### Chapter 1991

Su Yan heard her father's muttering in Su Chen's arms, and she couldn't help but tell Su Chen her name. If a realm called her name, it would be very majestic, and would even make all realms Everyone knows about her existence

"You're eating farts!"

When Su Yan heard Su Chen say dirty words to her, she pouted and shouted,

"Dad, you actually said dirty words to me? I want to tell my mother, I want to tell my aunts."

Su Chen coughed awkwardly and said,

"Hey, you just said what you said without hesitation. Little girl, how could a realm call you by your name? Don't mess around here."

"snort!"

Su Chen looked at Su Yan and ignored her. He had many things to consider now. The gods in the yin and yang realm must be subdued, and the gods who refused to surrender must be destroyed.

There is also the need to establish a yin and yang realm. In heaven, it is necessary to restore the spiritual energy in the Yin and Yang realm, and to check whether there are other realms linked to the Yin and Yang realm. Su Chen has to find a way to solve these problems. For several days,

Su Chen has been thinking about how to solve the problem in the Yin and Yang realm. But he didn't think about it at all now.

Su Chen thought of the system and hurriedly contacted him, "System, I want to establish a realm of my own, can you help me?"

"Ding, the system can't do anything"

"How could you have no choice but to ask the system if you are in trouble? You are the omnipotent system!"

"Ding, host, you are thinking too much"

"Does the system still need the source of heaven?"

"Ding, you don't have it anymore."

When Su Chen heard what the system said, he knew that the system must still need the source of heaven.

As long as the system needs it,

Su Chen can take care of the system girl. Isn't it the source of heaven? The worst is to destroy several low-level realms in the future.

"I don't have it now, but I will definitely have it in the future. System, please help me. I will share half of it with you when I get the source of heaven."

"Ding, all of them."

I'll go!

The appetite of the girls in the system is too big.

They all want to leave at once.

Then won't I become a person who works for nothing?

Su Chen couldn't help but cursed,

"You're dreaming that I worked so hard to get the source of heaven, and you actually want to take it all for yourself? System girl, are you too dark and shameless?"

"Ding, the system can't do anything"

"Damn it, there is nothing you can do if there is no benefit, I really miss you xxoo"

"Ding, host, if you have nothing to do, don't bother me."

"System, let's do this. The realm I will build in the future will definitely need a Heavenly Way. System girl, how about you separate a clone to be a Heavenly Way? I will take good care of you."

Su Chen made this decision after careful consideration.

The system girl and he have a life-and-death relationship. The system will die when he dies. Everyone may betray him, but the system will never betray him in his life.

Besides, there is a system

Su Chen is also very relieved that his clone is doing the way of heaven.

"Ding, host, are you telling the truth?"

Su Chen felt that something was interesting when he heard what the system girl said, so he hurriedly replied, "Of course, how could your handsome master deceive you?"

"Ding, add half of the Heavenly Dao Origin, and this system will give you a generous gift package in return."

"How big is it?"

Su Chen didn't expect that the system would give back a generous gift package. He used to only receive one month's gift package every month. A generous gift package would definitely be much better than a monthly gift package.

"Ding, it's bigger than you can imagine!"

"make a deal!"

"Ding, congratulations to the host for getting a generous gift package."

Japanese and European!

The system girl is really a real profiteer who never sees rabbits and does things safely.

Su Chen is also speechless.

However, with the help of the system girl, it will be much easier for Su Chen to transform the Yin and Yang realm, even Can make the Yin and Yang realm become stronger quickly

"System girl, open the generous gift package"

"Ding, the generous gift package has been opened. Congratulations to the host for getting: a source of spiritual energy (innate spiritual energy), a city in the sky (heaven), a boundary detector, ten small world passages, three pairs of super boundary teleportation arrays, and ten shadow assassins. Ten thousand (Xuanxian Realm), ten million black-armored troops (Celestial Immortal Realm)."

Holy crap!

Big bang!

This is the real big bang.

The generous gift package really deserves the word "rich".

Su Chen was very happy when he saw the items he got.

Su Yan felt that Su Chen's body was shaking, as if she was emotionally unstable, which made her very confused. Now that they were on their way, why was his father shaking?

Su Yan patted Su Chen on the shoulder and asked, "Dad, Are you having epilepsy?"

"What a fart!"

"Then why are you shaking?"

Su Chen was very speechless when he heard Su Yan's words.

Was he trembling?

It was his own trembling with joy.

"I am happy about your father. Do you know that I am happy?"

"Come on, I'm happy to be on my way. Isn't this just epilepsy?"

Nima, is this my daughter?

Why does it sound like she is a life-and-death enemy? This little cotton-padded jacket is probably dead.

Su Chen shook his head and ignored this little girl. Now he wants to know the use of some of the treasures he got..

When the women around heard the conversation between Su Chen and Su Yan, they all pursed their lips and smiled.

"System, first introduce a source of spiritual energy"

"Ding, spiritual energy source: it can produce innate spiritual energy. The spiritual energy source is stored in the Sky City. The spiritual energy in the Sky City will be as rich as mist, and the spiritual energy in the entire realm will slowly become richer."

Let me go, the source of spiritual energy can have such a big effect?

This is still innate spiritual energy, yes, yes,

Su Chen does not have to worry about the exhaustion of spiritual energy. His realm will have more development potential than the prehistoric fairy world in the future. After all, the prehistoric fairy world The spiritual energy inside is the acquired spiritual energy.

"System and Sky City will also be introduced."

"Ding, City in the Sky: Also called Heavenly Court, it is the size of a small world. There are six areas and a central area, a gate to heaven, which can defend against attacks from the tenth heavenly realm of saints without being shattered. It can be placed above the nine heavens. hide."

Su Chen was really surprised when he heard the system's explanation.

The size of a small world is not too big.

The heaven in the prehistoric fairy world is bigger than a small world.

However, the city in the sky can actually defend the tenth level of the saint. The attack, this effect is a bit unbelievable.

Su Chen is really satisfied with this Sky City. Even the prehistoric heaven cannot hide it, and the Sky City also has a hidden effect, which is not bad.

"System, can the boundary detector search other boundaries?"

Chapter 1992

Su Chen looked at the realm detector.

He felt that it was used to explore other realms, but how far could it probe?

Can we detect those powerful realms? Those are the weak realms?

Su Chen needs the system to explain

"Ding, boundary detector: can detect the boundary within one thousandth of the chaotic area."

"White is the low-level realm, heaven is the realm of saints and below the fifth heaven, and saints are below the realm of three saints."

"Red is the intermediate realm, the way of heaven is for saints below the eighth level of heaven, and the saints are for six saints and below."

"Black is the advanced realm, Heaven is the realm below the tenth level of saints, and saints are below fifteen saints."

"In addition, the super realm cannot be detected at all."

Su Chen was confused when he heard the system's explanation.

It turns out that the detector is so powerful, and the realms are divided into low-level realms, intermediate realms, high-level realms, and even super realms.

The Yin-Yang realm should be low-level. Realms, the Western God Realm should also be a low-level realm, and the Great Desolate Immortal Realm should be a high-level realm. What about the super realm?

Is it the Hongmeng Realm?

Well, there are probably many realms in the chaos, otherwise they would not be classified. The difference.

Su Chen felt a headache just thinking about it.

He patted his forehead and felt very helpless.

If he encountered an intermediate realm or an advanced realm, then the Yin and Yang realm would probably be doomed.

Su Chen looked at the ten objects in the system space. A small world passage, and a super realm teleportation array.

He understood all of these, and

Su Chen did not need to ask the system.

The remaining shadow assassins, and the black-armored army, all came very timely for Su Chen.

There are a hundred thousand shadow assassins in the Xuanxian Realm this time, and ten million black-armored troops in the Celestial Immortal Realm. These are Su Chen's direct line of immortal subordinates and the army of immortals.

Su Yan looked at Su Chen and patted his forehead for no reason. , she was too lazy to care about this crazy father.

They had been traveling quickly in the chaos for four or five days. Why hadn't they reached the yin and yang realm yet?

Su Yan was very afraid of the chaos, especially the evil spirits of the chaos. Even the quasi-sages were disgraced by accident. If there were not two saints protecting them

around, half of the quasi-sages here would have been killed or injured. More than three months later, they finally arrived outside the Yin and Yang realm.

These quasi-sages They all breathed a sigh of relief. After more than three months of walking in chaos, these quasi-saints were all scared. If it weren't for the powerful spiritual treasures and the care of the two saints, I'm afraid not many of them would have arrived alive..

Su Chen looked around and said to everyone, "Everyone, stop for a moment. I want to prepare to do something. Gaia, Nuwa, you prepare, I want to release an imprisoned saint.""

Su Chen plans to first get rid of the saint Yin Ji in the Yin and Yang realm.

If they can get rid of Yin Ji, they will have one more saint.

Su Chen has also taken preliminary control of the Black Tower in the past three months. The people in the Black Tower He had not stopped looking at the four naked female saints in the past four months. Su Chen even had a preliminary exchange with Yin Ji.

When the Holy Mother heard Su Chen's words, she asked in confusion,

"saint? Su Chen, you actually caught a saint?"

Su Chen shook his head and replied, "No, not one saint, but four saints."

"What? You caught four saints?"

"Four saints? Are these four saints saints from other realms?"

"My God, Emperor of Heaven, you actually captured four saints?"

"This is incredible, Emperor of Heaven, are you trying to scare the old Taoist to death?"

"Haha, four saints, I didn't expect that the Emperor of Heaven would capture four saints"

"Su Chen, how did you catch four saints? This is a saint, and you caught four of them at once."

Women such as the Queen Mother, as well as quasi-sages such as Zhen Yuanzi and Ancestor Minghe, they were all frightened when they heard Su Chen's words.

They did not expect that Su Chen actually arrested four saints. This was for each of them. The most powerful existence in the realm,

Su Chen is about to go against the will of heaven!

When Su Chen heard the words of these quasi-sages, his face turned dark.

Can he catch the saints?

Well, he is just a little kid. Little Golden Immortal, can a Golden Immortal catch a saint?

Don't these idiots even think about it?

Su Yan looked at Su Chen and asked speculatively, "Dad, the saint you caught is not a female saint, right?"

"Huh? Yan'er, do you know she is a female saint?"

Su Chen was very confused when he heard Su Yan's words.

How could Su Yan know that the four saints were women? Does Su Yan have other detection abilities?

When Su Yan heard Su Chen's confirmation, she crossed her arms. He snorted coldly,

"Humph, can you, a golden immortal, catch the saint? You must have seduced them first, and then used your spiritual treasures to sneak attack and capture those female saints. Am I right in my guess? Dad?"

Bang!

Su Chen knocked Su Yan's little head with a black face.

He said angrily to Su Yan, "What the hell, would your father seduce those female saints?"

Other people around looked at Su Chen strangely.

They all thought that Su Yan was right.

Su Chen was just a little golden fairy. How could a little golden fairy catch a saint, and there were four female saints? This must be Su Chen's deception to capture the four female saints.

Gaia looked at Su Chen and didn't explain.

She also saw along the way that the relationship between the female saints here and Su Chen is very close. There were even some women who might be Su Chen. Although Gaia didn't care about Su Chen having these women, she still wanted to see Su Chen deflated.

Su Yan curled her lips and did not refute Su Chen.

She didn't want to be beaten again.

However,

Su Yan felt that her guess just now was very correct. There was no woman that her father could not deal with, and the four captured female saints would probably be subdued by her father.

Su Chen took out the black tower and communicated what was inside. Yinji said,

"Yin Ji, I will let you out now. You will put on your clothes in a moment. There are a lot of people outside. Don't worry about the remaining three girls. I will let you out in a few days."

"good!"

Whoosh!

Su Chen's hand gently patted the black tower, and

Yin Ji appeared in front of Su Chen instantly, and Yin Ji appeared in an instant even with her clothes on.

Boom!

"You shameless bastard, I'm going to kill you!"

Yin Ji was very ashamed and angry when she saw Su Chen.

In the past three months,

Su Chen has been looking at the four female saints every day. If they had not compromised and wanted to kill this shameless bastard, they would have been in the black tower. I yelled at this shameless bastard.

Boom!

Gaia and Nuwa simultaneously enveloped Yin Ji with their aura and pressure. If Yin Ji dared to take action again, they would suppress Yin Ji.

"Yin Ji, be more honest, or else you will be imprisoned in the black tower again."

Chapter 1993

Su Chen didn't expect that Yin Ji would want to attack him when she appeared, which made his face look a little ugly. Yin Ji had promised well in the black tower, so why did she turn her back and deny her when she appeared?

Damn it!

Can female saints also deceive people?

It seems that all women are the same.

Zhang Wuji's mother said it right. The more beautiful a woman is, the more likely she is to lie. Female saints are also beautiful women.

"Two powerful saints?"

Yin Ji was locked by the auras of Gaia and Nu Wa. She was very surprised when she looked at Gaia and Nu Wa.

She had seen Gaia before, but she had never seen Nu Wa, the empress of the fourth level of the saint.

Yin Ji Ji looked at Su Chen with an ugly face.

In the past three months, most of what this bastard said was true.

Yin Ji thought of the conversations between Su Chen and her in the past three months, and even wanted to join him. In the Heavenly Court,

Yin Ji thought that Su Chen was talking nonsense.

This time, this bastard actually had another saint, and there were even more than twenty quasi-sages around him. This was more powerful than the entire Yin and Yang Realm. It seemed that this bastard was not lying..

Su Chen saw that Yin Ji had put away her strong momentum and even had a surprised expression on her face.

He knew that Yin Ji had been suppressed by Gaia and Nuwa.

Su Chen asked Yin Ji with a cold face. , "Yin Ji, how have you considered what I have said in the past three months?"

Yin Ji looked at Su Chen and asked doubtfully,

"The realm of Yin and Yang has become a dead realm, the way of heaven has dissipated, the origin of heaven has been robbed, and the spiritual energy will dry up in less than a hundred years. Can you really restore the realm of yin and yang?"

"able!"

"You didn't cheat on me?"

Su Chen glanced at Yin Ji and mocked, "Do you think I can deceive people like you?"

"That's because you were shameless. If you hadn't been stealing for more than three months,.....Anyway, it was you who was shameless."

Yin Ji was so angry when she heard Su Chen's words that she wanted to argue with Su Chen.

But what this bastard has done in the past three months has made it difficult for her to talk about it.

If there weren't many people here, Yin Ji would have scolded her. This bastard has been spying on them for more than three months.

Su Chen frowned and threatened Yin Ji, "I'm too lazy to talk nonsense with you, Yin Ji, if you agree to join, hand over a ray of soul to me, otherwise you will still I will go to the Black Tower and continue to think about my mistakes behind closed doors."

"you....Do you want to control me?"

"I don't believe you. If you hadn't taken action against me this time, I wouldn't have wanted a ray of your soul. Who told you that what you said before didn't count?"

"You shameless bastard, I will never agree to it!"

Yin Ji was very angry when she heard Su Chen's words. She handed over a ray of her soul?

By then, wouldn't Yin Ji's life be controlled by this little scum?

This little scum was simply a shameless pervert, and her life was After this shameless pervert takes control, she will probably be humiliated arbitrarily by this little scumbag. Yin Ji will not trust anyone with her wealth and life.

"Then continue back to the black tower"

"I....."

"receive!"

Su Chen didn't wait for Yin Ji to finish speaking and put her back into the black tower again.

Fortunately, Su Chen kept an eye on it.

The black tower didn't completely release Yin Ji at all. Yin Ji has always been under the control of the black tower. Desire The Demon God's Black Iron is simply a powerful spiritual treasure that specializes in imprisoning people.

"Negotiations failed?"

Empress Nuwa looked at Su Chen and asked with a strange expression.

She had also seen it from Yin Ji's reaction just now. Su Chen must have done something to Yin Ji to make Yin Ji so angry.

Empress Nuwa Thinking of Su Chen's shamelessness, she guessed that Su Chen must have done some shameful things to Yin Ji.

Su Chen touched her nose and said awkwardly, "That woman needs to be dealt with. Let's lock her up for a while."

The people around were looking at Su Chen speechlessly.

They all saw that Su Chen might have done something to Yin Ji, otherwise, the female saint would not have appeared and killed Su Chen.

Su Yan saw Su Chen did not subdue Yin Ji, she looked at the Yin and Yang Realm and asked, "Dad, are we still entering the Yin and Yang Realm?"

"Enter!"

Su Chen waved to everyone and flew towards the Yin and Yang Realm.

Su Chen planned to unify the Yin and Yang Realm first, and then talk to that stinky woman Yin Ji.

Others also followed Su Chen towards the Yin and Yang Realm. Flying over, they also wanted to see the difference between the Yin and Yang Realm and the prehistoric fairy world.

After Su Chen and everyone arrived in the Yin and Yang Realm, they did not go to the mainland in the Yin and Yang Realm.

Su Chen asked Nuwa Empress to take them there Above the Nine Heavens, this is the center of the Yin and Yang Realm, and it is also the best area to control the Yin and Yang Realm. Su Chen plans to place the Sky City here, and this will be the area where the Heavenly Court will be located in the future.

Empress Nuwa and everyone are puzzled Looking at Su Chen, they didn't understand what Su Chen was doing here. Could it be that Su Chen wanted to inform the entire Yin and Yang Realm?

Su Chen looked around and said to everyone, "I will build a city in the sky. This will be the city from now on." Where the heaven is, you watch it from the side"

"Castle in the Sky?"

"Su Chen, do you have another heaven?"

"Castle in the Sky? This is a good name"

"Emperor of Heaven, please arrange the heaven. We also want to see what our heaven will look like in the future."

"The Emperor of Heaven really has means, a city in the sky, and the Emperor of Heaven also has such a spiritual treasure"

"I don't know how the City in the Sky, the Heavenly Court, compares to the Heavenly Court in the prehistoric fairyland."

When everyone heard Su Chen's words, they all looked at Su Chen and said, "They also want to see a city in the sky. After all, the city in the sky will be where they will be stationed in the future."

Su Chen directly communicated with the system and said, "System, put the sky in the sky." The city is arranged above the nine heavens, and 10 million black-armored troops and 100,000 shadow assassins are arranged in the city in the sky."

Boom boom boom.....

Suddenly, the wind surged above the Nine Heavens, and the roar of space squeezing was deafening. After a violent space fluctuation, a huge fairyland suddenly appeared above the Nine Heavens.

A small world-sized city in the sky appeared in front of everyone. The city in the sky was shrouded in clouds and mist. There were beautiful buildings, jade buildings, and golden pavilions. Huge pillars stood around the city. There were even tall and beautiful Western buildings inside. palace.

Gradually, everyone here found that they could not see the City in the Sky clearly, and a huge and majestic white gate appeared in front of them. The City in the Sky seemed to be inside this giant gate. boom!

The giant door was opened, and groups of black-armored immortal armies appeared inside.

In less than a quarter of an hour, ten million immortal black-armored armies appeared in front of everyone in a neat square formation.

When Su Yan saw the black-armored army, he shouted in surprise, "Black-armored army? Father, is this our black-armored army!"

"Haha, you will understand when you look at it"

"Black-armored Immortal Legion, see Your Majesty, see Princess Changle"

"Black-armored Immortal Legion, see Your Majesty, see Princess Changle"

"Black-armored Immortal Legion, see Your Majesty, see Princess Changle"

"Shadow Assassin, see Master, see Princess Changle"

"Shadow Assassin, see Master, see Princess Changle"

"Shadow Assassin, see Master, see Princess Changle."

Chapter 1994

Outside the Sky City,

10 million black-armored immortal legions knelt down and saluted Su Chen, while 100,000 graceful shadow assassins also appeared one after another to salute in front of Su Chen and everyone.

Empress Nuwa and everyone did not expect that these black-armored immortal legions, as well as black-clothed and masked female immortals who looked like assassins, were actually Su Chen's immortal army and immortal subordinates.

The lowest level of cultivation in the Black Armored Immortal Legion are all Heavenly Immortals, and even among the Immortal Generals in the Black Armored Immortal Legion, some are Xuanxian, Jinxian, Tianyi Golden Immortal, and even Daluo Golden Immortal.

The Shadow Assassins were even more surprising.

The lowest level of these masked female immortals was Xuanxian, and the highest level among them was actually a quasi-sage. They also had nothing to say to Su Chen.

A small world of a city in the sky, a legion of ten million powerful black-armored immortals, and a hundred thousand powerful ghost subordinates like assassins

"All flat!"

Su Yan was very happy when he saw the Black Armored Legion and the Shadow Assassins.

These are the legions of the Xuantian Empire, and they are also the foundation of the Xuantian Empire.

The Black Armored Legion and the Shadow Assassins are loyal to their family, even if they are. Even if they all die in battle, they will not betray their family.

"Thank you, Your Highness Princess!"

Su Chen saw Su Yan's happy expression and let him do whatever he wanted,

Black Armor Legion!

Shadow Assassin!

Long time no see!

Ever since Su Chen came to the ancient world, the Black Armor Legion and Shadow Assassin were not enough.

The low-strength Black Armor Legions and shadow assassins are not even cannon fodder in the fairy world.

This time, they can get 10 million black-armored immortal legions and 100,000 immortal shadow assassins.

Su Chen is still very happy.

If the previous black-armored legions, Even the Shadow Assassins can be promoted to the immortal state by the system.

Su Chen will be even happier.

The leaders of the Shadow Assassins, Youruo and Youxue, are his personal shadow guards. Su Chen also misses them a little.

Later,

Su Chen After leading everyone into the Sky City through the giant gate, the black-armored legions returned to guard the Sky City one after another, and the shadow assassins also disappeared into the Sky City.

In the Yin and Yang realm, all the gods were immune to the changes in the nine heavens. I was stunned. The tens of millions of powerful armies of gods above the nine heavens, as well as those powerful gods, made the gods in the Yin and Yang realm tremble.

"Those are alien gods. Is our Yin and Yang realm occupied by alien gods?"

"I'm afraid, yes, the fall of Saint Yangtian and the disappearance of Saint Yinji must be the work of those alien gods."

"We have to prepare. These extraterrestrial gods will definitely conquer the entire Yin and Yang realm. If we don't surrender, we can only prepare for war."

"Yes, we are preparing for war."

"Preparing for war? You are all idiots. All the powerful saints in the Yin and Yang Realm have been killed. Those powerful gods and the powerful army of gods just now, can we in the Yin and Yang Realm defeat them?"

"Yes, those alien gods are too powerful"

"Our gods in the Yin and Yang realm have only two options. One is to prepare for a life-or-death war, or the other is to give up resistance and surrender to the gods outside the realm."

The faces of the gods in the Yin and Yang Realm are very ugly. They also know that there is not much time left for the gods in the Yin and Yang Realm. In the future, they will either surrender or be killed by the gods from outside the realm.

The gods from outside the realm have already been established on the Nine Heavens. Your Majesty

?

Princess?

This must be the arrival of the emperor and princess from outside the territory in person.  
In the central area of

the Sky City , women such as Su Chen and Nuwa Empress, as well as quasi-sages such as Zhen Yuanzi, came all the way from the Sky City. When the city entrance arrived at the central area, their faces were always very excited. This place was simply a fairyland on earth, and the aura of the Sky City was no less than that of the ancient heaven. In the main hall, Su Chen sat with Nuwa and Gaia. Beside him, before he had time to feel the throne of the Heavenly Emperor, Su Yan, a girl, occupied it first, and Su Chen could only take the lower position. Su Chen looked at the quasi-sages such as Bai Ze and Zhen Yuanzi and said,

"Everyone also has a preliminary understanding of the Sky City. There are six areas in the Sky City guarding the central area. The Witch Clan, the Demon Clan, the Phoenix Clan, the Rakshasa Clan, the Dragon Clan, and the Earthly Immortal Mansion. These six areas are where you live and guard central area"

"Yes, Emperor of Heaven!"

Su Chen took out the source of spiritual energy and handed it to the Queen Mother and said,

"Queen Mother, your Yao Chi Fairyland is arranged in the central area. Also, this is the source of spiritual energy, which can produce innate spiritual energy. You will place this spiritual energy source in the Peach Garden."

"good!"

"Su Chen, can this produce innate spiritual energy?"

The Empress Nuwa was very surprised when she heard Su Chen's words.

Innate aura is something that is no longer available in the ancient fairy world.

These innate gods are very concerned about the innate aura. The Empress Nuwa thought that what Su Chen said was true. The cultivation of these people will improve by leaps and bounds in the future.

Su Chen nodded and replied,

"Yes, there will be rich innate spiritual energy in the Sky City in the future. Even in the yin and yang realm, the innate spiritual energy will gradually become richer in the future."

Quasi-sages such as Zhen Yuanzi and Ancestor Minghe looked at Su Chen in bewilderment. They were all confused by Su Chen's big tricks.

No wonder, no wonder Su Chen would react to leaving Honghuang. The Immortal Realm doesn't care at all.

It turns out that Su alone can rival the entire Immortal Realm.

With so many precious treasures in Su Chen's hands, it will be difficult for the Yin and Yang Realm not to be powerful in the future.

They are also very lucky to follow Su Chen.

If they hadn't This time they made a wise decision, I'm afraid they are still suffering in the prehistoric fairyland.

"Zhen Yuanzi, Bai Ze, Xing Tian, Ancestor Styx, and Tianfeng, you all go and arrange your armies and make your armies familiar with the City in the Sky as soon as possible. After a month, start attacking the Yin and Yang Realm. All those who do not surrender will Kill all the gods"

"Yes, Emperor of Heaven!"

After Su Zai Zhen Yuanzi and the others left, he looked at the Queen Mother and the other women and asked,

"Queen Mother, what should we do with the dragon army? There is no quasi-sage in the Dragon Clan. We must arrange for a quasi-sage to lead the Dragon Clan. Which of you women will lead the Dragon Clan army?"

After the Queen Mother and other women heard Su Chen's words, they all shook their heads and were unwilling to lead the dragon army.

After Su Yan heard Su Chen's words, she saw that the Queen Mother and other women were unwilling to go, and Su Yan's eyes lit up. The decision was made.

Su Yan hurriedly jumped to Su Chen and shouted, "Dad, how about I go?"

"Go to hell, please be honest, you are not even an immortal, can you lead the dragon army?"

Chapter 1995

Su Chen was very speechless when he saw Su Yan trying to cause trouble again.

A girl was fighting and killing, not quiet at all.

Su Chen felt that when Su Yan grew up, his eldest daughter might become a lawless warlord. mad Men

"snort!"

Su Yan knew that there was no chance after hearing Su Chen's words.

She returned to the throne of the Emperor of Heaven and sat down.

However,

Su Yan did not intend to give up.

The dragon army might not obey her orders, but the black-armored immortal army would. Her order.

Ten million black-armored immortal legions and one hundred thousand shadow assassins.

She has to get these.

Su Chen turned back and looked at the women here. He wanted to choose one of these women to lead the dragon army. People.

The Nuwa Empress and Gaia in the saint realm are definitely not good.

These two female saints have high-end combat power, and they will face enemies with saint cultivation in the future. The remaining Queen Mother, Wudang Virgin, Golden Spirit Virgin, Fairy Yunxiao, Guanyin Bodhisattva, Queen Mother of the West, Great Witch Jiufeng, Moon Goddess Chang Xi and Xihe, Fairy Chang'e, Demon Saint Qinyuan and Shang Yang.

Among these women,

Su Chen couldn't decide who to lead the dragon army.

At this time ,

Xihe stood up and said coldly to Su Chen,

"Let me go. The Dragon Clan has submitted to the Monster Clan before. I know the Dragon Clan army better. It's better for me to lead the Dragon Clan army."

"Okay, then I'll trouble Xihe Fairy."

Su Chen nodded and agreed.

Xi He, a powerful quasi-sage, can command the Dragon Clan army, which can also convince the Dragon Clan army.

However! Su Chen did not expect that

Xi He could escape from the prehistoric fairyland with him. Su Chen I don't think Xi He, this crazy woman, would like me. It was probably Chang Xi's persuasion. Su Chen continued to say to the girls, "The Dragon Clan army has been solved. Let's discuss what name the Yin and Yang Realm should be changed to. Sky The city should also have a name." After the girls heard Su Chen's words, they looked at each other and said one after another,

"How about calling it Kunlun Realm? Is the city in the sky called Kunlun Immortal Palace?"

"It doesn't sound good. I think it's called Taiyin Realm, and the city in the sky is called Guanghan Immortal Palace."

"How about the Realm of the Gods? The city in the sky is called Yaochi Immortal Palace"

"It might as well be called Pangu Realm, and the city in the sky is called Pangu Palace!"

"In the realm of ten thousand immortals, the city in the sky is called Biyou Immortal Palace.".....

Su Chen was confused when he heard the names given by these women.

What names were they given?

Kunlun Fairyland?

Yaochi Immortal Palace?

Guanghan Immortal Palace?

Pangu Realm?

And that Biyou Palace?

How are their names different from the names Su Yan gave them before?

Su Chen felt like it was a mistake to ask these women to name them.

Forget it, he couldn't use any of these names.

"Ha ha....."

After Su Yan heard the names given by these women nearby, she couldn't help but laugh and roll on the throne of the Emperor of Heaven. Su Yan did not expect that these women would be as childish as her.

After Su Chen glanced at Su Yan who was laughing, he looked at the girls and announced,

"You don't need to say anything, I will decide the name. The Yin and Yang realm will be changed from today to the Xuantian realm, and the city in the sky will be called Merlot Heaven from now on."

When the girls heard Su Chen's words, they all stared at Su Chen.

This bastard had just asked them to choose the name.

Just a moment later, the bastard decided that he would choose the name again, which made them all very unhappy.

Su Chen looked at the girls and said angrily,

"What are you staring at? Were you making up a name just now? Why don't you just follow Su Yan's example and call your names, Queen Mother Realm? Yunxiao Realm, Changxi Immortal Palace? Nine Phoenix Realm?"

The girls were all very embarrassed when they heard Su Chen's words. They thought of Su Yan's words on the way, which made them even more embarrassed.

However, this bastard was too disrespectful to them.

Su Chen looked at these women. With a comfortable expression, he shook his head and said

"Don't be embarrassed, you should also quickly arrange the central area. The fairies, heavenly soldiers and generals must be arranged as soon as possible. In a month, this Xuantian realm will be conquered."

"Well we understand!"

"We'll make arrangements right away!"

"It's time to prepare"

"The fairies and heavenly soldiers and generals are also about to be released."

"Get ready and try to arrange everything within three days."

The Queen Mother and these women all went out to prepare.

They have a lot to do in the past few days, including the layout of the central area, the arrangement of various palaces, the deployment of fairies and heavenly soldiers and generals, all of which they are required to do. Arrangement.

Su Chen took out a teleportation array and gave it to Gaia and said,

"Gaia, you go back to the Western God Realm. This is a realm teleportation array. You give it to God Queen Hera or God Queen Frigga and ask them to find a safe place to set it up so that they want to come to Xuan Realm. The Heaven Realm will be very convenient."

Gaia took over the realm teleportation array and nodded, "Okay, I'll go back right now."

After Su Chen watched Gaia disappear, he suddenly thought of the origin of the Demon God of Desire and slapped his forehead. He was so busy that he forgot to hand over these origins to the girls.

Su Chen looked at the idle Nuwa Empress beside him. Asked Empress Nuwa,

"Nuwa, I have some origins of the Chaos Demon God here. Who do you think among the Queen Mother's daughters can become a saint first?"

Nuwa was a little surprised when she heard Su Chen's words. Did this bastard

, the origin of the Chaos Demon God

, kill a Chaos Demon? Nuwa thought of the Desire Demon God who invaded the Yin and Yang Realm. That Desire Demon God might have been tricked by Su Chen. "Dead,

" Nuwa thought for a while and said to Su Chen,

"The origin of the Chaos Demon God? I didn't expect that you still have this kind of treasure in your hand. If you want to give it to the Queen Mother and those women, I think Xi Wangmu and Xihe are most likely to be sanctified before other women. Chang Xi and the Queen Mother should be the second."

"Understood!"

Su Chen heard what Nuwa said, and he understood who to give the origin of these chaos demons to first.

Queen Mother of the West and Xihe.

They are the innate gods of the ancient immortal world, and they are also the three thousand in the Hongjun Zixiao Palace. Hongke, these two girls are indeed the most likely to advance to sainthood in advance.

A month later, the Merlot Heavenly Emperor also returned to normal, and all areas became lively. Fairies were arranging the Merlot Heavenly Court everywhere, and the immortal army was in various areas. They stood guard and patrolled.

The armies in Merlot Heaven were also unified.

The six major combat legions were ready to go. The war against the gods in Xuantian Realm was imminent.

Chapter 1996

In the Melo Heavenly Court, in the Heavenly Emperor's Palace,

Su Chen was calling Yin Ji in the black tower.

Su Chen had been keeping Yin Ji cold for a month, and today he planned to try to persuade this ungrateful woman.

Su Chen called Yin Ji for a long time, but he didn't wait for Yin Ji's answer.

Su Chenji felt puzzled.

How could Yin Ji not answer him?

Even if Yin Ji didn't agree to join his heaven, she would still curse herself. Why didn't she respond at all this time?

"Yin Ji, are you suffocated to death? Why don't you answer?"

"Inglorious bastard, you are an shameless bastard!"

In the black tower,

Yin Ji and the other three female saints were all flushed.

They did not expect that Su Chen would torture them with desire for a month. Now they are so weak that they have no strength at all, and they don't even have the power to suppress their desires. Exhausted.

After Su Chen heard Yin Ji's scolding, he took the black tower to check the situation inside.

He had not peeked at the four of them in the past month. How could Yin Ji scold himself like this?

I Minato!

What is going on? Are

Yin Ji and the other three female saints drugged?

Why are they all lying on the ground with blushing faces? They even look emotional?

Damn it!

Could it be this Demonic Tower of Desire ? A ghost?

This is not right.

The Demonic Tower of Desire has been refined by himself. If there is any movement in the Demonic Tower of Desire, Su Chen will definitely feel it.

Su Chen looked at the four Yin Ji girls and couldn't figure out what was going on. , however, the Law of Desire of the Demon God of Desire is really terrifying. Even a saint

cannot resist the Law of Desire of the Demon God of Desire. Such an insidious law is really disgusting.

"Yin Ji, what's wrong with you?"

"Don't you know what happened to us?"

"I know shit, I haven't paid attention to you this month, I don't even know what happened to you."

"Um?"

Yin Ji was stunned when she heard Su Chen's words.

Indeed, this bastard has not spied on the four of them in the past month, but how did this desire come? Could it be that they attacked the Demon Tower of Desire?

Yin Ji Ji thought for a while and asked the female saints around her,

"Could it be that we attacked the Demonic Tower of Desire this time and got the energy of desire out?"

"this.....This should be it!"

"I think it might be that since we didn't attack the Demonic Tower of Desire again, the energy of desire did not appear again. This should be the energy of desire caused by our attack on the Demonic Tower of Desire."

"Well, Yinji, the little scum you are talking about is just a golden immortal, how could he know the law of desire."

In the Demonic Tower of Desire, the three charming female saints all told each other with blushing faces.

They all felt that they were attacking the Demonic Desire and received a counterattack. Even as long as the Demonic Tower of Desire was attacked, the Demonic Tower of Desire would release the power of desire. Angry.

After Su Chen admired the graceful figures of the four girls, he continued to shout to Yin Ji,

"Yin Ji, how are you thinking?"

Yin Ji shouted angrily when she heard Su Chen's words, "I won't agree to it even to the death."

"That's up to you."

Su Chen shook his head when he heard Yin Ji's words.

This woman is really stubborn.

However,

Su Chen thought that Yin Ji would self-destruct in the face of the powerful demon of desire. I'm afraid Yin Ji will not be easily persuaded.

Su Chen He looked at the other three women and said,

"If the three of you want to come out, just give me a ray of soul, and I will let you out. I can swear that I will not do those disgusting things to you."

"Are you telling the truth?"

A purple-haired woman asked Su Chen.

She didn't want to stay here anymore.

It has been millions of years.

She was captured by the Demon God of Desire and put into the Demon Tower of Desire for too long. If the Demon God of Desire hadn't made such a breakthrough in retreat, For a long time, she was probably humiliated and raped to death by the Demon God of Desire.

Su Chen nodded hurriedly and replied,

"Of course, I never cheat on women. Think about it, if I wanted to deal with you or even insult you, would I wait until today? The Demonic Tower of Desire has been refined by me now. I only have one thought and you are like lambs waiting to be slaughtered."

"I agree to hand over a ray of my soul!"

The other woman heard the purple-haired woman agree and asked worriedly,

"Ziyun, have you really decided? Zi

Yun nodded and replied, "Luluo, do we still have a choice?" Think about it, if this little scumbag really wants to insult us, can we resist?"

Another white-haired woman nodded beside her and said,

"Ziyun is right, we are the meat in that little scumbag's hands now. If he wants to harm us, we have no ability to resist at all. Luluo decided with a complex expression, "Lingxi, Ziyun, then I agree, and I don't want to stay in this small space any longer.""

The white-haired Lingxi nodded and decided,

"Then let's all hand over a ray of our soul, and hope that little scumbag doesn't go back on his promise."

After Yin Ji heard what Ziyun and the three girls said, she shouted in disbelief, "You guys.....Are you all going to give in to that little scumbag?"

Zi Yun looked at Yin Ji and said helplessly,

"Yinji, we have been in this small space for millions of years, and we don't want to stay here any longer. Besides, that little scumbag has already refined the Demonic Tower of Desire. If he wants to do us harm, he may even insult us. We, can we resist?"

When Yin Ji heard Zi Yun's words, she covered her head with helplessness.

If the three girls of Zi Yun leave, she will be left alone here.

In this space of the Demon Tower of Desire, she just wants to practice. She can't even pass the time. If no one is here to accompany her, Yin Ji feels that she will not be able to bear it in thousands of years.

Whoosh whoosh whoosh!

"This is our soul!"

At this time, three rays of soul were separated by the three women and sent into the air.

Su Chen was very surprised when he saw the three rays of soul in the black tower.

He thought that a female saint would appear first to test him, but he did not expect the other three women. A ray of soul is about to come out. It seems that these three female saints have been imprisoned for a long time.

Damn, these three beautiful female saints have not been harmed by the lust demon.

Whoosh? Whoosh!

Su Chen took control of the Black Tower and put away the three rays of soul.

He had a ray of soul from the three female saints. Su Chen was not afraid that the three female saints would be harmful to him.

"Little scumbag, I agree."

Chapter 1997

After Yin Ji saw that Su Chen had taken away a ray of soul from the three Ziyun girls, she didn't want to stay here anymore.

If that little scumbag wouldn't do anything to her, she would join this little scumbag's heaven. It's nothing, at least this is still the realm of Yin and Yang, and it's still the home where she grew up through cultivation.

Yin Ji also hurriedly separated a ray of soul and sent it into the air.

The three Ziyun girls looked at Yin Ji and shook their heads.

They thought that Yin Ji would give in in the end, but they didn't expect it to be so soon.

However, this is fine. At least the four of them are still together. They will meet each other in the future. Even if something bad happens, the four of them can advance and retreat together.

Swish swish swish!

At this time, after Su Chen collected the souls of the three girls Zi Yun and Yin Ji, he released the four girls.

After the four Yin Ji girls were released, they were very surprised when they looked at this majestic hall.

The four Yin Ji girls suddenly felt the innate spiritual energy in the hall. They were all very surprised.

"here it is.....Huh? Is there actually innate spiritual energy here?"

Su Chen shook his head when he looked at the four women who appeared.

These four women were really smart.

Su Chen didn't even remind the four women to put on tops and skirts. All four women appeared in front of him in an instant, neatly dressed. Damn it!

I will no longer be able to enjoy the beautiful scenery.

Su Chen sat on the throne of the Heavenly Emperor and said with a smile, "There is nothing surprising. In my Merlot Heavenly Court, innate spiritual energy is the most basic existence. You all should report. Tell me your name and level of cultivation"

"Ziyun, a third-level saint, comes from the Tianfeng Realm, but the Tianfeng Realm has been destroyed."

"Luluo, the second level saint, comes from the green realm. The green realm was also destroyed by the Chaos Demon God."

"Lingxi, the second heaven of saints, comes from the realm of water. The realm of water was also destroyed by the Chaos Demon God."

"Yin Ji, the first level of saints, comes from the realm of yin and yang."

The four girls looked at Su Chen and reported.

Su Chen nodded after hearing this. He also understood the strength and origin of these four female saints.

Whoosh!

At this time,

Nuwa and Gaia quickly Appearing in the hall, they also sensed the aura of the saint and hurried over. When

Su Chen saw Nuwa and Gaia arriving, he hurriedly said,

"Nuwa, Gaia, these are the new saints who have joined our heaven. Please take them to get familiar with our Merlot heaven."

Su Chen was worried that Nuwa and Gaia would misunderstand him.

The four female saints were not wearing clothes in the black tower. Gaia, the female giant, secretly told Nuwa that he had been under the influence of Nuwa for the past half month. Wa's supercilious treatment

"All right!"

Nu Wa glared at Su Chen and left with the four Yin Ji girls.

Gaia curled her lips at Su Chen and left quickly. She also wanted to know about the situation of the other three female saints.

Damn it!

What's going on? Nuwa is like his own wife?

After Su Chen watched these female saints leave, he shook his head speechlessly.

Every time Nuwa came, it seemed that she was here to catch an adulterer. Su Chen didn't know how Nuwa could be like this. In a leisurely mood.

Su Chen leaned on the throne and touched his chin, thinking that the six legions should have set off.

Within a month,

Xuantian Realm will be in his hands.

Now is the time to check what realms are around him. How can the domain and the way of heaven be revived? How can the system replace the new way of heaven? Su Chen also has to figure this out.

At this time,

Elena ran over and shouted to Su Chen, "Father, please help Help me, my eldest sister keeps bullying me."

Su Chen felt a headache when he saw Fei Fei Elena.

In the past half month, the teleportation array between the Xuantian Realm and the Western God Realm has been opened, and the passage to the Divine Meteor Continent, Su Chen, has also been reconnected.

Su Yan,

Su Yue,

Elena Su, these three daughters were noisy all day long. He was really helpless to these three naughty daughters.

"Elena, didn't I give you the twelve Dinghai Divine Pearls? How can your eldest sister still bully you?"

"My father, the Dinghai Shenzhu was deceived by my eldest sister."

I'll go!

That little girl Su Yan is so shrewd.

That girl knew that she couldn't break the defense of the Dinghai Pearl, so she actually defrauded Elena of her spiritual treasure.

Su Chen looked at Elena with some sympathy.

Elena Although she was older than Su Yan, she was no match for that little devil.

Su Chen took out the ninth-grade Pure World White Lotus and handed it to Elena.

"Forget it, Elena, I'll give you this ninth-grade Pure World White Lotus. Your eldest sister will return it to you after playing with the Dinghai Divine Pearl."

This Pure World White Lotus is still the white lotus seed that Guanyin Bodhisattva gave her before. Su Chen only discovered the white lotus seed during this time, and she didn't know when it had been promoted to the ninth level.

"Thank you father!"

Elena ran out happily after getting the Lingbao given by Su Chen.

Su Chen saw Elena running away with the Lingbao, which made him feel something was wrong.

Why didn't Elena let herself help her? White lotus refining white lotus? Su Chen hurriedly checked what Elena had done.

I'm going!

Is this his daughter?

Is she cheating on her father?

Su Chen saw Elena, Su Yan, Su Yue, and the three sisters on a fairy platform. They were talking to each other, and Elena also took out her twelve Dinghai Divine Pearls. Su Yan and Su Yue were also eating fairy fruits and laughing.

Su Chen gritted his teeth when he saw everything and wanted to beat the three sisters. , was Elena bullied by Su Yan just now?

Was the twelve Dinghai Divine Pearls in Elena's hand deceived?

Su Chen stood up and sat down again.

He saw that the three sisters could live in harmony. They get along with each other, and can even join forces to deceive themselves.

Su Chen shook his head and smiled.

This is a good sign.

Su Chen also hopes that the relationship between the three sisters will be so good in the future.

At this moment, on Sendai,

Su Yan and Su Yue, and even Elena were all smiling as they ate the fairy fruit.

Su Yan ate the fairy fruit and said to Elena, "Elena, what I said is right, it's best to lie to dad, and you can do whatever you want in the future." Tell the eldest sister that I must be able to help you."

Su Yue reminded me when she heard Su Yan's words,

"Eldest sister, father cares about us. If you speak ill of father like this, if Aunt Jingyu finds out in the future, eldest sister, you will be locked up in the dark room again."

Su Yan pinched Su Yue's little nose and asked with a smile, "Xiao Yue'er, you don't want to tell the truth, do you?"

Su Yue hurriedly shook her head and replied, "No, no, I have never betrayed my eldest sister. Elena smiled when she looked at Su Yan and Su Yue.

Although Su Yan and Su Yue were younger than her, each of them was smarter than the other. The eldest sister Su Yan was always straightforward in doing things.

Thinking of it, Do whatever you want. The second sister Su Yue is more ghostly.

Elena found that Su Yue did no less bad things than Su Yan, but Su Yue always pretended to be cute to confuse others.

However,

Elena These two sisters treated her very well.

They gave her a lot of spiritual treasures and strange treasures. Su Yan even gave her a legion of 100,000 troops, and they were also powerful black-armored monks.

"It's really good to have two sisters!"

Chapter 1998

In Xuantian Realm, after the heavenly gate of Merlot Heavenly Court was opened, powerful armies of gods quickly appeared from the fairy gate.

In just an instant, tens of millions of divine armies gathered outside the Merlot Heavenly Court.

Boom boom boom.....

At this time, thunder was rolling in the sky in the Xuantian Realm, and the originally clear sky was instantly covered with dark clouds, and a powerful force enveloped the Xuantian Realm.

The creatures and gods in the Xuantian Realm looked at the sky in horror.

Some powerful gods saw tens of millions of powerful armies above the nine heavens. Each of them looked very pale. These powerful gods Everyone knows that the alien gods are going to take action.

Outside the Merlot Heavenly Court,

Taibai Jinxing held the Emperor's Imperial Decree in his hand and opened it and read loudly.

"In the realm of Xuantian, the Emperor of Heaven issued an edict:'

"From now on, the Yin and Yang Realm will be renamed the Xuantian Realm. All creatures in the Xuantian Realm must obey the orders of the Merlot Heavenly Emperor. Wherever the Heavenly Army goes, they must surrender."

"Anyone who disobeys orders will be killed!"

"Those who gather to rebel will be killed!"

"Anyone who violates the orders of the Emperor of Heaven will be killed!"

Just after Taibai Jinxing finished reading the imperial edict of Emperor Su Chen, the six combat legions began to take action. The great witch Xingtian stood in front of the witch legion, raised his giant ax and shouted,

"The Wu clan combat legion fights for the Emperor of Heaven and clears all obstacles for the Emperor of Heaven! The Witch Clan Legion, attack!"

"For the Emperor of Heaven, death is not a pity!"

"For the Emperor of Heaven, death is not a pity!"

"For the Emperor of Heaven, death is not a pity! Demon

Saint Bai Ze also followed the order and said,

"The demon clan combat legion fights for the Emperor of Heaven and clears all obstacles for the Emperor of Heaven! The demon army, attack!"

"For the Emperor of Heaven, death is not a pity!"

"For the Emperor of Heaven, death is not a pity!"

"For the Emperor of Heaven, death is not a pity! Tianfeng ordered loudly in her clear voice,

"The Phoenix Clan combat legion fights for the Emperor of Heaven and clears all obstacles for the Emperor of Heaven! Phoenix Legion, attack!"

"For the Emperor of Heaven, death is not a pity!"

"For the Emperor of Heaven, death is not a pity!"

"For the Emperor of Heaven, death is not a pity!"

Subsequently, the Rakshasa tribe in Styx, Zhen Yuanzi's Earth Immortal Mansion, and the Dragon tribe controlled by Xi He all ordered their armies to start attacking. The six major combat legions attacked in four directions this time, with the Wu tribe attacking in the east and the demon tribe attacking In the south, the Rakshasa tribe attacks the north, the Earth Immortal Palace attacks the west, the Dragon tribe is responsible for attacking the sea, and the Phoenix tribe is responsible for attacking the sky.

For up to a month, the Xuantian realm must submit to the Mero Heavenly Court, and those who do not submit will be killed.

Xuantian realm In the domain, all the flying creatures and gods understand that the Mero Heavenly Court outside the domain is going to attack the Yin and Yang realm, and those who do not surrender will be killed. Ordinary creatures don't care about this. These are the wars of the gods, and ordinary creatures are participating. Impossible.

The gods in the Xuantian Realm are in trouble. They have no chance of winning against the army of Mero Heaven. However, after surrendering, they are worried that they will be treated like slaves. At this moment,

Su

Chen did not care about Mei Luo. Luo Tianting's dispatch of the army would not be any obstacle to the elite soldiers and generals of the Witch Clan and Demon Clan in a small realm.

Su Chen thought of Gaia's matter, that old man Hongjun Why did Zamao have to kill Gaia? He hasn't thought about it clearly yet.

"System, why did Hongjun want to kill Gaia at all costs? do you know?"

"Ding, host, Gaia is the only saint left in the Western God Realm. If Gaia joins the Prehistoric Immortal Realm, the Prehistoric Heavenly Dao will be able to obtain the complete Western God Realm, and the Prehistoric Immortal Realm will have the possibility of reaching the super realm."

"At that time, Hongjun will lose its effectiveness and will even be treated as a moth and killed by Heaven."

Su Chen was still a little puzzled after hearing the system's words.

Why would the prehistoric Heavenly Dao get the complete realm if it gets the last saint of the Western God Realm? Does it mean that the last saint represents the final luck in a realm?

Su Chen shook his head and didn't think about these things.

He thought that the prehistoric heaven had already expelled Hongjun. Could it be that the prehistoric heaven was complete?

"System, this is wrong. Didn't the prehistoric Heavenly Dao expel Hongjun? Has the ancient way of heaven been completed?"

"Ding, no, the prehistoric heaven is forced to do this. Hongjun is too selfish, which has seriously affected the development of the prehistoric immortal world. Even if the prehistoric heaven is incomplete, it will expel Hongjun, otherwise the prehistoric immortal world will definitely go to death."

Su Chen nodded when he heard the system's words.

This may be the best explanation.

Su Chen thought that after the journey to the west, the gods in the prehistoric fairy world seemed to slowly disappear. This may be that the gods in the prehistoric fairy world were not destroyed. Killing means escaping from the dead world of immortality.

"System, use the realm detector. I want to know what realms are around the Xuantian realm."

"Ding, host, there are only two low-level realms around the Xuantian realm, the realm of light and the realm of darkness."

"The way of heaven is the fifth heaven realm of saints"

"There are three saints in the Realm of Light, one saint in the second heaven of the saint realm, and two saints in the first heaven of the saint realm."

"There are two saints in the Realm of Darkness, one is at the second level of the Saint Realm, and the other is at the first level of the Saint Realm."

I'll go!

The system had a seizure today?

How could the system tell me this so readily?

Could it be that the system chick hacked me too badly last time and is trying to make up for it this time?

Su Chen was very surprised when he heard what the system said. Before Chen used his boundary detector, the system told him this information.

What happened to the system girl?

Su Chen was confused and asked, "System, why are you so kind to tell me this this time?"

"Ding, host, the source of heaven you owe me must be fulfilled as soon as possible. The system tells the host this because it wants you to seize the source of heaven as soon as possible."

Damn it!

I thought that the system's conscience was still intact, what's wrong with him, but the system actually wanted him to pay off his debts.

Su Chen had a dark face and didn't want to talk to the system girl.

It's so abominable, it's a waste of his feelings.

Su Chen rubbed it He rubbed his forehead and said to himself,

"In the realm of light and the realm of darkness, the way of heaven is the fifth heaven of saints. There are five saints in total, two saints are on the second level, and three saints are on the first level. The saints are easy to deal with, but what about the way of heaven? The Heavenly Way of the Saint's Fifth Heaven may not be easy to deal with."

Su Chen thought that the most powerful Nuwa around him was the fourth heaven of the saint, and the empress Nuwa could not be the opponent of the fifth heaven of the saint.

Do they want to fight against the heaven in a group?

Chapter 1999

Su Chen thought for a while and decided to operate on the Dark Realm first.

He now has six female saints.

Nuwa is the fourth heaven of saints, Ziyun is the third heaven of saints, Gaia, Lingxi, and Luluo. The three of them are the second heaven of saints. That woman Yin Ji is the first heaven of saints. Couldn't the six great saints still besiege and kill a saint in the fifth heaven?

"System, give me the coordinates of the Dark Realm. Your handsome master is going to work for you."

"Ding, yes!"

Damn it, this action is really fast!

Su Chen saw that there was an extra compass in the system space.

He shook his head and was very speechless.

Even if he destroyed the Heavenly Dao in the Dark Realm, the origin of the Heavenly Dao in the Dark Realm Half of the system needs to be divided.

Su Chen still has six great saints to divide.

When the time comes, he will definitely not leave a drop of the origin of heaven in his hands.

At this moment,

Ziyun and Yinji are surrounded by everything in Merlot Heavenly Court. They were shocked, a small world in the sky city, rich innate spiritual energy, all kinds of top-grade innate spiritual roots!

The powerful army of gods, numerous quasi-saints,

Merlot Heavenly Court was the most powerful one they had ever encountered. Heaven.

Yin Ji looked at all this with a confused face.

The Yin and Yang realm was renamed Xuantian realm.

She didn't care about this. What

Yin Ji didn't expect was that

Su Chen, a little golden immortal, actually ruled Mei Luo Tianting, a little scum of the Golden Immortal, not only has more than twenty powerful quasi-sages, but also two saints. This makes Yinji unable to figure out why these powerful quasi-sages and saints Will she obey that little scumbag?

Yinji looked at Nuwa and Gaia and asked doubtfully,

"Nuwa, Gaia, why do you listen to a little golden fairy? And those powerful quasi-sages, how could they obey a little golden fairy?"

The three Ziyun girls also looked at Nuwa and Gaia.

They also couldn't understand why two powerful saints listened to a little scum? Could it be that Nuwa and Gaia were also controlled by Su Chen?

Gaia also looked at Nuwa curiously.

She was also very interested in these.

Empress Nuwa looked at the four female saints Yin Ji, she recalled what happened to Su Chen in the ancient fairy world and said,

"There is no reason, don't underestimate Su Chen"

"Back in the Great Ancient Immortal Realm, Su Chen had just been promoted to become an Immortal. He was granted the status of Heavenly Emperor by the Great Ancient Heavenly Dao. Su Chen even completely ruled the entire Prehistoric Immortal Realm for the first time with the realm of a Golden Immortal."

"Su Chen has been ruling the Prehistoric Immortal World for more than a year. All the tribes in the Prehistoric World have obeyed Su Chen's orders. This has never happened in the Prehistoric Immortal World."

"And when we left the prehistoric fairyland"

"Some powerful races in the Prehistoric Immortal Realm abandoned the Prehistoric Immortal Realm and were willing to follow Su Chen. All races in the Prehistoric Immortal Realm even paid tribute to the departure of the Emperor Su Chen."

"Su Chen has a unique charm, a feeling that makes people trust her very much."

Nu Wa thought of what Su Chen did in the ancient world of immortality, and she was also puzzled by everything Su Chen did.

Why was Su Chen granted the status of Heavenly Emperor by Heaven?

Why did those powerful races in the ancient world of immortality attack Su Chen first? Chen bowed down and proclaimed himself a vassal?

She had not figured this out.

However,

Nuwa also had some guesses.

The women around Su Chen might be the key factor.

Nuwa felt dumbfounded every time she thought about this.

In the mortal world, it has been spread Men conquer the world by force, and women conquer the world by men.

Fortunately for Su Chen, he actually relied on women to conquer the world.

Yin Ji and the other four were very surprised when they heard what Nuwa said.

They did not expect that Su Chen had just become a Immortal, he was granted the status of Heavenly Emperor by Heaven. That little scumbag is a shameless pervert. The four girls did not feel anything special about Su Chen.

"Su Chen is calling us, let's go to the Heavenly Emperor's Palace!"

Nu Wa suddenly felt Su Chen's call, and she waved to the girls, and they disappeared.

In the Temple of the Emperor of Heaven,

Su Chen looked at the six Nuwa empresses who had arrived, and he told them the information about the realm of darkness. After telling these female saints, Su Chen also wanted to know if the six saints could work together to kill the Heavenly Dao of the Dark Realm of the Fifth Heaven of the Saints. When

Empress Nuwa and other female saints heard what Su Chen said, they all It was unbelievable.

They did not expect that Su Chen would launch a war against other realms, and even kill the Heavenly Dao to snatch the origin of the Heavenly Dao. These female saints were frightened by Su Chen's thoughts. After hearing Su Chen's words, the Nuwa Empress, she frowned and thought for a moment before saying,

"The heavenly way of the saint's fifth heaven? A saint from the second level of saint realm and a saint from the first level of saint realm?"

"Su Chen, this may be a bit difficult. If there is only one saint with the fifth level of heaven, the six of us can defeat him together, but with two more saints, we may be powerless."

Yin Ji stared at Su Chen and said loudly,

"There is no way we can succeed. We are all saints with low strength. The top priority is to practice well to show our strength. Now is not the time to launch a realm war."

Luluo nodded and said,

"Yes, the Xuantian realm is still a low-level realm. Our top priority should be to practice and improve our strength first. We have no chance of winning in a realm war."

Zi Yun said with a helpless look, "Even if we can defeat the Saint's Fifth Heavenly Way of Heaven, we female saints will probably be damaged."

Lingxi looked at Su Chen and reminded,

"It's better not to start a boundary war yet. There is innate spiritual energy in the Merlot Heaven. As long as we practice for thousands of years, our strength will increase. It will not be too late to launch a boundary war at that time."

Gaia did not speak.

She would not oppose Su Chen's decision.

As long as Su Chen decided to launch a boundary war against the Dark Realm, Gaia would help Su Chen conquer the Dark Realm.

Su Chen heard these people. The saints raised their eyebrows at the words, and he felt very helpless in his heart.

Su Chen's low strength made it impossible to fight, and these female saints did not want to start a realm war now. Except for Nuwa and Gaia, the other female saints. The saints were not willing to fight at all.

Su Chen thought for a while and then stood up and ordered,

"Nuwa, Gaia, get ready. We are going to kill Tiandao in the Dark Realm. Yinji, Ziyun, Lingxi, Luluo, you stay in the Xuantian Realm. After the three of us leave, the four of you will be responsible for guarding."

Chapter 2000

Su Chen did not want the four female saints Yin Ji to participate this time. The four Yin Ji girls had no desire to fight at all. Even after the war started, the four girls would probably not be able to work hard.

I'm afraid it won't work to deal with the Realm of Darkness this time, but Su Chen can do something dirty.

In the Realm of Light,

Su Chen plans to take down the three saints, Nuwa and Gaia in the Realm of Light first to deal with the Realm of Light. The saints in the realm should be a piece of cake. After taking control of the three saints in the realm of light, he will have three more cannon fodder in his hands, which will make it much easier to deal with the saints in the realm of darkness.

As for how to deal with Tiandao,

Su Chen could only make plans at that time, otherwise he would force those cannon fodder to die.

Nuwa and Gaia nodded when they heard Su Chen's words.

Ziyun and Yinji looked at Su Chen in disbelief.

The six of them might not be able to take down the Realm of Darkness. Su Chen actually brought Nuwa and Gai with him.

Is it possible for Ya to destroy the Heavenly Dao and Saints in the Realm of Darkness ?

"You are looking for death!"

Yin Ji glared at Su Chen and shouted angrily.

She didn't expect that Su Chen would do something so outrageous. The lives of the four girls are still in the hands of this bastard. If this bastard is killed, they will not be able to survive.

Su Chen glanced at Yin Ji and scolded,"It's none of your business, Yin Ji, you have to pay attention to your identity. If you dare to talk to me like this again, I will imprison you in the black tower again.""

Yin Ji shouted angrily when she heard Su Chen's words,"You are a little golden immortal, and you are leading two saints to destroy a realm. Aren't you looking for death?"

"Don't worry, even if you die, this Emperor will not die."

"hateful!"

Yin Ji was helpless with this bastard.

A dignified saint actually fell into the hands of a little golden immortal. Yin Ji felt that in the future, she would probably have to worry about this bastard being killed every day. The three Ziyun girls looked towards Su Chen was also very helpless, but they had no choice. Su Chen controlled their destiny. Besides, Su Chen also had two powerful saints

beside him. Even if they regained their freedom, they would probably be suppressed by Nuwa and Gaia.

"Let's go!"

After Su Chen looked at the four Ziyun girls, he waved to Nuwa and Gaia.

He wanted to make a quick decision this time.

If he could get the source of heaven this time, Nuwa and Gaia could both improve. Take a look at your strength.

Four hundred years from now, there will be a territorial war in the Great Desolate Immortal Realm. The extraterritorial demons are a big threat. Although

Su Chen will not save the Great Desolate Immortal Realm, but the Western God Realm and the Prehistoric Immortal Realm are connected, Su Chen is also worried that the extraterritorial demons will Launching a war against the Western God Realm.

Empress Nuwa and Gaia took Su Chen and disappeared into the Palace of Heavenly Emperor.

When Yinji and Ziyun saw Su Chen leaving with Nuwa and Gaia, they all remained silent. Standing in the main hall,

Lingxi lowered his head and thought for a moment, then looked at the other three women and said,

"Have you noticed that Su Chen didn't trust us just now?"

"Ever since the four of us refused to invade the Dark Realm, he has been frowning. Su Chen did not force us to go this time. He may also be worried that we will not work hard."

"And haven't you noticed?"

"When Su Chen said he wanted to invade the Realm of Darkness, neither Nuwa nor Gaia had any objection. Even after there was no need for us to go, Nuwa and Gaia did not refuse to go to the Realm of Darkness because the four of us were missing."

Yin Ji shook her head and said,

"Lingxi, we have discovered what you said, but this is a death mission. Do you think Su Chen, Nuwa, and Gaia can destroy the Heavenly Dao in the Dark Realm?"

Ling Xi explained with a serious face,

"I feel like I can"

"Nuwa and Gaia can trust Su Chen, which shows that Su Chen, the little golden fairy, is extraordinary."

"Yin Ji, have you three ever thought about it, if Su Chen was incapable, would Nuwa and Gaia trust Su Chen without hesitation? Will those powerful quasi-sages follow Su Chen?"

When the three Ziyun girls heard Lingxi's words, they were all very surprised.

Lingxi was right.

If Su Chen didn't have any ability, how could he become the Emperor of Heaven in the Merlot Heavenly Court

? It is impossible for the saints to follow Su Chen, as well as Nuwa and Gaia.

Their blind trust in Su Chen must mean that they believe that Su Chen will succeed. Even when they were with Su Chen, Su Chen always never failed

"Alas, I feel like I missed something this time."

Zi Yun frowned and looked at the other three women.

She had a bad premonition. Although she didn't expect her life to be in danger this time, she felt as if she had missed an opportunity, and they might even be given up by Su Chen in the future.

"Just wait and see!"

Luluo shook her head and disappeared.

It's too late for them to say anything now. They should let time prove everything. Su Chen can come back victorious with the two saints, which shows that Su Chen is really underestimated by them.

Yin Ji and the others looked at each other and disappeared.

Now they can only wait for the news.

Four months later!

Outside the Realm of Light,

Su Chen was quickly rushed to the Realm of Light by Nuwa and Gaia.

Nuwa saw He asked the Realm of Light in front of him doubtfully, "Su Chen, aren't we going to deal with the Realm of Darkness? How did we come to the realm of light?"

Su Chen smiled and said,

"Nuwa, we need some cannon fodder saints. There are three saints in the Light Realm. If we capture them alive, they will be good cannon fodder to deal with the Heavenly Dao in the Dark Realm."

Gaia smiled when she heard Su Chen's words and said, "Haha, you are so big-hearted, you actually used a saint as cannon fodder."

Su Chen said helplessly to Gaia and Nuwa,

"I have no choice. The four girls of Yin Ji are not willing to fight at all. Even if I force them to come, they may not be able to do their job. We might as well seize some cannon fodder to deal with Tiandao."

Su Chen also planned to give up on the four daughters of Yin Ji.

If Queen Mother Xi and Xi He can advance to sainthood, Su Chen will let the four daughters of Yin Ji go free. The four daughters of Yin Ji are not of the same mind as them. If they stay here forcefully, it will be a hidden danger..

Empress Nuwa nodded and agreed,

"That's right. Su Chen and Yin Ji have just joined us. Don't expect them to be of the same mind as us. Time will change everything."

"Okay, let's start working. I will set up a space barrier here. Nuwa, you and Gaia will hide here. I will go to the realm of light to lure a saint. When the time comes, you will quickly take down the one who was lured here. saint.

Gaia asked Su Chen worriedly, "Can you do it?" The saint is very powerful. Can you escape?"

Su Chen patted his chest and said nonchalantly,

"I was able to escape from the hands of a saint below the third level of the holy realm for a quarter of an hour. After a quarter of an hour, I would have been caught either by being killed by the saint. This place is very close to the realm of light. I only need ten breaths to escape. Come here, don't worry."
