Chapter 1731

Su Chen was very speechless when he heard what the system said.

The system did this on purpose.

The system girl must have deliberately wanted to see him in such a embarrassed state.

Su Chen opened his mouth but had nothing to say.

He really couldn't afford to offend the system girl. If he offended the system girl, I'm afraid it would never happen again.

Ho ho ho.....

Yamata no Orochi saw that Su Chen was not dead yet, and it was also angered.

The huge body of Yamata no Orochi rushed towards Su Chen quickly, and it wanted to swallow this difficult human being directly.

Baguio on the boat looked at Su Chen worriedly.

Su Chen had vomited blood just now.

She didn't know whether Su Chen could kill the Yamata-no-Orochi.

The Yamata-no-Orochi was too powerful, especially its extremely hard scales.

Su Chen If the Yamata-no-Orochi's defense cannot be broken, the Yamata-no-Orochi may be very difficult to kill.

You Ji looked at Su Chen in the air with a surprised look on his face. He was a cultivator in the Cave Realm. He actually fought with the Yamata no Orochi in the Mahayana Realm for such a long time, and Su Chen only suffered some minor injuries and vomited a few mouthfuls of blood. , she was also very shocked by the power of this Wu Xiangjun.

The succubus looked at Su Chen with a glimmer of light in her eyes.

She did not expect that this human being could be so powerful.

With the sound of time rewinding,

Yamata no Orochi's attack would disappear without a trace, as if it had never happened.

The succubus is interested in Su Chen.

She knows that she will not be Su Chen's opponent, and she will not be able to kill human Su Chen.

The succubus decided to conquer the entire human race. With her perfect beauty and figure, and even the succubus's charm methods, she didn't believe that Su Chen could withstand her charm.

Angelique clenched her fists tightly.

Su Chen in the air was stronger than she expected.

This bastard must die.

She couldn't hesitate any longer.

If Su Chen was allowed to grow any longer, her clone might not be the same. Su Chen's opponent.

Whoosh!

Angelette disappeared on the warship in an instant.

Su Chen saw the huge body of Yamata-no-Orochi about to attack.

This time he was not afraid of Yamata-no-Orochi at all, and he would no longer avoid the attack of Yamata-no-Orochi.

Su Chen has the ruthless female emperor's weapon, the Sky-Swallowing Magic Jar.

The fate of the Yamata-no-Orochi has been planned by Su Chen. The Heaven-Swallowing Magic Jar can refine all things. The Yamata-no-Orochi is just waiting to be refined, and its essence is also Will make yourself cheaper

"You, the heretic, are pretty strong, but if Yamata no Orochi is angered by you, you will probably die in a short while."

At this time,

Angelique appeared next to Su Chen with an indifferent look. Su Chen frowned when he saw Angelette appearing.

I'm afraid Angelette came here with bad intentions this time. The murderous intention in her body was too strong. Okay, this is not the murderous intention directed at Yamata no Orochi, Angelette's murderous intention is directed at herself.

Su Chen's face also turned cold.

"You want to kill me?"

Angelit nodded indifferently and asked,

"Can you feel it?"

Su Chen mocked with disdain,

"Angelette, you have murderous intent all over your body and your eyes are cold. Are you here to woo me? Angelite scolded in shame and anger,"Su Chen, I have to say that you are really a bastard. At this time, you still dare to tease me. Are you really not afraid of death?"

"You can't kill me!"

"Yeah? Do you think I'm not as powerful as Yamata no Orochi? Or do you think I am an angel and dare not kill you, the future immortal in the Eastern Immortal World?"

Su Chen shook his head and replied,

"Angelit, you are very powerful, even more powerful than Yamata no Orochi. I don't think you will be afraid of the immortals in the Eastern Immortal World and dare not kill me, but have you forgotten your previous promise?"

Angelit smiled when she heard Su Chen's words.

She thought Su Chen had some way to stop her from killing him. It turned out that this bastard still remembered her previous promise.

But the promise was no longer important.

She would not let Su Chen Keep growing.

Angelette said sternly to Su Chen with a cold face,

"Su Chen, you make me very worried. Your potential is too great. I can't continue to let you grow."

"today! If Yamata no Orochi could kill you, that would be the best thing"

"If Yamata no Orochi didn't kill you, then don't blame me for breaking my promise. You will die here today no matter what."

Su Chen was very speechless when he looked at Angelette.

It turned out that it was his huge potential that made Angelette feel threatened.

This is really fucked up.

Su Chen touched his chin and wondered if he would kill Angelette later. Kill Te too?

The Sky-Swallowing Magic Jar can only be used once.

If Yamata-no-Orochi is killed, wouldn't he still have to escape if Angelite attacks him again?

Forget it, the angel Angelite can't be killed yet,

He still knew nothing about the Western God Realm. Su Chen wanted to get information about the Western God Realm from Angelite in the future.

Hohohoho.....

Boom boom boom.....

After the Yamata no Orochi rushed over, it quickly attacked Su Chen and Angelite at the same time. Its eight huge heads sprayed out eight energy beams of different colors, and even its eight huge snake tails quickly moved towards Suchen and Angelite smashed it hard. swish swish.....

Su Chen teleported several times to avoid Yamata no Orochi's attack, but the energy beam kept chasing him like it had eyes. Su Chen looked at Angelite next to him and smiled. He appeared behind Angelite in an instant. It was better to let the angel girl deal with the energy beam. Who told this angel girl to threaten to kill him just now?

"You are shameless!"

Angelit saw Su Chen hiding behind her, which made her so angry that she wanted to kill this bastard with a sword.

Su Chen said to Angelit with a smile,

"Angelette, you are going to kill me, will I still be polite to you?"

"hateful!"

After Angelette cursed at Su Chen, she looked at the energy beam attacking and shouted,

"Angel barrier!"

Boom boom boom boom.....

Yamata no Orochi's energy beams exploded one by one at the blue barrier that suddenly appeared. bang bang bang.....

When Su Chen saw Angelette blocking Yamata no Orochi's attack, he clapped his hands and said with a smile,

"Yes, Angelite, you are really powerful. Even the attack of Yamata no Orochi can't break through Ni's angel barrier. Go on, use your angel judgment to destroy this demonic Yamata no Orochi."

"shameless bastard."

Chapter 1732

Angelique's chest was heaving as she stared at Su Chen.

This damn bastard,

Angelette didn't expect that Su Chen would use her to avoid the attack of the Yamata no Orochi.

This time she miscalculated.

Angelique thought she was a little stupid. She just wanted to wait on the boat for Su Chen to be killed by Yamata no Orochi.

It was a huge mistake for Angelette to come to Su Chen's side.

When Su Chen saw the Yamata-no Orochi attacking again, he hurriedly reminded Angelette, "Angelette, keep going, the Yamata-no Orochi is about to attack again.""

"Heretic, you are seeking death!"

When Angelette heard Su Chen's shameless words, she waved her hand and slapped Su Chen angrily.

Boom!

Damn it!

Su Chen didn't expect that Angelette would suddenly take action. Didn't this angel girl wait for Yamata no Orochi to kill her? Did you do it?

Su Chen was very confused after he quickly dodged Angelite's attack.

Did he just make Angelite crazy?

On the boat,

Baguio, Youji, and Succubus saw Angelette suddenly attack Su Chen. This makes them all Very surprised.

Just now Angelite disappeared and appeared next to Su Chen. They all thought that Angelette was going to help Su Chen kill Yamata no Orochi, but why did Angelite take action against Su Chen?

This made them all confused.

Boom boom boom.....

At this time, the attack of Yamata no Orochi also came, with a series of powerful beam attacks, blasting waves tens of meters high in the sea. Both Su Chen and Angelite quickly avoided the attack of Yamata no Orochi.

Su Chen teleported to Yamata no Orochi's killing sky and didn't want to wait any longer. He had solved Yamata no Orochi earlier.

He also wanted to go to the Northern Continent to see what was going on there.

"System, I am using the Sky-Swallowing Magic Jar now. This will have no effect on Lin Qing'er who is in retreat in the Sky-Swallowing Magic Jar, right?"

"Ding, there are multiple spaces in the Sky-Swallowing Devil's Jar. Lin Qing'er will be isolated in an independent space by the Sky-Swallowing Devil's Jar. Lin Qing'er will not have any trouble in seclusion."

"That's good!"

Su Chen was relieved after hearing the system's words.

He looked at the huge Yamata no Orochi, and Su Chen took out the ruthless empress's sky-swallowing magic jar from the system space.

Boom boom boom.....

After Su Chen took out the Sky-Swallowing Devil Jar, the entire space here shook, as if a great terror was coming.

Whoosh!

I'll do it!

The Sky-Swallowing Magic Jar suddenly flew out of Su Chen's hand.

This made Su Chen look at the Sky-Swallowing Magic Jar flying high in the sky in confusion.

He hadn't activated his magic power to use the Sky-Swallowing Magic Jar, so why did the Sky-Swallowing Magic Jar fly away on its own?

Angelette felt the vibrations in the space, as if a great terror was coming. When she looked at Su Chen, she felt very unbelievable.

What treasure did that bastard take out? How could the space in this area be shattered?

Ho ho ho.....

Yamata no Orochi also sensed the danger, and its huge body slowly retreated.

If the sky-swallowing magic jar in the sky wasn't too threatening, Yamata no Orochi would have turned around and fled. boom!

A powerful light suddenly burst out from the Sky-Swallowing Devil's Jar, and then a phantom of a woman wearing a bronze mask suddenly appeared next to the Sky-Swallowing Devil's Jar.

This phantom woman wears a pure white dress, has a tall figure, long shawl black hair, and even has a noble temperament that despises everything in the world.

She is a powerful woman with unparalleled splendor.

Su Chen looked at all this in confusion.

The system said that the ruthless empress's soul had revived.

Is this his recovery?

This is simply the Sky-Swallowing Devil Jar coming to life.

Angelite looked at the woman in the air with a wary look.

She felt that the woman in the air was very powerful, but she couldn't understand that such a powerful strength could not appear in the Shenyu Continent.

Who is this woman?

Why does only a ghost appear?

Could it be that this phantom woman is the immortal in Su Chen's family in the fairy world?

The Baguio girls on the boat were also very surprised when they saw this.

What on earth was Su Chen doing?

They just saw Su Chen take out a jar. Why did a very scary female figure appear now?

Baguio looked at the shadow of the gorgeous woman in the sky, and she said to herself,

"Who is this female shadow? What does she have to do with that bastard Suchen?"

At this time, the phantom woman in the sky looked towards me and shouted softly,

"elder brother!"

I guess!

Su Chen is about to faint.

How could a trace of the ruthless empress' soul call him brother? It's going to be over now.

If this matter is known to the ruthless empress' body, he will not be ruthless enough even if he has ten lives. Empress kills

"Nanny!"

Su Chen bravely shouted to the ruthless empress's soul.

The ruthless empress' voice was filled with tears and she said to Su Chen, "Brother, I finally found you."

Su Chen's scalp was numb and he said hurriedly, "Nanny, let's not talk for now. Have you seen that huge ugly monster? Kill this ugly monster for your brother."

"Okay, let Nannan handle it."

At this time,

Angelette next to her felt very frightened.

This terrifying woman turned out to be Su Chen's sister?

What is Su Chen's identity?

How could he have such a powerful sister?

This phantom woman probably does not have the power of the real body. One-third of the cultivation level, could Su Chen's sister be the powerful Immortal Emperor of the Eastern Immortal Realm?

In the entire sea area, whether it was the people on the boat or the people in the sea, they felt incredible when they looked at Su Chen in the air.

I didn't expect that Su Chen would have a powerful immortal sister. Everyone here even guessed that Su Chen might be the young master of the family who came from the immortal world to experience in the Shenyu Continent. At this time, the ruthless empress gently patted the Heaven-Swallowing Demon Jar, the Sky-Swallowing Devil Jar suddenly flew over the Yamata no Orochi. After the lid of the Sky Swallowing Devil Jar was opened, a powerful black beam of light enveloped the Yamata no Orochi.

Boom!

Roar, ho, ho.....

After the powerful black light pillar enveloped Yamata-no-Orochi, Yamata-no-Orochi roared to escape, but no matter how hard it struggled, it could not break away from the shackles of the black light beam.

After just a moment, the Yamata-no Orochi was sucked into the jar by the Sky-Swallowing Demon Jar.

The Yamata-no Orochi's huge body quickly became smaller in the air. No matter how hard the frightened Yamata-Orochima struggled, it was useless. Inhaled into the tank.

Su Chen saw that the Yamata no Orochi was about to be sucked into the Sky-Swallowing Devil's Jar.

He looked at the Ruthless Empress next to him and his heart trembled.

Su Chen was worried that his impersonation of the Ruthless Empress' brother would be exposed in the future, and the Ruthless Empress might use The Sky-Swallowing Magic Jar

also refined him. He was not someone he could pretend to be the brother of the ruthless empress.

What to do next?

Su Chen wasn't too worried about the ruthless empress's soul.

It was just that the ruthless empress's soul had revived. I'm afraid the ruthless empress in the fairy world would also be aware of it.

The avatar of the ruthless empress has arrived in the Shenyu Continent, and

Su Chen is probably going to die.

Chapter 1733

When Su Chen was thinking about how to face the ruthless empress in the future, the

Sky-Swallowing Demon Jar in the air completely sucked the Yamata-no-Orochi into the jar, and the lid of the Sky-Swallowing Demon Jar was also closed again.

Whoosh!

The Sky-Swallowing Magic Jar suddenly appeared in Su Chen's hand.

When Su Chen looked at the Sky-Swallowing Magic Jar, it was very complicated.

The Sky-Swallowing Magic Jar was a powerful imperial weapon, but it was also a powerful trouble.

The ruthless empress!

Su Chen didn't know how to deal with this matter in the future.

The ruthless empress came to Su Chen and said softly,

"Brother, after the Yamata no Orochi is refined in the future, its essence can enhance my brother's strength. Brother, you are too weak now."

Su Chen nodded and said to the ruthless empress,

"I know, Nannan, take me to a quieter place and let's talk"

"Okay, brother!"

With a wave of the ruthless empress's soul, Su Chen and the ruthless empress disappeared here.

After Su Chen and the ruthless empress disappeared, the angel Angelite lowered her head and didn't know what she was thinking.

Haili The cultivators who were not swallowed by the Yamata-no-Orochi all flew out of the sea towards the warship. The Yamata-no-Orochi had been suppressed, and the cultivators here did not have to escape. On the warship,

Baguio saw Su Chen and When the ruthless empress left, she said unhappily,

"Why did Su Chen leave with his sister?"

After Baguio learned that the gorgeous woman was Su Chen's sister,

Baguio breathed a sigh of relief.

She was just worried that that woman was also the confidante of that bastard.

But why is Su Chen's sister so powerful? Maybe even a powerful immortal. Why is

Su Chen just a small immortal cultivator?

Did Su Chen say that his cultivation talent is not as good as his sister?

You Ji shook her head at Baguio and said,

"Yao'er, Su Chen may want to talk to his sister alone. Su Chen will definitely be back soon."

Youji felt that she really underestimated Su Chen, no, she underestimated Su Chen very much.

I'm afraid Su Chen is not a human from the Shenyu Continent at all. Immortal world?

Su Chen may have come to the Shenyu Continent from the fairy world. People, it's just why Su Chen's strength is so weak, this is what You Ji can't understand.

Su Chen's sister may be a powerful person in the immortal world, why is Su Chen still a small immortal cultivator?

Could it be that Su Chen is in the immortal world Something happened and you started practicing again?

The succubus kept muttering to herself in confusion,

"Fairy! That woman is an immortal. Su Chen's sister is actually an immortal and a powerful immortal. How is this possible?"

The succubus has heard rumors about the fairy world in the Eastern Continent. She is very sure that the phantom woman who appeared just now is an immortal. If that woman wants to kill the demon king of the demon clan, it is probably just a matter of wave of her hand. It's just that. , isn't it true that powerful immortals cannot appear in the Divine Meteor Continent? Even powerful spiritual treasures cannot appear? In the Divine Meteor Continent, even the immortals who appear can only be clones, and even their cultivation will be suppressed in the Tribulation Tribulation Realm. But the cultivation level of the woman just now is not at all beyond the Tribulation Realm. Although the woman did not reveal a powerful aura, the woman was as graceful as the empress. The succubus felt that Su Chen's

sister was in the fairy world, and probably also in the pyramid The same existence at the top. After half a day, the warship still did not move. The cultivators on the ship did not dare to leave until Su Chen came back. Su Chen was very powerful. And Su Chen's sister was even more powerful, even Su Chen's sister is an immortal. The cultivators here are afraid that if they leave privately, they will offend Su Chen. If they don't wait for Su Chen to come back, they will sail away. By then, they may die without knowing how. Angelette Looking at the sea with a lonely face, she has given up on killing Suchen now, but why didn't Su Chen let his sister kill him before? When Angelette left Su Chen and his sister, she found Su Chen He didn't even look at her. Could it be that he was so weak that even Su Chen didn't bother to pay her a second? Whoosh! At this time, Su Chen suddenly appeared on the battleship. He looked around and said to the cultivator next to him,

"Hurry and set sail"

"Yes, my lord!"

The cultivator next to him hurriedly saluted after hearing Su Chen's words.

Su Chen waved his hand, glanced at Angelite, and walked to the cabin.

He did not speak to Angelite, nor did he go to Baguio.

He wanted to think carefully. Thinking back to the conversation with the ruthless empress just now.

Angelette saw Su Chen leaving without saying a word, and she didn't stop Su Chen.

The two of them would be strangers from now on.

After the boat started, everyone on the boat also Knowing that Su Chen was back,

Baguio and You Ji went to find Su Chen. They both had many questions they wanted to know.

"Why did you kill Su Chen before?"The succubus looked at Angelette on the deck and asked doubtfully.

The succubus didn't go to find Su Chen.

Besides, she had nothing to do with Su Chen.

Oh!

No.

She had been Su Chen's slave before.

The succubus was just She was curious that the relationship between Angelique and Su Chen was definitely unusual, but she couldn't figure out why Angelette killed Su Chen when Su Chen was fighting Yamata no Orochi.

Angelette was indifferent. He threatened the succubus, "Succubus, this is not your question. If you don't want to die, stay away from me."

"Well, you are powerful and you have the final say."

The succubus shrugged when she heard Angelite's threat and replied.

She couldn't afford to offend this Angelite.

This woman was also too powerful.

The succubus felt that there were too many strong people in the Godfall Continent. She There is no longer any hope for the demons to attack the Shenyu Continent in the future.

"Wait, succubus, I advise you to stay away from Su Chen in the future. Su Chen is not something you, a succubus, can enchant."

"You don't need to worry about this. I think Su Chen is good. Not only is he powerful, he even has an immortal sister. If I become Su Chen's woman in the future, I believe it will only be good for me and not harmful."

"Humph, whimsical!"

"Haha, I may be fanciful, but how will you know failure if you don't try?"

"I'm too lazy to pay attention to you. If you want to die, I won't stop you."

Angelit glanced at the succubus and left.

She simply didn't believe that the succubus could enchant Su Chen. Su Chen's identity and background was probably very complicated.

After this trip to the Northern Continent,

Angelite returned to The God Realm will investigate Su Chen.

The succubus looked at Angelette leaving, and she said doubtfully, "Angelique, who are you? Why do you have an aura about you that I hate so much?"

Chapter 1734

Three days later, the warship was getting closer and closer to the northern continent.

Su Chen had not seen anyone in these three days.

When Baguio and You Ji arrived, Su Chen sent them away.

Su Chen thought about many things in the past three days.

The information revealed by the ruthless empress was a bit big.

Su Chen did not expect that the fairy world was also very unstable. The fairy world in the Eastern Continent was actually divided into two parts.

The prehistoric fairy world and the wild fairy world are just that the strength of the wild fairy world is relatively weak, and they can only be located in remote wild areas.

The dark chaos in the wild has made the entire wild human beings live in dire straits. Millions or even millions of humans die every year. Tens of millions.

There are also the gods in Western mythology.

They are also in the remote Western Region of the Immortal Realm.

However, the Western Gods are not willing to live in the remote Western Region. They have been trying to attract the attention of the four major continents of the Ancient Immortal Realm for millions of years.

After several wars, the Western Gods were completely defeated. Even some powerful Western Gods were destroyed by the Heavenly Court and several major sects.

Su Chen had a headache thinking about this.

The fairy world was also very uneasy, but he had caused a lot of trouble this time.

If Su Chen appeared in the ancient fairy world again, the ruthless empress would probably look for him directly, or even ruthlessly kill him. The empress may have murderous intentions towards herself.

Three days ago, Su Chen gave this trace of the ruthless empress some nine-thousand-year-old flat peaches, as well as Huangzhong pears, top-quality spiritual stones, top-quality fairy wine, fairy tea, and more than a dozen seven-turn golden elixirs.

If this trace of the Empress's soul is successfully cultivated into a body and becomes an independent individual, even if the ruthless Empress' body wants to take back this trace of her soul, it may not be possible.

Su Chen felt a little regretful when he thought about it, but this trace of the ruthless empress's soul was so good to him. All the empress's skills and magical skills were passed on to Su Chen.

Su Chen also didn't want this trace of the Empress' soul to be absorbed by the ruthless Empress' body in the future, just like the little Nannan.

That cute and pitiful little Nannan. If Su Chen met, he would definitely not be able to let the ruthless Empress. Absorbed the little girl.

Su Chen rubbed his forehead and said helplessly,

"Alas, I found this all by myself. I hope the ruthless empress will not become an enemy in the future."

In the fairy world, journey to the west, dark chaos, and the reluctance of the Western gods,

Su Chen may encounter these in the future.

Su Chen also understood that Angelette said that he had great potential, and even broke the promise to take action against him, Anji Lite is trying to get rid of a future enemy for the Western God Realm.

The Western Gods still refuse to give up on the four major continents in the Eastern Fairy Realm. I am afraid that a war will break out between the Eastern Fairy Realm and the Western God Realm in the near future.

Dong Dong Dong!

"Suchen!"

At this time,

Baguio arrived and knocked on the door of Su Chen's room and shouted,

"Baguio, come in!"

Su Chen was very speechless when he heard Baguio's cry.

Baguio has been knocking on the door every day for the past three days. Su Chen couldn't understand why Baguio kept coming to disturb him. Baguio and Youji came in. Su Chen After entering the cabin,

Baguio looked at Su Chen and shouted unhappily,

"You bastard finally met me. What were you thinking about in the cabin these days?"

Su Chen poured a cup of fairy tea for Baguio and Youji and replied, "I'm not thinking about anything, I'm just a little tired and want to take a rest."

"Hum, just lie to me."

Baguio didn't believe that Su Chen could be tired.

This bastard looked so lively. How could he be tired?

You Ji smiled and said nothing.

She found that Su Chen and Baguio had a very good relationship. Youji also hopes that Baguio and Su Chen can be together

"This tea?"

Youji took a sip of tea and found that her magic power had increased a lot.

This made her very surprised when she looked at Su Chen.

This was not spiritual tea.

The spiritual tea had no effect on her strength at all.

This must be an immortal. Tea, is this the fairy tea that Su Chen's sister gave him for cultivation?

Su Chen looked at the beautiful You Ji and smiled and said, "This is fairy tea, I will give you some, and you can drink it from now on." The effect of practice will be very good."

Su Chen feels very good about You Ji.

In the plot,

You Ji is a royal sister that people like very much.

Although You Ji is in the ghost king sect of the villain, You Ji is not a bad woman who does all kinds of evil. Moreover, You Ji's love for Baguio is real.

"Thank you!"

Youji quickly thanked Su Chen after hearing what she said.

Baguio stretched out her hand to Su Chen and said with a smile,

"Su Chen, give me some panacea as well. I am now in the Nascent Soul realm, which is too poor compared to you. I want to improve my cultivation realm quickly."

Su Chen shook his head and took out some golden elixirs and fairy tea and fairy wine and said, "You can use these four-turn golden pills sparingly. I don't have much left. I will also give you some fairy wine."

"Su Chen, is your sister a fairy?"

Baguio smiled and put away the training resources that Su Chen gave her this time.

If she wants to keep up with Su Chen in the future, these training resources will definitely be indispensable. Baguio does not want to have a growing gap between her and Su Chen's cultivation level. big

"yes!"

"Then why are you so weak? Su

Chen rolled his eyes at Baguio and said speechlessly, "You little girl, don't be so curious. There are some things I won't tell you."

"Not to mention pulling him down!"

Su Chen suddenly thought of Baguio's villain father, and he reminded Baguio, "By the way, Baguio, tell your father not to deal with Qingyun Sect again in the future. Your father is no match for Master Shuiyue of Qingyun Sect."

Baguio shouted in disbelief when she heard Su Chen's words,

"How can it be? After my father, a strong man in the Dongxu Realm, and the head of the Qingyun Sect, Daoxuan, were killed by you, the Qingyun Sect no longer had a strong man in the Dongxu Realm. Shuiyue of Xiaozhufeng was just a cultivator in the Fusion Realm. She could not possibly be my father's rival."

Su Chen shook his head and explained to Baguio,

"Shui Yue is about to advance to the Dongxu Realm, and I also gave Shui Yue the Qing Yun Sect's Immortal Killing Sword. Also, my sister used to be from the Qing Yun Sect, Suru, you should have heard of it."

The reason why Shui Yue advanced to the Cave Void Realm so quickly was all done by Suru.

Although Suru left the Qingyun Sect for Su Chen, she didn't want the Qingyun Sect to fall from now on.

Su Chen gave Suru some training Suru gave all the resources to Xiaozhufeng's Shuiyue, and even gave Shuiyue the Zhuxian Divine Sword that Su Chen wanted to come to Qingyun Gate.

Baguio was very surprised when she heard Su Chen's words.

"What? Shuiyue is going to advance to Dongxu Realm? You also gave Shui Yue the Immortal Killing Sword?"

Su Chen nodded and reminded,

"This is all true. Tell your father, if he dares to take action against Qingyun Sect, I may take action against Ghost King Sect.

Baguio looked at Su Chen and asked speculatively, "Are you doing it for your sister, Suru?"
Su

Chen took a sip of tea and replied, "Yes, although Suru has left the Qingyun Sect, she will not watch the Qingyun Sect decline and be destroyed." Baguio nodded and said seriously,

"I understand, I will tell my father, and even persuade my father not to take action against Qingyun Sect."

Chapter 1735

Youji didn't say anything when she heard Su Chen's words.

With Su Chen's strong strength and huge influence, Baguio only had to return to the Ghost King Sect to tell the Ghost King this.

She believed that the Ghost King would not dare to go against Su Chen's wishes, otherwise, the Ghost King Sect would probably be destroyed if it were waiting for him.

Su Chen looked at Baguio and Youji and reminded, "By the way, you'd better not go deep into the hinterland of the Northern Continent when you go there, otherwise I won't be able to save you."

Baguio nodded after hearing Su Chen's words. , "We know this. We are just looking for some magic crystals on the edge of the Northern Continent. We will not seek death by going deep into the hinterland of the Northern Continent.""

"Just understand!"

"Su Chen, what are you doing in the Northern Continent?"

"I am very curious about the Northern Continent. I want to see what kind of continent it is."

"Forget it, you are powerful and know the laws of space. I believe that nothing will happen to you, a bastard."

"Little beauty Baguio, are you worried about me?"

"I'm so worried about you!"

"hehe....."

One day later, the warship arrived at the Northern Continent.

Su Chen did not get off the ship with Baguio and the others. He disappeared on the ship just as he arrived at the Northern Continent. This time he wanted to explore the northern part of this forbidden human land alone. mainland.

The northern continent is a desolate place.

Miasma and poisonous miasma are everywhere in the air.

The earth is purple-red, as if the earth is dyed red with blood.

Some huge ferocious beasts are in the mountains, plains, and even some jungles. Wandering around, these mindless ferocious beasts will attack desperately whenever they encounter any living beings.

"The Northern Continent is really not a place where humans cannot survive."

Su Chen appeared on a hill. He looked around and shook his head speechlessly, roaring.....

At this time, more than a dozen ferocious beasts on the hill discovered Su Chen, and they quickly attacked Su Chen.

"court death!"

Stab it.....

Su Chen took out a spiritual sword and quickly dodged to kill these ferocious beasts.

Although these wild boar-like ferocious beasts were more than ten times larger than wild boars, these ferocious beasts were only at the Heavenly Realm. Su Chen simply could not Don't care about the threat of these ferocious beasts.

Ho ho ho.....

I'll do it!

Is this a hornet's nest?

Tens of thousands of ferocious wild boar-like beasts suddenly appeared around the mountain. Su Chen shook his head and prepared to leave. He didn't want to waste time entangled with these ferocious beasts here.

Whoosh!

Su Chen disappeared here in a flash.

He wanted to go deep into the Northern Continent to see what was going on inside. There were exotic flowers and plants on the outside, and even various crystal mines, but they were definitely not as good as those deep in the Northern Continent.

"Damn it, that bastard left."

Not long after Su Chen left,

Angelite suddenly appeared here. She looked at some of the beasts that had been killed, and she knew she was late. Angelite also asked Baguio before she She knew that Su Chen had left before the boat docked.

This made her very angry.

Angelette was no longer prepared to kill Su Chen, but that bastard hadn't seen her in the past few days, even when he left. She didn't call her.

Angelette knew that Su Chen wanted to break off the relationship with her, but Su Chen hadn't told her where the world passage to Kesha's world was, and she couldn't go their separate ways with Su Chen yet.

"I will definitely find you, Suchen!"

Whoosh!

Angelette looked around and then went deeper into the northern continent.

Su Chen appeared in a forest.

There were all kinds of spiritual flowers and herbs here.

Su Chen was very jealous when he saw them.

He just looked at them. Teleporting more than a thousand miles into the hinterland of the Northern Continent, various spiritual flowers and herbs appeared here.

This did not surprise Su Chen.

"Orchid spirit flowers, four-leaf night grass, colorful melaleuca mushrooms, and small lychee berries are all good spiritual flowers and spiritual herbs. The alchemists of the Yin Yang family will definitely like these spiritual flowers and spiritual herbs."

Whoosh!

Boom!

At this time, a golden python suddenly appeared and attacked Su Chen.

Su Chen quickly waved his hand and exploded the golden python that was about to attack him.

He was very cautious in the Northern Continent. The golden python was hidden in Su Chen nearby said that he had discovered it early in the morning.

Su Chen looked at the killed Yuanying Realm golden python.

He looked around vigilantly and said to himself, "The golden python has the strength of Yuanying Realm." , only more than a thousand miles deep, the Northern Continent is really very threatening."

Wow wow wow.....

At this time,

Su Chen had just finished picking the spiritual flowers and herbs here, when suddenly there was a cry of strange birds in the air.

This is?

Let me go, are crows that big?

Su Chen felt his scalp numb when he looked up into the sky.

Tens of thousands of black crows appeared densely in the sky, but each of these crows was as big as a dog. If he was bitten by these ferocious crows, he would probably lose his arm.
Missing legs. swish swish.....

I'll do it!

Feathers and sharp arrows?

[illegible]

Each feather shot towards Su Chen like a bow and arrow. After Su Chen teleported away from the place, the place where he was just now was already filled with black feathers.

"With one thought, the flowers bloom and rule the world!"

Su Chen looked at these ferocious beasts and crows and directly activated the ruthless empress's secret technique.

He originally didn't want to spend time with these ferocious beasts and crows at this time, but after thinking about it, Su Chen felt that using these ferocious beasts to grind him down Practicing the skills and magical powers he cultivated is much better than practicing in seclusion.

At this time, countless petals appeared in the air, and petals were dancing in the air.

"kill!"

Swish swish swish.....

Su Chen's petals appeared more and more in the air, so he used his magic power to control the petals to attack the ferocious crows in the air. The petals were like flying knives, densely piercing through the ferocious beasts crows in the air one by one. die.

Plop! Plop.....

After a while, countless corpses of ferocious beasts and crows fell on the ground.

Su Chen felt that it would be nice to have a flower bloom and dominate the world. If he practiced this secret skill to perfection, a petal would become his incarnation. If there was What about a hundred incarnations of yourself, a thousand incarnations of yourself, or even ten thousand incarnations of yourself? Su Chen felt horrified just thinking about it.

Ten days later,

Su Chen had penetrated more than 10,000 miles into the Northern Continent.

The ferocious beasts here were already at the level of cultivation in the distraction realm, and there were even some ferocious beasts in the fusion realm.

Su Chen felt that if he went about five thousand miles deeper, he would probably reach the edge of the hinterland of the Northern Continent.

"Um? Are there humans about to penetrate deep into the hinterland of the Northern Continent? The Shura tribe controlled the ferocious beasts and destroyed the incoming humans."

"Yes, empress!"

Chapter 1736

More than a month later,

Su Chen has been practicing on the edge of the hinterland of the Northern Continent.

He has slaughtered countless ferocious beasts, but there are hundreds of millions of ferocious beasts in the Northern Continent. Although he did not rush along the way, there are many ferocious beasts here. Su Chen was a little tired after killing him for more than a month.

With one thought, the flowers bloom and rule the world!

The Holy Secret of Ten Thousand Transformations!

Avenue Aquarius!

Flying Immortal Technique!

Kill the way of heaven!

Su Chen has also mastered the magical skills of these ruthless empresses.

"I guess, this is really tiring!" Su Chen sat on a big tree and looked around and shook his head.

For more than a month, although he has been practicing the magic of the ruthless empress, he has not forgotten to explore the northern continent. There are hundreds of miles ahead. To reach the hinterland of the Northern Continent, the ferocious beasts here are all of the strength of the Distracting God Realm.

If you reach the hinterland of the Northern Continent, you will probably encounter ferocious beasts from the Fusion Realm or the Cave Void Realm, and even those from the Mahayana Realm and the Tribulation-Transcending Realm. Ferocious beasts may also be encountered.

Su Chen thought about it and did not continue to the hinterland of the Northern Continent.

Cultivating here would get twice the result with half the effort.

Su Chen decided to practice for a few more months and break through to the Mahayana realm before heading towards the hinterland of the Northern Continent. Rush there.

At this moment,

Angelette has been looking for Su Chen.

Although she has seen many corpses of ferocious beasts along the way, she has not found any trace of Su Chen.

This makes Angelette feel more and more That's bad.

Boom!

Angelette slapped away the beast that was about to attack her, and she yelled angrily,

"Damn bastard, did that bastard find himself looking for him again? Was that heretic hiding from him on purpose?"

Angelit looks like she is about to reach the hinterland of the Northern Continent.

She is still hesitant now.

She will reach the hinterland of the Northern Continent in less than a thousand miles. The ferocious beasts there are very powerful.

The Mahayana realm in the hinterland of the Northern Continent There are a lot of ferocious beasts in the Tribulation Realm.

If she is accidentally trapped, she won't be able to escape even if she wants to.

Angelette thought about it and continued to rush toward the hinterland with a cold face. She didn't find it this time. Su Chen would never give up.

At the port of the Northern Continent,

Baguio and Youji were still in the temporary camp with the people from the Ghost King Sect.

They had no intention of leaving.

Baguio and Youji had already found hundreds of magic crystals, but Su Chen never showed up, and they had been waiting for Su Chen's return in this temporary camp. In a tent,

You Ji looked at Baguio and reminded,

"Yao'er, we have to leave. It's been almost two months. Su Chen must have gone to the hinterland of the Northern Continent. Your father is waiting to practice with magic crystals. We can't delay any longer. Baguio smoothed her hair and said helplessly, "Aunt You, can't I wait a little longer?"

Baguio also wanted to see Su Chen before leaving, but it has been more than a month and there is no news about that bastard Su Chen. She is also very irritable now.

You Ji shook her head and said,

"Yao'er, Su Chen said there was no need to wait for him when he left. Su Chen was so powerful that nothing could happen to him in the Northern Continent."

"If you have time, you might as well return to the Ghost King Sect and step up your training. Su Chen's strength will become stronger and stronger in the future. If you can't keep up with Su Chen's footsteps, the gap between you will become wider and wider."

"At that time, no matter how much you like Su Chen, it will be very difficult for you to even see Su Chen. If Su Chen ascends to the fairy world, you and Su Chen may be destined to have no separation. Baguio immediately stood up and said loudly, "Aunt You, we leave tomorrow, that bastard doesn't care whether he lives or lives."

Baguio's expression changed when she heard Youji's words.

Youji was right.

Su Chen is much stronger than her now. If she continues to be so lazy, Su Chen may really ascend to the fairy world in the future.

To At that time, there was really a world between them.

You Ji smiled when she heard Baguio's words.

She also hoped that Baguio could practice in seclusion. The training resources Su Chen gave them would not be used up for several years..

As long as the two of them practice in seclusion for a few years, their strength will improve rapidly.

In the temporary camp,

Succubus sat on the beach with an absent-minded look. Suchen and Angelette have been missing for almost two months. Succubus She also went to the Northern Continent to look for them, but she only went more than 2,000 miles deep into the Northern Continent before having to retreat. The ferocious beasts in the Northern Continent were too powerful, and if she dared to go deeper, she might never return. Her strength is still far behind Su Chen and Angelite.

"Beauty, we are having fun."

At this time, five or six cultivators came to the succubus.

They were also fascinated by the succubus's perfect face and figure. In the past few days, they discovered that the succubus was alone, which made them bolder.

"Get out of here!"

"Little beauty, my brothers are also looking out for you. Don't toast or eat as a penalty, just come with us obediently."

Boom boom boom....

The succubus saw that these ferocious beasts were desperate, so she quickly kicked these humans away one by one. If there weren't humans everywhere here, she wouldn't dare to reveal that she was a demon.

Otherwise, these humans will be killed by her.

The surrounding cultivators didn't pay much attention when they saw this situation.

Such things happen every day, and even dozens of people die every day.

In the Northern Continent, the law of the jungle eats the strong, and the strong survive. Strong cultivators can do anything. If you can get it, you can kill whoever you want.

The succubus looked around and left in a flash. She could not stay here any longer, otherwise her identity would be exposed sooner or later, and by then, the practitioners of all races here would not let her go.

In the Eastern Continent, in Hangzhou City, it has been more than ten days since Guanyin Bodhisattva and Our Lady of Wudang arrived at Su Chen's residence, but Su Chen never showed up. They could only continue to wait for Su Chen's return in Hangzhou City.

In the pavilion,

Ji Ruxihe looked at Guanyin Bodhisattva and said with a smile, "Bodhisattva, thank you for teaching Yue'er during this time."

Guanyin Bodhisattva was very speechless when she heard Ji Ruxihe's words. She thought of the little Su Yue in the city lord's mansion.

The girl still called her aunt one by one, which made Guanyin Bodhisattva feel very uncomfortable.

Especially the way those women in Su Chen looked at her,

Guanyin Bodhisattva almost wanted to walk away.

"You're welcome, I also like this little girl Su Yue very much."

After Ji Ruxihe poured a cup of fairy tea for Guanyin Bodhisattva, she looked at Guanyin Bodhisattva and said with a smile, "Bodhisattva, Su Chen went to the Western Continent. I'm afraid he won't come back so soon. You can live here with peace of mind. You are an outsider anyway."

Ji Ruxihe is no longer afraid of the great god Guanyin Bodhisattva.

She also sees that the relationship between Guanyin Bodhisattva and Su Chen is probably not simple. Although Guanyin Bodhisattva is not the sister of these women, she can't tell in the future.

Su Chen provokes Women's abilities are very powerful.

As long as there are beautiful women who have a relationship with Su Chen, Ji Ruxi and I really haven't found any women that Su Chen can't handle.

"Xihe, can you tell me what is going on in Tianxuan Continent?"

Chapter 1737

Ji Ruxihe lowered his head when he heard Guanyin Bodhisattva's words.

Guanyin Bodhisattva must have known some information about Tianxuan Continent, but Tianxuan Continent is the foundation of their Xuanniao family, and she cannot tell anyone at will.

Even if Guanyin Bodhisattva and Su Chen have a close relationship, it is impossible for Ji Ruxihe to tell Guanyin Bodhisattva as long as Guanyin Bodhisattva is not their sister. Ji Ruxihe thought for a while and said to Guanyin Bodhisattva, "Bodhisattva, you can only ask my husband about this matter. Without my husband's permission, it is impossible for me to tell anyone about Tianxuan Continent." Guanyin Bodhisattva looked at Ji Ruxihe. He shook his head speechlessly, "I knew you couldn't tell. It seems my question was in vain." Ji Ruxi said apologetically to Guanyin Bodhisattva.

"Bodhisattva, Tianxuan Continent is very important to my husband, and it is also the foundation of our Xuanniao family. Bodhisattva, please don't blame my husband. This matter is really of great importance."

Although Ji Ruxihe did not tell Guanyin Bodhisattva about Tianxuan Continent, she also revealed some information about Tianxuan Continent. After all, Guanyin Bodhisattva was of great help to Su Chen, especially in the fairy world.

Without Guanyin Bodhisattva's protection, it is probably impossible for Su Chen to complete the trial of the Holy Soul of the Ladder.

Guanyin Bodhisattva waved his hand and said,

"I understand, you all came to Shenyu Continent from Tianxuan Continent. Even Su Chen's black armored army was probably dispatched from Tianxuan Continent. Xihe, tell me honestly, does Su Chen want to unify God Meteor Continent?"

Ji Ruxihe nodded and admitted, "Yes, my husband wants to unify the Shenyu Continent. Our goal is to unify the Eastern Continent first. I'm afraid other mainland husbands will also have arrangements."

"I'm afraid it's impossible for six to seven million black-armored legions to unify the Eastern Continent. There are more than ten empires and dozens of kingdoms in the Eastern Continent, and your army is still too small."

Ji Ruxihe took a sip of tea and said with a smile,

"Haha, Bodhisattva, this is just one combat legion that came to the Shenyu Continent first, and other combat legions will arrive in the future."

"Half a month ago, Su Yan's Black Bird Legion had arrived at the Shenyu Continent, and Su Yan's 400,000 Black Bird Legion had headed for the border."

"Su Yan has already destroyed the Nanzhao Kingdom. Her next step is to prepare to destroy Beiliang of the Liyang Dynasty, and then send her army to destroy the Liyang Dynasty. In the future, there will be a steady stream of combat legions coming to the Shenyu Continent."

Guanyin Bodhisattva was very speechless when she heard that the little girl Su Yan also had an army.

A little girl who was less than ten years old actually led an army to destroy the country. This has never happened in the human world in the fairy world. Su Chen Both of my daughters are so outrageous.

"How many troops does Su Chen have?"

Ji Ruxihe smiled and replied,

"Six major combat legions, millions of black-armored troops, plus Su Yan's Black Bird Legion, there are seven combat legions. Mu Guiying's is the northern combat legion, and other combat legions are also preparing to come to Shenyu Continent. , not counting the millions of slave legions"

"Millions of black-armored troops? And an army of millions of slaves?"

Guanyin Bodhisattva was very shocked when she heard Ji Ruxihe's words.

Millions of black-armored troops are already very powerful.

She has also seen the combat capabilities of the black-armored army. It can be said that the black-armored army is the leader of the Shenyu Continent. The most powerful legion, especially the military formation of the black armored legion, can destroy immortal cultivators in the Yuanying realm and the out-of-body realm.

There are millions of such powerful black armored legions. Tianxuan Continent makes Guanyin Bodhisattva... Getting more and more curious

"Madam, a secret message from Mu Guiying, commander-in-chief of the Northern Combat Corps."

At this time, a shadow assassin appeared outside the pavilion. She saluted Ji Ruxihe and said,

"bring here!"

"Yes, ma'am!"

Ji Ruxihe took the secret letter and read it and laughed.

The Song Empire was going to be destroyed.

She didn't expect that after Mu Guiying destroyed millions of troops in the Song Dynasty a month ago, the Northern Combat Corps would be depleted so quickly. Surrounded the imperial capital of Song Dynasty

"Notify Madam Bai and ask her to select some powerful immortal cultivators to help Commander Mu Guiying"

"Yes, ma'am! Guanyin

Bodhisattva looked at Ji Ruxihe and asked doubtfully, "Is the Song Empire going to be destroyed?"

Ji Ruxihe nodded and said with a smile,

"Yes, Mu Guiying's Northern Combat Corps has besieged the imperial capital of the Song Dynasty. There are some powerful immortal cultivators worshiping in the imperial capital of the Song Dynasty. Otherwise, Mu Guiying would have conquered the imperial capital of the Song Dynasty long ago."

Guanyin Bodhisattva was surprised when he heard Ji Ruxihe's words and said, "It's really fast. With the six major combat legions, it seems that the Eastern Continent will be occupied by Su Chen in a few years."

Guanyin Bodhisattva also experienced the Battle of the Gods.

The human armies of Great Shang and Great Zhou in the Battle of the Gods were simply unable to compete with the Black Armored Legion.

If not for the large number of immortals participating in the Battle of the Gods.

Su Chen's black armored army might be able to sweep through the armies of Great Shang and Great Zhou.

Guanyin Bodhisattva couldn't help but think that if Su Chen's black armored army became immortal soldiers in the future, the heavenly soldiers in heaven would be the opponents of the black armored army. Can the Buddhist soldiers of Western Buddhism stop the attack of the Black Armored Legion?

Guanyin Bodhisattva thought of Our Lady of Wudang who had been with her.

She thought about it and decided to help Our Lady of Wudang once. Our Lady of Wudang just wanted to save some people. Disciples of Jie Jiao, these things should be very simple for Su Chen.

Guanyin Bodhisattva looked at Ji Ruxihe and said with a smile,

"Xihe, let Our Lady of Wudang go too. She asked for something from Su Chen, but Su Chen never agreed. Our Lady of Wudang's request is not too much. This time, let Su Chen owe Our Lady of Wudang a favor."

"this.....Okay, then let Mother Wudang and Xiaobai lead some people over."

Ji Ruxihe thought for a while and agreed.

Since Guanyin Bodhisattva said so, it's probably not too much for Our Lady Wudang to ask Su Chen. Besides, with the help of the great God Wudang Holy Mother, Ji Ruxihe is also very relieved.

"Auntie, I want to go too, I want to go too!"

At this time,

Su Yue, who was playing outside the pavilion, heard Ji Ruxihe's words. She hurried over and shouted.

Ji Ruxihe and Guanyin Bodhisattva were very speechless when they heard Su Yue's cry.

A Su Yan girl is enough The women in the mansion have a headache. I'm afraid

Su Yue, a little girl, will also be led astray by Su Yan.

Ji Ruxihe pulled Su Yue and said gently, "Yue'er, you are still young, so don't go there. It's too It's dangerous. Su

Yue blinked her big bright eyes and asked doubtfully, "Auntie, my sister can lead the army to destroy the country, why can't I?"

"Yue'er, your sister is a crazy girl. Don't imitate your sister."

"My sister is not a crazy girl. Look, aunt, this is the golden bell that my sister sent me. My sister said in the letter that this was the treasure she used to blackmail my father, and she also blackmailed me with a treasure."

Chapter 1738

Su Yue patted the golden bell hanging on her waist and smiled.

This was a gift from her sister Su Yan.

Although her sister Su Yan blackmailed her father, she also liked this golden bell very much.

Moreover, Su Yue is also very envious of her sister Su Yan.

Her sister can wander around outside and even do whatever she wants, but she can only stay in the mansion.

This made Su Yue feel very bad every time she thought of Su Yan playing freely outside.

Su Yue doesn't like to fight and kill, and she won't lead the army to fight and destroy the country. She just wants to go around the Shenyun Continent, but she can't make the decision in any of this.

"Yue'er, I can't make the decision on this matter. How about I write to your mother and ask?"

"No, I won't go."

Su Yue hurriedly shook her head when she heard Ji Ruxihe's words.

If her mother knew about this matter, she would probably be arrested and taken back to Tianxuan Continent, and she would have to start learning useless knowledge and etiquette again.

Ji Ruxihe Guanyin Bodhisattva looked at each other and laughed.

They could still deal with a three-year-old girl, especially Su Yue who was very afraid of her mother, Concubine Yan.

Whenever Su Yue was naughty in the mansion, they would mention Yan casually. Concubine, Su Yue will immediately calm down.

A year later, the situation in the Eastern Continent changed suddenly.

After the Great Song Empire was destroyed, the Dadong Empire, the Daliang Empire, and the Later Tang Empire were all destroyed by Mu Guiying's Northern Combat Corps within a year. country, and Mu Guiying's Northern Combat Legion destroyed more than a dozen small kingdoms.

Other empires throughout the Eastern Continent were panicked, and even several empires united to prepare to face Mu Guiying's Northern Combat Legion.

At this time, the Northern Combat Legion also stopped attacking other empires.

The area controlled by Mu Guiying's Northern Combat Legion was too large. Some empires that had just been destroyed were also unstable, and some resistance forces continued rebellion.

Mu Guiying had to stabilize the occupied empire before she could continue to wage war.

The war between Su Yan's Black Bird Legion against Beiliang was still going on.

Due to the long distance,

Su Yan's Black Bird Legion arrived. After the Shenyi Continent, it also needs repairs.

After all, the strength of the Black Armor Army has increased dramatically, and the soldiers of the Black Armor Army also have to adapt to the current level of cultivation. The Black Bird Army also launched a war against Beiliang just a month ago.

Tianxuan Continent ,

Northern Continent!

Gai Nie's Tenglong Combat Army and Jiang Yuyan's Yizhou Army have jointly destroyed most of the princes. The other princes have either surrendered or been besieged and are waiting to be destroyed.

Xu Du!

Cao Cao's Xu Du has been defeated by Tenglong Combat. The army is surrounded. This is the last prince in the northern continent of Tianxuan Continent. However, Cao Cao is about to be destroyed, and the entire northern continent will be ruled by the Xuantian Empire.

Outside Xudu City, in the camp of the Tenglong Combat Legion, Jiang Yuyan is dressed in gorgeous clothes. Qun arrived at the Tenglong Combat Legion.

Jiang Yuyan was in the commander's camp.

She looked at Gai Nie and said,

"Commander Gai Nie, the army in Yizhou will belong to your Tenglong Combat Legion from now on. I am going back to the Black Bird Palace in the southern continent."

Gai Nie was very surprised when he heard Jiang Yuyan's words.

Xudu was besieged.

It was only a matter of time before the Tenglong Combat Legion would break through Xudu. Why did Jiang Yuyan leave at this time?

"Princess, Cao Cao is about to be destroyed, aren't you waiting? Jiang

Yuyan waved her hands and said seriously,

"No need. Li Maozhen has already led her men back to Xuannio Palace. I must go back quickly. Commander Ge Nie, you don't have much time. The Northern Continent must be stabilized as soon as possible, and your Tenglong Combat Legion may also need to be stabilized as soon as possible. Heading to the Divine Meteor Continent."

Jiang Yuyan can't wait to rush back to Xuannio Palace.

A few days ago, she received a secret letter from Li Maozhen, the empress of Huanyinfang. Li Maozhen has already returned to Xuannio Palace first.

Jiang Yuyan can't wait any longer.

This time Queen Yan The concubine is going to send some more people to the Shenyu Continent, and she also wants to join the quota for this trip to the Shenyu Continent. Jiang Yuyan is also looking forward to the Shenyu Continent in a world where immortals are cultivated. Besides, she has not seen it for a long time. Su Chen is such a bastard. She also misses Su Chen very much.

When Gai Nie heard Jiang Yuyan's words, he was also very excited. He was also looking forward to the world of immortal cultivators

, especially after learning that Mu After Guiying's Northern Combat Legion left for the Shenyu Continent.

Gai Nie also wanted to end the war in the Northern Continent as soon as possible, and his Tenglong Combat Legion also wanted to leave for the Shenyu Continent as soon as possible.

Gai Nie saluted Jiang Yuyan and said,

"Princess, I understand this. After Cao Cao was destroyed in the Northern Continent, the Northern Continent no longer has the power to resist. The secret guards and the net are searching for those fish that slipped through the net. As long as those fish that slipped through the net are found, the Northern Continent will be completely settled."

Jiang Yuyan looked at the map in the camp and smiled and said,

"Well, Huang Rong's Southern Combat Corps will also conquer the Eastern Continent. From now on, Tianxuan Continent will belong to the Xuantian Empire."

Gai Nie is also very excited.

The war in the Northern Continent is about to end, and the war in the Eastern Continent is probably going to end as well.

In just a few years, the Xuantian Empire will rule the entire Tianxuan Continent. Now Gai Nie wants to Thinking about it feels like being in a dream

"Yes, I didn't expect that in just a few years, the entire Tianxuan Continent would be unified, but His Majesty the Emperor is not here, which is a pity."

Jiang Yuyan took a sip of tea and shook her head. "It's no need to be a pity. The Shenyu Continent is much more powerful than our world. It's a world of immortal cultivation. I want to enter it now."

"The world of cultivating immortals is a powerful world. I don't know if Mu Guiying's Northern Combat Legion has launched a war in the Shenyu Continent."

"Haha, Gai Nie, you are wrong. You should be thinking about how many empires Mu Guiying's combat legion has conquered. If he didn't start a war, would that bastard Su Chen send a combat legion to the Shenyu Continent?"

"The princess was right, but it seems I was wrong."

Gai Nie was right when he thought about it.

If there was no war,

His Majesty the Emperor would not be able to mobilize the Northern Combat Legion to the Shenyu Continent. He guessed that Mu Guiying's Northern Combat Legion might have conquered several empires by now.

"Report, inform the imperial concubine, commander-in-chief, Xu Ducheng Kaicheng surrendered, Cao Cao committed suicide."

Here, a black-armored soldier came quickly and saluted.

When Gai Nie heard what the black-armored soldier said, he asked doubtfully, "Cao Cao actually committed suicide? Princess, could this be false?"

"Order the secret guards and snares to immediately investigate Cao Cao's life and death. I don't think Cao Cao will commit suicide."

Jiang Yuyan doesn't believe that Cao Cao will commit suicide.

There are still more than 100,000 soldiers in Xu Ducheng. Cao Cao still has the strength to fight. It is impossible for him to commit suicide.

Will Xu Ducheng's army surrender at this time?

This may be a fraud

"Yes, Princess!"

After Gai Nie heard Jiang Yuyan's words, he hurriedly saluted, and then went out to the camp to arrange an investigation into Cao Cao's life and death.

Jiang Yuyan thought about it for a while and continued to order, "Come here, pass on the order, Xu Du's surrendered soldiers must be strictly punished. Under guard, Xu Ducheng's army will kill any one who dares to resist."

"Yes, Princess!"

Chapter 1739

Jiang Yuyan was very helpless while sitting in the tent.

She seemed to be unable to leave today.

She had not expected what happened to

Xu Du. If Cao Cao really committed suicide,

Jiang Yuyan was afraid that Cao Cao would escape from his shell. Keeping him alive is a big hidden danger. Cao Cao must die, and he must be taken to the Imperial City of Gusu to be executed.

Xu Ducheng, a dilapidated courtyard,

Cao Cao, with a pale face, hid in the underground secret passage in the courtyard.

This was the station where his subordinates, Captain Mo Jin, had died. Cao Cao was the only one in the secret passage here. Knowing that the countless gold and silver treasures here are also the capital for his future survival.

Cao Cao used a substitute to fake his death this time in order to avoid the crisis.

The Xuantian Empire's army was too powerful, and Xu Ducheng's army could not stop the Black Armor Legion's attack.

Cao Cao had no choice but to come up with the golden cicada's escape.

No one knew about it, not even his wife and children.

Cao Cao thought that as long as the Xuantian Empire did not know that he was still alive, he would be able to make a comeback in the future.

Outside the dilapidated courtyard, an old man said anxiously to a group of black-clad secret guards, "Sir, this is it. I saw a man sneaking in last night and never went out again."

A secret guard leader took out a bag. After throwing the money to the old man, he said threateningly, "This is the money you reported. If what you said is true, you will get another ten thousand gold. If you deceive us, you should understand the consequences.""

"The villain understands, the villain understands"

"Notify the nearby secret guards and snares, and ask the nearby secret guards and snares to support us."

"Yes, my lord!"

Eastern Continent.

Huang Rong's Southern Combat Army has destroyed five of the six countries.

Except Han State, which was destroyed by Great Qin, Qin, Zhao, Wei, Qi, and Yan have all been destroyed one after another.

No,

Qi State It surrendered, and now only a dilapidated Chu State is still resisting, and most of the Chu State has been captured by Huang Rong's Southern Combat Legion. It will be a matter of time for the Chu State to be destroyed.

Shouchun City, in the Imperial Palace of Chu , this is now the Dabei Camp of the Southern Combat Legion.

In the main hall,

Huang Rong is announcing the future combat missions with the commanders of each legion.

At this time, a secret guard quickly arrived and saluted Huang Rong, "Prince Concubine, Confucian escape The man and Xiang Yan reconciled.

Huang Rong smiled when she heard the secret guard's report, "Oh?" It seems that the fish that slipped through the net in Xiaoshengxian Village are not willing to accept it. Are they planning to bet on Xiang Yan?"

"Commander, do you want to launch a war immediately to destroy Xiang Yan?"

Huang Rong shook her head and refused,

"No, Xiang Yan has not contacted the Baiyue in the south. I want to wait for Xiang Yan to contact the foreign troops in Baiyue. By then, our army will wipe out the Chu army and the foreign troops in Baiyue."

It would be easy for Huang Rong to destroy Xiang Yan's remaining army.

She has not launched an attack now. She mainly wants Xiang Yan to lure out the Baiyue aliens in the jungle, and even some nobles who resist the rule of the empire. As long as those nobles who resist the empire All the foreign races from Baiyue united.

That was the beginning of the final war.

"Commander, are those people in Shushan still cold?"

"No need, tell those people in Shushan that Shushan must surrender unconditionally, otherwise war will be waiting for them."

"Yes, Commander!"

"Also, if those foreign tribes in Shu Mountain surrender, their princess Xiao Yu must be sent to the Gusu Imperial City for the proton."

"Yes, Commander!"

Huang Rong has not forgotten those alien races in Shu Mountain, especially the little beautiful princess in Shu Mountain.

When Su Chen was still in Tianxuan Continent, that bastard had mentioned the princess in Shu Mountain more than once. Xiao Yu was a very beautiful beauty, and so was Huang Rong. He planned to give this little beauty to that pervert Su Chen.

Huang Rong looked at Xiang Yan's position on the map and smiled and said,

"The unwilling nobles, Mohists, peasants, and Confucians from all over the world are all here now. The only thing missing is the Baiyue alien race. Xiang Yan, don't let me down!"

Shouchun City, in a courtyard, some Yuyuan guards from Shushan are protecting the great elder of Shushan.

The great elder is very helpless sitting in the courtyard.

They have been in Shouchun City for more than a month, but Huang Rong, the commander-in-chief of the Xuantian Empire, has been I didn't see them.

Shushan has been besieged by the former Qin general Meng Tian with more than 100,000 troops.

If he doesn't convince the commander-in-chief Huang Rong,

Shushan may really be in ruins.

A Yuyuan guard ran over quickly and saluted, "Great Elder, the secret guard commander under Commander Huang Rong arrived."

"Please come soon!"

"yes!"

"Grandpa, do you think Commander Huang Rong will let us go to Shushan?"

At this time, a woman wearing black tights appeared next to the great elder.

This woman had a perfect figure, with long black shawl hair, a curvy figure, and an exquisite and beautiful face. This little beauty grew up She is also a stunning beauty who brings disaster to the country and the people.

The elder looked at Xiao Yu and said helplessly,

"Xiao Yu, I don't know. I hope Commander Huang Rong can let us go to Shushan."

The Xuantian Empire is too powerful.

All the countries in the Eastern Continent have been destroyed.

If Shushan continues to refuse to submit to the Xuantian Empire, I am afraid that only destruction awaits.

The Great Elder also wants to take a gamble.

Shushan is just a small alien race.

He hoped that Commander Huang Rong would not be interested in a small alien race and even conquer their Shu Mountain.

Xiao Yu held her hands tightly.

She also knew how powerful the Xuantian Empire was.

Almost the entire Tianxuan Continent was conquered by the Xuantian Empire. They The small Shushan is no match for the Xuantian Empire. One Yin and Yang family may be able to destroy all the masters in Shushan.

At this time, the leader of the secret guards came into the yard with a group of secret guards. The leader of the secret guards looked at Shushan. The elder then opened his mouth and said,

"Huang Rong, the great elder of Shushan and the commander-in-chief of the Southern Combat Corps, ordered Shushan to surrender unconditionally. Princess Xiaoyu of Shushan was sent to the Xuandiao Palace in the Imperial City of Suzhou as a hostage. If Shushan opposed, she would be killed without mercy!"

"What?"

The elder was confused when he heard what the secret guard leader said.

He had thought about asking Shushan to surrender, but why should Xiao Yu go to the Xuanniao Palace as a hostage?

Shouldn't Yu Ziqi be the hostage?

Xiao Yu was also confused. Looking at the leader of the secret guard,

Xiao Yu didn't think about letting her do protons.

Is there any woman who can do protons?

The leader of the secret guards asked expressionlessly,

"Great Elder, what do you mean by Shushan? Is it unconditional surrender? Or continue to resist?"

The great elder saluted helplessly,

"Our Shushan surrendered, sir. I want to know why our Shushan princess Xiaoyu was asked to be a proton?"

"This is what the princess means"

"Princess? Could it be that the imperial concubine wants to dedicate Xiao Yu to your Majesty the Emperor?"

Chapter 1740

After the great elder of Shushan said what he said unintentionally, the leader of the secret guard immediately looked strange. He didn't think so much at first, it was just a proton. But after the great elder of Shushan said this, the leader of the secret guard looked at Princess Xiaoyu of Shushan. His expression changed. Princess Shushan is a very beautiful woman. If the imperial concubine really wants to dedicate Princess Xiaoyu of Shushan to His Majesty the Emperor, it may be possible. After Xiao Yu heard what the elder said, her face turned red and she was at a loss. Xiao Yu was afraid that just like the elder said, he wanted her to marry

an old man, oh no, he wanted to dedicate her to an old man. , she doesn't want to, Xiao Yu can't be an old man's woman even if she dies, even if she is the emperor of a powerful empire.

"Great Elder, ask your Shushan Princess to prepare and go to the commander's base camp to meet our princess tomorrow."

The great elder of Shushan left and nodded in agreement, "Yes, sir, Princess Xiaoyu of Shushan will go to see Commander Huang Rong tomorrow."

After the leader of the secret guards nodded and left with a group of secret guards,

Xiao Yu looked at the great elder and frowned.

She didn't expect that the great elder actually agreed.

Wasn't this about retreating him into the fire pit? ?

"Xiao Yu, get ready quickly and go see Commander Huang Rong tomorrow."

The Great Elder is very happy now.

He did not expect that things would turn around for the Emperor of the Xuantian Empire!

He will also be the only emperor in the Tianxuan Continent in the future, and the Emperor of the Xuantian Empire conquered the throne in his twenties. In the entire Tianxuan Continent, His Majesty the Emperor must be a wise and powerful emperor.

Concubine Dongjun Yan of the Yinyang family is the queen of the Xuantian Empire, but their princess from Shushan is not bad either.

If it weren't for the princess Xiaoyu from Shushan who is still young, Chi After knowing His Majesty the Emperor of Xuantian Empire for several years, the Queen of Xuantian Empire may be the princess of Shushan.

Shushan and the Yinyang family have never dealt with each other.

Concubine Dongjun Yan of the Yinyang family is still the queen of the Xuantian Empire. This The great elder of Shushan has always felt very helpless.

But this time Princess Huang Rong actually gave Shushan a chance.

The great elder of Shushan thought that with Xiaoyu's beautiful face,

Xiaoyu would definitely be favored by His Majesty the Emperor, and

Shushan would be the same in the future. Like the Yin Yang family, they will receive countless resources in the empire and be reused by His Majesty the Emperor.

Xiao Yu looked at the great elder of Shushan and asked with an ugly expression,

"Grandpa, do you really want to dedicate me to His Majesty the Emperor of the Xuantian Empire?"

"Xiaoyu, this is your destiny and our opportunity in Shushan."The great elder of Shushan nodded and replied.

When Xiao Yu heard what the great elder said, he shouted angrily,"But I don't want to be with an old man."

The great elder of Shushan was stunned when he heard Xiao Yu's shouting.

After a while, the great elder came to his senses.

He understood that

Xiao Yu must have misunderstood.

The emperor of the Xuantian Empire was not an old man.

The great elder of Shushan thought. After understanding this, he smiled and said,

"Old man? Haha, Xiao Yu, who told you that His Majesty the Emperor is an old man? If His Majesty the Emperor were an old man, do you think Grandpa would push you into the fire pit?" Xiao Yu breathed a sigh of relief when she heard that His Majesty the Emperor was not an old man. However, she still did not want to be presented to His Majesty the Emperor of the Xuantian Empire by Shushan.

"Then I don't want to, I want to find someone I like in the future, and I don't know the emperor of the Xuantian Empire, so I don't want to be sacrificed to the emperor of the Xuantian Empire."

The Great Elder of Shushan sighed and explained,

"well! Xiao Yu, your parents died early, and I am getting old. Shushan will have to rely on your brother for support in the future. I will not be able to help your brother in the future. Yu Ziqi has been here for a few years."

"But you are different!"

"Your Majesty the Emperor is only in his twenties and has only two daughters. From now on, Shushan and your brother will count on you to help"

"From now on, the Tianxuan Continent will belong to the Xuantian Empire. No one dares to object to His Majesty's orders."

"The Xuantian Empire's six combat legions, millions of elite black-armored troops, in this war on the Eastern Continent, the Xuantian Empire only dispatched one combat legion, which destroyed all the countries in the Eastern Continent."

"What does this mean? You should understand, right?"

"If you become the imperial concubine of the Xuantian Empire in the future, it will be of great benefit to Shushan and your brother. Besides, Concubine Dongjun Yan of the Yin-Yang

family is the queen of the Xuantian Empire. It is impossible for our Shushan princess to be taken over by the Yin-Yang family. women compared to each other."

Xiao Yu fell silent when she heard the elder's words.

She understood what the elder said, but she was still very resistant to marrying a strange man in the future.

Also,

His Majesty the Emperor is only in his twenties?

Yin and Yang The Dongjun of the family is actually the queen of the Xuantian Empire?

She has never heard of this?

Xiao Yu thought of the changes in the Yin and Yang family over the years, and she also believed that the great elder had not deceived her.

The Yin and Yang family has developed very rapidly in these years, and the great There are dozens of masters and masters in the heaven and human realm, and the Yin and Yang family even moved the sect's headquarters to the southern continent.

These should be the benefits that Concubine Dongjun Yan brings to the Yin and Yang family.

Xiao Yu thought about it and decided to go see her first. Seeing Commander Huang Rong, who is also the imperial concubine of the empire,

Xiao Yu wanted to learn about His Majesty the Emperor from Princess Huang Rong. Although she was not opposed to going to the Xuandiao Palace in the imperial city, she could not easily agree to become the emperor. imperial concubine

"Grandpa, I'm going to see Commander Huang Rong tomorrow. As for what will happen in the future, I can't say for sure."

"Okay, you have a good rest today, and you must leave a good impression on Commander Huang Rong tomorrow."

"I see."

Xiao Yu rolled his eyes and left after hearing the elder's words. In the Southern Continent,

Xuanniao Palace in the Imperial City of Gusu.

In the back garden, under the hibiscus tree.

Concubine Yan, Jing Salamander, Changsun Wuchuan, Hu Ji, Murong Qiudi, Zi Nu, they were all sitting together drinking tea.

Concubine Yan and the others were preparing to let some more powerful women go to the Shen Yun Continent, but they had been discussing it for a few days, and they couldn't decide who to let go.

Hu Ji After looking at the girls, he smiled and said,

"I think we don't need to discuss it. In a few days, we will see who has arrived. Now we have just decided to let some people go to Shenyu Continent. If some people don't have time to come, won't our discussion be in vain? ?"

Changsun Wuchu poured some tea for the girls and agreed,

"Well, that's right, so why don't we discuss it in a few days."

Concubine Yan also felt that it was a little premature for them to discuss this now.

People like Yao Yue, Zhu Yuyan and others are all leaders of the same faction. I'm afraid they don't have time to go to Shen Yun Continent.

Concubine Yan thought for a while and decided,

"Well, that bastard Su Chen has been gone for almost two months. Our army has conquered several empires in the Shenyu Continent. It's time to send another combat legion there."

"Let's not talk about the legion. Concubine Yan, Ji Ruxi and the ladder mentioned in the letter from sister, we also need to prepare. When the time comes, all the women in Tianxuan Continent will go there."
