

## Zongwu 1861

### Chapter 1861

Su Chen heard the conversation between Sun Wukong and the Buddhists and shook his head.

Buddhism is really whimsical.

Heaven and Buddhism are already hostile forces. How could Su Chen let the gods in heaven help the four masters and disciples of Tang Sanzang?

Moreover,

Su Chen's guard against Buddhism has not weakened at all. If the Western God Realm can form its own world, why is it impossible for Buddhism?

Buddhism did not give up the frontier fortress of Xiniu Hezhou.

Su Chen asked Tiandao to rebuild a frontier fortress in Xiniu Hezhou and Dongsheng Shenzhou.

He was just worried that Buddhism would betray the ancient world of immortality.

Duobao Tathagata forced him to do nothing. In the past, a saint could rebel against Taoism and become a Buddha. In the future, he could rebel against the ancient world of immortality and become a world of his own.

Su Chen also thought of the gods of Westerners, the gods of Japanese pirates, and the gods of Asan.

This made Su Chen have to be careful about the betrayal of Buddhists. The fortresses of Xiniu Hezhou and Dongsheng Shenzhou were not only to deal with the Western gods, but also to prevent Buddhism. betrayal

"Ah, Brother Monkey, hurry up and urge the Buddhist people, I will die!"

"Senior brother, the pain is really unbearable."

"My old grandson is also in severe pain. You should be more patient. The Five Directions are already notifying Buddha Tathagata."

Sun Wukong and the other three were sitting on the side with the support of some protectors Jialan. They were still grinning in pain.

At this time, the golden-headed monk received a reply from Buddhism, and he hurriedly said to Sun Wukong, "Great Sage, the ancient Buddha who burns the lamp We'll be there soon. Just hold on."

"Okay, okay, I, Old Sun, will be patient a little longer."

Randeng Ancient Buddha?

How come that unlucky guy is here?

Could it be that Randeng Ancient Buddha wants to kill the scorpion spirit this time?

It's his fault!

Buddhism is really making a fuss out of a molehill, and a golden immortal's scorpion spirit is used. Is a quasi-sage coming to kill him?

Su Chen touched his chin and started to make random guesses. The arrival of the Randeng Ancient Buddha this time may not be simple.

Could it be that the Randeng Ancient Buddha came to deal with himself?

This is impossible.

Buddhism does not dare to do this now. Do it, otherwise, those who are waiting for Buddhism will be exterminated.

Twenty-four Dinghai Divine Pearls?

That shameless guy Ran Deng, he won't still be obsessed with the twenty-four Dinghai Divine Pearls, right?

Su Chen thinks his The guess may be correct.

Ran Deng used the twenty-four Dinghai Divine Pearls and the Qiankun Ruler to evolve the twenty-four Dinghai Divine Pearls into the twenty-four heavens. From then on, his magic power was endless, and his strength was only second to the Tathagata Many Treasures.

Boom!

At this time, a powerful aura suddenly appeared in the daughter country, and a bald monk appeared next to Sun Wukong and others.

"I've seen the ancient burning lamp Buddha!"

Wufang Jiedi and the eighteen Dharma protectors Jialan saluted the arriving monks one after another and said,

"Amitabha!"

When Sun Wukong saw the arrival of the Ancient Buddha, he shouted, "Old Buddha, please save us, we are going to die from pain."

"Sun Wukong, don't worry, I will save you first."

The Ancient Buddha of Burning Deng looked at Su Chen next to him.

He took out a lamp and threw it at Sun Wukong and the others. When the lamp flew over Sun Wukong and Zhu Bajie, a ray of light shone on the bodies of Sun Wukong and Zhu Bajie..

Spiritual Vulture Palace Lamp?

One of the four great spiritual lanterns in the prehistoric fairy world.

Su Chen looked at the lantern that the ancient Buddha took out and thought about it.

The four great spiritual lanterns in the prehistoric fairyland,

Nuwa's lotus lantern, I The eight-view palace lantern, the original jade-glazed lantern, and the vulture lantern of the ancient Buddha Ran Deng. Among them, the lotus lantern of Nuwa was given to Yang Chan, the third holy mother.

According to legend, if the four spiritual lanterns are put together, they will I don't know if it's true that I can summon heavenly fire.

"Okay, it doesn't hurt anymore"

"Finally it doesn't hurt anymore. Just now it hurt me to death."

"It really doesn't hurt anymore, thank you to the Ancient Buddha of Ran Deng!"

Under the treatment of the Spiritual Vulture Lamp, Sun Wukong and the three of them no longer feel any pain.

"Sun Wukong, the pain of the three of you has been temporarily suppressed by the vulture lamp. If you can't find the antidote within three days, you will still be in pain."

"Ancient Buddha of Ran Deng, can't you remove the poison of scorpion spirit?"

"There is no way. The poison of scorpion spirit is very special. When Buddha Tathagata was poisoned by scorpion spirit, he still relied on Guanyin Bodhisattva's three-light divine water to cure it. If you don't find the antidote, you may have to suffer from pain for three months. In the future, you will be poisoned. will slowly dissipate"

"Holy shit, it hurts for three months? Then isn't this old pig going to die from pain?"

"Yeah, what should I do?"

"Ancient Buddha, is there a way to detoxify the scorpion spirit? Zhu

Bajie and the other three turned dark when they heard the words of the Randen Ancient Buddha. They originally thought that the Randen Ancient Buddha had completely detoxified them, but they did not expect that they only temporarily suppressed the poison of the scorpion spirit. The

Randen Ancient Buddha smiled and said ,

"Of course she has a way to detoxify the scorpion spirit's poison!"

When Sun Wukong heard what the ancient Buddha said, he hurriedly offered his hand and asked,

"I also asked the ancient Buddha to surrender that monster. The sting of that scorpion spirit is really unbearable."

"Sun Wukong, you need the help of the Emperor of Heaven for this."

Sun Wukong heard the words of the ancient Buddha and said doubtfully,"Emperor of Heaven? Suchen? Gu Fo, are you kidding? The Emperor of Heaven's magic power is low, how could he possibly subdue that monster?"

"No, the Emperor of Heaven can."

Randeng Ancient Buddha nodded to Sun Wukong, then looked at Su Chen and asked,

"Emperor of Heaven, is the poor monk right?"

Su Chen nodded expressionlessly and said, "Yes, I can indeed control the scorpion spirit."

I guess!

You old bastard!

Su Chen didn't expect that this old bastard, Ran Deng Ancient Buddha, would guess his thoughts.

Su Chen really didn't want Buddhism to kill the Scorpion Spirit.

The Scorpion Spirit didn't do any harm to nature, nor did he want to do anything to Tang Sanzang. It was disadvantageous, and the potential of the scorpion spirit was also very huge.

Su Chen had previously planned to ask Guanyin Bodhisattva and the others to collect the scorpion spirit alone. He did not expect that the ancient Buddha of Randen would see through all this. Could it be that this old bastard has been paying attention to him?

When Sun Wukong and Zhu Bajie heard what Su Chen said, their eyes widened.

They did not expect that Su Chen could subdue the scorpion spirit. If Su Chen could subdue the scorpion spirit, then why did Su Chen escape just now?

Could it be that Su Chen was Did they deliberately attract the scorpion spirit to cause trouble for them?

Sun Wukong and the other three thought that the monsters they met along the way all had owners, from heaven and Buddhism. This made them all guess that the scorpion spirit was probably left by Su Chen on purpose. their disaster

"That would trouble the Emperor of Heaven"

"Ran Deng, your spirit vulture lantern is pretty good. How about you lend it to me?"

Randeng Ancient Buddha trembled in his heart when he heard Su Chen's words.

He didn't expect that Su Chen would have the idea of his vulture lantern. This Emperor of Heaven really has a revenge, he just calculated Su Chen, he didn't expect Retribution comes so quickly,

"The Emperor of Heaven was joking, I am just an ordinary lamp, nothing interesting to look at."

"Yeah? You don't think I don't know about the four great spiritual lanterns of the prehistoric times and the burning ancient Buddha, do you?"

Chapter 1862

Su Chen couldn't make life easier for the old sinister Randen Ancient Buddha. He couldn't snatch the vulture lamp from the Randen Ancient Buddha now, but he still had to make the Randen Ancient Buddha worry for a while. It would be good if we snatched all the four spiritual lanterns. The Third Holy Mother Yang Chan is his own woman. If the four great spiritual lanterns are given to the Third Holy Mother Yang Chan, the strength of the Third Holy Mother Yang Chan will be even more powerful in the future.

"Heavenly Emperor, it is not easy to get the four spiritual lamps. I advise Heavenly Emperor to give up this idea!"

The Ancient Buddha of Ran Deng did not expect that Su Chen knew about the four spiritual lanterns.

However, the other three spiritual lanterns were all in the hands of the saint. The other three lamps that Su Chen thought of were probably fanciful.

Su Chen smiled and said to Ran Deng. Denggu Buddha threatened,

"Yeah? The eight sceneries palace lantern of the saint Laozi, the jade-glazed lantern of the original saint, and the lotus lantern of the Nuwa Empress. It shouldn't be difficult for me. At most, I promise those saints a cause and effect."

"I think that because of the cause and effect of the Heavenly Emperor, the spiritual lanterns in the hands of those saints will be handed over to me. Do you think they are the lamp-burning ancient Buddhas?"

Randeng Ancient Buddha was confused when he heard Su Chen's words.

He didn't expect that Su Chen would do this.

A cause and effect of the Emperor of Heaven?

The previous saints didn't care at all, but since Su Chen became the The Emperor of Heaven and the prehistoric immortal world are all under the rule of Su Chen. If Su Chen really promised a cause and effect to the saints, those saints would really agree.

"you.....Heavenly Emperor, this is not necessary, a cause and effect is of great importance, you should consider clearing it."

Su Chen smiled evilly and blackmailed the ancient Buddha of Ran Deng,

"Ran Deng Ancient Buddha, as long as you hand over the money, I won't try to build your vulture lantern."

"this....."

"Lantern Ancient Buddha, you only have one chance. Besides, money is useless to a quasi-sage like you. Think about it."

Sun Wukong, the three of them and the five parties beside them revealed the truth. The eighteen Dharma protectors Jialan all looked at Su Chen and the Randen Ancient Buddha in confusion. They did not expect that Su Chen would blackmail the Randen Ancient Buddha.

Zhu Bajie had a look on his face. Confused, he asked, "Brother Monkey, is Su Chen blackmailing the ancient Buddha's spiritual treasure?"

"Second Senior Brother, I'm afraid this is true!"

Sun Wukong nodded beside him and said doubtfully,

"Yes, Su Chen was blackmailing Ancient Randen Buddha. There might be something wrong with what Su Chen and Ancient Buddha said before. Otherwise, Su Chen would not have blackmailed Ancient Buddha.

Zhu Bajie looked at Su Chen and exclaimed, "Damn it, isn't Su Chen afraid that the Deng Deng Ancient Buddha will destroy him?"

Sun Wukong shook his head and explained,

"The ancient Buddhist monk Ran Deng didn't dare. Do you think Su Chen wasn't on guard against Buddhism when he continued to go with us to obtain scriptures?"

"Su Chen was not worried about Buddhism attacking him at all. He might even deliberately lure Buddhism into taking action. If Buddhism dared to attack Su Chen, Heaven would have an excuse to go to war against Buddhism."

When Zhu Bajie and Monk Sha heard Sun Wukong's words, they looked at Su Chen and were very surprised.

Zhu Bajie and Monk Sha thought of the heavenly soldiers and generals in Xiling Fortress, and they were speechless to Su Chen.

In the prehistoric immortal world, the Emperor of Heaven really made them. After seeing this, they didn't expect Su Chen to be so insidious.

Randen Ancient Buddha nodded in agreement with a bitter look on his face.

"Heavenly Emperor, I agreed. This is landed money. I hope you will keep your word."

Randeng Ancient Buddha felt very bitter.

If Randeng Ancient Buddha had known that this would happen, he would not have come to help Sun Wukong. He lost a spiritual treasure once he saw Su Chen.

He only saw Su Chen twice in total. The first time, the ancient Buddha of Ran Deng lost the twenty-four Dinghai Divine Pearls that were crucial to him, and the second time he lost the money.

It was not that he did not think of killing the Emperor Su Chen, but he did not dare.

The entire Buddhism Even if the Emperor of Heaven dares to come and continue to participate in the Buddhist scriptures,

I am afraid that he has already taken precautions against Buddhism. Besides, the heavenly soldiers and generals in the Xiling Fortress are not just decorations. If the Buddhists dare to touch the Emperor Su Chen, the army in the Xiling Fortress will probably be destroyed. Will tread down the spiritual mountain of Buddhism

"Don't worry, this Emperor of Heaven always keeps his word."

Su Chen smiled after taking the Lingbao money.

He didn't expect the money to be obtained so easily.

It seems that the ancient Buddha was afraid.

The ancient Buddha had lost twenty-four Dinghai beads. He Maybe he was really worried that he would ask for the vulture lamp from the two saints of Buddhism.

Su Chen guessed that the ancient Buddha of Randen was in Buddhism, and he was probably not taken seriously by the two saints of Buddhism.

The ancient Buddha of Randen nodded when he heard Su Chen's words. He quickly disappeared.

He didn't dare to stay any longer.

Emperor Su Chen was a ruthless and ruthless person who could eat people without spitting out their bones. The ancient Buddha was worried that if he stayed for a while longer, he might lose another spiritual treasure.

"Su Chen, when are you going to get rid of the scorpion spirit?"

"Yes, we only have three days. After three days, we will be in pain again."

"Emperor of Heaven, hurry up and subdue that monster."

When Sun Wukong and the others saw that Su Chen was still standing here unhurriedly, they all hurriedly urged Su Chen.

Sun Wukong and the others didn't want the scorpion spirit's poison to attack again in three days. They didn't want to suffer that kind of pain again. tried

"Don't worry, don't you have three days? I will detoxify you within three days."

Su Chen shook his head and said to Sun Wukong and the others.

Now he also wants to think about how to deal with the scorpion spirit. Is he going to let some powerful people come and conquer the scorpion spirit?

Or should he go over and persuade the scorpion spirit?

"That's good!"

Sun Wukong and the other three were no longer anxious after hearing Su Chen's words.

Su Chen actually said this, and they would definitely detoxify them. If Su Chen couldn't handle the scorpion spirit, he would also ask the Pleiades star official to detoxify them.

Xiniu Hezhou , outside the frontier fortress of Xiniu Hezhou, a fat-headed monk and a bearded Westerner wearing golden armor were talking in a valley.

"Zeus, this is what happened in the prehistoric fairy world. Five hundred years from now, we must be careful about the heaven in the prehistoric fairy world, otherwise you, the Western God Realm, may be completely defeated this time."

"Tathagata Duobao did not expect that the prehistoric immortal world would be unified, and that a small golden immortal could become the emperor of the prehistoric heaven. Don't you have powerful gods in the prehistoric immortal world?"

"The Heavenly Emperor Su Chen is not simple. In just five hundred years, the Heavenly Emperor Su Chen has become the Heavenly Emperor. He is even supported by more than twenty quasi-sages. You should not underestimate the Heavenly Emperor."

"I know, I will inform God Jehovah and Odin!"

"See you in five hundred years!"

"See you in five hundred years!"

In the Pipa Cave, after the Scorpion Spirit imprisoned Tang Sanzang, she waited for Su Chen's arrival with peace of mind. She did not believe that Su Chen would not arrive unless Su Chen would not care about Tang Sanzang's life and death.

"Mr. Su, you can't escape my grasp. I will settle the score with you when you come over to play!"

Chapter 1863

In the Daughter Kingdom,

Su Chen has been thinking about how to deal with the scorpion spirit here for the past two days.

Two days have passed, but he has never thought about calling a powerful immortal to capture the scorpion spirit? It was better for him to go over and convince the Scorpion Spirit himself.

The three of them, Sun Wukong and Su Chen, were not worried. They were all very anxious. There was only one day left, but Su Chen hadn't made any movement yet, so they all started to worry.

"Brother Monkey, what do you think Su Chen has been thinking about these past two days? He didn't forget to detoxify us, right?"

"Yes, senior brother, the master is still in the hands of that monster. If the Emperor of Heaven does not pass by, the master may be in danger."

"If you wait a little longer, Su Chen may have other plans, and may even be waiting for some immortal to arrive."

Zhu Bajie, Sun Wukong, and Monk Sha looked at Su Chen's leisurely look.

Although they were anxious, they did not dare to disturb Su Chen at this time. They were worried that if Su Chen was angered, the bastard would not detoxify them.

Zhu Bajie Suddenly finding that Su Chen had disappeared instantly, he hurriedly shouted to Sun Wukong, "Brother Monkey, look, Su Chen is gone. He should go find the scorpion spirit.""

Sun Wukong nodded and said,

"It should be, we don't have to worry anymore, Su Chen will bring the master back tonight, and even our poison will be lifted."

At this moment, in the Queen's Palace of the Daughter Kingdom, the Queen looked at the flat peaches on the table and was very curious. Half of the peaches had been there for two days, why haven't they gone bad?

The Queen took a look at the flat peach, and she guessed that this It's definitely not an ordinary peach. Su Chen's identity is not simple. This peach should be a spiritual fruit.

Do you want to take a bite?

Just take a bite.

No one will see it anyway.

The Queen thought for a moment and took a bite of the peach. Eat it,

"Huh? This peach is so delicious, and the body feels very comfortable after eating it. This must be a spiritual fruit."

The queen looked around and continued to eat.

After a while, half of the flat peach was eaten by the queen.

Boom boom boom!

At this time, the body of the queen of the daughter country suddenly burst out with a powerful momentum, and her palace was overwhelmed. It was shattered by the shock.

The Queen of the Daughter Kingdom sat down with her eyes closed and remained motionless.

"What happened?"

"It's the Queen. Something may have happened to the Queen!"

"Save the Queen, everyone, save the Queen!"

"No, we can't enter the Queen's palace at all. How could this happen?"

"monster? Is there a monster trying to kill the queen?"

The ministers and troops of the Daughter Kingdom gathered outside the queen's palace. They were all very worried. They couldn't enter the palace at all. They didn't know if something happened to the queen now.

Zhu Bajie was very surprised when he looked at the queen's palace.

The aura erupting from the Queen's Palace made him feel scared.

This was probably the aura of a quasi-saint.

"Brother Monkey, is this what happened? How could the queen of the daughter country burst out with such a powerful aura?"

Sun Wukong was also confused.

He had seen the queen of the daughter kingdom.

The queen was just an ordinary human woman, not a monster.

How could such a powerful aura burst out today?

Sun Wukong looked at the palace and shook his head. He shook his head and said, "I don't know, the queen of the daughter country is probably not a simple person."

"Brother Monkey, should we go and take a look?"

"Can you go in?"

"Uh, no!"

"That's bullshit, even I, Old Sun, can't break in."

Sun Wukong and the other three looked at the Queen's palace one after another. They all wanted to know what happened to the Queen. Why did she suddenly burst out with such a powerful aura?

Outside the Pipa Cave,

Su Chen did not go in directly when he appeared here. He was also worried. If you enter suddenly, you will be stung by the scorpion spirit.

In the Pipa Cave, the scorpion spirit was very happy to see Su Chen appear. When she saw that Su Chen did not come in outside the Pipa Cave, the scorpion spirit said with a sweet smile,

"Mr. Su, you're here unexpectedly. Why can't you come in? Are you afraid of coming to my Pipa Cave?"

Su Chen coughed when he heard Scorpion Jing's words and said, "Ahem, Scorpion Jing, I have three things to do when I come here this time."

"you say!"

"First, I hope you let Tang Sanzang go. Tang Sanzang is from the Buddhist sect. You should also know how powerful the Buddhist sect is. If a strong Buddhist sect comes, you will definitely be killed by a strong Buddhist sect."

Scorpion Spirit smiled when he heard Su Chen's words and said,

"That monk Tang Sanzang is of no use to me. I arrested him because of you. Now that you have arrived, I can let Tang Sanzang go. Tell me about the second thing."

"Second, I hope you can cure the poison in Sun Wukong and the other three."

"Haha, this is easy, as long as you stay, I will cure the poison of Sun Wukong and the others immediately. What about the third thing?"

"You did the first two things first, I'm talking about the third thing"

"Can!"

The Scorpion Spirit thought that Su Chen had arrived, and there was no need for her to imprison Tang Sanzang anymore. She would not let Su Chen escape from under her eyes this time.

After a while, the Scorpion Spirit came out with Tang Sanzang,

"Mr. Su, Tang Sanzang has been brought out. I will give the antidote to Tang Sanzang."

Su Chen glanced at Tang Sanzang, who was shrinking in spirit, and said,

"Tang Sanzang, I will send you back to the palace of the daughter country, and you will give the antidote to Sun Wukong and the others."

"Amitabha, thank you, donor Su."

Tang Sanzang called Su Chen a Buddhist name and hurriedly replied that he was not willing to stay with the monster for a moment.

Although he had not been tortured in the past two days, he was scared to death by this monster in the past two days.

What? They ate him alive, fried him, and even skinned him and cramped him up.

Tang Sanzang was so frightened that he didn't dare to rest for two days.

Su Chen looked at Tang Sanzang and held his hands for a while, and he used the law of space to kill him. Tang Sanzang moved back to the palace of the daughter country

"Tell me about the third thing!"

Su Chen smiled when he looked at the beautiful scorpion spirit.

He didn't expect that the scorpion spirit would be so obedient. Su Chen also felt very good about this scorpion spirit. Su

Chen crossed his arms and said to the scorpion spirit,

"The third thing is, I can agree to take you as my concubine, but your strength must be raised to Quasi-Saint before I can marry you." The

Scorpion Spirit was very angry when he heard Su Chen's words.

This bastard is simply messing around. ,

Scorpion Spirit guessed that Su Chen had no intention of marrying her or being with her.

"Taking a concubine? Do you need to be a quasi-saint to marry me? Are you talking nonsense and you still want me to be your concubine? Don't even think about it, what else are you talking about as a quasi-sage? Do you know how long it takes to cultivate to a quasi-sage? Ten thousand years? One hundred thousand years? Millions of years?"

Chapter 1864

Su Chen smiled when he heard Scorpion Jing's words.

He also wanted to delay for some time before promising Scorpion Jing. If Scorpion Jing could really cultivate to a quasi-sage, he would also accept Scorpion Jing.

After all, she is a beautiful and beautiful woman.

Su Chen would not have too much.

Su Chen took out a six-thousand-year-old flat peach and handed it to Xie Zi Jingdao,

"Pipa, look at this, do you still think I'm deceiving you?"

"this.....Is this a flat peach?"

The scorpion spirit was very surprised when he took Su Chen's flat peach.

This peach was full of spiritual energy.

It was not a spiritual fruit, nor an ordinary fairy fruit.

It turned out to be a flat peach grown from the top-grade spiritual root flat peach tree.

Su Chen nodded. continued,

"Yes, these are six thousand years of flat peaches. There are enough flat peaches, and there are even other resources for you. Pipa, how long do you think it will take for you to cultivate to a quasi-sage with these resources?"

"who are you?"

The Scorpion Spirit looked at Su Chen and asked coldly,"

The flat peach with the best spiritual root cannot be obtained by just anyone.

Heaven is now at its peak.

The Queen Mother is said to be the woman of the Emperor of Heaven. The Queen Mother's flat peach is not something that just anyone can obtain."

"Suchen!"

"Suchen? Suchen? you.....Aren't you the Emperor Su Chen?"

Su Chen nodded and admitted with a smile, "Correct answer, but there is no reward!"

The Scorpion Spirit was frightened.

She didn't expect that the man she fell in love with was actually the Emperor of Heaven. Could this bastard be deceiving her? The

Scorpion Spirit looked at Su Chen and asked loudly in disbelief, "How is that possible? How can this be? How can you be the Emperor Su Chen? I don't believe it, are you cheating on me?"

Su Chen heard what the Scorpion Spirit said and shouted to the people around him, "The land, mountain gods, and river gods all come out to see this emperor!"

After Su Chen called the Earth Mountain God, three people immediately appeared outside Pipa Cave.

When they saw Su Chen, they immediately saluted and said,

"The land of the daughter country (mountain god, river god), see Emperor of Heaven"

"Pipa, believe it now!"

After Su Chen waved his hands to the three Tutu people, he looked at the confused Scorpion Spirit and asked with a smile.

After the three little gods of Tu Tu disappeared, the Scorpion Spirit's eyes looked at Su Chen with disbelief.

Su Chen She is really the Emperor of Heaven.

No wonder, no wonder Su Chen agreed to let her be a concubine.

With the powerful quasi-sage powers like the Queen Mother, she was lucky to be a concubine.

The Scorpion Spirit asked Su Chen with a complicated expression. He said, "What you just said is true?"

"Of course, I am the Emperor of Heaven, and what I say always counts."

"I promised, if you dare to deceive me, even if you are the Emperor of Heaven, I will never let you go in the future."

"Haha, that will have to wait until you become stronger."

Su Chen didn't expect to get rid of the scorpion spirit so easily, but this scorpion spirit is really a bit innocent.

Taiyin Star,

Chang'e and Chang Xi were talking about setting up the Zhoutian Star Array.

Suddenly,

Chang Xi stood up suddenly When she got up, she felt very incredible.

Chang Xi could feel Xi He's breath. If she and Xi He hadn't come from the same lunar star, she wouldn't have been able to feel Xi He's breath.

Chang'e saw Chang Xi stand up suddenly,

She asked doubtfully,

"Sister, what's wrong?"

Chang Xi trembled a little and took Chang'e's hand and said,

"I....I feel the breath of my sister Xihe. Isn't my sister's soul gone?"

"What? Taiyin goddess Xihe? Is Xi He's sister really still alive?"

"It was unmistakable, it was Xi He's sister's aura. Chang'e guessed and said after hearing Chang Xi's affirmation,

"Sister, during the lich war, didn't Xi and sister explode and lose their souls? Why would Xi and his sister appear again? Is there any conspiracy behind this? Chang

Xi shook his head and explained,

"No, after Xihe's sister self-destructed, her spiritual treasure, the Sun Jing Chakra, also disappeared. I suspect that my sister's soul should have been taken away by the Sun Jing Chakra."

After Chang'e heard Chang Xi's words, she guessed that Xi He was probably not dead, and that the aura that appeared in the ancient immortal world was really Xi He.

She hurriedly said to Chang Xi, "Then let's go and have a look, Xi He. My sister should have recovered her mana and memory now."

"Come on, let's go down to the next world and have a look!"

Outside the Pipa Cave,

Su Chen asked the Scorpion Spirit to take his token to heaven.

The Scorpion Spirit's current strength could not help him, so Su Chen planned to let the Scorpion Spirit practice in the Flat Peach Garden. In the Flat Peach Garden, not only the flat peaches are needed, but also the flat peach.

With Enlightenment Tea,

Scorpion Spirit can get twice the result with half the effort by cultivating in the peach garden with rich spiritual energy. I believe that it will not take tens of thousands of years for Scorpion Spirit to become stronger and help him in the future. Su Chen returns to the palace of the daughter country

Seeing the powerful aura erupting from the Daughter's King's Palace, he was confused.

Su Chen had only left the Daughter's King's Palace for less than half a day. Why did another accident happen in the Daughter's Kingdom?

"Sun Wukong, what happened again?"

"Su Chen, you are back."

After Sun Wukong saw Su Chen and said hello, he said to Su Chen, "Su Chen, I don't know what happened in the Queen's Palace. You burst out with a powerful aura just after you left. Until now, there is no such thing. dissipate."

Su Chen was also very confused when he heard Sun Wukong's words.

The queen is obviously an ordinary human woman. How could the aura of a quasi-sage burst out from her palace?

Boom boom boom.....

"Darling, this aura is too powerful. Who is the queen?"

"Second Senior Brother, the Queen is probably a reincarnated powerful person. She may have restored her memory and strength this time."

"Well, Junior Brother Sha is right, this is indeed a powerful aura, and this daughter's country may soar into the sky."

Zhu Bajie and Sha Monk started talking on the side.

They were all frightened by the Queen's burst of aura.

Zhu Bajie and Sha Monk were only one Golden Immortal and one was at the peak of Xuan Immortal.

If the Queen's memory and strength were completely revived, they might be afraid Even a little finger of the queen could not compare with it.

Su Chen was forced back by the powerful aura.

He couldn't understand why he was so good.

The queen of the daughter country would burst out with such a powerful aura.

He heard After hearing what Zhu Bajie and Monk Sha said,

Su Chen became even more confused.

The plot did not mention the origin of the Queen of the Daughter Kingdom. Is the Queen really a powerful reincarnation?

So, who is the powerful reincarnation of the Queen of the Daughter Kingdom? ?

"Su Chen, you are here too?"

"Chang Xi, Chang'e, why are you here?"

Chapter 1865

Su Chen was very surprised when he saw Chang Xi and Chang'e suddenly appearing.

Aren't Chang Xi and Chang'e setting up the star array in the heaven? How could they appear in the daughter country? Could it be that something happened to the Zhoutian Star Formation?

Chang Xi and Chang'e didn't expect that Su Chen was also in the Daughter's Kingdom.

They felt that Xi and Su Chen might have something to do with this bastard. But if Su Chen went there, something big would happen.

"Su Chen, this is Xi and sister recovering." Chang'e pointed to the queen's palace and hurriedly said to Su Chen.

Su Chen was very surprised when he heard what Chang'e said.

"What? Xihe? Is Xihe, Queen of the Demon Clan, coming back to life? Isn't Xihe in a state of despair? How could she recover again?"

Chang'e shook her head and explained, "I'm not sure. Sister Chang Xi said it might be Xi He's spiritual treasure, the Sun Essence Chakra, which took away Xi He's sister's spirit when Xi He blew himself up.""

Su Chen saw Chang Xi nodded next to him, and he felt like his head was pounding.

Riou!

What if Xihe recovers?

Will the prehistoric fairyland become chaotic again?

Will the demon clan return to Xihe's command ? ?

This is his fault!

Xi He is a crazy woman.

The Queen Xi He was able to self-destruct after the death of the demon emperor Jun. Such a woman is really cruel.

Su Chen looked at the Queen's palace and wanted to think of countermeasures. If the Queen Xi He was unwilling to accept the defeat of the demon clan and wanted to gather demons to rebel against heaven. So don't blame yourself for destroying the flowers. When

Sun Wukong and Zhu Bajie and others saw the appearance of Chang'e and Chang Xi, they immediately took Tang Sanzang to hide far away. Far away, the two powerful men who had just arrived were too powerful. They were very worried about what accident would happen soon.

Boom boom boom.....

At this time, in the palace of the Queen of the Daughter Kingdom, a woman suddenly appeared in the air above the palace. The woman in a white dress was very beautiful.

When Chang Xi saw the woman appearing in the sky, she shouted excitedly,

"It was Xihe sister, she really recovered."

Holy crap!

Is it really Xihe?

How to do this?

How could the Queen of the Daughter Kingdom be Xihe?

Su Chen was very helpless when he saw the changed Queen of the Daughter Kingdom in the sky, boom boom boom boom.....

"I, Queen Xihe!"

Suddenly,

Xi He in the sky announced his return to the ancient world.

All the creatures in the ancient world were confused by the sudden announcement.

Xihe, the Queen of Heaven?

Who is this? Is she the woman of the Emperor of Heaven?

"Queen? When did the Emperor of Heaven have a Queen?"

"I've never heard of Queen Xihe. Why does this name seem so familiar?"

"Something big is going to happen. You all don't know about the two clans of witches and witches dominating the ancient world. Queen Xihe is the wife of the Demon Clan's Demon Emperor Jun."

"Let me go, didn't Tianhou Xihe die after hearing that he blew himself up? How is she still alive?"

"I don't know, but if the queen gathers demons again to rebel against heaven, I'm afraid a catastrophe is inevitable."

"well! Why did Emperor Su Chen become the Emperor of Heaven? Things happened one after another. Emperor Su Chen was unlucky enough." The four demon saints Bai Ze and Shang Yang in the Great

Starry Sky Fortress also heard the announcement from Queen Xihe. Their faces were all very serious.

Qinyuan Demon Saint looked at the others and said,

"Tianhou Xihe unexpectedly revived. It seems that during the battle between the lich and the lich, Tianhou's soul escaped.

Demon Saint Ji Meng shook his head and said seriously, "Qin Yuan, isn't it the time to talk about these things? If Queen Xihe recovers, will the demons gather to rebel against the heaven?" Or even fight against the Witch Clan again?"

Shangyang Demon Saint heard Ji Meng's words and asked worriedly, "I'm not sure, Bai Ze, what should we do?"

Shang Yang was very worried that the demon tribe would go against the Heavenly Emperor Su Chen.

If Tian Hou Xi and Ju Yao rebelled against heaven, the demon tribe would probably be driven out by the Heavenly Emperor Su Chen.

As the Emperor of Heaven, Su Chen killed the eight human emperors. Even the more than 50 million monks and immortals of the human race were executed without leaving any trace. If the demon clan dares to rebel against heaven, the fate of the demon clan will probably be even more miserable than that of the human race. Bai Ze's face is a bit ugly, and

Queen Xihe's character is very Leng Ao, he couldn't guess what Queen Xihe would do after his resurrection this time.

However, it was impossible for the demon clan to betray the Emperor Su Chen.

Whether it was for the coming realm war or the trust that Emperor Su Chen had in the demon clan, It is impossible for the monsters in the ancient starry sky fortress to betray the Heavenly Emperor Su Chen.

Bai Ze stood up and said to the other three people with a serious face,

"We are the demon clan, but now we are also the heavenly soldiers and generals in heaven. It is impossible for the demon clan to restore its previous glory."

"You all know what kind of person Heavenly Emperor Su Chen is, and Heavenly Emperor Suchen does not treat us differently because of our demon clan."

"In the prehistoric starry sky fortress, I am the commander-in-chief of the Eastern Combat Legion. From now on, we are the demon clan's heavenly soldiers and generals in the heaven. The demon clan's heavenly soldiers and generals will not betray the Emperor Su Chen."

"Yes, Commander!"

The three people from Qinyuan immediately stood up and saluted Bai Ze.

The three of them were relieved. With Bai Ze's Demon Saint, none of their demon clan would betray the Emperor of Heaven. Su Chen,

Honghuang,

Futu Mountain, and

Wuchao Zen Master Lu Yating When he heard the announcement from Tianhou Xihe, his face turned very ugly. Lu Ya didn't expect that Tianhou Xihe was not dead.

He knew that he was in big trouble.

Damn it, why didn't Tianhou Xihe die?

Now he was going to be exposed,

Taiyin The appearance of Xing Changxi made him worry that his identity would be exposed. With the resurrection of Queen Xihe, his identity could no longer be hidden.

Alas!

It's time to leave.

Buddhism can't protect itself at all.

In the Kingdom of Daughters,

Queen Xihe is announcing in the sky After the prehistoric times, a golden moon wheel flew out from the Zimu River and appeared next to Xi He. The golden moon wheel kept rotating around Xi He.

Xi He stretched out his hand to grab the Sun Jing Wheel and showed a smile and said,

"Risei Lun, long time no see"

"elder sister!"

"Chang Xi!"

Xi He heard a familiar voice calling her.

She looked at Chang Xi on the ground station and was very happy. She did not expect that Chang Xi did not die in the Lich War.

Whoosh!

Xi He suddenly appeared next to Chang Xi,

She pulled Chang Xi and laughed. Dozens of Huiyuan sisters got along with each other, and the relationship between the two of them was very good.

Chang Xi looked at Xihe and said happily,

"Sister, I didn't expect that you didn't die. I thought that my sister completely perished in the Lich War."

Xi He took out the Sun Essence Wheel, touched it and said with emotion,

"My soul was saved by Nisei Chakra after it self-destructed, otherwise I would not have been able to live another life."

Chapter 1866

Su Chen looked at Chang Xi and Xi He and shook his head.

Do these two women forget the people next to them when they are talking? He and Chang'e seemed to have been forgotten.

Su Chen pulled Chang'e and asked in a low voice, "Chang'e, aren't you familiar with Xihe?"

Chang'e shook her head and replied, "Not familiar, I was still Chang Xi's good corpse at that time, and I had been staying with Chang Xi at that time. Cultivating in Yuanshen, I have seen Xihe only a handful of times."

"This Xihe is even colder than Chang Xi. They are both from the Taiyin star. They can't get any colder."

"Haha, Taiyin Star is very cold to begin with. It's not surprising that we have such a personality."

"That's true!"

Su Chen thought about it and didn't think it was that strange.

The Taiyin Star is always cold and the wind of evil has never stopped. I'm afraid the people on the Taiyin Star can't even be cold. Su Chen looked at the Queen of Heaven Xihe again.

She is indeed a very beautiful beauty, with a beautiful face, a perfect figure, and a cold expression. The natural talent of a generation of monsters is indeed different.

"Who are you?"

Xi He suddenly saw Su Chen and Chang'e.

She knew Chang'e.

Chang'e was Chang Xi's good corpse, but a man actually pulled Chang Xi's good corpse Chang'e. This made Xi He's face turn cold.

"Emperor Su Chen!"

Su Chen touched his chin and replied.

When Xi He heard Su Chen's words, he mocked coldly, "Just you? Emperor of Heaven? You are a little golden immortal, but you still brazenly say that you are the Emperor of Heaven? Why didn't you say you were Taoist?"

I guess! Can't this cold and dead woman,

Jinxian, be the Emperor of Heaven?

He is a genuine Emperor of Heaven, and he is also the first Emperor of Heaven to rule the entire prehistoric immortal world.

Su Chen didn't pay attention to Xi He's ridicule.

Su Chen shook his head. He shook his head and ignored Queen Xihe. Xihe was a mentally disturbed woman, even a crazy woman, and he was too lazy to talk nonsense to her.

"Why don't you reply? Chang Xi hurriedly pulled Xihe and explained, "Sister Xihe, Su Chen is the emperor of heaven in heaven.""

Chang Xi was worried that Xi He had offended Su Chen, or even that Xi He looked down upon Su Chen's low level of cultivation, thus causing unnecessary conflicts.

"Is he really the Emperor of Heaven?"

Xihe felt incredible when she heard what Chang Xi said.

She looked at Chang Xi's expression as if he was not joking, and it was impossible for Chang Xi to make such a joke with her.

Chang Xi nodded with a serious look on his face, "Yes, Su Chen is really the real Emperor of Heaven!"

When Xihe heard Chang Xi's confirmation, she looked at Su Chen with even more disdain.

Xihe did not expect that during the tens of millions of years she had been reincarnated, the prehistoric immortal world had become so dilapidated.

Even a golden immortal could be the emperor of heaven, then Can't they, quasi-sages, be Taoist ancestors?

"Even a little golden immortal can be the emperor of heaven. After tens of millions of years of changes, the prehistoric immortal world seems to be getting worse and worse."

Su Chen was not happy when he heard Xi He's belittling words.

No matter what he said, he was still the Emperor of Heaven.

Xi He's disdain for him was a slap in the face of Heaven.

Even if Su Chen didn't care about Xi He's attitude, he But for a Heavenly Emperor, there are countless great powers in the prehistoric immortal world who are looking at this place. Su Chen cannot lose his face and the majesty of Heaven.

"Xihe, what happened to my Jinxian? Did I eat your rice? I'm only a few decades old now. If I were an old monster like you, I could cripple you with one hand."

"Old monster?"

"It's tens of millions of years old. What is it if it's not an old monster?"

"you wanna die!"

Xi He burst out with a strong aura when he heard Su Chen's words.

This bastard Emperor dared to call her an old monster and also said that he was older? How could she, a charming and charming woman, look like an old monster?

"Chaos clock!"

Su Chen hurriedly summoned the Chaos Bell to resist Xi He's powerful aura.

Xi He is this crazy woman!

Is a battle inevitable?

"Donghuang Bell? How could you have the Donghuang Bell?"

Xi He was very surprised when he saw the Chaos Bell protecting Su Chen.

Why was the Donghuang Bell of Donghuang Taiyi in Su Chen's hand?

Could it be that the Emperor of Heaven found Donghuang Taiyi's bell after the death of Donghuang Taiyi ? The innate treasure Donghuang Bell?

"Sister, please take away your breath."

At this time,

Chang Xi and Chang'e also reacted.

Chang Xi shouted to Xihe anxiously, while Chang'e also hurriedly used magic power to resist Xihe's powerful aura for Su Chen.

"Old monster, this is the Chaos Bell, not the East Emperor Bell"

"Chang Xi, Chang'e, please get out of the way. Donghuang Taiyi's Donghuang Bell cannot fall into the hands of this little scumbag."

Su Chen said angrily to Xihe,

"Let me guess, you are the little scumbag. When you are as old as me, I am afraid you are still an embryo, a thing like a small bean sprout. I can destroy you with just one little finger."

"you wanna die!"

When Xihe heard Su Chen's words, he appeared in front of him instantly. She grabbed Su Chen and disappeared without a trace.

"Sister Xihe!"

"Suchen!"

Chang Xi and Chang'e were very helpless when they saw Xi He kidnapped Su Chen. Now that they have lost Xi He's aura, it may not be easy to find Xi He.

Chang'e looked at Chang Xi and asked worriedly He said,"Sister Chang Xi, will something happen to Su Chen?"

"Otherwise, that bastard is just seeking death. Alas, I am not worried about Su Chen now, but I am worried about Xi and his sister. If Xi and his sister are still so cold and arrogant, they may really have a conflict with Su Chen in the future."

Swish swish swish".....

At this time, the Queen Mother, the Holy Mother Wudang, the Holy Mother Jinling, and Yunxiao appeared next to Chang Xi in an instant.

The Queen Mother looked at Chang Xi and asked hurriedly,"Chang Xi, Chang'e, will something happen to Su Chen?"

Chang Xi shook his head and replied,

"No, Xihe won't kill me just because of my face. Morning, but I'm afraid I'll teach that bastard a lesson"

"That's good, just teach that bastard a lesson, so that he won't be able to control his mouth in the future."

The Queen Mother and her daughters breathed a sigh of relief after hearing this.

As long as nothing happens to Su Chen, they are in love with Xihe and teach Su Chen a lesson. Are they too old?

Old monsters?

These women are all the same as Xihe, Su Chen said Wasn't Xi He talking about them?

After Sun Wukong and others heard the conversation of these women, they all looked at each other. They couldn't afford to offend any of these women.

The four masters and disciples of Sun Wukong If Xi He hadn't retreated far away early in the morning, Xi He's burst of breath would have definitely knocked them away.

Zhu Bajie whispered to Sun Wukong,

"Brother Monkey, is Su Chen leaving again?"

"I know shit, but I probably won't be here recently!"

"I really hope that Su Chen will not come back. We still encounter some little monsters when he is not here. As soon as Su Chen comes back, it will become a hell-level difficulty for us to learn the scriptures."

Chapter 1867

Zhu Bajie really didn't want Su Chen to come back.

As soon as Su Chen came back, the monsters they encountered would be powerful.

Zhu Bajie and the others were also worried that something would happen to Su Chen. If a low-level Emperor of Heaven was assassinated beside them, Zhu Bajie would A few people might be chopped alive by those powerful powers.

Sun Wukong and Monk Sha nodded when they heard Zhu Bajie's words.

They also didn't want Su Chen to come back.

Just like today, if Su Chen wasn't here this time, would they be stung by the scorpion spirit to death? Will you encounter a reincarnated and resurrected power?

In Tanggu,

Xihe grabbed Su Chen and appeared here instantly.

Xihe let go of Su Chen and looked at the place. The hibiscus tree was no longer here, and her ten children were no longer here. Nine of the ten children died. Three, she didn't know if the remaining one was dead.

"Is this Yutani?"

Su Chen was very surprised when he looked at this place.

The environment here is beautiful and the aura is very rich.

Although the aura here is not as rich as the aura in Pupan Taoyuan, the aura here is pretty good compared to some caves in the prehistoric fairyland.

But why is there a big pit next to the spring?

Spring water?

This couldn't be Gan Yuan, could it?

That big pit couldn't be where the hibiscus tree used to be, right?

Xi He looked at Su Chen and asked in surprise,

"You actually know this is Yugu?"

"Ahem, understand something, understand something."

Well, isn't this where Emperor Jun and Xihe's children live?

However,

Queen Xihe is really amazing. She gave birth to ten babies in one birth.

These are 10 babies!

Humans want to give birth to 10 babies. Fetus, that is simply a dream.

Xihe stared at Su Chen with cold eyes and asked,

"Emperor of Heaven, how do you want to die? Su

Chen waved his hand and said nonchalantly, "Come on, Xihe, if you want to kill me, why don't you bring me here?" Tell me, why did you bring me here?"

"Humph, do you really think I dare not kill you?"

"You dare, you dare, Queen Xihe, if you have something to say, please tell me immediately, I still have something to do."

Xi He's face turned red when he looked at Su Chen.

When Xi He was about to kill Su Chen, the memory of the Queen of the Daughter Kingdom made her understand everything.

She was able to recover this time thanks to Su Chen's flat peach.

Otherwise, she would still have Will not be able to transcend in endless reincarnations

"I ate half of the peaches you left. I was able to recover from reincarnation thanks to your peaches."

Su Chen was surprised when he heard Xi He's words and said,

"What? You actually ate the remaining flat peaches I had? No wonder you were just a little queen before. I didn't expect you to wake up after eating my flat peach."

"Shut up, you'd better keep this matter in your stomach, otherwise you should understand the consequences"

"Got it, crazy....Ahem, Xihe, I will go back if nothing happens. You can stay here to remember your child."

"get out!"

Damn it!

Dead woman!

Crazy woman!

Don't fall into his hands in the future.

Su Chen thought that if Xi He falls into his hands in the future, he will let Xi He know why the flowers are so red.

Su Chen was leaving Suddenly he said to Xihe,

"Your tenth child is not dead, but it can be said to be dead."

"Xiao Shi is still alive?"

Xi He asked in surprise when he heard Su Chen's words.

Su Chen shook his head and explained,

"Lu Ya is no longer Jinwu Lu Ya. Chang Xi told me that Lu Ya may have been taken away by the spirit of Lihuo. Lu Ya is now the Buddhist Zen Master Wuchao, and his strength is still a quasi-sage."

Su Chen is worried that this crazy woman will be deceived when she meets Lu Ya in the future.

What he is telling Xi and Lu Ya now is to let her be careful about the plot against her by Lu Ya, the Spirit of Li Fire.

"The spirit of Lihuo in chaos? It turns out that's the case. No wonder Xiao Shi has been acting strangely since the other Golden Crows died. It turns out that Xiao Shi might have been taken away from him at that time."

Xihe also understood after hearing Su Chen's words.

I'm afraid Chang Xi has been fully aware of Xiao Shi's investigation over the years, but why didn't Chang Xi kill Lu Ya, the spirit of Lihuo?

"Didn't you check Lu Ya at that time?"

"Nine children died at that time, and it was too late for us to grieve. At that time, we were only thinking about revenge, and we ignored Xiao Shi's strange behavior."

Su Chen gave Xi He a thumbs up and said with admiration,

"You are so awesome, you gave birth to ten children at one time, oh no, you gave birth to ten little birds. Fortunately, there is no family planning in the ancient fairyland, otherwise you would be a super-born child."

Xi He shouted angrily when he heard Su Chen's words,

"what do you know? The ten golden crows were conceived with Emperor Jun's blood and essence. Do you think I will give birth to a little golden crow?"

Although Xihe didn't understand what family planning and birth control were

, she felt that what Su Chen said was definitely not a good thing. Su Chen was surprised and shouted,

"What? The Ten Golden Crows are not your children? The ten golden crows were not born to you?"

Su Chen is going numb!

The ten Little Golden Crows were actually conceived from Emperor Jun's blood?

Isn't this the same as the Wu Clan?

Could it be that Xihe can't have children?

Did Di Jun use the methods of the Wu Clan to create the Little Golden Crows? In this way, isn't Di Jun both father and mother?

Riou!

Thinking about it makes me sick.

I can't think about it anymore.

I can't think about it anymore.

Xihe explained with an indifferent expression,

"Yes, Di Jun wanted to have as many golden crows as the ancestral witches, but it was impossible for us to have children. Di Jun used the witch clan's method to give birth to ten little golden crows. Di Jun was afraid of being laughed at by the ancestral witches, so he only spoke to the outside world. It can be said that I gave birth to ten little golden crows."

Su Chen shook his head when he heard Xihe's explanation.

"hiss! You guys are really awesome. Even your essence and blood can give birth to offspring. Your innate power is worthy of being the great power of the prehistoric times."

"What do you know, you little scumbag? It is very possible for an innate power to give birth to offspring. Have you ever seen an innate power having offspring?"

Su Chen shook his head when he heard Xi He's words.

He had seen this shit and had never even heard of it.

The great masters in the ancient immortal world were either old virgins or ten thousand-year old maids. There was no such thing as Taoism in the entire ancient immortal world. Xihe waved his hand to Su Chen and said indifferently,

"Leave here. I will bypass you this time for Chang Xi's sake, but next time I meet you, I will still take action against you. I must take back the Demon Clan's Donghuang Bell. Su

Chen disdainfully said sarcastically to Xi He, "Xi He, you'd better inquire about me, the Emperor of Heaven, in the ancient immortal world before you talk nonsense. Otherwise, you will regret it in the future.""

"You are a little scumbag Emperor. I can destroy you with just one little finger. I don't even have to ask about you, little scumbag."

"Then I hope you won't regret it in the future. However, I am the Emperor of Heaven in Heaven and you are the Queen. In this way, we are a good match. Goodbye, Queen Xihe!"

Chapter 1868

Su Chen teased Xi He and quickly teleported away.

He was worried that the mad woman Xi He would go crazy again and attack her again.

However, he was now the Emperor of Heaven in the Heavenly Court.

When Xi He came to life, he informed the entire prehistoric fairy world that she was Tianhou Xihe, the great immortals in the prehistoric immortal world who don't know Xihe, may all misunderstand that Tianhou Xihe is his woman.

When Xihe heard Su Chen's words, he yelled angrily,

"Damn that little scumbag, I'd better go back to Taiyin Star to have a look first, and then go find that little scumbag to settle the score later."

Xi He didn't expect that Su Chen would dare to tease her when she left.

However,

Xi He wanted to learn about the Great Desolate Immortal World as soon as possible.

How many demon clans are still alive in the Great Desolate Immortal World? Are the barbarians of the Wu Clan dead?

The Kingdom of Daughters,

Sun Wukong When Su Chen and Zhu Bajie and others saw that Su Chen was back, they all looked very ugly. They did not expect that Su Chen would come back so soon this time.

Su Chen looked at the ugly faces of Zhu Bajie and others, and he He asked expressionlessly, "Why are you all crying and sad? Have you not Don't you welcome me back?"

"How is it possible, Su Chen, we thought it would take some time for you to come back"

"God, we don't mean that!"

"Su Chen, I, Old Sun, just feel that you came back too fast this time. It wasn't even half a day before you came back. We were all very surprised."

"Amitabha!"

Zhu Bajie and the others hurriedly denied it after hearing Su Chen's words.

They didn't dare to offend Su Chen. This ancestor should come back as soon as he comes back. There was nothing they could do to Su Chen.

After a while,

Master Tang Sanzang and Su Chen came back again. On the road, the ministers of the daughter country also knew that their queen was the reincarnation of an immortal, and the queen had returned to the fairy world. Their daughter country also had to choose a new queen. In the land of

Qilu, on a green mountain, a Taoist temple stood There is abundant spiritual energy in this mountain.

An old man with white hair and white beard sat in the Taoist temple and sighed, "Oh, after countless years, I still have no destiny to become an immortal. If I don't become an immortal, I will become a pile of loess.""

"You will never become an immortal in your lifetime!"

At this time, a clear voice suddenly sounded in the Taoist temple.

"who?"

"who? Jiang Ziya, do you still know me?"

A petite figure suddenly appeared in the Taoist temple. She looked at Jiang Ziya and was filled with hatred. If it weren't for Jiang Ziya, those little foxes in Xuanyuan Cave would not have died tragically.

"Who are you?" Jiang Ziya was very surprised when he saw a petite little girl appearing in the Taoist temple. He couldn't tell the level of cultivation of this little girl at all. She must be an immortal or a great demon.

"Jiang Ziya, do you still remember Xuanyuan Tomb? Do you still remember the Nine-headed Chicken Essence and the Jade Pipa Essence?"

"you.....Are you Su Daji? Impossible, Su Daji was clearly killed on the demon-slaying platform, and there is no way you will be alive again."

Jiang Ziya looked at the little fox and kept backing away in fright.

He did not expect that Su Daji was not dead, but also cultivated to become a great demon.

Jiang Ziya felt very uneasy.

He was no match for Su Daji. The Divine Whip and the Central Apricot Huang Qi has been taken back by the Chanjiao, and he has also been abandoned by the Chanjiao. His former subordinates in the heaven have also cut off contact with him.

Jiang Ziya is a man who has lost all his birds and hidden his good bows. After he became useless, he was expelled by the Chanjiao. The teacher abandoned him ruthlessly.

The little fox laughed and said angrily, "Haha....., Jiang Ziya, God allowed me to live another life, and I will come to you for revenge today. You should also go to hell to repent."

"No, no, I am presiding over the canonization of gods under the orders of my master, the original saint. You cannot kill me. If you kill me, you will offend the Chan religion and my master, the original saint."

The little fox looked at the panicked Jiang Ziya with great disdain.

During the Battle of the Gods, the Prime Minister Jiang Ziya was so high-spirited. All the gods obeyed Jiang Ziya.

Now,

Jiang Ziya is so miserable that he can only practice hard in the mountains.

"Humph, you are a useless person. Do you think I don't know about the fact that you were abandoned by Chanjiao? Jiang Ziya, don't hold me here against Chan Jiao. My husband is the Emperor of Heaven in heaven. Do you think I will be afraid of Chan Jiao now?"

Jiang Ziya was very surprised when he heard what the little fox said, "Is your husband the Emperor of Heaven?" Emperor Su Chen? This is impossible. How could Emperor Su Chen have a vixen wife?"

Emperor Su Chen, every living thing in the prehistoric immortal world knows this.

When Fuxi, the emperor of the world, gathered human monks and immortals to fight against the sky, he did not go through it because of his face.

But because of this, he escaped, and the emperors and more than five thousand Tens of thousands of human monks and immortals were all wiped out by the heavenly army.

Jiang Ziya was frightened at first.

Su Daji actually said that the Emperor Su Chen was her husband.

Jiang Ziya was even more frightened.

"Jiang Ziya, don't talk nonsense to you anymore, why don't you die?"

The little fox stretched out a hand and patted Jiang Ziya,

"No....." boom!

After one blow,

Jiang Ziya was turned into ashes by the little fox's palm.

None of Jiang Ziya's seven souls and six souls escaped. Jiang Ziya completely fell into the prehistoric fairy world.

After the little fox killed Jiang Ziya, she looked into the air and said to herself,

"An enemy has been killed, and the next Taoist Lu Ya, no, is the Buddhist Zen Master Wuchao, but Lu Ya is so powerful that he can't deal with it at all. It seems like it's time to go see that bastard Su Chen."

A month later,

Master Tang Sanzang and Su Chen had arrived near the Flame Mountain.

They were already extremely hot even before they reached the Flame Mountain.

"Brother Monkey, why is it so hot here? What's the way forward?"

"Senior Brother, it's really too hot here. I'm afraid Master can't go any further."

"I, Old Sun, understand, but if you want to go west, you have to go here. What can we do?"

Zhu Bajie and the others looked at Tang Sanzang, who was about to faint from the heat.

They had no choice.

Tang Sanzang had to pass through here when he went to the West to obtain Buddhist scriptures. Unless they did not go to the West to obtain Buddhist scriptures, they would have to continue on this road.

Su Chen looked Looking at the endless desert, he shook his head.

It is impossible for anyone to survive in this thousands of miles. If the people in the plot appeared here, within ten days, those people would either die of thirst or heat.

Laozi's gossip The furnace should be a high-grade innate spiritual treasure, otherwise it would not be so hot here.

Damn monkey, this is all the fault of Sun Wukong.

Princess Iron Fan?

Is that little beauty still appearing in Cuiping Mountain like in the plot? ?

"Wukong, I'm afraid we can't go any further here. Check to see if there are any other ways."

Chapter 1869

Tang Sanzang felt dizzy from the heat while sitting on the horse.

He really couldn't stand the hot weather. If he continued like this, he would probably die from the heat.

Sun Wukong nodded and said,

"Master, I'll go check it out. Bajie and Junior Brother Sha, please take good care of the master. I, Sun, will come back as soon as I go."

When Su Chen saw Sun Wukong leaving, he asked Zhu Bajie next to him, "Old Zhu, did you meet a red boy on the road?"

Zhu Bajie nodded when he heard Su Chen's words and replied,

"Red boy? I've encountered it before, Su Chen, let me tell you, that red boy knows the Samadhi True Fire. Brother Monkey couldn't do anything about that red boy. In the end, it was Manjushri Bodhisattva who conquered the red boy."

"Is Red Boy the son of the Bull Demon King?"

"Not bad, what's wrong? Su Chen, you won't meet the Bull Demon King this time, right?"

"Congratulations, you old pig got the answer right, but unfortunately there is no reward."

Zhu Bajie was immediately confused, the powerful Bull Demon King?

Zhu Bajie had heard that one of the seven great saints of the demon clan, or the Pingtian Great Sage of the seven great saints, would not be the opponent of the Bull Demon King in a single fight. Even joining together may not necessarily defeat the Bull Demon King.

Zhu Bajie looked at Su Chen and said worriedly,

"Let me go, the Bull Demon King is a Taiyi Golden Immortal. None of us are the opponents of the Bull Demon King. Besides, we also asked Manjushri Bodhisattva to collect the Bull Demon King's son. I'm afraid there will be a big battle this time."

Su Chen looked at the worried Zhu Bajie and smiled.

"Then you will be out of luck."

Su Chen touched his chin and thought, whose child is Red Boy the Bull Demon King? Is it the vixen? Or is there another female monster?

After a while,

Sun Wukong flew back,

"Master, we can't go around it at all. In front of us is the Flame Mountain, which is also the only way for us to go west to learn scriptures."

When Tang Sanzang heard Sun Wukong's words, he said anxiously, "Amitabha, what should we do? How is this good?"

"Master, I, Old Sun, have asked about it. There is Jilei Mountain not far from here. There is one of my sworn brothers there. I will go find him and ask him how to live in the Flame Mountain."

"Brother Monkey, the sworn brother you mentioned is the Bull Demon King?"

"Yes, yes, I, Old Sun, will go to the Bull Demon King now to ask how to cross the Flame Mountain."

Sun Wukong said and flew away quickly.

Zhu Bajie watched Sun Wukong leave quickly. He opened his mouth and it was too late to stop him.

"Ha ha....."

Su Chen watched Sun Wukong leave quickly, and Zhu Bajie looked helpless, and he laughed.

This time Sun Wukong might have been in vain, and he might even be treated badly by the Bull Demon King.

Su Chen stamped his feet and shouted loudly,

"land!"

Whoosh!

A fairy dwarf old man suddenly appeared and saluted Su Chen.

"In the land of Flame Mountain, see the Emperor of Heaven!"

"Land, is there a Cuiyun Mountain here? Is there a woman named Princess Iron Fan in Cuiyun Mountain?"

"Reporting back to the Emperor of Heaven, there is Cuiyun Mountain a thousand miles to the south, and there is also an Iron Fan Fairy in Cuiyun Mountain."

"Go down!"

"Yes, Emperor of Heaven!"

Su Chen looked towards the south and smiled.

Five hundred years have passed, and

Princess Iron Fan doesn't know if she misses herself. I'm afraid that little girl has become more charming and charming than before.

"Su Chen, what are you going to do?"

After Zhu Bajie heard the conversation between Su Chen and Tu Tu, he was very puzzled.

How could Su Chen ask about a mountain? And he also talked about Princess Iron Fan. Could it be that Princess Iron Fan was Su Chen's mistress? Or was Su Chen carrying it on his back? Looking at the Queen Mother and those capable little women?

"Go meet an old friend, and you can wait for Sun Wukong here!"

Su Chen said and teleported away.

"Holy shit, Emperor Su Chen actually raised a little woman, no, he probably raised a little goblin. Junior Brother Sha, should we secretly inform the Queen Mother?"

"Second Brother, if you are not worried about the Emperor's revenge, just go and report the news."

After Zhu Bajie heard what Monk Sha said, he also gave up his plan to report the news.

After Zhu Bajie reported the message to the Queen Mother, he could get the flat peach reward from the Queen Mother.

But he was also worried about Su Chen's revenge. Su Chen was a murderer. In the blink of an eye, the Emperor of Heaven killed more than 50 million human beings at will. Zhu Bajie was also very confused about Su Chen. In

Cuiyun Mountain, in a cave,

Princess Iron Fan was sitting on a futon and practicing.

Suddenly, a person appeared in an instant. After hugging her,

Princess Iron Fan's expression changed, and she became cold-faced and wanted to kill the pervert who dared to hug him.

Su Chen hugged Princess Iron Fan and said with a smile,

"Iron Fan, don't take action, it's me!"

Princess Iron Fan heard Su Chen's voice.

She turned around and saw Su Chen and said happily,

"Su Chen, you are finally here. I have been waiting for you for a long time."

"Haha, Iron Fan, you are getting more and more beautiful."

"Humph, you have such beautiful women as the Queen Mother, do you still care about me, a little woman?"

"My Iron Fan Princess is a unique existence."

Su Chen found that Princess Iron Fan was getting more and more beautiful, with delicate skin, peach-like face, gorgeous red lips, and a perfect figure.

Su Chen looked at Princess Iron Fan and kissed her.

"you.....Woohoo!"

Su Chen kissed Princess Iron Fan for a while and then sent her away.

"You are an asshole!"

Princess Iron Fan glanced at Su Chen with a shy face and cursed.

Princess Iron Fan did not expect that Su Chen would kiss her, which made her happy and shy at the same time.

Su Chen is now the Emperor of Heaven,

Princess Iron Fan These days, she has been worried that Su Chen will look down on her, a Rakshasa girl, and she also knows the women around Su Chen.

Each of those women is not only powerful, but also known as the most beautiful woman in the ancient fairy world.

Su Chen sat down with Princess Iron Fan in his arms and asked,"Iron Fan, does the Bull Demon King of Ji Lei Mountain know?

Princess Iron Fan nodded and replied, "I know!" The Bull Demon King also came to harass me, but after being defeated by me several times, the Bull Demon King no longer dared to appear in my Cuiyun Mountain."

Damn it!

The Bull Demon King is really an old pervert.

He has a cow head and eats flowers everywhere.

The Bull Demon King is not afraid of someone killing him and eating beef.

Su Chen touched his chin and thought, is the Bull Demon King the leader of Tongtian Cult? His mount? He also forgot to ask Wudang Virgin about those women

"Iron Fan, what's going on with Red Boy, the Bull Demon King's child? Who did the Bull Demon King have a child with?

Princess Iron Fan leaned into Su Chen's arms and replied, "Red Boy?" It was the child of the Bull Demon King and a vixen. But wasn't the red boy saved by a Buddhist?"

"Well, Red Boy was saved by Buddhism. Iron Fan, Tang Sanzang has arrived at the Flame Mountain. After you destroy the Flame Mountain, you will go back to the heaven to retreat. Five hundred years later, a realm war will be launched. Your Strength still needs to be improved."

Chapter 1870

Su Chen checked that Princess Iron Fan was now in the realm of Taiyi Golden Immortal. She had been promoted from Golden Immortal to Taiyi Golden Immortal in five hundred years. Princess Iron Fan's qualifications were still very good.

But facing the realm war five hundred years later, this strength is still not enough, the Western God Realm!

Extraterrestrial demonic world!

There may be many strong men coming from those realms, and Su Chen is also worried that accidents may happen to a few weak women.

Princess Iron Fan heard Su Chen's words and mocked Su Chen,

"Tsk, my current strength is much stronger than yours, but I have also heard of realm wars, which are very dangerous."

"Su Chen, after I destroy the Flame Mountain, I will go to Pantaoyuan for retreat. I will also be able to help you in the future. Su

Chen smiled and kissed Princess Iron Fan and said, "Haha, yes, this is my good wife. However, don't force yourself to practice. If you don't understand something, you can ask the Queen Mother and Wudang.""

"I see!"

"Is there anything else you want to bring here? If not, just leave."

"No, let's go!"

Fire Mountain, a battle is breaking out here.

Sun Wukong, Zhu Bajie, and Monk Sha, the three of them are fighting against the Bull Demon King, and the fight is getting more and more intense. The

Bull Demon King looked at Sun Wukong and was very angry.

The monkey first let the Buddha capture him. Son, today, this monkey actually killed his wife again. The Bull Demon King is now so angry that he wants to tear Sun Wukong apart.

"Sun Wukong, you are dead this time. First you let the Buddhists kidnap my child, and then you killed my wife for no reason. I, the Bull Demon King, swear that I will not be a human being until I kill you."

While resisting the attack of the Bull Demon King, Sun Wukong explained awkwardly, "Brother Niu, that was a misunderstanding. I didn't know that the vixen was your wife!"

Sun Wukong also didn't expect that the vixen he killed on the road was the wife of the Bull Demon King.

He knew that he was in big trouble.

If he couldn't appease the Bull Demon King this time, they all would end up here.

"Die to me!"

Zhu Bajie and Monk Sha are very miserable.

Their strength is not as strong as Sun Wukong. They have been beaten several times. If they and Sun Wukong were not brothers, Zhu Bajie and Monk Sha would have run away long ago.

Zhu Bajie is very powerful to Sun Wukong. Complain, they originally had a grudge against the Bull Demon King because of the Red Boy incident, but this troublesome monkey killed the Bull Demon King's wife this time. Does the monkey have a grudge against the Bull Demon King and his family?

Boom boom boom.....

The area around the Flame Mountain was badly damaged by the angry Bull Demon King.

Sand and soil were flying all around, and even huge craters were made in the dunes. Zhu Bajie and Sha Monk were knocked out by the Bull Demon King again.

"The five directions reveal the truth, eighteen Dharma protectors, Jialan, come out and help!"

Sun Wukong saw Zhu Bajie and Monk Sha being shot away again.

He couldn't hold on any longer.

The Bull Demon King was too powerful.

If Sun Wukong hadn't had steel and iron bones, he would have been beaten to the ground by the Bull Demon King.

Swish swish Whoosh....

At this time,

Buddhism's Five Directions Jiedi and the eighteen Dharma protectors Jialan appeared one after another. They hurriedly joined the battle without saying anything.

"Damn it, you are all looking for death!"

The Bull Demon King did not expect that Buddhism would hide people around, which made the Bull Demon King even more angry.

"Moo....."

Suddenly, the Bull Demon King turned into a huge bull, with a huge body and two huge horns that glowed coldly.

This huge giant bull rushed and attacked people like Sun Wukong. The

Buddhists were knocked away by the Bull Demon King one by one. , and even several Buddhist disciples were penetrated through the giant horns of the Bull Demon King.

Even Sun Wukong was knocked away several times.

At this time,

Su Chen and Princess Iron Fan appeared here. They looked at a huge giant bull that was rampaging and attacking Sun Wukong and others.

Su Chen said with some confusion,

"Let me go, the Bull Demon King has gone crazy. How can a red boy make the Bull Demon King go crazy like this?"

Princess Iron Fan shook her head and said speculatively, "That can't be true. Red Boy was not killed. It is impossible for the Bull Demon King to be so angry. Maybe there are other reasons."

"This is none of our business, we are just here to watch the fun"

"Well, I listen to my husband!"

Boom boom boom.....

At this moment, the Bull Demon King suddenly flew up, and his huge hooves severely trampled down the Protector Jialan below. In a moment, five or six Protector Jialan were trampled under the feet of the Bull Demon King.

"Brother Monkey, we are in big trouble this time. Five or six Dharma protectors Jialan may have died. The Bull Demon King is really crazy this time."

"My old man, Sun, saw it. Damn it, I just killed the Bull Demon King's wife by mistake. Why didn't the Bull Demon King listen to my explanation?"

Su Chen was stunned when he heard what Zhu Bajie and Sun Wukong said.

Damn it!

Sun Wukong actually killed the Bull Demon King's wife?

This monkey's trouble-making ability is comparable to his own.

But why did Sun Wukong kill the vixen?

In the plot,

Monk Sha killed When the vixen was a vixen,

Su Chen couldn't understand that the vixen, firstly, did not prevent Tang Sanzang's master and disciples from obtaining scriptures, secondly, did not catch Tang Sanzang and eat him, and thirdly, the vixen had no enmity with Tang Sanzang's masters and disciples.

So, Why did Monk Sha kill the vixen?

Also, in the plot, just one Nezha can subdue the Bull Demon King?

Isn't this nonsense?

The Bull Demon King may be the great demon of the Lich Period, but what about Nezha?

He is just a god. Among the immortals of the period, Nezha was the strongest but the Golden Immortal. How could Nezha subdue the Bull Demon King?

A spiritual treasure?

Doesn't the Bull Demon King have a spiritual treasure?

"Great Sage, the Bull Demon King is too powerful, we can't deal with it"

"Why don't you call for help quickly!"

"The Buddhist reinforcements will arrive in a quarter of an hour, and the Bull Demon King will probably kill us all within a quarter of an hour."

"Damn it, start to contain the Bull Demon King now, and we are waiting for reinforcements from Buddhism."

Sun Wukong was also very helpless.

Twenty or thirty Buddhist disciples couldn't deal with a Bull Demon King? Several were even killed. Sun Wukong also had a new understanding of the Bull Demon King's strength.

Zhu Bajie saw Su Chen next to him , he hurriedly said,"Brother Monkey, I can't do it anymore, I need to take a rest to recover my mana."

Zhu Bajie doesn't want to be trampled to death by the Bull Demon King.

As long as nothing happens to Tang Sanzang, he won't bother to risk his life with the angry Bull Demon King.

"Amitabha!"

Tang Sanzang looked at the Buddhist disciples who were being killed by the Bull Demon King. He closed his eyes and chanted the Buddha's name.

At this time, a petite body came quickly towards Su Chen.

When she saw Su Chen, she shouted,

"Su Chen, I finally found you bastard"

"Let me guess, little fox, when did you come to the ancient world?"
