### Chapter 19

Wang Yuyan was a little shy now. What she didn't expect was that her mother didn't object to her liking Su Chen this time.

But when she thought that Su Chen already had a wife, Wang Yuyan was a little embarrassed. She liked little Su Yan very much. If Su Yan felt that she and her mother were robbing her of her father in the future, Wang Yuyan would be a little embarrassed now.

Mrs. Wang suddenly remembered what she had just asked Wang Yuyan,

"By the way, Yuyan, what did you want for your cousin just now?"

Wang Yuyan said mysteriously with a smile,

"Mom, Yan'er said that my cousin has a red fruit that can increase my martial arts for thirty years. I want to practice martial arts now, so I'm going to ask for one for my cousin to use for practice."

Mrs. Wang said with some surprise after hearing Wang Yuyan's words,

"Yuyan, are you going to practice martial arts? This is a good thing. I asked you to practice martial arts a long time ago and you didn't practice. Why do you want to practice this time?"

Wang Yuyan clenched her fists and said seriously,

"Mom, isn't my cousin unable to practice martial arts because his meridians are blocked? I will practice martial arts in the future just to protect my cousin."

Mrs. Wang smiled and said after hearing Wang Yuyan's words,

"Haha, okay, then you don't need to ask for those red fruits for your cousin. Your cousin has already given me two. I originally gave them to you when you wanted to practice martial arts, but I didn't expect that you would practice martial arts now. Got it"

"Cousin has prepared it for me? Wang

Yuyan asked with some surprise.

Mrs. Wang smiled and said to her,

"Well, you and I and your cousin have prepared it for us. I just want to manage the affairs in your cousin's mansion. If you don't take it, it will be a waste if you don't practice martial arts, so I won't give it to you."

"Mother, just give it to me, I want to use it to practice martial arts"

"Well, Yuyan, you should practice the Small Phaseless Magic Kung Fu first. This is the heaven-level martial arts of the Xiaoyao Sect."

"I know." Outside Gusu City the next morning

, Su Chen came out of the military camp and was about to return to Gusu City. As for Duan Yu, Su Chen didn't make things difficult for him. He just said that he would be detained for a month and then let her go. Su Chen No matter what Duan Yu said, he left directly.

In this roadside tea shop

"Master, why does the Northern Beggar Clan hold a Beggar Clan Conference here in the South?"

A simple and honest man said to an old man wearing rags,

"What is difficult to guess is that either something happened within the Northern Beggars Gang, or the Northern Beggars Gang has something to cooperate with the Southern Beggars Gang."

A beautiful girl said to this honest man.

The old beggar looked at Huang Rong and said with a smile,

"Jing'er, Huang Rong is right. I'm afraid something really happened in the Northern Beggar Clan. Otherwise, it would be impossible to hold a Beggar Clan meeting in the Southern Beggar Clan."

These three people are Hong Qigong, the leader of the Southern Beggar Clan, his disciple Guo Jing, and Dongxie's daughter Huang Rong, who came to join the Northern Beggar Clan. Ever since Hong Qigong met Guo Jing and Huang Rong in the Kingdom of Jin, the three of them have We have been together for more than half a year.

Even Hong Qigong accepted Guo Jing as his apprentice with Huang Rong's help. However, Hong Qigong regretted accepting Guo Jing as his apprentice.

His apprentice was really stupid. He could master the Eighteen Palms of the Dragon in half a year. He had only learned one or two palms and was not yet proficient, which made Hong Qigong very helpless.

Fortunately, Guo Jing knew that he was stupid, so he practiced the Eighteen Dragon Subduing Palms whenever he had time, which made Hong Qigong feel a little better.

Guo Jing touched his head and asked with some doubts,

"Master, are you also going to attend the Northern Beggar Clan's conference when you come to Gusu this time?"

Hong Qigong said with a serious expression,

"Yes, the elders in the Northern Beggar Clan informed me that there is something urgent. I must come to this meeting of the Northern Beggar Clan. Alas, I'm afraid things won't be simple this time."

Huang Rong said nonchalantly while drinking tea,

"Old beggar, why do you care so much? This is the Northern Beggar Clan's business and I don't care about your Southern Beggar Clan's business."

Hong Qigong said with a headache to this weird Huang Rong,

"Girl Huang Rong, why don't you care about my affairs? You must know that the Northern Beggars Clan and the Southern Beggars Clan are the same family. They are only divided into the Northern Beggars Clan and the Southern Beggars Clan for the convenience of management. Huang

Rong asked Guo Jing next to her without talking to Hong Qigong again.

"Got it, Guo Jing, how about the Eighteen Dragon Subduing Palms that you and this old beggar learned? Let me tell you, Qiao Feng from the Northern Beggar Clan is much more powerful than the old beggar. I don't think you need to learn the Eighteen Dragon Subduing Palms from the old beggar."

Guo Jing looked at Huang Rong and said seriously,

"Huang Rong, senior Hong Qigong is now my master. Don't be so rude in the future. I have only learned one of the Eighteen Dragon Subduing Palms, and I haven't figured out the second one yet."

Hong Qigong said with a smile without caring,

"Haha, girl Huang Rong, you are right. Now Qiao Feng is in his prime, and I am already old. Qiao Feng is indeed much stronger than me, and Qiao Feng is a genius that our Beggar Clan can only meet once in a hundred years. My Dragon Subduing The Eighteen Palms also received guidance from Qiao Feng. Huang

Rong looked at Guo Jing who was stunned and said to him,

"Guo Jing, you are such a loser. You learned a palm in half a year. You might as well hit the wall to see if there is anything wrong with your brain."

Hong Qigong looked at Guo Jing and shook his head. Now he is also a little desperate for Guo Jing. Now he can only hope that Guo Jing can practice diligently and make up for his shortcomings, so that maybe he can succeed in cultivation in the future.

"Hey, why are there troops coming? And they are all cavalry."

Hong Qigong suddenly saw a large number of troops appearing on the road, and these troops were all cavalry. This made Hong Qigong a little curious, how could there be so many cavalry in the south?

Huang Rong was surprised when he saw these elite cavalry. said,

"These cavalry are protecting the luxurious carriage in the middle. The person in the carriage must be an important person, but how come these cavalry are more elite than the cavalry of the Kingdom of Jin? Why have I never heard of how the Song Dynasty still had such elite cavalry?"

Huang Rong has seen the cavalry of the Kingdom of Jin. Now these cavalry are much more powerful than the cavalry of the Kingdom of Jin. When did the Song Dynasty have such powerful cavalry? Huang Rong is a little curious now. She wants to know who these cavalry belong to. That general.

Hong Qigong is now very interested in the people in the carriage.

"Well, there are five thousand of these cavalry alone. Who are the people in this carriage? He actually let so many troops protect him"

"Kill the dog official and get rid of harm for the sake of fame"

"Kill the dog official and get rid of harm for the sake of fame"

"Come on, let's kill this dog officer together and get rid of harm in our name."

At this moment, hundreds of men in black suddenly appeared from both sides of the road and rushed towards the carriage escorted by the cavalry. They rushed to kill and shouted at the same time.

""Guard formation" before the men in black could rush over, the cavalry army immediately surrounded the carriage, and the cavalry weapons were pointed at the men in black who were rushing over.

"Military Crossbow Preparation"
