Chapter 1831

In Fire Cloud Cave,

Human Emperor Fuxi and other Human Emperors were shocked when they heard the announcement from the Ancient Immortal Realm.

All the powerful races and even the top forces in the Ancient Immortal Realm had surrendered to the Emperor Su Chen, and even The expelled witches and monsters all chose to surrender to the Heavenly Emperor Su Chen, which had never happened before in the prehistoric fairy world.

With these powerful races and powerful top forces, the Heavenly Emperor Su Chen wants to unify the prehistoric immortal world, but their human race is openly rebelling against heaven.

This is seeking death, no, this is asking for death.

The human race, the monks and immortals of the human race, and even the human emperors like them, may not be able to escape their lives.

"How to do this? I'm afraid our human race is going to be doomed."

"Yes, for a little human-immortal Emperor, why do all the powerful races and powerful forces in the prehistoric immortal world surrender to the Emperor? This doesn't make sense at all"

"What is the top priority for us to deal with this crisis?"

"Yes, we cannot wait to die, nor can the tens of millions of human monks and immortals outside the Fire Cloud Cave."

"How else can we cope? Soon the heavenly army, the armies of various powerful races, the armies of various forces, these combined armies will crush the Fire Cloud Cave, and the human race will be finished."

The Human Emperors in the Fire Cloud Cave all looked ugly and started talking.

They all had no choice.

A small human immortal emperor actually made the entire powerful forces and races of the ancient world surrender to Su Chen. They Human Emperors like this This time he made a huge mistake.

Human Emperor Xuanyuan suddenly said to the person,

"There is a way, everyone, don't forget, we are disciples of the Sage Sect"

"We can go to the masters who teach us, explain their teachings, and intercept their teachings. Although we, the Human Emperor, have perfected our merits and have severed ties with our masters, we still have a master-disciple relationship."

"I believe that various saint sects will not sit idly by and ignore us human emperors."

When the other Human Emperors heard what Human Emperor Xuanyuan said, their eyes lit up.

How could they have forgotten the Sage Sect? They can be considered disciples of the Sage Sect. When

Human Emperor Fuxi heard what Human Emperor Xuanyuan said, he I think it's very good.

Their human race needs the support of the Saint Sect. Human Emperor Fuxi doesn't believe that Emperor Su Chen will dare to take action against their Human Emperor again.

Human Emperor Fuxi hurriedly said after offering sacrifices to other Human Emperors,

"We all quickly contacted our respective masters. Whether the human race can survive the crisis this time depends on you."

"Okay, let's quickly contact our respective masters now."

"Well, I'll contact you right away"

"I will also contact you immediately"

"I hope the master can help us"

"Don't worry, our masters are not heartless people, and they won't see anything happen to us."

After the other human emperors in the Fire Cloud Cave heard Fuxi's words, they all sat down and prepared to contact their masters. The life and death of these human emperors, as well as the life and death of tens of millions of monks and immortals in the human race, all depend on the Sage Sect. The attitude of the masters here changed.

In the heaven,

Su Chen laughed when he heard the announcement in the prehistoric fairy world: Sea of

Blood, Wuzhuang Temple, West Kunlun, Six Paths of Reincarnation, Dragon Clan, Phoenix Clan, Monster Clan, Witch Clan, Jiejiao , these powerful races and powerful forces are more or less related to him.

However,

Su Chen remembered today's kindness.

Su Chen repaid kindness and revenge.

This time the human race almost fought against the heavens. In terms of his face, if the human race's rebellion had not been suppressed this time,

Su Chen would probably be the most useless and useless emperor in the prehistoric fairyland, even worse than Haotian.

Empress Nuwa shook her head and thought, all the various people in the prehistoric fairyland How come all the races and forces have surrendered to this bastard? What kind of charm does this bastard, big or small, have that can convince all those races and forces?

Empress Nuwa looked at Su Chen and said with a complicated expression,

"Su Chen, I won't ask about this matter anymore, but I want to remind you that the Human Emperors also have backers. Although I don't know if those backers of the Human Emperors will help the Human Emperors, but you should still be on guard. one time"

"Does the Human Emperor have a backer?"

"You won't forget the masters of the human emperors when they didn't have perfect merit, right? The masters of the Human Emperors are all disciples of the Sage Sect, and some are even acting leaders of the Sage Sect."

Riou!

Why did he forget those people?

The people who taught the Human Emperor were all disciples of the saints, which means that the emperors may beg for help from the disciples of the saints.

It's his fault!

Why are things happening one after another? ?

Can't he just complete the Journey to the West to learn the scriptures with soy sauce?

Is the 10,000-level trial of the Ladder to Heaven so difficult?

Su Chen felt that the Great Desolate Immortal World was not compatible with him.

What happened to him this time in the Great Desolate Immortal World was one after another. , and what happened were earth-shattering events.

Although he gained a lot of benefits, Su Chen's heart couldn't bear the big events that happened in these three days.

Su Chen looked at Nuwa and suddenly thought of a way, if Nuwa Empress Nuwa can help him, so this crisis should be nothing.

Su Chen looked at Empress Nuwa and smiled wickedly,"Empress Nuwa, have you thought about letting the humans recognize you again?"

Nuwa Empress looked at Su Chen and asked cautiously.

"Um? What are you planning?"

"What kind of ideas can I have?"

Su Chen shrugged his shoulders and replied.

Su Chen didn't expect that Nuwa Empress was so sensitive, which made him feel a little bit difficult to handle.

"Nanny, go and pour a cup of tea for our Nuwa Empress."

"Ok brother!"

"Tell me, what did you mean by what you just said?"

Nuwa Empress looked at Su Chen and asked directly.

She also wanted to know why Su Chen said that, the human race's approval?

This is not necessary for her.

Nuwa Empress has even given up on the demon clan and the human race. It doesn't matter if you don't recognize her. The human race can only provide her with some luck now, but she has been a saint for many years. Although the luck of the human race can speed up her cultivation, it just means that she spends less time to improve her cultivation.

But time is not important to her. Are saints important?

Nuwa Empress can rest for hundreds or even thousands of years. Time is simply dispensable to saints.

Also, no matter how powerful she is in cultivation, what's the use?

No matter how powerful their saints are in cultivation, , can the Dao Ancestor be powerful?

Can the Dao of Heaven be powerful? Have n't those saints dared not come to the prehistoric fairyland because of the Tao Ancestor's words?

Su Chen looked at Nuwa Empress and smiled and said,"Nu Wa Empress, I can help you get the human race to recognize you again, but you have to help me deprive those human emperors of their status."

"Su Chen, you are overestimating me. If I can deprive you of the status of Human Emperor, do you think your status of Human Emperor will still be there?"

Chapter 1832

Empress Nuwa shook her head when she heard Su Chen's words.

Although she is the Holy Mother of the human race, the human race has long been beyond her control.

Since I established the Human Religion, the most precious treasure of the human race, the Kongtong Seal, is in my hands again. The power of the human race lies in my hands.

If Empress Nuwa had the most precious human treasure, the Kongtong Seal, in her hand, she might be able to depose the Human Emperor, but can I give her the most precious human treasure, the Kongtong Seal?

This is simply impossible.

When Su Chen heard what Nuwa said, he continued to say

"Empress Nuwa, what if you have the human race's most precious treasure, the Kongtong Seal?"

When Nuwa Empress heard Su Chen's words, she was shocked.

This bastard wouldn't want to snatch the human race's most precious treasure, the Kongtong Seal, right?

This bastard who keeps seeking death, does he really not want to live? Nuwa

Empress looked serious. So he asked Su Chen,

"Su Chen, do you know what you are talking about?"

Su Chen looked at the serious look on Nuwa's face, and he knew that Nuwa's mother had gone wrong.

However,

Su Chen did not dare to talk about the saint.

If Su Chen dared to say the saint's name, the saint in the chaos would immediately notice it..

Su Chen didn't want the saint to pay attention to him at this time.

"System, can you help me hide my secret? It's the kind of secret that even saints can't detect."

"Ding, yes, no one under heaven can notice you. Even if the host mentions Hongjun's name, he will not notice it."

"I guess, the system is awesome"

"Ding, host, you'd better not commit suicide. This system is really helpless when it encounters you as a host."

"Understand, understand, system, I am not the one who caused this incident. I was almost assassinated. System, won't you give me some life-saving treasure?"

"Ding, host, you are thinking too much. It is not dark yet, so stop daydreaming. This system is hidden."

Riou, is this system girl making fun of herself?

Su Chen shook his head.

System girl is becoming more and more like a person. It would be great if I can see the face of system girl.

Su Chen suddenly saw Nuwa The empress was looking at him like an idiot.

He was very embarrassed.

His conversation with the girl from the system just now made Su Chen a little complacent.

Su Chen immediately sat down and continued to speak to the Nuwa empress.

"Of course I know that the Kongtong Seal, the most precious human race, was supposed to be yours, but it was cut off by me. No, the Kongtong Seal, the most precious human race, should have been given to me by Daozu."

The Empress Nuwa heard Su Chen calling out the names of Lao Tzu and Taoist ancestors.

She was so frightened that she turned pale and reprimanded,

"Don't you want your life? Talking about saints and Taoist ancestors will be discovered."

Su Chen waved his hand and said with a smile,

"Don't worry, Empress Nuwa, you won't be discovered by them even if you talk about saints and Taoist ancestors around me."

"you.....Do you have Chaos Spiritual Treasure Chaos Orb?"

Nuwa was very surprised when she heard what Su Chen said.

Isn't this bastard Su Chen deceiving her? What ability does this bastard have that can make the saints and Taoist ancestors not aware of it? Could it be that the Chaos Pearl of Chaos Lingbao is in the hands of this bastard? Where?

Su Chen coughed when he heard Nuwa's words and said,

"Ahem, empress Nuwa, just think that I have it. My secrets have been covered up around me, and I won't be discovered when talking about any saint."

"Did you just say that the human race's most precious treasure, the Kongtong Seal, should have been mine? But the human race's most precious treasure, the Kongtong Seal, is obviously destined to be related to me?"

"Destined? Who is the Lingbao destined to be with? This is not some of Daozu's methods. Madam Nuwa, don't forget that Daozu has completed the way of heaven. Although I don't know how much authority Daozu has in heaven, would it be difficult for him to use his hands and feet to manipulate some Lingbao? ?"

"Are you saying that Taoist ancestors linked the human race's most precious treasure, the Kongtong Seal, with Lao Tzu?"

Su Chen took a sip of the tea handed to her by the ruthless empress and continued,

"This is what I guessed"

"Empress Nuwa, haven't you ever thought about it? Why is the human race's most precious treasure, the Kongtong Seal, related to Laozi?"

"Is it just because he established the Human Religion?"

"Madam Nuwa, when I established the human religion, I probably didn't have as much luck as you as a human race, right?"

"You are the Holy Mother of the human race, and you probably accounted for more than half of the fate of the human race at that time. If the human race's most precious treasure, the Kongtong Seal, does not belong to you, the holy mother of the human race, why did it belong to Lao Tzu of the human race?"

Nuwa Empress was silent when she heard Su Chen's words.

When I got the human race's most precious Kongtong Seal, she also thought about these issues, but she also saw that the human race's most precious Kongtong Seal was destined to me, so she didn't care about it..Now that she heard Su Chen say this,

Empress Nuwa also became suspicious.

"Daozu, why do you do this?"

"Because of the human race"

"Because of the human race?"

Su Chen nodded and said seriously,

"Yes, Lao Tzu, Primordial, Tongtian, and Sanqing all relied on the human race to become saints. Even you became a saint because of the human race."

"The potential of the human race is too great. It is impossible for Dao Ancestor to let the human race rule the prehistoric fairy world like the shaman clan and the demon clan."

"Therefore, Empress Nuwa, it is impossible for you to control the human race alone, and it is impossible for Taozu to let you escape his control."

"do you understand?"

These are all Su Chen's guesses, but nine out of ten of them are probably true.

Empress Nuwa was originally a human race that was completely controlled by one person.

In the end, she was divided by me.

Both I and Nuwa control some human rights. , but those are useless powers.

Although the Nuwa Empress is the Holy Mother of the human race, she does not have the human race's most precious treasure, the Kongtong Seal. She is probably too unwilling to abolish the human emperor.

Although I control the human race's most precious treasure, the Kongtong Seal. Dongyin, but he is only the leader of the Human Cult, not the Holy Father of the human race. Even if the human race's most precious treasure, the Kongtong Seal, cannot depose the Human Emperor when he is old.

This is a balance, a balancing method played by that old bastard of Daozu..

Empress Nuwa was silent when she heard Su Chen's words.

She felt that what Su Chen said was right.

The human race could make four people saints.

The potential of the human race was very great.

So the potential of the human race was so great?

Why did no saints appear? ? Or did Daozu kill the opportunity for someone in the human race to become a saint?

Also,

Daozu wants to control himself?

Is it because she has received too much luck from the human race that Daozu is worried that her cultivation level will surpass him in the future?

Empress Nuwa's expression The pale one asked,

"Su Chen, is there anyone in the human race who can become a saint? Was it just stopped by Daozu?"

Su Chen nodded and replied,

"Yes, do you still remember Hongyun's Hongmeng Purple Qi? That Hongmeng Purple Qi belongs to the human race, but it was cut into three long and five short by the Taoist ancestors, and this is how the Three Sovereigns and Five Emperors appeared."

"So that's the case, no wonder Hongyun, a man of great luck, failed to become a saint after receiving the Hongmeng Purple Qi. He even ended up in a state of death, haha...., Hongmeng Ziqi belongs to the human race, and Daozu is really scheming."

Chapter 1833

Empress Nuwa was very angry now.

If Su Chen hadn't mentioned these things, she might have been kept in the dark by Tao Ancestor. The most holy Tao Ancestor in the prehistoric times turned out to be an old cunt.

Empress Nuwa suddenly thought that the appearance of the Three Sovereigns and Five Emperors, the teachings of the disciples of the Sage Sect

, and the severance of the Human Emperor after becoming a god. These major events in the ancient immortal world were probably all calculated by the Tao Ancestor, and he was still planning to continuously weaken the human race.

Empress Nuwa looked at Su Chen and made her decision.

If she didn't know these things,

Empress Nuwa would never agree to Su Chen.

But she understood that

Empress Nuwa had been plotted by Taozu since she became a saint.

No!

Empress Nuwa thought that she might not be a saint yet, so that old bastard Taozu started plotting against her.

"Su Chen, how can I obtain the Kongtong Seal, the human race's most precious treasure?
Su

Chen shook his head and replied, "I will inform you when the time comes. Now is not the time to say it."

Su Chen didn't know whether the method he thought of was feasible, but it was the only way.

Even if it was not feasible, Su Chen would still take the risk. If it succeeded, his gains would be huge.

"Okay, then I'll wait for your notification"

"One month later, in Huoyun Cave, I hope that your good corpse, Nuwa Empress, can appear there, and possibly your true body. I will ask Heaven to let you come to the prehistoric fairyland."

"Haha, okay, see you in a month!"

Empress Nuwa smiled at Su Chen and disappeared into the Lingxiao Palace.

When the ruthless Empress saw Empress Nuwa leaving, she sat next to Su Chen and asked speculatively, "Brother, what you just said is not true. Will he deceive Nuwa again?"

"Nanny, what I said is just a guess, and I also told Empress Nuwa that it was just my guess. Empress Nuwa should be able to tell whether it is true."

"Brother, you said that Nuwa Empress could escape from Tao Ancestor's control by relying on the human race, but Nu Wa Empress is the weakest among several saints. Even if Nu Wa Empress relies on the luck of the human race, she cannot escape from Tao Ancestor's control, right?"

Su Chen shook his head and explained to the ruthless empress,

"No, Nannan"

"Even before she became a saint, Nuwa was plotted by Taozu."

"When Nuwa became a saint, she was a quasi-sage who beheaded one corpse. Primordial, Tongtian, and even the two bald donkeys in the West were all quasi-sages who beheaded two corpses. I am afraid that I have beheaded all three corpses."

"Even if Empress Nuwa wanted to become a saint, she should have known the importance of the three corpses. She was probably calculated by Taozu to create a human being and become a saint in advance. Empress Nuwa should have guessed it this time."

When the Ruthless Empress heard Su Chen's explanation, she also understood.

The Ruthless Empress was also a little afraid of Dao Ancestor's calculations.

However, fortunately she was not from the ancient immortal world, otherwise she would have to face an old and ruthless person in the future. The empress probably didn't dare to sleep.

One month passed in the blink of an eye.

During this month, the immortals in the prehistoric fairy world were planning the actions in the heaven. The powerful races and powerful forces in the prehistoric fairy world had prepared their armies. Now Just waiting for the Emperor of Heaven Su Chen to give the order to suppress the rebellion.

The Human Emperors of the human race are also preparing their armies to fight against the Emperor of Heaven. There are more than 50 million human troops.

This is a terrifying number.

In the prehistoric fairy world, since the war between the Witch Clan and the Monster Clan. , There has never been such a huge army. In the ancient heaven,

Su Chen looked at the six million heavenly soldiers and generals in the Lingxiao Palace, and he nodded.

These are the Queen Mother and the Wudang Virgin. , they re-established the army of heavenly soldiers and generals in this month, and they were all at the realm of cultivation above heavenly immortals.

The Queen Mother walked to Su Chen, sat down and said,

"Su Chen, the army of six million heavenly soldiers and generals are commanded by me, Madonna Wudang, Madonna Jinling, Fairy Yunxiao, Fairy Qiongxiao, and Fairy Bixiao respectively."

Su Chen didn't expect Queen Mother and the others to bring Fairy Qiongxiao and Fairy Bixiao over, but the more powerful people, the better, not to mention Fairy Qiongxiao and Fairy Bixiao are also famous beauties.

Su Chen took the Queen Mother's hand. He smiled and said,

"Yes, it's just that this war didn't come in time to bring out the Monster Clan's Zhoutian Stardust Formation. After this war, Human Emperor Fuxi will grab the Hetu Luoshu. In the future, he will go to Beihai and ask Kunpeng for 360 Five weekly star banners."

Our Lady of Wudang patted Su Chen's basics and said,

"Su Chen, the time has come. We should destroy those rebellious humans."

"Yes, it's time to go!"

Su Chen started to fight when he heard the words of Mother Wudang. He looked at the girls next to him and said with a smile, "You guys help me build momentum, I will inform the entire prehistoric fairy world."

When the Queen Mother and the Wudang Virgins heard Su Chen's words, they all laughed.

The Emperor of Heaven in the majestic prehistoric fairyland turned out to be a little golden immortal, and he couldn't even inform the entire prehistoric fairyland. , this bastard is the weakest Emperor of Heaven since there was an envoy in Heaven,

Emperor Jun of Heaven!

Emperor Haotian of Heaven!

That one of them is not a powerful quasi-sage, but they think that Su Chen is really pitiful, Emperor of Heaven has not done a good job yet One day, troubles come one after another.

Boom boom boom boom....

At this time, all the girls began to build momentum for Su Chen.

The Immortal World was shaken, and the immortals in the entire Immortal World looked in the direction of Heaven.

When all the immortals saw the heavenly soldiers and generals outside the South Gate of Heaven, the immortals in the Immortal World stood up one after another. They knew that the war was about to begin. It's about to start

"The war is about to begin. There are six million heavenly soldiers and generals, and the weakest heavenly soldiers and generals are all immortals. Are there such powerful heavenly soldiers and generals in heaven?"

"This may be the heavenly soldiers and generals reorganized by Emperor Su Chen during this month."

"Well, that's right. In the past, the heavenly soldiers and generals were all cannon fodder. Now when we see the heavenly soldiers and generals in heaven, this is the true rule of heaven in the prehistoric fairyland."

"Yes, these heavenly soldiers and generals are more than enough to fight against the Western God Realm."

"I hope nothing will happen again, and this time Heaven will be able to smoothly extinguish those rebellious people in Huoyun Cave."

"If you don't tell me, I won't be worried. Emperor Su Chen is a master of committing suicide. I hope Emperor Su Chen will not cause trouble this time."

"I hope the Emperor of Heaven will not seek death again this time."

At this time,

Su Chen was sent outside the Nantian Gate of Heaven by the girls, and they all stood next to Su Chen.

"See the Emperor of Heaven!"

"See the Emperor of Heaven!"

"See the Emperor of Heaven!"

Outside the Nantian Gate, when Su Chen appeared here, an army of six million heavenly soldiers and generals saluted Su Chen in unison,

"The dragon tribe, Zhulong, leads an army of four million dragon tribes to meet the Emperor of Heaven!"

"Dragon clan, see the Emperor of Heaven!"

"Dragon clan, see the Emperor of Heaven!"

"Dragon clan, see the Emperor of Heaven!"

Chapter 1834

In the prehistoric fairy world, above the East China Sea, the ancestor of the Dragon Clan, Zhulong, led an army of four million dragons, arrayed neatly on the East China Sea.

When Su Chen appeared outside the Nantian Gate,

Zhulong, the ancestor of the Dragon Clan, immediately saluted Su Chen and said,

"The dragon tribe, Zhulong, leads an army of four million dragon tribes to meet the Emperor of Heaven!"

"Dragon clan, see the Emperor of Heaven!"

"Dragon clan, see the Emperor of Heaven!"

"Dragon clan, see the Emperor of Heaven!"

In Nanbuzhou,

Nanli volcano,

Tianfeng led an army of one million Feng tribe to wait for Su Chen's decree. When she saw Su Chen appeared, she immediately saluted and said,

"The Phoenix Clan, Tianfeng, leads an army of one million Phoenix Clan to meet the Emperor of Heaven!"

"Phoenix Clan, see the Emperor of Heaven!"

"Phoenix Clan, see the Emperor of Heaven!"

"Phoenix Clan, see the Emperor of Heaven!"

"Six Paths of Reincarnation, Emperor Fengdu led an army of two million ghosts to meet the Emperor of Heaven"

"Netherworld ghost clan, see the Emperor of Heaven!"

"Netherworld ghost clan, see the Emperor of Heaven!"

"Netherworld ghost clan, see the Emperor of Heaven!"

"West Kunlun...."

"sea of blood....."

"Wuzhuangguan....."

In the prehistoric fairy world, there are powerful races and powerful forces. After Su Chen appeared outside the Nantian Gate, these powerful races and powerful forces saluted Su Chen one after another.

"The ancient and scattered immortals meet the Emperor of Heaven!"

"The ancient and scattered immortals meet the Emperor of Heaven!"

"The ancient and scattered immortals meet the Emperor of Heaven!"

The immortals in the ancient immortal world also saluted Su Chen one after another at this moment.

Today's scene is something that no immortal in the entire ancient immortal world has ever encountered.

All powerful races and powerful forces in the ancient immortal world have surrendered to the Emperor Su Chen. Except for a few saint sects, the entire Prehistoric Immortal World is truly unified. In the prehistoric world, ordinary humans heard the voice of worshipping the Emperor of Heaven, and all human races were very panicked and helpless.

The immortals in the sky appeared, but all The human race is not happy.

The entire human race knows that a month ago, the Human Emperor in the Fire Cloud Cave gathered the monks and immortals of the human race to fight against the sky. The new Emperor of Heaven has just taken office, and the Human Emperor in the Fire Cloud Cave wants to Use force to resist the sky.

Although ordinary humans don't know why the human emperors use force to resist the sky, they know that the heaven is the existence that rules the prehistoric fairyland. The heavenly soldiers and generals in the heaven are not human beings to deal with.

This time the heaven wants to conquer the fire. The Human Emperors in Yundong, if the Human Emperors in Huoyun Cave are defeated and destroyed, where will the human race go?

How will the Emperor of Heaven treat the ordinary people in the prehistoric immortal world in the future?

In a big mountain in the prehistoric world, the four masters and disciples of Tang Sanzang were confused. Looking at all this, after Tang Sanzang met Kuimu Lang, a demon from the lower realm, in Baoxiang Kingdom, Sun Wukong was also found by Zhu Bajie.

Tang Sanzang also knew that he had wronged Sun Wukong.

Although Sun Wukong did not want to come back, he Unable to help himself,

Sun Wukong thought that if he did not plan to protect Tang Sanzang to obtain scriptures, he would probably be suppressed. He might even be suppressed for the rest of his life.

Sun Wukong thought of Su Chen's words, there is no destiny without strength, and wanted to break himself destiny, then the only way is to make yourself stronger

"Darling, it seems that Su Chen is really going to destroy the human emperors in Huoyun Cave this time."

"Second Senior Brother, several Human Emperors in Huoyun Cave have assassinated the Emperor of Heaven, and even gathered tens of millions of human troops to fight against Heaven. Is it wrong for the Emperor of Heaven to exterminate the Human Emperors in Huoyun Cave?"

"It's not wrong, it's just a pity that we can't participate in this huge scene."

"Second Senior Brother, today's heavenly soldiers and generals are different from those in the past. If you and I were still in heaven, with our Xuanxian cultivation realm, we could only be centurions."

"Well! Indeed."

Zhu Bajie and Monk Sha were very speechless while talking.

In the heaven controlled by Su Chen, the heavenly soldiers and generals in the heavenly court are different from the past.

When Haotian was in power, the heavenly soldiers and generals in the heavenly court were basically human beings and immortals. Cannon fodder on the battlefield.

And Su Chen integrated the heavenly soldiers and generals in the heaven.

Now the lowest cultivation level of the heavenly soldiers and generals are all heavenly immortals. This has raised three realms. From now on, ordinary immortals just want to be heavenly soldiers and generals. I'm afraid it's difficult.

Sun Wukong sat on a tree without opening his mouth, but he looked towards the heaven with a look of yearning.

Su Chen majestically accepted the worship of the immortals in the ancient fairy world, which made Sun Wukong very helpless..

Same people but different fates.

Five hundred years ago,

Sun Wukong looked down on Su Chen who was still a young monk.

Five hundred years later,

Su Chen was already the emperor of heaven who ruled the entire prehistoric fairyland.

Tang Sanzang kept chanting "Buddha,

Fire"

He couldn't control the war between the Human Emperor of Yundong and the Heavenly Emperor of Heaven.

Tang Sanzang could only recite Buddha's name and hope that Buddha could quell the war, or even prevent Heaven's soldiers and generals from massacring the human race.

Huoyun Cave, at this moment,

Huoyun Cave's The human emperors were flying in the air one by one.

With the appearance of the Heavenly Emperor Su Chen, the appearance of heavenly soldiers and generals, and even the appearance of armies from various races and forces in the prehistoric times, the human emperors in Huoyun Cave knew that the war was about to begin. The unparalleled war with immortals was about to begin.

Human Emperor Fuxi looked at the other Human Emperors, and asked with a serious face,

"Are you all ready?"

"Brother, we are all ready. There are more than 50 million human armies, including nearly 20 million human immortal armies."

"The Sage Sect promised us to stop the Heavenly Emperor Su Chen, and we have nothing to fear."

"Yes, Human Sect, Chan Sect, and Buddhism all agree that they will help the human race. Even if Emperor Su Chen wants to destroy us, it will be impossible for him."

"Brother, will Nuwa Empress help our human race?"

"Yes, the eldest brother is the elder brother of Empress Nuwa. I believe Empress Nuwa will also be on our side."

"From this point of view, our human race has people who teach, explain and teach Buddhism, and with the support of Nuwa Empress, if Su Chen, the emperor in heaven, knows about it, I don't know if he will be frightened and abdicate directly."

"Haha, I can't wait to see the scared expression on Emperor Su Chen's face."

The other human emperors in the Fire Cloud Cave all said that their human race has the support of the Saint Sect, but the Heavenly Emperor Su Chen has the support of all the tribes and forces in the ancient world. Does the Heavenly Emperor Su Chen dare to confront the Saint Sect?

Does the Heavenly Emperor Su Chen dare to disobey the Heavenly Saint?

Human Emperor Fuxi looked at the other Human Emperors and smiled.

With the support of the Saint Sect, the human race really did not need to worry.

Besides,

Human Emperor Fuxi also had Empress Nuwa behind him. Even if the war of the human race failed this time, Empress Nuwa would not watch him be killed. The Human Emperor Fuxi was in an invincible position from the beginning.

In the chaos, the six saints appeared one after another in the nine heavens of the prehistoric fairy world. , although they could not appear in the prehistoric world, what happened in the prehistoric fairy world was too great. These saints appeared on the nine heavens, watching the result of this time when the human race resisted the heaven with force.

Chapter 1835

Chaos, in Zixiao Palace.

Haotian has been checking the things in the Great Desolate Immortal World during this time.

He also knows everything about what happened in the Great Desolate Immortal World.

Su Chen was assassinated, the human race must fight against the sky with strength, the immortal army assembled by the human race, the various races and The forces surrendered to Su Chen, and even the Human Emperor in the Fire Cloud Cave contacted various saint sects.

Everything that happened was known to him.

During this period, Haotian's face could be described as blue and white, ugly, and haha. laughing out loud.

If people who don't know the situation see Haotian's appearance, they will think that the former Heavenly Court has gone crazy.

"Haotian, prepare to go to the prehistoric world. The emperor of the prehistoric heaven will still be yours."

"Yes, Daozu!"

Haotian immediately knelt down and replied when he heard Tao Ancestor's voice.

Haotian didn't expect that Tao Ancestor would be ready to let him regain control of the heaven so soon.

This made him very excited.

With Tao Ancestor's support, Haotian had the support of Tao Ancestor. Who dares to object?

Su Chen is just a clown. This time he will bring the little monk back to his original form.

The ancient fairy world, the heavenly court, and the Nantianmen.

Su Chen was also very surprised when he looked at the six million heavenly soldiers and generals in front of him. He was shocked.

He had never seen so many troops at once.

Although Su Chen also had tens of millions of human troops, the maximum number of those troops each time they appeared was hundreds of thousands.

Su Chen looked at the densely packed heavenly soldiers in the sky. General, the lofty ambitions in his heart were also aroused.

The armies of various races and forces in the prehistoric immortal world were also prepared. These armies combined totaled more than 20 million immortal armies. Su Chen did not believe that Xiao Xiao could not be destroyed. The human race.

Su Chen took a step forward and loudly said with dignity,

"I am the Emperor of Heaven!"

"The supreme existence in the prehistoric fairy world"

"Although this emperor has only been in heaven for a month or two, he has not announced to the prehistoric immortal world, nor has he held an enthronement ceremony. My cultivation level is not strong, not as powerful as the previous emperor Haotian, nor as handsome and domineering as the former emperor of the demon clan."

"However, this emperor is the Emperor of Heaven recognized by all living beings in the ancient world, the Emperor of Heaven recognized by the immortals of the ancient world, and the Emperor of Heaven recognized by the law of heaven."

"A month ago, this emperor was assassinated. This was disrespectful to this emperor, disrespectful to all sentient beings, and disrespectful to the way of heaven."

"A month ago, those people who plotted to assassinate me. After the failed assassination was exposed, the Emperor in the Fire Cloud Cave, I couldn't understand why those Emperors wanted to assassinate me? Do the human emperors of Huoyun Cave want to imitate the Witch Clan and Monster Clan to rule the prehistoric fairyland?"

"For tens of millions of years, there have been many monks and immortals in the human race, and some powerful immortals have also appeared."

"But the Heavenly Court is the Heavenly Court, and the Heavenly Emperor is the ruler of the Great Desolate Immortal World. The human race is the Human Race. It is impossible for the Human Race to rule the Great Desolate Immortal World like the Lich and Demon Clan."

"The Human Emperor in the Fire Cloud Cave raised an army of fifty million monks and immortals to prepare to fight against the heavens with all his strength."

"Although I have only been the Emperor of Heaven for two months, I cannot ignore the rebellion of the human race. Otherwise, where is the majesty of Heaven? Where is the face of all the immortals in the ancient world? Where is the face of Heaven?"

"The human race used their strength to resist the sky, and they will be punished for their crimes. The human emperors in the Fire Cloud Cave incited the human race to rebel, and they will be punished both physically and mentally for their crimes."

"As the Emperor of the Heavenly Court of the Ancient Immortal Realm, I promulgate the decree of Heaven. The Heavenly Soldiers and Generals in the Heavenly Court, the armies of all races in the Ancient World, and the legions of various forces will rise up in time to attack the Fire Cloud Cave."

"Facing the rebels, we must fear and destroy them. For the majesty of the ancient heaven, and for the face of all the immortals in the ancient world, Huoyun Cave must be destroyed, the human emperors must be killed, and the 50 million monks and immortal armies of the human race must be killed!"

"All the creatures in the prehistoric fairy world are listening"

"This emperor is the emperor of heaven. Anyone who commits rebellion will be punished! Those who wantonly kill living beings will be punished! Anyone who disobeys this emperor's orders will be punished!"

"As the Emperor of Heaven, I should suppress all enemies in the world!"

"Emperor of Heaven!"

"Emperor of Heaven!"

"Emperor of Heaven!"

All the heavenly soldiers and generals, all the powerful races and powerful forces in the prehistoric fairy world, and even all the immortals and creatures in the prehistoric world, after hearing Su Chen's prehistoric announcement, all the creatures in the prehistoric fairy world worshiped him. Shouting to the Heavenly Emperor Su Chen, this is the real Heavenly Emperor!

Domineering!

Decisive in killing! I am the only one who dominates!

Especially the Three Execution Orders, and the sentence [I am the Heavenly Emperor, I shall suppress all enemies in the world!]

This made the prehistoric immortals All the creatures listened with excitement.

"The amazing Emperor of Heaven!"

Bai Ze of the demon tribe looked at Su Chen with complicated eyes.

Although the demon emperor and Su Chen are both emperors of heaven, and even the demon emperor is stronger and more powerful than Su Chen, the demon emperor does not have Su Chen's personality charm. The Demon Emperor did not have any means to make the entire prehistoric tribes surrender to him.

But Su Chen was different.

Su Chen had a unique temperament, a destiny of being born to be an emperor.

Su Chen's audacity made even Heaven dare to insult and Provocation, but Heaven rewarded Su Chen

's Heavenly virtues. Su Chen was decisive in killing the 50 million monks and immortals of the human race. He killed as many as he wanted, without hesitation, without considering the consequences, and did not even care about the relationship between the saints and Heaven. What reaction?

Bai Ze couldn't understand Su Chen either, but that sentence, as the Emperor of Heaven, I should suppress all enemies in the world!

Bai Ze thought that even Demon Emperor Jun did not dare to say such words, but

Su Chen, a little golden immortal, dared , just based on these words, the demon clan is willing to fight for the Emperor Su Chen,

"Ha ha....., Empress Pingxin is right, Emperor Su Chen, I, Xingtian, recognize you."

Xingtian of the Wu Clan burst into laughter after Su Chen finished speaking about the Great Destruction Announcement.

Although Su Chen is not a Wu Clan,

Su Chen is more like a Wu Clan than a Wu Clan. He insults the way of heaven and criticizes saints.

These Wu Clan do Su Chen has done all the things he has done in the past.

All the immortals in the prehistoric world surrendered, all races in the prehistoric world surrendered

, and all the top forces in the prehistoric world surrendered. Su Chen, the emperor of heaven, also did what the Wu clan failed to do.

Everywhere in the prehistoric immortal world, all races After hearing the great announcement of Emperor Su Chen, they recognized Su Chen even more.

If there were some races and forces before, they followed the trend and surrendered to Emperor Su Chen.

Now, these races and forces have He surrendered wholeheartedly to the Emperor Su Chen.

Boom boom boom.....

At this time, the prehistoric fairy world suddenly shook.

Above the nine heavens, the auspicious clouds of heavenly merit and virtue began to gather above the nine days. Above the nine days, the golden light of the auspicious clouds of merit and virtue shrouded the entire prehistoric fairy world.

After ordinary people were enveloped by the golden light of the auspicious clouds of merit, they fell ill. He got better immediately, his eyesight regained sight, and even some people who were not seriously disabled also recovered one after another.

"Let me go, why did Tiandao get into trouble again? Have the merits of heaven become cabbage?"

"Su Chen, shut up, Nannan, cover your brother's mouth. Don't let your brother provoke Tiandao at this time."

Chapter 1836

Su Chen didn't expect that he just announced to the prehistoric fairy world, why would heaven give him heavenly merit again?

Could it be that there is merit in informing the entire prehistoric immortal world?

But didn't the human emperors in the Fire Cloud Cave also inform the entire prehistoric immortal world? Why didn't they get any merit from heaven?

This made Su Chen confused.

When the Queen Mother heard Su Chen's words from behind, her face changed instantly. Wouldn't this bastard feel uncomfortable if he didn't commit suicide? Heaven rewards heaven's merits, and this bastard actually said that heaven is crazy? The Queen Mother wished she could stop this bastard's mouth.

The Queen Mother took a step forward and angrily scolded Su Chen,

"Su Chen, shut up, Nannan, cover your brother's mouth. Don't let your brother provoke Tiandao at this time."

The ruthless empress hurriedly grabbed Su Chen.

She was also worried that Su Chen would anger Heaven.

If Heaven sent down thunder and punishment at this time, it would be very detrimental to Heaven's crusade against the human army.

"Brother, please stop talking."

The other girls also stared at Su Chen with unkind expressions.

They were all worried that Su Chen would do something wrong at this time. Just now,

Su Chen was majestic and majestic like a real emperor of heaven, but after a while, this bastard appeared. The truth was revealed, and they were also very helpless towards Su Chen.

Su Chen nodded with a dark face.

He also knew that he had just made a mistake, but why did Heaven want to reward him with merit this time? Can he gain merit by crusading against rebellion?

"Why do you think Heaven wants to reward my merits? Did I seem to have done something?"

The Queen Mother and the other girls shook their heads when they heard Su Chen's words.

They didn't know why Tiandao wanted to reward Tiandao's merits this time.

Su Chen just informed the whole world before the war.

This bastard seemed to have really done nothing. So Tiandao is What is the purpose of the heavenly merits being sent down this time?

At this moment, the immortals in the ancient immortal world saw the auspicious clouds of merits and virtues above the nine heavens. They all looked at Su Chen outside the Nantian Gate in surprise. The

Emperor of Heaven just announced that the entire ancient immortal world would punish the rebellious ones. Who would actually get the merits of heaven.

Is the Emperor Su Chen the illegitimate son of heaven?

"This is the third time. In just two months, the Emperor of Heaven has received three heavenly merits."

"Yes, the Emperor of Heaven just informed the entire prehistoric immortal world, but he did not expect that he would receive the merits of Heaven."

"In this way, the Emperor of Heaven's crusade against the human race is in compliance with the will of God. Even the law of heaven agrees with the Emperor's crusade against the rebellion of the human race. This war will be an immediate success for the Heavenly Court."

"Yes, even Heaven has approved of this crusade, and the human race is hopeless."

"Haha, I'm afraid the human race is so regretful now that their intestines are blue."

"The human race is doing this on its own."

"Yes, there will be a realm war in less than five hundred years. The human race is weakening the strength of our ancient immortal world, and the human race should be destroyed!"

In Huoyun Cave, the eight Human Emperors first heard Su Chen's announcement.

Their faces were all very pale.

The Human Emperors did not expect that Su Chen would kill them all. If

Huoyun Cave was to be destroyed, the Human Emperors should be careful. Execute, even fifty million human troops must be executed.

Emperor Su Chen is really too cruel. These are tens of millions of lives, and the Emperor of Heaven actually kills him at his word.

Isn't the Emperor of Heaven worried about being entangled in karma and backlash?

At this moment , the human emperors saw that the Heavenly Dao was going to send Heavenly Dao merits, and they were giving Heavenly Dao merits to the Heavenly Emperor Su Chen.

This made the Human Emperors even more panicked.

The Heavenly Emperor wanted to crusade against the human race, but even the Heavenly Dao agreed?

Could it be that this time the Human Race Did you anger Heaven by resisting Heaven with strength?

"How is this good?"

"Heaven has sent merit to Emperor Su Chen. This is not a good thing for us. There will also be cracks in the human army."

"Yes, even Heaven agrees with Heaven's crusade. Can we still win?"

"We have to fight even if we can't win. The Emperor of Heaven has issued a killing order. Even if we surrender, we may not be able to escape death. We might as well have a vigorous battle with the heavenly army."

"Yes, even if you die, we also need to provide some support."

Human Emperor Fuxi shook his head after listening to the conversation of these Human Emperors.

He did not think that Heavenly Dao agreed with the Emperor's desire to destroy the human race.

No matter how much the human race was said to be the protagonists of heaven and earth in the prehistoric fairyland, how could Heavenly Dao destroy the human race?

Fuxi felt that , the reason why Heavenly Dao has sent Heavenly Dao merits this time is probably because Su Chen was rewarded for unifying the Great Desolate Immortal World.

In addition to a few saint sects, there were only some small miscellaneous fish left who did not surrender to Su Chen.

However, these have already been explained. Su Chen controlled the entire prehistoric immortal world, and heaven would naturally reward the emperor of the prehistoric immortal world with merit.

Fuxi told several human emperors his speculations. When the other human emperors heard Fuxi's account, they all also Relaxed.

As long as the human race is not abandoned by Heaven, the Human Emperors have nothing to fear. Their human race has the support of the Saint Sect, and the Heavenly Emperor Su Chen can do nothing to the human race. Above the nine heavens, more than 400 acres of heavenly merit have been After the gathering was completed, a golden light instantly enveloped Su Chen from the sky, and the purple energy of heavenly virtue descended.

Swish swish swish.....

Su Chen divided the heavenly merits into countless parts with a wave of his hand, and Su Chen, who had the largest share, gave it to the ruthless emperor.

The Queen Mother and the Queen Mother did not give it to them this time. After all, the heavenly merits this time were not much.

Among the dozens of other copies, the Heavenly Soldiers and Generals of Heaven will get a share. The Dragon Clan, Phoenix Clan, Blood Sea, Monster Clan, Witch Clan, West Kunlun, etc., these races and forces have all received a share of heavenly merit.

This time, all the forces and races in the ancient world came to help him.

Su Chen had to repay this kindness. Although there were not many merits from heaven, this could be regarded as some reward for Su Chen.

"Thank you, God!"

"Thank you, God!"

"Thank you, God!"

The various forces and races in the ancient world did not expect that Su Chen would distribute the heavenly merits to them.

The Heavenly Emperor Su Chen did not leave any of them.

This was hundreds of acres of heavenly merits. Su Chen did not hesitate at all. It was distributed to them.

This made all the forces and races in the prehistoric immortal world very grateful. I am afraid that these races and forces will never be able to obtain the merits of heaven in their lifetime.

"Dang Dang Dang....."

At this time, a burst of bells suddenly appeared in the chaos.

All the immortals in the prehistoric world were shocked by the sound of the bells. After the nine bells in the chaos, a golden light flew quickly towards the prehistoric immortal world.

"It's the Donghuang Bell, the most precious treasure of the Demon Emperor Donghuang Taiyi."

Bai Ze of the Demon Clan was very excited when he heard the bell.

He did not expect that tens of millions later, the Demon Emperor Donghuang Taiyi's most precious treasure, the Donghuang Bell, would reappear.

"Fellow Taoists, the Chaos Bell has reappeared in the world. Whoever grabs it this time will be the winner. The Chaos Bell cannot return to the ancient fairyland. Otherwise, saints like us will not get the innate treasure of the Chaos Bell."

Chapter 1837

Above the Nine Heavens, the six saints' eyes lit up when they heard the bells in the chaos. The Chaos Bell, the innate treasure, is the same as the Tai Chi Diagram, the innate treasure of Lao Tzu, and the Pangu Banner, the original innate treasure. The three great innate treasures in the ancient world. The Chaos Bell, the Tai Chi Diagram, and the Pangu Banner are the only three innate treasures in the prehistoric fairyland. After the death of Demon Emperor Donghuang Taiyi, he disappeared in the chaos. Now that the Chaos Bell has appeared in this world, these saints are all interested in the innate treasure Chaos. Zhong is determined to win. The original Tianzun looked at the other saints and said expressionlessly,

"Fellow Taoists, the Chaos Bell has reappeared in the world. Whoever grabs it this time will be the winner. The Chaos Bell cannot return to the prehistoric fairyland. Otherwise, we saints will not be able to obtain the innate treasure, the Chaos Bell."

"Can!"

Tongtian nodded when he heard the words of Yuan Tianzun.

He was also determined to get the Chaos Bell and Pangu

Sanqing. I got the innate treasure Tai Chi Diagram. Yuan got the innate treasure Pangu Banner. Tongtian only got the Four Swords of Zhuxian. The Four

Swords of Zhuxian. After becoming a god, he was robbed by the Human Cult and the Chan Cult.

Tongtian looked at Chaos and held his hand tightly. He wanted to get the innate treasure Chaos Bell no matter what this time.

"We have no objection." Buddhist Saint Zhunti and Saint Jieyin also nodded in agreement.

"Can!"

I replied with an indifferent look.

Nuwa smiled and refused, "Haha....., I will not participate, you can go and fight for it."

Empress Nuwa felt that the appearance of the innate treasure Chaos Bell was very unusual, which reminded her of Su Chen.

Su Chen had just announced the prehistoric period and got the merits of heaven. Empress Nuwa doubted the appearance of the innate treasure Chaos Bell.

This may also be because of Su Chen. morning

"Then let's each show our abilities!"

Yuan Yuan looked at Nuwa Empress and didn't care. She is at the bottom of the list of saints. This Nuwa Empress is quite self-aware.

"good!"

Boom boom boom.....

When these saints were about to intercept the innate treasure Chaos Bell,

Heavenly Dao suddenly became angry. Before the five saints of the original Tianzun could intercept the innate treasure Chaos Bell, they were imprisoned by Heavenly Dao one after another.

Empress Nuwa looked at the five imprisoned saints and smiled.

It seemed that her guess just now was good.

The innate treasure Chaos Bell might have come for Su Chen, or it might even be a special reward from Heaven to that little scumbag.

In the prehistoric fairy world,

Su Chen was very surprised when he heard the sound of the bell.

How could the sound of the bell come from the chaos?

Could it be that the spiritual treasure appeared in the chaos?

Bells?

Damn it!

Isn't this the Chaos Clock?

Su Chen suddenly thought of Donghuang Taiyi's Chaos Bell, a spiritual treasure.

In the prehistoric fairy world, the only powerful spiritual treasure like a bell was Donghuang Taiyi's innate treasure, the Chaos Bell.

Could it be that the Chaos Bell has reappeared?

Su Chen shook his head and sighed, "Oh, it's a pity. The Chaos Bell has appeared, and the saints in Chaos probably won't give up the chance to fight for it." After hearing

Su Chen's words, Queen Mother Xi asked doubtfully,

"Chaos clock? Su Chen, are you talking about the Donghuang Taiyi's innate treasure, the Donghuang Bell?"

Su Chen nodded and said,

"Yes, Donghuang Taiyi's most precious treasure, the Donghuang Bell, is the Chaos Bell."

"Those saints probably won't miss this opportunity"

"Yes, no matter what, after all the troops have absorbed the merits, they will launch a war against the Human Emperor of Huoyundong."

"Well, we get it!"

The Queen Mother and the Queen Mother of the West also understand that the Chaos Bell is in this world, and the saints in the chaos will fight for it. They have no ability to snatch the Chaos Bell from the saints. The heavenly soldiers and generals in the prehistoric fairyland and the people of various forces and races The army is still absorbing the merits of heaven.

Although the merits of heaven this time are not much on average, they still have a good effect on these low-level immortals. If they are lucky, they can even smoothly improve their cultivation level.

After more than an hour, all the troops After absorbing the merits of heaven, when Su Chen saw this, he waved his hand and ordered,

"The combined armies in the prehistoric fairy world began to attack Huoyun Cave. None of the human monks and immortal troops in Huoyun Cave were left behind.....I'll do it! Who dares to hit me!"

Before Su Chen finished issuing the order, a golden light suddenly hit Su Chen's body.

The Queen Mother and the Wudang Virgins had no time to stop it. This golden light was too fast. After they discovered this golden light, the golden light had already instantly hit Su Chen's body.

People in the entire prehistoric immortal world looked at Su Chen in bewilderment.

How many times has this happened?

After the Heavenly Emperor Su Chen informed the entire prehistoric immortal world, the heavenly merits came down unexpectedly. This time the Heavenly Emperor Su Chen was hit by a golden light.

The immortals in the prehistoric fairy world were also speechless towards Su Chen.

Aren't they the humans who ordered to extinguish the Fire Cloud Cave? Why are sudden things happening one after another?

"Let me go, is this the Chaos Clock?"

Su Chen took out the thing that hit him from his body.

He was very surprised when he looked at it.

Could this little golden bell be the treasured Chaos Bell?

The Queen Mother of the West was shocked when she saw the little yellow bell in Su Chen's hand. said,

"This is? Su Chen, this is Donghuang Taiyi's Donghuang Bell, which is also the Chaos Bell you mentioned."

"Unexpectedly, the saints did not snatch the Chaos Bell, and the Chaos Bell actually recognized you as its master. Otherwise, you would have been knocked to pieces by the Chaos Bell just now."

The Queen Mother and the other ladies also looked at the small clock in Su Chen's hand. They didn't expect that the Chaos Bell would actually claim Su Chen's ownership.

This bastard's luck is really good.

He has an innate treasure!

There are only three of them in the entire prehistoric fairy world. ,

Su Chen, a little scumbag, actually got one of them. You know that the other two innate treasures are in the hands of the saint. Su Chen's luck is really good.

"It is indeed the Chaos Clock."

Su Chen was very happy when he heard Queen Mother Xi's words.

He did not expect that the Chaos Bell would recognize him as its master, but Su Chen's strength was too low.

It was impossible for him to refine the restraints of the Chaos Bell now. Innate

Supreme Treasure East There are forty-nine restrictions. Can his Golden Immortal strength be able to refine one or two?

Dang Dang Dang Dang!

I guess!

After Su Chen rang the Chaos Clock three times, more than 70% of their mana was wasted. Innate Even if he wants to use the treasure, I'm afraid he won't be able to use it now.

"The whole army attacks!"

Boom boom boom...

After Su Chen gave orders to all the armies, the sky in the entire prehistoric fairyland changed color, clouds rolled in the sky, thunder rolled, and armies of various forces and races flew toward the Fire Cloud Cave in clouds and fog.

"Girl, you use this Chaos Clock first. Brother, I am not strong enough to activate the Chaos Clock. You have to be more careful when the war starts."

"Thank you, brother."

Chapter 1838

Su Chen was also dispatched to guard the three thousand female fairies from Yaochi Pantaoyuan.

Su Chen stood on the body of Daluo Jinxian Jiuyouque. Next to him stood the ruthless empress. The other women led their respective armies and legions towards the fire. Cloud Cave Attack.

Su Chen also handed over the Chaos Bell to the Ruthless Empress.

He couldn't have the Chaos Bell now.

Su Chen might as well let the Ruthless Empress use it to fight first. The Ruthless Empress was as powerful as the Five Emperors of Daluo Jinxian, and compared with the Three Emperors. Even worse, Su Chen was also worried that something might happen to the ruthless empress on the battlefield.

The Ruthless Empress smiled and accepted the Chaos Bell handed to her by Su Chen.

She and Su Chen were brother and sister.

The Ruthless Empress was not polite and could accept the treasures given by Su Chen.

This reminded the Ruthless Empress of Su Chen when she was a child. Her brother protects her sister.

The ruthless empress has not enjoyed such protection for many, many years.

At this moment, the armies of various forces and races are attacking the Fire Cloud Cave in the clouds and fog.

However, all the immortals from these forces and races were very confused.

They couldn't understand how the Chaos Bell could crash into the Emperor of Heaven and even acknowledge the Emperor as its master.

The Heavenly Emperor Su Chen announced to the ancient immortal world that the Heavenly Emperor not only received the heavenly merits, but also obtained an innate treasure, the Chaos Bell. Immortals like them were speechless to the Heavenly Emperor who was loyal to them.

Emperor Su Chen is probably the illegitimate son of Heavenly Dao

"The Emperor of Heaven has a decree that human rebels will be killed without mercy! Rakshasa army attacks"

"kill!"

"The Emperor of Heaven has a decree. Human rebels will be killed without mercy. Dragon armies from all over the world attack."

"kill!"

"The Emperor of Heaven has a decree to kill human rebels without mercy, and the Netherworld ghost army attacks"

"kill!"

Around the Fire Cloud Cave, armies of various forces and races attacked from all directions, after meeting Heren's monks and immortal armies.

The war began.

The sky was full of spiritual weapons and treasures, various Taoist arts, thunder, and flames, roaring in the air. All armies from the prehistoric fairyland were attacking the human army one after another.

"Protect the Fire Cloud Cave, protect all the emperors, and kill the monks and immortals of the human race for me?"

"Protect the Fire Cloud Cave, protect the Human Emperor, kill!"

"Protect the Fire Cloud Cave, protect the Human Emperor, kill!"

"Protect the Fire Cloud Cave, protect the Human Emperor, kill!"

The human army also began to fight back, but the human monks and immortal armies were too weak. Facing the various armies rushing from the sky, the human army was killed and suffered heavy casualties in an instant.

Wu Xingtian saw the right wing The demon clan charged and killed faster than the witch clan.

With an ugly look on his face, he raised the Sky Punishing Ax and shouted,

"Sons of the Wu Clan, follow me to attack the army of the Killing Clan. Our Wu Clan cannot be compared with those bastards of the Monster Clan. We cannot throw away the

glory of the Wu Clan and let the immortals in the prehistoric fairy world see our Wu Clan again. powerful"

"witch!"

"witch!"

"witch!"

After the witch soldiers of the witch clan heard Xing Tian's cry, the witch clans rushed toward the human army one by one like ferocious beasts. The human immortal army could not stop the witch clan's charge at all. The witch clans pressed forward like tanks. The Human Race, the Human Race's army was either killed by the Wu Clan, or was killed by the Wu Clan.

Bai Ze's face changed when he heard Xing Tian's shouts.

Although the Wu Clan and the Monster Clan will not fight again, the hatred in the past has It's not that easy to resolve.

If the Witch Clan wants to compete with the Monster Clan on the battlefield, let's have a showdown.

Bai Ze shouted to the Monster Clan's army in the air,

"The army of monsters obeyed the order. Not only did the Heavenly Emperor Su Chen have the Demon Emperor's order from Demon Emperor Jun, but even the Demon Emperor Donghuang Taiyi's Donghuang Bell recognized the Heavenly Emperor Su Chen. This is how our two demon emperors recognized the Heavenly Emperor. Su Chen"

"today's war"

"We cannot be compared with those barbarians of the Witch Clan. We cannot throw away the glory of the Demon Clan. The army of the Demon Clan will let the prehistoric fairyland see the glory of our Demon Clan again."

"Demon!"

"Demon!"

"Demon!"

With the fierce attacks of the Witch Clan and the Monster Clan, other races and forces were stunned.

The Witch Clan army and the Monster Clan army were like two sharp arrows, leaving a patch of mutilated human corpses wherever they passed. , the two armies of lich gradually pushed the other armies further and further away.

"Madmen, both the Witch Clan and the Demon Clan are madmen. Is this a war? This is simply killing the enemy in a competition"

"They all rushed to kill me. I didn't expect that the Witch Clan and the Demon Clan would push us further and further away."

"The armies of the Earthly Immortal Mansion are speeding up their charge. Although we are no match for the Lich and Demon Clan, we cannot disappoint His Majesty the Emperor of Heaven. His Majesty the Emperor of Heaven is paying close attention to the war. The armies of the Earthly Immortal Mansion are speeding up their charge."

"Charge, charge, charge, our Blood Sea Rakshasa Clan cannot be defeated by the Lich Clan. Rakshasa Clan, please speed up our attack."

"The Witch Clan and the Monster Clan were truly the overlords of the once prehistoric fairyland."

"The Witch Clan and Monster Clan are ridiculously powerful."

After seeing the performance of the Lich and Lich clans, various forces and races in the prehistoric era also urged their respective races and forces to speed up their attacks.

Although these races and forces are not as powerful as the Lich and Demon clans, they cannot be defeated by the Lich or the Lich clan. The human race was thrown too far away.

In Huoyun Cave, the Human Emperors in the air looked at the attack of the Great Desolate Union Army, and their faces were very ugly. The human army's defense line was like paper, and was quickly broken through by the Union Army. , the war only started for less than an hour, but the casualties of the human race were almost 10 million. This was not a battle at all, this was simply a naked massacre.

"Let's move out too, otherwise our human army will be wiped out in a moment."

"Yes, we can't just watch the human army being slaughtered."

"Brother, let's start, we can't wait any longer"

"Let's kill them, otherwise the future of the human race will be slaughtered to the last possible extent."

Human Emperor Fuxi waved his hand and said with a serious face,

"We are not allowed to move out. Haven't you noticed that behind the heavenly soldiers and heavenly generals, there are eight powerful powers paying attention to us?"

"As long as we go out, those eight powerful female powers will intercept us, eight powerful quasi-sages, and we only have three quasi-sages here. Now we can only wait for the saint sect to come to rescue."

When the other human emperors heard Fuxi's words, they all looked at the battlefield on the side of the heavenly soldiers and generals.

When these human emperors saw the Queen Mother, Our Lady of Wudang, Our Lady of Golden Spirit, Fairy Yunxiao, Queen Mother of the West, Immortal Chang'e, and Great Witch Nine Phoenixes, Guanyin Bodhisattva.

The eight powerful quasi-sage powers are all paying attention to them. The human emperors here have become silent. The eight powerful quasi-sage powers, these eight human emperors are no match at all.

Above the clouds,

Su Chen Under the protection of three thousand Yaochi fairies, he also arrived.

He looked at the battlefield and nodded, "The Witch Clan and the Demon Clan were indeed the overlords of the ancient fairy world. It is a pity that such powerful races can kill each other."

"Brother, there is no room for two tigers in one mountain. It was impossible for the Witch Clan and the Demon Clan to live in peace back then."

Chapter 1839

Su Chen nodded when he heard the words of the ruthless empress.

He knew that these two powerful races in the Lich Period had to fight.

In order to compete for the fate of the ancient times and for the chance of becoming a saint, the Witch Clan and the Monster Clan just didn't want to. It's probably impossible for a war to break out. Besides, it's impossible for the saints in the ancient world to let the witch clan and the demon clan coexist peacefully. This is not in the interests of the saints.

On the battlefield, the human army began to retreat, and the human monks and immortals were also frightened.

This war against heaven by the human race was not a war at all.

The combined army of the prehistoric immortal world was too powerful, and the human race faced such a powerful force. The army simply could not resist.

The human monks and immortals were either massacred or massacred, and the human army could no longer see any hope of victory.

As the war continues, the human army has been surrounded near Huoyun Cave. The more than 50 million human army now has less than 20 million left. It will be sooner or later that the human army in Huoyun Cave will be destroyed. things

"Brother, why hasn't the Saint Sect come yet? If we don't come, our human race will really be doomed."

"Thirty million! These ruthless combined armies slaughtered 30 million monks and immortals from our human race."

"If the Saint doesn't come to save our race, our race will really be doomed today."

"No, our masters have promised us to rescue the human race, and the masters will not lie."

"More than half of our human army has been killed or injured, why haven't those masters shown up yet?"

"It should be coming soon. Our human race is the protagonist of heaven and earth in the prehistoric fairyland. The saints will definitely not let the Emperor of Heaven destroy our human race."

The Human Emperors above the Fire Cloud Cave all looked very ugly, especially when they saw the slaughtered Humans, they all wanted to rush over and fight with the Human army.

But they couldn't, and they didn't dare,

Eight powerful quasi-sages are paying attention to them. As long as they, the Human Emperor, dare to take action, what awaits them will be annihilated.

Boom boom boom.....

At this time, the ancient immortal world suddenly shook.

Three powerful people suddenly appeared above the battlefield. After the arrival of these three people, they directly ordered all the immortals on the battlefield,

"According to the Holy Order of Saint Taiqing, this war is over. The prehistoric fairy world does not allow the slaughter of too many living beings."

"Holy Order of Saint Yuqing, this war is over, and the prehistoric fairy world does not allow the slaughter of too many creatures."

"The two saints in the west have decreed that this war will end here, and the prehistoric fairyland will not allow the slaughter of too many creatures."

On the battlefield, the fighting immediately stopped.

The human race and the prehistoric allied forces on the battlefield were stunned.

After a while, the monks and immortals of the Human Emperor cheered.

The human race was saved this time, with the saints of the saints. Order, the Heavenly Court does not dare to exterminate the human race anymore.

The combined armies of the Great Desolate Immortal Realm are at a loss.

The Holy Order of the Saint?

No one in the Great Desolate Immortal Realm dares to violate this, not to mention that this time it is the Holy Order of four saints.

The Prehistoric Immortal World The creatures in the fairy world are even more afraid to disobey, but without the order of the Emperor of Heaven, their combined armies cannot just retreat. After all, these combined armies are all armies that surrender to the Emperor of Heaven.

Over the Fire Cloud Cave, the eight human emperors heard people Master Xuandu who teaches, Guangchengzi who explains the teaching, and Buddha of Buddhism. After these

After the nine ringing of the Chaos Bell, three thousand Yaochi fairies escorted Su Chen and appeared above the battlefield.

"See the Emperor of Heaven!"

"See the Emperor of Heaven!"

"See the Emperor of Heaven!"

When the Honghuang United Army on the battlefield saw Su Chen's appearance, they immediately saluted Su Chen and said,

"Flat body!"

Su Chen stood on Jiuyouque's body, waved his hands and said,

"I have met the Emperor of Heaven in Xuandu, the Human Sect!"

"Chan taught Guangchengzi and met the Emperor of Heaven!"

"The Buddhist Buddha has met the Emperor of Heaven!"

In the air,

Great Master Xuandu, Guangchengzi, and Buddha Duobao saw Su Chen arriving. They also bowed and saluted Su Chen.

Su Chen said expressionlessly to the three Xuandu people,

"Human teachings, explanatory teachings, and Buddhism, do you also want to resist heaven with your strength?"

Xuandu looked at Su Chen and said coldly, "Why did the Emperor of Heaven say this? We are just here to stop the war under the orders of the saint. The prehistoric immortal world cannot slaughter too many creatures. This is against the harmony of heaven and earth."

"Yes, Emperor of Heaven, killing too many creatures is against the harmony of Heaven. You have also taught the human race a lesson. You can retreat now."

"Amitabha, the Emperor of Heaven, and the human race are the protagonists of heaven and earth in the prehistoric fairyland. I hope that the Emperor of Heaven will stop killing them."

Guangchengzi and Buddha Duobao also said disdainfully to Su Chen.

They are all disciples of the saint. Although Su Chen is the emperor of heaven, what does it matter? Would the saint be afraid of an emperor of heaven? And this emperor of heaven is still a scumbag. slag

"Ha ha....."

Su Chen burst out laughing when he heard the words of the three men from Xuandu.

Su Chen understood how helpless Haotian was when he became the Emperor of Heaven.

These disciples of the saint all had their nostrils turned upward, acting like the Heavenly Boss was superior to them.

Haotian is afraid of the saint and dare not offend the saint's disciples, but will he be afraid?

What about disciples of saints?

Anyone who dares to offend him will still be killed without mercy.

When Su Chen laughed, the Queen Mother, Our Lady of Wudang, Our Lady of Golden Spirit, Fairy Yunxiao, Queen Mother of the West, Guanyin Bodhisattva, Fairy Chang'e, and the Great Witch Nine Phoenix appeared behind Su Chen one after another.

Then,

Zhen Yuanzi, Ancestor Minghe, Dragon Clan Ancestor Zhulong, Feng Clan Tianfeng, four quasi-sages from the Monster Clan, three quasi-sages from the Witch Clan, and the Great Emperor Fengdu of the Six Paths of Reincarnation.

These quasi-sage powerful men also appeared behind Su Chen one by one.

"Hahaha, my Emperor Haotian is back!"

Chapter 1840

Xuandu, Guangchengzi, and Buddha Duobao saw more than twenty powerful quasi-sages behind Su Chen.

Their expressions changed.

They did not expect that Su Chen would have the support of more than twenty quasi-sages, especially the Emperor Su Chen who laughed disdainfully.

This was a slap on both sides of them, and even on their respective sects. face

"Hahaha, my Emperor Haotian is back!"

At this time, a sound of laughter was heard from Honghuang Waiwai, and then a figure quickly appeared above the battlefield. When all the creatures on the battlefield saw Haotian coming, they all looked at the arrogant big man with idiotic expressions. Haotian laughed.

Haotian looked at Su Chen and mocked,

"Su Chen, I came to take over the Heavenly Court on the order of Daozu. If you have the sense, please give up the Heavenly Court to me."

"idiot!"

Su Chen's eyes lit up when he saw Haotian's arrival.

The list of gods and the divine whip are still in Haotian's hands. He must not let Haotian leave this time.

As for Dao Ancestor's order,

Su Chen doesn't care. He is an old yin. Come on,

Su Chen has to wait for the saints and Taoist ancestors to appear this time.

Otherwise, he may not be able to help Nuwa.

Suddenly , a ray of light appeared over the battlefield, and a boy's voice rang out from the white light.

"The disciples of Jiejiao obeyed the orders of the saints of the Qing Dynasty. The disciples of Jiejiao immediately left the heaven and were no longer allowed to obey the orders of Emperor Su Chen. Those who disobeyed the order were expelled from Jiejiao."

When the disciples of Jiejiao heard the holy order from Master Tongtian, all the disciples here looked very ugly.

They did not expect that Master Tongtian would issue such an order. This made the disciples who served as Jiejiao in Heaven a little bit. They were at a loss.

The Jiejiao disciples in the Heavenly Camp all looked at the three daughters of the Jinling Holy Mother. The Jiejiao disciples were now in charge of the Jinling Holy Mother. They could only wait and see what decision the Jinling Holy Mother would make.

Master Xuandu,

Guangchengzi,

Buddha Duobao, and even Haotian and the Human Emperors all looked at Su Chen with a look of gloating.

Didn't Su Chen have many quasi-sages?

After a while, these quasi-sages would be killed one after another Encourage them to leave and scare them away.

Our Lady of Golden Spirit, Our Lady of Wudang, and Fairy Yunxiao, all of them looked pale and at a loss what to do.

They did not expect that Master Tongtian would make such a decision.

One was their master, Master Tongtian, and the other was someone they hated. Su Chen, who I love again, and the three girls of Golden Spirit Holy Mother were also hard to decide for a while.

"well! Just leave, I won't blame you."

Su Chen shook his head and said to the three daughters of the Holy Mother of the Golden Spirit,

Master Tongtian still made the wrong choice,

Jiejiao?

There will be no more of the Jiejiao in the prehistoric fairy world in the future.

Su Chen originally looked at the face of the three daughters of the Holy Mother of the Golden Spirit. In the future, he She would help the girls rebuild the Jie Sect, but this time

the choice of the leader of Tongtian Church completely ruined the future of the Jie Sect. The

Virgin Mother Wudang took a step forward with an ugly face, she took out the Qingping Sword, the symbol of the Jie Sect, and said angrily,

"Water and Fire Boy, this is the teacher's spiritual treasure Qingping Sword. You can bring it to the teacher. Wudang will quit Jie Jiao from now on. He will no longer be a disciple of Jie Jiao and no longer an immortal of Jie Jiao."

After Madonna Jinling and Yun Xiao heard what Madam Wudang said, they were both very surprised.

They did not expect that Madonna Wudang would rather quit teaching, and Madam Wudang would also help Su Chen.

Madonna Jinling and Yunxiao looked at each other After taking a look, they had to make a decision.

Strictly speaking, Holy Mother Jin Ling and Yun Xiao were no longer disciples of the Jie Cult. After all, they had died during the Conferred Gods period, and their spirits were still controlled by the Conferred Gods List.

They thought of the Wudang Holy Mother. They can do this for Su Chen, so why can't they?

During this period of time, they also know Su Chen very well, and it is impossible for the Golden Spirit Mother and Yun Xiao to watch Su Chen's accident.

"Jin Ling, quit Jie Jiao from now on. From now on he is no longer a Jie Jiao disciple, no longer a Jie Jiao immortal."

"Yunxiao quit Jiejiao from now on, and will no longer be a disciple of Jiejiao, nor an immortal of Jiejiao."

In the Heavenly Court camp,

Our Lady of Wudang, Our Lady of Jinling, and Fairy Yunxiao all announced their withdrawal from Jiejiao. The disciples of Jiejiao were all very surprised. The direct disciples of Lord Tongtian, Our Lady of Jinling and Wudang, withdrew from Jiejiao. It was tantamount to betraying the leader of Tongtian.

Fairy Yunxiao, who was also a disciple of the disciple, she also quit the Jiejiao.

The remaining three quasi-sages of the Jiejiao have all quit the Jiejiao. There is still hope for the Jiejiao to resume the past ten thousand immortals in the future. Scene?

"Qiong Xiao quits Jie Jiao from now on, and will no longer be a disciple of Jie Jiao or an immortal of Jie Jiao."

"Bixiao, quit Jie Jiao from now on, and will no longer be Jie Jiao's disciple or Jie Jiao immortal."

"Zhao Gongming quit the Jie Jiao from now on and will no longer be a disciple of the Jie Jiao or an immortal of the Jie Jiao."

"Shiji, quit the Jie Jiao from now on, and will no longer be a disciple of the Jie Jiao, nor an immortal of the Jie Jiao."

"Wen Zhong, quit Jie Jiao from now on, and will no longer be a disciple of Jie Jiao, nor an immortal of Jie Jiao.".....

Subsequently, each of the disciples of Jiejiao announced their withdrawal from Jiejiao.

These disciples of Jiejiao in heaven were all disappointed with the leader of Tongtian.

Jiejiao originally existed in name only.

The relationship between the three daughters of the Golden Spirit Virgin and the Emperor Su Chen was obvious to all. In the future, Jiejiao If the sect wants to re-establish the sect, it will definitely require the help of the Heavenly Emperor Su Chen.

But at this time, the Tongtian Cult Leader actually asked Jie Jiao's disciples to betray the Heavenly Emperor Su Chen. Doesn't this mean that the Jie Jiao will destroy themselves?

Boom boom boom.....

At this time, there was a roar and a click in the nine heavens, and the last bit of Jiejiao's luck also dissipated.

Jiejiao was completely extinct. puff!

Above the nine heavens, the Tongtian Cult Master suddenly spurted out a mouthful of blood, and the saint bled. After the Tongtian Cult Master's fate of intercepting the Cult completely dissipated, he was also bitten by the prehistoric fate.

The other saints looked at Master Tongtian and shook their heads.

Master Tongtian had completely destroyed the religion, and all his disciples had betrayed him.

Lord Tongtian has completely become a polished commander

"Rebels, traitors, are all rebels." Tongtian Cult Leader shouted with a terrifying aura all over his body, boom boom boom.....

Just when Master Tongtian took action to kill Jin Lingsheng's men, a warning from Heaven came.

If Master Tongtian dared to take action, Heaven would expel Master Master Tongtian or even imprison Master Master Tongtian.

"Tongtian, stop immediately if you don't want to be imprisoned."

When I saw Tiandao's warning to Master Tongtian, he immediately reminded Tongtian loudly.

Master Tongtian looked angrily at the disciples in the Great Desolate Immortal Realm.

He was also very helpless.

Tiandao prevented the saint from entering the Great Desolate Immortal Realm, and he couldn't even do it. Attack the creatures in the prehistoric fairy world.

No matter how angry he is, the leader of Tongtian Cult is helpless against the disciples who judge the sect.

"Wudang, this is the Zhuxian Sword. If you don't have the Qingping Sword, the Zhuxian Sword will be your spiritual treasure from now on.
