

Zongwu 1741

Chapter 1741

Murong Qiudi looked at the girls and reminded them that they had all read the secret messages sent by Ji Ruxi and others from the Shenyun Continent a few days ago.

The mysterious ladder?

Can you quickly improve your strength?

This is very beneficial to women with low strength like them.

Concubine Yan and the other girls were stunned when they heard Murong Qiudi's words.

They had just forgotten about the ladder to heaven.

Ji Ruxi and the letter asked all the women to assemble, and they also wanted to gather the shadow assassins, secret guards, and snares. They all assemble, even the Jurchen women's army must assemble.

This number is quite large.

The Jurchen Women's Legion alone has an army of 100,000. This does not include the tens of thousands of shadow assassins, secret guards, and snares.

Concubine Yan left and stood up and said seriously,

"The matter of the ladder is of great importance. We must immediately assemble the Jurchen women's legion, and issue orders to the commanders of each legion to assemble shadow assassins, secret guards and snares on the spot, so that they can all arrive at the Imperial City of Gusu quickly."

"Will this affect Tianxuan Continent?"

Zi Nu frowned and asked after hearing Concubine Yan's words.

If the shadow assassins, secret guards, and even the nets all gathered, they would probably lose information about the various states in Tianxuan Continent, which would not be conducive to their control of Tianxuan. All over the mainland.

Concubine Yan shook her head and said, "Nothing, I just left for a few days. Officials in various state capitals did not dare to deceive others."

"Well, then just give the order."

Hu Ji also stood up and said hurriedly,

Su Chen is about to become an immortal, and the flow of time in Shenyu Continent and Tianxuan Continent is also different. They should assemble the Jurchen Women's Legion, Secret Guards, Shadow Assassins, and Luo Sheng as soon as possible. The time is now. But there wasn't much left.

Concubine Yan looked at the girls and directly ordered,

"Qiudi, give the order to the Jurchen Women's Legion and ask them to rush to the Imperial City of Gusu."

"Wuyu, you give orders to the commanders of each legion to assemble shadow assassins, secret guards, and snares from all over the place."

"Zi Nu, you will inform the women in the Western Continent. Hu Ji, you will inform the women in the Eastern Continent. I will inform the women in the Southern Continent."

"Jing Salamander, you immediately use the butterfly-winged bird to inform the jellyfish Yin Ji and Jiang Yuyan in the northern continent, and ask them to notify the women in the northern continent to return to the Black Bird Palace quickly."

After Murong Qiudi and the other girls heard Concubine Yan's order, they all immediately took action. Those who wrote letters and those who issued orders hurriedly issued orders. The ladder to heaven is a cheating device in cultivation. Since Su Chen has arranged it like this, They could only quickly notify the girls who wanted to climb the ladder.

Northern Continent,

Xu Capital City. In the dilapidated courtyard, after the arrival of hundreds of secret guards and snares,

Cao Cao's hidden secret passage was also discovered, and the embarrassed Cao Cao He was also captured alive by the secret guards and the snare.

Xu Du is now completely controlled by the Tenglong Combat Legion, and Cao Cao's army of more than 100,000 is also under strict supervision.

In Xu Du's palace,

Jiang Yuyan watched as he was taken away The little emperor shook his head.

He was a puppet emperor.

It didn't matter whether he killed him or not. Let's ask Concubine Yan how they were going to deal with this little emperor.

Gai Nie arrived quickly and saluted Jiang Yuyan and said,"Concubine, Cao Cao has been killed." Found and caught, Cao Cao really faked his death."

Jiang Yuyan nodded when she heard Gai Nie's words.

Cao Cao was a tycoon.

He couldn't die like this. A substitute just wanted to fool them. Cao Cao's thinking was too simple.

"Gai Nie, Cao Cao's family members were all escorted to the Imperial City of Gusu, and the surrendered officials were also examined one by one. By the way, those officials who agreed to massacre the people of Xuzhou were all executed without leaving any trace."

"Yes, Princess."

Jiang Yuyan saw Gai Nie leaving.

She looked at the palace and shook her head.

The Han Empire had been completely destroyed. All the princes in various places were also dead and captured.

The Northern Continent had been completely destroyed. Conquered

"Someone come!"

"Princess!"

"Take all the felons including Bai Yifei, Duan Yu, Xie Xiaofeng, Xiaoyaohou, Li Shimin, and Yuan Tiangang to the Imperial City of Gusu."

"Yes, Princess."

Jiang Yuyan looked around and left.

She wanted to rush back to the Imperial City of Gusu as soon as possible. The

Northern Continent has been pacified.

Jellyfish Yinji and Shi Guanyin are in charge of the rivers and lakes.

Tianmen, Tianxiahui, and Wushuang City. These rivers and lakes forces are simply in charge. She is no match for Jellyfish Yinji and Shi Guanyin, so Jiang Yuyan doesn't have to worry about those two powerful women.....

Godfall Continent,

Northern Continent!

Su Chen was preparing to break through in a cave in the northern continent.

Another year has passed.

Su Chen has already made a breakthrough in the Northern Continent.

He is now at the level of Mahayana cultivation.

Su Chen is going to break through to the Tribulation Realm this time. It has been less than one year since the three years passed. In six or seven months,

Su Chen will be sent to the immortal world for trial by the Holy Spirit of the Ladder.

Su Chen is also a little anxious now. Even if he has broken through to the realm of transcending the tribulation, he will not become an immortal, nor can he overcome the tribulation. Just a powerful immortal cultivator.

Boom boom boom boom.....

In the cave, when Su Chen made a breakthrough, there were dark clouds outside the cave, thunder roared continuously, and the whole area felt like the sky was about to fall.

Su Chen sat motionless on the ground with his legs crossed and his eyes closed. His magic power continued to increase, preparing to break through to the realm of transcending tribulation in one fell swoop.

At this moment,

Angelite appeared on a high mountain. She looked at the changes in the world in the distance and was very confused.

"What happened there? No, someone is making a breakthrough!"

Angelit's face suddenly changed.

She and Su Chen were the only ones here in the depths of the Northern Continent.

Angelit gritted her teeth and clenched her fists tightly as she looked at the distance.

For more than two years, she has been looking for someone in the Northern Continent. She has been with that bastard for more than two years, and today she finally discovered that bastard.

Whoosh!

Angelette hurriedly dodged and flew towards Su Chen's discovery. There was no way she could let Su Chen disappear this time.

Ho ho ho.....

At this time, the surrounding ferocious beasts continued to gather outside the cave where Su Chen retreated, and more and more ferocious beasts kept roaring outside the cave.

These powerful ferocious beasts did not dare to approach the cave where Su Chen retreated.

Although the ferocious beasts in the northern continent were not intelligent, the changes in the sky and the earth, and even the continuous roar of thunder, made the ferocious beasts also aware of the changes in the world. Feeling great fear.

In an underground palace in the deepest part of the Northern Continent, a cold-faced woman in white suddenly opened her eyes.

She looked in the direction of Su Chen and said doubtfully, "Huh? There are actually humans who want to break through the Tribulation Realm? It's really good. So brave, you actually dare to break through in the Northern Continent"

"King Shura, why hasn't that human been killed yet?"

"The empress made atonement, that human seemed to know the laws of space, the powerful beasts could not catch up with that human, and the weak beasts were killed by that human."

Chapter 1742

Outside the underground palace, a tall man with an ugly face hurriedly knelt down facing the palace.

He also had no way to deal with that human being. As long as the ferocious beasts from the Tribulation Realm appeared, the human beings would disappear quickly, and the weak ferocious beasts would disappear quickly. In the past, it was just the fate of being slaughtered.

And the Shura clan dare not appear in front of humans.

In the past two years, this human has slaughtered tens of thousands of ferocious beasts.

"Space laws?"

When the woman in white clothes in the palace heard King Shura's words, she raised her eyebrows.

How could there be cultivators of the Space Law in the Shenyu Continent? A small cultivator could actually know the Space Law. Is this another one of those saint sects? The hidden child you cultivated?

The woman in white looked in the direction of Su Chen again and said coldly,

"King Shura, don't worry about that human being."

"Yes, empress!"

The woman in white stood up and looked at the ten blood pools around her.

She thought that it seems that a cultivator who knows the laws of space cannot let him discover the situation here.

After hundreds of thousands of years of preparation, resurrection is just one year away. Too much.

If that human being still dares to come to the depths, then don't blame yourself for killing people and silencing them.

"Brothers, I will definitely resurrect you."

At this moment,

Su Chen's breakthrough has reached a critical moment. The powerful aura on his body is getting stronger and stronger. The more than ten top-quality spiritual stones around him are constantly being absorbed by Su Chen.

"It's you, you bastard."

At this time,

Angelite appeared in the cave.

She looked at Su Chen who was making a breakthrough with a very complicated expression.

In more than two years, this bastard was about to break through to the realm of transcending tribulation. From the immortal cultivator in the cave virtual realm, he had a very complicated

expression. In just two years, he will break through to the realm of transcending tribulation. This bastard is really outrageous!

Angelette suddenly stretched out her hand to kill Su Chen, but when she looked at Su Chen, she couldn't do it. It is said that Su Chen's background is mysterious, and this bastard even has a very powerful immortal sister. Even when she was with this bastard, Angelite couldn't stop her.

"Damn it, why can't I do it?"

Angelit shouted angrily in anger.

She raised her hand several times to kill Su Chen, but she lowered her hand involuntarily every time.

This made Angelit hate herself very much.

Su Chen will be in the future. But they are the great enemy of the Western God Realm. If Su Chen grows up in the future, another powerful immortal will appear in the Eastern Fairy Realm. This will be a powerful threat to their Western God Realm.

"It's a good thing you didn't take action, otherwise you would be dead."

At this moment, a necklace on Su Chen's chest suddenly shone brightly, and then a beautiful woman with purple hair suddenly appeared in front of Su Chen.

"Who are you?"

Angelit asked in surprise as she looked at the woman who suddenly appeared.

This woman was actually at the same cultivation level as her clone. She was also in the Tribulation Realm.

There was actually a woman in the Tribulation Realm hidden in the necklace on Su Chen's body. , this bastard is so insidious.

After Xiao Li looked back at Su Chen who was making a breakthrough, she looked at Angelette and replied with a smile, "My name is Xiao Li, and Su Chen is my husband!"

"Are you actually this bastard's woman?"

Angelit was very surprised when she heard Xiao Li's words.

Xiao Li didn't look very big, but the Eastern cultivators looked young, but they probably lived for who knows how many years.

"good!"

"Then why are you hiding in a necklace? Does Su Chen know your existence? Or do you want to secretly protect this bastard?"

"My husband knows I exist"

"Damn it, is there still a powerful immortal cultivator hidden in this bastard?"

Xiao Li smiled and replied after hearing Angelette's words, "Yes, besides me, there are hundreds of female ghosts and several women hidden in my husband's body."

Xiao Li knew that Su Chen had more than a hundred female ghosts under his command, and she also knew about the existence of Lan Yincao and Lin Qing'er.

These were discovered intermittently during her practice.

If she hadn't sensed that Su Chen was making a breakthrough this time, Threatening, she won't just show up like this

"Damn it, this insidious bastard."

Angelit's face turned very ugly.

This bastard Su Chen actually hid so many immortal cultivators, more than a hundred female ghosts and women.

This bastard was simply too insidious.

Although Angelit didn't know those women How strong are ghosts and women? But with Xiao Li's ability to transcend the tribulation realm, those female ghosts and women may not be simple in strength.

"Your name is Angelette. I hope you won't take action against my husband."

"As long as you're here, I can't kill this bastard even if I take action."

"Thank you!"

Xiao Li thanked Angelette and disappeared again.

She is also in a special period now.

With the resources Su Chen gave him over the years, Xiao Li has broken through to the realm of transcending tribulation.

But she must also prepare to break through to the fairyland. , she is receiving the memory of the Fairyland of the Nine Heavens Profound Girl. If it had not been for Angelite's unexpected arrival, Xiao Li would not have appeared to stop Angelite from killing Suchen.

Angelite saw that Xiao Li had returned to In Su Chen's necklace, she scratched her hair and felt helpless.

"Alas, is this all fate?"

"It seems that this bastard is really her nemesis, and she cannot be killed. If this bastard breaks through to the Tribulation Realm, her clone may not be the opponent of this bastard."

"Space and time, Su Chen controls these two supreme laws, this bastard will probably defeat him easily in the future."

At this time,

Su Chen's face suddenly turned red, and some water mist came out all over his body. Su Chen's clothes were soaked in an instant.

Poof!

Su Chen suddenly vomited a mouthful of blood!

Angelite looked at Su Chen was in such a panic that he didn't know what to do. How could something like this happen to Su Chen when he was so good?

Damn it, is this happening?

"Xiao Li, what happened to your husband?"

Xiao Li quickly reappeared.

She looked at Su Chen and hurriedly said to Angelette, "Angelette, get out quickly. I'm here to take care of my husband."

"Um? All right!"

Angelit looked at the anxious Xiao Li.

Although she didn't know what happened to Su Chen, she didn't know much about Eastern practitioners. Angelite could only go out and let Xiao Li help this bastard.

Xiao Li looked Xiang Su Chen said worriedly, "Why did your luck suddenly increase so much? Su Chen is now at the critical moment of breakthrough, and these lucks come at the wrong time."

Xiao Li thought about it and hurriedly shouted, "Lanyincao, Lin Qing'er, Nie Xiaoqian, you all come out."

Whoosh!

At this time,

Lan Yinciao, Lin Qing'er, and Nie Xiaoqian all appeared next to Su Chen. They looked at Su Chen and were very worried.

"Su Chen's luck has increased dramatically. We must work together to stabilize Su Chen's luck. We are all close to Su Chen and Su Chen's luck will not come back to bite us."

Chapter 1743

Lan Yinciao, Lin Qing'er, and Nie Xiaoqian all nodded hurriedly.

These women all sensed each other's existence, and they also knew that these women were women Su Chen trusted.

Lin Qing'er suddenly thought of Su Chen's sister and hurriedly said, "Xiao Li, why don't we call Su Chen's sister? Su Chen's sister is very powerful."

Xiao Li shook her head and explained, "We don't call her Su Chen's sister at all. If that woman doesn't come out, she should be recovering now, and we won't be able to call Su Chen's sister to come out."

Nie Xiaoqian watched Su Chen's forehead dripping with sweat, and even her clothes were soaked.

She was worried and hurriedly urged, "Let's do it quickly, the master is very uncomfortable now."

Xiao Li nodded and hurriedly ordered,

"Okay, let's use mana to suppress Su Chen's luck, and use all the mana to inject it into the sea of Su Chen's luck."

"good!"

"clear!"

"let's start!"

Boom boom boom.....

At this time, the four girls of Xiao Li put their hands on Su Chen's body one by one, and they used all their magic to suppress the riot in Su Chen's sea of destiny.

There was a huge roar in the cave.

It was like thunder rolling continuously inside the cave. The deafening roar caused the rocks outside the cave to roll down continuously, and even the surrounding trees were uprooted and fell to the ground.

At this moment, the golden human emperor's energy in Su Chen's sea of luck was transmitted through Su Chen's body like the four girls of Xiao Li.

Although this is only less than 1% of the human emperor's energy, it is of huge benefit to the four girls Xiao Li.

The four girls Xiao Li felt that luck was flowing into their sea of luck, which made them very panic.

Everyone's luck was very important. Su Chen's luck flowed into their sea of luck. This made them very panic. I'm afraid the governor is very unfavorable to Su Chen. But the four girls couldn't stop it even if they wanted to.

"what to do? How could Su Chen's luck flow into our sea of luck?"

"I don't know, I can't stop it at all"

"Me too, what the hell is going on?"

"Don't panic, luck is not so easily plundered. I'm afraid this is Su Chen's intention. If we continue to increase our magic power, Su Chen's will should always be awake."

The four girls of Xiao Li calmed down after being panicked.

They all felt that Su Chen was doing this. Luck can only be plundered through certain things. It is impossible to directly transport luck like this. For the time being, they can only believe that Su Chen is sending them luck.

Boom boom boom.....

At this time, in addition to Xiao Li,

Lin Qing'er, Nie Xiaoqian, and even Lan Yincao were constantly making breakthroughs. In just half an hour, the cultivation realm of Lin Qing'er and the three daughters directly broke through to the Mahayana realm.

This made Lin Qing'er and the three girls very surprised.

At this time,

Xiao Li's body was glowing white, and her body seemed to be reshaped.

Xiao Li felt that she would not need to use magic power to maintain her body in the future, and her body would not dissipate anymore. Xiao Li felt that She was a real human being herself now.

After a while,

Su Chen's fate riot stabilized, while Lin Qing'er, Nie Xiaoqian, and Lan Yincao looked at each other in confusion.

In less than an hour, their cultivations were like riding a rocket. The three of them were now in the realm of transcending tribulation, which made them all feel as if they were in a dream. It was very unreal.

Xiao Li's flesh and blood body has also been reshaped.

Xiao Li is now a real human being.

She will no longer have to worry about the energy in her body being used up and her body will dissipate.

Lan Yincao was confused as she felt the state of her cultivation.

"What exactly is going on? Can luck improve our cultivation level so much?"

"I know it too! Lin Qing'er looked at Su Chen and shook her head and replied.

Nie Xiaoqian stroked her hair and couldn't figure it out,"It's so weird. Is the master's luck so strong?"

Xiao Li looked at the girls and said seriously,

"I'm afraid this is not ordinary luck, this.....It should be the Human Emperor's luck. Ordinary luck can only make us practice twice the result with half the effort. Although I don't know much about the Human Emperor's luck."

"But in my memory, the Human Emperor's luck is very unusual. We can only know this after Su Chen wakes up. Lan

Yincao looked at Xiao Li and asked in confusion, "The fate of the Human Emperor?" What is the Human Emperor? Is the Human Emperor the emperor?"

Lin Qing'er looked at Xiao Li and asked with a frown,

"Human Emperor? There should be no emperor in this world. Xiao Li, did you guess wrong?"

Nie Xiaoqian looked at the girls without saying anything.

She knew some of Su Chen's secrets, but she couldn't tell Su Chen's secrets at will. Without Su Chen's order, she couldn't tell anyone all the secrets.

Xiao Li Said seriously,

"Remember, you have never heard about the Human Emperor. If other immortals know that Su Chen is the next generation of Human Emperor, he may be targeted by all the immortals in the immortal world, and even all the immortals will take action against Su Chen."

"We understand!"

Lin Qing'er, Lan Yincao and Nie Xiaoqian all nodded hurriedly and replied.

Xiao Li waved his hand and said, "Let's all go back to practice in seclusion. We have all benefited greatly this time."

After Lin Qing'er and the other girls nodded to each other, they disappeared one by one beside Su Chen. They really got huge benefits this time, and could even be said to have reached the sky in one step. The level of cultivation in the Tribulation Realm,

I'm afraid they won't be able to achieve it even if they practice for decades.

Outside the cave, after Angelette calmed down in the cave, she hurried back to the cave.

When she saw that Su Chen had calmed down, this bastard's body Shangya no longer sweated in pain.

Angelette was relieved.

Two days later,

Su Chen's body suddenly erupted with a powerful aura, and the clothes on his body were shaken to pieces and fell off.

Touch!

Su Chen's His body suddenly made a loud noise, and the powerful breath calmed down instantly. Su Chen also successfully advanced to the level of cultivation in the Tribulation Realm.

When Su Chen opened his eyes, he saw Angelette next to him watching him. , but Su Chen was not wearing clothes now, and the clothes on his body were shattered by the breakthrough just now.

Su Chen looked at Angelette and said speechlessly,"Angelette, are you acting like a hooligan?""

"shameless bastard!"

Angelit also reacted when she heard Su Chen's words. She hurriedly cursed Su Chen and turned away.

She also forgot that Su Chen's clothes were shattered, damn bastard!

She didn't expect that When Su Chen woke up, he turned into a shameless pervert.

Chapter 1744

Su Chen took out another piece of clothing and hurriedly put it on.

He was not an exhibitionist.

Besides, there was a beautiful angel here.

If Su Chen couldn't help but fall in love with Angel Angelite, I'm afraid this beautiful angel would chase her again. Kill yourself.

Su Chen also knew what happened during the breakthrough, and he did not expect that the Human Emperor's luck suddenly increased during the breakthrough.

Su Chen was making a breakthrough at that time, and he had no time to integrate the Human Emperor's luck into his sea of luck.

However, fortunately, with the appearance of Xiao Li and the girls,

Su Chen wasted some of the Human Emperor's luck, but fortunately he spent it safely. crisis.

Besides, Xiao Li, Lan Yinciao and the other four girls are also his women, so the newly added Human Emperor's luck will not be a loss for them.

Su Chen thought about the sudden increase in the Human Emperor's luck. This was probably because his legions had occupied another continent in Tianxuan Continent.

On the Tianxuan Continent, only the Northern Continent and the Eastern Continent have not been occupied.

This time, one of the continents should have been captured by his legion.

However,

Su Chen couldn't guess which continent was occupied.

Overcoming the Tribulation Realm!

There are still more than six months left, and

Su Chen doesn't know if he can survive the catastrophe and become an immortal within six months.

After Su Chen thought about these things, he walked to Angelite, put his arms around Angelite's waist and asked with a smile, "Angelette, I didn't expect you to come after me, but why didn't you Kill me?"

Angelette was stunned when Su Chen hugged her.

This bastard dared to hug her, damn bastard,

Angelette hurriedly struggled and cursed. "Let me go, you shameless pervert!"

Su Chen hugged Angelique tightly and asked, "Angelit, you just saw all of me, who of us is the pervert?"

"Shameless!"

"Shameless? Then let me show you if I have teeth?"

Su Chen said and kissed Angelette. Su Chen didn't want to let go of this beautiful angel beauty. As for the chaotic scenes in the fairy world, it was none of his business. Su Chen was still the same even in the fairy world. Little scumbag, even if there is a war in the fairy world, it is not something he can control. Woo hoo

.....

Angelette didn't expect that Su Chen was such a bastard.

She stared at Su Chen kissing her and slowly closed her eyes.

She felt that she was captured by this bastard.

She, an angel, could actually fall in love with a human being. , no wonder she couldn't do anything to this bastard before. It turns out that all the reasons were her own.

Three days later,

Su Chen took Angelite, who was full of shame and anger, back to the depths of the northern continent.

In the past three days,

Su Chen and the angel Angelite had a very happy life, and he also felt the tenderness of the angel beauty.

Angelite looked at the depths of the Northern Continent.

She frowned and said worriedly,"Su Chen, we'd better not go deeper into the Northern Continent. The further we go, I feel very bad."

Su Chen Holding Angelite in her arms, she smiled and said,"Don't worry, if I encounter danger, I can take you to escape quickly.""

"Okay, but if there is danger, you don't have to worry about me. I am just a clone. Even if my clone dies here, it will be insignificant to my real body."

"That won't work. Even if you, this clone, are still my woman, I will not abandon my woman and run away alone."

"Huh, I'm not your woman"

"Haha, that's right, Angelite, take advantage of the time now and send me an angel's love vows as soon as possible."

"Su Chen, I am just a clone. When I reach the fairy world, my true body will swear an oath to you in person."

"That won't work. I know that you and the body are one mind, and your oath is the oath of the body."

After Angelette heard what Su Chen said, she glared at Su Chen with a red face. She and Su Chen had already merged. Angelette originally wanted her body to swear an oath to Su Chen, but this bastard couldn't wait any longer.

Angelette suddenly took out an angel sword, and her pair of white wings were also revealed.

Angelette inserted the angel sword on the ground with serious eyes, and knelt down on one knee to Su Chen come down

"I am willing to be Su Chen's guardian angel, love what he loves, think about what he thinks, bear the pain for him, and go through the suffering."

"Whether poor or rich, humble or noble"

"Regardless of whether we are in troubled times or God does not care about us"

"I will draw my sword and fight for him"

"fold your wings for him"

"never leave"

"Forever!"

After Su Chen swore a vow of love to him, he hurriedly picked up Angelite.

Su Chen was very happy now. Although Angel Angel is an angel from the West, so what? He Now I have a wife who is a real angel,

"Angelette!"

Angelit leaned into Su Chen's arms and said with a smile, "Su Chen, I will be your wife from now on."

"Of course, you will be my wife from now on." Su Chen touched Angelette's golden hair, angel!

If Su Chen hadn't traveled through time, he wouldn't have dared to think about having an angel wife, martial arts, fairy tales, fairy world,

Western god world,

Su Chen After experiencing so much, Su Chen was still very happy to have an angel wife.

Boom!

At this time,

Angelite's body suddenly erupted with a powerful aura.

In just an instant, the powerful aura disappeared without a trace. No trace.

Su Chen noticed Angelette's abnormality and asked hurriedly,

"what happened?"

Angelit shook her head and said to Su Chen,

"I didn't know that there was a strange energy entering my body just now, but it suddenly disappeared again."

Angelit was also very confused.

The pure energy just now didn't seem to be harmful to her, but why did it suddenly appear and then disappear? This made Angelit confused.

"Strange energy?"

Su Chen was very surprised when he heard Angelette's words.

How could such a good Angelite show strange energy?

And after she swore a love vow to herself, Su Chen had never encountered such a thing before.

Angelette thought After thinking about it, he said to Su Chen,"Well, I felt it just now. That strange energy seemed to be improving my cultivation, but why did it suddenly disappear again?"

Su Chen suddenly understood when he heard Angelite's words.

This must be because after Angelite swore a love vow to him, the Xuantian Empire's national destiny, as well as his own destiny and the Emperor's aura were all connected to Angelite. Su Chen didn't know how much national luck and luck Angelite could get, but even if Angelique only got 1% of the national luck and luck, Angelique's strength would probably increase rapidly.

National luck and luck were comparable. The power of faith in the West is much stronger.

Su Chen looked at Angelette and said happily,

"Luck, that's luck, Angelite, don't worry, you and I are one now, the destiny of my empire, my destiny, even my people.....In short, this will be of great benefit to you"

"The national luck and luck just disappeared. This should be the discovery that you are just an angel clone."

"My empire's national luck and luck will probably be directly transferred to your body. Your body should be able to quickly advance to the eight-winged angel, and may even be directly promoted to the ten-winged angel."

Chapter 1745

Angelette was confused when she heard Su Chen's words.

National destiny?

Luck?

What is all this?

Angelique just knows that the power of faith is very important to her. The more power of faith, the faster her strength will improve.

Are national destiny and luck the power of faith in the Eastern Immortal World?

However,

Angelite was very happy to hear that her body would soon be promoted to an eight-winged angel or a ten-winged angel.

"not good!"

Suddenly,

Angelique suddenly felt a change in her body, and her face immediately changed.

When Su Chen heard Angelite yelling again, he hurriedly asked,

"what happened again?"

Angelit said to Su Chen with an ugly face,

"Su Chen, I'm going back to the God Realm. I'm afraid my body will be advanced, and my consciousness will return to its true form."

Angelit didn't expect that Su Chen was right.

Her body was really about to advance.

She had only been with Su Chen for a few days, and Angelette didn't want to leave Su Chen at this time.

Besides,

Su Chen was In the dangerous Northern Continent, Angelite did not trust Su Chen to explore the Northern Continent alone.

When Su Chen heard Angelite's words, he hurriedly asked, "Then can you still go down to the next world?" Angelique nodded and replied, "Of course, I am your wife now, and you are like a medium. I can come to Shenyu Continent whenever I want.""

"That's okay, Angelite, you can make a breakthrough with peace of mind. I may reach the fairy world in about a year, and I will go find you then."

"Well, Suchen, then I'm back."

Su Chen touched Angelette's beautiful face and said with a smile,

"Okay, you have to be careful in the fairy world. If you meet someone from the Eastern Fairy World and you are no match, just tell me my name. I still have some reputation in the Eastern Fairy World."

Angelit smiled after hearing what Su Chen said.

Su Chen's sister is a powerful person in the fairy world.

She also believed that Su Chen probably had a high status in the Eastern fairy world, even if Su Chen had no status in the Eastern fairy world.

Just because of the existence of Su Chen's powerful sister, no one in the Eastern Immortal World would dare to offend this bastard.

"I understand, goodbye, my love." Angelit hugged Su Chen and kissed her before disappearing.

"Goodbye, my angel wife!"

Su Chen shook his head when he saw Angelite disappearing.

The angel wife he had just acquired left in just a few days.

Su Chen was really speechless.

How could Angelite change so much? ?

Other women don't seem to have the same changes as Angelette.

Is it a matter of swearing a love vow? Then should every woman swear a love vow to herself?

Su Chen shook his head and felt that he was thinking too much,

Angel Even if other women took the oath, I'm afraid there won't be any changes. It seems that

I will know more about those beautiful angels in the future.

In the hinterland of the northern continent, after Su Chen arrived, he moved all the ferocious beasts he encountered. A thousand miles away, with

Su Chen's current strength in the Tribulation Realm, he was too lazy to kill these ferocious beasts blocking the way. The ferocious beasts in the Mahayana Realm and the ferocious beasts in the Tribulation Realm were not a threat to Su

Chen at all.

Chen can now be said to be invincible in the same realm.

Along the way,

Su Chen encountered all kinds of spiritual flowers and grasses and did not let them go. Even when Su Chen encountered some strange crystal stones, Su Chen also dug three feet into the ground to search for them. Everything is clean.

There are spiritual flowers, spiritual fruits, spiritual fruits, and various crystal mines here.

Although these are useless to him.

But Su Chen has a big business, his women, and the female ghosts under him. He had to raise the Shadow Assassins and even the millions of black-armored legions.

Su Chen saw that there were too many treasures in this area, so he released all the female ghosts.

Su Chen was right These beautiful female ghosts ordered, "Collect the spiritual flowers and herbs here, and don't let go of the spiritual fruits and crystal minerals either."

"Yes, master!"

When more than a hundred female ghosts heard Su Chen's order, they all dispersed to collect the spiritual flowers and herbs here. Su Chen was very surprised when he saw Nie Xiaoqian

who was practicing in seclusion next to the spiritual stone. Su Chen Just giving Nie Xiaoqian's four daughters less than one percent of the Human Emperor's energy, which is still one percent of the newly obtained Human Emperor's energy, Nie Xiaoqian was able to be promoted to the realm of transcending tribulation. This is incredible. Su Chen touched it Chin then guessed,

"Nie Xiaoqian actually advanced to the Tribulation Realm? This is really unexpected. Lin Qing'er, Lan Yinciao, and even Xiao Li are probably at the same level as Nie Xiaoqian."

Su Chen was sitting under a big tree.

He watched the beautiful female ghosts picking spiritual flowers and herbs happily.

Su Chen felt good.

He felt a lot more relaxed when he had men to do this.

Su Chen Sitting under the tree, he was not idle.

As long as a powerful beast came,

Su Chen would move the beast a thousand miles away. He would not let the powerful beast here kill the beautiful female ghost under his command.

The female ghosts looked around cautiously at first, but after discovering that Su Chen was protecting them, these beautiful female ghosts chatted and picked the treasures here.

At this time, a beautiful female ghost came Su Chen saluted beside him and said, "Master, I found some rubies on the left. Those rubies look very extraordinary."

"Ruby?"

Su Chen was very confused when he heard what the female ghost said.

Why is there ruby here?

Ruby is not a treasure, but the female ghost said that those rubies are not simple, which made Su Chen think that there cannot be any ordinary red jade here. Jade

"Master, I don't know if it is ruby, but it is different from crystal, but it is somewhat familiar to jade."

"Take me to see it!"

"Yes, master!"

Su Chen and the female ghost walked to a sinkhole.

He was very surprised when he looked at the red rubies below. These rubies looked like they were cultivated with blood.

Huh?

How can there be humans here?

He Damn it!

That human being couldn't see through her cultivation level?

Suddenly,

Su Chen discovered that there was a hazy woman's figure in the sinkhole, and Su Chen couldn't see that woman's strength at all.

This made Su Chen... He was very shocked.

Su Chen is now a cultivator in the Tribulation Realm. In the Shenyu Continent, this is the most powerful existence. But why can't he see the cultivation realm of that woman?

That woman must not be an ordinary person, how could ordinary people appear in this dangerous area?

After Su Chen looked at the hazy woman in the sinkhole, he hurriedly said to the female ghost beside him, "Xiaoyu, gather your sisters!"

Su Chen guessed that the woman whose face could not be seen clearly was not simple, and might not even be human.

He was also worried that the female ghosts under his command would be killed by this mysterious woman.

Su Chen thought it was better to take back the female ghosts first, so that he could escape much easier.

"Yes, master!"

At this time, the woman in the sinkhole said coldly to Su Chen,

"Human, you should not have come to the depths of the Northern Continent, and you should not have discovered the existence of the Blood Heart Stone."

"Who are you?"

Chapter 1746

Su Chen was very confused when he heard the words of the woman in the sinkhole.

Shouldn't she appear deep in the northern continent?

Found the bloodstone?

What is the origin of this woman? What is she going to do deep in the northern continent?
What is the blood heart stone?

Whoosh!

The woman in the sinkhole suddenly appeared in front of Su Chen.

Su Chen was so frightened that he hurriedly teleported and appeared not far from the woman.

Su Chen was frightened by this woman.

This woman suddenly appeared in front of him silently. Su Chen didn't even notice any fluctuations in space.

He knows the laws of space, and he can sense any fluctuations in space.

However, Su Chen has not noticed any fluctuations in space since this woman appeared in front of him.

This woman is a bit too powerful.

It is absolutely impossible for her to be in the realm of transcending tribulation.

"Owner!"

At this time, more than a hundred female ghosts quickly appeared next to Su Chen. These female ghosts also looked at the woman next to them with caution. When

Su Chen saw that the female ghosts were all here, he did not dare to delay. Yes,

Chen waved his hand and put away all the female ghosts.

He looked at the woman next to him and said hurriedly, "Excuse me, I'm leaving the Northern Continent now."

Su Chen said and disappeared instantly.

"Want to leave? Have you left?"

The woman with a hazy face saw Su Chen leaving instantly. She waved her hand and said in a cold voice,

Damn it!

Su Chen was confused after he appeared.

He didn't expect that he would return to the same place after leaving in an instant.

Su Chen looked at The hazy-faced woman next to him was scared.

This time he really encountered a big crisis.

No wonder the Northern Continent is a continent that even gods dare not come to.

The God's Fall Continent?

This is probably the real land of the God's Fall.

"who are you?"

The hazy woman looked at Su Chen and said mockingly,

"Human being, you actually know the laws of space. Your origin should not be simple. You are a disciple of that saint sect."

Su Chen took a few steps back and asked expressionlessly, "First tell me who you are, and then I'll tell you."

"laugh! If you don't tell me, can't I know?"

After the hazy woman sneered at Su Chen disdainfully, she slowly stretched out a white palm.

Su Chen was so frightened that he hurriedly backed away, but no matter whether he used the law of space or retreated directly, he kept spinning in place.

This made Su Chen scream in fear,

"I'm here, don't mess around"

"snort!"

"Damn it, it hurts me to death."

Su Chen looked at this woman's slow hand pressing on his forehead.

He couldn't hide away at all.

After a while, Su Chen's forehead was sweating and he screamed. Su Chen didn't expect that this woman would actually read him.

Huh? The memory has been blocked?

Could it be that the saint blocked the memory of this human being?

Why did the saint go to such great lengths to block the memory of a small immortal cultivator?

The hazy woman was more and more surprised by Su Chen. He knows the laws of space, but his memory is still blocked.

What secret does this human being have? Why did the saint block his memory?

After Su Chen let go of the hazy woman,

Su Chen almost collapsed on the ground, soaked all over.

He looked at the hazy woman and wondered, who is this woman? Why is she so powerful?

The hazy woman threatened Su Chen coldly, "Tell me, who are you?" If you don't tell me yet, I will kill all your female ghost men one by one."

Su Chen curled his lips when he heard the hazy woman's words.

All the female ghosts were taken into the system space by him. This woman can't even read his memory. This must be because the system is protecting him.

Su Chen doesn't believe this. A woman with a clear appearance can catch his female ghost subordinate from the system space

"Then kill him! I want to see how you kill my female ghost subordinate."

Boom!

Let me join in!

Cough cough cough.....

Su Chen was blown hundreds of meters away by the woman's gentle palm. He coughed blood in the air and fell heavily into the sinkhole.

The hazy woman looked at Su Chen and was very confused.

She didn't even find out where Su Chen had hidden those female ghosts. Although the law of space is powerful, this human being has no home for cultivation at all. With this human's level of cultivation, she It was impossible not to discover the hidden space, but she did not find any other spatial fluctuations here.

Su Chen looked at the woman in the distance and said helplessly,

"Damn it, it seems like it's really going to be over this time. Is this curiosity killed the cat?"

Whoosh!

The hazy woman appeared next to Su Chen in an instant.

She looked at Su Chen and asked coldly,

"Say, who are you? Are you a disciple of that saint sect in the fairy world? Su

Chen looked at the hazy woman and said disdainfully, "Tsk, do you think I will tell you?"

"Um?"

When the hazy woman heard Su Chen's words, she slowly raised her hand.

Su Chen saw that the hazy woman was about to beat him again.

This made him very helpless.

He, a dignified man, was actually beaten up by a woman. Go, he also wants to save face.

Forget it, a good man will not suffer the loss in front of him. When he becomes stronger in the future, he will definitely strip off this hazy woman's clothes and beat her back.

Su Chen hurriedly waved his hand when he thought of this. Said, "Holy shit, I said, I said, don't do it"

"explain!"

Su Chen wiped the blood from the corner of his mouth and said helplessly, "I am the Yaochi Divine General of Heaven, not a disciple of some saint sect."

"Yaochi Divine General? Your name is Su Chen?"

The hazy woman frowned when she heard Su Chen's words,

Yaochi Divine General?

She has heard of this Yaochi Divine General. He is the only one in heaven who exists only after the Emperor Haotian, and is even more powerful than the four emperors. He can be regarded as The second-in-command in heaven.

A little monk can dominate in heaven, which makes all the immortals in the immortal world very curious about this Yao Chi god.

The Queen Mother, Guanyin Bodhisattva, the Holy Mother of Wudang, and the Holy Mother of the Golden Spirit , Yunxiao, and even the Queen Mother of West Kunlun.

These powerful people are closely related to Su Chen, and can even be said to be the backers behind Su Chen.

"Yes, I am Su Chen!"

Su Chen heard this hazy woman call out his name immediately.

He couldn't guess who this woman was.

This woman must be at the level of quasi-sage cultivation or above, but in Su Chen's impression, in the prehistoric fairyland There are not many powerful women above Quasi-Saints. Su Chen knew almost nine out of ten female Quasi-Saints. So who is this powerful woman? After thinking about it, Su Chen felt that among the remaining female Quasi-Saints , it can't be this woman,

Shang Yang from the Monster Clan, Jiu Feng from the Wu Clan, Jin Feng from the Nuwa Empress, Chang'e (Chang Xi) from the Taiyin Star, Bi Xiao from the Jie Jiao, Qiong Xiao, and the remaining women The quasi-sage must have died. Anyway, Su Chen didn't hear about the existence of other female quasi-sages in the fairy world.

"Even if you are the Divine General of Yaochi in Heaven, you will still be dead when you come here."

"No, holy shit, I just came to the depths of the Northern Continent unintentionally. I don't know anything about what you do. I don't even know who you are. You don't need to kill people to silence them, right?"

Chapter 1747

When Su Chen heard that this mysterious woman wanted to kill him, he became anxious.

Who was this mysterious and hazy woman?

What exactly did she do in the northern continent of Shenyu Continent?

Why are you afraid of being discovered?

Su Chen hurriedly begged the system for help in his mind,"System, help me, I'm really going to die this time.""

"Ding, the system can't help you, host, use your advantages."

"I have an advantage. Teleport me out of the Northern Continent quickly, otherwise your handsome host will really die this time."

"Ding, the system is powerless. Host, aren't you very clever at picking up girls? Now is the time to play to your strengths"

"I'll do it!"

Su Chen's face turned dark when he heard what the system said."

Pick up girls?

Can he pick up this incredibly powerful woman? The system is becoming more and more unreliable."

Su Chen looked at the woman who was getting closer and closer to him and hurriedly Asked,"System, who is this woman?"

"Ding, this system can tell you that the person in front of you is Houtu, one of the twelve ancestral witches of the witch clan, and the empress Pingxin of the underworld."

What the hell!

Hou Tu?

Empress Ping Xin?

Su Chen was confused when he heard what the system said,

Hou Tu?

Oh no, it's Empress Ping Xin.

How could Empress Ping Xin appear in the Shen Yun Continent? Isn't she not? Can I leave the underworld?

Su Chen had previously thought about all the female quasi-sages in the prehistoric fairy world, and he didn't dare to think that this woman would be Empress Pingxin of the underworld. You must know that although Empress Pingxin is not a saint, in the underworld, she Even more powerful than a saint.

But why did Empress Pingxin appear in the Shenyu Continent? What was she doing so mysteriously?

Empress Pingxin looked at Su Chen and asked coldly,"Su Chen, the divine general of Yaochi, what is she doing?" Any last words?"

"Yes, I have last words!"

Empress Pingxin nodded and said,"Tell me, I can fulfill your last wish."

Su Chen whispered anxiously,"Can you not kill me? I will never reveal a word about what is going on here. No, I have never been to the Northern Continent at all."

"court death!"

"Empress Pingxin, do you really want to kill me?"

"you.....How do you know I am Pingxin?"

Pingxin was very surprised when she heard Su Chen's words.

She didn't show her face, and even the aura of her whole body changed. How could this little monk see that she was Empress Pingxin?

Su Chen smiled and continued,

"Queen Pingxin, you are a kind-hearted person, do you really want to kill an innocent person?"

When Empress Pingxin heard Su Chen's words, she mocked,

"Innocent person? Were there not many innocent people who died during the Lich War? There are innocent people in this world who have no strength or background. So what about innocent people?"

When I think about the Lich War, was the Witch Clan at fault?

But those saints just couldn't stand the existence of the Witch Clan.

The Saints provoked the Lich War for their own gain, and the final outcome was that the top powerhouses of the two Lich Clan All fell, and the remaining members of the Wu Clan were also wiped out.

How many people are left in the Wu Clan until now?

After the complete decline of the Wu Clan and the Monster Clan, the saints were able to dominate the ancient world. Aren't the Wu Clan innocent people? ?

In the ancient world, what if you are an innocent person without strength?

Su Chen was very angry when he heard what Empress Pingxin said.

It seemed that Empress Pingxin really didn't care about anything. She was bent on killing herself.

Su Chen thought for a moment and then threatened Empress Pingxin expressionlessly,

"I agree, Empress Pingxin, I don't care what you do in the Divine Fall Continent, but if you want to kill me, your plans in the Divine Fall Continent will be exposed in the prehistoric fairyland."

"You should know my identity, and Guanyin Bodhisattva and Our Lady of Wudang are in the Shenyu Continent. If I am killed here, you should know that Guanyin Bodhisattva and Our Lady of Wudang will come to check in person."

"Even the Queen Mother of Heaven and the Queen Mother of West Kunlun will go down to see what happened to me. Do you think what you did in the Northern Continent will not be discovered by then?"

Ping Xin's face changed when she heard Su Chen's words.

Su Chen was right.

Guanyin Bodhisattva and Wudang Holy Mother were indeed in the Shenyin Continent. She could sense this. If Su Chen was killed by her in the Northern Continent, , Guanyin Bodhisattva and Wudang Madonna will definitely come to check.

At that time, she will kill the clones of Guanyin Bodhisattva and Wudang Madonna, and her plans in the Shenyin Continent will really be exposed in the prehistoric fairyland. This is not what she wants. The results he saw.

When Su Chen saw Empress Pingxin was silent, he felt that it was good to have status.

Su Chen decided that if he went back in the future, he would be nicer to powerful women like Guanyin Bodhisattva and Wudang Virgin.

After all, they all As his reliable backer,

Su Chen proudly asked Empress Pingxin,"How is it? Empress Pingxin, do you still want to kill me?"

Ping Xin is also very helpless.

This human being really cannot be killed. She will complete the hundreds of thousands of years of planning in about a year. Ping Xin does not want her plan to be ruined at this time.

"Yaochi Divine General, you are indeed a flexible human being. I may not kill you, but you must not mention what you saw in the Northern Continent to anyone. Otherwise, what will happen to your women and daughters in Hangzhou City? should understand"

"Are you threatening me?"

Su Chen's face turned cold when he heard Empress Pingxin's words.

His woman and daughter are his enemies.

Even if this woman is Empress Pingxin, if she dares to threaten him with his woman and daughter, Su Chen will. If he is not a match for Empress Pingxin, he will try his best to eliminate this threat.

Su Chen believes that other saint sects are very interested in the underworld. Although those saints cannot kill Empress Pingxin, they should still be able to seal Empress Pingxin.

Pingxin saw Su Chen's indifferent face and said indifferently,

"I am the master of the underworld, and I am in charge of the cycle of life and death. You and your women do not want to be reincarnated as animals in your next life. Everything you see here must be completely forgotten."

Su Chen shut up immediately.

It turned out that Pingxin threatened him like this.

He really couldn't do anything about it.

However, as long as he becomes stronger in the future, his women and daughters will live forever, and Empress Pingxin's threat to him will also disappear. Not a threat

"You're awesome, I won't tell anyone about the things here, and besides, I didn't find anything weird, oh? Queen Pingxin, what is the blood heart stone?"

"Shut up and get out of the Northern Continent immediately."

Damn it, isn't Queen Pingxin a gentle and kind-hearted woman?

Everything he said is a lie.

What kind of gentle and kind-hearted woman is she?

She's more like a tigress.

"Goodbye!"

Su Chen curled his lips and teleported away immediately.

He couldn't afford to offend the controller of the underworld.

In the ancient fairyland,

Empress Nuwa and Empress Xinxin were the women he couldn't afford to offend. He was said to be a petty person. Woman, I'm afraid her nerves have gone crazy after being trapped in the underworld for too long.

Chapter 1748

Empress Pingxin shook her head when she saw Su Chen leaving.

Yaochi Divine General is indeed a unique human being.

A small human monk, she, a great power from ancient times, can't do anything to him. No wonder this little monk Able to live in heaven like a fish in water

"I hope you can keep your promise, otherwise, I won't mind killing everyone who has anything to do with you."

Empress Pingxin looked at Su Chen and was about to leave, but she suddenly discovered that Su Chen was picking spiritual flowers and spiritual grass three hundred miles away.

This made her very speechless.

Su Chen was a Yaochi god general. , in the fairy world, there are low-grade innate spiritual roots, high-grade innate spiritual roots, and even top-grade innate spiritual roots. Doesn't this Yaochi God General have as many as he wants? Why does this bastard act like he is picking up garbage?

This really brings shame to the heavenly court in the fairy world.

Pingxin shook her head and disappeared.

It was none of her business what Su Chen wanted to do, as long as this bastard didn't bother her.

At this time,

Su Chen was really surprised when he looked at the spiritual flowers, spiritual grass and spiritual fruits here. There are too many, and some of them are even tens of thousands of years old.

If he takes away all of them, and even turns them into elixirs in the future, his women, female ghosts, and shadow assassins will not be lacking in the future. The best elixir.

Su Chen released the female ghosts again and said hurriedly,

"Xiaoyu, let your sisters hurry up and pick the treasures here. These will be our cultivation resources in the future."

"Yes, master."

Su Chen was sitting by a small river and resting, "I didn't come to the Northern Continent in vain this time. Although there were many dangers just now, I managed to resolve them by myself, and there are really a lot of treasures here."

At this time, the female ghost Xiaoyu walked up behind Su Chen and massaged Su Chen, "Master, who was that woman just now?"

"a madwoman"

"Madwoman?"

Xiaoyu was very speechless when she heard Su Chen's words.

She had been very scared when she saw that woman before, and that woman didn't look like a madman at all.

Xiaoyu felt that Su Chen was making fun of her.

Su Chen leaned against Xiaoyu's body He smiled and said, "Well, a ridiculously powerful female madman. If you encounter that female madman in the future, you should stay away from her."

Su Chen thought that Empress Pingxin is the controller of the underworld. Logically speaking, all ghosts are under the control of Empress Pingxin.

However,

Empress Pingxin doesn't seem to care about the underworld anymore. Now the underworld Empress Pingxin is like a hands-off shopkeeper. The Great Yama is in charge of the underworld, and Buddhism's invasion of the underworld is becoming more and more blatant.

Ksitigarbha Bodhisattva?

This Bodhisattva can be said to be the strongest person in the underworld on the surface, and he is also an opportunistic Bodhisattva. Why is hell not empty? For the sake of Buddha, this is just some conspiracy and conspiracy of Buddhism to invade the land.

"Haha, yes, master." Xiaoyu laughed when she heard Su Chen's words.

At this moment, the temporary camp on the beach of the Northern Continent was noisy.

Ever since a cultivator discovered the identity of Succubus as a demon, the camp was even more chaotic than before. Regardless of the group of cultivators who arrived earlier or the cultivators who will arrive in the future, the temporary camp is now full of killings, killing people, robbing treasures, and plundering beauties of all races. Hundreds of cultivators die every day in the camp. However, the temporary camp is now divided into several large forces that are hostile to each other.

In a small corner of the camp, the succubus hides here and is very helpless.

In the past two years, more and more adventurers have come to the northern continent. There are now tens of thousands of adventurers in the entire camp. After her identity was discovered by the mercenary group that captured her a year ago, several large mercenary groups have been hunting her for more than a year. The devil is also in a very difficult situation.

She cannot leave the Northern Continent by boat now, and the mercenary group here is also arresting her. The Northern Continent is even more dangerous. She is now in a dilemma.

If time passes,

She will definitely be recaptured by the humans here.

The succubus carefully observed her surroundings, and then she cursed angrily, "Damn, it's been more than two years, why hasn't that bastard Su Chen shown up yet? If that bastard doesn't show up, I'm really going to die here."

The succubus is now counting on Su Chen to come and save her.

For more than two years, she has been hiding and waiting for Su Chen to arrive.

But that bastard seems to have disappeared. There has been no news in the past two years.

"Madam, if I don't go to Hangzhou City, why do I have to come to Northern China?"

"Youxue, it's still more than half a year before I go to Hangzhou City. The reason why I came to the Northern Continent is because some snake girls in my snake tribe were captured here by some mercenaries. I can't do anything to the snakes in my tribe. Girls don't care." At this time, not far from the succubus, two women appeared here talking to each other.

The succubus looked at the two veiled women talking.

She did not make any sound. I am afraid that there is no woman who can come to the northern continent. He is a simple person.

The succubus does not want to capsize in the gutter.

And these two women with perfect figures are Queen Medusa and the deputy commander of the Shadow Assassin Youxue who came from the southern continent.

Queen Medusa originally received Ji Ruxi and The secret message was to go to Hangzhou City, but on the way, after she got the news that the snake girl was captured, Queen Medusa changed her route and came to the northern continent. Youxue looked around and said to Queen Medusa, "Madam, I don't know where the master has gone now. There has been no news from the master for two years." Queen Medusa's expression turned very bad when she heard Youxue mentioning Su Chen. Since she and Su Chen separated three years ago, Su Chen has not looked for her again. I'm afraid that bastard has already given her away. Forgot

"I don't know where that bastard Su Chen went to be romantic and happy. Youxue, don't mention that shameless bastard in front of me."

"Yes, ma'am!"

Youxue smiled and replied hurriedly.

She also knew that what Queen Medusa said was ironic.

After getting Ji Ruxi's secret letter this time, Queen Medusa couldn't wait to go to Hangzhou City. If she hadn't met someone Regarding the capture of Snake Girl, they may have arrived in Hangzhou City now.

"Hello, are you talking about Wu Xiangjun Su Chen from Hangzhou City?"

At this time, the succubus hurriedly came out of the hiding place. She came to Queen Medusa and Youxue and asked hurriedly.

Queen Medusa looked at the approaching succubus and frowned.

This woman is in an out-of-body state. A practitioner, but why is she hiding here? And she also knows that bastard Su Chen?

"OK, who are you?"

The succubus hurriedly said to Queen Medusa, "I am Su Chen's friend. Su Chen is also in the Northern Continent, but he has been going deep into the Northern Continent for more than two years, and I have been waiting for him here."

The succubus did not expect to meet Su Chen's wife. This woman is a practitioner of the Cave Realm.

This time she can be saved. No one in this camp can be this woman's opponent.

Queen Medusa heard The succubus was surprised and cursed, "What, that bastard went deep into the northern continent? Damn bastard, does he want his life?"

"Madam, do you want to inform Guanyin Bodhisattva and Wudang Virgin Mary in Hangzhou City?"

Chapter 1749

Queen Medusa and Youxue were very surprised when they heard what the succubus said.

Su Chen actually went to the depths of the northern continent?

Are the depths of the Northern Continent a place humans can go?

Queen Medusa and Youxue also heard that the depths of the Northern Continent were very dangerous.

According to legend, gods would perish if they went deep into the Northern Continent. They were very worried about Su Chen's safety.

Queen Medusa shook her head and said,

"No need for now, Youxue, summon the shadow assassins, and let's go to the depths of the northern continent to find that bastard."

The Northern Continent is too far away from Hangzhou City in the Eastern Continent, and they didn't bring the butterfly-winged bird with them.

Even if they go to inform the strong men in Hangzhou City now, there's not enough time.

"Yes, ma'am!

Youxue nodded and disappeared.

The succubus was very surprised when she heard Queen Medusa's words, "Madam, are you really going to the depths of the northern continent?"

The hinterland of the Northern Continent is very threatening.

Does Su Chen's wife want to die?

There has been no news about Su Chen for more than two years. Maybe Su Chen may have died in the hinterland of the Northern Continent.

The succubus is very confused now. , she originally wanted Su Chen's woman to take her away, but she didn't expect that this woman would go to the depths of the Northern Continent.

If she went to the hinterland of the Northern Continent with Su Chen's woman, wouldn't she have a long life?

Queen Medusa Looking at this somewhat embarrassed woman, she frowned.

This woman's appearance and figure were very good, which made her very dissatisfied with Su Chen for provoking women everywhere.

Queen Medusa asked the succubus coldly and arrogantly, "Yes, what's your name? What is the relationship with my husband?"

The succubus looked at this beautiful and noble woman.

This woman was like a queen. She was cold, arrogant and unattainable.

She was just like the devil king of their succubus clan. Her aura and aura were too powerful.

The succubus did not dare to face the beauty. Queen Tussaud conceals,

"Madam, my name is Mei Ji. I am a demon. I am actually a slave bought by Su Chen."

"Demons? slave?"

Queen Medusa was very surprised when she heard what the succubus said.

She didn't expect that this woman was actually a demon. No wonder the cultivators in the camp said they wanted to capture the succubus, but they turned out to be arresting this woman.

Meiji clicked He nodded and hurriedly explained, "Yes, I am a succubus of the demon race. Su Chen bought me in the mercenary town two years ago, but Su Chen has already given me my freedom."

Mei Ji has no choice.

Her identity as a demon cannot be concealed in the temporary camp.

If she dares to lie to this powerful woman,

Mei Ji's last hope of escape may be gone.

Queen Medusa's face is cold. Said, "It turns out that the cultivators in the temporary camp want to arrest you."

Mei Ji nodded and said helplessly, "Madam, this is also because my identity as a demon has been exposed. The practitioners here want to catch me and sell me as a slave."

"See ma'am!"

At this time, more than twenty women in black night clothes appeared next to Queen Medusa and saluted.

The succubus suddenly saw so many women appearing, and these women in black were all at the same level of cultivation as her..

This made the succubus very surprised. With more than twenty cultivators in the out-of-body realm,

Mrs. Su Chen's subordinates were too powerful.

"No courtesy, Youxue, let's set off." Queen Medusa waved her hand and ordered.

Queen Medusa doesn't care about looking for the captured snake girls now. Su Chen's safety is much more important than those snake girls. She can only find Su Chen first. In the morning, come back to find and rescue those captured snake girls.

"Yes, ma'am!"

When Mei Ji saw Queen Medusa and others were leaving, she took a look at these powerful women, and the succubus decided to go to the hinterland of the Northern Continent with these women. If she continued to stay in the temporary camp, sooner or later she would be One day they will be caught by those cultivators.

Succubus has no choice.

Although the depths of the northern continent are very dangerous, it is also very dangerous to stay in the camp.

Meiji hurriedly stepped forward and said to Queen Medusa,

"Madam, let me go with you too. It will be very dangerous for me to stay here."

"Can!"

Queen Medusa nodded and agreed.

After all, this demon is the slave of that bastard Su Chen, and she doesn't want this succubus to be caught and humiliated by those practitioners.

Deep in the northern continent,

Su Chen took the female ghost everywhere to look for spiritual flowers and spiritual fruits.

Su Chen had a great harvest this time.

In the depths of the Northern Continent that no human has ever set foot in, he got a lot of spiritual fruits here that were thousands of years old, and even A special crystal mine, the female ghosts also discovered a lot.

And what made Su Chen even more happy was that he actually found a spiritual stone mine here, and it was also a medium-level spiritual stone mine.

"Master, all the spirit stones have been collected." A female ghost came to Su Chen and saluted.

Su Chen stretched and got up from the grass and said with a smile, "Well, that's right. It's time for us to leave, otherwise that crazy woman will probably drive us away.."

Su Chen felt that the atmosphere here was getting more and more strange, as if something was about to happen.

Su Chen did not dare to stay here any longer. If the mentally disturbed Empress Pingxin appeared again, he would probably be beaten again.

"Master, do you want to gather the sisters?"

"Gather together. I feel like something big is going to happen. I can't stay here any longer."

"Yes, master!"

After the female ghosts gathered and arrived,

Su Chen did not dare to delay any longer. He collected all the female ghosts and prepared to leave this place of right and wrong.

Boom!

Come on!

What happened?

Just when Su Chen was about to teleport away. At that time, the earth suddenly shook, and a huge light pillar suddenly appeared in the center of the northern continent. The burst of light from the light pillar made Su Chen unable to open his eyes.

Whoosh!

Su Chen saw countless huge light blades moving rapidly from the center. As it spread around, some powerful ferocious beasts were killed before they could dodge. He was also frightened and hurriedly teleported away.

After Su Chen appeared thousands of miles away, he was very shocked when he looked at the scene around him, "What the hell? , What on earth is that old lady Pingxin doing?"

The center of the Northern Continent is like a doomsday scene.

Thousands of miles in radius have been completely destroyed.

Mountains have been flattened, lakes and rivers have disappeared, and forests have become bare.

Even the powerful I'm afraid all the ferocious beasts are dead.

When Su Chen saw this scene, he said to himself, "No, we have to leave here quickly. That crazy woman is really crazy. I hope that crazy woman will not destroy the entire Shenyu Continent." Destroyed."

Whoosh!

Ping Xin suddenly appeared next to Su Chen.

She looked at Su Chen and said anxiously, "Stop, Su Chen, I need your help!"

"Sorry, I'm just a little human monk, I can't be of much help. Goodbye, no! Never again."

Chapter 1750

When Su Chen heard Empress Pingxin's words, she hurriedly refused, just kidding!

This crazy woman didn't know what she was planning in secret.

Such a terrifying thing had happened just now, and Su Chen didn't want to die accidentally.

The Wu Clan has declined, and the saints in the prehistoric fairyland are also very wary of Empress Pingxin. Even Taoist Hongjun may have plotted against Pingxin. Su Chen does not want to seek death by participating in Pingxin's plan.

Whoosh!

What the hell!

This damn crazy woman, aren't you ready to let him leave?

Su Chen teleported several times without leaving Ping Xin's side, which made his face look very ugly.

After Pingxin sealed the space here, she looked at Su Chen and said again eagerly,

"Su Chen, Yaochi Divine General, if you help me this time, I owe you a cause and effect."

A cause and effect?

Although this is a great opportunity, he still has to be destined to get the cause and effect of Empress Pingxin.

Su Chen can't leave now, and

Empress Pingxin can't let him leave again, and neither can this crazy woman. She knew what she wanted him to do, but Su Chen didn't dare to agree to this crazy woman.

Su Chen looked ugly and shook his head and replied,

"Concubine Pingxin, I am just a little monk, I can't help you much, and I have no interest in knowing what you do. Concubine, you should let me go."

Ping Xin saw that Su Chen still refused to agree.

She threatened Su Chen in a cold tone, "You just called me a crazy woman. Do you think I will go crazy now?"

Holy crap!

Maybe this crazy woman has been paying attention to me?

Now I'm in trouble.

It seems that Empress Pingxin is ready to be soft and hard.

"Empress Pingxin, I was unintentional just now.....I join in, I agree, I agree to help, please put down your hands."

Su Chen was talking about rejecting Empress Pingxin. When he saw Empress Pingxin slowly raising her hand, Su Chen hurriedly changed his words. Su Chen was also speechless.

He didn't expect that Empress Pingxin was going to ask for it again. Take action, alas!

This is what happens if you have no strength.

This damn old woman will one day take revenge for today.

"Go to my palace!"

Whoosh!

Empress Pingxin smiled when she heard Su Chen's words. She waved her hand, and Empress Pingxin and Su Chen disappeared here.

At this moment, in the camp on the seaside of the North Continent, the terrifying aura and huge beam of light just now, The cultivators here have all discovered it, but the terrifying noise makes the cultivators here very uneasy.

"What happened deep in the northern continent? Could it be that a treasure was born?"

"It's possible. The light beam just now was very bright. There must be a treasure born."

"Boss, should we go take a look?"

"Hey, little mercenary, go take a look deep into the northern continent? With your Golden Core Realm cultivation, you would not be able to get out of the depths of the Northern Continent alive even if you have ten lives. I'm afraid your life will be over before you reach the depths of the northern continent."

"Yes, the depths of the Northern Continent are too dangerous."

"Cowards, the beam of light just now must have been a treasure. If you don't go, our mercenary group will go."

In the temporary camp, some mercenary groups are heading towards the depths of the northern continent one after another. The huge light beam just now attracted them. The mercenary groups who want treasures do not want to miss this opportunity.

As more and more people The mercenary group headed towards the depths of the northern continent.

The remaining mercenary groups and casual cultivators could not resist the temptation. They also dressed up and followed them. Tens of thousands of mercenaries and casual cultivators were all there. Heading towards the depths of the Northern Continent.

More than two thousand miles away in the Northern Continent,

Queen Medusa, Youxue and Succubus were also frightened by the loud noises and light beams just now.

The ferocious beasts here originally made them difficult to deal with. , but they did not expect such a terrifying thing to happen deep in the northern continent.

Youxue looked at Queen Medusa and asked worriedly,"Madam, should we continue to go deeper?"

"Go on, hope nothing happens to that bastard Su Chen."Queen Medusa replied with a cold face.

She was a little worried about Su Chen now.

Su Chen was a troublemaker.

Queen Medusa even suspected that the violent vibration just now was probably caused by that bastard Su Chen.

"Yes, ma'am!"

The succubus looked at Queen Medusa and didn't dare to say anything.

She didn't want to go to the depths of the northern continent.

She was still frightened by the terrifying loud noise just now, but she was under someone else's roof now. No matter how worried the succubus was, She also had to continue deep into the Northern Continent with Queen Medusa. In the underground palace in the center of the Northern Continent , after Su Chen was brought here by Empress Pingxin, he was very surprised when he saw ten huge blood pools around him.

"Damn it, why are there ten big blood pools here? Empress Pingxin, what on earth are you doing here?"

Ping Xin looked at the ten blood pools around him and reminded him coldly,

"You don't have to worry about this, Su Chen, I want you to use the space law to help me seal the space here."

"I will do something in a while. I will not bother to block the space here. You have to block the space here."

"And you can't let out any breath at all. You saw the violent noise and light beam just now. If I hadn't stopped it in time, the entire Northern Continent might have been destroyed."

"If you don't want the Shenyu Continent to be destroyed in a while, you must seal off the space here."

What the hell!

Is this something a human can do?

The Northern Continent was almost destroyed by the slightest exposure of his aura. Empress Pingxin thinks too highly of herself.

Su Chen is just a little human monk, and the terrifying aura just now made him Can the laws of space be sealed?

Su Chen looked at Empress Pingxin with a hazy face and said with a dark face,

"Empress Pingxin, are you asking me to die? I am just a young monk in the Tribulation Realm. If the terrifying aura just now breaks out again, do you think my cultivation level can seal this place?"

"you can!"

"Damn it, I want to leave, I don't want to die here inexplicably."

Empress Pingxin suddenly appeared next to Su Chen.

She and Su Chen were face to face and said coldly,

"You can't leave, Su Chen. You have to do it today, and you have to do it for me even if you don't. Today is very important to me. As long as what I do succeeds, I can promise to do anything for you."

Su Chen shouted angrily to Empress Pingxin,

"Queen Pingxin, don't even think about it. If the terrifying aura just now breaks out again, I may be wiped out in an instant. I will be dead. Your promise is of no use."

Empress Pingxin looked at Su Chen and said slowly,

"Then just watch the Shenyu Continent be completely destroyed. I won't stop you anymore. If you want to leave, just leave."

Ping Xin doesn't believe that Su Chen won't help.

Su Chen's wife and daughter are all in the Shen Yun Continent.

If this bastard doesn't help her, the chaotic energy leaked from here will destroy the entire Shen Yun Continent.

By then,

Su Chen and His wives and daughters will still die

"What the hell!"

Su Chen is really helpless, leaving?

Can he rush back to Hangzhou City in the Eastern Continent if he leaves now?

Can he quickly gather all the troops and his women, and can he quickly evacuate the Shenyu Continent?

This damn crazy woman.
