

## Zongwu 1981

### Chapter 1981

After Su Chen heard what Lao Tzu and Yuan Yuan said, he also understood that

Su Chen had previously tempted Zhun Ti and Jie Yin with the idea of one person and one cause and effect, so he guessed that the Sanqing Saint could not be tempted at all.

The Saints of Sanqing have taken Daozu Hongjun's Meteorite Pill, and they may never be able to escape Daozu Hongjun's control in their lifetime.

No matter what kind of temptation Su Chen uses, he will never succeed.

Now,

Su Chen also knew the reason why Hongjun threatened Nuwa and the Second Saint of the West.

Extract Hongmeng purple energy?

Daozu Hongjun may really be able to extract the Hongmeng Purple Qi from the six great saints. After all, the Hongmeng Purple Qi was manipulated by Daozu Hongjun. It would be very easy for Hongjun to take back the Hongmeng Purple Qi.

However, after all, the souls of the six great saints are placed in the way of heaven, and the way of heaven also recognizes the six great saints as saints in the prehistoric immortal world. If Hongjun dares to secretly extract the purple energy of Hongmeng to cause the prehistoric saints to fall from the throne, then the way of heaven may destroy Hongjun..

At this moment,

Zhunti and Jieyin, who were hesitating, were relieved after hearing Su Chen's words.

Su Chen was right.

They were all saints of the way of heaven.

They had not made any mistakes and were extracted from the Hongmeng purple energy. The way of heaven affirmed. He would not agree, and would not even let Daozu Hongjun go easily.

Zhunti said loudly with a serious face,

"Lao Tzu, Yuan Yuan, don't be delusional. We won't give up halfway if we intercept you from the beginning."

"Damn it, kill!"

When the original Tianzun heard Zhunti's words, he attacked angrily.

They had no time.

A quarter of an hour?

They couldn't defeat the three saints, Nuwa Empress, even in one day.

The time was too short.

Boom boom boom.....

Lao Tzu, Yuan Yuan, and Master Tongtian began to attack fiercely again.

They had no time.

If after a quarter of an hour, they had not killed Gaia, the outsider saint, the Meteor Holy Pill in their bodies would explode.

Su Chen looked at Zhunti and curled his lips.

Zhunti was really a shameless saint. If it weren't for what he said just now, Zhunti and Jieyin would probably regret it. These saints are not good people.

Well!

The exception is Nuwa!

The strength of Empress Nuwa has grown too fast.

Although the leader of Tongtian does not have a powerful spiritual treasure, Empress Nuwa can compete with the leader of Tongtian. The strength of Empress Nuwa is at least the fifth level of the saint.

Time passed slowly, a quarter of an hour, and there were still more than ten breaths left until quarter of an hour.

The six saints are now getting angry.

Gaia and Su Chen also kept retreating.

Outside the prehistoric barrier, the space here was completely shattered, and even the evil energy of chaos from outside the chaos continued to pour in.

Su Chen looked at the six saints in the battle and exclaimed,

"Let me go, the fighting of these saints is too powerful. If they fight in the ancient immortal world, I am afraid that the ancient immortal world will be beaten to pieces again."

Gaia nodded when she heard Su Chen's words and said,

"Su Chen, the saints in the Great Desolate Immortal Realm are very powerful. If the Demon God of Desire comes to the Great Desolate Immortal World, all the other saints will be able to kill the Demon God of Desire except for the embarrassed Zhunti."

"Yes, especially the saint Lao Tzu. If you give the saint Lao Tzu ten days, I am afraid that you will not be killed by me. Unfortunately, this time it is only a short quarter of an hour."

After Gaia looked at the battle of the six saints, she turned to Su Chen and asked doubtfully, "Will the law of heaven really come in a quarter of an hour?"

"meeting!"

"how do you know?"

Su Chen held Gaia's head and said in frustration, "Gaia, my origin of heaven is gone. The origin of heaven was used to summon the ancient heaven."

Gaia asked in surprise, "What?" Did you use the origin of Heavenly Dao to attract the Primordial Immortal Heavenly Dao?"

Su Chen said helplessly,

"Otherwise, do I have to watch you be wiped out?"

Su Chen also looked for a reason to explain the disappearance of the origin of Tiandao.

He didn't want to deceive Gaia, but because of the existence of the system, it was impossible for Su Chen to tell anyone. This time, with Tiandao as the scapegoat, Gaia even wanted to doubt him. impossible

"Well!"

Gaia was very embarrassed when she heard what Su Chen said.

Su Chen even lost the most precious source of heaven in order to save her. This made Gaia very indebted to Su Chen. She decided to help Su Chen plunder some more heaven in the future. Origin.

Su Chen patted the person who was thinking about Gaia and asked,

"Gaia, do you know any secrets? Otherwise, why would Hongjun want to kill you? Gaia shook her head in confusion and replied,

"secret? No, I haven't even met Hongjun, how could I possibly know any secrets."

No?

Su Chen frowned when he heard Gaia's answer.

Since Gaia has never met Hongjun and doesn't know any secrets, why does Hongjun have to kill Gaia and die?

This doesn't make sense!

Could it be that Hongjun has lost his mind and gone crazy?

Su Chen looked at Gaia and guessed that Gaia is the only saint left in the Western God Realm. Does this status make Hongjun have some scruples? But why didn't Hongjun wake up early

?

Destroyed Gaia?

It was very easy for Hongjun to kill Gaia before. Why did Hongjun not hesitate to threaten the six saints to kill Gaia after Gaia and himself arrived?

Su Chen shook his head I just can't understand.

Well,

I'm just a little golden immortal. Isn't this embarrassing a little person like me when

I think about these big shots ? Su Chen looked at the six saints who were still fighting and shook his head. For a quarter of an hour , It's coming, the battle of Sanqing is meaningless. Sanqing has offended him again this time. If they don't pay some price this time, their sect and disciples in the ancient immortal world, Su Chen will think that they will be killed. Some

"Chaos clock!"

Suddenly,

Su Chen sensed danger, and he hurriedly summoned the Chaos Clock!

Boom!

Dang!

Just as Su Chen summoned the Chaos Clock, a huge palm suddenly appeared and slapped him and Gaia.

Poof!

Cough cough cough.....

Su Chen and Gaia were immediately slapped and flew away.

Su Chen's body was even split open by the slap. He was knocked thousands of miles away before falling down.

Gaia, covered in blood, hurriedly hugged Su Chen and shouted, "Su Chen, how are you? Are you okay?"

Su Chen wiped the blood from the corner of his mouth and said hurriedly,

"He's not dead yet, Gaia, be careful, this must have been done by that old bastard Hongjun himself."

Su Chen was also very frightened when he looked at Gaia.

Gaia is now very miserable. Her body is cracked, her breath is shrinking, and golden blood is constantly flowing out of her mouth.

Gaia is even missing an arm.

Gaia is a saint. He was almost killed by Hongjun's palm. If Su Chen hadn't summoned the Chaos Clock in advance, he and Gaia would have been slapped to death.

"Hongjun? He actually took action himself?"

Chapter 1982

Gaia was confused when she heard Su Chen's words,

Hongjun?

Is the number one saint in the world really so powerful?

Hongjun didn't even show up, and he almost killed her and Su Chen with one palm. The first saint in the prehistoric immortal world was too powerful.

The six saints also stopped fighting at this time. They all saw the attack of the huge palm just now, and the six saints also knew that Hongjun was going to take action himself. boom!

At this time, a terrifying aura enveloped the area, and an old man appeared here silently.

"I met the teacher."

After Sanqing saw the old man appear, the three of them bent down and saluted, saying,

"I've met Daozu!"

Empress Nuwa and the Two Saints of the West also saluted Hongjun.

After Hongjun looked at the six saints expressionlessly, he looked at Su Chen and Gaia thousands of miles away.

Hongjun's heart is now He was very angry.

The six great saints of Gaia, a small saint in the second heaven, did not kill him, and there were even three saints who disobeyed his orders.

Hongjun fell short of his achievements, no,

Hongjun was completely finished. , his calculation from the beginning of becoming a saint until now, is just about to complete the last step, but he did not expect that this last step would be destroyed by a little golden immortal.

Boom boom boom.....

Hongjun's powerful aura continued to burst out from his body, puff puff puff.....

The six saints were shocked by Hongjun's powerful momentum and spat out a mouthful of blood.

They all looked at Hongjun in horror.

The six saints all knew that Hongjun was very powerful, but he defeated the six of them with just his momentum. He was so shocked that he vomited blood. Hongjun's strength may have reached the tenth level of the Saint Realm.

"Chaos clock!"

Puff!

Puff!

Thousands of miles away, Su Chen and Gaia were shocked and spurted out blood.

Su Chen was very wary when he looked at Hongjun.

However, a quarter of an hour has come, and the way of heaven should be coming soon. Hongjun No matter how awesome Jun is, Hongjun is just a younger brother in front of the Heavenly Dao. At this moment!

Hongjun was very helpless when he looked at the Great Desolate Immortal World. The Prehistoric Heavenly Dao has arrived.

He only had one chance to make a move before, but he still didn't kill him. Gaia in the Western God Realm.

Hongjun can no longer take action again, otherwise, the Great Desolate Heaven will directly destroy him.

Hongjun deceives the Great Desolate Heaven this time, and even wants to kill Su Chen and Gaia, and the Great Desolate Heaven is probably impossible. Let him go.

Whoosh!

Hongjun instantly appeared opposite Su Chen and said coldly,

"Emperor Su Chen, you really made me underestimate you. I should have killed you at all costs."

Su Chen looked at Hongjun in a panic and said angrily,

"You old bastard, you are going to be in bad luck this time. You dare to deceive the ancient way of heaven, and you even want to kill me. Hongjun, you will shed your skin this time even if you don't die."

Hongjun laughed loudly when he heard Su Chen's words and said,

"Ha ha....., "

"Years of planning came to nothing in the end. The Chaos Demon God, the three prehistoric tribes, the two Lich tribes, the human race, and even the saints"

"I controlled all of these easily, and even planned to destroy them, but I didn't expect that a little golden immortal would ruin my plan from the beginning of becoming a saint."

Su Chen was very shocked when he heard Hongjun's words.

Hongjun actually started planning when he became a saint? All powerful creatures in the ancient world were plotted by Hongjun?

Chaos Demon God?

This should be the Five Elements Demon God and those unlucky ones like Yang Mei.

Three tribes?

Dragon, phoenix, and unicorn.

There are also wizard tribe, demon tribe, human tribe, and even saints. What is Hongjun planning?

Su Chen thought about it and guessed, "Hongjun, you don't want to Planning the ancient way of heaven, do you want to control the ancient immortal world?"

"oh? Why do you think so?"

Hongjun didn't expect that Su Chen would guess his plan.

This little golden fairy really surprised him.

The saints and even the quasi-sages in the ancient immortal world didn't think of this. They didn't even dare to think about it. Thinking about it, how could Su Chen, a little golden fairy, guess it?

Su Chen smiled and guessed,

"The three clans competed for hegemony, so that the Chaos Demon God either died or fled. You, the only Chaos Demon God, were left in the prehistoric fairyland, and the prehistoric heavenly way was conceived and born."

"In order not to be expelled or killed by the ancient law of heaven, you chose to join the way. The ancient law of heaven at that time was definitely incomplete, and the ancient law of heaven also needed an agent of heaven. Hongjun nodded and replied, "You are right, Emperor Su Chen, please continue!"

Su Chen heard that Hongjun actually admitted it.

He didn't feel surprised after thinking about it.

This time Hongjun offended the Great Desolate Tiandao. Hongjun's identity as an agent of the Great Desolate Tiandao may be over. Hongjun even wanted to replace the Great Desolate Tiandao. The plan may have completely failed.

Hongjun should just break the pot and it doesn't matter.

"The war between the witch clan and the demon clan"

"This must have been planned by you. When the demon clan was weak, you helped the demon clan over and over again, in Wuzhangdi and demonzhangtian. This was clearly because you wanted the lich to die together."

"But the collapse of Buzhou Mountain Tianzhu"

"Hongjun, you did this on purpose, and it was you who disturbed the mind of Gong Gong, the ancestral witch, and even secretly weakened Buzhou Mountain's defense. Otherwise, how could he have broken through Pangu's armor with the help of an ancestral witch Gong Gong? Ancient Tianzhu."

Hongjun nodded and admitted,

"You guessed it right, I want the Witch Clan and Monster Clan to perish together, and I also did it to the Buzhou Mountain Tianzhu. Heavenly Emperor Su Chen, can you guess why I want to destroy the Buzhou Mountain Tianzhu?"

Su Chen continued to guess with a serious face,

"That's because you want to weaken the ancient Heavenly Dao, and the collapse of the Buzhou Mountain Tianzhu will definitely bring trauma to the Ancient Heavenly Dao. In this way, you will have the opportunity to take advantage of the authority of the Ancient Heavenly Dao."

Su Chen felt that his guess was not wrong.

Since the Great War between the Lich and the Lich, the Prehistoric Immortal World has become weaker and weaker. The Tianzhu of Mount Buzhou collapsed, and the innate spirits in the Prehistoric Immortal World turned into acquired spiritual energy. Even the powerful Prehistoric Immortal World, it is simply unreasonable to let the human race of acquired creatures be the protagonists of the world.

In the subsequent Conferring God War, the prehistoric immortal world was broken into four major continents by the saints. This made the prehistoric heaven even more weak, so

that the prehistoric heaven was actually against Three thousand small worlds have lost control.

The Tianzhu of Mount Buzhou collapsed!

The battle between saints shattered the prehistoric world!

Hongjun, as a saint of the prehistoric world and the agent of heaven, the collapse of the Tianzhu of Mount Buzhou and the shattering of the prehistoric world will be shattered. It is getting weaker and weaker, and the prehistoric heaven will also be getting weaker and weaker. Does Hongjun know about this?

If Hongjun had stopped it one step in advance, would this still happen?

Therefore,

Su Chen felt that these things were planned by Hongjun behind the scenes. promote.

Chapter 1983

Hongjun was very surprised when he heard Su Chen's guess. How could Su Chen, the Emperor of Heaven, guess these things for a little golden immortal who was only over 20 years old ? What happened tens of millions of years ago, why did Emperor Su Chen know this? If Hongjun hadn't checked that Su Chen was not the reincarnation of the Chaos Demon God, he would definitely have thought that Su Chen was the Chaos Demon God. The saints nearby heard the conversation between Su Chen and Hongjun. They were all very surprised. They did not expect that the great events that happened in the ancient world were all driven by Daozu Hongjun behind the scenes. Daozu Hongjun was actually a Chaos. Demon God? This startled them. The six saints looked at Hongjun with vigilance. Hongjun just said that all the saints had been plotted against him. The six saints all wanted to know how they were plotted by Hongjun. Su Chen looked at Hongjun's surprised look and asked with a smile,

"Hongjun, is my guess right?"

Hongjun nodded with an ugly face and said,

"good! Your guess is right, I just want to weaken the prehistoric immortal world and steal the power of the prehistoric heaven."

"Hongjun, do you still need me to continue guessing? Hongjun laughed and said to Su Chen,

"Haha, it's all said and done. Emperor Su Chen, just continue to tell your guesses. I also want to know how many secrets you know."

Su Chen smiled when he heard Hongjun's words.

He really didn't know much, but Su Chen had read a lot of ancient novels before traveling through time. Hongjun's conspiracy was not a secret to him.

"Human race?"

"Hongjun, the emergence of the prehistoric human race is the foundation for your future control of the prehistoric immortal world."

"Although the human race is an innate Taoist body and does not need to be transformed naturally, the potential of the human race is too low. Even after the human race was selected by you as the protagonist of the prehistoric world, you calculated against the human race."

"The prehistoric human race is the protagonist of the world, and a saint should appear. However, you divided the Hongmeng Purple Qi into eight. The human race should have had one human emperor, but you made it into eight human emperors."

"Even the fate of the human race"

"You also planned to separate me from the hands of the Nuwa Empress. You should be responsible for the Kongtong Seal, the most precious treasure of human luck, and your boy Haotian is the chess piece you use to control the human race."

Hongjun looked at Su Chen and nodded, saying,

"good!"

"The human race should have a heavenly saint, and Hongmeng Ziqi was also divided into eight by me."

"The most precious treasure of the human race, the Kongtong Seal, also cut off the opportunity for me to have a relationship with Nuwa, and gave me a chance to have a chance with the Kongtong Seal, thus taking away Nuwa's destiny in the human race. Haotian is also my tool to control the human race."

"Emperor Su Chen, do you know why I do this?"

When Nuwa and I heard what Hongjun said, their faces were very ugly.

I didn't expect that the human race's most precious Kongtong Seal turned out to be Nuwa's chance. The reason why he got the Kongtong Seal was originally done by Hongjun. Damn it, Hongjun wanted him to take away Nuwa's fortune in the human race.

Nuwa Empress had long heard Su Chen say these things, but Hongjun admitted it herself, and she was still very angry.

Su Chen thought about it The bad nature of the human race spoke,

"That's easy for humans to control"

"The reproduction ability of the human race is very powerful, but the internal fighting of the human race is even stronger. The human race has too many desires, such as greed, laziness, lust, jealousy, rage, and gluttony. If the human race has these desires, you can control the human race very well."

"Besides, you have killed all the saints and emperors of the human race. Without a strong leader, the human race will fall apart."

"Moreover, Empress Nuwa is confined in chaos by you. Over time, the human race will forget about Empress Nuwa, the Holy Mother. In the future, the human race will only worship the gods of heaven. This is very beneficial to Haotian's control of the human race."

"Hongjun, these are all under your control. The human race is probably crucial to your future plans, right?"

Hongjun nodded and admitted,

"Yes, among all the races in the prehistoric times, the human race is indeed in control. The human race has a very strong reproductive ability, and the human race's luck is also very huge. This is indeed crucial to my future plans."

Su Chen looked at the six saints next to him and asked with a smile, "Hongjun, do you want me to continue talking about those saints?"

"Tell me!"

Su Chen looked at Hongjun, the old bastard, and continued.

"The six saints, it is better to say that they are six chess pieces. First of all, Nuwa is the first chess piece to be eliminated. After Nuwa created the human race, her role was over, so you let Nuwa go to Chaos as soon as possible. live"

"Jie Yin and Zhunti, they are just tools, a tool to bring disharmony between the Three Purities. Jie Yin and Zhunti may not be able to become saints, but you may use the power of heaven to make the two saints of the West become saints through the merits of heaven."

"Can the merits of heaven be borrowed?"

"If the merits of heaven can be borrowed, why can't Patriarch Minghe and Zhen Yuanzi become saints by borrowing the merits of heaven? Don't say that they are destined saints. These are all your tricks to fool people."

"Sanqing, they could become saints by relying on the merits of opening the sky, and they could even practice the law to become saints, but you taught the three corpses to become saints. Hongjun, it seems that none of the three corpses to become saints you taught was successful. You said you Is this also a conspiracy?"

"There is also the Conferred God War, the internal strife of the Three Pure Ones, and the destruction of the ancient world. These were all planned by you early in the morning. You have planned everything since you handed it over to Master Tongtian's Zhuxian Sword Formation. Master Tongtian, that stupid hapless guy, he got I am still complacent after defeating the Immortal Killing Sword Formation"

"Sanqing was forced to eat the Meteorite Pill, which may have been intentional on your part."

Su Chen said that these are all speculations.

I got the innate treasure Tai Chi Diagram, Yuan got the innate treasure Pangu Banner, these can suppress luck, and the leader of Tongtian got the Zhuxian Sword Formation.

Although the Zhuxian Sword Formation is powerful, but It is impossible to suppress luck. If the Zhu Xian Sword Formation is used, Jiejiao's luck will collapse.

Besides, only the Four Saints cannot break the Zhu Xian Sword Formation.

Hongjun obviously told the other saints that only the Four Saints can break Zhu Xian. Sword array.

The faces of the six saints turned dark when they heard what Su Chen said.

What chess pieces?

The six saints are just chess pieces?

But when they heard what Su Chen said, they all fell silent.

What Su Chen said was true. Yes,

Nuwa was driven to live in chaos as soon as she created the human race, and the other four saints started fighting in the prehistoric fairy world.

Sanqing was very angry when they looked at Hongjun.

They did not expect that they would fall into Hongjun's trap step by step. It was Hongjun's plan to even be forced to eat the Meteorite Pill.

"Emperor Su Chen, you really know a lot about the Meteor Saint Pill, and you actually know it too."

Chapter 1984

Hongjun found that he still underestimated Su Chen.

This little golden immortal knew too much about the Meteorite Pill. Only he and the six saints knew about it. It was impossible for the six saints to reveal the Meteorite Pill. Su Chen How do you know the existence of Meteor Saint Pill?

Hongjun felt that Su Chen would be his biggest enemy in the future, even more threatening than the Chaos Demon God Yang Mei.

However,

Hongjun is not able to deal with Su Chen yet. With the prehistoric way of heaven, he simply cannot take action against Su Chen.

Su Chen spoke nonsense without any shame, "Meeting Holy Pill? This is the information given to me by the ancient heaven. I am the son of the heaven, and I know everything that happened in the ancient world.""

"Haha, Son of Heaven?"

Hongjun burst out laughing when he heard Su Chen's words.

Tiandao is just a manager of the ancient immortal world who can think emotionally, but this little golden fairy is still talking nonsense in front of him.

Su Chen didn't care when he heard Hongjun's laughter.

However, he has said so much and delayed it for so long.

Why hasn't the prehistoric heaven arrived yet? Could it be that the prehistoric law has not arrived yet? Dao fell asleep again?

Gaia was standing next to Su Chen with a confused look on her face.

She didn't understand at all what Su Chen just said.

Gaia didn't understand the ancient world of immortality. She felt like she was listening to what Su Chen said. Gaia only knew that Hongjun was an old scheming man who even planned a terrible thing.

In the prehistoric fairy world, many quasi-sages were very confused when they looked outside the prehistoric realm.

The battle between the six saints, the appearance of Dao Ancestor Hongjun, and even Dao Ancestor Hongjun attacked the Emperor of Heaven Su Chen, and now,

Dao Ancestor Hongjun actually started talking to Emperor Su Chen. Although they, the quasi-sages, didn't know the content of the conversation, they all felt that it was definitely not a good thing.

In the heavenly court, the Queen Mother and the other girls originally saw Su Chen being attacked, and they all wanted to go to the rescue.

However, they saw that the attacker was Daozu Hongjun, and now Su Chen actually started talking to Daozu Hongjun again.

The women were stunned

"Do we still want to go there?"

"Go, since Daozu Hongjun attacked Su Chen, I'm afraid he won't let it go."

"Yes, Chang Xi, you prepare the Zhoutian Star Formation. Although these are useless, we can give Su Chen a chance to escape."

"Okay, Chang'e and I will prepare now"

"Wait, Su Chen is fine. Just now the main body has sent news that the Great Desolate Heavenly Way is outside the Great Desolate Territory. With the Great Desolate Heavenly Way present, Taoist Ancestor Hongjun does not dare to take action against Su Chen."

"Then we'll wait and see"

"Why did that little bastard offend Daozu Hongjun this time?"

In the Yaochi Fairyland, the girls talked for a while and decided to wait.

Since the good corpse of the Nuwa Empress said that there is a prehistoric heaven, they are not worried that Su Chen will be killed by Hongjun. Su Chen is in the prehistoric fairyland. The Emperor of Heaven, it is impossible for the ancient ways of heaven to let Hongjun kill Su Chen.

At this moment, outside the realm of the ancient immortal world,

Su Chen, Hongjun, the six saints, and Gaia, none of them spoke anymore. They were also waiting for the appearance of the ancient ways of heaven. He is also waiting for the punishment of Hongjun by the ancient heaven.

Hongjun is also very uneasy now.

What he is most worried about is that the ancient heaven will expel him from Cai Tiandao. If Hongjun is expelled by the ancient heaven, then he will really It's over. As long as the Great Desolate Heaven doesn't expel him, Hongjun still has a chance to annex the Great Desolate Heaven, and his many years of planning will have a chance to be implemented again. The six saints are all very confused now.

The Great Desolate Heaven has arrived early tomorrow, why didn't he show up? ?

It stands to reason that the Eye of Prehistoric Heaven should have appeared a long time ago. Isn't the Prehistoric Heaven ready to show up?

Su Chen's face turned dark at this moment. If the Prehistoric Heaven did not appear again, Gaia would definitely be killed by Hongjun.

A quarter of an hour?

This It's been almost half an hour.

Didn't the system girl get it done?

Or was the way of heaven deceived by Hongjun again?

No!

If the way of heaven was deceived by Hongjun, Hongjun would have killed Gaia long ago. He couldn't have been there all the time. Waste of time here

"God, are you asleep? Don't sleep, something big has happened, come out quickly."

Su Chen couldn't help it anymore.

He wanted to take Gaia into the Immortal Realm after taking down Hongjun as soon as possible.

Su Chen still had many things to worry about. Why did Su Yan come to the Immortal Realm like this? Why did Hongjun want to kill Gaia

?

?

What is so special about Gaia? He must figure this out as soon as possible.

Boom!

There was a loud noise, and in the sky outside the prehistoric fairy world, a huge Eye of Heaven appeared.

It was cold, ruthless, majestic, and even made people look at it. Looking at Su Chen indifferently with the fearful Eye of Heaven.

Come on!

The ancient Heaven has been here for a long time?

Then why didn't it appear?

Well, wouldn't Heaven not appear if we don't summon the Heaven?

Su Chen saw the Eye of Heaven appear,

He thought that it was no wonder that Hongjun had not dared to take action. It turned out that the ancient law of heaven had arrived a long time ago. When

Gaia saw the appearance of the ancient heaven, her body trembled. The heaven of the ancient immortal world was much more powerful than the heaven of the yin and yang realm. She Looking at the Eye of Heaven, I was very frightened. Gaia was like an

insignificant ant in front of the ancient Heaven. The six great saints looked at Su Chen and were speechless.

The ancient Heaven had arrived long ago, but never appeared.

Su Chen Unexpectedly, as soon as he called the Great Desolate Tiandao, the Great Desolate Tiandao appeared. They all felt that the Great Desolate Tiandao loved Su Chen too much.

Hongjun looked at the Great Desolate Tiandao with a gloomy face.

He was at the tenth level of the saint realm, but he still couldn't see it. The strength of the ancient heaven is revealed.

This is probably the twelfth level of the peak saint realm.

The twelfth level of the saint is one level and one reaches the sky.

The strength gap in each realm is very large.

Hongjun did not expect that the prehistoric heaven has been weakened. It's still so powerful. It's even more powerful than the Heavenly Dao a year ago. Hongjun couldn't understand what was going on.

Su Chen looked at the Great Heavenly Dao and shouted,

"Tiandao, you should know what happened today. Hongjun is a big villain who endangers the ancient world of immortality. You should punish Hongjun severely, preferably by depriving him of his holy status."

"Shuzi!"

Hongjun couldn't help but cursed when he heard Su Chen's words, damn the little scumbag, deprived of his holy status?

Doesn't this mean he should die?

Hongjun thought that if he was deprived of his holy status by the prehistoric way of heaven, not to mention Su. Chen, this little scumbag, even the six saints next to him would not let him go. When the six saints heard Su Chen's words, their eyes lit up, and they all looked at Hongjun.

If Hongjun was deprived of his holy status, they would all They attacked Hongjun mercilessly and

Hongjun's calculations against the six saints. They were previously afraid of Hongjun's powerful strength and did not dare to be dissatisfied. But after Hongjun was deprived of his holy status, what did they care about?

"No!"

Chapter 1985

The cold and ruthless voice of the Primeval Tiandao reached everyone's ears.

Su Chen was very confused when he heard the voice of the Primeval Tiandao.

The ancient way of heaven is not accurate?

Why?

Hongjun wanted to annex the ancient heaven and control the ancient world, and even wanted to destroy the ancient world.

The collapse of the Buzhou Mountain Tianzhu and the shattering of the Great Desolate Immortal Realm are all weakening the Great Desolate Immortal Realm and the Prehistoric Heavenly Way.

Is the Prehistoric Heavenly Way stupid?

What Hongjun has done is already unforgivable, and the Great Prehistoric Heavenly Dao didn't even punish Hongjun severely. How come the Primeval Heavenly Dao and Hongjun have been in love together for so many years?

Japan and Europe!

Didn't Hongjun really do something unspeakable to the ancient heaven?

After the six saints heard the answer from the Great Desolate Heavenly Dao, they were all very frustrated.

If the Great Desolate Heavenly Dao did not deprive Hongjun of his holy status, the six great saints would not dare to take revenge on Hongjun.

Hongjun smiled at this moment, but he was still very uneasy.

He had not passed this level yet.

Although the Great Desolate Heavenly Dao had not deprived him of his holy status, he was still worried that he would be expelled from the Heavenly Dao.

Su Chen thought about it and couldn't help but shouted angrily at the Great Heavenly Dao,

"Tiandao, are you confused? Hongjun wants to destroy the prehistoric immortal world, and even wants to devour you. Hongjun is just deprived of his holy status, which is already advantageous to him, so you don't punish him severely? Do you have Alzheimer's disease?"

Boom!

I'm Fake!

The Yin and Yang Eyes of Heaven's Punishment?

Damn it!

The Great Desolate Heaven is not going to attack me again, right?

Su Chen just angered the Great Desolate Heaven, and the Heaven's Punishment Yin and Yang Eyes appeared in the sky.

Su Chen saw the Heaven's Punishment The Yin and Yang Eyes were very confused. Although he had known the Heaven Punishment Yin and Yang Eyes for a long time, the Heaven Punishment Yin and Yang Eyes seemed to appear every time they hit him.

Su Chen looked at the Heaven Punishment Eyes and then left and shouted to Tiandao,

"Tiandao, I was joking just now, don't take it seriously."

Boom!

It's him!"

"Chaos Clock, stop me!"

Dang Dang Dang.....

The yin and yang eyes of Heaven's Punishment were directed at Su Chen and he cast down Heaven's Punishment. Huge black thunder struck Su Chen continuously.

Su Chen was originally injured by Hongjun's palm, and his body even had cracks. Now he was struck by Heaven's Punishment continuously, and his body was cracked and bleeding.

When Su Chen saw Gaia coming to help him resist heaven's punishment, he hurriedly stopped him and said,

"Gaia, don't come here, stay away"

"okay!"

Gaia also thought that Heaven's Punishment couldn't help resist it, otherwise the power of Heaven's Punishment would be even more powerful.

The six saints shook their heads when they saw Su Chen being struck by Heaven's Punishment.

They all felt that Su Chen was too arrogant.

Su Chen He dared to insult Heavenly Dao before, and now he dares to anger Heavenly Dao. Isn't this asking for death?

Hongjun looked at Su Chen who was being punished by Heaven with a smile on his face.

This little scumbag kept letting Heavenly Dao punish him. To the point of death, Hongjun wished that Su Chen would continue to anger the Great Heavenly Dao. It would be best if the Yin and Yang Eyes of Heaven's Punishment could kill this little scumbag.

Boom boom boom.....

Ten heavenly punishments!

Eleven ways!

Twelve ways!.....

In just a quarter of an hour,

Su Chen received more than twenty punishments from heaven.

Su Chen was covered in blood and looked at the yin and yang of the punishments that were still coming down. His face was very ugly.

Nuwa looked at Su Chen's bloody look, and she felt very uneasy when she looked at the way of heaven.

Could it be that the way of heaven would let the yin and yang eyes of heaven strike Su Chen to death just because Su Chen disrespected her?

In the prehistoric fairy world, all the quasi-sages and Daluo Jinxian saw Su Chen being slashed by heaven's punishment. They were all very confused, again!

How many times is this?

Heaven's Punishment Is this the Heavenly Emperor's Splitting? Are you addicted to it?

Why is it that every time the Yin and Yang Eye of Heavenly Punishment appears, it kills the Heavenly Emperor Su Chen?

In the fairyland of Yaochi, the girls saw the Heavenly Punishment slashing Su Chen.

They were all very worried.

Su Chen looked bloody and embarrassed, and even Su Chen's body was about to crack and shatter. They knew that Su Chen might have to persist. Can't stand it anymore.

However, this is a natural punishment, and they cannot save Su Chen even if they are worried.

Boom boom boom.....

The thirty-second heavenly punishment!

The thirty-third heavenly punishment!

The thirty-fourth heavenly punishment! boom!

The thirty-fifth heavenly punishment!

After the 300,000th Heavenly Punishment was given, the Heavenly Punishment Yin and Yang Eyes disappeared.

Su Chen was lying in the void covered in blood.

Blood flowed from his mouth, nose, ears, and even his eyes. His body would probably crack if he touched it. Shattered.

Gaia quickly came to Su Chen and asked hurriedly, "Su Chen, are you okay? How is your condition now?"

Gaia looked at Su Chen's cracked body and did not dare to touch her. She was afraid of touching Su Chen. After the body is broken, Su Chen will be broken into pieces and die.

"I have nothing to do, Gaia, take me away, leave the prehistoric fairy world, and go to the Western God Realm. Let's leave now."

Su Chen spat out mouthfuls of blood as he spoke.

He couldn't hold on and was about to fall into a coma. He can't stay in the Ancient Immortal Realm any longer.

I'm afraid the Heavenly Dao has some thoughts. The way of heaven is unfair. He will definitely die if he stays in the Ancient Immortal Realm.

"Okay, let's leave, let's go to the Western God Realm!"

Gaia wrapped Su Chen with divine power and prepared to leave.

Su Chen almost died this time, and she no longer yearned for the ancient world of immortality.

Empress Nuwa looked at Su Chen and hurriedly shouted, "Su Chen, you have to leave. The prehistoric fairy world?"

Su Chen looked at the Great Immortal World and nodded in confusion, saying,

"good!"

Su Chen doesn't want to leave the Great Desolate Immortal Realm, but he really can't stay in the Great Desolate Immortal Realm anymore.

Heaven is unfair.

If he stays, he will be killed by Hongjun sooner or later.

Su Chen doesn't have no way out, the Western God Realm!

Even the Yin and Yang Realm!

He can go there.

In the Western God Realm, he is still the God King of two gods. In the Yin and Yang Realm, there is Yin Ji in his black tower. When Yin Ji is released, Yin Ji will definitely welcome him to stay in the Yin and Yang Realm..

When Empress Nuwa heard that Su Chen was really going to leave the Immortal Realm, she said anxiously, "Are you the Emperor of Heaven in the Immortal Realm? If you leave the ancient world of immortality, what will happen to Heaven?"

"Ha ha....Ahem...., the Emperor of Heaven in the prehistoric immortal world? It's okay if the Emperor of Heaven doesn't do it."

Su Chen burst out laughing when he heard the words of Empress Nuwa.

"Emperor of Heaven?"

This Emperor of Heaven seems to be a joke now."

"Gaia, help me, I want to inform the prehistoric fairy world!"

Gaia nodded hurriedly and said, "Okay, I will use my divine power to help you inform the ancient world."

Chapter 1986

Laozi and the five great saints of Zhunti were very happy when they heard that Su Chen was leaving the Great Desolate Immortal World.

There was no Emperor Su Chen in the Great Desolate Immortal World, and they did not have to worry about their sect and disciples being destroyed by Su Chen, or even in the future. The prehistoric fairy world will still be under their control.

Hongjun was very surprised when he heard Su Chen's words.

He did not expect that Su Chen would leave the

Great Desolate Immortal World. Su Chen was not only the Emperor of Heaven but also the real controller of the Great Desolate Immortal World. But why did he give up the Great Desolate Immortal World? ?

Was it because he was almost killed by a thunderstorm from heaven?

Boom boom boom.....

At this time,

Gaia's saintly power shook the prehistoric fairy world. This was because Gaia did not dare to be hostile to the prehistoric fairy world, otherwise the prehistoric heaven would probably bring another thunder disaster to her.

After Su Chen was ready in Gaia, he stood up with difficulty and loudly announced to the prehistoric fairy world,

"To the creatures in the prehistoric fairy world, I am Su Chen, the one who  
ahem...Emperor Su Chen"

"However, from now on, I, Su Chen, am no longer the Emperor of Heaven in the ancient immortal world.....Su Chen announces his abdication from now on"

"Today I, Su Chen, announced my withdrawal from the Great Desolate Immortal Realm. From now on in the Great Desolate Immortal Realm, join me cough cough cough.....It doesn't matter anymore"

"To the strong men, immortals, heavenly soldiers and generals of all races who follow me in heaven, I am here to say sorry."

Boom!

Just after Su Chen announced that he was no longer the Heavenly Emperor of the Great Desolate Immortal Realm, the heavenly destiny in his body collapsed, and the Heavenly Emperor's status returned to the Great Desolate Immortal Realm and disappeared.

At this moment, all the Holy Spirits in the Prehistoric Immortal Realm were stunned. , the Heavenly Emperor Su Chen actually stopped being the Heavenly Emperor in the Prehistoric Immortal Realm?

He even announced his withdrawal from the Prehistoric Immortal Realm? What happened?

Why would a good Heavenly Emperor make such a decision?

"What happened? What happened to the Emperor?"

"I'm afraid the Emperor of Heaven was seriously injured. Didn't you hear the Emperor of Heaven coughing continuously when he announced the Great Desolation?"

"saint? Could it be that the saints forced the Emperor to abdicate? Even forcing the Emperor of Heaven to leave the prehistoric fairyland?"

"Hiss, it's possible. The Emperor of Heaven has unified the Great Desolate Immortal Realm, and even all races support the Emperor of Heaven. Only saints can force the Emperor of Heaven to abdicate, or even force the Emperor of Heaven to leave the Immortal World."

"Damn it, there is no Heavenly Emperor in the Great Desolate Immortal Realm, and the Great Desolate Immortal Realm will probably be in chaos again. What will happen to future realm wars?"

"We are all little people and we are all powerless."

After hearing Su Chen's announcement to abdicate and even withdraw from the Great Desolate Immortal Realm, the creatures in the Prehistoric Immortal Realm had some guesses, but they had no choice. Swish, swish, swish.....

At this time, some quasi-sages rushed outside the prehistoric realm. They wanted to find out what was going on and why the Emperor of Heaven announced his abdication and withdrawal from the prehistoric fairyland.

At this time, the Queen Mother and the other daughters all appeared next to Su Chen.

The Queen Mother looked at Su Chen's miserable appearance and asked worriedly,

"Su Chen, how are you? Su

Chen shook his head and replied, "I'm fine. I've used the Three Lights Divine Water to recover from my injuries.""

Mother Jin Ling looked at Su Chen and asked hurriedly, "Su Chen, do you really want to withdraw from the ancient world?"

Su Chen nodded helplessly and said,

"Well, we can't stay in the ancient immortal world anymore. Yunxiao, go and pick up my daughter Su Yan. I want to take her away."

"What about us?"

The Queen Mother of the West was very nervous when she heard Su Chen's words.

She was worried that Su Chen would not come back after leaving this time. Moreover, Su Chen announced his withdrawal from the Great Desolate Immortal World. The heavenly laws in the Great Desolate Immortal World would not allow Su Chen to come back to the Great Desolate Immortal World.

Su Chen saw After looking at the women, he smiled and said,"You all leave with me. It is very dangerous for you to stay in the ancient fairyland. Take all the fairies and palaces under you with you.""

Su Chen originally didn't want to take them away.

The Queen Mother and the Empress were all gods in the ancient immortal world, and they were even powerful gods. If they left with him, half of the powerful people in the ancient immortal world would be missing.

But Su Chen thought about it,

If women like the Queen Mother continue to stay in the ancient immortal world, they will definitely not end well. Those saints, even Hongjun, cannot let go of those who are close to them.

"Wait for us for an hour, let's go get ready and then come back." When the Queen Mother and other girls heard Su Chen's words, they hurried to the ancient fairy world. They wanted to take away all the treasures they could. Su Chen no longer existed in the ancient fairy world. It is impossible for them to stay in the prehistoric fairyland

"Su Chen, I may not be able to leave."

Houtu's good corpse looked at Su Chen and said helplessly,

Queen Houtu transformed into the underworld.

She and the underworld are an inseparable body. It is impossible for Houtu to leave the ancient fairyland with Su Chen.

Su Chen looked at Hou Tu's good corpse said with shame, "Hou Tu, it's very safe for you to stay in the underworld. Also, let the Wu clan return to the underworld. It's not safe for them to stay in the prehistoric immortal world."

Su Chen promised to let the Wu Clan return to the prehistoric fairyland, but it only lasted just over a year.

Su Chen broke his promise, and there are also the Monster Clan.

The Monster Clan also wants them to return to Beiju Luzhou, otherwise, The Saint Sect will not let go of the demon clan

"well!"

Houtu nodded helplessly.

She understood what Su Chen said.

Without Su Chen's suppression in the prehistoric fairy world, those saint sects that were not good to the Wu clan would definitely conflict with the Wu clan.

At this time,

Empress Nuwa and her After the good corpse was fused, all the memories of the good corpse returned to the original body. After checking the memory with her eyes closed,

Nuwa Empress looked at Su Chenji and said seriously,

"I'll leave with you!"

Su Chen shook his head and said,

"Empress Nuwa, you can't leave. You are a saint, and your soul is entrusted in the ancient world of heaven. Without the permission of heaven, you cannot leave the ancient world of immortality."

After Empress Nuwa looked at the ancient world, she smiled at Su Chen and said,

"Su Chen, didn't you say that Hongjun had tampered with Hongmeng Ziqi? It's useless for me to want this Hongmeng Purple Qi, and I don't want to be controlled by Hongjun anymore. I will return the Hongmeng Purple Qi to Hongjun today."

"Empress Nuwa, if you extract the Hongmeng Purple Qi, you will fall below the holy level. Are you a saint?"

Su Chen was very surprised when he heard what Nuwa said.

He did not expect that Nuwa would draw the Hongmeng Purple Energy. Su Chen had wanted Nuwa to draw the Hongmeng Purple Energy before.

However, he was not familiar with Nuwa at the time..

Besides, extracting the Hongmeng Purple Qi will cause you to fall down from the Holy Level. Su Chen guessed that the Nuwa Empress did not want to fall below the Holy Level.

Today, the Nuwa Queen actually wanted to take the Hongmeng Purple Qi herself.

"A saint who is controlled by others may even be used as cannon fodder at any time. It doesn't matter if such a saint does not do it. Besides, I have practiced the laws of creation to 90%, and it is not very difficult for me to become a saint."

Chapter 1987

When Su Chen told her that there was something wrong with the Hongmeng Purple Qi, Empress Nuwa had already thought about extracting the Hongmeng Purple Qi.

However, she has never made up her mind to extract the Hongmeng Purple Qi. Without the Hongmeng Purple Qi, she will fall to the holy position, which is impossible for the saint who has always been aloof to accept.

But today,

Empress Nuwa figured it out.

In order not to be threatened by Tiandao or Hongjun in the future, Su Chen, this little bastard, gave up his position as Emperor of Heaven.

Su Chen could give up the status of Emperor of Heaven who ruled the ancient world, so what else could she not give up as a saint?

When Su Chen heard what Nuwa said, he nodded and said,

"You decide for yourself."

Boom boom boom.....

Empress Nuwa suddenly flew high into the sky and the powerful saint's momentum was fully activated.

She looked towards the ancient fairy world and announced with a cold face,

"I, the Saint Nuwa, the Holy Mother of the human race, today, I give up the holy position of the prehistoric way of heaven, and the Hongmeng Purple Qi comes out!"

Boom boom boom....

Puff puff.....

As soon as the Empress Nuwa drew out the Hongmeng Purple Qi, she was backlashed by the way of heaven.

After the Empress Nuwa spurted out a few mouthfuls of blood, her realm of saint began to fall.

The saint's fifth heaven, the saint's fourth heaven, the saint's third heaven, and the saint's second heaven. Chongtian, the saint is in the Chongtian.

It was only after she fell to the pinnacle of quasi-sage that Nuwa's cultivation level stabilized.

After Empress Nuwa fell from the holy throne, her soul in the way of heaven also returned to her body. Empress Nuwa looked at the Hongmeng Purple Qi in her hand, and threw it into the air.

"Hongmeng Purple Qi, return to the way of heaven!"

Boom boom boom.....

In the ancient fairyland, all the creatures were still wondering why Su Chen wanted to abdicate. Then they heard the ancient announcement from Empress Nuwa, which was even the announcement of Empress Nuwa giving up the throne.

In the prehistoric fairy world, after the Empress Nuwa fell from the holy throne, there was a rain of blood in the prehistoric fairy world.

All living beings knew that the empress Nuwa really gave up the holy throne.

A saint would not do this.

All living beings They all can't figure it out.

First, the Emperor Su Chen announced his abdication, and now the Snail Empress also announced her relinquishment of the holy throne. What is going on in the prehistoric fairy world today? Why did an emperor of heaven and a saint both make such a big decision?

Hongjun and the other five saints saw that Nuwa Empress had given up her holy position, and even gave up Hongmeng Ziqi.

They were all very surprised that a saint would give up his holy position on his own initiative, and his cultivation even fell to the quasi-saint realm.

Boom boom boom.....

At this time,

Su Chen opened up his sea of luck, the luck of the Human Emperor, the luck of the Xuantian Empire, and even the gods of the Greek and Nordic gods, all of which were rolling over Su Chen's head. With a serious look on his face, he saluted Empress Nuwa and said,

"I am Su Chen, the human emperor, Su Chen, the emperor of the Xuantian Empire, Su Chen, the god king of the Greek pantheon, and Su Chen, the god king of the Nordic pantheon."

"As the Human Emperor, the Emperor, and the Divine King, I order all the human races under my rule to pray to the human race's Holy Mother, Nuwa Empress."

Boom boom boom....

Just as Su Chen finished speaking, his sea of luck started to riot, and then streams of white human luck rushed from Su Chen's sea of luck to Nuwa Empress.

These are the fortunes of all races under Su Chen's rule. Su Chen uses his sea of fortune as a medium to transmit the fortunes of humans in various worlds to Empress Nuwa.

At this moment,

Tianxuan Tianlu!

Godfall Continent!

Western God Realm!

All the human races in the world ruled by Su Chen heard Su Chen's words.

Although some of the people did not understand who the Nuwa Empress was, they knew that this was the order of their emperor, the God King, and all human beings began to pray to the Nuwa Empress sincerely.

The human race's Holy Mother Nuwa will also be enshrined by all humans from today on.

At this time,

Nuwa's aura began to burst out again, and the huge human luck caused Nuwa's cultivation level to begin to increase. boom!

The saint is in the first heaven, the saint is in the second heaven!

The third heaven of saints!

The fourth heaven of saints!

When Empress Nuwa was promoted to the fourth level of sainthood again, her aura stabilized. It was like Empress Nuwa's decoration. Her realm of sainthood was very stable.

Hongjun and the five saints looked on in shock.

Su Chen actually helped Nuwa to regain her holy status, and even returned to the fourth level of sainthood in one fell swoop. This was just one step away from the same cultivation level as Nuwa..

Saints like them all know that Su Chen is the Human Emperor, but Su Chen is still the emperor?

Xuantian Empire?

Is there such an empire among humans?

The god-king of the Greek pantheon and the Norse pantheon?

Su Chen is actually the ruler of other realms? This surprised them all.

Su Chen saw that Nuwa Empress was still sorting out her cultivation state with her eyes closed.

He shook his head and said,

"Almost, it's a pity, if the Western God Realm is unified, Empress Nuwa may be able to return to the realm of the fifth heaven of the saint."

Su Chen was just trying to see if he could help Empress Nuwa return to the throne.

Su Chen had three worlds, and there were more than hundreds of millions of human beings under his rule.

The fate of all the human beings combined was very terrifying, not even inferior to the prehistoric times. The human race in the fairy world.

Su Chen did not expect to succeed this time, but it was also within Su Chen's expectation.

In Tianxuan Continent and Shenyun Continent, this is the first time for the human race here to pray to the Virgin Mother Nuwa. The luck of the human race is also pure.

The humans in the Western God Realm are accustomed to praying.

People in the Western God Realm dare not disobey the orders of his God King. Disobeying the orders of the gods in the Western God Realm is very serious. , not to mention this is the order of the God King.

At this moment, the surrounding quasi-sages saw that Nuwa Empress had returned to the holy throne, and even broke through the fourth level of the Saints in one fell swoop. They looked at Su Chen and felt incredible.

A little golden fairy was able to bring Empress Nuwa back to the throne.

How did Su Chen do it?

Whoosh!

Hongmeng Ziqi suddenly appeared next to Empress Nuwa, and even got into it. In the body.

Touch!

Nuwa grabbed Hongmeng Ziqi and threw it towards Tiandao and said,

"Haha, Hongmeng Ziqi? I don't need it. Heaven's way, it's better to take back the Hongmeng Purple Qi. From now on, I will withdraw from the prehistoric immortal world."

Boom boom boom boom.....

In the sky, after hearing the words of Empress Nuwa, the Eye of Heaven burst out with a powerful aura and enveloped Empress Nuwa. However, after a while, the powerful aura of Heaven slowly dissipated.

"The army of monsters is willing to follow the Emperor of Heaven. Wherever the Emperor goes, the monsters will go!"

Chapter 1988

In the Starry Sky Fortress,

Bai Ze stood in the air and knelt down to Su Chen outside the ancient barrier and saluted,

"The army of monsters is willing to follow the Emperor of Heaven. Wherever the Emperor goes, the monsters will go!"

"The demon clan swears to follow the Emperor of Heaven to the death!"

"The demon clan swears to follow the Emperor of Heaven to the death!"

"The demon clan swears to follow the Emperor of Heaven to the death!"

Bai Ze also made such a decision after careful consideration.

Demon Saint Ji Meng also agreed.

Qin Yuan and Shang Yang were already preparing to leave the Great Desolate Immortal Realm with Su Chen.

The four demon saints all agreed, and the remaining four to five hundred and five hundred The demon soldiers and generals will not object.

If Su Chen leaves the prehistoric fairy world, their demon clan will either retreat to Luzhou in Beiju or be killed. They have no third option.

Follow Su Chen and leave. It is the best choice. After all, even the saint's Nuwa Empress even gave up her holy position in order to leave with Su Chen. What else can they, the demon clan, not let go of?

"The army of the Wu clan is willing to follow the Emperor of Heaven. Wherever the Emperor of Heaven goes, the Wu clan will go."

"The Wu clan swears to follow the Emperor of Heaven to the death!"

"The Wu clan swears to follow the Emperor of Heaven to the death!"

The Wu clan swears to follow the Emperor of Heaven to the death!"

At this time, in the sky above the Xiling Fortress in the ancient immortal world, the great witch Xingtian knelt down and saluted Su Chen. The

Feng Clan's Tianfeng flew into the air and saluted Su Chen, "The Feng Clan is willing to follow the Emperor Xuanniao. Wherever the emperor goes, the Phoenix people will go"

"The Phoenix Clan vows to follow the Black Bird Emperor to the death!"

"The Phoenix Clan vows to follow the Black Bird Emperor to the death!"

"The Phoenix Clan vows to follow the Black Bird Emperor to the death! Ancestor

Pluto also flew into the air and saluted Su Chen, "The Blood Sea Rakshasa tribe is willing to follow the Emperor of Heaven. Wherever the Emperor of Heaven goes, the Rakshasa tribe will go.""

"The Rakshasa tribe swears to follow the Emperor of Heaven to the death!"

"The Rakshasa tribe swears to follow the Emperor of Heaven to the death!"

"The Rakshasa tribe swears to follow the Emperor of Heaven to the death!"

Zhen Yuanzi then saluted Su Chen and said,"The Earthly Immortal Palace is willing to follow the Emperor of Heaven. Wherever the Emperor of Heaven goes, the Earthly Immortal Palace will go there.""

"The Earthly Immortal Mansion swears to follow the Emperor of Heaven to the death!"

"The Earthly Immortal Mansion swears to follow the Emperor of Heaven to the death!"

"The Earthly Immortal Mansion swears to follow the Emperor of Heaven to the death!"

Zhao Gongming flew out of the heaven and saluted Su Chen and said,"The army of heaven is willing to follow the emperor. Wherever the emperor goes, the army of heaven will go."

"The army of heaven swears to follow the emperor to the death!"

"The army of heaven swears to follow the emperor to the death!"

"The army of heaven swears to follow the emperor to the death!"

In the prehistoric fairy world, all the creatures heard that several powerful races and powerful forces were going to follow the Emperor of Heaven.

The creatures in the prehistoric fairy world were stunned.

If these powerful creatures left, what would happen to the prehistoric world? What to do in the Immortal World?

How to fight wars outside the territory?

Rely on Buddhism?

Rely on those saint sects?

Outside the Immortal World,

Hongjun and the five great saints have very ugly faces, including the Witch Clan, the Monster Clan, the Rakshasa Clan, the Phoenix Clan, and the Earth Immortal Clan. Mansion, the army in heaven, they did not expect that there would be so many forces and races in the prehistoric fairy world willing to follow Su Chen.

Su Chen has been the emperor of heaven for more than a year. Emperor Su Chen is really worthy of being followed by these races and forces. ?

At this moment, Su Chen was very happy when he heard about these races and forces that were willing to follow. In this way, he also had soldiers at his disposal. Even if he wanted to conquer other realms, Su Chen still had tens of millions of gods. army

"Dad!

After Su Yan was brought here by Guanyin Bodhisattva and Our Lady of Wudang, she was very worried when she saw Su Chen's miserable appearance. When

Su Yan saw Su Yan arriving, he waved with a smile and said,

"Yan'er, why did you, a girl, come to the ancient world? You are such a naughty girl."

Su Yan took Su Chen's hand and rolled her eyes and said,

"Dad, please stop talking about me. Look at your appearance. You are causing trouble. I am not as good as you."

"Ha ha....."

Su Chen laughed when he heard Su Yan's words.

Su Yan was really similar to him. Both father and daughter loved to cause trouble, and they didn't even know how to stay at home.

"Guanyin, Wudang, you go tell those races and forces that are willing to leave with us, and ask them to prepare quickly. It is best to find a treasure that can accommodate the army. We want to leave from Chaos this time, and the weak ones simply cannot. walking in chaos"

"Okay, we'll notify them immediately."

Guanyin Bodhisattva and Wudang Holy Mother nodded, and they quickly returned to the ancient fairyland.

Su Yan looked at the female giant next to Su Chen and was very curious.

She had no time to care about the female giant now.

Su Yan looked confused. He asked Su Chen, "Dad, are we leaving the prehistoric fairyland?"

Su Chen touched Su Yan's little head and said with a smile,

"Well, we are no longer welcome in the prehistoric fairy world, but one day I will call back"

"not welcome? Dad, you wouldn't have done anything to offend the Great Heavenly Dao, would you?"

"Not this time, Yan'er, things are a bit complicated this time. I'll talk to you later."

"All right!"

At this time,

Zhulong from the Dragon Clan arrived and saluted Su Chen, "Emperor of Heaven, Zhulong has failed the Emperor of Heaven this time. The foundation of the Dragon Clan is in the Immortal Realm of the Ancient World, and it is impossible for the Dragon Clan to follow the Emperor of Heaven."

Su Chen waved his hand and said with a smile, "Zhulong, you don't need to say more, I also understand the difficulties of your Dragon Clan. Just like the Nether Clan in the underworld, they can't follow me."

Su Chen also knew that it was impossible for some races to leave the Great Desolate Immortal World. The races he left with this time had abandoned everything, and even leaving the Great Desolate Immortal World was indifferent. The ancestor of Minghe could give up the sea of blood and leave with him, Zhen Yuanzi

Su Chen admired them very much for being able to ignore the immortal mansions in the prehistoric immortal world.

"Emperor of Heaven, although the Dragon Clan cannot follow the Emperor of Heaven, the dragon army of the Dragon Clan in Xiling Fortress can follow the Emperor of Heaven!"

"Zhulong, thank you very much"

"This is what the Dragon Clan should do. If we don't follow the Emperor of Heaven, our Dragon Clan still owes the Emperor of Heaven."

"Ha ha....., This is already very good, already very good!"

Su Chen is very satisfied with the Dragon Clan.

Xiling Fortress has a powerful army of almost tens of millions of Dragon Clan. These are the foundation of the Dragon Clan. The Dragon Clan is already very good at achieving this level.

Boom boom boom.....

At this time, the Eye of Heaven suddenly burst out with a beam of light and enveloped Hongjun.

"No, the ancient law of heaven, don't expel me. If you expel me, the ancient law of heaven will be incomplete."

When Su Chen and the strong men around him heard Hongjun's cry, they all looked over hurriedly.

Boom boom boom.....

After Hongjun was expelled from Heavenly Dao,

Hongjun's harmony was over.

He would no longer be the spokesperson of Heavenly Dao. Even the authority of Heavenly Dao that he had stolen before was completely taken back by Heavenly Dao.

The saint is in the tenth heaven, the saint is in the ninth heaven, the saint is in the eighth heaven,.....

Hongjun suddenly felt that his cultivation realm was plummeting, and he shouted angrily, "Ah! Damn it, my countless years of planning are all over."

Chapter 1989

Su Chen saw Hongjun being expelled from Tiandao by the prehistoric Tiandao.

This made him a little surprised.

It was only at this time that the Great Desolate Heavenly Dao attacked Hongjun. Did the Great Desolate Heavenly Dao do it for him?

But is it still useful now?

Su Chen had given up on the Primeval Emperor and even announced his withdrawal from the Primeval Immortal Realm. Even the Prehistoric Emperor's actions could not change Su Chen's decision.

Besides, after what happened today,

Su Chen was also a little worried about Tiandao.

Although Tiandao has no consciousness, what about the future?

The prehistoric heaven will become more and more powerful in the future. Will the prehistoric heaven always have no consciousness?

After Su Chen experienced the Western God Realm and the Yin and Yang Realm, he felt that it was still not as good as the way of heaven.

Even if there is Tiandao, it must be under his control.

It is impossible for Su Chen to do so many things and end up making a wedding dress for Tiandao. boom!

At this time, after Hongjun was expelled from the heaven, his cultivation realm has been declining, and now he has fallen to the fifth level of the saint. Hongjun's cultivation realm is not even as strong as Lao Tzu. boom!

The fourth heaven of saints!

Hongjun's cultivation realm finally stopped at the fourth level of sainthood, which is the same cultivation realm as Nuwa and Zhunti.

Tongtian Cult Leader,

Original Heavenly Lord,

Jieyin Sage, and even the powerful Lao Tzu are all stronger than Hongjun. Hongjun may be in trouble in the future.

Su Chen looked at Hongjun with some disbelief.

Hongjun was expelled by Heaven.

How could his cultivation level drop so much?

Is this Hongjun's true strength?

Was Hongjun's previous cultivation realm blessed by heaven? Or will Hongjun's cultivation level fall after he loses the source of heaven?

Saints like me looked at Hongjun with strange expressions.

Can Hongjun still be called a Taoist with his strength?

Hongjun's plan for these saints, these saints have a chance to take revenge

"Damn, damn?"

Hongjun felt that he was already in the realm of cultivation, and even the saints around him were looking at him with ill intentions. His face was gloomy and he wanted to leave here immediately.

He knew that he was in trouble this time.

Hongjun did not expect that Heaven would punish Su Chen after , the prehistoric Heavenly Dao actually punished him so severely. He is now expelled by Heavenly Dao. Not only has he lost the authority of Heavenly Dao, but some of the origins of Heavenly Dao have also been taken away by

Heavenly Dao. The fourth level of the saint, he is now just a mere The fourth level of saint cultivation.

Hongjun knew that he was finished.

All Hongjun's plans from the time of becoming a saint were in vain. Now he not only has to face the threat of the saints of the prehistoric times, but also the chaos demon gods like Yang Mei. Maybe let him go.

At this time,

I saluted the Eye of Heaven and said,

"Tiandao, Hongjun forced us Sanqing to eat the Meteorite Pill, and asked Tiandao to help us remove the Meteorite Pill."

"We also ask Heavenly Dao to release the Holy Meteor Pill for us."

Tongtian Cult Leader and Yuan Yuan also hurriedly bowed to Tiandao.

They all hope that Tiandao can remove the Meteorite Pill for them.

If Tiandao removes the Meteorite Pill, they saints will fight against Hongjun, and they don't have to worry about being coerced by Hongjun again..Jie

Yin also bowed to the way of heaven at this time,

"The way of heaven, Hongjun has done something to Hongmeng Ziqi, and he hopes that the way of heaven can relieve us."

After Laozi and other saints heard this, they all hurriedly saluted to Heaven and said,"Please also ask Heaven to help us eliminate the hidden dangers of Hongmeng Purple Qi."

"allow!"

Boom boom boom.....

At this time, a golden light shone on the five great saints,

Laozi and Tongtian, and the Meteor Saint Pill was stripped out of their original bodies, and they all felt the changes in the Hongmeng Purple Qi. This was the way of heaven washing the Hongmeng Purple Qi for them again..

Su Chen and the quasi-sages here all looked at Hongjun.

They all knew that Hongjun would be in bad luck in the future.

Hongjun had no means to restrain the saints, and he was not even as powerful as other saints.

Hongjun will probably be very miserable in the future. Unless Hongjun, like Nuwa, gives up the holy position of the ancient immortal world, it will be impossible for him to leave the ancient immortal world even if he wants to.

Hongjun looked at all this with a gloomy face and said nothing.

He has now completely lost control of these saints, and there is no place for him in the ancient world of immortality.

However, it is impossible for Hongjun to leave the prehistoric fairy world.

If he leaves the prehistoric fairy world, the Chaos Demon God will tear him apart after knowing about it.

Over the past countless years,

Hongjun has offended too many Chaos Demon Gods, and those Chaos Demon Gods who have recovered are basically killed by him. Offended many times, Hongjun dared not leave the prehistoric fairy world no matter how hard he tried.

"What race are you?"

At this moment,

Su Yan came to Gaia and asked curiously. This was the first time for Su Yan to see such a tall female giant. In the ancient world of immortality, although some races were very large, they were all small after they transformed. Almost the same as a human being, but why is this human-shaped giantess still so tall? Su Yan stood next to the giantess. She was not as tall as the giantess's calves. Gaia bent down and smiled at Su Yan and said, "I am a Titan Family, Su Yan, right? I have met your sister Elena. You are much stronger than your sister Elena."

"

"elder sister? I only have one sister, no older sisters! Could you be remembering it wrong? Gaia shook her head and said to Su Yan, "It's impossible. Elena and your father are connected by blood, and Elena is indeed your father's biological daughter."

Su Yan was surprised when he heard Gaia's confirmation, "I have a sister?" My father actually has an illegitimate daughter?"

Su Yan turned around and looked at Su Chen.

She felt that she had another handle on her father. What kind of treasures were she going to extort this time?

Gaia patted Su Yan's little head and said,

"Su Yan, although your sister is sixteen years old, she has just started practicing, and you are about to become an immortal. When you see Elena in the future, you can't laugh at her low strength."

Gaia felt that she wanted to remind Yi Yi, a little eccentric girl, that Gaia could be regarded as Su Yan's mother. She felt that in order for Su Yan and Elena to have a harmonious relationship, the two sisters must not have any conflicts..

Su Yan waved his hand and replied,

"No, no, I have a lot of cultivation resources in my hand, and I will give some to my sister when the time comes."

At this time,

Su Chen came over and said with a smile, "Yan'er, Elena is not my sister, she is your sister!"

After Su Chen heard the conversation between Gaia and Su Yan, he was very speechless.

What sister?

That's my sister, okay?

Although Elena is older than Su Yan, Elena is indeed younger sister

"Go, dad, Elena is already sixteen years old, and I am only eleven years old. How can Elena be my sister? Aren't you confused anymore?"

Chapter 1990

Su Yan was very surprised when she heard Su Chen's words.

She felt that her father was kidding her.

A sixteen-year-old sister?

How can this be?

She is only eleven years old.

Can a younger sister be older than her older sister?

Su Chen knocked Su Yan's little head and said,

"I'm so confused. Your sister Su Yue is also Elena's sister. Although Elena is older, she is indeed your sister. Su

Yan looked at Su Chen in surprise and asked, "Yue'er is also a sister?" Oh my God, Dad, what the hell is going on?"

Gaia looked at Su Chen and was very confused.

She didn't expect that Elena was her sister, a sixteen-year-old sister?

Could it be that Elena came to the divine world from the childhood world?

Gaia felt that Elena should have been there since she was a child. In the God Realm where the world comes, time flows at different speeds in the God Realm and the small world.

This can only be said in the past

"Your sister is from the small world. However, your sister became the queen of a kingdom at the age of sixteen. Elena just has not practiced, otherwise her strength will definitely be that of your sister."

"Small world, it turns out to be like this, just a sixteen-year-old sister, will it be too embarrassing if we meet in the future?"

"You're so embarrassed. It's not you who calls me sister."

"Huh! Yes, Elena wants to call me sister. A sixteen-year-old woman calls an eleven-year-old girl sister. It should be Elena who is embarrassed."

Su Yan thought that Elena would call her sister in the future, so she didn't hesitate anymore. Anyway, it was not her who would be embarrassed by Elena, but she had a sixteen-year-old sister. Su Yan was also very depressed.

"Suchen, we are all ready."

At this time, the Queen Mother, the Golden Spirit Mother, and other women all came back.

Su Chen looked at the girls and nodded and said, "Well, wait a little longer, and we will leave."

The Queen Mother took out a roulette and handed it to Su Chen and said,

"Su Chen, this is the passage leading to the Divine Meteor Continent. We originally wanted to seal this passage, but we didn't expect that this passage would be stripped away from the prehistoric fairy world."

Su Chen said with a smile after taking over the passage to Shenyu Continent,

"The Divine Meteor Continent is mine. Since I am no longer a member of the Immortal Realm, the Ancient Heavenly Dao cannot control the Divine Meteor Continent. It is reasonable for the Ancient Heavenly Dao to strip away this passage."

Then,

Xingtian from the Witch Clan, Bai Ze from the Demon Clan, Ancestor Minghe from the Rakshasa Clan, Zhen Yuanzi from the Earthly Immortal Mansion, Tianfeng from the Feng Clan, Yunxiao gathered the heavenly soldiers and generals from the Heavenly Court, and Chang Xi gathered the Dragon Clan. Army.

After these people arrived,

Su Chen was also ready to leave the Great Desolate Immortal Realm.

After Su Chen looked at the Great Desolate Immortal World, he offered hand sacrificial rituals to the quasi-sage strongmen around him.

"Everyone, see you soon!"

"Congratulations to the Emperor of Heaven!"

All the quasi-sage masters saluted Su Chen, and their voices were so loud that even the creatures in this prehistoric fairyland could hear them.

"The dragon clan congratulates the Emperor of Heaven!"

"The Netherworld Clan of the underworld respectfully sends the Emperor of Heaven!"

"The Qilin tribe respectfully sends the Emperor off!"

"The Demonic Ape Tribe sends the Emperor of Heaven a respectful greeting!"

"The Tianhe Clan respectfully sends the Emperor off!" .....

When Su Chen heard the tributes from all the tribes in the ancient world, he felt unhappy, but he had to leave.

Although he was the supreme emperor in the ancient world, there was always an unstable heaven above his head. No matter how good the development of the immortal world is, as long as the prehistoric heaven is displeased with him, all his efforts will be in vain.

Su Chen picked up Su Yan and shouted, "Gaia is leading the way, Nuwa is behind, let's set off.""

"Yes, Emperor of Heaven!"

Outside the prehistoric barrier, many quasi-sages and saints saw Su Chen and the others leaving.

They all shook their heads and left.

The Starry Sky Fortress and Xiling Fortress in the prehistoric fairy world are now empty, and

Su Chen has not come. Due to the existence of various races and forces, all races and forces have pulled out their armies. There is no need for these races and forces to let their immortal armies continue to stay in the two great fortresses of the prehistoric era.

Boom!

At this time, the prehistoric heaven and earth suddenly shook, and then,

The five great saints all showed excited expressions on their faces.

Prehistoric Heaven allowed saints to return to the prehistoric world.

Although saints were prohibited from fighting in the prehistoric fairy world, this was very good news for them.

However,

Heaven asked them to prepare for the realm war four hundred years later. , this made the five saints have a wry smile on their faces.

Although they are all saints, it is impossible for all the races in the prehistoric world to obey their orders. Besides, the races that Su Chen took away were all powerful races in the prehistoric fairy world. In the future, the world How to fight the domain war?

Hongjun looked at all this with an expressionless face.

He was now the polished commander, and he even had to worry about these saints taking action against him. Hongjun was too lazy to care about these things, so he would just hide honestly first. It's best to get up.

After Zhunti looked at Laozi, Yuanyuan, and Tongtian, he said, "Everyone, we Buddhists guard the Xiling Fortress, and the Starry Sky Fortress depends on you Sanqing"

"Can!"

I thought for a while and agreed.

The two great fortresses in the prehistoric fairyland should be guarded separately by the saints.

Tongtian waved his hand and said, "I will not participate. I have no disciples or sect now. You Decide for yourself."

Tongtian's disciples all followed Su Chen and left the prehistoric fairy world. He is now a polished commander like Hongjun.

Besides, he and I were originally not at odds with each other, and

Tongtian was too lazy to be with them.

Yuan Tianzun heard that Tongtian After the leader's words, he looked at the leader of Tongtian and reprimanded, "Tongtian, this is the order of the ancient law of heaven, do you want to disobey it?"

Tongtian Cult Leader looked at Yuan Yuan and said disdainfully.

"Where is Hongjun? Didn't he also fail to comply? The Xiling Fortress is guarded by the Two Saints of the West, and the Starry Sky Fortress is guarded by your two Saints. If there are saints who come to attack the prehistoric fairyland, I will take action at that time."

I shook my headHe dissuaded me and said,

"Forget it, let's do this for now. We will sit down and discuss things together in the future. The top priority is to deploy the immortal army to the two major fortresses first."

The saints nodded and left.

They also knew that they must deploy the immortal army to garrison the two fortresses as soon as possible. Otherwise, when the realm war begins four hundred years later, they may not be able to defend the two fortresses.

In the chaos,

Su Chen Let Gaia take everyone to the Yin and Yang Realm.

Su Chen felt that the Yin and Yang Realm was better than the Western God Realm. At least there was some spiritual energy in the Yin and Yang Realm. Su Chen only needed to find a way to make the spiritual energy in the Yin and Yang Realm richer. Okay.

In the chaos,

Su Chen thought that after arriving at the Yin and Yang Realm, he was going to change the name of the Yin and Yang Realm.

"The name of the Yin and Yang Realm needs to be changed. What should it be called? Xuantian Realm? Or the black bird realm?"

"Dad, why not call him Su Yan Jieyu? This name is very good!"
