Chapter 20

Hong Qigong, Huang Rong, Guo Jing and others did not expect that there would be people who dared to assassinate these cavalry guards at this time. Now they can only see if these cavalry can deal with these black-clothed assassins. Hong Qigong will not let these assassins succeed.

Assassination of court officials

"Master, aren't we going to rescue the people in the carriage?"

"Idiot, didn't you see that those cavalymen were not confused at all? These assassins are going to be unlucky. These cavalry are very elite at first glance, and these cavalry also have crossbows. I am afraid these assassins will not survive this time."

"The military crossbow is ready, let go" swish swish swish swish ah ah ah ah"

"The first and second thousand troops attacked and destroyed these assassins."

At this time, two thousand heavy cavalry armed with spears and rode towards these assassins.

Puff, puff, puff.....

Spears were thrown out one after another from the hands of these cavalry, and the assassins who were not shot were pierced to death by these spears one by one. These assassins in black had no ability to resist at all in front of the cavalry.

"Kill, kill, kill."

The cavalry rushed to the assassins who were not dead and drew their sabers and slashed at them. Some cavalry used military crossbows to kill the assassins in black.

"Run, we are no match for the army"

"Run away, we've been fooled, this is no ordinary army"

"Damn it, that man lied to us, we're done this time, we can't outrun these cavalry"

"Surrender, at least we won't die"

"I surrender, I surrender".....

Seeing that there was nothing they could do, the remaining assassins in black dropped their weapons and knelt on the ground. They couldn't escape even if they wanted to.

The cavalry quickly surrounded the surrendered assassins in black, with military crossbows pointed at these assassins in black. As long as these assassins in black made any move, they would be shot into a hornet's nest by the cavalry.

"How to solve it? Hundreds of assassins were caught and killed so quickly. These cavalry were indeed very powerful."

Huang Rong looked at this battle in disbelief. She did not expect that the Song Dynasty's army would be so powerful. Although these assassins are not masters, they are also martial arts people and their skills are also very good.

"They are indeed powerful cavalry, and the heavy armor on their bodies is also very good. Otherwise, some cavalry may have died this time. But why did these cavalry not appear on the last battlefield? If these cavalry participated in the attack on the Kingdom of Jin last time, In the war, I am afraid that the cavalry of the Kingdom of Jin will not be the opponent of these cavalry."

Guo Jing looked at these cavalry and said directly,

"Master, could these be the private soldiers of some important ministers?"

Hong Qigong patted Guo Jing's head and said speechlessly,

"Private soldiers, you think any court official can afford these cavalry? Use your brain more, Guo Jing."

Huang Rong didn't see the people on the carriage getting off the carriage for a long time, then she went up to the road,

"Why hasn't the person in the carriage come out yet? Could it be that he's scared out of his wits?"

"I don't know, let's see."

In the carriage, Su Chen was also very speechless. Why did these assassins assassinate him every three days? Why haven't those people from the Murong family been dealt with yet? It seems that no one in the martial arts world has found Murong Fu. Do you want to spread the news? What about Murong Fu hiding Xixia Yipintang?

"Your Majesty, what should we do with these surrendered assassins?"

"Liu Hai, all these assassins will be executed. These are just some cannon fodder. I can't ask any questions."

"It's your Majesty."

Liu Hai made a gesture after receiving Su Chen's order. The cavalry commander saw the legion commander's gesture and ordered directly,

"Military crossbow,"swish, swish, swish, ah, ah, ah, ah, ah, ah, ah, ah, ah, ah, ah ,

" these more than a hundred assassins who surrendered were all shot to death. None of the hundreds of assassins who came to assassinate this time left here alive.

Hong Qigong looked at being The assassin who shot him took a breath,

"Hiss, there were so many people in this carriage that they were all shot without interrogation."

Guo Jing said somewhat unbearably,

"Master, the person in this carriage must be a cruel person. Those assassins have stopped resisting. Why is he still killing these assassins? This officer must not be a good officer. Huang

Rong looked at Guo Jing and said unkindly,

"Fool, these assassins are here to kill people. The person in the carriage did not interrogate these assassins. That is because he knew that these were just minions and could not ask anything at all. As for killing these assassins who surrendered, he did not kill these assassins. Do you still keep it for the New Year?"

Hong Qigong patted Guo Jing on the shoulder and said,

"Jing'er, war is about life or death. Since these assassins dare to assassinate court officials, they should think about what will happen if they fail. If these assassins are really chivalrous people who eliminate harm for the people, then they are. They will not surrender even if they die. These assassins are obviously being used by someone."

Guo Jing still said a little stubbornly,

"Um, but I don't think it's chivalrous to kill those who surrender to assassins."

"You're an idiot."

Huang Rong was really speechless to Guo Jing, a novice. Fortunately, she didn't express her feelings to Guo Jing. If her father knew that she once liked an idiot, I'm afraid she would be caught directly by her father, and Guo Jing would also be arrested. His father killed him.

Hong Qigong looked at Guo Jing and said seriously, "Oh, Jing'er, don't talk anymore."

Hong Qigong is now afraid that if Guo Jing says anything else, he will be angry to death. This idiot actually said something chivalrous to a general who leads an army. Can't this bastard's mind be turned around? If a general has a chivalrous heart, then what else can he do? Bring an army.

At this time, Su Chen also came out of the carriage. Now that the assassin here has been dealt with, he is not afraid of anything.

Su Chen looked at the corpses on the ground and complained,

"Alas, I still don't have the strength. If I knew martial arts, would I be able to hide in the carriage?
Liu

Hai said seriously next to Su Chen,

"Your Majesty, you have so many of our military guards. If you have martial arts skills, you don't need to take action. If Your Majesty takes action personally, it will be a dereliction of duty on the part of us guards."

Su Chen looked at Bangs and smiled and said,

"Bangs, I'm just complaining, huh? Why is there someone watching next to me? Aren't they afraid of the battle just now? Liu

Hai looked at Hong Qigong and said cautiously,

"Your Majesty, those people are good at martial arts. I wonder if they have anything to do with this assassination?"

"Haha, they have nothing to do with these assassins. If they had anything to do with these assassins, I'm afraid they would have escaped long ago."

"And you didn't notice that the old man was wearing rags, but there was a beautiful woman and a young man following him"

"This shows that this old man must be a person with high martial arts skills, he must also be a member of the Beggar Clan, and he is also an important person in the Beggar Clan.
