Chapter 1791

After Su Chen appeared in the twelfth-grade Pure World White Lotus, he felt relieved.

He had the twelfth-grade Pure World White Lotus from Guanyin Bodhisattva, so what if there were a few more thunder tribulations?

The Heaven Swallowing Mill Jar can withstand forty-eight thunder tribulations.

The twelfth-grade Pure World White Lotus, the best innate spiritual treasure, cannot resist less than the Heaven Swallowing Mill Jar, right?

Even if the power of the subsequent thunder tribulations increases, can the twelfth-grade pure world white lotus, the best innate spiritual treasure, still not be able to withstand ten thunder tribulations?

There have been forty-nine thunder tribulations, will the way of heaven strike at me endlessly?

In the prehistoric fairy world, after the forty-ninth thunder calamity was resisted by the twelfth-grade pure world white lotus, the great powers in the prehistoric fairy world knew that Guanyin Bodhisattva had taken action.

The relationship between Guanyin Bodhisattva and Su Chen should be the best. Guanyin Bodhisattva's intention to take action also made some powerful people guess.

What about the remaining powers?

Queen Mother?

Not a Holy Mother?

Our Lady of Golden Spirit?

Fairy Yunxiao?

Even the Queen Mother of the West?

The relationship between these female quasi-sages and Su Chen is also good. Guanyin Bodhisattva has already taken action, will the remaining powerful ones take action?

However ,

Guanyin Bodhisattva's top-quality innate spiritual treasure, the twelfth-grade Pure World White Lotus, is Su Chen's. After resisting the forty-ninth thunder catastrophe,

Su Chen actually got into a fight with Tiandao again, and even provoked Tiandao like a fool.

This made many great people in the ancient immortal world very speechless. Although the best innate spiritual treasure Powerful, but no matter how powerful the best innate spiritual treasure is, can it be as powerful as the way of heaven?

"This bastard, I'm going to strangle that bastard."

In the heavenly court, the Queen Mother couldn't sit still after hearing Su Chen's words.

She didn't think that after Guanyin Bodhisattva's spiritual treasure helped Su Chen resist the thunder disaster, the bastard became arrogant again. He insulted the way of heaven before, and now he is provoking it.

Is that bastard tired of living?

The seven fairies lowered their heads one by one and did not dare to speak.

They were also speechless towards Su Chen.

Is it the way of heaven that immortals like them dare to challenge?

Even the saints of the prehistoric times did not dare to provoke the way of heaven. The seven fairies They were also worried that Su Chen would be wiped out by the world-destroying lightning disaster descended by Heaven.

In the Taiyin Star,

Fairy Chang'e stood up with a confused look on her face. She held her hands tightly to hold back the explosion.

She now regrets letting her The best innate spiritual treasure Yue Jinglun went to help that bastard. That idiot Su Chen was not trying to overcome the tribulation at all. That bastard was looking for death again.

"Chang'e! This Su Chen is interesting!"

At this time, a hazy figure appeared next to Chang'e.

Fairy Chang'e asked unexpectedly when she saw Chang Xi appearing, "Sister, aren't you in seclusion?"

Chang Xi's hazy figure was sitting on a futon.

She looked at Su Chen in the image and shook her head and said,

"Can I retreat now?"

"I originally thought it was just an ordinary tribulation, but now it seems that the great powers in the entire prehistoric immortal world have noticed Su Chen, and even the saints in the chaos are probably paying attention to Su Chen."

"How many years have passed since the ancestral witches of the Wu Clan insulted the way of heaven? No one in the prehistoric fairy world has ever dared to insult the way of heaven."

"This Su Chen is just a young monk who has just become an immortal, but he dares to insult and provoke Heaven. If he can survive this thunderstorm, Su Chen will probably become a saint of the human race in the future. Chang'e was surprised when she heard Chang Xi's words and said, "Sister, you are exaggerating. Su Chen is a shameless bastard. How can he become a saint?""

"Maybe!"

Chang Xi shook his head and continued to look at Su Chen.

Her feeling was unmistakable.

Su Chen was really different.

Chang Xi even saw in Su Chen the same unruly attitude as the Demon Clan Donghuang Taiyi.

But Su Chen is smarter than Donghuang Taiyi.

Su Chen is able to unite the powerful people of various saint sects and even build a very good relationship. The

Buddhist Guanyin Bodhisattva, the Queen Mother of Heaven, and the Wudang Holy Mother Sisters who intercept the sect. , even the Queen Mother of the West, who had never participated in the prehistoric world, was pulled into the chariot by Su Chen, not to mention the witch clan who wanted to contact Su Chen.

In this way, Su Chen was absolutely safe in the prehistoric fairyland. Lishan, no matter When the Holy Mother couldn't sit still, she checked the Golden Spirit Holy Mother and Yunxiao and disappeared in a flash. The Wudang Holy Mother was afraid that if she continued to look at her, she would not be able to help but kill that bastard. She just scolded Tiandao and it was already against the heavens. , and now he is provoking Heaven again, is that bastard tired of living? At this moment, Holy Mother of the Golden Spirit

and Fairy Yunxiao stood up and looked at Su Chen blankly. They all felt that Su Chen was floating, and a top-quality innate spiritual treasure of Guanyin Bodhisattva was there. Did it make Su Chen lawless? Is Tiandao that bastard who dares to insult and provoke?

"Senior sister, junior sister!"

At this time,

Our Lady of Wudang suddenly appeared next to Our Lady of Jinling and Fairy Yunxiao.

Our Lady of Jinling looked at Our Lady of Wudang and said speechlessly, "Junior sister, I really don't know what to say to Su Chen. Are you here? Didn't Su Chen teach him the basic knowledge of cultivating immortals?"

Our Lady of Wudang said angrily,

"Senior sister, don't mention that bastard, I can't help but kill that bastard now."

Yunxiao smiled when he heard Wudang Holy Mother's words, "Haha, senior sister, Su Chen really opened my eyes today. I don't know if Tiandao will be angered by Su Chen."

"That bastard deserved to be hacked to death."

Mother of the Golden Spirit shook her head and reminded, "Okay, let's pay attention to Su Chen. If Guanyin's spiritual treasure cannot hold on, we will use the spiritual treasure to save that bastard."

"Okay, senior sister"

"Yes, senior sister!"

In the Purple Bamboo Forest in the South China Sea,

Guanyin Bodhisattva was very helpless as she rubbed her forehead.

She was speechless to Su Chen. Su Chen was simply tired of living. She just insulted Heaven, and now she is provoking Heaven with her spiritual treasure. Guanyin Bodhisattva is We can't save that bastard.

In the Six Paths of Reincarnation, Queen Pingxin and Jiufeng were swaying with laughter.

Su Chen's previous insults to Heaven made them think that Su Chen was seeking his own death.

Now Su Chen is relying on the spiritual treasure of Guanyin Bodhisattva. Provoke the law of heaven, and say you are not afraid of the law of heaven?

Will a top-quality innate spiritual treasure make Su Chen lawless?

Jiufeng smiled for a while and said to Empress Pingxin, "Empress, I'm afraid Su Chen is hopeless."

Empress Pingxin shook her head and said with a smile,

"No, we can't say for sure until the end. If heaven sends down a thunderstorm that will destroy the world, then Su Chen will definitely die."

"However, if Heaven rains down the Purple Sky Divine Thunder, and Su Chen relies on so many top-quality innate spiritual treasures, he may still have a chance to survive."

Jiu Feng nodded when he heard Empress Ping Xin's words and said,

"Let's see if that bastard still wants to die. If Su Chen provokes and insults Tiandao again, he may really be hopeless."

"Let's take a look later."

In the sea of blood,

Minghe glared at Su Chen with big eyes.

He now wished he could get his spiritual treasure back. Su Chen was asking for his own death. A young monk who had just become an immortal was disrespectful to the way of heaven. Minghe... He felt that there was no need to save Su Chen.

"Ha ha....., Taibai, Su Chen is doomed, the Zixiao Divine Thunder has begun to gather, and this is the fiftieth thunder catastrophe. It may be the Zixiao Divine Thunder, and there may be a world-destroying thunder catastrophe in the future."

Chapter 1792

In the Heavenly Court,

Heavenly Emperor Haotian was very happy now, especially after seeing the Zixiao Divine Thunder starting to gather, he was even more happy to drink several glasses of wine in a row. Su Chen, a little monk, couldn't resist the appearance of the Zixiao Divine Thunder. Even if Su Chen had the best innate spiritual treasure, he couldn't resist it. At this moment, Sun Wukong, Zhu Bajie, and Monk Sha hurriedly took Tang Sanzang away from Su Chen. Although they were hundreds of miles away from Su Chen, they felt that it was still too dangerous. Su Chen's act of seeking death made them very worried about being implicated. The four masters and disciples of Tang Sanzang quickly moved away from Su Chen in the dark. Zhu Bajie shouted to the white dragon horse carrying Tang Sanzang,

"White Dragon Horse, run faster, the thunder in the sky is Zixiao Divine Thunder, it is too dangerous for us here."

Sun Wukong looked back at Su Chen while running, "That bastard Su Chen is going to die this time, and even the best innate spiritual treasures can't save that bastard."

Monk Sha said loudly with lingering fear,

"Senior Brother, I am afraid that even a saint cannot withstand the Purple Sky Divine Thunder. Su Chen is doomed."

"Stop talking, Brother Monkey, Junior Brother Sha, run away, otherwise we will also be affected by Chiyu later."

"Run, keep running."

At this time,

Su Chen looked blankly at the dark clouds in the sky. The terrifying thunder in the sky was deafening. A lake-like sea of thunder slowly gathered in the sky. In the middle of the sea of thunder, a yin-yang eye appeared in front of Su Chen's eyes. , Su Chen looked down with the huge yin and yang eyes.

Su Chen was very frightened when he looked at the yin and yang eyes in the sky. His soul was beating constantly. What did the yin and yang eyes in the sky look like?

Did he look like an ant?

Is this him?

"Holy shit, are you trying to kill yourself? Why do Yin and Yang eyes even appear? Let me guess, this can't be the Eye of Heaven!"

Su Chen is really scared now.

He is just going through one heavenly tribulation. He has already gone through forty-nine of the thirty-six heavenly tribulations , but what kind of thunder tribulation is this fiftieth thunder tribulation? Is this the last thunder tribulation? Is there such a powerful thunder tribulation to survive this tribulation? Su Chen threw all his spiritual treasures next to Bai Lian and shouted,

"The sky-swallowing grinding jar, the grimace mask, and the sea-fixing needle are all used to help the twelfth-grade Pure World White Lotus. Whether he lives or dies depends on this last thunder tribulation. Damn it, I'm afraid the heaven really doesn't like him."

Su Chen has used all the spiritual treasures now. No, the Immortal Killing Sword is useless to Su Chen. He can't control the Immortal Killing Sword at all, and it's impossible to withstand this terrifying thunder tribulation even if he takes it out. Boom boom boom boom.....

In Japan and Europe,

Su Chen felt confused when he looked at the purple thunder and lightning in the sky. Can these spiritual treasures block such a powerful thunder disaster?

Swish swish swish.....

At this time, there was the Western Plain Cloud Realm Flag, the Qingping Sword, the Kunlun Realm, the Four Elephant Pagoda, the Moon Jing Wheel, the Hunyuan Golden Dou, the Twelve Grade Karma Fire Red Lotus, and the acquired treasure, the Xuanhuang Heavenly Ruler of Heaven and Earth. These top-quality innate spiritual treasures and acquired treasures appeared above Su Chen's head one after another.

Su Chen was stunned when he saw so many spiritual treasures suddenly appearing.

He only knew these spiritual treasures from the Western Plain Cloud Realm Flag and the Kunlun Realm. Others He has never seen Lingbao before.

Whose spiritual treasures are these?

Why did he come to help him overcome his calamity?

Boom boom boom.....Crackling.

The purple thunder calamity in the air was as big as a pillar, and it immediately bombarded Su Chen.

At this moment, more than ten spirit treasures above Su Chen's head came forward one after another. A terrifying loud noise bombarded the more than ten spirit treasures.

All the creatures in the ancient world were frightened and uneasy, as if the whole sky was about to collapse. Same as coming down.

After a while, more than ten spirit treasures returned to Su Chen's head, and Zixiao Divine Thunder was blocked by more than ten spirit treasures.

"Ha ha....., finally overcoming the tribulation, almost surviving the heavenly tribulation.....I wonder, why haven't the yin and yang eyes in the thunder sea dissipated yet?"

Su Chen originally thought that this was the last thunder tribulation, but he was not happy for a while. The emotionless Yin and Yang eyes in the sky were still looking down at him, and the thunder tribulations in the sea of thunder were still gathering. This made Su Chen's face darken. Stopped immediately

"Damn it, God, are you finished yet?"

Boom boom boom.....

Another purple thunder tribulation struck down, and more than a dozen spirit treasures came forward to meet it. At this moment, Su Chen's heart sank. He was very angry when he looked at the sea of thunder and yin and yang eyes in the sky. Thirty-six thunder He has now survived fifty lightning tribulations. It seems that Heaven is really going to destroy him as a stowaway. If I don't destroy myself, I'm afraid Heaven will not let it go. Fifty-two Purple Sky Divine Thunders, Fifty-three Purple Sky Divine Thunders

.....Sixty-one Purple Sky Divine Thunders.....Sixty-nine purple sky thunders.

At this time, the Tiantian Milling Jar and the Dinghai Divine Needle returned to Su Chen's hands with dim luster, while the other spiritual treasures were still resisting the bombardment of the Zixiao Divine Thunder.

In the prehistoric fairy world, the powerful quasi-sages stood up and watched Su Chen's tribulation. There were eleven spiritual treasures, eight of the best innate spiritual treasures, one acquired treasure, two elementary innate spiritual treasures, and one A spiritual treasure of acquired merit and virtue, the quasi-sages in the prehistoric fairy world were frightened by the owners of these spiritual treasures. The twelve-grade white lotus of the pure world, which is the spiritual treasure of Guanyin Bodhisattva of Buddhism, and the western plain cloud flag, which is the spirit of the Queen Mother of Heaven. Treasure,

Moon Essence Wheel, this should be the spiritual treasure of Taiyin star Chang Xi, but Chang Xi has died, and the Moon Essence Wheel should be owned by Chang'e, the Taiyin fairy.

Qingping Sword, this is the spiritual treasure of Master Tongtian, but when Master Tongtian went to Chaos, he gave the Qingping Sword to the last survivor of Jiejiao, Wudang Virgin.

The Four Elephants Pagoda and the Hunyuan Golden Dou are the spiritual treasures of the Holy Mother of the Golden Spirit and the Empress of Yunxiao. They are the acquired treasures of heaven and earth, and the rulers of heaven and earth. Even the great masters in the prehistoric fairy world don't know who they belong to.

The twelfth grade karma fire red lotus, this is the ancestor and spiritual treasure of the Blood Sea Styx River.

Kunlun Realm, this is the spiritual treasure of the Queen Mother of West Kunlun.

The remaining three spiritual treasures should be owned by Su Chen.

The masters of the ancient immortal world counted the owners of these spiritual treasures, and they were all very shocked. They did not expect that there were so many quasi-sage masters gathered around Su Chen.

In the ancient world of immortality,

Su Chen was probably the person who should not be offended.

In the world of Longevity Mountain,

Zhu Bajie wiped his saliva when he looked at the spiritual treasures beside Su Chen.

These are all top-quality innate spiritual treasures. There are only so many top-quality innate spiritual treasures in the prehistoric fairy world, but there are eight or nine of them gathered around Su Chen. The best innate spiritual treasure,

"Be good, Brother Monkey, have you seen that there are so many powerful people around Su Chen? Sun

Wukong replied with a serious look on his face, "I saw it, those spiritual treasures are more powerful than my grandson's sky-supporting stick.""

"Brother Monkey, your sky-supporting stick is just a spiritual treasure of merit, and there is no way it can compete with the spiritual treasures around Su Chen."

Chapter 1793

Zhu Bajie shook his head when he heard Sun Wukong's words.

Sun Wukong's Sky Stick is just a meritorious spiritual treasure. How can a meritorious spiritual treasure be compared with a top-quality innate spiritual treasure?

Tang Sanzang looked at the sky with a horrified expression.

He could not see Su Chen now, but the strange phenomena in the sky made Tang Sanzang feel very uneasy. He felt that his heart was about to stop beating.

At this time,

Su Chen was also furious.

Heaven was trying to kill him endlessly. There were almost seventy terrifying thunder tribulations, but the yin and yang eyes in the sea of thunder in the sky still did not dissipate, and Su Chen's heart sank. down.

Although there are about a dozen of the best innate spiritual treasures, the light color of the spiritual treasures in the sky is much dim now.

Su Chen didn't know how many terrifying thunder catastrophes these top-quality innate spiritual treasures could withstand. If these spiritual treasures lost their luster and fell, he would definitely die.

"Tiandao, how many more thunder tribulations are you going to strike? If he wants me to die, tell him clearly!"

Boom boom boom.....

What greeted Su Chen back was the Zixiao Divine Thunder that kept striking down.

Seventy-one Zixiao Divine Thunder struck down.....Seventy-five Purple Sky Divine Thunders.....Seventy-eight purple sky thunders.

At this moment, the spiritual treasures in the sky lost their luster and fell down one after another.

The ghostly face mask, the Four Elephant Tower, the Hunyuan Golden Dou, the twelve-grade pure white lotus, and the moon essence wheel all fell into Su Chen's hands..

The only remaining items in the sky are the Western Plain Cloud Realm Flag, the Twelfth Grade Fire Red Lotus, the Kunlun Realm, the Acquired Treasure Heaven and Earth Xuanhuang Tianzhi, and the Qingping Sword. These spiritual treasures are still resisting the thunder tribulation.

Seventy-nine rays of purple sky divine thunder struck down, and the twelve-grade karma red lotus lost its luster and fell into Su Chen's hand.

Eighty purple sky divine thunders struck down, and the Western Plain Cloud Realm Flag and the Kunlun Realm fell into Su Chen's hands.

The only treasures left in the sky are the Xuanhuang Heavenly Ruler and the Qingping Sword.

Su Chen looked at the many spiritual treasures in his hands with a sullen face.

Although these top-quality innate spiritual treasures were not his, they were severely damaged in order to save him. Su Chen felt very sorry for the owner of the spiritual treasures.

Boom boom boom.....

At this time, the yin and yang eyes in the thunder sea in the air looked down at Su Chen indifferently, and a very terrifying aura of destroying the world and destroying the earth came out of the sea of thunder in the air. This was a terrifying aura that was even more powerful than the purple sky thunder just now.

After the great powers in the prehistoric fairy world felt the aura of destroying the heaven and the earth, these great powers could not sit still.

They did not expect that the last thunder tribulation turned out to be the world-destroying thunder tribulation. Was this the way of heaven that had to destroy Su Chen?

In the heavenly court, the Queen Mother was shocked when she saw the world-destroying thunder tribulation.

She originally thought that there was only the last thunder tribulation left. The remaining acquired treasures, the Xuanhuang Heavenly Ruler and the Qingping Sword, could withstand it, but the world-destroying thunder tribulation was appeared, leaving the Queen Mother in despair

"The world-destroying thunder catastrophe? How could it be a world-destroying thunder disaster?"

The seven fairies looked at the gathering of world-destroying thunder tribulations with fear. They all knew that Su Chen would not be able to resist the appearance of the world-destroying thunder tribulation.

Hong Yi asked the Queen Mother with a serious face, "Empress, do we want to go? Lord God of Savior?"

"You don't have to go."

The Queen Mother shook her head and refused. The strength of the Seven Fairies is low, and they can't help even if they go there.

Whoosh, the Queen Mother looked at her Yaochi Wonderland and disappeared. She couldn't possibly watch Su Chen being destroyed by the thunder. Kill.

At this moment,

Guanyin Bodhisattva, Our Lady of Wudang, Our Lady of Golden Spirit, Empress of Yunxiao, and Queen Mother of the West also disappeared. They were all ready to resist the world-destroying thunder catastrophe for Su Chen.

Taiyin Star,

Chang Xi and Chang'e looked at When the World-Destroying Thunder Tribulation appeared, they all fell silent.

Chang Xi looked at Su Chen and shook his head and said, "Su Chen is dead. With the appearance of the World-Destroying Thunder Tribulation, even a saint may escape death."

"Sister Chang Xi, I want to save Su Chen!" Chang'e frowned and thought for a moment before speaking to Chang Xi resolutely.

Chang Xi shouted when he heard Chang'e's words,

"Chang'e, are you crazy? Can you withstand the world-destroying thunder tribulation? Even a hundred of you can't withstand the world-destroying thunder catastrophe, and you can't even go there to seek death."

Chang'e bit her lip and said seriously,

"No, Sister Chang Xi, I feel it is impossible for Su Chen to die."

"Although I don't know Su Chen very well, that bastard doesn't look like someone who died young, and my soul keeps reminding me that this past time is an opportunity for me."

When Chang'e saw the world-destroying thunder tribulation appeared, her soul kept beating, and her soul even kept reminding her to save Su Chen, which made Chang'e very confused. Chang'e didn't know that her soul Why did she remind herself like this, but she didn't have a good feeling towards Su Chen at all.

That bastard not only spanked her, but he didn't even want to have too much communication with her.

Chang'e hated Su Chen very much, she This time, she was able to use Lingbao to help Su Chen because that bastard gave her the Sanguang Divine Water.

However, the constant beating of the soul reminded her that

Chang'e also decided to take a risk.

Chang Xi was a little bit confused after hearing Chang'e's words. I am confused,

Chang'e's spirit will actually remind Chang'e?

Su Chen is in very danger now.

How could Chang'e have a chance to be with Su Chen at this time? Can Su Chen escape death this time?

"then go for it"

"Well, Sister Chang Xi, if something happens to me, Taiyin Star will have to rely on my sister in the future."

"Alas, I know."

After Chang'e saluted Chang Xi, she looked at the Taiyin Star and disappeared.

Six Paths of Reincarnation.

Empress Pingxin shook her head when she looked at Su Chen.

Even she couldn't resist the world-destroying thunder catastrophe. Su That bastard Chen is really dead this time.

Jiufeng looked at the World-Destroying Thunder Tribulation and said with lingering fear, "Mother, Su Chen can't be saved."

Empress Pingxin shook her head and said helplessly,

"Yes, there is no way to save the world. This is the world-destroying thunder catastrophe. Even the saints have difficulty resisting the world-destroying thunder catastrophe. How could that little scum like Su Chen be able to withstand it?"

Jiu Feng reminded her after hearing what Ping Xin said, "Then why didn't the empress take back the Xuan Huang Measurement Ruler of Heaven and Earth? The World-Destroying Thunder Tribulation can destroy the Xuanhuang Heavenly Ruler of Heaven and Earth."

"If they cannot be taken back, the spirit treasures will be disconnected from their respective owners during this thunderstorm. Only Su Chen can control those spirit treasures now. We, the owners of the spirit treasures, have no way to control the spirit treasures now."

Jiu Feng thought of the spiritual treasures around Su Chen.

She shook her head and said regretfully, "One acquired treasure and eight top-quality innate spiritual treasures are going to be buried with Su Chen. That bastard Su Chen is a harm to others. Refined"

"A spiritual treasure is not.....Huh? Guanyin Bodhisattva and the Queen Mother actually risked their lives for Su Chen?"

Empress Pingxin suddenly discovered that

Guanyin Bodhisattva and Queen Mother appeared one after another beside Su Chen.

Don't those two women want their lives?

No one can resist the thunder catastrophe of world destruction. No matter how many people are attacked, they will die, and even their souls will be completely wiped out.

"Madam, look, Holy Mother Wudang, Holy Mother Golden Spirit, and Fairy Yunxiao all appeared next to Su Chen. Are those women willing to die?"

Chapter 1794

At this time,

Jiu Feng discovered that the Wudang Holy Mother and the Golden Spirit Holy Mother who had intercepted the teachings, and the Yunxiao Fairy all appeared next to Su Chen.

This made her feel very incredible.

What is the relationship between Su Chen and those women? Why would those women risk their lives for Su Chen?

Empress Pingxin first saw the Queen Mother arriving at Su Chen's side, then Our Lady of Wudang and Golden Spirit, and Fairy Yunxiao also came to Su Chen's side.

What now?

Even the Queen Mother of the West, who had always been reclusive, appeared next to Su Chen, which made Empress Pingxin confused.

"The Queen Mother of the West actually came to Su Chen. What charm did Su Chen have? Why do these powerful people have to protect that bastard regardless of life and death?"

Jiu Feng looked at the women and said doubtfully, "Madam, I don't know this either. I've only met Su Chen once. There doesn't seem to be anything special about that bastard."

"Huh? Chang'e from Taiyin Star actually came to Su Chen's side. Didn't Chang'e have a normal relationship with Su Chen?"

"Well, Chang'e has a normal relationship with Su Chen. The last time Chang'e asked Su Chen for the Three Light Divine Water, Su Chen didn't give it to Chang'e. I don't know how Chang'e passed away without her life."

Ping Xin rubbed his forehead and said speculatively, "Why do I feel that something is wrong about this matter."

Jiu Feng looked at Empress Ping Xin in surprise, and she asked doubtfully, "Empress, do you mean that Su Chen and those women will not die under the thunder catastrophe that destroys the world?"

Empress Pingxin shook her head and said, "I can't say for sure. I can't see through that bastard Su Chen. Logically speaking, no one can withstand the world-destroying thunder catastrophe, but I can't say that about that bastard."

"Madam, why don't I go over and take a look?"

"Jiu Feng, if you fall under the world-destroying thunder tribulation, you will not even be able to save your soul. If you die under the world-destroying thunder tribulation, you will really fall completely. Jiu Feng, you will not even have the chance to be reincarnated."

"I'm not afraid, empress. I should have died when I was the Three Sovereigns and Five Emperors. If I hadn't believed in the Human Emperor Zhuan Xu, the remaining Wu Clan would not have suffered heavy casualties. I am still alive and ashamed of those dead Wu Clan."

Every time Jiufeng thinks about the scene during the Three Sovereigns and Five Emperors, she feels very uncomfortable.

The deception of the Human Emperor Zhuanxu caused the Wu Clan to suffer disaster after finally developing, and even had to retreat into the Six Paths of Reincarnation to let Ping Xin Empress shelter

"well! Jiufeng, go ahead. If Su Chen doesn't die, this may be your chance."

"Yes, empress!"

Sea of Blood,

Ancestor Minghe shrank his head when he saw the world-destroying thunder tribulation.

The world-destroying thunder tribulation, even the scum he would have been destroyed in the past, would not be left. I am afraid that even a saint would not dare to Facing the world-destroying thunder catastrophe, that little bastard Su Chen was dead this time.

However,

Patriarch Styx suddenly saw the Queen Mother and Guanyin Bodhisattva, even the Wudang Holy Mother and the Golden Spirit Holy Mother, Yunxiao, Chang'e, and the Queen Mother of the West appeared one after another. It was next to Su Chen.

This made him feel very surprised.

Are these powerful people not willing to die? Can they withstand the world-destroying thunder tribulation?

The ancestor of Styx looked at Su Chen with a complicated expression.

He was a little admired now. This little monk, the great powers of Guanyin Bodhisattva were able to save Su Chen regardless of life and death. This would never happen in the prehistoric fairyland.

Even though they knew that they would not survive the world-destroying thunder tribulation, these great powers still appeared in the world. He came to Su Chen's side.

Ancestor Minghe really couldn't see through that little monk Su Chen.

"Alas, if I were in Su Chen's dangerous situation, would someone come to save me regardless of life or death?"

Heaven, in the Lingxiao Palace,

"Ha ha....."

The Emperor Haotian laughed loudly when he saw the appearance of the world-destroying thunder tribulation. It was absolutely impossible for Su Chen to survive the appearance of the world-destroying thunder tribulation.

When the world-destroying thunder tribulation came down, Su Chen might come to ashes. It's impossible to stay.

Suddenly,

Emperor Haotian saw Guanyin Bodhisattva and the Queen Mother. They appeared next to Su Chen one after another.

This made him very surprised.

"How can it be? Avalokitesvara Bodhisattva, the Queen Mother, Our Lady of Wudang, Our Lady of Golden Spirit, Fairy Yunxiao, Chang'e, Queen Mother of the West, and even the Nine Phoenixes of the Witch Clan, are they all willing to die?"

The face of Emperor Haotian is very ugly.

These women are all powerful quasi-sages.

Some of them are not even his opponents.

But why do these powerful quasi-sages want to die with Su Chen? That bastard Su Chen
What's so good about it? Are these powerful quasi-sages crazy?

At this moment,

Su Chen looked at the women who appeared next to him one after another in confusion.

Su Chen originally saw the 81st thunder tribulation, but he He was ready to give up
resisting the trap.

There was no way he could withstand the 81st thunder tribulation. Even if all the spirit
treasures were not damaged, all the spirit treasures would not be able to withstand the
thunder tribulation that destroyed the heaven and earth.

However,

Guanyin

Su Chen was very moved by the arrival of women like Bodhisattva , but he was already
powerless.

After the World-Destroying Thunder Tribulation gathered together and descended, he
might be killed by the World-Destroying Thunder Tribulation and no one left behind.
These women's I'm afraid I won't be able to escape death when I arrive.

Guanyin Bodhisattva grabbed Su Chen's waist and cursed angrily,

"Su Chen, you bastard, do you know that there is such a thing as overcoming the
tribulation? Who told you that there are only thirty-six thunder tribulations to overcome
tribulations?"

"Isn't it the thirty-six thunder tribulations to overcome the tribulation?"

Su Chen was stunned when he heard Guanyin Bodhisattva's words, and the women around him wanted to beat him when they saw him. Su Chen felt that there might be more than thirty-six thunder tribulations to overcome.

The Queen Mother looked at Su Chen and explained angrily, "You idiot, thunder tribulations are divided into three-nine thunder tribulations, six-nine thunder tribulations, and nine-nine thunder tribulations. The tribulation you have overcome is nine-nine and eighty-one thunder tribulations."

Our Lady of Wudang grabbed Su Chen's ear and cursed,

"You have survived a calamity and still dare to scold Heaven. Are you a bastard tired of living? The Purple Sky Divine Thunder and the current world-destroying thunder tribulation are all the consequences of your insulting and provoking the heaven."

What the hell!

Is there such a thing as overcoming tribulations?

In cultivation novels, isn't there only thirty-six thunder tribulations for overcoming tribulations?

Damn it, it's over now.

Su Chen even has the heart to die now.

It turns out that all this It's all his own fault.

Insulting Tiandao?

Provoking Tiandao?

Thinking about what he did before, Su Chen regretted it very much.

Su Chen always thought that Tiandao had discovered that he was a stowaway and an anomaly, so Lei Jie showed up without his life. To destroy himself, he didn't know that the thunder tribulation was divided into three, six and eight nine.

Su Chen looked at the women with a complicated face and said,

"You shouldn't have come, you can't break into the tribulation. Not only can't you save me now, but you may also fall under the world-destroying thunder tribulation."

Chapter 1795

Su Chen was also extremely worried about the arrival of these women.

Dujie couldn't help him at all, and these women came to him regardless of life or death.

Lei Jie didn't care whether these women were irrelevant people. As long as they got involved, Lei Jie would The tribulation is an indiscriminate attack.

The world-destroying lightning catastrophe is simply not something that these women can withstand, and these women will probably be annihilated together with him.

The Queen Mother gave Su Chen a white look and said speechlessly,

"What's the use of talking about this now? I arrived with no intention of leaving alive."

Our Lady of Wudang glared at Su Chen and reminded Su Chen, "Su Chen, you bastard owe me a favor. If you don't die this time, you must return the favor to me."

"And us, you must return the favor to us too." Our Lady of Jin Ling pulled Yun Xiao and said to Su Chen with a smile.

Our Lady of Jin Ling and Yun Xiao were also very helpless towards Su Chen.

They couldn't understand why they came to this place of death, but Our Lady of Wudang came to Su Chen regardless of all costs. Chen's side.

Whether they were doing it for Wudang Madonna or they wanted to save Su Chen in their hearts,

Golden Spirit Madonna and Yunxiao Fairy also came to Su Chen's side by chance.

"We are all going to die, and we still need this shitty favor."

Su Chen was very speechless when he heard the words of the women.

If the world-destroying lightning disaster came,

Su Chen and these women would be shattered to pieces in an instant, and even their souls might be completely annihilated.

Our Lady of Wudang and The Holy Mother of the Golden Spirit and Fairy Yunxiao wanted to strangle this bastard to death when they heard Su Chen's words. They were just looking for an excuse.

Don't they know that this is the world-destroying thunder tribulation? The world-destroying thunder tribulation is simply not something they can withstand. Really?

Su Chen smiled when he heard Sister Wudang's words.

He looked at the cold and arrogant Queen Mother of the West beside him, and he hugged this beautiful beauty.

"Queen Mother of the West, you came to save me regardless of life and death, and even wanted to die with me. This moved me very much. If we are lucky enough to survive this time, I will definitely marry you."

Queen Mother Xi's face turned dark when she heard Su Chen's words.

She felt that it was a mistake to come to save this bastard.

Queen Mother Xi didn't know why she came to this bastard. She just saw the world-destroying thunder tribulation appeared, and she didn't even think about it. She hurriedly came to this bastard.

Now she thought about it and felt very speechless.

Su Chen was destined to die in the face of the world-destroying thunder catastrophe.

How could she die with this bastard? Queen Mother Xi couldn't explain it in her heart.

Queen Mother Xi's face was crimson. Staring at Su Chen and shouting,

"Let me go, do you want to die?"

Su Chen hugged Queen Mother Xi's soft body tightly and said, "We are all going to die, just let me hug you."

"You are so shameless!"

The Queen Mother of the West was also helpless.

She looked at the smiles of the women next to her. She didn't care about this bastard hugging her.

These women will die together with Su Chen this time.

For tens of millions of years, the Queen Mother of the West has been living cautiously. , I didn't expect that I would die for this bastard this time.

Su Chen was very confused when he looked at Chang'e and Jiufeng while holding the Queen Mother of the West. The arrival of women like Guanyin Bodhisattva and the Queen Mother made sense. After all, they had a good relationship with him.

But Chang'e and Jiufeng have nothing to do with each other. How could these two beauties ignore life and death?

Su Chen smiled and asked Chang'e and Jiufeng, "Chang'e, Jiufeng, are you also fascinated by me?"

"Shameless pervert!"

"I'm so obsessed with you!"

Chang'e and Jiufeng were very ashamed and angry when they heard Su Chen's words.

This bastard was about to die, but he still looked like he needed a beating.

They couldn't help but want to beat this bastard hard while he was still alive. once

"Ha ha....."

Su Chen looked at the women and laughed, even crying.

These women were able to save him regardless of life and death, which made Su Chen very happy.

However, he also felt very guilty in his heart.

He didn't want these women to die with him. This was the world-destroying thunder tribulation. Su Chen and these women simply couldn't withstand the world-destroying thunder tribulation. Guanyin Bodhisattva If these women died, their souls would be shattered and they would not even have a chance to be reincarnated.

"Suchen?"

Guanyin Bodhisattva felt very sad when she heard Su Chen's laughter.

She knew why Su Chen laughed like this.

Su Chen must have been desperate, and even felt guilty for hurting these women.

Su Chen let go of the Queen Mother of the West,

His eyes were a little blurry, so he hugged Guanyin Bodhisattva, and then hugged the Queen Mother, Wudang Madonna, Jinling Madonna, Yunxiao Fairy, Chang'e Fairy, and the Great Witch Jiufeng one by one. These women could come to him regardless of life or death, or even decided to live and die with him,

Su Chen didn't care who these women were before and what their purpose was.

Are they plotting against themselves?

Or are they asking for themselves?

None of this matters anymore.

From now on, these women can die with him. , Su Chen had already accepted these women in his heart.

When Su Chen hugged the Queen Mother and other women, Guanyin Bodhisattva, the Queen Mother, Wudang Holy Mother, and the Queen Mother of the West, none of them objected. They all hugged Su Chen generously. , this may be their last hug.

As for Jinling Virgin Mary and Yunxiao Fairy, although they frowned when Su Chen hugged them, they also accepted Su Chen's hug.

Chang'e and Jiufeng were relatively angry,

When Su Chen hugged them,

Chang'e and Jiufeng struggled in shame and anger, and even pinched Su Chen's arms and waist.

"Guanyin, Wudang, you have to take care of my family for me from now on."

After Su Chen hugged several girls one by one, he asked Guanyin Bodhisattva and Our Lady of Wudang to take care of his family in the Shenyi Continent.

He can't go back to the Shenyun Continent, and he can't go back to the Tianxuan Continent either.

Yan It is impossible for him to see the concubine, Ji Ruxi, the ladies, and even his daughters Su Yan and Su Yue.

Su Chen looked at the women around him and prepared to send them away.

These women cannot die here.

This is His calamity,

Su Chen will not let these women who have sacrificed everything for him die with him.

"Su Chen, what are you going to do?"

"You must not do anything stupid. With so many of us, maybe we can withstand the world-destroying thunder tribulation?"

Guanyin Bodhisattva and Our Lady of Wudang became anxious when they heard Su Chen's words.

They felt that Su Chen might do something.

Although the world-destroying thunder tribulation was not something they could withstand, Su Chen's words made them feel very bad..

The other daughters of the Queen Mother and the Queen Mother of the West also looked at Su Chen.

They also felt that what might Su Chen do?

Otherwise, this bastard would not be able to act like he was arranging funeral arrangements.

Su Chen began to gather mana, the law of space!

Su Chen If Chen explodes the law of space, he may be able to send these women to escape from the world-destroying lightning tribulation.

"None of you can die here. I will send you all away in a while. I can die, but I will not watch you die with me."

Chapter 1796

Guanyin Bodhisattva and the Queen Mother were beside Su Chen. They all felt that Su Chen was gathering his power. Coupled with what Su Chen said just now, they all guessed what Su Chen was going to do.

This made them all nervous.

The Wudang Virgin and the other girls also looked at Su Chen in surprise.

Is Su Chen trying to free them from the lock of the world-destroying thunder?

But does Su Chen have this ability?

Su Chen is just a little immortal, what ability does he have to send them away?

Boom boom boom boom.....

At this time,

Su Chen gathered more and more power, and the Space Law was also activated.

Su Chen's mana instantly gathered into the Space Law.

In an instant, the area was shrouded in blue by Su Chen's Space Law. The space is shining brightly.

Su Chen has not hidden the laws of space. It is impossible to hide the laws of space even if he wants to self-destruct.

"Queen Mother, take these spiritual treasures of yours back. Also, there are my men here, let them practice in the Peach Garden from now on."

At this time,

Su Chen took out all the spiritual treasures of the Queen Mother and the other girls, including the Heaven-Swallowing Mill Jar, Ghost Face Mask, Sea Ding Needle, Immortal Killing Sword, and the jade box used by Nie Xiaoqian for more than a hundred female ghosts to practice in seclusion. They were all handed over to the Queen Mother.

Lin Qing'er, Lan Yinciao, and even the incarnation of the ruthless empress, Su Chen, even the tears of the goddess around her neck were handed over to the Queen Mother.

These women, Su Chen, were all sealed up. Lin Qing It is impossible for the sons, daughters, and Nie Xiaoqian to know what is happening outside.

Su Chen did not want these women to die with him, so he handed them over to the Queen Mother. They could practice safely in the fairy world. The Queen Mother was stuffed into Su Chen's hands. Heaping Lingbao, she saw the abnormality of the Space Law again, which made the Queen Mother guess that Su Chen was going to self-destruct the Space Law to send them away.

"Su Chen, are you going to explode the laws of space? You can't do this. With so many of us together, we will definitely be able to withstand the world-destroying thunder catastrophe. Don't do anything stupid."

When the other girls heard what the Queen Mother said, they all looked at Su Chen in shock.

They didn't expect that Su Chen would explode the law of space, and that bastard would send them away.

They were all surprised by Su Chen's decision.

If Su Chen After self-destructing the laws of space,

Su Chen will probably die before the world-destroying thunder catastrophe.

"Su Chen, put away the laws of space. Even if you explode the laws of space, you won't be able to send us away. Put it away."

"Su Chen, we won't leave. Please put away your magic power quickly."

"Damn it, even if you send me out, I will come back again. This bastard should stop self-destructing the laws of space."

"When I arrived, I didn't want to leave alive. Su Chen, you just succeeded in sending me away. I will come again. Please stop self-destruction as soon as possible."

"My witch clan has enmity with the human clan. Su Chen, even if you send me out, I won't be grateful to you.".....

Guanyin Bodhisattva and Wudang Virgin Mother looked at Su Chen and shouted one after another.

They were all moved by Su Chen.

Some women who arrived rashly also recognized Su Chen, especially Chang'e and Jiufeng.

They were very impressed by Su Chen. They were not familiar with Chen at first, and even came with other purposes.

At this moment,

Su Chen was willing to send them away from this place of death regardless of life and death, which made them all recognize Su Chen.

Chang'e and Jiufeng now understand why women like Guanyin Bodhisattva and the Queen Mother risked their lives to save Su Chen.

If women like Guanyin Bodhisattva and the Queen Mother were in danger, Su Chen would probably save them without even thinking.

"Haha, it's too late. The laws of space will self-destruct and can't save you? Then let's self-destruct together with the law of time!"

Boom boom boom boom.....

At this time, in the blue space law, the green time law was also activated by Su Chen to self-destruct.

"Damn bastard, stop it."

When the Queen Mother saw that Su Chen was about to explode the Law of Time again, the Queen Mother yelled like crazy.

The other girls saw Su Chen displaying the Law of Time, which surprised them all.

Not only did Su Chen know the Law of Space, he even knew how to use it. There is the Law of Time.

Is this bastard a monster?

But now that Su Chen is forced to explode the Law of Space and the Law of Time, Su Chen may not have the chance to grow up.

"Heaven, do you want me to die? Today I will help you, blow it up for me!"

Su Chen didn't answer the Queen Mother. He looked into the air and shouted angrily,

"don't want!"

"Su Chen, stop it!"

"Su Chen, don't blow yourself up!"

"damn it!"

"Why is this happening!"

"This bastard!"

Guanyin Bodhisattva and Our Lady of Wudang shouted after hearing Su Chen's words.

They all began to despair.

Su Chen had already begun to self-destruct, and they could not stop it now.

Boom boom boom.....

The blue law of space and the green law of time, at this time, powerful auras erupted one after another, and waves of huge and terrifying roars continued to sound, and at the core of the space law and the time law, a huge terrifying energy came out. About to explode.

Su Chen looked at the women Guanyin Bodhisattva and Our Lady of Wudang in the air.

He waved his hands to them and shouted hoarsely,

"Bye now!"

"burst! burst! burst!"

"Time pauses!"

"Space moves!"

Whoosh!

A green and a blue light flashed past, and the Guanyin Bodhisattva and the Queen Mother and the Queen Mother below Su Chen disappeared in an instant.

Boom!

In an instant, a heaven-destroying explosion sounded, and the entire prehistoric fairyland was shaken. It shook, and a crack was torn in the sky. The earth shook, the mountains shook, and the huge waves rolled. The prehistoric land looked like the end of the world. The mountains collapsed, the sea water poured in, and the prehistoric land was full of doomsday scenes.

Heaven, Women such as the

Queen

Mother and Guanyin Bodhisattva appeared in the Peach Garden one after another.

After they discovered that they had appeared in the Peach Garden, women such as Guanyin Bodhisattva quickly looked in the direction of Su Chen.

However, where Su Chen was The space was hazy, a doomsday-like scene, and even powerful experts like them could not see where Su Chen was.

"No, Su Chen will not die!"

"Let's go find that bastard"

"We can't go there. I just felt it. That space seems to be isolated. We can't find the coordinates at all."

"Damn it, that bastard Suchen is really damned, why did he send us away? Why?"

"Su Chen won't die. We'll go find that bastard as soon as the space stabilizes."

Women such as Guanyin Bodhisattva and the Queen Mother originally wanted to find Su Chen again, but the space where Su Chen was located has been isolated. It is impossible for them to get there without coordinates.

Chapter 1797

In the prehistoric fairy world, whether it is the human world or the fairy world, countless people and immortals, demons are frightened and trembled by this doomsday scene, the aura that destroys the heaven and the earth, a big crack breaks in the air, and even glows with blood red in the dark night. Sky.

This made all the creatures in the wilderness lie on the ground in panic.

At this moment, in the chaos, six figures appeared in the sky above the prehistoric fairyland.

They all took action to stabilize the prehistoric fairyland, and the cracks in the sky were quickly repaired by these six figures.

In the prehistoric fairy world, the quasi-sage powerful men all looked at all this in bewilderment.

Su Chen's self-destruction method also wanted to save the Queen Mother and other women. This made these powerful men admire Su Chen very much.

But when Su Chen self-destructed the law of space and the law of time, the quasi-sages in the prehistoric immortal world were shocked.

This is the law of space and the law of time!

Ninety percent of these great powers have no laws of cultivation, but Su Chen actually knows the laws of space and time.

This is the top ten law among the laws of chaos,

Su ChenyiThe little monk who has just become an immortal can actually master two powerful laws. They, the great masters, feel that they have lived like a dog for so many years.

"A creature with great potential has died."

"The law of space, the law of time, well, if this grows up, there will probably be one more saint in the prehistoric era. It's a pity, it's a pity."

"You monster, you have just become an immortal and you control the two great laws. I am afraid that heaven will not allow the existence of such a monster."

"The human race is really an outstanding person. It's a pity that if Su Chen grows up, even the human emperor of the human race can't compare with him."

"The second-in-command in Heaven has fallen, and there may be changes in Heaven in the future."

The great masters in the prehistoric fairy world all feel sorry for Su Chen's death.

As for whether these great masters will take pleasure in others' misfortune,

I'm afraid only Heaven knows.

Boom boom boom.....

At this time, there were several more huge roars in the air, and then, blood rain began to rain in the sky, and blood-red rain continued to fall from the sky.

"Heaven cry? How can this be? Su Chen was not a saint at all. How could the sky cry when Su Chen died?"

"Monster, Su Chen's death has shocked the heavens. What is Su Chen's background?"

"Impossible, Su Chen is just a little immortal, how could he cry from the sky?"

"The scene of the saint's fall has appeared. Can Su Chen be comparable to the saint?"

"It's unbelievable, the heavens resonated with Su Chen, and even rained blood. Could it be that Su Chen was a destined saint?"

After the powerful people in the ancient immortal world discovered that there was a rain of blood in the sky, they were even more shocked.

Su Chen was a small human immortal. Even if the human emperor fell, he would never cry. All the powerful experts like him have guessed about Su Chen's identity.

"Suchen!"

The Queen Mother saw blood rain falling from the sky, and she collapsed on the ground.

Heaven rained blood for Su Chen's death. Su Chen may have really fallen.

Guanyin Bodhisattva looked at the blood rain falling in the sky. , she cried out sadly,

"Really dead? Impossible, how could that bastard die?"

The Holy Mother of Wudang murmured to herself in despair, "Fell, Su Chen has really fallen. That bastard, that bastard hasn't done what he promised himself, how come he fell?"

"Su Chen, don't you want to marry me? How did you fall? Don't you mean what you say?"

The Queen Mother of the West kept saying with dull eyes.

Su Chen was the first person who made her feel special. She didn't even think that even Prince Dong gave her such a feeling.

But why did that bastard fall?

The other girls also Looking at the rain of blood falling in the sky, everyone is very sad.

Su Chen is unwilling to implicate them until his death.

He even does not hesitate to self-destruct the two great laws to save these women. They are all very sad about Su Chen's death.

In the Taiyin Star ,

Chang Xi saw the rain of blood falling in the sky, she shook her head and sighed,

"Alas, he still died, but Su Chen was kind and righteous. He rescued all those women before he died. It was a bit ridiculous that a little human immortal actually rescued eight powerful quasi-sages."

Chang Xi was also very shocked by Su Chen's potential.

The laws of space and time are the most powerful laws of chaos.

If Su Chen could grow up without falling, even a saint would not dare to underestimate Su Chen..

In the Six Paths of Reincarnation,

Empress Pingxin shook her head with a complicated expression.

"Still fell."

Empress Pingxin admired Su Chen very much for rescuing the women of Jiufeng in the end, especially Su Chen's words of self-destruction at the end, which reminded her of the scene of the prehistoric lich war, the ancestral witch of the witch clan, the demon clan The Demon Emperor, they all self-destructed one after another in the final battle between the lich and the demon emperor. However, the Ancestral Witch and the Demon Emperor were not as cool as Su Chen's self -destruction. Su Chen expressed his unwillingness to the way of heaven very vividly.

He just self-destructed to send those women away. , Su Chen just didn't want the heavenly world-destroying thunder to destroy those women.

In the sea of blood,

Ancestor Minghe looked at the rain of blood falling in the air, and he said incoherently in shock,

"That boy.....That boy.....well! It's a pity that he died in the end."

Ancestor Styx didn't expect Su Chen's potential to be so great. The laws of space and time are much more powerful than his killing laws.

Ancestor Styx admired Princess Iron Fan very much, but God is jealous of talents,

Su Chen finally fell.

In the Heavenly Court, in the Lingxiao Palace,

Tian Dao Haotian laughed when he looked at the rain of blood falling in the sky,

"Ha ha....., is finally dead, that little monk is finally dead, and no one can threaten his position in the future."

The Heavenly Emperor Haotian was also very frightened of Su Chen.

The law of space and the law of time.

A little monk actually controls two great laws.

This is still the most powerful bastard law.

If Su Chen grows up, he, the Emperor of Heaven, will have to do it even if he is not abolished. Destroyed.

In the sky, the huge yin and yang eyes in the sea of thunder have not retreated.

If the yin and yang eyes were conscious, they would probably be very confused.

The world-destroying thunder tribulation has been gathered, and the people who have overcome the tribulation actually self-destructed. The world-destroying thunder tribulation is about to What to do?

Just bang bang?

In the chaotic space,

Su Chen touched his body in confusion at this moment.

"Holy shit, my body was destroyed? Is this the soul? Damn it, are you going to be reincarnated in the future?"

Chapter 1798

Su Chen looked at the surrounding environment and became even more confused.

The turbulence in this space was very large. If Su Chen was not careful, he would probably die.

Su Chen huddled in one place and checked his soul.

Suddenly,

Su Chen discovered that he could still use the laws of space and time.

This made Su Chen very surprised.

"Huh? How can the laws of space and time still be applied? Didn't he self-destruct the laws of space and time? What exactly is going on?"

"Ding, host, you really don't make people worry. I just fell asleep for a while, and you actually destroyed my body."

I guess!

The system didn't break and dissipate?

Are you considered dead?

Why hasn't the system broken and died?

Su Chen was confused again when he heard the system's words.

Su Chen thought that he died with his self-destruction, and the system I'm afraid it will also break and die, but why is the system still talking in my own mind?

"System, you didn't break and die?"

"Ding, host, fortunately you have become an immortal and have a soul, otherwise the system would probably be killed by you."

Su Chen coughed and teased after hearing the system's words,

"Ahem, system girl, please speak more civilly, why are you trying to kill me? Did I play with you?"

"Ding, host, you are a shameless pervert and an exhibitionist."

Damn it!

Su Chen suddenly discovered that he was naked in his soul state.

No wonder he felt something was wrong just now. It turned out that he had no clothes in his soul state.

Su Chen didn't understand whether it was because he had no body or because of his soul. The state of God is like this.

Su Chen hurriedly used the law of space to cover his body and said, "System, didn't my law of space and law of time detonate? Why can I still use it?"

"Ding, this is the system that helped the host leave the seeds of the law of space and the law of time. The host will have to practice the law of space and the law of time again in the future."

"That's it, thanks to the system"

"Ding, the host should not seek death at every turn in the future. This is a thank you to the system."

Su Chen shook his head in embarrassment.

This time he committed suicide.

Su Chen thought that there were only thirty-six thunder tribulations. He didn't know that thunder tribulations were also differentiated.

Su Chen's insults and provocations to seek death God's way, this is what happened.

"System, now I only have my soul left, am I going to be reincarnated?"

"Ding, wait!"

"wait? What are you waiting for? Can you explain the system more clearly?"

"Ding, host, your army is in Tianxuan Continent. It will take about another month to unify the Eastern Continent."

"After the Eastern Continent was unified"

"You will completely rule the Tianxuan Continent, and your Human Emperor destiny will be completely activated. At that time, the system can use your national destiny and Human Emperor destiny to help the host recover."

Su Chen understood after hearing the system's explanation.

Tianxuan Continent was going to be unified?

This made Su Chen not expect it to be so soon.

However, the time for Tianxuan Continent's unification was just right this time.

Otherwise, he might really If it's too bad to go back to reincarnation, the trial of Journey to the West will also be declared a failure.

Su Chen figured it out and said

"About a month? That was only an hour or two in the ancient immortal world, and I could really afford to wait."

At this moment,

Sun Wukong and the four masters and disciples of Tang Sanzang emerged from a ruins in tatters. The shock in the ancient fairy world also caused them to suffer a lot.

"Brother Monkey, Su Chen is really dead, and the heavens are crying for Su Chen's death."

Zhu Bajie came out of the ruins and looked at the rain of blood falling in the sky. He was surprised and said to Sun Wukong,

"If he is dead, Su Chen may not even be able to survive."

Sun Wukong feels a little sorry for Su Chen's death.

Su Chen can be considered his old friend.

Su Chen's self-destruction just now made him admire him very much.

In order not to implicate those women, Su Chen would rather self-destruct his law. We must also save those women.

Sun Wukong is not as good as Su Chen.

He has been pressed under the Five Elements Mountain for five hundred years, but except for Su Chen, no one has seen him.

If Su Chen was pressed under the Five Elements Mountain,

These women of Su Chen would probably go to save him immediately.

This is really like people with different fates!

It's a pity!

Su Chen's dead body has no bones left.

When Tang Sanzang heard Sun Wukong's words, he immediately said in the name of Buddha,

"Amitabha, the divine general of Yaochi still has not survived the catastrophe, how good is it! How good!"

Zhu Bajie patted the dust on his body and shouted,

"Master, Su Chendu is facing a catastrophe that not even the Tathagata Buddha dares to cross. It is a world-destroying thunder catastrophe that no one in the prehistoric fairy world dares to cross, not even the saints coming from the chaos dare to cross it."

Sun Wukong suddenly saw that the yin and yang eyes in the sea of thunder were still there, and even the terrifying world-destroying thunder tribulation had not dissipated.

This made Sun Wukong asked in surprise, "That's not right, Bajie, why hasn't the world-destroying thunder tribulation in the sky still happened? dissipate? Isn't Su Chen dead? Who else will be destroyed by the world-destroying thunder tribulation?"

"yes! Su Chen is already dead. The world-destroying thunder catastrophe should dissipate. Is Su Chen not dead yet?"

Zhu Bajie also looked at the world-destroying thunder tribulation in the sky in surprise.

Logically speaking, the thunder tribulation should dissipate after the person who survived the tribulation died.

Why is the world-destroying thunder tribulation still there?

Monk Sha said with a serious face, "Elder brother, Second Senior Brother, I'm afraid that Yaochi Divine General is really not dead. Sun

Wukong shook his head and said in disbelief, "This is impossible. The power of Su Chen's self-destruction is very huge. It is impossible for Su Chen to survive such a powerful self-destruction.""

"What if? Brother Monkey, what if Su Chen has a way to save his life?"

"Then let's wait and see. If the world-destroying thunder tribulation dissipates after a while, it means that Su Chen is dead. If the world-destroying thunder tribulation still doesn't dissipate, it means that that bastard Su Chen is really not dead."

"Yes, Not Bad!"

At this time, the powerful people in the prehistoric world also discovered that the world-destroying thunder catastrophe has not dissipated.

This made the powerful people in the prehistoric fairyland very confused.

Su Chen has fallen, why did the yin and yang eyes in the thunder sea not dissipate? The world-destroying thunder catastrophe has not dissipated. It has not dissipated. Is Su Chen not dead yet?

"Oh dear, didn't Su Chen die when he self-destructed just now?"

"Monster, the powerful self-destruction just now would kill even a quasi-sage, but Su Chen didn't die from self-destruction?"

"The God General of Yaochi is indeed the God General of Yaochi. In the realm of human immortals, he can do such earth-shattering things. If the God General of Yaochi grows up, Emperor Haotian will probably abdicate in favor of others."

"After self-destructing the two laws of chaos, Su Chen hasn't fallen yet? This is really a monster!"

The great powers in the prehistoric fairy world were very shocked that the world-destroying thunder tribulation has not dissipated.

This means that Su Chen has not fallen.

If Su Chen fell, the world-destroying thunder tribulation will not dissipate." It should have dissipated long ago. In the peach garden in the heaven , Guanyin Bodhisattva suddenly discovered that the yin and yang eyes in the thunder sea showed no sign of dissipating, and even the world-destroying thunder tribulation showed no sign of dissipating. Guanyin Bodhisattva hurriedly shouted to the girls,

"Su Chen has not fallen yet. You see, the yin and yang eyes in the thunder sea are still there, and the world-destroying thunder catastrophe has not dissipated. Su Chen has not fallen, so that bastard must still be alive."

Chapter 1799

In the Peach Garden, other sad women heard Guanyin Bodhisattva's words. They hurriedly looked at the Yin-Yang Eyes and the World-Destroying Thunder Tribulation in the sea of thunder in the sky. After they discovered that the Yin-Yang Eyes and the World-Destroying Thunder Tribulation were still there, these The women's faces showed joy

"Su Chen did not die"

"Yes, if Su Chen died, the world-destroying lightning disaster should have dissipated. That bastard did not die."

"hehe....., that shameless bastard did not die after all"

"So what are we waiting for, hurry up and save that bastard!"

"Jiufeng, wait, Su Chen hasn't appeared yet, we can't be reckless. If we appear again under the world-destroying thunder tribulation, not only will we not be able to save Su Chen, but we may also be struck to death by the world-destroying thunder tribulation."

"Yes, we will take action after Su Chen appears!"

"Well, we can't rush there. If Su Chen has any plans, we may mess up Su Chen's plan."

The Queen Mother and the Wudang Virgins were happy that Su Chen did not die, but they did not dare to go to find Su Chen rashly.

Su Chen could still be alive under the law of self-destruction. They also wanted to see Su Chen appear again before doing anything. Plan.

In the prehistoric fairy world, the sky has already brightened, but the strange phenomena of heaven and earth in the sky are still there, the blood-red sky!

The blood rain is still falling, the roar of thunder in the thunder sea, the indifferent and merciless punishment of heaven The yin and yang eyes make all the creatures in the prehistoric fairy world uneasy.

The creatures in the prehistoric fairy world don't know why heaven is angry.

The same vision of the end makes all the creatures in the prehistoric world panic and don't know what to do.

In the air The terrifying and huge Heavenly Punishment Yin and Yang Eyes in the Thunder Sea have been mercilessly watching the space where Su Chen exploded. The World-Destroying Thunder Tribulation keeps rolling and roaring in the air. The

World-Destroying Thunder Tribulation is also very innocent.

It just wants to destroy a creature that insults the way of heaven. , but it exploded before it could chop down the creature.

The world-destroying thunder tribulation has been gathered, and it will probably take several days to dissipate. After all, the world-destroying thunder tribulation is different from ordinary thunder tribulations.

At this moment,

Su Chen is where The chaotic space calmed down, and Su Chen's soul was slowly inspected by the great powers in the wilderness.

"Suchen? Su Chen only has his soul left?"

"well! Su Chen is probably going to be doomed now. The World-Destroying Thunder Tribulation is going to destroy Su Chen's soul!"

"It turns out that the World-Destroying Thunder Tribulation has been waiting for Su Chen's soul to appear."

"The divine general of Yaochi will probably fall in the end."

"Su Chen only has his soul left. It stands to reason that the tribulation has failed. Why would the world-destroying thunder catastrophe destroy even Su Chen's soul?"

"Insulting the law of heaven, provoking the law of heaven, and Su Chen's incomplete fall, where is the majesty of the law of heaven? The law of heaven cannot be insulted!"

After the great powers in the prehistoric fairy world discovered Su Chen's soul, these great powers were surprised and sighed and said that the way of heaven cannot be insulted.

Su Chen not only insulted the way of heaven, but even provoked the way of heaven. I am afraid that the world-destroying thunder catastrophe will be Even Su Chen's spirit will not be spared.

Boom boom boom.....

The yin and yang eyes of heaven in the sky also discovered Su Chen's soul, and the ruthless and indifferent yin and yang eyes immediately looked down at Su Chen.

The roaring sound of the World-Destroying Thunder Tribulation became more and more powerful, but the World-Destroying Thunder Tribulation did not strike for a long time.

The world-destroying thunder tribulation was also very confusing.

Su Chen only had his soul left.

Is this considered a failure to overcome the tribulation?

Then should we continue to chop it down?

It's a pity that the World-Destroying Thunder Tribulation has no thoughts, and at this moment it can only roar and wait for the instructions of the Yin and Yang Eyes of Punishment.

After Su Chen calmed down in the chaotic space, he found that the Yin and Yang Eyes of Heavenly Punishment in the sky were looking down at him mercilessly.

This made Su Chen worried.

The Tianxuan Continent had not yet been unified, and the system could not use the fate of the country and the fate of the Emperor to help him recover. If his body is struck down by the World-Destroying Thunder Tribulation, then he will be finished.

Huh? its not right!

Are you considered dead?

Does that mean that he failed to overcome the tribulation?

The world-destroying thunder calamity should dissipate!

Su Chen suddenly thought that he should be considered a dead person now.

What kind of disaster can a dead person survive?

Heaven should sentence Su Chen to failure in overcoming the catastrophe, and the terrifying world-destroying thunder catastrophe in the sky should also dissipate.

Su Chen thought for a moment and shouted into the air,

"Heavenly Dao, I am already dead and have failed to transcend the tribulation. You should take back the world-destroying thunder tribulation!"

Boom boom boom.....

Above the nine heavens, a terrifying roar rang out, and the creatures in the entire prehistoric world were suffocated by the terrifying aura. Some ordinary prehistoric creatures were forced to kneel on the ground.

Then, a huge, cold eye appeared above the sky,

"The way of heaven, the way of heaven has appeared!"

"Oh my God, what on earth is Su Chen going to do? Why did you even provoke the law of heaven?"

"Heavenly Dao has never appeared since the Lich Catastrophe. A little human immortal actually provoked Heavenly Dao."

"With the appearance of Heavenly Dao, I don't know whether to punish Su Chen or let Su Chen go?"

"It should be to destroy Su Chen. After all, Su Chen insulted Tiandao and even provoked Tiandao."

"You say that the Heavenly Dao that appears today is the Dao Ancestor? Or the way of heaven?"

"Not sure!"

"have no idea!"

In the prehistoric fairy world, after the Eye of Heavenly Dao appeared, these great experts started talking one after another. Heavenly Dao has not appeared for tens of millions of years. None of these powerful people thought that a little human immortal would provoke Heavenly Dao..

In the Pantaoyuan, when the Queen Mother and the Guanyin Bodhisattva found Su Chen, they were all ready to go there, but the appearance of Tiandao made them all worried.

"Heaven has appeared. That bastard must stop talking nonsense."

"If Su Chen dares to provoke Heaven again, and Heaven will not send down a world-destroying thunderstorm to kill Su Chen, I will also strangle that bastard to death."

"I don't know if the appearance of Heavenly Dao is a good thing for Su Chen? Or is it a bad thing?"

"What Su Chen said just now seems to be correct. Su Chen has fallen now. Logically speaking, heaven should not continue to send down thunder and disasters that will destroy the world, right?"

"Chang'e, that bastard Su Chen insulted and provoked Tiandao. Even if Su Chen had his soul left, Tiandao might not be able to let Su Chen go."

"Alas, I will go there later. If Heaven insists on destroying Su Chen, then I will save Su Chen even if I die."

"me too!"

"We'll go together when the time comes."

The Queen Mother and the daughters of Guanyin Bodhisattva looked at Tiandao who appeared.

They also said one after another that if Tiandao insisted on destroying Su Chen's soul, they women would go to save Su Chen even if they fell.

At this moment,

Su Chen looked at Tiandao Eye, and then looked at the Eye of Punishment. Su Chen felt that what appeared above the nine heavens should be the way of heaven, and what appeared in the sea of thunder in the sky should be the Eye of Punishment.

"Tiandao, I am dead and the tribulation is over. Shouldn't it be time to put away your Eye of Punishment and the World-Destroying Thunder Tribulation?"

"no!"

Chapter 1800

Above the nine heavens, a majestic voice reached the ears of all the creatures in the prehistoric world.

This made all the creatures in the prehistoric world look at the sky in horror.

Although the ordinary creatures in the prehistoric fairyland did not know what big thing happened, the way of heaven The sound just now made the ordinary creatures in the prehistoric fairyland very panic.

Damn it!

Is Tiandao going to kill him again?

Doesn't this violate the rules?

He is dead, and his attempt to transcend the tribulation has failed.

Why doesn't Heaven let go of his soul?

When Su Chen heard Tiandao's response, his face immediately darkened.

He looked at the ruthless and indifferent eyes above the sky, and Su Chen clenched his fists tightly.

Su Chen's face kept changing.

One moment he was angry, the next he was smiling, and the next he was indifferent.

Su Chen patted his face and said to himself,

"Calm down, calm down, don't provoke Tiandao again, no matter what. If you provoke Tiandao again, you will really be finished. You must calm down this time."

All the powerful people in the Great Desolate Immortal World were watching Su Chen closely.

Su Chen's soliloquy just now was heard by all the powerful people in the Great Desolate Immortal World, which made those powerful people stunned. Looking at Su Chen, Su Chen's funniness made these great experts dumbfounded.

"Damn you bastard, are you trying to make me laugh to death?"

"Ha ha....., Junior Sister Wudang Holy Mother, I really have nothing to say to Su Chen. That bastard is still thinking of provoking Heaven at this time."

"Senior sister, isn't Su Chen trying hard to restrain himself?"

"Yunxiao, I'm afraid that bastard will really challenge Tiandao again."

"Su Chen, this bastard, it's time now, he must calm down"

"Yes, Su Chen is not like the human race at all. He is just like our Wu clan. He dares to think, speak and do. I really admire Su Chen."

"Jiufeng, what are the consequences of daring to think, speak, and do? That's a place of death without burial"

"Okay, everyone, stop talking, let's see what that bastard is going to do."

In the Pantaoyuan,

Guanyin Bodhisattva and the Queen Mother also heard Su Chen's words. They all knew that Su Chen was trying to restrain himself.

Several of the girls also knew about Su Chen's temper. They were all worried that Su Chen could not control it. Don't stop yourself from provoking Heavenly Dao again.

In the air,

Su Chen's soul looked at the giant eyes of Heavenly Dao above the nine heavens and felt very helpless.

What to do?

It seems that Heavenly Dao must destroy itself.

The world-destroying thunder calamity will probably strike down. Coming down.

Boom boom boom.....

At this moment, above the nine heavens, a huge beam of light fell from the sky and instantly enveloped Su Chen.

"Ding, host, the Tianxuan Continent has been unified, your national luck has begun to gather, and your human emperor luck has been accumulated enough to be activated. Host, do you want to use the human emperor luck to activate the throne of the human emperor?"

When Su Chen heard what the system said, he hurriedly shouted, "Activate, system, activate now!"

"Ding, start to restore the host's body and activate the human emperor's throne."

Boom boom boom.....

In the beam of light,

Su Chen's body slowly began to recover, and the fate of the country and the destiny of the human emperor continued to gather.

At this moment, countless national fortunes and human emperor fortunes poured in crazily from the pillar of light into Su Chen's sea of fortune.

"Is this luck? Why does Su Chen have so much luck?"

"No, besides luck, Su Chen also has another kind of luck. What kind of luck is that?"

"My God, with so much luck, is Su Chen the illegitimate son of Heaven?"

"How could Su Chen be the illegitimate son of Tiandao? If Su Chen was the illegitimate son of Tiandao, how could Tiandao send down a world-destroying thunder catastrophe?"

"But what should we say in this situation? Isn't this much luck rewarded to Su Chen by Tiantian Dao?"

"I don't know, I don't understand, Su Chen is too weird." The powerful people in the ancient immortal world were shocked when they saw Su Chen's luck. How could Su Chen, a little human immortal, have so much luck? The Qi on Su Chen's body I'm afraid my luck will catch up to half of the saint's luck.

"The immortals in the heaven obey the order. From now on, Su Chen will be the Emperor of Yaochi in the heaven. All the immortals must pay homage to the Emperor of Yaochi."

At this time, the Queen Mother saw Su Chen's situation. She immediately flew over the Pantaoyuan and shouted loudly to the immortals in the heaven.

The Queen Mother also saw that Su Chen might need luck.

The luck in the heaven is It was divided equally between her and the Emperor of Heaven. Now that Su Chen needed luck, the Queen Mother decided to help Su Chen.

"See Yaochi Emperor!"

The Queen Mother took the lead and saluted Su Chen from a distance, saying,

"All the fairies in Yaochi Fairyland, meet the Emperor of Yaochi!"

Thousands of female fairies in Yaochi Wonderland all knelt down and saluted Su Chen.

"Gods of the Fire Department in Heaven, see the Emperor of Yaochi!"

"Gods of Thunder in Heaven, see Emperor of Heaven in Yaochi"

"Gods of the Dou Xing tribe in the Heavenly Court, see the Emperor of Yaochi!"

"The gods of the three mountains and five mountains in heaven meet the Emperor of Heaven in Yaochi!"

"The four heavenly kings of the Heavenly Palace of Heavenly Court, commanding the heavenly soldiers and generals, meet the Heavenly Emperor of Yaochi!"

In the heavenly palace, all the immortal palaces and celestial beings paid homage to Su Chen.

"The Great Arctic Ziwei Emperor congratulates the Yaochi Heavenly Emperor!"

"The Antarctic Immortal Emperor congratulates the Yaochi Heavenly Emperor!"

"Gou Chen Shanggong, the Emperor of Heaven, congratulates the Emperor of Yaochi!"

"Lihen Tiandoushui Palace, Taishang Laojun, congratulates the Emperor of Yaochi!"

At this time, the four emperors in the heaven, except for the Six Paths of Reincarnation, all congratulated Su Chen. Even the good corpse of Laozi from the Human Religion also congratulated Su Chen.

"Jie Jiao, congratulations to the Emperor Yaochi!"

"Buddhism, congratulations to Emperor Yaochi!"

"West Kunlun, congratulations to the Emperor Yaochi!"

"Taiyin Star, congratulations to the Emperor Yaochi!"

"Wu clan, congratulations to the Emperor Yaochi!"

In the Pantaoyuan, other women congratulated Su Chen one after another.

They all understood why the Queen Mother did this.

Su Chen needed luck.

Although their congratulations did not bring much luck, they were better than nothing. They all hoped that After Su Chen got enough luck, he was able to make Heaven be open to Su Chen.

"Six Paths of Reincarnation, congratulations to the Emperor Yaochi!"

"Blood Sea, congratulations to Yaochi Emperor!"

"Wuzhuang Temple on Wanshou Mountain congratulates the Emperor of Yaochi!"

"Explain the teaching and congratulate the Emperor of Yaochi!"

"People teach, congratulations to the Emperor of Yaochi!"

"Monster clan, congratulations to the Yaochi Emperor!"

"All the emperors of Huoyun Cave congratulate the Emperor of Yaochi!"

In the prehistoric fairy world, various saint sects and a powerful force in the prehistoric world also congratulated Su Chen.

Su Chen is following the general trend.

The immortals in the heaven have surrendered, and even the four emperors have bowed their heads. From now on, the world will be in heaven. Su Chen's world is over

"Dragon Clan, congratulations to the Yaochi Emperor!"

"Phoenix Clan, congratulations to the Emperor Yaochi!"
