### Chapter 1711

Su Chen was very disdainful when he heard what the eldest prince said.

The tiger shark and human armies are all ordinary cultivators. In the sea, the tiger shark is stronger. If it is on land, these combined armies are not black at all. The opponent of Legion A.

Besides, Su Chen has more than a hundred powerful female ghosts.

If Su Chen releases all the female ghosts and lets them massacre the joint army here, the elusive female ghosts will definitely let the eldest prince see his army. How he was slaughtered to death by the female ghosts.

The eldest prince Chris did not expect that Su Chen was so rampant.

He had more than 100,000 troops here, two powerful holy earth magic gods and fighting gods, and even more than ten powerful magic gods and fighting gods. He had no idea about Su Chen. I've lost my patience.

This bastard must die. As long as the information here is blocked, no one will know that he killed a young master from the Eastern Continent.

The eldest prince Chris looked at the two strong men beside him, and he ordered expressionlessly, "Damn it, Mr. Bruce, Mr. Adams, this bastard must"

"Prince, are you sure?"

Bruce was very surprised when he heard the eldest prince's words.

He had already told the eldest prince that Su Chen might be the young master of the immortal cultivating family in the Eastern Continent, or even the heir to the powerful

immortal cultivating force in the Eastern Continent. Why would the eldest prince Chris still treat Su Chen? Take action in the morning?

The eldest prince Chris gritted his teeth and said viciously, "I am very sure that this bastard must die!"

Holy Earth God of War Adams heard Bruce's words and didn't care at all.

They just suspected that Su Chen had a strong background. It was not certain whether Su Chen's identity and background were very strong.

Adams clenched his fist and said loudly, "Then Just kill him, Bruce. Maybe this kid from the Eastern Continent is just an ordinary family, and we don't need to be so careful."

Bruce shook his head when he heard what Adams said.

Adams, a rude person, has not changed at all.

Is it stupid to practice fighting spirit?

Su Chen is a small intermediate magician. He can be in the sea without relying on magic. Breathe and walk freely.

Will Suchen be an ordinary person?

Bruce looked at Adams and smiled and said, "Adams, then go and kill him."

"Bruce, you are getting more and more timid as you get older. Watch the Mermaid Queen while I kill that kid from the Eastern Continent."

Holy Earth Fighting God Adams glared at Bruce. He took the giant sword and quickly killed Su Chen.

When Bruce and the eldest prince saw Adams quickly killing Su Chen, they both looked at Su Chen seriously.

The eldest prince and Bruce also wanted to know if there were any powerful immortal cultivators protecting Su Chen.

"Su Chen, be careful!"

"The Holy Earth Fighting God is here!"

Delia and the Mermaid Queen saw Adams quickly killing him here, but Su Chen still looked unconcerned. They all hurriedly reminded Su Chen,

Boom!"

"Boy, die!"

Before Adams arrived, he raised his giant sword and struck at Su Chen. A huge sword blade quickly struck at Su Chen.

Boom!

The huge sword blade split the sea water in half. It was so powerful. The power was so powerful that the surrounding troops were unable to stand.

Just when the huge sword blade was about to hit Su Chen, bang!

Su Chen looked at the huge sword blade that was coming towards him, and he calmly snapped his fingers. He opened his mouth and said,

"Time goes backwards!"

As Su Chen opened his mouth, the huge sword blade quickly retreated, and Adams also retreated quickly.

In just a moment, the huge sword blade disappeared without a trace, and Adams met the eldest prince and him again. Next to Bruce.

None of this seemed to have happened.

However, the surrounding troops looked at Su Chen with fear.

While Adams was still confused, the people around him knew what happened. From attacking Su Chen to Back to the starting point, everyone around us saw such a strange thing clearly.

The army of the Tiger Shark Clan!

The army of the Sunset Empire!

Even the army of the Mermaid!

All the armies inside and outside the second line of defense are now They looked at Su Chen dumbfounded.

What happened just now made them all shudder.

It was so weird.

The attack of the Holy Earth Fighting God was easily broken. Even Su Chen's words made the powerful Holy Earth Fighting God return. At the starting point, all the troops here were afraid of Su Chen's power.

The Mermaid Queen looked at Su Chen's beautiful eyes and felt incredible.

Su Chen's strength shocked her.

She was ready to save Su Chen just now, but She didn't expect that Su Chen actually said a word, and Adams' attack disappeared without a trace. Even the powerful Adams returned to the starting point and was still confused. The

Mermaid Queen took Delia's hand and said in surprise. , "Delia, you are right. Su Chen is very powerful. The immortal cultivators in the Eastern Continent are really not comparable to those in the Western Continent."

"hehe....., Mother, I said that Su Chen is very powerful."

Delia smiled and said to the Mermaid Queen.

She was also very worried about Su Chen just now, especially when the sword blade was about to hit Su Chen, Su Chen didn't react at all. If she hadn't believed in Su Chen's Strong, Delia was about to run over and block the attack of the huge sword for Su Chen.

The Mermaid Queen smiled and looked at Su Chen.

She felt relieved now.

Su Chen's power was beyond her expectation. The Mermaid Queen I also looked at the immortal cultivators in the Eastern Continent with admiration again.

"what happened? Why am I here with you? Didn't I go kill that boy?"

At this time,

Holy Earth Fighting God Adams reacted from his confusion. He looked at the eldest prince and Bruce beside him and asked doubtfully. The eldest prince and Bruce looked at Adams in confusion.

Neither of them answered Adams. The eldest prince and Bruce were both frightened by Su Chen's powerful strength.

A holy earth fighting god was easily knocked back to his original position by Su Chen. Even just saying a word, it was as if Adams's attack just now did not happen at all. The eldest prince Chris was very panicked now.

Bruce hurriedly said to the eldest prince with a serious face,

"Prince, retreat quickly, otherwise we may all die here."

"Oh, retreat, retreat immediately!"

The eldest prince reacted and shouted hurriedly.

He knew that he had provoked people he shouldn't have provoked this time. If Su Chen wanted to kill them, it would be impossible for them to escape.

A word can make the Holy Earth God of War return. In place, as if the attack just now was an illusion.

Su Chen was not someone they could provoke at all. At this moment,

Su Chen was also in a state of confusion.

This was the first time he used the Law of Time. The power of the Law of Time made him very Shocked.

Space is king, time is supreme!

The law of time is too powerful.

Su Chen has only mastered the law of time initially. If his law of time is as powerful as the law of space, Su Chen can even turn Adams back in time. Become a baby.

Chapter 1712

Outside the second line of defense, after the eldest prince Chris ordered the entire army to retreat, the surrounding coalition troops were in chaos. The coalition troops were also frightened by Su Chen's weirdness.

After giving the order to retreat, the surrounding coalition troops are all in panic and trying to escape from here.

"Su Chen, the coalition army is about to retreat. Stop them quickly. Many people in the mermaid army have been captured. We must save the captured mermaids."

"None of them can escape."

Su Chen also reacted after hearing Delia's words. He was not thinking about the law of time now.

He wanted to kill the eldest prince and the two powerful human beings. Su Chen looked at the retreating coalition troops around him.

He stretched out his hand and waved it and shouted,

"Space blockade!"

At the bottom of the sea, a blue light mask suddenly enveloped this area, and the entire coalition army was surrounded inside.

"what happened? Why can't we get out?"

"Why is there an extra blue barrier here? How is this going?"

"It's that human being, it must be that human being who did it"

"Damn it, I don't want to die in the sea, I want to go back to land, I want to go back to land"

"Attack, attack this barrier. As long as this blue barrier is broken, we can escape."

Boom boom boom.....

The soldiers of the combined army, whether they were tiger sharks or humans, were all panicked after being trapped by the blue barrier. The soldiers here screamed one after another, and even violently attacked the blue barrier.

At this moment, the eldest prince did not escape from the bottom of the sea under the protection of Bruce and Adams. They were also trapped by the blue barrier. They were all very surprised by this blue barrier.

This blue barrier was more than ten miles wide.

None of them thought that Su Chen would be so powerful.

This is simply not something that humans can do. Is Su Chen a legendary immortal in the Eastern Continent?

The eldest prince panicked and hurriedly ordered, "Your Excellency Bruce, Mr. Adams, hurry up and break this barrier."

"Yes, Your Highness the Prince!"

Boom boom boom.....

Bruce and Adams also quickly attacked the blue barrier. If they did not break this barrier, all the troops here and themselves might be killed.

At this time, the mermaid army and the mermaid queen were all shocked and speechless by Su Chen's series of actions.

Su Chen first said a word to the Holy Earth Fighting God and instantly retreated to the original place.

Even the allied troops were so frightened that they wanted to retreat in panic.

Now,

Su Chen created another blue barrier and surrounded all the coalition forces. All the mermaids looked at Su Chen with disbelief.

Delia was not surprised at all by what Su Chen did.

Su Chen had two immortal women.

In Hangzhou,

Delia had seen Guanyin Bodhisattva and Wudang Virgin. Delia was there. She felt very depressed around a powerful immortal. It was the strong man's aura that made her very uncomfortable.

Delia smiled and said to Su Chen, "Su Chen, are we going to do this? Let them be trapped?"

Su Chen shook his head and ordered to Delia,

"No, Delia, order the mermaid army to prepare for the attack. I will immobilize all the troops of the Tiger Shark Clan and the Sunset Empire. You must destroy the combined army as quickly as possible."

"Okay, I'll make arrangements right away." Delia nodded and hurriedly ran to the mermaid army to prepare for the attack.

After Su Chen saw Delia leaving, he looked at the beautiful mermaid queen and said, "Mermaid queen, you two strong humans go first. Keep it in check, I'll deal with the combined forces here first."

"OK, no problem!"

The Mermaid Queen nodded and agreed.

She was conquered by Su Chen's powerful strength.

Su Chen's power made her dare not object at all. If this human can easily destroy the coalition army, it can also be easily destroyed. Mermaid Kingdom.

The Mermaid Queen didn't want to offend Su Chen.

Besides,

Su Chen was saving the Mermaid Kingdom now, and it was even more impossible for the Mermaid Queen to oppose Su Chen.

When Su Chen saw the Mermaid Queen agreed, he looked at the beautiful mermaid in surprise. Queen, the mermaid queen was very cold to him before, and she even disliked him as a human being. Now the mermaid queen didn't even have any objection to his orders.

Su Chen felt that this was probably the benefit of strength.

Su Chen's power makes the Mermaid Queen have to be careful with herself.

Otherwise, if the Mermaid Queen angers her, she is also worried that she will destroy the Mermaid Queen's kingdom.

"Su Chen, the mermaid army is ready to attack."

At this time,

Delia appeared in front of Su Chen with an army of more than 10,000 mermaids. The mermaid army was riding on seahorses with weapons. The mermaid army of more than 10,000 people were very excited now. The previous war made Their mermaid army suffered heavy casualties.

In this attack, they were all murderous and wanted to avenge the dead mermaids.

"Delia, you only have a quarter of an hour. I can only hold down the coalition army for a quarter of an hour. You have to kill more than 100,000 coalition troops within a quarter of an hour."

"clear!"

"Time pauses!"

Su Chen looked at the besieged coalition army and activated his magic power to activate the law of time.

In the blue barrier, all the coalition forces stood motionless, and even the powerful God of Law (Distraction Realm) was suspended by time. It's given.

These troops have various expressions.

Some are holding weapons to attack the barrier, some are opening their mouths and don't know what to say, some soldiers are facing each other as if they are talking, and some even have blue veins on their faces. seems to be yelling

"Delia, start the attack."

Su Chen was sweating profusely and hurriedly shouted to Delia.

Su Chen's mana was being consumed very quickly. This time he used the law of space and the law of time at the same time. His mana flowed as fast as running water. , after Delia heard Su Chen's words, she waved the long sword in her hand and shouted, "Okay, Mermaid Legion, kill these invaders for me, follow me to attack, leave no soldiers of the combined army behind." killed"

"Kill and avenge the dead sisters."

Delia led the mermaid army and rushed towards the coalition army.

The army of the Tiger Shark Clan and the army of the Sunset Empire are now lambs to be slaughtered.

The more than 100,000 soldiers of the motionless coalition army will probably be killed in a quarter of an hour. was slaughtered by the angry mermaid army.

After Su Chen saw the mermaid army dispatched, he turned back to look at the cold mermaid queen and said,

"Mermaid Queen, it's your turn to take action. I can't hold down those two strong men among humans, so it's up to you to contain them."

Chapter 1713

After the Mermaid Queen heard Su Chen's words, she glanced at Su Chen and disappeared instantly.

The Mermaid Queen also knew that if she didn't contain the two strong men among humans, the mermaid army might suffer heavy casualties, and even It is possible that they will all be wiped out by those two powerful humans. but!

The Mermaid Queen also hopes that Su Chen will support her as soon as possible, otherwise, she will be killed by the two powerful humans.

Adams looked at all the motionless troops around him. Even the powerful God of Law and God of War were motionless. This made him very frightened. He had never expected how powerful Su Chen was.

When Adams saw the mermaid army beginning to massacre the Union army, he did not dare to take action. Su Chen was still watching, and he was genuinely afraid of Su Chen.

Adams looked at the motionless eldest prince and shouted angrily, "Damn it, why is that boy so powerful? All the troops have been immobilized, even the Dharma God's House and the others have been immobilized."

Bruce looked at Su Chen warily.

He thought the same as Adams.

Su Chen was so powerful that he didn't dare to act rashly.

However, he didn't care if all the troops here died, as long as the eldest prince didn't die.

The eldest prince Chris is the first heir to the Sunset Empire and the nephew of the Pope of the Western Continent.

If the eldest prince dies here this time, no matter how powerful they are, neither the Emperor nor the Pope will let them go.

Bruce shook his head and hurriedly said to Adams, "Adams, protect the eldest prince, otherwise we won't be able to explain to His Majesty even if we escape."

"I see!"

Whoosh!

The Mermaid Queen suddenly appeared in front of Bruce and Adams.

She looked at the two strong humans and did not take action.

The Mermaid Queen came here to restrain these two strong human beings. As long as she can buy some time, the people here The combined army will be killed by the mermaid army.

When the time comes, it will be Su Chen who will deal with these two powerful humans. She is no match for these two powerful humans. Bruce and Adams were wary when they saw the Mermaid Queen appear.

Looking at the Mermaid Queen, although Bruce and Adams were not afraid of the Mermaid Queen, there was a powerful immortal cultivator next to them. They didn't know what the Mermaid Queen was going to do now. A Mermaid Queen was no match for them.

Adams was expressionless. He shouted to the Mermaid Queen, "Mermaid Queen, what are you going to do?"

The Mermaid Queen looked at the eldest prince Chris who was protected by two strong men. She also had a way to delay time.

These two strong human beings must not take the protection of the eldest prince Chris lightly. She can also use the eldest prince's Life safety, come to threaten these two powerful human beings.

The Mermaid Queen smiled when she thought of this and said, "I don't want to do anything, I just want to know what kind of human beings are coming to destroy my Mermaid Kingdom." "

"Then please leave, otherwise don't blame us for being rude."

"What a joke, this is the territory of the Mermaid Kingdom. As the queen of the Mermaid Kingdom, why should I leave?"

"Then you are seeking death!"

"Adams, calm down."

Bruce hurriedly grabbed the hot-tempered Adams. He just saw the mermaid queen staring at the eldest prince. Bruce was very worried that the mermaid queen would take action against the eldest prince.

Bruce shook his head at Adams and looked at the eldest prince. He signaled to Adams. When

Adams saw Bruce's prompt, he also understood that the Mermaid Queen was probably coming to kill the eldest prince, which made him dare not stay away from the eldest prince Chris.

Suchen observed the situation here of the Mermaid Queen. He was very speechless. He asked the mermaid to restrain the two strong men of the human race. Why did the Mermaid Queen start chatting with those two strong men?

But this is not bad.

Without the two strong men from the Sunset Empire attacking the blue barrier, he It's a lot easier too

"Ding, host, Lin Qing'er has been resurrected, won't you let her out?"

"What? Lin Qing'er has absorbed the special spiritual liquid in the Sky-Swallowing Demon Jar and completed her resurrection?"

Su Chen was very surprised when he heard what the system said.

How could Lin Qing'er be resurrected so quickly?

How could a mutilated soul completely recover in just over ten days? Even have a body?

"Ding, not bad!"

"Let me guess, it's only been less than half a month, how could Lin Qing'er be resurrected so quickly? System, what's Lin Qing'er's situation now?"

"Ding, Lin Qing'er is now at the peak of the Fusion Realm. If Lin Qing'er hadn't wasted some special spiritual liquid to restore her body, she might have directly advanced to the Mahayana Realm."

I guess!

Lin Qing'er is actually in the realm of Fusion Realm?

Could he even be promoted to the Mahayana Realm without wasting those spiritual liquids?

It's his fault.

If he had known that the special physical liquid of the ruthless empress was so powerful, he would have used it himself or gave it to his women.

Su Chen was really speechless.

Now that Lin Qing'er has been resurrected, can he still make Lin Qing'er spit out those special spiritual fluids?

"System, do you still remember what happened to Lin Qing'er in the past?"

"Ding, I don't even remember. Lin Qing'er is a perfect new human being, but you are the only person she remembers."

Su Chen was very confused when he heard what the system said.

He and Lin Qing'er had only met once, and they even talked about Lin Qing'er.

If Lin Qing'er remembered him, then what happened between him and Lin Qing'er, wouldn't Lin Qing'er also remember it?

"System, if Lin Qing'er remembers me, shouldn't she also remember Zhao Ling'er?"

"Ding, that's not the case. Lin Qing'er also remembers your appearance and name, and even feels very familiar and close to you. She has no memory of the rest."

Su Chen understood after hearing the system's explanation.

It turned out that Lin Qing'er only remembered him as a person, which was somewhat the same as Lan Yin Cao. Lan Yin Cao also remembered these things when his memory was erased by the Holy Soul of the Ladder.

"Ding, host, do you want to let Lin Qing'er out?"

"System, don't do it yet, it's not convenient here right now."

Su Chen looked around and shook his head and said, this is the territory of the Mermaid Kingdom, and it is even during a war. If Lin Qing'er comes out and an uncontrollable situation arises, Su Chen may not be able to handle it.

At this time,

Dili Ya has already led the mermaid army to destroy the Tiger Shark Clan army and the Sunset Empire army. Only the eldest prince Chris and the two strong men who protect the eldest prince are left in the entire space barrier.

Whoosh!

Su Chen teleported directly to the Mermaid Queen, he lifted the time pause, and the space blockade was not lifted by Su Chen.

Otherwise, he would still have to hunt down these three people.

Su Chen looked at the leisurely Mermaid Queen and said with a smile, "Mermaid Queen, you can kill these three people." One of the strongest humans"

"Um? Aren't you going to deal with these two strong human beings?"

Chapter 1714

The Mermaid Queen was very confused when she heard Su Chen's words.

Didn't Su Chen just ask her to contain these two powerful humans?

She has already restrained these two strong men, and the army of the Mermaid Kingdom has also destroyed the immobile joint army. Now isn't it time for this bastard to kill these two strong men?

Su Chen smiled and said to the Mermaid Queen, "Mermaid Queen, you are the queen of the Mermaid Kingdom. Don't you plan to avenge the mermaids who died in the battle this time?"

"you.....snort!"

The Mermaid Queen was very angry when she heard Su Chen's words.

These two powerful human beings have the same cultivation level as her.

They are both sacred earth gods.

It is very difficult for her to kill one of them. Is this bastard? Do you want to see her laugh?

However, the Mermaid Queen also wanted to avenge the mermaid army who died in the battle.

After she glared at Su Chen fiercely, she pointed her scepter at Bruce and shouted coldly and arrogantly,

"Strong human being, fight with me"

"Mermaid Queen, you are seeking death!"

Bruce was very worried when he saw Su Chen arriving, but the Mermaid Queen's shouting made him a little angry. He and Adams are both at the same level of cultivation. The Mermaid Queen only fights with him. Is it because she is weak and can be bullied?

"Yeah? Can you kill me?"

"damn it!"

Bruce looked at the Mermaid Queen and was very helpless.

He and the Mermaid Queen were at the same level of cultivation, but this is the bottom of the sea. If he fought the Mermaid Queen on the bottom of the sea, the Mermaid Queen would have a home field advantage.

Su Chen looked at Bruce and spoke. asked,

"May I have your name?"

Bruce looked at Su Chen and bowed, saying, "Bruce Adikon! Sir, we have no intention of being your enemy."

Su Chen shook his head when he heard Bruce's submission and said,

"It's too late, Bruce. If you defeat the Mermaid Queen, I can let you go."

"Where is the eldest prince?"

"It's none of your business"

"Sir, if I defeat the Mermaid Queen, I hope to leave with the eldest prince Chris."

"Then you have to defeat the Mermaid Queen first."

Su Chen was too lazy to say anything to Bruce.

However, it seems that the eldest prince Chris should be a very important person.

Otherwise, the two powerful old guys in the Fusion Realm here would not be able to care about the life and death of the eldest prince. so important

"Mermaid Queen, it looks like we have to have a fight."

"Die! Poseidon's light!"

The Mermaid Queen's scepter suddenly burst out with a ray of light, and she shot Bruce quickly.

"God's Barrier!"

Boom! Boom!

The Mermaid Queen and Bruce started fighting instantly. Their powerful battle rippled the sea water, and the surrounding mermaid army also retreated quickly.

Su Chen looked at the Mermaid Queen and Bruce fighting next to him. Care.

In the sea, the mermaid queen couldn't deal with two powerful human beings, but against one strong human being,

Su Chen felt that it was impossible for the mermaid queen to lose.

At this time, the eldest prince Chris was awakened by the loud noise of the battle. , he looked at the battle between the Mermaid Queen and Bruce.

He hurriedly shouted to Adams beside him,

"Mr. Adams, please get me out quickly. I can't die here. I can't die here."

"Your Highness, there may be nothing I can do."

Adams looked at Su Chen and replied to the eldest prince Chris.

Adams felt that Su Chen was going to kill him.

Su Chen looked at him just like a dead person. This may be to retaliate against his previous attack on Su Chen..

Su Chen walked towards Adams and said expressionlessly, "You still know yourself, any enemy who attacks me will die!" Adams looked at Su Chen warily and asked, "Sir, before I die, can you tell me your name and family?"

"Su Chen, the Black Bird Family of the Eastern Continent!"

"The black bird family?"

"Haha, you may not have heard of the Xuannio Family, but have you heard of the Qingyun Sect and Shushan?"

Adams was shocked when he heard Su Chen's words.

Qingyun Sect and Shushan were the top sects in the mainland. They had also heard about the power of Qingyun Sect and Shushan in the Western Continent.

"Of course I have heard of Qingyun Sect and Shushan, the top sects in the Eastern Continent."

"You should understand the Xuannio family that neither Qingyunmen nor Shushan dare to provoke."

Su Chen also exaggerated to confuse Adams. In fact, there are not many powerful people in his Xuanniao family. The little fox is not his woman yet.

It is hard to say whether Guanyin Bodhisattva and Wudang Virgin are friends or enemies. He can only hope now. Qingying can help his Black Bird family, but the strength of Ji Ruxi and the girls is still too low.

Adams put the giant sword across his chest and prepared to fight and said,

"Let's do it. Being able to die in the hands of a powerful cultivating family, I, Adams, will not live in vain, but I will not sit still and wait for death. This is my honor as the Holy Earth God of War."

"As you wish, space prison!"

Whoosh!

Adams was holding a giant sword and was about to fight Su Chen, but he was suddenly imprisoned by the space prison.

Adams suddenly disappeared, and the eldest prince Chris sat down on the ground in fright.

Su Chen imprisoned Adams After being imprisoned in space, he did not execute Adams immediately.

There is another important person here.

The great prince Chris is just the heir of an empire. Why are the two powerful holy earth gods and gods of war wary of this great prince Chris? Protective and very polite? It is simply impossible for a prince of an empire to have two strong men be so polite to him, or even intend to please him.

Su Chen thought about it and decided to threaten the eldest prince first, "The eldest prince Ke Rhys, how do you want to die?"

When the eldest prince Chris heard Su Chen's words, he took a few steps back in fright.

He looked at Su Chen and shouted in horror,

"Don't kill me, I am the great prince of the Sunset Empire, I can give you money, I can give you treasures!"

Su Chen sneered when he heard the words of the eldest prince Chris, "Hey, do you think I will need those useless money and treasures?"

Seeing that the eldest prince Chris could not bribe Su Chen, he hurriedly threatened Su Chen, "Your Excellency, I am still the nephew of the Holy See Pope. If you kill me, not only will I be hunted down by the Sunset Empire, but even the Holy See will be killed." I won't let you go."

I guess!

This eldest prince Chris is actually the nephew of the Pope of the Western Continent?

No wonder Bruce and Adams are so polite to this eldest prince, and even risk their lives to protect the eldest prince Chris. It turns out that the eldest prince Chris is still like this The background of the Holy Church in the Western Continent!

Su Chen also heard from Isabella and Elf Princess Sylph that in the Western Continent, the Holy Holy Church can be said to be the largest force, and can even communicate with gods in the divine world. This is just like Buddhism in the Holy Continent that can communicate with Buddhism in the fairy world.

Chapter 1715

Under the sea of the Aegean, the mermaid army, led by Delia, quickly retreated to the second line of defense.

The battle between the Mermaid Queen and Bruce is getting more and more intense, and Delia is also worried that the mermaid army will be affected by the powerful battle. The eldest prince Chris kept thinking when he saw Su Chen hearing his threat. He felt that Su Chen should be frightened. There are six powerful holy earth magic gods and fighting gods in the church, and there is even one Holy Sky Dharma God. This is the most powerful force in the Western Continent. The eldest prince feels that it is impossible for Su Chen to kill him and provoke the Holy Church.

"Your Excellency, as long as you let me go, I can give you half of the mermaids I captured this time, and you can even gain the friendship of the Sunset Empire and the Holy Church."

"Are you finished?" Su Chen curled his lips and asked after hearing the eldest prince's words,

"Are you still not satisfied?"

"I am satisfied with your size, eldest prince, do you think I will be afraid of the Holy Church? You will die no matter what this time"

"Damn it, you can't live even if you kill me"

"There is no need for you, the great prince, to worry about this."

The eldest prince Chris looked at Su Chen with an ugly face.

He didn't expect that Su Chen would kill him. Money, beauty, and even noble status, this bastard didn't care at all. The eldest prince Chris touched his neck. He was very helpless about the necklace.

This was a special treasure given to him by his aunt, and it was also a must-win item when participating in the selection of the Holy Son of the Holy Court. If he used this treasure now, he would lose the chance to compete for the Holy Son of the Holy Court. qualifications

"Bastard, you bastard, you can't kill me, you can't kill me, just die."

The eldest prince Chris pulled off the necklace around his neck and crushed it into pieces.

Boom!

Suddenly!

A beam of light suddenly shone from the sky to the bottom of the sea.

The entire sea was shaken by the beam and kept rolling, and the giants on the sea The waves were also beating violently one after another.

Under the sea, the mermaid army was staggered by the sea water, and some mermaids were even knocked against the stone wall.

The Mermaid Queen and Bruce also stopped fighting, and they looked at the sky. The light beam coming down was also very surprising.

"Su Chen, what happened?"The Mermaid Queen quickly came to Su Chen and asked doubtfully,

"There must be a clone of an immortal from the immortal world coming to the lower world."

Su Chen's face was also very ugly. He didn't expect that the eldest prince had a treasure that could summon the immortals from the lower realm.

This is difficult to deal with.

The immortal clones from the lower realm of the immortal world are at least in the realm of transcending tribulations. He is not in the realm of transcending tribulations yet. The opponent of the immortal clone.

The Mermaid Queen was surprised when she heard Su Chen's words and said,

"Fairyland? You are talking about the God Realm, right? How could the Great Prince Chris summon the Divine Realm of God Realm?"

Su Chen shook his head and said,

"The eldest prince Chris is the nephew of the Pope of the Holy See. Perhaps the Holy See gave Chris a life-saving treasure. The gods in the lower realm of the gods should have been summoned by that treasure."

"What to do?"

Su Chen looked at the beautiful mermaid queen beside him, but there was nothing he could do.

He could not be his opponent in the god of the gods.

Su Chen thought about it and decided to lure this god away. As long as he got to the Eastern Continent, the little fox, Guanyin Bodhisattva, Wudang Madonna, even Qingying can deal with this god

"Mermaid Queen, I will lure away the gods from the lower world in a moment, and you will destroy all the human armies on the sea without leaving any one behind."

The Mermaid Queen looked at Su Chen and asked worriedly, "You.....Are you sure?"

The Mermaid Queen did not expect that Su Chen would lure away the incoming god.

This is very dangerous.

It is not certain whether Su Chen can escape the pursuit of the god.

However,

Su Chen will lure away the incoming god for her mermaid kingdom. , she was also very moved by Su Chen, a stranger.

Su Chen looked at the light beam and shouted, "I'm pretty sure, but there's nothing I can do about it. The gods from the divine world are coming soon, and I can't care anymore." So much"

"Then be careful"

"I know that if I tell Delia that she promised me to touch her fish tail, I will do it again in the future. This time I may escape back to the Eastern Continent, and I will not say goodbye to Delia."

The Mermaid Queen was surprised when she heard Su Chen's words and shouted, "What? Delia promised you to touch her fish tail? How is this possible? You are not allowed to touch her tail."

Can the mermaid's tail be touched casually?

Damn it,

Delia doesn't like this human, right?

How is this possible?

Mermaids cannot intermarry with humans. Humans are very insidious and cunning. Although Su Chen She saved their mermaid kingdom, but she couldn't allow Suchen and Delia to marry.

"Then I can touch you!"

Su Chen said and quickly hugged the mermaid queen to control her.

He reached out and touched the golden fish tail of the mermaid queen. The golden and smooth fish tail was very comfortable for Su Chen to touch. It was like touching Like smooth jade

"Bastard, I'll kill you!"

The Mermaid Queen was hugged by Su Chen, and this bastard even touched her fish tail.

This made her confused for a moment.

She was actually touched by a human?

In an instant, the Mermaid Queen's face turned red. She felt that her body was limp and powerless.

Su Chen held the arrogant Mermaid Queen in his arms. He looked at the angry and blushing Mermaid Queen and wanted to kiss her, but Su Chen did not dare to kiss the Mermaid Queen rashly. He was also afraid of kissing the Mermaid Queen.

This beautiful mermaid queen was completely annoyed.

If the mermaid queen turned against him, there would be trouble in the future.

Su Chen touched the mermaid queen's fish tail for a while and then laughed and said,

"Haha, it feels good, Mermaid Queen, see you later. There are many mermaid captives on the sea who still need you to rescue, so I will send you there for free."

Whoosh!"

Su Chen said and moved the Mermaid Queen out. If the Mermaid Queen stayed, I'm afraid she would fight with him. This is not what Su Chen wants to see.

"Space prison!"

Whoosh!

Su Chen looked at Bruce next to him, and he immediately used the space prison to imprison Bruce too.

"Leave with me!"

Su Chen appeared in front of the eldest prince Chris in an instant. He grabbed the trash with one hand and rushed out of the sea.

The gods from the lower realm of the gods must save the eldest prince Chris first, so Su Chen could only hold the eldest prince Chris hostage and lead him away. The coming god.

Boom!

At this time, the light of the light pillar suddenly burst out with a burst of bright light, and a blond woman with a pair of white wings on her back suddenly appeared on the sea. Holy shit!

Is this an angel?

Or a birdman?

Su Chen He was also very confused when he saw a blond beauty with a pair of white wings suddenly appear, even wearing a pair of silver armor.

"Are you an angel? Or Birdman?"

"Heretic, you are seeking death!"

Chapter 1716

On the sea, a blonde beauty with a pair of white wings had just recovered. She became very angry after hearing Su Chen's words.

She is a noble angel, and it is absolutely unforgivable for this human being to think that she is a birdman. boom! A powerful aura suddenly erupted from the body of the blonde angel beauty, and the entire sea surface was shaken and exploded. The powerful aura directly suppressed Su Chen. Whoosh! Su Chen grabbed the eldest prince Chris and appeared more than ten miles away in an instant. He did not expect that this angel would be so impulsive. Was he going to kill the eldest prince Chris as well?

"Humph, did you escape?"

Whoosh!

The angelic beauty saw Su Chen appearing ten miles away in an instant. Her face was cold and her wings trembled before disappearing.

"I'll do it!"

When Su Chen saw the angel beauty disappear, he hurriedly grabbed Chris and teleported away again.

Su Chen didn't want to be caught by the angel beauty at this time.

This is Mermaid Di's territory, and it is also the Western Continent.

Su Chen wants Angel The beauty was lured to the Eastern Continent. If he could catch an angel beauty, it would also be beneficial for him to understand the Western Gods in the fairy world in the future.

On the Aegean Sea,

Su Chen kept appearing and disappearing, while the angels kept chasing after him. Su Chen, after a while,

Su Chen and the angel beauty disappeared in the Aegean Sea

"Damn bastard!"

On the Aegean Sea, the Mermaid Queen saw Su Chen being chased and escaped by an angel.

She was worried about Su Chen and very ashamed and angry.

She was still worried about Su Chen touching her fish tail, that damn bastard , the mermaid queen wanted to kill Su Chen with her own hands.

Boom boom.....!

The Mermaid Queen looked at the Sunset Empire warships all around her. She waved her scepter and a powerful white light erupted. Huge water columns directly penetrated all the warships on the sea.

"Mother, where is Su Chen?"

At this time,

Delia came out of the sea and asked hurriedly to the Mermaid Queen.

The Mermaid Queen was sure that Delia was so worried about Su Chen, which made her very helpless.

That damn shameless bastard, I hope that bastard will not come to Mermaid again in the future. Kingdom, the Mermaid Queen touched Delia's hair and said, "Delia, Suchen has left."

"left? Where was that powerful enemy just now?"

"Su Chen lured away the angel from the lower realm of the gods. That bastard said he had returned to the Eastern Continent, so you don't have to worry."

Delia was surprised when she heard the Mermaid Queen's words, "Su Chen returned to the Eastern Continent? Angels from the God Realm have gone down to the next world?"

Delia looked around and felt very lonely.

Su Chen left just like that.

She didn't even have time to say goodbye to that bastard. She even promised Su Chen to let him touch her fish tail, but she didn't do it. She will never do it again. I wonder if they will meet again.

The Mermaid Queen looked at Delia's disappointed look.

She thought Delia was worried about Suchen's safety.

The Mermaid Queen comforted Delia,

"Well, an angel has descended to the lower world, but don't worry about Su Chen. Su Chen should have a way to escape."

Delia shook her head and said

"Mother, I'm not worried about Su Chen's safety. That bastard is very powerful. Moreover, there are immortals in Su Chen's family. As long as Su Chen returns to the Eastern Continent, the angels of the God Realm will not be able to do anything to Su Chen."

Delia was in Su Chen's mansion in Hangzhou. She had seen the immortal avatar Guanyin Bodhisattva and the Wudang Virgin. Even Su Chen's Qingying was a powerful monster that had transcended the tribulation realm.

Not to mention that Su Chen also had a The mysterious little fox, she had heard that the little fox was as powerful as the immortal's clone. With these powerful people existing, how could something happen to Su Chen?

"What? Are there immortals in that bastard's family?"

The Mermaid Queen was very surprised when she heard Delia's words.

She didn't expect that there were immortals in Su Chen's family.

What is Su Chen's identity?

How could he be related to the immortals in the fairy world?

Delia nodded. continued,

"Well, I saw at least two immortals, and there were also two monsters and fox demons that were as powerful as the immortals. I also heard that Su Chen seemed to be some kind of Yaochi general in the immortal world."

The Mermaid Queen was completely speechless.

She looked at the surrounding mermaid army rescuing the captured mermaids, and she had no intention of paying attention to these.

If what Delia said is true, then her strength will improve in the future, and she will also It was impossible to kill that shameless bastard Su Chen. Should the incident of that bastard touching his fish tail be treated as if it never happened?

"Forget it, Delia, let's go rescue our mermaid people"

"Yes, mother!"

At this moment,

Su Chen grabbed the eldest prince Chris and kept teleporting. The angel beauty was chasing after him. Su Chen did not dare to teleport too far away. He was also afraid that the angel beauty would give up chasing him.

"Miss Angel, my name is Su Chen, what is your name?"

"Heretic, you are not qualified to know the name of God."

I guess!

Angels are indeed the most arrogant race.

Su Chen is also helpless with angel beauties, but how come the angels in the West only have one pair of wings? This looks similar to the angels in the Super Seminary.

"Angel Beauty, do you know Kesha, the King of Angels?"

King of Angels?

Kesha?

The angel beauty was very confused when she heard Su Chen's words?

King of Angels?

The angels in the divine world are all subordinates of God. There is no so-called King of Angels.

What is this heresy saying? King of Angels, Kesha, this is nonsense.

Angel chased Suchen while shouting, "Heresy, there is no such thing as King of Angels, don't talk nonsense here."

Su Chen smiled when he heard the angel beauty's words.

He thought of the angels in the Super Seminary, and Su Chen wanted to fool this beautiful angel.

"No? Angel beauty, why did I hear that angels have an angel king? Angels all live in the beautiful Merlot heaven."

"The King of Angels, Kesha, is also called the Sky Blade King, as well as the Tianji King Hexi, the Apocalypse King Liang Bing, the Holy Left Wing Angel Yan, the Holy Right Wing Zhixin, and even several powerful legions of the Angel Clan."

"Kesha, the King of Angels, is even called the King of Gods. Demons, Taotie, Fierce Sun, God of Death, and the Deno Galaxy are all very afraid of Kesha, the King of Angels. Are these all fake?"

The angel was even more confused when he heard Su Chen's words this time,

Sky Blade King Kesha?

Tianji King Hexi? Apocalypse

King Liang Bing?

Kesha is still the King of Gods?

Are angels so powerful? King of Gods? Isn't this the talent of God

?

Is she qualified to have the title?

How could an angel be the king of the gods? But what this heretic said didn't seem to be false, which made her even more confused.

"Angel beauty, I forgot to tell you that Kesha, the King of Angels, overthrew the rule of male angels 30,000 years ago. Now the Merlot Heaven is filled with beautiful and powerful beautiful angels."

Chapter 1717

Su Chen turned around and saw the confused look on the angel beauty's face, and he smiled. He might have confused the angel beauty this time.

Anyway, it is impossible for this angel to know the information about the angels in the Super Seminary. Su Chen just talked nonsense, and it is impossible for this angel beauty to know about the things in the other world.

Whoosh! boom!

Holy shit!

Su Chen did not expect that the angel beauty would suddenly attack him. Fortunately, Su Chen had been careful, otherwise he would have been hit by the angel beauty's beam.

The angel beauty shouted while chasing Su Chen,

"Heretic, I don't believe what you said. You are dead. Angels cannot be insulted."

"Damn it, angel beauty, I have a hostage in my hands. If you dare to attack me again, I will kill you."

"A candidate for the Son of God, do you think I would care about his life or death?"

I'll go!

No wonder this angelic beauty didn't care about the life or death of the eldest prince Chris at all after she arrived. It turns out that the eldest prince Chris is just an insignificant villain.

What the hell, why should I catch this bastard so stupidly? ?

The eldest prince Chris also heard what the angel beauty said, and he saw Su Chen's unkind eyes.

The eldest prince Chris hurriedly begged Su Chen for mercy,

"Don't kill me, don't kill me."

Boom!

Su Chen smashed the eldest prince Chris to pieces with one palm. He is a useless person.

How can he celebrate the New Year if he is left here?

The angel saw Su Chen killing the eldest prince Chris from behind, which made her even more angry. , that human being was the one she was responsible for assessing, and

Su Chen actually killed the person in charge of her. It would be impossible for her to visit the Godfall Continent again in the future.

This damn human being, the angelic beautiful eyes looked at Su Chen and were filled with tears. murderous intent,

"Heretic, you actually killed the candidate for the Son of God. You deserve death."

What the hell!

Is this angel beauty not mentally healthy?

The angel beauty just dismissed the eldest prince Chris. Why did she kill the eldest prince Chris? Why is this angel beauty so angry if something happens again?

Su Chen is also He's drunk, what is Angel Beauty doing?

Just now he said he didn't care, but after he killed the eldest prince Chris,

Angel Beauty suddenly became even more angry. Could it be that what Angel Beauty said just now was ironic? Swish, swish, swish.....

Boom boom boom.....

The beautiful angel kept attacking Su Chen from behind.

Everything Su Chen passed by was blown up by the angel's beams. Su Chen couldn't care less. He kept teleporting, disappearing and appearing, hanging on the girl behind him. Beauty angel.

Three days later,

Su Chen reappeared in the Eastern Continent.

His return to the Eastern Continent this time was much faster than going to the Western Continent. Su Chen didn't rest at all along the way. The angel beauty kept chasing him closely. Su Chen There was no chance to rest either.

After Su Chen appeared in the Eastern Continent, he thought about where to go to get this angelic beauty.

But where to go?

The angel beauty is not easy to deal with.

It is definitely not possible to go to Hangzhou City.

I don't know if the little fox has gone into seclusion,

Li Shan?

When you go to Lishan,

Guanyin Bodhisattva and Wudang Our Lady are in Lishan. If you go to Lishan, you will be trapped by the angelic beauty.

Um?

Why did Angel Beauty stop?

Su Chen suddenly felt that the beautiful angel behind him had stopped. This made Su Chen confused. The beautiful angel had been chasing him for more than three days, so why did she stop suddenly?

"Angel beauty, are you planning to hunt me down?"

"Damn heresy."

When the angel heard Su Chen's words, she was very helpless.

This was already the boundary of the Eastern Continent.

She did not dare to continue chasing.

The immortals of the Eastern Continent did not welcome the gods of the Western world. If the immortals of the Eastern Continent found out that they had crossed the boundary, I'm afraid her clone will be killed.

Su Chen looked at the angelic beauty behind and said deliberately,

"Angel beauty, did you just fall in love with me after chasing me?"

"Shameless heretic, you are seeking death."

The face of the angelic beauty is full of anger.

This Su Chen is too difficult to hunt down.

She has been chasing this heretic for more than three days, but the heretic's mana has not been exhausted.

Su Chen's ability to teleport allows She was helpless. If the heretic was closer to her, the angel beauty could use her powerful momentum to suppress this shameless heretic.

Now that they had arrived in the Eastern Continent, the angel beauty was also struggling with whether to continue chasing this bastard.

Su Chen also watched I understand, the angel beauty does not dare to step into the Eastern Continent.

This makes Su Chen curious.

The angel beauty's strength is now at the peak of the Tribulation Realm. Why does she not dare to step into the Eastern Continent?

Could it be that the Eastern Continent Immortals do not allow gods or powerful practitioners from other continents to come?

"Angel beauty, are you tired? Do you want to come over and have a drink and take a rest?"

"Heretic, you are lucky this time, I will never let you go next time"

"Angel beauty, do you want to leave?"

"none of your business!"

Oh my god!

This angelic beauty actually also speaks foul language?

Su Chen shook his head and was very speechless.

He felt that no matter how beautiful the women were, as long as they were angered, they would still curse and swear.

Su Chen sat down After standing on a branch, she looked at the angel beauty in the distance and asked, "Angel Beauty, we have known each other for more than three days, can you tell me your name? Maybe I still know you"

"Heretic, you can't possibly know me."

The angel beauty looked around.

She didn't want to give up on Su Chen. After thinking about it, the angel beauty decided to stabilize the heretic first. As long as he relaxed his vigilance, she could quickly kill the heretic.

"Tell me!"

"angelette"

"Angelette?"

Su Chen shook his head when he heard the name of the angel beauty.

He was not familiar with the names of Western angels at all.

Angelette should not be a powerful angel in the Western God Realm, like Michael and Gabriel. , Angels like Raphael should be very powerful angels

"Have a drink!"

Su Chen threw a bottle of wine at Angelette.

Su Chen was also thinking of ways to make Angelette continue to chase her.

Only in this way could Su Chen let Guanyin Bodhisattva and Our Lady of Wudang capture this angelic beauty.

A living angel. Beauty,

Su Chen is also very interested in Angel Angelette

"Is this the fairy wine from the Eastern fairyland? You actually have the fairy wine from the Eastern Immortal Realm? Who are you?"

Angelit caught the wine thrown by Su Chen.

She was very surprised when she opened it.

This bottle of wine actually contained the fairy energy of the Eastern Immortal Realm. How is this possible? How could the wine of the Eastern Immortal Realm appear in the Shenyu Continent?

Angelique Te looked at Su Chen and became wary. She now suspected that Su Chen might know the immortals from the Eastern Immortal Realm, or even that Su Chen might be a descendant of the Eastern Immortal Realm family left in the Shenyu Continent.

"Angelite, please try the wine given to me by Kesha, the King of Angels. This is the wine that angels in the Eastern Fairyland often drink."

Chapter 1718

Su Chen started talking nonsense again to the angel beauty Angelette. I'm afraid these fairy wine angel beauties are also known in the fairy world.

The last time Su Chen was in the fairy world, he just stayed in the eastern heaven. The prehistoric world is vast and boundless.

Ghosts don't know about the west. With these gods in that lumpy nest,

Su Chen felt that in the prehistoric world, the most powerful gods in the west were probably some Da Luo Jinxian.

Otherwise, in the Godfall Continent,

Angel Angel would not be afraid of entering the Eastern Continent.

Angel Angelite looked at the ambrosia in her hand, and threatened Su Chen again coldly,

"You still dare to talk nonsense and heresy, you still dare to deceive me, do you really think that I dare not kill you?"

Su Chen shook his head and continued to lie, "Angelit, what I said is true. The angel race is a very beautiful and righteous race. I also admire the beautiful angels very much. Angel

Angelite looked at Su Chen with great disdain.

This human being was talking nonsense.

She didn't believe every word Su Chen said.

Angelette took a sip of the ambrosia and mocked, "Kesha, the King of Angels?" Is this the angel you admire?"

"Of course, Kesha, the King of Angels, is an angel doing justice. When she was in power, no one in the entire universe dared to oppose her. Evil demons and the God of Death all shunned the King of Angels."

"I still don't believe it!"

"System, is there any way to generate an image of Kesha in my memory?"

"Ding, yes, I won't do it next time."

Su Chen didn't expect that the system actually agreed.

This system is becoming more and more humane.

However, what the hell is it if it doesn't happen next time?

Last time, the system asked the system to open a channel to resurrect Lin Qing'er, and the system also said it wouldn't happen next time, haha!

It won't happen next time, right?

Anyway, there will be many things that will be ignored in the future. Su Chen wants to see if the system will tell him that he will not be punished every time.

At this time, a jade piece appeared in Su Chen's hand.

Su Chen used his magic power to look at the image in the jade piece. He smiled.

The image in the jade film was from when Kesha had not become the King of Angels. Su Chen felt that if Angelette could see the tragic fate of the women of the angel race 30,000 years ago, would Angelette be able to see it? Are you mad?

Su Chen threw the jade piece towards Angelite and said with a smile, "Angelit, this jade piece records Kesha's life. See if I have deceived you.""

"I'll watch it."

Angelit took the jade piece and looked at it before replying to Su Chen,

"Then you just watch slowly, I'll take a break first."

Su Chen leaned on the branch and closed his eyes.

However, his mental energy was always focused on Angelette, and he was also worried that Angelette would suddenly take action against him.

"Cunning heresy!"

Angelit saw Su Chen closing her eyes, but she didn't take action against Su Chen.

The main reason was that the human's mental power had been checking her. Angelette could feel that Su Chen was wary of her.

Anji. Li Te took the jade piece and wanted to see what information it contained. The life of Kesha, the King of Angels? She didn't believe it at all. This human being was probably fooling herself.

After Su Chen closed his eyes, his mind Checking Lin Qing'er in the sky-swallowing magic jar, he also wanted to see if Lin Qing'er's appearance had changed after she was resurrected, and whether there would be any rejection of his memory.

I wonder!

Lin Qing'er is so beautiful? Is this the same as Lin Qing'er's appearance? The stone statues in the priest's temple are 60-70% similar.

They are wearing a white dress that sets off a perfect figure, with long straight black hair scattered on the shoulders, big bright eyes, delicate red lips, and a thin waist. A gentle and beautiful face.

Su Chen was also surprised by Lin Qing'er's beauty.

After looking at it for a while, Su Chen shouted to Lin Qing'er, "Lin Qing'er, do you want to come out?"

"Suchen?" Lin Qing'er suddenly heard a familiar voice while practicing. She looked around and asked doubtfully,

"it's me!"

When Lin Qing'er heard that it was indeed Su Chen, she was very happy.

Lin Qing'er couldn't remember anything in the past.

She just knew that it was Su Chen who saved her. Even Su Chen spent a lot of resources to let her go. She had a new life.

Although Lin Qing'er didn't know what the relationship between Su Chen and her was, she could remember Su Chen's voice and even Su Chen's face, so Lin Qing'er felt that Su Chen might be very important to her. Qing'er smiled softly and replied, "Su Chen, I don't want to go out yet. I think I will break through in less than a month. I want to go out after breaking through. Is this okay?"

"Okay, you can make a breakthrough in the Sky-Swallowing Devil Jar with peace of mind."

Su Chen was very speechless when he heard Lin Qing'er's words.

Now Lin Qing'er is at the peak of the Fusion Realm.

If Lin Qing'er breaks through again, her cultivation realm will be the same as her own.

But

Su Chen sees that Seeing Lin Qing'er's gentle smile,

Su Chen also felt that it was worth wasting the empress's resources.

Lin Qing'er probably regarded herself as her only relative. In the future, Lin Qing'er would obey his words just like Lan Yincao.

Su Chen There is a peerless beauty next to him again, and she is also a powerful peerless beauty. This is the best thing for him.

"Thanks!"

Boom!

Damn! Why is Angel Angelite so crazy?

Su Chen was frightened by the loud noise and hurriedly opened his eyes.

He did not feel any danger, which meant that Angel Angelite was not attacking him again.

At this moment,

Angel Angelette looked at the jade piece in her hand with an angry face. She had just seen the tragic fate of Kesha and the female angels, which made her so angry that she wanted to kill those male angels. The female angels are under the rule of the Heavenly Palace. Just like slaves, no! Not even as good as some slaves.

Male angels can abuse female angels at will, and even kill female angels at every turn.

Angelite's eyes turned red when she looked at the image in the jade film.

Angelite Te looked at the jade piece in her hand. She checked the images in the jade piece and found that all of this really happened.

Although they were in different worlds, she and Kesha's angels belonged to the same angel family. The sad one said to himself, "Is this really true? What happened in the video is actually true? Are we female angels so miserable in every world?"

"Angelette, you finished reading so quickly?" Su Chen looked at Angelette and asked loudly.

Angelette looked at Su Chen and asked complicatedly, "No, I just saw that Kesha was going to resist the rule of Tiangong. Su Chen, where is this small world? Do you have a spatial passage to this small world?"

"No, what are you going to do?"

Angelit said to Su Chen with a fierce expression, "I'm going to kill all the male angels in the small world."

"Forehead! Angelite, you should finish reading the images in the jade film before talking."

Chapter 1719

Su Chen felt that it was a bit miserable to deceive the angel Angelite.

He had a fart coordinate in the world of Super Seminary. It was not certain whether there was even a small world like Super Seminary.

But what did Angelette mean just now?

Just now Angel Angelet said, are female angels so miserable in every world?

What does it mean?

Could it be that the female angels in other small worlds are as miserable as the female angels in the Super Seminary?

Suchen looked at Angelite and did not ask her.

He and Angel Angel were still enemies. Besides, even if he asked Angel Angel, Angel Angel would not be able to tell him about this so-called heresy.

Angelique glanced at Su Chen and continued reading.

She was not so hostile to Su Chen now.

However,

Su Chen ruined her future.

Her future medium prince Chris was killed, and

Angel Angel Te also cannot come to the Divine Meteor Continent again.

If she cannot come to the Divine Meteor Continent, the power of faith in the church will not be absorbed at all, and she will not be able to advance to the realm of body cultivation in the God Realm. She is a seraph. I am afraid that I will not be able to advance to the Eight-Winged Angel in tens of thousands of years.

The day passed like this.

In the dark night,

Su Chen kept leaning on the branch to rest, and the angel Angelette also kept looking at Kesha's past in the jade film.

Suddenly, there were many footsteps in the forest, and some human conversations were also heard.

"Come on, we can take a boat to the northern continent after passing through the forest. We have to dig more magic crystals this time. We will all be rich by then."

"Boss, who needs the magic crystal? Why would you pay a big price to acquire it?"

"Yes, we only got three magic crystals last time, but someone paid one million gold coins to buy them. The magic crystals were of no use. Why would someone pay a big price to buy the magic crystals?"

"Boss, are those people demons?"

"I feel like, those wearing black robes, as if they are afraid of being recognized."

At this time, a burly middle-aged man stopped with a big sword.

He said to the people behind him with a serious face, "Those are the people from the Ghost King Sect, please be stricter with your mouths, otherwise Our Tianxing mercenary group will be destroyed by the Ghost King Sect."

"Yes, boss!"

"Everyone speed up. This time the magic crystal mine was discovered by many mercenary groups. If we don't speed up, we won't be able to get any of the magic crystals in the magic crystal mine."

"Yes, boss!"

Su Chen looked at the hundreds of battle-experienced mercenaries passing under the tree.

He was also interested in that magic crystal. The

Ghost King Sect actually purchased this so-called magic crystal. It seems that the magic crystal should be used to protect evil people. Practitioners have special uses.

Swish swish swish.....

Suddenly, some more people appeared here secretly. These ten people were all very powerful. Ten of them were in the Nascent Soul Realm, four were in the Out-of-Body Realm, and there were even two powerful ones in the Distracting God Realm.

The dozen or so people did not stop, and they carefully followed the Tianxing mercenary group in front.

Su Chen looked at the dozen black-robed men walking away and said doubtfully, "People from the Ghost King Sect, two of the black-robed men are women. The weak black-robed woman is not Baguio, right?"

Bei Continent ?

Magic crystal mine?

The Northern Continent is the most special continent in the Shenyu Continent.

Su Chen has also inquired about information about the Northern Continent before.

There are no humans, no other races, and even monsters in the Northern Continent. The Northern Continent is filled with people who have no intelligence. There are even ferocious beasts and even the legendary underworld.

Moreover, the miasma and poisonous miasma in the Northern Continent are not suitable for the survival of various races at all.

Humans without cultivation will probably be poisoned immediately if they enter the Northern Continent. Even humans with cultivation realm do not dare to enter the Northern Continent. Go deep into the northern continent.

Even if there are detoxification pills, humans are still exploring the edges of the northern continent.

Su Chen looked at the angel Angelite in the distance and said,"Angel Beauty, do you know anything about the Northern Continent?"

Angel Angelite trembled when she heard Su Chen's words.

She still had fresh memories of the Northern Continent. , the fear in the Northern Continent made it impossible for her to forget it in her life. Angelit felt that even if her true form of Seraph went to the Northern Continent, she might not be able to leave safely, and might even die in the hinterland of the Northern Continent.

Angel Angelite thought for a moment and then looked at Su Chen and reminded,

"For the sake of giving me this image, let me remind you once, Northern Continent? I advise you not to seek death. It is a forbidden land for humans. Even I dare not go deep into the Northern Continent."

"I explored the Northern Continent decades ago. At that time, I was almost killed by a powerful beast before I could penetrate deep into the hinterland of the Northern Continent."

"Moreover, the Northern Continent is very strange. The Northern Continent is an ominous place, and it is also a place abandoned by the gods. Even the gods are not willing to go to a place. You should understand how dangerous it is."

Su Chen was very surprised when she heard the words of the angel beauty Angelite.

She didn't think that even Angelette would not dare to enter the Northern Continent.

Is the Northern Continent really very dangerous?

Angelina's angel clone is in the realm of transcending tribulation. Peak, this is the existence of a ceiling in the Shenyu Continent.

Su Chen looked at Angelite with a frightened expression, and

Angelite didn't seem to be lying.

That can only show that the Northern Continent is really very dangerous,

Su Chen Chen touched his chin and thought about whether to go to the Northern Continent.

He was not afraid of miasma and poisonous miasma.

Su Chen was worried about encountering powerful ferocious beasts. If he encountered some powerful ferocious beasts, he didn't know whether he could escape..Su

Chen suddenly appeared next to Angelite and asked,"Angelit, I'm going to the Northern Continent, do you want to go with me?"

When the angel Angelite heard what Su Chen said, she looked at Su Chen with great disdain.

This bastard knew that the Northern Continent was very dangerous, but he still wanted to go to the Northern Continent. I don't know if this human being is audacious or a complete idiot.

Angelite put away the jade piece and glanced at Su Chen and sneered,"Hi! If you want to go and die, I will kill you. I will not go to that terrifying Northern Continent."

Su Chen crossed his arms and smiled and said to the angel Angelite,"Angelit, if you go to the Northern Continent with me, I can tell you the passage to Kesha's world."

Su Chen has no choice.

Although Angelite has been trying to kill him, the Northern Continent sounds very dangerous. He can only deceive the beautiful angel Angelite. If Angelite is around, maybe he can It will be safer

"You shameless human being, don't you know the passage to Kesha's world? Human beings are indeed despicable and shameless villains."

Chapter 1720

After Angel Angelite heard what Su Chen said, she appeared in front of Su Chen angrily, but Su Chen was so frightened that he disappeared in a hurry.

Angelite was very angry when she saw Su Chen running away again.

This damn human being just said that he didn't know the passage to Kesha's world, and now he's negotiating terms with her.

This bastard must know the passage to Kesha's world, Anji. Li Te now wanted to catch this bastard and kill him.

I'll do it!

He was almost caught by the angel Angelite.

This angel beauty is really hot-tempered.

Su Chen just deceived the angel Angelite. He knew nothing about Kesha's world.

Su Chen instantly went to a big tree and looked at Angelite with lingering fear. If he hadn't been on guard against the angelic beauty, he might have been caught by Angelite just now.

Su Chen stood on the big tree and shouted to Angelite, "Angelit, do you agree to go to the Northern Continent together? If you don't agree, I will go to the Northern Continent by myself."

"Do you really know the passage to Kesha's world?"

Angelit clenched her fists tightly when she looked at Suchen.

This bastard human being was too vigilant.

She just tried to catch this bastard when he wasn't paying attention, but he still escaped.

Angelit also wanted to know Kesha In the world passage, she will not let go of any male angels in that small world. Kesha is still somewhat merciful. Those male angels should not be exiled, but should all be killed.

"Know!"

Su Chen nodded and replied.

He had no choice now.

If he dared to say he didn't know now, this angelic beauty would probably be mad and even try to kill him desperately.

Su Chen could only Being able to deceive is only temporary.

When Angeli heard Su Chen's words, she said coldly,"Su Chen, I can go to the Northern Continent with you, but I won't go deep into the Northern Continent. After arriving at the Northern Continent, you have to tell me about Kesha's world. where is the passage"

"Can!"

"Su Chen, you'd better not lie to me, otherwise, even if I risk being killed by this clone, I will kill you too."

"Understand, understand!"

"snort!"

When Angel Angel saw that Su Chen agreed, she had no intention of catching this cunning human now.

In the Northern Continent,

Angelite just refused to kill this heretic. As long as Su Chen went deep into the hinterland of the Northern Continent, he would be killed. Killing the beast saves her from having to kill this bastard herself.

Su Chen looked at the arrogant angel beauty and asked, "Angelette, you won't attack me again, will you?"

"What do you think?" Angelit glanced at Su Chen and replied casually,

"I think you will"

"Don't worry, I won't take action against you before going to the Northern Continent."

"real?"

Angelit was also very despised by Su Chen's cautiousness.

She said she wouldn't take action just because she wouldn't take action. Angels are not as despicable and shameless as humans and are full of lies.

"I swear in the name of the angel of justice that I will not take action against you on the land route to the Northern Continent."

Su Chen instantly appeared next to Angelite and said with a smile,

"I believe, I believe, Angelette, let's follow those in front, do you understand what the magic crystal is?"

Su Chen is not worried that Angelette will take action against him. Angel is a very proud race. Angel will never go back on what he said. He is not worried that Angelette will take action against him again.

But!

Angelique is very good at it. She is really beautiful.

Su Chen's eyes sparkled when he saw the angel Angelite up close.

Angelite has long golden hair, a tall figure, a beautiful face, exquisite armor and a short skirt. The long thighs are very attractive.

Why does the angel Angelite look more like an Oriental?

And the armor she wears is basically the same as Kesha's angels and demons.

"Not sure."

When Angelette saw Su Chen appearing next to her, she frowned and took a few steps back.

This bastard human being, after she didn't take action against him, this bastard dared to get so close to her, damn shameless human being, this bastard must be He is a very dirty human being.

In the dark and humid forest,

Su Chen and Angelite followed the mercenary group and those from the Ghost King Sect in front of them one after another.

After dawn, a big river appeared on the outskirts of the forest, and There is actually a small town inhabited by humans by the river. The people in the town are all warriors and immortal cultivators. There are even people from the southern and western continents appearing in this small town.

Su Chen saw the Tianxing Mercenary Group and The people from the Ghost King Sect had all gone to the small town ahead.

How could there be a small town in this sparsely populated place?

This made Su Chen very puzzled.

"Why is there a small town here?"

Angelit walked up to Suchen from behind and explained,

"This town is the outpost to the Northern Continent, and the people here are those who are ready to take risks on the Northern Continent."

"There are a lot of elixirs and energy crystal mines in the Northern Continent. As long as these adventurers find some elixirs or some crystal ores for making spiritual weapons, it will be enough for them to live a good life."

Su Chen nodded when he heard Angelette.

Although there are not many people in the town, they are all cultivators from other continents.

The lowest cultivation level of human beings here is the Heavenly Realm, and the highest cultivation level of human beings is even There are cultivators in the Divination Realm, and thousands of cultivators in the Heavenly Realm and above. This is a powerful force.

Huh?

Why is the angel beauty wearing a cloak?

Where are the white wings of the angel?

Su Chen turned around and Seeing Angelette wearing a black cloak, even her armor and skirt were hidden, and even a pair of wings disappeared.

Suchen guessed that Angelette was worried that her identity as an angel would be discovered.

Angel After all, he is the god of the Western Continent.

Angelite's sudden appearance may cause a sensation, so Angel Angelette has to disguise herself to hide her identity.

"What are you looking at? I'm afraid of attracting attention."

Angelit saw Su Chen looking at her, which made Angelite yell at Su Chen.

Su Chen nodded awkwardly and said, "Ahem, yes, you were indeed very noticeable before."

"Hum, come to the town quickly"

"good!"

In the small town, there are humans from the Eastern Continent, humans from the Southern Continent, humans from the Western Continent, and even people from other races, such as dwarves, demons, giants, orcs, and even legendary dragons.

Su Chen said I am very curious about this town.

How can humans here coexist peacefully with other races? Forget about other races, but monsters appear in the town. Why haven't humans destroyed these monsters?

Angelette looked at Su Chen She looked confused and explained to him, "Don't worry, fighting and killing are prohibited in the town, otherwise everyone in the town will take action against those who violate the rules."

Su Chen nodded and said,

"This is not bad. In the entire Holy Continent, I am afraid this is the only place where all races can coexist peacefully."

"You think too much. Fighting and killing are prohibited in the town, but as long as you leave the town, killings can be seen at any time."
