Chapter 1951

When Frigga was released from the space prison by Su Chen, she was very angry.

This shameless bastard, is this embarrassing herself?

Or is this little bastard going to claim that she is his woman?

Su Chen looked at the angry Frigga and said awkwardly, "Frigga, Odin is going to die, let him see you one last time."

"You are an shameless bastard!"

"Frigga, you bitch!"

God King Odin was very angry when he saw Frigga.

He saw Frigga wearing a suit of battle armor.

Her figure was as sexy as she wanted.

The beautiful and sexy Frigga was originally his woman. But now he has been betrayed.

Frigga is still holding his artifact Gangnir. It must be the little priest who gave his artifact to this bitch.

This pair of adulterers and adulterers.

Frigga has a look on her face. He looked at Odin indifferently and asked,

"Odin, I didn't expect that you would be here today. Do you still remember what threatened me hundreds of thousands of years ago? Do you still remember the Asa clan being annexed by you?"

Odin heard Fuli Then he cursed loudly, "Bitch, I should have destroyed you then and imprisoned you until you died.""

"It's a pity that if there is no if, Odin, I will destroy your soul with my own hands soon, and the dead gods of the Asa clan will also rest in peace."

Su Chen has released all the goddesses at this time.

He has also gathered enough mana.

God King Odin must die this time. Su Chen cannot let God King Odin escape again.

God King Odin Originally, he wanted to scold Frigga, a bitch, but when he discovered dozens of goddesses around him, his expression changed.

Odin didn't expect that these goddesses were hiding here, but why didn't he notice the goddesses around him just now? Is there any breath present?

"Nannan, Hera, Frigga, Athena, don't let Odin escape, the other goddesses are ready to attack."

After Su Chen saw the ruthless empress and Hera surrounding the god king Odin, he ordered the other goddesses,

"Odin can't escape this time"

"Brother, I won't let Odin escape again"

"Little bastard, take action quickly!"

"Odin can never escape."

The four of Hera are holding artifacts and besieging Odin with serious faces.

Their mission this time is to buy time for Su Chen.

As long as Su Chen captures the god king Odin, the other goddesses will kill him quickly.
God King Odin

"Want to surround and kill me? You are thinking too much."

Odin looked at the surrounding goddesses who were about to kill him.

He was about to escape.

Odin knew that Su Chen had the ability to immobilize gods. If Odin was immobilized by Su Chen, he would end up with the God King Zeus. Hades, the king of Hades, was also killed by these goddesses.

When the four ruthless empresses saw that the god king Odin was about to escape, they took the artifacts and began to attack the god king Odin. Although they could not kill the god king Odin, as long as they Buy some time for Su Chen, God King Odin can't escape at all

"Chaos Bell, suppress!"

"Gun of victory, suppression!"

"Gangnir, suppress!"

"Hedi's scepter, suppress!"

Boom boom boom.....

The four major artifacts attacked God King Odin one after another. The sky and the earth above the Viking Palace changed color for a moment, and a powerful force shrouded thousands of miles around. The dilapidated palace of the Viking Palace also completely collapsed, and even the surrounding woods and mountains. Until everything collapses and breaks

"Damn it, all of you die!"

God King Odin swung his fist and attacked these artifacts quickly.

He wanted to escape as soon as possible.

He could not give Su Chen time to immobilize him.

"Time is temporary.....Damn it, old cunt."

Su Chen was about to use the law of time to immobilize the god king Odin, but the god king Odin quickly shuttled around.

It is impossible for Su Chen to lock the god king Odin.

If he expands the attack range of the time law, you Hera and The other goddesses would be immobilized.

Su Chen also became nervous for a moment.

"Go to hell!"

"Space teleportation!"

Boom boom.....

God King Odin suddenly appeared and attacked Su Chen quickly. Odin wanted to kill Su Chen first. As long as he killed Su Chen, the remaining goddesses could not threaten him at all.

"Don't come here, everyone should hold their own positions."

Su Chen appeared on the side and saw other goddesses coming to save him, so he hurriedly shouted to the goddesses.

Su Chen didn't want the other goddesses to mess up. He had arranged a good protective circle to prevent Odin. escape

"Little scumbag, I want to kill you first."

Odin quickly attacked Su Chen.

He also saw that as long as Odin attacked the other goddesses, this little scumbag would attack him and immobilize him.

Odin didn't want to be immobilized by Su Chen, so he could only Give up attacking other goddesses

"Odin, is this all you have?"

Su Chen shuttled around quickly.

He didn't expect that Odin, an old bastard, could actually see that he was an important figure. If Odin kept chasing him, Su Chen would have no chance to activate the law of time to immobilize the God King. Odin

"Die!"

"Chaos clock!"

Dang!

Boom boom boom!"

"Cough cough cough, damn!"

Su Chen was shocked by the aftermath of Odin's attack. If the ruthless empress hadn't used the Chaos Bell to resist the attack, Su Chen might have been wiped out by the sneak attack of God King Odin.

"Spear of victory, shield of victory!"

When Athena saw that Su Chen was injured, she hurriedly arranged all the artifacts in front of Su Chen to protect Su Chen.

Su Chen could never die, and

Athena didn't want Su Chen to be killed by Odin.

Boom boom boom boom.....

God King Odin kept moving back and forth to attack Su Chen.

He did not dare to attack Su Chen in the same place. This shameless little priest was probably waiting for an opportunity to immobilize him.

The other goddesses looked at Su Chen worriedly, but they could not help Su Chen now.

If they left the position where Odin was besieged, God King Odin might escape.

Then, this opportunity to rob and kill Odin will completely fail. If they attack God King Odin again in the future, it will probably be even more difficult.

"Space prison!"

Whoosh!

Su Chen suddenly appeared behind God King Odin.

He hurriedly activated the space prison.

As long as he could trap God King Odin for a moment, Su Chen could accurately use the law of time to immobilize God King Odin.

"Time pauses! Time pauses! Time pauses!"

Su Chen saw that God King Odin was trapped in a space prison, so he hurriedly launched three time pauses on God King Odin.

"Do it, do it quickly!"

Chapter 1952

After Su Chen immobilized God King Odin, he hurriedly ordered the goddess women around him that this time was probably the only chance.

Whether he could kill God King Odin this time, Su Chen had to see how powerful these goddess women were. Awesome.

Boom boom boom boom.....

Su Chen's order had just come down, and the goddesses attacked Odin one after another.

They had been waiting for this opportunity for a long time. Even if Su Chen didn't give the order, they would do it after seeing Su Chen immobilize the God King Odin. Attack quickly.

God King Odin looked at the artifacts attacking him in horror, but now he could not move at all.

Odin was desperate.

He did not expect that he was still stunned by a little scumbag. Although he could in three or four breaths He broke free from his immobilized body, but it was impossible for the goddesses next to him to give him any time.

"Ah, I am unwilling....."

In less than three breaths,

God King Odin was completely killed by the attack, and his body was also turned into nothingness by the attack.

"Space prison!"

Su Chen saw God King Odin's body being turned into nothingness by the attack. He hurriedly used a space prison to trap God King Odin's soul. Su Chen would not let God King Odin's soul escape.

"Finally dead, this time there is some crisis"

"God, I didn't expect God King Odin to be so cunning. If the little priest hadn't mastered the laws of space, I'm afraid we would have failed this time."

"Well, the little priest is really powerful. The law of time and the law of space, the little priest is going to defy the heavens!"

"Haha, if the little priest wasn't powerful, we wouldn't be able to kill three powerful men in the God King realm."

"Yes, yes, the god king Odin is dead, and we have no enemies now. From now on, the little priest will be for the new god king of the Greek pantheon."

"Haha, there is also the Nordic God System. I am afraid that the little priest will also be the God King of the Nordic God System. If one person is the God King of two God systems, the little priest will really defy the heavens."

"If the god kings of the Nordic pantheon, the god kings of the Greek pantheon, and the minor priests defeat Jehovah of the God pantheon in the future, you in the Western divine world must respect the minor priests from now on."

After the surrounding goddesses effectively killed the body of the God King Odin, Su Chen also captured the soul of the God King Odin. The goddesses all talked happily.

Su Chen looked at being imprisoned in the space. The trapped soul of God King Odin also breathed a sigh of relief.

"Phew, I finally got it done, damn, I was almost finished this time!"

"Su Chen, are you okay?"

"Brother, are your injuries serious?"

"Little bastard, didn't you think you would be hurt too?"

"Little priest, do you want me?"

God Queen Hera and the other four people quickly arrived at Su Chen's side and asked nervously.

They all just saw Su Chen vomiting blood after being shocked by Odin's attack. Hera and the other four people were worried that Su Chen's injury would be serious.

"Nothing happened, just a minor injury."

Su Chen looked at the four of them and shook his head.

He looked at Frigga and said,

"Frigga, I will teleport you to a space prison. It would be best if the soul of God King Odin is destroyed as soon as possible."

"Well, I can't help but destroy Odin's soul."

Frigga nodded.

She was going to destroy Odin's soul.

Su Chen was injured by Odin again this time.

Although Frigga was very angry with Su Chen, she could not leave Su Chen in the future. Even She will also be Su Chen's woman in the future.

Adding up the old and new grudges,

Frigga is even more impossible to let go of Odin's soul.

Su Chen teleported Frigga into the space prison with a wave of his hand.

As for Frigga Su Chen was not interested in how cruelly Jia wanted to kill Odin's soul.

Next to him,

Ares and Apollo saw Suchen and the goddesses killing the god king Odin.

They were all very surprised.

Although Odin told them that Su Chen could immobilize gods for a moment, they were very frightened after seeing it with their own eyes. Even

Odin, who was in the God King realm, could immobilize gods. Couldn't they, the main gods, also be immobilized?

On the ground,

Hephaestus, who was covered in scars, watched the God King Odin being annihilated. He stared at his eyes and shouted in fear,

"Impossible, how could the God King Odin be killed so quickly? This is not true, this is not true."

Ares pointed at the head of Hephaestus with the artifact, and he said coldly,

"Hephaestus, it's time for you to get on your way. It's also Aphrodite's luck that she can fall in love with the little priest."

"Ha ha...." boom!

Ares looked at the laughing Hephaestus, and he wielded the artifact and chopped off Hephaestus's head.

Whoosh! ah.....

An arrow of light suddenly shot into the air, and Hephaestus' soul that was about to escape was wiped out by Apollo's arrow.

"Ares (Apollo) met the God Queen and the Priest!"

Ares and Apollo walked up to the goddess Hera and Suchen, and they hurriedly saluted.

Ares and Apollo's lives were still in the hands of these goddesses and Suchen.

They treated Su Chen I dare not be disrespectful to the goddess Hera.

Besides, there are more than ten main gods here, and neither of them combined can be the opponent of these goddesses, not to mention the existence of Su Chen's special ability.

Su Chen looked towards Ares and Apollo shouted, "Ares, Apollo, you will call me God King from now on, and I will be Suchen, the new God King of the Greek pantheon!"

"Hera, met the God King!"

"Arthenis, the god of hunting, met the God King!"

"Hestia, the God of Stoves, has met the God King!"

"Athena, the god of wisdom and war, met the god king"

"Theus, the god of law and justice, has met the God King!"

"The rancher god Euryome has met the god king!"

"Meteor Lord Leto has met the God King!"

"Stiya, see God King!"

"Illinois, see God King!"

After hearing what Su Chen said,

Queen Hera smiled and Su Chen bowed down. The other gods and goddesses saluted Su Chen one after another.

"Ares, the God of War, has met the God King!"

"Apollo, the sun god, met the god king!"

Ares and Apollo were both very shocked.

They did not expect that Su Chen wanted to become the God King of the Greek pantheon, and the Queen Hera and many other gods and goddesses agreed. They looked at each other and agreed. He hurriedly saluted Su Chen

"Frigga, I met the Norse God King!"

"Freya, the main god of magic, has met the Nordic God King!"

"The Lord of Oaths, Farah, has met the Nordic God King!"

"The patron god Helin has met the Nordic God King!"

Chapter 1954

Su Chen suddenly thought of his daughter Elena.

After that crazy girl played in the underworld for more than a month, it had been almost a month since she arrived in Asgard.

Elena seems to have forgotten that she is the queen of Greece and rides the three-headed hell dog around all day long.

Su Chen hadn't seen that girl for a few days.

Queen Hera smiled when she heard Su Chen's words and said, "Elena went to the Sea of Stars. Don't worry, with the nymphs taking care of her, nothing will happen to Elena."

Su Chen shook his head and said said,

"Forget it, forget about that girl"

"Nymph, let the Queen of the Sea in"

"Yes, Queen of Gods!"

After a while, a beautiful woman wearing sea green came in. After she saw Su Chen and God Queen Hera on the throne of God, the beautiful woman immediately saluted and said,

"Amphitrite, Queen of the Sea, has met the King of Gods and the Queen of Gods!"

Su Chen didn't have any thoughts when he looked at the beautiful Queen of the Sea.

There are many beautiful goddesses in the Greek and Nordic gods. He would not be a big stallion like God King Zeus. When he saw beautiful women I just want to get it.

Besides, he already has enough women.

Su Chen doesn't want his women to cheat on her in the future.

"Queen Hai, what's the reason for your arrival this time?"

After Hai Hou heard what Su Chen said, she took out the golden trident, an artifact, and handed it to Su Chen, saying, "God King, the sea people are willing to submit to the God King in the future. I am here to dedicate the golden trident to the god. king."

Su Chen was not interested when he looked at the artifact Golden Trident.

Although the Golden Trident is a good artifact, it can only exert great power in the sea. If he wants the Golden Trident, it will be useless,

Su Chen thought After thinking about it he said,

"I am very happy that the Sea Tribe is willing to submit to me. Queen of the Sea, you will be the new Lord God of the Sea from now on. You will still keep the golden trident. I hope you will not betray me in the future."

Hai Hou heard Su Chen's words and hurriedly knelt down and swore,

"No, I, Amphitrite will be absolutely loyal to the God King from now on, and will never betray the God King in the future. I swear by the sea, if Amphitrite betrays the God King in the future, I am willing to be annihilated by the sea."

The Queen of the Sea did not expect that Su Chen did not ask for the golden trident, and even named her the new Poseidon.

This made her very happy.

Queen Amphitrite felt that this time was not in vain. Su Chen was indeed A good god king, she no longer has to worry about Su Chen destroying the Sea Clan.

Su Chen nodded and said, "Get up, I believe in you, Amphitrite"

"Thank you God King!"

"Amphitrite, you will stay for a while. We have a meeting today and you will also attend later."

"Yes, God King!"

Su Chen started talking to Amphitrite in the hall. He was also very interested in the Sea Clan. One of his women was a mermaid. Su Chen also wanted to know if there were mermaids among the gods of the Sea Clan. After a while

,

Queen Frigga and the other main gods all arrived one after another. Except for the queen of the underworld who did not come, all the other main gods arrived.

Su Chen looked at the more than 20 beautiful main gods who were working, and he stood up He said seriously,

"Dear goddesses, today I want to announce two orders"

"First, I will be in seclusion for a period of time. I will come out before the start of the Realm War. The Greek pantheon is managed by the Queen Hera, and the Nordic pantheon is managed by the Queen Frigga."

"The underworld is jointly managed by Hela, the goddess of death, and the queen of Hades. The ocean is managed by Amphitrite, the queen of the sea. All the armies of gods in the two pantheon are commanded by Athena, with Arthenis and Hestia as deputy commanders."

"Second, before the start of the realm war, our army of gods will be expanded to 200 million. The Greek and Nordic gods will each prepare an army of 60 million gods. The underworld will prepare an army of 40 million, and the sea people will also prepare an army of 40 million."

"Demeter, Aphrodite, Arthenis, Hestia, Sif, and Freya, the six of you form an army of one million high-ranking gods."

"All the high-ranking gods in the Greek pantheon and the Norse pantheon are selected by you. This is our most powerful army of gods and a powerful army prepared for the realm war."

The goddesses in the hall all nodded when they heard Su Chen's words.

They all guessed that Su Chen was practicing in seclusion. After all, Su Chen's strength was too weak. Su Chen also wanted to improve his strength as soon as possible.

But why this time? Do we need to prepare an army of 200 million gods?

In the previous realm wars, the three god systems combined only had about 100 million god armies, but less than one-tenth of them could come back.

The immortals in the prehistoric fairyland were too powerful, and the three god systems The army could only break through the periphery and seize some cultivation resources. Why did Su Chen prepare an army of 200 million gods this time? When

Hestia, the God of Stoves, heard Su Chen's words, she frowned and said

"God King, we cannot use an army of 200 million to attack the Great Desolate Immortal Realm. The Great Desolate Immortal Realm is very powerful. Of the 200 million divine armies, only less than 20 million will be able to return by then."

"Even if we break through the frontier fortress of Buddhism in the ancient world, the other gods in the ancient world will fight us off. This is not good for our two gods at all."

"Our two pantheons will also suffer heavy casualties due to the realm war. The God of the god pantheon, Jehovah, may launch a war of gods against us when we are weak."

Su Chen took a sip of tea and said with a smile, "Who said I want to attack the prehistoric fairyland? Hestia heard Su Chen's words and asked doubtfully, "God King, aren't we preparing for a realm war?" Are we not going to attack the prehistoric fairyland? Are you going to attack the wild world?"

Su Chen shook his head and said,

"We won't attack the wild world either!"

"So where should we attack?"

Hestia didn't understand.

Since Su Chen didn't attack the Great Desolate Immortal Realm or the Wilderness World, the Western Divine Realm would only be adjacent to these two realms. He would not attack the Great Desolate Fairy World or the Savage World. Hess Tia couldn't imagine where Su Chen was going to attack.

Queen Hera, Queen Frigga, Athena, Sif, Aphrodite, the goddesses all knew what Su Chen was going to do and what Su Chen was doing. True identity.

Half a month ago, after they learned about Su Chen's identity, they, the goddesses, were also very shocked.

The Emperor of the Heavenly Court of the Ancient Immortal Realm, a middle god, turned out to be the Emperor of Heaven in the Ancient Immortal Realm, and they were basically the same. Entering the ancient fairy world, no wonder Su Chen has endless amounts of top-grade fairy fruits, and even the top-grade spiritual stones in Su Chen's hand are inexhaustible.

"Haha, we are going to launch a massive attack on the God system at the beginning of the realm war. I want to destroy the God system."

Chapter 1955

Su Chen laughed when he saw the bewildered expressions of the goddesses, attacking the prehistoric fairyland?

How is that possible?

He is the Emperor of Heaven in the Immortal Realm. The Immortal Realm is his territory. How could Su Chen let his own people beat his own people?

Su Chen wanted to get rid of the last god system in the Western God Realm, the God God System.

The Western God System would also be ruled by him in the future.

Su Chen thought more than once that if he completely unified the Western God Realm, the way of heaven would be destroyed. What will be the reaction? Reward yourself with heavenly merits? I'm afraid that the Heavenly Dao will go bankrupt.

Su Chen just unified the Tianxuan Continent, and the primitive Heavenly Dao rewarded him with hundreds of acres of Heavenly Dao merit.

The Western God Realm is much larger than the Tianxuan Continent, and even much larger than the Shenyu Continent.

This is a real realm.

Although the Western God Realm cannot compete with the prehistoric Immortal Realm, the Western God Realm is also incomparable to other realms.

"Attacking God's pantheon? God King, do you want to unify the Western God Realm first? But the realm war is crucial to our cultivation, and we can't give up attacking the prehistoric fairyland."

"Yes, we only attack the ancient world once every thousand years to recuperate. We cannot miss this opportunity."

"God King, although it is very important to unify the Western God Realm, the God God System is very powerful. If it were not for the boundary war, the God God System would have destroyed our Greek God System and the Nordic God System."

"God King, you'd better think it over carefully. It won't be too late to destroy God's system when we become stronger in the future."

"Yes, the top priority is to attack the prehistoric immortal world to plunder some cultivation resources. As long as we are strong, we can destroy the God system at any time in the future."

After the goddesses heard Su Chen's words, they all hurriedly persuaded Su Chen. They didn't want to give up on the realm war that happens every one thousand years. Without cultivation resources, it would be impossible for them to become stronger. The Realm War was about to begin in a few hundred years. Su Chen was not planning to attack the prehistoric fairy world, but was planning to attack the God System. They all felt that Su Chen's decision was very wrong. Su Chen stood up and waved his hand to let all the goddesses and goddesses join in. After stopping the conversation, Su Chen planned to tell the goddesses his identity. The daughters of Hera knew his identity, and there would be a realm war in another four hundred years, so his identity would not be hidden for long. Su Chen also He didn't expect that after the boundary war started, he would tell these goddesses his identity. These goddesses had great trust in him. If these goddesses discovered his identity during the boundary war, these goddesses would probably feel He didn't trust them, which might cause a rift between him and these goddesses. He looked at these beautiful goddesses and said,

"Goddesses, what I want to say next is very important. I didn't want to tell you at first, but you all trust me very much."

"Some of you goddesses are my women, some are my confidante, and some are my staunch supporters. It's time to tell you my identity."

Arthenis looked at Su Chen and asked in confusion, "God King, what is your identity?"

Su Chen looked at the goddesses and smiled and said,

"I am not a god in the Western God Realm! Hestia said speechlessly to Su Chen, "We all know that you are the god of the wild world, and the ruthless empress is your sister."

Su Chen shook his head and said, "No, I am not the god of the wild world either!"

Hestia exclaimed in surprise when she heard Su Chen's words,

"What? Are you not the god of the wild world? Isn't he the God in our Western God Realm? Aren't you a god in the prehistoric fairy world?"

Su Chen nodded and replied,

"Hestia, you are right, I am a god in the ancient world!"

In the main hall, after the goddesses heard Su Chen's words, they all stood up in surprise.

They didn't expect that Su Chen was a god in the ancient world of immortality. However, Su Chen was a god in the ancient world of immortality. Then Why is his sister the ruthless empress the god of the wild world?

Artenis looked at the goddess Hera and asked hurriedly, "Goddess, you wouldn't have known Su Chen's identity a long time ago, right?"

Artenis thought of the Queen Hera who first met Suchen. She felt that the Queen Hera should know Su Chen's identity, and even the Queen Hera had been helping Su Chen hide her identity.

The Queen Hera smiled and nodded. said,

"Yes, I have known that Su Chen is the god of the ancient immortal world. However, I only found out the identity of this little bastard not long ago. The identity of this little bastard will definitely surprise you."

"Haha, you think you can't imagine Su Chen's identity!"

"Su Chen's status in the ancient fairy world is very important. I'm afraid you can't guess it."

"We couldn't believe it when we knew Su Chen's identity. Hestia and the others probably couldn't guess it."

"The identity of this little bastard is indeed very scary."

Aphrodite, Sif, Athena, Queen Frigga, these goddesses all smiled and said to the other goddesses. The other goddesses were stunned when they heard the words of Queen Hera.

Su Chen His identity is not simple?

Will it surprise them?

A very scary identity?

He and the others looked at Su Chen and couldn't figure it out.

Su Chen was a middle god (golden immortal).

A small middle god would meet in the prehistoric fairy world. What is his identity?

The Great Ancient Immortal Realm is very powerful. There are probably more God Kings in the Primeval Immortal Realm than they have in the Main God Realm. They really can't figure out what kind of identity Su Chen has in the Great Desolate Immortal Realm.

Su Chen saw all the goddesses looking at him,

He smiled and said to the goddesses,

"I am the Heavenly Emperor of the Great Ancient Immortal Realm, and I am also the ruler of the entire Great Antique Immortal Realm."

After Artenis heard what Suchen said, she shook her head and retorted,

"Impossible. Isn't the heaven in the prehistoric fairy world called Haotian? During the last realm war, I saw Haotian, the Emperor of Heaven in the Ancient Immortal Realm, a powerful God King. How could you be the Emperor of Heaven in the Ancient Immortal Realm?"

The other goddesses also looked unbelievable.

The main gods like them have basically seen Haotian, the emperor of the ancient fairy world. How could Su Chen be the emperor of heaven?

Boom!

Su Chen suddenly burst out with the energy of the emperor of heaven. Luck, after the huge heavenly luck appeared, all the goddesses in the palace were pressed to the floor.

Su Chen saw the goddesses being pressed to the floor in confusion, and his eyes started to look around.

This But as a bonus, some of the goddesses showed their fair skin.

Su Chen would not miss this opportunity to enjoy the beautiful scenery.

After a while,

Su Chen hurriedly withdrew his fortune from heaven.

He smiled and said to the goddesses said,

"Do you believe it now? It's impossible to fake luck in heaven, right?"

Chapter 1956

In the hall, the goddesses got up from the floor one after another.

Although they were shocked by Su Chen's burst of heavenly luck, this bastard just made them very embarrassed, which made them all very dissatisfied.

But Su Chen is the Emperor of Heaven no matter what, and no matter how dissatisfied they are, they can't do anything excessive to Su Chen.

And Su Chen peeked at them just now, which made these goddesses very ashamed and angry.

"You are such an asshole."

Athena glared at Su Chen and sat down.

She was not dissatisfied with what Su Chen had just done. Su Chen's behavior was the best explanation.

Athena also scolded the other goddesses this time.

Su Chen had just used her anger Luck suppressed these goddesses.

The clothes of some goddesses were messed up, and their fair skin and privacy were exposed. The goddesses were very ashamed and angry at what Su Chen did just now.

This bastard just took the opportunity to peek at these goddesses. They, they goddesses all saw it.

Athena was very helpless to this bastard Suchen.

Freya looked at Su Chen and asked in surprise, "God King, what just happened was the legendary luck." ?"

Su Chen thought that there is no luck in the Western God Realm, and they probably don't know much about luck.

Su Chen thought about it and explained to the goddesses,

"Yes, it stands to reason that if I become the god king of the Greek god system and the Nordic god system, I can also get the luck of heaven. It's just a pity that your western god world is probably a dead god world."

"Without the existence of the Way of Heaven, the Western God Realm will slowly turn into the Age of Ending Dharma. At that time, all the gods will probably die or disappear in the Western God Realm."

Goddess Queen Hera and the others were very shocked when they heard Su Chen's words.

Is the Western God Realm a dead God Realm?

There is no way of heaven?

What is the way of heaven?

The end of the Dharma era

? Will the gods die or disappear?

The goddesses in the hall are all a little confused. Panicked, they thought that the Western God Realm had no aura, no heaven and earth fairy fruits, but there were some precious divine fruits, and those were in a specific area.

Will the Western God Realm really die in the future? What if the Western God Realm was completely destroyed in the future.

By then , where will these gods go?

Queen Frigga asked in surprise,"Su Chen, are you telling the truth?"

Su Chen nodded and replied,

"It's true. You gods in the Western God Realm all rely on low-level faith to practice. If humans don't believe in you, or their faith is robbed by other gods, have you ever thought about your ending?"

God Queen Frigga said with a pale face,

"Without faith, we gods would not be able to practice at all, and it might even be impossible to increase our divine power. At that time, our cultivation will regress, and we may even become mortals because we have no divine power."

The other goddesses also turned pale one by one.

They thought of the various divine systems in the Western God Realm, which were constantly fighting for the faith of the mortal world.

Even the Western God Realm did not hesitate to lose huge casualties every time, and each divine system also had to The purpose of attacking the prehistoric fairy world is to plunder the fairy fruits and spiritual stones that are resources for cultivation, as well as other heavenly materials and earthly treasures that are helpful for cultivation. A dead divine realm?

Their western divine realm is actually a dead divine realm? They will also do so in the future Slowly dying in this world?

Queen Hera looked at the pale and desperate eyes of the goddesses, and she smiled and said to the goddesses,

"Haha, don't you worry, since this little bastard has told this matter, he must have a way to solve it."

After the goddesses heard the words of the Queen Hera, their eyes lit up when they looked at Su Chen one by one. Su Chen was the Emperor of Heaven in the ancient fairy world. He could not watch these goddesses disappear in this world in the future.

"God King, do you have a way to save the Western God Realm?"

"God King, our Greek pantheon will have to rely on you to save us from now on."

"And our God King of the Nordic God System, our God Queen Frigga is your woman, you must also save our Nordic God System."

"Su Chen, do you really have any idea?"

"Little Priest, if you have a way, please save our Western God Realm!"

"God King, we also contribute Arthenis and Hestia. You must help our Greek pantheon."

"We also contributed Freya and Hela, the Lord of Death, the God King, and our Nordic gods also want to help us."

Su Chen's face turned green when he heard the words of these goddesses.

Damn it!

Why did he turn into a gift girl just as he said it?

How could he be happy in his heart?

Damn it!

I am not a stallion, not a stallion,

Don't be tempted.

Su Chen waved his hands to the goddesses around him and told them to stop talking. These goddesses were chattering and were about to disturb him to death.

"You can rest assured that as long as I am here, you will not perish. To save the Western God Realm, we must unify the Western God Realm. This is why I want to launch a war of gods against the God system."

Athena stood up and agreed, "Okay, after the realm war begins, we will launch a war of gods against the God system."

Freya also agreed,

"Well, let's unify the Western God Realm first. Anyway, the God King will provide us with cultivation resources.

Artenis shook his head and said speechlessly, "What kind of realm war are we going to fight in this way? The prehistoric fairy world and us will be one family from now on.""

The other goddesses also nodded in agreement.

The Primordial Immortal Realm is indeed a family with them, and there is no need for them to start another realm war.

Moreover, they can also go to the Primordial Immortal Realm in the future.

The powerful Primordial Immortal Realm, they Also very yearning for

"Su Chen, what is the way of heaven?"

At this time,

God Queen Hera asked Su Chen doubtfully.

She had never been able to figure out what the way of heaven was? Could it be that with the way of heaven, the Western God Realm would not become a dead world of gods?

Su Chen heard that God Queen He

He was also very confused. What is the way of heaven?

He didn't know anything about it.

However, in Su Chen's view, the way of heaven is the manager of order, the manager of the world's operation, and even the guardian of the world.

Prehistoric The Immortal World faced the prying eyes of the Chaos Demon God at the beginning. Since the birth of the Dao of Heaven, the Chaos Demon God has either died or escaped. The

Chaos Demon God raised his eyebrows because he was afraid of the Dao of Heaven and fled the Great Desolate Immortal World.

If there was no Heavenly Dao in the Prehistoric Immortal World, the Chaos Demon God would be afraid of Dao Ancestor when he raised his eyebrows. Hongjun?

Su Chen shook his head and didn't think about this.

These goddesses were still waiting for his answer.

Su Chen thought about it and said,

"The way of heaven? I don't know what the Way of Heaven is, but the Way of Heaven represents the laws of a world, the balance of all things, and the laws of everything."

"As long as you do something good for the world, Heaven will reward you with merit. If you destroy the world, Heaven will send you karma. If you have too much karma, you will be punished by thunder and be struck to death."

Chapter 1957

After the Queen Hera and the goddesses heard Su Chen's words, they were all very confused.

They felt that Su Chen was not talking about the way of heaven, but was talking about the manager of the world.

But, does Heaven have thoughts?

Does heaven have seven emotions and six desires?

Su Chen didn't say anything.

They were as confused as if they were listening to a book from heaven.

Su Chen saw the confused looks of the women of the gods.

He was a bit big-headed and said hurriedly,

"Don't look at me like this. I'm just a little golden immortal. I can't explain what the way of heaven is. I'm afraid only the saints in the ancient immortal world know this!"

God Queen Frigga took Su Chen's hand and asked doubtfully,

"saint? What is a saint?"

"What is a saint? Frigga, if the saint strikes at random, the Western God Realm will be shattered. If the Saint strikes with all his strength, the Western God Realm may be destroyed."

Hestia said in shock when she heard Su Chen's words,

"hiss! Is the saint so powerful? Why haven't we heard of the saints?"

Su Chen shook his head and explained,

"There are seven great saints in the prehistoric fairy world, but the saints are too powerful. Heaven restricts saints from appearing in the prehistoric fairy world. All saints live in chaos."

Frigga was completely shocked today.

She is very panicked now.

The prehistoric fairy world is more powerful than she imagined.

The seven great saints?

Each of them can easily destroy the Western God Realm. If the prehistoric saints are not destroyed Due to the limitations of heaven, their Western God Realm will be destroyed countless times.

Frigga patted her chest and said with lingering fear,

"There are seven great saints in the ancient world of immortality. Oh my God, we actually attacked a realm with seven great saints. Fortunately, saints cannot appear in the ancient world of immortality, otherwise our Western God Realm may be destroyed."

Su Chen hugged the sexy Frigga and said with a smile,

"Haha, Frigga, you are wrong again. Although saints in the prehistoric fairy world cannot appear, the good corpses among the three corpses of saints can appear in the prehistoric fairy world."

"The saint's good corpse was restricted to the quasi-sage peak in the prehistoric fairy world, which is the peak of the god king in your western god world, eh! Don't ask me what a good corpse is, I don't know either."

After Frigga and the goddesses heard what Su Chen said, they felt that every time they attacked the ancient world, it was a great luck.

The good corpses of the seven saints were all at the peak of the god king realm, and they only had a few god kings in the entire western god world. Peak level? But why didn't those good corpses at the peak of the God King level appear once? This made them all feel strange.

Dang, Dang, Dang!

Su Chen let go of Frigga and knocked on the table and said,

"Okay, we are a little off topic. We will talk about things in the ancient fairy world later. Athena, the army of gods must be ready within four hundred years. Hera, Frigga, you must master some powerful powers in the God system. man of"

"Well, I will prepare an army of 200 million gods within four hundred years"

"We understand!"

Athena, God Queen Hera, God Queen Frigga, they all nodded to Su Chen and said.

They now have to prepare for the war of the gods four hundred years later.

If Su Chen unified the Western God Realm,

The Western God Realm might be revitalized, but they don't want the Western God Realm to continue to die and become a Dharma-ending world.

"I will retreat in Asgard for 400 years.....who?"

Su Chen was talking to the goddesses about seclusion. He suddenly felt a space fluctuation. He immediately shouted to the surroundings. When the goddesses heard Su Chen's shout, they all stood up and looked around vigilantly.

They I didn't expect that a god would sneak into Asgard's fairy palace. There are more than twenty main gods in the main hall. Are the intruders desperate for their lives?

Whoosh!

A white-haired giant and beautiful woman appeared in the main hall. , after she looked at the goddesses here, she looked at Su Chen with bright eyes.

"saint? You are actually a saint, who are you?"

Su Chen was very surprised when he saw the beautiful woman who suddenly appeared.

Damn it!

This beautiful woman is really tall.

She must be more than three meters tall!

And this beautiful woman actually gave him the gift of love with Empress Nuwa. It feels exactly the same.

There are actually saints in the Western God Realm?

And they can also appear in the Western God Realm?

It's his fault.

It's going to be over now.

Hera and the others were all very surprised when they heard Su Chen's words.

Su Chen had just told them about the saint, but they didn't expect to meet a saint so quickly.

But, is this giant woman a saint from that divine system?

At this time, the beautiful woman looked at Su Chen and said coldly,

"The Great Emperor of Heaven, Su Chen!"

"I've been interested in you for a long time. You only appeared in the prehistoric world for two short years, but you turned the prehistoric fairyland upside down."

"Two years ago, when you were just a small immortal cultivator, you were punished by ninety-nine heavens and even survived the tribulation and became an immortal."

"More than a year ago, in the prehistoric fairy world, the human race resisted the heaven with force. You commanded the heavenly soldiers and generals of the heaven and all the races in the prehistoric world, and wiped out tens of millions of the human race's army of gods in one fell swoop."

"In addition to the Saint Sect, you can be said to be the first Heavenly Emperor to truly unify the Prehistoric Immortal World. There are dozens of powerful quasi-saints under his command."

"I didn't expect that when you came to the Western God Realm, you would still be able to cause trouble. You even became the God King of the Greek God System and the Nordic God System."

"Su Chen, you are really impressive. For a little golden fairy, your ability to commit suicide and your luck are very powerful."

When Su Chen heard the words of the beautiful woman saint, he was very surprised.

This beauty has been to the ancient fairyland?

How is this possible?

Neither Tiandao nor Hongjun would let saints from other realms go to the ancient fairyland, so this beautiful woman Who is the saint? Why does she know what happened to her in the prehistoric fairy world?

"who are you?"

The beautiful saint shook her head and said indifferently, "Who am I? You don't need to know, you just need to know that your good luck ends here"

"You want to kill me?"

Su Chen felt the murderous intention of this beautiful saint.

He did not expect that there would be a saint who wanted to kill him. It seems that this time it is really more dangerous.

Hera and the goddesses immediately surrounded Su Chen for protection. They realized that it was impossible for them to let this beautiful woman saint hurt Su Chen. Although they were no match for this beautiful woman saint, they had to buy time for Su Chen to escape. The beautiful woman saint frowned and looked at the goddess protecting Su Chen. They, she didn't expect that these goddesses knew that she was a saint, but these goddesses dared to be lazy in front of her.

"Um? You want to stop me?"

Hera, the Queen of Gods, said with a serious face,

"Yes, Su Chen is the divine king of our divine system, and we cannot let you kill our divine king."

Chapter 1958

The beautiful saint was very disdainful when she heard the words of Queen Hera.

These gods still want to intercept a saint? She can destroy these goddesses with one finger.

Su Chen frowned and kept thinking about this white-haired giant and beautiful saint.

How could there be a saint in the Western God Realm? When a person dies and goes to the realm, even the way of heaven is destroyed, how can a saint still exist?

Gray hair? giant?

Damn it!

This beautiful woman is really tall,

I'm afraid she's almost over three meters tall.

However, the white-haired beautiful woman's figure is really perfect. She should be as big as she should be, and as high as she should be. Especially at such a height, this beautiful woman is so proud. I'm afraid he could be as tall as a giant.

Su Chen swallowed, such a proud figure could suffocate him to death.

The beautiful saint looked at Hera and the goddesses indifferently and asked,

"Are you really not going to get out of the way? Queen

Hera took out the artifact and said firmly, "Unless we die, we will not get out of the way."

The goddesses also took out their magical weapons to guard against this beautiful saint.

The goddesses knew that they were no match for the saint, but they were even afraid of giving Su Chen a breath of time to escape.

Even if they died, it was worth it.

"Then I will make it happen for you....."

"etc!"

When Su Chen heard that the beautiful woman saint was going to kill God Queen Hera and the others, he hurriedly shouted to stop her.

The beautiful woman saint looked at Su Chen and mocked,

"Um? Emperor Su Chen, what? Are you reluctant to let these beautiful goddesses die for you?"

Su Chen pulled the goddesses in front of him behind him.

He looked at the beautiful saint and said with a smile,

"Of course I can't bear to part with you, but do you really want to kill me? I am the Emperor of Heaven in the Ancient Immortal Realm. If you dare to kill me, do you believe that the saints from the Ancient Immortal Realm will come to the Western God Realm and kill you?"

The beautiful saint laughed when she heard Su Chen's words.

"Haha, of course I believe that you are the Emperor of Heaven in the Ancient Immortal Realm, and Heaven will definitely not let you die. However, if I just kill you, can I find a saint in the Ancient Immortal Realm?"

"Aren't you worried that the Western God Realm will be destroyed by angry saints?"

"A dead realm, do you think I would care?"

Holy crap!

Damn it!

Why on earth did this dead woman insist on killing herself? Even the Western God Realm doesn't care anymore.

Su Chen was very speechless when he saw the beautiful woman saint. He had never offended this beautiful woman saint, nor did he. He didn't say anything bad about this beautiful woman saint. Why did this beautiful woman saint have to kill him?

"Emperor Su Chen, have you figured out how to die? I can satisfy your way of death"

"real?"

"certainly!"

"Is it okay not to die?"

"What do you think?"

"Ahem, can I say okay?"

The beautiful saint became impatient.

She looked at Su Chen with her beautiful eyes and said coldly, "Emperor Su Chen, I didn't expect that you are really a shameless bastard."

Whoosh!

Su Chen suddenly took action against the Queen Hera and the goddesses. He used the law of space to quickly move the goddesses hundreds of thousands of miles away.

He was worried that the Queen Hera and the goddesses would die for him.

Su Chen could only This method can prevent these goddesses from saving him.

After doing this, Su Chen said to the beautiful woman saint, "Forget it, let's take action. It doesn't matter how you die."

"You are not bad as a man, but you must die, the Great Emperor, and be completely destroyed!" The beautiful saint said to Su Chen and stretched out her palm to slap her over.

Whoosh!

Boom!

"This is? This is the map of mountains and rivers."

Su Chen originally thought he was dead, but he didn't expect that a picture suddenly appeared to block the attack of the beautiful saint. Su Chen looked at this spiritual treasure, and he thought of the top-notch innate spiritual treasure of the Empress Nuwa, the Mountains and Rivers of the State.

The beautiful woman saint looked into the sky with a cold face. She had already discovered that a saint had arrived. She had just saved the Emperor Su Chen from the ancient world of immortality. She guessed that the saint should be the saint from the ancient world of immortality.

The beautiful woman saint looked at it. Su Chen disappeared into the palace at a glance, and then the Hesheji Map also suddenly disappeared.

Su Chen wiped the cold sweat on his head and said with lingering fear, "Oh my God! My life was almost gone. Who was the damn saint just now?"

Su Chen's life is really hanging on by a thread this time.

This time, if it hadn't been for Nuwa's mountain and river map to block the attack, he would probably be dead now.

Above the nine heavens,

Nuwa's white dress looks cold. Watching the coming white-haired saint,

"Gaia, do you want to die?"

When the white-haired saint Gaia heard Nuwa's threat, she smiled and said nonchalantly,

"Nuwa, I didn't expect you to arrive so quickly. It seems that you won't be able to kill the Emperor Su Chen this time. Nuwa glanced at Gaia and continued to threaten, "Gaia, if you dare to attack Su Chen again, you have no need to live.""

Gaia said to Nuwa coldly and arrogantly, "Huh, Nuwa, the saints in your prehistoric fairy world have killed me not once or twice, but I'm still alive and well, right?"

Nu Wa looked at Gaia and mocked disdainfully,

"Gaia, the reason you are still alive is because we didn't want to kill you at all. Do you think we don't know that you are colluding with the Chaos Demon God? The prehistoric world is not a realm where you can make decisions."

Gaia is the last saint in the Western God Realm. If she dies, the Western God Realm will die completely. It's not that the saints in the prehistoric era don't want to kill Gaia. If Gaia is killed

, saints like them may bear some burdens. Karma, although there is not much karma, will have a little impact on them.

Moreover, Dao Ancestor Hongjun will not let them kill Gaia now.

Gaia and the Chaos Demon God raised eyebrows and colluded together, and even used their incarnations to sneak into the prehistoric fairyland, Daozu Hongjun wanted to know what the conspiracy of the Chaos Demon God Yangmei was.

Gaia was very surprised when she heard Nuwa's words.

Gaia did not expect that the saints in the prehistoric fairyland actually knew the existence of the Chaos Demon God Yangmei, and even knew that she and her The Chaos Demon God raised his eyebrows.

Gaia met the Chaos Demon God and raised his eyebrows in Chaos. It is impossible for other saints to exist there. How did the saints in the prehistoric fairy world know this?

"Nuwa, how did you know that I had met with the Chaos Demon God?"

Nu Wa looked at Su Chen and said to Gaia indifferently,

"You don't need to know this, Gaia, let me remind you one last time, this time I came alone. If there is another time, I will not come alone. If you miss, can you try to kill Su Chen again?"

Nu Wa was also speechless about Su Chen's trouble-making ability.

If it hadn't been for the ancient way of heaven to send her here this time, Nu Wa would not have known that this little bastard was actually in the Western God Realm.

Nu Wa looked at Su Chen and disappeared instantly.

She She couldn't meet Su Chen this time.

Heaven didn't even allow her to talk to Su Chen.

Nuwa didn't understand why Heaven did this.

However, she had rescued Su Chen and Gaia didn't dare to take action against Su Chen again. , Nuwa was also re-transported away by Tiandao

"Let me know, why are you back again? Where is Nuwa?"

Chapter 1959

In the main hall of Asgard's Immortal Palace ,

Su Chen was sitting on the throne waiting for the arrival of Empress Nuwa.

However, he did not expect that just after a while, the beautiful saint would appear in front of him again.

Su Chen looked at the beautiful saint who arrived again in surprise and asked,

"Let me know, why are you back again? Where is Nuwa?"

Gaia heard Su Chen's words and said coldly, "Nuwa?" She couldn't stand up to me and left."

Su Chen looked at Gaia and said with a sneer,

"laugh! Just you? Isn't Nuwa still a match for you? Big white-haired man, you are talking nonsense."

Su Chen didn't believe what Gaia said.

If it was in the past,

Gaia said that Empress Nuwa was not her opponent,

Su Chen still believed it.

However, after the human race rebelled against heaven, Empress Nuwa took back all the luck of the human race. , even the most precious human race's Kongtong Seal is in the hands of Empress Nuwa.

Empress Nuwa may even be able to beat the original saint now.

A little saint from the Western God Realm still says that Empress Nuwa is no match for her? Is this a lie

?

Right?

Bah, this is a lie!

Boom!

When Gaia heard Su Chen's words, she burst out with a powerful aura angrily.

She glared at Su Chen and threatened,

"Do you want to die?"

Su Chen was suppressed and collapsed on the throne, he curled his lips and said,

"White-haired man, you have no murderous intention at all now. Do you dare not kill me? Or are you threatened by Nuwa Empress?"

"Damn bastard, I can't kill you, but can't I teach you a lesson?"

Gaia knocked Su Chen on the head hard.

Gaia didn't expect that Su Chen would guess that she was threatened by Nuwa.

Damn bastard, no wonder this little bastard can become the Emperor of Heaven and even sit on the throne. There are two types of god-kings in the Western God Realm.

This little bastard is really too smart and annoying.

Su Chen rubbed his head and cursed, "I'm a bastard, I have white hair, you bastard dare to hit me Damn it, don't you know that you can't touch a man's head or a woman's butt?"

Su Chen was knocked dizzy by Gaia.

He almost screamed out in pain.

Su Chen didn't expect that Gaia would knock him on the head. This was the first time he was hit on the head.

This big-chested and brainless guy A big woman,

Su Chen decided to take revenge in the future.

Ahem!

Damn,

Gaia is so tall.

If he tilted Gaia's head, Su Chen would have to jump up and hit her. This is really embarrassing.

"Inglorious bastard, shut up!" boom!

"I'll do it!"

Su Chen was blown away by Gaia's powerful aura, and a big hole was made in the wall of the hall.

"Go, dad, who beat you?"

Outside the main hall,

Elena just came back and saw Su Chen being blown away. She was a little surprised and shouted to Su Chen. The divine army guarding outside the palace saw Su Chen being blown away. They all hurriedly He rushed over to protect Su Chen.

When Su Chen saw more and more divine armies arriving around him, he hurriedly ordered loudly, "Everyone retreat, no one is allowed to approach the main hall."

"Yes, God King!"

"Dad, I'm going to avenge you."

Elena saw the corners of Su Chen's mouth bleeding.

Elena angrily took out a white and silver artifact long sword, and she rushed into the hall riding a three-headed hell dog.

"I go!"

Su Chen saw Elena rushing into the hall.

He hurriedly dodged and quickly entered the hall. Su Chen was worried that Gaia would kill his daughter.

In the hall,

Gaia pointed a finger at Elena. , while Elena was motionless while holding the long sword, sweating profusely, and the three-headed hell dog lay directly on the ground, trembling all over. When Su Chen appeared in the hall, he saw Gaia pointing at Elena.

He hurriedly shouted, "White hair, misunderstanding, this is a misunderstanding, please let my daughter go."

Gaia was a little surprised when she heard Su Chen's words. She didn't expect that this little beauty was actually Su Chen's daughter.

Su Chen's daughter was actually a mortal in the Western God Realm.

This made Gaia a little curious.

Gaia didn't I thought that a few months after Su Chen came to the Western God Realm, he would have a sixteen-year-old daughter.

However, after Gaia checked Elena, she found that Elena was really related to Su Chen

"Your daughter, yes, yes, Emperor Su Chen, I have taken a liking to your daughter, let her follow me from now on."

Su Chen's face turned green when he heard Gaia's words.

He didn't expect Gaia to be a lesbian.

Damn,

Gaia is more than three meters tall. Is there any woman who can withstand Gaia's physical oppression?

"I'm the one with white hair, and you're the one who turned out to be a lesbian. Damn, you're so big, so don't harm my daughter.

Gaia frowned and asked in confusion, "Lala?" Disaster? What are you talking about, you bastard?"

"Elena, take your pet dog and leave the hall."

Su Chen grabbed Elena and put her on the back of the three-headed hell dog. He asked Elena to leave the hall quickly.

Gaia has lifted its momentum and pressure, and

Su Chen cannot let Elena stay. ,

Gaia is a big lesbian, and he doesn't want his daughter Elena to be harmed by Gaia, a lesbian.

Elena sat on the back of the three-headed hell dog and nodded to Suchen, and she left in a hurry , the big white-haired woman in the hall was so scary, Elena felt like she was about to die just now.

Gaia didn't care about Elena leaving, it was very easy for her to find Elena,

"Emperor Su Chen, have you been to the Western God Realm before?"

"Why do you ask?"

"You have only been in the Western God Realm for about half a year, but your daughter is already sixteen years old. It is impossible for you to come to the Western God Realm once?"

Su Chen curled his lips and said to God Gaia,

"White-haired man, you are being too strict. If you have nothing to do, please leave. You are not welcome in Asgard, and you are not welcome in Olympus. You should go to the God system."

"What if I don't leave?"

"Ahem, then you can stay here, how about I give Asgard to you?"

Gaia sat on Su Chen's throne and mocked, "Emperor Su Chen, are you so kind?"

When Su Chen saw Gaia's big butt sitting on his throne, the corners of his mouth twitched.

Damn it, he can't afford to offend a big woman.

"Asgard Asgard can be given to you, but you are not allowed to have any more ideas about the Greek and Nordic gods. We will leave Asgard immediately with the gods in Asgard."

Gaia laughed and said after hearing Su Chen's words,

"Hahaha....., Emperor Su Chen, do you think it is possible? You left an empty Asgard, are you going to take all the gods to Olympus?"

"White-haired one, how about I leave you some spiritual beasts to accompany you?"

Chapter 1960

In the Asgard Palace,

Queen Hera and the goddesses quickly appeared in the palace.

The goddesses were very angry. Su Chen actually moved all of them hundreds of thousands of miles away without saying a word. , they knew that Su Chen was doing this for the safety of goddesses like them.

However, they, the goddesses, were also worried about Su Chen's safety.

Queen Hera saw Elena outside the hall, and she looked pale.

She hurriedly shouted to Elena,

"Elena, why are you outside the hall?"

Elena heard the God Queen Hera calling her. She turned around and saw the God Queen Hera and the goddesses arriving.

She hurried over and said hurriedly, "God Queen, you are here. There is a terrifying person in the hall. A big woman, I was almost killed by her just now"

"Where is your father?"

When God Queen Frigga heard Elena's words, she wanted to know how Su Chen was doing now. Was Su Chen killed by the white-haired saint?

Elena pointed to the main hall and said to Frigga,

"My father is talking to the big woman. Please don't go in. The big woman is very scary. My father won't let anyone near the hall."

When Frigga heard that Su Chen had not been killed, she hurriedly said to the goddesses, "Let's all go in quickly. We can't let Su Chen teleport us away again this time. Even if we die, we will die with Su Chen."

The other goddesses nodded and quickly entered the hall.

Elena watched the goddesses go in.

She gritted her teeth and followed into the hall. Although Elena was very scared, she didn't want anything to happen to her father.

At this moment, in the main hall,

Su Chen was being suppressed by Gaia's hand, and Su Chen's head happened to be pressing on Gaia's thigh.

Su Chen felt a little humiliated and a little overwhelmed at the moment.

Damn it!

Gaia's thigh It was as thick as his waist, but these thighs were really soft and elastic.

Gaia raised Su Chen with one hand and threatened coldly, "Emperor Su Chen, promise to let Elena stay with me, otherwise I will seal your cultivation realm."

Gaia didn't expect this bastard to be so shameless.

She had just suppressed this little bastard, and Su Chen, the shameless bastard, pressed on her legs. This made her almost unable to hold back and kill this shameless bastard.

Su Chen thought He refused without even thinking, "Don't even think about it, white hair. There are many women in the world. If you like women, I can send you a hundred and eighty.""

"Damn it, what do I want those mortal women to do?"

"Woman of the gods, I can send you some of the beauties of the gods. Gaia looked ugly and shouted to Su Chen, "You little bastard, don't talk nonsense, I want your daughter Elena.""

Gaia somewhat understood what Su Chen meant.

This shameless bastard,

Gaia didn't expect that Su Chen actually thought she liked women?

Damn bastard, she is a woman, eh!

She is a female Titan, she is so Maybe she likes women?

The reason why Gaia wants Elena is because she sees Elena's identity.

Elena is the most noble princess in the ancient fairy world, and will even be the noble princess in the Western God Realm in the future.

If Gaia By accepting Elena as a disciple, she would be able to go to the Immortal Realm openly in the future. The saints in the Immortal Realm would inevitably expel her or even kill her in the future. Su

Chen did not expect that Gaia wanted his daughter.

Chen was also angry.

He glared at Gaia and cursed,

"You are eating shit, you have gray hair, so stop daydreaming. Even if you kill me, I won't agree."

"Shameless bastard, I want to accept your daughter as my disciple. If you, bastard, dare to give me random thoughts, I will kill you, bastard."

I'm going to join in!

Accepting a disciple?

Damn it!

This damn woman just accepts disciples.

She acts like she is robbing a common girl.

Su Chen was very speechless when he heard Gaia's words.

He always thought that Gaia She is a lesbian, and she has been working for a long time to accept his daughter as a disciple.

However, it is impossible for Su Chen to agree to Gaia.

It is not clear whether Gaia is an enemy or a friend now, and Gaia wanted to kill him before, who knew Gaia There was some conspiracy.

Su Chen was being carried by Gaia.

He lowered his head and saw a field of white flowers. Those mountains were really too big. This female giant was really not a human.

Su Chen raised his head and shouted to Gaia in embarrassment, "Ahem, white hair, let go first, you are holding me up like this, I am very embarrassed"

"Promise me to let you go"

"You put me down first and then talk!"

"If you don't agree, I won't let you go."

Su Chen felt helpless when he heard Gaia's words.

He was a big man being carried by a female giant. No matter how he looked at it, Su Chen felt that the female giant was teasing him.

"Suchen? How is this going?"

At this moment,

Queen Hera and the others came in and saw Suchen being carried by Gaia, and looking like he was being teased.

The goddesses were all stunned.

When Elena saw this situation, she He was confused and whispered,

"Let me go, my dad won't be attracted by this big woman, right? Are you planning to steal my dad?"

When the Queen Hera and the goddesses heard what Elena said, they all had dark faces and wanted to seal Elena's mouth.

This big woman is a saint.

If Elena angers this female saint, she would probably be killed by this female saint.

Frigga hurriedly shouted to Elena, "Elena, shut up, don't talk nonsense."

Elena heard Frigga yelling, and she hurriedly covered her mouth.

Elena forgot that the people here are gods, even powerful gods. What she just whispered, here The powerful gods must have heard it.

Gaia and Suchen also heard Elena's words, and they both looked at Elena with ugly faces.

Gaia didn't expect that Elena would say this, she would Teasing a human god?

Gaia could be a small human god, but she is a Titan, a Titan hundreds of meters tall. How could a Titan fall in love with such a weak human being?

Su Chen wanted to seal her off at this moment Elena's mouth, this daughter really makes him worry.

Su Chen is also worried that this female giant will really fall in love with him. A three-meter-tall giant, and even a powerful saint, although Gaia is tall She is very beautiful, and her figure is also very curvy.

But, this is a female giant.

I can't handle it,

I can't handle it,

Su Chen really can't handle the powerful, tall female giant saint.

"Su Chen, your daughter has arrived. Now hurry up and make your daughter become my teacher."
