

Zongwu 1821

Chapter 1821

Half a month later,

Su Chen and Tang Sanzang's masters and disciples had left Skull Mountain.

The journey was relatively calm, and no demons or ghosts appeared.

It was just that the team was a little dull without Sun Wukong in the group.

Su Chen sat under the tree and listened to the conversation between Tang Sanzang's master and his apprentice and shook his head.

Without Sun Wukong,

Tang Sanzang would be hungry and full in the past half month.

"Junior Brother Sha, I'm going to find something to eat. You have to keep an eye on the master."

"Second Senior Brother, don't worry, I will definitely protect the master."

"Phew, I am Senior Brother now, Junior Brother Sha, you will call me Senior Brother from now on."

Su Chen smiled when he heard Zhu Bajie and Monk Sha.

This should be the place where the demon Kuimulang descended from heaven to earth. This time Tang Sanzang seems to be suffering again.

Kuimulang of the Twenty-Eight Constellations?

Pixiang Palace"Hundred Flowers Shame"?

Love?

Su Chen touched his chin and thought about the details in the plot, but there were some things that Su Chen couldn't understand.

Why can Bai Huaxian be reincarnated in the lower world?

It is impossible for a little maid to reincarnate just because she wants to. Is there anything I don't know about?

And Kui Mulang?

Kui Mulang is just a small star. He knows that heaven does not allow immortals to fall in love. Kui Mulang not only fell in love with Baihuaxi, but also fell in love with Bai Huaxian. Dare to secretly descend from heaven, how did Kui Mulang know that Baihuaxi was the princess of Baoxiang Kingdom? Could he go to the underworld to check the life and death book?

Su Chen didn't understand any of this.

Su Chen leaned against the tree While resting, he muttered to himself,"Does that unlucky Shiji guy not want her body anymore? It's been more than half a month, why hasn't Shi Ji come to find me?"

Huh?

Who has arrived?

Su Chen suddenly felt a strange aura.

Boom!

Come on!

A giant hammer suddenly hit Su Chen hard, and

Su Chen immediately teleported away.

"who?"

"Haha, Emperor of Heaven? Today I will send you back to the west." A bearded Taoist priest suddenly appeared in front of Su Chen.

Monk Sha hurriedly took Tang Sanzang away from here.

The arrival of a Taiyi Golden Immortal was something he couldn't handle.

Monk Sha could only ask Su Chen for help. I wish you luck

"Who are you?"

Su Chen looked expressionlessly at the Taoist who appeared, a Taiyi Golden Immortal, and it seemed that he had escaped from somewhere.

But why did this Taoist want to kill him?

Did he even know that he was the Emperor of Heaven?

"who I am? Kill your person"

"Old Taoist, since you know that I am the Emperor of Heaven, aren't you afraid that you will be hunted down if you can't kill me?"

"Haha, a little human immortal and a heavenly emperor, I, a Taiyi Golden Immortal, can't kill you? Emperor of Heaven, don't think about other people coming to save you. The space with a radius of thousands of miles here has been blocked. No one will know that I want to kill you."

Su Chen was very surprised when he heard the words of this insulting Taoist.

The space with a radius of thousands of miles was blocked?

No wonder that when the old Taoist killed himself just now, the Five Directions Revealed the Truth, the Four Levels of Gongcao, Six Ding Liujia and other gods and Buddhas did not come out Save yourself.

Su Chen looked at the Taoist Taoist and asked,

"Old Taoist, you have no ability to stop the Quasi-Saint Power from checking this place. There should be a powerful power behind you, right?"

"You talk too much, go to hell!" Taoist Taoist said, he took the Lingbao Giant Hammer and quickly attacked Su Chen.

"court death!"

Su Chen saw that the Taoist Taoist was about to attack him again. He took out a jade slip given to him by Guanyin Bodhisattva and used his magic power to activate it.

Boom!

A white light appeared instantly, and the Taoist Taoist was immediately blasted into the nearby mountains. The entire mountain was shattered and collapsed.

And the white light didn't stop yet.

It rushed for hundreds of miles before disappearing.

Come on!

Guanyin Bodhisattva's full blow was so powerful.

Su Chen looked at the hundreds of people in front of him.

He was frightened just looking at the huge crater inside which was so destructed.

The terrifying blow of the quasi-sage power was too powerful. The Taoist who ruined it might not even be able to leave his soul behind.

Su Chen teleported over and picked it up. The ruined Taoist's Lingbao Hammer has been destroyed both physically and spiritually.

However, why does this ruined Taoist come to kill him? He clearly knows that he is the Emperor of Heaven, but this ruined Taoist still dares to kill himself, and he also has powerful help to cover this place. Mysterious secrets, what kind of power wants to kill me?

Su Chen thought about these things with a serious face,

Damn it!

Who would want to kill him?

Emperor Haotian?

This is possible!

Su Chen robbed Haotian after all. The position of Emperor of Heaven, but does Haotian have the guts?

There are about a dozen quasi-sage powers around Su Chen.

This is well known in the prehistoric immortal world. No matter how stupid Haotian is, he would not dare to come to the prehistoric immortal world to kill himself.

Besides, Haotian Having already fled to Zixiao Palace,

Haotian probably wouldn't dare to appear in the ancient fairyland again.

Empress Nuwa?

She couldn't be that narrow-minded woman, right?

Su Chen felt a little confused when he thought of Empress Nuwa.

If she was really a female Empress Wa sent someone to kill her, so Su Chen would probably have no way to take revenge. How to deal with a saint?

Do you want to run to Chaos to die?

Su Chen thought about it and said with a sullen face,

"No, this matter must be clarified, otherwise he will still be assassinated by strong men in the future."

Whoosh!

Su Chen disappeared directly to go to heaven.

He had to figure out who wanted to kill him, otherwise he might have to turn a blind eye during the night.

Monk Sha and Tang Sanzang saw Su Chen.

They were all very surprised. The

Taoist who had just arrived was so powerful that they felt it was difficult to breathe even when they were far away.

However, Su Chen actually killed the Taoist with one blow. , they also have a new understanding of Su Chen, the Emperor of Heaven

"what's going on?"

At this time,

Zhu Bajie flew over and shouted.

Monk Sha hurriedly said to Zhu Bajie, "Second senior brother, just now a Taoist from Taiyi Jinxian secretly assassinated the Emperor of Heaven."

"What? Someone dares to assassinate Su Chen? Where is Su Chen? Was he killed?"

Zhu Bajie was very surprised when he heard Monk Sha's words.

He did not expect that someone would dare to assassinate Su Chen.

Su Chen was not only the Emperor of Heaven in Heaven, but also had a dozen quasi-sages protecting Su Chen. In the end, what happened? Who dares to assassinate Su Chen?

"The Emperor of Heaven is fine. The man who ruined Taoism was beheaded by the Emperor of Heaven. It seems that the Emperor of Heaven has gone to Heaven."

"That's good. It's good that nothing happened to Su Chen. Otherwise, we might be in trouble. But who dares to assassinate Su Chen in the prehistoric fairy world? Are those people desperate for their lives?"

"Second Brother, I'm afraid this is something we can't control. Being able to block the space here and even cover up the secrets of heaven is something that only some powerful people can do."

"That's right."

Chapter 1822

In the prehistoric fairy world, the assassination of Emperor Su Chen was spread instantly.

Some powerful people were very surprised.

Being able to block space and even cover up the secrets of heaven must be something that a quasi-sage powerful person can do. , but who is the powerful person in the prehistoric immortal world who is willing to die?

Emperor Su Chen has more than a dozen quasi-sage powers protecting him. If these female powers find out about this matter, there will probably be one less quasi-sage power in the prehistoric immortal world.

"Look, many great powers have gone to heaven"

"Something big is going to happen this time"

"Yes, Emperor Su Chen was assassinated, and it was possible that the Quasi-Sage might have done it behind the scenes. This matter was quite a big deal."

"Do you think it could be Haotian? Haotian was unwilling to lose the throne of Emperor of Heaven. He wanted to kill Emperor Su Chen and become Emperor of Heaven again."

"Impossible, Haotian has returned to Zixiao Palace. It is impossible for him to send people to assassinate Emperor Su Chen. Besides, Haotian does not dare to assassinate Emperor Su Chen."

"That's right. Haotian probably won't dare to appear in Hongxian Realm again. This wouldn't be Haotian's doing."

"Who could it be?"

"It's unclear, but no matter who it is, that powerful person is dead."

The great powers in the Great Desolate Immortal World started talking about it.

This time Su Chen was assassinated, the Great

Desolate Immortal World might not be at peace.

The great powers who protected Su Chen have all gone to heaven.

I'm afraid it won't be long before the Great Desolate Immortal World is destroyed. An earth-shattering change will happen.

In the Fire Cloud Cave, eight powerful old men sat together in silence.

They did not expect that Su Chen was not assassinated, and that the Taoist Lingyuan who went to assassinate was also killed.

A human immortal Killing a Taiyi Golden Immortal is a bit ridiculous to say, but it has already happened.

Human Emperor Fuxi looked at the other Human Emperors and shook his head and said, "Let's talk about it, what should we do now?"

"The assassination of Su Chen failed, we may be exposed, and this matter may not be rectified."

"We were too hasty. Su Chen was able to kill Taoist Lingyuan this time. This is probably because the Queen Mother and those women left some life-saving things to Su Chen."

"If we don't kill him at this moment, if Su Chen returns to Heaven after the Xitian Pass, will we still have a chance?"

"Yes, if Su Chen grows up in the future, the fate of the Human Emperor may be taken away by Su Chen. Are we just waiting to die in the Fire Cloud Cave?"

"Alas, why does Su Chen have the luck of being a human emperor? The fate of the Human Emperor has been severed. How can Su Chen still be the Human Emperor?"

"Have you noticed that Su Chen has developed too fast? From the appearance of Su Chen 500 years ago, in just 500 years, Su Chen became the Emperor of Heaven in the prehistoric immortal world."

"Yes, if Su Chen's destiny in crossing the tribulation hadn't been revealed, we probably wouldn't have known that Su Chen was the future Human Emperor."

Many Human Emperors in the Fire Cloud Cave started talking one after another.

They discovered the Human Emperor's luck when Su Chen was going through the tribulation. Other great experts could not tell that it was the Human Emperor's luck, but as Human Emperors, they, how could they not see that those were the fate of the Human Emperor.

This time to block the space and cover up the secrets, they wanted to take advantage of Su Chen when he was still very weak to destroy Su Chen, the future Human Emperor in the prehistoric fairy world. The human race For luck,

Nuwa empress accounts for 20%,

Laozi and the saint account for 20%, the human race's most precious Kongtong seal accounts for 10%, the three emperors account for 10%, the five emperors account for 10%,

Chanjiao and Buddhism account for 10%, and the other two Cheng is scattered in the human race.

If Su Chen becomes the Human Emperor, it will definitely take away the Emperor's luck from them.

Each saint sect in the prehistoric fairy world has spiritual treasures that suppress luck, but the Three Sovereigns and Five Emperors do not.

If Su Chen became the Human Emperor of the prehistoric immortal world, and the destiny of the Eight of them as Human Emperors will be divided.

At that time, not only will their cultivation of the Three Sovereigns and Five Emperors regress, but their lives will also be at risk.

Human Emperor Fuxi said with a serious face ,

"Get ready. Although not many people know about Taoist Lingyuan, there are some people who know Taoist Lingyuan after all."

"We can't sit still and wait for death. I will also contact Empress Nuwa, hoping that she can help us this time."

Human Emperor Fuxi also regretted this reckless assassination.

If he killed Su Chen, the Three Sovereigns and Five Emperors would be fine even if they were discovered. After all, the destiny of the human race still requires the eight of them to suppress it.

But Su Chen was not killed. If they were killed, the eight of them would probably be in danger.

Su Chen would even dare to fight against Heavenly Dao, Heavenly Punishment, and Saints. With Su Chen's character, if he knew that the eight of them were responsible for this assassination, Su Chen would not be able to let him go. Passed eight of them

"Get ready, hope there won't be a fight." Human Emperor Shennong shook his head and said to the others.

Human Emperor Xuanyuan took out the Xuanyuan Sword with an expressionless face and said, "I will summon my old troops immediately."

"I also summoned my old team!"

"Gather your men and troops. I'm afraid the heavenly soldiers and generals from heaven will come soon."

"Alas, this is the only way"

"Su Chen has more than ten quasi-sages. Do we have the ability to stop those quasi-sages?"

"Regardless of whether it is possible or not, this war is probably impossible to avoid."

After the Human Emperors in the Fire Cloud Cave recounted this, they began to contact their subordinates and the army. They were also doing this to prevent unexpected events. The Three Sovereigns and Five Emperors did not have the ability to start a war with Heaven, but they could not be beaten without fighting back.

Chaos , in the Wa Palace, after receiving the message from the Emperor Fuxi, Nuwa looked at the jade slips again with a look of disbelief on her face.

"How can this be? Su Chen is actually the next Human Emperor? The Human Emperor in Fire Cloud Cave actually assassinated Su Chen?"

There was some surprise on Nuwa's face. She didn't expect that the human emperor who had been cut off could still appear, and that bastard would be the next human emperor.

Now it's troublesome.

What happened to the human emperors in the Fire Cloud Cave? Dare to assassinate Su Chen?

This is seeking death.

Can Su Chen be assassinated?

Not to mention the powerful people who protect Su Chen, even heaven may not allow anyone to assassinate Su Chen.

The people in the Fire Cloud Cave The Emperor is afraid that he will offend the public.

Su Chen is the Heavenly Emperor recognized by all the immortals in the Ancient Immortal Realm. His assassination of Su Chen is a slap in the face of all the immortals in the Ancient Immortal Realm. Something big is probably going to happen in the Ancient Immortal Realm.

"well! Let Shanshi persuade Su Chen first."

Empress Nuwa thought for a while and sighed.

After all, Human Emperor Fuxi is her brother. Although her brother was reincarnated as a human being, it is impossible for Empress Nuwa to watch Human Emperor Fuxi be killed if they have been living together for tens of years..In heaven,

"Yunxiao, are you sure this hammer is the spiritual treasure of the Human Emperor Fuxi? And the Human Emperor Fuxi also gave this hammer to a Lingyuan Taoist?"

Chapter 1823

In the Heavenly Palace, in the Lingxiao Hall, the Queen Mother, Guanyin Bodhisattva, the Queen Mother of the West, Fairy Yunxiao, Our Lady of the Golden Spirit, Our Lady of Wudang, Fairy Chang'e, and the Great Witch Jiufeng were all sitting together with ugly faces.

Su Chen's assassination did not make any of them expect that sealing off space and concealing the secrets of heaven could only be done by a powerful person above the quasi-sage level. Which powerful person wanted to kill Su Chen?

The ruthless empress also looked very ugly next to Su Chen.

She did not expect that less than a month after leaving Su Chen,

Su Chen would be assassinated, and he was also a powerful person from the Hongchen Immortal (Taiyi Golden Immortal).

The ruthless empress asked with murderous intent, "Brother, is this the spiritual treasure left by the person who killed you?"

Su Chen nodded and said,

"Well, this hammer, which is an innate low-grade spiritual treasure, was left behind by the Taoist who ruined it after his death. Who among you knows the owner of this spiritual treasure?"

The other women looked at the hammer one after another. They wanted to find the great power hidden in the hammer.

At this time, a heavenly soldier came quickly and saluted Su Chen,

"Report to the Emperor of Heaven, Great Immortal Yuanzi of Wuzhuangguan Town, Ancestor of Blood Sea and Styx River seeks to see you"

"Please!"

"Yes, Emperor of Heaven!"

"Zhen Yuanzi meets the Emperor of Heaven!"

"Styx met the Emperor of Heaven."

After Zhen Yuanzi and Ancestor Minghe arrived, they greeted Su Chen one after another.

Ancestor Minghe looked at Zhen Yuanzi unexpectedly.

He did not expect that Zhen Yuanzi would bend down and salute Su Chen.

These powerful people Even when meeting the Emperor of Heaven, he just nodded or offered his hand.

Zhen Yuanzi was obviously a salute from his subordinates to his master.

Could it be that Zhen Yuanzi had taken refuge with Su Chen, the new Emperor of Heaven?

Su Chen stood up and said to Zhen Yuanzi He Styx smiled and said,

"You two powerful men don't need to be polite, please take a seat."

Zhen Yuanzi asked Su Chen with a serious face,

"Emperor of Heaven, have you found out who it is?"

Zhen Yuanzi was also very angry.

Su Chen was the Emperor of Heaven in the Great Immortal Realm, and he was recognized by all the immortals in the Great Immortal Realm.

Zhen Yuanzi had also just joined Su Chen, and it had only been less than a month. Here,

Su Chen was assassinated unexpectedly, and

Zhen Yuanzi also hated the person who assassinated Su Chen.

"Still checking!"

Su Chen shook his head and replied.

Ancestor Minghe touched his beard and said with a smile.

"Emperor of Heaven, if you need help from the Tao Ancestor, it's okay. After all, we will be a family in the future."

Ancestor Minghe is becoming more and more satisfied with Su Chen.

He also admires the vision of his daughter Princess Iron Fan very much.

Emperor of Heaven!

Ancestor Minghe did not expect that this boy would become Heavenly Emperor in a blink of an eye.

Ancestor Minghe After Su Chen was granted the title of Heavenly Emperor by Heaven, he laughed happily for several days.

Su Chen was very speechless when he heard the words of Patriarch Minghe.

He guessed that Patriarch Minghe knew about Princess Iron Fan and him.

However, it would be good to have another quasi-saint backer in the future, and Patriarch Styx is not only very powerful, he should also have a lot of powerful Rakshasa clan men under his command, which will be of great help to him in forming the Heavenly Emperor's Legion.

"Thank you, Ancestor Styx. By the way, Ancestor, why didn't Iron Fan arrive?"

"Haha, I sent Iron Fan to the Flame Mountain to wait for you, but I haven't summoned her back yet."

"So that's it, I'll never see the iron fan again from now on."

At this time,

Fairy Yunxiao said to Su Chen,

"Su Chen, I have seen this hammer before. When the Human Emperor Fuxi had perfected his merits in the human race, I saw the Human Emperor Fuxi handing this hammer to an old Taoist priest."

Su Chen heard Yun Xiao's words and asked hurriedly, "Yun Xiao, are you sure this hammer is the spiritual treasure of Human Emperor Fuxi? And the Human Emperor Fuxi also gave this hammer to a Lingyuan Taoist? Yun

Xiao said with a serious face,

"Yes, the handle of this hammer is made of hibiscus branches. I can't be mistaken."

Holy crap!

It turns out that the Human Emperors in the Fire Cloud Cave want to kill him.

But why?

Su Chen has never offended the Human Emperors in the Fire Cloud Cave. He has never even met him.

Why did the Human Emperors in the Fire Cloud Cave want to kill him? Will he kill himself for no reason? The luck of the Human Emperor?

Is it because of the luck of the Human Emperor?

Su Chen thought that when he had not revealed the destiny of the Human Emperor, the Human Emperor in the Fire Cloud Cave congratulated him on becoming the Emperor of Yaochi, and now He sent a ruined Taoist to kill him.

It seems that it was because of the appearance of the Human Emperor's luck when he was going through the tribulation. The Human Emperor in the Fire Cloud Cave discovered his

Human Emperor's luck. But why did the Human Emperors want to kill him, who possesses the Human Emperor? The lucky human race?

Su Chen touched his chin and still didn't understand this matter.

Women like the Queen Mother, Zhen Yuanzi, and Ming He were also very surprised. They didn't expect that the person who assassinated Su Chen turned out to be the Human

Emperor Fuxi.

Emperor Fuxi was trapped in the Fire Cloud Cave.

It was impossible for him to have an enmity with Su Chen.

Why did Emperor Fuxi in the Fire Cloud Cave want to assassinate Su Chen?

The Holy Mother of Wudang looked at Su Chen and asked speculatively, "Su Chen, will
Could it be that because you offended Empress Nuwa, the Human Emperor Fuxi sent someone to assassinate you?"

"No, I don't think it's because of that incident. Zhen Yuanzi and the Styx Ancestor blocked the space here and messed up the secrets here."

"Yes, Emperor of Heaven!"

"good!"

When Zhen Yuanzi and Ancestor Minghe heard what Su Chen said, they immediately sealed off the Lingxiao Palace, and even disrupted the secrets here.

Su Chen saw Zhen Yuanzi and Ancestor Minghe sealing the space, and confusing Lingxiao. The Empress Tianji in the treasure hall.

They looked at the people here.

The people here were all people he trusted.

Women like the Queen Mother and the Empress were his confidantes.

The ruthless empress was his sister.

After Zhen Yuanzi, a good old man, took refuge in him, It is impossible to betray him.

Ancestor Minghe will be his father-in-law in the future.

Su Chen plans to tell them that he is the Human Emperor, but he cannot hide it for long.

Those Human Emperors in the Fire Cloud Cave, they are afraid Soon, it will be revealed that he is the Human Emperor.

Su Chen looked at everyone and said, "I know why the Human Emperor Fuxi sent people to assassinate me, because I am also the Human Emperor. No, I will be the great emperor in the future. The human emperor in the fairy world."

Zhen Yuanzi was shocked when he heard Su Chen's words and said, "What? Are you the Human Emperor? How can this be? Wasn't the Human Emperor's fate cut off when the Yin and Shang Dynasties were conferred as gods?"

After hearing Su Chen's words, Patriarch Minghe hurriedly reminded,

"Su Chen, are you talking nonsense?"

"How could you be the Human Emperor? The fate of the Human Emperor was cut off by the one above himself. Future rulers of the human race can only have the honorific titles of Son of Heaven and Emperor. Don't talk nonsense."

Except for Guanyin Bodhisattva and Wudang Holy Mother, the remaining girls looked at Su Chen in great surprise.

Women like Fairy Yunxiao didn't think Su Chen was deceiving them, but the Human Emperor's matter was of great importance. If the Human Emperor reappears, will there be another great catastrophe?

Women like them are very worried about Su Chen

"What I said is all true. I am the next human emperor of the human race in the prehistoric immortal world."

Chapter 1824

Su Chen looked at the shocked looks of these people, and he was also very helpless.

It is impossible to hide the news about the Human Emperor any longer. Even if he wanted to hide it, it would probably be unrealistic.

Su Chen also knew what would happen when the Human Emperor appeared.

Human Sect, Chan Sect, Buddhism, and even Jie Sect, which destroyed the sect, would not allow the Human Emperor to appear again.

The fate of the human race has been divided up by these saint sects.

Their current balanced situation cannot be broken by the reappearance of the Human Emperor.

With the reappearance of the Human Emperor, the fate of the human race may change.

Is it more luck for the human race?

Or is it less luck for the human race?

I'm afraid those saint sects don't know about it, but after the Human Emperor appears, part of the human race's luck will definitely belong to the Human Emperor.

Everyone in the Lingxiao Palace fell silent after hearing Su Chen's confirmation. They all knew what would happen when the Human Emperor appeared in this world.

At first, the Great Tribulation of the Gods was said to be the Gods, but that was just a lie by the saints. The trick of becoming a god is mainly to cut off the growth potential of the human race, and even prevent the human race's ruler from becoming an immortal.

The saints in the prehistoric fairy world will not make the human race stronger. If the human race is as powerful as the lich, how can the saint sect still preach? Heaven may also become a decoration.

Ancestor Minghe looked at Su Chen and asked doubtfully,

"Su Chen, have the Human Emperors in the Fire Cloud Cave discovered that you are the Human Emperor?"

Su Chen nodded and replied,

"Yes, my luck as a human emperor was revealed during the tribulation, and the human emperors in the Fire Cloud Cave should have discovered it."

Zhen Yuanzi couldn't understand when he heard Su Chen's words.

Even if Su Chen is the Human Emperor, wouldn't this be good for other Human Emperors?

If the Human Race has a powerful Human Emperor, won't the Human Race become even more powerful?

This will be good for the Human Race Isn't it beneficial? Why would those Human Emperors kill Su Chen, the Human Emperor?

Zhen Yuanzi was confused and said to Su Chen,

"Emperor of Heaven, so the Human Emperors in the Fire Cloud Cave want to kill you because you are the Human Emperor, but why do they want to kill you, a human race with the same destiny as them?"

"I can't tell clearly either!"

Su Chen shook his head when he heard what Zhen Yuanzi said.

However,

Su Chen also had some guesses, but he didn't want to think in that direction.

After all, the Three Sovereigns and Five Emperors had contributed to the human race. He didn't believe that those human emperors would be such human emperors. The Queen Mother looked at the people around her and guessed

"It should be for the fate of the human race. If Su Chen becomes the Human Emperor, the fate of the human race will definitely be redistributed."

"The Sage Sect all has spiritual treasures that can suppress luck. The Human Emperor in Fire Cloud Cave does not have spiritual treasures that can suppress luck. If they don't want their luck to be shared by Su Chen, they can only kill Su Chen."

"I see!"

Everyone else heard what the Queen Mother said and felt it made sense.

If the human race had one more human emperor, the human race's luck would indeed be redistributed.

The sects of the saints all have luck spiritual treasures to suppress luck, but the human emperors don't.

Su If Chen Chen becomes the Human Emperor, the Human Emperors in the Fire Cloud Cave will have to give their luck to Su Chen. Even if they don't agree, it might be difficult for them.

"Su Chen, look, there are changes in Huoyun Cave."

At this time,

Queen Mother Xi used the Kunlun Mirror to check the Fire Cloud Cave, but she did not expect that millions of human monks would gather outside the Fire Cloud Cave, and even human monks would continue to arrive.

"this....Is Huoyundong preparing for war?"

"The human race actually hides so many monks, some of which are even immortals. Is Huoyun Cave afraid that we will attack them?"

"These are the subordinates and troops from the Three Sovereigns and Five Emperors period. It seems that the Human Emperor in Fire Cloud Cave is preparing for war."

"The Human Emperor in the Fire Cloud Cave may summon millions of human monks and immortals. What should we do?"

"Fight over, Huoyundong is obviously trying to resist the sky with force."

"Yes, Su Chen was assassinated, which was already a big deal, but the Human Emperor of Huoyun Cave had to use his strength to resist, which was even more unforgivable."

In the Lingxiao Palace, the women of Wudang Holy Mother were all very angry. Before they went to attack the Fire Cloud Cave, the Human Emperor in the Fire Cloud Cave actually summoned an army to prepare to fight against the sky. They all wanted to destroy him. He saw the Human Emperors in the Fire Cloud Cave.

Su Chen's face was very ugly.

He originally didn't want to conflict with the Human Emperors. After all, the Three Sovereigns and the Five Emperors were all sages of the human race and had made great contributions to the development of the human race.

However, the people in the Fire Cloud Cave Is the emperor forcing himself to take action?

The armies are constantly gathering in the Fire Cloud Cave.

Do the immortals in the prehistoric immortal world know about it?

Is this because the Human Emperors want to give themselves a blow? Or is the Human Emperor in the Fire Cloud Cave planning to make peace? Fight by yourself?

The ruthless empress explained to Su Chen with murderous intent on her face,

"Brother, this is the Human Emperor of Huoyun Cave preparing for your attack, and also wants to give you a blow."

"After all, my brother has just become the Emperor of Heaven, and things and the army in Heaven have not yet been integrated. The Human Emperor in the Fire Cloud Cave only dared to assemble the army after seeing this period right."

"They were prepared to use force to overwhelm others, and even made their brother swallow the news of being assassinated."

Women like the Queen Mother nodded when they heard the words of the ruthless empress.

Although Su Chen is now the emperor in heaven, the heavenly soldiers and generals in heaven will also execute Su Chen's orders.

But I'm afraid it won't work against the human emperor.

The three emperors and five emperors are all saints.

If the disciples of the sect start a war, some people from the Renjiao, Chanjiao, and even the Jiejiao sect may come out to stop them. After all, the Three Sovereigns and Five Emperors all have their disciples, and they will not see Su Chen destroying their disciples.

"Reporting to the Emperor of Heaven, there is a Fengxuan fairy outside seeking to see him."

At this time, the heavenly soldiers reported outside the Lingxiao Palace.

After Su Chen nodded to Zhen Yuanzi and Ancestor Minghe, he ordered the heavenly soldiers outside,

"Let her in."

Zhen Yuanzi and Ancestor Minghe quickly canceled the space blockade at Su Chen's signal. After a while, a beautiful fairy arrived at Lingxiao Palace.

"Zhen Yuanzi, I have met Nuwa!"

"Ancestor Minghe has seen Empress Nuwa!"

"The Queen Mother (Guanyin, Jinling, Wudang, Yunxiao, Chang'e, Queen Mother of the West) has seen Nuwa."

When Zhen Yuanzi and the Queen Mother saw that it was the Nuwa Empress who came in, they all saluted.

They did not expect that the good corpse of the Nuwa Empress would come to heaven.

I am afraid there will be trouble this time. The arrival of the good corpse in the heaven must be to prevent Su Chen from dealing with the Human Emperor Fu Xi.

In the Lingxiao Palace,

Su Chen sat on the throne and did not get up, nor did he salute the good corpse of the Empress Nuwa.

The ruthless empress stood beside Su Chen. There was no movement around Chen.

Jiufeng had a stern look on his face when he saw Empress Nuwa.

The Witch Clan and the Demon Clan were at odds with each other.

It was impossible for her to pay homage to Nuwa, the saint of the Demon Clan.

The Good Corpse of Empress Nuwa After waving to the others, she looked at Su Chen and said, "Emperor Su Chen, when you see the Human Mother, why don't you pay homage?"

"The Human Virgin? Empress Nuwa, you used to be the Holy Mother of our human race. However, since the Yin and Shang Dynasties became gods, the Holy Mother of the human race has no longer lived up to her existence. You are now just a saint of the demon race and no longer the Holy Mother of the human race. I can say this. Is something wrong?"

Chapter 1825

Su Chen had no prejudice or dislike towards Empress Nuwa.

Empress Nuwa created the human race in the prehistoric fairyland. She was indeed the Virgin Mother of the human race and worthy of their worship.

During the Lich War, the demon clan massacred hundreds of millions of humans, but Nuwa did not stop them at that time.

This may have been prevented by other saints.

It may also be because the palms and backs of the hands of the demon race and the human race are full of flesh, and Nuwa Empress is out of sight and out of mind.

Su Chen could understand this.

After all, the Nuwa Empress had protected the human race for tens of thousands of years when the human race was weak. Even if a human race could not raise a child for a lifetime, it was indeed time to let go.

No matter why Nuwa Empress did not help the human race, the human race at that time did not blame Nuwa Empress. Those who should worship Nuwa Empress should still be enshrined.

However, during the period of the Conferred Gods,

Empress Nuwa should not take action against the last human emperor of the human race.

King Zhou was clearly deceived by Saint Zhunti at that time. Could it be that Empress Nuwa, as a saint, would not know this?

Or does Empress Nuwa want to comply with God's will?

Nuwa Empress is different from other saints. Nuwa Empress does not need to preach in the human race, and the human race will worship Nuwa Empress.

But even so,

Empress Nuwa still sent three demons to seduce the last human emperor of the human race, and in the end one refused to acknowledge him and even gave up on the three demons.

Su Chen always kept the matter of the little fox in mind. Why did Nuwa want to get rid of the little fox? What's so special about the little fox? Su Chen had to figure this out.

And finally?

The Yin Shang Dynasty was destroyed, the Human Emperor's fate was cut off, and the Human Emperor became the Son of Heaven. The Human Emperor, who should have been as noble as the Emperor of Heaven, became the Son of Heaven.

The human race will no longer worship the Nuwa Empress.

In the human race, statues of the Sanqing Dynasty, statues of the gods in heaven, and even statues of Buddhist monks are everywhere in the future. The entire human race has probably forgotten that there is the Nuwa Empress. Holy Mother.

Didn't Empress Nuwa ask for this?

After the Yin and Shang Dynasties became a deity,

Empress Nuwa was no longer considered the Holy Mother of the human race.

What Su Chen said was not wrong at all.

When the good corpse of Empress Nuwa heard Su Chen's words, her face turned very ugly.

Before she could persuade Su Chen to give up dealing with the Human Emperor of Huoyun Cave, this little bastard actually started to attack her.

"Be presumptuous, Su Chen, don't forget, I created the human race, and Heaven has recognized that I am the human race's Holy Mother. Do you think you are right?"

"Ha ha....."

Su Chen burst out laughing when he heard the words of Empress Nuwa.

This narrow-minded woman still lives in herself, does God approve of it?

There are many things that are recognized by Heaven.

Prince Dong was recognized by Heaven as the leader of male immortals, but he was killed in the end.

Emperor Jun of the demon tribe was recognized by Heaven as Emperor of Heaven, and Emperor Jun also fell.

Just take the recent Heavenly Emperor Haotian.

Wasn't he also recognized by Heavenly Dao? If Heaven says it is regretful, it will be regretted. Isn't the status of the Emperor of Heaven still deprived of it?

"Empress Nuwa, Heaven has recognized you as the Holy Mother of the human race. I also recognized you as the Holy Mother of the human race before."

"but!

"What Heaven recognizes is the former Nuwa Empress, the one who initially protected the human race."

"Madam Nuwa, since the Yin and Shang Dynasties became gods, your luck as a human race has probably been less than 30%, right?"

"Have you never thought that since you are the Holy Mother of the human race, you could have taken up 80% of the human race's luck?"

"Why are there so few now?"

"You have less than 30% of the luck of the human race, and that is only because you created the human race."

"If your status as the Holy Mother of the human race is deprived of you, Empress Nuwa, how much luck of the human race do you think you can still occupy?"

The good corpse of the Nuwa Empress was very angry when she heard Su Chen's words.

However, what Su Chen said was not wrong at all.

From occupying 80% of the human race's luck to now occupying 20% of the luck, these two human race's gas Luck is also her contribution to the creation of human beings. I am afraid that the human race really does not regard her as the Virgin Mother of the human race.

If her status as the Virgin Mother is deprived, the good corpse of Nuwa Empress thinks that she may not even get the luck of the human race.

The Queen Mother and the other girls looked at Su Chen in shock.

They didn't expect that Su Chen would dare to talk to Nuwa Queen like this, and even sarcastically mocked the Nuwa Queen. This bastard really started to seek death again.

The Queen Mother and the girls looked at each other. After seeing this, they became alert. They would not let the angry Nuwa Empress take action against Su Chen.

Zhen Yuanzi and Minghe Ancestors widened their eyes when they heard Su Chen's words.

They also admired

Su Chen. They didn't know what to say because of Chen's ability to commit suicide.

Previously, they insulted the way of heaven, provoked the way of heaven, and ridiculed the yin and yang eyes of heaven's punishment. Now they even mocked Empress Nuwa. This ability to commit suicide was so powerful that they all had some heartache. Unbearable

"Su Chen, this is not what I am here to say today. Human Emperor Fuxi was wrong to assassinate you. I can give you some compensation. How about ending this matter?"

"too late!"

"What's too late?"

"I mean you came too late"."Why am I late? Haven't you asked these people to deal with the Human Emperors in the Fire Cloud Cave?"

"Ha ha....., Queen Mother of the West, let our Nuwa Empress see the scene of Fire Cloud Cave"

"Okay,"

Queen Mother Xi took out the Kunlun Mirror after hearing Su Chen's words. She used her magic again to make the Kunlun Mirror show the scene of the Fire Cloud Cave.

Queen Mother Xi looked at the scene in the Kunlun Mirror, and she said to Empress Nuwa,

"Empress Nuwa, you'd better take a look at the Fire Cloud Cave first!"

"this.....,how so? Is the Human Emperor of Fire Cloud Cave trying to resist the sky with his strength?"

When Nuwa looked at the millions of human troops outside the Huoyun Cave, she was very surprised.

She didn't expect that the Human Emperor in the Huoyun Cave would actually start a war. No wonder, no wonder Su Chen said it was too late,

Huoyun Cave This is to ride on Su Chen's head. I'm afraid this war will not turn around.

The Human Emperor in the Fire Cloud Cave is really looking for death. There are three quasi-sages, five Da Luo Jinxian, and millions of human beings. Can monks and immortals just rely on these to defy heaven?

Empress Nuwa looked at Su Chen and asked nervously,"Su Chen, what are you going to do?"

"kill!"

Su Chen said coldly with a cold face.

Empress Nuwa was very surprised when she heard Su Chen's words.

Su Chen's look reminded her of the demon emperor Jun, the same emperor of heaven, the same ruthlessness, and even the same murderousness. Decisive,

Empress Nuwa thought about it and wanted to dissuade Su Chen again.

She pointed at the millions of troops in the Kunlun Mirror and said,

"Those are all human monks and immortals. Some of them have contributed to the prosperity of the human race, and even dedicated their lives to the development of the human race. Do you want to kill even the sages of the human race?"

Su Chen mocked disdainfully after hearing what Nuwa Empress said,

"How about that? There are only friends and enemies in my eyes. Towards my enemies, I will be as ruthless as sweeping away fallen leaves. To my friends, I will be as warm as the spring breeze."

"As the Emperor of Heaven, I should suppress all enemies in the world!"

Chapter 1826

In the Lingxiao Palace, the Queen Mother and her daughters, Ancestor Minghe, and Zhen Yuanzi were all shocked when they heard Su Chen's words.

Especially what Su Chen said,

【As the Emperor of Heaven, I should suppress all enemies in the world! 】 , this made everyone's blood boil with excitement.

They all felt that Su Chen was now a real Emperor of Heaven, a domineering Emperor of Heaven who only dominated himself. It was a blessing to have such an Emperor in Heaven, and it was also a blessing to the ancient world of immortality.

The good corpse of Empress Nuwa heard Su Chen's trance,

【As the Emperor of Heaven, I should suppress all enemies in the world! 】

Su Chen actually had such bold words.

This is more handsome than the demon emperor.

Su Chen, the emperor of heaven, is something that Nuwa Empress does not dare to underestimate.

If this Heavenly Emperor completely controls the Heavenly Court, the entire prehistoric era will be under Su Chen's control. Su Chen will probably be able to do anything that the Demon Clan and the Witch Clan have not done.

In the future, the prehistoric immortal world may really be unified, and saints will not be able to return to the prehistoric immortal world.

In the prehistoric immortal world, the Human Sect, the Chan Sect, Buddhism, and even the exterminated Jie Sect. If these sects dare not obey Su Chen's orders, they may be Su Chen directly destroyed the religion.

Su Chen looked at Jiufeng and asked seriously,

"Jiufeng, has Queen Pingxin agreed to my terms?"

Jiu Feng hurriedly replied after hearing Su Chen's words,

"Su Chen, the empress has already agreed, and one million witch soldiers and witch generals are ready."

"Jiufeng, you go back and make preparations. The army will be launched in Huoyun Cave in a month. All the immortal weapons and armor needed by the Wu clan will be sent from heaven."

"Yes, Emperor of Heaven!"

Su Chen said to Ancestor Ming He, "Ancestor, can the Rakshasa tribe dispatch an army of more than one million immortals?"

"Yes, no matter what, I will prepare the Rakshasa army."

Ancestor Minghe smiled and nodded when he heard Su Chen's words.

Ancestor Minghe will help Su Chen no matter what this time. Su

Chen will be his son-in-law in the future, and Su Chen's bold words this time,

Minghe Ancestor Zu's blood was boiling when he heard this.

Didn't he just want the Rakshasa army?

He had many Rakshasa people.

Although there were a few Rakshasa people above the level of immortals in the sea of blood, he was still able to gather them together.

The four great devils!

The four great devils

These Daluo Jinxian Minghe Ancestors will be handed over to Su Chen in the future.

"Thank you ancestor, we will send troops to Huoyun Cave in a month!"

"Yes, Emperor of Heaven!"

Su Chen looked at Zhen Yuanzi again and asked, "Zhen Yuanzi, how many troops above heavenly immortals do you have in your Earthly Immortal Mansion?"

Zhen Yuanzi saluted and said,

"Heavenly Emperor, my Earthly Immortal Mansion doesn't have many immortals, but I can still gather them together by forming an army of 200,000 immortals."

"Zhen Yuanzi, then call in the army!"

"Yes, Emperor of Heaven!"

"Queen Mother of the West, gather your fairies too"

"clear!"

Su Chen then looked at the Queen Mother and the Golden Spirit Mother, and said,

"Queen Mother, you go and integrate all the heavenly soldiers and generals in the heaven. All the immortal soldiers and generals above the heavenly immortals will be integrated into a legion of one million, which will be controlled by you respectively."

"The heavenly soldiers, generals and immortals in heaven will be killed if they disobey orders! Anyone who doesn't obey orders will be killed! A cut that conceals the realm of cultivation!"

The Queen Mother, the Holy Mother of Wudang, the Holy Mother of Golden Spirit, Yunxiao, and the other ladies all replied after hearing Su Chen's words,

"Yes, Emperor of Heaven!"

In the Lingxiao Palace, as the other women left, only Su Chen, Fairy Chang'e, the ruthless empress, and the good corpse of Nuwa were left here. The ruthless empress stood up and said seriously to Su Chen along the way, "Brother, I'm going to gather my men too."

Su Chen smiled when he heard the words of the ruthless empress.

He touched the ruthless empress' head and said with a smile,

"No, Nannan, you are from the wild world. This is the prehistoric fairyland. Your subordinates cannot come to the prehistoric fairyland. After all, this is a family matter in the prehistoric fairyland."

"Okay, I listen to my brother!"

The Ruthless Empress nodded when she heard Su Chen's words.

She understood what Su Chen meant.

The subordinates of the Ruthless Empress are all people from other worlds. If her subordinates come to the ancient world, it will be a matter between the two worlds. , this is very detrimental to the power of Emperor Su Chen.

Su Chen looked at Fairy Chang'e and said, "Chang'e, please help me later, I want to inform the prehistoric fairy world"

"OK, no problem!"

Fairy Chang'e nodded and replied.

She understood what Su Chen was going to do.

Su Chen was going to gather an army in the ancient world of immortality. There were countless casual cultivators in the ancient world of immortality, and there were also many strong ones. Su Chen They planned to gather all the troops at once this time.

The good corpse of Empress Nuwa has been watching by the side without making a sound.

She knew that it was useless to persuade Su Chen.

Those human emperors in the Fire Cloud Cave wanted to die, and Nuwa The good corpse of the empress is really helpless now.

Alas!

What should Fuxi do?

Empress Pingxin of the Six Paths of Reincarnation is also on Su Chen's side. Those human emperors can't be reincarnated even if they are killed. Even Su Chen It might kill those human emperors physically and mentally.

Whoosh!

At this time, a token flew into Chang'e's hand.

Chang'e laughed when she saw the token,

"Su Chen, this is the token given to you by Sister Chang Xi. With this Demon Emperor's token, all the demon soldiers and generals in the original demon tribe's heaven in Beiju Luzhou will obey the Demon Emperor's order."

Su Chen was very surprised when he heard Fairy Chang'e's words.

He had forgotten about the lingering demon clan in Luzhou, Beiju. The demon clan can be ranked alongside the witch clan as the most powerful race in the prehistoric fairyland.

He thought back then when the demon clan and the witch clan Earth, the strength of the demon clan will not be weak.

"And this thing? Chang'e, how many demon soldiers and generals do the demon clan have?"

Chang'e thought about it and said to Su Chen,

"Less than one million. These are all troops very loyal to the Demon Emperor. The remaining demon soldiers and generals have dispersed."

"Are those big monsters still alive?"

"Demon Saint Baize, Demon Saint Yingzhao, Demon Saint Qinyuan, Demon Saint Shang Yang, these are the only four Demon Saints left."

Su Chen smiled when he heard this.

There are still four demon saints from the demon clan, which is a good thing for him.

Although the demon clan has massacred the human race, in these millions or even tens of millions of years, the human race has He also killed a lot of demon clans.

Su Chen didn't care about these, as long as the demon clan could be used by him, it wouldn't be a problem.

Besides, Demon Emperor Jun and Donghuang Taiyi have been dead for tens of millions of years, and even Fuxi can be reincarnated to do The Human Emperor of the human race, what's wrong with him accepting these demon soldiers and generals?

Su Chen nodded and said with a smile,

"Yes, Demon Saint Bai Ze is a wise man. I will keep Bai Ze here to help me manage Heaven."

"Su Chen, should I go to assemble the demon army from Luzhou, Beiju?"

Chang'e stood up and said to Su Chen eagerly.

Chang'e saw that Su Chen made the witch clan reappear in the prehistoric fairyland. She also wanted the demon clans in Beiju Luzhou to reappear in the other three continents of the prehistoric fairyland.

Beiju Ju Lu Continent is too miserable.

The remaining demon clan is living a very miserable life in Bei Ju Lu Continent.

"Go, don't worry about the human race and the witch race, I will write you a heavenly decree. As long as the demon clan in Beiju Luzhou surrenders to me, the demon clan can return to Beiju Luzhou from now on."

Chapter 1827

After Su Chen then wrote a heavenly decree to Chang'e, Fairy Chang'e left in a hurry with the Demon Emperor's token and the decree.

Su Chen looked at Chang'e who left in an instant in confusion,

"I'm here!"

Did Chang'e forget something?

Help?

How could Chang'e pass through the entire prehistoric fairy world without him?

Su Chen is just a Golden Immortal, and the Ruthless Empress is just a Daluo Golden Immortal.

Neither of them has the ability to pass through the entire prehistoric immortal world.

Su Chen shook his head helplessly.

He had no choice now.

Su Chen couldn't let Nuwa Empress's good corpse help, right? Moreover, the good corpse of the Empress Nuwa could not help.

Su Chen could only wait for those women to finish their work before he passed through the entire prehistoric fairy world.

At this time, the good corpse of Empress Nuwa said to Su Chen,

"Su Chen, can you spare Fu Xi's life?"

"Do you think that's possible?"

Su Chen rolled his eyes at Empress Nuwa, why hasn't this narrow-minded woman left yet?

There is nothing to do with Empress Nuwa here anymore. When she should go and remind the Emperor Fuxi, she should go and remind the Emperor Fuxi.

Even in this month. We can be brother and sister with Fuxi for a few more days, otherwise, there will be no Fuxi in the ancient world of immortality.

Empress Nuwa said to Su Chen with a serious look on her face.

"Su Chen, Fuxi is the Human Emperor after all. Even if he does something wrong again, Fuxi has also made contributions to the human race. I hope you can keep his soul and let him be reincarnated again."

Su Chen looked at Nuwa Empress and said indifferently,

"Impossible, I will not keep any of these human emperors, they will all be killed physically and mentally."

"Why should the fate of the human race be suppressed in the Fire Cloud Cave?"

"Although the Human Emperor has done many meritorious deeds for the human race, Heaven has rewarded those Human Emperors for their merits. The fate of the human race has been occupied by those Human Emperors for so many years, and it is time to return it to the human race."

Nuwa Empress reminded Su Chen coldly,

"The Human Emperors are all virtuous people. If you kill those Human Emperors, your karma will come back to bite you. This is very detrimental to you, and you may even be punished by heaven."

Su Chen said disdainfully

"The way of heaven? Curse? Do you think I'll be scared? Heavenly Law and Heavenly Punishment are old acquaintances with me. Maybe Heavenly Law will see that it is me and Heavenly Law will not send down Heavenly Punishment again."

Su Chen is really not afraid of heaven and punishment.

He still has hundreds of acres of merit from her way.

It is impossible for heaven to send down the punishment of annihilation.

And it won't be long before Su Chen will get merit from heaven again. Heaven's Law and Heaven's Punishment really don't pose much of a threat to me.

"Just dream!"

"Ha ha....., who can say for sure?"

Empress Nuwa has no choice.

This bastard cannot get in, and she can't take action against Su Chen.

This bastard is not only the Emperor of Heaven in Heaven, but also the Human Emperor of the human race.

With two great emperors joining him, who dares to kill him?" Kill Su Chen?

Even if someone kills Su Chen, that person will not survive. Heaven will directly kill the person who killed Su Chen. Before Su Chen is even killed, Heaven will appear to stop him.

But at this moment!

The entire prehistoric world It was boiling again, and millions of human troops gathered in Huoyun Cave, which made the immortals in the prehistoric immortal world understand what happened.

"It turned out that the Human Emperor in the Fire Cloud Cave took action against the Emperor of Heaven, but why did the Human Emperor, who had been suppressing the Fire Cloud Cave, assassinate the Emperor Su Chen?"

"I don't know. It seems that the Emperor of Heaven has not interacted with the Human Emperors in the Fire Cloud Cave. Could it be that those Human Emperors have had enough to eat and have nothing to do?"

"Fire Cloud Cave has summoned millions of monks and immortals from all races. Are they preparing to resist the sky with their strength?"

"But no, the Heavenly Court has not ordered the extermination of Huoyundong. Is the Human Emperor of Huoyundong trying to give Emperor Su Chen a blow?"

"It has not been a month since Emperor Su Chen became the Emperor of Heaven, and the Heavenly Court may not have been integrated yet. I don't know what Emperor Su Chen will do this time."

"The Emperor of Heaven must destroy the Fire Cloud Cave, otherwise the Emperor of Heaven will lose face in the prehistoric fairy world, and even the Heavenly Court may not be able to hold his head up in the future."

"Well, that's right. Don't forget that Emperor Su Chen even dared to fight against Heavenly Dao and saints. Do you think that Emperor Su Chen would let it go like this?"

"It is true that Su Chen, the Emperor of Heaven, is not even afraid of the way of heaven and the saints. I am afraid that Huoyun Cave will be destroyed this time."

The immortals in the prehistoric fairy world are all talking about it.

They are also convinced by Su Chen.

In this short month,

Su Chen has been doing earth-shattering things, and this time he is going to launch a war against the human race.

Fire Yundong, more than five million human troops have gathered here, but there are more than two million real immortals, and the rest are human immortal cultivators.

Although these immortal cultivators are powerful in the human world, they are facing the heavenly soldiers. The heavenly generals were simply not enough to watch.

In the Fire Cloud Cave, the eight Human Emperors looked at the troops gathered outside the Fire Cloud Cave.

Some of their faces were ugly.

Although the human army had gathered more than five million people, half of them were not Immortal, if a war starts, these human armies may not be the match for the heavenly soldiers and generals.

"We still have a few powerful immortals. If we start a war with the heavenly soldiers and generals, our human army may not be a match for the heavenly soldiers and generals."

"Don't worry, Su Chen has just sat on the throne of the Heavenly Emperor in the Heavenly Court. It is impossible for the powerful Heavenly Soldiers and Generals in the Heavenly Court to obey Su Chen now."

"Yes, Haotian also left Heavenly Court and went to Zixiao Palace with the List of Gods and the Divine Whip. Su Chen could not command the disciples of the Immovable Saint Sect."

"That's right. Besides, there are many immortals in heaven who are from our human race. After a while, we will recall the human immortals from heaven with the order of the Human Emperor."

"Yes, I almost forgot that there are many immortals in heaven who are from our human race."

"Well, in this way, the strength of our human race will be greatly enhanced, Heavenly Emperor Su Chen? In the future, he will become a joke like Haotian"

"Haha, I just want to see if Su Chen has any soldiers available. The color is ugly."

The Human Emperors in Huoyun Cave all laughed while talking.

In the prehistoric Heaven, for tens of millions of years, the immortals of the human race have stood at half the level of the immortals in Heaven.

If they, the Human Emperors, use the name of the Human Emperor to order the people in Heaven All the immortals have returned to the human race.

The number of heavenly soldiers and generals in heaven will probably be reduced by more than half.

By then, their human army will be even stronger, and they may even attack heaven and destroy the emperor Su Chen.

Human Emperor Fuxi looked at everyone and stood up and said ,

"Without further ado, let's all go out to the Fire Cloud Cave. We will immediately call on the immortals of the human race to return to the human race. If it is too late, things will change."

"OK, I agree!"

"Then go call all the immortals in the human race"

"There are many human immortals in the prehistoric fairyland and the prehistoric heaven. I don't know how many human immortals will return this time."

"Of course, the immortals of the human race must obey the orders of our Human Emperor. I believe that the immortals of the human race will return to the human race."

"Come on, I can't wait to see the big scene of the return of the human immortals."

Chapter 1828

In the Heavenly Court and the Lingxiao Palace,

Su Chen and Empress Nuwa looked at each other with big eyes and small eyes.

It had been a while, but none of them gave in.

Empress Nuwa wanted Su Chen to give those human emperors a chance. A way out, but Su Chen resolutely refused.

I go!

Isn't the Nuwa Empress really as beautiful as she is?

Her phoenix eyebrows are light-eyed, her snow-skinned lips are red, her flawless cheeks are as crystal clear as jade, and her face is cold and cold, like the snow lotus on Tianshan Mountain, looking unapproachable to ordinary people.

With a tall and curvy figure and a cold and beautiful face,

Su Chen was unconsciously confused as he stared at Nuwa Empress.

Su Chen had been angry and busy before, and he didn't pay close attention to Nuwa.

He and Empress Nuwa were now competing with each other. Su Chen's mouth went dry as he stared at Empress Nuwa. The stunningly beautiful Empress Nuwa was indeed the most beautiful woman in the world.

Empress Nuwa also noticed something was wrong with Su Chen.

She saw Su Chen looking at her with lust in his eyes, which made Shanshi's cold face become even colder.

Damn you bastard,

Nuwa's good corpse is now eager to kill this shameless Emperor with one palm.

She has never been looked at like this by anyone.

The saints and powerful people in the ancient world of immortality are not trained to be lecherous, but this The Emperor of Heaven is an exception.

She had seen clearly just now the friendship that the Queen Mother and the other women had towards this bastard.

There is such a lustful person in the heaven, and I don't know whether it is good or bad for the heaven. How can the heaven grant this bastard the status of emperor.

Empress Nuwa glared at Su Chen fiercely and said,

"Su Chen, I can give you three innate spiritual treasures to save the lives of Fu Xi and those human emperors, and at least give them a chance to reincarnate."

Su Chen saw Nuwa Empress glared at him, and he was a little embarrassed.

Su Chen guessed that Nuwa Empress must have noticed that he was looking at Nuwa Empress's face and figure just now.

Su Chen shook his head and put aside the previous With random thoughts, he looked at Nuwa and said coldly,

"Madam Nuwa, I have always killed all my enemies, and I will not leave any hidden dangers in the world."

"I can guarantee you that if Fuxi and those Human Emperors seek revenge on you after reincarnation, I will kill them with my own hands."

"Can you really guarantee that?"

"Su Chen, I can swear an oath of heaven!"

When Empress Nuwa saw Su Chen's somewhat relaxed tone, she hurriedly assured Su Chen that she would even take the oath of heaven.

Empress Nuwa felt that only by doing this could Su Chen leave a reincarnation for those human emperors. opportunity.

When Su Chen heard what Nuwa said, he felt that it was okay to give Nuwa a face.

Besides, Nuwa had already made an oath of heaven, and Su Chen was not worried that Nuwa would go back on her word.

Those Human Emperors were If you are reincarnated as a human being, you will not be able to achieve much in the future. After all, the period of the Three Sovereigns and the Five Emperors has passed, and there is nothing to do in the prehistoric immortal world that can gain merit from heaven.

"I answer....."

Boom boom boom.....

Just when Su Chen was about to agree to Nuwa Empress's condition, the Great Ancient Immortal Realm suddenly shook.

Su Chen did not continue talking. The shaking in the Great Ancient Immortal Realm must mean that something big happened.

Empress Nuwa was very speechless.

Su Chen was about to agree.

At this time, the world of immortality was shaken, which made her very helpless.

Empress Nuwa waved her hand gently, and an image appeared in the Lingxiao Palace. Empress Nuwa's expression changed when she saw this image.

Su Chen's face turned dark when she saw the image.

The ruthless empress looked at the eight people in the image with an indifferent expression.

She guessed that these eight people were the Three Sovereigns and Five Emperors, and they were also the people she wanted to kill in the future.

In the prehistoric fairy world, there was a sudden shock, which made everyone in the prehistoric fairy world check what big thing happened.

However, when the immortals in the prehistoric immortal world discovered that eight human emperors from Huoyun Cave appeared in the sky, the immortals in the prehistoric immortal world were very surprised.

Are the human emperors from Huoyun Cave going to start a war?

Are the human emperors in the Fire Cloud Cave going to attack Heaven?

In the sky above the Fire Cloud Cave, eight Human Emperors were lined up.

Human Emperor Fuxi looked at the millions of human troops under the Fire Cloud Cave. After he looked at the direction of the Heavenly Palace in the Ancient Immortal Realm,

Human Emperor Fuxi activated his magic power. Start informing the entire prehistoric fairy world,

"I am a human race, Emperor Fuxi"

"Since the birth of the human race in the ancient world of immortality, it has experienced countless sufferings. Many sages of the human race have died for the development of the human race."

"Until now"

"The human race is the largest clan in the prehistoric fairy world, and it is also the protagonist of the world."

"The ancient heaven is the heaven that rules all living beings in the ancient world, but the emperor of the heaven is just a little human immortal. The human race does not need a little human immortal to rule the ancient world and the human race."

"Emperor Su Chende is not worthy of his throne"

"today!"

"I am Fuxi, the emperor of the human race. As the emperor of the human race, I order the human race immortals in the prehistoric immortal world and the human race immortals in the prehistoric heaven to return to the human race. The human race does not need the heaven."

"The human race must strengthen itself! The human race must be self-reliant!"

At this time, the Human Emperor Shennong also opened his mouth to announce to the entire prehistoric immortal world,

"I am the human race, the Earth Emperor Shennong. As the human race's earth emperor, I order the human race immortals in the prehistoric fairy world and the human race immortals in the prehistoric heaven to return to the human race. The human race does not need the heaven."

"The human race must strengthen itself! The human race must be self-reliant!"

Then, the Human Emperor Xuanyuan also took a step forward and passed through the entire prehistoric immortal world.

"I am the human race, the Human Emperor Xuanyuan. As the human emperor, I order the human immortals in the prehistoric immortal world and the human immortals in the prehistoric heaven to return to the human race. The human race does not need the heaven."

"The human race must strengthen itself! The human race must be self-reliant!"

Then, a personal emperor began to announce to the entire prehistoric immortal world,

"I am the Human Emperor Zhuanxu. As the Human Emperor, I order all the human immortals in the prehistoric immortal world and the human immortals in the prehistoric heaven to return to the human race. The human race does not need the heaven."

"The human race must strengthen itself! The human race must be self-reliant!"

The Immortal World fell silent for a moment.

The immortals in the Immortal World did not expect that Huoyun Cave would openly rebel against heaven. Even the Human Emperor of Huoyun Cave actually announced to the entire Immortal World that all the human immortals in the Immortal World should return to the human race.

This Something big is going to happen!

There are more than millions of human immortals in the prehistoric fairyland.

Ever since the two races of lich and demons retreated from the prehistoric fairyland in defeat, in the past tens of millions of years, the human race's monks and immortals have been the most in the prehistoric fairyland. Although there are no strong human immortals, But this large amount can make one's scalp numb.

"Su Chen, I didn't know this would happen, and I didn't expect the Human Emperors in Fire Cloud Cave to do this."

Chapter 1829

In the prehistoric fairy world, all the immortals regardless of their strength fell silent.

The human race wanted to rebel against heaven.

This has never happened before. Since the establishment of the prehistoric heaven, no race has dared to openly rebel against heaven. It has been five hundred years. Sun Wukong's riot in the sky was just a farce.

Today's human race is openly rebelling against heaven.

I'm afraid the prehistoric fairyland will be greatly shaken.

"Something big has happened. No wonder the Human Emperor would assassinate the Heavenly Emperor Su Chen. It turns out that the Human Race is trying to rebel against Heaven."

"The strength of the Heavenly Emperor Su Chen is very weak, but the Heavenly Emperor Su Chen is the Heavenly Emperor granted by Heaven, and there are many powerful powers behind him. This war will probably be as tragic as the Lich War."

"Yes, there are too many immortals and monks in the human race. No matter how many powerful people the Emperor Su Chen has around him, he may not be able to recover. After all, killing too many creatures will add karma to his body."

"well! I originally wanted Emperor Su Chen to lead us in the war against the Western God Realm, but it seems that it may be impossible. Damn the human race, if this war breaks out, in the future war between the Great Desolate Immortal Realm and the Western God Realm, we, the Great Desolate Immortal Realm, may lose. Lose"

"Yes, whether it is the victory of the human race or the victory of the Heavenly Emperor Su Chen in this war, it will consume the strength of our Great Desolate Immortal Realm. We in the Great Desolate Immortal Realm may really lose in future domain wars."

"There is no way, Heavenly Emperor Su Chen does not have enough time. It has only been a month. Besides, Heavenly Emperor Su Chen has only returned to Heaven for a few days. I am afraid that even Heaven and Emperor Su Chen have no control over it. This war really comes too hastily."

"What rush? This was probably something the human race had planned a long time ago. They first assassinated the Heavenly Emperor Su Chen, and then gathered millions of troops to prepare for war. The Human Emperor in the Fire Cloud Cave was probably unwilling to be lonely." In the Heavenly

Court, in the Lingxiao Palace,

Nuwa Empress stared at the video in stunned silence. The Human Emperor's announcement from the Fire Cloud Cave shocked Nuwa Empress.

The human race openly wanted to rebel against heaven, and even blatantly informed the entire prehistoric fairy world, and also announced The entire human race of immortals returned to the human race.

Empress Nuwa felt a little dizzy.

She was interceding with Su Chen for the Human Emperor of Huoyun Cave, but the Human Emperor of Huoyun Cave was slapping her in the face.

Empress Nuwa also said : The Human Emperor in Huoyun Cave was disappointed, and even more disappointed with his brother.

Fuxi asked her to dissuade Su Chen from taking action against the Human Emperor in Huoyun Cave, but what was Fuxi doing?

Was he making fun of her?

Empress Nuwa looked at Su Chen with a dark face and hurriedly explained,

"Su Chen, I didn't know this would happen, and I didn't expect the Human Emperors in Fire Cloud Cave to do this."

"call! I know!"

Su Chen let out a heavy breath.

He knew that the Nuwa Empress did not know these things, otherwise, the Nuwa Empress would not intercede for those human emperors.

Su Chen did not expect that the human emperors in the Fire Cloud Cave would do this. , to announce that the entire prehistoric world is going to rebel against heaven?

The human race wants to strengthen itself?

The human race wants to be self-reliant?

It is also necessary to summon all the races in the prehistoric fairy world and the prehistoric heaven to return to the human race.

The human emperors of Huoyun Cave are really courageous. Those human emperors have combined the human race and the wizard. The two demon clans are on par with each other. Are the human emperors going to the heaven to rule the ancient world?

Su Chen thought about it and shouted,

"Taibaijinxing!"

"The veteran is here"

"An order was sent to the entire Heavenly Court that all human immortals who want to go down to the lower world can be allowed to go, and no one is allowed to stop them. Anyone who disobeys the order will be killed."

"Yes, Emperor of Heaven!"

Taibaijinxing glanced at Su Chen and replied hurriedly.

Taibaijinxing admired Su Chen very much.

He had heard what he said in the Lingxiao Palace before.

This time Su Chen did not prohibit human immortals from going down to the realm. This made Taibaijinxing even more embarrassed. I am sincerely convinced of Su Chen.

Taibai Jinxing feels that Su Chen is countless times stronger than Haotian.

No,

Haotian cannot be compared with Su Chen at all.

Su Chen's heroic words,

Su Chen's decisive killing, and even Su Chen's dominance over the world Such courage has never been seen before in Haotian.

"According to the decree of the Emperor of Heaven, the human immortals in heaven must be allowed to pass through the lower realms, and no one can stop them. Anyone who disobeys the order will be killed!"

"According to the decree of the Emperor of Heaven, the human immortals in heaven must be allowed to pass through the lower realms, and no one can stop them. Anyone who disobeys the order will be killed!"

"According to the decree of the Emperor of Heaven, the human immortals in heaven must be allowed to pass through the lower realms, and no one can stop them. Anyone who disobeys the order will be killed!"

In the heaven,

Taibai Jinxing's voice spread throughout the heaven.

The immortals in heaven were still talking about it, but after hearing Taibai Jinxing's edict, the whole heaven became quiet.

A god general in heaven said in confusion. ,

"What is the Emperor going to do? The human race is openly rebelling against Heaven. Why doesn't the Emperor of Heaven stop the human race immortals from descending into the realm?"

"Yes, if the human immortals in heaven were in the lower realm, the human race would probably be more powerful. Why would the Emperor of Heaven do this?"

"I can't figure it out either!"

"There are tens of millions of human immortals in heaven. If all these human immortals leave heaven, we will probably have less than half of the heavenly soldiers and generals left in heaven."

"This is the decision of the Emperor of Heaven. We must abide by it. If those white-eyed wolves leave, just leave."

"Well, the human immortals use the resources of heaven and the rich spiritual energy to practice in heaven. If the human immortals betray heaven at this time, those human immortals I encounter on the battlefield will kill those white-eyed wolves with an axe."

"Alas, I still want to understand why the Emperor of Heaven would let the human immortals leave Heaven."

When Wen Zhong from the Lei Department heard this, he touched his beard and laughed and said,

"Hahaha....., you are all wrong"

"The Emperor of Heaven did this very clearly and did not prevent the human immortals from going down to the realm. This shows the generosity of the Emperor of Heaven. It can even be said that the Emperor of Heaven did not care about this rebellion of the human race."

"Also, if the human race immortals in heaven are devoted to the human race,"

"After the war breaks out, the human immortals in Heaven will take advantage of the chaos to rebel. At that time, our Heavenly Army may be in chaos, which will be very detrimental to the Heavenly Army."

"The Emperor of Heaven wants those human immortals who are devoted to the human race to leave the Heavenly Court. This also removes a very big hidden danger in the Heavenly Court. The Emperor of Heaven's decision is very wise."

Although Wen Zhong is also from the human race, he died when he was conferred as a god.

He is now just an immortal with the status of a god.

Besides, this time, the human emperors first assassinated the Emperor Su Chen in the front, and then gathered an army to rebel against the heaven in the back..

This is obviously the conspiracy of the human emperors. The Heavenly

Emperor Su Chen is the Heavenly Emperor granted by Heaven. Su Chen is the legitimate Heavenly Emperor in the prehistoric immortal world.

He does not believe that the human race will succeed in their rebellion this time.

"The Dragon Clan of the East China Sea (Dragon Clan of the South China Sea, Dragon Clan of the West Sea, and Dragon Clan of the North Sea) are willing to fight for the Emperor of Heaven. When the Emperor of Heaven's decree arrives, it will be time for the Dragon Clan's army to dispatch!"

Chapter 1830

"The new book will be on the shelves in the next two days. I hope everyone will support me. The old book will continue to be written, and there will be no less five books a day!"

In the Prehistoric Immortal World, all the immortals in the Prehistoric Immortal World are speculating on how many human immortals will return to the human race in the Immortal World and Heavenly Court.

Boom, boom, boom!

The Prehistoric Immortal World is shaking again, and all the immortals in the Immortal World are hurriedly checking. This is where it is shaking again.

Over the East China Sea, five bodies appeared in the air and stood.

The Dragon King of the East China Sea looked at the old man in front of him and saluted,

"Ancestor Zhulong, let's get started!"

Zhulong laughed when he heard the words of the Dragon King of the East China Sea.

Zhulong also did not expect that the Emperor Su Chen would have friendship with their dragon clan.

If the Dragon King of the East China Sea had not given him the best fairy fruit flat peach, Zhulong would not have come out to understand all this. Long thought of the Ninth Princess and Princess Wan Sheng of the Dragon Clan. They were both closely related to Su Chen. The Emperor Su Chen continued to send training resources to the Ninth Princess and Princess Wan Sheng.

Even Zhulong was very greedy for those training resources.

This The next time Emperor Su Chen encountered a crisis, the Dragon Clan could not stand idly by.

Emperor Su Chen would be the son-in-law of the Dragon Clan from now on. The Dragon Clan would support Emperor Su Chen no matter how high the price was.

Zhulong wanted to smile and said,

"Haha, let's start. I didn't expect that the dragon girl of our dragon clan would be in love with the Emperor of Heaven. If Xiaojiu and Wan Sheng become the concubines of the Emperor of Heaven in the future, our dragon clan will also get great benefits."

"Emperor Su Chen is in a difficult situation now. Our Dragon Clan must help Heaven no matter what the cost. This is our Dragon Clan's opportunity."

The four dragon kings saluted hurriedly,

"Yes, ancestor!"

"let's start!"

"The Dragon Clan of the East China Sea (Dragon Clan of the South China Sea, Dragon Clan of the West Sea, and Dragon Clan of the North Sea) are willing to fight for the

Emperor of Heaven. When the Emperor of Heaven's decree arrives, it will be time for the Dragon Clan's army to dispatch!"

"The ancestor of the dragon clan, Zhulong, is willing to fight for the Emperor of Heaven. When the Emperor's decree comes, Zhulong is willing to be the vanguard to quell the rebellion for the Emperor of Heaven."

The immortals in the Great Desolate Immortal Realm were very shocked when they heard the Dragon Clan's announcement. The immortals did not expect that the Dragon Clan would be so optimistic about the Heavenly Emperor Su Chen, and even the quasi-sage ancestor of the Dragon Clan, The quasi-sage and powerful Zhulongdu reappeared in the prehistoric fairyland.

Boom boom boom.....

Then,

Nanfangbuzhou suddenly shook, and a beautiful woman in white appeared in the sky, with a green bird on her shoulder.

After hearing the dragon clan's announcement, the blue bird hurriedly shouted,

"Sister Tianfeng, let's start quickly. Those stinky loaches are already one step ahead of us."

"I see."

Tianfeng of the Feng Clan is very happy now.

She did not expect that Su Chen was actually a Xuanniao.

This is the royal family of their Feng Clan.

The three major royal families of the Feng Clan,

Phoenix!

Xuanniao!

Qingying!

Until now, they are only the remaining The few phoenixes, Xuanniao and Qingying have fallen tens of millions of years ago.

Although there are many people in the Feng clan, they are all Feng clan with impure blood.

The appearance of Su Chen this time, The appearance of Xuanniao made Tianfeng see that the Feng clan had hope to rise again.

Tianfeng activated his magic power and announced to the entire prehistoric era,

"The immortal volcano, the Phoenix Clan, Tianfeng, are willing to fight for the Emperor of Heaven. When the Emperor's decree arrives, the Phoenix Clan's army will be dispatched."

Boom boom boom boom.....

Next, everywhere in the prehistoric fairyland shook.

"In the sea of blood, Styx leads the Rakshasa tribe and is willing to fight for the Emperor of Heaven. When the emperor's decree comes, the army of the sea of blood will be dispatched."

"The ancestor of the Earth Immortal, Wuzhuangguan, Zhen Yuanzi, is willing to fight for the Emperor of Heaven. When the Emperor's decree arrives, it will be the time for the Earth Immortal Mansion's army to be dispatched."

"The head of the female immortals, Xi Kunlun and the Queen Mother of the West, are willing to fight for the Emperor of Heaven. When the Emperor of Heaven arrives, the army of female immortals will be dispatched."

"Qilin Cliff, Qilin Clan, Qitian, are willing to fight for the Emperor of Heaven. When the Emperor's decree comes, the Qilin army will be dispatched."

"Six Paths of Reincarnation, the Great Emperor of Fengdu is willing to fight for the Emperor of Heaven. When the Emperor of Heaven's decree arrives, it will be the time when the Netherworld Ghost Clan's army will be dispatched."

"In the prehistoric fairy world, the Wu Clan and Xing Tian are willing to fight for the Emperor of Heaven. When the Emperor's decree arrives, it will be the time for the army of the Wu Clan to be dispatched."

"In the prehistoric fairy world, the demon tribe and Bai Ze are willing to fight for the Emperor of Heaven. When the emperor's decree comes, the demon tribe's army will be dispatched."

All the immortals in the prehistoric immortal world were shocked.

The dragon and phoenix clans Races like the Qilin tribe chose to submit to the Emperor of Heaven.

This is not bad, after all, these three ancient tribes have been in great decline.

But even the neutral forces such as Blood Sea, Wuzhuang Temple, Six Paths of Reincarnation, and West Kunlun all surrendered to the Emperor of Heaven, which made the immortals in the prehistoric fairyland a little confused.

When the immortals in the prehistoric fairyland heard again that the witch clan and demons With the voice of the clan, these once extremely powerful races all chose to surrender to the Emperor Su Chen.

This frightened the immortals in the prehistoric immortal world.

The power of the Witch Clan and the Monster Clan is obvious to all.

Although the Monster Clan and the Witch Clan are now in decline, even the immortals in the prehistoric fairy world will not underestimate these declining Monster Clan and Witch Clan.

There are several quasi-sages in both the Witch Clan and the Demon Clan. This is not something that the immortals in the prehistoric fairy world can offend.

"Heaven, all the stars, are willing to fight for the Emperor of Heaven. When the Emperor of Heaven arrives, the army of stars will be dispatched."

"Heavenly Court, the Lei Department, are willing to fight for the Emperor of Heaven. When the Emperor's decree arrives, it will be the time for the Lei Department's army to be dispatched."

"Heavenly Court, Zhenwu Great Emperor, is willing to fight for the Heavenly Emperor. When the Heavenly Emperor's decree comes, the Zhenwu army will be dispatched."

"Heavenly Court, the Ministry of Fire, are willing to fight for the Emperor of Heaven. When the Emperor's decree arrives, it will be the time for the army of the Ministry of Fire to be dispatched."

"Heavenly Court, Arctic Emperor Ziwei is willing to fight for the Heavenly Emperor. When the Heavenly Emperor's decree arrives, it will be the time for the Central Heaven Territory's army to be dispatched.".....

At this time, the various ministries in the Heavenly Court also announced to the entire prehistoric fairyland that all the ministries in the Heavenly Court were directly under the Emperor of Heaven. They were all panicked.

They are all subordinates of the Emperor of Heaven, but they expressed their loyalty later than the top forces in the Great Desolate Immortal World. At this time, they also hurriedly informed the entire Great Desolate Immortal World.

At this time, the Holy Mother of the Golden Spirit also announced to the entire prehistoric fairy world,

"In the prehistoric immortal world, Jiejiao is willing to fight for the Emperor of Heaven. When the Emperor's decree comes, it is the time for the immortals of Jiejiao to go out."

Jie Jiao reappeared.

This is what Su Chen promised the girls.

If the list of gods is in Su Chen's hands, the restraints of all the immortals of Jie Jiao will be lifted.

Jie Jiao is now in the possession of the Holy Mother of Jinling, the Holy Mother of Wudang, and Fairy Yunxiao. Under control, none of the immortals of Jiejiao would object, and they did not dare to oppose the decision of the Golden Spirit Mother and the other three girls.

The immortals in the prehistoric fairy world were numb after hearing this. Each of these top forces was stronger than the last. They did not expect that These top forces will surrender to the Emperor Su Chen

"Do you want the prehistoric fairy world to be unified? With so many top forces surrendering to the Emperor of Heaven, what force in the prehistoric immortal world dares to oppose the orders of the Emperor of Heaven?"

"Yes, I didn't expect that the Sea of Blood, Wuzhuang Temple, Six Paths of Reincarnation, and even Jiejiao would surrender to the Emperor Su Chen"

"Well, this time it scared me. However, the human emperors of the human race are going to be in bad luck."

"Hahaha....., That's right. The human emperors of the human race thought that the Emperor of Heaven had just become the Emperor of Heaven and had no soldiers or generals. Those emperors probably did not expect that so many top forces would surrender to the Emperor of Heaven."

"Yes, no matter how many Human Immortals the Human Emperors gathered, it would not help. The Human Emperors and their army were definitely destroyed this time."
