains? And he is also a hand. Hu Ji is now looking at Su Chen with some eager eyes at the monarch who controls a powerful army.

She wants to rely on this monarch now. If she can get help from this monarch in the future, even if he only supports her with ten thousand black armored cavalry. , then her tribe will definitely become the most powerful tribe on the grassland.

Cui Hao came back and saluted Su Chen and said,

"Your Majesty, I interrogated that Baltu and found out that everything this woman said was true."

After hearing this, Su Chen decided to use this Orchid face to deal with the Huns. This Orchid is very smart. If she is willing to cooperate, Su Chen doesn't mind letting her tribe go.

"Hu Ji, come in with me."

Hu Ji blushed and looked at Su Chen who had already entered. She knew that this king wanted to possess her, but she wanted to prevent her tribe from being exterminated, and Hu Ji didn't want to die.

She thought that this king was at least more powerful than the Huns. Yu Touman is much younger and very handsome. It would be good to devote himself to this powerful king. Hu Ji thought about it and walked directly into the tent. In the

Song Dynasty, Gusu City is better than Su City now. It was even more prosperous when Chen was here. The southern part of the Song Dynasty was now completely occupied by Huang Rong and Wang Meng of the Han Dynasty. Zhao Gou, who rebelled in the southern part of the Song Dynasty, was also captured by Huang Rong and given to the emperor of the Song Dynasty. Huang Rong obviously wanted to humiliate him. Emperor of the Song Dynasty.

In Wu Xiangjun's mansion, Jing Xi was listening to the secret guard's report. When she heard that Su Chen was missing, she exuded a terrifying aura, causing the surrounding secret guards to kneel down involuntarily. These secret guards They all felt the powerful strength of their leader

"Frightened Salamander, what happened?"

Li Qiu Shui rushed over immediately when she felt the strong aura in the mansion. When she saw the secret guard kneeling on the ground, she asked hurriedly.

Jing Salamander handed Li Qiu Shui the information the secret guard gave her, and said,

"Aunt Li, her husband disappeared in Luoyang during the Sui Dynasty. Now Murong Qiudi is looking for her husband in Luoyang, but I suspect that her husband is definitely no longer in Luoyang, maybe not even in the Sui Dynasty. After all, if my husband wants to escape the capture of the Heavenly Realm, he will definitely Lure away that woman in the realm of heaven and human beings."

Li Qiu Shui took a breath after looking at the information. She didn't expect that Su Chen actually provoked a terrestrial god in the heaven and human realm. That bastard really wanted to die.

He was the land god in the heaven and human realm. Did you provoke him? If Su Chen were here now, I'm afraid Li Qiu Shui wouldn't be able to help but beat him.

"That bastard knows how to mess with women. Something happened now. Alas, I don't know if Su Chen can escape this time."

Jing Salamander waved the secret guards to retreat and then said to Li Qiu Shui,

"I will personally go to Sui Luoyang to see what is going on. Aunt Li, I will trouble you at home. That girl Su Yan should not tell her that something happened to Su Chen. I'm afraid she's going to find her father"

"I know that Qingluo has been looking at that little girl. I really can't tell her what happened this time. You will leave for Sui Dynasty today."

"Now we control the southern part of the Song Dynasty. We have our warships in Hangzhou. You can go there directly by warship, which is faster."

"I know, I'm leaving now."

In a room not far away, Su Yan put an earpiece to her ear and listened to the conversation in the hall. This earpiece was made for her by her father. Although she could not hear clearly, she could still hear her father clearly. problem occurs,

"Something happened to my father, and my mother didn't tell me yet. I have to go to Sui to find my father.

Chapter 177

Eastern Continent, Cold Country

A carriage was slowly moving towards Xinzheng City under the protection of hundreds of guards. In the carriage, Su Chen looked at Shi Guanyin's gloomy face and wisely stayed away from her.

It had been a few days, and Shi Guanyin exuded a threatening aura. If she hadn't taken action, Su Chen might have run away long ago.

Shi Guanyin glanced at the bastard Su Chen and ignored him. She almost killed the bastard since she saw Su Chen bringing that Hu girl into the tent. Later she realized that she had misunderstood Su Chen.

Su Chen brought that Hu girl in just to cooperate with that Hu girl. That bastard Su Chen wanted to use that Hu girl's familiarity with the grassland to defeat the Xiongnu tribes one by one.

When Shi Guanyin found out, he didn't look kindly on Su Chen. That was because that bastard Su Chen looked at the Hu girl's body from time to time when he was talking to her. This made Shi Guanyin very angry.

"Your Majesty, we will arrive at Xinzheng in the Cold Country in just one hour." A Nether Iron Cavalry disguised as a guard came to the carriage to practice and said,

"Got it, let me know, you will call me young master from now on, don't expose my identity"

"Yes, Jun.....young master"

"Li Qi, we will arrive in Xinzheng soon. You have been in this state for a few days, aren't you tired? Look, you scared the Netherworld Cavalry outside. They have been hiding away from you these days."

"Then why don't you avoid me, you bastard?"

I really want to avoid you, but it's just a carriage. Do you want me to ride a horse and bask in the sun?

This woman is really not cute. Su Chen feels a little tired to be with Shi Guanyin. Wait. When they arrived in Xinzheng, they went to see Zi Nu, the imperial sister. Su Chen still found it interesting to chat and bicker with Zi Nu.

Su Chen said with a smile, a little shamelessly,

"Aren't I worried about you being alone in the carriage? If I weren't afraid that you would be bored in the carriage alone, I would have been outside admiring the scenery. Shi

Guanyin stared at Su Chen with a cold face and said, "Haha, do you think I should believe you?"

"Just remove that one and you will know"

"You are so shameless."

Su Chen looked at Shi Guanyin and shook his head. This woman was really moody. Su Chen didn't know how to treat Shi Guanyin in the future. If this woman said she was bad, she was very bad. To say that she was It can't be bad, at least she didn't do anything extraordinary to herself.

At this moment, a carriage also appeared from another road. The carriage was headed towards Xinzheng City with dozens of black armor guards. go

"Sir, a carriage appeared from another road. That carriage was protected by hundreds of guards. They may be nobles of the Han Kingdom. Do we want to go to Xinzheng of the Cold Kingdom with them?"

A middle-aged man came from the carriage and said somewhat unkindly,

"No need, we are just a small Han Kingdom noble. We are officials of the Qin Dynasty. There is no telling whether these Han Kingdom nobles will be nobles in the future, haha"

"Yes, sir."

These Great Qin envoys' convoy also ignored Su Chen. They headed towards Xinzheng in front, and Su Chen's horse followed slowly behind.

Su Chen also heard the report of the guard horse, but Su Chen Without paying attention, Su Chen guessed that those people should be the envoys from the Qin State to the Han State, but the envoy seemed to have been killed. Did he encounter the assassination of the Qin State envoy this time? Shi Guanyin saw

Su Chen lowering his head and touching his head. She didn't know what she was thinking about, so she pushed Su Chen and said,

"what's on your mind? You won't be paying attention to anything, right?"

Su Chen looked at Shi Guanyin and smiled and said,

"No, the Qin envoy in front may be assassinated this time, and we will see a good show soon."

Shi Guanyin was a little confused. Su Chen had been following him. How did he know that the carriage in front was an envoy from the Qin State to the Han State?

"How did you know?"

Su Chen smiled and said mysteriously,

"Haha, I also have power in the Eastern Continent. I know many things here. Let's watch the show soon."

After Su Chen just finished speaking, Shi Guanyin suddenly opened the curtains in the carriage and looked outside. She felt that there was a person with peak talent hiding in front.

"You are really right, there is someone hiding in front, maybe to assassinate the Qin envoy."

Su Chen immediately approached Shi Guanyin and said close to her,

"Let's take a look together."

Shi Guanyin felt a little uncomfortable when she saw this bastard standing next to her. She pushed Su Chen and said angrily,

"You bastard, stay away from me."

"Damn it, the window of this carriage is so big, can I see it if I'm not next to you?"

"You won't go out to watch?"

"It's sunny outside, I don't want to go out"

"you.....You are so shameless."

Shi Guanyin, there is nothing this bastard can do. This bastard is now determined that he will not do anything to him. It seems that he must find an opportunity to beat this shameless bastard once, otherwise this bastard will become more and more unruly.

In front of the Qin envoy's convoy Standing on a big tree not far away, Yan Lingji took out her hairpin and smiled when she saw the Qin envoy who was about to arrive.

If she killed the Qin envoy this time, I am afraid that Han State would be attacked by Qin. The country's revenge, when the time comes for Qin and Han to launch a war, then they will also have a chance to take revenge.

Just when Yan Lingji was about to take action, she suddenly found that there was a convoy behind, and there were quite a lot of people, and Yan Lingji did not Knowing who is behind, will they affect her assassination?

Yan Lingji saw that the Qin envoy was coming, and she didn't care about the people in the carriage behind. She would not miss this opportunity this time.

"There are assassins, please protect me, please protect me quickly."

Yan Lingji suddenly appeared on the road, and the Qin soldiers who were guarding the Qin envoy hurriedly protected the carriage. They knew that she was here to cause trouble when they saw this unkind and beautiful woman.

Yan Lingji took a look at her. Her hair smiled tenderly and said,

"Haha, are you afraid of me? I am a little woman."

The guards of the Qin Army here were stunned for a moment when they looked at this extremely beautiful woman. They have never seen such a beautiful woman. This made the guards of the Qin Army here all froze on the spot and stared at Yan Lingji.

"What are you doing standing still? Why don't we take down this assassin yet?"

"Yes, my lord"

"Come on, give them all to me. There will be a reward for catching this female assassin. Yan

Lingji took her hairpin and smiled and said, "Haha, do you want to taste the feeling of passion?"

Boom! Boom! Boom!

At this time, Yan Lingji's hairpin suddenly burst into flames and she attacked the Qin troops.

"Ah, save me, put out the fire on me quickly"

"Ahhhhh"

"Damn it, this is a witch, shoot her with an arrow".....

Yan Lingji watched the Qin troops gathering. She immediately used Qinggong to get to the top of the carriage and started killing the Qin troops. The carriage turned into a sea of fire.

"Haha, let them all die."

Chapter 178

Yan Lingji killed the Qin army here neatly, and then dragged out the Qin envoy from the horse. She smiled when she looked at the frightened Qin envoy and sat on the carriage.

Just now, she deliberately let go of a Qin soldier to ask for help in Xinzheng, the Han State. She did this to let the Han State know that the Qin envoy was killed by herself, but it might still be difficult to convince the Qin State.

After all, the Qin State had not wanted to attack the Han State for a day or two. Yan Lingji believed that Qin State would definitely not miss this opportunity to attack the Han State if it had this excuse.

Su Chen's eyes shone when he saw Yan Baobao sitting on the top of the carriage. He did not expect that the assassin of the Qin envoy was Yan Lingji.

This was the most beautiful woman in the Qin Dynasty. Su Chen thought that if his friends in the previous life knew that he had met the real Yan Lingji, they would be jealous of him.

Shi Guanyin was very angry when she saw Su Chen looking at the woman playing with fire without blinking. Although the woman was very beautiful, she was still not as beautiful as herself.

Otherwise, Shi Guanyin would have gone there and ruined her appearance, just like he had ruined the appearance of Qiu Lingsu, the most beautiful woman in the martial arts world.

"Bastard, have you seen enough? Can we leave yet?"

Su Chen hugged Shi Guanyin, who was about to get angry. He finally saw Yan Lingji this time. He wanted to take a good look at the most beautiful woman in the Qin Dynasty. Baby Yan would have a performance soon, and Su Chen didn't want to miss it. ,

"Wait a minute, there will be something good to watch later. Just now, a Qin army was let go by this woman."

"And this woman has not killed the Qin envoy yet. She may want to kill the Qin envoy in front of the Han people. This woman is ruthless enough. She wants to provoke a war between Qin and Han."

Shi Guanyin is a little confused now. She was actually hugged by this bastard Su Chen. Shi Guanyin wants to kill this bastard now, but she reaches out her hand and can't take it off.

Shi Guanyin looked at this bastard Su Chen and said Looking at that woman, she didn't know whether Su Chen was watching a play? Or looking at that beautiful woman again?

Su Chen was holding Shi Guanyin and watching Yan Lingji resting on the top of the carriage, but he suddenly found that he was holding Shi Guanyin , this startled Su Chen. Su Chen immediately let go of Shi Guanyin and took a few steps back. He wanted to leave the carriage immediately.

Shi Guanyin kept staring at Su Chen, although she did not kill this bastard. But she had no intention of making this bastard feel better. If she didn't scare this bastard this time, he might still do something to her in the future. When

Su Chen saw Shi Guanyin staring at him, he knew that he had provoked this moody woman again. Su Chen wants to leave here before this woman goes crazy. Otherwise, when Shi Guanyin goes crazy, he will still be the unlucky one.

"that.....The carriage was a little stuffy, so I went down to get some air."

Shi Guanyin grabbed Su Chen who was about to get out of the car. Now was the time to scare this bastard. Shi Guanyin didn't want to let this bastard go.

"Stop, Su Chen, you are getting bolder and bolder. When you touched my breast in Luoyang City in the Sui Dynasty, I can treat it as unintentional. So, was it also unintentional when you hugged me just now?"

Su Chen was pulled to her side by Shi Guanyin and smelled the fragrance of her body. Su Chen smelled the fragrance of Shi Guanyin's body with some fascination and said,

"Unintentional, absolutely unintentional, I don't have the guts to hug you, it was just an instinctive reaction."

Shi Guanyin stared at her bright eyes and asked angrily,

"Knee reaction? So you have hugged many women like this?"

Su Chen immediately raised a hand and said hurriedly,

"Ahem, no, I hugged my wife like this, really, I can swear to God."

As Su Chen said this, he thought that the woman he had hugged would be his wife in the future anyway, and it would be okay for him to swear like this. Well, this Shi Guanyin is an exception. He would not dare to marry this woman back home, otherwise the family would be in chaos in the future. Shi Guanyin blushed a little after hearing Su Chen's words. She didn't expect that Su Chen would say this. This time Su Chen, a bastard, hugged her. Will she be the wife of this bastard in the future?

And his army has also been Calling herself madam, this bastard wouldn't have been thinking about herself early in the morning, right?

Yan Lingji is a little speechless now. The carriage behind and the guards have been parked there for a long time, and it seems that she has no intention of leaving. Yan Lingji also I don't know what they are planning. Are those people worried that they will kill them?

Yan Lingji looked at the Qin envoy lying on the ground, stood up and tapped his acupuncture points, and then Yan Lingji moved towards Su Chen. The carriage passed by. Yan Lingji wanted to see who those people were. If they were also nobles from the Han Kingdom, she wouldn't mind sending them to the west.

"Stop and move forward and we will release the arrow."

Just when Yan Lingji was about to come over, one hundred guards pretending to be Netherworld Cavalry immediately pointed their Qi-breaking crossbows at Yan Lingji. If Yan Lingji moved forward, they would immediately shoot this dangerous woman.

Yan Lingji looked at the Qi-breaking crossbows in the hands of these guards with some shock. Even the powerful Qin State probably didn't have many of these Qi-breaking crossbows. It was impossible for Han State to have these Qi-breaking crossbows. How could these guards have Qi-breaking crossbows? Qi Army Crossbow? And everyone has a Qi Army Crossbow

"Qi-breaking crossbow? You guards actually have Qi-breaking crossbows? Who are you? There are no Qi-breaking crossbows in the Han Kingdom army. I didn't expect that you guards would actually have them."

"No comment, return immediately"

"Haha, what if I say no?"

"Military crossbow preparation....."

Yan Lingji was a little surprised. She just said casually that these guards were going to shoot her. Who were they protecting? To make these well-trained guards so nervous

"Wait, I'm just curious who you are? I don't want to be your enemy."

The Netherworld Cavalry's disguised guard commander said expressionlessly,

"We don't want to be your enemy when we leave here."

Yan Lingji looked at the carriage that was closely protected by these guards, but the people in the carriage have not gotten off yet. Yan Lingji is now very interested in the people in the carriage. The guards here are obviously disguised as the army, and they He also possesses a Qi-breaking military crossbow. The person in the carriage must be a very important person. Yan Lingji decided to find out who is in the carriage?

"Well, you win."

Yan Lingji returned to the top of the Qin envoy's carriage and looked at the carriage again. Yan Lingji was now very sure that the people in the carriage must be watching the show.

Otherwise, they would not be able to do it now. She didn't leave, which made Yan Lingji a little angry. Was she being treated as a clown now and humiliating the people in the carriage for fun?

At this time, Su Chen saw that Shi Guanyin was afraid to look at him, so Su Chen inadvertently removed Shi Guanyin's veil. He took it off again, and when he looked at Shi Guanyin's delicate and beautiful face, he couldn't help but kiss her.

Touch.

"Su Chen, do you want to die?"

Chapter 179

Shi Guanyin's face was red and she hit Su Chen against the carriage box with a palm. She was now staring at the bastard Su Chen in shame and anger. She didn't expect that she would be kissed by this bastard.

Shi Guanyin hurriedly put on her veil and looked at the bastard who was still lying on the side pretending to be dead.

The Netherworld Cavalry outside became a little nervous when they heard the noise inside the carriage. They knew the strength of Junshang and his wife, and something might have happened to Junshang and his wife inside. They had seen it many times along the way.

The Netherworld Cavalry looked at each other and didn't know what to do. The captain looked at the Netherworld Cavalry next to him and came to the carriage. He was worried that something would happen to you.

"Master, are you okay?"

When Shi Guanyin heard the words of the Netherworld Cavalry outside, he knew that Su Chen, a bastard soldier, was worried about his comfort. Shi Guanyin said angrily,

"Go away, stay away from me."

The Netherworld Cavalry hurriedly retreated after hearing Shi Guanyin's words. He was now sure that there was another conflict between the Lord and his wife. He did not dare to offend the Lord's wife, and that lady was not someone he could offend.

"Yes, ma'am."

Shi Guanyin was a little angry and wanted to beat this bastard Su Chen again. She didn't even try to beat this bastard just now, but this bastard pretended to be unconscious and refused to wake up.

"You bastard, why don't you get up? How long are you going to pretend to be dead?"

Su Chen stood up and smiled when he heard Shi Guanyin's words. This time, Su Chen really understood Shi Guanyin's attitude. This moody woman actually likes herself? This made Su Chen a little unexpected.

Su Chen was the same just now. He couldn't help but kissed Shi Guanyin. Even though he kissed Shi Guanyin, Shi Guanyin didn't kill him. He didn't even use his inner strength when he slapped himself. Su Chen understood everything.

"Li Qi, if you keep taking action in the future, I won't be polite to you."

When Shi Guanyin saw that this bastard Su Chen dared to threaten her, Shi Guanyin asked with an angry smile,

"Are you rude to me? Haha, why are you so rude to me?"

Pa

" Su Chen raised his hand and slapped Shi Guanyin on the butt. Now Su Chen is not afraid of Shi Guanyin. This time Su Chen wants to teach her a lesson, so that she will not lose her temper easily in the future.

Shi Guanyin is a little bit Looking at Su Chen in confusion, she didn't expect that she was spanked! Did this bastard forget that he was a land god in the heavenly realm? Was he looking for death?

"you.....You bastard hit me?"

Pa, pa

, pa. Su Chen saw Shi Guanyin's surprised look and hit him a few more times. Well, it feels really good. If Shi Guanyin disobeys, he can hit him a few more times.

"Bastard, I want to kill.....Wuwuwu."

When Su Chen saw that Shi Guanyin was about to get angry, he hugged Shi Guanyin, took off the veil she had just put on, and kissed her again.

After a while, Su Chen hugged Shi Guanyin and let go of her mouth. He looked at Shi Guanyin, who was full of shame and anger, smiled, now he could be regarded as the master.

"Li Qi, you will be my woman from now on. You must understand what it means for a husband to guide his wife. Shi

Guanyin stared at Su Chen and said angrily,

"Don't even think about it, when did I become your wife?"

"From now on you are my wife, haha, I never thought that I would have a wife in the realm of heaven and human beings. It seems that my luck is very good."

Shi Guanyin did not leave Su Chen's arms. She now felt very comfortable and at ease in Su Chen's arms. This made Shi Guanyin hug Su Chen's waist tightly.

When she heard Su Chen say that she was his Madam, she was a little happy. It turned out that she fell in love with this bastard unknowingly. No wonder she was reluctant to teach him a lesson every time this bastard made her angry.

Even when Su Chen was in danger, she was very nervous about him. Something will happen. Is this what it feels like to like someone? But this feeling is very good.

"You're so shameless, I haven't agreed to be your wife yet"

"How about we get married tonight? Then you will be my wife, right?"

"

Go away, you are so shameless."

At this time, the sound of horse hoofs came over. Su Chen knew that this army might be from the Han Kingdom. He held Shi Guanyin and sat in front of the carriage window to watch the great show that was about to happen.

"General Ji, that witch, she killed all our Qin troops, and now she doesn't know whether the messenger is alive or dead?"

Ji Wuyue's heart tightened when he saw Yan Lingji. He didn't know why this Baiyue woman attacked the envoy of the Qin State, but the envoy of the Qin State could not cause trouble in the Han State.

Otherwise, the Qin State would find an excuse to launch an attack on the Han State. In the war, he is now able to control the sky with one hand in the Han Kingdom. If the Han Kingdom is destroyed by the Qin Kingdom, all his power will be gone.

"It's you? Yan Lingji? What do you, a remnant of Baiyue, want to do? Let go of the Qin envoy quickly. Yan

Lingji smiled when she mentioned the Qin envoy and said, "Haha, General Ji, don't you know what I want to do?"

Ji Wuye was a little nervous when he looked at the Qin envoy. He was now afraid that Yan Lingji would kill the Qin envoy at all costs.

"Yan Lingji, you'd better let the Qin envoy go, otherwise I will kill all of you Baiyue remnants."

Kacha,

Yan Lingji broke the Qin envoy's neck and said to Ji Wuye with a smile,

"General Ji, I just obey orders, at least that will be the case in the future. It is none of my business. My master Tianze will settle the previous accounts with King Han in the future."

Ji Wuye saw that Yan Lingji killed the Qin envoy without negotiating, which made Ji Wuye very angry.

"If you are looking for death, kill this Yan Lingji for me."

Swish, swish, swish.

The army led by Ji Wuye immediately fired arrows at Yan Lingji. Yan Lingji hurriedly ran out of the carriage, but when Yan Lingji completed her mission and wanted to escape, one black and one white Someone marked her path.

Yan Lingji looked at the two people who appeared and knew that she was going to be in trouble this time. The one in black was probably Mo Crow from Bai Niao. This person was at the same level of cultivation as herself.

There was a man from Bai Niao beside him. The man in white clothes was not very weak. Besides, there was an angry Ji Wuye on the side. Yan Lingji felt that she was really going to be caught this time.

Mo Ya and Bai Feng They started attacking Yan Lingji from left to right. Yan Lingji hurriedly used her hairpin to send out a stream of fire to stop Mo Crow and the others from attacking.

"A little trick."

When Mo Crow saw the fire from Yan Lingji, he transformed into many black feathers and appeared next to Yan Lingji. Before Yan Lingji had time to react, Mo Crow punched her. Although Yan Lingji had no time to react,

Mo

Crow punched her. Blocked Mo Crow's attack, but she was still scratched by one of Mo Crow's feathers. At this time, Bai Feng also quickly came to Yan Lingji and attacked her. Yan Lingji also saw the one in white clothes. When the attack came, she hurriedly did a backflip to avoid his attack.

Seeing that Bai Feng did not hurt Yan Lingji, Mo Ya teased and said,

"Bai Feng, your speed is still not fast enough."

Bai Feng looked at Yan Lingji aside with a cold face and said to Mo Ya,

"I will be faster in the future."

Yan Lingji now regrets staying. She did not expect that Ji Wuye would arrive with Bai Niao's people, and Tianze and the others did not show up.

Yan Lingji thought that her mission was to attract Ji Wuye? Okay? Will Tianze and the others successfully capture the Prince of Han Kingdom? Has he been abandoned by Tianze?

"Yan Lingji, you can't escape this time, so you'd better surrender obediently."

"Haha, who said I was going to run away? I have helpers. Do you see those people over there? Those people are my helpers. Do you think I will stay here alone and be caught by you?"

Chapter 180

Yan Lingji suddenly thought of the convoy behind. The person in that carriage must be a powerful person, otherwise there would be no military guards, and those troops pretending to be guards also had military crossbows.

Yan Lingji wanted to involve them. Anyway, if she was caught by Ji Wuye, her life would be worse than death. Although it was dangerous to offend the people behind, she had no choice.

"Haha, who said I was going to run away? I have helpers. Do you see those people over there? Those people are my helpers. Do you think I will stay here alone and be caught by you?"

When Ji Wuye arrived, he also noticed the people behind him. He just thought they were passing by, but now it seems that they are not. Those are Yan Lingji's accomplices? Ji Wuye didn't really believe what Yan Lingji said. Wuye is now covering the sky with one hand in the Han Kingdom. Regardless of whether these people are Yan Lingji's accomplices, they can't escape the relationship this time when the Qin envoy died here. Ji Wuye waved his hand, and the troops he brought rushed towards Su Chen. They were surrounded.

Su Chen looked at Baby Yan speechlessly. This Baby Yan actually involved them. Doesn't she know what to do? It's very dangerous. It seems that Baby Yan is also a ruthless person.

Ji Wuye just listened. Yan Lingji would send troops to catch them if she said anything. This Ji Wuye wanted to catch them and take the blame. Ji Wuye definitely didn't care whether they were the murderers of the Qin envoy. He wanted to catch them and bring them to Qin. An explanation from the country

"Haha, madam, we seem to have been plotted by that Yanling Ji, and that Ji Wuye seems to be planning to arrest us so that we can give an explanation to the Qin State."

"Then kill them."

Shi Guanyin put on the veil and prepared to go out and kill those people outside. She doesn't care about the generals of the Han Kingdom. It was Su Chen, the bastard, who made the relationship clear with her. Now she and Su Chen are enjoying the warmth, Shi Guanyin doesn't want to. These people disturbed the warmth she had not enjoyed for decades.

"Um, madam, wait a minute, this Ji Wuye is still useful, don't kill her yet, we can just catch Yanling Ji, her fire control skills are pretty good."

Su Chen hurriedly grabbed Shi Guanyin who was about to go out. He didn't expect that Shi Guanyin would kill Ji Wuye and Yan Lingji now. If Shi Guanyin killed Ji Wuye now, wouldn't it be a joke to help Han Fei? ?

Su Chen also wanted to see how Han Fei would fight Ji Wuye to the death. He didn't want Shi Guanyin to kill Ji Wuye at this time. At least

Yan Lingji couldn't be killed. Yan Baobao was very fond of him in his previous life. Although he didn't have any thoughts about Yan Baobao now, Su Chen couldn't let her die.

Shi Guanyin didn't expect that Su Chen wouldn't let her kill those people. She looked at Su Chen and said suspiciously,

"What's the use of that ugly general? And that one named Yan Lingji, you don't have a crush on her, do you?"

Su Chen was speechless after hearing this. He hugged Shi Guanyin and sat down and explained,

"Ji Wuye is the general of the Han Kingdom and the most powerful person in the Han Kingdom. Even King Han dare not offend him. Now Ji Wuye is fighting with Han Fei, the ninth son of the Han Kingdom. We can just go to the Han Kingdom to watch a show."

"At least Yan Lingji is good-looking, but with a beauty like you here, how can I fall in love with her? Her Baiyue witchcraft is quite good, and it may be useful to us in the future."

"Su Chen, I hope what you said is true. I don't care about your previous women, but if you dare to look for women in the future, I will definitely make you look good."

"Do you want me to spank you again? From now on, I am the head of the family, and you must listen to me. Besides, I already have several of your wives, and they are all very beautiful. You and I are both overwhelmed now. What kind of woman should I find?"

"you....."

"Okay, those Ji Wuye's troops are here, let's take a look first and then talk."

Shi Guanyin is a little helpless towards the bastard Su Chen. She knows that this bastard must have thoughts about that Yan Lingji, but now her heart belongs to Su Chen, and she doesn't want to interfere too much with Su Chen's decision, as long as this bastard doesn't mess around in the future. That's it.

At this time, Ji Wuye's thousands of troops had surrounded Su Chen's carriage, but they did not attack.

Su Chen's Netherworld Cavalry also guarded the carriage to guard the thousands of Han Kingdom troops. If these Han Kingdom troops If the army moves forward and enters the warning range, they will shoot these cold troops without hesitation.

When Yan Lingji saw that Ji Wuye's army was about to attack those troops, she was very curious about who was in the carriage? Who was inside the carriage? The people should be coming out now.

Mo Ya and Bai Feng are now blocking Yan Lingji's way. They are not in a hurry to make a move. Ji Wuye waves them not to make a move for the time being. They also want to see who this beautiful woman's accomplice is. People.

Ji Wuye rode his horse to the carriage protected by the guards. He also saw that these guards were holding Qi-breaking crossbows. This frightened Ji Wuye. He did not expect that these guards were armed with one person. Take the Poqi Crossbow.

You must know that the method of making the Poqi Crossbow has been lost, and he only has dozens of Poqi Crossbows. Now he has some doubts about the identities of these people.

"Who's in the carriage? I am Ji Wuye, the general of the Han State. Now that the envoy of the Qin State has been killed here, you must go with me to the prison of the Han State."

Ji Wuye called for a while but saw no answer from the people in the carriage. This made Ji Wuye very angry. In the Han Kingdom, even King Han had to give him face. He did not expect that these people would ignore him. He was a little angry and wanted to catch these people directly.

"Caught it for me....."

"General Ji and so on."

At this time, Han Fei and Wei Zhuang hurried over with some people. He also heard that the Qin envoy was kidnapped and killed on the road, so Han Fei hurried over with Wei Zhuang, Zhang Liang and others.

Ji Wuye did not Thinking that Han Fei, the Ninth Young Master, was also here, and that Han Fei, who had always been against him, Ji Wuye was not polite to him.

"Ninth Young Master, do you want to protect these murderers who may have killed the envoys of Qin?"

Han Fei glanced at the guards guarding the carriage, then smiled and said to Ji Wuye,

"General Ji, these people can't be murderers. You may have misunderstood."

"oh? Does Ninth Young Master know these people?"

"There is a one-sided relationship."

Ji Wuye stared at Han Fei and laughed and said,

"Haha, Ninth Young Master, do you think these people are not murderers? But their accomplice Yan Lingji confessed that they were together. Could it be that Yan Lingji was framing these people?"

Han Fei knew who these guards were with Qi-breaking crossbows. He didn't expect that Lord Wu Xiang's army would come to Han Country pretending to be guards. So who were the people in the carriage? After thinking about it,

Han Fei felt that No matter who it is, he must use this opportunity to get in touch with the people in the carriage this time. If he can contact Lord Wu Xiang through the people in the carriage, their country of Han will be able to gain a powerful ally, and in the future it will be the country of Qin I would also have concerns about launching a war against Han Country.

"General Ji, if I say these people are either murderers or murderers, I can guarantee it with my head."
