Chapter 181

Ji Wuye now couldn't figure out why the Ninth Young Master of the Han Kingdom cared so much about the people in the carriage, and even risked his head.

You must know that there are thousands of troops here, and they all heard what Yan Lingji said. No matter what Yan Lingji said is true or not, the people in the carriage are the murderers of the Qin envoy.

Han Fei is seeking his own death. Should he take this opportunity to kill the Ninth Young Master?

"Ninth Young Master, you said this yourself. Yan Lingji, who killed the Qin envoy with her own hands, is right next to her. You can ask her in person now, otherwise you will complain when I execute you later."

Han Fei looked at Yan Lingji who was stopped by Mo Ya and Bai Feng and smiled and said,

"I will ask, General Ji, and I would also like to advise you, in the cold country you can cover the sky with one hand, but there are some people you cannot afford to offend, so you'd better think carefully."

After hearing Han Fei's words, Ji Wuye looked at the tightly protected carriage in confusion. Now Ji Wuye was also uneasy. He understood what Han Fei meant. He couldn't afford to offend the people in the carriage. Yes, who are the people in the carriage? People from Qin? Or people from other continents?

Han Fei looked at the beautiful Yan Lingji and asked,

"Yan Lingji, are the people in the carriage your accomplices?"

"Not bad."

Yan Lingji admitted it without thinking. Now that things have developed to this extent, if she denies it now, she will die miserably. Anyway, she has just offended the people in the carriage. Yan Lingji also wanted to know who she was.

Han Fei didn't believe every word Yan Lingji said. He guessed that Yan Lingji must be talking nonsense.

"Who is in the carriage? Since he is your accomplice, you should know, right? Yan

Lingji played with her hair and said with a smile,

"How do I know this? My master Tianze contacted me to cooperate with me. He didn't even come out of the carriage. How could I possibly know who it was?"

Han Fei laughed and said after hearing Yan Lingji's words,

"Haha, Yan Lingji, since the people in the carriage were invited by Tianze to help you, then you sold the people in the carriage like this, aren't you afraid that Tianze will blame you?"

Yan Lingji was speechless immediately. She didn't expect that this Ninth Young Master was so smart. Yan Lingji said hurriedly with some strong words,

"These people actually watched me being surrounded and killed and did not help me. Of course I had to drag them into the water. Since they were here to help me, they had to help me thoroughly."

"Yan Lingji, you need to think carefully? What you say may bring disaster to your Baiyue people."

"Haha, what I said is true. Ninth Young Master of the Han Kingdom, you are not trying to threaten me and make me say that they are not my accomplices, are you?"

"you.....Forget it, just take care of yourself."

Han Fei shook his head when he saw that Yan Lingji had been trying to pull the carriage into the water. If this Yan Lingji was not caught by Ji Wuye this time, she might not be able to escape the capture of the people in the carriage.

Ji Wuye saw After Han Fei asked, he looked at him fiercely and said,

"Han Fei, what else do you have to say now? Even if I kill you now, King Han won't say anything."

Weizhuang immediately took out the toothed shark sword in front of Han Fei. He was worried that Ji Wuye would suddenly explode and kill Han Fei, who had no strength to restrain a chicken.

Han Fei, a weakling, foolishly dared to do so without any martial arts. Walking up to Ji Wuye, a master at the peak of his master's level, Wei Zhuang felt helpless towards Han Fei, a weakling.

"General Ji, I hope you will say this again later."

Han Fei said to Ji Wuye and walked towards the carriage. He now wanted to see who was inside. If he couldn't handle this matter well this time, he might not only not be able to get help from Lord Wu Xiang, but even It will also bring disaster to the cold country.

"Stop, move forward, kill without mercy."

Just when Han Fei was about to walk towards the carriage, the commander pretending to be a guard shouted at Han Fei, and the guards also pointed at Han Fei with their Qi-breaking crossbows.

"Commander, I am a friend of your Majesty, please inform me."

The captain of the Nether Iron Cavalry asked with some doubts.

"Do you know our Lord?"

Han Fei can only talk nonsense with the guard commander. Anyway, it is impossible for Wu Xiangjun Su Chen to be in the carriage. Even if Wu Xiangjun finds out in the future, he can still find a way to solve it.

"Yes, your Lord and I are very good friends. We met each other very late in the Sui Dynasty, and we almost became sworn brothers with your Lord."

The captain of the Netherworld Iron Cavalry said with some disbelief, "You won't lie to me, will you? How can our Lord know you?"

"Really, I want to see the people in the carriage this time. Could you please inform me?"

"Wait a minute, I'll report it"

"Thank you."

Ji Wuye is a little surprised now, Your Majesty? Who is the Jun that Han Fei and the guard commander were talking about? Great Sui Dynasty? Is it the Lord of the Great Sui Dynasty?

Ji Wuye also wants to see who this Lord is now. Who? The person who can make Han Fei so careful is definitely not a simple person.

Su Chen was stunned when he heard Han Fei's words in the carriage. When did that funny Han Fei have such a good relationship with him?

He, He also said that he and he almost became brothers. It seems that he had never said a word to him. This Han Fei was much more shameless than him.

Shi Guanyin asked Su Chen with some doubts,

"Do you know that Ninth Young Master of the Han Kingdom?"

Su Chen said angrily,

"I know a bastard. This Han Fei is so shameless. I have only met this bastard and haven't even said a word to him. What do you think this bastard said? Befriend him? I want to beat this bastard to death right now."

Shi Guanyin didn't expect that the ninth young master of the Han Kingdom would be a shameless person. He was somewhat similar to the bastard Su Chen.

"Haha, this person is indeed more shameless, but he is just like you, a shameless person."

"Madam, have you ever said that about your future husband?"

"Okay, don't worry about this. Now this Ninth Young Master wants to see the people in the carriage. Do you want to see him?"

"Damn it, go and get rid of everyone outside. I came here secretly this time. I won't show up until King Qin is crowned. I don't want to get involved in the troubles here in Han State."

Shi Guanyin nodded. Su Chen also told her about coming to the Han Kingdom this time. Shi Guanyin did not expect that Su Chen still had tens of thousands of troops in the Qin Kingdom.

Moreover, he was prepared to support the king of Qin in seizing power. This But Shi Guanyin was a little proud. She didn't expect that Su Chen had powerful forces in the Great Sui Dynasty, the Great Song Dynasty, and even the Great Qin Dynasty in the Eastern Continent.

"I would like to inform the young master that Han Fei, the ninth son of the Han Kingdom, wants to see you."

Chapter 182

When Shi Guanyin heard the words of the guards outside, she nodded to Su Chen and got out of the carriage. Now she also wanted to meet this ninth young master of the cold country who was as shameless and shameless as Su Chen and see how this ninth young master wanted to deceive her.

""Madam," the commander of the Netherworld Cavalry hurriedly saluted when he saw Shi Guanyin getting off the carriage.

Han Fei was a little surprised when he saw a woman wearing a veil getting out of the carriage, and the guard actually called the woman Madam.

Wu Xiang She had seen Jun Suchen's wife, a great master swordsman, Concubine Dongjun Yan of the Yin Yang family, and a woman who didn't know martial arts, but he had never seen this woman.

Wei Zhuang saw a woman coming out of a carriage. He grinned when he came out. He knew that Wu Xiangjun's wife was a lustful person, but he didn't expect to meet a woman from Wu Xiangjun again in the Han Kingdom.

But he had never seen this woman in the Sui Dynasty, but Wei Zhuang felt that the whole woman was a huge threat to him. Wei Zhuang looked at this woman and didn't find out whether she knew martial arts, which made Wei Zhuang a little confused.

Ji Wuyue saw a woman come down and breathed a sigh of relief, but Ji Wuyue didn't care about a woman, and besides, she was a woman who didn't know martial arts.

He looked at this woman with a perfect figure and was a little anxious. Although the woman was veiled, Ji Wuyue knew from the woman's perfect figure that she was a very beautiful woman.

Yan Lingji felt a little regretful now. She didn't expect that there was a woman in the carriage, but she knew who Ji Wuyue was. If this woman was caught by Ji Wuyue this time, her life would definitely be worse than death.

Yan Lingji now wants to tell Han Fei and Ji Wuyue that this woman has nothing to do with her, but she knows that it is too late to say anything now. Yan Lingji now hopes that this woman has a stronger background, so that Ji Wuyue can't dare to take action against her.

Shi Guanyin looked at the people around him and felt a little bored. The most powerful of these people was the ugly General Hanguo. He was only a peak master. He could crush him to death with one hand. Shi Guanyin looked at Han Fei in front of him and deliberately asked him,

"Han Fei? Do you know my husband?"

"Well, we met once, Madam Jun, but I offended you this time. If I didn't say that, I might not be able to see Madam."

Han Fei is a little embarrassed now. He didn't expect that this woman turned out to be Wu Xiangjun's wife. There might be some trouble this time. Ji Wuyue didn't know if he would take action against Wu Xiangjun's woman. Shi Guanyin was surprised when he saw this Han Fei. Frankly, he didn't talk nonsense in front of her, and Han Fei called her Mrs. Jun, which made Shi Guanyin a little happy. Now she also knew that this shameless Han Fei had something to ask of her, otherwise he wouldn't have called her Mrs. Jun just to please herself.

Shi Guanyin He smiled and said to Han Fei,

"Haha, you are as shameless as my husband. Tell me, what did you do when you saw me this time?"

Han Fei cupped his hands towards Su Chen's woman and said,

"Madam Jun, things are a bit troublesome this time. General Ji Wuye said that you were the murderer of the Qin envoy, and Yan Lingji also said that you were her accomplice. I would like to ask Madam Jun to explain to General Ji Wuye."

Shi Guanyin looked at the ugly Ji Wuye next to him and said unceremoniously,

"General Ji Wuye? My husband said that you, an ugly and rude warrior, although you have some cleverness and some opportunities to become the general of the Han Kingdom, the King Han of the Han Kingdom seems to be not only stupid, but even a little blind."

Ji Wuye blushed at what this woman said. He didn't expect that this woman would dare to say that he was ugly. Although he was ugly, no one dared to say anything about himself in front of him since he became a general. She was ugly.

Ji Wuye was riding on a horse and pointed at this woman with a big knife and drank.

"Presumptuous, do you want to die? This is the Cold Country. You actually insulted my general in public, and even dared to talk about the king. I will not let you go no matter what this time."

Shi Guanyin looked at Ji Wuye and ignored him. If Su Chen hadn't let her kill this ugly Ji Wuye, Shi Guanyin would have crushed him to death just because Ji Wuye dared to talk to him like this..

Shi Guanyin looked at Yan Lingji who looked guilty and asked,

"Yan Lingji, right? Didn't you say that I was your accomplice? Now that you see that I am a helpless woman who cannot save you, do you regret it? Still can't bear the thought of a weak woman like me being killed by these cold country troops, and feel a little guilty? Yan

Lingji looked at the veiled woman and said guiltily,

"I do regret it. I caused you trouble this time. I didn't expect that there was a woman in the carriage. I will buy time for you later. You have to escape as soon as possible."

"Do you think I can escape now?"

"Well, maybe not, but this Ninth Young Master of Han Country might be able to help you."

"Haha, Yan Lingji, you saved your life just now. I was going to kill you, but what you said just now made me change my mind."

Shi Guanyin nodded after hearing Yan Lingji's words. This woman still has some conscience, and Shi Guanyin doesn't intend to embarrass her. If Yan Lingji didn't say this this time, even if Su Chen didn't let her kill this Yan Ling Ji, Shi Guanyin would not let her have an easy time.

When Ji Wuye saw that this woman dared to despise him so much, he angrily ordered his troops,

"Come on, kill those guards for me, I want this woman to live"

"Yes, general."

Shi Guanyin waved his hand after hearing Ji Wuye's words.

At this time, the captain of the Netherworld Cavalry ordered after receiving Shi Guanyin's order,

"The military crossbow is ready," swish, swish, swish, ah, ah, ah, ah, ah, ah, ah, ah". One hundred Nether Iron Cavalry's military crossbows shot all the six angry arrows in the Poqi military crossbows at the Han army.

The Nether Iron Cavalry commander saw the crossbow and shot him. When more than half of the Han army was gone, they drew their sabers, shouted loudly, and rushed towards the remaining Han army to massacre them.

"Kill these cold soldiers for me"

""Kill"

Shi Guanyin looked at the Han army that was shot by the Nether Iron Cavalry without any surprise. These Nether Iron Cavalry guards were all centurion-level.

They were all the elites carefully selected by Cui Hao and the others. , any one of these centurion guards has a cultivation level above the fifth level of the innate world, it is extremely simple to massacre these ordinary troops of the cold country.

Ji Wuye said in surprise after discovering the cultivation level of these guards ,

"this.....These guards are all at the level of cultivation above the fifth level of Xiantian? How can this be?"

Ji Wuye clearly didn't feel the cultivation realm of these guards just now, so how could these guards suddenly burst into innate cultivation realm? This made Ji Wuye very confused.

Now Ji Wuye regretted taking action against this woman. Just because this woman's guards are all in the Xiantian realm, then this woman's background must be very powerful.

Ji Wuye hurriedly shouted loudly,"Stop, stop it, everyone, this is a misunderstanding, this is a misunderstanding"

"Misunderstand? I don't think it's a misunderstanding, kill them all."

Chapter 183

Shi Guanyin was a little funny after hearing Ji Wuye's words. This Ji Wuye was quite smart. He could see that the Han army here couldn't deal with the Netherworld Iron Cavalry, and now he said it was a misunderstanding?

How is this possible? Although Shi Guanyin can't kill Ji Wuye, she will not be soft-hearted about those Han Kingdom troops.

"Misunderstand? I don't think this is a misunderstanding, kill them all"

"Yes, madam, kill all the Han army here."

After hearing this, everyone in the Netherworld Cavalry held sabers and slaughtered the Han army here without hesitation. Even if some Han army knelt down and surrendered, they did not hesitate to chop their heads. When

Han Fei saw Wu Xiang Mrs. Jun's guards began to massacre the Han soldiers, and they couldn't bear it. These were all Han people. Although they obeyed Ji Wuye's orders, Han Fei still decided to save these Han soldiers.

"Madam Jun, these troops are also following orders, please Madam Jun, please forgive them."

Shi Guanyin looked at Han Fei in surprise. She didn't expect that Han Fei would plead for Ji Wuye's people. She had heard from Su Chen that Han Fei was fighting with Ji Wuye, and now Han Fei was soft-hearted and wanted to let go. After seeing the army here,

Shi Guanyin looked at Han Fei who looked like a fool and said with a smile,

"Haha, Ninth Young Master Han Fei, based on what you are like now, you will never be able to win the throne of Han Kingdom in the future."

Han Fei shook his head indifferently and said,

"I never wanted to be King Han, I just wanted the country of Han to become stronger and not be destroyed by Qin in the future."

"Then you are destined to be unable to achieve great things"

"I just want the Han Kingdom to be strong, and I don't want to care about other things. I also ask Madam Jun to let go of the remaining Han Kingdom troops."

"Then it's too late for you to say it. Your Han army has already been slaughtered."

"What?"

Han Fei hurriedly turned around and found that the Han army had been slaughtered. Han Fei's heart trembled when he looked at the guards.

After a while, thousands of Han soldiers were slaughtered. Han Fei felt a little stupid. Looking at Wu Xiangjun's wife.

Now he understood that Mrs. Jun was talking to him on purpose. Han Fei looked at the dead Han army with some dejection and walked back.

Ji Wuye watched his army being destroyed. He showed no expression after the massacre, as if he didn't see those troops being killed.

"Ninth Young Master, I will leave these people who assassinated the Qin envoys to you. I will report what happened here to the king when I get back."

When Ji Wuye saw Han Fei coming back, he sneered and said to Han Fei, let's leave this troublesome matter to that unlucky Han Fei. Anyway, he did his best. Even if King Han blamed him, that idiot Han Fei would be the one to bear the blame.

Ji Wuye said with a sneer. Wuye waved and left with Mo Crow and Bai Feng. Ji Wuye didn't want to conflict with this woman before he figured out who she was.

Anyway, the purpose of this woman was also Xinzheng of Han Country. If she arrived, In his own territory, if her identity is not as powerful as imagined, Ji Wuye will not let her leave Xinzheng City. He also wants to get this woman.

A young man named Bai Jing next to Han Fei said to him anxiously,

"Ninth Young Master, Ji Wuye wants you to take the blame, what should we do? Who is that woman?"

Han Fei looked at Zhang Liang and said helplessly,

"What else can you do, brother Wei Zhuang, you need to take down Yan Lingji, Zhang Liang, we can't afford to offend Mrs. Jun, and Han Guo can't afford to offend her either. Don't ask too many questions, you will understand later."

Weizhuang took the Shark Sword and walked towards Yan Lingji. But as soon as he took a few steps, he felt that he was locked by a powerful aura, a very, very powerful aura locked on him.

Wei Zhuang suddenly felt difficult to breathe. , he did not expect that there was a powerful master hidden here. Wei Zhuang also knew that this powerful aura was warning him not to take action against Yan Lingji.

"Let's go."

Han Fei was confused when he saw Wei Zhuang take a few steps and then step back to leave. What does this cool Wei Zhuang mean? Isn't that Yan Lingji going to be captured? If he doesn't catch Yan Lingji, how can he be given to the Qin State? Explain?

"No, Wei Zhuang, what are we going to do if Yan Lingji hasn't captured us yet?"

"Let's go."

Wei Zhuang took the Shark Sword and coldly repeated what he just said and left first. When

Han Fei saw Wei Zhuang leaving, he and Zhang Liang looked at each other and left in a hurry. They were not from Yan Lingji. Opponents, what if that Yan Lingji wants to kill them? As for Wu Xiangjun's wife, she will only have the opportunity to make friends with her after Xinzheng.

Yan Lingji looked at Han Fei and the others who left with some doubts. Han Fei just said Why did she have to leave now if she had to let that white-haired man come to catch her?

Yan Lingji thought it was good for them to leave. That white-haired man was not easy to mess with at first glance. There was no way she could beat that white-haired man. Now she also We're out of danger now

"Madam, thank you very much just now. I will repay you in the future."

"I didn't help you, Yan Lingji, and I didn't tell you to leave."

Yan Lingji is a little confused. Things here are over, why doesn't this lady let her leave?

"What do you mean?"

Shi Guanyin looked at Yan Lingji's confused look and said with a smile,

"What I mean is that if you are captured by me, you will be my prisoner from now on."

"What?"

Yan Lingji immediately became alert. She didn't expect that this lady wanted to arrest her. Was it to take revenge on her for dragging her into the water just now?

"You'd better not resist, or I'll take off your clothes and tie you up"

"Then you have to see if you have the ability."

Yan Lingji immediately grabbed Shi Guanyin. She wanted to capture Madam Jun as a hostage, otherwise the Qi-breaking crossbows of the guards would be too dangerous to her. The

Netherworld Cavalry next to her saw that this woman was actually going to attack Madam. They all showed sympathetic eyes.

Their wife was a super expert. On the road, they and the Netherworld Cavalry practiced the Hidden Qi Art. If anyone didn't practice it well, they would be taught a lesson by the bad mood lady. This time this woman was going to Unlucky

"If you dare to attack me, you are finished this time."

Shi Guanyin suddenly appeared behind Yan Lingji and tapped her acupoints before Yan Lingji could react.

Yan Lingji was frightened by this lady. She didn't even see the lady clearly just now. After catching her, this lady turned out to be a powerful master?

"This time I got the advantage of that bastard and continued towards Xinzheng City."

""It's Madam."

Shi Guanyin said, grabbing Yan Lingji and quickly returned to the carriage. However, when she got inside the carriage, Shi Guanyin discovered that the bastard Su Chen had fallen asleep.

She smiled and did not wake up the bastard. He didn't let Su Chen sleep well for a few days, so he took the opportunity to go out and take a rest.

Shi Guanyin looked at Yan Lingji and thought of letting this woman warm the bed for this bastard Su Chen.

Shi La

Shi Guanyin sneered and suddenly He tore Yan Lingji's clothes,

"Ah what are you doing?"

Chapter 184

Sui Dynasty, Luoyang City. In Dugu Mansion, the appearance of Jingyu and his secret guards aroused Dugu Feng's idea. During this period, their Dugu Mansion has completely become a gathering place for that bastard woman Su Chen, and these women also They are all strong women.

Dugu Feng's heart trembled when she saw this indifferent woman. This woman was too cold, and she was also a great master. Now Dugu Feng couldn't figure out why those proud women were related to that bastard Su Chen.

"Murong Qiudi is here?"

"Yes, she is in the hall now"

"take me there"

"Okay, you come with me."

When Dugu Feng brought Jing Salad to the hall, Jing Sala saw that there were already many people here, and most of them were even beautiful women.

Yao Yue frowned when she saw this woman who had fought with her come over. Head, she didn't expect this woman to come from Song Dynasty so quickly. It seemed that she was also very worried about that bastard Su Chen. Huan

Huan and Shi Feixuan felt a little uncomfortable looking at Su Chen's wife, although they were still She is not with that bastard Su Chen, but she will definitely be together in the future. This woman is Su Chen's first woman, and it seems that she is not easy to get along with. Huang Xuemei, Wuqing and the other women looked at this big girl curiously. Grandmaster, although they knew that Su Chen's wife was a great grandmaster, they just didn't expect that this woman was so beautiful.

Lu Xiaofeng and Sikong Zhaixing were a little envious of that bastard Su Chen. They looked at the beautiful woman in the room who was not that bastard Su Chen. Madam is his confidante, and they are still single.

When Murong Qiudi saw Dugu Feng coming with another woman, she immediately recognized that this woman was the great master who appeared last time, and she was also the first lover of that bastard Su Chen Madam Jing Salamander.

When Murong Qiudi saw Jing Salamander's arrival, she knew that the Song Dynasty had also received news. However, she did not expect Jing Salamander to arrive so quickly.

Murong Qiudi came to Jing Salamander and saluted and said, "Murong Qiudi has seen Sister Frightened Salamander."

Jing Salamander looked at Su Chen's new wife. Although she has not officially been with Su Chen yet, Jing Salamander also knew that since that bastard Su Chen recognized Murong Qiudi, Murong Qiudi will also be part of their family in the future. ,

"Murong Qiudi, is there no news about your husband yet? Murong

Qiudi smiled and handed Jing Sala a letter and said, "Sister, I just received news about my husband today. He is fine. Please read this letter from my husband."

Jing Salamander read the letter and knew that his guess was right. Jing Salamander just didn't expect that Su Chen could handle the land god in the heavenly realm, which made Jing Salamander a little speechless. She now suspected that it couldn't be done without Su Chen. The woman, Shi Guanyin, she also knew through understanding that she was a super master decades ago.

Shi Guanyin was much older than Su Chen, and Jingli was speechless when he thought about seeing that Shi Guanyin in the future.

"Qiudi, since my husband has nothing to do, I will go back to Song Dynasty, and I will trouble you about the matter in the letter."

Jing salamander knew that nothing had happened to Su Chen and he would rush back to the Song Dynasty. Huang Rong would launch a war of annihilation against Dali. The great master in Tianlong Temple has not yet been solved.

Li Qiushui wants to protect Wu Xiangjun's mansion and cannot go out at will. , the great master still wanted to wait for her to kill him.

Murong Qiudi also knew that there was a war going on in the Song Dynasty, and she did not say anything about leaving Jing Salamander.

"Don't worry, sister, I will do what my husband tells me."

"This time I brought a thousand secret guards, and they will be handed over to you. Your husband should give you the Blue Bird Jade Pendant, right? That jade pendant can command all secret guards"

"Well, my husband has already given it to me."

After hearing this, Jing Salamander looked at the people around her. She nodded to Yao Yue and the others and flew up and disappeared into Dugu Mansion.

When Dugu Feng saw Jing Salamander leaving, she came to Murong Qiudi and asked in confusion. , "Sister Qiudi, is that woman just now Su Chen's Mrs. Jun?"

Murong Qiudi smiled and said to Dugu Feng, "Yes, but she doesn't care. Now Mrs. Jun is Concubine Dongjun Yan of the Yin Yang family.""

"Let me tell you, that woman just now was too cold. She is indeed not suitable to be Mrs. Jun."

"Haha, you guessed wrong. Jing Salad is also Mrs. Jun, but she doesn't like to appear in crowded places. Jing Sala gave birth to a daughter for Su Chen. Su Chen loved his daughter very much and even gave her the family jade pendant. gave him his daughter"

"Hiss, doesn't that mean that Su Chen's daughter will inherit everything from him?"

"Well, it is."

Others here were very surprised after hearing Murong Qiudi's words. They did not expect that Su Chen would actually train his daughter as the heir of the family. Will there be a female military commander in the future? Will there even be an empress?

Lu Xiaofeng They were all interested in Su Chen's daughter. A future female Wu Xiangjun, or even an empress. Whoever marries Su Chen's daughter in the future would reach the sky in one step. At this time, Su Yan led her subordinates She also came to Sui Dynasty, but this time she sneaked out secretly. She didn't dare to contact the secret guards in Sui Dynasty.

Now Su Yan went in the wrong direction in Sui Dynasty. He was originally going to Luoyang, but he didn't know how he ended up in a place called Pegasus Ranch.

Su Yan grumbled to Captain Liu Teng with some dejection,

"Really! Liu Teng, what path are you taking? If you, the Nether Cavalry, weren't so quick, I would have asked Gu Changfeng to follow me. Liu

Teng said helplessly,

"Princess, I'm not familiar with this place either. We need to avoid those forces in the Great Sui Dynasty. Maybe we got sidetracked while taking the small road."

"Forget it, didn't you say there was some kind of Pegasus Ranch ahead? Let's go there first. When we get to the Pegasus Ranch, we'll contact the secret guard. Anyway, we're in Sui Dynasty. Even if my mother and Aunt Li know about it, there's nothing they can do to me."

"Yes, Princess."

When Su Yan appeared near Pegasus Ranch with thousands of Nether Cavalry, Shang Xiuxun of Pegasus Ranch Li also got the news that an army was coming to her Pegasus Ranch.

Shang Xiuxun looked at the one next to him. The middle-aged man asked doubtfully, "Uncle Shang Zhen, did you hear that the person who came is from that force?"

Shang Zhen shook his head. He still didn't know which force came to their Pegasus Ranch this time. Those black-armored cavalry looked very elite. Shang Zhen was afraid that the force coming this time would take over their Pegasus Ranch. The war horses inside,

"Field Master, these armies are all black-clad and black-armored. Before the Sui Dynasty, I didn't hear of any force with such equipment."

"Gather our guards. I'm afraid they are coming with bad intentions. Fortunately, their army doesn't have many people."

"Yes, the owner."

In front of the Pegasus Ranch, thousands of Pegasus Ranch guards held weapons and solemnly looked at the black shadow in front of them. Shang Xiuxun also rode on a horse in military uniform and watched the approaching black-armored army in the distance.

"Wow, I'm exhausted. I'll never ride a horse again."

Chapter 185

Su Yan was a little dizzy while riding a little white horse. She didn't expect that riding a horse would be so tiring. She felt like her butt was about to bleed.

Su Yan decided that there was no need to ride a horse anymore. She saw thousands of people outside the Pegasus Ranch waiting for their arrival with swords in hand. Su Yan felt funny.

Do these Pegasus Ranch guards want to start a war with them? Just one charge from their guards, the Nether Iron Cavalry, can destroy them.

"Liu Teng, let their person in charge come over and answer the question."

"Yes, Princess."

Liu Teng heard Su Yan's order and rode towards Pegasus Ranch alone. When he came to Pegasus Ranch, he looked at the unfriendly Pegasus Ranch guards around him and said loudly,

"Who is the person in charge of Pegasus Ranch?"

"I am."

Shang Xiuxun looked at the thousand black-armored cavalry in front of him with some lingering fear. The momentum of these black-armored cavalry was too powerful. Just standing opposite gave people a sense of oppression, which made Shang Xiuxun a little nervous.

If these The black-armored cavalry launched an attack on their Pegasus Ranch. I am afraid that the Pegasus Ranch cannot withstand the attack of these black-armored cavalry.

Liu Teng did not expect that the person in charge of the Pegasus Ranch was actually a woman, and a very beautiful woman. This made Liu Teng Teng was a little skeptical and wanted to make sure.

"A woman? Are you the person in charge of Pegasus Ranch?"

Shang Xiuxun looked very ugly when he saw this general doubting him. Although she was a woman, Pegasus Ranch prospered under her care. This general was also a bastard who looked down on women.

Shang Xiuxun looked at Liu Teng said without a good face, "Yes, who are you?"

"Our princess wants to see you, come with me"

"Princess? Are you the Sui royal family?"

"No, please come with me."

Liu Teng didn't pay attention to this beautiful woman's tone. He looked at this beautiful and somewhat heroic woman and rode on horseback to take her to see Su Yan.

"Owner, don't go. The origin of these black-armored cavalry is unknown. I'm afraid you will be caught by them if you go."

"Yes, field owner, these black-armored cavalry are so strong with only a thousand men, so it's better not to go. We rely on the city wall for defense. They are cavalry and they will definitely not be able to attack."

"Field owner, the third deacon is right. As long as we use the city wall to defend against the enemy, there is nothing they can do to us. When the time comes, we can ask our allies for help."

"Yes, isn't Li Clan's army near Zhen Jingyang? We just need to inform them and Li Clan will come to rescue us."

"Impossible. Li Clan and the others are negotiating with the four major bandits in Jingyang. They may not come to rescue our Pegasus Ranch. We still ask the local Sui army for help."

At this time, the deacons of Pegasus Ranch discouraged Shang Xiuxun from going there. They were also afraid of detaining Shang Xiuxun. If Shang Xiuxun was detained, then Pegasus Ranch would be defeated without attacking.

"Don't say anything anymore. I'll go over and take a look. These black-armored cavalry should not be attacking our Pegasus Ranch, otherwise they wouldn't stop far away. Uncle Shang Zhen, I'll leave this place to you."

"Yes, the owner."

Shang Xiuxun rode his horse and followed Liu Teng towards the black armored cavalry. When Shang Xiuxun came to the black armored cavalry, he saw a little girl riding a little white horse among these. The black armored cavalry guard looked at him.

Su Yan saw that a young and beautiful woman had arrived and said to Liu Teng,

"Liu Teng, I want you to call the person in charge of Pegasus Ranch. Why do you bring a beautiful woman here? Do you want to please the concubine my father found for him? Aren't you afraid that my mother and Aunt Concubine Yan will chop you up? Liu

Teng said hurriedly with a grimace after hearing Su Yan's words,

"Princess, this woman is the person in charge of Pegasus Ranch. I don't dare to find a woman for you. I want to live for a few more years."

Su Yan ignored Liu Teng and asked, looking at the beautiful woman in front of her.

"May I have your name? How far is it from Luoyang?"

Shang Xiuxun looked at this little beauty in surprise. She didn't expect that the princess was actually a five or six-year-old girl. When the princess asked her, Shang Xiuxun knew that they were passing by their Pegasus Ranch.

"Shang Xiuxun, the owner of Pegasus Ranch, has met the princess. This place is still more than 600 miles away from Luoyang. Is the princess going to Luoyang?"

Su Yan was speechless. She didn't expect that Luoyang was getting further and further away from them. It was originally four hundred miles away from Luoyang, but now it has become more than six hundred miles away. Su Yan rubbed her little buttocks. Somewhat uncomfortable,

"Let me go, there are still more than six hundred miles, Liu Teng, how many wrong roads have we taken? It's all your fault."

Liu Teng was also a little embarrassed. He didn't expect to go further and further on the path.

"Yes, Princess, I will receive the punishment when I go back."

Su Yan doesn't want to continue on the road now. She wants to have a good rest here. Her mother has already rushed over. Even if she rushes over now, she can't help. It's better to contact the secret guard here to see if she is there. news from father,

"Owner Shang Xiuxun, can we take a break at your Pegasus Ranch? I haven't had a good rest in a few days"

"Haha, yes, Princess, please come with me"

"Okay, thank you."

In the Eastern Continent,

Su Chen of the Cold Country didn't know yet that Shi Guanyin stripped Yan Lingji and threw her on the bed in the carriage, letting Yan Lingji lie next to Su Chen. Su Chen was now lying on the bed. Currently communicating with the system to receive this month's gift pack

"System, receive this month's gift pack"

"Ding, the gift pack has been distributed in the system space. The next gift pack can be collected in one month."

"Open the gift bag"

"Ding, the gift bag has been opened. Congratulations to the host for obtaining the king-level martial arts secret book Shadow Killing Technique, three hundred hidden assassins, fifty thousand elite troops, and the weapons and equipment of one hundred thousand troops."

Damn it, this time it's a big hit. I've made a lot of money. But how do I get an assassin's secret book? I don't want to be an assassin. The shadow assassins in the 300 innate realm are pretty good. At least there are some assassination missions for them to complete.

This time he got another 50,000 troops. Now he has 200,000 system troops, not counting the troops recruited by Gusu City. Su Chen doesn't know how many troops have been recruited by Gusu City.

There are also 100,000 weapons and equipment. , this came in time. His army did not have many crossbow arrows. With the replenishment of these supplies, he did not have to worry about running out of crossbow arrows. The

Xuanwu Legion and the Netherworld Cavalry Legion could also replace damaged armor and weapons. , after all, the quality of the weapons and equipment produced by the system is very good.

Su Chen was a little happy to see if Shi Guanyin had defeated Han Fei and Ji Wuye.

But his hand suddenly pressed on a soft piece, which made Su Chen Chen's heart was filled with excitement. He was not a man who didn't understand anything. He knew exactly where he was.

Yan Lingji glared at the man next to her angrily. She didn't expect that she would be raped by Mrs. Jun. She stripped naked and threw it on the bed inside the carriage.

She even put herself together with a man. Now Yan Lingji not only didn't have her acupuncture points touched, but even that hateful Mrs. Jun even clicked her dumb acupuncture points.

When Yan Lingji was When she was angry, suddenly the man sleeping next to her touched her body, which made Yan Lingji's face turn blood red instantly. Now she wanted to burn the man who touched her to death.

Chapter 186

Su Chen suddenly felt that this woman was not Shi Guanyin. He originally thought that Shi Guanyin was lying next to him after dealing with Han Fei and Ji Wuye.

Su Chen thought that it was impossible for Shi Guanyin to lie next to him like this. Even this woman's figure seemed to be different from Shi Guanyin's. Shi Guanyin's was much bigger than hers.

Su Chen immediately opened his eyes and looked at the woman lying next to him. However, when Su Chen looked at the woman who was staring at her, Su Chen had a useless nosebleed.

Damn it, why is this woman Yan Lingji? Why is she lying next to him? Is she trying to seduce him?

This is not right. Yan Lingji would not glare at him angrily even if she wanted to seduce him. Su Chen covered his nose and looked at Yan Lingji again, and found that Yan Lingji's face was red and still staring at him. Su Chen immediately Something feels wrong.

Yan Lingji was going crazy now. She didn't expect that Mrs. Jun would put her next to a sleeping man. This made Yan Lingji want to kill this hateful woman in shame and anger.

Yan Lingji now also hated the man next to her, who knew that this man was also in the carriage.

What made Yan Lingji even more angry was that the man had a nosebleed when he woke up and saw her. Yan Lingji was hopeless now, and she had been defiled by this man.

Yan Lingji thought that this man would leave immediately when he saw her, but this bastard looked at her again and again. This bastard was a shameless person.

Yan Lingji angrily vowed to kill this bastard who had tainted her, otherwise she would have no face in this world.

Su Chen felt Yan Lingji's murderous intention towards him, he smiled awkwardly and covered Yan Lingji with the quilt next to him.

Now he understood that Yan Lingji had her acupuncture points tapped, and Su Chen couldn't figure out why Shi Guanyin treated Yan Lingji like this. Now that Shi Guanyin was not in the carriage, Su Chen had no way to ask Shi Guanyin.

Su Chen felt a little embarrassed and asked Yan Lingji,

"That Yanling Ji, why did you appear in the carriage? Did my wife bring you in?"

Yan Lingji glared at Su Chen angrily, but Yan Lingji didn't expect that this man was actually the king and the husband of that hateful woman.

But why did Mrs. Jun let herself be bullied by her husband? Did Mrs. Jun want to Looking for a concubine for this king? Thinking of this, Yan Lingji hated Mrs. Jun even more. Even Su Chen hated her. When Su Chen saw Yan Lingji staring at him angrily, he knew that this baby Yan was being targeted. He knew the acupoints, but he didn't know how to do them, and he hadn't learned them yet.

Su Chen said to Yan Lingji helplessly, "Um, you had your acupoints tapped? But I don't know how to solve acupuncture points."

You're not talking about acupoints. Yan Lingji closed her eyes helplessly. She stared at this bastard for a long time, and her eyes were a little sore now, and she even wanted to shed tears.

Su Chen came He opened the curtains in front of the carriage window and shouted,

"Come on,"

"I've met your Majesty"

"Where's the lady? Where did she go?"

"Your Majesty, Madam said that she is going to do some things. She will come to see Your Majesty in the future."

"gone? Shi Guanyin just left like this?"

Su Chen couldn't understand why Shi Guanyin left without telling him. Is it because he was afraid that he wouldn't let her leave?

This Shi Guanyin must teach her a lesson in the future. Let a beautiful woman eat her before she eats her. He ran away, which made Su Chen a little depressed.

"How long does it take to get to Xinzheng?"

"Your Majesty, we can reach Xinzheng City in less than half an hour."

"When you arrive in Xinzheng, go directly to Zilanxuan"

"Yes, Your Majesty."

Su Chen sat in the carriage and thought about Shi Guanyin's inexplicable departure. He looked at Yan Lingji lying on the bed and picked up the tea and drank it. Su Chen didn't know how to relieve acupoints. , now we can only wait until the time comes for the acupuncture points to relieve themselves.

Yan Lingji also heard that Mrs. Jun left. If she wants to seek revenge from Mrs. Jun in the future, she may not be able to find her.

But with this bastard here, she can't seek revenge from this bastard. Okay, they were all in the same boat anyway, and she couldn't beat that hateful woman.

The carriage was quiet now. Su Chen was drinking tea and thinking about why Shi Guanyin left so suddenly, while Yan Lingji initially thought about it. How to kill this bastard.

But she kept thinking about the fact that she was abandoned by Tianze. Yan Lingji did not expect that Tianze would treat her like this despite her loyalty to Tianze, which made Yan Lingji confused.

Xinzheng City, Han Fei and the others looked at Wei Zhuang when they returned to his mansion. Han Fei couldn't understand why Wei Zhuang didn't take down the Yan Lingji? That woman was the murderer of the Qin envoy.

If he didn't take down the murderer Yan Lingji, Ling Ji, I'm afraid that the Qin State will not let it go. Even Ji Wuye will add fuel to the fire and stir up trouble with King Han. Then she will be in trouble.

Han Fei asked Wei Zhuang with a serious face, "Brother Wei Zhuang, why didn't you catch Yan Lingji just now?"

"It's not that I don't want to catch them, it's that I don't dare to catch them."

Weizhuang looked at Han Fei and Zhang Liang and said with lingering fear.

On the way back, Wei Zhuang had been thinking about the breath just now. Now Wei Zhuang is sure that the person is a land immortal in the heaven and human realm. In the heaven and human realm, then But there was a being that was even more powerful than his master, but why did the land immortal in the heavenly realm want to protect Yan Lingji?

Zhang Liang was confused and asked, "Don't you dare to catch her?" What's the meaning?"

"There is no reason. Don't offend that woman in the future, otherwise no one can save you. What I'm saying is that no one in this world can save you."

Han Fei was very surprised when he heard Wei Zhuang's words. He didn't expect Wei Zhuang to say this, but Yan Lingji was the murderer of the Qin envoy. If he didn't arrest her, how would he explain to Qin?

"Hey, Wei Zhuang, don't scare me. Is that Yan Ling Ji so scary?"

Weizhuang thought for a while and decided to tell Han Fei and the others, otherwise they would keep asking questions.

"Alas, behind Yan Lingji there is a terrestrial immortal in the heavenly realm. Think about it."

Han Fei and Zhang Liang were shocked when they heard this. A terrestrial immortal in the celestial realm? They have never even seen it. How could Yan Lingji have a terrestrial immortal in the celestial realm protecting her?

At this time, , Su Chen and the others also entered Xingzheng City. Before arriving at Zilanxuan, Su Chen was speechless when he saw that Yan Lingji's acupuncture points had not been automatically

unlocked. How could he bring Yan Lingji into Zilanxuan? The guards are here to unlock the acupuncture points? No, this woman Su Chen doesn't want other men to see what she looks like now

"Yan Lingji, I will wrap you in a quilt and get off the carriage in a moment. I don't mean to take advantage of you."

Chapter 187

In Zilanxuan, Zinu got news that hundreds of guards escorted a carriage to Zilanxuan, and they also wanted to stay in her Zilanxuan. This made Zinu a little angry. These people actually took her Zilanxuan is used as an inn.

A dancer from Zilanxuan hurriedly came in and said,

"Sister, those people have come in through the back door of Zilanxuan. Those guards are not ordinary people. What should we do?"

"I'll go take a look and talk."

Zi Nu walked out angrily. These people are lawless. They came uninvited even before she promised them to live in.

In the carriage in the backyard of Zilanxuan, Su Chen just finished speaking to Yan Lingji. Seeing her immediately opening her eyes and staring at him, Su Chen smiled and ignored her. He directly wrapped Yan Lingji with a quilt and hugged her.

Yan Lingji didn't expect that this bastard would wrap herself up and hug her. Himself, but this bastard must have done it on purpose. He even took advantage of her when wrapping her up.

Yan Lingji felt that her legs and back were being touched by this from time to time. She bit her lip and lowered her head in shame and anger. Yan Lingji was now even more murderous towards this bastard.

As soon as Su Chen got off the carriage with Yan Lingji in his arms, he saw Zi Nu and a group of women coming to the backyard. The Nether Guards immediately guarded Su Chen and pointed at these menacing women with their Qi-breaking crossbows.

Su Chen shook his head at the Netherworld Cavalry and told them to put away their Qi-Breaking Crossbows. Then he looked at the beautiful Zi Nu and smiled and said,

"Hi Zinu, long time no see."

Zi Nu was a little surprised when she saw Su Chen. She didn't expect Wu Xiangjun to come to the Eastern Continent's Han Country. What was he doing in the Cold Country? And he was holding a woman with a quilt, which made Zi Nu very worried. Angry, what did this bastard think of her Zi Lanxuan?

Zi Nu said angrily when she thought about what this bastard threatened her, "Is it you? Are you the bastard? Why did you, shameless bastard, come to the Cold Country?"

Su Chen hugged Yan Lingji and walked to Zi Nu. Su Chen looked at the sexy Zi Nu and said with a smile,

"Haha, of course I want the beautiful and sexy purple lady boss. Your Zilanxuan is great. I will live here from now on."

Zi Nu saw the bastard Su Chen staring at her, so she looked at the woman in his arms with some embarrassment and said,

"You are not welcome here. Leave me with your woman in your arms."

"No, Zi Nu, we have been living together for a few days and nights after all. Why don't you look at the monk's face and the Buddha's face? I am homeless now."

"You bastard, what are you talking about? Get out of here and leave my Zilanxuan immediately"

"I'm leaning in, I'm holding someone, don't push me"

"Get out of here right now."

Zi Nu pushed Su Chen for a while but Su Chen didn't push him. This made Zi Nu a little angry. She immediately said to the girls next to her,

"Hongyu, Caidi, come here and drive him out."

Hongyu and Caidi felt something was wrong when they looked at Zinu and Su Chen. They felt that they were quarreling. This man must have made Zinu's sister angry by holding a woman wrapped in a quilt. They looked at each other and found nothing. Taking action, Hongyu and Caidi also want to know who this man is? What is his relationship with Sister Zinu?

"Haha, Zi Nu, look at it, your Zi Lan Xuan woman can tell at a glance that we have a close relationship, Hong Yu, right? Take this woman into the room first, I will chat with your boss, Cai Die, give me these Make arrangements for the escort."

As Su Chen said, he handed Yan Lingji to Hong Yu, and he came to Zi Nu, grabbed her and walked upstairs to Zi Lanxuan.

When Zi Nu saw this bastard holding her, Zi Nu threw Su away. Chen held her hand, and she looked at Hong Yu and Cai Die and walked directly upstairs.

It was not convenient to talk here. Zi Nu wanted to know what conspiracy Su Chen had in coming to Han Country this time. This bastard could go anywhere. Something will happen, and Zi Nu really hopes that Su Chen will cause trouble in the cold country.

Su Chen and Zi Nu entered the room and sat down. Su Chen looked at the expressionless Zi Nu and poured a cup of tea and drank it.

Zi Nu looked at Su Chen, who was so unceremonious, held back his anger and asked,

"You bastard, why did you come to the Han Kingdom if you didn't stay well in Sui Dynasty?"

"I missed you and came to the cold country to find you, Zi Nu. I haven't seen you for a while and you are beautiful again."

Su Chen looked at Zi Nu's room while drinking tea. This all-wooden room was really nice. When Su Chen saw the big wooden barrel behind the screen, he looked at Zi Nu and smiled. That wooden

The bucket must be the wooden bucket used by Zi Nu for bathing. In the anime, Zi Nu is very sexy and fights with that dove here.

Hong Yu is not dead yet, and the assassin must not have come to assassinate Qin Ji Nong Yu. Do you want to do it yourself? A hero saves a beauty?

Zi Nu doesn't believe every word this bastard says.

"Do you think I will believe you? Tell me, what are you going to do in the cold country?"

"To play, I come to the cold country to play."

Zi Nu stood up angrily when she heard Su Chen said that she was coming to the Cold Country to play.

Come to the Eastern Continent to visit the Cold Country? Does this bastard really think that he is an idiot? Just to visit the Eastern Continent to the Cold Country? This bastard Why haven't you traveled to the sky?

"You bastard, if you don't tell the truth again, I will kick you out of Zilanxuan."

Su Chen shook his head and felt that this purple girl was not easy to fool. Su Chen was not completely sure that Qin King Ying Zheng would come to Han Country. After all, this is a world of comprehensive martial arts.

Su Chen only planned to stay in Xinzheng of Han Country for a few days. Look, if Ying Zheng doesn't come to Han State, he will leave for Qin State.

"Well, I have something to do when I come to Han Country this time, but I can't tell you yet, and don't ask. I will go to Qin Country in a few days, and I am just passing by Han Country."

"real?"

Zi Nu looked at Su Chen with some suspicion. She didn't know whether to believe this bastard. If this bastard did something else in Han Country, Zi Nu didn't want her to stay in Zilanxuan. Such

bastard Su Chen Her ability to cause trouble is too strong, and she doesn't want to involve Zi Lanxuan in something caused by this bastard Su Chen.

"More real than real gold"

"Three days, you can only stay in Zilanxuan for three days. After three days, you have to leave. Do you hear me?"

"Three days? Okay, just three days."

In the General's Mansion, Ji Wuye learned that Madam Jun actually lived in Zilanxuan, which surprised Ji Wuye. Zilanxuan is a place of fireworks, how could a Madam Jun live in that place?

"Mo Crow immediately ordered Bai Niao to find out who Mrs. Jun was, and also contacted Luowang to see if they knew anything about Mrs. Jun."

"Yes, general."

Ji Wuye held the wine glass and thought of Mrs. Jun's beautiful figure. If he could get that woman, he would definitely love her.

Ji Wuye also thought of Han Fei, the unlucky guy, who didn't catch the flame spirit. Ji, this makes Ji Wuye a little happy. Han Fei is dead this time.

"Come here, prepare a horse for me, I want to enter the palace"

""Yes."

In the Ninth Young Master's Mansion, Han Fei and Wei Zhuang also got the news that Mrs. Jun had moved into Zilanxuan. Han Fei looked at Weizhuang and wanted to go to Zilanxuan to see Mrs. Jun again.

This time the Qin envoy was Kill, if Mrs. Jun can come forward to testify that the envoy of Qin State was not killed by Han people, I believe Qin State will not launch a war against Han State.

"Brother Ninth, who is that Mrs. Jun you are talking about?"

Chapter 188

A very beautifully dressed beauty next to Han Fei listened to the conversation between Han Fei, Wei Zhuang, and Zhang Liang with some confusion, especially the Mrs. Jun they were talking about. Who was that Mrs. Jun? Why live in a place with fireworks like Zilanxuan? This made this little beauty very interested.

Han Fei discovered that his sister, Princess Honglian, had not left yet. Their conversation just now was also heard by this naughty sister, which made Han Fei's face change immediately.

Han Fei thought that if Hong Lian heard their conversation and went to find Mrs. Jun, Han Fei was afraid that Mrs. Jun would teach Hong Lian a lesson.

"Honglian, please go back to the palace. There is some chaos in Xinzheng now. The prince has just been taken away. Please stop running around.

Seeing that Han Fei was about to leave her, Princess Honglian pulled him and asked, "Brother Ninth, tell me who is Mrs. Jun?"

Han Fei pushed Princess Honglian and asked her to leave quickly. He was afraid that their next conversation would be overheard by Princess Honglian.

"That Mrs. Jun is not from the Han country. Don't ask any more questions. Go back to the palace as soon as possible."

"If you push me, I will walk by myself, hum!"

Princess Honglian turned angrily and prepared to leave after being pushed by Han Fei. She wanted to go to Zilanxuan now, but it was getting late now. Princess Honglian decided to go to Zilanxuan tomorrow to find out who the king was. Madam's matter.

Han Fei breathed a sigh of relief when he saw Princess Honglian leaving. Now the Han Kingdom is in chaos. The envoy of the Qin Kingdom was killed, the prince was kidnapped, and the arrival of Mrs. Jun. I don't know if it is a good thing or a bad thing. matter

"Brother Wei Zhuang, the whereabouts of Tianze, the deposed prince of Baiyue, are left to you. The prince must be rescued. Please contact Tang Qi from Qi Jue Hall. Now we can only rely on Qi Jue Hall."

"I know."

Han Fei patted the pretty boy's face and Zhang Liang said with a smile,

"Brother Zhang, now you have to find a way to figure out the four evil generals in the night. Now we only know Ji Wuye and Bai Yifei, and we don't know the rest. This depends on your clever mind."

"Ninth Young Master can rest assured that Liang will do his best to find the remaining two night four evil generals."

Han Fei smiled when he saw Zhang Liang agreed. Now he can only wait for King Han's summons. Ji Wuye will definitely go to King Han to complain, and King Han will definitely summon him for questioning. I'm afraid he will. Some are more ominous than others.

In an ordinary room in the city of Xinzheng in the Han Kingdom, Chu Liuxiang, Hu Tiehua, and Ji Bingyan were looking at the Suihou Pearl they had stolen from the Chu State. This golden-yellow Suihou Pearl made Hu Tiehua and Ji Bingyan a little stunned. They had never seen such a big luminous pearl.

Ji Bingyan looked at Suihou Pearl and exclaimed,

"Oh my god, Lao Hu, this is the biggest and most beautiful luminous pearl I have ever seen. This Suihou Pearl is indeed a treasure."

Hu Tiehua was also shocked by this Suihou Pearl. It's just that this Suihou Pearl is a hot potato. Now that their whereabouts have been exposed, the Chu State even asked the farmers and the Mo family to arrest them. It will definitely be difficult for the three of them to escape from the East now. mainland,

"No, but we are in trouble now. The Mo family and the farmers are chasing us now. We are not safe in Xinzheng. If we leave Xinzheng now, we may be discovered immediately. Have Lao Chu, Rongrong and the others arrived in Xinzheng?"

Chu Liuxiang touched her nose and smiled and said,

"They should be gone tomorrow. After they arrive, we can ask Rongrong and the others to disguise themselves for us and leave Xinzheng."

Although Chu Liuxiang said this, he is also a little worried now. Something big happened in Xinzheng of the Han Kingdom today. The prince of the Han Kingdom was kidnapped. Now Xinzheng is arresting strangers everywhere. It may not be easy for them to leave safely..In the Zilan Pavilion, Su Chen and Zi Nu were drinking wine brewed by Zi Nu and talking. However, Su Chen was speechless when he looked at Zi Nu. This Zi Nu was obviously worried that she would cause trouble everywhere. She was trying to kill herself. It was hard to watch.

When Zi Nu saw Su Chen put down his glass and stopped drinking, she hurriedly wanted Su Chen to continue drinking. It would be best if Su Chen, the bastard, got drunk, so that this bastard would not go around causing trouble.

"Su Chen, why don't you drink? Doesn't the wine taste good?"

Su Chen was speechless when he looked at Zi Nu. This woman is also very good at drinking. They had already drank four or five jars. Apart from her blushing face, this Zi Nu didn't even feel drunk at all.

Su Chen knew that Zi Nu wanted to get him drunk. Su Chen knew that Zi Nu wanted to make him drunk. Chen also wanted to get Zi Nu drunk, but Su Chen gave up now. This Zi Nu is indeed an old Jianghu, and with her ability to drink, Su Chen was willing to let her down.

Su Chen looked at Zi Nu and smiled and said,

"Zi Nu, I know what your plans are, and you don't have to get me drunk so that I can't cause trouble everywhere. Don't worry, I won't leave Zi Lan Xuan this time. There are so many beauties here, and I won't leave."

After hearing Su Chen's words, Zi Nu immediately grabbed his clothes and warned,

"You can't do anything for me in Zilanxuan. The women in Zilanxuan are all hard-working women. They are all artists here but not their bodies. If you dare to abuse the women in Zilanxuan, I will definitely kill you. about you"

"just you? can you?"

Su Chen looked at Zi Nu who was approaching and wanted to do it directly. This was Su Chen

's only thought. This Zi Nu was different from other women. This Zi Nu was very determined. Su Chen If he dares to do something wrong, I'm afraid Zi Nu will kill him directly.

Bang! Bang! Bang

When Zi Nu was about to say something, Su Chen clapped his hands. Now Su Chen doesn't want to continue messing around with Zi Nu. , he also wanted to know if Concubine Yan got the copper box.

As soon as Su Chen clapped his hands, he saw a secret guard appear in the room. When he saw Su Chen, he immediately knelt down and saluted and said,

"Secret guard Zhao Kong, have you met your Majesty?"

Su Chen asked after looking at Zhao Kong, who was very skilled.

"Zhao Kong, where is Madam? Did you get that item?"

"Your Majesty, Madam has obtained the item and returned to Yin Yang's house."

"Well, just get it. Tell me about what happened in Xinzheng recently."

"Your Majesty, many things have happened in Xinzheng recently. Today, the prince of Han State was kidnapped, the envoy of Qin State was killed, and people from the Mo family and farmers are also arriving one after another. They came to Xinzheng to arrest and steal the treasures of Chu State. Chu Liuxiang and several others."

Su Chen was a little surprised after hearing Zhao Kong's words. He didn't expect that Chu Liuxiang would come to the Eastern Continent to steal the treasure, and also caused the Mo family and the farmers to come to arrest Chu Liuxiang and the others. What kind of treasure did Chu Liuxiang and the others steal?

Xinzheng is probably going to be lively this time. The Baiyue killer group, quicksand, night, and the arriving farmers, Mo family, Chu Liuxiang, and even the King of Qin Ying Zheng may arrive in the next few days. If Ying Zheng arrives, I am afraid Luo Sheng will also appear.

Su Chen thought of these I just smiled. The drama this time is quite big. I just don't know which force can have the last laugh, and I don't know if other forces will come.

"Zhao Kong, order the secret guards to find Chu Liuxiang and the others in Xinzheng City. I am interested in the treasure that Chu Liuxiang and the others stole."

""Yes, Your Majesty."

Zi Nu looked at her secret guard commander with a sullen expression and asked Su Chen. This secret guard commander was ordered by Concubine Yan to protect her, and he was her own subordinate. During this time, Zi Nu The one for women is very handy.

But when this bastard Su Chen came, he asked her secret guards to do things. Although these secret guards were all Su Chen's subordinates, this bastard Su Chen took it without asking. Her control of the secret guard made Zi Nu very angry.

Chapter 189

After Su Chen ordered Zhao Kong, he found that Zi Nu had been staring at him. Su Chen shook his head and walked out without paying attention to her. This woman may have reached menopause, and she dragged herself to drink for a long time for no reason because she was afraid of causing trouble.

Now he just ordered his men to do things and she still glared at him. Su Chen didn't want to offend this woman who could get angry at any time. He hadn't had a good rest in the past few days. He just wanted to have a good sleep now.

"Damn you bastard, you bastard."

Zi Nu's chest heaved with anger when she saw Su Chen leaving. Now she is going to be pissed to death by this bastard Su Chen. This bastard will do no good when he comes to Xinzheng. Not only did he lose his secret guard to this bastard today. , even he, a bastard, had to intervene in the people the farmers and the Mo family wanted to arrest.

Zi Nu did not expect that so many things would happen today. The envoy of the Qin State was killed. This is a huge matter. If it is not handled well, it may cause War.

The Prince of Han Kingdom was kidnapped. This must have been done by those people in Baiyue Tianze. Xinzheng is becoming more and more chaotic now. I hope these things will not involve Zilanxuan. Maybe it is right for me to withdraw from Quicksand.

At this time, Nongyu walked in secretly. She saw that Zinu was still thinking about something, and she thought of Zinu's conversation with the young man just now. She could hear it clearly in the secret door. It was just that Junshang and Zi What is the relationship between female sisters? Why does Zinu sister keep saying that Junshang will cause trouble? Zinu sister also deliberately gets this Junshang drunk

"Sister, is that person just now your Lord? Who is he? Sister, why don't you tell me?"

Zi Nu came back to her senses and saw that it was Nong Yu who had come in. She knew that Nong Yu heard her conversation with that bastard Su Chen in the secret door.

Zi Nu suddenly thought that Su Chen, that bastard, was very good at dealing with women. She looked at Looking at the beautiful Nongyu, she was a little worried that she had been deceived by that bastard Su Chen.

Zinu grabbed the beautiful Nongyu and hurriedly said to her,

"Nongyu, you'd better not have anything to do with that person just now, or even talk to him. That person is not a good person, he is just a pervert. If you see him in the future, stay away from him."

Nong Yu nodded quickly when she saw Zi Nu's serious look. Now that she listened to Zi Nu's words, she was also worried that the Lord would take action against her, but she still wanted to know who the Lord was.

"Sister, I understand, but why haven't you told me whether he is the one who arrested you? Did you have that kind of relationship?"

Zi Nu pulled Nongyu to sit down and said to her seriously,

"Nongyu, I have nothing to do with that bastard. If you don't know, don't talk nonsense. As for that person's identity, you'd better not know. It's best not to spread the words you just heard."

"His identity is very special, and I cannot tell anyone about it without his permission. Otherwise, it will cause huge trouble, and even bring disaster to Han Country. Nong Yu, please don't tell anyone what happened just now."

"I.....I....Got it."

Nongyu said hurriedly with some anxiety.

Nongyu was a little frightened now. What Zinu said just now was a bit scary. She didn't expect that the king would bring such a big trouble, and it would even be so serious that Han Guo would also have a disaster that will destroy the country.

No wonder Sister Zinu wants to get that Junshang drunk. I'm afraid she would do the same to save him from causing trouble everywhere.

Ding, bang, boom

Zinu immediately left the room when she heard the sound of fighting outside. Go out and dare to cause trouble in Zilanxuan. She, Zi Nu, will not let go of those who cause trouble. But Zi Nu suddenly thought that that bastard Su Chen just went out. Could it be that bastard fighting with people this time?

Nong Yu She also hurriedly followed out. She also wanted to know who was fighting in Zilanxuan. She must know that since Wei Zhuang and the others left.

Anyone who dared to come to Zilanxuan to cause trouble was either killed on the spot or interrupted by sister Zinu's secret guards. The legs were thrown out, but no one in Zilanxuan dared to cause trouble for a long time.

At this time, Su Chen was suddenly attacked as soon as he entered his room. Su Chen immediately teleported and appeared in the yard. He looked at Yan Ling who appeared from the room. Ji was speechless. Su Chen didn't expect that Yan Lingji would kill him after her acupoints were freed.

Yan Lingji's eyes were burning and she stared at the bastard who had defiled her. Now that bastard was tightly protected by his guards. Yan Lingji still couldn't hold back and killed her directly.

"Catch her, don't hurt her life"

"Yes, Master, rope formation."

When the Netherworld guards heard Su Chen's order, they took out ropes one after another. They crossed the ropes and started to trap Yan Lingji. When Yan Lingji saw these ropes, she used Qinggong to avoid them.

But as soon as she used Qinggong to fly, Forced down by those ropes, Yan Lingji did not expect that the rope array of these guards was so powerful. Seeing that she could not get close to that bastard, Yan Lingji took out her hairpin and prepared to set fire to kill these guards first.

"Stop it, stop it."

When Zi Nu arrived, she saw Su Chen's guard fighting with a woman. Zi Nu had seen this woman before. Wasn't she the woman who was wrapped in a quilt and carried out by Su Chen? Why are they fighting now ? I thought, was this beautiful woman robbed by that bastard Su Chen?

Zinu saw that no one listened to her words. Su Chen's guards and the beautiful woman were still fighting, which made her very angry. Zi Nu drew out her red sword and was about to stop them.

Zi Nu came to the middle with a light skill and swung her sword to separate Yan Lingji and Nether Guard,"Didn't you hear me telling you to stop?"

Yan Lingji saw this woman in purple clothes and recognized her. She used her hairpin to release a sea of fire with a single move. She didn't care about this sexy woman. Anyone who stopped her from killing that bastard was her enemy.

""Looking for death."

Seeing that this woman wanted to take action without knowing what was going on, Zi Nu angrily waved her red sword and attacked Yan Lingji.

And when Yan Lingji saw that this purple-haired woman dared to stop her from killing that bastard, she was also furious. Well, this woman started fighting.

One of Zi Nu and Yan Ling Ji is good at setting fire and the other is good at distance attacks. They were fighting like fairies in the yard. One in purple and one in dark red were flying around fighting in the yard. This made Su Chen sat in front of the stone table and watched the beautiful women fighting with interest.

Su Chen didn't understand that Zi Nu appeared and started fighting with Yan Lingji. However, it didn't care about his own business. Su Chen hurriedly waved his hand and asked the Nether Guard to retreat. , he doesn't want to miss such a good show

"Come here."

Su Chen suddenly found a woman watching and said to her,

"I?"

When Nongyu saw that Junshang calling her, she took a few steps back in fright. She heard from Zi Nu that this Junshang was a pervert. Now that Junshang has discovered her, Nongyu was a little scared.

Su Chen looked at The woman in the distance was a little speechless. Did she look very scary? It was so dark now that she could see her appearance? Su Chen felt a little strange when he looked at the woman in the distance.

"It's you, hurry up and prepare some tea and snacks for me. I just drank wine and now I'm still a little hungry."

"Oh, yes, I'll prepare it for you right away."

Chapter 190

Nongyu breathed a sigh of relief after hearing Su Chen's words. She thought this gentleman was going to do something to her, but Nongyu was a little confused now. If she brought tea and snacks to that gentleman later, would he be right? Do it yourself?

Su Chen didn't care about that woman. Now Zi Nu and Yan Lingji also had real fire. Zi Nu burned a corner of her dress by Yan Lingji's fire, and Yan Lingji was also destroyed by Zi Nu's red sword arm.

When Su Chen saw this, he asked all the Nether Guards to retreat. Otherwise, if their clothes were torn after a while, wouldn't they be seen by the guards? Su Chen didn't want the guards to see the bodies of Zi Nu and Yan Ling Ji.

In the eastern continent, the Netherworld Cavalry Legion had just massacred a large Xiongnu tribe on the grassland. Since Su Chen left the grassland, the Netherworld Cavalry, with the help of Hu Ji, had slaughtered two medium-sized tribes and one large Xiongnu tribe. The small Xiongnu tribe had also been killed. More than ten were slaughtered, and now there are more than 100,000 Hun cavalry who have surrendered.

"Madam, where should we go next?"

Cui Hao, captain of the Netherworld Cavalry, looked down at the beautiful Hu Ji and asked.

Cui Hao only called Mrs. Hu Ji because Su Chen took Hu Ji into the tent that night. A woman entered a tent at night. In the men's tent, no matter how stupid Cui Hao is, he still knows what will happen to them.

Hu Ji was very happy when she heard Cui Hao call her wife. During this period, Cui Hao and other Nether Knights called her wife like this, and Hu Ji didn't. Stop them from calling her this.

Although she has not had a relationship with Su Chen, she will definitely be Su Chen's woman from now on. No one on the grassland can be worthy of her. Only the powerful Su Chen can be her husband.

"Captain Cui Wan, the next step is to go to the Hulin tribe. My tribe may be ready now. There are 140,000 Xiongnu servants here, plus my tribe's 50,000 troops, then there will be almost 200,000 troops. We can All the Huns in the Hetao area were killed"

"Yes, madam, madam, do you want us to summon another team of 10,000 Netherworld Cavalry? There are a lot of Huns servants now, and I'm afraid they will riot.

Hu Ji asked in surprise after hearing Cui Hao's words,"Huh?" Are there any Netherworld Cavalry Legions here?"

"Yes, there are still 30,000 Netherworld Iron Cavalry in Jiuyuan County of Qin State. They are the army that your Majesty helped the King of Qin."

There are still 30,000 Netherworld Cavalry Legion? Hiss, Hu Ji is a little scared. Less than 20,000 Netherworld Cavalry Legion here can run rampant on the grassland.

If there are another 30,000 Netherworld Cavalry Legion, I am afraid that even if the Huns gather all the Hunnu Cavalry, it will not The opponent of the Netherworld Cavalry Legion.

Hu Ji thought that this was Su Chen's army in the Eastern Continent. How many troops did Su Chen have in the Song Dynasty and Sui Dynasty in the Southern Continent? And how many troops did the Xuanwu Legion have?

Hu Ji is now She was very excited. She didn't expect that Su Chen was so powerful and that her future man would be really good.

Hu Ji thought about it and said to Cui Hao,

"Captain Cui Wan, please summon another 10,000 Netherworld Cavalry Legion. After all, the army there is to help King Qin, and we can't all come here."

"Another 10,000 Netherworld Cavalry Legion will suffice. I believe that those Huns servants will definitely not dare to rebel when they see another 10,000 Netherworld Cavalry Legion."

"Yes, madam."

Cui Hao heard Hu Ji's words but didn't see her assigning a jade pendant to him, so he had to remind him,

"Madam, we need Madam's Blue Bird Jade Pendant to mobilize the army."

"Are you talking about this?"

"Yes, madam."

Cui Hao now knows that what he did during this period is very correct. When he saw the blue bird jade pendant, he knew that Hu Ji would definitely be the king's wife in the future. Fortunately, he did not offend Hu Ji during this period.

Hu Ji listened After hearing Cui Hao's words, she took out a jade pendant from her arms. This jade pendant was the token that Hu Ji asked Su Chen to give to her.

At that time, Su Chen wanted Hu Ji to help kill the Huns, but Hu Ji wanted to join forces with Su Chen to destroy the Huns. Although Su Chen agreed at the time, Hu Jifei asked for a token for Su Chen, and Su Chen also gave her a jade pendant. Hu Ji did not expect that this blue bird jade pendant could actually mobilize Su Chen's army, which made Hu Ji suspect Wu Xiang Did Jun Suchen have an idea for her early on? But she was still very happy, which meant that she would definitely be Su Chen's wife in the future, otherwise Su Chen would not have given her this blue bird jade pendant.

Hu Ji looked at the blue bird jade pendant and He handed it to Cui Hao and said,"Mrs. Cui Wan, immediately send someone to Jiuyuan to mobilize 10,000 Nether Iron Cavalry."

"Yes, ma'am."

Hu Ji walked into a gorgeous tent when she saw Cui Hao leaving. Now Hu Ji is in a very good mood. She has not helped Su Chen in vain during this time.

Hu Ji thought about it and didn't count it as helping Su Chen. After all, they will be in the future. Husband and wife, what she is doing now is equivalent to doing it for their family.

Just when Hu Ji was thinking about something, a ghost cavalry guard shouted outside the tent,

"Madam, there is a woman who is descended from a moon wolf and wants to see Madam."

Descendants of the Moon Wolf? Moon Wolf Clan? What are the Moon Wolf Clan doing? Hu Ji is a little confused. There are not many members of the Moon Wolf Clan, but the Moon Wolf Clan can control wolves and poison them. Could it be that this Moon Wolf Clan's members A woman wants to poison her army?

Hu Ji thought for a while and realized it was impossible. The Moon Wolf clan has been almost slaughtered by the Huns. There are not many clan members left, and the Xiongnu Chanyu is still arresting the Moon Wolf clan everywhere. , the Moon Wolf Clan will not provoke her at this time.

"bring her in"

""Yes, ma'am."

Outside the Netherworld Cavalry's military camp, a woman with a fiery figure wearing an animal skin looked at the Netherworld Cavalry in front of her. She did not expect that these armies were so powerful and killed more than a dozen Huns in just over ten days. Tribes of all sizes.

She has been observing these armies for four or five days, and she also knows how cruel these armies are. As long as they don't kneel down and surrender, they will slaughter all the Huns, and sometimes even the children will not be spared.

This time She also came here to ask for the army here. The remaining thousands of her Moon Wolf descendants have been hunted by the Huns. She just wanted to be protected by this army, otherwise her people would definitely be slaughtered by the Huns.

"Madam, please come in and keep all the weapons."

"I know."

This woman came to the military camp under the leadership of the Nether Iron Cavalry. She was speechless when she looked at the alert Nether Iron Cavalry and the Hun servants around her. More than

100,000 Hun cavalry were actually controlled by less than 20,000 Nether Iron Cavalry. Even they
The weapons and horses were still in their hands.

And just like this, none of these Huns servants rebelled and escaped, which made her feel a little
incredible.

"Madam Qi, the woman of Moon Wolf descent has been brought to"

"bring her in"

"Yes, ma'am."

When the woman was brought to a gorgeous tent, she saw a very coquettish-looking woman. She
did not expect that this woman was actually the controller of these armies.

But this woman was obviously not a Chinese, how could she What about the powerful army that
will control the Chinese people?

"Nuomin, a descendant of Moon Wolf, has met Madam."
