Chapter 1901

Elena took out the blue crystal given to her by the goddess of death and handed it to Su Chen.

She didn't know what this treasure was.

Although Athena said it was a precious treasure, she still wanted her father to confirm it.

Huh?

The power of faith?

Hela, the goddess of death, actually gave Elena five hundred years of faith? What is the goddess of death going to do?

Su Chen looked at Lan Jing and was very confused.

The Western God Realm pays great attention to the power of faith. This is also a necessity for the cultivation of the gods in the Western God Realm. There is no aura or fairy fruit in the Western God Realm. The power of faith is crucial to the gods in the Western God Realm. Even some wars between gods are triggered by the struggle for faith. Elena looked at Su Chen's confused look and asked worriedly,

"Father, do you have a question?"

Su Chen shook his head and returned it to Elena and said,

"No problem, this blue crystal contains five hundred years of power of faith. It is of no use to you. I will teach you the immortal cultivation techniques later."

"There is no spiritual energy in the Western God Realm"

"I will give you some spiritual stones and top-grade fairy fruits. You can use the spiritual energy in the spiritual stones and top-grade fairy fruits to practice."

Elena asked hurriedly after hearing Su Chen's words,

"What about my mother?"

"Haha, so does your mother."

Elena laughed when she heard Su Chen's words.

She didn't know what cultivation techniques her father would give her, nor what top-quality fairy fruit her father would give her, but this was the first time her father gave it to her. Gift.

This made Elena very happy.

Sethis also laughed next to her. She knew that Elena was very eager to see Su Chen. This time when Su Chen came, Elena was probably really very happy. So happy.

Su Chen pressed Elena's forehead with one hand and said,

"Elena, close your eyes and carefully feel the cultivation techniques I teach you."

"Yes, father!"

Su Chen then passed on the Holy Heart Sutra to Elena, and

Sethis was no exception.

Su Chen also passed on the Heart Sutra to Sethis.

After all, Sethis gave him a daughter. Su Chen I owe her a lot for these years.

After a while,

Su Chen looked at Elena and Sethis with their eyes closed, and they were both trying to practice the Plain Girl Heart Sutra.

Su Chen took out some spiritual stones and placed them beside them , so that Elena and Sethis can absorb spiritual energy and practice.

After Su Chen sat down, he guarded Sethis and his daughter.

He wanted to think about how to arrange Sethis and his daughter in the future.

If Su Chen returned to the ancient times, In the fairy world, it will be very difficult for him to come to the Western God Realm in the future, but it is probably impossible to leave with their mother and daughter. He cannot protect himself in the Western God Realm, and

Su Chen does not want to harm his woman and daughter.

Olin Mount Pis, in the palace of the goddess Hera, the goddess Hera, the god of love Aphrodite, the god of harvest Demeter, the god of land and harvest Sif, the god of hunting Arthenis, the god of stoves Hestia Ya.

These six major gods were all discussing together. Arthenis, the hunting god, and Hestia, the stove god, were very surprised when they heard the words of the queen Hera.

They did not expect that the queen Hera actually A war of the gods is launched for a small priest.

This is a major event in the Western God Realm.

In another five hundred years it will be time for the realm war.

Launching a war of the gods at this time will have an impact on the realm war five hundred years later. Too big an impact.

Their main gods all have their own gods and armies. If they suffer heavy losses before the start of the boundary war, then during the boundary war, they may not be able to get the training resources in the prehistoric fairy world.

Hunting Lord Al Thetis shook her head and said,

"Queen God, it is not wise to launch a war of gods at this time. Why do you need to do this, a small priest? If we launch a war of gods now, it will have a great impact on us in the realm war.

Hestia, the God of Stoves, also said, "Yes, a little priest is not worth doing this at all.""

"Look at these!"

Hera, the Queen of Gods, directly took out some flat peaches and put them on the table. Hera knew that there was no benefit and it was impossible for these main gods to help her. Now she could only have Su Chen's flat peaches to seduce these main gods.

Artetis and Hera Stia looked at the fairy fruits on the table, and they were all very surprised.

These fairy fruits were all top-grade fairy fruits.

They had only obtained ordinary spiritual fruits and fairy fruits before, and the best trophies were only some spiritual stones.

Artetis and Hestia and the others did not expect that Hera, the Queen of Gods, would have the best fairy fruit.

Artetis looked at the Queen of Gods and asked,

"These are the top-grade fairy fruits from the ancient immortal world. Queen God, how come you have these top-grade fairy fruits?"

Hera, the Queen of Gods, said with a serious expression,

"If you are willing to help, I will give you ten top-quality fairy fruits each as revenge."

Artetas and Hestia both fell silent.

They both needed the best fairy fruits very much, but for ten top fairy fruits, they helped the Queen Hera launch the war of the gods. This seemed to be a bit more than worth the gain.

Demeter Er reminded me while drinking tea, "You have to think carefully, even in a boundary war, you will not be able to get the best fairy fruit."

Aphrodite smiled and said, "The four of us agreed. Besides, if we find a minor priest in the Greek divine domain, we will not launch a war among the gods."

"I agreed"

"I agreed too!"

Artetis and Hestia thought about it and agreed.

This time they are looking for a little priest. If they find a little priest, it is impossible to start a war among the gods.

Even if they can't find a little priest, with the help of With the attributes and armies of their six major gods, it is simply impossible to launch a war of gods against other divine realms. The six major gods may be a very powerful force, but against the previous realm, their attributes and armies I'm afraid that's not enough.

Queen Hera nodded and continued, "We will contact some more powerful gods, Athena, the god of wisdom and war, Theos, the goddess of the laws of the earth, and other

goddesses. Hestia said with some worry, "Athena, the god of wisdom and war, is in the priest temple. The other goddesses are all more or less related to Zeus. I'm afraid they won't help us."

God Queen Hera shook her head and said coldly,

"No, you are wrong. What Zeus has done has caused dissatisfaction with other goddesses. Those goddesses and I had no choice but to marry God King Zeus."

"But as long as we unite, even Zeus can't do anything to us. We may even have a chance to overthrow the stallion's rule. Olympus also needs some changes."

Chapter 1902

God Queen Hera had no choice. She was very dissatisfied with

God King Zeus's inaction in Asgard. God Queen Hera had not had the strength to fight God King Zeus before, but as long as she advanced to the realm of God King, God King Zeus would have nothing he could do about her. God-King Zeus also has enemies. Hades, God of Pluto, and Poseidon, God of Poseidon, are all eyeing God King Zeus. If God King Zeus does not want Pluto and Poseidon to take advantage of them, he will not dare to do anything too extreme. Several other goddesses nodded when they heard the words of Queen Hera. Among them, Queen Hera and Demeter were the wives of King Zeus, and the hunting god Arthenis was constantly harassed by King Zeus. Arthenis is one of the three virgins of the Greek pantheon. If God King Zeus had been harassing her or even forcing her, Arthenis would probably end up like Demeter and the others. Hestia's face was also very ugly. Although the God King did not harass her, it did not mean that he would not harass her in the future. In the Greek pantheon, even the most powerful heroines could not escape the harassment of the God King Zeus. She might also be harassed by the God King Zeus. The question of length of time. Queen Hera then discussed the details with these main gods, and even contacted those powerful goddesses to join them, so they contacted other goddesses one after another. In Asgard, Thor, the Lord of Thunder, has been sullen in his palace. Since the duel with Su Chen, the God King Odin has not dealt with him. However, the gods of the Nordic pantheon, both the main god and other gods, are unwilling to contact him. Even many of his gods and divine armies have switched to other main gods. Thor, the God of Thunder, is very angry now. It was the little priest who brought him shame this time. He will definitely kill that little priest.

"Thor, did you finally find that little priest?"

At this time,

Loki, the Lord of Trickery, came to Thor, the Lord of Thunder, and asked,

"No, that little priest has not been found in the Nordic God Realm. My gods and troops have gone to the mortal world to look for that little priest. As long as I find that little priest, I will brutally kill that bastard."

Loki smiled and said to Thor,

"Don't worry, the little priest uses a random teleportation talisman. You have plenty of time to find the little priest."

Loki also looked down on Thor, the Lord of Thunder, but he had his own plans.

Thor was one of his pawns.

Some of Loki's conspiracies must rely on Thor to realize them.

After this duel,

Loki, the Lord of Conspiracy, felt that he The conspiracy must be accelerated, otherwise if the Lord God of Thunder goes to the mortal world, his conspiracy may fall short.

"I can't wait to kill that little priest. Loki patted Thor on the shoulder and said, "Don't worry, I will send my gods and troops to help you find the little priest.""

"Thank you very much!"

"You're welcome, I need your help too."

"Don't worry, as long as you find that little priest, if you have anything to do in the future, just tell me"

"Haha, Thor, I won't be polite to you."

The Kingdom of Greece, in the palace.

Elena and Sethis also woke up from practicing. They feel very good. Although they only practiced a little today, they have already felt the changes in their bodies.

Su Chen saw When Elena and Thetis woke up, he took out the artifact that Queen Hera and the others gave him and handed it to Elena and said,

"Elena, I will give you this set of artifact armor, artifact cloak, and artifact Goblin Palace."

Elena swallowed when she looked at the artifacts in front of her.

These are artifacts that the gods are fighting for. Her father actually gave these artifacts to her.

Elena looked at these artifacts and shook her head and said,

"Father, I can't ask for it. If you give me all these artifacts, you will have no artifacts to use in the future."

Su Chen touched Elena's hair and said,

"These were given to me by Hera, the Queen of Gods, Aphrodite, the Goddess of Love, and Demeter, the Harvest God. I am not used to using the artifacts of the Western God Realm, so I have my own spiritual treasure artifacts."

Elena turned around and was surprised when she heard Su Chen's words.

These artifacts were actually given to her father by the Queen Hera and the others. Elena didn't expect that her father also knew the main gods in the Greek pantheon, but why were they all given to me? The heroine?

"Queen Hera? Aphrodite, the goddess of love? Demeter, the harvest god? Father, what is your relationship with these gods? Why do they want to give you artifacts?"

I'm going!

It's over!

Isn't Elena suspicious of something?

After Su Chen heard Elena's words, he found that Sethis was also staring at him. Su Chen felt that he shouldn't have said more about Shen He just now Pull those goddesses.

Su Chen hurriedly explained,

"Queen Hera, Demeter, and Aphrodite are just my friends. After I was transported to the Western God Realm, thanks to their help, I was not exposed."

Elena didn't believe her father's words.

She felt that her father had just lied.

However,

Elena would not expose her father now.

She decided to find the answer herself.

"If so, then I will accept it. In the future, when I have the opportunity to meet the goddesses like Queen Hera, I will thank them on behalf of my father."

Su Chen took out many more stones and three-thousand-year-old peaches. After putting them in a storage ring,

Su Chen handed the space ring to Elena and said,

"These are spiritual stones and top-quality fairy fruits. You will use them for your cultivation in the future. Elena, you must not eat these fairy fruits, otherwise you will be burst by the spiritual energy in the fairy fruits.

Elena was surprised when she heard Su Chen's words,"Ah!" These fairy fruits cannot be eaten! These fairy fruits look very delicious and smell very sweet."

"Haha, you can eat these fairy fruits as you like."Su Chen took out some low-level fairy fruits and put them in Elena's space ring and said,

"Haha, thank you dad!"

Su Chen smiled and prepared a copy for Sethis, but he no longer had the artifact, so

Su Chen gave Sethis the Haotian Sword, Haotian Tower, and Haotian Realm. Spiritual treasures are useless to him. With these spiritual treasures, Sethis will be able to protect himself in the future.

"Father, do you have a wife?"After Elena played with the artifact for a while, she sat next to Su Chen and asked curiously,

"have!"

Su Chen nodded and replied.

When Elena heard Su Chen's words, she hurriedly continued to ask,"Yes? So do you have children?"

"Yes, you have two sisters. Your eldest sister's name is Su Yan, and her title is: Princess Changle. Your second sister's name is Su Yue, and her title is: Princess Gaoyue."

Chapter 1903

Suchen did not deceive Elena and Sethis.

They would know these things sooner or later. Besides, he has many wives, Sethis would definitely not mind.

However,

Suchen was worried that his daughter would mind that he had other women, and he wanted to slowly reveal his women to Elena.

Elena couldn't accept it when she heard it. She didn't expect that her father actually had a wife, and even two daughters. So she actually had two half-sisters.

Thetis looked at Su Chen but didn't say anything.

She had already guessed that Su Chen had other women.

When he was in Troy,

Sethis saw the queens Selina, Natasha, and Alice. She I felt that something was wrong with the way those powerful women looked at Su Chen. Those women were probably related to Su Chen.

Elena suddenly thought about how her two sisters had titles and were both princesses.

This made Elena confused.

Could it be that her two sisters were also mortals?

"Father, what is your identity? Why are my two sisters both princesses?"

Su Chen smiled and replied,

"In the prehistoric fairyland, the Emperor of Heaven, in the prehistoric fairyland, your father and I are the most powerful people."

"What? Father, are you really the Emperor of Heaven in the prehistoric immortal world?"

"Of course, how could I deceive you."

When Elena heard Su Chen's confirmation, she hugged Su Chen's arm and shook it and shouted,

"Wow! Father, are you very powerful? Will I walk sideways in the prehistoric fairyland from now on?"

Satis looked at Su Chen in disbelief.

The most powerful person in the prehistoric immortal world?

Or the emperor of the prehistoric immortal world?

Saidis felt a little dizzy. Her man turned out to be an emperor? This made her For a moment, he couldn't accept it.

Su Chen was very embarrassed when he heard Elena's words.

It was not wrong that he was the Emperor of Heaven, and it was not wrong that he was the most powerful person in the prehistoric fairy world, but what about his strength? He couldn't say it.

He was just a little scumbag from Jinxian.

Su Chen didn't know what to say to Elena.

Su Chen smiled and coughed, preparing to fool him.

"Ahem, Elena, if you appear in the ancient fairy world, you will be the princess in heaven. You can go wherever you want. No one in the ancient fairy world dares to take action against you."

Elena hugged Su Chen's arm and said with a smile,

"Hehehe, father, I want to go to the ancient fairyland. I want to see the ancient fairyland full of treasures."

"Okay, father will take you back to the ancient fairy world."

Su Chen nodded and agreed.

If Su Chen can take Elena and her daughter away this time, he will take them back to the ancient fairyland.

If he really can't take their mother and daughter away this time.

Su Chen will go back After arriving in the Great Desolate Immortal Realm, he will gather all the quasi-sages to come to the Western God Realm again. He will launch a realm war in advance, and Su Chen will take their mother and daughter to leave the Western God Realm.

Elena thought of going to the Prehistoric Immortal Realm in the future,

She would see her two sisters, and

Elena asked Su Chen worriedly, "Father, how old are my sisters? Will they like me?"

"this....."

When Su Chen heard Elena's words, he didn't know what to say.

Should he tell Elena that one of her sisters was eleven years old and the other was only six years old?

Elena saw Su Chen hesitating and asked anxiously,

"What's wrong? Father, don't my sisters like me, a person from the Western God Realm?"

Satis was also worried.

She was also worried that Su Chen's daughters would not like Elena.

After all, Elena looks like a Westerner, and Su Chen's daughters are probably all Eastern.

Su Chen shook She shook her head and said awkwardly, "No, Elena, actually, your two sisters are not even older than you."

"Not as big as me? Father, are you wrong? My sisters are not older than me, so aren't they my sisters?"

Su Chen patted his forehead and explained,

"Elena, when your sisters were born, you were not born yet. The time in the prehistoric fairy world is different from that in your western god world. Time passes a little faster here."

"I left your mother for just over a year, but when I saw you again, more than ten years had passed. So your sisters are younger than you, but they were born earlier than you after all."

Elena nodded when she heard Su Chen's words.

She also knew the difference in time.

"So how old are my sisters? Su

Chen said helplessly, "Your eldest sister Su Yan is eleven years old, and your second sister Su Yue is six years old."

Elena shouted when she heard Su Chen's words,

"Oh my god, eleven? Six years old? Father, you won't let me call two little girls sister, will you?"

"They really are your sisters. Elena shook her head and shouted, "I don't want to, I don't want to call two little girls sister."

Thetis didn't care about Elena this time.

Elena is very lively now.

Elena feels different after having a father. She hasn't seen Elena like this for a long time. However,

Su Chen's two One daughter is eleven years old and the other is only six years old, but Elena is already sixteen years old.

Asking a sixteen-year-old to call an eleven-year-old and a six-year-old girl sister?

Sethis doesn't know what to do. What to say,

Su Chen patted Elena on the shoulder and reminded,

"Elena, your eldest sister Su Yan is very naughty. If you don't call her sister by then, don't blame me for not reminding you if you are taught a lesson by your eldest sister Su Yan.

Elena stretched out her little fist and said, "I don't believe that an eleven-year-old sister can teach me a lesson."

"Elena, you underestimate your eldest sister. Your eldest sister, Su Yan, commanded hundreds of thousands of troops to destroy the country when she was six years old. Moreover, your eldest sister's strength is not something you can deal with. Your eldest sister can kill you with just one little finger. I can beat you down"

"What? My eldest sister commanded hundreds of thousands of troops to destroy the country at the age of six? And it's even stronger than me?"

Su Chen nodded and continued,

"Yes, your sister has a private army. She controls the half-million Black Bird Army. Your eldest sister should be about to become an immortal. You have just started practicing. Do you think you will be your eldest sister Su Yan's opponent?"

Elena was silent when she heard Su Chen's words.

She was very panicked now.

Her sister Su Yan began to command hundreds of thousands of troops to destroy the country at the age of six.

Hundreds of thousands of troops?

This is larger than the entire Greek army. Many, and this is her sister's private army, a private army of half a million troops?

God, is her sister really such a monster?

Elena asked Su Chen with luck,

"Father, where is my second sister? My second sister won't be as evil as my eldest sister, right?"

Chapter 1904

Su Chen shook his head when he heard Elena's words.

Although Su Yue looked very well-behaved, Su Yue was also influenced by Su Yan. If Su Yue hadn't been under the supervision of Concubine Yan and Ji Ruxihe, Su Yue might have also Will become a crazy girl

"Elena, your second sister is not simple either."

"However, although your second sister is very quiet and cute, she is also very powerful and very smart. As long as you don't tease your second sister, she will be very kind to you."

When Elena heard Su Chen's words, she felt hopeless.

Both of her sisters were such monsters, and she felt like a waste.

Sethis laughed when he saw Elena's depressed look. ,

However,

Su Chen's two daughters are too evil.

Although Elena is also very smart and can manage a kingdom at the age of sixteen, compared with her two sisters, Elena is still inferior. superior

"Reporting to the Queen, a large number of big monsters appeared on the southern seashore, and the Kingdom of Ionia asked us for help."

At this time, a general came quickly and saluted Elena.

Elena was surprised when she heard the general's words and asked,"A monster appeared in Ionia? When did this happen?"

"Queen, this happened more than ten days ago. The Ionian army suffered heavy casualties. There were too many monsters, and they were very tall and fierce."

"Let General Achilles assemble the army immediately. We are going to rescue the Ionian Kingdom."

"Yes, Queen!"

Su Chen looked at Elena giving orders calmly and calmly, and he nodded and smiled.

His daughter is not simple. She is so stable at a young age. Elena will also be an outstanding queen in the future.

Su Chen He waved his hand to Elena and said, "Elena, go and do your work. I'll talk to your mother about something."

"All right!"

When Elena saw her mother blushing, she rolled her eyes at Su Chen and left.

Elena also wanted to give her mother and father time to be alone together. After all, they hadn't seen each other for more than ten years.

"Thetis!"

"Suchen!"

Su Chen hugged SETHIS' soft body and walked to the inner room. He had not seen this beautiful and sexy woman for a long time. Today he wanted to try SETHIS' tenderness again.

Six days later, it will be available everywhere in the entire Greek God's Domain. Seeing the appearance of the gods, and various main gods also issued oracles to the believers, all the believers were looking for a black-haired priest named Su Chen.

But after several days of searching, the gods had no clue at all to find him..

In the temple of the goddess Athena,

Athena suddenly appeared and looked in the direction of the Greek palace.

She had just returned from the palace of the Queen Hera. What the Queen Hera said to her made Athena very frightened.

For a little priest, the Goddess Hera and those women did not hesitate to start a war among the gods. Who is that little priest?

Athena looked at the Greek palace and felt that she seemed to have seen the one the Goddess Hera was talking about in the palace. Little priest.

That man?

That man lying on the bed?

It must be him.

That man must be the little priest Hera is looking for.

Athena's eyes flashed and she remembered that the man in the Greek palace might be him. The God Queen Hera wanted to find someone.

Whoosh!

Athena disappeared in an instant.

She wanted to go over and have a look.

If that person was really the God Queen Hera wanted to find someone, this war of the gods could also be avoided.

Greece In the palace,

Su Chen has been living very carefree these days.

He is not in a hurry to leave now.

Su Chen also knows about the search for him outside.

Su Chen originally thought that the women of Queen Hera were sending people to look for him. ,

However, after thinking about it, Su Chen decided that it would be better not to show up.

After all, Hera, the Queen of Gods, is the wife of God King Zeus. Besides, if the old stallion of God King Zeus is looking for him,

Su Chen would have thrown himself into a trap if he showed up.

Suchen looked at Thaddeus who was arranging flowers and asked,"Thaddish, isn't Elena back yet? Sethis turned around and smiled and replied,"Elena, she should be back in the next two days. You don't have to worry. Elena has a hundred thousand troops around her. Nothing will happen to her.""

Su Chen was still a little worried after hearing Sethis's words.

Can those monster armies be dealt with?

Su Chen felt that the appearance of those monsters was a bit strange. He learned that groups of monsters had never appeared in the Kingdom of Greece. This time they appeared. The monster is so unusual.

Whoosh!

"Um?"

Su Chen found that a beautiful goddess wearing a body of armor and holding a scepter suddenly appeared in front of him.

This made Su Chen frown.

After Athena appeared, she looked at Su Chen and asked

"Suchen?"

Su Chen sat on the rocking chair without getting up. He felt that this goddess had no ill intentions, but did she know his name so well?

"You know me? and who are you?"

"Seen the goddess Athena!"

At this time,

Sethis saw Athena appear and hurriedly saluted and said,

I'm going!

Athena?

This beautiful goddess is Athena, the god of wisdom and war?

No wonder she is so beautiful, but it's a pity that the goddess of wisdom and war is not. They are also the three major virgin gods in the Greek pantheon.

Su Chen was shaken when he thought of the three virgin gods.

He guessed that the reason why the three virgin gods wanted to be virgins was because they were worried about the influence of God King Zeus on them. Let's get started.

That old stallion of God King Zeus will fuck any beautiful woman.

Athena, the goddess of wisdom and war!

Arthenis, the god of hunting!

Hestia, the god of stoves!

These three virgin gods are each more beautiful than the other.

God King Zeus Will she let them go?

After Athena nodded to Thetis, she looked at Su Chen and asked with a frown,

"Su Chen, don't you know that the gods and people outside are looking for you?"

"Know!"

"Then why don't you show up?"

"Why should I show up?"

Touch!

Athena knocked the scepter and asked with a cold face,

"Are you, a little priest, going to rebel?"

Su Chen sneered at Athena and said, "Hey, Athena, if I show up and God King Zeus hands me over to Thor, the thunder god of the Nordic god system, will you save me?"

Athena was silent after hearing Su Chen's words.

She also knew what happened to Su Chen in Asgard in Northern Europe. Athena guessed why Su Chen didn't show up. The little priest was probably worried that God King Zeus would kill him. Give it to Thor, Lord of Thunder

"Su Chen, the Queen Hera is looking for you this time. You don't have to worry about the Queen Hera handing you over. Su

Chen shook his head and asked, "Athena, who is the God Queen Hera and the God King Zeus?" Do you think the God King Zeus wants someone from the God Queen Hera? Will the God Queen Hera hand me over?"

"Won't!"

"No shit, God Queen Hera is the wife of God King Zeus. God King Zeus wants God Queen Hera to hand me over. Will God Queen Hera refuse? You, the virgin god, look like your brain is rusty."

Chapter 1905

Athena frowned very displeased when she heard Su Chen's words.

Why is this little priest so greedy for life and afraid of death? Queen Hera is willing to start a war of gods for this little priest, but this little priest still doesn't believe in Queen Hera

"Come back to Olympus with me"

"No return!"

Su Chen refused directly.

It was a joke.

If he returned to Olympus,

Su Chen would either be captured by God King Zeus and give it to Thunder God Thor, or he would be stopped by God Queen Hera and the other daughters to prevent him from returning. In the ancient world of immortality, he was not so stupid as to throw himself into a trap.

"You want me to do it? SETHIS came to Su Chen and asked seriously, "Goddess, Su Chen is my husband, why did you take him away?"

Athena shook her head and explained,

"SETHIS, SUCHEN is the priest of the God Queen Hera. The God Queen Hera is looking for him, otherwise something big will happen. I must take him back to Olympus to see the God Queen Hera this time."

Su Chen mocked when he heard Athena's words,

"Old maid, do you have nothing to do? Didn't Hera, the Queen of Gods, have a disagreement with your mother? Why are you still so devoted to Hera, the Queen of Gods? Aren't you afraid that your mother will be angry?"

"It's none of your business"

"This is none of my business. I just want to teach your mother a lesson for you, an unfilial daughter."

"presumptuous!"

"Want to take action? Athena threatened Su Chen with an indifferent look, "Su Chen, don't force me, or I will really take action."

Whoosh!"

"Hey, Lord God of Wisdom and War, are you going to take action?"

At this time, after the death goddess Hela appeared, she looked at Athena, the main god of wisdom and war, and sneered. When

Athena saw Hela appearing again, she coldly threatened, "Hela, this is the Greek pantheon. , if you don't want to die, leave immediately."

Athena also understood why Hela appeared last time. Hela was also looking for this little priest.

What is so special about this little priest?

Queen Hera, God of Harvest Demeter, God of Love Avro Dite, the main god of hunting Arthenis, the main god of stoves Hestia, the main god of land and harvest Sif, are all these main gods blind? How come the main gods are determined to win this small priest who is a middle god ?.Su

Chen's eyes lit up when he saw the royal sister appearing.

Hela, the goddess of death?

Hela looks a bit like the Hela in the plot, but this Hela is more beautiful and sexy. The goddess of death, Hela, is right. Athena said,

"Athena, as you said you can kill me, how about we go out and compete? Su

Chen coughed beside him and said, "Ahem, I think it would be good for you to compete. Goddess of Wisdom and War, Goddess of Death, I also want to know which of you is stronger. Athena stared at Su Chen and yelled, "Shut up, you are a little priest, do you have the right to speak here?"

What the hell, is Athena taking advantage of her?

Well, this old maid must have reached menopause."

Su Chen shook his head and ignored it. These two women can do whatever they want. It's none of their business anyway. The Lord of Death ,

Hela, looked at Su Chen and said,"Su Chen, I have something to ask you. You and I will go to the Sea of the Dead.""

"No, Lord God of Death, Su Chen is the person I want to take away. You'd better leave right away."

"Athena, is Suchen willing to leave with you?"

"If you don't want to leave with me, you have to leave. Hela , the God of Death, looked at Athena and teased,"You are trying to rob a man. Athena, you are one of the three virgin gods in the Greek pantheon. Do you also want a man?""

"Shameless!"

Athena was so angry that she was about to kill this shameless God of Death.

This shameless goddess is so annoying. She misses men?

Will she miss those disgusting men in her life?

Hela, the God of Death, hugged her arms Chest laughed and said,

"Shameless? No matter how shameless I am, can I be as shameless as your father? I'm afraid your stallion father also has some ideas about you, right?"

"The entire Western God Realm has been completely disgraced by your stallion father. You Greek Gods still respect Zeus as the King of Gods. I don't know what face you gods have in the mortal world."

"you wanna die!"

Boom! Bang!

Athena suddenly punched Hela, and Hela quickly blocked Athena's attack with one punch.

The Lord God of Death said with an indifferent face,

"Athena, fight in the air!"

Athena waved his scepter and said coldly,

"Humph, a battle in the air!"

Whoosh!

The Death God and Athena disappeared without a trace at the same time.

After Sethis was sure that the Death God and Athena had disappeared, she asked Su Chen worriedly,

"Su Chen, is this okay?"

Su Chen hugged Sethis' soft waist and said with a smile, "It's okay, these gods are well fed, so we don't need to worry about them." Satis felt relieved when she saw that Su Chen was not panicked. Tweet Tweet Tweet.....

Suddenly, a burst of birdsong came over, and Su Chen stood up in a hurry. He looked into the distance with an angry look on his face.

"Thetis, you stay in the palace and wait for me, I'll go see Elena"

"You have to be careful!"

At this moment, more than 600 miles away from the Kingdom of Greece,

Elena was entangled by a god.

The surrounding armies suffered countless casualties. If it hadn't been for the appearance of the black bird, she would have been captured by this god.

A handsome The man looked at Elena and said with a smile, "Little beauty, I didn't expect you to be a future god. It seems that I am very lucky today. Elena cursed with an angry look on her face,

"Why are you, a god, so shameless? Not only did you want to take me away, but you even killed countless human troops. Aren't you afraid of the gods punishing you?"

Elena didn't expect that she had just killed a group of monsters with her army, and she was actually entangled by a god. The god even wanted to take her away.

Elena looked at the heavy casualties of the army protecting her, and she He was very angry in his heart.

The handsome man said disdainfully,

"Hey, who dares to care about me in the Greek God Realm, little beauty, if you know my identity, you will definitely not regret leaving me."

"You don't want to take me away. Even if I die here, you won't be able to take me away. The handsome man looked at the little mysterious bird and said coldly and arrogantly, "That's not up to you, little beauty. Even your little magical bird can't protect you. I will definitely catch you and leave today.""

Whoosh!

At this time,

Su Chen suddenly appeared next to Elena.

He looked at the handsome man and yelled angrily,

"Zeus, you shameless old stallion, do you want to die?"

Chapter 1906

Su Chen looked at the God King Zeus who had transformed into a handsome man in front of him.

He was very angry.

This old stallion actually had an interest in his daughter. Even if Su Chen's identity was exposed this time, he would kill this old prostitute. stick

"Father!"

When Elena saw Su Chen's sudden appearance, she hurriedly hugged Su Chen.

Elena was frightened just now.

A god wanted to catch her.

Elena had no power to fight back in front of this god. Even the troops protecting her suffered heavy casualties.

Su Chen's arrival gave her something to rely on

"Don't be afraid, Father is here!" Su Chen patted Elena's back and comforted her.

"Little priest, it turns out to be you!"

God King Zeus was very surprised when Su Chen arrived.

Zeus did not expect that the beautiful Greek queen he met on the road was actually the daughter of a young priest.

But so what, none of the women he fell in love with could run away. Little middle god, does he still dare to stop himself?

Su Chen scolded Zeus with an indifferent expression,

"Old stallion, do you still know the word shame? You have brought the entire Greek pantheon into chaos, and now you dare to take advantage of my daughter. God King Zeus, it seems that you are really tired of living."

God King Zeus's face darkened when he heard Su Chen's words.

"Little priest, do you want to die? A little middle god actually wants to kill me. It seems that Queen Hera is too lenient with you."

"Old stallion, you are dead today"

"Hahaha, little priest, I want to see how you kill me. If you can't kill me, then your daughter will be mine."

Whoosh!

At this time, the goddess of death Hela and Athena also arrived. They all heard Su Chen's angry shouts just now.

Hela and Athena heard Zeus's words just after they arrived, and their faces became ugly. ,

Death God Hela and Athena did not expect that God King Zeus would actually fall in love with Suchen's daughter.

God King Zeus even transformed into a handsome man. Is this to seduce Suchen's daughter?

They looked at God King Zeus Zeus was very contemptuous.

When Su Chen saw the appearance of Hela and Athena, he sent Elena to Hela and said, "Hela, help me take care of my daughter."

"no problem!"

Hela nodded and agreed.

The Lord of Death, Hela, had long disliked God King Zeus. If God King Zeus hadn't been so powerful, the gods in the Western God Realm would have lined up to kill this old man. What a pervert.

Seeing Zeus still look like a handsome man, Su Chen mocked with disdain,

"Old Stallion, you haven't shown your true colors yet. You are really a god-king who doesn't give up any face for women. With a god-king like you in the Western God Realm, all the gods in the Western God Realm will be unable to hold their heads high."

"snort! Little Priest, I hope you can still say such words for a while!"

God King Zeus waved his hand, and he returned to the appearance of a bad old man.

The surviving Greek troops around them were very surprised when they saw that the handsome man just now was really God King Zeus.

, but he was also very angry.

God King Zeus even wanted to steal the Queen of Greece regardless of his face, and even slaughtered tens of thousands of ordinary human troops. Is this what the God King of Olympus should do?

Achilles 1 When he first saw Su Chen arriving, he was very happy.

He knew that Su Chen was a god.

During the Trojan War, he had personally seen Su Chen perform miracles. More than ten years later, Achilles did not expect Su Chen to perform miracles. Chen reappeared and even recognized the Queen and her daughter.

"Achilles meets the old king!" Achilles knelt down and saluted Su Chen, saying,

"The Greek Legion meets the old king!"

The remaining tens of thousands of Greek troops also saluted Su Chen.

The people and troops of Greece all know that the queen's father is a god, the previous queen's appearance is immortal, and General Achilles is powerful. These are all factors. Miracles performed by the Queen's father

"Achilles leads his army back to the royal city of Greece"

"Yes, old king!"

Achilles knew that it was useless for him and the army to stay here, and even staying here would only increase casualties.

What Su Chen faced was Zeus, the god king of Olympus, and

Achilles didn't know whether Su Chen could defeat him. God King Zeus, but next to him is Hela, the god of death, and Athena, the god of wisdom and war. These two goddesses seem to be on Su Chen's side.

Achilles also admires Su Chen very much.

Su Chen is here After the army of the Kingdom of Greece left with the corpse, he looked at the calm God King Zeus.

This time his identity was going to be exposed, but there was no way.

God King Zeus had already set his sights on his daughter Elena,

Suchen If God King Zeus is not killed this time, his daughter Elena and even the woman Thetis will be harmed by this old stallion. This is something Su Chen will never allow to happen.

"Nanny!"

After Su Chen unsealed the restrictions on the incarnation of the ruthless empress's soul, he sent a message to the hateful empress.

Su Chen had sealed the incarnation of the ruthless empress's soul when he was going through the tribulation. Even Lan Yinciao and Lin Qing Son, the female ghosts Xiao Li and Nie Xiaoqian of Tears of the Goddess were sealed.

He was also worried that they would be in danger during the tribulation. Su Chen also forgot to unblock them after surviving the tribulation.

A crisp voice appeared in Su Chen thought, "Brother, why did you lock me up for so long?"

"Nannan, my brother is just letting you practice with peace of mind. What is your current level of strength?"

"The Immortal Emperor's primary level of cultivation."

Elementary level of Immortal Emperor?

Primary level of quasi-saint? How did the incarnation of the ruthless empress advance so quickly? Could it be that the true form of the ruthless empress has reached the quasi-sage level?

However,

Su Chen's current incarnation of the ruthless empress is now at the quasi-sage level. This should be enough to face this old stallion.

Su Chen touched the Tears of the Goddess on his neck again and asked, "Xiao Li, what level of cultivation are you at now?"

"Husband, I am now in the middle stage of Daluo Golden Immortal."

After the tears of the goddess on Su Chen's neck flashed, a soft female voice said in Su Chen's mind.

Su Chen shook his head when he heard Xiao Li's words.

The realm of Xiao Li and Daluo Jinxian is not the opponent of God King Zeus. , it seems that we can only let the incarnation of the ruthless empress deal with God King Zeus. If that doesn't work, then we can beat God King Zeus in a group.

"Nanny, come and use the Chaos Clock. In a moment, you will kill the old pervert in front of me for your brother."

"Okay, brother."

At this moment,

Athena hurriedly informed Hera, Queen of Gods, that

Su Chen might really be in danger this time. If Su Chen was killed by God King Zeus, I am afraid that the Greek pantheon would split.

Those women of Queen Hera In order to avenge Su Chen, the main gods may oppose the rule of God King Zeus.

Olympus will also be torn apart from now on, as well as Hades and Poseidon. They may also take the opportunity to attack Olympus. Sri Lanka

"Young priest, have you finished explaining your funeral arrangements? This time I will kill you with my own hands. Maybe Thor, Lord God of Thunder, will like your corpse. I can also go to the Nordic God System to exchange for some training resources."

Chapter 1907

After God King Zeus took out his divine weapon, the Thunder God Spear, he waved his finger at Su Chen.

God King Zeus planned to kill this little priest this time and give it to Odin. Odin probably liked this gift from him very much. , Odin might have given him some resources for the dignity of his son Thor, the Lord of Thunder.

Su Chen flexed his wrist and said coldly, "Old pervert, can't you wait to die?"

"You have sharp teeth and a sharp mouth, little priest, you are dead this time no matter what."

"oh? Old pervert, do you really think you can kill me?"

Zeus laughed when he heard Su Chen's words. After he looked at the death gods Hela and Athena next to him,

Zeus said disdainfully to Su Chen,

"Um? Hahaha....., little priest, you won't help you because Hela, the god of death, and Athena, the god of wisdom and war, will you?"

"Maybe they will?"

"Hum, Hela, the Lord God of Death, I hope you won't mind your own business here in the Greek divine domain. Otherwise, I wouldn't mind killing you, the Lord God of Death of the Nordic God System."

God King Zeus looked at Hela, the Lord of Death, and threatened him.

He didn't care about having another god at all. If Hela, the Lord of Death, wanted to die, he wouldn't mind killing this Lord of Death.

Zeus looked at the goddess of wisdom and war next to him. Athena said, "Athena, are you going to resist your father for a little priest?"

Hela, the goddess of death, said with a cold face, "God King, are you declaring war on the Nordic pantheon?"

Zeus sneered when he heard Hela's words,

"Declare war? Hahaha, Hela, if I kill you, your father Odin will probably be very happy. Don't think that I don't know that you and Odin have a tense relationship. Odin even imprisoned you for thousands of years."

"Your level of strength is the most likely to advance to the realm of God King. Odin will inherit the God King of Asgard for Thor, Lord of Thunder, and he will never leave you as a threat in the future."

Hela was silent when she heard the words of God King Zeus.

She was very angry now.

Hela, the Lord God of Death, was originally an existence at the peak of the main god realm, but during the thousands of years she was imprisoned by God King Odin, her realm was destroyed. The swallowed ones fell to the early stage of the main god realm.

Over the years, she has only cultivated to the middle stage of the main god realm. The death god Hela hates Odin very much.

Athena stood aside indifferently and said nothing.

Whatever she said now is redundant. Yes,

Athena wants to wait for the arrival of Queen Hera and the main gods, and then she will take a look at the situation.

If all the main gods want to resist God King Zeus, she will take action mercilessly. God King Zeus, this scourge, is still dead. Okay.

Elena looked at Suchen worriedly next to Hela.

This is God King Zeus.

Elena doesn't know if her father is the opponent of God King Zeus. Now she can only pray that her father can defeat God King Zeus.

"Nanny, kill this old pervert!"

"Yes, brother!"

Dang!

Boom!

A white light suddenly flashed, and a cold and beautiful woman in a white dress suddenly appeared next to Su Chen. After the incarnation of the ruthless empress appeared, she quickly attacked the God King Zeus with the Chaos Clock.

"God King Realm? who are you? You can't be a god from the Western God Realm"

"In the wild world, the Empress of Nanling!"

God King Zeus asked in surprise when he heard the ruthless empress' words.

"Wilderness? Empress of Nanling? You are actually the ruthless empress of the wild world. Why do you appear in the Western God Realm? And why should you help this little priest?"

"Hum, Su Chen is my brother, God King Zeus, my name is the ruthless empress, also called Su Nannan."The incarnation of the ruthless goddess said and attacked the god king Zeus.

Boom boom boom.....

The Chaos Bell of the ruthless empress and the thunder spear of God King Zeus kept colliding. The powerful aura destroyed everything for hundreds of miles around, and the place where they were was turned into nothingness.

Death God Hela and Athena looked at all this in confusion.

A woman in the God King realm suddenly appeared, and she was also the sister of Su Chen.

Now she was fighting evenly with the God King Zeus.

Wilderness?

Empress of Nanling?

The ruthless emperor?

They have also heard of the ruthless empress

【I won't become an immortal, just waiting for your return in the world of mortals! 】

The Ruthless Empress trained from a mortal to become the top strongman in the wild world, and the Ruthless Empress has been looking for his brother for several generations. Hela and Athena did not expect that Su Chen turned out to be the Ruthless Empress's brother.

Elena was protected by the death god Hela. She looked at the ruthless empress who was fighting the god king Zeus.

Elena exclaimed in admiration, "Here I go, is this my aunt? So domineering, too powerful, and too beautiful."

Hela and Athena shook their heads when they heard Elena's words, cruel Although the Empress is powerful, she is only in the early stage of the God King Realm. God King Zeus is a strong man in the late God King Realm.

If the ruthless Empress had not had a powerful spiritual treasure, she might have been defeated by God King Zeus long ago.

"Time pauses!"

"Look at my invincible bricks!"

Su Chen suddenly activated the Law of Time against God King Zeus.

He took out the best innate spiritual treasure, the Sky-Flipping Seal, and flashed his body.

Su Chen quickly appeared behind God King Zeus. He took the Sky-Flipping Seal and fiercely moved towards the God King. Zeus slapped him on the back of the head.

Boom!

"Haha, so enjoyable!"

Su Chen quickly dodged away as soon as the attack was successful.

He was no match for God King Zeus, but it was good to keep harassing God King Zeus.

Especially with the brick just now,

Su Chen beat God King Zeus's head to the point of bleeding. , the best innate spiritual treasure's Heaven-shaking Seal is powerful.

God King Zeus did not expect that Su Chen would freeze him for a moment, but at this moment, he was unexpectedly attacked by Su Chen.

God King Zeus touched the back of his head and fluid flowed out Xue was very angry. He had never been injured in many years, but this time he was injured by a small middle god.

God King Zeus looked at Su Chen and shouted angrily,

"Ah, little priest, I want to kill you!"

"With one thought, the flowers bloom and rule the world!"The ruthless empress suddenly appeared in the air and cast her secretary.

One by one, the fairy flowers bloomed in the air, sparkling and dancing. Each fairy flower turned into the incarnation of the ruthless empress.

The empress is unrivaled in the world. This technique has been cultivated to the extreme by the ruthless empress.

With a single thought, flowers blossom and rule the world! The Tao is full of charm.

In the air, dozens of incarnations of the ruthless empress hold the Chaos Bell in their hands and attack God King Zeus one after another.

"Auntie is so amazing and the exercises are so beautiful. I want to learn this exercises."

"Elena, your aunt is nice, but your father is really shameless."

Chapter 1908

Elena's face turned red when she saw her father sneaking up on God King Zeus.

Her father was a Heavenly Emperor, the master of the ancient fairy world.

Elena didn't expect that Su Chen would sneak up on God King Zeus. This is what a Heavenly Emperor should do. Something?

Elena couldn't understand why her father didn't fight the God King Zeus in an upright manner.

However, Elena 's eyes lit up after seeing the ruthless empress' attack skills. The fairy flowers in the sky were very beautiful, and the fairy flowers could be transformed into incarnations. Elena wanted to learn this beautiful and powerful technique from her aunt in the future. Hela and Athena did not expect that Suchen would attack God King Zeus. And the sneak attack was successful. Although they were all a little surprised, Hela and Athena did not expect that Su Chen would be so shameless. Su Chen successfully made a sneak attack and left quickly, and asked his sister to stop the pursuit of God King Zeus. However, Hela and Athena were also very shocked. Suchen actually immobilized God King Zeus for a moment, and Su Chen even broke the back of God King Zeus's head with one blow. A middle god actually broke the head of a god king. This was something that had never happened before. Athena looked at Su Chen and said coldly,

"This little priest is not simple"

"He seemed to have used the law of time just now. Although he could only freeze God King Zeus for a moment, Su Chen's speed was too fast."

"I also discovered that there were fluctuations in space. God King Zeus had no time to break free before he was successfully attacked by Su Chen."

Hela was surprised when she heard Athena's words and asked,"Athena, you mean that Su Chen knows the laws of time and space?"

Athena nodded and said seriously,"Well, I guess Su Chen may know the laws of time and space."

"Who is this little priest? Could it be that he is also a god in the wild world?"

"It's possible, after all, his sister is the ruthless empress of the wild world."

Elena smiled when she heard the conversation between Hela and Athena.

She knew the origin of her father.

Her father came from the ancient world of immortality, and he was the emperor of heaven in the ancient world of immortality. But her aunt actually came from the wild world, and she still had a ruthless character. With the title of Human Empress, Elena feels that her background is too powerful.

Her father is the Emperor of Heaven in the Immortal World, and her aunt is the ruthless Empress of the Wild World.

The Immortal World!

The Savage World!

Can Elena be in these two worlds in the future? Walking sideways?

Boom boom boom.....

In the air,

God King Zeus continued to attack dozens of incarnations of the ruthless Empress like crazy. Some incarnations were penetrated and dissipated by God King Zeus's thunder spear, but more incarnations of the Empress continued to attack God King Zeus.

"Chaos Bell, suppress!"

"Chaos Bell, suppress!"

The ruthless empress and dozens of incarnations raised the Chaos Clock at the same time and shouted, clang clang clang.....

Boom boom boom....

The Chaos Clock and dozens of transformed Chaos Clocks erupted into powerful light and enveloped God King Zeus.

"Kill the way of heaven!"

When the ruthless empress saw God King Zeus being suppressed by the Chaos Clock, she raised a white hand and waved at God King Zeus.

Various fairy clouds suddenly appeared in the sky, and thousands of fairy blades flew out of these fairy clouds. , some are in the shape of a dragon, some are in the shape of a phoenix, shaking the sky and the earth. They will kill when they encounter something, and they will kill when they touch it.

Boom boom boom.....

Countless fairy blades struck at God King Zeus one after another.

"Time pauses! Space storm!"

Su Chen also took the opportunity to attack God King Zeus at this time.

The Law of Time!

The Law of Space!

He also hurriedly used it.

Su Chen wanted to cooperate with the ruthless empress to kill God King Zeus.

Boom boom boom....

Ahhhhh.....

After a burst of attacks, dozens of incarnations of the Ruthless Empress also dissipated.

Controlling these incarnations of the Ruthless Empress consumes too much mana, and she cannot always use these incarnations to fight.

In the air, after the body of God King Zeus appeared, the people here were all surprised when they looked at God King Zeus.

God King Zeus was now in a very embarrassed state, his whole body was riddled with holes, and even one of his arms was only slightly damaged. The fairy blade cut it off.

God King Zeus shouted loudly while being covered in blood,

"You all deserve to die, I will cut you all to death with a thousand knives."

God King Zeus has never been so embarrassed.

He is extremely angry in his heart.

The ruthless empress!

Little Priest Su Chen!

If he doesn't kill these two bitches today,

God King Zeus will have trouble sleeping and eating for the rest of his life.

Su Chen looked at God King Zeus looked embarrassed and mocked,

"Tsk tsk tsk, God King Zeus, does it hurt? This is all retribution. You, an old pervert, have done too many things that are harmful to heaven and earth. Even heaven and earth cannot tolerate you. Today is your day of death."

God King Zeus used his divine power to recover his body and yelled angrily,

"Little priest, I will definitely catch you and peel off your skin. I will also drive your soul into the abyss so that you will never be reincarnated."

"abyss? Old pervert, I forgot to tell you that my wife is the Demon King of the Abyss Succubus Tribe. Do you think something will happen if I go to the Abyss?"

Su Chen started talking nonsense when he heard what God King Zeus said.

Su Chen also knew a little succubus from the succubus tribe. I'm afraid Mei Ji is not even a god, and she is still far away in the Godfall Continent.

However, these gods King Zeus didn't even know, so it didn't matter that Su Chen was bragging now.

When God King Zeus heard Su Chen's words, he felt that this little priest was a liar and a bastard who told lies without blinking an eye. All the Abyss Demon Clan were cruel and vicious people, and this little I'm afraid the priest doesn't even know what the Abyss Demons are.

"Huh, that's nonsense. Those women of the Succubus Tribe are all cannibals and ruthless people. Just because you, a little priest, have a Demon King wife, you, a little priest, are just talking nonsense."

Su Chen looked at the ruthless empress next to him who was recovering her mana.

He felt that he should buy some time for the ruthless empress. God King Zeus, the old whore, was also recovering from his physical injuries. The battle would start again later,

Su Chen So she decided to fight the God King Zeus with the ruthless empress.

"Old pervert, it's none of your business whether I lie or not."

"oh! correct!"

"Old pervert, God Queen Hera and I have a good relationship. We even spent one night alone in Asgard's fairy palace. God Queen Hera's figure is really good, and I am very satisfied."

Chapter 1909

God King Zeus was stunned when he heard Su Chen's words.

He even forgot to recover from his injuries.

God Queen Hera betrayed him?

Could it be that in Asgard's fairy palace, the God Queen Hera was hanging out with this little priest?

God King Zeus cursed angrily when he thought of this, "You bitch man and woman, I will kill you, Hera, I will make her life worse than death, I will definitely make her life worse than death."

Not far away,

Hela and Athena was also very confused when she heard what Su Chen said.

They didn't expect that Su Chen would actually get together with the Queen of Gods Hera.

No wonder, no wonder the Queen of Gods Hera would care so much about this little priest. It turns out that there is such a thing between them. layer relationship.

Hela thought of the Asgard duel field, the goddess Hera, Demeter, and Aphrodite. These main gods kept attacking the barrier of the duel field in order to save Suchen.

Queen Hera and Suchen got together, but what about Demeter, the goddess of harvest, and Aphrodite, the goddess of love? Did they also have a relationship with Su Chen?

Hela looked at Su Chen and found it unbelievable.

This little middle god had actually defeated several powerful gods. Is this little priest going to defy heaven?

Athena looked at Suchen and opened her sexy little mouth in surprise.

She now understood why Hera, the Queen of Gods, sent out an army of gods and gods to look for the young priest.

She even wanted to start a war among the gods to find this little priest.

Athena looked a little ugly.

The Greek pantheon was too confusing.

She did not live in the palace on Mount Olympus. Athena felt that it was a god who was very right..

Olympus is now a place harboring filth and evil, and the chaos of the gods makes her feel very sick just looking at it.

After Elena was confused for a while, she didn't know what to say now.

Elena wiped the sweat from her head and felt guilty. Hela and Athena next to her both looked ugly. She was worried about this. The two goddesses will give her trouble.

Elena feels that her father may not be a peaceful master, the God Queen Hera!

Her father actually took care of the God Queen Hera.

The God Queen Hera is the God Queen in the Greek pantheon, and she is also very powerful.

Elena thought about the artifact armor on her body and understood. No wonder Queen Hera would send him the artifact armor. It turned out that Queen Hera was also his father's woman. its not right?

Where is the artifact scarlet cloak?

What about the artifact, the Fairy Bow?

Are these goddesses who send artifacts also related to her father?

Su Chen smiled when he looked at God King Zeus who was so angry that he had forgotten to recover.

This was what he wanted.

The angrier God King Zeus is, the better. In this way, God King Zeus would lose his mind during the battle, which would be detrimental to him. and the ruthless empress are both very beneficial.

Su Chen stood in the air with his arms folded and continued to strike,"Old pervert, Demeter, the harvest god, is pretty good, especially Demeter's sexy mouth. I can't forget it either.""

"Go to hell!"

"Space teleportation!"

Boom!

Su Chen waved his hand to the ruthless empress, gesturing for her to continue recovering her mana, and then he continued to say to God King Zeus,

"Old pervert, and Aphrodite, haven't you always wanted to get Aphrodite? However, you have no chance. I can also feel Aphrodite's passion."

"Go to hell, go to hell! Go to hell!"

"Space moves, space teleports, time goes backwards!"

Boom boom boom.....

Cough cough cough.....

Su Chen was directly knocked away by the attack of God King Zeus.

He was knocked dozens of miles away and fell to the ground.

Su Chen fell to the ground coughing and vomiting blood, and a hole was shot through his shoulder.

Damn it, the crazy God King Zeus is more terrifying than the thunder god Thor.

Su Chen was already very careful, but he was still hit by the God King Zeus.

Su Chen hurriedly took a red fruit. There was no need for him to hide it now. God King Zeus was dead today.

The beard of God King Zeus stood up in anger. He looked at Su Chen who was shot down and shouted fiercely,

"Little Priest, today I will first break all your bones. I will crush your bones inch by inch."

Su Chen stretched out his hand and gestured with his middle finger and continued to challenge,

"Come on, old pervert, do you have what it takes? Ahem, I forgot to tell you that Athena, the goddess of wisdom and war, is also related to me. Do you, an old pervert, regret not taking action earlier?" boom!

"Angry? Old pervert, do you regret it very much now?"

Boom boom boom....

"Space prison!"

"Did you hide? The space here is going to be shattered for me."

At this moment,

Athena put away her scepter.

She now held the artifact Victory Spear in one hand and the Victory Shield in the other.

Athena's eyes were cold and she was about to kill Suchen.

This damn bastard, she is just It was the first time I met this bastard, and this bastard dared to slander her innocence.

Athena is the goddess of three virgins in the Greek pantheon. If what happened today is spread, can she still be the goddess of virgins?

Elena sees When Su Chen was beaten and vomited blood, she was very worried, but after she heard Su Chen's words about life and death,

Elena was very speechless.

When Elena saw Athena changing the artifact, she stared at her coldly. Father.

She hurriedly took Athena's arm and said to dissuade her, "Calm down, calm down, goddess, my father didn't mean it. He just wanted to make the God King Zeus angry. You must calm down.""

"Elena, let go, I'm going to kill that bastard."

Athena was so angry that she was about to step forward and kill Suchen.

She was now at the limit of her explosion. If Athena didn't kill this bastard today, she would not be happy in the future.

Hela, the God of Death, looked at Athena and reminded her road,

"Athena, don't do anything yet"

"Su Chen is fighting with God King Zeus now. If you go up to kill Su Chen now, isn't this helping God King Zeus? If Su Chen doesn't die this time, you can kill that bastard anytime."

Hela, the God of Death, was also very speechless towards Su Chen.

This bastard can provoke God King Zeus, but why should Athena be involved?

Athena, a tough girl, is right next to her.

Su Chen can die in vain. Isn't it fast enough?

After hearing Hela's words, Athena thought about it and was right. Although Su Chen is a shameless bastard, God King Zeus is not a good person either. God King Zeus is even more disgusting than Suchen.

Athena Looking in the direction of Su Chen, he said coldly,

"Humph, I will let that bastard go this time. I will definitely kill this bastard in the future."

Chapter 1910

Death God Hela and Elena saw Athena calm down.

They all breathed a sigh of relief, and they were also very speechless towards Su Chen.

If they had not persuaded Athena,

Su Chen might not have been killed by God King Zeus, but he would have been killed by the angry Athena.

Boom boom boom.....

"Little priest, you can't hide, I will definitely catch you and skin you and cramp you."

God King Zeus is now mad.

He keeps attacking the surrounding space.

God King Zeus does not believe that the little priest can escape from under his eyes. The little priest will die no matter what this time.

Whoosh whoosh whoosh.....

At this time,

Queen Hera and more than a dozen major gods and goddesses arrived one after another. They were very surprised to see the miserable look of God King Zeus.

God King Zeus is a strong man in the late stage of God King Realm. They did not expect that someone would beat God King Zeus so miserably.

"Queen of Gods!"

When Athena saw the Queen of Gods and more than a dozen major gods and goddesses arriving, she hurriedly shouted to Queen Hera. Hera, the

Queen of Gods, came to Athena and asked doubtfully,

"Athena, where is Suchen?"

Athena bit her silver teeth and said angrily,

"That bastard is hiding in space, God King Zeus has gone crazy"

"God Queen, you have to be careful"

"The adultery between you and Suchen was exposed by the little priest, as well as Demeter, Aphrodite, and your relationship with Suchen. I'm afraid the God King will not let you go."

Goddess Hera and Demeter were confused for a moment.

Their affair with Su Chen was exposed?

They had an affair with Su Chen.

Damn you little bastards.

Su Chen wanted them to accompany him. Want him to die?

Aphrodite, the goddess of love, blushed and was at a loss. She and Su Chen had indeed had sex.

And more than once, she did not expect that Su Chen would say it, which made no one Aphrodite, who was not prepared at all, was caught off guard.

The other gods and goddesses nearby looked at Hera, the goddess of fertility, Demeter, the harvest god, and Aphrodite, the goddess of love. They all looked like they were suddenly enlightened.

No wonder Queen Hera, Demeter, and Aphrodite, the three main gods, did not hesitate to start a war of gods for a small priest. It turned out that the three of them were all involved with the small priest.

Queen Hera saw The other goddesses looked at each other and hurriedly defended themselves,

"Don't listen to that little bastard's nonsense. There is nothing wrong between us and the little priest. Nothing like what you imagined happened."

"Yes, that little bastard is talking nonsense."

Demeter looked angry and wanted to strangle that bastard Suchen to death.

She didn't expect that bastard Suchen would slander her reputation. Damn you little bastard,

Demeter hasn't asked Su Chen to avenge her kiss. This time that bastard said such disgusting things again, Demeter really didn't want to care about that little bastard. When the more than ten main gods and goddesses nearby heard what the Queen Hera and the others said, they thought it was right. , if God Queen Hera and the others had a relationship with the little priest, it would be even more impossible for them to hide it.

This time God Queen Hera wanted to save the little priest openly.

If there was really a relationship between them, God Queen Hera would not be told. Are they allies?

The hunting god Arthenis looked at the crimson-faced love goddess Aphrodite, and she asked doubtfully,

"Aphrodite, you don't have anything to do with the little priest, do you?"

Aphrodite hurriedly waved her hands and said, "No, no, how could I fall in love with that little priest?"

"But why don't I believe it?"

"I don't believe it either!"

When Hestia, the God of Stoves, looked at Aphrodite's expression, she was very unconvinced. She felt that Queen Hera and Demeter really had nothing to do with the little priests, but Aphrodite, the God of Love, Not sure about Rodite. She could clearly see Aphrodite's blushing and embarrassed look.

Queen Hera waved her hand and said,

"Now is not the time to talk about these things. Everyone, get ready to kill God King Zeus in a moment."

"good!"

"I have long wanted to kill the stallion God King Zeus."

"For the Greek pantheon, for Olympus, and for us goddesses, God King Zeus must die."

"Yes, many of our goddesses have been occupied by God King Zeus. Our remaining goddesses will not be able to escape in the future. We must kill God King Zeus this time."

"I have been waiting for this opportunity for tens of thousands of years. God King Zeus is dead this time."

"Let's all work together, even if it means death, God Queen and King Zeus will be killed today"

"Then kill!"

More than a dozen women from the Olympus Mountains said to each other that most of them are the wives of the God King Zeus, but so what, they had no choice but to surrender to the God Queen Zeus. This The next time they surrounded God King Zeus, these goddesses would use all their strength.

God King Zeus suddenly saw God Queen Hera and these goddesses arriving, and he shouted angrily at God Queen Hera and these goddesses,

"Hera, Demeter, Aphrodite, Athena, you all deserve to die. You are all sleeping with little priests. Today I will kill you all."

God Queen Hera shouted to God King Zeus with an indifferent expression,

"Zeus, Olympus has been ruined by you, and the Greek pantheon has been ridiculed by other pantheons because of you. Today, God King Zeus will die."

"Whore, you deserve to die!"

When the God King Zeus heard what the God Queen Hera said, he believed even more that Su Chen and the God Queen Hera were also having an affair. The

God King Zeus looked at his wives and ordered, "Metis, Themis, Eurynome, Leto, let me kill these shameless bastards."

Su Chen instantly appeared next to God King Hera, and he mocked God King Zeus, "Old pervert, didn't you see it? These goddesses are here to kill you. You have done many evil things, and today is your retribution."

God King Zeus looked at the goddesses on Olympus, and even his wives looked at him indifferently.

This made God King Zeus understand that these goddesses had betrayed him.

"Damn it, you all betrayed me, how dare you betray the God King of the Greek pantheon"

"You are all going to die. I want to kill you all. No, I want to seal your divine power. From now on, you will not be able to live or die, and you will be tortured and abused by me day and night."

After Su Chen heard what God King Zeus said, he mocked disdainfully,

"The old pervert is still dreaming about spring and autumn. Let's see who will die soon. Nanny, take action and kill this old pervert. Hera, you and the goddesses here will assist my sister and kill her together. He killed the old pervert God King Zeus."
