Chapter 1751

Su Chen was very worried when he looked at the ten blood pools around him.

What on earth is this damn crazy woman going to do?

Ten blood pools?

I'll do it!

Isn't this crazy woman like Empress Pingxin trying to resurrect the top ten ancestral witches?

In the prehistoric fairyland, the ancestral witch Tu of earth opened up six paths of reincarnation and became Pingxin Empress. Gonggong, the ancestral witch of water, knocked down Buzhou Mountain and was suppressed in the eyes of some sea. The remaining ten ancestral witches were all involved in the Lich War. Fallen.

Could these ten blood pools be the blood essence of the other ten great ancestral witches?

Empress Pingxin is hiding in the Shenyu Continent.

Is she trying to secretly resurrect the top ten ancestral witches?

Su Chen looked at Empress Pingxin beside him and swallowed his saliva.

He could only pretend to know nothing now.

If Empress Pingxin found out that he knew the secret here, Su Chen might not be able to leave alive.

Pingxin saw that Su Chen was not leaving, which made her relieved.

She previously opened a passage to chaos on her own, but she didn't expect that the energy of chaos would run wild after it arrived.

Pingxin can only maintain the space channel, she can't do other things.

The Shura tribe she conquered in the Shenyu Continent has no one who understands the laws of space. If she can't seal the space here, she won't dare to use the chaos energy. Bring it here again.

Empress Pingxin could only find Su Chen again for help.

"Get ready, I'm going to open a space channel"

"Wait, what channel do you want to open?" Su Chen asked hurriedly after hearing what Empress Pingxin said.

Although Su Chen wanted to help Empress Pingxin seal the space here, this crazy woman couldn't explain clearly what she was going to do.

Open the space channel?

Be prepared?

What the hell? Preparation, this crazy woman didn't explain clearly, how could he prepare?

Ping Xin looked at Su Chen with cold eyes, and she said coldly, "You don't have to worry so much, you can seal the entire palace with space laws now." "

Damn it,

I will be killed by this crazy woman sooner or later.

"Space blockade!"

"Space barrier!"

"Space prison!"

Su Chen didn't pay attention to this crazy woman Ping Xin anymore. He used three spatial magical powers to block the palace layer by layer.

He was also extremely careful now.

This crazy woman didn't know what to do to open the space channel.

If he... If you are not careful, you may be wiped out directly here.

Pingxin nodded when he saw what Su Chen did.

Although this human being is not very strong, it is already very good to be able to do this.

Pingxin looked at Su Chen Chen said,

"Don't worry, as long as I'm here, nothing will happen to you. I only let you seal the space here just in case."

I believe you!

Su Chen doesn't believe what Lady Pingxin said. Could it be that the terrifying aura and beam of light before were fake?

Boom boom boom.....

At this time,

Empress Pingxin took out a dark roulette wheel and threw it in the air.

The dark roulette wheel was spinning rapidly, and then a crack was stirred open, and terrifying airflow leaked out from the crack. When Pingxin saw these airflows, she hurriedly waved her hands to guide them into ten blood pools.

Su Chen's face turned pale when he saw those terrifying air currents.

Although he was far away, those terrifying air currents made Su Chen's soul tremble.

Chaos energy?

Is this him the energy of chaos? damn it!

This crazy woman is really crazy.

Su Chen trembled and said to himself, "This.....This must be the energy of chaos. This crazy woman really wants to kill herself this time."

Pingxin saw that the passage opened by the Six Paths of Reincarnation was getting bigger and bigger, and more and more chaos energy was coming in.

She was also worried that the chaos energy would leak out again.

Pingxin looked at Su Chen and hurriedly reminded Su Chen. Said. "Su Chen, seal off the space!"

After Su Chen heard Empress Pingxin's words, he couldn't care so much anymore.

Su Chen yelled at Empress Pingxin, "Damn it, you crazy woman, you better hurry up, these chaotic energies can't do anything. It's not something I can block"

"A quarter of an hour, you just need to hold on for a quarter of an hour and I can finish it"

"A quarter of an hour? If the energy of chaos leaks out, I won't be able to hold on for a breath."

"You must persist even if you can't hold on, otherwise you will die, and the Shenyu Continent will be completely destroyed by the energy of chaos."

"damn it!"

"Time goes backwards!"

"Time pauses!"

"Time loop!"

Su Chen also hurriedly arranged the magic power of the law of time around the palace.

He is also risking his life today.

If the energy of chaos is leaked, he will really die, and even the Shenyu Continent will be destroyed. Su Chen is now facing Empress Pingxin is so cruel.

Pingxin is still injecting the energy of chaos into each blood pool.

There is also a trace of sweat on her forehead now.

Pingxin is not afraid of these energy of chaos. She is afraid of these energy of chaos. She doesn't care about the Qi at all.

She is very nervous now.

If these chaotic Qi cannot activate the ancestral witch essence and blood, her brothers may not be able to be resurrected.

After hundreds of thousands of years, she has been trained in the Shenyu Continent. She spawned many ferocious beasts and used the ferocious aura of the ferocious beasts to soften the essence and blood of the ancestral witches. If she failed again this time, she would really lose all hope.

Boom!

Poof!

Cough cough cough.....

What the hell!

After a trace of chaotic energy hit his space blockade, Su Chen was immediately shocked to the point of vomiting blood and coughing.

"Space blockade!"

"Space blockade!"

"Space blockade!"

Su Chen hurriedly added three space blockades.

This was already his limit. If these couldn't block the energy of chaos, Su Chen could only wait to die.

Boom boom boom boom.....

At this time, several blood pools in the palace suddenly exploded, and even the blood essence in the blood pools dissipated quickly.

Ping Xin shouted as he looked at these people whose expressions changed drastically. "How could this happen? How could this happen?"

Boom boom boom.....

Each blood pool exploded, and the blood essence in the blood pool was like boiling water, constantly rolling and dissipating.

Su Chen looked at the rioting blood pool and shouted to Pingxin,

"Crazy woman, if you don't close the space channel, your method won't work at all."

Pingxin shouted angrily when she heard Su Chen's words,

"Damn it, how could this not work? What do you know, you bastard? I will definitely succeed. I will definitely succeed."

Damn it!

Is this crazy woman really crazy?

The essence and blood in the blood pool are constantly dissipating.

Didn't this crazy woman see it?

Touch!

At this time, the first person to be injected with the energy of chaos The blood pool was completely cracked, and the blood essence in the blood pool was completely dissipated.

"No, Brother Tianwu!"

Pingxin screamed sadly when she saw a blood pool that had dissipated.....

Then each blood pool continued to crack, and the blood essence in the blood pool was almost dissipated.

"You idiot woman, quickly close the space channel, otherwise all the essence and blood of your brothers will be completely dissipated."

Chapter 1752

Su Chen looked at Empress Pingxin and was really speechless.

This crazy woman actually had time to be sad?

If the space channel is not closed quickly, and if a few more channels of chaotic energy leak out, he will also die along with these ancestral witch essences and blood.

"receive!"

Empress Pingxin glared at Su Chen fiercely, and she took back the Lingbao Six Paths of Reincarnation Disk in the air.

Su Chen saw that the space channel was healing quickly, and he hurriedly wiped the sweat on his head.

Today is really scary. Damn him, this crazy woman is so crazy, no wonder the witch tribe is called a barbaric race. The ancestral witch Houtu was still a gentle and kind ancestral witch?

Is this what he is called gentle and kind?

Su Chen felt that he was betrayed by his previous life The information was deceived.

In order to save the other ancestral witches of the Wu clan, Hou Tu Zu Wu, this crazy woman will take the entire Shen Yun Continent to take risks.

If you are not careful, all the creatures in the Shen Yu Continent will be killed by Hou Tu Zu Wu. Play to death.

After Su Chen saw that the space passage had been completely healed, he looked at Empress Du Pingxin who was checking the blood pool and said with a guilty conscience,

"that.....Well, Queen Pingxin, if nothing happens, I will take my leave."

Su Chen had loudly insulted Empress Pingxin before.

He was worried that this crazy woman would settle accounts with him.

Moreover, he just accidentally mentioned Empress Pingxin's brother. If Empress Pingxin reacts later, she will do something to him. By killing people and silencing them, Su Chen died unjustly.

After Empress Pingxin heard what Su Chen said, she said coldly without looking back,

"Did I let you go?"

Su Chen worriedly assured Empress Pingxin,

"If you have any other instructions from Queen Pingxin, just tell me, and I will definitely complete them for you, even through mountains of swords and seas of fire." Does this crazy woman really want to settle accounts with her future wife?

Su Chen is not sure why Empress Pingxin still won't let him leave.

The essence and blood of the ancestral witches in the blood pool are basically finished, and it is impossible for the top ten ancestral witches to leave. After being resurrected, Empress Pingxin will not return to the six realms of reincarnation in the prehistoric fairy world. What else will she do if she stays here?

No!

Why did Empress Pingxin come to the Shenyu Continent in person?

Moreover, her cultivation level has not been restricted, and even Empress Pingxin can even use spiritual treasures in the Shenyun Continent.

The black roulette wheel just now is probably an innate spiritual treasure at the very least.

Why is Empress Pingxin not restricted by the law of heaven? How can Su Chen not understand this ?

I can't understand.

At this time, after Empress Pingxin took back the remaining ancestral witch essence and blood in the blood pool, she looked at this and said sadly,

"Hundreds of thousands of years of preparation have come to nothing, Yao Chi Divine General, you should know what is in this blood pool, right?"

Su Chen pretended to be confused when he heard Empress Pingxin's words and said, "Yes, I know, the blood pool is full of blood."

After hearing Su Chen's words, Empress Pingxin said coldly,

"Blood? You are still pretending to me. I heard clearly what you said to me just now. You just said the ancestral witch essence and blood in the blood pool. What? Are you afraid that I will kill you and silence you?"

Pingxin looked at Su Chen with great disdain.

This Yaochi God General is really a shameless person, even a human who is greedy for life and afraid of death.

It has not been a quarter of an hour, but he pretends not to remember what he just said. , Empress Pingxin has a new understanding of this shameless Yaochi general.

Su Chen said hurriedly in embarrassment,

"The empress is joking, I was in a hurry just now and spoke nonsense. I was also talking nonsense about the blood in the blood pool."

"Hum, Su Chen, do you think our Wu clan is really doomed? Is it really impossible for my brothers to be resurrected?"

"Ahem, empress, I'm just a little monk. What you're asking is too profound. I don't understand anything about this."

Empress Pingxin glanced at Su Chen and said sarcastically, "Don't you understand? I think you understand it very well. You can guess from the ten blood pools that this is the essence blood of the ancestral witch. What else don't you understand?"

Su Chen did not answer Empress Pingxin.

He thought it would be better to remain silent.

Empress Pingxin is a crazy woman with a lunatic mind. Moreover, she had just experienced the failure of resurrecting other ancestral witches.

Su Chen was also afraid of saying something wrong. , he will be killed and silenced by this crazy woman.

When Empress Pingxin saw that Su Chen did not answer, she waved her hand and said in frustration.

"Please leave, you'd better forget everything about what happened today"

"What happened today? I didn't see anything today"

"get out!"

Damn!

Damn crazy woman!

Su Chen curled his lips and was about to leave.

This crazy woman really didn't recognize her relatives.

After all, he helped this crazy woman just now.

Now he asked himself to get out?

This grudge has been recorded.

Su Chen suddenly Thinking of what he had just been thinking about, he looked at Empress Pingxin and asked in a low voice, "Empress Pingxin, can I ask you a question?"

"Just ask!"

Pingxin didn't expect that Su Chen would ask her questions, which made her a little curious.

This little monk looked very shrewd. What questions did he want to know?

Su Chen asked Pingxin about the questions in his mind. Empress Xin asked,

"Empress Pingxin, why did you come to the Godfall Continent in person? Why is your cultivation level not restricted? Why do you use Ling Bao in Shen Yun Continent?"

"No comment!"

Empress Pingxin did not expect that Su Chen would ask this, which made her feel a little funny.

Who is she?

Empress Pingxin is the master of the six realms of reincarnation. As long as there is an underworld in each world, she can go there at will.

In In the underworld, even heaven can't control her.

I guess!

Su Chen didn't expect to get this answer.

She is really a crazy woman.

Forget it, just leave.

Su Chen looked at Empress Pingxin and disappeared instantly.

Empress Pingxin was there. After Su Chen disappeared, she looked at this place in silence.

Hundreds of thousands of years of planning still failed, and she even lost more than half of the ancestral witch essence and blood.

In order to resurrect other ancestral witches, she had no intention of managing the underworld of the six reincarnations. , Empress Pingxin doesn't know if it's worth it for her to do this.

"King Shura!"

"Empress!" A burly man with an ugly appearance came immediately and saluted Empress Pingxin.

Empress Pingxin looked at the subordinates she had conquered for many years and said,

"I am returning to the fairy world. This ruined underworld will be managed by your Shura clan from now on. Remember, you'd better not offend that human just now, otherwise even I won't be able to save you."

"Yes, empress!"

After Su Chen came out of Empress Pingxin's palace, he hurriedly wanted to stay away from here. He didn't want to be threatened by Empress Pingxin again, and Su Chen didn't want to see that mentally disturbed woman again.

"Su Chen, I will wait for you in the underworld of the fairy world from now on."

At this time,

Su Chen suddenly heard the message from Empress Pingxin and was stunned.

What does this mean?

What is Empress Pingxin waiting for him in the underworld of the fairy world?

Su Chen suddenly thought of the ancestral witch essence and blood that Empress Pingxin had taken back. , which made his face look ugly immediately,

"Damn it, that crazy woman won't give up, right?"

Chapter 1753

Su Chen's face was very ugly.

He didn't understand that the ancestral witches didn't have much blood essence left.

Why doesn't that crazy woman Pingxin give up?

Even if I have to pull him over in the future, can I let Empress Pingxin take advantage of me because I am so weak?

Su Chen felt that even if he went to the fairy world in the future,

Queen Pingxin would not let him go.

Fortunately, Queen Pingxin could not be reincarnated, which made Su Chen feel more relaxed.

If Empress Pingxin wants the remaining witches of the witch clan to deal with him, then don't blame yourself for being rude.

Ten days later,

Su Chen had come out of the hinterland of the Northern Continent.

It was also very strange along the way.

Those unintelligent beasts did not attack him again. Su Chen even passed by those beasts without being attacked. This Su Chen was very confused.

Could this be done by that crazy woman Pingxin?

Su Chen guessed that it was arranged by Empress Pingxin.

The ferocious beasts in the Northern Continent were all raised by Pingxin in order to resurrect the ancestral witches. Empress Pingxin must have given instructions not to attack these unintelligent ferocious beasts.

"That crazy woman was somewhat humane."

Su Chen appeared on the body of a beast in the Cave Realm. He stood on the beast, looked around, then stepped on it and said,

"Set off!"

Roar!

This beast from the Cave Realm yelled and ran quickly.

At this moment, women like Queen Medusa and Youxue were surrounded by the beasts, and there were more than twenty of them.

There are thousands of cultivators here, and these cultivators are all here to check out the light pillars deep in the northern continent, and it can even be said that they are here to find powerful treasures.

Youxue watched thousands of ferocious beasts rushing over from all directions, and she They were very angry.

They had avoided the ferocious beasts here along the way, but they didn't expect that the cultivators who came later would attract so many ferocious beasts. Now they are all surrounded by the ferocious beasts.

"Madam, these damn practitioners are hurting us.

Queen Medusa ordered with a cold face, "Kill out, otherwise we will all die here.""

Mei Ji looked at the ferocious beasts around her and said with fear.

"Madam, this is probably impossible. Most of the ferocious beasts here are in the Out-of-body Realm and Distraction Realm. There are even many ferocious beasts in the Combined Body Realm. It may be difficult for us to rush out."

Queen Medusa glanced at the succubus and said coldly and arrogantly, "I will take the lead in charging in a moment. Youxue, you and the succubus will be at the rear together, and the other shadow assassins will be in the middle."

"Yes, ma'am!"

At this moment, thousands of cultivators gathered together with pale faces.

They were all frightened by the ferocious beasts here. They were in the out-of-body realm and the distraction realm. The ferocious beasts here were too powerful. Among the thousands of them, There are only dozens of cultivators in the out-of-body and distraction realms, and they all feel that they are doomed this time.

"what should we do? There's no way we can escape this time, so we shouldn't be looking for any treasures"

"Damn it, this is not even the hinterland of the Northern Continent. Why are the ferocious beasts so powerful?"

"We're dead, we're dead"

"We shouldn't have come to the depths of Peking University, the place where the gods fell! In the Northern Continent where even the gods dare not come, we are all obsessed with the treasure."

"It is no longer useful to say this. We are all ready to fight. If we can break out, we will break out."

Thousands of cultivators looked at the ferocious beasts rushing from all directions. They were all frightened and prepared to escape.

But there were thousands of ferocious beasts here, and each ferocious beast was still very powerful. Thousands of them here The practitioners are very desperate

"Attack, attack with all your strength!"

At this time, all the cultivators launched attacks on the ferocious beasts, and all kinds of magic weapons were flying in the sky to kill the ferocious beasts.

Roar, ho, ho.....

After a group of ferocious beasts rushed over, thousands of cultivators were killed by the ferocious beasts in an instant. The huge and powerful ferocious beasts fought to devour the fleeing humans.

The cultivators were simply vulnerable in front of these powerful ferocious beasts, and the crowd immediately became chaotic. All the cultivators were running around desperately.

Boom boom boom!

Queen Medusa flew into the air with a cold expression on her face, and she kept using her palms to kill the ferocious beasts that were charging towards her.

"Follow the lady and fight her way out!"

Youxue saw Queen Medusa killing the ferocious beasts with great power, and she hurriedly ordered the other shadow assassins,

"Yes, Commander!"

All the Shadow Assassins were assassinating the ferocious beasts invisibly. The assassination skills of the Shadow Assassins were also very powerful. Every time they killed a ferocious beast with one hit.

Mei Ji felt very happy when she saw the Shadow Assassins killing. Shocked, "These shadow assassins are really powerful. If the shadow assassins want to assassinate me, I am afraid it will be difficult for me to escape."

In this valley, in less than a quarter of an hour, there was already a river of blood and piles of corpses. The originally dark red Northern Continent became even redder in this valley.

"Huh?"

"There are so many humans coming here?"

Su Chen was very surprised when he suddenly discovered the situation in the valley. Although it is still far away from the hinterland of the Northern Continent, why are there so many humans here?

Are all those humans tired of living?

"Go check it out!"

Su Chen stepped on his feet and let the ferocious beast run towards the valley quickly.

"No, all ferocious beasts in the Cave Realm should be careful!"

At this time,

Queen Medusa in the air suddenly discovered that dozens of Dongxu Realm ferocious beasts were flying over in the distance, which made Queen Medusa's heart sink.

If there were one or two Dongxu Realm ferocious beasts,

Queen Medusa can still be killed, but if dozens of Cave Void Realm beasts arrive at once, she will probably be killed by these beasts in an instant.

When Youxue saw the powerful beasts that were about to charge towards her, she hurriedly cried to Queen Medusa,

"Madam, please leave here quickly, we will protect Madam from these powerful beasts."

Youxue can't watch Queen Medusa die here.

Their shadow assassins are Su Chen's personal guards and the shadows who protect the ladies. Even if all the shadow assassins are dead, they still have to fight for Queen Medusa's escape. hope

"Madam, please leave here quickly!" All the shadow assassins looked at Queen Medusa and saluted and shouted in unison.

Queen Medusa was very moved when she saw these shadow assassins.

Although she has not married Su Chen yet, these shadow assassins have already married her. As mistresses, the Shadow Assassins have helped the Snake Tribe a lot in the past few years. Even the women in Hangzhou City have been constantly delivering supplies to help the Snake Tribe. Queen Medusa's Snake Tribe has, in the past few years, developed into the largest force in the northern region of the southern continent, and this is inseparable from the help of the shadow assassins and the women in Hangzhou City.

"I won't run away. If I die today, we will die together."

Chapter 1754

The succubus looked at the Shadow Assassin and Medusa in confusion.

She lowered her head and said nothing.

The succubus did not leave Queen Medusa and the others and flee from here.

It was impossible for her to escape.

One of the powerful beasts in the Cave Realm could kill her. The succubus also knew that it was impossible to escape. However, the succubus was still very surprised that a strong person like Queen Medusa did not run away. In the demon world, whenever the demon nobles encountered danger, they would run away without hesitation. As for the life and death of their men, the demon nobles didn't care at all. The master-servant friendship between Queen Medusa and the Shadow Assassin deeply touched the succubus's heart. The Shadow Assassin vowed to buy time for Queen Medusa to escape, but Queen Medusa did not abandon her loyal men and escape, which gave the succubus a new understanding of humans. Ho ho ho

.....

At this time, after dozens of ferocious beasts from the Cave Void Realm arrived, the cultivators in the valley were immediately killed and suffered heavy casualties.

Thousands of cultivators were killed in a short period of time, and less than a few were left. Five hundred people, and it is probably only a matter of time before these remaining cultivators are killed.

"Run, it's a ferocious beast from the Cave Realm, run away!"

"save me, save....."

"Damn it, we haven't reached the hinterland of the Northern Continent yet, how could there be such a powerful beast here?"

"If we can't escape, we're all dead."

"We can't escape from the ferocious beasts in the Cave Realm. Damn it, I don't want to die here."

"Dead, we are all dead."

In the valley, after the ferocious beasts from the Cave Realm arrived, the cultivators who wanted to escape were even more desperate. Originally, none of the ferocious beasts here were their opponents, but after the ferocious beasts from the Cave Realm arrived, they had no chance to escape. It was gone.

Queen Medusa saw six or seven ferocious beasts from the Cave Realm charging towards them quickly.

She hurriedly shouted an order,

"Everyone forms a circle, Youxue, you bring the shadow assassin to assist me, I will kill these powerful beasts."

"Yes, ma'am!"

Boom boom boom.....

Queen Medusa quickly extended her palms to bombard the beasts that were about to charge. The shadow assassins also hid their bodies and breaths to kill the beasts, but these beasts were all powerful cave beasts, and the shadow assassins all Assassination cannot be killed in one blow. The huge beasts are as difficult to kill as hills.

"The plain female spirit divider!"

Boom boom boom boom.....

In the air,

Queen Medusa stretched out her white palms, and she activated the magical powers in the Immortal-level Su Nu Heart Sutra, and slapped the huge ferocious beasts with her huge palms fiercely.

Six or seven ferocious beasts were instantly reduced to pieces, and Queen Medusa also fell from the air.

Su Nu's Heart Sutra!

This is a holy-level, immortal-level skill, and it is also the skill that all of Su Chen's women practice.

Queen Medusa has only reached the seventh level of cultivation.

Although she burst out with a powerful attack this time, her mana was also consumed in an instant.

Youxue hurriedly caught Queen Medusa who fell from the sky, "Madam, are you okay?"

"It's okay, but my mana has been exhausted and I have no strength to fight anymore."

Queen Medusa shook her head and looked around.

She had no strength to fight anymore. If the ferocious beasts came around this time, they would all be killed.

Queen Medusa was very excited when she thought of Su Chen.

Queen Medusa has not yet found Su Chen in the Northern Continent, and she does not know whether Su Chen is alive or dead. Moreover, she has not yet married Su Chen, and she has not even had time to see that bastard again. Queen

Medusa is not willing to give in. Just die like this.

The succubus was frightened by the great power of Queen Medusa.

A cultivator of the cave virtual world destroyed seven powerful beasts of the cave virtual realm in one go.

She did not expect the strength of Queen Medusa. It would be so powerful.

However, the succubus was desperate when she saw Queen Medusa's current situation. Queen Medusa had no strength to fight anymore. If the beast attacked this time, the women here would not resist at all. With their abilities, it is only a matter of time before they are killed.

Hohoho.....

The surrounding ferocious beasts were attracted by the attack launched by Queen Medusa. Each ferocious beast roared and charged towards Queen Medusa.

"Protect the lady!"

Youxue saw that the ferocious beasts around her were about to charge towards them. She took the broken blade and hurriedly ordered to the shadow assassins around her, swish, swish, swish.....

The shadow assassins protected Queen Medusa layer by layer, and the succubi quickly appeared next to Queen Medusa.

She looked at the attacking beasts warily.

Whether they lived or died depended on them. Good luck.

Roar!

At this time, after a huge roar, the ferocious beasts that were charging over stopped one by one, and these ferocious beasts all lay down on the spot.

Queen Medusa and Youxue looked at all this in confusion.

They didn't understand why the beasts stopped attacking, and they all lay on the ground one after another. dong dong dong.....

A ferocious beast quickly ran towards Queen Medusa, and the person standing on the body of this ferocious beast, everyone at Queen Medusa looked at it in confusion.

"It's the master, the master is here." Youxue shouted happily when she reacted, and the succubus said doubtfully when she saw Su Chen,

"Is it Su Chen? Su Chen actually rushed back at the critical moment, but why did Su Chen arrive riding a powerful beast?"

Queen Medusa laughed when she saw Su Chen.

She didn't expect that Su Chen would appear and come back when they were in extreme danger.

At this time,

Su Chen appeared beside Medusa in a flash.

He hugged Queen Medusa's waist and asked doubtfully,

"Madam, why did you come to the Northern Continent? Don't you know it's very dangerous here?"

When Su Chen first arrived here, he discovered the shadow assassins such as Queen Medusa and Youxue.

This made him very confused.

The Northern Continent is very dangerous.

He almost didn't come out alive.

Medusa Queen Sha, this silly girl, how could she bring the Shadow Assassins to the Northern Continent?

And she is almost going deep into the hinterland of the Northern Continent.

Do they all want their lives?

"Youxue, I have met the master!"

"See the owner!"

When Youxue and the Shadow Assassins saw Su Chen arriving, they all saluted Su Chen and said,

"All free of charge!"

Queen Medusa leaned into Su Chen's arms and said with a smile,

"I am not looking for you. You have been missing in the Northern Continent for more than two years. I was worried that something would happen to you in the Northern Continent, so I took Youxue and the others to the depths of the Northern Continent to look for you, you bastard."

Chapter 1755

Su Chen was very embarrassed when he heard what Queen Medusa said.

It turned out that Queen Medusa and the Shadow Assassins came because of him.

The depths of the northern continent were very dangerous.

Queen Medusa risked her life and death to find him. This made Su Chen very moved. There has been no news from him for more than two years. His family in Hangzhou City is probably very worried about him. Su Chen feels a little sorry for his women. Su Chen touched Queen Medusa's hair and said apologetically, "I'm sorry, I should have sent you a message earlier to say you were safe."

"

"I wish you were safe!"

Queen Medusa shook her head and said indifferently.

Queen Medusa also knew that Su Chen had a lot of things to do, and that Su Chen would be going to participate in the trial of the ladder soon.

She understood that Su Chen had to do it as soon as possible. Cultivation to become an immortal, otherwise,

Su Chen might not be able to complete the test of the ladder.

Su Chen shook his head and promised,

"I will report it to you no matter where I go in the future, and I won't let you worry anymore."

Queen Medusa heard Su Chen's promise.

She looked at Su Chen with her beautiful eyes and said with a sweet smile, "Then we have agreed. If you disappear for no reason in the future, Ji Ruxi, I and the sisters will all I won't care about you anymore"

"As promised, I will never disappear for such a long time again." Su Chen nodded hurriedly and replied,

"Husband, what's going on with these ferocious beasts? How come they obey your orders?"

"I know the owners of these ferocious beasts"

"What? Do these ferocious beasts have masters?"

Queen Medusa was very surprised when she heard Su Chen's words.

The ferocious beasts in the Northern Continent are very powerful.

Before they reached the depths of the Northern Continent, they encountered those in the Out-of-body Realm, Distraction Realm, and Fusion Realm. Fierce beasts, even ferocious beasts from the Cave Realm have appeared.

What about the depths of the Northern Continent? There may even be ferocious beasts from the Mahayana Realm and the Tribulation Realm in the depths of the Northern Continent. What kind of owners are these ferocious beasts like? Exist? How could he control such a powerful ferocious beast?

Youxue and Succubus were also very shocked when they heard Su Chen's words.

They did not expect that the ferocious beasts in the Northern Continent would have owners.

Not only were the ferocious beasts in the Northern Continent numerous, but they were also very powerful, they all guessed what kind of existence the person who could control these powerful ferocious beasts would be.

An immortal?

The immortals in the Shenyun Continent can only have the cultivation level of transcending the tribulation realm, and the immortals may not be able to control such a powerful one. The ferocious beasts,

Youxue and Succubus could not guess who was the powerful person who could control these powerful ferocious beasts in the northern continent.

Su Chen smiled and said,

"Well, the ferocious beasts in the Northern Continent have owners, and the owners of these ferocious beasts are very powerful. She is one of the people at the top of the pyramid in the fairy world."

After Queen Medusa, Youxue and Succubus heard Su Chen's words, they were very surprised.

An immortal in the fairy world?

Or the most powerful immortal in the fairy world?

Why do the immortals in the fairy world raise these in the Shenyu Continent? A ferocious beast? This makes them all confused.

"save us"

"Sir, save us!"

"Quick, run towards those women, there are powerful immortal cultivators there."

"Save us, sir, save us for the sake of being human beings."

At this time, dozens of cultivators saw that Su Chen was not attacked by ferocious beasts, and even the ferocious beasts around him were lying on the ground. These cultivators shouted for help to Su Chen and Queen Medusa.

"Shall we leave?"

Su Chen didn't even look at those cultivators.

He didn't care about the life or death of these cultivators at all. The cultivators who dared to come to the Northern Continent were all vicious people. Su Chen had no obligation to care about the life and death of these cultivators.

He held on to consumption. The oversized Queen Medusa instantly appeared on the back of the previous ferocious beast, and Youxue and the shadow assassins also appeared on the back of the ferocious beast.

The succubus saw that Su Chen did not look at her, and did not even care at all. She would appear here.

This made her feel very uncomfortable.

The succubus looked around and quickly flew to the beast's body.

She would not stay here waiting to die.

Roar!

The beast continued to roar. Running towards the outskirts of the Northern Continent, after the women such as Su Chen and Queen Medusa sat on the ferocious beasts and left, the ferocious beasts here all stood up one after another. These ferocious beasts rushed to kill the cultivators who were still alive.

Eastern Continent ,

Su Yan is very angry now.

There is only Beiliang City left in Beiliang, and

Beiliang's army has less than 50,000 troops.

Her Black Bird Army is about to attack Beiliang, but she didn't expect The Liyang Dynasty will dispatch 500,000 troops to support Beiliang, and Longhu Mountain also comes to support Beiliang.

In the military camp of the Xuannian Legion,

Su Yan walked around the camp very unhappy.

She now only had The two legions have 100,000 troops, and several other legions have gone to destroy Bei Mang Kingdom and Xi Shu. If it weren't for the reinforcements from the Liyang Dynasty, Beiliang would have been destroyed long ago.

Su Yan's legion has been confronting Beiliang for more than half a year. , several legions under the Black Bird Legion have not arrived yet, which makes Su Yan very depressed now.

Su Yan sat down and said angrily,

"Damn it, Huang Zhong, when will the Third, Fourth, and Sixth Cavalry Corps come back?"

Huang Zhong next to him hurriedly saluted Su Yan and said,

"male.....Princess, Wei Yan and the others should be arriving soon. The Northern Python Kingdom has been destroyed. Princess, don't worry, other legions should be here in the next few days." Huang Zhong and Wei Yan, the legion commanders, have been very shocked since they arrived at the Shenyu Continent. This is a world of immortal cultivators, monsters, monsters, ghosts, and various races. Immortal cultivators flying with swords Huang Zhong

did not expect that His Majesty the Emperor would open up a new world. And he would also establish a foothold in this world of immortal cultivators. The Northern Combat Legion even conquered several empires, the entire Eastern Continent of Shenyu Continent, Xuantian The empire has occupied nearly two-thirds of the empire. If it were not for the shortage of troops, the Eastern Continent would have been completely occupied by the Xuantian Empire. Su Yan nodded and continued to ask, "Where are the fifth and eighth cavalry regiments? Huang Zhong hurriedly replied,

"Princess, Xishu is still attacking, and the fifth and eighth legions should not be able to come back."

Su Yan didn't expect that Xishu had not been conquered yet, which made her feel even worse.

Xishu only had a total of 300,000 troops, and

Gan Ning led two legions of 100,000 elite black-armored troops. It's been more than a year and it still hasn't been conquered?

Su Yan couldn't help but want to remove Gan Ning from his position as army commander.

"Trash, it's been more than a year, and that idiot Gan Ning hasn't even captured a small Xishu. Huang

Zhong hurriedly explained to Su Yan,

"Princess, there are many roads in the mountains of Western Shu. It took Gan Ning's legion more than three months just to travel. Besides, the immortal cultivating sects in Western Shu are not easy to deal with."

Huang Zhong also knew that Su Yan was in a bad mood during this period. He was about to destroy Beiliang. The arrival of reinforcements from the Liyang Dynasty and Longhu Mountain gave Beiliang a chance to breathe.

If Princess Su Yan It would be strange not to be angry

"Report to the princess that there is a woman named Xu Zhihu who wants to see the princess outside the military camp."

Chapter 1756

Su Yan was stunned when he heard the report from the soldiers outside the camp,

Xu Zhihu?

Isn't this the eldest sister of the new Northern Liang King Xu Nian?

Why did the sister of the Northern Liang King come to her military camp?

Now is the war between Hangzhou City and Beiliang. Isn't Xu Zhihu afraid of being arrested by her?

Huang Zhong looked at Su Yan and reminded, "Princess Princess, do you want to arrest the sister of the King of Beiliang?"

Mr. Huang did not expect that the sister of the King of Beiliang, Xu Zhihu, would arrive.

However, if he caught Beiliang Wang's sister Xu Zhihu, this may change the current plight of the Black Bird Legion.

Su Yan shook his head and said,

"No, the two armies are fighting. If we don't kill the envoy, there is no need for us to capture Xu Zhihu. Besides, Xu Zhihu is just a woman. Even if we capture Xu Zhihu, it will be useless."

"The princess is right"

"Huang Zhong, ask the soldiers to bring Xu Zhihu here. I want to see what happens when she arrives."

"Yes, Princess!"

After Su Yan left Huang Zhong, she touched the minibus and wondered why Xu Zhihu came at this time.

There are currently five or six people in Beiliang City. Even with the combined forces of ten thousand, Xu Nian, the new King of Northern Liang, would not worry about his Blackbird Legion attacking Beiliang City. So why did King Xu Zhihu, the sister of King of Northern Liang, arrive?

Is this Xu Zhihu coming secretly?

Or did King Xu Nian of Northern Liang have something to do so her sister would come?

After a while,

Huang Zhong came to the camp with a woman with a gentle and beautiful face.

Su Yan was very surprised when she saw Xu Zhihu. She did not expect that the sister of the King of Northern Liang was so beautiful.

Su Yan felt lucky that his father was not here.

Otherwise, this beautiful woman might become her aunt

"Princess Su Yan?"

Xu Zhihu was also very surprised when he saw Su Yan.

Although she had long heard that Su Yan was a little girl under ten years old, she was still shocked when she saw Su Yan with her own eyes. Xu Zhihu was in Qingyun last time. The door left early, and she didn't see Su Yan when he went to Qingyun Gate. Now seeing Su Yan, a little girl with a bit of a ghost, Xu Zhihu was also very happy. Su Yan looked at Xu Zhihu and clicked. He nodded and asked, "Yes, Xu Zhihu, what do you want from me?" Xu Zhihu shook his head and said with a smile,

"Su Yan, you shouldn't call my name"

"Um? Not calling your name? Do I want to call you Princess Xu?"

"No, you should call me aunt"

"Cough cough cough, what did you say?"

Su Yan just took a sip of tea and spit it out. She coughed and asked Xu Zhihu hurriedly.

Huang Zhong was also very confused when he heard Xu Zhihu's words, aunt?

Could this be the sister of the Northern Liang King ? His Majesty the Emperor's woman, right?

So what is this war?

One's own family fighting one's own family?

"Your father, Suchen, is my husband. Do you think you should call me aunt?"

Su Yan shook his head in embarrassment and said,

"that.....this.....I don't know, and I don't know if what you said is true."

Su Yan is now complaining about her father.

Just now, Su Yan thought that her father would fall in love with her when he saw this Xu Zhihu.

What now?

This Xu Zhihu turned out to be her father's woman. Su Yan felt like she had a headache now.

Xu Zhihu Zhihu smiled and sat down and said,

"What about the red armor of the five-element talisman? Su Yan, you can't possibly not know, right? This is the escort your father gave me. It is outside the camp now. If you don't believe it, you can go and have a look."

Su Yan curled his lips when he heard Xu Zhihu's words,

Five Elements Talisman General Red Armor?

She knows nothing.

She doesn't know how many treasures her father has, but Five Elements Talisman General Hongjia sounds very impressive.

Her father He didn't give her this precious daughter? Su Yan decided to settle the score with her father in the future.

"Even if what you say is true, I can't give up attacking Beiliang City. Xu

Zhihu shook his head and reminded,

"I didn't tell you to give up attacking Beiliang City. This time I am here to tell you that the Wudang Sect of the Xiuxian Sect has also arrived to support Beiliang City. You must not know this news."

Xu Zhihu doesn't care about the war at all.

Her father, the King of Beiliang, died two years ago, and he passed away very peacefully. She has no good memories of Beiliang. Beiliang is now led by her younger brother Xu Nian was in control, but her younger brother had become a bit disreputable. He almost killed her

and Xu Weixiong more than two years ago, and now he is using her to lure the Wudang faction to help Beiliang.

Xu Zhihu has no hope for Xu Nian.Su

Yan asked in surprise,

"Wudang Clan, a sect that cultivates immortality? Another powerful sect of cultivating immortals. Although the Wudang sect is not as strong as Longhu Mountain, it is not weak in strength. You Beiliang have a really close relationship with several powerful sects of cultivating immortals."

"Su Yan, you only have 100,000 troops now. Beiliang City now has almost 600,000 troops and there are more than ten powerful immortal cultivators. It is impossible for you to attack Beiliang City now. Yan'er, for your safety, you should go first Retreat your troops"

"Haha, thank you so much, auntie, but it is impossible for me to retreat. My other legions will arrive in a few days. I must break Beiliang City, and I will definitely destroy Beiliang."

Xu Zhihu was very helpless when he heard Su Yan's words.

She didn't expect this little girl to be so stubborn.

However, she was not worried about Su Yan's safety. There must be powerful immortal cultivators around this little girl to protect her.

Otherwise,

Su Chen There is no way this little girl's mother would let her act so carelessly.

After Xu Zhihu heard Su Yan call her aunt, she smiled happily and said,"Forget it, I know I can't change you, where is your father?"

Su Yan shook her head helplessly when she heard Xu Zhihu ask about her father.

She had not seen her father for more than two years.

In the past two years,

Su Yan also missed her father very much. She had never been separated from Su Chen. After such a long time,

Su Yan said helplessly, "I went to the Western Continent. I haven't seen my father in more than two years."

"Going to the Western Continent? Are you going to see the mermaid Delia off?" Xu Zhihu guessed after hearing what Su Yan said.

Xu Zhihu felt that her guess was not wrong.

It was impossible for Su Chen to go to the Western Continent for no reason.

In addition to sending the mermaid Delia, that bastard didn't do anything during the war. Probably far away from the Eastern Continent

"Auntie, do you also know the mermaid Delia?"

"Know!"

Su Yan talked with Xu Zhihu for a while, but she didn't hear Xu Zhihu asking her to stop fighting, which made Su Yan very confused.

"Auntie, are you here to recognize me? Aren't you here to persuade me to stop fighting?"

"No, I won't care about this. I am your father's wife. What will happen to Beiliang in the future? That is the business of those men. If you marry a chicken, follow the chicken, if you marry a dog, follow the dog. I am no longer a native of Beiliang.."

Chapter 1757

Su Yan smiled when she heard Xu Zhihu's words.

Su Yan now admired her father's ability to pick up girls.

As long as those beautiful women were with his father, they would only think about his father.

Just like Xiaobai and Xiaoqing in this world, Xiao Xun'er in the Southern Continent, Queen Medusa, and this Xu Zhihu are all the same.

Su Yan took Xu Zhihu's hand and said with a smile,

"Auntie, please don't go back to Beiliang City. Your brother is very ruthless. He will abandon the hundreds of thousands of Beiliang cavalry at his will. I'm worried that you may also be taken advantage of by your brother."

Su Yan thought of the war a year ago, and she didn't want Xu Zhihu to stay in Beiliang City.

In the war a year ago, one hundred thousand Beiliang cavalry were besieged by the Xuanniao Army.

Not only did Xu Nian fail to rescue him in time, he actually Using the 100,000 Beiliang cavalry besieged in the north, he launched a counter-siege against the Xuannian Legion.

Moreover, after Xu Nian's army was defeated by the Xuannian Legion, he actually set fire to the mountain without caring about the life and death of the 100,000 besieged cavalry. It can be said that Xu Nian burned the Beiliang cavalry alive. Xu Zhihu shook his head and refused, "No, my sister is still in Beiliang City. Something will happen to her if I leave her." Su Yan asked doubtfully,

"Would your younger brother take action against his second sister Xu Weixiong?"

Xu Zhihu nodded and said seriously,

"It's possible that Xu Nian already knows that Xu Weixiong is not his biological sister. My brother can use me and he will use my sister. I can't leave Xu Weixiong alone in Beiliang City."

"Auntie, will your brother know about your arrival today?"

"No, my sister is covering for me this time. Besides, my brother doesn't know that I am a cultivator. It is impossible for Xu Nian to know that I left Beiliang City."

"Auntie, be careful when you go back. This is a butterfly-winged bird. If you need anything, just ask the butterfly-winged bird to notify me."

Su Yan grabbed a butterfly-winged bird from the shelf next to her and handed it to Xu Zhihu.

Su Yan was also worried that something would happen to Xu Zhihu. If something happened to Xu Zhihu in Beiliang City, she would definitely be killed. Her father punished her.

Xu Zhihu left with the butterfly-winged bird.

She had already met Su Yan, a little girl. She also told Su Yan about the secret arrival of the Wudang Clan, and Xu Zhihu no longer worried about the Wudang Clan. Will launch a surprise attack on Su Yan

"Huang Zhong, send an order to Wei Yan. Within half a month, the 3rd, 4th, and 6th legions must come to me."

"Yes, Princess!"

At the beach of the Northern Continent,

Su Chen and Queen Medusa have arrived for two days. The snake girl of the Snake Tribe was also found and rescued by the Shadow Assassin. Today Su Chen and the others will leave the Northern Continent by boat.

Su Chen is sitting on the beach. Enjoying the massage from the succubus on the chair.

However, the little slave girl succubus knows nothing about massage.

The massage from the succubus Like killing someone, Su Chen felt as if his shoulders were about to be removed by a succubus.

Su Chen took a breath and endured the pain and shouted to the succubus,

"Little slave girl, you don't even know how to massage, what on earth will you, a demon, do?"

Mei Ji secretly smiled and pretended to be aggrieved and said,

"Master, I am a high-level succubus of the demon clan. How can I do these things of serving people? Aren't I studying now?"

The succubus did this on purpose.

After she came out of the Northern Continent,

Su Chen actually took her back as a slave, which made the succubus very unhappy.

But she had no choice. Without Su Chen's help, she It is impossible to return to the Abyss Demon Clan, and Su Chen is too powerful, even this bastard woman is no match for her. The succubus doesn't dare to escape secretly, so she can only be Su Chen's unwillingness Slave.

Su Chen shook his head and said, "Forget it, I don't need you anymore, just do whatever you have to do!"

"Yes, master!"

The succubus curled her lips and walked away.

The ship will arrive at noon today, and she also needs to prepare some items to leave this terrifying northern continent by ship.

Su Chen said to himself helplessly while lying on the chair,

"Alas, how can we improve our cultivation in the future? Six months, there are still six months to go. It is difficult to overcome the tribulation and become an immortal in such a short period of time!"

Su Chen shook his head as he thought about the treasures in the system space.

Some powerful treasures are not useful at all, such as flat peaches, ginseng fruits, and yellow pear. These can only be eaten after becoming an immortal. Otherwise, he may be possessed by powerful magic powers. It was so full.

And the remaining essence of the Yamata no Orochi, the golden elixir, the immortal tea and the immortal wine, it was impossible for him to overcome the tribulation and become an immortal in six months.

"Forget it, let's go back to Hangzhou and make plans!"

Hangzhou City, in the city lord's palace, with the arrival of many women such as Yao Yue, Zhu Yuyan, Fan Qinghui, Dongfang Bubi, Yunmeng Fairy, etc.

The city lord's palace is very lively now, and the arrival of a hundred thousand Jurchen women's army is also It caused a sensation in the entire city of Hangzhou. A powerful army composed of all women was something that the people of Hangzhou City did not expect.

In the main hall of the city lord's mansion, all the women from the Tianxuan Continent and the women from the Shenyu Continent were sitting. Together.

Sitting in the hall are a group of stunning beauties.

There are Su Chen's women,

Su Chen's confidante, and Su Chen's relatives.

Suru, Li Qingluo, Li Qiu Shui, and Xiao Yuruo's mother are sitting here. Talking happily together, these relatives of Su Chen were very happy to see the girls.

"No news about your husband yet?"

Concubine Yan hugged Su Yue and asked the girls with a serious face.

Concubine Yan also just arrived in the Shenyu Continent today.

There are less than two days left in the Tianxuan Continent before the meeting time, and there is still time in the Shenyu Continent. Less than six months.

There was no news from Su Chen for more than two years, which made Concubine Yan very worried.

"Concubine Yan, nothing will happen to Su Chen. I'm afraid he is practicing in seclusion somewhere. You don't have to worry too much."

Yes, Sister Yan Fei, your husband is very strong and nothing will happen to him."

"Nothing can happen to that bastard, Concubine Yan, and you don't have to worry either."

"That's right. I'm afraid that bastard is either in seclusion or with other women. We don't have to worry about that bastard."

"Sister Yan Fei, what the sisters said is right. Su Chen's strength is not what it used to be. Nothing will happen to him in the Shenyun Continent."

When Yao Yue, Ji Ruxi and the other girls saw Concubine Yan's worried look, they all said.

Although they were also a little worried about Su Chen, what Su Chen did made them unable to worry.

He knows the laws of space and is shameless. Character, and shameless attitude, they thought that even if Su Chen was in danger, he would turn it into a disaster.

Concubine Yan nodded and said to the girls,

"Well, let's ignore Su Chen for now. Jiang Yuyan, Jellyfish Yinji, and Shi Guanyin are not here from Tianxuan Continent. Xi and sister, who else from Shenyu Continent haven't arrived yet?"

Ji Ruxihe thought for a while and said,

"Queen Medusa and Xu Zhihu haven't arrived yet. Women from the Western Continent don't need to notify them. All the other women are here."

Chapter 1758

Concubine Yan nodded when she heard Ji Ruxihe's words.

All of Su Chen's women, confidants, and relatives must participate in this trip to the ladder.

Su Chen will become an immortal and appear in the fairy world in the future.

If they don't want to hold Su Chen back, they must speed up their cultivation. The ladder to heaven is a cheating device to improve their strength. Concubine Yan doesn't want anyone to miss this opportunity.

"Jing Salamander has already gone to take Su Yan, Xi and his sister, the war in Shenyu Continent should also stop temporarily, and Mu Guiying has also been recalled."

Ji Ruxihe nodded and said with a smile,

"Well, I also informed Mu Guiying that she will come back after deploying the legion's defense."

Concubine Yan thought for a moment and then ordered You Ruo beside her,

"You Ruo and the Shadow Assassins have all been recalled, as well as the Dark Guards and Luo Sheng."

"Yes, Queen!"

At this time,

Li Qingluo came to Yan Fei and said,

"Concubine Yan, give me Yue'er. You guys can discuss things here. We'll take Yue'er around Hangzhou."

"Okay, Aunt Li, I'll trouble you then."

Concubine Yan looked at Li Qingluo, Suru, Mrs. Xiao, and Sister Li Qiushui, she nodded and said with a smile.

Li Qingluo pulled five-year-old Su Yue and said with a smile,

"Haha, what's the trouble? I haven't seen Yue'er for a long time. Little Yue'er has grown so big now."

Su Yue took Li Qingluo's hand and asked with her eyes wide open,

"Aunt Li, can I go around and play like my sister?"

"Not yet. Yue'er, don't be like your sister Su Yan. That girl is a crazy girl."

"My sister is not a crazy girl. She brings me gifts every once in a while."

"Okay, okay, okay, your sister is not a crazy girl."

The women in the hall watched Li Qingluo and the others leaving with Su Yue.

They were all very envious.

Su Chen only had two children so far.

Some of the women here also wanted a child very much, but as they and... Su Chen's strength continues to grow, and now it is more difficult to have a child.

In the garden, the three girls, Guanyin Bodhisattva, Wudang Madonna and Little Fox, are sitting together. Guanyin Bodhisattva and Wudang Madonna are facing the little fox. The appearance was very surprising.

The queen of Dashang, Su Daji, was not dead.

How is this possible?

Su Daji was killed by Lu Ya's immortal-killing flying knife.

How come the vixen Su Daji is still alive?

Su Daji seems to have started practicing again.

"Are you surprised to see me?"

Su Daji, who looked like a little girl, looked at Guanyin Bodhisattva and Wudang Virgin and said with a sweet smile.

Guanyin Bodhisattva coldly said to the little fox, "Su Daji, I didn't expect that you didn't die."

The little fox smiled and said nonchalantly,

"Haha, I am a nine-tailed fox. Will I be killed so easily?"

Guanyin Bodhisattva coldly warned the little fox,

"Su Daji, I don't care about your past, but why do you appear next to Su Chen? Are you going to take advantage of Su Chen?"

"Suchen? Su Chen will be my husband in the future. How could I harm him? You should also know what happened to me in the ancient fairy world. Am I Su Daji who brings disaster to the country and the people?"

The Holy Mother of Wudang looked at the little fox and shook her head and said

"Su Daji, I know you were wronged, but that matter was calculated by those people. Do you think we can change it with our strength?"

Although Mother Wudang has some sympathy for the little fox, her master Tongtian Saint is also the one who plots against the little fox.

She doesn't know what is so special about the little fox that he will be plotted by those saints, but this is not something she dares to investigate. Something.

None of the great powers in the ancient world dared to investigate the little fox.

Five saints plotted against the little fox at the same time.

Who could find out why the little fox was plotted by these saints?

The little fox nodded and said helplessly, "Yeah, those people are too powerful, I'm just a little vixen, why do you think those people want to plot against me?"

"Not sure."

Bodhisattva Guanyin and Our Lady of Wudang both shook their heads. How could they know why the saints plotted against the little fox.

The little fox stood up, stretched out and said with a smile.

"Don't worry, even if I appear in the fairy world from now on, no one will think that I am Su Daji. If you are not close to Su Chen, I will not let you know that I am Su Daji."

"That's fine. If you are recognized, Su Chen will probably be implicated by you. You'd better be more cautious when you appear in the fairy world in the future."

"I know that I will not let Su Chen fall into danger. Guanyin

Bodhisattva looked at the little fox and asked seriously, "Su Daji, is Su Chen the Human Emperor?"

"What do you think?"

"I think there are various signs that Su Chen is the Human Emperor"

"You should ask Su Chen personally, there are some things that I am not comfortable talking about."

The little fox looked at Guanyin Bodhisattva and Wudang Virgin before disappearing.

She would not talk nonsense about Su Chen being the Human Emperor.

I am afraid Guanyin Bodhisattva and Wudang Virgin have already guessed that Su Chen is the next one who will appear. The human emperor, but they are still not very sure.

The matter of Su Chen being the human emperor is of great importance, even more serious than the exposure of her identity.

The little fox cannot tell anyone.

Guanyin Bodhisattva and Wudang Holy Mother are in the little fox After the fox left, they looked at each other and fell silent.

They were now 100% sure that Su Chen would be the next Human Emperor. They were also very helpless about Su Chen's status as the Human Emperor.

Even the saint sects in the fairy world would not agree. Seeing the birth of the Human Emperor, if the Human Emperor appears again, what is the meaning of the last time to become a god?

The saints only want to control mankind and control the destiny of mankind. It is impossible for them to see the emergence of a Human Emperor again.

Human The appearance of the emperor is equivalent to depriving the saints of their luck to invade the human race. How could those saints make the emperor appear again. Guanyin

Bodhisattva looked at the Wudang Virgin and reminded, "This matter must be kept secret. No one should say it, including you. senior sisters"

"I understand, just pretend I don't know about this matter." Our Lady of Wudang nodded and agreed,

"Mother Wu, we must also warn Su Chen. The matter of the Human Emperor is of great importance, and Su Chen must not reveal it."

"I'm afraid Su Daji has warned Su Chen. Su Daji is even more aware of the matter of the Human Emperor."

"Right!"

More than a month later,

Su Chen and Queen Medusa and the other girls also returned to Hangzhou City.

In the city lord's palace,

Su Chen and the girls met one after another.

He had not seen the girls in Tianxuan Continent for a long time. , Su Chen missed them very much.

At night, in

Su Chen's room,

Su Chen hugged Concubine Yan and sat on the bed and asked,"Concubine Yan, is everyone here?"

Concubine Yan leaned in Su Chen's arms and shook her head and said,

"All the women from Tianxuan Continent have arrived, but Xu Zhihu is the only one who has not arrived from Shenyun Continent."

"Xu Zhihu? Yan'er hasn't conquered Beiliang yet?"

"No, Yan'er was going to defeat Beiliang, but in order to climb the ladder to heaven, I asked Xi and his sister to temporarily stop all wars."

"Well, the ladder is very important, so let the war stop."

Chapter 1759

Su Chen nodded after hearing Concubine Yan's words.

The war is about to stop now.

It is less than five months before the time agreed by the Holy Soul of the Ladder.

If the Holy Soul of the Ladder summons him in advance, the time will definitely be It was very stressful, but it was very beneficial for everyone to gather in advance.

Concubine Yan suddenly thought of Avalokitesvara Bodhisattva and Our Lady of Wudang.

Ji Ruxihe told her that

Avalokitesvara Bodhisattva and Our Lady of Wudang had been staying in Hangzhou for a long time.

They also have a very close relationship with Su Chen. Although they are not confidants yet, at least Guanyin Bodhisattva and Wudang Virgin will not do anything to harm Su Chen.

Concubine Yan looked at Su Chen with her beautiful eyes and said with a smile, "You can meet Guanyin Bodhisattva and Our Lady of Wudang tomorrow. Ji Ruxihe said that they will not be a threat to us."

Su Chen nodded and guessed,

"I know that Guanyin Bodhisattva and Mother Wudang have doubts about my identity as the Human Emperor, and may even guess that I am the next Human Emperor."

Su Chen also found it very difficult for Guanyin Bodhisattva and Wudang Holy Mother.

Guanyin Bodhisattva was very kind to him. Su Chen also thought about telling Guanyin Bodhisattva his identity.

But Wudang Holy Mother?

Su Chen didn't dare to guarantee it.

After all, Our Lady of Wudang still has a saint master. If

Master Tongtian asks about Our Lady of Wudang, Our Lady of Wudang will definitely not deceive the rebellious Master of Tongtian.

"Husband, tell Guanyin Bodhisattva and Our Lady of Wudang that they are both powerful in the immortal world. They will also be helpful to you in the immortal world. We women with low strength cannot help you at all."

Su Chen shook his head and said

"let me think again"

"The matter of the Human Emperor is very important, Guanyin Bodhisattva can talk about it, but it is not necessarily the case with the Wudang Holy Mother. If the Tongtian leader asks the Wudang Holy Mother, the Wudang Holy Mother may not dare to hide it from the Tongtian leader."

Ji Ruxihe was shaken when she heard Su Chen's words.

She didn't have any good advice to provide to Su Chen.

The matter of the Emperor was of great importance.

Su Chen only told him about the Emperor. Other women did not I know.

Concubine Yan doesn't know how to help Su Chen.

After all, this matter involves a saint from the ancient immortal world. This is simply not something that her little practice can decide.

"Well, then think about it yourself!"

"Let's not talk about this anymore. Madam, let's take a rest."

In the next half month,

Su Chen took his wives to play around the city of Hangzhou. He owed too much to these ladies, and Su Chen also tried his best to spare time to make up for these ladies.

Hangzhou West Lake,

Su Chen took Jiang Yuyan and Mrs. Mingzhu to go boating on the West Lake.

It has been half a month.

Su Chen will retreat to practice tomorrow. Today is also the last time he will accompany his wives.

Mrs. Mingzhu poured a cup of tea for Su Chen and asked with a smile. He said, "Husband, there are still four months left, can you survive the catastrophe and become an immortal?"

"I don't know, but I feel like it's not possible"

"What to do? If you don't become an immortal during the trial of the immortal world, will you be in great danger?"

Su Chen hugged Mrs. Mingzhu and kissed her and said

"Mingzhu, I have overcome the tribulation and become an immortal, but I am still a little scumbag in the ancient world of immortality."

"A human immortal is at the lowest level in the immortal world. Every one of the heavenly soldiers and generals in heaven is stronger than me. I feel that whether I become an immortal or not, this will have no impact on my trial at all."

"Haha, my husband is right."

Jiang Yuyan laughed when she heard Su Chen's words. She had great trust in Su Chen. Even if Su Chen did not become an immortal, she still believed that Su Chen could complete the trial of the Holy Soul of the Ladder.

Mrs. Mingzhu leaned in Su Chen's arms She also smiled.

She thought what Su Chen said was right. An immortal who had just passed through a tribulation and became an immortal would still be a little scum even if he ascended to the immortal world. Whether he became an immortal or not, this really didn't matter to Su Chen. Not big.

Whoosh!

"My husband, Avalokitesvara Bodhisattva and Our Lady of Wudang have returned to the fairy world."

At this time,

Zhu Yuyan quickly flew over and said hurriedly to Su Chen,

"Did they leave?"

Su Chen frowned when he heard Zhu Yuyan's words.

He has not seen Guanyin Bodhisattva and Wudang Virgin Mother since he returned to Hangzhou.

Su Chen was afraid that Guanyin Bodhisattva and Wudang Virgin Mary would mention the matter of the Human Emperor. He didn't want to tell Guanyin. The Bodhisattva and the Wudang Virgin deceived her.

But the matter of the Human Emperor is of great importance.

Guanyin Bodhisattva knows nothing yet, but the Wudang Virgin Su Chen is really worried.

Zhu Yuyan sat opposite Su Chen and nodded and said,

"Well, Guanyin Bodhisattva and Our Lady of Wudang have just said goodbye to Concubine Yan and the others. Concubine Yan asked me to inform you."

Su Chen sighed and shook his head and said, "Hey, just leave. The big event in the ancient immortal world is about to begin. I'm afraid they all have to prepare."

"Husband, will this not affect your trial?" Zhu Yuyan asked Su Chen worriedly.

Guanyin Bodhisattva and Wudang Virgin Mary are powerful in the fairy world. She was also worried that Su Chen would anger Guanyin Bodhisattva and Wudang Virgin Mother. When

Su Chen arrived in the fairy world, there were no Guanyin Bodhisattva and Wudang Virgin Mary. With help, his trial in the fairy world may be even more difficult.

"Won't!"

Su Chen stood up and looked at the picturesque West Lake.

He didn't believe that Guanyin Bodhisattva and Wudang Virgin Mary were two great powers in the fairy world. They would not help him in the fairy world.

Guanyin Bodhisattva and Wudang Virgin Mary were not fools.

They They should also know that the Human Emperor's affairs are of great importance. Guanyin Bodhisattva and

Wudang Virgin Mother should understand that Su Chen concealed the Human Emperor's affairs from them.

Madam Mingzhu, Jiang Yuyan, Zhu Yuyan and others looked at Su Chen's convinced expressions, and they all They looked at each other and smiled.

Su Chen was confident that he could handle Guanyin Bodhisattva and Wudang Madonna, and they were relieved.

In the fairy world, there were Buddhist Guanyin Bodhisattva and Wudang Madonna who intercepted Buddhism to help Su Chen. Su Chen's There should be no danger in the trial.

Su Chen stretched and said with a smile,

"Let's go back. Today we all have dinner together. Tomorrow I will go into retreat to practice."

"good!"

"I'll inform the sisters!"

"I went to ask the maids to prepare the ingredients."

The three Zhu Yuyan girls said one after another after hearing Su Chen's words.

Mingzhu and Jiang Yuyan smiled and disappeared on the boat first. One of them wanted to inform the other sisters, and the other asked the maids to quickly prepare the ingredients for the dinner.

Su Chen shook his head and said to Zhu Yuyan,

"Let's go back to the house too. Zhu

Yuyan nodded and said with a smile, "Okay, tonight must be very lively.""

Su Chen smiled, hugged Zhu Yuyan and disappeared on the boat.

At night, in the back garden, all Su Chen's wives, confidante, and relatives came, and there were a group of beautiful women in the garden.

Su Chen Chen looked very happy.

Especially Su Yan and Su Yue.

These two little girls were very excited today, running back and forth in the garden.

Su Chen looked at the happy girls in the garden,

He took a sip of wine and said to himself, "If I can always be so carefree and carefree, living with girls with nothing to do, it should be a very beautiful life."

Chapter 1760

Four months later, in Hangzhou City, in the secret room of the City Lord's Mansion,

Su Chen, who was in retreat, opened his eyes from his trance. He frowned and shook his head.

He is still a little short of it.

His current level of cultivation is only at the peak of the Tribulation Realm, and he is only one step away from becoming an immortal.

But with such a narrow gap,

Su Chen couldn't break through.

Su Chen stood up and said helplessly, "The time has come. It seems that we really can't break through."

At this time, a breath enveloped the secret room,

"Trialist, you still have not succeeded in breaking through to become an immortal, but the time has come and your 10,000-level trial is about to begin."

"Ladder Holy Soul?"

"good!"

Su Chen curled his lips when he heard that it was indeed the Holy Soul of the Ladder, and said, "You are really powerful. You appear as soon as you say you will."

"Trialist, are you ready? The trial is about to begin."

When Su Chen heard that the Holy Soul was about to start the trial now, he hurriedly shouted,

"Wait, holy soul of the ladder to heaven, your ladder to heaven will be reopened to me. My wives, confidante, relatives, and my subordinates will all climb the ladder to heaven."

"Trialist, you are not qualified to make such a request to me. The ladder to heaven cannot be climbed by just anyone."

Su Chen smiled and said,

"Holy Soul, after climbing to the 10,000th floor of the ladder, can't I make a request to you? My request is to open the ladder to my wives, confidantes, relatives, and subordinates for them to climb."

Su Chen also learned in the fairy world that there is such a reward for climbing to the 10,000th floor of the Ladder.

Those who originally taught Jie wanted to ask the Holy Soul to lift the control of the God List on them.

Jie Jiao has nothing to do with him. ,

Su Chen would not make such a request to the Holy Soul of the Ladder.

He had already thought about letting his women participate in climbing the Ladder.

If Su Chen didn't take care of his wives, confidante, and relatives, how could he agree to teach those women Human request?

"You know quite a lot. It seems that you have met an immortal who has climbed the ladder to heaven in the fairy world."

"In a word, Holy Soul, are you open or not?"

"What if I don't agree?"

When Su Chen heard the words of the Holy Soul of the Ladder, he threatened expressionlessly,

"Then let's break up, Holy Soul of the Ladder to Heaven, the ladder to the next 10,000 floors, but no one has ever climbed to the 10,000 floor, I am the only one who has climbed to the 10,000 floor"

"If you don't agree, I won't participate in any trials, and I don't plan to pass the 10,000th floor ladder trial. Anyway, the rewards from the ladder are dispensable to me."

Su Chen didn't believe that the Holy Soul of the Ladder didn't agree to him. He was the only one who climbed to the 10,000th floor of the trial on the 10,000th floor of the Ladder. Hundreds of thousands, even millions, or tens of millions of years, it should be No one has ever climbed to the 10,000th floor of the Ladder. The Holy Soul of the Ladder is the guardian of the Ladder. Su Chen is about to pass the trial of the 10,000th floor. It is impossible for the Holy Soul of the Ladder to just give up on the 10,000th floor just watching him. layer of trials

"You won, just this once, never again"

"It's a deal!"

Su Chen smiled when he heard that the Holy Soul agreed.

He made the right move.

If the Holy Soul of the Ladder really disagreed,

Su Chen would not be able to do anything to the Holy Soul of the Ladder.

The trial of the 10,000th floor of the Ladder could not be done by Su Chen. It was impossible to give up.

Not to mention the rewards of the ladder, just to improve his strength, it was impossible for Su Chen to give up the trial of the 10,000th level of the ladder.

"You Ruo, ask Concubine Yan to come over quickly."

"Yes, master!"

Su Chen is going to let Concubine Yan take charge of everyone climbing the ladder.

He may soon start the 10,000-level ladder trial. He doesn't care about the girls climbing the ladder. Su Chen can only let Concubine Yan manage it. The girls climbed the ladder.

After a while,

Concubine Yan arrived quickly.

Su Chen told Concubine Yan the precautions for the trial on the ladder, and even left all the fairy wine and fairy tea to Concubine Yan.

These fairy wine and Immortal tea can help those women to climb a few more levels of the ladder.

"Concubine Yan, Xiao Xun'er has climbed the ladder to heaven. If you have something you don't understand, you can talk to Xun'er."

"I understand. You have not yet overcome the tribulation and become an immortal. Are you sure about the trial?"

Concubine Yan nodded to Su Chen.

She guessed that Su Chen was about to start the trial, but Su Chen had not yet overcome the tribulation and became an immortal. Concubine Yan was also worried that Su Chen's trial would not go well.

Su Chen shook his head and smiled. He said, "It's okay. I'm just a soy saucer when it comes to trials. I have a way to deal with it."

"Husband, then you should be more careful during the trial."

Su Chen hugged Concubine Yan and kissed her and said,

"Don't worry, you don't know what I am capable of. If there is danger, I will escape in time."

The Holy Spirit of the Ladder urged Su Chen again, "Trialist, the trial is about to begin."

"Holy Soul, this is my wife, Concubine Yan. After the ladder is opened, people appointed by my wife will participate in climbing the ladder."

"Can!"

"Concubine Yan, I'm going to go on a trial. The women in the family are relying on you."

"Husband, be careful!"

""Okay."

Su Chen nodded to Concubine Yan, and then he said to the Holy Soul of the Ladder, "Holy Soul of the Ladder, start the trial on the 10,000th floor of the Ladder."

At this time, a beam of light came down, and Su Chen instantly disappeared into the secret room.

Concubine Yan felt very uncomfortable when she saw the disappeared Su Chen.

The time they spent together as husband and wife was getting shorter and shorter, but this time There is nothing that can be done about it.

What Su Chen has to do is also for their whole family.

For their family to be together for a long time in the future, the current separation and sacrifice are worth it.

"Concubine Yan, I will open the ladder space in one day, and you only have one day to prepare."

"I understand, thank you Holy Soul of the Ladder!"

"No, this is my promise to your husband. One day later, I will open a passage in your house. If those people do not arrive in time, then don't blame me."

After the Holy Soul of the Tianglai finished speaking, the breath of the Holy Soul of the Tianglai disappeared in the secret room.

When Concubine Yan heard the words of the Holy Soul of the Tianglai, she smiled and shook her head.

One day?

As long as the Holy Soul of the Tianglai opens the passage, in half a day, these women They, as well as the shadow assassins, secret guards, snares, and even the one hundred thousand Jurchen women's army who are about to pass, will all quickly pass through the passage of the ladder to reach the ladder space.

"You Ruo, let me know, everyone who is going to practice tomorrow will gather in the square of the mansion early tomorrow morning."

"Yes, Queen!"

In the prehistoric fairyland,

Chang'an City of the Tang Dynasty,

Su Chen appeared here in an instant,

"Chang'an?"

Su Chen frowned as he looked around.

Why was he sent to Chang'an City? Does this mean he was asked to follow Tang Monk from the moment he left Chang'an?

"The land lord of Chang'an City, see the divine general of Yaochi!"
