Chapter 1721

Angel Angelette has been to this town before, and she is very clear about everything here.

In the town, although it is peaceful on the surface, when you leave the town, all the races here will show their true colors and kill. , rape, treasure grabbing, and even cannibalism, these are commonplace. This is the law of the jungle, survival of the fittest, hell for the weak, and paradise for the strong.

Su Chen nodded when he heard Angelite's words.

He thought that the people who came here were not ordinary characters. Faced with the death threat in the northern continent, these people of various races dared to come, which meant that these people were all ordinary people. They are indifferent to life and death, and even these people are originally vicious and evil people.

"Slaves are for sale, dwarf slaves, good at forging weapons, you can buy a dwarf slave for 10,000 gold coins"

"Jade crystal ore, blue crystal jade for exquisite jewelry, one piece of blue crystal jade ore, one thousand gold coins"

"The giant dragon, the golden dragon of the Western Continent, has the cultivation level of Nascent Soul Realm, only changes the spiritual weapon"

"A magic weapon sword. You can get one for ten low-grade spiritual stones. Just a magic weapon sword. First come, first served."

"Purple Magnolia, spiritual flower Purple Magnolia, five low-grade spiritual stones for one, the ultimate healing spiritual flower."

In the small town, all kinds of items are sold on the streets, including slaves, exotic flowers and plants, and all kinds of ores.

Su Chen was stunned when he saw these.

It seemed like he was playing a game. The people here The scene is just like setting up a stall to buy items in the game

"Master, do you want a beautiful woman? A top-quality beauty succubus, a top-quality elixir can be exchanged for a beauty from the succubus clan."

At this time, a magician from the Western Continent (Nascent Soul Realm) appeared in front of Su Chen and said quietly.

Su Chen looked at the middle-aged Westerner who stopped him in front of him, and he asked doubtfully,

"Succubus? Isn't this a demon clan?"

"The young master is right. This demon was captured in the last battle with the church. However, the succubus is difficult to tame and can confuse people. Our mercenary group also spent more than a year without taming it, so we are ready to sell the beautiful succubus. The succubus."

Su Chen became interested in succubi after hearing what this Westerner said.

No, he was interested in the demons in the Western Continent.

There are demons in the Eastern Continent, there are demons in the Southern Continent, and there are also demons in the Western Continent. , although the demons are different in each continent, their nature is exactly the same.

The demons are everywhere killing creatures of various races, and the various races on the continent also yell at everyone of the demons.

"A top-quality elixir? You guys are really open-minded. I can buy more than a hundred beauties of all kinds with one top-quality elixir."

The middle-aged man saw that Su Chen was too expensive, but when he found that Su Chen was wearing luxurious clothes, he felt that Su Chen must come from a big family, and top-quality elixirs should not be a problem for Su Chen.

The middle-aged man hurriedly He introduced Su Chen,

"Young Master, succubi are different. Succubi are the best beauties among the demon clan. Just like our elves and mermaids in the Western Continent, they are all the best beauties that can be found but cannot be found."

"It's too expensive, I can't afford it."

Su Chen shook his head and decided to leave.

Although the succubus helped him understand the demons of the Western Continent, he was going to the dangerous Northern Continent this time.

He just bought the succubus, and

I'm afraid he still has to protect it. Succubus, his life and death in the Northern Continent depended on the angel Angelite, how could he still protect a succubus?

When the middle-aged man saw that Su Chen was leaving, he became anxious.

Their mercenary group was already waiting in the town. It's been almost a month.

If they can't trade the best elixirs, I'm afraid their leader will die. If the powerful leader dies, their mercenary group may be annexed or killed by other large mercenary groups.

"Master, master, don't go. Master, the succubus is still in perfect condition. If the leader of our mercenary group had not been seriously injured, we would not have been able to sell this beautiful succubus."

After Su Chen heard what the middle-aged Westerner said, he looked at the angel Angelite who was wandering around.

Su Chen decided to go and see the succubus.

If the succubus was useful to him,

Su Chen would just waste one. The best elixirs are also available

"Let me take a look at that succubus first, and then tell me if I like it"

"Okay, okay, young master, you and I will go to the headquarters of our Longxiang mercenary group. The succubus is locked up in our camp."

"Can!"

After Su Chen and the middle-aged Westerner left,

Angel Angelite looked at Su Chen who left, with a look of contempt on her face.

Humans are all lustful people, and what she did to Su Chen was very... looked down upon, and Angelite was too lazy to talk to Su Chen.

"Master, this is it, our station is here."

After a while, the middle-aged man took Su Chen to a yard in the town.

Dozens of mercenaries were resting in the yard. They saw the deputy commander bringing a young man. These mercenary groups Everyone hurriedly stood up and looked at Su Chen.

Su Chen checked the mercenary group and didn't care about anything.

This was just a small mercenary group.

In addition to this middle-aged man, there were two other people who were in the Nascent Soul realm, and the others Dozens of them are all in the Golden Core Realm. This mercenary group poses no threat to him at all. If the Longxiang mercenary group dares to take advantage of others, Su Chen won't mind sending them to meet their God.

"What about the succubus?"

"Master, in the house on the left"

"Take me to see it!"

"Okay, Master, please!"

The middle-aged man waved to the other people in the yard, and he hurriedly took Su Chen to the house next to him.

Click!

After the door of the house was opened, in a cage in the house, a beautiful woman with purple hair was Locked in a cage, the beautiful woman in the cage cursed when she saw someone coming in,

"Damn humans, I will kill you all!"

The middle-aged man pointed to the succubus in the cage and said to Su Chen,

"Master, this is the succubus. Look, her eyes and hair are both purple."

"However, Master, please do not get close to the succubus. The succubus will use her charm and purple eyes to confuse us. Many of us in the Longxiang Mercenary Group have been confused, and the succubus has almost escaped several times."

Su Chen looked at the succubus and nodded.

The succubus was indeed born to bring disaster to the country and the people.

She has a face like a vixen, eyes that seduce all living things, and a figure that is bulging forward and backward. Especially her now torn dress reveals a lot of fair skin. , this is even more tempting.

Su Chen took out a top-quality elixir and threw it to the middle-aged man, saying, "This is a life-creating elixir. You should have heard that the succubus belongs to me." The middle-aged man took the Shengsheng Good Fortune Pill, looked at it and said excitedly, "Thank you young master, thank you so much, young master. I know that this Life Good Fortune Pill will definitely save our leader's life.""

"You go out!"

Su Chen clapped his hands to the middle-aged man and said,

"Yes, Master!"

The middle-aged man nodded to Su Chen with the elixir and left in a hurry. He wanted to ask the leader to take the elixir of creation as soon as possible, so that there would be no more crisis in their mercenary group.

"Human pretty boy, you dare to buy me, aren't you afraid that I will eat you?"

Chapter 1722

The succubus didn't expect that anyone would really dare to buy her.

Over the past month, many humans wanted to buy her, but under her charm, those humans were afraid of her and stayed away..

This human actually bought her after seeing him without saying a word. Could it be that this human's lust makes him not afraid of demons?

Su Chen looked at the succubus with his arms folded and asked with a smile, "Eat me? Miss succubus, how are you going to eat me?" The succubus beauty is now sealed, and

Su Chen can't see the succubus. She is at the level of demon cultivation, but since the succubus beauty has been captured, her strength should not be strong, otherwise she would not be captured alive.

The succubus was stunned when she heard Su Chen's words.

Why didn't this human being follow the routine? When those humans heard her words before, they were either scared away or were very resistant to her cannibalism. Why did this human being still smile and ask? How does she eat? Is this human a fool?

"Um? Of course I ate you alive. Human flesh and blood is very delicious. I haven't eaten human beings for a long time."

Su Chen smiled when he heard what the succubus said, and he still eats people?

The succubus is not a cannibal, so what kind of people do he eat?

Are the succubi one of those little cannibals?

He looked at his body and teased, "It turns out you want to eat my flesh and blood. I thought you wanted to eat my body."

"Damn humans, you're looking for death!"

The succubus saw Su Chen looking at her lower body, and she understood.

She didn't expect this human being to be so shameless, which made her want to kill this human being immediately.

Su Chen shook her head and said to the succubus seriously, "Okay, Miss Succubus, I only ask you three questions. If your answers satisfy me, I will let you go free."

"What? Is what you said true?"

The succubus was surprised when she heard Su Chen's words.

She didn't expect that Su Chen would let her go after just asking her three questions.

Although the succubus didn't know whether what Su Chen said was true or false, this was what she could get. A chance for freedom.

Su Chen nodded and replied, "Of course, I never cheat on beautiful women."

The succubus clenched her little fist and threatened Su Chen, "Human, you'd better keep your word, otherwise I will curse you to a bad death."

"The first question is, how many troops do the demons in the Western Continent have?"

"There are countless armies of demons. There are so many demons under the abyss that you can hardly imagine."

"The second question is, since there are so many demons, why didn't they occupy the northern continent?"

The succubus heard Su Chen ask this question, and she didn't know whether to tell Su Chen for a moment.

However, the succubus thought about the secrets within the demon clan, and the church in the Western Continent probably knew about it, so she even told her What Su Chen said was not a betrayal of the demon clan at all.

The succubus thought for a while and then said,

"I can tell you this. Although the Abyss Demon Clan is numerous in number, the Demon Clan is not a unified Demon Clan."

"In the abyss, the demon clan has six major demon kings. The six demon kings often launch wars with each other to unify the demon clan. Without a unified demon clan, it is impossible to defeat you humans."

Su Chen touched his chin after hearing Succubus's words and thought about it.

There are so many demons and the six demon kings are waging war against each other.

No wonder the abyss demons have never attacked the ground. If the chaotic demons don't work together, they will not be able to survive. It is impossible to be the opponent of the various empires and churches in the Western Continent.

Su Chen thought for a while and continued to ask, "The third question, are the six demon kings the most powerful people in the abyss? What level of cultivation are they at?"

The succubus shook her head when she heard Su Chen's question and said, "Human, you have two questions this time."

"Do you answer?"

Su Chen asked with a smile.

The succubus had already answered two questions. Su Chen didn't believe that the succubus would not answer the last two questions.

The succubus rolled her eyes at Su Chen and replied,

"Let me tell you, this is not a secret anyway. The six demon kings are all at the peak of the demon king's strength, which is the realm of the sacred sky god (dongxu realm) in the Western Continent. They are all the most powerful existences among the demons."

Su Chen was very speechless after hearing this.

It turned out that the six demon kings were at the same level of cultivation as him. Su Chen had previously thought that the six demon kings were all capable of transcending the tribulation realm. It seems that the demons in the Western Continent are not too strong.

The succubus looked at Su Chen and asked with gleaming eyes, "Human, I have already answered you, are you going to fulfill your promise and let me go?"

"Can!"

Bang!

Su Chen waved his hand, and the cage was opened.

The succubus didn't expect that Su Chen really let her out.

It's just that this human let her go, so why didn't he lift the seal for her?

"Why don't you unlock my power? Su

Chen smiled when he heard Succubus's words and said, "Miss Succubus, I just promised to let you out, but I didn't promise to lift your seal. Are you overthinking it?"

The succubus looked at Su Chen and shouted angrily, "You.....If you don't lift my seal, how can I survive in the human world?"

"Answer me one more question and I will unseal you"

"Damn you humans are scumbags and you are a shameless bastard."

The succubus was so angry that she wanted to strangle this bastard to death.

She didn't expect that Su Chen would say this. She also blamed herself. Why didn't she make it clear to this bastard just now? This time she fell into this bastard's trap.

"The last question is very simple. How many powerful races are there in the demon clan?"

The succubus heard Su Chen's last question.

She didn't expect it to be so simple.

The succubus smiled seductively at Su Chen and said,

"A powerful race within the demon clan? There are quite a few, including demons, dark elves, liches, bone dragons, orcs, skeletons, banshees, vampires, and our succubi. These are some powerful races of demons, and there are many more. Race strength is average"

"Yes, you demons have quite a few races."

"Can you lift my seal now?"

"Can!"

Su Chen walked up to the succubus and lifted her cultivation seal.

Boom!

I'm here!

Su Chen didn't expect that just after he lifted the succubus' cultivation seal, the succubus would suddenly attack him.

Su Chen hurriedly teleported After escaping the attack of the succubus, the door of the house was blown to pieces by the succubus.

Su Chen appeared behind the succubus and hurriedly warned,

"Succubus, this is a small town in the northern continent. It is strictly forbidden to take action in the town. If you don't want everyone in the town to take action against you, you'd better be more honest."

The succubus immediately dodged Su Chen's attack when she saw her.

This made her very confused about Su Chen's strength.

How could a person in the intermediate magician realm avoid a holy magician (out-of-body realm)? A sudden attack?

"Hum, I'm just testing your strength, an intermediate magician (grand master)? Are you a liar as a human being?"

"It's none of your business, you're free, and we won't owe each other anything in the future."

Chapter 1723

Su Chen lashed out at the succubus unceremoniously.

This succubus was a ruthless character.

If he hadn't dodged quickly just now,

Su Chen would have been seriously injured even if he hadn't been killed by the succubus on the spot. As expected, the clan are all vicious people.

The succubus rolled her eyes at Su Chen when she heard what he said.

Of course she and Su Chen would go their separate ways.

The succubus would also find a way to return to the abyss demon clan. It would be very dangerous for her to stay in the human world. Someone discovered her succubus and she was either killed or recaptured

"What happened?"

"Was that young master killed by a succubus?"

"Go and see what's going on inside"

"Come on, if that young master dies, the succubus will catch him so that we can trade again."

"Please be careful with your weapons. If the succubus is released from the seal, she will be very powerful."

The mercenaries of the Longxiang Mercenary Group in the yard looked at Succubus's house and shouted. The sound of fighting in the house just now made these mercenaries very vigilant.

"What are you doing here?" After Su Chen came out of the house, he looked at the mercenaries around him and shouted.

A Yuanying realm mercenary looked at Su Chen and asked doubtfully, "Young master, nothing happened to you?"

"I have a shit to do, get out of my way, I'm leaving"

"Yes, yes, Master!"

Su Chen looked around and left.

After the succubus came out of the house, she smiled seductively at the mercenaries here and left behind Su Chen.

"Let me go, the succubus was released? How could that young master break the seal of the succubus?"

"No, didn't you realize that the succubus didn't kill the young master? How can this be?"

"What you are talking about is bullshit. In the small town here, fighting and killing are strictly prohibited, unless the succubus does not want to live anymore."

"hiss! The succubus' smile just now was really seductive. If I hadn't known that she was a succubus, I wouldn't have been able to help but die for the succubus."

"We must be careful of the succubus' revenge on our mercenary group in the future. The succubus just showed off its charm at will. If the succubus activates its charm on us, I'm afraid even those of us with low strength will not be able to resist it."

When the members of the Longxiang Mercenary Group saw Su Chen and Succubus leaving one after another, they all started talking.

Especially Succubus's charming smile when she left, which made everyone in the Longxiang Mercenary Group feel frightened..

In the small town,

Su Chen walked around and found Angelite.

Angelite was in a good mood, and she still enjoyed walking around the town for so long. Su Chen came to Angelite and patted her. Shoulder said, "Angelit, let's go, let's go find the people from the Tianxing Mercenary Group and the Ghost King Sect.""

"Heretic, you dare to touch me?"

Angelette dodged Su Chen's hand in a flash. She turned around and glared at Su Chen and yelled angrily.

Su Chen waved her hand hastily and said awkwardly,

"Sauri, Sauri!"

"Sauri? What are you talking about heretic?"

"Um, sorry, it was an unintentional move just now. Angelique stared at Su Chen and threatened, "Huh, if you dare to touch me again, I will kill you.""

Damn it, this arrogant angel, one day I will pluck all the hair off her body.

Uh!

Isn't this too evil?

Su Chen shook his head thinking about this, and he took Angeli with him. They walked towards the port.

He spent some time in the town. Su Chen didn't know if the people from the Tianxing Mercenary Group and the Ghost King Sect had left.

On the way,

Angelite found someone following them.

She checked. After a while, he said to Su Chen,

"Heretic, the succubus you bought has been following you, why don't you deal with it?"

Su Chen asked suspiciously when he heard Angelette's words, "Angelette, have you been following me?"

How did Angelite know about the succubus?

Su Chen guessed that Angelette might have been paying attention to him.

At that time, he was just talking to the succubus. Su Chen didn't check that Angelette was following her. Was this beautiful angel worried about him? Or are you always on guard against escaping?

"I'm too lazy to follow you. I just want to see if you will be killed by the succubus. You bastard is so vigilant. The succubus was so close to you and didn't kill you."

"I used to face assassinations every day, I'm used to it"

"Are you ignoring that succubus?"

"No matter what she does? If she dares to go to the Northern Continent, she will be seeking death."

Su Chen and Angelite walked towards the port while talking.

Behind them, the succubus looked at Su Chen and Angelite in front and was very confused.

She didn't expect that Su Chen really ignored her. , Su Chen bought her just to ask a few questions?

Could it be that as a succubus, she no longer has any charm? Why didn't Su Chen want to do something to her?

The succubus looked at Angelette and suddenly understood, she looked Angelite was also a very beautiful woman. Although Angelite was wearing a loose black robe, she could still see her exquisite and beautiful face. The succubus looked at Angelite. Su Chen stared in front of him and said to himself, "Damn human beings, don't even think about getting rid of me."

The succubus was very angry at Su Chen for leaving her to be with other beauties.

She was a succubus, a succubus who specialized in enchanting humans.

The succubus didn't believe that her charm could not compare with Angeli's. Special.

At the port of the town, there is a huge warship.

Many mercenary groups have already boarded the warship. These mercenary groups and some individual people are preparing to go to the northern continent to pan for gold.

Elixirs, exotic flowers and rare herbs, Various crystal mines, and even spiritual stones and spiritual fluids that can improve cultivation.

These are all things that allow these people to take risks and fight.

On the warship, in a cabin, two beautiful beauties, one large and one small, were sitting Drinking tea together.

One of these two people is Baguio, the daughter of the Ghost King of the Ghost King Sect, and the other is You Ji, the Suzaku Holy Envoy of the Ghost King Sect's four holy envoys.

You Ji looked at the lively and frivolous Baguio and shook her head and said,

"Yao'er, you shouldn't follow me this time. It's too dangerous to go to the northern continent."

When Baguio heard You Ji's words, she took You Ji's hand and said coquettishly,

"Aunt You, since magic crystals are very important to my father, of course I have to help my father find more magic crystals. Moreover, I am already at the peak of the Nascent Soul Realm. It won't take long for me to advance to the Out-of-body Realm. I have the ability to protect him. my own."

You Ji shook her head and said helplessly,

"You, you ran out secretly this time. After you leave, the Ghost King will lock you up again. Have you forgotten the punishment he gave you last time when you went to Qingyun Gate privately?"

When Baguio heard about the Qingyun Sect, she was filled with resentment.

She clenched her fists and said angrily,

"Huh, it's all because of that bastard Su Chen. If it weren't for him, I would have obtained the four great sword techniques of the Qingyun Sect."

"When that bastard Su Chen left, he took away the three great sword techniques of Qingyun Sect and even kidnapped the holy beast Water Kirin. That bastard didn't say hello to me when he left. Whenever I see that bastard from now on, I will He won't let him go either."

Chapter 1724

Youji shook her head when she heard Baguio's words.

She had also heard about what happened at Qingyun Sect, and after the Ghost King learned that the leader of Qingyun Sect, Daoxuan, had died, even the sect-protecting sacred beast Shui Qilin was abducted. But I was happy for several days.

You Ji is also very curious about Su Chen, who is so powerful!

Elite army!

There is even a powerful immortal background.

How did Wu Xiangjun and Su Chen Youngqing do it?

How did Baguio meet Wu Xiangjun Su Chen?

Youji looked at Baguio's indignant look, and she felt that the relationship between Baguio and Wu Xiangjun was not simple.

Baguio only wanted to meet Su Chen at Qingyunmen for a few days, so why was she so resentful of Su Chen?

"Baguio, tell me honestly, are you in love with that Wu Xiangjun Su Chen?"

Baguio hurriedly shouted after hearing You Ji's words,

"No, how is that possible? How could I like that shameless bastard?"

"Really?"

"Of course it's true, that bastard is a horny bastard."

Youji took a sip of tea and said with a smile,

"Forget it, I'm too lazy to ask you"

"However, Wu Xiangjun Su Chen is also good. Su Chen is not only powerful, but his army is also unable to fight back against the Song Empire. It will be a matter of time for the Song Empire to be destroyed."

"Su Chen will be the emperor of a new empire in the future. If you fall in love with Su Chen, Baguio, I believe your father will not object."

When Baguio heard You Ji's words, she lowered her head with her face flushed.

Although Baguio had some affection for Su Chen, she had never thought about marrying Su Chen.

Besides, that bastard was a shameless person. Damn, how could she fall in love with that bastard Su Chen?

However,

Baguio has never forgotten Su Chen.

During this period of time,

Baguio has been thinking about her and Su Chen's past in Qingyun City. Could it be that she really likes that person? Are you a bastard?

On the warship,

Su Chen and Angelite also came up.

This warship is really expensive, costing five hundred gold coins per person, which is hundreds of times more expensive than taking a boat in the Eastern Continent.

On the warship,

Angelette saw that the succubus who was following them also came onto the warship.

She looked at Su Chen and teased,

"Your succubus beauty has also come up. It seems that the succubus beauty has taken a liking to you."

Su Chen looked at the succubus coming behind him and said, "That's because my young master is so charming."

Angelette heard Su Chen's words and mocked disdainfully, "Tsk, you're very charming? I think the succubus won't give up until she kills you."

"There were many beauties who wanted to kill me before, but in the end they all loved me with all their hearts."

Su Chen looked at the arrogant Angelite and smiled.

What Su Chen said this time was true.

In Tianxuan Continent,

Shi Guanyin wanted to kill him,

Shui Rou (Mrs. Ye Di) wanted to kill him, and what else could he do? There are Yaoyue, Jellyfish Yinji, etc. These beautiful and peerless beauties all wanted to kill him in the beginning.

Aren't they all his wives now?

Su Chen felt very strange when he thought about it.

Most of his wives From the beginning, he wanted to kill himself. Is this the so-called beating, kissing, scolding, or love?

Does killing count as beating?

Angelette was very ashamed and angry when she heard Su Chen's words.

What does this bastard mean? She wants to kill Will this bastard fall in love with this bastard in the future?

How is this possible?

Angelette glared at Suchen and sneered, "Tsk! Do you think I would like a mortal?"

"Hey, you're being sentimental, I didn't tell you anything"

"Do you want to die?"

Su Chen curled his lips and said,

"Come on, I won't say anything anymore. Angelette, as long as you can't defeat me, will you only threaten me?"

"Huh, I'm too lazy to talk to you."

Angelit felt a little embarrassed when she heard Su Chen's words.

She seemed to have said a lot of things about killing this bastard, but it was all because of this heretic.

If it weren't for the irritating words this heretic said, she would have kept asking. Do you mean to kill this bastard?

"The ship is sailing, the ship is sailing!"

At this time, the warship started to move.

Su Chen walked to the side of the ship and looked at the sea in the distance and felt confused.

Every time he took a boat, accidents would happen, and there were no exceptions.

Su Chen was also worried that something would happen again this time. What kind of accident happened? This place is close to the Northern Continent. If an accident happens to this warship, the trouble will be much more dangerous than before.

"Are you worried? Or are you afraid of the sea?"

Angelit was very confused when she saw Su Chen's uneasy look.

This bastard was not even afraid of her pursuit, so why was he worried on the boat?

Is this heretic afraid of the sea water?

Su Chen looked at Angelique He said specifically about worry,

"I'm afraid the boat will sink. Angelette rolled her eyes at Su Chen and said, "Your worries are unnecessary. This route is very safe. Sea monsters do not dare to approach the Northern Continent.""

Su Chen shook his head when he heard Angelette's words and explained, "Angelette, let me tell you, I have never been able to reach my destination safely on a boat, and accidents usually happen halfway."

"How many times have you been on a boat?"

Angelit was very surprised when she heard Su Chen's words.

This bastard has never reached the destination safely in a boat? Does this heretic always sink the ship every time he takes a boat?

"Many times!"

"Didn't you reach your destination safely even once?"

"No, all the boats I've been on sank midway."

Angelit was speechless when she heard Su Chen's words, "I'm afraid you are attracted by the goddess of misfortune."

Angelit is now also worried that something will happen to this warship.

This bastard is simply obsessed with the goddess of misfortune. If the ship will continue to have accidents this time.

Even if the ship sinks,

Su Chen's luck will be really bad. When

Su Chen heard Angelette's words, he asked doubtfully, "Goddess of Doom?" Beshaba?"

"Do you actually know Beshaba, the goddess of misfortune?"

Angel Angelite was very surprised when she looked at Su Chen.

The goddess of misfortune, Benshaba, is impossible for humans to know about her in the Holy Continent. The Greek gods also don't know about the world of Godfall Continent. How is it possible for Su Chen? Know the goddess of misfortune Benshaba?

Suchen did not expect that Angelette actually knew the goddess of misfortune.

Isn't the goddess of misfortune a god in Greek mythology?

Angels should be gods in Christian mythology.

Is it possible that there are not only gods in Christian mythology in the Western divine world? There are even gods in Greek mythology.

Are there also gods in Nordic mythology?

Su Chen looked at Angelite and said disdainfully, "Tch, I also know Athena, the goddess of war and wisdom."

"who are you? You can't be from the Godfall Continent"

"Hey hey hey! Angelette, if I tell you who I am, I might scare you."

Chapter 1725

Su Chen looked at the sea and smiled.

Isn't he from the Shenyu Continent?

This is true.

He is really not from the Shenyu Continent.

Su Chen is a person who came from the Tianxuan Continent. He even has an identity in the Great Desolate Immortal World. If Angelite knows that he is Yaochi in the Great Desolate Immortal World. The general, the angel Angelite, would probably be even more surprised and confused.

Angel Angelite said disdainfully after hearing Su Chen's words,

"scaring me? I am the Archangel of the Angel Legion, in charge of a hundred thousand Angel Legion. Do you think you can scare me?"

Angelit looked at Su Chen and thought for a moment.

She felt that she was a little too worried just now.

This heretic should be a descendant of the Eastern Immortal World left in the Holy Continent. This bastard knows about the Greek gods and must have learned from his ancestors. It was found in the classics left behind.

However, since Su Chen is a descendant of the immortals in the Eastern Great Immortal World, Angelite did not dare to take action against Su Chen.

In the ancient immortal world,

Su Chen's ancestors knew that she had killed this bastard. , this may cause a war in the fairy world. The Eastern Fairy World is powerful, and Angelite does not dare to cause a war.

It is better to let this heretic die in the Northern Continent, so that even if the people in the Eastern Fairy World know about it, they cannot doubt it. On his body.

Su Chen looked at the angel Angelite and said in surprise,"Holy shit, Angelite, you are actually the leader of an angel army?"

Su Chen felt that he was lucky this time.

Did he meet an angel at random or a big shot in the Western God Realm, an Archangel?

He was also in charge of a hundred thousand angel legions?

This should be similar to the Tota King of the Eastern Great Immortal Realm, right?

Angelique said to Su Chen arrogantly, "Of course, my identity in the God Realm is the Seraphim Archangel. If I were in the God Realm, I could kill you with just one look."

"Are you a six-winged angel?"

"Huh? You, a heretic, really know a lot. Yes, I am the six-winged angel of power."

"very good, very powerful!"

Su Chen nodded to the proud Angelite,

"Seraphic Angel?"

What realm is this in the Eastern Immortal World?

Xuanxian?

Or Golden Immortal?

"Angelite looked at Su Chen's meditative look and looked towards the sea,

This time her avatar appears in the Godfall Continent, this is probably the last time. Her medium is dead, and Angelette will never be able to come to the Godfall Continent again in the future.

This is all because of this heretic, this bastard not only ruined her future. When she came to the Shenyu Continent, she even tried to destroy her ability to absorb the power of faith in order to advance to the Eight-Winged Angel. This bastard really didn't regret his death.

"Who is the woman next to the human? Why does it feel so threatening to me? Even has a nasty smell?"

On the warship, the succubus was not far away from Su Chen and had been sizing up Su Chen.

However, the presence of Angelite made the succubus dare not approach Su Chen. The succubus sensed how powerful Angelite was, and even A divine aura that she hates so much

"Humph, just let you bastard live a few more days."

The succubus glared at Su Chen and put on her cloak and returned to her cabin. Before she figured out Angelette's identity, the succubus did not dare to appear next to Su Chen.

Three days later, the warship was already in the sea. Nearly halfway through the journey, the warship will arrive at the Northern Continent in four or five days.

Su Chen has been on tenterhooks these days. After three days, he is worried that a sudden accident will occur to the warship.

Zhan On the deck of the ship,

Su Chen walked around boredly on the warship.

He also kept looking at the various races that went to the northern continent this time. However, only a few men from the Ghost King Sect appeared, and the two from the Ghost King Sect The woman never showed up.

Su Chen didn't know if there was a little beauty from Baguio coming this time.

At this time, a bearded man walked up to Su Chen and asked with a smile,

"Friends, do you need a beautiful woman? The journey is slow. There are several beauties in our mercenary group. As long as you have a healing elixir, you can spend the night with the beauties."

"unnecessary!"

Su Chen was very speechless when he heard what Big Beard said.

He didn't expect that these powerful people would still be pimps?

How long has it been?

We will arrive in the Northern Continent in a few days.

How dangerous is the Northern Continent?

War All the cultivators on the ship know that the cultivators on the ship are either recharging their energy or practicing continuously. Who is still interested in having a woman at this time?

Su Chen shook his head and prepared to leave.

He was looking for a woman. He would look for clean women like Angelite and Succubus, but those bastards Su Chen were not interested.

When the bearded man saw that Su Chen was about to leave, he hurriedly shouted,

"Wait, friend, our mercenary group is one of the most powerful mercenary groups in the Western Continent. I see that you are going to the Northern Continent alone, and your strength is not strong. Do you need to hire our mercenary group for protection? ?"

Big Beard also noticed that Su Chen was wearing gorgeous clothes. He felt that Su Chen was probably a young master of a noble family, and he had observed that there was a woman around Su Chen in the past few days. Big

Beard was ready to catch Su Chen's attention, a The nobles must have a lot of money and treasures with them. A fat sheep appeared in front of their mercenary group. They had no reason to let this fat sheep go.

But now they were on a warship, and fighting was strictly prohibited on the warship.

The bearded man decided After getting off the ship, you can tempt Su Chen to leave. Then Su Chen will be at the mercy of their mercenary group.

"Get out of here!"

At this time, the succubus came to Su Chen's side. She looked at the bearded man and revealed some breath and cursed.

"Yes, yes, my lord!"

The bearded man felt the powerful aura of the succubus and hurriedly saluted.

He quickly left Su Chen.

He was only a high-level magician (Golden Core Realm).

The aura revealed by this woman just now was that of a magician (Yuan Dynasty). The aura of the Infant Realm, the aura that this woman revealed at will was very powerful.

The bearded man felt that this woman also hid her cultivation. He was afraid that offending this strong woman would bring disaster to the mercenary group.

The succubus looked at The bearded man left in a hurry, she smiled at Su Chen and said,"Human, aren't you happy to see me coming?"

Su Chen crossed his arms and asked Succubus,"Succubus, why are you following me?" Do you want to continue to be my slave?"

"You are dreaming!"

"Then leave, I'm not interested in demon beauties."

Damn human, the succubus didn't expect that Su Chen would drive her away, and was not even interested in her.

This made the succubus so angry that she wanted to kill this bastard human immediately.

The succubus held back her anger and asked Su Chen He said, "Human, who is that woman next to you?"

"Succubus, if I were you, it would be best not to inquire about the woman next to me. This will not do you any good."

Chapter 1726

The succubus frowned when she heard Su Chen's words.

What did Su Chen mean?

If she knew that woman's identity, it would be bad for her.

Why?

Doesn't that woman like other women appearing next to Su Chen? Or is that woman from the church?

The succubus frowned and asked Su Chen, "What exactly do you mean?"

Su Chen shook his head and said,

"Literally, succubus, I have set you free, you should not have followed us on this ship."

When the succubus heard Su Chen's words, she straightened her chest and said proudly, "Why can't I get on this boat? You don't have to worry about where I'm going, right?"

"Ha ha....., I don't have to worry about where you go, but do you know where this ship is going?"

"Not going to the Northern Continent?"

"We are going to the Northern Continent. Do you know what kind of place the Northern Continent is?"

"Where?"

"A place where even gods dare not step into, do you understand?"

The succubus was stunned when she heard Su Chen's words.

No wonder, no wonder the people on this ship have either been practicing or recharging their energy since they boarded the ship.

A place where even gods don't want to go?

That must be it. It's a very scary place.

Damn it, how could you risk your life and follow this bastard on the boat?

Su Chen looked at the confused succubus and reminded him,

"Do you regret it? But it's too late, succubus. Since you were my slave before, I'll tell you some things about the Northern Continent."

"There are no races in the Northern Continent, there are just endless poisonous miasmas and ferocious beasts without intelligence."

"I would like to advise you, it is best not to go deep into the Northern Continent, otherwise, you may die without knowing how you died."

The succubus looked at Su Chen and fell silent.

She suddenly thought of the rumors she heard in the Demon Clan.

In the Shenyu Continent, the immortal cultivators from the Eastern Continent should not be provoked.

Some of the immortal cultivators from the Eastern Continent are from the Eastern Immortal World in this world. If the inheritance of the Eastern Immortal Realm in the Godfall Continent is destroyed, the consequence may be a war between the Eastern Immortal Realm and the Western Divine Realm. The

Northern Continent is a forbidden land for all living beings.

This is a message sent back by a demon king at the cost of his life. There used to be seven demon kings in the clan, but one demon king sought death and went to the Northern Continent. From then on, the demon clan only had six demon kings left.

But this time she actually wanted to go to a forbidden place that no living thing dared to go. The succubus regretted it. I feel like dying.

Boom boom boom.....

At this time, the warship suddenly made loud noises as if it was attacked by something.

"There is a sea monster, open the crystal energy shield, quickly open the crystal energy shield"

"Hurry, get ready, there's a big sea monster attacking the warship"

"All the powerful practitioners came to the deck, and a big sea monster attacked the warship."

"Damn it, how could I encounter a sea monster this time? I would rather meet a sea monster than a sea monster."

"Quick, all practitioners inject mana, fighting spirit, soul power, and magic elements into the energy shield, otherwise the shield will be broken and all of us will be killed by the sea monster."

On the warship, all the cultivators shouted in panic. The huge sea monster that appeared from the sea made everyone frightened.

Su Chen looked at the huge sea monster that appeared and attacked the warship, which made his face change. It's very ugly.

It's his fault!

Sure enough, something happened to the warship.

Was he really cursed by the goddess of misfortune?

Will he never be able to take a boat in the future?

Su Chen felt very uneasy when he looked at the sea monster.

This The sea monster turned out to be in the Mahayana realm.

This is really ridiculous.

This is a realm even more powerful than him.

The succubus looked at the sea monster and shouted with a pale face.

"hiss! Humans, this sea monster is actually more powerful than the demon king of the demon clan. We are dead this time."

The succubus didn't expect to be so unlucky.

Just a few days after she was released by Su Chen, she decided to go to the Northern Continent in a desperate attempt to die.

Fortunately, she hasn't reached the Northern Continent yet.

A person even more powerful than the Demon King is here. The sea monster appeared, and it was impossible to escape with her strength.

Su Chen looked at the sea monster constantly attacking the warship's protective shield, and he also knew that the protective shield would not last long.

The sea monster was too powerful, and everyone on the warship Even if a person injects mana, soul power, fighting spirit, and magic elements into the protective shield, it won't last long.

Su Chen looked back at the pale succubus beauty and said with a smile,

"Succubus beauty, you will die this time, but I will not die."

The succubus was surprised when she heard Su Chen's words and asked hurriedly, "You.....Do you have a way to escape? Su

Chen nodded and replied, "Of course, I have a powerful master protecting me. Otherwise, do you think I would go to the dangerous Northern Continent?"

"Su Chen, did I say I would protect you?"

At this time, the angel Angelette suddenly appeared next to Su Chen. She said expressionlessly when she heard Su Chen's words.

Angelette was also speechless to Su Chen.

This bastard said that if you take a boat, something will happen to the boat.

It all seems true now.

The sea monster keeps attacking the warship.

This warship may be attacked and sunk within a quarter of an hour. The goddess of misfortune may really be entangled with Su Chen.

However, this is what she is willing to see. If

Su Chen is killed by the sea monster, it will save her from going to the dangerous Northern Continent. Angelette will not save Su Chen, a heretic.

"Angelette, you won't just die without saving me, will you?" Su Chen looked at Angelette who suddenly appeared and asked.

Angelette glanced at Su Chen and said arrogantly, "Do you think I will save you?"

Su Chen shook his head when he heard Angelette's words.

"Forehead! It is really impossible for you to save me. You are deliberately planning to kill me. If I am killed by the sea monster this time, it will save you the trouble of taking action yourself."

Su Chen also understood that although Angelette promised not to kill herself when she went to the Northern Continent, it was even more impossible for her to save herself.

Angelette probably still had a grudge against him for calling her a birdman, and Su Chen even killed everyone. Prince Chris, this also ruined Angelite's ability to come to the Godfall Continent to absorb the power of faith in the future. It is indeed impossible for Angelette to save him.

"As long as you know."

The succubus heard what Suchen and Angelite said and laughed, "Human, now you will die here just like me."

"Maybe!"

Su Chen looked at Succubus and then at Angelite.

Will he die here?

I'm afraid this is impossible.

The strength of the sea monster is indeed very powerful.

A sea monster in the Mahayana realm is Angel Anji. Lite, a clone of the Tribulation Realm, may not be able to destroy the sea monster in a short time. Besides, this is in the sea, and the sea monster is difficult to deal with.

"I guess? This big sea monster is actually the Yamata no Orochi?"

Chapter 1727

In the sea, after the sea monster reveals its entire body from the sea, the sea monster hundreds of meters long is very scary.

Moreover, this sea monster actually has eight heads like dragon heads, eight huge snake tails, and eyes like red lanterns. It is bright red, its back is covered with moss and broken wood, eight dragons have eight-colored clouds floating on their heads, and its body is as huge as eight mountain peaks.

Su Chen looked at the whole picture of the sea monster and blurted out,

"Holy shit, this is actually Yamata no Orochi."

Su Chen didn't expect that the evil god from Japan would appear here and be so powerful.

Yamata no Orochi, it's not that easy to kill this monster.

Angelite asked in confusion when she heard Su Chen's exclamation, "Yama no Orochi? Do you know this sea monster?"

Su Chen nodded and replied,

"I've heard, Angelette, I'm afraid you can't kill this big sea monster, Yamata no Orochi."

The scales of Yamata-no-Orochi are so hard that ordinary spiritual weapons cannot break through the scales of Yamata-no-Orochi.

And even though one head of Yamata-no-Orochi was beheaded, as long as the other heads are still there, the scales of Yamata-no-Orochi will be broken." The beheaded head will grow back.

Unless the eight dragon heads of the Yamata-no-orochi are cut off at the same time, the Yamata-orochi can be killed.

Otherwise, the Yamata-no-Orochi cannot be killed because the eight dragons have hard scales. Qi Orochi is as hard to kill as Xiaoqiang.

Angelite looked at Su Chen and said mockingly,

"Humph, you don't need to provoke me, I can't possibly kill this Yamata no Orochi."

"what ever!"

Su Chen shook his head and ignored Angelette.

Although he couldn't defeat the Yamata-no Orochi, if he ran away, the Yamata-no Orochi wouldn't be able to catch up with him.

The succubus stood next to Su Chen, and she looked hundreds of meters away. The tall Yamata no Orochi is very powerless. With its powerful terrifying aura, extremely hard scales, and even its huge body, the Yamata no Orochi is simply not something humans and their demons can deal with.

Boom boom boom.....

The Yamata no Orochi that rushed out of the water kept hitting the protective cover on the warship, and the protective cover on the warship also had cracks. I am afraid that the protective cover will be completely broken after a while.

"Oops, the protective shield is about to break."

"Oh my god, what kind of sea monster is this? How can it be so big?"

"Damn it, if the protective shield is broken, people with low strength may be torn apart by the terrifying aura of the sea monster. Hold on, the crystal protective shield can never be broken."

"No, I want to escape, I want to escape, this sea is not something we can deal with at all"

"boom! Don't run away. If anyone dares to run away again, I will kill you. Run away? This is the vast sea, where to escape? Give me more mana to maintain the protective shield."

After everyone on the warship saw the true form of the sea monster, they were all very frightened.

Especially after the protective shield cracked, some people on the warship were afraid and wanted to escape.

At this moment,

You Ji and Bi Yao and the masters of the Ghost King Sect appeared on the other side of the warship. They were very frightened when they saw the Yamata no Orochi as tall as a mountain.

Youji grabbed Baguio and reminded,"Baguio, one Will follow me closely, we are in big trouble this time"

"I.....I know Aunt You!"

Baguio was frightened when she saw the Yamata no Orochi.

She had never seen such a huge sea monster, a sea monster as high as a mountain, with eight huge heads and eight huge snake tails. Its body exuded terror. How could such a terrifying sea monster exist in the Shenyu Continent?

You Ji looked at the other people in the Ghost King Sect and ordered,"Everyone, protect the young lady. If something happens to the young lady here, you should understand how the Ghost King will deal with it." us"

"Yes, the Suzaku Holy Envoy!"

Baguio took Youji's hand and said with a pale face,

"Aunt You, if Su Chen were here, he would definitely have a way to deal with this sea monster."

You Ji shook her head when she heard Baguio's words.

She also knew about Su Chen's strength. How could a cultivation level in the Cave Realm kill the sea monster in the Mahayana Realm?

This little girl seemed to have grown up. She was right That Su Chen really was in love.

Otherwise,

Baguio wouldn't have thought of Su Chen when she was in danger.

You Ji touched Baguio's hair and said,

"Yao'er, no matter how powerful Su Chen is, he can't be the opponent of this sea monster."

"The sea monster is probably about to break through to the Tribulation Realm. It is huge in size, has hard scales, and has eight heads and eight tails. Such a sea monster is even difficult for immortal cultivators in the Tribulation Realm to deal with."

Baguio explained to Youji with a look of conviction,

"Su Chen can definitely do it. He even abducted the holy beast Water Kirin from Qingyun Sect. The sea monster should be as powerful as the holy beast Water Kirin. Su Chen will definitely be able to kill this sea monster."

"Maybe!" boom....bump!

Click!

At this time, the protective shield on the warship was completely shattered by the impact of the Yamata no Orochi.

Poof! puff! puff!

On the warship, some people of various races with low cultivation levels vomited blood and fell to the ground. The terrifying aura of Yamata no Orochi made it impossible for those with low strength on the warship to stand up at all.

"Quick, everyone flees!"

"Run, run away!"

"help me....help me!"

"Holy Soul Mercenary Group, please run away to the northwest. Run away quickly."

"Don't leave me, save me."

After the crystal protective cover on the warship was shattered by Su Chen, thousands of people on the warship flew up like bees and fled in all directions.

Hohohoho.....

When the Yamata no Orochi saw the humans, it fled away.

Its eight huge heads roared at the surroundings at the same time, and the terrifying aura quickly spread to the surroundings with the roar.

The humans who escaped in the air fell into the sea one by one like dumplings.

On the warship, the succubus looked at the thousands of people falling from the sky.

Her body trembled and she murmured to herself, "It's too scary. Not one of the thousands of people of all races escaped."

The thousands of people who had just escaped Among the people, cultivators at the Golden Core Realm accounted for more than half.

There were also many immortal cultivators at the Nascent Soul Realm and the Out-of-Orient Realm. Even the cultivators at the Distracting God Realm did not escape.

This is not to mention the more than a thousand cultivators who cannot escape the realm of heaven and human beings.

After Angelite looked at Yamata no Orochi's aura attack, she didn't care about the lives and deaths of thousands of people who fell into the sea. These people who went to the Northern Continent were not worth saving. Each of these people had killed countless creatures. , Angels will not save these evil people.

Seeing that Su Chen was still standing here motionless, Angelette asked in confusion,

"Su Chen, why don't you run away?"

"I want you to take care of it!" Su Chen turned around and rolled his eyes at Angelette and said angrily.

It's not that Su Chen didn't want to escape.

He just found Baguio who had escaped.

Baguio has now fallen into the sea. If he hadn't been worried that Baguio was in danger, Su Chen He teleported away long ago

"asshole!"

Chapter 1728

Angel Angelite didn't expect that Su Chen would dare to speak to her in such a tone at this time. Did this bastard really not need to ask her to save him?

Or is this bastard confident enough to escape from Yamata no Orochi?

Angelique clenched her fists and wanted to beat this bastard once, but she gave up after thinking about it.

The power of Yamata no Orochi was impossible for this bastard to deal with. Su Chen would be killed by Yamata no Orochi in a short while, and so would she. There is no need to be angry at a dead man who is about to be killed.

Su Chen felt very helpless when he looked at the sea.

How dare that little beauty from Baguio come to the Northern Continent when she has nothing to do? Does this mean that the ignorant have no fear?

It's good now, but we haven't reached the Northern Continent yet, and the little beauty from Baguio may be dead.

At this moment, thousands of people in the sea were panicking and wanted to fly away again, but the aura of terror shrouded the sea area, and it was impossible for all those who fell into the sea to fly again.

"Damn it, why is the sea monster so powerful?"

"We can't escape, we are all dead"

"Try to escape from the bottom of the sea quickly"

"No, the bottom of the sea is also shrouded in a terrifying atmosphere, and we can't escape at all."

"Look, the sea monster is eating us humans. Damn it, the sea monster is treating us as food."

"We are all cultivators, and the mana, soul power, fighting spirit, and even magic elements in our bodies are the ultimate tonic for the sea monster. There is no way the sea monster will let us go."

People of all races in the sea were talking in fear. They could not escape now. When the sea monster started to eat people, everyone in the sea was in despair. At this moment,

Baguio was in the sea. Looking at the sea monster that was devouring humans in the distance, she panicked and said to You Ji beside her, "Aunt You, what should we do?"

You Ji patted Baguio with an ugly face and comforted her.

"Yao'er, don't be afraid, we will escape, we will definitely escape."

Youji didn't expect the sea monster to be so powerful.

They had all fled for more than ten miles, but the terrifying aura of the sea monster still forced them all to fall into the sea.

Even if they want to fly again, it is impossible for them to fly again. The sea It was because he wanted to surround them with a terrifying aura, and even swallowed them up one by one in the end.

"Really?"

"real"

"Aunt You, I'm not afraid of death, but I haven't seen that bastard Su Chen again yet, and I don't want to die like this."

"Yaoer, you will see that Su Chen again, I promise. Baguio looked at the panicked people around her.

She shook her head and said emotionally, "Forget it, we are in doom this time. Aunt You, you don't have to comfort me."

"Yaoer?"

Youji hugged Baguio tightly.

She wanted to let Baguio escape no matter what this time. Baguio lost her mother when she was a child. Youji grew up watching Baguio. She would not watch Baguio being destroyed by the sea. The monster devours it.

Hohohoho.....

At this time, the Yamata no Orochi was quickly devouring cultivators of various races in the sea.

It felt that if it devoured all the cultivators here, it would be able to use the energy in these cultivators to quickly break through to a more powerful realm of cultivation.

On the warship, the succubus watched the Yamata no Orochi continuously devouring people, and she hurriedly shouted to Su Chen,

"Humans, Su Chen, we ran away while the Yamata no Orochi was devouring other humans."

Su Chen shook his head and said to the succubus beauty, "We can't escape. The Yamata-no Orochi has blocked this area. If you dare to act rashly, the Yamata-no Orochi will suppress you with its momentum or breath."

"You still have self-awareness!"

Angelit nodded when she heard Su Chen's words.

She also felt that the surrounding area was blocked by the aura of the Yamata no Orochi.

If the people here don't act rashly, nothing will happen to the people here, but if anyone dares to escape, The terrifying aura of the Yamata-no Orochi will directly suppress the humans who want to escape.

The Yamata-no Orochi is much more powerful than the humans here, and the humans here together cannot be the opponent of the Yamata-no Orochi.

Su Chen ignored Angelite ,

He didn't even look at Angelite at all.

He wants to find a way to leave here now, and

Su Chen can't stop Yamata no Orochi from leaving here. But where will he go after leaving here?

This is the vast sea, and he is originally a half-hearted person. If he accidentally broke into a more dangerous area, I'm afraid he would really die.

Seeing that Su Chen didn't answer her, or even look back,

Angelite's face turned ugly.

She guessed that she had completely offended Su Chen just now. Since she was not prepared to kill the Yamata no Orochi, Su Chen might not have any expectations for her.

Whoosh!

At this time, Su Chen suddenly disappeared in an instant.

Anji Li Te and Succubus stared blankly at Su Chen who disappeared.

Su Chen just said it was impossible to escape from here, why did that bastard have to escape in the blink of an eye?

"Huh? Su Chen actually went to save humans? This is a bit strange."

Angelit hurriedly checked on the escaping Su Chen, but she suddenly discovered that Su Chen had not escaped at all. Su Chen appeared ten miles away and actually wanted to save two human women, which made Angelit confused.

She had previously It can be seen from Su Chen's expression that this bastard doesn't care about the life and death of humans here at all. Why does this bastard want to save two unfamiliar human women?

"What? Su Chen went to save humanity?"

The succubus was still angry that Su Chen ran away without taking her with her, but after she heard Angelite's words, the succubus hurriedly followed what Angelite was looking at and found Baguio.

In the sea,

Su Chen suddenly appeared in Baguio Beside You Ji,

Baguio looked at Su Chen who suddenly appeared and shouted in surprise, "Su Chen? How come you are here?"

Su Chen looked at Baguio in the sea and smiled.

Baguio was now wet, and her perfect figure was now exposed.

Su Chen also didn't expect that Baguio's figure was hidden so well and was revealed in the sea. Finally, this little beauty has an amazing figure.

"Little beauty, you seem to be in a very embarrassed state today, but you have a really good figure."

"Shameless pervert, please take us out of the sea quickly." When Baguio heard Su Chen's words, she hurriedly protected her chest and shouted.

Baguio didn't expect that in such a dangerous place, Su Chen, a shameless pervert, could still be so perverted.

Baguio was also completely helpless towards Su Chen.

Youji had been vigilant when Su Chen suddenly appeared. However, after Baguio called out that the sudden arrival was Su Chen, she also relaxed her vigilance.

Youji did not expect that Su Chen would also appear here.

She thought of Su Chen. Chen appeared on this ship, so he must also be going to the Northern Continent, but why would Su Chen also go to the Northern Continent? This made You Ji confused.

Su Chen looked at You Ji next to him and immediately covered his nose,

Come on!

This is so big!

Chapter 1729

Su Chen felt like he was going to have a nosebleed now.

He did not expect that the woman next to Baguio had such a hot figure.

Although Youji was wearing a black veil, this woman had a hot and perfect figure. Su Chen guessed that Youji must be a peerless beauty.

Baguio suddenly saw Su Chen's weird expression, and Su Chen even covered her nose.

Baguio looked at You Ji beside him and hurriedly shouted to Su Chen, "Shameless bastard, what are you looking at? Give it to me right away." Close your eyes."

Bi Yao was completely speechless at Su Chen.

This shameless pervert, it wasn't enough to look at her just now. Now he kept looking at You Ji and even had a nosebleed. Ba Yao wanted to strangle him to death now. This shameless pervert.

Youji also had an angry look on her face.

She didn't expect Su Chen to be so perverted, but she couldn't help it. She was soaking in the sea now, and Youji couldn't even use magic to dry her clothes.

"Ahem, let me take you back to the ship first."

After Su Chen coughed awkwardly for a few times, he suddenly reached out and pulled Baguio and Youji out of the sea. He hurriedly hugged Baguio and Youji and disappeared in an instant.

On the boat,

Su Chen held Youji in his arms. Ji and Baguio returned to Angelite.

When he let go of Baguio and Youji,

Baguio and Youji hurriedly used magic power to dry their clothes. They didn't want Su Chen to look at them lustfully again..

When Angelette saw Su Chen coming back, she mocked,"Hey, your life is in danger, you still have the heart to be a hero and save the beauty.""

"none of your business!"

Su Chen turned around and angrily yelled at the angel Angelette.

This angel is getting more and more annoying.

If she doesn't save herself, why is she now mocking herself like a harem?

Angelette is an angel.

How could an angel do this? Doing these irrational things, Suchen felt that Angel Angel must be full.

Angelette glared at Su Chen and said angrily,"Humph, let me see how you, a bastard, will die soon.""

"Don't worry, even if I die, you won't need you to collect my body."

"I'm too lazy to pay attention to you. The Yamata no Orochi will swallow you up soon, you bastard."

"That's not certain."

Su Chen shook his head and looked at Yamata-no-Orochi with a cold light in his eyes.

Will Yamata-no-Orochi kill him or not?

Kill?

He only has five levels of certainty that he can kill Yamata-no-Orochi.

But if he doesn't kill him, he will be killed in the vast sea. ,

Su Chen didn't know where she would escape to.

The succubus saw Su Chen's eyes flashing with cold light, and she asked Su Chen in surprise, "Su Chen, do you want to kill Yamata no Orochi?"

When Baguio heard what the succubus said, she hurriedly said to Su Chen, "Su Chen, the sea monster is too powerful. Don't kill it. We can just run away."

Baguio was originally sizing up Angelite and Succubus.

She was very angry with Su Chen every time a new beauty appeared around her. She didn't know either of these two beautiful beauties. This must be the new love of this bastard Su Chen..

However, after Baguio heard what the succubus said,

Baguio was very worried about the safety of Su Chen, the bastard. The sea monster was too powerful, and she didn't want Su Chen to take the risk of killing the sea monster.

Youji was also surprised. Looking at Su Chen, the strength of Yamata no Orochi was very terrifying.

Besides, Su Chen was just a cultivator in the cave realm. He was no match for Yamata no Orochi.

However, when she saw Su Chen's expression, he didn't look like one. Looking like she was about to run away,

Youji couldn't figure out what confidence Su Chen had to kill Yamata no Orochi, who was at the peak of the Mahayana realm.

Angelette looked at Su Chen with interest, and she didn't expect that Su Chen would actually want to kill him. She had killed the Yamata-no-Orochi, which even she could not kill. Su Chen was in the realm of the cave. It would be better for this bastard to die.

Su Chen said to the girls with a serious face,

"Yamata no Orochi must die, otherwise even if we escape, we will lose our way in the vast sea, and may even stray into a more dangerous place. By then, we may really be dead."

The succubus looked at Su Chen and said doubtfully, "But you are no match for Yamata no Orochi!"

"I have never been beaten, who can say for sure?"

"Su Chen, I don't miss you....."

Su Chen interrupted Baguio and said firmly,

"Needless to say, if I can't kill Yamata no Orochi, it won't be too late for us to escape."

After Su Chen finished speaking, he waved his hand and disappeared suddenly.

This time Su Chen wanted to have a good fight. Although

Yamata-no-Orochi is very powerful, he is not weak either. He has the laws of space, the laws of time, and the Human Emperor's Bible..

It's just that he didn't dare to use the skills of the Human Emperor's Bible.

This was related to his life safety.

Before Su Chen became stronger, he didn't dare to expose the skills of the Human Emperor's Bible.

Angelette, Succubus , Baguio, Youji, after they saw Su Chen suddenly disappearing.

They all hurriedly looked at the Yamata no Orochi in the distance.

Boom!

Su Chen suddenly appeared behind the Yamata no Orochi, and he took out a spiritual sword. He slashed at the head of Yamata no Orochi.

Kah! Oh my god!

The spiritual sword in Su Chen's hand actually cracked?

It's his fault!

The scales of Yamata no Orochi are so hard? Even the spiritual sword is not. He was so shocked that he was about to be broken into pieces. How could he kill Yamata no Orochi?

Ho ho ho!

Yamata no Orochi roared in pain when it was killed by Su Chen.

All eight heads of Yamata no Orochi looked at Su Chen. , sixteen red eyes bigger than lanterns stared at Su Chen.

Boom boom boom boom.....

The eight giant tails suddenly started to attack Su Chen. Every time they attacked, a huge tsunami was created by the sea water.

"Time pauses!"

"Space moves!"

"Space cutting!"

"Time storm!"

Su Chen kept teleporting back and forth to avoid the tail attack of the Yamata no Orochi.

His space magic power and time magic power were also used continuously.

Although this consumes a lot of mana, the fairy fruit and fairy wine in Su Chen's system space What's more, his mana can be replenished quickly.

Boom!

I'm here! My feet hurt!

Su Chen kicked away the Yamata-no Orochi and killed a snake with its tail. After attacking, he hurriedly rubbed his feet. His scales are too hard.

If he didn't have a powerful magic weapon, it would be impossible to break through the defense of the Yamata no Orochi. But in the Holy Continent, a powerful magic weapon would not appear at all.

Otherwise, the magic weapon in Su Chen's system space He had already taken it out and used it

"Damn it, are we going to spend time with Yamata no Orochi like this?"

Boom!

Damn it!

Su Chen was just distracted for a moment when he was swatted away by a tail of Yamata no Orochi.

Plop!

Su Chen was swatted dozens of miles away and then fell into the sea.

"Suchen? I'm going to save him, Aunt You, let me go, I'm going to save Su Chen, that bastard can't die."

Chapter 1730

Baguio saw Su Chen being beaten away.

She was about to save Su Chen, but You Ji held her tightly and refused to let Baguio pass.

Baguio was very worried about Su Chen.

The Yamata-no Orochi was too powerful.

Su Chen's spiritual sword was useless against the Yamata-no Orochi. Even when the spirit sword struck the Yamata-no Orochi, it was shattered by the shock.

Su Chen might not be able to kill Yamata no Orochi.

Youji pulled Baguio and said loudly,

"Baguio, please calm down. You are just a cultivator in the Nascent Soul Realm. Even if you go, you will die. Su Chen was just beaten out. He is not dead yet. Don't worry too much."

The succubus looked at Su Chen who was beaten away and said, "Isn't that human bastard really dead?"

The succubus is not worried about Su Chen's life or death. She and Su Chen have nothing to do with each other in the first place.

It's just that if the human Su Chen dies, the women here may not survive.

No, this Angelette should survive. , this mysterious woman seems to be a bit too powerful, but why is she unwilling to help Su Chen? She even seems to wish that Su Chen died early.

Angelette frowned and looked at the Baguio girls and said, "Don't worry, Su Chen is fine. He just vomited a few mouthfuls of blood and won't die yet."

Angelette is feeling very uneasy right now.

She knows that Su Chen has space powers. After all, she has been chasing Su Chen for a few days. She has also experienced that bastard's space powers, but she didn't expect that Su Chen can still use time. Supernatural powers, that bastard is a bit unbelievable!

Space!

Time!

Even in the Western God Realm, there are only a few of them who know it.

If Su Chen becomes an immortal in the future, another terrifying existence will appear in the Eastern Immortal.

"Should we kill this bastard before Su Chen has grown up?"

Angelit looked at Su Chen who fell into the sea.

She was very entangled in her heart. If

Su Chen was destroyed, their Western God Realm would have one less powerful enemy in the future, but she did not dare to take action.

Since Su Chen has such a powerful Potential, Angelite didn't believe that the Eastern Immortal World would not leave any backup force to protect this bastard.

Boom!

At this time,

Su Chen rushed out of the sea again.

However,

Su Chen was a little embarrassed now, and his clothes were caught by the tail of the Yamata no Orochi. The photo was in tatters, and blood even flowed from the corner of Su Chen's mouth. When the Baguio girls on the boat saw Su Chen reappear, their expressions were also different. Baguio had a happy expression, and Youji had a confused expression. , the succubus has an incredible expression, and Angelette has an indifferent expression. The remaining practitioners in the sea and on the boat all hope that Su Chen can kill the Yamata no Orochi.

Otherwise, the fate waiting for them may be The Yamata no Orochi swallowed them up one by one.

Roar, ho, ho.....

When the Yamata no Orochi saw that Su Chen was not killed by it, its eight huge heads kept roaring at Su Chen, and its huge breaths continued to suppress Su Chen, and even the sea water around it was swept away. Waves hundreds of meters high

"Time goes backwards!"

Su Chen waved his hands and shouted with an expressionless face.

At this time, the terrifying aura of the Yamata no Orochi and the waves hundreds of meters high were quickly retreating under the law of time. In just an instant, the terrifying aura and numbers... The 100-meter-high waves were as if they had never happened.

After Su Chen used the law of time to repulse Yamata no Orochi's aura attack, he hurriedly communicated with the system, "System, can I use the magic weapon in the system space once?"

"Ding, no!"

When Su Chen heard that the system was so quick, he refused directly.

This made Su Chen's face very speechless.

How could this girl in this system refuse so quickly? At least the refusal should be tactful.

"Let me guess, system, if I don't use magic weapons, this Yamata-no-Orochi cannot be killed at all. Do you have the heart to watch your handsome host being killed by the Yamata-no Orochi?"

"Ding, is the host handsome? And if the host escapes, Yamata no Orochi won't be able to stop you."

Su Chen exaggeratedly said to the system,

"System, I was injured by the Yamata no Orochi, and I lost several buckets of blood. If I ran away like this, wouldn't it be a loss of face for you?"

"Ding, host, you are so shameless, how many buckets of blood have you shed? You just spit out a few mouthfuls of blood. I can't stand your shamelessness anymore."

"System, stop talking nonsense, will you help me?"

"Ding, no help, this is beyond the scope of system services. Heaven does not allow Lingbao to appear in Shenyu Continent, and the system will not violate the rules."

Su Chen didn't expect that after saying so much, the system girl still refused to help.

He didn't believe that the system would be unable to deal with Tiandao.

Su Chen thought about it and threatened the system girl, "Holy shit, system girl, if I'm here The Yamata no Orochi was killed here. Don't regret dying with me."

"Ding, host, do you want to die here? Are you willing to die here? If you don't care about your women being killed or captured and humiliated by your enemies in the future, it's your business to die here."

What the hell!

Su Chen is helpless.

The system girl won't take soft and hard advice.

He really has no choice now.

If the system allows him to take out a spiritual treasure in the system space, Su Chen will be able to do it in ten breaths. Cut off the eight heads of Yamata no Orochi.

Boom boom boom boom.....

Holy shit!

Yamata no Orochi can also attack with energy missiles?

What the hell!

Why is this still an energy missile attack with eight colors?

At this time,

Su Chen saw the eight heads of Yamata no Orochi spitting out powerful beam attacks. It was like a missile. No matter where Su Chen teleported, these beams would catch up with him.

"Space prison!"

Su Chen teleported several times in a row but could not escape the pursuit of the energy beam. He quickly used the space prison to imprison the energy beam that was chasing him in the space prison.

Boom boom boom.... puff!

Cough cough cough.....

In the space prison, dozens of energy beams exploded in the space prison, and the space prison was shattered. Su Chen spit out several mouthfuls of blood as the space prison was shattered.

Su Chen bent over and coughed violently.

He really suffered a big loss this time.

If he had known that the space prison would break so hard, he would not have used the space prison to deal with the pursuit of the energy beam.

"Ding, host, I would like to remind you that you can use the Heaven-Swallowing Magic Jar of the Ruthless Empress once in the Godfall Continent.

Su Chen was shocked when he heard the system's words and asked, "What?" System, can the Sky-Swallowing Magic Jar be used once? Why don't I know this?"

"Ding, host, Lin Qing'er has used up all the spiritual fluids of various types in the Sky-Swallowing Devil's Jar. A trace of the ruthless empress' soul in the Sky-Swallowing Devil's Jar has been revived. As the current owner of the Sky-Swallowing Devil's Jar, the host can... Use the Sky-Swallowing Magic Jar once under special circumstances."
