

## **Zongwu 1841**

### Chapter 1841

Su Chen did not expect that the Wudang Holy Mother and the other girls, and even the disciples of the Jie Cult in Heaven, had quit the Jie Cult.

This made Su Chen very surprised.

However,

Su Chen calmed down and thought about it. Didn't he think it was strange?

The three women, Wudang Madonna, Golden Spirit Madonna, and Yunxiao Fairy, all had a very good relationship with him.

It was impossible for them to betray themselves and leave at this time.

Although Lord Tongtian is their master, Lord Tongtian has always lived in Chaos, so Jiejiao is completely dead.

Lord Tongtian's life will not be in danger.

Su Chen was incomparable to the leader of Tongtian.

If these girls left Su Chen,

Su Chen would be in danger of falling.

The Wudang Virgins chose to quit teaching, and Su Chen guessed that the Wudang Virgins thought the same way.

As for the other disciples of Jie Jiao, this is easier to explain.

The disciples of Jiejiao in Heaven all died once for

Jiejiao and Lord Tongtian. They are all gods in heaven in name. They are all gods with divine status in heaven. They are no longer disciples of Jie Jiao. Among the entire Jiejiao disciples, only one person, Wudang Holy Mother, was left. However, this time, the Wudang Virgin returned the leader Qingping Sword and quit the Jiejiao. The Jiejiao was completely dead. What's the point of them not quitting the Jiejiao?

"Wudang, this is the Zhuxian Sword. If you don't have the Qingping Sword, the Zhuxian Sword will be your spiritual treasure from now on."

Su Chen took out the Zhuxian Sword from the system space and handed it to Our Lady of Wudang.

Our Lady of Wudang is also a poor powerful person. She has no good spiritual treasures except Qingping Sword.

Su Chen is also worried about Wudang. When the Holy Mother suffered a loss on the spiritual treasure during the battle, he couldn't use the Zhuxian Sword for a while. It was better to let the Wudang Holy Mother use it to fight first.

"good!"

Our Lady of Wudang smiled and took the Immortal Killing Sword.

Our Lady of Wudang was not polite to Su Chen.

She betrayed her master for this bastard today. From now on, Su Chen will be everything to her.

On the battlefield, all the immortal armies and powerful They all looked at the immortals of Jie Jiao. Today, all the immortals of Jie Jiao have withdrawn from Jie Jiao.

For the sake of the Emperor, all the disciples of Jie Jiao betrayed the leader of Tongtian, which made all the immortals here admire them very much.

Xuan Xuan Grand Master Du,

Guangchengzi,

Buddha Duobao,

Haotian, and the Eight Great Human Emperors were all very confused when they looked at the disciples of Jiejiao.

The disciples of Jiejiao all betrayed the leader Tongtian and quit Jiejiao.

Emperor Su Chen What kind of personality charm is there? Why do all the immortals of Jiejiao do this?

Among the four great saint sects in the prehistoric times,

Jiejiao is really extinct this time.

"People's religion, explanatory religion, Buddhism, do you want to be exterminated?" Su Chen looked at the Xuandu people and threatened.

Su Chen wanted to force the Saint Sect to fall out with him.

This was not only to help Empress Nuwa obtain the human race's most precious Kongtong Seal, Su Chen was also doing it for a better future. Control the prehistoric fairyland.

The Sage Sect is like a thorn that makes Su Chen very uncomfortable. Su Chen will not tolerate the Sage Sect like Haotian.

This time the human race resists the sky with force, and

Su Chen will clear out all the enemies in the prehistoric fairyland. The unfavorable factors for his rule were that the Saint Sect would collide sooner or later.

Su Chen decided to solve the unfavorable factors in the prehistoric fairy world at once this time. When

Master Xuandu heard what Su Chen said, he asked with an ugly face,

"Emperor of Heaven, do you dare to destroy the Saint Sect?"

Master Xuandu did not expect that Su Chen would dare to take action against the Saint Sect.

Is the Emperor Su Chen crazy?

Saints are the most powerful beings in the prehistoric fairy world. Since the Saint established the religion and became a saint, no one has ever dared to attack the Saint. The sect took action. This Heavenly Emperor Su Chen was simply audacious.

Guangchengzi and Buddha Duobao both looked at Su Chen as if they were a fool.

Heavenly Emperor Su Chen actually wanted to destroy the Holy Sect?

They felt that the Heavenly Emperor was either stupid or crazy.

Saint No one can be offended. Even if Su Chen is the emperor of heaven, if he offends the saint of heaven, the saint will destroy him as the emperor if he says that if Su Chen is destroyed,

Su Chen shouted loudly,

"This emperor is the Emperor of Heaven in the prehistoric immortal world and is the supreme existence. Why can't I destroy the Sage Sect? Who in the prehistoric immortal world dares to stop me from destroying your saint sect?"

Master Xuanduou pointed at Su Chen and shouted angrily, "You are crazy. If you dare to do this, the saint will never let you go in the future."

"Hey, do saints dare to enter the ancient immortal world? Without the permission of Heaven, if a saint dares to enter the primitive world, he will be locked up in a small dark room by Heaven."

Guang Chengzi looked at Su Chen and said coldly,

"Just because a saint cannot come to the prehistoric world for a while does not mean that a saint cannot come to the prehistoric fairyland in his lifetime. Emperor of Heaven, I advise you to consider clearing it out and not do something irreversible."

"Guangchengzi, Tiandao has told me that saints should never enter the ancient world. Tiandao and I are brothers....., let me join in! Tiandao, what are you doing? I didn't say anything bad about you."

Su Chen was talking to Guang Chengzi, when suddenly there was a roar above the nine heavens, and a huge eye appeared above the nine heavens. The huge, cold and ruthless eyes shot out a ray of light and enveloped Su Chen.

Su Chen's heart beat with fear. Speeding up.

The Queen Mother and the other girls looked at Su Chen with livid faces.

They didn't expect that Su Chen was seeking death again.

Although Su Chen didn't speak clearly just now, they all felt that Su Chen might have offended heaven.

Others The wizards, demons, even dragons, phoenixes and other powerful people all looked at Su Chen in confusion.

What is going on?

Heaven is angry?

It doesn't seem like it.

Heaven is going to send merit again?

This doesn't seem like it either.

But heaven is so angry How did the Eye of Heaven appear for the first time? It even shrouded the Emperor of Heaven.

They all saw it in a daze. The battlefield was quiet, and no one of the tens of millions of troops dared to make a sound. These troops all looked towards Emperor Su Chen wanted to know what happened.

Master Xuandu, Guangchengzi, Buddha Duobao, and even Haotian and the Human Emperors all looked confused. They had all seen the Eye of Heaven, but What's going on now?

Why did the Eye of Heaven drop a beam of light to cover Su Chen?

Half an hour later, the beam of light shot by the Eye of Heaven disappeared.

Su Chen looked around with a complex expression.

This time, the message that Heaven showed him The amount was a bit large, and even Su Chen couldn't accept it for a while.

Su Chen didn't have time to spend here.

"The great witches of the Wu Clan, the Great Master Xuandu is handed over to you, the demon saints of the Monster Clan, Guangchengzi is handed over to you, Ancestor Minghe, Zhen Yuanzi, Zhulong, Tianfeng, Emperor Fengdu, and Buddha Duobao are handed over to you. You guys, kill them if you can, but don't let them escape."

"Yes, Emperor of Heaven!"

## Chapter 1842

After hearing Su Chen's order, the Wu Clan, the Demon Clan, and even the powerful people like Zhen Yuanzi, all found their opponents and prepared to kill them.

With Su Chen's order, they didn't care about these people. Are you a disciple of a saint?

Master Xuandu, Guangchengzi, and Buddha Duobao, their faces were livid after hearing Su Chen's order.

The Emperor Su Chen wanted to kill them, and the Emperor Su Chen was determined to kill the three of them.

"Come on, fight out!"

Master Xuandu directly sacrificed the Xuanhuang Exquisite Pagoda of Heaven and Earth and placed it on his head. They looked at the three great quasi-sage witches of the witch clan who were besieging them. He said to Guangchengzi and Buddha Duobao,

"kill!"

Guangchengzi also immediately sacrificed the Lingbao Heaven-shaking Seal, and he was also ready to kill from the hands of the four quasi-sages of the demon clan.

"Fight out together!"

After Buddha Duobao sacrificed the Duobao Pagoda and the Zhuxian Sword Formation, he quickly retreated when facing five powerful quasi-sages.

Twelve quasi-sages surrounded Xuandu, Guangchengzi and Buddha Shengduobao, they Twelve powerful Quasi-Saints join forces, this time they must kill these three Quasi-Saints

"The Queen Mother, Chang'e, captured Haotian." Su Chen looked at Haotian and ordered the Queen Mother and Chang'e,

"good!"

"Queen Mother of the West, Wudang, Jin Ling, you go and take down the Three Emperors, Yunxiao and Jiufeng, you take down the Five Emperors"

"good!"

"The prehistoric combined army obeyed the order and destroyed the human monks and immortal armies, leaving no one behind!"

"Yes, Emperor of Heaven!"

After Su Chen gave these orders, he could only wait for the outcome of the war.

However, he still had to prepare for sudden changes.

Su Chen looked at the three Yaochi fairies behind him.

These were not the real Yaochi fairies.

Su Chen Looking at a female fairy in white behind him, he said, "Fairy Chang Xi, I'm going to trouble you later."

Chang Xi waved his hand to regain his body and said coldly, "Emperor of Heaven, you're welcome. I'll stop Taishang Laojun later."

"Thank you!"

Su Chen said to another fairy in green behind him,

"Fairy Fengling, Zhunti's good corpse will be left to you. You can't even defeat Zhunti's good corpse, right?"

Fairy Fengling is the good corpse of Empress Nuwa.

Su Chen has to guard against the good corpses of the four great saints.

Although the saints cannot come to the prehistoric fairyland, their good corpses can come to the prehistoric fairyland.

The four great saints, these are There were four powerful quasi-sage good corpses, and Su Chen had made arrangements early in the morning.

When Nuwa's good corpse heard Su Chen's words, she said angrily,

"Little bastard, Zhunti's good corpse, I will beat him up this time."

Su Chen said to the last woman in yellow, "Empress Houtu, I leave the original good corpse to you."

This is Po Meng, the Six Paths of Reincarnation, and the good corpse of Empress Ping Xin.

Su Chen felt that calling a beautiful beauty Po Meng was not nice, so he called her Hou Tu directly. Anyway, they are all Hou Tu, so Su Chen didn't Not wrong

"Can!"

After Su Chen explained this, there is still a saint's good corpse that no one can deal with. Su Chen has no one available to pick up the saint's good corpse. Guanyin Bodhisattva will be entrusted by Su Chen with the important task this time. Su Chen didn't know if Guanyin Bodhisattva could defeat the good corpse that attracted the saint, but now he could only let Guanyin Bodhisattva restrain the good corpse that led the saint.

"Avalokitesvara, you need to control the good corpse of the saint that is being received by Buddhism. However, you have to be more careful. If it doesn't work, just go back and I will make other plans. Guanyin

Bodhisattva smiled at Su Chen and said, "Don't worry, I will try my best to contain the good corpse that leads the saint.""

Su Chen nodded after hearing this.

Then Chang Xi, Empress Nuwa, Empress Houtu, and Guanyin Bodhisattva all disappeared here. Su Chen knew that they were going to stop the good corpses of the saints.

Su Chen After looking at the battlefields everywhere, I thought, as long as the quasi-sages here speed up to kill or capture the disciples of these saints, the arrival of the quasi-sages from Chanjiao and Buddhism will be of no avail, three against one, or even four against one. , five against one, Su Chen didn't believe that these veteran quasi-saints couldn't kill these disciples of saints.

I guess!

The unlucky guy, Lord Tongtian, has forgotten about him. Damn it,

Lord Tongtian is really harmful.

This is a great situation. I'm afraid it will be destroyed by him.

Su Chen rubbed his forehead.

He had forgotten about the Tongtian Cult Leader.

Su Chen originally thought that the Tongtian Cult Leader would be on his side, but that stupid bastard of the Tongtian Cult Leader, he actually She would make wrong decisions, which was a bit difficult to handle now.

The ruthless empress looked at Su Chen rubbing her forehead, and she asked Su Chen doubtfully,

"Brother, what's wrong?"

When Su Chen heard the ruthless empress' words, he smiled and said,

"Girl, you take three thousand Yaochi female fairies to destroy the human race, and let these female fairies see the blood."

Su Chen doesn't want the ruthless empress to stay with him.

If the stupid bastard Tongtian leader comes, Su Chen is worried that his daughter will be killed by Tongtian.

Now he can only send the ruthless empress away, but

Su Chen can't See the ruthless empress being killed by Tongtian Cult Leader, he died because of his love, and the ruthless empress couldn't die either.

"Good brother."

The Ruthless Empress replied hurriedly when she heard Su Chen's words.

She could no longer be taken here. If Su Chen had no one to protect her, the Ruthless Empress would have joined the battlefield.

Su Chen looked at the Ruthless Empress leading With three thousand Yaochi fairies joining the battlefield, he could only wait for the arrival of Tongtian Cult Master. At this moment,

Xuandu Archmage was beaten back by the three great witches of the witch clan: Xing Tian, Xiang Liu, and

Yu Shi. Although the mage has the acquired treasure of Saint Lao Tzu, the Xuanhuang Exquisite Pagoda of Heaven and Earth, facing three powerful witches from ancient times, Xuandu Archmage has no chance to fight back.

If Xuandu did not have the Xuanhuang Exquisite Pagoda of Heaven and Earth, he might have been defeated by the three great witches. The ancestral witch was killed.

Guangchengzi who explained the teachings is now in misery.

He is surrounded and killed by the four demon saints. Although Guangchengzi has the Heaven-turning Seal and the Central Xinghuang Banner, the Central Xinghuang Banner is only the best innate spiritual treasure and does not have Xuandu. The Archmage's Xuanhuang Exquisite Pagoda is powerful.

Guangchengzi also faced the four ancient demon saints, the Baize Demon Saint, the Qinyuan Demon Saint, the Yingzhao Demon Saint, and the Shang Yang Demon Saint. He has been able to sustain it until now. Not bad. Su Chen took great care of

Duobao Tathagata, the Buddha of Buddhism. He arranged for five powerful quasi-sages to surround Duobao, Zhen Yuanzi, Ancestor Minghe, Zhulong, Tianfeng, and Fengdu Great Emperor, these five powerful quasi-sages were arranged by Su Chen to besiege and kill Duobao Tathagata. This Duobao Tathagata is as old and sinister as Daozu Hongjun, and should be the most powerful. Duobao Tathagata was first the leader of Tongtian Cult. The first disciple, later betrayed the leader Tongtian and joined Buddhism. Duobao became the first person under the Buddhist saints. This Duobao Tathagata Su Chen never looked down upon him.

"The Human Emperor is a piece of trash, and his strength enhanced by the merits of heaven is really vulnerable."

## Chapter 1843

Su Chen saw the human emperors running around being beaten by Queen Mother Xi and the girls, and even the bodies of several human emperors who were killed by Jiu Feng were badly damaged. Those human emperors were probably either killed or captured in a short while.

Su Chen shook his head when he saw this.

The Human Emperors were all improved by the merits of heaven. Although they were all Da Luo Jinxian and Quasi Saints, their strength was too far behind that of Da Luo Jinxian and Quasi Saints who had cultivated. Big.

Haotian was beaten by the Queen Mother and Chang'e and struggled to support him. Haotian's cultivation level had dropped drastically after he lost the position of Emperor of Heaven.

When Haotian faced the attacks of the Queen Mother and Chang'e, he had no power to fight back.

If Su Chen hadn't wanted to capture Haotian alive,

Haotian would have been killed by the Queen Mother and Chang'e.

Su Chen looked at the battlefield, shook his head and said to himself,

"There is no suspense in the war anymore. Humans, don't blame me. This time you are the one who jumped out to confront me. Although I am a human, I will not tolerate you. If you dare to rebel, you will be killed without mercy."

On the battlefield, the human monks and immortals were massacred by the prehistoric coalition forces. The entire Fire Cloud Cave was surrounded by mutilated corpses, and the blood stained the entire land near the Fire Cloud Cave. The remaining two people around the Fire Cloud Cave were Of the tens of millions of troops, less than ten million have been killed so far.

It was only a matter of time before the human army was destroyed.

Suddenly,

Su Chen noticed a powerful aura coming from a distance,

"Um?"

Damn it!

That idiot Tongtian is still here.

Su Chen frowned and waited for the arrival of Lord Tongtian's good corpse.

What is supposed to come will always come,

Lord Tongtian!

Just let yourself come this time. The leader of the once largest sect!

Whoosh!

Three breaths later, a young man in Tsing Yi appeared next to Su Chen.

This young man looked unruly, as if all living beings were ants in his eyes.

"Emperor Su Chen!"

"Lord Tongtian!"

Tongtian Cult Leader Shan Zhi and Su Chen looked at each other.

One was unruly and the other was egotistical.

Su Chen and Tongtian Cult Leader each exploded with their attribute momentum.

Although they did not compete with each other with strength, they did not want to lose to each other in terms of momentum..The good corpse of Tongtian Cult Leader looked at Su Chen and said expressionlessly,

"You are very good, you are worthy of being the Emperor of Heaven"

"I think so!"

Su Chen shrugged and nodded and replied with a smile.

Master Tongtian did not expect that Su Chen was not afraid of him.

This time his good corpse came to kill the Heavenly Emperor Su Chen first, and then to destroy those traitors and rebels. The complete demise of Tongtian made Tongtian very angry.

The leader of Tongtian would not let go of the Emperor Su Chen, nor would he let go of those traitors who betrayed him.

"Hum, Emperor Su Chen, your strength is too low. If I kill you, it will be like trampling an ant to death."

"You can't kill me!"

"Hahaha, although this good corpse of mine is only a quasi-sage in the ancient immortal world, if I want to kill you, do you think you can survive?"

"Tongtian, I still say the same thing, you can't kill me."

Su Chen stood on the body of Jiuyou Que.

He was not worried at all that the Tongtian Cult Leader would dare to take action against him.

The Tongtian Cult Leader was just a brainless fool.

He was destroyed by the four great saints together, and almost all of his disciples were killed. But now he would actually help the four great saints.

Su Chen was also speechless at this fool.

Boom!

The leader of Tongtian Cult suddenly burst out with breath, and he threatened Su Chen,

"Boy, you are a little arrogant, I will kill you today"

"Tongtian, do you still dare to kill?"

Su Chen suddenly waved his hand, and a golden light of merit burst out from his body! Although Su Chen's merit has not yet condensed into a golden wheel of merit, hundreds of acres of merit have appeared, and it is also very dazzling.

"Merit? Su Chen, do you think I dare not kill you because you have merit? Killing just adds some karma, which is not important to us saints at all."

"Yeah? Then take a look again?"

Su Chen moved his hands again, and the Human Emperor's destiny was also revealed. The golden light of merit and the Human Emperor's destiny. After being revealed by Su Chen, Su Chen's whole body was bathed in the golden light like a little golden man.

Leader Tongtian was surprised when he saw Su Chen's luck as a human being and shouted,

"You killed so many human beings, why do you still have the luck of being the emperor of the human race? This is impossible?"

"Master Tongtian, do you still dare to kill me? If that's not enough, take a look at these."

Su Chen also revealed the destiny of heaven.

At this time, Su Chen was surrounded by the golden light of merit, the golden light of human emperor's destiny, and the golden light of heaven's destiny.

Su Chen was like a sacred spirit in the golden light. It reached the sky. The leader's face turned dark immediately.

He didn't care about the appearance of heavenly merits. The leader of Tongtian killed Su Chen just to make him bear some karma. The appearance of the human emperor's luck made Tongtian helpless.

If he dared to kill Su In the morning,

Tongtian will definitely be punished by heaven, but when the huge luck in heaven appears, the leader of Tongtian will be helpless against Su Chen.

Su Chen really can't kill him, the emperor Su Chen has too much luck in heaven, this I am afraid that all the luck in the prehistoric immortal world has gathered on Su Chen.

If the Tongtian leader kills Su Chen, he may fall from the holy throne.

"Tongtian, do you still dare to kill me?"

Tongtian Cult Master snorted to Su Chen with an ugly face,

"Humph, I didn't expect you to have so much luck in heaven. However, don't be complacent. I, Yuan Yuan, Zhunti, Jie Yin, their good corpses will all come. Even if they can't kill you, what do you think of these people under your command? Can the quasi-sage survive?"

"Ha ha....."

"Boy, why are you laughing?"

"I laugh at you for being stupid!" boom!

"presumptuous!"

Tongtian burst out with powerful quasi-sage strength, causing the Nine Nether Birds under Su Chen's feet to tremble continuously.

Su Chen was even shocked and spat out a few mouthfuls of blood.

Su Chen wiped his mouth and reminded Tongtian,

"Lord Tongtian, I advise you to calm down. If you suppress me to death, you will be punished by Heaven, and may even be deprived of your holy status."

"Little scumbag!"

Tongtian saw Su Chen spurting out a few mouthfuls of blood after being shocked by him, and he was very disdainful of Su Chen.

A golden immortal actually became the emperor of heaven?

This is a unique thing in the ancient immortal world, but it happened.

What kind of charm does this little scumbag have that can be recognized by all living beings in the wild?

The leader of Tongtian is also very confused.

"Master Tongtian, am I wrong to say you are stupid? Can you see the arrival of my good corpse, Taishang Laojun? Can you see Zhunti and the good corpse arriving? Have you ever seen the original good corpse arrive?"

Chapter 1844

Su Chen's face darkened when he heard the words of the Tongtian Cult Master, who is he, little scumbag?

Su Chen is also a golden immortal after all, why is he such a little scumbag?

Is it great that Lord Tongtian is a saint?

What about saints?

Wasn't Tongtian bullied by other saints?

Aren't the disciples of Tongtian killed by being killed and betrayed by betrayal?

Wasn't Tongtian's Jie Cult also exterminated?

What qualifications does Lord Tongtian have to call himself a little scumbag?

Su Chen did not argue with Master Tongtian about the little Zhazha matter. This time he wanted to hold back Master Tongtian in order to buy time for the quasi-sages on each battlefield.

"Master Tongtian, am I wrong to say you are stupid? Can you see the arrival of my good corpse, Taishang Laojun? Can you see Zhunti and the good corpse arriving? Have you ever seen the original good corpse arrive?"

Hmm?

Tongtian was stunned when he heard Su Chen's words, right!

Where are the good corpses of my saints?

He has been here for more than a quarter of an hour.

It's impossible for my saints to come later than him, right?

They The disciples are now They are all in danger, and the saints like me should come over quickly to rescue their disciples.

But why haven't any of the good corpses of my saints arrived?

Leader Tongtian immediately checked the good corpses of the four of me. Why haven't they arrived yet?

After a while,

Tongtian looked at Su Chen in surprise.

He did not expect that Empress Nuwa and Empress Pingxin would help Su Chen, as well as Chang Xi from the Taiyin Star, and even the Buddhist Guanyin stopped the Buddhist saint Shanshi.

Master Tongtian's face is now very ugly.

The good corpses of Saint Laozi, Original Saint, Saint Zhunti, and Saint Jie Yin were all intercepted by the powerful Quasi Saint.

What about him?

A little golden fairy comes to intercept?

The leader of the Tongtian cult is still helpless towards this little golden immortal. Doesn't this make all living beings in the ancient world laugh at him?

Tongtian looked at Su Chen and asked with a puzzled expression,

"Why does Nuwa Pingxin help you? And Chang Xi from Taiyin Star, why would she help you?"

Tongtian can't figure it out.

Why did Empress Nuwa, who has never done anything, help Su Chen this time?

Empress Pingxin in Six Paths of Reincarnation, when did she get involved with Su Chen?

The Chang of Taiyin Star Xi, how could she help Su Chen?

"Benefit!"

"Benefit?"

Su Chen looked at the battlefield and explained to Master Tongtian,

"Yes, I promised Nuwa to do one thing. I promised Empress Pingxin to let the Witch Clan return to the ancient fairyland. I promised Chang Xi that the Monster Clan would not be trapped in Beiju Luzhou in the future."

Tongtian Cult Leader burst out laughing when he heard Su Chen's words,

Witch Clan and Monster Clan?

This is a destabilizing factor in the prehistoric fairyland.

The Heavenly Emperor Su Chen actually lifted the ban on the Witch Clan and Monster Clan. From now on, the Celestial Emperor will suffer.

If the Witch Clan and Monster Clan develop again in the future, will the Witch Clan and Monster Clan still obey the Great Emperor of Heaven?

"Haha, Su Chen, the Witch Clan and the Monster Clan were the overlords of the ancient Immortal Realm back then. If you lift the ban on the Witch Clan and the Demon Clan, they will compete with you for dominance in the Prehistoric Immortal Realm. You are feeding a tiger into trouble."

Su Chen smiled when he heard the words of Tongtian Cult Master and said,

"Yeah? With Queen Pingxin here, would the Wu clan dare to rebel? I have the Demon King's Order and the Chaos Bell in my hand. Do the demons dare to rebel?"

"Besides, with my current power, will I care about the Witch Clan and Demon Clan rebelling in the future?"

"Lord Tongtian!"

"I have only taken over as the Emperor of Heaven for only two months. What do you think will happen to the Immortal Realm if I rule it for two years, twenty years, two hundred years, or even two thousand years?"

"Does the prehistoric immortal world still dare to deal with my race and force, which is disobedient to the Emperor of Heaven?"

"As the Emperor of Heaven, I am the supreme being in the ancient immortal world. If the saint sect dares to rebel, I will still slaughter them."

"I am the most respected person in the prehistoric immortal world. My orders are the will of heaven and the will of heaven. Anyone who dares to disobey will be destroyed!"

Tongtian Cult Leader was in a trance when he heard Su Chen's words.

Su Chen was right.

This Emperor of Heaven had only ruled the Great Wilderness for only two months.

In these short two months, the entire Great Wilderness basically surrendered to the Emperor of Heaven, Su Chen.

If After a thousand years, what about ten thousand?

The strength of Heavenly Emperor Su Chen has improved, and Heavenly Emperor Su Chen has so many quasi-sage powers in his hands.

Who dares to rebel against Heavenly Emperor Su Chen in the prehistoric immortal world?

"Emperor of Heaven!"

At this time,

Jiufeng and Yunxiao captured the Five Emperors among the Human Emperors.

After they discovered Su Chen's Tongtian, Jiufeng and Yunxiao sealed the strength of the Five Emperors, and handed the Five Emperors over to the custody of the heavenly soldiers and generals. They hurriedly He came to Su Chen's side.

Su Chen nodded to Jiufeng and Yunxiao's arrival.

"teacher!"

Fairy Yunxiao had a complex expression on her face and saluted the good corpse of the leader Tongtian.

Tongtian looked at Yunxiao and said indifferently,

"Yunxiao, you have betrayed me. I am no longer your teacher, and you no longer need to teach me."

Yunxiao looked at Tongtian and said with a smile,

"Teacher, although we Jie Jiao disciples have quit Jie Jiao and are no longer Jie Jiao immortals, we have not betrayed our teacher, nor have we severed the master-disciple relationship with our teacher. Teacher is our teacher."

"you....."

Leader Tongtian was stunned when he heard what Fairy Yunxiao said.

He did not expect Fairy Yunxiao to say this.

However, when

Leader Tongtian recalled what happened before, it seemed that this was really the case. All the disciples of Jiejiao quit Jiejiao and declared that they would no longer He was a Jie Jiao Immortal, but none of his disciples seemed to have severed the master-disciple relationship with him.

It's his fault, doesn't betraying Jie Jiao mean betraying himself?

Is leaving a master-disciple status to disgust him?

"Tongtian, although you are an idiot, your disciples are really good."

Tongtian Cult Leader heard Su Chen call him a fool again, which made him unable to bear it.

Who is he?

A saint of heaven, but Su Chen?

A little golden fairy was disrespectful to him?

He even called himself a fool one after another. Did a little golden fairy really think that he didn't dare to kill him?

Leader Tongtian glared at Su Chen and threatened, "You bastard, boy, if you dare to call me a fool again, believe it or not, I would rather lose my holy position than kill you."

Su Chen glanced at Leader Tongtian and scolded him. road,

"Master Tongtian, aren't you stupid?"

"Do you know how many things your disciples have done to restore Jiejiao to its former glory?"

"Our Lady of Wudang is running around looking for and rescuing other disciples of the Jie Cult, even risking her life to come to other small worlds to look for opportunities."

"People like Madonna Jinling and Fairy Yunxiao are controlled by the God List in Heaven, but they have not forgotten to let Jiejiao rise again. I am afraid that other Jiejiao disciples also think so."

"what about you?"

"Jie Jiao was destroyed, and you hid in Chaos in despair. Have you ever thought about your disciples?"

When Yun Xiao heard what Su Chen said, she quickly grabbed Su Chen to stop him from continuing.

"Su Chen, stop talking, the teacher can't help himself when he goes to Chaos."

"Can't help myself? Do you have no choice but to ignore you disciples? Is there such a teacher in the world?"

Chapter 1845

Leader Tongtian looked a little embarrassed when he heard Su Chen's words.

After he failed in the Conferring God Calamity Tribulation, he hid in Chaos out of frustration.

He really didn't care about Jie Jiao anymore. Death of death, betrayal of betrayal, after all the immortals came to the Jie Jiao Reunion, there was only one Wudang Virgin left. Jie Jiao was already almost exterminated.

Leader Tongtian thought of the efforts of these disciples over the past tens of millions of years, and he also felt sorry for those disciples.

Seeing Tongtian's embarrassed look, Su Chen felt that Tongtian would not take action again.

Su Chen hurriedly said to Jiufeng and Yunxiao,

"Yunxiao, Jiufeng, go and help Guanyin. She is not safe there."

"good!"

"We'll go there now."

When Jiufeng and Yunxiao heard Su Chen's words, they nodded and disappeared.

Leader Tongtian looked at Yunxiao leaving and said with regret,

"These disciples of mine are all good, what a pity, what a pity."

Su Chen cursed when he heard what Master Tongtian said,

"You're not bad at all. Your eldest disciple Duobao is an old bastard. He has never had a good heart since he became your disciple."

Hearing Su Chen's words, Master Tongtian cursed angrily,

"Nonsense, what do you know, you bastard? Duobao was also captured by me and was forced to rebel."

Su Chen looked at Master Tongtian with disdain and mocked,

"Yeah? But I don't think so"

"stupid.....Ahem, Master Tongtian, have you ever thought that since Duobao was forced to rebel against his master, why would he take refuge with Buddhism along with three thousand Jie Jie disciples?"

"Are the three thousand disciples of Jiejiao really willing to rebel with Duobao? Or were the three thousand disciples of Jiejiao controlled by Duobao before?"

"Also, Duobao clearly knows that the Zhuxian Sword Technique suppresses Jiejiao's luck, and using the Zhuxian Sword Formation will destroy Jiejiao's luck. Why does Duobao want you to set up the Zhuxian Sword Formation?"

"Even after the Zhuxian Sword Formation was finally forced, why did Duobao attack me after taking away the Zhuxian Sword Formation diagram? Why didn't Duobao attack the weaker Original and Western Saints?"

"Lord Tongtian!"

"It is said that Long Er Dingguangxian is the biggest traitor to Jiejiao. In my opinion, Duobao is the root cause of Jiejiao and its destruction."

"Duobao is so tolerant that he can endure it for tens of millions of years, and he is also so good at pretending. If you can't find his flaws, you will be deceived by him for the rest of your life."

Su Chen saw comments about Duobao in some novels.

He felt that Duobao was an old bastard.

As Duobao is the disciple of Lord Tongtian, wouldn't he know what happened in Jiejiao? During the Lich Period Some Jie Jiao disciples eat people, why did Duobao ignore it even though he knew clearly?

Duobao may have seen the hidden dangers of Jie Jiao at that time.

Jie Jiao teaches without distinction and has many disciples. Sooner or later, this will be a huge hidden danger for other saints in the prehistoric times. Will he see Jie Jiao's family becoming the dominant one?

I'm afraid Duobao had different intentions at that time. During the Conferred God period, Duobao might have seen the danger of Jie Jiao being destroyed.

He might have hooked up with me at that time, otherwise Zhu Xian After the sword formation was broken, why was Duobao so impatient to attack me?

At that time, the outcome had been decided, and there was no need to continue the fight.

Duobao attacked me but was captured, and the three Yunxiao sisters only contradicted Yuanzi. He was killed. There was nothing fishy about it. Su Chen definitely didn't believe it.

But later I was also deceived by Duobao.

I asked Duobao to establish Hinayana Buddhism to share the fate of Buddhism, but Duobao turned around and defected to the two sages of Buddhism. , and even became the top leader in the Buddhist sect besides the saints.

Why is this?

This is because Duobao joined the Buddhist sect with three thousand Jiejiao disciples.

Duobao has the support of many Jiejiao disciples, and he must be more powerful than Ran Deng Da, the unlucky guy Ran Deng was abandoned by the Second Saint of the West. From being the top leader of Buddhism to the ancient Buddha of Burning Deng, Duobao naturally became the Buddha of Buddhism.

Tongtian's face darkened when he heard Su Chen's words. , the more he thought about it, the more he felt that what Su Chen said made sense, but he still didn't believe that Duobao was the biggest traitor after the Jiejiao was destroyed.

"I do not believe!"

Su Chen shook his head and reminded, "Don't believe it? Duobao is right there. You can capture him and check his memory, wouldn't you know?"

"You want me to take action against Duobao?" Tongtian Cult Master glared at Su Chen and shouted,

"You don't have to take action, I'm just suggesting it, it's up to you whether you listen or not"

"Damn thing!"

Tongtian Cult Leader was very helpless when he heard Su Chen's words.

Now he also wants to search Duobao's memory.

Although Tongtian Cult Leader does not believe that Duobao is a traitor to Jiejiao, everything Duobao does is right. He is very advantageous, which makes the leader of Tongtian have to doubt

"Boy, if there is nothing wrong with Duobao, I will not let you go."

Tongtian leader glared at Su Chen and disappeared.

Tongtian decided to catch Duobao and check his memory. If he didn't check it this time, he would be uneasy in the future. Su Chen's words were like a thorn in his mind. I feel very uncomfortable.

Oh my!

I finally got the leader of Tongtian.

He is too scary. I will never be so reckless in the future.

Su Chen wiped the cold sweat on his forehead when Tongtian left.

Su Chen was also strong just now. Pretending to be calm, how could he not be afraid that a saint's good corpse was going to kill him, but the situation here meant that Su Chen couldn't find help. Fortunately, the unlucky guy from Tongtian Cult Leader was easy to fool, otherwise he might really be dead today. When the Holy Mother came to Su Chen, she smiled and said,

"Su Chen and the Three Emperors were all captured by us. This is Hetu Luoshu."

The Queen Mother of the West and Fairy Jinling also nodded and smiled at Su Chen.

Su Chen accepted the Hetu Luoshu and said hurriedly,

"Yes, Wudang, you go and help Guanyin and the other girls, Jin Ling, you go and help Fairy Chang Xi, Queen Mother of the West, you go and help Empress Houtu. You just need to block the saint's good corpse. There is no need to engage in a life-and-death battle with them."

"We understand!"

When the three Wudang Virgins heard Su Chen's words, they also knew that the war was not over yet.

Although the three Wudang Virgins didn't know what Su Chen had planned, they would all obey Su Chen's arrangements.

Su Chen was in Wudang San After the woman left, he put away the Hetu Luoshu and looked at the battlefields everywhere.

"Let me go, are the Queen Mother and Chang'e going to destroy Haotian?" Su Chen felt a little ashamed when he saw the Queen Mother and Chang'e brutally killing Haotian. He did not expect that the Queen Mother and the cold Chang'e would be so violent. Haotian obviously had no ability to resist, and they continued to kill Haotian. No part of Tian's body is intact anymore, and he is so bloody and miserable that people who know Haotian

may not recognize him now. Su Chen looked at the other battlefields and said with a frown,

"We need to speed up, otherwise the quasi-sage reinforcements from Chanjiao and Buddhism will arrive."

Chapter 1846

Su Chen thought that almost an hour had passed since he started killing these saint disciples.

Xuandu, Guangchengzi, and even Duobao Tathagata might have asked for help from their respective sects.

The Renjiao has only one quasi-sage, Master

Xuandu, but there are several quasi-sages in the Chanjiao, such as Yun Zhongzi, Antarctic Immortal, and Taiyi Zhenren. These may all be powerful quasi-sages.

In Buddhism there are the Ancient Buddha of Ran Deng, the Great Peacock King, Ksitigarbha Bodhisattva, and the Wuchao Zen Master Lu Ya.

As for whether there are any hidden quasi-sages among these three saint sects,

Su Chen is not sure.

There are seven quasi-sage powers in total among these people.

Su Chen wants to get rid of the three quasi-sage powers in Xuandu before these seven quasi-sage powers arrive.

At this time, the Queen Mother and Chang'e appeared next to Su Chen.

The Queen Mother handed Su Chen a few spiritual treasures and said, "Su Chen, Haotian has been captured. His magic weapon, the list of gods, and the whip were all forced by us. Hand it over."

Su Chen looked at the spiritual treasures handed over by the Queen Mother, the Haotian Mirror, the Haotian Sword, the Haotian Tower, the God's List, and the God's Whip. Among them, only the God's List and the God's Whip were useful to Su Chen. Although the others were also innate spiritual treasures, Su Chen didn't want to use them.

Su Chen took the list of gods and the whip and said,

"Queen Mother, please keep these spiritual treasures first. I will keep the list of gods and the whip."

"Then I'll take it to you for safekeeping first."

The Queen Mother smiled and accepted the remaining spiritual treasures.

She knew that Su Chen had no shortage of spiritual treasures, and these spiritual treasures would be distributed by Su Chen to the other girls in the future.

Bai Ze came to Su Chen and bowed, "Report to the Emperor of Heaven, Guangchengzi has been captured, does he need to be killed?"

"Forget it, let's seal Guangchengzi Xiu under custody first."

Su Chen looked at the captured Guang Chengzi and shook his head and said, since Guang Chengzi has not been killed, let's not kill him yet. The great disciple of Chan's teaching may still be of some use.

"Yes, Emperor of Heaven!"

Bai Ze handed Guang Chengzi's magic weapon to Su Chen and then stepped back.

Su Chen smiled when he looked at Guang Chengzi's magic weapon.

Guang Chengzi's magic weapon was the central apricot yellow flag and the sky-turning seal. The others were a few useless things

"Chang'e, the apricot-yellow flag in the center belongs to you from now on. You can't do it without the best innate spiritual treasure. This Heaven-shaking Seal is pretty good. It belongs to me. From now on, the Yin people will rely on this brick."

Chang'e took the central apricot-yellow flag and said with a smile,

"Okay, I gave the Moon Essence Wheel back to Sister Chang Xi. I really don't have any good spiritual treasures in my hand. Su

Chen handed the few remaining spiritual treasures left by Guangchengzi to the Queen Mother and said, "Queen Mother, you put these spiritual treasures away, and you can share them with whoever needs them in the future.""

"Um!"

Xing Tian came to Su Chen and said depressedly,

"Emperor Tian, Xuandu was caught, and Xuandu's turtle shell was really hard to break."

Xing Tian didn't expect that the Monster Clan was ahead of the Witch Clan, which made Xing Tian very unhappy. The Wu Clan could lose to anyone, but it just couldn't lose to the Monster Clan.

Su Chen looked at the Xuanhuang Exquisite Tower of Heaven and Earth in his hand. He smiled and said,

"The Black and Yellow Exquisite Tower of Heaven and Earth is a treasure of acquired merit. You three great witches can break the defense of the Black and Yellow Exquisite Tower of Heaven and Earth. The witch clan is still very powerful."

Su Chen asked the Wu clan to deal with Xuandu at that time.

He did it because the Xuanhuang Linglong Tower of Heaven and Earth was difficult to break. The

Xuanhuang Linglong Tower, the most acquired merit and virtue of the day after tomorrow, is my spiritual treasure. It is also the top three defensive spiritual treasures in the prehistoric fairy world. The Xuanhuang Linglong Tower of Heaven and Earth The tower's defense is very astonishing.

If it weren't for the madmen like the Wu Clan, it would have been impossible for anyone else to break through the defense of the Xuanhuang Exquisite Tower of Heaven and Earth in such a short period of time.

"Will the Emperor of Heaven and Xuan be killed?"

"Xuandu is still useful, wait a while and then kill him." Su Chen nodded and said coldly,

Su Chen will not let Master Xuandu go.

Xuandu can be said to be the earliest human race and the three thousand innate Taoist bodies in the human race.

However, the disappearance of the third ancestor of the human race may be related to Xuandu. It has something to do with it.

Since the Three Sovereigns and Five Emperors began to appear, the three human clans have disappeared without a trace.

The Suiren clan, the Youchao clan, and the Ziyi clan. These three ancestors of the human race have never appeared in the prehistoric fairyland again.

Su Chen suspected that the three ancestors of the human race Either he was imprisoned by the Human Cult, or he was killed by the Human Cult.

Su Chen had to search for Xuandu's soul.

If it was really Xuandu who killed the third ancestor of the human race, or imprisoned the third ancestor of the human race, Su Chen would definitely let him Xuandu's soul flew to pieces and disappeared from this ancient and celestial world.

"Yes, Emperor of Heaven!"

Xing Tian left after hearing Su Chen's words.

Xuandu had already been sealed to the realm of cultivation. Su Chen said he would kill him later, so Xing Tian killed Xuandu in no hurry.

He hated Xuandu deeply.

If It's not that Xuandu's tortoise shell is too difficult to break, and the Witch Clan will not lose to the Monster Clan.

The Queen Mother saw that both Xuandu and Guangchengzi had been caught, and only Duobao was still struggling to hold on. But she saw When the Tongtian leader's good corpse and Duobao were fighting, the Queen Mother asked Su Chen in confusion, "Why are the Tongtian leader's good corpse attacking Duobao Tathagata?"

Su Chen looked over and said with a frown,

"Tongtian wants to clean up the door!"

"This won't work, Queen Mother, go and inform Zhen Yuanzi's people and ask them to help Tongtian capture Duobao. I'm worried that the saints from the Saint Sect are coming."

Su Chen did not expect that after the battle between Tongtian and Duobao, Zhen Yuanzi and the quasi-sages did not take action again.

Su Chen guessed that Tongtian must not want Zhen Yuanzi and others to help, but this is not possible. Duobao Tathagata must immediately Catch it, otherwise I'm afraid the night will be long and the dreams will be many.

"good!"

"Chang'e, please inform Fairy Chang Xi, Empress Nuwa, Empress Houtu, and the women Guanyin to let them all come back. There is no need to stop the saint's good corpse."

"I'll notify them immediately."

Su Chen saw that there was no suspense about the war.

He had made all the preparations. It was time to talk to those saint sects. If they could not come to an agreement with the saint sects, the war between them would still continue.

On the battlefield, with the addition of several quasi-sages from Zhen Yuanzi, Duobao Tathagata did not persist for a while, and he was knocked to the ground by the six quasi-sages. The good corpse of the Tongtian leader hurriedly sealed the cultivation of Duobao Tathagata, and the leader

Tongtian After catching Duobao Tathagata, he couldn't wait to start searching the soul to check Duobao's memory.

Whoosh whoosh whoosh.....

At this time, the good corpses of Empress Houtu, Empress Nuwa, Chang Xi, and Guanyin Bodhisattva all returned to Su Chen.

Later,

Laozi's good corpses, Taishang Laojun, the good corpses of the guiding saint and Zhunti saint, the original good corpses, all came to the sky above the battlefield one after another.

However, when they saw a few people from Xuandu being captured, they The faces of the saint's good corpses all looked very ugly.

"Emperor of Heaven, you have captured our disciples, do you want to start a war with us saints?"

Chapter 1847

Taishang Laojun saw the miserable state of the Xuandu people, and even had their cultivation levels sealed and detained.

This made him very angry.

No wonder, no wonder the four of them were stopped by some quasi-sages before. It turned out that the Emperor of Heaven wanted to catch their disciples first.

Jie Yin, Zhunti, and Yuan Shanshi also glared at Su Chen angrily.

They did not expect that Su Chen would be so bold.

Xuandu, Guangchengzi, and Duobao Tathagata were all disciples of the saint. They dared to touch these disciples. Even the saints who disobey the way of heaven, doesn't Su Chen, the emperor of heaven, not want to do it?

Su Chen smiled disdainfully when he heard Taishang Laojun's words.

These saints' good corpses have not yet seen the situation clearly.

He has the final say in the prehistoric fairyland. Although the saint sect is very powerful, Su Chen is not There is no ability to destroy these saint sects.

Su Chen stood on Jiuyou Que and mocked,

"War? sure!"

"You are all the good corpses of saints. If you want to start a war, then go to war. As long as you don't regret it."

"I am asking once, is your saint sect going to war? Do you, the saint sect, also want to use your strength to resist heaven?"

"you....."

Taishang Laojun was stunned when he heard Su Chen's words.

He did not expect that Su Chen was not afraid of the saints, and would not hesitate to go to war with their sects.

But they didn't dare.

Su Chen was the Emperor of Heaven recognized by Heaven.

If they dared to take action against Su Chen, they would really fight against Heaven with force, or even be disrespectful to Heaven.

The good corpses of the other three saints also looked at Su Chen in surprise.

They did not expect Su Chen's bold behavior.

Saints are the true rulers of the ancient fairy world.

Heaven is a joke in their eyes. Any saint sect can point fingers at Heaven.

However,

Su Chen, the new Emperor of Heaven, is actually different from Haotian. Emperor Su Chen is too tough, which is very detrimental to their Saint Sect.

"Reporting to the Emperor of Heaven, the human race surrendered more than three million monks and immortals."

At this time, a heavenly general came quickly and saluted Su Chen.

Su Chen heard that the humans had surrendered more than three million people. After he looked at the besieged and surrendered humans in the distance,

Su Chen coldly ordered,

"Execute them all!"

"Yes, Emperor of Heaven!"

When the four Taishang Laojun heard Su Chen's order, their expressions changed.

They were all frightened by Su Chen's ruthlessness.

Although the human race is just ants to them, they don't care about the life and death of the human race, but Su Chen They even killed the surrendered human race. They felt that today's matter might not be easy to solve.

After Su Chen looked at the four of them, he looked at the eight human emperors who were in custody and said disdainfully,

"Human Emperor Fuxi, Human Emperor Shennong, Human Emperor Xuanyuan, Human Emperor.....What else do you have to say?"

Fuxi's face was very ugly.

He didn't expect that Su Chen would massacre even the surrendered human troops, and the good corpse of his sister Nuwa would actually side with Su Chen. This made him even more angry.

"Emperor of Heaven, we are the Emperor of Humans, and the human race is the protagonist of heaven and earth in the prehistoric fairyland. Do you dare to kill us?"

"Human Emperor? Who is not the Human Emperor?"

Human Emperor Shennong looked at Su Chen and shouted angrily,

"you.....You are not worthy of being the Human Emperor at all. More than 50 million monks and immortals of the human race have been killed by you. The human race will not recognize you as the human emperor, and your status as human emperor will definitely be deposed by the human race."

Su Chen shook his head when he heard Shennong's words.

Su Chen had never thought about letting the human race in the prehistoric immortal world recognize him as the human emperor.

So what if the human race in the prehistoric immortal world didn't recognize him as the human emperor?

Tian Xuan There are hundreds of millions of human races in the mainland and the Shenyu Continent.

Su Chen is the ruler of the Tianxuan Continent, and the Shenyu Continent will also be under his rule in the future.

Su Chen has the recognition of the human races in these two worlds, and he simply cannot. He doesn't care whether the human race in the Great Desolate Immortal Realm recognizes him as the

Human Emperor. Dethroning his Human Emperor status?

This is even more ridiculous.

All the races in the Prehistoric Immortal Realm agree to dethrone his Human Emperor status, but is it useful?

His The Human Emperor status is not obtained by relying on the human race in the prehistoric immortal world.

The human race in the prehistoric immortal world wants to dethrone his human emperor status. Can they do it?

Thinking of this, Su Chen mocked the human emperors with disdain,

"Are you worthy? For your own selfish interests, you summoned human monks and immortals to fight against the sky. Have you never thought about the consequences of failure? What will happen to the human race in the future?"

"Are you the only one worthy of being the Emperor? It can be said that you were all the sages of the human race when the human race was ancient, but as time goes by, you are no longer worthy of being the human emperor of the human race."

Fuxi and Shennong, the human emperors, looked very ugly when they heard that Su Chen was dead.

The Emperor Su Chen was determined to kill them.

They looked at the saints and good corpses next to them. Only these saints and good corpses can save them now. These human emperors.

Whoosh!

At this time, a spiritual treasure suddenly appeared in the hands of Taishang Laojun. Taishang Laojun laughed when he saw this spiritual treasure.

Taishang Laojun held the jade seal in his hand and looked towards Su Chen said expressionlessly, "Emperor Su Chen, do you know what this is?"

"The most precious human treasure, the Kongtong Seal."

Su Chen's eyes lit up when he looked at the jade seal spiritual treasure in Taishang Laojun's hand.

The human race's most precious treasure, the Kongtong Seal, appeared.

All the saints seemed to be paying attention to this place.

I sent over the human race's most precious treasure, the Kongtong Seal. Maybe he wants me to dethrone him as the Human Emperor.

But without Nuwa's support,

Taishang Laojun is the human race's most precious treasure, the Kongtong Seal. Can he dethrone his position as the Human Emperor?

"As long as you know, the human race's most precious treasure, the Kongtong Seal, can depose the Human Emperor. Do you think I can depose you, the Human Emperor, now?"

"You can not!"

Tai Shang Laojun also knows that with the Kongtong Seal, the human race's most precious treasure, it is impossible for him to dethrone Su Chen's human emperor status, but with the addition of the eight human emperors, there is a 60-70% certainty.

If the human race in the prehistoric immortal world They all agreed that Su Chen's Human Emperor would be deposed, and the Heavenly Emperor Su Chen's position as Human Emperor would definitely be deposed.

Taishang Laojun looked at the eight human emperors and laughed and said to Su Chen,

"Hahaha, what if we add the Eight Human Emperors? There are people who have the most precious treasure of the Kongtong Seal, and eight human emperors have agreed to depose you as human emperor. Do you think your human emperor can't be deposed?"

Su Chen crossed his arms and sneered,

"Taishang Laojun, let me give you a chance. Don't you want to waste this Human Emperor? Now you can try it"

"Huh, if you insist on speaking harshly now, you will regret it later."

After Taishang Laojun looked at Su Chen, he looked at the Eight Great Human Emperors and said,

"Fuxi, you and I will inform the entire human race in the prehistoric immortal world in a moment. As long as you, the human emperor, plus all the human races, agree to dethrone Su Chen's human emperor status, Su Chen's human emperor status will definitely be dethroned."

"We, the Human Emperor, will obey the sage's arrangements."

Chapter 1848

On the battlefield, the Queen Mother and other daughters were very worried about Su Chen.

They did not expect that Su Chen would agree to let the Supreme Lord depose him as the Human Emperor. They did not know whether Su Chen would be deposed by the Supreme Lord as the Human Emperor. But what is Su Chen's purpose in doing this?

They all couldn't understand.

Quasi-sages such as Zhen Yuanzi and Ancestor Minghe couldn't understand that there were so many quasi-sages on their side. Even if they started a war with these saints and good corpses, they could win 100%.

What exactly does Su Chen want to do?

What else are you planning?

They, the quasi-sages, can't understand either.

On the battlefield, there were more than 20 million combined troops from the prehistoric fairyland. They were all watching the Emperor Su Chen silently.

In addition to the broken limbs and broken arms, and the piles of corpses everywhere on the battlefield, the Fire Cloud Cave was thousands of miles away. silence

"Get ready, join me in announcing the Great Desolate Immortal Realm later"

"Yes, saint!"

Tai Shang Laojun looked at the eight masters and queens, and he used his magic power to prepare to announce to the prehistoric fairyland, boom boom boom....., at this time, the entire prehistoric immortal world was shaken again.

The Supreme Lord held up the human race's most precious treasure, the Kongtong Seal, and loudly announced,

"I am the good corpse of the sage who teaches Lao Tzu, the Supreme Lord."

"Human Emperor Su Chen massacred 50 million human monks and immortals. Human Emperor Su Chen acted rebelliously and was ruthless and unworthy of being the human emperor."

"I declare with the holy decree of the sage Lao Tzu"

"today!"

"The Human Emperor Su Chen was deposed. From now on, the Human Emperor Su Chen was no longer the Human Emperor of the human race."

Then, after the other three saints and good corpses looked at each other, they used their magic power to help Fuxi and the Human Emperors announce to the entire prehistoric fairy world,

"I am Fuxi, the Emperor of the Human Race. As the Human Emperor of the Human Race, I declare the abolition of the Human Emperor Su Chen's status as the Human Emperor."

"I am Shennong, the Earth Emperor of the human race. As the human emperor of the human race, I declare the abolition of the human emperor Su Chen's status as human emperor."

"I am Xuanyuan, the Human Emperor of the Human Race. As the Human Emperor of the Human Race, I declare the abolition of the Human Emperor Su Chen's identity."

"I am Zhuan Xu, the Human Emperor of the Human Race. As the Human Emperor of the Human Race, I declare the abolition of the Human Emperor Su Chen's status as the Human Emperor.".....

In the prehistoric fairy world, all the human races heard the voices of the saints and the human emperors, and the human race was boiling.

Although the human race knew that the human emperor wanted to resist the sky with force, the human race did not expect that the emperor Su Chen would slaughter 50 million human monks today. and immortals, and the Heavenly Emperor Su Chen is actually the Human Emperor of the human race.

This makes everyone angry

"Destroy the Human Emperor, depose the Emperor of Heaven Su Chen's status as the Human Emperor!"

"Destroy the Human Emperor, depose the Emperor of Heaven Su Chen's status as the Human Emperor!"

"Destroy the Human Emperor, depose the Emperor of Heaven Su Chen's status as the Human Emperor!".....

In the prehistoric fairy world, all the human races shouted angrily.

The human race did not need to slaughter the human emperor of the human race. Such a human emperor was not worthy of being the human emperor of the human race.

Boom boom boom.....

Above the nine prehistoric days, the Eye of Heaven reappeared.

Taishang Laojun, several saints, good corpses, and human emperors saw that Heaven responded to the human race's plea, which made them all smile. Su Chen's status as Human Emperor would soon be taken away by Heaven.

The quasi-sages like the Queen Mother and Zhen Yuanzi all looked at Su Chen worriedly.

The saint held the Kongtong Seal, the human race's most precious treasure, and wanted to depose Su Chen's human emperor. The human emperors also wanted to depose Su Chen's human emperor. Even the entire human race in the prehistoric immortal world agreed to depose the Human Emperor.

The identity of the Human Emperor may not be important to the Emperor of Heaven, but in front of the immortals in the entire prehistoric immortal world, if Su Chen was deposed as the Human Emperor, it would have a great impact on Su Chen's power.

Su Chen saw that Tiandao had really appeared.

He looked at the Eye of Tiandao above the nine heavens and was very speechless. Is Tiandao really idle and has nothing to do?

Su Chen did not believe that Tiandao would deprive him of his human emperor status.

The information Tiandao revealed earlier clearly meant that he wanted Su Chen to help the prehistoric immortal world. It was impossible for Tiandao to deprive him of his human emperor status at this time.

Besides, without the consent of Nuwa, the Holy Mother of the human race,

Heaven would not be able to deprive him of his position as the Human Emperor.

"I, Nuwa, the Holy Mother of the human race, do not agree to dethrone Su Chen from the throne of Human Emperor."

Above the nine heavens, a cold voice suddenly reached the prehistoric fairy world.

In the prehistoric fairy world, the Holy Spirit heard what Nuwa said.

All the creatures were stunned.

I, the saint, want to dethrone the emperor of heaven and the throne of human emperor.

Human emperors We also want to dethrone Su Chen's human emperor status.

Even the entire human race agrees to dethrone Su Chen's human emperor status.

However, the human race's Holy Mother Nuwa Empress does not agree. All the creatures in the prehistoric fairy world want to know, this time the Heavenly Emperor Su Will Chen's human emperor status be abolished?

Su Chen looked at the Eye of Heaven and said loudly,

"Heaven's way, the human race's most precious Kongtong Seal should belong to the human race's Holy Mother. Heaven's way should also know this cause and effect. Why the human race's most precious Kongtong Seal was taught to be obtained, heaven's way should also understand, right?"

When the creatures in the prehistoric fairy world heard Su Chen's words, they all looked at Su Chen in surprise.

They didn't expect that Su Chen would have this plan.

Could this be the plan of the Emperor Su Chen? That's why they never stopped it. People like Taishang Laojun?

"Shuzi!"

Taishang Laojun cursed with a livid face when he heard Su Chen's words.

Taishang Laojun did not expect that Su Chen would have such a plan. The human race's most precious treasure, Kongtong Seal, is the foundation of the human religion.

If the human religion does not have the human race's most precious treasure, Kongtong Seal, Seal, then the Human Religion is nothing in the human race, and the Human Religion's destiny of occupying the human race will probably be deprived of it.

"Never die!"

Su Chen cursed when he heard Taishang Laojun's words.

He would not swallow his anger like Haotian.

If Taishang Laojun dared to scold him, he would dare to scold him back.

Even Taishang Laojun dared to anger him. This good corpse of mine, the Supreme Lord, doesn't need to leave either.

"God's way, is it accurate?" boom!

"allow!"

A cold and ruthless voice suddenly came from above the nine heavens, whoosh!

The human race's most precious Kongtong Seal suddenly disappeared in Taishang Laojun's hand. When

Taishang Laojun saw the human race's most precious Kongtong Seal disappear in his hand, he looked panicked. and shouted,

"Impossible, impossible. The human race's most precious treasure, the Kongtong Seal, is destined to be the real body. Why does Heaven want to take it away? Why did heaven give it to Nuwa?"

At this time, another announcement from Nuwa Empress came from the Nine Heavens.

"I am Nuwa, the Holy Mother of the human race."

"Human Emperor Fuxi, Human Emperor Shennong, Human Emperor Xuanyuan, Human Emperor Zhuanxu....., these human emperors violated the will of heaven and attempted to resist the heavens with their strength, resulting in numerous casualties among human monks and immortals."

"The Human Emperors have violated what Human Emperors should do. The Human Emperors have selfish motives and can no longer be the Human Emperors of the human race."

"It is my decree to abolish the Human Emperor Fuxi, the Human Emperor Shennong, the Human Emperor Xuanyuan, and the Human Emperor Zhuanxu....., these Human Emperors have achieved the Human Emperor status, and from now on Fuxi and the others are no longer the Human Emperors of the human race."

Chapter 1849

In the prehistoric fairy world, with the announcement of the prehistoric fairy world by Nuwa, all the creatures in the prehistoric fairy world were stunned.

The saint I had just united with the human emperors to dethrone the emperor Su Chen's position as the human emperor, and now the empress Nuwa wants to dethrone all. The attainment of the Human Emperor status makes all the creatures in the prehistoric immortal world confused as to what is happening.

Could it be that Saint Lao Tzu and Nuwa Empress are at war?

Boom boom boom.....

At this time, the Eye of Heaven above the nine heavens shot out some beams of light, which illuminated the eight human emperors one after another.

"No, don't dethrone me and others from our position as Human Emperors. Nuwa, I am your brother Fuxi. Why are you doing this?"

"It's over, we're all done!"

"The Human Emperor's fruition, my Human Emperor's fruition!"

"Why is this happening? Why did Empress Nuwa help Su Chen?"

"It's over, we no longer have the status of Human Emperor, aren't we doomed? I'm afraid the saints won't protect useless people like us."

"Haha, we really brought it upon ourselves!"

After the Heavenly Dao deprived them of the Human Emperor status, the Human Emperors all slumped on the ground with bloodless faces.

Without the Human Emperor status, they were nothing. Not only did the Human Emperors have a higher cultivation level, Going backwards, even the saints can no longer save useless people like them.

Taishang Laojun and the other three saints, the corpses, all had very ugly faces.

They did not expect that things would develop like this. How could the originally good situation turn out badly? It became like this in the blink of an eye.

Su Chen!

Heavenly Emperor Su Chen!

All of this may have been planned by Heavenly Emperor Su Chen.

Heavenly Emperor Su Chen may have colluded with Nuwa Empress. They must be waiting for the human race's most precious treasure, the Kongtong Seal, to appear.

However, why did Heaven want to take back the destined spiritual treasure of Saint Lao Tzu? Isn't the Kongtong Seal, the most precious treasure of the human race, destined to Saint Lao Tzu? Su Chen saw that Heaven had abolished the human emperor status of Fuxi and others.

He waved his hand and ordered,

"Emperor Fengdu, if Fuxi and other human races are executed, their souls will be destroyed, and they are not qualified to be reincarnated."

"Yes, Emperor of Heaven!"

When Fuxi heard Su Chen's order, he didn't expect that Su Chen would not only kill them, but even kill them physically and mentally.

This made Fuxi very frightened.

He turned pale and hurriedly said to the Nine Heavens shouted,

"No, Nuwa, I am your brother, please save me, you cannot watch me being killed by the Emperor of Heaven."

Above the nine heavens,

Empress Nuwa's cold voice came over,

"Fuxi, my fate with you has ended"

"This palace should not allow you to be reincarnated as a human emperor. Fuxi, the emperor of the demon clan, is not worthy at all now. Fuxi, the emperor of the demon clan, died heroically in the Lich War."

"Fuxi is not Fuxi."

Su Chen looked at these Human Emperors with disdain.

These Human Emperors are all pawns of Daozu Hongjun. The human race can develop without these Human Emperors.

Su Chen not only wants to kill these Human Emperors this time, he also wants to Let's see after the Hongmeng Purple Qi appears in these Human Emperors, will

Daozu Hongjun, that old bastard, show up and take away the eight levels of Hongmeng Purple Qi, which are three long and five short.

With the Six Paths of Reincarnation, Emperor Fengdu begins to kill These human emperors, these human emperors' annihilated corpses, have different lengths of Hongmeng purple energy.

"Hongmeng purple energy? It's really the Hongmeng Purple Qi of the human emperors"

"Three long and five short, this is the Hongmeng Purple Qi of ancestor Hongyun."

"Yes, when Hongyun was killed, the Hongmeng Purple Qi was broken into eight pieces. It turned out that these Hongmeng Purple Qi were given to these human emperors by the Tao Ancestor."

"Hongmeng Purple Qi is now ownerless, why don't those powerful people grab it?"

"Hey, who would dare to rob me if the Emperor of Heaven is there?"

"So, is this Hongmeng Purple Qi, which is three long and five short, going to the Emperor Su Chen?"

"possible!"

The immortals in the prehistoric fairyland all looked at the eight segments of Hongmeng Purple Qi in the sky.

The dozens of powerful quasi-sages around them did not take action.

The queen mother and other quasi-sages and Zhen Yuanzi were all on guard against Tai. The four people, Shang Laojun.

Although the four people, Taishang Laojun, wanted to snatch it, they were powerless.

The quasi-sages around them were watching them warily. If these good corpses dared to take action, I am afraid that all four of them would fall. here

"Don't you accept these eight levels of Hongmeng Purple Qi?"The good corpse of the Nuwa Empress looked at Su Chen and asked doubtfully.

The Hongmeng Purple Qi had appeared for a while.

She also didn't see Su Chen put away the broken Hongmeng Purple Qi, which made her a little confused. What do you want to do?

Empress Houtu's Shanshi and Chang Xi also looked at Su Chen.

They saw that Su Chen looked calm and composed, and the Hongmeng Purple Qi did not put away. They couldn't understand what Su Chen was going to do again. What are you doing?

Su Chen touched his chin and said to the girls,

"I'm waiting for someone to arrive!"

"who?"

"You will know in a moment."

After Nuwa Empress Shanshi and Chang Xi heard Su Chen's words, they all looked thoughtfully in the air.

They all guessed that

Su Chen should be waiting for the arrival of Daozu.

Swish, swish, swish.....

At this time, some quasi-sages from Chanjiao and Buddhism also arrived. After the five quasi-sages arrived, they saluted the four great corpses one after another.

The arrival of five powerful quasi-sages, Yun Zhongzi, Antarctic Immortal, Randan Ancient Buddha, Peacock King Ming, and Wuchao Zen Master Lu Ya, gave Taishang Laojun the confidence.

However, compared with the more than twenty quasi-sages on Su Chen's side, they are still not good enough. If they fight, they, the quasi-sages, will probably be tortured. boom!

"evil creature!"

At this time, on the side of the battlefield, the good corpse of Tongtian Jiejie destroyed Duobao Tathagata with one palm.

The leader of Tongtianjie was very angry now.

He did not expect that Duobao, whom he had always been very optimistic about, would be so insidious, even if Duobao joined. After entering Buddhism, he didn't blame Duobao. Tongtian also thought that Duobao couldn't help himself. He had been deceived by Duobao for tens of millions of years.

If he hadn't searched Duobao's soul this time Memories, Tongtian will continue to be deceived by Duobao

"Damn it, this is the corpse of obsession."

The good corpse of Tongtian Jiejiao suddenly discovered that Duobao was killed by him. His corpse gradually disappeared, which made him even more angry.

He did not expect that he was deceived by Duobao.

Among the three corpses, The corpse of obsession,

Tongtian leader did not expect that Duobao would be so careful. What comes this time will be Duobao's corpse of obsession.

Damn it!

Duobao Tathagata came and it turned out to be the corpse of obsession?

This old bastard!

Su In the morning, when he heard the angry shouts from Master Tongtian, he didn't expect that the person arriving this time was one of Duobao's three corpses. That old bastard Duobao was really cautious.

"Dao Ancestor, if you don't show up again, will I accept Hongmeng Ziqi?"

Chapter 1850

Su Chen was in no mood to wait any longer.

Dao Ancestor's old treacherous guy probably didn't dare to show up because the Eye of Heaven hadn't left yet.

Su Chen could only provoke Dao Ancestor Hongjun's old treacherous guy.

Whoosh!

An old man appeared silently in the sky over the battlefield

"Daozu, help me!"

Haotian shouted hurriedly after seeing Daozu appear,

"See Taozu!"

When Taishang Laojun and other quasi-sages saw Dao Ancestor Hongjun appear, they all hurriedly saluted.

Su Chen did not salute.

He looked at the old man in the sky with disdain.

An old man,

Su Chen now has the support of heaven.

He was not afraid that Daozu Hongjun would take action against him.

The Queen Mother and the others saw that Su Chen did not move, and they did not salute Daozu.

Even the 20 million combined troops did not salute.

Su Chen was now their emperor. , are the people they are loyal to, and

Su Chen's enemies are their enemies.

After Daozu waved his hands to Taishang Laojun and the others, he looked at Su Chen expressionlessly and said indifferently, "Emperor Su Chen, let go Haotian, hand over the God List and the God Whip."

When Su Chen heard Hongjun's words, he folded his arms and shouted,

"Why?"

"I am the Taoist!"

Su Chen looked at Dao Zu Hongjun and said disdainfully,

"What if I don't pay? Hongjun threatened Su Chen with a serious look on his face, "Su Chen, don't think that just because you are recognized by Heaven as the Emperor of Heaven, you will be lawless. The prehistoric fairy world has its own rules.""

"rule? Hey, Dao Ancestor, you should go back to Chaos and continue to retreat. I am now the Emperor of Heaven and the ruler of the prehistoric immortal world. The era of you and the saints has passed."

"Aren't you afraid that I will kill you?"

"You do not dare!"

"Humph, you really don't want to pay?"

"No!"

"Su Chen, Emperor of Heaven, take care of yourself."

Hongjun took a deep look at Su Chen and then disappeared.

Hongjun had nothing to do with Su Chen.

Ever since he appeared in the prehistoric fairy world,

Heaven has been staring at him.

If Hongjun dares to take action against Su Chen, no!

As long as Hongjun dares to burst out some powerful aura, he will be expelled by Heavenly Dao immediately. I am afraid that Hongjun will never be able to come to the ancient world again.

Haotian left directly when he saw that Hongjun did not save him.

He was afraid of being abandoned by Daozu. ,

Haotian panicked and kept shouting into the air,

"Daozu, Master, save me, save me from leaving, Master, I am your child....."

When Su Chen saw Hongjun disappear, he sat on Jiuyouque's body.

Damn, he was almost scared to death.

This is Dao Ancestor!

Daozu Hongjun, this old yin, is a more powerful being than the saint of heaven.

His heart almost jumped out of his chest when he faced Hongjun just now.

If Su Chen hadn't possessed a lot of great luck and heavenly virtues, there was no way that heaven would have allowed anything to happen to him.

Su Chen really didn't dare to confront Hongjun.

When the Queen Mother, the Queen Mother, Zhen Yuanzi and other quasi-sages saw Hongjun leaving, they looked at Su Chen with disbelief.

They did not expect that Su Chen would dare to confront Dao Zu.

It scared them all just now.

Taishang Laojun was full of ridicule when he looked at Su Chen. They did not expect that Su Chen would dare to confront Dao Ancestor.

Su Chen was really seeking death.

If they didn't take action in the future,

Su Chen would probably be eliminated by Dao Ancestor.

Su Chen stood up again and looked at Taishang Laojun and said,

"Taishang Laojun, do you want your disciple to live?"

When Taishang Laojun heard what Su Chen said, he looked at Xuandu.

It was impossible for him not to save Xuandu.

Su Chen actually asked.

Taishang Laojun guessed that Su Chen would not kill Xuandu. This Heavenly Emperor should be Do you have any conditions to offer?

He asked Su Chen bluntly,

"What conditions do you want?"

Su Chen stretched out three fingers and said seriously,

"Third Ancestor of the Human Race, as long as you hand over the Third Ancestor of the Human Race, I will release your disciple Master Xuandu. Xuandu is the only disciple of the Human Sect. You don't want him to die here, right?"

"you.....Do you actually know the third ancestor of the human race?"

Tai Shang Laojun did not expect that Su Chen actually knew about the three ancestors of the human race, and even knew that the three ancestors of the human race were imprisoned by the human religion.

He looked at Su Chen and felt incredible.

The saint I used the innate treasure Tai Chi Diagram to cover up the secret of heaven, that is It is impossible for saints such as Saint Nuwa to know.

How could Su Chen, a little golden immortal, know?

Emperor Su Chen made it more and more difficult for him to understand.

Su Chen smiled when he saw the surprised look on the Supreme Lord's face. , it seems that the third ancestor of the human race was indeed imprisoned by the human religion, and his guess this time was indeed correct.

"Hey, the Human Sect wants to control the human race, and the third ancestor of the human race is an obstacle. The third ancestor of the human race is obedient to the orders of the Empress Nuwa."

"With the three ancestors of the human race around, Nuwa will always be the Holy Mother of the human race, and the destiny of the human race will not be robbed by human religions."

"Do you think no one knows about the dirty things that people do? Will you let go of the third ancestor of the human race?"

At this time,

Nuwa Empress Shan asked Su Chen with a livid face,

"Su Chen, was the third ancestor of the human race really imprisoned by the human religion?"

Su Chen nodded and replied,

"Yes, Empress Nuwa, I will do what I promised you. As long as the third ancestor of the human race appears, I believe the human race will understand the cause and effect, and the human race will worship you, the holy mother of the human race, again."

"Damn it, it turns out that it was really Saint Laozi who imprisoned the three ancestors of the human race. No wonder after the three ancestors of the human race disappeared, I searched all over the prehistoric immortal world but could not find them."

"Don't worry, I don't want Xuandu to die, he will release the third ancestor of the human race"

"Thank you very much!"

"No, this is our deal and my promise to you."

The good corpse of Empress Nuwa nodded when she heard Su Chen's words.

This time Su Chen did fulfill her promise.

However, the good corpse of Empress Nuwa felt that Su Chen was still wary of her, and even Su Chen seemed to He was deliberately keeping a distance from her.

This made Nuwa Empress a little confused.

She was a saint.

Although Nuwa Empress could not appear in the prehistoric fairy world, there was a saint who was Su Chen's backer.

Not only did Su Chen not be mean to her Flattery, but still keeping a distance from her?

Empress Nuwa seems to have never offended this little bastard. Why is this little bastard doing this?

On the battlefield, all the quasi-sages looked at Taishang Laojun and were very surprised.

The Human Religion imprisoned the third ancestor of the human race.

No wonder, no wonder the Human Religion was able to get more luck from the human race than Nuwa. It turned out that this was the Human Religion's secret work.

They also understood the despicableness of the Human Religion. Well, the inactive saint is not inaction!

For the sake of luck!

I am afraid that the saint will not even give up his face. I am afraid that the third ancestor of the human race is in the realm of the Golden Immortal, and will not exceed the Taiyi Golden Immortal at most. The Saint I will not care about the three golden immortals. Immortal takes action, this really brings shame on the saint

"Taishang Laojun, you only have a quarter of an hour to think about it. If you don't agree, Xuandu will be killed. Don't think about reincarnating Xuandu in the future. The six paths of reincarnation are also under my control. There is no order from me. Peace of mind The empress will not let Xuandu reincarnate."
