Chapter 1891

In the stands of God Queen Hera, after the arrival of Harvest God Sif, she looked at Su Chen wearing a golden battle armor, a scarlet cloak, and holding a holy angel sword.

Especially Su Chen's handsome, noble temperament and mighty and domineering look. Xifu was in a trance when she looked at Su Chen.

Is this still a little priest?

How could a little mid-level god have such a noble temperament? Sif didn't expect that Su Chen would change like this after wearing a magical weapon. She also became somewhat interested in Su Chen. After all, she was used to seeing the rude appearance of the Nordic gods, and Su Chen's handsome, noble and handsome appearance attracted her. It looks more comfortable. After Sif looked at the Queen Hera and the three goddesses, she took out an exquisite emerald green long bow and walked to Su Chen. Sif smiled and said to Su Chen,

"Little Priest, this is my trophy artifact, the Fairy Bow. I hope this magical bow can help you."

Su Chen took the fairy bow that Xifu handed him.

He looked at Xifu and smiled.

Su Chen also didn't expect that Xifu would give him the artifact, but he didn't think that Xifu would like him. ,

Su Chen guessed that Xifu might give him a gift in return. After all, he also gave Xifu an artifact.

"Sif, do you want me to defeat Thor, the Lord of Thunder?"

Sif rolled her eyes and said coldly and arrogantly, "You're overthinking. I just don't want you to be killed by Thor, the God of Thunder, just after you go on stage."

"You are so heartless. No matter what you say, I will be your fiancé in a while."

"Huh, I hope you're still alive for a while."

Sif gave Su Chen a fierce look and left in a hurry.

She can't stay here forever. Today is a duel between the Greek gods and the Nordic gods. If Sif stays here, it will have a bad impact.

Avro Dite calmly pinched Su Chen's waist.

She looked at Su Chen and mocked, "Little priest, it seems that you have kidnapped the fiancée of the God of Thunder."

After Su Chen heard Aphrodite's words, he wanted to stop this crazy woman's mouth.

He found that the Queen Hera and Demeter were also looking at him indifferently, which made him even more uncomfortable. Regardless of the pain in his back, Su Chen grinned and hurriedly explained, "Haha, didn't I mean to make Thor, the Lord of Thunder, angry?"

"snort!"

Aphrodite snorted at Su Chen, and she let the little bastard go.

Now is not the time for Aphrodite to deal with this bastard. Besides, Su Chen is going to duel with the thunder god Thor. She was also very worried about this little priest.

Dang Dang Dang.....

At this time, the bells in the duel field rang, and the gods in the entire duel field cheered,

"Thor!"

"Thor!"

"Thor!" Su Chen was very speechless when he heard the cheers of the gods around the duel field. These gods were like watching a football match. This is the home court of the Nordic Gods, and Su Chen was an unwelcome visiting god.

"Come on!"

"Be careful later!"

"Little priest, if.....Forget it, you can definitely defeat Thor, the Lord of Thunder."

Goddess Hera, Demeter, and Aphrodite looked at Su Chen and said one after another.

A duel is inevitable.

Although Su Chen is wearing a divine weapon, they don't think so of Su Chen's duel. Be optimistic.

Thor, the Lord of Thunder, is a main god with rich combat experience. Although the strength of Thor, the Lord of Thunder, has been sealed to the mid-level god, Thor, the Lord of Thunder, should not be underestimated. Does

Su Chen's strength get any?

They are also not It is too clear, but the Queen Hera will not let the Lord Thunder God kill Su Chen.

With them here, as long as Su Chen is in crisis in the duel field, the three of them will do whatever it takes to rescue Su Chen.

"Here I go!"

Su Chen nodded to the three goddesses, and he disappeared from the stands in a flash.

In the duel field,

Thor, the Lord of Thunder, appeared in the middle wearing a suit of armor.

He held a black hammer in his hand. There was still a constant crackling sound on the hammer. This was the Nordic artifact Mjolnir, also known as Thor's hammer.

Whoosh!

Su Chen instantly appeared opposite Thor, the Lord of Thunder.

Both of them looked at each other. Towards the opponent.

Thor, Lord of Thunder, looked at Su Chen wearing a divine weapon. Even Su Chen was much more handsome and noble than him.

This made Thor, Lord of Thunder, twitch his mouth.

Thor, Lord of Thunder, was wearing the previous battle armor. The battle marks on his body are very obvious. His armor and Su Chen's armor look like the difference between a beggar and a noble.

"Pretty boy!"

"Big boss!"

"Pretty boy, I will tear you apart in a moment!"

"Big mistake, I will beat you up soon!"

Thunder God Thor and Su Chen are both angry and unwilling to give in to each other, and their strong fighting spirit is constantly increasing.

"Look, the Greek gods are so handsome!"

"Yes, that Greek god is not only handsome, but also has a very outstanding temperament."

"It's time for me to change my mind. I hope the little Greek priest can win this duel."

"Well, well, I think the little priest wins"

"It doesn't matter whether he wins or not, as long as the Thunder God doesn't kill the little priest."

In the stands, the goddesses from the Nordic mythology department saw Su Chenchang, and all of them started chatting with each other with bright eyes.

"Kill the little priest!"

"Kill the little priest!"

"Kill the little priest!"

The male gods of the Nordic pantheon couldn't help it anymore, especially after they heard the discussions of the goddesses around them. Many male gods in the stands of the duel arena screamed and wanted to kill Su Chen. The home of the duel arena In the stands,

God King Zeus and God King Odin were sitting here together. They looked at Suchen and Thor in the middle of the duel and twitched their mouths. Zeus and Odin did not expect that

Su Chen would be wearing a gorgeous outfit. The artifact appeared, and the armor worn by Thunder Lord Thor was incomparable with Su Chen's armor.

Queen Frigga's eyes lit up when she looked at Su Chen.

She did not expect that after Su Chen put on an artifact, Su Chen Being so handsome, especially with the noble temperament of Su Chen, God Queen Frigga looked at God Queen Hera in thought.

After God King Odin stood up and looked at the gods around the duel field, he waved his hand. , the duel ground became quiet instantly.

God King Odin knocked the ground with the magic gun in his hand and shouted,

"Open the barrier and the duel begins!"

Chapter 1892

On the duel field, after Su Chen and Thor heard the order from God King Odin, Thor quickly attacked Su Chen with Thor's hammer. boom!

Su Chen hurriedly dodged Thor's attack.

Su Chen didn't want to fight back yet.

He wanted to understand the fighting methods of the gods in the Western world. This would be helpful in future realm wars.

Boom boom boom boom.....

Thor, the God of Thunder, moved quickly to attack Su Chen, while Su Chen leisurely avoided Thor's attack.

"Pretty boy, will you keep hiding?"

"Boss, I'm not a rude person like you."

"Asshole, go to hell!"

Thor glared at Su Chen and quickly threw the Thor's Hammer in his hand.

Whoosh!

Bump!

Su Chen hurriedly used the Angel's Holy Sword to block the Thor's Hammer attack.

Boom!

Su Chen was shocked by the Thor's Hammer. He flew out directly, but

Su Chen turned over gracefully and stabilized his body.

Let me go!

The power of Thunder God's Thor's Hammer is not bad, and it is probably even better than the middle-grade innate spiritual treasures in the prehistoric fairyland.

Su Chen looked at Thor's Mjolnir and wanted to take it away, but this idea may not be realized. Even if he defeated Thor, he would not be able to kill Thor and take away Mjolnir.

This is Asgard. , is the base camp of the Nordic god system.

Today's duel is inherently unfair. Thor, the Lord of Thunder, can defeat himself or even kill himself.

But what about Su Chen?

He can only defeat Thor, the Lord of Thunder, and wants to kill Thor, the Lord of Thunder. ?

Is this possible?

If Su Chen had this idea, he would probably be killed before he could get out of Asgard, and he would even be killed by Odin when he was killing the Thunder God.

Boom boom boom.....

At this time,

Thor, the Lord of Thunder, suddenly flew into the air. He raised Mjolnir high and summoned thunder.

The sky above the duel field immediately became dark, thunder was rolling in the sky, black thunder kept roaring in the air, and blue lightning kept cutting through the sky.

"The Lord God of Thunder must be serious, the little priest may be killed by the thunder."

"Haha, kill that little priest, our Nordic pantheon is the most powerful"

"I hope the little priest can withstand the thunder attack"

"The little priest has a magical weapon, maybe he can really withstand the attack of thunder"

"You are overthinking, so what if the little Greek priest has a magical weapon? The thunder attack of the Thunder God is very powerful. The little priest is just a small mid-level god. His divine power cannot support the long-term defense of the artifact."

"Yes, yes, the little priest is dead this time."

The gods in the stands watched the Thunder God begin to use his ultimate move. The female gods in the Nordic God System became worried, while the male gods in the Nordic God System laughed one by one.

Thor, the Thunder God, is a Nordic god. Even though Thor , the god of war in the department, had his strength sealed this time, he was still not a small priest who could compete with a mid-level god.

Queen Hera, Demeter, and Aphrodite all became nervous. Each one of them secretly activated their divine power. If Su Chen could not withstand the attack of Thunder, they would immediately take action to rescue the young priest.

The Lord God of Harvest, Xifu, kept staring at Su Chen. She did not know whether Su Chen could withstand the attack of Thunder. , but she had no way to stop the Thunder Lord from killing Su Chen.

On the high platform,

God Queen Frigga looked at the duel with her chin raised.

She didn't care about winning or losing the duel.

This duel was inherently unfair.

God King Odin was giving his son a chance to establish his authority, and it was impossible for God King Zeus to fall out with God King Odin over a middle-ranking god.

God Queen Frigga wanted to know if God Queen Hera would save this little boy. Priest.

If Hera, the Queen of Gods, rescues this little priest, then her guess just now will be correct.

Hera, the Queen of Gods, cheated on her, and she also cheated on a little priest.

On one side of the high platform, a sexy black-haired girl The goddess crossed her arms and said to herself,

"It's interesting that a little priest triggered this duel"

"Moreover, Queen Hera, Harvest God Demeter, and Love God Aphrodite all seemed very concerned about the little priest, and even wanted to save the little priest."

"Moreover, even the harvest god Sif looked worried. It seemed that the little priest was in trouble."

At this moment,

Su Chen was very speechless when he saw Thor, the God of Thunder, in the sky.

It was Thunder again.

Su Chen had been dealing with Thunder since he came to the ancient world. He even scolded the Thunder Punishment Yin and Yang Eyes, but he did not expect it to come. After entering the Western God Realm, he would still encounter the attack of thunder.

In the air,

Thor, the Lord of Thunder, looked at Su Chen and shouted, "Young boy, I will kill you with thunder soon!"

Su Chen mocked Thor, the Lord of Thunder, with disdain, "Tsk! Big boss, what's so great about being able to summon thunder? Today, I will also summon thunder for you to show you."

As Su Chen spoke, he flashed his body and came into the air.

He raised the angel's sacred sword and shouted loudly,

"The Nine Heavens Xuansha turned into divine thunder!"

"The brilliant power of heaven, lead it with the sword!"

Boom boom boom boom.....

After Su Chen activated the Divine Sword Controlling Thunder Sword Technique, the thunder above the duel field gathered even more.

The black thunder above Su Chen also began to gather continuously.

The entire duel field became completely dark, and there were roars everywhere in the air. black thunder and lightning.

Although Divine Sword and Thunder Sword Control is just a cultivation technique,

Su

Chen is now a golden immortal.

His magic power is much more powerful than true energy and true energy.

Although Su Chen doesn't know how powerful the Divine Sword and Thunder Sword Technique is, but being able to summon thunder gives him face.

After all, summoning thunder in front of the Lord of Thunder is a severe slap in the face of Thor, the Lord of Thunder.

"How can this be? How can a mid-level god summon thunder?"

"This middle god may not be simple!"

"Wow, the little priest is only noble and handsome, but he is also so powerful, thunder! The little priest even summoned the thunder of the Lord God of Thunder."

"Yes, even if the little priest failed in the duel this time, his name will be praised by the Nordic gods."

"Well, it looks like the little priest's thunder and the thunder god's thunder are about the same. I really can't tell who will win this time."

Around the duel field, the gods of the Nordic god system became uneasy after discovering that Su Chen had also summoned Thunder.

Although there are some people who can be summoned by Thunder, those people are all very powerful main gods and gods. King.

A middle god can summon thunder, which makes the gods here feel incredible.

"Thunder? The little priest can actually summon thunder? That little bastard hides deep enough."

Chapter 1893

Queen Hera was in disbelief when she saw Su Chen summoning thunder.

Su Chen was a mid-level god.

Even if Su Chen could summon thunder, how could the summoned thunder be so powerful?

The gods basically summon some thunder, but those thunders are just for show for mortals.

The thunder summoned by the gods can kill some mortals, but facing the same gods, it is like scratching an itch and has no power at all.

Demeter and Aphrodite looked at Su Chen with wide eyes. They did not expect that Su Chen would summon a powerful thunder. They could not understand Su Chen more and more.

Queen Frigga looked at Su Chen and said to herself,

"Interestingly, if this little priest grows up, the Greek pantheon will probably have another powerful main god, or even a main god of battle."

On the high platform,

Odin looked at Su Chen in the sky with bright eyes.

He felt that this little priest was not simple.

A middle god could summon powerful thunder. This was to beat his son Thor, the Lord God of Thunder. Face.

If Thor, the God of Thunder, loses to the minor priest this time, it will probably be bad news for the entire Nordic pantheon.

"Zeus, this little priest seems to be the key god of your Greek pantheon."

Zeus laughed when he heard Odin's words and said, "Hahaha, Odin, the little priest is just a chief priest in the palace of the Queen of Gods. This little priest is not a god cultivated by the Greek pantheon."

Zeus also didn't expect that Su Chen had such potential.

A small middle god could summon powerful thunder. This is something that even some major gods can't do.

No wonder, no wonder the Queen Hera would seal a small middle god. The god is the chief priest, and Queen Hera probably knew the potential of the little priest early on.

Zeus looked at Su Chen and decided to draw Su Chen under his command. A powerful god in the future, Zeus would not let other gods get it. , not even his God Queen.

In the air,

Thunder God Thor looked at Su Chen in confusion.

He did not expect that Su Chen could also summon thunder, and the thunder he summoned was as powerful as his thunder..

This made him confused.

Thor, the Lord of Thunder, can summon thunder. It is his innate ability. Coupled with Thor's hammer, his control of thunder can be said to be very perfect.

Lord of Thunder, Thor He couldn't understand, how could a little middle god do all this?

"kill!"

Thunder God Thor looked at Su Chen and launched an attack.

He is the Thunder God.

Thor must kill this little priest.

Otherwise, another Thunder God may appear in the future. This is something Thor does not want to see..In the sky, countless thunder and lightning roared towards Su Chen,

"kill!"

Su Chen also swung his sword at the thunder god Thor at this moment.

However,

Su Chen did not use all the thunder to attack Thor.

It was not that he was unwilling to use all the thunder to attack Thor, but he did not dare.

If he used all the thunder this time, Thunder defeated Thor, the Lord of Thunder. Su Chen will be in danger in the future. Odin may not let him go, and even Zeus may be afraid of him. Zeus can even take away the sons of Zeus who are predicted to take away his god throne. Swallow the prison.

Su Chen didn't want Zeus to target him, otherwise, he might not be able to return to the ancient world.

Boom boom boom....

In the air, two thunderbolts collided together in an instant.

However,

Su Chen's thunder was like paper. The Thunder God's thunder dispersed Su Chen's thunder with one attack, and Su Chen disappeared in an instant at this time. in the air.

Thor, the God of Thunder, instantly dispersed Su Chen's thunder when he saw it.

He looked at Su Chen hiding on the ground and laughed,

"Hahaha, it turns out your thunder is just a bluff, little priest, you are dead this time."

Swish swish swish".....

Su Chen took out the fairy bow and shot at Thor, the Lord of Thunder.

Although he did not dare to defeat Thor, the Lord of Thunder, with thunder, he could use the artifact given by Sif to defeat Thor, the Lord of Thunder.

This will not only humiliate Thor, the Lord of Thunder, but also make Thor, Lord of Thunder, understand that

Sif already likes her.

"Fairy Bow? Damn it, you damn adulterers and whores."

Thunder God Thor was very angry when he saw the artifact used by Su Chen.

He knew that this artifact, the Goblin Bow, was Sif's trophy.

Thor, Lord Thunder God, did not expect that his fiancée would give the artifact to a stranger. This time Or use it to deal with him. The Lord God of Thunder wants to kill this couple of bitches immediately.

Boom boom boom....

Su Chen was dodging Thunder's attack while shooting Thunder God Thor.

He was now like flying a kite to fight monsters.

Thunder God's thunder couldn't attack him, but he could keep draining Thor's blood. Unless Thor, the Lord of Thunder, does not use thunder attacks in the air.

Otherwise,

Thor, the God of Thunder, will be attacked by Su Chen like a target.

"kill!"

Thunder God Thor couldn't stand such an attack.

Although he knocked away all the divine arrows that were shot at him, he controlled the thunder attack while also being careful about the divine arrows. The Thunder God also didn't Able to do two things at once.

He instantly appeared next to Su Chen with Thor's Hammer, and smashed it hard.

Boom!

"Invincible whirlwind kick!"

Bang!

After Su Chen dodged the Thunder God Queen's attack, he instantly kicked the Thunder God Thor away hard.

Boom!

The Thunder God was kicked away and hit the barrier and fell down.

"Pretty boy, I'm going to kill you!"

"Eat my kick again!" bump!

"This kick will make you call me a pretty boy!" bump!

"This kick makes you look rude!" bump!

"This kick will make you want to eat swan meat!"

Su Chen kept teleporting and kicked the Lord of Thunder Thor away.

Although Thor, the Lord of Thunder, was not seriously injured, Su Chen kicked him several times on the face, and even one of his footprints was marked with thunder. On the forehead, this is more uncomfortable than killing him.

"Ah ah ah, I want to kill you, I must kill you." bump!

"Get back here, young master!"

Su Chen used the angel's sacred sword to send God Thor flying away.

Su Chen also understood the fighting methods of the Western God Realm. The fighting methods of the Western God Realm are basically the same as those of the Wild World.

If the immortals of the Ancient Fairy Realm If it is a mage, the gods of the Western God Realm are warriors. If the immortals of the ancient immortal world are not approached by the gods of the Western God Realm, the gods of the Western God Realm will become targets and be slaughtered.

Queen Frigga looked at Su Chen

She was surprised and said," Thor, the Lord of Thunder, was beaten so hard."

"Is the God of Thunder being tortured? In the same realm, the Lord God of Thunder is no match for the little priest?"

Chapter 1894

Queen Frigga became more and more curious about Su Chen.

Although Su Chen's thunder attack was useless, Su Chen's speed was too fast. The duel between the Thunder God and Su Chen was simply a bullying farce.

God Queen Frigga also saw clearly that

Su Chen did not use his full strength at all. She even suspected that Su Chen's thunder attack might be a deliberate attempt to let off steam.

The surrounding Nordic gods all had incredible expressions. Their thunder god was beaten to the point where he was unable to fight back. Is this still the invincible thunder god Thor they knew?

Demeter smiled and said to Queen Hera,

"Queen God, the little priest's strength is pretty good, especially his speed. The little priest's speed is too fast, and the Lord God of Thunder simply can't keep up with the speed of the little priest."

The Harvest God Demeter and Su Chen fought against each other. Although they only fought briefly in the palace of Queen Hera, she was also very surprised by Su Chen's speed.

"Well, the little priest is very fast."

God Queen Hera nodded and replied.

However,

God Queen Hera frowned and thought about Su Chen's speed.

She suspected that the reason why Su Chen's speed was so fast may be the space law of the prehistoric fairy world.

God Hou Hera also knew something about the ancient world of immortality. Some of the powerful immortals in the ancient world had magical powers. What was this little bastard's identity in the ancient world? Why was Su Chen in the middle realm of gods knowing the magical powers of laws? ? There are even top-notch fairy fruits like flat peach and ginseng fruit?

The goddess of love, Aphrodite, looked at Su Chen and smiled.

She didn't expect the potential of the little priest who committed himself casually. If the little priest grows up in the future, he may even grow into The main god and the small priest of the same realm are invincible.

God King Odin has a gloomy face now.

He did not expect that Thor, the Lord of Thunder, would be defeated, and he was still defeated without the power to fight back.

This time the Nordic gods will be embarrassed.

Even The gods of the Nordic pantheon will not worship Thor, the Lord of Thunder, so much in the future.

This may not be a good thing for the stability of the Nordic pantheon in the future.

Zeus looked at Su Chen and shook his head.

He just saw a little thunder attack. It was useless, which made him a little disappointed with Su Chen.

A god who can control thunder is very powerful, but a god of speed?

This is dispensable to Zeus.

In the Greek pantheon, the god of speed is also No,

Zeus was once again disappointed with Su Chen.

Boom!

In the duel field, after Su Chen snatched Thor's hammer from Thor, he raised the hammer and smashed it at Thor.

Su Chen looked at Looking at Thor who was smashed into the ground with Thor's hammer, he smiled and asked,

"Big boss, do you want to admit defeat?"

"You look for....." boom!

"You are really looking for abuse."

Su Chen heard that Thor, the God of Thunder, wanted to scold him, so he swung the hammer of Thor and hit it hard.

"I'm going to kill you little one....." boom!

"What did you say? I did not hear it clearly?"

"Ahem, pretty face, what the fuck are you doing?....." boom!

"If you don't admit defeat, I will destroy you!"

Boom boom boom boom.....

At this time, powerful divine power erupted from the body of the Thunder God, and Su Chen was blown away without paying attention.

Damn it!

Didn't it mean that the strength was sealed?

Did he seal his strength?

Su Chen stood up on the ground with a very ugly face.

He couldn't believe what Odin said as a one-eyed dragon.

Su Chen guessed that

Odin didn't have the ability to completely seal Thor. This was probably because he was worried that Thor would be killed by him.

After Thunder God Thor recovered to the strength of the Lord God, he was very angry when he looked at Su Chen. His embarrassed appearance today was even Su Chen's humiliation to him.

Thor, the Lord God of Thunder, is violating the duel rules.

If he kills this little priest

"Pretty boy, you're dead this time!"

Su Chen said to Thor, Lord of Thunder, with a cautious look on his face, "Big Boss, you violated the rules of dueling and said that the reconciliation would be at the same level. Are you now at the level of a mid-level god?"

Thor, Lord God of Thunder, clenched his fist and said angrily,

"After killing you, I will go to the God King to receive the punishment. Little pretty boy, no one can save you today. Even the Lord God cannot break the barrier here."

After Su Chen heard the words of the Lord God of Thunder, he looked towards the high platform.

At this moment,

God King Odin on the high platform had his eyes closed, and

God King Zeus was looking at a list in his hand.

He looked at it and revealed He smiled.

This was God King Odin's compensation to God King Zeus. Su Chen was a victim this time. Su Chen saw that God King Odin did not lift the barrier blockade. He guessed that Odin wanted to kill Thor, the Lord of Thunder. Kill himself.

God King Zeus did not speak for him.

This is probably because Odin gave God King Zeus some exciting conditions.

"You pretty boy, go to hell!"

"Time is suspended, you die too!"

Su Chen was helpless.

He didn't want to be killed just like that.

After Su Chen used the law of space to immobilize the Thunder God Thor, he took the Thor's Hammer and hit the Thunder God Thor's head hard. This time he didn't If you can kill the Thunder God, kill him, otherwise he will die in vain even if he dies here.

Boom! Oh my god!

Is the Lord God (Daluo Jinxian) so powerful?

Su Chen didn't think of using Thor's hammer to hit him The Lord God of Thunder, he did not injure the Lord God of Thunder Thor at all. The power of the Lord God is too powerful. This is simply not something that a golden immortal like him can do.

"Die!"

After the Lord God of Thunder broke free from the constraints of the law of time, he swung his fist towards Su Chen.

I'm here!

"Space moves!" boom!

"Cough cough cough,"

Su Chen is still injured.

He kept vomiting blood as he coughed.

Although he used the law of space to move Daluo Jinxian's attack, even the remaining power was not something he could resist.

"See how many times you can escape!"

"Time goes backwards!" boom!

"Space teleportation!" boom!

"Time is suspended, space is prisoned!"

"Cough cough cough....."

At this moment,

Su Chen's injuries were getting more and more serious, but he still didn't dare to summon the Chaos Bell.

If the Chaos Bell was summoned,

God King Zeus and God King Odin would discover that he was an immortal from the ancient fairy world..

By then, he will die faster!

"System, help, your handsome master is going to be killed."

"Ding, host, you are really capable of committing suicide. The prehistoric fairy world is not enough for you, so you actually went to the Western God Realm to commit suicide."

Chapter 1895

Su Chen has no choice.

Now he can only rely on the system to save his life.

If the system can't do anything, Su Chen may really die in the Western God Realm this time.

"System, stop talking nonsense and help me!"

"Ding, host, there is only one way. You can receive your monthly gift package in ten days. This time, the monthly gift package system can give you a random teleportation symbol."

"Random teleportation charm? Can this be teleported back to the prehistoric fairyland?"

"Ding, no, and the random teleportation talisman is one-time only."

Su Chen couldn't help but cursed when he heard what the system said,

"Holy shit!"

"A gift package in exchange for a broken teleportation charm? Not only can the teleportation talisman not be able to teleport to the prehistoric fairy world, but it is also a one-time teleportation talisman? System, are you a profiteer?"

"Ding, host, do you want to change?"

"Ahem, change, must change!"

Su Chen has no choice.

If he doesn't change, he will die here.

Damn it,

Lord Thunder God Thor!

God King Odin!

Nordic God System!

God King Zeus!

Remember this grudge,

I will let you live in the future It would be better to die.

At this moment, the God Queen Hera, Demeter, and Aphrodite saw that after the Thunder God returned to the realm of the Lord God, the God King Odin did not dissuade him, and did not even cancel the barrier.

And the God King Zeus had no intention of saving Suchen, which made them very angry.

Queen Hera saw that Suchen was beaten by Thor, the Lord of Thunder, and vomited blood.

She hurriedly told Demeter and Aphrodite Te said,

"Let's work together to break the barrier of the duel. Su Chen can't hold on for long."

"good!"

"Hurry, Su Chen is vomiting blood, we have to save Su Chen quickly."

Demeter and Aphrodite were also very angry.

They did not expect that the Nordic pantheon would be so shameless. God King Zeus made them even more angry. Su Chen was a god of the Greek pantheon after all, and the god king Zeus didn't even care about Su Chen's death.

Boom boom boom boom.....

Queen Hera and the three major gods began to attack the barrier.

They must break the barrier immediately, otherwise Su Chen may really be killed by Thor, the Lord of Thunder.

The millions of Nordic gods around the duel field were silent at this time, and their gods here did not expect such a thing to happen.

Thor, the Lord of Thunder, broke the rules of dueling. Not only did God King Zeus not stop him, he even failed to lift the barrier. This was obviously to ask Thor, the Lord of Thunder, to kill the little priest.

"I can't stand it anymore. The God King would do this. Our Nordic God system will lose all face."

"Thor, the Lord God of Thunder, can be such a villain, and the God King still defends his son. I really feel ashamed of our Nordic pantheon."

"well! There are people like the Lord God of Thunder in the Nordic pantheon. From now on, the Nordic pantheon will not be able to hold its head high in the Western god world."

"Violating the duel rules and being protected by the God King, this little priest may really die here."

"The true face of Thor, the Lord of Thunder, has been exposed. From now on, no one in the Nordic pantheon will respect Thor, the Lord of Thunder."

"The little priest was really pitiful. He originally won the duel, but the shameless Lord Thunder God violated the duel rules. This time, the little priest really couldn't escape death."

Xifu looked at Su Chen who was beaten and vomiting blood in the duel field. She clenched her fist tightly and felt very weak.

Xifu originally saw that Su Chen was about to win the duel, and she was very happy in her heart, but...

Thor, the Lord God of Thunder, violated the duel rules. He wanted to kill a middle god with the strength of the Lord God, but God King Odin didn't even stop him. Sif was angry and helpless.

"Little priest, this time for you, I will betray the Nordic pantheon."

The Lord God of Harvest, Sif, summoned the Chang Ge that Su Chen gave her.

She instantly appeared next to the God Queen Hera. Sif also joined in attacking the barrier of the duel field.

The surrounding gods of the Greek pantheon also joined in the attack. Help the Queen of Gods to attack the barrier.

The gods of the Greek pantheon want to rescue the little priests in the barrier.

These gods are very satisfied with Su Chen's performance in the duel. A middle god can defeat the main god of thunder openly. They are very satisfied with Su Chen. They are all very admired.

On the high platform,

God Queen Frigga's face was also very ugly. Thunder God Thor's illegal duel rules, God King Odin's protection, the Nordic pantheon was really embarrassed this time.

Black After the hair-haired goddess looked at Thunder God Thor and God King Odin, she said with a disdainful expression on her face, "Haha! Thor, Lord of Thunder? God King Odin? These father and son are really just like father and son, equally despicable and shameless, and equally unable to afford to lose."

The faces of the main gods of the Nordic pantheon are also very ugly. They, the main gods, did not expect such a thing to happen.

Thor, the main god of thunder, and

Odin, the god king, in order to kill the little priest, they even put the Nordic pantheon in shame. All lost.

Thor, Lord God of Thunder, saw Su Chen coughing up blood continuously, and even the golden armor was stained with blood.

He laughed and humiliated Su Chen,

"Hahaha....., pretty face, I will completely tear your face apart in a while, and then slowly torture you to death."

Su Chen wiped the blood on his mouth and smiled. After hearing the words of Thunder God Thor,

Su Chen smiled and said,

"Thor, Lord of Thunder, thank you very much!"

Thunder God Thor heard Su Chen's words and asked with a puzzled expression,

"Um? Pretty boy, are you stupid? I'm going to kill you in a moment, but you still thank me?"

Su Chen shook his head and laughed,

"Haha, idiot, if you had killed me with all your strength early in the morning, I wouldn't have just been injured. Thunder God Thor, I will remember you, and I will definitely avenge you."

Su Chen was also a little lucky this time.

Thor, the Lord of Thunder, wanted to torture him to death. If Thor, the Lord of Thunder, killed Su Chen with all his strength from the beginning, Su Chen would not be able to avoid the attack of Thor, the Lord of Thunder.

Jin Xian and The gap in strength between Daluo Jinxian and Daluo Jinxian is too big. If Thor, the Lord of Thunder, is at full strength, Su Chen will not be able to stop him, let alone the Lord of Thunder, Thor, who will kill him with all his strength.

Su Chen looked at the Queen who was attacking the barrier. Daughters of Hera, he did not expect that the goddesses Hera, Demeter, Aphrodite, and even Sif would attack the duel barrier for him.

Su Chen owed these goddesses a favor. I will repay the favor this time.

After Su Chen took out the random teleportation talisman from the system space, he shouted to the women attacking the barrier, "Hera, Demeter, Aphrodite, Xi Fu, goodbye, I hope we will meet again in the future"

"Pretty boy, come here.....It's him, where's the pretty boy? Why did the pretty boy suddenly disappear?"

Chapter 1896

Su Chen's sudden disappearance in the duel field made Thor, the God of Thunder, very confused.

The barrier around the duel field was still there, so how did Su Chen disappear?

What happened to the sudden burst of white light just now?

Thor, the Lord God of Thunder, couldn't understand.

God King Odin and God King Zeus were both very surprised.

The white light that burst out just now was the activation of the teleportation talisman.

Neither God King Zeus nor God King Odin thought that Su Chen would have teleportation from ancient times. symbol.

Odin looked at God King Zeus and asked,

"Zeus, that little priest is really lucky, he actually has a teleportation talisman from ancient times."

Zeus nodded quickly and replied,

"It was a bit lucky, but the teleportation talisman should be a random teleportation talisman. The young priest may have obtained the teleportation talisman accidentally."

Zeus is worried that Odin will misunderstand that the little priest's teleportation talisman was given to him.

He has already received compensation from Odin.

Zeus does not want Odin to misunderstand anything.

"Maybe!"

Odin didn't say more.

Today's duel is probably a day of shame for the Thunder God.

God King Odin also knows that protecting Thor, the Thunder God, will make the entire Nordic god system dissatisfied with him.

But so what?

Thunder God Thor is his son, and it is only natural for a father to protect his son. Besides, with his power as the God King, what if the gods of the Nordic pantheon are dissatisfied?

God Queen Frigga saw Su Chen running away, holding a smooth hand in her hands. A smile appeared on her chin. It was beyond her expectation that the little priest could escape.

Teleportation talisman?

Queen Frigga did not expect that the little priest would have the teleportation talisman from ancient times.

Queen Hera, Demeter, and Avro After Dite and Sif saw Su Chen disappear, the four goddesses breathed a sigh of relief.

Demeter said:

"I didn't expect that the little priest actually had a teleportation talisman from ancient times. It seemed that the little priest was lucky this time."

Aphrodite:

"That little bastard is very mysterious, and he was very lucky to escape this time. If the Lord God of Thunder had tried his best to kill the little priest from the beginning, the little priest would have died here even if he had the teleportation talisman."

Hera, Queen of Gods:

"The little priest is a little lucky this time!"

Xif frowned and asked in confusion, "Where will Su Chen be teleported?"

After God Queen Hera heard Sif's words, she was worried that Su Chen would take this opportunity to return to the ancient fairyland, and even worried that Su Chen's identity would be discovered by the gods of the Western God Realm.

God Queen Hera thought about it and said hurriedly ,

"That teleportation talisman is a random teleportation talisman. I don't know where I will be teleported. Demeter, Aphrodite, we will return to Olympus immediately and mobilize our gods and troops to find Su Chen."

"good!"

"Then leave immediately. I'm worried that Thor, the Lord of Thunder, will also look for the little priest."

Demeter and Aphrodite nodded immediately.

The little priest had been seriously injured.

They were also worried that if Su Chen was teleported to a dangerous area, the little priest might be in danger.

Sif looked at the Queen Hera The women said, "I'll leave with you."

God Queen Hera nodded and agreed,

"Well, Su Chen has already won the duel with Thunder God Thor. Sif, you are already Su Chen's fiancée. If you leave us, the gods of the Nordic pantheon won't say anything."

At this moment, in the stands around the duel field, the gods of the Nordic gods saw Su Chen suddenly disappearing. The gods here all disappeared into the duel field one by one. They were too lazy to look at the crazy thunder in the duel field. Lord God Thor.

In the Western God Realm, in the mortal world,

Su Chen appeared in a human city, and he fainted in a garden.

Su Chen's injuries were already serious, and he struggled to support himself in the duel field. After there was no more danger, Suchen could not hold on and fainted.

One day later,

Elena, the Queen of the Kingdom of Greece, came to the garden of the palace. She took a rest in the garden and prepared to deal with state affairs.

Elena When she stood up and was about to leave, she suddenly noticed a golden light flashing in the garden. Elena walked over curiously to see what was in the garden.

"Huh? How could someone faint here in the garden?"

Elena saw a man fainting in the garden covered in blood, and the armor he was wearing clearly showed that it was not a mortal thing. She guessed that the fainted man should be a god.

Elena was momentarily She didn't know what to do.

At this time,

Sethis came to the garden.

She saw Elena lowering her head in the garden and didn't know what she was looking at.

Sethis asked doubtfully,

"Elena, what are you looking at?"

When Elena heard what Sethis said, she hurriedly shouted, "Mother, there is a person fainted here, and he looks like a god."

Satis hurriedly walked over after hearing Elena's words.

She was very worried about Elena's safety. Elena was everything to her and her and Suchen's only daughter. Sethis wouldn't Putting Elena in danger

"Suchen? Su Chen, what's wrong with you?"

After Sethis arrived, she found that the person who fainted was Su Chen. She hurriedly hugged Su Chen regardless of the fact that Su Chen was covered in blood.

"Mother, this.....Is this my father?" Elena was very surprised when she heard Sethis calling this person Su Chen, Su Chen? Isn't this her father's name? Could this unconscious man be her father Suchen? Sethis was a little flustered. He hurriedly ordered to Elena,

"Elena, this is your father. Call the medical officer quickly. Your father's injury is too serious."

"I'll go right away!"

At this moment, in the sea of death, the goddess of death Hela smiled while holding the blood in the bottle.

The blood in this bottle was collected by her from the duel field, and it was also Su Chen's blood. Hela was very fond of Su Chen. She was so interested that she wanted to use Su Chen's blood to find the little priest.

After a while,

Hela opened her eyes with her eyes closed.

She looked at the blood in the bottle and smiled and said, "I found you, little priest. I want to see what's different about you and why all the heroines and gods can't forget you."

In the Greek palace,

Su Chen was lying on a soft big bed and fell asleep. Next to Su Chen, Sethis had been guarding Su Chen.

For more than ten years,

Sethis did not expect to meet Su Chen again, but Su Chen's condition made her very worried. Even the medical officer was helpless about Su Chen's injuries. She didn't know how Su Chen could be so seriously injured.

Elena looked at Sethis' worried look, and she was right Sethis comforted,

"Mother, don't worry, didn't you say that father is a god? Nothing will happen to him."

Chapter 1897

Elena looked at the handsome and young Su Chen, and she felt incredible.

Her father was too young. He looked five or six years older than her.

Elena thought of calling such a young man "Father" in the future. Father, she was very speechless.

Sethis touched Su Chen's face and said,

"Well, Elena, your father is a god, he will be fine. Elena asked in confusion,

"Mother, since father is a god, how could he be so seriously injured this time? Sethis shook his head and said, "I don't know. We have to wait until your father wakes up and tells us.""

Whoosh!

At this time,

Hela, the goddess of death, suddenly appeared in this room. She looked at Su Chen lying on the bed and smiled.

"who?"

"Who are you?"

Elena and Sethis asked nervously when they saw a woman suddenly appearing.

"Mortal, huh? Are you actually a demigod? No, you are actually a god who has not yet awakened!"

Hela originally didn't care about the two girls who saved Su Chen, but when she saw Elena, she was very surprised.

This girl turned out to be a god, a god who had not yet fully awakened.

Hela looked at Eileen Na was interested in the child of a god and a human, and he was not even a demigod. She felt that this girl's father might not be an ordinary person. You must know that even Zeus, the stallion god king of the Greek pantheon, had a child with a human woman. All children are demigods.

But this girl turned out to be a real god. This girl's god father made Hela also curious.

"who are you?"

Elena was very surprised when she heard Hela's words.

She didn't expect that she was not a demigod, but a god who had not yet awakened.

Elena originally thought that she was just a demigod. After all, her mother was just an insignificant mortal. , but what Hela said today made Elena feel incredible.

Isn't the child born between gods and mortals a demigod?

Why is she a real god?

Hela looked at Elena and said with a smile,

"I? You can call me Hela, or you can call me Goddess of Death."

Thetis asked in surprise when he heard Hela's words, "Goddess of Death? Are you Hela, the main god of the Nordic pantheon and the goddess of death?"

"good!"

"Why did you come here? Sethis asked nervously as he looked at Hela.

Sethis was afraid that Hela, the goddess of death, was here for Su Chen.

If Hela, the god of death, was Su Chen's enemy, then Su Chen would be in danger.

Haila La smiled and pointed at Su Chen and said, "Haha, of course I'm here to find someone. The person you rescued is a big shot, no, a very important god."

"No, you can't take him away." Thaddeus immediately called out to protect Su Chen, and

Elena hurriedly stood in front of Thaddeus and Suchen.

She said to the goddess of death Hela with a cold look on her face,

"Goddess of Death, you cannot take this person away. The Kingdom of Greece is within the scope of the Greek pantheon. Your arrival in the Greek pantheon has already crossed the line. Please ask the goddess to leave the palace of Greece."

"You can't stop me, so don't worry, I won't do anything bad to him. I'll just take him back for treatment. SETHIS said to the goddess of death with a serious face, "No, you can't take him away.'"

SATHIS will never let the goddess of death take away Su Chen before she is sure whether she is Su Chen's enemy.

Even if she dies, she will protect Su Chen.

"Step aside! Otherwise, don't blame me for being rude."

Thaddeus and Elena did not get out of the way.

One of them is Su Chen's woman, and the other is Su Chen's daughter. There is no way Thaddeus and Elena would let the goddess of death take Su Chen away.

Boom!

At this time,

The goddess of death suddenly burst out with some breath, and she wanted to knock the two women out.

After all, this is the divine domain of the Greek pantheon, and the temple of the main god Athena is in the Greek kingdom. Hela is also worried that she will be attacked by that one soon. The Lord God of War noticed her arrival.

SETHIS and Elena suddenly felt a little difficult to breathe, and even couldn't control their bodies and fell down. Tweet, Tweet,

Tweet.....

At this moment, a bird song suddenly came from Elena's body, and then a golden bird appeared in the sky above Elena's head.

The oppressive feeling of Elena and Sethis also suddenly disappeared.

The goddess of death looked at the golden bird above Elena's head, and she muttered to herself in confusion,

"Huh? Is this a divine bird? But what kind of magical bird is this? Being able to withstand some of his own magical powers in his infancy?"

Hela, the goddess of death, did not expect that there is a divine bird in this girl's body.

Although this divine bird is still in its infancy, this infancy divine bird can actually withstand some of her divine power.

Moreover, the appearance of this golden divine bird It looks very noble. What is this magical bird?

The goddess of death has never seen it before.

When Elena saw the mysterious bird appearing to help her, she hurriedly waved her hand and shouted,

"Phil, come back!"

Elena is worried that the goddess of death will hurt her black bird.

The black bird is still very weak now.

She is no match for the goddess of death at all.

Tweet!

The black bird that flew into the air did not return to Elena. She It flew over Su Chen and landed on Su Chen's body, chirping.

Sethis, Elena, and even Death Girl looked at the black bird. They didn't know what the black bird was going to do. Chirp, chirp, chirp.....

Suddenly, the sound of birdsong came from Su Chen's body, and the sound of birdsong was very loud.

Whoosh!

A huge golden black bird appeared from Su Chen's body in front of Elena and the girls. boom!

The whole room looked in pieces, and the roof was blown away.

Choo Choo Choo.....

The huge black bird looked at the little black bird and started chirping happily, chirping, chirping, chirping.....

The little black bird flew directly onto the back of the huge black bird. Once it was big, the black bird kept chirping.

The troops from the Greek palace arrived quickly.

When these troops saw a huge sacred bird appearing in the sky above the palace, these troops stopped in confusion.

Golden black bird?

The troops guarding the palace all knew that this was their queen's divine bird, but it was originally a small golden divine bird. How did it become as big as a dragon today?

"Hiss, a divine bird in the realm of the Lord God? Or did it appear from Su Chen's body? What's going on? What is the relationship between Su Chen and this girl? How come their divine birds are exactly the same?"

Chapter 1898

Hela, the goddess of death, looked at the black bird in the sky and felt incredible.

A black bird in the realm of the Lord God appeared from Su Chen's body.

What on earth was going on?

How come Su Chen and Elena have the same black bird?

Sethis and Elena were also surprised to see the huge black bird in the sky.

This black bird was much bigger than Elena's black bird.

Sethis also understands why there is a black bird in Elena's body. This is probably Su Chen's blood inheritance. Her daughter Elena should have inherited Su Chen's blood or divinity.

Elena felt very friendly when she looked at the huge black bird in the sky.

It felt exactly the same as her little black bird.

Elena thought that no wonder she had a black bird.

It turned out that her father also owned a black bird.

The goddess of death looked at Elena and asked doubtfully, "What is your relationship with Suchen?"

"Suchen is my father!"

"What? Are you Su Chen's daughter? No wonder, no wonder you all have golden divine birds."

The goddess of death was very surprised when she heard Elena's words.

She didn't expect that this girl would be Su Chen's daughter.

However, it made sense.

The goddess of death looked at Elena and said,

"You should have inherited your father's bloodline and divinity, which also explains why you are not a demigod, but a true god. You are really lucky."

After Elena heard the words of the goddess of death, she looked back at Su Chen who was still unconscious. Elena also did not expect that her father's bloodline would be so powerful.

God?

She did not expect that she would be a real god in the future.

Elena shook her head and looked at the goddess of death and asked,

"Are you my father's enemy?"

"no!"

"Then why did you take my father away?"

"I just wanted to trouble your father. I didn't mean to harm your father. What's your name?"

"Elena Su!"

Choo Choo Choo.....

At this time, the huge black bird flew down from the sky with the small black bird.

The black bird's body continued to become smaller. When it landed on Su Chen's body, the black bird had become as big as the small black bird. boom!

The black bird suddenly sprayed out a golden light, and the golden light instantly enveloped Su Chen.

At this moment,

Su Chen's physical injuries were healing rapidly.

Choo Choo Choo!

The black bird screamed a few times with some shrinkage, and she returned to Su Chen's body.

The little black bird also flew back to Elena, and returned to Elena's body in an instant.

When the goddess of death saw the golden light of the black bird that healed Su Chen, she screamed in shock,

"Is this healing light? No, the healing light does not have such a powerful ability. What kind of magical bird is this?"

Elena looked at this and asked worriedly, "Goddess, is my father okay?"

"It's okay, he will wake up soon." Elena and Sethis were very happy when they heard what the goddess of death said. Sethis hasn't seen Su Chen for more than ten years, and she doesn't know if Su Chen still remembers her. Ai Linna also didn't know if Su Chen's father would recognize her as his daughter after he woke up. Whoosh!

"Goddess of Death, you have crossed a line."

At this time, a beautiful goddess in armor suddenly appeared here. She held a scepter and said coldly to the goddess of death. When the goddess of death saw Athena coming, her face changed.

The goddess of death did not want Athens to Athena knew that Suchen was here.

If Athena knew that Suchen was here, Queen Hera and the goddesses would probably get the news, and the goddess of death would not be able to find out about Su Chen's secret.

"Athena, I'm just here to meet a friend, you don't have to worry about what I will do.

Athena asked indifferently, "Friend?" Do you, the goddess of death, have any friends?"

"Why don't I have friends? Athena, you should go back to your temple, there is nothing wrong with you here!"

"Um?"

Athena felt a little strange.

Why is the goddess of death so talkative today? Didn't the goddess of death always draw her sword to fight in the past? Why does the goddess of death not want her to stay today?

Thetis and Elena saw Athena arriving. , they were all very confused.

The arrival of a legendary goddess of death surprised them. When Athena, who protects the Greek kingdom, appeared, Thetis and Elena were even more surprised.

"Thetis, the former queen of Greece, met the goddess Athena"

"Queen Elena of Greece met the goddess Athena!"

After Thaddeus and Elena reacted, they all saluted Athena.

Athena waved her hand gently and lifted up Thaddeus and her daughter and said,

"Get up, don't be so polite"

"Thank you goddess!"

"Thetis, Elena, I know that you, especially Elena, will become a true god in the future"

"Goddess, Elena and I would like to thank the Goddess for protecting the Kingdom of Greece over the years."

"If you worship me, of course I will protect you, there is nothing I can thank you for."

The Goddess of Death saw Thetis and her daughter saluting Athena, and Athena accepted their salutes. The

Goddess of Death smiled.

She knew the relationship between Su Chen and the Queen Hera and several major gods. She could even say that God After Hera and the other main gods were Su Chen's women, Athena accepted the salute of Thetis and her daughter today.

She believed that if Su Chen knew about it in the future,

Athena, the main god of war, would probably be unlucky.

"Athena, you shouldn't accept the salutes from their mother and daughter to you, and I'm afraid you can't stand the salutes from their mother and daughter to you."

"oh? Why?"

"Ha ha.....You'll find out later."

The goddess of death smiled at Athena and didn't say anything more to Athena.

The goddess of death Hela also knew that if she didn't leave, Athena might not leave either.

The goddess of death Hela thought about it, and she He handed a blue crystal to Elena and said,

"Elena, this blue crystal is of some help to you. I am leaving. Remember to tell him that I have been here. Elena took the beautiful blue crystal and thanked her,

"Thank you Goddess, I will tell my father."

The goddess of death nodded and suddenly disappeared in front of Elena.

Athena looked at Elena and reminded,"Elena, that blue crystal is a treasure. When you have divine power, it will accelerate You become a truly powerful deity."

Athena didn't expect that the goddess of death would give Elena the power of faith.

The power of faith in the blue crystal probably has five hundred years of faith. Why would the goddess of death give it to Elena?

Father?

The goddess of death is going to give it to Elena this time. Meet Elena's father?

Who is Elena's father?

Chapter 1899

After Elena heard Athena's words, she looked at the blue crystal in her hand. She did not expect that the goddess of death would give her a treasure.

Elena didn't know what treasure the goddess of death gave her, but it was a treasure that Athena could solemnly say. This azure crystal was probably also an important treasure among the gods.

Sethis didn't care about this.

She watched from the bedside that Su Chen's face had returned to rosy, and Sethis used a towel to clean the blood on Su Chen's body.

Athena looked at the man Thetis was taking care of but didn't pay attention.

She didn't notice the changes in Su Chen, nor did she notice the magic power in Su Chen's body.

Athena had never paid attention to Su Chen at all. She was not only the main goddess of wisdom and war, she was also the goddess of virgins, one of the three major virgins in the Greek pantheon. Athena never pays attention to men

"Elena, I'm leaving. If you have any difficulties in the future, please pray for me."

"Thank you goddess!"

After Elena heard the myth of Athena, she nodded hurriedly with joy.

Elena did not expect that the goddess Athena was so easy to talk to.

In the future, she could also pray to the goddess Athena, and Elena would get Athens. With the help of the goddess Athena.

This is not only good news for her, but also good news for the entire Greek kingdom.

Athena nodded and disappeared instantly.

In this shabby palace, only three members of Su Chen's family were left.

Elena saw that her mother's palace was badly damaged, and she loudly ordered to the waiters outside,

"Someone, please carefully carry this bed to my palace."

"Yes, Queen!"

In Olympus, the goddess Hera and Demeter, Aphrodite, and Sif are all sitting together.

The armies of gods and gods they control have been sent out. Now they can only Waiting for news in the Olympus Mountains.

Queen Hera stood up and said with a serious face,

"We can't just sit and wait, activate the oracle, and let our mortal believers also look for Su Chen. Aphrodite nodded hurriedly and said, "Yes, we have countless believers in the mortal world. We can activate the oracle to let the believers in the mortal world also look for Su Chen." Demeter frowned and said,

"Yes, but this also has a limitation, that is, our believers are all in the Greek divine realm, such as the Nordic divine realm, and the divine realm of God, so there is nothing we can do."

Sif said to the three gods, Queen Hera, "I will launch my followers in the Nordic God's Domain to look for Su Chen."

God Queen Hera nodded and said decisively,

"Then let's do this first. If we don't find Su Chen in the Greek God's Realm, we will try to find ways to find Su Chen in other God's Realm in the future. If it doesn't work, the worst we can do is launch a war among the gods."

God Queen Hera has no choice.

She must find Su Chen.

Whether it's because of the treasures on Su Chen's body or her beating heart when she faces Su Chen, Hera must find her. Su Chen would not hesitate to launch a war.

Demeter was very surprised when she heard the words of Queen Hera.

She did not expect that Hera would not hesitate to launch a war among the gods for Su Chen.

However, she thought of Su Chen. Apart from her sexual problems, she didn't seem to have any shortcomings, and she was even very kind to people she knew well.

Demeter thought of how happy she was when she was hugged and kissed by Su Chen, and even stayed with Su Chen.

Demeter You stood up and said with a cold face,

"Okay, I will contact the other main gods, hoping that they can also help us find Su Chen"

"I am coming too!"

Aphrodite also hurriedly stood up and shouted.

Aphrodite has the closest relationship with Su Chen. She can't be indifferent to Su Chen's disappearance.

Even if these gods don't look for Su Chen, she will look for Su Chen. ,

Queen Hera would not hesitate to launch a war for Suchen, and Aphrodite would also launch a war among the gods for Suchen.

Sif said to Queen Hera,

"Queen of God, I am going to gather my gods and army. I hope that Queen of God can give me a place to arrange my army."

God Queen Hera thought about it and said to Sif,

"Sif, the sky city fortress above the Aegean Sea, you can arrange for your gods and troops to be stationed there"

"Thank you God Queen."

In the Olympus Mountains, since the return of the God Queen Hera and the main gods one day ago, the gods and divine armies in the Olympus Mountains have been mobilized frequently.

Tens of thousands of powerful gods and tens of millions of The armies of gods were all dispatched one after another.

The three main gods controlled more than 30,000 gods and 30 million god armies, all began to descend to the mortal world to look for Su Chen. None of the other main gods in the Olympus Mountains

Knowing what happened,

Hera, the Queen of Gods!

Demeter, the God of Harvest!

Aphrodite, the God of Love!

Why did they send out their respective gods and armies?

Ten days later, in the Greek palace, a luxurious In the palace room, Su Chen woke up from being unconscious on the bed.

I asked!

Where is this place?

The scent of a woman?

Is this luxurious room a woman's room?

Su Chen looked at the clothes on his body being changed , he was worried that the woman changing his clothes was an ugly person, damn it!

That woman must not be an ugly dinosaur. If he was seen by a woman who looked like a dinosaur, Su Chen would get all wet just thinking about it. Goosebumps.

Squeak!

The door to the room was opened, and

Su Chen saw a beautiful girl about sixteen or seventeen years old walking in.

This reassured him.

She was a beauty, not a dinosaur.

"Father! You woke up."

Elena saw Su Chen waking up and sitting on the bed. She looked at Su Chen who had recovered and shouted happily,"

I'm going!

Father?

What father?

Has this little beauty recognized the wrong person?

Su Chen is only in his twenties.

How could he have such an old daughter?

"Ahem, little beauty, have you recognized the wrong person? I'm only a few years older than you, and I'm not your father."

Elena smiled and said after hearing Su Chen's words,

"It's impossible for me to admit my mistake. Father, wait a minute. I'll go find my mother."

Su Chen saw Elena running out in a panic, and he patted his forehead speechlessly.

Huh?

The injuries are all healed?

How is this possible?

Before Su Chen fell into coma, he had no time to eat the fairy fruit and elixir. He recovered from his injuries, but why is Su Chen's body recovering now?

"Su Chen, wake up!"

"Thaddeus, why are you here?"

Chapter 1900

After Sethis heard Elena talking about Su Chen waking up

, she quickly ran into the room. When she saw that Su Chen really woke up,

Sethis happily shouted to Su Chen,

"Su Chen, you wake up"

"Thaddeus, why are you here?"

Su Chen was very confused when he saw Sethis appearing.

This is the Western God Realm.

Isn't Sethis an ordinary woman from the city of Troy in the plot?

When Su Chen participated in the National Destiny War, there were no gods in the Troy plot. existence, then how could Sethis appear in the Western God Realm?

Sethis walked up to Su Chen and said with a smile, "Su Chen, I didn't expect to see you again after more than ten years."

Su Chen touched Seth's hair and asked doubtfully,

"Ten years? More than ten years have passed? Sethis leaned into Su Chen's arms and nodded and replied, "Well, to be precise, seventeen years and three months have passed.""

Su Chen felt a little confused.

It's been more than ten years?

He and Sethis were separated for more than a year.

How come more than ten years have passed?

Could it be that Sethis' world has merged with the Western God Realm?

Su Chen felt that this It is very possible, and only in this way, the mentioned Sadis will appear in the Western God Realm.

Su Chen looked down at Sadis in his arms and smiled.

Sadis is even more beautiful and sexy now , the charm of a mature woman, the proud and tall figure, and the still delicate and beautiful face.

More than ten years have passed,

Sethis has become more and more beautiful and attractive.

Su Chen left some beauty pills when he passed by Sethis and Zhu Guo, some even left some physical cultivation skills.

Su Chen was not an immortal last time, and the items he left behind were the best among all his items at that time.

"Mother, have you forgotten me?"

At this time,

Elena arrived.

She looked at Sethis and Suchen hugging each other, and she pouted and shouted to Sethis,

"Haha, come here Elena, how could mother forget you."

Satis smiled when she heard Elena's words.

She looked at Su Chen and said, "Su Chen, this is our daughter Elena Su."

Su Chen was very surprised when he heard Sethis's words, "My daughter? Thaddeus, you said this little beauty is my daughter?"

Thetis nodded and explained,

"Yes, Elena is my and your daughter. When you left, I didn't expect to be pregnant. Elena is already sixteen years old, and she is now the queen of the Kingdom of Greece."

Holy crap!

I have a daughter?

And she's so old?

Let me tell you,

Su Yan and Su Yue are older than Elena.

But what about now?

Elena is already sixteen years old, and

Su Yan is only eleven. Years old,

Su Yue is younger, she is only six years old,

Riou!

Is this him

? Who of them will be the elder sister in the future?

Who will be the younger sister?

Su Chen feels a little headache.

If the three sisters meet in the future, the youngest sister will be bigger than the two. Are the sisters older?

Well, the three sisters won't fight for the sake of being sisters, right?

Elena smiled and asked Suchen, "Father, do you believe that I am your daughter now?"

Su Chen nodded quickly and said,

"Believe, believe, Elena, father, I didn't know you existed, otherwise I would definitely come to see you mother and daughter early."

Su Chen just checked Elena.

He didn't expect that Elena also has her blood heritage, and even Xuanniao has it. This must be his daughter. Su Chen is also very happy to have another daughter.

Eileen Na heard that Su Chen recognized her, which made her very happy.

But it had been more than ten years since she left Su Chen, and her mother had been waiting for Su Chen for more than ten years.

Elena held her hand Little Fist snorted to Su Chen,

"Huh, father, why haven't you come to see my mother for more than ten years? Have you forgotten my mother?"

"Elena....."

When Sethis heard Elena questioning Su Chen, she wanted to scold Elena, but Su Chen stopped her before she could say anything.

Suchen pulled Sethis and shook his head.

He looked at Elena and explained with a smile,

"Elena, it has only been a little more than a year since I left your mother. I didn't know that more than ten years would pass by with you. This was something I didn't expect and it was also my negligence. You are not wrong to blame me."

Elena didn't believe what Su Chen said.

Her father was a god.

Would a god not know the changes of time?

"More than a year? Father, are you not God? Don't you know the time in the mortal world?"

Su Chen shook his head and said,

"I am a god, but I am not a god in the Western god world. I come from the ancient world of immortality."

Elena and Sethis were very surprised when they heard Su Chen's words.

When they were queens, they had seen the records in the history of gods. The Great

Desolate Immortal Realm is a vast and boundless divine realm, and the Great Desolate Immortal Realm is very powerful. It's not like the Western God Realm can compete with it.

If the gods in the Ancient Immortal Realm weren't scattered, the Western God Realm wouldn't have dared to launch a war against the Ancient Immortal Realm.

When Elena thought of this, she asked Su Chen in surprise,

"Are you not a god in the Western God Realm? How can this be? In the divine history records of the Western divine world"

"There are treasures everywhere in the prehistoric fairy world. The gods of the Western God Realm want to attack the prehistoric fairy world. Moreover, it is recorded in the history of gods that realm wars will occur every thousand years. Father, if you are a god in the prehistoric fairy world, how did you come to the west? From the divine realm?"

Su Chen said to Elena and Sethis with a wry smile,

"This time it was an accident. I was tricked by an enemy. He used a hexagram to teleport me to the Western God Realm. Elena was worried and asked Su Chen, "Father, would it be unsafe for you to stay in the Western God Realm?"

"It's okay, it's impossible for the gods in the Western God Realm to discover my identity."

Sethis suddenly thought of the last appearance of the goddess of death, and she hurriedly said to Su Chen,

"Su Chen, Hela, the goddess of death in the Nordic pantheon, came when you were in a coma. The goddess of death asked us to tell you that she came. Will the goddess of death discover your identity?"

"Hella?"

Su Chen was a little confused.

He had never seen Hela in Asgard in the Nordic Gods. How could Hela, the goddess of death, come to him?

Su Chen shook his head and didn't think so much anymore.

Hela, the goddess of death, came to him. If La has something to do with him, then Hela will definitely come again.

By then,

Su Chen will understand what the goddess of death is looking for.

"Father, Hela wanted to take you away at that time. Later, Athena, the goddess of wisdom and war, arrived, and Hela gave me a treasure and left."
