Chapter 1921

After Su Chen sent the little seeds away, he walked towards the dilapidated palace.

The mortals who had arrived before should have gone in. Su Chen wanted to see who those mortals were and whether they appeared in the plot. Those people who passed by Perseus.

Boom boom.....

"Don't look into Medusa's eyes, attack quickly and shoot Medusa with bow and arrow"

"Oops, Alya was petrified by Medusa"

"On the left, Medusa is behind the pillar on the left. Kill her quickly."

"Perseus, use your spear, stick it in Medusa's tail."

"Seti, how are you?"

"I have nothing to do, go ahead and kill Medusa."

In the palace, there were more than a dozen fully armed mortals left attacking Medusa, and the petrified mortal statues around them were also torn apart by the fighting of these mortals.

A Medusa with a long tail. She was laughing, hiding from the attacks of mortals with a leisurely expression. She was like a wolf playing with a group of sheep.

Su Chen appeared on a broken pillar and watched the battle below. He did not want to save these mortals. People. It is impossible for Su Chen to save some mortals who do not know whether to live or die. However, Su Chen cannot figure out how these mortals avoid

the monsters from the underworld and come here. Do these mortals have the help of gods?
Boom boom boom

.....

Medusa appeared on a stone platform.

She looked at the remaining ten mortals and said with a sweet smile,

"Turn them all into stone statues!"

"I have been trapped here for thousands of years. You mortals are coming in batches. This has helped my loneliness a little bit. Mortals, please turn into stone statues and stay forever."

"Don't look into Medusa's eyes, use the bronze mirror to check Medusa's position."

Boom boom boom..... bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump bump bump bump bump bump
bump.....

"Ha ha....., Useless struggle!"

Medusa may have had enough fun. She turned these mortals into stone statues one by one. Anyone who saw Medusa's eyes immediately began to slowly turn into stone statues.

A young man watched When a few more people were petrified, he shouted to the others, "Retreat, everyone retreat, we can't kill Medusa."

The remaining five or six people hurriedly ran towards the entrance of the palace.

They arrived with more than thirty elite soldiers this time, and now there are only five or six of them left. They suffered heavy casualties this time, and may even be annihilated..

Su Chen drank the fairy wine and said to himself,

"Tsk tsk tsk, I'm afraid none of these mortals can escape. However, that young man turned out to be Perseus. The illegitimate son of God King Zeus also appeared in this world. It seems that God King Zeus has the ability to sow seeds. It's really powerful."

A bearded man suddenly spotted Su Chen on the pillar.

He hurriedly shouted to the others, "There's someone up there. Look, there's someone on the pillar.""

"Huh? He is the god of the Kingdom of Greece. I have seen his statue. He is the god of the Kingdom of Greece and the father of the Queen of the Kingdom of Greece."

"Yes, I've seen his statue too"

"God, save us"

"Great gods, please save us mortals."

After other survivors saw Su Chen, and after they confirmed that Su Chen was the father of the Queen of Greece and a powerful god, these survivors knelt down and prayed to Su Chen. Su Chen looked at these mortals. He was very speechless.

He had statues in the Kingdom of Greece.

Su Chen also knew that these were arranged by Thetis for the hero Achilles. Although there were only a few statues, because Su Chen was Elena's father, His statue is also well-known in Greece.

Medusa also discovered Su Chen.

She was very wary when she looked at Su Chen.

This was a god.

Although it was only a middle god,

Medusa felt that Su Chen was very dangerous.

Medusa did not continue to kill the remaining mortals. She looked at Su Chen warily and slowly backed away.

Su Chen looked at Medusa and stopped attacking.

He waved his hand speechlessly and said ,

"y'all get up"

"Thank you God for your life-saving grace."

The remaining five people immediately thanked Su Chen.

Perseus did not kneel to Su Chen, nor did he thank Su Chen.

He is the son of Zeus, the king of Olympus. It is impossible for him to kneel to other gods..

Su Chen looked at Perseus and was very disdainful.

The god king Zeus had been killed, and a little demigod was still so arrogant. Su Chen just couldn't stand such a person.

Su Chen looked at Mei Dussa said coldly,"Medusa, kill Perseus and I will spare your life."

Perseus shouted hurriedly when he heard Su Chen's words,

"I am the son of God King Zeus. If you let Medusa kill me, you will be punished by God King Zeus."

"God King Zeus? Idiot, I've already killed that old pervert God King Zeus."

"Impossible. God King Zeus is the God King in Olympus Mountain. He will not die. You must be talking nonsense."

"Yeah? Then pray to that old pervert God King Zeus and see if God King Zeus will respond to you."

Perseus hurriedly prayed to God King Zeus when he heard Su Chen's words.

He would make this god pay the price. At this moment,

Medusa was a little confused when she heard Su Chen's words.

She did not expect that a god would threaten her to kill her. As a demigod, although killing a demigod is nothing to her, why should she hear the order of a mid-level god?

Medusa is also a mid-level god. Even after a fight, she may not Lost to this mid-level god

"How can it be? How can it be? God King Zeus actually had no response."

Perseus prayed for a while but got no response from God King Zeus. He looked at Su Chen and was filled with fear.

Did God King Zeus really not kill him?

Perseus thought of God Queen Hera,

He hurriedly prayed to the God Queen Hera.

Perseus still did not believe that the God King Zeus would die. Now he could only pray to the God Queen Hera, hoping that the God Queen Hera would come and even tell him the story of the God King Zeus. The remaining soldiers shook their heads at Perseus. If Perseus had knelt down to the god just now, the god would not have been angry and Medusa killed Perseus.

Boom!

A beam of light. Suddenly appeared here, and then a stunningly beautiful woman in white walked out of the beam.

"Perseus, I have met the Queen!"

When Perseus saw the Queen Hera coming, he hurriedly knelt down and saluted the Queen Hera,

"See the Queen!"

The other five people also knelt down and saluted the arriving God Queen Hera. The five of them did not expect that Perseus really let the gods descend, and it was also the God Queen Hera in the Olympus Mountains. They guessed This time the Greek gods may be in trouble.

Su Chen suddenly appeared next to the Queen Hera.

He hugged the waist of the Queen Hera and asked, "Hera, why did you come to the underworld?"

"I'm not looking for you because this time Perseus prayed that the gods of the Greek kingdom wanted to kill him. I guess it was you, little bastard."

Chapter 1923

When Queen Persephone heard the words of Queen Hera, her expression changed.

Persephone knew what Queen Hera meant. She used to avoid harassment from King Zeus.

Persephone hid in the underworld and even made a deal with Hades.

Persephone promised to help Hades against the God King Zeus, and her gods and troops would also participate in every war of Hades.

She has been living in the underworld for hundreds of thousands of years. Persephone is already familiar with every inch of the underworld.

Returning to Olympus?

Returning to the realm of the Greek gods?

Persephone had never thought that although the God King Zeus was dead, she was living a good life in the underworld, and she did not want to see the chaos in Olympus anymore.

Queen Persephone glared at Su Chen, and then she said coldly to Queen Hera,

"Humph, I am living very well in the underworld now. Queen Hera, you can leave if you leave the little priest behind. Otherwise, Hades, the king of Hades, will come. I believe you don't want to face Hades in the realm of the king of gods, right?"

Su Chen exclaimed when he heard Queen Ming's words,

"I'm going, Queen of the Underworld, what are you going to do with me? I don't want to stay in this gloomy underworld"

"It's not up to you. This is the underworld. Do you think you can still escape?"

Damn it!

Isn't this crazy woman like the Queen of the Underworld also interested in me?

Su Chen touched his face and was very speechless.

He is so handsome that he causes trouble.

Su Chen looked at Medusa behind the pillar and said cried, "Medusa, kill Perseus!"

"yes!"

Medusa heard Su Chen's words and rushed towards Perseus quickly.

She wanted to petrify Perseus as soon as possible. The arrival of the Queen of the Underworld made her very uneasy. Medusa was worried about Suchen and the Queen Hera. He will not take her with him when he leaves the underworld.

Hera, the Queen of Gods, said to the Queen of Hades with an indifferent expression,

"Persephone, it's impossible for Su Chen to stay, and you can't keep Su Chen. Don't think that Hades, the king of Hades, is a strong man in the God King realm. There are no strong men in the God King realm around us."

God Queen Hera knows that Su Chen's sister is also a strong person in the God King realm, and Su Chen's sister has been practicing with his physical strength.

If Su Chen summons his sister, the ruthless empress, it will be the arrival of Hades, the king of Hades. , they can also leave the underworld safely

"Um? Queen God, do you also have strong men in the God King Realm? Nordic pantheon? Are you looking for Asgard's God King Odin to be your foreign aid?"

"I don't have to tell you this."

The Queen of the Underworld looked at the God Queen Hera and reminded,

"Hum, God Queen, you are seeking skin from a tiger. If God King Odin learns about the death of God King Zeus, the Nordic God System will massively attack the Greek God

System. God King Odin will not let go of the Greek God System when it is at its weakest."

Hera, the Queen of Gods, smiled and said,

"Queen of the Underworld, the first ones to bear the brunt are Hades and Poseidon. You should still worry about the invasion of the underworld."

Su Chen saw Medusa petrifying Perseus, and Medusa came to them with her eyes closed.

Su Chen looked at the Queen of Hades, waved her hand and said,

"Hera, let's leave, Queen of the Underworld. These mortals hope you let them go. We'll say goodbye today. We'll meet again in the future, the most beautiful Queen of the Underworld."

As Su Chen said this, he hugged Hera, the Queen of Gods, with one hand, grabbed Medusa with the other, and instantly disappeared into Medusa's palace.

He had already arranged several space nodes, and Su Chen didn't want to linger in the underworld anymore..In case Hades, the king of Hades, arrives, he and Queen Hera may not be able to escape. Su Chen did not come with the incarnation of the ruthless goddess this time. The ruthless empress was left in the Greek palace by Su Chen..The

Queen of the Underworld saw Su Chen disappearing with the God Queen Hera and Medusa.

She hurriedly checked, but no Su Chen or the others were found around. Even the seeds in the entire underworld did not notice the appearance of Su Chen and the others.

Queen Persephone looked ugly and cursed,

"damn it! A middle god actually escaped silently? And he even took the Queen Hera and Medusa with him to escape. The little priest was really not that simple."

The few surviving mortals looked at the Queen of the Underworld with uneasiness.

The departure of Su Chen and the God Queen Hera made them very panic, and the information they heard today was too scary.

The God King Zeus was killed, and the underworld seemed to be coming. The war between the gods was launched, and even the Nordic pantheon was about to invade the Greek pantheon. This information made mortals like them feel that something big was going to happen to the gods.

Queen Persephone finally thought of Su Chen's last words, and a smile appeared on her lips. , the most beautiful Queen of the Underworld?

Whether that little bastard is deliberately trying to please herself or saying this sincerely, the

Queen of the Underworld is always happy.

This is because the little bastard called herself this in front of the God Queen Hera,

Queen of the Underworld Perse Fournier guessed that Queen Hera's face might be very ugly at this time.

The Queen of Hades was in a good mood and said to the mortal next to her,

"You all leave. For the sake of that little bastard, you don't have to die in the underworld today."

"Thank you Queen!"

After Persephone, Queen of the Underworld, saw a few mortals leaving, she disappeared here after thinking about it.

Suchen?

Little Priest?

She will not give up.

The war of Hades, the Hades, has begun. Hades, the Hades After killing Poseidon, the god of the sea, the flames of war will also be ignited in the Olympus Mountains.

The Queen of the Underworld will also have the opportunity to seize the little priest.

From the Olympus Mountains,

Su Chen left with the Queen Hera and Medusa. After entering the underworld, he was caught by the goddess Hera and came to Olympus.

In the palace of the goddess Hera, there were

Aphrodite, the god of love, Demeter, the harvest god, and Athena, the god of wisdom and war. Artemis, the God of Hunting, Hestia, the God of Stoves, these main gods saw the Queen Hera arriving with Suchen, which made them all relieved. With the help of this little bastard, whether it was Hadi, the King of Hades Si, or Odin, the god king of the Nordic pantheon. These goddesses are confident in defeating them.

"Hey, the goddesses are all here!"

Su Chen saw several major gods in the palace of Queen Hera. He waved his hands speechlessly and said,

Demeter and other goddesses twitched at the corners of their mouths when they saw Su Chen's appearance.

This damn little bastard,

People who don't know think that Su Chen is the god king of Olympus.

After the goddess Hera asked the nymphs to take Medusa away, she sat down and said to the other gods, "Everyone, Su Chen has already After finding a way to defeat the opponent's Kraken, we only need to deal with Hades."

Athena said with a cold face,

"The God Queen, and the God King Odin of the Nordic God System, God King Odin will not miss the opportunity to conquer the Greek God System at this time."

God Queen Hera nodded when she heard Athena's words.

She looked at Su Chen who was looking around and asked,

"Su Chen, what do you think of dealing with Odin, the god-king of the Nordic pantheon?"

Su Chen looked at the three virgin gods sitting there,

Athena, the god of wisdom and war!

Arthenis, the god of hunting!

Hestia, the god of stoves!

Su Chen said teasingly,

"Ahem, with the three virgin gods of the Greek pantheon here, God King Odin is nothing to worry about."

"Shameless little bastard, if you dare to talk nonsense again, I will definitely teach you a lesson."

Chapter 1924

Athena wanted to beat this little bastard when she heard Su Chen's nonsense.

She really couldn't stand this little bastard's nonsense. She failed to beat this little bastard several times. Athena's anger towards Suchen was already gone. Extremely praiseful.

Arthenis, the God of Hunting, and Hestia, the God of Stoves, also glared at Suchen.

It is true that they are the three virgin gods, but it seems to be a derogatory term from the mouth of this little bastard, especially the hunting god Arthenis.

She was touched by Su Chen, even though the battle with God King Zeus was urgent. , but this little bastard probably did it on purpose at the time.

Queen Hera patted Su Chen on the shoulder and said coldly,"Su Chen, please be honest with me. Now is the time of life and death for Olympus. Don't talk nonsense here anymore."

Su Chen looked at it. Looking at the goddesses around them, they said with serious faces,

"Queen God, I have already thought of a way. We should ignore the war between Hades and Poseidon. I asked Hela, the goddess of death, to secretly reveal the current situation of the Greek pantheon."

"God King Odin learns that God King Zeus has been killed, and Hades is about to kill Poseidon, God King. God King Odin will definitely take action, and Hades, King of Hades, will be his first opponent to destroy.. Athena heard Su Chen's words and asked indifferently,"What you do will cause a war of gods between the Greek and Nordic gods. What are your intentions?""

Damn it!

Does Athena conflict with his fate?

Before Su Chen finished explaining his plan,

Athena guessed that he had a conspiracy.

This made Su Chen very unhappy with Athena's beautiful girl.

Su Chen was There are some conspiracies.

He previously wanted to make the Western God Realm as chaotic as possible.

However,

Su Chen has changed his mind now.

Su Chen feels that if he can control the Greek God System and the Nordic God System, the result will be better than that of the Greek God System and the Nordic God System. It is much better if the gods are in chaos.

If after the realm war starts, the main gods and the armies of the Greek gods and Nordic gods suddenly launch a war against God's domain, will the entire Western god realm still have the ability to invade the prehistoric fairyland?

Su Chen looked at Athena and said seriously,

"What's my intention? big beauty.....Ahem, female war goddess, my intention is to be the god-king of the Greek pantheon. What do you think?"

Athena sneered when she heard Su Chen's nonsense, "Hi! Just because you are a mid-level god, you still want to be the king of gods? Don't you have any self-knowledge?"

"Athena, what if, I mean, what if I could become the God-King of the Greek pantheon?"

"Little bastard, stop daydreaming, you will never be the God-King of the Greek pantheon in your lifetime."

Su Chen didn't care about Athena's sarcasm, nor did he care about the surprised expressions of the goddesses around him.

Su Chen wanted to be the god king in the Greek pantheon.

He also considered it over and over.

In the entire Greek pantheon, except for those who had ulterior motives , In addition to the male gods, the female gods here have all united.

Queen Hera, God of Love Aphrodite, and Harvest God Demeter, the three of them may support him.

Arthenis, the main god of hunting, Hestia, the god of stoves, their attitude is still ambiguous.

Only Athena, the god of wisdom and war, will object, and Su Chen is also accompanied by Sif, the god of land and harvest, Hela, the god of death, and most importantly, Su Chen's sister Hen The Human Empress, the ruthless empress is a strong person in the realm of the God King (quasi-saint).

Damn it!

There is also the Queen of the Underworld, Persephone.

That crazy woman Su Chen can also win over.

The Queen of the Underworld, Persephone and Hades, the king of Hades, only had a cooperative relationship, and Su Chen felt that the queen of Hades could win over him.

If Hades, the king of Hades, was killed, wouldn't Persephone be the real ruler of the underworld? I'm afraid the queen of Hades would not give up on this. A rare opportunity given by God.

Su Chen calculated that he would have six main gods around him who might support him, plus the ruthless empress, a strong person in the god-king realm.

In the Olympus Mountains,

Su Chen is the most powerful force.

Su Chen rolled his eyes and smiled at Athena,

"Athena, how about we make a bet? If I become the god-king of the Greek pantheon, you must be my woman. If I do not become the god-king of the greek pantheon, I will do whatever you want from now on. Do you dare to bet, Lord Athena?"

When God Queen Hera and the other main gods heard that Su Chen was going to be the God King, they were all very surprised.

However,

God Queen Hera felt that Su Chen was not unreasonable to be the God King.

In addition to this little bastard Although his strength is weaker, his performance in other aspects is perfect, and Su Chen is protected by her sister, the ruthless empress, so this little bastard cannot be killed.

However, this little bastard actually has Athena's idea, this shameless bastard,

The God Queen Hera thought that if Su Chen really became the God King, this little bastard would probably be as big a stallion as the God King Zeus.

Demeter was in a daze just looking at Su Chen.

She did not expect that Su Chen How ambitious is she?

A middle god wants to be the king of gods.

This little bastard is a bit fanciful. Even if she supports Su Chen as the king of gods, the other main gods will not be willing.

Aphrodite looked at Su Chen's eyes. It was very bright. She was Su Chen's woman. If Su Chen wanted to be the God King, Aphrodite would support it 100%.

Artenis and Hestia looked at Su Chen in confusion. They were both attracted by Su Chen was shocked by what he said.

Su Chen wanted to be the king of gods?

Is this what he wanted to do?

How could a middle god be the king of gods? Queen Hera would probably not be willing to let Su Chen be the king of gods.

Athena listened After hearing Su Chen's words, she felt that this little bastard was distracted.

Did this little bastard think that they, the goddesses, relied on him to kill the God King Zeus, and would they support him? I'm afraid this little bastard was She thought too much.

She looked at Su Chen and said mockingly,"I agree, little bastard, I hope you don't regret it." Su Chen laughed when he heard Athena agreed,

"Hahaha! I, Su Chen, will never regret what I said. Athena, I hope you won't regret it either."

"This goddess will never regret it"

"Then it's a deal!"

"It's a deal!"

Goddess Hera and the others saw that the bet between Suchen and Athena was established.

They all felt that this was too much fun.

They even thought that Athena might lose. This is the special feeling of these goddesses.

Goddess Queen Hera shook her head and didn't want to think about these things. Hades and God King Odin were now a huge threat, and she was not in the mood to care about the bet between Suchen and Athena.

She looked at Suchen and continued to ask,

"Su Chen, please continue, how are you going to deal with Hades and God King Odin?"

Chapter 1925

When Su Chen heard the words of Queen Hera, he saw other goddesses looking at him.

Su Chen smiled and took out the tea set and Enlightenment Tea, and he sat down at the table next to him.

Su Chen said to these goddesses while making tea,

"Come and sit down. While we drink tea, I will tell you about my plan!"

The goddesses next to them looked at each other and sat down.

They were also attracted by the fragrance of the tea that Su Chen brewed. The best fairy tea, they don't want to miss it.

Su Chen said while drinking tea,

"The war between Hades and God King Odin is our chance to destroy them in one fell swoop. The Kraken can petrify Medusa. If Hades and God King Odin fight,"

"We can wait for them to decide the winner. By then, Odin will definitely be able to defeat Hades, and after we win, we can besiege the god king Odin just like we besieged the god king Zeus."

Athena mocked Su Chen with a look of disdain,

"Hey, what you said is simple, little bastard, don't forget the main gods in the Nordic pantheon. Will they watch us surround and kill the god king Odin?"

"Pretty girl, can you let me finish?"

"Shameless, keep talking!"

"As for the main gods in the Nordic god system, I also have ways to deal with them. Ares, the god of war, Apollo, the sun god, and Hephaestus, the main god of blacksmithing. This time, these main gods also found something to do for them."

Athena looked at Su Chen and continued to mock,

"Do you think they will listen to us? It's better if Ares and the others don't stab us in the back."

Su Chen hugged Aphrodite's waist next to him and said to the goddesses with a wicked smile,

"Hey hey hey!"

"You have six powerful main gods, are you all just vases?"

"You can arrange a task for Ares and others, asking each of them to kill a main god in the Nordic pantheon. If they don't go, then beat them. If that doesn't work, then kill one of them. I don't believe they dare not go."

The eyes of Queen Hera and the goddesses lit up when they heard Su Chen's words.

They felt that Su Chen was right. Let the main gods like Ares restrain the main gods in the Nordic system. They, the goddesses, can surround and kill them wholeheartedly. God King Odin

"This method works. I have wanted to beat Ares and the others for a long time. This time we will beat them together. If it doesn't work, we will kill one of them."

"Yes, Su Chen's method is a good one"

"Well, this will not only stop the main gods of the Nordic god system, God King Odin, but he will also be the second god king in the god king realm that we kill."

"So what are you waiting for? Let's go find the Forging God first and defeat Hephaestus, the Forging God."

"And Ares, that war madman is going to beat him up hard this time".....

Su Chen shook his head as he listened to the conversation among the goddesses.

These goddesses all sat with the noble appearance of ladies and ladies. As long as they wanted to fight, these goddesses would turn into fighting madmen.

Queen Hera looked at the other goddesses and said,

"We also need to call in the other goddesses. This time it is more dangerous than dealing with God King Zeus. Just in case, we still have to unite with those goddesses."

Arthenis, the Lord God of Hunting, nodded and said,

"Well, we are in the same camp after all. Although the other goddesses are not as powerful as us, they are also a powerful force, and we must inform them."

Athena said hurriedly with a cold face, "Then let's inform them separately. Tomorrow we will deal with the main gods of Ares first."

"good!"

Then, these goddesses all went to look for other goddesses. They didn't want to delay for a moment. At this moment

,

Aphrodite also wanted to leave, but Su Chen held her and did not let go.

Aphrodite He looked at Su Chen and said shyly,

"Su Chen, let me go quickly, I'm going to inform those goddesses too."

Su Chen kissed the beautiful Aphrodite and said,

"Aphrodite, we haven't been together for several days. Don't you miss me?"

"I...."

Suchen didn't wait for Aphrodite to finish speaking, he carried Aphrodite to his previous room.

In the Nordic God's Domain, in the Asgard Palace,

God King Odin looked at the information he got in his hand, and he was very happy. Zeus, the God King of the Greek God System, was killed, and

Hades, the King of Hades, was about to go to war with Poseidon, the God of the Sea. , God King Odin felt that this was an opportunity to annex the Greek pantheon.

God King Odin sat on the throne with his eyebrows raised and said to himself,

"Who killed the god-king Zeus? Why hasn't it been found out for several days? Is there any hidden divine king realm? Or did that old guy from God rob and kill God King Zeus?"

"God King!"

At this time,

Thor, the Lord of Thunder, came and saluted God King Odin and said,

"Thor, summon the other main gods with my order, and ask all the main gods to immediately assemble the divine army."

Thor, the God of Thunder, was very surprised when he heard what God King Odin said. He gathered all the gods and armies?

Is this a war of the gods?

"God King, is there going to be a war? Start a war with that pantheon?"

God King Odin said with a serious face,

"Yes, we want to attack the Greek pantheon. Zeus, the god king of Olympus, was killed. This is an opportunity for our Nordic pantheon. The Greek pantheon will be annexed by our Nordic pantheon in the future."

Thunder God Thor was very happy when he heard what the God King said.

God King Zeus was killed?

This is a once-in-a-lifetime opportunity.

If a war is launched against the Greek pantheon, he can also find the little priest and kill him.

Thor, the God of Thunder, never forgets Su Chen. He will never give up until he kills Su Chen.

"God King, I understand. I will immediately notify the other gods to assemble their troops."

"Go and inform us that we need to attack the Greek pantheon as soon as possible"

"Yes, God King!"

In Asgard's fairy palace, the armies of gods were gathering for a while.

The armies of gods and gods of each main god were quickly moving towards the border of the Nordic god system and the Greek god system. The war of the gods is about to begin, and the Greek god system is about to begin.

Zeus, the god king of the pantheon, was killed, the Norse mythology system wanted to annex the Greek pantheon, and the largest war of gods in the Western god world was about to begin.

"What an eventful time!"

In the palace of the God Queen in the Immortal Palace, the God Queen Frigga stood by the window and looked at the assembled army of gods and shook her head.

The God Queen Frigga felt something was wrong.

The Greek God King Zeus was killed?

This news to the Greek Gods There will definitely be a strict lockdown.

Why has it only been a few days now?

The news of the murder of God King Zeus was known to God King Odin, which made Frigga feel as if there was some conspiracy.

Queen Frigga suddenly thought of Su Chen,

She frowned and murmured to herself,

"Little priest? Could it be that the god king Zeus was killed by a minor priest? This is child's play. How could a middle god kill God King Zeus? So who killed the God King Zeus?"

Chapter 1926

Ten days later, the war between Hades and Poseidon started.

The entire sea area was filled with Poseidon's army and monsters from the underworld fighting. Hades, the king of Hades, stood on the back of the North Sea monster Kraken, and he was ready to fight Poseidon. Poseidon fights to the death.

On Olympus, the Queen Hera and her daughters also took down the main gods of Ares, the

God of War Ares

, the Forging God Hephaestus, and the Sun God Apollo.

The three of them were defeated by the Queen Hera and Athena. After beating up a main god, they were all willing to kill a main god from the Nordic god system.

Ares, the forging god Hephaestus, and the sun god Apollo all saw it.

Queen Hera has united all the female gods and powerful goddesses. If they dare not obey the orders of Queen Hera, these crazy goddesses will really kill them.

In the palace of the Queen of Gods,

Su Chen was lying on the throne of Queen Hera. He looked boredly at the many goddesses below who were reading the collected information.

Queen Hera looked at Su Chen's bored look, she frowned and asked,

"Su Chen, the divine army of the Nordic pantheon has been dispatched. Do we really not send the divine army to stop it?"

Queen Hera and the goddesses have assembled the army of gods, and now the Nordic gods have begun to invade.

However,

Su Chen kept saying to stand still, which made her confused.

Su Chen took a sip of wine and put it down. He waved his hand and said,

"No, Hera, if we go to stop the army of gods from the Norse pantheon, it will make God King Odin suspicious."

"On the surface, the Greek pantheon is in disarray. In order to compete for the throne of the god king, the main gods are fighting each other. There is no army of gods to stop the attack of the Nordic pantheon. This makes sense."

Athena glanced at Su Chen and agreed,

"Yes, this little bastard is right, we just let Odin know that the Greek gods are killing each other, and no god army will stop the invasion of the Nordic god army. Arthenis

, the Lord God of Hunting, asked Su Chen doubtfully,"Then when will we dispatch the divine army?"

Su Chen looked at the goddesses and said,

"When the God King Odin and Hades, the King of Hades, go to war, that's when we dispatch the army of gods."

After the other goddesses heard Su Chen's words, they all nodded.

This is the right time to dispatch the army of gods.

God King Odin would never have thought that all the goddesses in the Olympus Mountains would unite, and even go up to the mountain. An army of hundreds of millions of gods can start a war at any time

"Father!"

At this time,

Sif brought Elena to the palace of the God King.

Elena saw Su Chen sitting on the throne of the God Queen, and her eyes lit up.

Su Chen saw Sif and Irene The arrival of Elena surprised him very much. How could a queen like Elena come to Olympus? Didn't Elena become the queen?

Su Chen looked at Elena and asked doubtfully,

"Elena, why are you here?"

After Elena saluted the goddesses around her, she ran to Su Chen and said with a smile,

"I was bored in the Greek palace, so I asked Aunt Sif to take me to Mount Olympus."

Su Chen touched Elena's hair and said with a smile,

"Come on, come on, you can go and see the Olympus Mountains as you like, but there is nothing good to see in the Olympus Mountains."

"Haha, father, this is the place where the gods live. The Olympus Mountains are still very beautiful and spectacular."

God Queen Hera waved her hand to Elena and shouted,

"Elena, come here, your father is a shameless bastard"

"hehe..., it's the Queen of Gods!"

Elena smiled at Su Chen and ran to the goddesses. She was also very curious about these legendary goddesses.

Queen Hera! Demeter, the god of harvest! Athena, the god of wisdom and war! Athena, the god of hunting! Arthenis!

Hestia, the Goddess of Stoves! Aphrodite, the Goddess of Love!

There are more than a dozen other goddesses here.

Elena wants to get to know them all this time.

Su Chen looked at these goddesses They shook their heads. In addition to being powerful and immortal, these goddesses were no different from ordinary women.

Su Chen lay down and thought that the affairs of the Western God Realm were about to be dealt with.

As long as Pluto was solved After Hades and God King Odin, he can return to the Great Desolate Fairyland.

It has been a few months, and

Su Chen doesn't know whether the girls in the Great Desolate Fairyland know about his disappearance.

In the Great Desolate Fairyland,

Xiling Fortress,

50 million heavenly soldiers and generals have been assembled. The sky above the Xiling Fortress is densely packed with troops.

"Are you all ready?"

In a palace in Xiling Fortress, the Queen Mother, Our Lady of Wudang, Our Lady of Golden Spirit, Fairy Yunxiao, Queen Mother of the West, Chang Xi, Chang'e, Guanyin Bodhisattva, Jiufeng Great Witch, and even Xihe all arrived. There was also Xiling Fortress All the quasi-sages in the Starry Sky Fortress are also gathered here. Houtu's Shanshi, Zhen Yuanzi, Demon Saint Bai Ze, Blood Sea Ancestor and other quasi-sages also have serious faces. Ancestral Witch

Houtu The good corpse nodded beside him and said,

"All are ready. All the heavenly soldiers and generals in Xiling Fortress are ready. These are the heavenly soldiers and generals who have recently joined. If only a few months pass, 80 million heavenly soldiers and generals will be able to gather. Demon

Saint Bai Ze also said,

"The tens of millions of heavenly soldiers and generals in the Starry Sky Fortress can also provide support at any time."

The Queen Mother stood up and said with a cold face, "Then start the attack on Buddhism, Houtu Zuwu, this war will be commanded by you, and we, the quasi-sages, will also be commanded by you."

"good!"

Dong dong dong dong.....

Over the Xiling Fortress, there were dark clouds for a while, and thunder and lightning made continuous sounds. The fairy drums in the heaven were beaten by the giant spirits and gods, and the entire prehistoric fairy world was shaken.

"what happened?"

"No, look, the heavenly soldiers and generals have gathered on the Xiling Fortress. Is this going to start a war?"

"Buddhism? You see, the heavenly soldiers and generals are all targeting Buddhism. Could it be that Buddhism has angered the Emperor of Heaven?"

"Buddhism will suffer this time, and may even be wiped out by the army of heaven."

"With fifty to sixty million heavenly soldiers and generals, and even dozens of quasi-sage powers, Buddhism is going to be over this time"

"What did you get this time for? None of us felt anything was wrong!"

"I don't know, maybe something happened that we don't know about." All the creatures in the Prehistoric Immortal World were awakened by the sound of war drums from heaven, especially when they discovered the tens of millions of heavenly soldiers and generals above the Xiling Fortress. The creatures in the Prehistoric Immortal World knew that something big was about to happen.

A person in the Prehistoric Immortal World On the mountain,

Su Yan watched the color of the sky change, with dark clouds gathering, thunder rolling, and the sound of huge war drums ringing continuously in the air. Even the entire prehistoric fairyland felt very oppressive, so she hurriedly shouted to Qiong Xiao and Bi Xiao beside her. asked,

"Sister Qiong Xiao, sister Bixiao, what happened?"

"Su Yan, your father has disappeared. There has been no news for more than two months. This time is to prepare a warning to Buddhism. If Buddhism does not hand over your father, it will launch a war against Buddhism."

Chapter 1927

Su Yan was surprised when she heard Qiong Xiao's words, but she didn't pay attention to anything, nor was she worried about Su Chen. Su Yan knew her father very well, and she felt that nothing would happen to her father this time, and maybe she Her father went wandering there again. She had encountered this situation many times.

"Sister Qiong Xiao, let's go take a look too! Qiong

Xiao touched Su Yan's little head and said with a smile, "Okay, but you can't appear outside Xiling Fortress.""

Su Yan nodded quickly and agreed,

"Understand, understand, I am just a little scumbag now. If a war is launched, I am afraid that I will be shaken away by the aftermath of the battle. The prehistoric fairy world is really too terrifying. Bi

Xiao looked at Su Yan and reminded,

"Haha, you are really a clever guy, Su Yan, don't follow your father's example and cause trouble everywhere in the future. In just a few years, look at how many troubles your father has caused. Even Heaven was alarmed twice.."

In the past few months, Bixiao and Qiong Xiao have been very fond of the smart Su Yan, especially Bixiao.

She and Su Yan both love to play, and the relationship between them is very good. If it weren't for Qiong Xiao watching them from the side, Bi Xiao and Su Yan might have gone crazy in the past few months. At this moment, in Lingshan, the Buddhist sect, all the

strong men in the Buddhist sect had sad faces. The disappearance of the Heavenly Emperor Su Chen, this Is it because they have nothing to do with Buddhism? Is it because the Emperor of Heaven disappeared in Hezhou, Xiniu?

Both Zhunti and the good corpses who were picked up looked ugly.

They also checked the place where Emperor Su Chen disappeared, and even used their magical powers to go back in time. But apart from finding the spiritual treasure mark of the Western God Realm, they found nothing.

However, since the spiritual treasure mark of the Western God Realm appeared, it means that someone has liaison with the gods of the Western God Realm.

Their Buddhist sect is guarding In the fortress of Xiniu Hezhou, if there is someone who has an affair with the gods in the Western God Realm, and even takes action against the Emperor Su Chen, they may be people from the Buddhist sect.

Zhunti asked the surrounding Buddhist strongmen indifferently,

"You all tell me the truth, who is responsible for the disappearance of Emperor Su Chen? Anyone who dares to liaise with the Western God Realm will be punished with the death penalty of being in fear of death."

"I warn you, if no one admits this time, if the traitor who has secretly communicated with the Western God Realm is discovered, he will not be able to survive even if he escapes to the Western God Realm."

"There are dozens of quasi-sages in heaven, and the Western God Realm cannot stop the attack of dozens of quasi-sages. Even if the quasi-sages in heaven do not pursue and kill the traitors in Buddhism, it is impossible for Buddhism not to pursue and kill traitors.."

In the Buddhist hall, after many powerful Buddhists heard Zhunti's words, they all started talking.

"Amitabha, saint, we all know the identity of Emperor Su Chen, how dare we take action against Emperor Su Chen"

"Yes, Emperor Su Chen is so powerful that he shocks the entire immortal world. How can we provoke such a powerful enemy for Buddhism?"

"Amitabha, saint, could this be done by gods from the Western world of gods sneaking in?"

"Impossible. The fortress of Xiniu Hezhou has always been controlled by our Buddhist sect. The Buddha's light relics of our Buddhist sect have never been moved. If there are gods from the Western God Realm secretly sneaking into the prehistoric fairyland, it is impossible for us not to know about it."

"Amitabha, is it true that someone in our Buddhist sect has had an affair with the Western God Realm?"

"Two saints, this time there must be a Buddhist powerful person who has liaison with the Western God Realm. It is better to check the memories one by one, so that the Buddhist traitor can be quickly found."

After Zhunti and the good corpses who received him heard the words of the powerful Buddhists, they couldn't help but nodded. If they check their memories, there are not many powerful Buddhists who can have illicit connections with the Western God Realm. Daluo Jinxian and Quasi-Sage They have to check the memory.

Duobao Tathagata's face suddenly changed.

If he checks the memory, he will definitely be discovered.

By then,

Duobao Tathagata will have no place in the ancient world, and will he even be able to leave the ancient world alive? The world of immortality is still unknown.

Tathagata Duobao looked around and was anxious to find a way to escape.

Otherwise, if he started to check the memory later, he would not be able to leave.

Suddenly,

Tathagata Duobao discovered that one less person from Buddhism had arrived this time. , which gave Duobao an opportunity to escape.

Duobao Tathagata thought for a while and said to Saint Zhunti, "Amitabha, Saint, there is a Buddhist power who has not arrived. I wonder if he has fornicated with the Western God Realm. ?"

"Um? Who didn't come?"

"Wuchao interpreter Lu Ya!"

"Luya?"

Sage Zhunti and the good corpse who led the saint immediately searched for Lu Ya.

After a while, their faces turned ugly. Lu Ya had really disappeared, and not even a trace was found. Moreover, Lu Ya actually used Lingbao covers the secret of heaven

"As the notice continues, the strong men of Buddhism will try their best to trace the whereabouts of Wuchao interpreter Lu Ya."

"Yes, saint!"

Zhunti and Jieyin looked at each other and then disappeared. They wanted to tell the Queen Mother and those powerful women the news. They hoped that the Queen Mother and those powerful women would not launch a war against Buddhism.

Duobao Tathagata saw Zhunti and Jieyin The good corpses left, and he was about to run away.

If Lu Ya was caught, they would definitely find out that Lu Ya was not the murderer at all. At that time, the memory of the strong man in Buddhism would still be checked.

Xiniu Hezhou, a few kilometers away from Lingshan A barrier of one hundred thousand miles, tens of millions of Buddhist soldiers looked nervously at the heavenly soldiers and generals in the air.

In the air,

Hou Tu looked at the Buddhist blocking barrier and said to Chang Xi, "Chang Xi, try your demon clan The Zhoutian Star Formation, there is no need to keep this barrier of Buddhism"

"good!"

Chang Xi nodded and disappeared into the air with Chang'e.

The Queen Mother and the Queen Mother and the quasi-sage masters such as Zhen Yuanzi also wanted to see the Monster Clan's Zhoutian Star Formation again.

Demon Saint Bai Ze looked at it The stars above the nine heavens were very emotional.

The appearance of the Zhoutian Star Formation reminded him of many past events, the glory of the Monster Clan, the decline of the Monster Clan, the loss of the Zhoutian Star Formation, and now, the Zhoutian Star Formation The reappearance of the formation made Demon Saint Bai Ze feel mixed in his heart.

Bai Ze looked at Qin Yuan and Shang Yang beside him and said, "Qin Yuan, Shang Yang, you will stay in the Emperor of Heaven from now on."

Qin Yuan asked suspiciously after hearing Bai Ze's words.

"Baize, why? Bai

Ze looked around and explained to Qin Yuan and Shang Yang,

"The Emperor of Heaven, Su Chen, has not yet established a queen. The Wu Clan has Jiufeng in the Heavenly Court. We, the Demon Clan, also need someone to stay with the Emperor of Heaven."

"You are the Demon Saints of the Demon Clan, and you are both quasi-saints. You two can definitely compare to the Jiu Feng of the Witch Clan."

Chapter 1928

After Qin Yuan and Shang Yang heard what Bai Ze said, they were very speechless.

They did not expect that Bai Ze would ask them to be the women of the Emperor Su Chen.

However,

Qin Yuan and Shang Yang thought of the situation of the demon clan, Although the Emperor Su Chen treats the Witch Clan and the Monster Clan equally.

But I don't know how long this will last. If

Emperor Su Chen wants to suppress the demon clan in the future, then the demon clan will really disappear completely in the prehistoric fairyland.

No one dared to object to all decisions made by Emperor Su Chen.

No one from all the races and forces in the prehistoric fairy world dared to oppose all the decisions of Emperor Su Chen.

"I agreed!"

Qin Yuan thought for a while and nodded in agreement.

For the sake of the demon clan, she is just a woman of the Emperor of Heaven. What's more, there are more than a dozen innate female powers who have been surrounding Su Chen. She also wants to see the Emperor of Heaven Su. What kind of charm does Chen have that can attract those innate powerful women?

"I agreed."

Shang Yang looked at Qinyuan and agreed.

She didn't want Qinyuan to be the wife of the Emperor of Heaven alone. The two of them had a companion together. Even in the heavenly court, they would not be together as quasi-sages. They may be targeted by other quasi-saints.

When Bai Ze heard that Qinyuan and Shangyang agreed, he was also a little happy.

As long as one of Qinyuan and Shangyang can be favored by the Emperor of Heaven, their demon clan will become one of the emperor's hands in the future. A sharp blade, as long as he, the Emperor of Heaven, does not let down the demon clan, the monster clan will not let down the Emperor of Heaven, Su Chen.

Bai Ze nodded and reminded Qin Yuan and Shang Yang,

"Very good. In heaven, you can communicate more with Chang Xi. Although Chang Xi is not our demon clan, she has an unbreakable relationship with our demon clan."

"As for Tian Hou Xihe, you can do whatever you want. Tian Hou Xihe will live a new life. Although she is still Tian Hou Xihe, she is different from the previous Tian Hou Xihe."

"We understand!"

Qin Yuan and Shang Yang nodded.

They also knew that the Moon God Chang Xi was closely related to Su Chen. Even Chang Xi's good corpse Chang'e was always with Su Chen. They would inevitably have to deal with Chang Xi in the future.

Boom Boom boom.....

At this time, many stars in the nine heavens were lit up, and the roaring sounds made the immortals in the entire prehistoric fairyland tremble with fear.

"This is? This is the Zhoutian Star Formation of the Monster Clan. Oh my God, the Zhoutian Star Formation is one of the three most devastating formations in the world. The Emperor of Heaven actually recreated the Zhoutian Star Formation of the Monster Clan. Got it"

"The Zhoutian Star Formation? What formation is this?"

"What formation? Killing a quasi-sage with one blow, even a saint would be injured if faced with it"

"Oh my god, is it so scary? Isn't Buddhism really coming to an end?"

"It's not that it's over, it's 100% that it's over. Facing the Zhoutian Star Formation, no one can resist the Zhoutian Star Formation in the prehistoric times when the saints don't appear."

"The Emperor of Heaven is really awesome. Who will dare to resist the Emperor of Heaven in the future? Damn, no, I want to join the Heavenly Court. From now on, no one in the prehistoric immortal world will dare to disobey the Emperor of Heaven."

"I want to join too. I originally wanted to wait and see. If I don't join Tianting, I'm afraid I won't have a chance in the future."

"The great formation of stars in the sky, dozens of quasi-sages, my heavenly way! From now on, Emperor Su Chen will be the most powerful existence in the prehistoric immortal world."

"Ahem, the Emperor of Heaven is a golden immortal"

"Golden Immortal is a piece of shit. The former Emperor Haotian was a quasi-sage, but he had a useless purpose. What happened to the Emperor of Heaven who was just a Golden Immortal? Do you still dare to disobey the will of the Emperor of Heaven?"

"I don't dare, I don't dare, I'm just talking about the cultivation realm of the Emperor of Heaven."

The immortals in the prehistoric fairyland were very surprised when they saw that the stars in the nine heavens were all lit up, especially the Sun Star and the Lunar Star, which were the brightest. Zhunti just appeared in Buddhism He shouted from the barrier, "Damn it, senior brother, quickly, move away the Buddhist soldiers in the Buddhist barrier, this is the Zhoutian Star Formation, damn Su Chen, damn the demon clan," Zhunti did not expect that

Su Chen actually regained control of the Zhoutian Star Formation.

This was one of the three most powerful killing formations in the world.

If the Zhoutian Star Formation attacked the Buddhist barrier, the Buddhist barrier would disappear with one blow.

In the prehistoric fairy world, even the tens of thousands of Buddhist soldiers and strong men inside will not be spared. The good corpses of Jieyin were also very panicked after they appeared. Killing, there is the Zhoutian Star Formation of the Monster Clan in the heaven. Who in the prehistoric immortal world can stop the Heavenly Emperor Su Chen? Just when Zhunti and Jieyin quickly transferred the Buddhist soldiers of the Buddhist sect, the Zhoutian Star Formation above the nine heavens The formation also gathered enough star power. Boom boom boom

.....

At this time, a powerful beam of light descended from the sky. This huge beam of light instantly attacked the front barrier of Buddhism. The loud noises shook the entire prehistoric fairyland.

Half an hour later, the vibrations in the Immortal Realm stopped, and the Buddhist barrier completely disappeared in the Immortal Realm. A huge lake appeared where the barrier used to be.

At this time, the prehistoric fairy world was very quiet.

All the immortals were shocked by the power of the Zhoutian Star Array.

A huge lake appeared.

No, it should be said that a new sea appeared.

The immortals in the prehistoric fairy world looked at it. They all looked in disbelief.

Boom boom boom.....

Above the nine heavens, the Zhoutian Star Array is gathering the power of the stars again, which makes the immortals in the prehistoric immortal world tremble.

In the Xiling Fortress,

Su Yan, Qiong Xiao, and Bi Xiao were also frightened by the power of the Zhoutian Star Formation. They did not expect that the Zhoutian Star Formation would be so powerful.

Su Yan looked pale and said tremblingly,

"Let me go, Bixiao, won't the Zhoutian Star Formation still attack?"

"may be!"

Bixiao's little hand tightly grasped Qiong Xiao's hand.

It was also the first time she saw the power of the Monster Clan's Zhoutian Star Formation.

The Lich and Witch Clan were indeed the overlords of the prehistoric times, the Monster Clan's Zhoutian Star Array. Why is the formation so powerful, but what about the Wu Clan's Twelve Heavenly Gods Formation? I'm afraid it's about the same power as the Zhoutian Star Formation.

Su Yan looked at the sky and said doubtfully,

"Didn't the Buddhist barrier turn into a sea after being attacked? Where else can the Zhoutian Star Formation attack?"

"Maybe, probably, maybe, this time the Zhoutian Star Formation will attack the Buddhist Lingshan Mountain"

"Then isn't Buddhism over?"

"It will definitely be finished!"

Chapter 1929

In the ancient fairyland, the Kingdom of Zhuzi,

Sun Wukong was originally preparing medicine for the king of the Kingdom of Zhuzi, but the scene in the sky, and even tens of millions of heavenly soldiers and generals descending on Xiniu Hezhou, made Sun Wukong stop preparing medicine.

He, Zhu Bajie, and Monk Sha flew out of the Kingdom of Zhuzi to see Let's see what the heavenly soldiers and generals will do. However, what happened next made Sun Wukong and the three of them look at the emerging sea in confusion.

After Zhu Bajie saw the attack from the Zhoutian Star Formation, he swallowed in fear.

It was too scary, no!

It's so scary.

What kind of formation is this?

How could the front barrier of Buddhism be blown into the sea with one blow? With the disappearance of the barrier at the front of the Buddhist gate, I am afraid that not a single one of the tens of millions of Buddhist soldiers inside will be left alive.

Zhu Bajie was frightened and hurriedly asked Sun Wukong,

"Brother Monkey, what kind of formation is this? Why did the heavenly soldiers and generals launch a war against Buddhism? Sun

Wukong wiped the cold sweat from his head and said, "I don't know, the attack just now was too powerful. If I were around, I'm afraid not even a scum would be left."

Zhu Bajie turned to Sun Wukong and said in confusion, "Brother Monkey, do we still want to learn from the scriptures?" Buddhism may be destroyed by heaven this time. Even if we go to get scriptures, I'm afraid there won't be anywhere to get them."

"That's right. We still want to learn Buddhist scriptures. Buddhism is gone. Where can we go to learn Buddhist scriptures?"

At this time,

Monk Sha hurriedly shouted to Sun Wukong and Zhu Bajie,

"Senior Brother, Second Senior Brother, look, the stars above the nine heavens are lit up again, that formation is probably going to attack again."

Sun Wukong watched the stars light up again, and he yelled with a curse word,

"Damn it, this attack must be on the Buddhist Lingshan Mountain. Junior brothers, if the Lingshan Mountain is destroyed this time, then we can go our separate ways and the Buddhist scriptures are over."

Zhu Bajie asked hurriedly when he heard Sun Wukong's words,

"What should the master do?"

"How do I, the old Sun, know? Forget it, I, the old Sun, will take the master to Huaguo Mountain when the time comes."

"That's fine, after all, we can be regarded as masters and disciples, but it doesn't make sense why Su Chen would go to war with Buddhism!"

Sun Wukong looked at the sea in front of him and was very speechless.

If they continue to learn scriptures, they must pass through this sea that just appeared.

Sun Wukong touched his monkey head and said

"I don't know. Su Chen is not a good bird either. Bajie, don't worry about Su Chen. Let's take a look at this new sea. Well, if we continue to learn lessons, we must pass through this sea. road."

When Zhu Bajie heard Sun Wukong's words, he looked at the sea in front of him with a confused expression and shouted,

"Let me go, this is still true. We have only passed through the Flame Mountain a few months ago, and now we have to cross an endless ocean. That bastard Su Chen is really capable of causing trouble."

"Senior brother, second senior brother, this is fate!"

At this moment,

Zhunti and the good corpses he led appeared in a mess in front of the army in heaven.

Although they tried their best to rescue the Buddhist soldiers, they succeeded in transferring less than half of the Buddhist soldiers.

At least in the barrier, at least More than five million Buddhist soldiers were killed. Although those Buddhist soldiers were cannon fodder, they were all disciples of Buddhism. Zhunti and Jieyin were also very sad.

Zhunti had no regard for the dead Buddhists. The disciple was grieved. When he saw that the Zhoutian Star Formation was lit up again, Zhunti was worried that this time he would attack Lingshan, the headquarters of Buddhism. If Lingshan, Buddhism's base camp, was also destroyed, Buddhism would really be exterminated like Jiejiao.

"Queen Mother, please stop the Zhoutian Star Formation quickly. We have found the murderer."

The Queen Mother asked with an indifferent look on her face,

"Who is the murderer?"

Zhunti hurriedly said to the Queen Mother and other quasi-sages, "Lu Ya is the Wuchao interpreter Lu Ya. Lu Ya has fled. I have ordered the strong men of Buddhism to inquire about Lu Ya's whereabouts. Buddhism will definitely give an explanation to the heaven. , please also stop the Zhoutian Star Formation"

"There is no need to ask Chang Xi and Chang'e to stop attacking."

"OK"

"Saint Zhunti, our Heavenly Court gives you Buddhism half a year. If you cannot capture Lu Ya within half a year, then don't blame the Heavenly Army for flattening the spiritual mountain of Buddhism."

Zhunti and Jieyin breathed a sigh of relief when they heard the Queen Mother's words.

They had never been so aggrieved, but saints cannot come to the prehistoric fairyland. Even if their quasi-sages from Buddhism are put together, they are no match for heaven. Zhunti and It was very helpless to pick up these two good corpses.

"Okay, within half a year, we will definitely capture Lu Ya and hand him over to you in heaven."

"I hope you will do what you say."

The Queen Mother nodded to the good corpse of Hou Tu.

Today's war is over.

They in heaven are not afraid to overly force Buddhism.

This calamity is the great rise of Buddhism. These quasi-sages are not like Su Chen who is not afraid of heaven and earth. You bastards who are not afraid.

If Buddhism is destroyed and

Heaven takes the blame,

Su Chen will probably be killed by the Heavenly Tribulation even if he comes back.

The Queen Mother and other quasi-sage powerful people also found out that Su Chen was teleported to other realms. ,

Su Chen may not be in trouble.

As long as they confirm that Su Chen is in that realm, the Queen Mother and other quasi-sages will go and take Su Chen back. The good corpses who were brought back saw the army of heaven retreating, and the stars above the nine heavens They were all extinguished. Jie Yin turned to Zhunti with a gloomy face and said,

"Junior Brother, this time you personally lead the Buddhist masters to search for Lu Ya. I will discuss it with Lao Tzu and the original Shan Zhi and ask their disciples to help find that bastard Lu Ya."

"Okay, senior brother, I'll trouble you this time."

"No trouble, damn Lu Ya, we should have killed him then"

"Alas, everything is cause and effect!"

Western God Realm,

Olympus Mountain!

Su Chen didn't know anything about what happened in the ancient fairy world. He lived very freely in the palace of the God Queen for more than ten days.

Su Chen was not accompanied by the Lord God Sif every day. He was accompanied by the beautiful Goddess of Love Aphrodite, and Su Chen even took advantage of the Queen Hera from time to time.

At this time, the Queen Hera suddenly appeared and said to Su Chen,

"Su Chen, get up quickly. Poseidon, the god of the sea, was killed by Hades, the king of Hades. Even Poseidon's soul was destroyed by the giant monster of the North Sea."

Su Chen immediately sat up after hearing the words of Queen Hera and asked, "So fast? It had only been half a month before Poseidon, the God of the Sea, failed and was killed? Have Poseidon's divine armies also been defeated?"

Queen Hera said with a serious face, "Poseidon's army is still resisting, but without Poseidon, Poseidon's army may not be able to hold on for a few days.""

"Hera, inform the other gods and goddesses that the war is about to begin, and ask them to come and gather as soon as possible."

"Okay, I'll notify them right away."

Chapter 1930

In the palace of Queen Hera, many gods and goddesses rushed over after being informed by Su Chen.

The sea god Poseidon was killed.

This was all expected by them, but this time In just over half a month, Poseidon was killed by Hades and Kraken, which was beyond their expectations.

Demeter looked around and asked suspiciously when she didn't find Su Chen,

"Queen God, where is Su Chen?"

"That bastard is taking a shower."

Goddess Hera was speechless to Su Chen.

That little bastard wanted to take a shower at the critical moment. She wanted to beat that little bastard.

But she had no choice.

As long as Goddess Hera got close to Su Chen, that little bastard would Bastards would touch her, but she had been staying away from Suchen for more than ten days.

Athena was very angry when she heard the words of Queen Hera, "What?" That little bastard had us all rushing over here and he was taking a shower?"

Demeter sat down and smiled and said,

"Haha, does the little bastard think of him as the God King? How dare you leave us here?"

A goddess with a very attractive figure was sitting next to the main god of hunting.

She looked at Arthenis and said with a smile,"Arthenis, why don't you go catch that little bastard out? Arthenis said angrily when he heard what the goddess said,"Why don't you go, Metes? That little bastard Suchen likes plump goddesses very much. Maybe Su Chen will like you.""

"laugh! I will not fall in love with a little priest, Arthenis. When I fought with God King Zeus, I saw the little priest hugging you and even touching you in the wrong place."

Arthenis was very confused when she heard Metes' words. She did not think that the goddess Metes would see what happened last time.

Arthenis felt that the goddesses looked at her with strange eyes.

She had a look on her face. She was so embarrassed that she wanted to refute, but this was the fact after all. Even if she said that it had not happened, the goddesses here would probably not believe it.

Dang-dang-dang!

Goddess Hera looked at the goddesses saying nonsense, and she knocked He knocked on the table and said,

"Okay, let's stop talking about these boring words. Let's first discuss how to deal with the upcoming god king Zeus and the army of gods from the Nordic god system."

Athena stood up and said calmly,"Queen God, we can first destroy the God King Odin, and then wipe out the invading Nordic god army in one fell swoop. Hestia nodded and agreed,"This method is fine. We can destroy Odin just like we destroyed Zeus last time. This won't waste much time.""

Aphrodite shook her head and reminded,

"What if the army of gods from the Nordic pantheon suddenly attacked Mount Olympus? Our powerful main gods and goddesses are not here, and our army of gods will probably be defeated by the army of Nordic gods."

A goddess stood up and asked doubtfully, "That's right, should we divide our troops?"

"We cannot divide our troops, so it will be very difficult for us to kill God King Odin."

"What to do?"

"Yes, if we don't divide our troops, we will have to face the God King Odin on the one hand, and the Nordic god army on the other."

"This is a bit difficult"

"It's a difficult choice. Where is the little priest? Why is it so slow to take a shower?"

"I'm almost depressed. I didn't expect that so many of our main gods and goddesses would have to rely on a middle god."

The main gods and goddesses sitting here were talking one after another, but in the end they didn't come up with any good ideas. They, the main gods and goddesses, could only wait for Su Chen to arrive to make a decision.

Queen Hera shook her head and waited. With Su Chen's arrival, it was difficult for her to make a decision now.

Athena sat down helplessly.

Although she was the goddess of wisdom and war, the choice this time was a bit difficult. Athena didn't know whether to gather the goddesses first. After destroying the God King Odin, she divided her forces to deal with the Nordic god army and rob the God King Odin at the same time.

Elena sat and listened to the conversation of these main gods and goddesses.

She did not think about these goddesses talking for a while. , in the end it is up to her father to make the decision.

This makes Elena feel a little funny.

Elena thinks that it would be good if her father became the god king of the Greek god system.

In this way,

Elena will not only be a person in the prehistoric fairy world. The princess in heaven, the princess in Nanling in the wild world, or even the princess in the Greek god system. Elena found such an identity incredible when she thought about it. At this time,

Su Chen suddenly appeared in the hall, and he took a look Dozens of beautiful goddesses spoke,

"We're all here. Uh-huh, it's time for the meeting. How did your discussion go? Can anyone tell me the outcome of your discussion?"

When the goddesses saw Su Chen's appearance, they all shook their heads speechlessly. They all felt that Su Chen was the one who made the decision. They, the goddesses, seemed to be subordinates of this little priest.

Queen Hera shook her head helplessly. said,

"Su Chen, we can't decide what to do now. You'd better tell us your opinion and we'll make a decision after listening to it."

Su Chen sat down and said,

"Okay, I'll just tell you what I think."

"First of all, you will threaten the three main gods of Ares later and ask them to set out immediately to kill Thor, the main god of thunder, Loki, the main god of trickery, and Tyr, the main god of war and courage.

Demeter frowned and said to Su Chen, "Su Chen, let the three main gods of Ares set off now?" What if they betray us at this time?"

Su Chen shook his head and explained,

"No, Ares and the other three are not fools. They just want to betray. Will Odin accept them? Odin definitely wants to kill all the main gods in the Greek pantheon. The Nordic pantheon wants to dominate the Greek pantheon. Odin cannot leave any hidden dangers."

Goddess Hera and Athena all nodded.

Su Chen said yes.

If God King Odin keeps the three main gods of Ares, this will definitely be a huge hidden danger.

After all, the three main gods of Ares are Greek gods. The main gods of the system, if the Nordic system wants to change the beliefs of mortals in the Greek system, it is impossible for the three main gods of Ares to stay.

Athena looked at Suchen and continued to ask,

"Little bastard, how are we going to deal with God King Odin? And the army of gods from the Nordic pantheon?"

"This is also simple"

"Simple?"

When Athena heard Su Chen say simple, she wanted to strangle this little bastard to death. Athena and the other goddesses discussed it for a long time, but they couldn't come up with a perfect solution. How could this little bastard say simple? Is she looking down on them? Goddess?

"Yes, it's very simple. Athena, you are the goddess of wisdom and war. Haven't you figured out a way?"
