

Zongwu 1881

Chapter 1881

In the hot spring, after Su Chen kissed Demeter for a while, he instantly appeared in the palace hall with Demeter in his arms.

After Su Chen used his magical power to dry Demeter's dress, he coughed and reminded Demeter, "Ahem, Demeter, I am now releasing you from the imprisonment of your divine power, but please don't do anything to me. I'll take action, otherwise I will still imprison your divine power."

Su Chen was also very speechless.

He almost couldn't hold back and dealt with Demeter just now.

This harvest goddess is too tempting.

No wonder God King Zeus would treat Demeter I'll start

"Go to hell!"

After Demeter was released from the restraint by Su Chen, she waved her hand and attacked Su Chen.

This man actually defiled her. If

Demeter didn't wash away this humiliation, she would have no face even in the Greek pantheon. Stay any longer.

I'm here!

Women are trouble!

"Confinement!"

When Su Chen saw that Demeter was about to attack him, Su Chen immediately wanted to confine Demeter's magic power again.

Boom!

I'm going!

What happened to the artifact palace of Queen Hera this time? Didn't you imprison Demeter?

Su Chen saw that Demeter still had divine power, so he hurriedly teleported to avoid Demeter's attack.

Demeter saw Su Chen dodge her attack, but she didn't care. Demeter could kill this little scumbag with just one hand.

"Little scumbag, I am the goddess of harvest. Hera's artifact is very powerful, but Hera is only a little stronger than me. I was not paying attention just now and you imprisoned your divine power. Now you can still imprison me. ?"

"Demeter, this is the palace of Queen Hera. If you fight here, Queen Hera will not forgive you."

"Huh, after killing you, I will explain the situation to the Queen of God. You'd better die if you want!"

Boom boom boom.....

Demeter quickly took action and kept attacking Su Chen who was dodging everywhere.

Su Chen was also speechless.

The palace of Queen Hera could not confine the main god, which was now in trouble.

Su Chen can only teleport around to avoid Demeter's attack, but this is not a long-term solution. After all, Demeter is a main god (Da Luo Jinxian). If

Demeter ignores the God of Destruction Hou He for a while, In Ra's palace, Suchen might be caught or killed by the angry Demeter.

"Demeter, stop it!"

At this time,

Queen Hera appeared in the main hall of the palace with an indifferent expression.

Queen Hera also understood that

Su Chen had just forced himself to do those disgusting things to Demeter. No wonder she just Seeing that something was wrong with Demeter, it turned out that Su Chen had previously imprisoned Demeter's divine power.

Su Chen instantly appeared next to the God Queen Hera and hugged her and said, "God Queen, you are here, if you don't show up again , I am about to be killed by Demeter."

Goddess Hera was stunned when Su Chen hugged her.

She didn't expect that Su Chen would dare to hug her?

Does this shameless ancient immortal want to die?

"Let me go, you shameless bastard, do you want to die?"

Su Chen was startled when he heard the cold words of Queen Hera.

Riou, why did he hug Queen Hera?

Queen Hera is not a woman like Guanyin Bodhisattva.

Su Chen hurriedly let go of Queen Hera. Lajia coughed and said,

"Ahem, a moment of excitement, a moment of excitement! Don't be offended by the Queen of Gods."

Demeter looked at Su Chen and Queen Hera with bright eyes.

She felt that she had discovered a big secret this time.

Queen Hera actually had an affair with a minor priest. If God King Zeus knew about this, , the God Queen Hera may be deposed, or even killed by the angry God King Zeus.

"Humph, you little bastard, just wait for me, I will deal with you later."

After the God Queen Hera glared at Su Chen, she waved her hand and took Demeter and suddenly disappeared.

When Su Chen saw the God Queen Hera and Demeter disappear, he felt that he could no longer stay here for a while, Su Chen will be severely punished by Hera if she comes back soon, and he may even be imprisoned from now on. Hera wants to get his flat peach, but she won't be able to do it for a while. Kill yourself, but if Su Chen doesn't have the peach, there will be no use value. The goddess Hera will probably execute him immediately. To leave, you must leave Olympus immediately. The Greek gods cannot stay here any longer. Go In the territory of the God system, Su Chen thought of his angel wife Angelite, who was the commander of the Angel Legion. As long as Su Chen found Angelite, he would have a way to return to the ancient world. Su Chen looked at it Looking around, he hurriedly walked towards the palace gate. In a room in the palace, Queen Hera and Demeter were sitting together. However, Demeter looked at Hera with disbelief. Queen Hera How did Ra's strength become so powerful? The strength of the twelve main gods of the Greek pantheon is not much different, and the strength of the goddess Hera is only two small realms higher than her. Demeter is at the early stage of the chief god, and the queen of the gods is Hera is the main god's late-stage strength, but this

time Demeter faced the God Queen Hera. How could she feel that the God Queen Hera's strength could easily defeat her? The God Queen Hera looked at Demeter and said ,

"Demeter, this time it was my little priest who was rude to you. I will discipline you in the future as an apology. When my golden apples mature, I can promise to give you five golden apples."

Demeter thought for a moment and nodded.

"I agree. Queen God, who are you, that little priest? Don't worry, I won't tell anyone"

"He's just a priest, Demeter, don't think too much."

"Is it? Why don't I look like that?"

"Su Chen is a little priest, a middle god. Who do you think he is?"

When Demeter heard what the Queen Hera said, she felt that Su Chen could not be just a little priest. There had never been a male priest in the palace of the Queen Hera. This time, the Queen Hera would appoint a male priest. Here is If there is no problem, then what the hell.

Demeter saw Su Chen holding Hera, the Queen of Gods, and Hera, the Queen of Gods, also scolded and threatened Su Chen.

Demeter felt that Su Chen and Hera, the Queen of Gods, were The relationship is definitely not ordinary

"Queen God, how about you give me this little priest named Su Chen, and I don't have to accept the golden apple. Queen

Hera looked at Demeter and warned coldly,"Demeter, you are overthinking. Suchen is my priest, and he will be my priest in the future. You'd better stop thinking too much."
Demeter said helplessly,"Well, it seems that your little priest is very important to you. However, Queen God, I must teach that little priest a lesson.""

"Yes, but you can't be too aggressive.....Damn it, that little bastard got away."

Chapter 1882

Olympus Mountain.

After Su Chen came out of the palace of Queen Hera, he wandered around Olympus Mountain aimlessly. Olympus Mountain was also very big. Su Chen wanted to leave Olympus Mountain. Mount Pis must also find an exit.

In the central square,

10,000 golden armored soldiers were lined up neatly, and a golden bull chariot was parked at the front of the square.

Around the square, many gods from the Greek pantheon were watching.

"Brother, what is this?"

When Su Chen came to the edge of the square, he looked at the troops on the square. Su Chen asked a bearded man next to him doubtfully.

The bearded man heard Su Chen's words and asked doubtfully,

"you do not know?"

Big Beard didn't realize that Su Chen was not a god from the Olympus Mountains. Su Chen was wearing the costume of a priest from the palace of Hera, the Queen of Gods. Big Beard guessed that the middle god should be a minor priest from the Palace of Queen Hera.

Su Chen was embarrassed. He smiled and said,

"I just arrived at Mount Olympus not long ago. Did something happen?"

"God King Zeus is going to meet with the Nordic God King Odin. God King Zeus will be leaving soon."

"The God King is going to meet with the Nordic God King Odin? Did something big happen?"

"The Realm War is about to begin in less than five hundred years. God Queen Zeus may want to discuss with God King Odin about attacking the prehistoric fairyland."

"So this is ah!"

Su Chen understood that

God King Zeus was going to discuss with Nordic God King Odin to attack the ancient world.

There are still five hundred years left, and

God King Odin can't wait to prepare to attack the ancient world. It seems that God King Zeus and many Bao Rulai has already discussed cooperation.

If the army of the Western God Realm attacks the Great Desolate Immortal Realm, the frontier fortress of Xiniu Hezhou may be destroyed without any attack. It is even possible that Buddhism will join the Western God Realm to fight against the Prehistoric Immortal Realm.

Su Chen feels that his previous preparations Very wise, the frontier fortresses of Xiniu Hezhou and Dongsheng Shenzhou will become important battlefields in the prehistoric fairy world against the Western God Realm in the future.

"Boy, I think you are good. If you have time in the future, you can come and sit in my forging palace."

"Forging a palace? Are you Hephaestus, one of the twelve main gods?"

"Yes, goodbye little priest!"

Su Chen looked at Hephaestus limping away, and he was very speechless.

Su Chen did not expect that the person he casually chatted with was Hephaestus, the forging god, one of the twelve main gods.

Su Chen touched I was thinking while holding my chin, forging the main god Hephaestus?

This is the famous cuckold king in the Greek pantheon, the wife of Hephaestus, and Aphrodite, the goddess of love, one of the twelve main gods. Aphrodite brought many cuckolds to Hephaestus.

It seems that God King Zeus once pursued Aphrodite, the God of Love, but after being rejected by Aphrodite, God King Zeus took revenge. Aphrodite married the ugly Hephaestus.

However, the forging god Hephaestus was too ugly, and he was also a lame.

I'm afraid Aphrodite, the goddess of love, didn't like this either. An ugly husband.

Su Chen shook his head and didn't think about these things.

Now was not the time to think about these messy things.

He also wanted to find a way to leave Olympus Mountain as soon as possible. Otherwise, the God Queen Hera knew that he had escaped. They might come to arrest him.

He looked at the square and said to himself,

"If you want to leave the Olympus Mountains, you may have to sneak into the team of the God King, but how can you sneak into the team unknowingly? God King Zeus is a powerful quasi-saint."

Woo woo woo.....

At this time, an ancient and melodious horn sounded, and a burly old man wearing a golden armor appeared in the square with some people.

"See God King!"

"No gift!"

Su Chen shook his head when he saw the appearance of the stallion Zeus.

Zeus, the god king who looks like a bad old man, is really an old cow eating young grass.

Whether it is the goddess Hera or Demeter, they are all She is a young and beautiful woman, and the old man Zeus, the God King, is really blessed.

Su Chen saw Zeus getting on the golden bull chariot, and he knew that Zeus was about to set off.

Su Chen hurriedly checked to see what Zeus was bringing out. Among the other gods, when he saw a chariot with flowers, he teleported directly into the flower chariot.

Su Chen had no choice. The chariots of other gods were all open-air, and this was the only one with flowers. The car was like a carriage, and he could only hide in this carriage.

God King Zeus also set off with the gods and armies.

The gods and armies all flew in the air and followed God King Zeus, quickly flying away from Austria. The sacred mountain of Limpis.

Su Chen was very confused when he was hiding in the corner of this carriage.

Su Chen found that a beautiful goddess in the carriage had discovered him, and she also bent her head and looked at him with a smile. The beautiful goddess looked at Su Chen and was confused. He smiled and asked, "Little priest, why are you hiding in my flower carriage?"

Su Chen came out of the corner in embarrassment.

This beautiful goddess is probably also a main god. Otherwise, it would be impossible for this goddess to find herself hiding in the carriage. However, this goddess is really beautiful. She wears a cool white dress and a large body. A large area of fair skin is exposed, with a beautiful face and a curvy figure. Every movement of this goddess is full of temptation. The three goddesses Su Chen saw in the Olympus Mountains, the Queen of Gods Hera, the harvest goddess Demeter, and this heroine.

Each of these goddesses is more beautiful than the last.

Su Chen couldn't help but look at these beautiful women full of Western style.

The beauties in the ancient fairyland Su Chen felt that they were different from the beauties in the Western God Realm.

The fairies in the Ancient Fairy Realm were very conservative and wore clothes that did not reveal their skin.

The goddesses in the Western God Realm showed off their most beautiful sides, and the clothes they wore. The skirt is as revealing as it needs to be.

Su Chen patted his forehead and stopped thinking about it. Now he had to figure out how to fool this goddess.

"Hey, Goddess, I also want to visit Asgard in the Nordic mythology. I just want to take a ride."

When the beautiful goddess heard Su Chen's words, she turned coldly and asked,

"Lie, you are dressed like a little priest in the palace of Queen Hera. A little priest dared to secretly leave Olympus Mountain and said, are you going to escape from Olympus Mountain?"

"No, goddess, I really want to go to Asgard. I have friends in Asgard."

"oh? Tell me, what's your friend's name? What kind of god is he?"

Su Chen was confused when he heard what this goddess said.

He was just looking for an excuse. Why would this goddess continue to ask? He didn't know the gods in the Nordic pantheon.

Su Chen touched his chin and thought for a while before saying nonsense,

"Hela, she is not an important god either"

"Hella?"

Chapter 1883

In the flower carriage,

Aphrodite, the goddess of love, looked at Su Chen with interest. She did not expect that a small middle god would hide in her carriage. Even this middle god belonged to the queen Hera. Priest.

After Aphrodite heard what Su Chen said, she looked at Su Chen and guessed that the young priest was not telling the truth. Hela was the daughter of Odin and the goddess of death in the Nordic pantheon.

How could this lying little priest know Hela, the goddess of death?

"Little priest, do you know who Hela is?"

"Well! A little goddess!"

"laugh! A little goddess? Hela is the daughter of the god king Odin and the goddess of death, one of the main gods in the Nordic pantheon. Little priest, you didn't tell me the truth!"

Su Chen was confused when he heard the words of Aphrodite, the God of Love. Does

Hela really exist?

There should be no goddess Hela in the Nordic pantheon, right?

Su Chen also thought of Hela in the Thor movie before talking nonsense. , He also knew that there was no Hela in the real Nordic pantheon.

But, how could Aphrodite, the God of Love, say that the Goddess of Death was Hela? Or was Hela the daughter of the God King Odin?

Su Chen felt a headache.

He felt that the West In the God Realm, it is also related to some plots

"Goddess, we may not be talking about the same person. The Hela I know is a middle god, not a goddess of death, nor the daughter of the god king Odin."

Aphrodite looked at Su Chen and warned,

"Little Priest, after arriving in the Asgard Divine Realm, I will personally go with you to find the middle god Hela. If you really deceive me, little Priest, you will die miserably."

Aphrodite originally wanted to get rid of this little priest directly, but she thought that there was nothing to do along the way, so she decided to have fun with this little priest.

Su Chen looked at Aphrodite, the goddess of love, and said She was very speechless.

Is this goddess just idle and sore?

Ugh!

Is she just idle and longing for love? She was clinging to this little thing.

Su Chen looked around.

He probably couldn't escape now.

If Su Chen dared to escape, Not to mention this heroine, even the outside god Zeus would not be able to let him go. In the Olympus Mountains, the Goddess Hera and Demeter did not find Su Chen in the Goddess Mountain. They were at the entrance of the Goddess Mountain. She also asked the guardian general, and Su Chen did not escape from the entrance of the sacred mountain.

Demeter suddenly thought of the god king Zeus who left not long ago. She guessed that Su Chen might have left the sacred mountain by sneaking into the team of the queen of gods.

"Damn it, God Queen, your little priest didn't sneak into the God King's team and secretly leave the Mountain, right?"

After God Queen Hera heard Demeter's words, she nodded with an ugly face and said,

"possible!

Demeter looked at the God Queen Hera and asked in confusion,"God Queen, who is your little priest?" Why did he run away?"

Hera, the Queen of Gods, waved her hand and said casually,

"Su Chen is my little priest, just a small middle god. However, he did not want to stay in Olympus Mountain, so I forced him to stay in Olympus Mountain."

Goddess Hera will not say that Su Chen is from the ancient world of immortality.

She is also very interested in Su Chen. After not fully understanding everything about Su Chen, she must keep Su Chen's secret and cannot reveal anything to anyone. People talked about this secret.

Demeter looked at Hera and did not continue to ask.

She felt that Hera did not tell the truth.

She would not let that little bastard go.

Although Hera used golden apples She compensated her, but the little bastard violated her. Although Demeter could not kill Suchen, she would also teach the little bastard a lesson.

"I am going to the Nordic Asgard realm. Demeter, please go back to your palace!"

"Hera, let me go with you. You promised to let me teach that little bastard a lesson. I can't wait to teach that little bastard a lesson now."

"what ever!"

Over the Greek God's Domain, the team of God King Zeus quickly moved towards the Nordic God's Domain in the air.

In the flower carriage in the team,

Su Chen sat boredly. He could not escape now. The goddess in the carriage was also staring at him.

Su Chen is really in trouble again this time

"Goddess, would you like some tea?"

Su Chen took out some tea sets and started to make tea. He could only find a way to deal with this goddess now.

Otherwise, Su Chen might die after arriving in the Asgard domain. Aphrodite, the Goddess of Love, saw Su Chen was making tea skillfully, and when she smelled the aroma of tea, she was surprised and said, "Huh?" You actually have the fairy tea from the prehistoric fairy world?

"

"This was given to me by Hera, the Queen of Gods."

Su Chen said to Aphrodite while making tea.

Anyway, Queen Hera is not here.

Su Chen can blame all unreasonable things on Hera.

Aphrodite Dite did not doubt what Su Chen said this time.

Su Chen was a mid-level god, and it was impossible for him to grab the fairy tea in the realm war.

"Queen Hera? It seems that you are quite valued by Hera, the Queen of Gods. Little Priest, how come I haven't heard of you before?"

"Goddess, it has not been a year since I came to Olympus. I am a middle god. You don't know that I am also normal."

Aphrodite took a sip of the fairy tea and exclaimed, "Hiss, this tea is actually It's the top fairy tea. I didn't expect that Hera, the Queen of Gods, would have the top fairy tea in the prehistoric fairy world."

Su Chen looked away when he heard Aphrodite's exclamation.

These bumpkins,

Su Chen was using Enlightenment Tea to make tea this time. I'm afraid none of the gods in the Western God Realm have ever drank Enlightenment Tea.

Afo When Rodite saw Su Chen's contemptuous look, she asked with a cold face, "What's your look? Little priest, are you looking down on me?"

Su Chen waved his hand and said hurriedly, "No, no, how dare I, goddess, who are you?"

"You didn't even recognize me? You don't even recognize this flower carriage, do you?"

Aphrodite became more and more curious about Su Chen. She didn't expect that Su Chen didn't know her. There was probably no god in the Olympus Mountains who didn't know her, and this little god was the first to do so. Doesn't know her god

"Hey, goddess, didn't I just say that I just entered the Olympus Mountains, and I have been staying in the palace of the Queen of Gods. Among the twelve main gods, I know Demeter, the goddess of harvest."

Aphrodite looked at Su Chen and said proudly, "I am one of the twelve main gods, Aphrodite, the goddess of love." puff!

"Are you actually Aphrodite, the goddess of love, who cuckolded the god of forging?"

Chapter 1884

After Su Chen heard Aphrodite's words, he spit out the tea he had just drank.

Suchen did not expect that this goddess turned out to be the wife of Hephaestus, the god of forging, and Aphrodite, the god of love.

This goddess was the same woman as Pan Jinlian.

Su Chen regretted this reckless action.

Aphrodite, the goddess of love, was famous in the Greek pantheon, and of course she didn't have a good reputation.

Although Aphrodite was very beautiful, Su Chen had to stay away from such a promiscuous goddess. Aphrodite's face darkened after hearing Su Chen's words. She did not expect that this little priest would say this. Although she was unfaithful to Hephaestus, the God of Forging, she did not cuckold Hephaestus. All this was spread intentionally by God King Zeus. She and the God of War have not yet developed enough to do those private things.

"Little Priest, it seems that you heard a lot of gossip in Olympus. Did you just say that I cuckolded Hephaestus, the God of Forging? Today I will cuckold Hephaestus."

Aphrodite looked at Su Chen and decided, cuckold?

Doesn't this little priest look down on her? She went crazy today.

Aphrodite quickly controlled Su Chen, and she casually With a wave, the flower carriage was also isolated and sealed.

Su Chen was controlled by Aphrodite, and he even saw Aphrodite cutting off the space of the flower carriage.

Su Chen's face changed drastically and he shouted, "I'll go, Aphrodite, what are you going to do? Let me go."

Aphrodite said mockingly to Su Chen while untying her dress,

"Little Priest, didn't you say that I cuckolded Hephaestus, the God of Forging? I will do what you want today"

"Am I him?....."

The Western God Realm, the Kingdom of Greece.

In the palace of the kingdom, a beautiful woman aged sixteen or seventeen was processing some documents.

"Elena, take a rest!"

At this time, a beautiful woman came over and said with a smile,

"Mother, I'm not tired yet!"

The beautiful woman touched Elena's head and asked with a smile,

"Elena, your body hasn't changed during this time, right? Have you ever felt an increase in divine power? Elena smiled at his mother and said,

"Mother, I haven't changed anymore, but the little bird in my body has grown up a lot now."

"Well, Elena, you have to communicate well with that little bird, maybe you will see your father in the future"

"Mother, is my father really a god? Then why did he abandon my mother and me?"

"Elena, it was probably not allowed for your father to leave back then, and besides, your father didn't know you existed."

This beautiful woman was SETHIS of the Kingdom of Troy back then, and she was also the woman Su Chen loved for a while in Troy. Su Chen probably wouldn't have thought that SETHIS would give birth to a daughter for him. There are some fusions in the Western God Realm. After the plot, the plot of Troy was also integrated into the Western God Realm.

More than ten years later,

Sethis relied on Su Chen's help. The Kingdom of Troy has now become the Kingdom of Greece, but Su Chen does not know

Elena asked expectantly after hearing Sethis's words, "Mom, can we still see my father?"

Sethis nodded and said affirmatively, "Yes, your father said when he left. We will meet again. More than ten years have passed. I believe your father will be here soon."

Elena nodded.

She had also heard the legend of Troy City.

Her father Su Chen was a god, a truly powerful person. The god has countless black-armored armies of divine guards.

Elena Su, her name represents a token of oath and is also a sacred name.

Nordic pantheon,

Asgard divine domain. The god king Odin led the gods in the square of the Celestial Palace, preparing to welcome the arrival of the Greek god king Zeus.

Queen Frigga!

Thor, Lord God of Thunder!

Sif, the god of land and harvest!

Loki, the Lord of Trickery!

Tyr, the Lord of War and Courage!.....

The main gods in the Nordic pantheon also came one after another.

Some of them wanted to meet the god king Zeus, and some came because they loved Aphrodite.

Aphrodite, the goddess of love in the Greek pantheon, is very beautiful and noble. Although Aphrodite is already married, some gods still want to kiss her.

Boom boom boom.....

At this time, there was a roaring sound in the distance.

Zeus, the god king of the Greek pantheon, arrived with the gods and guard troops.

"Odin!"

In the square of Asgard,

God King Zeus got off the golden bull chariot and looked at God King Odin.

Odin stepped forward and greeted God King Zeus, "Zeus, welcome to Asgard."

"Haha, since the end of the war tens of thousands of years ago, the Nordic pantheon has slowly developed. Odin, this time we jointly attack the ancient world, I believe the harvest will not be less than that old guy God."

"God's pantheon is the most powerful pantheon in our western divine world. If the Realm War hadn't started tens of thousands of years ago, your Greek pantheon and my Nordic pantheon might have been cannibalized by that old bastard God. Got it"

"Well said!"

"Zeus, enter the heavenly palace for a brief introduction"

"good!"

God King Odin and God King Zeus walked side by side towards the Celestial Palace of Asgard.

The other gods also followed, but a few main gods stayed.

They looked at the flower carriage on the square. They all found it strange that the God King Zeus had already entered the palace of heaven, and why Aphrodite, the Goddess of Love, hadn't come out of the flower carriage yet.

Loki, the God of Trickery, saw Thor's eager look, so he thought about it and said with a smile, "Thor, why don't you knock on the door of the flower carriage? Thor

, the God of Thunder, shook his head and replied, "Loki, this is too reckless. Aphrodite, the Goddess of Love, may have something to do. We can wait here for a while."

"Okay, just pretend I didn't say that!"

Sif, the harvest god next to her, became very cold when she heard Thor's words.

Thor, the thunder god, was her fiancé, but this fiancé was actually interested in a goddess who could marry anyone. This made Sif. Looking at Thor is full of disappointment

"Aphrodite, that's enough. It's been more than an hour. Now we've arrived in Asgard. Let's get out quickly."

Chapter 1885

In the flower carriage,

Su Chen really couldn't stand Aphrodite, the goddess of love. For more than an hour, this crazy woman couldn't stop her. Su Chen was really afraid of this crazy woman.

"Hum, I'll spare you this time."

Aphrodite looked at Su Chen and got dressed and ready to go out.

Asgard has already arrived, and Aphrodite didn't dare to continue messing around here. If other gods discovered her, she would die. Aphrodite also let go this time.

She regretted it now that she thought about it.

Aphrodite didn't expect to devote herself to a minor priest. Didn't she admire Ares, the God of War very much?

She did not commit herself to a main god.

This time she actually committed herself to a small middle god. Aphrodite felt that this time was too reckless.

Su Chen wanted to kick Aphrodite away with black lines on her head.

This crazy woman was simply It's too scary.

Doesn't Hephaestus, the Lord of Forging, have the ability? Or does the God of War Ares also have the ability?

Su Chen is speechless for these powerful goddesses.

They are all so powerful, and even other abilities are also very powerful. , it is difficult to be a man, and it is even more difficult to be a man without strength.

"Thor, the god of thunder, met Aphrodite, the goddess of love."

At this time,

Thor saw Aphrodite coming out of the carriage. He took a step forward and introduced himself.

Thor looked at the extremely beautiful Aphrodite, the goddess of love, and he was very happy.

Legend has it that Aphrodite, the God of Love, is very beautiful. After seeing him today, he felt that it was very accurate.

Every movement of Aphrodite is very attractive, with a beautiful face and a face as red as a flower. , fair and slightly rosy complexion, with a curvy figure, Thor looked at Aphrodite more and more like him.

Aphrodite glanced at Thor and greeted,"Aphrodite, have you seen her before?" Your Excellency, Lord God of Thunder."

Subsequently,

Loki, the god of trickery, Tyr, the god of war and courage, Dellu, the god of strength, Sif, the god of land and harvest, and others all said hello to Aphrodite. Thor did to

Aphrodite He gave a noble salute and said,"Aphrodite, please come with us to the fairy palace, we have prepared rich food."

Aphrodite shook her head and said with a smile,"You guys go over first and I'll take a look at the scenery of Asgard."

Aphrodite saw that Su Chen hadn't come out yet, so she wouldn't leave. If the little priest secretly escaped after she left, she might never find Su Chen again.

"this...."

Thor was very speechless when he heard Aphrodite's words.

What is there to appreciate about the scenery in Asgard?

Asgard is the core of Asgard, and it is the most luxurious and beautiful place.

"Aphrodite, go to Asgard, I'm hungry now."

At this time,

Su Chen walked out of the flower carriage.

He finally saw that

Aphrodite couldn't leave without him coming out.

It would be impossible for Su Chen to escape now.

This crazy woman is now She watched him closely, Aphrodite was afraid that she would suddenly escape.

"Then we will go to the fairy palace. I am also a little hungry."

Aphrodite saw Su Chen coming out. She nodded and walked towards the Heavenly Palace with Su Chen.

As for the Lord Thunder God and these people,

Aphrodite didn't care at all. The Lord Thunder God and the Nordic people next to her Lord God, Aphrodite knew what they were planning without guessing.

Thor and the other male Lord Gods watched Aphrodite and Suchen leave.

They were all confused.

There was actually something in the flower carriage. Is there someone?

And it's a man?

Didn't no men ever enter the flower carriage of Aphrodite, the goddess of love? Who is that little middle god?

Sif looked at Suchen and was very surprised.

She didn't Thinking that Su Chen would come out of Aphrodite's carriage,

Sif thought of how Aphrodite got out of the carriage with a happy face. She guessed that Aphrodite and Suchen must have done something shady in the carriage. It's a human thing.

But, how could a little middle god be attracted by Aphrodite, the goddess of love?

Sif felt that there must be something wrong with this.

After Thor reacted for a while, he turned to Luo angrily. Ji asked, "Loki, who is the middle god? Why was he in Aphrodite's carriage?"

"I don't know why I care about a small middle god."

Loki shook his head in confusion.

He did not expect that there would be other people in Aphrodite's flower carriage.

Isn't it a legend in the Greek pantheon that Aphrodite and Ares had an affair? Why would there be another man in the flower carriage, or a small middle god?

Thor shouted with anger,

"Damn it, that little middle god dares to compete with me for Aphrodite, I'm going to kill him in a minute."

Thor originally wanted to have sex with Aphrodite.

Although he fell in love with Aphrodite's beauty, more importantly, Thor wanted to compete with Ares.

The north of Ares is called Greece The god of war in the pantheon of gods, Thor is the god of war in the Nordic pantheon. Ares, the god of war, can have an affair with Aphrodite, so Thor also wants to have an affair with Aphrodite.

He wants to make the West All the gods in the God Realm know that the Nordic God of Thunder is no weaker than the Greek God of War.

Sif glanced at Thor and left.

She is now very interested in Su Chen.

Who is the middle god? What does he have? What extraordinary qualities would attract Aphrodite's attention?

Sif wanted to know more about these.

In the banquet hall of the Asgard, after Su Chen and Aphrodite arrived, they were arranged by the waiter to a position, and it is still a very front seat.

Su Chen is also influenced by Aphrodite.

After all, Aphrodite is a powerful main god, and her position cannot be in a remote location.

Su Chen As soon as he sat down, he saw that the gods around him were looking at him and Aphrodite.

Su Chen whispered to Aphrodite, "Aphrodite, why don't I sit next to you? ? How about I sit somewhere else?"

"Do you think that's possible? I was worried that you would escape secretly"

"How could I escape? My legs are weak now. How can I escape?"

After Aphrodite heard what Su Chen said, she wanted to strangle this bastard to death. This is a banquet hall, and there are some powerful gods around. I am afraid that the words of this bastard will be heard by those gods.

Her face turned red. He hurriedly shouted and cursed,

"Shut up, there is wine and food here, don't talk unless you have nothing to do."

At this time,

Thor, the god of thunder, came to Aphrodite and shouted, "Aphrodite, I want to compete with the middle god next to you. Don't worry, I will seal my strength to the middle god. realm."

Chapter 1886

In the banquet hall, many gods looked at Suchen and Aphrodite. Aphrodite, the goddess of love, arrived late, and the gods here felt a little strange.

When Aphrodite, the goddess of love, arrived together with a little priest, and even the little priest was sitting next to Aphrodite, this made the gods here feel even more incredible.

The conversation between Su Chen and Aphrodite just now was clearly heard by the main gods in the banquet hall.

These main gods did not expect that Aphrodite, the goddess of love, was getting together with a minor priest again. This made The main gods of the Greek pantheon and the Nordic pantheon were all very surprised.

And Thor, the Lord God of Thunder, wanted to challenge a small priest, and all the gods in the banquet hall watched the excitement.

"Thor, sit down for me."

Goddess Queen Frigga looked at the Lord God of Thunder with a livid face.

She knew that Thor had always been compared with the God of War of the Greek God of War. The relationship between the God of War of the Greek God of War and the god Aphrodite was unclear. Thor I also want to pursue Aphrodite, the goddess of love.

However,

Thor, the god of thunder, has a fiancée, and

Sif, the god of land and harvest, is here.

Thor would actually be jealous of a god who can do everything for him. This is simply ridiculous. The Nordic pantheon was completely disgraced.

The Lord God of Thunder saluted Queen Frigga and said,

"Queen God, I am pursuing love. Besides, I have sealed my divine power to the middle god. We are all the same in terms of divine power. I have not used my strength to oppress this little priest."

"That's not okay, Thor, you have to remember your identity and that you have a fiancée"

"Queen of Gods?"

Thunder God Thor looked at God Queen Frigga helplessly. If Queen Frigga did not agree, Thunder God Thor would have no way to duel with Su Chen.

The gods in the banquet hall, they saw God After Frigga stopped the thunder god Thor, the god king Zeus and the god king Odin had not yet arrived, and only the god queen had the most power here.

If the god queen Frigga stopped the thunder god Thor from dueling, they gods would also I couldn't watch the show.

Su Chen was confused now.

He looked at Thor, the God of Thunder, Frigga, the Queen of Thunder, and Aphrodite next to him.

Su Chen Now he was very confused.

From the conversation between the gods just now,

Su Chen roughly guessed some reasons.

Thor, the Lord of Thunder, wanted to pursue Aphrodite, the God of Love, but the Queen stopped him because the Lord of Thunder had a fiancée. Thor, the God of Thunder, had a relationship with Aphrodite, the God of Love.

In Norse mythology,

Thor and the Queen Frigga were not in a mother-child relationship. The mother of Thor, the God of Thunder, was a female giant.

However,

Thor in Norse mythology is very similar to Thor in the Marvel movies, with the same armor, the same burly appearance, and even the same mindlessness.

Su Chen glanced at Aphrodite and said, "You are really a disaster for the country and the people. Goddess!"

Aphrodite looked at Su Chen and snorted coldly,

"Huh, what does this have to do with me? Did I seduce them? Or did I trick them?"

"This is all the possessiveness of you men. As long as you see some beautiful women and items, you want to possess them, and you will even compare them after you get them."

Su Chen didn't say anything while drinking.

Aphrodite's words were good, but this kind of situation can only happen in the Western God Realm. In the ancient fairy world, it is impossible for gods to get married.

The gods in the ancient fairy world They are all crazy cultivators, and women have no effect on them at all.

At this time,

Thor, the Lord of Thunder, still did not give up, and he did not care about Queen Frigga's stop.

He looked at Su Chen and asked angrily,

"Little priest, do you agree or not?"

"It's not impossible for me to agree, but it has to be beneficial, right? I won't fight you if there's no benefit"

"Hum, little priest, what benefit do you want?"

After Su Chen looked at the heroic and beautiful Sif next to him, he smiled and said to Thor, the Lord of Thunder,

"I think your fiancée, Sif, the Lord of Land and Harvest, is quite beautiful. If I win the duel, your fiancée will be mine. Lord of Thunder, what do you think?"

"Do you want to die?"

Boom!

Boom boom boom.....

After Thor, the god of thunder, burst out with powerful divine power,

Aphrodite and the main gods of the Greek pantheon also burst out with powerful divine power.

No matter what, Su Chen is a god from their Greek pantheon. It is impossible for the Greek pantheon to watch the main god of the Nordic pantheon bully this little priest.

God Queen Frigga watched the gods burst out with their divine power, which made her face very cold. She did not expect that for a shameless woman, Thor, the God of Thunder, would dare to ignore her orders, especially at the banquet. Divine power erupted in the hall, and

Queen Frigga immediately shouted loudly with no expression on her face,

"Take back your divine power. This is Asgard's fairy palace, not your competition ground."

"Yes, Queen of Gods!"

"Yes, Queen Frigga,"

Thor, the God of Thunder, and all the Greek gods saluted Queen Frigga.

At this moment, Sif, the Lord God of Land and Harvest, looked at Su Chen with an indifferent expression.

She did not expect a little The priest dared to take advantage of her, which made Sif very angry. If this was not an immortal palace, Sif would have strangled the little priest to death.

"what happened?"

At this time,

God King Zeus and God King Odin arrived at the banquet palace.

They all felt the explosion of divine power just now, which temporarily put the things they had not finished talking on hold. God King Zeus and God King Odin were also worried. There will be a conflict between the gods of the two systems.

Loki, the Lord of Trickery, stood up and told what happened just now, "God King, this is what happened, Lord God of Thunder....."

Zeus and Odin looked at Su Chen after hearing Loki's words. They did not expect that this conflict was caused by a small priest.

Zeus looked at Suchen with a gloomy expression.

He did not expect that Aphrodite, the goddess of love, would actually get together with a young priest.

Zeus always wanted to kiss Aphrodite, but Aphrodite always refused.

Today,

Aphrodite actually had close contact with a young priest, and God King Zeus wanted to kill the young priest immediately.

Odin looked at Su Chen and said sternly,

"Little priest, you are very brave. You dare to fight with my son, and you even want to get Sif, the god of land and harvest. I am a little surprised by you, little priest."

Su Chen didn't pay attention when he heard Odin's words.

He smiled and asked,

"What does the God King mean?"

Odin pointed at Thor, the Lord of Thunder, and said seriously,

"My son means what I want, and it is all up to my son"

"Little priest, I promise you, but this time our duel is a life and death duel. If you want to get my fiancée, I will let you die in the duel field of Asgard."

Chapter 1887

Thor, the God of Thunder, declared a challenge to Su Chen with an angry look on his face.

Since this little priest dares to have an idea of his fiancée, Thor will kill this little priest.

Su Chen smiled when he heard the words of Thor, Lord of Thunder.

Although he was not the opponent of Lord Thor in terms of strength,

Thor, Lord of Thunder, dared to seal the realm of cultivation to Golden Immortal (mid-level god). Su Chen could do it with one hand. You can beat this idiot.

Aphrodite looked at Thunder Lord Thor with an indifferent expression.

She wanted to kill this bastard now.

This was obviously caused by Thunder Lord Thor, but now he seemed to be the victim.

There is also God King Zeus.

This stallion probably wants Suchen to be killed by Thor.

"Queen Hera and Demeter, the god of harvest, arrived."

At this time, a waiter suddenly shouted loudly outside the palace.

Su Chen was shocked when he heard the waiter's words.

Damn it!

Queen Hera and Demeter actually chased Asgard?

What the hell?!

What should I do? I'm afraid

I really can't escape this time.

Su Chen didn't know if Hera and Demeter caught him, would they imprison him?

Or would they kill him directly?

This time I'm afraid there is a big trouble.

At this moment,

Queen Hera and Demeter came into the banquet hall together.

When Queen Hera and Demeter saw Suchen, they looked at each other and showed that they were really in trouble. The expression here.

When the goddess Hera and Demeter saw the goddess of love Aphrodite next to Su Chen, they were both a little surprised.

They all knew everything about Aphrodite. They also knew that the rumors of Aphrodite's debauchery were caused by Zeus. Why would Aphrodite allow Suchen to sit next to her this time?

"I've met the God Queen!"

All the gods in the banquet hall said hello to the Queen Hera.

After the Queen Hera nodded to the gods around her, she walked towards the middle of the palace.

Zeus saw the Queen Hera and Demeter. When he arrived, he asked doubtfully,

"Hera, Demeter, why are you here in Asgard?"

God Queen Hera glanced at Zeus and said coldly, "God King, we haven't met with God Queen Frigga for hundreds of years. This time we are here to catch up with Queen Frigga."

Zeus did not doubt the words of Queen Hera. Queen Hera had a good relationship with the Nordic Queen Frigga.

"So this is ah! If I had known you were coming, I would have waited with you for your arrival."

Then,

Queen Hera, God King Odin, and Queen Frigga talked for a while respectively, and then she sat down with Queen Frigga, while Demeter walked towards Su Chen and Aphrodite.

Demeter sat on Su Chen's right side and said with a sweet smile, "Little priest, you are going to be finished this time."

Su Chen frowned and asked Demeter, Demeter, how did you know that I escaped to Asgard?"

"Haha, you have to ask your God Queen Hera."

Aphrodite next to Su Chen looked at Demeter.

She felt very strange.

The arrival of the God Queen Hera and Demeter this time was not for the Nordic God Queen Frigga at all.

The two of them The person's arrival was probably for Su Chen. How could this little priest ask the Queen Hera and Demeter to come all the way to find him?

Aphrodite couldn't figure it out for a moment.

The surrounding gods saw the Lord God of Harvest. Demeter was also sitting next to Su Chen.

The gods in the banquet palace were all confused.

A small priest, on the left was Aphrodite, the goddess of love, and on the right was Demeter, the goddess of harvest.

These two main gods But they are all top-notch beauties, and the male gods here are very envious of Su Chen.

At this time, sitting on the high seat,

Queen Hera saw Su Chen, one on the left and one on the right, with two goddesses sitting around him. Queen Hera was not happy.

A young priest who was on the run really regarded himself as a guest, and even let two beautiful gods surround him.

After thinking about it, Queen Hera shouted to Su Chen road,

"Suchen, where is the gift I prepared for Queen Frigga? Why haven't you given it to Queen Frigga yet?"

Su Chen was confused when he heard what Queen Hera said.

A gift?

What gift?

He fled to Asgard, and

Queen Hera gave him a shitty gift.

I guess!

Queen Hera wouldn't take advantage of this opportunity. Blackmailing yourself?

Well,

Queen Hera may not have arrived with a gift. Maybe Queen Hera deliberately asked him to give a gift to Queen Frigga.

This cunning woman.

Su Chen had no choice but to stabilize Queen Hera first. La, he didn't want the God Queen Hera to turn against him now.

Su Chen stood up and said to the God Queen Hera,

"Goddess Queen, gift, I haven't found the right time to give it to Goddess Frigga."

"Give it to Queen Frigga now"

"Yes, Queen of Gods!"

When Zeus heard the conversation between Queen Hera and Suchen, she asked suspiciously, "Hera, is this middle god the little priest in your palace?"

God Queen Hera nodded and replied,

"Yes, Su Chen is the chief priest in my palace, and he is responsible for everything in my palace. Zeus nodded after hearing this.

Zeus did not expect that he had misunderstood Aphrodite just now. The reason why Aphrodite brought this little priest was probably because the Queen Hera asked Aphrodite to bring her. Asgard.

God King Zeus no longer cares about this little priest, and a mid-level god is not worth his attention.

"Queen Frigga, this is a gift from Queen Hera!"

After Su Chen came to Hera and Frigga, he felt a little headache and took out a jade box and handed it to Queen Frigga.

This jade box contained a ginseng fruit. Since Zhen Yuanzi took refuge with him, He gave all the ginseng fruits to himself. Su Chen only had a dozen ginseng fruits in his hand.

Queen Frigga took over the jade box and smiled.

She was not confused.

Queen Hera probably didn't prepare a gift for her. This gift It should be Hera who blackmailed this little priest.

Frigga even suspected that Hera might not come here to see her, but for this little priest.

God King Odin smiled and said to God Queen Frigga ,

"Frigga, open it and see what gift it is, and let the gods here see it too."

"good!"

Frigga also wanted to know what gift this little priest would give her.

The gods in the banquet hall all looked at the Queen Frigga. They all wanted to know what gift the Queen of Greece would give to the Queen of Nordic Gods.

Frigga. After Lijia opened the jade box, a refreshing fragrance spread across the floor, and the auraful fragrance spread in the banquet hall.

"Is this a fairy fruit? Or is it the top fairy fruit in the prehistoric fairy world?"

Chapter 1888

Queen Frigga looked at the ginseng fruit in the jade box and exclaimed.

She was very surprised when she smelled the fragrance of the ginseng fruit in the jade box.

She had never seen such a ginseng fruit before. She felt the power of the god just by smelling it. increase.

Queen Frigga immediately covered the jade box.

Such a fairy fruit was either a top-grade fairy fruit or a top-grade fairy fruit. Frigga did not want the fairy power in the fairy fruit to continue to leak out.

Odin was also very surprised.

He also smelled the fragrance of the fairy fruit. This kind of fairy fruit was probably the best fairy fruit in the ancient fairy world.

God King Zeus looked at God Queen Hera unexpectedly.

He also did not expect that Hera would have a top-quality fairy fruit.

However, why didn't God Queen Hera eat it by herself?

Is there something wrong with this top-quality fairy fruit?

In the banquet palace, the gods looked at the jade box in Queen Frigga's hand in shock.

They just smelled the fragrance of the fairy fruit, and their divine power continued to increase. If they ate this top-quality fairy fruit, their strength would increase. I'm afraid it's going to be fast.

Queen Hera stared at Su Chen.

She didn't expect that Su Chen had such a fairy fruit.

This bastard, this fairy fruit was more precious than a peach.

Queen Hera regretted blackmailing Su Chen. The best fairy fruit is gone.

God Queen Hera also ate this best fairy fruit. She may be promoted to the realm of the God King.

Queen Frigga looked at Hera and said with a smile, "Hera, this gift of yours is very precious."

"nice! You love it!"

Queen Hera forced a smile and replied.

She now wants to strangle that little bastard Su Chen.

The best fairy fruit is gone.

This prodigal son.

After Queen Hera decides to return to Olympus, she must take care of herself. Teach this little bastard a lesson.

Queen Frigga looked at Su Chen and nodded.

When Queen Frigga saw Hera's expression of pain, she knew that her previous guess was very correct. This top-grade fairy fruit really belongs to this little priest.

Queen Frigga is also interested in Su Chen. How could a little priest have a top-grade fairy fruit?

Su Chen looked at Queen Frigga and asked Turning around and leaving, he felt that Queen Frigga seemed to have discovered something.

Su Chen did not dare to stay with these two queens anymore.

However,

Queen Frigga was also very noble and beautiful, wearing a white robe. With beautiful and generous faces, plump figure, convex figure and noble temperament, Frigga and Hera are both very noble and beautiful, but these two flowers are stuck in cow dung.

The goddess Hera Ra married a stallion old man, and

Queen Frigga married a one-eyed short old man.

When Su Chen passed by Thor, the Lord of Thunder, the Lord of Thunder looked at Su Chen and shouted disdainfully,

"Little Priest, see you at the duel tomorrow. Let's enjoy the last happy time today."

"Hehe, Thor, I would have forgotten if you didn't tell me."

After Su Chen heard the words of Thor, the Lord of Thunder, he smiled evilly and walked towards Sif, the Lord of Land and Harvest. Su Chen planned to make Thor, the Lord of Thunder, angry again.

Anyway, their duel cannot be changed, and Su Chen doesn't care about the palace. What the gods in the world thought of him.

Su Chen came to Xifu and sat down and said,

"The beautiful Lord Sif, my name is Su Chen, and I am the priest in the palace of the Queen Hera. Xifu frowned and asked Su Chen coldly,

"What are you doing here?"

"You will be my fiancée in the future. Shouldn't I get acquainted with you first?"

"Hey, you'll die tomorrow. Even if Thor seals his strength to the same level as you, you can't be Thor's opponent."

"Sif, do you want me to win? Or do you want Thor, the Lord of Thunder, to win?"

"It doesn't matter!"

After Xifu heard what Su Chen said, she shook her head and replied nonchalantly.

She was just a main god.

She couldn't disobey the god king's orders.

She originally had a marriage contract with Thor, the main god of thunder, but now it seems that a The marriage contract is not as important as his son's face in the eyes of the God King, and Sif has no hope for Thor, the Lord of Thunder.

"Sif, you will be my fiancée tomorrow. This artifact is regarded as a token of love. The name of this Changge is Zhange!"

Su Chen took out a Changge from the system space and handed it to Xifu.

This is a low-grade innate spiritual treasure. It should be regarded as a divine weapon in the Western God Realm.

Xifu was surprised when she looked at the Changge in her hand. Said,"Mid-grade artifact? You actually still have a mid-grade artifact?"

"I am a chief priest, is there anything wrong with having a mid-grade artifact?"

"A little scumbag mid-level god, the artifact is a waste in your hands, I will accept the artifact."

Sif likes this Chang Ge very much.

Only a main god like her owns a low-grade artifact, but this mid-grade artifact looks very extraordinary. Sif thinks that this artifact is probably more powerful than a high-grade artifact.

"Sif, this is a token of love. You must protect yourself like a jade for me from now on."

Xif heard Su Chen's words and yelled angrily, "Get out of here, do you think I am Aphrodite, the goddess of love? Besides, you haven't defeated Thor, Lord God of Thunder, so it's too early for you to speak now."

"What you said makes sense. So, Sif, please return the artifact to me. I think I'd better give you a token of love after defeating the Thunder God."

"Haha, don't even think about it. I accepted the gift from you, and you, bastard, still want to take it back. Do you think it's possible?"

"well! It seems that I must defeat Thor, the Lord of Thunder, tomorrow, otherwise I will lose both my men and my wealth."

"Then go for it!"

Sif talked with Su Chen for a while.

She felt that it was very pleasant to talk to this bastard.

Sif thought of her previous conversation with Thor, the Lord of Thunder. That reckless man didn't talk about anything except fighting and killing. Hui said that he didn't even give her a gift.

Not only was Su Chen more handsome than Thor, the Lord of Thunder, but he even talked very interestingly. If Su Chen hadn't been a little priest, Xifu would have been fine marrying Su Chen.

However, this bastard will probably be killed by Thor, the God of Thunder, tomorrow, and Sif cannot change this outcome.

The gods in the palace laughed at Sif when they saw Su Chen, and Sif even fought with Su Chen Noisy

They are all very confused. How come Sif, the always cold god of land and harvest, seems to have changed into a different person today? Is this still the Sif, the god of land and harvest that they know?

"Damn, a pair of adulterers and adulterers."

Thunder God Thor saw Suchen and Sif playing and laughing, and he cursed with an ugly expression,

"Damn this little official, he hooked up with a Nordic heroine so quickly. Looks like I'm going to drain this little bastard tonight."

Chapter 1889

Aphrodite felt very uncomfortable when she saw Suchen and Xifu talking and laughing.

That bastard had just had skin-to-skin contact with her, and now he was making love to other goddesses in the blink of an eye.

Aphrodite wanted to kill Suchen.

A banquet ended with the gods eating and drinking. In a palace, Su Chen was arranged by the waiters to rest here.

However,

Su Chen didn't rest.

I'm afraid he won't be able to rest today.

I'm afraid the Queen Hera will arrive soon.

"well! How to escape?"

Su Chen said to himself distressedly while lying on the bed.

He couldn't escape from Asgard. If Hera, the Queen of Gods, brought him back to Mount Olympus, he wouldn't be able to escape.

Su Chen is also very irritable.

If he misses a few more episodes in Journey to the West, he may not have to go to study with Tang Sanzang's masters and disciples in the future.

Even if he goes, he will probably fail the trial.

Damn Duobao Tathagata, the leader of Tongtian Cult. Why didn't you bastard kill Duobao Tathagata?

At this time,

Queen Hera, wearing a very cool dress, suddenly appeared in front of Su Chen.

Queen Hera looked at Su Chen and mocked, "Little Priest, you are really powerful. You actually escaped from Olympus. If we hadn't discovered something was wrong, would you have escaped back to the ancient world?"

Su Chen looked at the cool dress of Queen Hera, his eyes widened and he coughed and said,

"Hey, Goddess, you are kidding, I just saw a very beautiful carriage, so I just went up to take a look, but I didn't expect to come to the Asgard realm."

I guess!

Is Queen Hera going to seduce me?

Damn it,

Queen Hera is too sexy.

If Hera tempts me for a while, will she fall in love with her or not?

Su Chen swallowed his saliva and looked away. She stared at the God Queen Hera. Anyway, she didn't want to see the benefits delivered to her door in vain.

The God Queen Hera also saw Su Chen's reaction, which made her a little uncomfortable.

However, she came this time to ask questions clearly. Does this bastard still have the fairy fruit? Hera, the late god, is about to advance to the god king realm, and she is determined to get the fairy fruit in Su Chen's hand.

Hera, the queen of gods, rolled her eyes at Su Chen and said disdainfully, "Do you think I will believe you? ?"

"I am loyal to the Queen of God, and everything I say is absolutely true."

"Bah, you are just a little bastard who talks nonsense."

"Queen of God, it makes me sad when you say this. I am an honest man, and I have not told you a single lie."

"Don't say these things that you don't want to do. Give me a few more of your fairy fruits, and I will be promoted to the divine king realm. Your fairy fruits will help me a lot."

When Su Chen heard what Queen Hera said, he looked at Queen Hera and said seriously, "Queen, can you agree to me a condition?"

Queen Hera sat beside the bed and rolled her eyes at Su Chen and said,

"Don't think about leaving. Your identity will not be exposed when you are with me. If you dare to leave, your identity will be exposed sooner or later. You don't want the gods of the entire Western God Realm to arrest you, right?"

Su Chen shook his head and said nonsense,

"Queen God, I just want to see the mortal world. I have never seen the mortal world in the Western God Realm."

As long as Su Chen can go to the mortal world, he will contact his wife Angel Angel. With the help of Angel Angel, the leader of the angel army, Su Chen will definitely be able to return to the prehistoric fairyland.

"This is okay, but only after I advance to the realm of God King, I will arrange for you to go to the mortal world"

"So how long does it take for you to advance to the God King Realm?"

"One to two months."

Su Chen thought about it and felt that it was feasible.

A month or two would pass in the blink of an eye.

Su Chen could not wait.

"Okay, what kind of fairy fruit do you want? Flat peach or ginseng fruit? Queen

Hera thought for a moment and then said, "One ginseng fruit and three six thousand-year-old flat peaches. These are enough."

After Su Chen took out some flat peaches and ginseng fruits from the system space, he patted the smooth shoulder of the God Queen Hera and said, "God Queen, I will give you one ginseng fruit and three nine-thousand-year-old flat peaches. Do you want them? Try to make some early breakthroughs."

The Queen of Gods slapped Su Chen's hand away in shame and took the flat peach and ginseng fruit.

However, the Queen of Gods Hera was even more suspicious of Su Chen's identity.

Nine thousand years of flat peach and top-grade fairy fruit and ginseng fruit are not at all. Ordinary immortals can get it.

Queen Hera feels that Su Chen's identity is really not simple.

"Su Chen, tell me the truth, what is your identity in the ancient immortal world?"

"Really want to know?"

"Um!"

Su Chen stood up from the bed and said pretending,

"Let me tell you, I, Su Chen, am the supreme emperor of heaven in the prehistoric immortal world. The entire prehistoric immortal world is under my rule. With just one order from me, tens of millions of immortals will be executed."

Hera, the Queen of Gods, pushed Su Chen and laughed,

"Pooh! Emperor of Heaven? Are you the middle god? You bastard is just talking nonsense."

"Don't believe it....."

Su Chen was condescending and suddenly saw a scenery that he shouldn't have seen. This scenery was really very attractive.

"Shameless!"

When Queen Hera saw Su Chen's eyes, she yelled at Su Chen in shame and anger.

Su Chen suddenly took the hand of Queen Hera and said,

"Ahem, Queen God, you are so beautiful. You are the most beautiful goddess in the entire Western God Realm."

Hera, the Queen of Gods, was held by Su Chen, and she hurriedly tried to pull her back, but Su Chen held her hand tightly, and Hera, the Queen of Gods, did not dare to use her divine power to break free. This bastard's strength was too low. She was also afraid of hurting this little bastard

"what are you up to? Let me go!"

"Queen of Gods, I....."

"Little priest, open the door quickly, or I will break in."

At this time,

Aphrodite, the goddess of love, shouted outside the room.

Su Chen sent Hera away speechlessly.

Queen Hera turned around and disappeared after being released by Su Chen.

Queen Hera did not dare to If she stayed any longer, if Aphrodite hadn't arrived just now, she might have been succeeded by that bastard.

Su Chen shook his head and decided to teach Aphrodite a lesson for disturbing his good deeds.

"Su.....Woohoo!"

Aphrodite came in just now and was hugged and kissed by Su Chen.

She didn't expect that Su Chen would take the initiative this time, and Aphrodite didn't show any weakness. We don't know who will win today. I hope this little bastard won't Begging for mercy again.

Outside Su Chen's palace,

Demeter watched all this with interest.

She could clearly see what was going on in Su Chen's room this time. The Queen Hera, the Goddess of Love Aphrodite, They all actually developed a crush on a little priest, and Aphrodite even took action.

"It's interesting. The little priest is really not simple. A queen, a main god of love, two powerful main gods have feelings for Su Chen. What's so good about that little bastard?"

Chapter 1890

The next day,

Su Chen rubbed his waist and walked out of the room.

However, this time Su Chen had a smile on his face.

Aphrodite was defeated by him last night.

Although Su Chen was very tired, , but he is very happy now. I am afraid that crazy woman will never dare to be embarrassed in front of him in the future.

In the main hall of the palace, when

Su Chen arrived, he saw Demeter sitting here alone.

Demeter was drinking tea and saw Su Chen arriving, rubbing her waist.

She mocked Su Chen, "Little priest, Did you forget what you wanted today?"

"What to do today?"

Su Chen asked doubtfully as he sat opposite Demeter.

"Hey, you're going to have a duel with Thor, the God of Thunder, in a moment. Are you going to die like this?"

Damn it! We have a duel today?

Damn it!

Su Chen really forgot.

Su Chen hurriedly took out an ordinary flat peach and ate it.

He wanted to quickly restore his strength and vitality to the peak. He was facing the Lord God of Thunder. Thor, the Lord of Thunder, Thor, although he can defeat him with one hand after sealing his strength.

But what about that old bastard Odin?

If God King Odin gives Thor, the Lord of Thunder, some artifacts, Su Chen may not be able to deal with Thor. Su Chen's treasure Chaos Clock cannot be used, and it is best not to use the Law of Space and the Law of Time. With Odin and Zeus around, Su Chen is worried that they will find out that he is an immortal in the ancient world.

"Give me a peach"

"Give!"

After Su Chen heard Demeter's words, he took out five or six three-thousand-year-old flat peaches and put them on the table. Last night, Su Chen ate a dozen flat peaches before defeating Aphrodite. Aphrodite Demeter also ate a lot.

If Aphrodite had not eaten the flat peaches, the beautiful goddess of love would have been sleeping in bed today.

Demeter smiled when she saw Su Chen taking out five or six flat peaches. , this bastard is really generous to people he knows well.

A shining sword suddenly appeared in Demeter's hand,

"Little Priest, this weapon is for you, this is the artifact I prepared for you, the Holy Sword, this is the weapon of angels. In ancient times, there was a war between the Greek pantheon and the god pantheon. It was a top-grade weapon left by a Seraph of the God King Realm. Artifact."

Su Chen reached out and hugged Demeter's soft waist, and he said with a smile,

"Demeter, you are so kind to me. How can I repay you?"

Demeter looked at Su Chen in confusion.

This was the second time this little bastard.

Su Chen not only hugged her last time, but even kissed her. Isn't this little bastard afraid that she would kill him?

Demeter struggled and stared at Suchen and shouted,

"Bastard, let me go. If it weren't for the fairy fruit you took out, I wouldn't give you the artifact. Little priest, you have to return the sacred sword to me after using it. This is a top-grade artifact. I won't let you keep using it in the future."

Su Chen held Demeter in one hand and quickly put away the sacred sword, the angel's sacred sword, with the other hand. If this was given to his angel wife Angelette, this would be the best gift.

"Whatever comes into my hands is mine, Demeter. You can't even take the door back if you want."

"You are so shameless!"

Demeter was helpless towards Su Chen.

Demeter also thought that if the artifact was in the hands of this bastard, she might never get it back. Fortunately, she was not interested in the artifact of the sword. It was almost noon,

Su Chen and Demeter arrived at the duel field together, holy shit!

The Nordic gods really know how to play.

Su Chen was very speechless when he looked at this huge duel field. The Nordic gods are probably full of food. There is no point in setting up such a huge duel.

Su Chen saw that there were at least a million gods around to watch the battle. He rubbed his forehead and felt very helpless. It seemed that these gods were all here to cheer for Thor, the Lord of Thunder.

"Su Chen, come here!"

At this time,

Queen Hera saw Su Chen arriving, and she hurriedly shouted to Su Chen,

"Queen God, your position is good, you can clearly see the duel in the barrier."

Queen Hera waved her hand, and a set of golden armor appeared next to Su Chen.

Queen Hera pointed at the golden armor and said,

"Don't worry, you put on this artifact armor. This is an artifact left behind by the Titans. Thor, the God of Thunder, may also be preparing an artifact this time. You should be careful when fighting."

Su Chen waved his hand and put on the artifact armor.

The artifact armor is nothing less than an artifact. It can be large or small, it's not heavy, and it can even change any form.

Su Chen patted his chest and said with a smile, "Don't worry, I haven't paid much attention to Thor, Lord God of Thunder."

Queen Goddess Hera and Demeter saw Su Chen wearing the golden armor.

Su Chen was very handsome now, especially Su Chen's serious look. He showed domineering, majestic and even noble temperament. This made Queen Hera and Demeter look a little fascinated.

At this time,

Aphrodite arrived. She took out a red cloak embroidered with beautiful patterns and handed it to Su Chen and said,

"Little priest, here you go, this is a scarlet cloak. It can resist the attack of the artifact, but it can only be blocked three times at a time. After three times, it will no longer be able to block it. You have to be careful in the duel."

"Ha ha....."

Su Chen looked at the three women and laughed.

If Su Chen hadn't known that the three of them had not colluded, he would have really thought that the three women had colluded to prepare the artifact for him.

Demeter's artifact: the Sword of the Holy Angel!

The artifact of Queen Hera: a set of artifact golden armor from head to toe.

Aphrodite's artifact: the scarlet cloak.

Su Chen can be said to be fully armed now, with artifacts all over his body.

Don't be frightened when Thor, the God of Thunder, sees it.

Queen Hera!

Demeter, the harvest god!

Aphrodite, the goddess of love!

They looked at Su Chen wearing golden battle armor and scarletFeng, holding the Holy Angel Sword in his hand, each of them kept looking at Su Chen with their beautiful eyes.

No matter how you look at Su Chen now, he is extremely noble. Even God King Zeus and God King Odin cannot compare to Su Chen's noble temperament.

After all,

God King Zeus is a bad old man,

God Queen Odin is a short old man with one eye, and none of them have the noble aristocratic temperament of Su Chen.

"Not bad, very perfect!"

"Well, Su Chen's temperament is so outstanding. If he comes on stage soon, the goddesses in the Nordic pantheon will definitely go crazy for Su Chen."

"The little priest is a bit too handsome."

Goddess Hera, Demeter, and Aphrodite looked at Su Chen and talked to each other.

The artifacts prepared by the three of them seemed to belong to Su Chen.

The artifacts matched with Su Chen's noble temperament, Su Chen was so He looks like a king who rules the world

"Little Priest, this is my trophy artifact, the Fairy Bow. I hope this magical bow can help you."
