### Chapter 1801

In the Heavenly Court,

Heavenly Emperor Haotian listened in bewilderment to the congratulations of Su Chen from the immortals and many forces in the Ancient Immortal Realm.

Emperor Yaochi? damn it!

I am the Supreme Being of the Prehistoric Immortal Realm, the Great Heavenly Lord of the Prehistoric Immortal Realm.

I don't have the title of Heavenly Emperor of Yaochi.

Why do all the prehistoric immortals and the numerous forces in the prehistoric realm congratulate Su Chen?

Emperor Haotian kicked the jade table in front of him angrily.

All the gods, soldiers and generals in the heaven, even the Four Emperors and the Supreme Lord congratulated Su Chen.

What does this mean?

This means that the Heavenly Court is about to change its owner, and that he, the Emperor of Heaven, has ceased to exist in name only.

Chanjiao, Renjiao, Jiejiao, Buddhism, these saint sects all congratulated Su Chen, which all recognized Su Chen's identity as the Emperor of Yaochi.

Even the Six Paths of Reincarnation, Blood Sea, Wuzhuang Temple, West Kunlun, Wu Clan, Monster Clan, Dragon Clan, Phoenix Clan, Qilin Clan, these top forces in the ancient world congratulated Su Chen.

All the immortals in the prehistoric immortal world congratulated Su Chen.

What does this mean?

This shows that Su Chen is the destiny.

Heavenly Emperor Haotian thought that when he was canonized as Heavenly Emperor by Tao Ancestor, no one in the Saint Sect thought highly of him, and all the major forces in the prehistoric immortal world looked down upon him.

He and Su Chen were completely different from each other.

Could it be that they were the same person but had different fates?

The more Emperor Haotian thought about it, the angrier he became. He looked at Chaos and yelled like crazy, "I don't accept it, Tao Ancestor, Tong'er!" All the immortals in the prehistoric fairy world heard the roar of Emperor Haotian, but no one let people take care of Emperor Haotian.

Heavenly Emperor Haotian was originally a boy of Daozu.

If Daozu had not balanced various saint sects in the first place, would Heavenly Emperor Haotian be able to become the Emperor of Heaven?

And since Emperor Haotian became the Emperor of Heaven, where is the majesty of Heaven?

Think about the Heavenly Court of the Demon Clan back then.

With the order of the Demon Clan Emperor Jun, hundreds of millions, billions, or even tens of billions of demons were willing to die for the Demon Clan Emperor Jun.

Where is Emperor Haotian?

What's the use of him being in charge of the list of gods?

Should the powerful immortals in the heaven listen to his orders or not? Does the Emperor Haotian dare to use the list of gods and the whip?

Emperor Haotian didn't dare.

Those were disciples of saints.

No matter how angry Emperor Haotian was, he didn't dare to take action.

Five hundred years ago, Emperor Haotian did a big stupid thing.

In order to get some Due to the merits of heaven, he actually allowed a monster monkey to cause trouble in the Heavenly Palace. A mysterious monster monkey brought disgrace to the Heavenly Palace. Is the majesty in the Heavenly Palace still there?

Who among the immortals in the prehistoric immortal world is still afraid of heaven?

The monsters in the lower world are causing chaos.

Who do they blame?

Isn't this the result of the short-sightedness of Emperor Haotian?

"Emperor Haotian is finished, he has been abandoned by all the immortals"

"The Heavenly Emperor Haotian is not worthy of his basic virtue. What is the Heavenly Court in the prehistoric immortal world? There is no majesty at all. Even a demon monkey can cause havoc in the heaven. The heaven has no majesty at all."

"If the Emperor of Yaochi succeeds in overcoming the tribulation this time, the Emperor of Yaochi will probably be the most powerful Emperor since the Emperor of the Demon Clan."

"Yes, I hope that the Heavenly Emperor of Yaochi can successfully overcome the tribulation. In this way, even if we launch a war with the Western God Realm, our Great Desolate Immortal Realm will not be leaderless like the last war."

"Yes, there are not many years left until the Western God Realm invades our prehistoric fairyland."

"In a war that lasted ten thousand years, although our ancient world defeated the Western God Realm every time, we did not have a unified command after all. The low-level immortals in our ancient world also suffered heavy casualties."

"With Emperor Yaochi here in the future, we will definitely win the next war beautifully."

"I wish the Heavenly Emperor of Yaochi a successful escape!"

"I wish the Heavenly Emperor of Yaochi a successful escape!".....

The immortals in the prehistoric fairyland simply look down on Emperor Haotian.

Emperor Haotian's heart is higher than the sky and his life is thinner than paper. For the sake of small profits, he does not care about the overall situation. If Heaven continues to be controlled by Emperor Haotian, sooner or later, Heaven will be replaced by other top forces.

At this moment,

Su Chen had no idea what was happening in the prehistoric immortal world. He was recovering his body with the help of the system while absorbing the fate of the country and the destiny of the human emperor.

Boom boom boom.....

Sudden!

Above the nine heavens in the prehistoric fairyland, a golden beam of light fell from the sky, and the golden beam of light instantly enveloped Su Chen.

Boom boom boom.....

There was an extra kind of luck in Su Chen's sea of luck, and Su Chen even obtained the status of Emperor of Heaven!

Su Chen was recognized by Heaven, who also granted Su Chen the status of Heavenly Emperor in the prehistoric fairy world, and the luck in Heaven also began to pour into Su Chen's sea of luck.

In the Heavenly Court,

Heavenly Emperor Haotian was deprived of the Heavenly Emperor status in an instant by Heavenly Dao.

Heavenly Emperor Haotian's fortunes flew out from the sea of fortune of Heavenly Emperor Haotian one after another. These heavenly fortunes disappeared in the Heavenly Court in an instant. Heavenly

Emperor Haotian was no longer there. With the Heavenly Emperor's fruition, Heaven's destiny is to find a new Heavenly Emperor with the Heavenly Emperor's fruition.

At this time,

Emperor Haotian's cultivation level also continued to drop from the late stage of Quasi-Saint to the late stage of Quasi-Saint.....Quasi-Sacred Middle Period.....In the early stage of quasi-sage, Emperor Haotian's cultivation level dropped to the early stage of quasi-sage.

Then it stopped.

The

Celestial Emperor Haotian's cultivation was about to fall to the level of Daluo Jinxian.

The Heavenly Emperor Haotian felt all this in a daze, the Heavenly Emperor's status was deprived, the heavenly luck dissipated, and the level of cultivation fell.

The Heavenly Emperor Haotian looked at all this and murmured to himself,

"How can it be? How could this be? My Heavenly Emperor status, my Heavenly destiny, my cultivation realm, why were my Heavenly Emperor status deprived of me?"

Taibaijinxing looked at Emperor Haotian and left.

Haotian's position as Emperor of Heaven was already in name only.

However,

Taibaijinxing did not expect that Emperor Haotian would also be deprived of his position.

This shows that the Taoist ancestors have given up on Emperor Haotian. , Taibai Venus is useless even if it is left.

In the prehistoric fairy world, all the immortals saw the golden light pillar shrouding Su Chen.

Some powerful immortals understood that

Su Chen was now the emperor of heaven, and even the luck of heaven was Gathering around Su Chen, Su Chen is now the justifiable Emperor of Heaven.

"This is the status of Heavenly Emperor. Su Chen has been recognized by Heaven. From now on, Su Chen will be the legitimate Heavenly Emperor in Heaven."

"Yes, with the attainment of the Heavenly Emperor's status, the fortune of Heaven will follow. From now on, Su Chen will be the new Emperor of Heaven."

"Will the world-destroying thunder catastrophe still strike the Emperor of Heaven?"

"this....Not sure!"

"Weird, so weird, I can't even see Emperor Su Chen clearly. I'm afraid only the saints and heaven know whether the world-destroying thunder tribulation can kill Emperor Su Chen."

"What I saw today is more frightening than what I have seen in hundreds of thousands of years."

"Yes, today is really thrilling. Emperor Su Chen just survived a catastrophe. Things are happening one after another. I am worried that Emperor Su Chen will cause trouble later."

Chapter 1802

In the Heavenly Court, in the Yaochi Peach Garden, there are Guanyin Bodhisattva and Our Lady of Wudang, the Queen Mother, the Holy Mother of the Golden Spirit, the Fairy Yunxiao, the Queen Mother of the West, Fairy Chang'e, and the Great Witch Nine Phoenixes.

They are all very happy now.

Not only was Su Chen conferred the title of Heavenly Emperor by Heaven, he even received the luck in Heaven.

It should be impossible for Su Chen to get into trouble again.

The Queen Mother said with a serious face, "Let's not be too happy. The world-destroying thunder tribulation is still there, and the world-destroying thunder tribulation may kill Su Chen."

Guanyin Bodhisattva nodded and said, "Well, the Queen Mother is right. If the world-destroying thunder catastrophe does not dissipate, Su Chen may still be in danger."

Queen Mother Xi frowned and said in confusion,

"There's something wrong with this. Look, Su Chen is in the state of Yuan Shen now. It stands to reason that he has failed to overcome the tribulation."

"Even if the law of heaven wanted to punish Su Chen, the law of heaven granted Su Chen the title of emperor of heaven, and even the destiny of heaven was obtained by Su Chen. Why did the world-destroying thunder calamity destroy Su Chen?"

Our Lady of Wudang shook her head and said,

"I also can not understand? Yun

Xiaozou explained with a frown.

"Whether or not Heaven will destroy Su Chen is one thing. Su Chen is the destiny of Heaven. Heaven will naturally grant Su Chen the title of Heavenly Emperor, but this is another thing. However, Heaven will not give up the thunder catastrophe of destroying the world. , Su Chen must survive the world-destroying thunder catastrophe."

Mother of the Golden Spirit nodded and said, "Yunxiao's guess is good, it should be something like this."

Fairy Chang'e said with a cold face, "Then we must still be ready to support Su Chen at any time."

The great witch Jiufeng also agreed,

"Yes, Su Chen cannot die now."

After some discussion, the girls are ready to support Su Chen at any time.

Su Chen's identity is different now. He is the new Emperor of Heaven in Heaven.

This is the Emperor recognized by all the immortals in the world.

If Su Chen officially ascends the throne as the new Emperor of Heaven,

He is probably the answer to all questions in the ancient immortal world. No immortal or immortal force dares to disobey Su Chen's orders.

When the Emperor Haotian was in power, it was impossible for him to be comparable to Su Chen.

In the Taiyin Star,

Fairy Chang Xi felt in her heart She was very shocked.

Su Chen had really underestimated her.

Su Chen, who had just become an immortal, had not even passed through the heavenly tribulation. Su Chen was actually granted the title of Heavenly Emperor by Heaven.

This was the weakest person in the history of the ancient immortal world. The Emperor of Heaven is also the most powerful Emperor of Heaven.

There are probably more than a dozen quasi-sages around Su Chen. Even the six realms of reincarnation, which have always been independent, support Su Chen. There is probably no immortal in the entire prehistoric fairy world who dares to disobey Su Chen's orders.

Chang. Fairy Xi looked at Su Chen's position and murmured to herself, "Su Chen, can this new emperor survive the world-destroying thunder catastrophe? Can you lead the prehistoric fairyland to prosperity?"

In the Six Paths of Reincarnation,

Queen Pingxin is very uneasy.

Su Chen's development speed is really too fast.

How long has it been?

It has only been a short five hundred years since Su Chen appeared in the heaven five hundred years ago. , Su Chen became the new Emperor of Heaven in the Heavenly Court, and he was the Emperor of Heaven that everyone expected in the prehistoric fairy world.

Empress Pingxin felt that she had done the right thing this time. She had previously decided to let Jiufeng give Su Chen a mount. Feng even went to help Su Chen when he was in the most danger.

The Wu Clan had a chance to return to the ancient fairyland.

After millions of years, the Wu Clan finally waited for it.

"Su Chen hoped to give the Wu Clan a chance."

At the boundary of Wanshou Mountain, the four masters and disciples of Tang Sanzang had been standing there in confusion for a while.

The voices of the immortals in the ancient world had frightened them.

Emperor Yaochi,

Su Chen spent the whole night like this. Became the new Heavenly Emperor in Heaven.

Not only did Su Chen gain the unanimous support of all the immortals in the ancient world, he was even awarded the Heavenly Emperor status and the destiny of Heaven by Heaven. They were all stunned by the changes in this short period of time. Zhu Bajie shook his pig head and said in surprise, "Good boy, Su Chen became the new Emperor of Heaven in a blink of an eye, and Heaven changed hands overnight."

Sun Wukong was still thinking about the sounds made in the ancient world of immortals just now.

From the powerful sounds made by those immortals, Sun Wukong felt that those immortals were very powerful.

Sun Wukong was not the opponent of those immortals, and he was not the opponent of any of those immortals.

Sun Wukong thought for a while and asked Zhu Bajie

"Bajie, those previous Jie Jiao, Chan Jiao, Blood Sea, Six Paths of Reincarnation, Wu Clan, West Kunlun, etc., what are those? Are all those immortals powerful?"

When Zhu Bajie heard what Sun Wukong said, he didn't dare to answer truthfully.

Zhu Bajie was also worried that after Sun Wukong knew about those powerful immortals, Sun Wukong would find out that his making a fuss in the sky was a joke.

"this.....Well, Brother Monkey, it's up to you to observe these for yourself. I can't say for sure. If you say it's strong, it's powerful. If you say it's not, it's not powerful either."

"Understood!"

Sun Wukong nodded and did not ask any more questions.

He already had a guess.

Su Chen said this, and

Zhu Bajie said the same.

Sun Wukong has understood some hidden secrets, but he still needs to continue to understand some things.

Tang Sanzang and Monk Sha listened to Sun Wukong During the conversation with Zhu Bajie, none of them spoke.

Boom boom boom....

At this time,

Su Chen's body had completely recovered, and he hurriedly put on his clothes.

The national luck and the human emperor's luck were almost all absorbed into the sea of luck.

This time, the national luck and the emperor's luck were much more. Su Chen could not imagine that after unifying the Tianxuan Continent, the Xuantian Empire's national destiny and human emperor's destiny would increase so much.

But what are those golden lucks?

Su Chen didn't remember that he had such luck

"System, what is golden luck?"

"Ding, host, you have just obtained the status of Heavenly Emperor given by Heaven. These golden fortunes are the fortunes of Heaven."

Su Chen said in surprise when he heard the system's words,

"The status of the Emperor of Heaven? Let me guess, system, do you think I am the Emperor of Heaven now?"

"Ding, yes, host, you are now the new Emperor of Heaven."

Su Chen was very speechless when he heard what the system said.

How could he become the Emperor of Heaven when he recovered his body?

Where is the Emperor of Heaven Haotian?

Did the Emperor of Heaven Haotian fall?

But is this wrong? Even if the Emperor of Heaven Haotian fell, so will the Emperor of Heaven. It's impossible for him, a little human immortal, to do this. What big thing happened?

I guess!

It's him, why is the world-destroying thunder calamity still there?

Wasn't he granted the status of Heavenly Emperor by Heaven?

Heaven's Law Why do you want to destroy yourself?

Su Chen looked at the yin and yang eyes in the sea of thunder in the sky, and the world-destroying thunder tribulation was also there, which made Su Chen's face darken again.

Su Chen looked at the Eye of Heaven above the nine heavens. asked loudly,

"God, who am I now? Emperor of Heaven? Damn it, I haven't been the Emperor of Heaven for a day, are you going to destroy me? Heaven's way, quickly remove the world-destroying thunder tribulation, I look scared."

Chapter 1803

Su Chen was very angry when he said to Tiandao, what does Tiandao mean by doing this?

Granted the status of a Heavenly Emperor, but with the world-destroying lightning disaster still hanging over his head, is he giving himself a sweet date and then destroying himself?

Isn't this a estranged person?

"punish!"

A majestic voice came down from the Nine Heavens, and the entire prehistoric world trembled.

"Damn it, God, if you want to kill me, kill me. If you can't kill me today, don't think about it in the future."

Boom boom boom.....

At this time, the yin and yang eyes in the sea of thunder in the sky looked down at Su Chen indifferently, and the world-destroying thunder catastrophe began to launch.

"Damn it, system, help!"

"Ding, host, you are really seeking death. This system is unlucky to have a host like you."

"System girl, stop talking nonsense and find a way to save me!"

"Ding, host, the destiny of the country, the destiny of the human emperor, and the destiny of heaven have all been absorbed into the host's sea of destiny. The host is ready to receive the merits of heaven.

Su Chen asked the system in confusion, "God's merits?" System girl, what are the merits of heaven? I have offended Heaven, how could Heaven give me Heaven's merits?"

Tiandao's merits?

Since when has he done anything with merit?

Besides, if Tiandao is about to destroy him, will Tiandao send him heavenly merits?

Huh?

Damn it!

Tiandao seems to be stupid.

Su Chen didn't understand just now. If you get the status of Heavenly Emperor, maybe the stupid Heavenly Dao will really give you Heavenly Dao merits.

"Ding, host, you unify Tianxuan Continent. You are both the human emperor and the heavenly emperor in Tianxuan Continent."

"Tianxuan Continent is also a small world attached to the Great Desolate Immortal World. The unified Tianxuan Continent not only increases the luck of the Great Desolate Immortal World, but also makes the aura of the Great Desolate Immortal World a little richer."

"This is a great merit"

"God is supreme!"

"Heaven will definitely reward the host's heavenly merits."

Su Chen was stunned when he heard what the system said.

How could he have so many benefits from unifying the Tianxuan Continent?

The unification of the Tianxuan Continent not only increased the luck of the Great Desolate Immortal World, it even made the spiritual energy of the Great Desolate Immortal World a bit richer. A small Is the world so capable?

"System, you can't joke, can you? How could a small world be of such great help to the prehistoric fairy world?"

"Ding, host, a small world without unity is not helpful to the Great Desolate Immortal World, but the important point is that you are the Emperor of Heaven, and you unified the Tianxuan Continent, which is equivalent to the expansion of the territory of the Great Desolate Immortal World."

"To use an analogy, you are the general of an empire, and Tiandao is the emperor of the empire. If you expand the territory and increase the territory of the empire, won't the emperor reward you?"

I guess!

General? Emperor

?

The system girl really knows how to use metaphors!

Su Chen finally understood after hearing the system girl's words.

All the reasons are because of his status as the Emperor of Heaven.

This unexplained status as the Emperor of Heaven is really true this time. Saved his own life.

If Su Chen obtained the merits of heaven, would the world-destroying thunder calamity dare to strike him?

The merits of heaven are like a million-dollar oil, refining spiritual treasures!

Offset karma!

Increase the realm of cultivation!

Su Chen even showed the merits of heaven, those who want to kill him don't dare to take action against him. Killing him will get a lot of karma, and may even be destroyed by the thunder calamity sent down by heaven.

Boom boom boom...

Holy shit!

Su Chen saw that the world-destroying thunder tribulation was becoming more and more powerful.

It was about to launch the world-destroying thunder tribulation. I am afraid that the world-destroying thunder tribulation would come in three breaths.

Su Chen hurriedly looked at the Eye of Heaven above the nine heavens.

If the heavenly merits don't come down quickly, otherwise he will really be struck to death by the world-destroying thunder calamity. swish swish.....

At this time, the Queen Mother, Guanyin Bodhisattva, Our Lady of Wudang, Our Lady of Golden Spirit, Fairy Yunxiao, Queen Mother of the West, Fairy Chang'e, and the Great Witch Jiufeng appeared next to Su Chen one by one.

"Why are you here again?"

Su Chen's face turned dark when he saw the Queen Mother and the Queen Mother appearing.

Are these women really not afraid of death?

Su Chen couldn't send these women away this time. The laws of space and time only left seeds. He is It is impossible for the law of space and time to self-destruct again to have the previous power.

"Together with you we will resist the catastrophe of destruction"

"Yes, you, a little scumbag, will definitely not be able to withstand the world-destroying thunder catastrophe. We will help you withstand it this time."

"Su Chen, we won't leave this time!"

"It's just that you, a scumbag, can't resist the world-destroying thunder tribulation. Let's resist it together!"

"Su Chen, be careful later".....

After hearing Su Chen's words, the Queen Mother and her daughters said one after another that they women also knew that even with their own strength, they might not be able to withstand the world-destroying thunder catastrophe.

But Su Chen's words just now caused Heaven to execute [Execute] directly. The Yin and Yang Eyes of Heaven's Punishment have already triggered the world-destroying thunder tribulation. Even if they die, they will die here together with Su Chen.

Su Chen heard these women chattering, he shook his head and said,

"well! Forget it, let's die together!"

Boom boom boom.....

Suddenly, the prehistoric world trembled, and a golden auspicious cloud appeared above the nine heavens. The purple aura gathered in the auspicious cloud illuminated the entire

prehistoric fairy world, and the golden auspicious clouds continued to gather, and there was more and more purple aura.

"Merit is about to come, you all quickly stand in a circle around me."

Su Chen saw the heavenly merits appearing above the nine heavens, and he hurriedly said to the Queen Mother and the Queen Mother that

Su Chen did not intend to practice with the heavenly merits.

This time, these women risked their lives to save themselves again and again. Su Chen She planned to distribute these heavenly merits to the girls, so that they would be safer in the ancient fairyland in the future.

The Queen Mother looked at the heavenly merits above the nine heavens.

She looked at Su Chen and asked in surprise,

"Heavenly merit? Su Chen, how did you get the merits of heaven? And it looks like there are hundreds of acres?"

Su Chen waved his hands to the Queen Mother and the others, and he said hurriedly,

"We'll talk about this later. You all should quickly stand in a circle around me."

After the Queen Mother and Guanyin Bodhisattva heard what Su Chen said, they hurriedly stood in a circle around Su Chen.

Although they didn't know what Su Chen was going to do, they still obeyed Su Chen's instructions at this critical moment.

For the Nine Heavens

Although the women like them all had doubts about the heavenly merits , it was not time for Su Chen to explain.

The heavenly merits and the world-destroying thunder calamity appeared in the sky at the same time, and they were very confused when they saw this situation.

One is the punishment of Heavenly Dao's world-destroying thunder catastrophe, and the other is the reward of Heavenly Dao's merits.

Is Heavenly Dao going to cause trouble?

"Heaven's Punishment Yin and Yang Eyes, I am a person who wants to gain the merits of Heaven, do you still dare to strike me with the world-destroying thunder tribulation? You are going against the law of heaven, be careful that the law of heaven will destroy you."

Chapter 1804

Su Chen saw that the world-destroying thunder catastrophe was about to be launched, and the auspicious clouds of merit and virtue were still gathering in the nine heavens, which made him a little anxious.

If the world-destroying lightning tribulation falls first, he and the other girls will die together, and the merits of heaven will be of no use even if they fall.

At this moment,

Tianpu's Yin and Yang Eyes were also very confused.

What's going on with Tian Dao?

Just now, Heaven issued an order to unleash a world-destroying thunder tribulation, and the Yin-Yang Eyes of Punishment also launched a world-destroying thunder tribulation.

However, the world-destroying thunder tribulation has not yet come, and

Heaven is going to send heavenly merits to the sinners again. The Yin and Yang Eyes of Heaven's Punishment are also confused, and they don't know whether to continue to rain down the world-destroying thunder tribulation, or to suspend the world-destroying thunder tribulation.

Boom boom boom.....

The World-Destroying Thunder Tribulation kept roaring in the air.

The appearance of the heavenly merits made the World-Destroying Thunder Tribulation wonder whether it should kill Su Chen. The Heavenly Punishment Yin and Yang Eyes also had no instructions. The World-Destroying Thunder Tribulation was also urged by the constant roaring..

In the ancient immortal world, all the immortals were confused and confused.

The appearance of the heavenly virtues above the nine heavens, as well as Su Chen's words just now, made the immortals in the ancient immortal world confused.

What is the heavenly law doing? ?

The world-destroying thunder catastrophe is about to be launched, and the heavenly merits are going to be handed down to Su Chen. This is both punishment and reward.

What is Tiandao going to do?

"How is this going? Why does Heaven want to give Heavenly Emperor Su Chen merits from Heaven again? And there are hundreds of acres, which is more than the human emperor has received from heaven."

"This is both a punishment and a reward. What exactly is Tiandao going to do? Also, why did Emperor Su Chen receive so much heavenly merit?"

"Thunder punishment? Merit? Such a scene has never happened at the same time in the prehistoric fairy world. Emperor Su Chen is really weird. How could the Emperor get so many heavenly merits for no reason?"

"It's very strange. Just now, Heaven was about to kill Emperor Su Chen, so how could it be that in the blink of an eye it was about to reward hundreds of acres of Heaven's merit?"

"Now it depends on whether the world-destroying thunder catastrophe comes first or the heavenly merits. If the world-destroying thunder catastrophe comes first, Su Chen and those powerful men may be in bad luck."

"Yes, I hope what Emperor Su Chen said just now can stop the world-destroying thunder tribulation."

The immortals in the Great Desolate Immortal World looked up in the air and shook their heads and nodded.

The world-destroying thunder tribulation and the merits of Heaven appeared at the same time.

This was the first time in the Great Desolate Immortal World.

All the immortals in the Prehistoric Immortal World were thinking, Heaven's Way. Is this to kill Su Chen? Or is he going to reward Su Chen?

In the air,

Su Chen and the girls looked nervously at the world-destroying thunder tribulation and the heavenly merits. They didn't know whether the world-destroying thunder tribulation would come first or the heavenly way. The merits come down first, this is related to their life and death.

"Su Chen, what you just said seems to have some effect. The World-Destroying Thunder Tribulation seems to be frightened."

Guanyin Bodhisattva looked at the World-Destroying Thunder Tribulation in the sky and spoke.

Guanyin Bodhisattva saw that the World-Destroying Thunder Tribulation was about to fall, but after Su Chen's words, although the World-Destroying Thunder Tribulation continued to roar, it never struck. Come down.

Three breaths have passed, and the World-Destroying Thunder Tribulation is still roaring and roaring. Guanyin Bodhisattva felt that the World-Destroying Thunder Tribulation might have been frightened by Su Chen.

Su Chen patted Guanyin Bodhisattva on the shoulder, shook his head and said ,

"Guanyin, stop dreaming. The Yin and Yang Eyes of Heavenly Punishment and the Thunder Tribulation of Destruction have no conscious thought. They just act according to the instructions of Heaven."

"You can understand what I just said with the Yin and Yang Eyes of Heavenly Punishment and the World-Destroying Thunder Tribulation. The reason why the World-Destroying Thunder Tribulation has not come down is probably because of the emergence of heavenly merits."

"is that so?"

After Fairy Yunxiao heard Su Chen's words, she frowned and looked at the Heavenly Punishment Yin-Yang Eyes and the World-Destroying Thunder Tribulation.

Yunxiao felt that the Heavenly Punishment Yin-Yang Eyes and the World-Destroying Thunder Tribulation had thoughts.

If the World-Destroying Thunder Tribulation had no thoughts , ,

Su Chen had previously self-destructed and died. This should be regarded as a failure to transcend the tribulation. The world-destroying thunder tribulation should have dissipated.

But why has the world-destroying thunder tribulation not dissipated?

And after Su Chen's soul reappeared, the world-destroying thunder tribulation should have dissipated. Are you going to kill Su Chen's soul again?

When Su Chen heard what Fairy Yunxiao said, he thought about it and decided to try whether the Yin Yang Eye of Heaven Punishment and the World Destroying Thunder Tribulation had any consciousness.

Su Chen looked at the girls and smiled. Then he said,

"Wouldn't you know if you try it?"

The faces of the girls changed when they heard Su Chen's words.

They didn't expect that Su Chen would seek death again.

Couldn't this bastard stop for once? What if the Yin and Yang Eyes of Punishment and the World-Destroying Thunder Tribulation had consciousness, they would probably He is really going to be destroyed by the world-destroying thunder calamity.

"don't want!"

"Su Chen, give me a break and don't provoke the Yin Yang Eye of Heavenly Punishment and the World-Destroying Thunder Tribulation again. If they have consciousness, are you going to kill us?"

"Bastard, be more honest with me"

"Holy Mother of Inadequacy, shut this bastard's mouth for me, damn bastard, if we don't die this time, you, bastard, won't be able to live well"

"Su Chen, please stop provoking me."

"Bastard, you are really a troublemaker. They say that we Wu Clan are fools and have no brains, but you are even more of a fool. We Wu Clan should not provoke the laws of heaven and punishment. You bastard is just a fool."

"Watch out for this bastard and don't let him say anything else."

Su Chen's face turned dark when he heard the words of the women.

Just now, these women had doubts about heaven's punishment. Su Chen just talked casually. Why are all these women so angry and afraid that he will cause trouble again? Still. There is Jiufeng, what is this heroic beauty saying? Is he stupider than those fools of the Wu clan?

Damn, the ancestor witches of the Wu clan dare to anger even Tiandao, and even dare to take action against Tiandao.

He dares to ?

Ugh!

It seems that he had insulted and provoked Tiandao before, and he was also in a daze at that time.

Su Chen felt very embarrassed when he thought about it.

His previous performance was really stupider and stupider than that of the Wu Clan.

Boom boom boom..... now!

The gathering of auspicious clouds of merit and virtue above the nine heavens was completed. Hundreds of acres of auspicious merit clouds turned into pillars of light of merit and virtue, which were like the water of the Milky Way. They descended from the nine heavens to Su Chen in a mighty manner.

When Su Chen saw the heavenly merits descending first, he laughed and said,

"Ha ha.....The merits of heaven arrived first."

Boom boom boom.....

At this time, the world-destroying thunder and calamity in the sky also descended.

The aura that destroyed the heaven and the earth made all living beings in the entire prehistoric fairy world feel breathless. Some ordinary creatures and creatures with low cultivation levels were instantly suppressed. On the ground.

Mud?

Why did the world-destroying thunder calamity come down at the same time?

Where is this happening?

When Su Chen saw that the world-destroying lightning disaster was coming, he looked into the sky with a dark face and couldn't help but cursed, "Heavenly Punishment, are you so fucking blind? Heavenly Dao has already rained down Heavenly Dao merits, you fucking Do you want to rebel?"

Chapter 1805

After the Guanyin Bodhisattva and the other girls heard what Su Chen said, they all turned black and wanted to strangle this bastard to death.

These women were all paying attention to the merits of heaven just now, but in just such a moment, this bastard Su Chen caused trouble again. The merits of heaven are one step ahead of the world-destroying thunder tribulation.

Su Chen will definitely get the merits of heaven first, but this bastard They also cursed the Heavenly Punishment. They women didn't know whether the Heavenly Punishment would continue to send down the world-destroying thunder calamity on Su Chen after Su Chen obtained the merits of Heaven.

"Shut up!"

"Su Chen, please stop talking nonsense."

"Damn you bastard, do you want to be punished by heaven from now on?"

"Suchen, you are a bastard!"

"stir up trouble! stir up trouble! Do you, a bastard, just cause trouble?"

"Su Chen, I wish I could shut your mouth now."

The women of Guanyin Bodhisattva stared at Su Chen fiercely.

They had no choice now.

The world-destroying thunder tribulation had also come. Just in case, these women all took out their spiritual treasures to gather mana. , they were also worried that if the World-Destroying Thunder Tribulation was one step faster, Su Chen would be killed by the World-Destroying Thunder Tribulation if he did not gain the merits of Heaven.

Su Chen shook his head and did not answer the girls.

He looked at the auspicious clouds of Heaven's Path of Merits and laughed. The auspicious clouds of merit and virtue are faster than the world-destroying thunder and calamity.

Su Chen wants to see how the world-destroying thunder and calamity will hit him after the golden pillar of heaven's merit and virtue envelopes him.

Boom!

A golden light pillar of merit and virtue falls from the sky and covers Su Chen. Chen and the girls were instantly bathed in the golden light of merit.

Su Chen and the girls all felt the benefits brought by the golden light of merit.

Although the heavenly merits had not yet fallen on Su Chen's body, these golden lights of merit made Su Chen feel uncomfortable. Calling out, the body and soul seemed to have been washed.

The Queen Mother and the other girls were also bathed in the golden light of merit.

Although the golden light of merit was not of much use to them, it could also benefit their souls. The Queen Mother and her daughters also took this opportunity to let their souls absorb the golden light of merit here.

Boom!

The purple energy of heaven's merit descended, and hundreds of acres of heaven's merit continued to pour into Su Chen's mind. At this time,

Su Chen hurriedly divided eight pieces of heavenly merit and sent them to Guanyin Bodhisattva and the other girls.

"Don't say anything, and quickly absorb the merits of heaven."

Su Chen saw the girls all looking at him, so he hurriedly reminded Guanyin Bodhisattva and the girls.

After Guanyin Bodhisattva and the girls looked at each other, they hurriedly began to absorb the merits of heaven.

These girls and Su Chen's Luck and destiny have been closely linked. Su Chen can share the merits of heaven with them, which shows that Su Chen does not treat them as outsiders at all, and the girls have no reason to reject Su Chen's kindness. At this moment

,

The World-Destroying Thunder Tribulation also arrived, but just when it was about to strike at Su Chen, the huge black-red Thunder Tribulation was suddenly bounced away by the golden light of merit. In an instant, thousands of miles away, the World-Destroying

Thunder Tribulation was about to hit Su Chen. The golden light of merit flew thousands of miles away.

Boom!

In the Shiwan Mountains of Xiniu Hezhou, a terrifying loud noise erupted, and the entire prehistoric immortal world shook. The prehistoric immortal world turned dark in an instant, the sky was dim, the ground was dark, and the sky was all dark. It was so red that the doomsday scene appeared in the prehistoric fairy world this time.

The world-destroying thunderstorm struck the Shiwan Mountain in Hezhou, Xiniu.

The Hundred Thousand Mountains with a radius of tens of thousands of miles disappeared, and the Hundred Thousand Mountains also appeared. A space crack.

The energy of chaos in the space cracks keeps pouring out from the space cracks.

After the terrifying energy of chaos arrives in the prehistoric fairy world, the energy of chaos destroys everything it encounters, including land, rocks, and forests. , mountains, rivers, creatures, the place where the chaotic energy passed was filled with nothingness, nothing was left, only a broken space. At this moment,

Su Chen was absorbing the merits of heaven while inspecting the world-destroying thunder catastrophe. Su Chen smiled when the World-Destroying Thunder Tribulation was bounced away by the golden light of merit. However, when the World-Destroying Thunder Tribulation struck the Shiwan Mountains in Hezhou, Xiniu, the World-Destroying Thunder Tribulation not only destroyed the entire Hundred Thousand Mountains. The region even created a space crack. When Su Chen saw the chaotic energy pouring in from the space crack and began to erode the ancient fairyland. Su Chen looked at the Yin and Yang Eyes of Heaven's Punishment in the sky and mocked,

"Ha ha.....Heaven's Punishment, you have caused trouble this time. You have destroyed the prehistoric fairyland and even opened a space crack. I am afraid that Heaven will not let you go."

In the sky, the Heavenly Punishment Yin and Yang Eyes in the thunder sea looked down at Su Chen mercilessly. The

Heavenly Punishment Yin and Yang Eyes without thinking consciousness didn't know what Su Chen was talking about, but they were also very confused now.

The world-destroying thunder calamity was destroyed by merit. The golden light bomb struck another place.

Is this considered to have struck Su Chen?

Ninety-nine and eighty-one lightning tribulations have been struck. Has it completed its mission? Or has it not completed its mission?

Su Chen absorbed the merits of heaven while , while looking in the direction of the Shiwanda Mountain in Xiniu Hezhou, the destructive power of the chaotic energy is too powerful.

If the space cracks are not repaired quickly, Xiniu Hezhou may be finished within a month.

The saint is not in the prehistoric fairyland, and the quasi-sage can We simply can't repair such a big space crack.

Su Chen thought about it and shouted to the Heaven above the nine heavens,"Heaven, I am willing to pay hundreds of acres of Heaven's merit to repair the space crack, and I also ask the Heaven to help me."

"allow!"

Boom!

Above the nine heavens, a cold, ruthless and majestic voice sounded, and hundreds of acres of heavenly merits quickly flew out of Su Chen's golden light.

These heavenly merits instantly appeared in Xiniu Hezhou, and most of the hundred acres of heavenly merits flew out. Entering the space crack, the remaining heavenly merits turned into countless pieces of chaos-clearing energy.

After the space cracks merged with the heavenly merits, the space cracks healed quickly, but in less than three breaths, Xiniu Hezhou's space cracks were It was repaired, and even the chaotic energy in the prehistoric immortal world was purified by the merits of heaven.

Su Chen repaired the space cracks instantly when he saw the heavenly way, and even purified the chaotic energy in the prehistoric immortal world.

The heaven is still awesome, instantly The space crack was solved.

The space crack was very big.

Su Chen guessed that it was a saint who repaired the space crack. I am afraid it would take a few days to repair it.

The way of heaven is indeed the way of heaven.

Su Chen looked at the merits of heaven and wanted to absorb it. It's over, he doesn't care about losing hundreds of acres of heavenly virtues. Speaking of which, the space crack is also because of himself. If he hadn't committed suicide by himself, the world-destroying thunder disaster would not have appeared in the prehistoric fairy world.

Boom boom boom.....

I guess, why is Tiandao so crazy?

"Su Chen, the merits of heaven are coming, and heaven is going to reward you with merits of heaven."

"What? Heaven wants to reward me for my heavenly merits? Is Tiandao going crazy this time? How could Heaven reward me with my Heavenly merits for no reason?"

Chapter 1806

When Su Chen heard the Queen Mother's words, he was very confused.

Did Heaven reward him for his merits? why is that?

Is Tiandao really going crazy?

Or is there too much heavenly merit to store up?

Guanyin Bodhisattva looked at Su Chen's confused look, and she wanted to beat this bastard with a black face, this bastard!

Guanyin Bodhisattva first saw that Su Chen wanted to use heavenly merits to repair the cracks in space.

She thought that Su Chen knew that Heaven would reward Heaven's merits, but this bastard just did whatever he thought. This bastard didn't even know that Heaven would reward Heaven's merits.

Guanyin Bodhisattva suppressed his anger and explained to Su Chen,

"Su Chen, this is your reward for repairing the space cracks. The space cracks in Xiniu Hezhou are very harmful to the prehistoric and immortal world. You use the merits of heaven to repair the space cracks. This is a contribution to the prehistoric and immortal world. Naturally, heaven will reward you for your heavenly merits."

Su Chen understood when he heard the words of Guanyin Bodhisattva.

Yes, he saved the prehistoric immortal world this time.

The self-heating of heaven will reward himself with heavenly merits.

Just like knocking down the pillar of heaven during the war between lich and demon, those saints in the prehistoric immortal world However, by actively helping Nuwa mend the sky, he finally gained the merits of Heaven.

Su Chen started laughing just thinking about it.

This time it was really a blind cat meeting a dead mouse. Heaven just couldn't stand him anymore. You must also reward yourself for your heavenly merits.

The Wudang Virgins looked at Su Chen and shook their heads.

They were too lazy to care about this bastard.

Although this bastard can cause trouble, it seems that every time he causes trouble, this bastard will get a huge reward. Benefits.

I'm afraid Su Chen is like an illegitimate child of Heaven. Although Heaven doesn't like Su Chen, it will still protect Su Chen.

Boom boom boom.....

Above the nine heavens, the golden cloud of merit descended from the nine heavens again.

Although the heavenly merit this time was not as much as the last time, it was still quite a lot. Although Su Chen had paid a hundred acres of heavenly merit just now, the heavenly merit this time I'm afraid there are more than 300 acres. Su Chen has also earned 200 acres of heavenly merit.

"Absorb it quickly!"

Su Chen distributed all these heavenly merits to the girls.

He has already received nearly 500 acres of heavenly merits. He should continue to distribute these heavenly merits to the girls.

The total of the two heavenly merits is a little more than 1,000 acres. , if the Queen Mother and her daughters have received huge benefits this time, you must know that in

the prehistoric immortal world, the merits of heaven are not so easy to obtain. Except for saints, there are not many people who can obtain the merits of heaven in the prehistoric immortal world.

"Emperor Su Chen was so generous. Hundreds of acres of heavenly merit were given to those powerful people."

"Yes, this is the merit of heaven. There are not many powerful people in the prehistoric immortal world who have obtained the merit of heaven."

"What does this mean? This shows that Emperor Su Chen will not be stingy with those who support him. If we obey the orders of the Emperor, there will be benefits in the future, and Emperor Su Chen will not forget to share it with us."

"Not bad! In the future war with the Western God Realm, I must obey the orders of Emperor Su Chen."

"Emperor Su Chen is selfless. From now on, our ancient world will take off."

"Having such a heavenly emperor is also our great luck in the ancient world."

In the prehistoric fairy world, many great powers saw that Su Chen had given half of the heavenly merits to the girls, which made them envious.

This also made the immortals in the prehistoric fairy world recognize Su Chen even more.

Su Chen was able to give the most powerful The precious heavenly merits can be distributed. In the future, they, the powerful men, will be able to get enough benefits when they work under the Emperor of Heaven. At this moment,

Su Chen, while absorbing the heavenly merits, asked for all his spiritual treasures from the Queen Mother. , and the jade box containing Nie Xiaoqian's minions.

Su Chen also used the heavenly merits to repair the sky-swallowing magic jar, the ghost face mask, and the sea-fixing needle. He also gave some heavenly merits to Nie Xiaoqian and more than a hundred female ghosts, and even Lin Qing'er, Blue Yincao, the

incarnation of the ruthless empress, and Xiao Li, the Tears of the Goddess, all gave them some heavenly merits.

After Su Chen repaired his spiritual treasure and distributed the merits to women like Lin Qing'er and female ghosts like Nie Xiaoqian, he He looked at the girls and said, "Guanyin, Queen Mother, and all of you, please give me your spiritual treasures and I will repair them for you."

"Su Chen, just go back and slowly nurse our spiritual treasures. You don't need to waste your heavenly merits to repair these spiritual treasures."

"Yes, our spiritual treasures only need to be slowly nourished in the soul. The merits of heaven are very precious. Don't waste them like this."

"This bastard is a loser!"

"Yes, the merits of heaven are hard to come by, so don't waste them, you bastard."

"Hehe, Su Chen, if you think there are many merits in heaven, you can give it to me and I will save it for you."

"Jiufeng, don't be joking, Su Chen, don't waste your heavenly merits, we will recover the spiritual treasure by ourselves."

When Guanyin Bodhisattva and the other girls heard Su Chen's words, they all wanted to strangle this bastard to death.

The spiritual treasures can slowly recover in the future, but can they still obtain the heavenly merits in the future?

The heavenly merits are the most precious treasures in the prehistoric fairy world, even for some saints. He still owes the merits of Heaven, but this bastard actually used the merits of Heaven to restore the spiritual treasure.

This bastard is really a prodigal.

Su Chen smiled and said to the girls, "Don't worry, I have to pay for the merits of Heaven." Just a matter of minutes, I will still receive heavenly merits in the future, so don't worry."

The Queen Mother of the West looked at Su Chen and asked doubtfully,

"real?"

"Of course, how could I lie to you."

It is very easy for Su Chen to obtain the heavenly virtues.

After the Tianxuan Continent was unified, he got so many heavenly virtues.

What about the Shenyu Continent?

If Su Chen unified the eastern continent of the Shenyu Continent,

Su Chen would get the heavenly virtues. I'm afraid he will also have a lot of merits. The Shenyu Continent is much larger and more powerful than the Tianxuan Continent. Heaven will definitely reward him with more heavenly merits. After the girls looked at each other, they put their respective The Lingbao was handed over to Su Chen. Since this bastard could still get the heavenly merits, they didn't care about Su Chen consuming these heavenly merits.

Our Lady of the Golden Spirit saw that Su Chen only accepted the heavenly merits and did not use them to improve his cultivation. , which made her look at Su Chen with doubts.

If Su Chen used heavenly merits to improve his realm, he might be able to become a Golden Immortal or Taiyi Golden Immortal. The

Holy Mother of the Golden Spirit looked at Su Chen and asked in confusion, " Su Chen, why didn't you use heavenly merits to improve your realm?"

Su Chen looked at the girls and reminded them seriously,

"I will not be as stupid as Nuwa, a petty woman who uses merit to increase my strength. I will become the weakest immortal in the future."

"Isn't Nuwa a role model among the six saints?"

"Any one of the Three Pure Ones can bully Nuwa, and one of the Two Saints of the West can bully Nuwa at will. You should also remember that the merits of heaven can be used at will, but they cannot be used to increase strength."

Boom boom.....

I'll do it!

Why is Tiandao so crazy?

When Su Chen heard that Jiutian was shaking again, he began to slander the way of heaven in his heart.

"Su Chen, you bastard, wouldn't it be uncomfortable if you didn't seek death? Is it possible for a bastard like you to slander Nuwa?"

Chapter 1807

When the Queen Mother heard what Su Chen said, she wanted to shut up this bastard immediately.

The bastard went so far as to slander Empress Nuwa and even said that Empress Nuwa was a narrow-minded woman.

This bastard is really seeking death.

Talking about saints can be known by saints.

This damn bastard.

If Empress Nuwa heard what Su Chen just said, she would probably want to kill this bastard.

The other women all looked at Su Chen with pale faces.

The shock in the sky was probably because Empress Nuwa was angry.

This bastard had just survived the danger, but he still wanted to slander Empress Nuwa.

This was a saint.

And he was a living saint. They were all worried that Empress Nuwa would kill Su Chen in anger.

At this moment, six figures appeared above the Nine

Heavens. After five men and one woman appeared above the Nine Heavens, all the immortals in the prehistoric fairy world discovered, Saint? The six saints from the prehistoric fairy world all appeared

"Oh my god, the saints have appeared. This is the first time that saints have appeared in the prehistoric fairy world since becoming a god."

"Damn it, Emperor Su Chen is in trouble again this time. Emperor Su Chen just slandered Empress Nuwa."

"hiss! Isn't Empress Nuwa going to kill Emperor Su Chen?"

"I don't know, Emperor Su Chen's mouth, I really don't know what to say."

"Yes, this is really seeking death. Is Nuwa Empress something we living beings can slander? Emperor Su Chen may be in trouble again"

"How come one big thing happened one after another today, and it was all caused by Emperor Su Chen?"

"You say that Emperor Su Chen is so talented now that he can cause trouble. If Emperor Su Chen becomes stronger in the future, his ability to cause trouble will probably be even greater."

"makes sense."

In the prehistoric immortal world, after the six great saints of the prehistoric era appeared, the great experts of the prehistoric immortals started talking one after another. They were also very speechless about Su Chen's ability to cause trouble. At this moment,

Su Chen was confused. Looking at the saints appearing above the nine heavens, what the hell!

Aren't the saints forbidden to enter the ancient fairyland?

Is this forbidden here?

Where is the way of heaven?

When did the eye of heaven disappear?

Oh, it's not intentional. Let the saints come to the ancient fairyland?

Huh?

Why are the Yin and Yang Eyes of Heaven Punishment still there?

Is there anything about the Yin and Yang Eyes of Heaven Punishment here?

Su Chen was very confused when he looked at the Yin and Yang Eyes of Heaven Punishment in the sky.

He also Even though we have survived, it is still a big deal if the Yin and Yang Eyes of Heaven's Punishment are left behind. Doesn't cheating just now count to survive the Thunder Tribulation of Destruction?

"Su Chen, what should I do?"

"Empress Nuwa won't embarrass you, right?"

"How come saints appear? Didn't Taoist prohibit the appearance of saints in the prehistoric immortal world?"

"Now is not the time to worry about this. This bastard Su Chen just slandered Empress Nuwa. Now we have to worry that Empress Nuwa will embarrass this bastard Su Chen."

"Damn you bastard, you're not allowed to say a word from now on"

"Yes, how about we just silence this bastard?"

When the Guanyin Bodhisattva and the other ladies saw the saints showing up, they were all worried about this bastard Su Chen.

If the Nuwa Empress destroyed Su Chen regardless of his identity, she would probably be the emperor with the shortest reign in the heaven.

Also. The most tragic Emperor of Heaven, the Emperor who was destroyed after less than one day in power,

Su Chen, the Emperor of Heaven, may become a negative example in the future.

Su Chen rolled his eyes at the women and looked at the saints above the nine heavens.

He was not worried about Nuwa. The empress will destroy him, not to mention that he is now the emperor of heaven, but also because of the heavenly merits he has just obtained. If the empress Nuwa does not want to provoke karma, the empress Nuwa will not take action against him.

Boom boom boom.....

At this time, the Yin and Yang Eyes of Heaven's Punishment roared in the sea of thunder, and then a ray of light instantly enveloped Su Chen.

Holy shit!

Su Chen was startled.

How could this heavenly punishment come so quickly?

From the beginning of the roar to the moment when the light enveloped him, it was completed in an instant. Su Chen didn't even have a chance to react.

"Su Chen, don't resist. This is your magical reward for surviving the ninety-nine tribulations and becoming a true immortal. Quickly absorb these magical powers."

After Su Chen heard the Queen Mother's words, he also felt that there was no danger in the light beam this time. Su Chen followed the Queen Mother's words and began to absorb these fairy powers.

Above the nine heavens, the six saints looked at Su Chen without making a sound.

However,

Nuwa The empress has always had a cold face since she appeared, and the other saints have expressionless faces. The leader of Tongtian coughed and said to the others, "Ahem, fellow Taoists, it's time for us to return to chaos. The teacher just let us see Look at the prehistoric fairyland."

Master Tongtian is very happy now.

Our Lady of Wudang, Our Lady of Golden Spirit, and Fairy Yunxiao are his disciples.  
This boy

Su Chen is now the Emperor of the Ancient Immortal Realm.

These disciples of his have a good relationship with Su Chen. In the future, His Jie Cult might develop again.

Leader Tongtian reminded others to return to Chaos, and he was also worried that Empress Nuwa would take action against Su Chen.

Original Tianzun looked at Leader Tongtian and said expressionlessly, "Tongtian, your disciple They are not bad, they actually have such a friendship with the New Heavenly Emperor."

Tongtian glanced at Yuan Tianzun and mocked, "Yuan, that's an opportunity for my disciples. Oh, I forgot, you don't have any disciples among them, are you unwilling to accept them?"

"you....."

"Well, it's time for us to return to Chaos, otherwise Heaven will drive us away."

Just when the original Tianzun was about to say anything, Taishang Laozi interrupted the original Tianzun and said,

"Yes, it's time for us to return to Chaos." The Western Saint Zhunti looked at Empress Nuwa and said.

Sage Zhunti was also worried that Empress Nuwa would take action against Su Chen.

Now Su Chen is not only the Emperor of Heaven, he is also one of the Buddhist scripture seekers, and Guanyin Bodhisattva and Su The relationship with Su Chen should be the

best, which is very beneficial to their Buddhism. Saint Zhunti does not want Nuwa to take action against Su Chen.

"It's time for us to return to chaos."The Holy Saint also nodded beside him and said,

"snort!"

Empress Nuwa looked at the Five Saints next to her. She glared at Su Chen who was absorbing the immortal power and disappeared instantly.

Empress Nuwa would not let Su Chen go, a narrow-minded woman?

Or a stupid woman?

Damn the human race Boy,

Empress Nuwa is the Holy Mother of the human race. Su Chen is the first one who dares to say this about her own human race.

"Boy, I have prepared a big gift for you this time. I hope you will like this gift."

Chapter 1808

After the saints such as Lord Tongtian saw Nuwa disappear, they looked at each other and disappeared one by one into the nine heavens.

The six saints originally wanted to repair the space cracks, but the space cracks were repaired by Su Chen with the merits of heaven..

The six saints were also looking at the Great Desolate Immortal Realm from above the Nine Heavens. They were not allowed to enter the Great Desolate Immortal Realm. This was stipulated by Tao Ancestor, and it was also the restriction imposed by Heaven on saints like them.

"Suddenly, the saints left, which meant that nothing would happen to Su Chen."

"Alas, I originally wanted to pay homage to the teacher, but I am afraid that the teacher is restricted by heaven and cannot come to the prehistoric fairyland."

"No problem, we can just take a look at the teacher from a distance"

"Yes, we haven't seen the teacher in almost a million years, and we don't know if we will have the chance to see the teacher in the future."

"The strength of saints is too strong. If a saint appears in the ancient world, a casual blow will damage the ancient world. It is also very correct for heaven to restrict the saint from appearing in the ancient world."

"We don't have to worry so much, as long as this bastard Su Chen has nothing to do."

Women such as Guanyin Bodhisattva and the Queen Mother breathed a sigh of relief after seeing the saints leaving.

Su Chen really wanted to scare them to death.

This bastard is really a troublemaker.

Boom boom boom.....

At this time,

Su Chen also absorbed the immortal power, and the Yin and Yang Eyes of Heaven's Punishment and the Sea of Thunder disappeared in the sky above the ancient immortal world in the roar.

At this moment,

Su Chen's strength began to improve. In the early stage of immortality, Su Chen's strength began to improve.....Early Earth Immortal Period.....Early stage of immortality.....The early stage of Xuanxian.

As Su Chen's strength improved rapidly, women like the Queen Mother looked at Su Chen and felt incredible.

After surviving the catastrophe, they could only improve to a small level, but Su Chen actually improved to a large level. They all He looked at Su Chen with wide eyes.

Jiufeng looked at Su Chen and asked with her sexy mouth open,

"Is Su Chen taking drugs? How could he advance from one great realm to another? Queen Mother Xi thought about it and suddenly said to the girls,

"I understand, Su Chendu's heavenly tribulation was the Nine-Nine Heavenly Tribulation, and the next ten or so heavenly tribulations were still the Purple Sky Divine Thunder, and even the last one was the world-destroying thunder tribulation. Su Chen was able to obtain a lot of immortal power, It is not surprising that one can improve one realm after another."

After the other women heard the words of Queen Mother of the West, they thought about it and felt that this was the case.

No one had ever survived the catastrophe that Su Chen had experienced this time since ancient times.

The Purple Sky Divine Thunder and the World-Destroying Thunder Tribulation were probably extraordinary even for saints. Fear.

Boom boom.....

At this time,

Su Chen was about to complete his promotion.

Su Chen's cultivation realm had also been raised to the peak of the Golden Immortal. Su Chen was almost able to advance to the realm of Taiyi Golden Immortal.

"Ha ha.....What a refreshing experience!"

Su Chen opened his eyes and checked his cultivation level, and he laughed excitedly.

"This bastard is really lucky."

Jiu Feng looked at Su Chen and said with envy.

Jiu Feng checked Su Chen's cultivation realm. She found that Su Chen's cultivation realm was very stable. It took this bastard less than a day to go from human immortal to golden immortal. Su Chen His luck is really enviable.

Our Lady of Wudang looked at Su Chen and smiled and said,"Yes, Su Chen's luck is really very good."

The other girls also smiled.

Although Su Chen caused big troubles every time, the gains each time were also very huge.

This time, being able to advance to Dao Jinxian in one step will speed up Su Chen's future cultivation. , the Emperor of Heaven in the ancient immortal world cannot be a little monk.

Su Chen stretched himself and said to the girls,

"It's over. This day and night was really thrilling. I can't be so impulsive again."

"As long as you know!"

The Queen Mother rolled her eyes at Su Chen.

Su Chen was self-aware. If this bastard hadn't been messing around, how could such a big thing have happened during the catastrophe.

Su Chen smiled at the Queen Mother.

Suddenly,

Su Chen thought that he was now The Great Emperor of Heaven, the List of Gods and the Divine Whip must be taken back.

These are magic weapons that can control those immortals. Su Chen will not let Haotian continue to be in charge.

"Queen Mother, you and the Holy Mother of the Golden Spirit, Fairy Yunxiao, and Holy Mother of Wudang will return to heaven in a while. The list of gods and the divine whip in Haotian's hand will be taken back. If Haotian stays or goes, you don't have to worry about him."

"Guanyin, Queen Mother of the West, you also go with the Queen Mother and the others. If Haotian doesn't hand it over, don't be polite to him. Take action when it's time to do it, and kill when it's time to kill."

The Queen Mother and the Golden Spirit Mothers nodded after hearing this.

The list of gods and the whip must be taken back. No matter how unwilling Haotian is, there is nothing he can do.

He can't keep the list of gods and the whip, even if Su Chen doesn't take them back. , the immortals in heaven will also force Haotian to hand over to Su Chen

"What about us?"

Jiu Feng heard that Su Chen asked the Queen Mother and the Queen Mother to go to heaven to ask Haotian for the God List and the God Whip.

How come she and Chang'e were not mentioned by this bastard? Is this bastard still wary of her and Chang'e?

Su Chen He took out a red lotus and asked Jiufeng, "Jiufeng, this twelfth-grade fire red lotus should belong to Ancestor Minghe, right?"

"good! Jiufeng nodded and replied.

Su Chen handed the twelfth-grade karma fire red lotus to Jiufeng and said, "You will go and return the twelfth-grade karma fire red lotus to Ancestor Minghe later."

"This is easy, just leave it to me!"

"Jiufeng, I need you to do one more thing. How many available troops does your Wu clan have now?"

Jiu Feng said in a low mood, "There are not many left. Our Wu clan now has more than three million people left, and there are only more than one million Wu soldiers above the level of immortals."

"More than a million witch soldiers? Not bad, Jiufeng, after you return it to Styx Ancestor Honglian, you tell Empress Pingxin that I need an army of one million witches and ask her to prepare it for me."

Su Chen wants to gain a foothold in the prehistoric immortal world.

It is impossible without an army.

The heavenly soldiers and generals in the heaven are too weak.

Su Chen will also reorganize the heavenly soldiers and generals in the heaven in the future. He will even rearrange the immortal positions in the heaven..

The various immortal positions in the heaven were too confusing.

There were all kinds of immortal positions.

Su Chen was very confused when he heard what he said. When Jiufeng heard Su Chen's words, he asked excitedly, "Su Chen, are you planning to let us Wu Clan appear?" In the prehistoric fairy world?"

Su Chen nodded and replied,

"Yes, but the Wu Clan's army must obey my orders. If you Wu Clan can't do it, I will let you reappear in the ancient world."

"but!"

"You Wu Clan can only live an honest life in the future. If the Wu Clan dares to cause chaos in the future, I will also destroy you Wu Clan."

Chapter 1809

The Queen Mother and her daughters were very surprised when they heard Su Chen's words.

They did not expect that Su Chen would conquer the Wu Clan, but is this possible?

The Wu Clan has no respect for heaven or earth, and only respects Pangu and the ancestral witches. How could the rebellious Wu Clan surrender to Su Chen?

Jiufeng's expression changed when she heard Su Chen's words.

She understood what Su Chen meant.

The Wu Clan wanted to reappear in the ancient world, but they must submit to Su Chen, the new emperor.

Although Su Chen also said that the Wu Clan did not have to surrender to him, Su Chen, a bastard, also said that if the Wu Clan dared to cause chaos, he would destroy the Wu Clan.

Su Chen was a warning to the Wu Clan.

Everyone in the Wu Clan was a militant.

It would be very difficult for the Wu Clan to survive peacefully in the prehistoric fairyland. Even the great witches of the Wu Clan would not be able to do so. Save, let alone the witch soldiers of the witch clan.

Jiufeng looked at Su Chen and said with a complicated expression, "Su Chen, I will tell Empress Pingxin about this matter. I can't make the decision now."

"Can!"

Su Chen nodded to Jiufeng.

He knew that Jiufeng, a great witch, could not make the decision.

Although Empress Pingxin no longer had the body of an ancestral witch, she was still Empress Houtu and the only remaining ancestral witch of the Wu clan.

Queen Mother of the West Zou He frowned and thought for a moment before asking, "Su Chen, you want the Wu Clan's army, do you want to form an army?"

Su Chen nodded and replied,

"Yes, the heavenly soldiers and generals in heaven are too weak. They can't even deal with some powerful monsters. Such heavenly soldiers and generals can only be used as cannon fodder."

"There are also the commanders of King Tota, all of them are weaklings. They are not suitable to be commanders, and the gods in the heaven are too chaotic. I am also planning to reform the heaven."

Queen Mother Xi nodded when she heard Su Chen's words and said,

"I have more than 500,000 female immortals in West Kunlun. Although their cultivation is not very strong, they can still gather together more than 100,000 female immortals. I will prepare an army of 100,000 female immortals for you."

Su Chen was very surprised when he heard what Queen Mother Xi said.

There are more than 500,000 female fairies in Queen Mother Xi's West Kunlun? This old lady is really hidden deep enough.

However,

Su Chen thought that Queen Mother Xi had been from the dragon and phoenix period after all. The innate powers who are alive to this day.

The West Kunlun of the Queen Mother of the West is probably very strong.

Su Chen doesn't know if there are any quasi-sage powers in the West Kunlun, but there must be a few Daluo Golden Immortals. For tens of millions of years, the Queen Mother of the West has It is impossible not to cultivate a few Da Luo Jinxian

"Thank you very much." Su Chen immediately hugged Queen Mother Xi's small waist and smiled.

Queen Mother Xi was very uncomfortable when Su Chen hugged her again. Damn you bastard.

Fortunately, the space here was blocked by these girls, otherwise all the powerful people in the ancient immortal world would be here. Seeing herself being hugged by this bastard,

Queen Mother Xi's face turned red and she yelled in embarrassment, "Shameless bastard, let me go quickly."

"Ha ha....."

Su Chen suddenly kissed Queen Mother Xi and burst into laughter.

This beautiful girl, Queen Mother Xi, could no longer escape. He would take down Queen Mother Xi once and for all in the future.

Guanyin Bodhisattva and the Queen Mother all shook their heads.

They were too lazy to care about Su Chen, a shameless pervert.

The women here could die for Su Chen, and they had no reason to prevent Su Chen from getting close to one of them.

Fairy Yunxiao saw that Su Chen didn't seem to be planning to return to heaven, which made her very confused.

Su Chen was already the new emperor of heaven in the ancient immortal world. Did this bastard still want to go to Buddhism with Tang Sanzang to obtain scriptures?

"Su Chen, do you want to go with Tang Sanzang to obtain Buddhist scriptures?"

Su Chen nodded and explained,

"Well, I still have things to do, Fairy Yunxiao, you won't forget about me climbing the ladder, right?"

"Tang Sanzang and I went to get scriptures together"

"This is the trial on the 10,000th floor of the Ladder to Heaven. As long as I can reach the Buddhist Gate of the West with Tang Sanzang, I will have completely passed the trial on the 10,000th floor of the Ladder to Heaven."

Yun Xiao understood what Su Chen said.

No wonder this bastard joined the team to learn scriptures when he came to the fairy world. It turned out that this was also a trial mission for Su Chen from the heavenly ladder.

"So that's it, I understand."

Among the girls next to them,

Jiufeng and Chang'e, who had never heard of the ladder to heaven, were confused.

Seeing Jiufeng and Chang'e's confused look, the Queen Mother explained it to them.

Jiufeng and Chang'e knew about the ladder to heaven. After the incident, they looked at Su Chen and found it incredible. It turned out that the ladder to heaven was the legendary fairy ladder in the ancient fairy world. The mysterious ladder was divided into two parts. Ten thousand floors. Su Chen actually climbed to the next ten thousand floors and the first ten thousand floors. This bastard actually wanted to clear the ladder to the next ten thousand floors. So what happens next? Su Chen has become an immortal now. This bastard may also be able to climb to the ladder. Let's go up to the ten thousandth floor of the ten thousand floors. Su Chen let go of Queen Mother Xi and told the girls,

"You all go to Heaven. I'm worried that Haotian will escape from Heaven. If Haotian hides in the future, it will be difficult for us to take back the list of gods and the whip."

"Well, Su Chen, let's leave first."

The Queen Mother nodded when she heard Su Chen's words.

She was worried that Haotian would go to the Chaos Zixiao Palace.

If Haotian went to the Zixiao Palace, they might have to return to the list of gods and fight the divine whip. Daozu's Zixiao No one can find the palace, even if they find Zixiao Palace.

Do these women dare to break in?

"good! We will return to heaven immediately."

Su Chen nodded to the Queen Mother and the Queen Mother.

These women are still needed in the Heavenly Court. The Journey to the West has just begun. It is impossible for Su Chen to give up halfway. Besides, Su Chen still has to pass the test of the ladder to heaven.

With the women, one by one They disappeared and left, leaving only Su Chen, Fairy Chang'e, and the great witch Jiu Feng.

Su Chen looked at the absent-minded Jiu Feng and said,

"Jiufeng, please leave too. You can discuss what I just said with Empress Peace."

After Jiufeng heard Su Chen's words, she nodded seriously and said,"Okay, Su Chen, I will try my best to persuade the empress to agree."

"Thank you very much."

Jiu Feng looked at Chang'e, nodded and disappeared instantly.

"I'm leaving too."

Chang'e saw that the other women had left, and she and Su Chen were the only ones left here.

This made her feel very uneasy.

This bastard is a shameless pervert. Just now, in front of these women, this bastard dared to hug her When Queen Xi's mother got up, Chang'e was very worried that this bastard would do anything to her.

Although Chang'e was a little dissatisfied with Su Chen for not arranging things for her, she was even more worried that this bastard would do something outrageous to her.

After what happened today ,

Chang'e has some affection for Su Chen.

She can risk her life and death for the safety of this bastard, but she is not willing to devote herself to this bastard.

"Chang'e, don't leave in a hurry. There are only two of us left here. Let's cultivate our relationship well."

"you.....You are shameless!"

Chapter 1810

Chang'e's face was filled with shame and anger when she heard Su Chen's shameless words.

This bastard,

Guanyin Bodhisattva and the other women had just left, and this bastard was about to attack her.

Chang'e regretted a little.

She should have left with the women like Guanyin Bodhisattva.

Chang'e was wary of this bastard when Su Chen held her hand. If Su Chen dared to touch her, she decided to teach this shameless pervert a lesson.

Su Chen saw Chang'e's blushing and guarded look, and he smiled and said,

"Haha, don't worry, I won't do anything to you now, but I won't be able to say for sure in the future."

"You are so shameless!"

Chang'e was relieved when she heard Su Chen's words.

As long as Su Chen doesn't do anything to her now, we'll talk about the future later.

Besides, this bastard will probably follow him all the time in the future. Chang'e can't tell Su Chen anything about the relationship between them. What's the relationship?

Su Chen took Chang'e and sat on the grass and said,

"Chang'e, I have some reasons to keep you here."

"I want you to help me ask Fairy Chang Xi, can Fairy Chang Xi set up the Zhoutian Star Formation of the Monster Clan? And whose hands are the 365 Great Zhoutian Star Flags arranged in formation?"

Su Chen is determined to win the Monster Clan's Zhoutian Star Array.

This terrifying star array is crucial to the heaven. There are 365 big stars and 14,800 small stars. These stars will be in the future. It is under his jurisdiction.

The Demon Clan's Zhoutian Star Formation will be the most powerful formation in heaven in the future.

If it weren't for the Wu Clan's Twelve Heavenly Gods Formation, which can only be used by the Wu Clan, Su Chen would also I want to get the Twelve Capitals Heavenly God Evil Formation.

However, it is impossible for the Wu Clan to gather twelve powerful ancestor witches or great witches, and the Twelve Capital Heavenly God Evil Formation is also useless.

Chang'e was very surprised when she heard Su Chen's words ,

Su Chen actually even knew about the Zhoutian Star Formation. This happened tens of millions of years ago. Except for the powerful people of the older generation, not many people in the ancient world knew about the Zhoutian Star Formation.

Su Chen was a little kid. A monk, how could he know so many secrets?

Chang'e looked at Su Chen and said coldly,

"I know how to set up the formation"

"To set up the Zhoutian Star Formation, I need 365 large star banners, and then gather 365 Da Luo Jinxian, and use the Lunar Star and the Sun Star as the eyes of the array, I can set up the Zhoutian Star Formation"

"but!"

"Three hundred and sixty-five large star flags were snatched away by Kunpeng from Beihai, and the Hetu Luoshu of the main formation was in the hands of the Human Emperor Fuxi. Without these, the Zhoutian Star Formation would not be able to be deployed at all."

Su Chen frowned and fell silent when he heard Chang'e's words.

Damn it!

Three hundred and sixty-five Da Luo Jinxian?

Are there so many Da Luo Jinxian in the prehistoric immortal world now?

Three hundred and sixty-five big star banners are okay,

Kunpeng If the three hundred and sixty-five star flags were not handed over, Su Chen would have gathered all the girls to kill Kunpeng.

However,

Hetu Luoshu was in some trouble.

The Human Emperor Fuxi, the brother of Empress Nuwa, that petty woman of Nuwa,

Su Chen didn't want to offend the most powerful woman in the ancient world of immortality. Su Chen was worried that Empress Nuwa would cause trouble for him in the future.

Don't think that if Empress Nuwa couldn't appear in the prehistoric world, it would be impossible for Nuwa to cause trouble for him.

A saint. , if Nuwa had any plans,

Su Chen might not be able to guard against it.

Su Chen thought about it and asked Chang'e,

"Chang'e, can I use 365 Taiyi Golden Immortals to set up the formation? You also know that there are probably not even three hundred and sixty-five Daluo Golden Immortals in the entire prehistoric immortal world."

Chang'e nodded when she heard Su Chen's words and said, "Yes, but the Zhoutian Star Formation can only attack three times. Taiyi Golden Immortal's magic power is not enough to maintain the Zhoutian Star Formation for a long time."

Su Chen smiled when he heard Chang'e's words.

As long as Taiyi Golden Immortal can lay out the star array in the sky.

Taiyi Golden Immortal lacks mana?

This is a trivial matter for him.

Those flat peaches in the flat peach garden, When the time comes, prepare a batch for those Taiyi Golden Immortals who are in formation.

If you don't have any mana, just eat a flat peach.

"It's easy to say that the flat peaches in the flat peach garden can be used by 365 Taiyi Golden Immortals to restore mana."

Chang'e looked at Su Chen speechlessly.

This bastard is just a big dog.

The Queen Mother's peach will be occupied by this bastard from now on. I'm afraid this bastard will not hold another peach banquet in heaven.

"What about the three hundred and sixty-five large star flags? What about Hetu Luoshu? Without these, the Zhoutian Star Formation cannot be arranged."

"I will think of a way to do this. If Kunpeng doesn't hand over the three hundred and sixty-five big star flags, let the Queen Mother and those women destroy Kunpeng. The Hetu Luoshu in the hands of Human Emperor Fuxi will be a trouble."

Chang'e heard Su Chen say that Kunpeng was going to be destroyed.

She didn't care about killing Kunpeng, but Human Emperor Fuxi?

Chang'e was worried that this bastard would cause trouble again.

Although Human Emperor Fuxi was only a quasi-sage, Human Emperor Fuxi's sister was a female. Empress Nuwa.

If Su Chen snatches the Hetu Luoshu from the hands of the Human Emperor Fuxi, Empress Nuwa may not let it go. Chang'e is very worried about Su Chen.

Su Chen is a bastard who is not afraid of heaven and earth. This The bastard dared to insult and provoke even Heavenly Dao.

If Chang'e didn't remind this bastard,

Su Chen would probably kill even the Human Emperor Fuxi.

Chang'e thought of this bastard's ability to cause trouble, and she turned pale and grabbed Su Chen's hand tightly. reminded,

"Su Chen, you must not snatch the Hetu Luoshu from Human Emperor Fuxi. This may offend Empress Nuwa."

Su Chen said helplessly while holding Chang'e's waist.

"I know I can't force myself. Human Emperor Fuxi, how can I deal with him? Chang'e

's body trembled when Su Chen hugged her.

She was still taken advantage of by this bastard,"You can think of a way later. Let me go quickly. I'm leaving.""

Su Chen smiled and took out a jade slip and said,

"Okay, Chang'e, this jade slip contains a small celestial star formation. Go back and study some more and see if the women like Guanyin Bodhisattva and the Queen Mother can arrange it.

Chang'e was surprised when she heard Su Chen's words and asked,"Little Zhoutian Star Array?" Where did you get it?"

"Ladder rewards"

"Okay, I'll study it with Sister Chang Xi when I get back." Chang'e collected the jade slips and replied to Su Chen,

Ladder to Heaven?

That is really a magical place.

Chang Xi no longer needs to retreat to heal his wounds.

Chang'e has gained dozens of acres of heavenly merits this time. She only needs to give some heavenly virtues to sister Chang Xi. Merit.

Chang Xi's injury will recover quickly.

After Su Chen finished all this, he relaxed now.

Su Chen hugged Chang'e and smelled her fragrance and closed his eyes.

However, when Su Chen discovered that Tang Sanzang The four masters and apprentices were tied up in Wuzhuang Temple.

Su Chen said in surprise,

"Let me guess, why were Master Tang Sanzang and his disciples still caught by Zhen Yuanzi? Chang'e leaned into Su Chen's arms and said helplessly, "Sun Wukong knocked down Zhen Yuanzi's ginseng fruit tree. Do you think Zhen Yuanzi would let Tang Sanzang and his disciples leave easily?"

"Chang'e, let's go and see the excitement!"
