### Chapter 201

After Yan Lingji was brought to this room by Nong Yu, she stared at Su Chen. The more she looked at this bastard, the more displeased she became. This damn bastard dared to threaten her last night. Neither she nor her wife were good people.

However, Yan Lingji is also very interested in Su Chen's identity. Han Fei, the unlucky guy, said that Su Chen's wife is a Jun wife, so this bastard must be a lord, but she doesn't look like this bastard. A nobleman.

Yan Lingji found that Su Chen, a bastard, dared to look at her lewdly. This reminded her of the time when she was looked down upon by this bastard. Yan Lingji walked up to Su Chen, stretched out her hand and pinched Su Chen's arm, squeezing her hard. Picked up.

Su Chen watched Yan Lingji walking towards him and he was not afraid that she would take action against him again. Yan Lingji was no match for him now.

As long as Yan Lingji didn't want to be bullied by him, she wouldn't dare to take action against him. However, Su Chen didn't expect that Yan Lingji would imitate ordinary women and pinch him.

Su Chen hurriedly shook off Yan Lingji's pinched hand and looked at himself. said the arm

"Damn it, Baby Yan, I won't be polite if you touch me again. Look at my arm, which is almost bleeding from your pinch. Yan

Lingji pushed Su Chen away and said angrily,

"You shameless person, it's good that I don't kill you now, get out of my way, you're blocking my way."

Isn't this Yan Lingji a little arrogant? This is her own territory now, and Yan Lingji is a prisoner. How can she be treated like a master now?

Zi Nu frowned and looked at Su Chen, She felt that Su Chen was a little tolerant of Yan Lingji. A captured prisoner dared to be so arrogant and domineering. Zi Nu couldn't help but want to kill Yan Lingji Wei Feng. Seeing that

Zi Nu was about to explode, Su Chen hurriedly He grabbed Zi Nu and said,

"Zi Nu, let me introduce it to you. You can go about your business in a while. This is Yan Lingji, the murderer who assassinated the Qin envoy yesterday. She is also a subordinate of Tianze, the deposed prince of Baiyue."

"Isn't that unlucky Han Fei going to deal with Ji Wuye? Tianze also wants to kill Ji Wuye and Bai Yifei. Tianze and Han Fei can actually cooperate. In this way, the Han prince may let Tianze be handed over to Han Fei to revive him. In the future, they can also cooperate to get rid of Ji Wuye and Bai Yifei."

"Yan Lingji, you can inform Tianze later and tell Tianze what I just said. If Tianze hadn't been kicked in the head by a donkey, he would definitely agree to cooperate with Han Fei."

Zi Nu asked worriedly,"Su Chen, is this okay? What if Tianze suddenly gets angry when he sees Han Fei?"

Su Chen held Zi Nu's hand without letting go and continued.

"No, Tianze has been imprisoned by Bai Yifei for many years. His desire for revenge is very strong. It is just impossible for them to kill Ji Wuye and Bai Yifei. If he cooperates with Han Fei, it is still possible. Otherwise, Tianze There is no possibility of success."

Yan Lingji was a little confused when she saw Su Chen holding Zi Nu's hand. Last night she knew that this Zi Nu didn't like to see Su Chen, a bastard.

Why did they get along after one night? Yan Lingji shook her head Shaking his head, he didn't think about the relationship between this bastard and Zi Nu. They didn't care about her affairs anyway.

Yan Lingji sat down, poured a cup of tea and said with a smile,

"Why should I listen to you? I was abandoned by Tianze when I assassinated the Qin envoy. Tianze might not listen to my words. Even if I appeared in front of him, I would probably be killed by Tianze."

Su Chen said with a smile when he thought of the poison in Yan Lingji,

"Yan Lingji, if you help me this time, I can ask Tianze to take back the poison in you. You probably want to untie the loyalty poison now."

Yan Lingji didn't expect Su Chen to know that she was poisoned. Yan Lingji now wants to know Su Chen's specific identity even more. Not many people know that she was poisoned, and those who know are definitely not able to Tell this bastard

"Can you really do it?"

""Of course."

Although Su Chen could use Zhu Guo to detoxify Yan Lingji, he only had one left. Su Chen could only see if he could persuade Tianze to detoxify Yan Lingji, otherwise the last Zhu It will be cheaper for Yan Lingji

"Okay, I'll go find Tianze now."

Yan Lingji stared at Su Chen for a while after hearing Su Chen's words. She felt that Su Chen did not lie to her this time, and there was no need for Su Chen to lie to herself like this. She turned around and left the room. When

Zi Nu saw Yan Lingji left like this, and she asked with some confusion,"Su Chen, isn't Yan Lingji afraid that Ji Wuye will catch her when she goes out like this?"

When Su Chen saw that there was no one else here, he hugged Zi Nu's slender waist and said with a smile,

"Don't worry, Tianze and the others must have a secret passage in Han State to leave Xinzheng City. Otherwise, how do you think Tianze took away the Prince of Han State?"

Zi Nu saw that this bastard Su Chen suddenly hugged her, which made Zi Nu panic. Although she didn't resent Su Chen hugging her now, it was too fast. Zi Nu couldn't accept this bastard now.

"Let me go. Who told you, you bastard, to hold me?"

"Haha, you are my wife now. If I don't hug you, who will I hug you?"

"You are so shameless, you bastard, have you started plotting against me since Sui Dynasty?"

"Well, you are so beautiful and pretty, if I don't have your idea, am I still a man?"

Zi Nu can't do anything about this shameless bastard. Although she has always been cold-shouldered towards Su Chen, she is just afraid that she will fall in love with this bastard. Now it seems a bit futile.

Zi Nu thought about the time since Su Chen detained her in Yangzhou City, they ridiculed each other every day, and Su Chen, the bastard, did not use his status to force her, nor did he become angry because she was speechless every time she ridiculed him.

Zi Nu felt that at that time, she felt that she was I think I have a good impression of this bastard Chen.

"I'm going to inform Han Fei and the others now, let me go now"

"Okay, down to business."

In a courtyard in Xingzheng City.

Su Rongrong, Li Hongxiu, Song Tian'er and others were anxiously waiting for Wu Xiangjun's people to bring Chu Liuxiang and the others over. Just as they were waiting a little anxiously, the sound of a carriage came from outside. Su Rongrong and the others immediately opened the door and looked over.

Su Rongrong and the others were very happy when they saw Chu Liuxiang and the others got off the carriage. However, Su Rongrong and the others were a little worried when they saw that Chu Liuxiang and the others were unshaven and very embarrassed.

"Brother Chu, Brother Hu, Brother Ji, are you all okay?"

Chu Liuxiang felt a little embarrassed when he saw Su Rongrong and the others and touched his nose. Now he has not taken a shower for several days, and there is still some odor on his body. Even his beard has not been cleaned in the past few days because he was worried about being discovered. Now the handsome man is He has turned into a handsome guy.

When Hu Tiehua saw Su Rongrong and the others, she hurriedly said,

"Rongrong, we have nothing to do, we are just a little hungry. We haven't eaten for several days. Tian'er, please prepare some food for us. Ji

Bingyan also hurriedly touched her belly and said, "Yes, Tian'er, prepare more food. I will eat enough this time.""

At this time, a deputy commander of the secret guard came to Su Rongrong and the others and said,

"Miss Su, we brought the people and you saw that they are safe and sound. Do we want to go back now?"

"Commander, could you please let us say something more?"

Chapter 202

When Su Rongrong saw that Su Chen's secret guards were urging them to go back, she looked a little ugly. Su Rongrong didn't expect that bastard Su Chen to ask them to leave Chu Liuxiang in such a hurry.

"Miss Su Rongrong, you can only be safe here for two days. The city guards of Xinzheng City will also search here in the future. If you stay here for a long time, you will be discovered by the city guards who are following us. Your friends are best Get out of here as soon as possible, otherwise they will be discovered by the city guards"

"I understand. You wait for us outside for a while. We'll talk to our friends and then go back."

"Okay."

Su Rongrong heard what the secret guard said and knew that he was doing it for their own good. This time it was Su Rongrong who had wronged that bastard Su Chen.

Chu Liuxiang and the others were a little confused when they heard that Su Rongrong and the others were leaving soon. They didn't understand that they had just met Su Rongrong and the others. Why do you want to leave?

And there are only two days of safety here. This makes Chu Liuxiang and the others a little confused. Why don't these people rescue them completely and rescue them from Xinzheng City?

Hu Tiehua was a little impatient and asked Su Rongrong, "Rongrong, this is what happened? You, Hongxiu and the others are leaving?"

Su Rongrong felt a little helpless when she saw Hu Tiehua and the three of them in such a mess. Although this place is safe now, it will be hard to say in the future.

Moreover, they also found a large number of people from the Mo family and farmers on the road, who were also searching Chu Liuxiang and Su Rongrong. Not sure if Chu Liuxiang and the others could escape this crisis,

Su Rongrong thought about it and said to Hu Tiehua,

"Brother Hu, we asked a friend to rescue you this time, but from now on Hongxiu and I will be that person's maid for three years. Brother Hu, you will have to leave this dangerous place like Xinzheng on your own from now on. There is nothing we can do.

Hu Tiehua stood up immediately and asked hurriedly, "What?" Are you going to be someone's maid? who is it? Did they force you to do this?"

Chu Liuxiang didn't expect what kind of price Su Rongrong and the others would pay to save them this time. Chu Liuxiang's face is very ugly now. If Su Rongrong and the others leave him in the future, I'm afraid it will not be easy for him to do anything in the future.

Without Su Rongrong's disguise With his martial arts and medical skills, he might not easily sneak into a house where he wants to steal treasures, or even be able to leave calmly.

Without Li Hongxiu's knowledge, he might have to understand his opponent's power and martial arts routines on his own, and even without Song Tianer's cooking skills in the future. Yi, he might sleep in the open air and no longer be able to enjoy rich and delicious meals, which Chu Liuxiang couldn't accept. Chu Liuxiang said to Su Rongrong and the others with a gloomy face,

"Yes, Rongrong, you don't need to do that. Let's leave here now. There are no city guards or farmers from the Mo family nearby. We can find a safe place. We will directly deal with the guards outside."

When Su Rongrong saw Chu Liuxiang saying this, she hurriedly stopped him and said,

"Brother Chu, please don't do this. Hong Xiu, Tian'er, I, and I are willing to be his maids, and he has not forced us. You don't have to worry about us."

Ji Bingyan looked at Su Rongrong, Li Hongxiu and Song Tian'er, and they didn't look like they were being forced. He thought about the city guards he met on the road calling the owner of this car Madam.

He thought that this might be Su Rongrong and the others trying to save their lives. They came out of the slums, and they had to work as maids for the lady for three years, so the lady came to save them this time.

Chu Liuxiang shook her head and refused directly and said,

"No, you can't be that person's maid, Lao Hu, Lao Ji, let's deal with the more than ten guards outside, Rongrong and the others can't be that lady's maid."

"Lao Chu, wouldn't it be bad if we did this? After all, they were the ones who saved us just now"

"Lao Chu, please calm down. This is what Rongrong and the others promised. Anyway, three years is not long. There is no need for us to offend that lady again."

Hu Tiehua and Ji Bingyan looked at Chu Liuxiang with some doubts. They did not expect that Chu Liuxiang would repay kindness with revenge. They had just been rescued by those people. Although Su Rongrong and the others rescued them in exchange for conditions, they could not do this.

Li Hongxiu looked at Chu Liuxiang and was a little anxious. She didn't want Chu Liuxiang to provoke Lord Wu Xiang again. Although they promised Lord Wu Xiang not to tell anything about him, Li Hongxiu could also guess that Lord Wu Xiang's power in Xinzheng City was not simple. ,

"Brother Chu, we are really not being forced. There is no need for you to do this. If you provoke him again, I am afraid it will be more difficult for you to escape from Xinzheng City."

Song Tian'er hurriedly grabbed Chu Liuxiang and said hurriedly,

"Yes, Brother Chu, we are really not forced. At first, he did not agree with us being his maids. It was only after we begged him that he agreed to help us this time."

Chu Liuxiang waved her hand and stopped Li Hongxiu and Song Tian'er and said,"You don't need to say more, I will not allow you to be anyone's maid. Lao Hu, call those secret guards in, and we will control them one by one."

Hu Tiehua looked at Chu Liuxiang seriously. He now understood what Chu Liuxiang was thinking. Chu Liuxiang was acting selfishly. Su Rongrong and the others were

Chu Liuxiang's confidantes, and Su Rongrong and the others were also very beautiful. Chu Liuxiang was afraid that Su Rongrong and the others would be raped in the future. The other men were taken away.

Hu Tiehua came to Chu Liuxiang and asked seriously,

"Lao Chu, are you serious?"

Chu Liuxiang held his fan and said expressionlessly,"Yes, I have never been so serious."

Hu Tiehua looked at Chu Liuxiang and nodded to Ji Bingyan and said,

"Well, now that you have decided, Lao Ji and I will help you."

Su Rongrong and the others saw that Chu Liuxiang and the others were about to attack Su Chen's secret guards. They were anxious to stop them, but before they had time to speak, Chu Liuxiang quickly tapped their acupuncture points. Then, Hu Tiehua and Ji Bingyan also The on-guard secret guards clicked on their acupuncture points, and they took Su Rongrong and the others on Su Chen's carriage and left here quickly.

In Zilanxuan, after Zi Nu went to Han Fei and the others, Su Chen looked at it boredly. Hong Yu and Cai Die danced gracefully, listening to Nong Yu playing the guqin. Su Chen lay down and enjoyed the dance while listening to the guqin and drank some wine. He felt that this was the life of a noble. At this time, a ghost cavalry came in and challenged Su Chen. He saluted and said, "Your Majesty, someone sent an invitation to Mrs. Shi."

"Oh, for Shi Guanyin? Then come and see."

Su Chen was a little speechless after hearing this. I don't know where Shi Guanyin's wife has gone. Who in Xinzheng could give Shi Guanyin an invitation? Could it be that Ji Wuye?

""Yes, Your Majesty."

Su Chen looked at the invitation and threw it away. Su Chen didn't expect that Ji Wuye would want to attack Shi Guanyin, which made Su Chen very angry.

Ji Wuye, that pervert, this is him He's looking for death. He dares to make plans for his own woman. It seems that he can't just cause trouble for Ji Wuye. He also has to take action against that pervert Ji Wuye.

Su Chen touched his chin and wanted to give Ji Wuye that The old pervert is looking for more trouble.

It seems that the night blue sea succubus is Bai Yifei's cousin. Do you want to control the beautiful Pearl Lady?

There is also the Jade Tiger. He should have a lot of money. This cannot be cheap for Ji Wuye. , but Su Chen was not sure who he was, but Su Chen also thought of thatWho should the coir raincoat be?

Nongyu picked up the invitation, looked at it, and asked with a smile, "Your Majesty, will you still go to Ji Wuye's invitation this time?"

"Damn it. When Tianze and Han Fei come over, I'll get rid of some of that old pervert's helpers first."

## Chapter 203

Nongyu smiled after hearing Su Chen's words. Now she was no longer afraid of Mr. Wu Xiang. Through her understanding of Su Chen in the morning, she also had some understanding of Mr. Wu Xiang.

Su Chen was not a shameless pervert as Sister Zi said. Although he was a bit frivolous, Nong Yu felt that Su Chen was very real.

Su Chen is not like other nobles in the Han Kingdom. Although those nobles look serious, secretly they don't know what dirty things they are thinking about.

"Your Majesty, do you want to do it yourself?"

Hongyu and Caidi stopped dancing. They also came to Su Chen to pour him wine and sat down to drink with Su Chen.

This Wu Xiangjun is now their boss. If Sister Zinu really marries Wu Xiangjun, then they are a family, and they were not polite to Su Chen.

Su Chen hugged Hongyu and Caidi and said with a smile,

"Of course, it would be unmanly of me if I didn't give Ji Wuye something in return. That old pervert dared to take advantage of my woman. If Ji Wuye hadn't left Han Fei with that hapless guy, I would have wanted him to do it right now. Go kill that old pervert Ji Wuye."

Nong Yu was speechless after hearing Su Chen's words.

"Haha, Sister Zinu said that you are also a pervert, and you and Ji Wuye should be the same type of person."

When Su Chen saw that Nong Yu wanted to deliberately find trouble, he knew that Nong Yu was still a little angry about him kissing her.

"Nongyu, didn't I just kiss you once? You don't have to worry about it. I recognized the wrong person at that time. I thought it was Zi Nu who came in."

Nong Yu's face immediately turned red when she heard that Su Chen, a shameless person, actually said that in front of Hong Yu and Cai Die. When

Nong Yu saw Hong Yu and Cai Die looking at her meaningfully, she hurriedly said,

"Do you think I will believe you? Sister Zi's body has the fragrance of orchids, I don't believe you don't know"

"Didn't I just wake up? My head was still a little unclear, and I didn't think about those things that were fragrant or not at that time."

Caidie fed Su Chen a grape and said with a smile,

"Haha, how about your Majesty also accept Nongyu? When the time comes, let Nongyu and sister Zinu marry Junshang together."

Nongyu blushed and started quarreling with Caidie after hearing this. She didn't expect Caidie to say this.

Nongyu is just a piano girl. Although Sister Zinu's status is not worthy of Wu Xiangjun, she After all, they get along day and night and truly love each other, and Su Chen doesn't mind Zi Nu's sister's identity, but he is different. Su Chen felt a little embarrassed after hearing Cai Die's words. He didn't dare to mess with Yu's idea. If Zi Nu knew , I'm afraid that wise woman is going to cause trouble for me again,

"We'll talk about this later. Let's drink. Han Fei, that unlucky guy, should be here soon."

Caidie and the others laughed when they saw Su Chen's embarrassed look. They knew that Wu Xiangjun was a little afraid of Sister Zinu.

No, it shouldn't be fear. Wu Xiangjun should be very concerned about Sister Zinu, otherwise Wu Xiangjun would If you want to get jade, I'm afraid I won't hesitate to get it. Even if Sister Zinu knows about it in the future, I'm afraid she won't be able to do anything about it. After a night of attack by the four major bandits of Pegasus Ranch in Sui Dynasty

, Pegasus Ranch is now It's already crumbling. As long as they launch another attack, Pegasus Ranch will be completely breached.

Xiang Batian looked at Pegasus Ranch and said fiercely, "Brother, Pegasus Ranch is about to be taken. We must kill Feima Ranch with blood." Ma Ranch, we lost tens of thousands of elite troops this time."

Cao Yinglong also didn't expect that a small Pegasus Ranch could not be captured even after attacking it all night, and even tens of thousands of elite troops died.

"Well, our losses were quite big this time. We didn't expect that the beautiful owner Shang Xiuxun could hold us in for such a long time with just a few thousand guards. And that Tao Shusheng, how come there was no movement at all? Has he been discovered?"

"Something must have happened, otherwise Tao Shusheng would have opened the door long ago"

"Let the army rest for half an hour. Then we can attack Pegasus Ranch in one fell swoop."

"Yes, brother."

In the Pegasus Ranch, Shang Xiuxun looked helpless at the heavy losses of the ranch guards. Now there are only a few hundred of her guards left. When the four major bandits attack again, the Pegasus Ranch will definitely be destroyed. It was broken.

Shang Xiuxun was also very desperate. The Pegasus Ranch that had been built for hundreds of years was destroyed in her own hands. This made her faceless to see her mother even if she died.

Shang Zhen was covered in blood and holding a big knife. Coming to Shang Xiuxun, he said pleadingly,

"Owner, you and the princess should leave quickly. If the princess's army hadn't discovered the traitor Tao Shusheng this time, I'm afraid our Pegasus Ranch would have been breached again. We can no longer withstand the attack of the four major bandits. Now Only the princess's army can protect the owner and leave safely."

Shang Xiuxun said firmly with a long sword covered in blood in his hand,

"Uncle Shang Zhen, I will not leave. My mother is buried in the back mountain. Even if I die, I can't leave Pegasus Ranch. Pegasus Ranch was handed over to me by my mother when she died. Even if I don't have the ability to protect Pegasus Ranch, , I will also be destroyed by the Four Bandits together with Pegasus Ranch"

"Owner, why don't you let the little princess's army help us resist the attack of the four major bandits?"

"No need, it's already dawn, Li Clan should take action. Li Clan will not miss this opportunity to seize our Pegasus Ranch. I'm afraid the four major bandits will be eliminated by Li Clan in a while, and then it will be our turn. Got it"

"The Li Clan is so ungrateful. If the owner hadn't sold them the Li Clan war horses at a low price these years, the Li Clan would have been wiped out by the Turks long ago."

"Haha, if you don't care for yourself, it's nothing strange. Uncle Shang Zhen, I'm going to see the little princess Su Yan. I don't know what that girl Su Yan is thinking. It's very dangerous here now, and she still refuses to leave."

"Alas, the owner can rest assured that I am here."

In the mountains behind Pegasus Ranch, an old man looked helplessly at Pegasus Ranch. This old man was Lu Miaozi, Shang Xiuxun's father. He was also a master of mechanisms. He even designed Yang Gong's treasure house himself. Lu Miaozi was the most important person in his life.

The one he loved was Zhu Yuyan of the Yinkui sect, but Zhu Yuyan didn't love him at all, and even used the magic method of the devil to injure Lu Miaozi.

After Lu Miaozi was injured, he hid in the Pegasus Ranch, and finally negotiated with the owner of the Pegasus Ranch at the time. Qingya had a relationship, and Shang Qingya even gave birth to a daughter. This daughter was Shang Xiuxun.

However, Lu Miaozi still loved Zhu Yuyan deeply, which broke Shang Qingya's heart. Shang Qingya also fell into depression in despair. In the end, this is why Shang Xiuxun always hated Lu Miaozi

"Alas, let's help that girl this time."

## Chapter 204

When Shang Xiuxun came to Su Yan's residence, he saw patrolling black armored cavalry everywhere. Even the outside of the small building where Su Yan lived was guarded by layers of black armored cavalry.

This made Shang Xiuxun speechless. The Pegasus Ranch has not been breached yet, and these black armored cavalry are too cautious.

Captain Liu Teng saw Shang Xiuxun from Pegasus Ranch coming, so he stepped forward and said to Shang Xiuxun,

"Shopping mall owner, our princess hasn't gotten up yet, why don't you come back later?"

"When did this happen? Su Yan hasn't gotten up yet."

When Shang Xiuxun heard that Su Yan was still sleeping, he didn't know what to say. She hadn't rested all night. This girl is really a child. She can rest so well under such circumstances.

Captain Liu Teng also explained with some embarrassment,

"Shopping mall owner, our princess only went to bed in the middle of the night yesterday. I'm afraid we will have to get up later today."

Shang Xiuxun didn't listen to Liu Teng's explanation anymore. She walked directly to the small building and said,

"I went in and told her to get up. You all know the situation in Pegasus Ranch now. It will be very dangerous for Su Yan to stay here if Pegasus Ranch cannot be saved. She must get up and leave now."

Liu Teng hurriedly tried to stop Shang Xiuxun from behind. He knew Princess Su Yan's temper. If he disturbed her while she was resting, I'm afraid they wouldn't get anything good.

"Well, I'm afraid this is not good. The princess is taking a rest. The mall owner should wait for a while."

"Go away, you are almost dead now, do you subordinates want to watch Su Yan stay in this dangerous place?"

When Shang Xiuxun saw that this general still dared to stop her, Shang Xiuxun pushed Liu Teng who was blocking her in front of her and went straight to the small building.

"Shopping mall owner! Shopping mall owner!"

Liu Teng followed Shang Xiuxun helplessly. He couldn't force Shang Xiuxun to stop now. After all, Shang Xiuxun also had good intentions. Besides, she was still a friend of the princess. Liu Teng couldn't use force to stop Shang Xiuxun..

When Shang Xiuxun came in, she saw Su Yan sleeping soundly on the bed. She shook her head and walked over, pushed Su Yan and said,

"Su Yan, get up quickly. It's already midnight. Get up quickly."

After Su Yan was pushed awake by Shang Xiuxun, she vaguely heard Shang Xiuxun calling her. Su Yan lay on the bed and said without opening her eyes, "Sister Shang, why is it so early? I'm still a little sleepy. I'll take another break."

Shang Xiuxun was speechless when he saw Su Yan's lazy look. Is this girl so lazy at home?

Shang Xiuxun pushed Su Yan again and shouted loudly,

"No, get up quickly, freshen up, and leave Pegasus Ranch. This place will be breached soon, and you won't be able to leave even if you want to."

Su Yan stretched out a small hand and waved it and said, "Don't worry, Sister Shang, we will be fine. Your Pegasus Ranch can be saved this time. My army is coming."

Shang Xiuxun was a little confused after hearing Su Yan's words. Su Yan's army is coming? When did she call for the army? And what kind of army is coming? Is it the same army as these black-armored cavalry?

Shang Xiuxun hurriedly lifted Su Yan up and asked nervously,

"What? Is your army coming? What army do you have? Su Yan, please get up and explain clearly to me?"

Su Yan woke up immediately after being mentioned by Shang Xiuxun. When she heard Shang Xiuxun's question, she knew that she had just inadvertently said that Murong Qiudi had sent an army to pick her up.

Su Yan immediately pretended to be nothing. He said with a knowing look, "Um, did I say something? I just talked in my sleep, Sister Shang, don't take it seriously."

"Little girl, do you think I will believe you? Tell me if you really have an army coming, and don't make up a random reason for me. If you lie to me, I'm afraid we won't be friends in the future, and I won't make you those delicious snacks in the future."

Su Yan rubbed his eyes and looked at Shang Xiuxun, speechless. Why did he let it slip just now? If he doesn't tell Shang Xiuxun now, I'm afraid he won't be able to be true friends in the future.

"It was an army sent by my aunt to pick me up. My aunt said that the Sui Dynasty was not at peace now, and she was afraid that something would happen to me on the road, so she sent an army to pick me up. They will arrive this morning."

Shang Xiuxun was a little strange. Isn't Su Yan's aunt his father's wife? How many wives did this girl's father have? How could he mobilize troops to protect Su Yan in the Sui Dynasty?

Shang Xiuxun asked curiously Said, "Your aunt? How many wives did your father have?"

"Three people, now three ladies, I can't say for sure in the future."

Su Yan was speechless looking at the gossipy Shang Xiuxun. Su Yan didn't know if her father had found another woman during this time. She now knew that there were three, Concubine Yan and Murong Qiudi, plus Her mother.

There are also those women who obviously have designs on his father. Those women may also become her aunts in the future. Su Yan is also a little speechless about her father who goes around provoking women.

"Three, that's not much. Some noble officials have a lot of concubines. Your father is still pretty good."

Su Yan looked at Shang Xiuxun in surprise. She didn't expect that this Shang Xiuxun actually said that his father was good. This made Su Yan a little incredible. Could it be that Shang Xiuxun just injured his head in the battle and is a little confused now?

"Um, not bad? Sister Shang, my father has three wives now. Isn't that good? Are you sick?"

Shang Xiuxun was arranging Su Yan's clothes and said with a smile,

"Su Yan, you may not know about being an official. Regardless of whether they are big or small, they all have at least a dozen concubines."

"Those bastards are not good people. Li Yuan of the Li Clan has at least a dozen concubines, and he has about a dozen sons. You will know this when you grow up."

Su Yan looked at Shang Xiuxun and didn't say anything. She couldn't control those things anyway. As long as his father always treated her mother well, it would be fine. Su Yan didn't want to know about the other things.

On a barren mountain near Pegasus Ranch , Li Xiuning looked in the direction of Pegasus Ranch in military uniform. One night passed, and Li Xiuning thought that the four major bandits would soon attack Pegasus Ranch.

This time she would get the more than 100,000 horses in Pegasus Ranch. Li Xiuning used the Four Bandits to attack Pegasus Ranch because their Li family was running out of money. This was all caused by that Wu Xiangjun Su Chen. That bastard Su Chen extorted millions of money from their Li family and made them The Li clan's money is not enough, otherwise they would not do these dirty things.

Now the Emperor of the Sui Dynasty discovered that their Li clan was purchasing a large number of weapons. Emperor Yang Guang even issued an imperial edict to summon her father to Jiangdu. Her father At this time, they will definitely not go to Jiangdu to see Yang Guang, the foolish king. The Li Clan's rebellion is imminent, and they must get the horses from Pegasus Ranch, so Li Xiuning seduced the four major bandits to attack Pegasus Ranch.

Li Xiuning can then go to Pegasus Ranch. With a mantis stalking the cicada and the oriole behind her, the Four Bandits and the Pegasus Ranch will be wiped out by her. Although she feels sorry for her friend Shang Xiuxun, she has to do this for the great cause of the Li family.

"Xiuxun, don't blame me, I had no choice but to tell me to be born in the Li clan, and to be Li Xiuning of the Li clan."

Chapter 205

Li Xiuning thought for a while and then looked at the troops around her. There were almost 40,000 troops here, but she had built them by herself.

The Detachment of Women is a good name. Li Xiuning even hopes that her army will be as famous as the Xiaoguo Army of the Sui Dynasty in the future, or even surpass the Xiaoguo Army to become a famous and powerful army on the mainland.

At this time, a soldier came over and saluted Li Xiuning and said,"General, Grandmaster Li is here."

"Invite him to come over."

Li Xiuning was a little happy after hearing this. Now that a strong master has come over, she is even more sure of this operation.

""Yes."

Li Xiuning thought that now that Grandmaster Li was here, it would be easier to take down Pegasus Ranch this time. Li Xiuning had heard Shang Xiuxun talk about Lu Miaozi, so she was well prepared this time.

This Grandmaster Li was their Li clan member, Li Xiuning invited Grandmaster Li here just to deal with Grandmaster Lu Miaozi.

An old man came to Li Xiuning on horseback and clasped his fists at her and shouted,

"Miss,"

Li Xiuning hurriedly said to Grandmaster Li, "Grandmaster Li, With such politeness, this time Lu Miaozi of Pegasus Ranch was handed over to Grandmaster Li. Grandmaster Li smiled and said after hearing what Li Xiuning said,

"Haha, miss, I know that Lu Miaozi. Back then, he failed to pursue Zhu Yuyan from the Yinkui sect, and was injured by the angry Zhu Yuyan. Now Lu Miaozi must have not recovered yet, Zhu Yuyan's Heavenly Demon Kung Fu is very poisonous."

Li Xiuning said confidently with a heroic look on her face,

"This is the best. I will destroy the four major bandits first in a while. Pegasus Ranch is not a worry now. There should not be many Pegasus Ranch guards left. After the four major bandits are eliminated, Pegasus Ranch must also kill them all. Absolutely"

"Otherwise, if the news is leaked, I am afraid that our reputation in the Sui Dynasty will plummet, and our allies may also be wary of our Li clan. This time, things must not go wrong."

"Well, Miss is right. I will kill Lu Miaozi with my own hands. The rest will be done by the troops you control, Miss."

"Haha, don't worry, I will take care of the rest."

Li Xiuning waved her hand as she spoke. Now is the time for their women's army to move out. There are less than 20,000 of the four major bandits left. Their women's army can quickly destroy them.

Li Xiuning directly rode on the horse and said loudly,

"Brothers, you have been fighting the Turks before following me. Now we have to destroy the four major bandits here and take away all the horses from Pegasus Ranch."

"This is our Detachment of Women's Army's first battle within the Pass. We must display the majesty of our Detachment of Women's Army and kill"

"kill"

"kill"

""Kill"

Li Xiuning took the lead and rushed towards the Pegasus Ranch. The Detachment of Women also quickly rushed towards the Pegasus Ranch beside Li Xiuning. When Xiang Batian of the four bandits saw Li Xiuning rushing toward the army in the distance, he knew it was Li Xiuning. The feudal army, he came to the boss Cao Yinglong and said loudly,

"Brother, that Li Xiuning of the Li family really wants to deal with us. I can tell at a glance that that stinky bitch is not a good person. I will definitely torture this stinky bitch if I catch her this time."

Cao Yinglong said disdainfully when he saw Li Clan's army appearing,

"Haha, haven't we already guessed it? Li Xiuning wants to use us to deal with Pegasus Ranch so that he can get an advantage from behind. That little bitch Li Xiuning really thinks that we four bandits are idiots."

"That little bitch Li Xiuning is talking about forming an alliance. I think she wants to get rid of the four big bandits of us together, so that Jingling will fall into the hands of their Li Clan. This bitch is really ruthless. Send a signal to Lao San and the others, this time kill Li Xiuning first."

"Yes, big brother."

Cao Yinglong rode on a horse and shouted with a spear, "Brothers, set up your formation, this time we will destroy the Li clan. Li Xiuning will reward Li Xiuning with a hundred taels of gold for capturing the Li clan alive. Li Xiuning can also let her be captured. people having fun all night"

"Capture Li Xiuning alive"

"Capture Li Xiuning alive"

""Capture Li Xiuning alive"

The people at Pegasus Ranch also discovered that Li Clan's army appeared. Shang Zhen's face turned black when he saw Li Clan's army appearing. He did not expect that Li Clan really appeared.

The little princess's guess was correct. , Li Valve is really an ungrateful bastard, those Valve people can't believe it

"Notify the venue owner, tell the venue owner that Li Clan's army has appeared."

"Yes, deacon."

Shang Xiuxun and Su Yan also heard the shouts of the four bandit troops outside, and they also guessed that Li Clan's army had appeared.

Su Yan walked out of the small building and said to Shang Xiuxun with a smile,

"Haha, Sister Shang, there is a good show this time. Li Xiuning brought less than 40,000 troops, but the four major bandits still have 50,000 troops hidden near Pegasus Ranch. Li Xiuning of the Li clan will suffer a loss this time. Li Xiuning I would rather have misjudged the Four Bandits."

Shang Xiuxun was a little angry when she heard about Li Xiuning. Now she wants to kill that vicious woman Li Xiuning. She was really blind when she believed in Li Xiuning. This Li Xiuning is really good at pretending. She deserves to be from a wealthy family.

"Li Xiuning deserved it. If the four bandits were not smart, they would not have been able to dominate Jingling for many years. However, after the four bandits destroyed Li Xiuning, our Pegasus Ranch might also be doomed."

"Don't worry, I will help you. As long as the troops sent by my aunt arrive, the four major bandits will not be afraid."

"Haha, then I will thank you very much in the future."

At this time, Li Xiuning saw that the four major bandits did not escape, but even set up a formation to fight them. This made Li Xiuning couldn't help but cursed an idiot. When

Cao Yinglong saw Li Clan's army entering the shooting range, he ordered,

"Archers, shoot arrows."Swish

, swish, swish, ah, ah

, many soldiers of the Detachment of Women were shot to death by archers. Some soldiers of the Detachment of Women were even shot to death, including men and horses.

Li Xiuning watched her army being shot. They killed a lot of people, but she didn't care. There is no way to kill people in a war. As long as they rush to the four major bandits, that is when the four major bandits will be destroyed.

"Charge, kill the four big bandits."

When the Detachment of Women was about to charge over, Cao Yinglong raised his spear and said loudly,

"Kill me, our reinforcements are coming"

""Kill"

On the wall of Pegasus Ranch, Shang Xiuxun and Su Yan also came here. They saw that the armies of the Four Bandits and Li Xiuning's Detachment of Women were in close combat. They were now fighting brutally. Su Yan and Shang Xiuxun On the city wall, he watched the four big bandits and Li Xiuning fighting dogs.

Li Xiuning now felt more and more that something was wrong. The four big bandits obviously saw that his army was superfluous to them. Why didn't the four big bandits escape? Didn't the four big bandits simply not Have you ever believed in yourself? Did the four major bandits deliberately deceive you about the negotiation a few days ago?

A deputy general hurriedly came to Li Xiuning and said in a panic,

"General, it's bad. The four bandits' troops appeared from the south, numbering about 50,000. We were fooled. The four bandits did not bring 30,000 troops to Pegasus Ranch at all. They also hid 50,000 troops."

Li Xiuning held her hands tightly and said angrily,

"Damn it, the four bandits are so cunning. We are in danger this time. Deputy Liu will retreat us. This time we are in trouble."

Vice General Liu said to Li Xiuning with an ugly face,

"General, we may not be able to leave. The armies of the four major bandits are tightly entangled with us. It may not be easy to escape from the battlefield now."

", withdraw as many soldiers as you can, otherwise our army will be surrounded, and none of our women's soldiers will be able to escape."

Chapter 206

Li Xiuning originally thought that she could complete this mission perfectly, but she didn't expect that she underestimated the four major bandits this time. This war was a blow to Li Xiuning, and Li Xiuning's previous self-confidence and arrogance had completely disappeared.

She looked at the Pegasus Ranch with some reluctance. This time she failed to capture the Pegasus Ranch, and there would be no chance to capture the Pegasus Ranch again in the future. After all, Li Clan could not blatantly attack the Pegasus Ranch for the sake of reputation.

Li Xiuning hoped that the four major bandits could seize the Pegasus Ranch, so that they could be justified in sending troops.

"Grandmaster Li, this mission failed. Let's get out of here."

"Miss, victory and defeat are commonplace, so don't be discouraged. If we have a chance in the future, we can come back to capture the Pegasus Ranch, maybe call it the Four Bandits Ranch."

"Let's go, this time I underestimated the reckless men of the Four Bandits."

After a short half-day of war, the war ended with the four major bandits defeating Li Xiuning's army. Less than 10,000 people from Li Xiuning's women's army escaped. Li Xiuning's army was completely destroyed this time.

"Yes, that little bitch Li Xiuning ran pretty fast. I'm really unwilling to not catch that bitch this time."

"Li Xiuning is indeed Li Xiuning. She actually abandoned most of the army and fled quickly. Those nobles are no different from us. They are all people who are greedy for life and afraid of death."

"This little bitch is ruthless enough to run away at will, even abandoning her direct army, the Women's Army."

Cao Yinglong didn't pay any attention to the conversation of the other three bandits. He knew the ruthlessness of those powerful people. Although they were bandits and bandits, they were not hypocritical powerful people. They had a face on the surface but a face on the inside..Cao

Yinglong looked around and said loudly,

"The whole army is attacking Pegasus Ranch. We must not forget what we are doing this time."

"Yes, big brother."

On the wall of Pegasus Ranch, Su Yan and Shang Xiuxun saw that Li Xiuning fled without thinking when he saw the ambush of the four bandits, and even failed to save the entangled army. This made them look at Li Xiuning was very disgusted when she escaped.

When Shang Xiuxun saw that the four major bandits were organizing an army to attack her Pegasus Ranch, she hurriedly asked Su Yan,

"Su Yan, where are the troops sent by your aunt? Why didn't you show up?"

Su Yan felt a little embarrassed when Shang Xiuxun asked her. She had been watching the battle between the Four Bandits and Li Xiuning's army just now. Su Yan also forgot to ask her where the troops sent by her aunt were.

Su Yan was a little embarrassed. He touched his forehead and said,

"Um, I was just watching the show and forgot to ask, Liu Kai, come out here."

At this time, a figure quickly came to Su Yan's side and saluted and said,

"Liu Kai, the secret guard, met the princess."

Shang Xiuxun was still complaining that Su Yan, a girl, didn't take the life and death of their Pegasus Ranch into consideration, but she suddenly saw a figure appearing in front of Su Yan. If the black-armored cavalry beside Su Yan hadn't stopped him, Shang Xiu Xun almost took action.

Su Yan looked at the elusive secret guard and asked directly,

"Where are the troops sent by my aunt?"

"Princess, ten thousand Netherworld Cavalry are nearby, because without your order, the Netherworld Cavalry did not appear on the battlefield."

"Order the Netherworld Cavalry to destroy the armies of the four major bandits below."

"Yes, princess."

Su Yan saw Shang Xiuxun's surprised expression and waved his hand in front of her eyes until Shang Xiuxun reacted and opened Su Yan's hand.

Su Yan said to Shang Xiuxun in a funny way,

"Sister Shang, what's wrong? What were you thinking about just now?"

Shang Xiuxun is still a little surprised. She didn't expect that Su Yan's aunt, who was just here to pick up someone, actually sent ten thousand Nether Cavalry. She knew the strength of these Nether Cavalry.

When Tao Shusheng was about to rebel last night, the black-armored The cavalry dispatched only a hundred cavalry and destroyed the more than 600 guards gathered by Tao Shusheng.

At that time, Shang Xiuxun was very shocked. Now that there are 10,000 black-armored cavalry, the four major bandits will not dare to attack her again after this time. Pegasus Ranch idea

"Su Yan, you have to stay with me for a while after this incident. You must know that my Pegasus Ranch has suffered heavy casualties and is no longer enough to protect Pegasus Ranch."

"You have to help me protect Pegasus Ranch for a while. You can only leave when we recruit enough guards. Don't worry, I can use war horses to pay you for protecting Pegasus Ranch."

"That's okay, I quite like it here anyway. I'll just stay some time."

At this time, the four bandits were about to attack the Pegasus Ranch. Suddenly there was a sound of horse hooves, and the sounds were getting louder and louder. This made the four bandits feel bad. This was the sound of the cavalry arriving. The four bandits Kou hurriedly asked the army to turn around and face the cavalry that was about to appear. The sound of the cavalry arriving became louder and louder

, and the four major bandits finally saw the cavalry arriving. When they saw a piece of black armor appearing in the distance The cavalry took a breath of air. They didn't expect that tens of thousands of heavy armored cavalry would appear here. When the boss Cao Yinglong saw the heavy armored cavalry, he immediately mounted his horse and shouted loudly,

"Retreat, retreat quickly, these are heavy armored cavalry, we are no match for these black armored heavy cavalry, retreat quickly."

The other three bandits also hurriedly mounted their horses to leave the battlefield. These black-armored heavy cavalry were not something that the four bandits could provoke at first glance. Although they had an army of 50,000, these troops could only be massacred in front of the heavy cavalry. For their sake, they don't want to die in the hands of heavy armored cavalry.

"Prepare the crossbows, release them."

Just when the Netherworld heavy-armored cavalry was about to chase down the four major bandits who were trying to escape, the captain immediately ordered,"

Whoosh! Whoosh! Whoosh! Whoosh!"

"Ah ah ah, it's just me, save me"

"Damn, help me, I got an arrow in the leg."

"Run, these are demons, my bow and arrows can't kill them."

"Run away, there's no way we can penetrate their armor." .....

After a hail of arrows, the four major bandits' troops were shot to death. The remaining four major bandits' troops tried to escape from the attack range of these black-armored heavy cavalry.

"Prepare the spear, throw"

Buzz! Buzz! Buzz! Buzz!"

The spears directly penetrated the bodies of the soldiers of the four major bandits who were escaping, and even one spear directly penetrated two or three people.

These are like the god of death. The black-armored heavy cavalry frightened the armies of the four major bandits and kept them fleeing. The Netherworld heavy cavalry also divided into small groups to chase and kill the four major bandits' armies.

Shang Xiuxun stared at the attack of the Netherworld heavy cavalry in stunned silence. She did not expect this. The army that came to pick up Su Yan for the first time turned out to be heavy armored cavalry.

Shang Xiuxun was very greedy when he saw these Netherworld heavy cavalry. If their Pegasus Ranch had ten thousand such black armored heavy cavalry, then who would still dare to fight in the future? Her Pegasus Ranch idea

"Su Yan, let's form an alliance. These Netherworld heavy cavalry will stay at Pegasus Ranch. Our Pegasus Ranch can provide you with 50,000 war horses every year for free."

## Chapter 207

In the Eastern Continent, in the Han Kingdom, Su Chen was a little impatient with Han Fei and Tian Ze. Su Chen originally thought that it would be very smooth for Yan Lingji and Zi Nu to call them over respectively, but it was almost noon now. None of them came over, which made Su Chen a little unable to sit still.

Nong Yu saw Su Chen, a bastard, lying on Hong Yu's body and still moving around. She also knew that Su Chen was a little impatient now.

"Your Majesty, something may have happened. Let's wait. It's not yet noon yet, and it's still some time away from the agreed time. Su

Chen glanced at Nong Yu and said irritably, "Nong Yu, I just can't sit still. I hate waiting for others."

When Nong Yu saw Hong Yu's face turned red, she knew that Su Chen was causing trouble again. She smiled, put down her guqin and said,

"Haha, why didn't I see that you couldn't sit still? Hongyu and Caidi were taking care of you like an uncle. I think you were a little too happy to miss your childhood."

"I can't say this. Although I like this kind of life very much, if it goes on for a long time, it will make me lose my fighting spirit and make me more and more addicted to beauty."

"Haha, Your Majesty, do you have the fighting spirit now? You can't sit properly, and even when you eat food, you have to be fed by colorful butterflies. I don't see what fighting spirit you have."

Su Chen sat up and hugged Hong Yu and Cai Die and said with a smile, "Hong Yu, Cai Die, do you think Nong Yu is a little swollen now? Nong Yu is always quarrelsome with me now, should I teach her a lesson? Caidi gave Su Chen a sip of wine and said with a smile, "Haha, if your Majesty is willing to do so, then you should teach Nong Yu a lesson. We are afraid that Your Majesty will be reluctant to teach Nong Yu a lesson." Su

Chen shook his head while drinking and said, "Forget it, good men don't fight with women. If Nongyu messes with me again in the future, I will teach her a lesson.""

At this moment, Zhao Kong, the commander of Zi Nu's secret guards, came in and hurriedly saluted Su Chen and said,

"Your Majesty, something happened."

Su Chen was a little confused when he heard what the secret guard said. Who would provoke him at this time? Su Chen looked at the nervous secret guard and asked,

"What happened?"

Zhao Kong, the commander of the secret guards, looked at Su Chen with some anxiety. This time his secret guards were restrained, and they were restrained without any precautions.

This made Zhao Kong a little angry. Now the people they want to bring are Zhao Kong was also missing. Zhao Kong was now worried that Su Chen would punish those careless secret guards.

Zhao Kong immediately knelt down in front of Su Chen and said,

"Your Majesty, Su Rongrong and the others, as well as Chu Liuxiang and the others, have disappeared. The secret guards have also had their acupoints tapped and remain in that courtyard. This time the secret guards were careless and the mission failed. Please punish us, Your Majesty."

Su Chen stood up and stared at Zhao Kong for a while. Su Chen felt that the secret guards would not be so careless and restrained by the acupoints. You must know that these secret guards are the most elite ones selected by Jing Salaman from his army. Trained by a group of people,

Su Chen touched his chin, thought for a while and said,

"Um? Su Rongrong and the others actually tricked me. This is impossible. Su Rongrong and the others shouldn't have the courage to do this?"

When Nongyu saw Zhao Kong kneeling on the ground with his head down, waiting for Su Chen's punishment, she couldn't bear it. Zhao Kong and his secret guards had worked very hard to protect Zilanxuan for more than a month, so Nongyu decided to help Zhao Kong and

Nongyu When Yu came to Su Chen, she smiled and said,

"Your Majesty, could it be that Chu Liuxiang and the others forced them to take Su Rongrong away? I don't think Su Rongrong is that kind of woman. Maybe the secret guards were deceived by Chu Liuxiang and the others and were restrained. This is not considered a dereliction of duty by the secret guards. You also The secret guards shouldn't be blamed."

Su Chen rolled his eyes when he looked at Nong Yu. He didn't know what Nong Yu was planning. All Nong Yu had to say was that he had neglected his duty to let the secret guards go this time. This is not the case for this stupid woman to ask for mercy. Begging for mercy,

Su Chen thought for a while and thought that Suihou Zhu could not leave his surveillance. If he wanted to get Suihou Zhu, he must know the movements of Chu Liuxiang and the others.

Su Chen said to Zhao Kong who was kneeling on the ground,

"Order the secret guards to search for Su Rongrong and the others in Xinzheng City with all their strength. I want to see if Su Rongrong and the others betrayed them this time or if Chu Liuxiang and the others forcibly took them away?"

"Yes, Your Majesty."

Nong Yu breathed a sigh of relief when she saw Su Chen didn't punish Zhao Kong. When Nong Yu saw Hong Yu and Cai Die looking at her, she knew that they also wanted to plead for Zhao Kong, but she spoke first.

But Nong Yu felt that Hong Yu and Cai Die were looking at her. Why is there something wrong with his eyes? Nongyu thought about it and didn't know what was wrong. It seemed that he didn't say the wrong thing just now.

In Xinzheng City, a very beautiful woman walked out of a dilapidated palace, followed by a somewhat cold man. Man.

This cold man looked around and threatened Yan Lingji and said,

"Yan Lingji, you better not lie to me this time or you will die miserably. Yan

Lingji looked at Tianze and asked excitedly, "Tianze, what did I do wrong that you have to abandon me?"

Tianze didn't care at all about Yan Lingji's question, he said without any hesitation.

"There is no reason, you can think of it as for Baiyue, if we want to kidnap the Prince of Han Kingdom, someone must attract the attention of Ji Wuye and the others. Do you understand now?"

"Haha, Tianze, actually I will do it if you tell me clearly. I am willing to die for Baiyue, but I never thought that I would be abandoned by you like this."

"Isn't it appropriate to discard some chess pieces? Who is that gentleman? Can he really convince Han Fei to cooperate with me?"

"I understand. I don't know his specific identity, but neither Han Fei nor Ji Wuye dare to provoke his wife. Han Fei should know his specific identity. You can ask Han Fei about this later."

Yan Lingji has completely given up on Tianze now, and she will never work for Tianze again in the future. She hopes that bastard Su Chen can let Tianze cure his poison, so that she can be considered free. No

, Su Chen, that shameless pervert, would definitely not let her go easily. Would she be imprisoned by that bastard as a prisoner in the future?

Yan Lingji thought that she didn't know where she was going in the future, and Baiyue would definitely not be able to go back. It seems that the seven countries of the Eastern Continent have no place for themselves. Do you have to follow that bastard in the future?

Yan Lingji brought Tian Ze to Zilan Pavilion with some uneasiness. The Nether Iron Cavalry in Zilan Pavilion When the guards saw Yan Lingji bringing a man in, they immediately became nervous. They held military crossbows and were always on guard against this powerful and cold man.

Tianze was a little surprised to see that the guards here were all innate cultivation realms. These guards should be that gentleman's guard. Zilanxuan doesn't have such a powerful guard. Tianze is now a little interested in that gentleman.

"Su Chen, you bastard asked me to run errands, but you are here having fun and drinking, and you even found three beauties to accompany you. Why don't you die?"

Chapter 208

Yan Lingji came into the room and saw Su Chen fooling around with three beauties in the room, which made Yan Lingji very angry.

She searched several hiding places of Tianze before she found Tianze and the others, but this bastard was actually having fun and drinking with several girls. This made Yan Lingji very angry when she saw Su Chen holding two beauties.

Yan Lingji didn't know why this happened, but she felt that Su Chen shouldn't do this, as it felt like she was sorry for herself.

Su Chen was a little confused when he heard Yan Lingji's scolding. Did Yan Lingji take the wrong medicine today? How could she be as angry as if his wife caught her having an affair?

Yan Lingji seems to have nothing to do with me, right? Well, he was an exception when he saw her all, but this shouldn't make Yan Lingji scold him like this.

At this time, Nongyu, Caidie, and Hongyu also looked at Yan Lingji in surprise. They didn't know why Yan Lingji was so angry.

Nongyu and the others knew that this Baiyue woman had nothing to do with Su Chen, but now it seemed that was not the case. Could it be that Su Chen and Yan Lingji had hidden secrets that they didn't know about.

Su Chen let go of Hong Yu and Cai Die and came to Yan Lingji. He looked at the extremely beautiful Yan Lingji and said with a smile,

"Yan Lingji, did you take the wrong medicine today?"

Yan Lingji also knew that she was impulsive just now. Although she couldn't understand why she was so angry just now, she still didn't give Su Chen a good look at all.

"You took the wrong medicine, this is Prince Tianze of Baiyue"

"Prince Tianze of Baiyue? I think he is the deposed prince, is he a red-browed dragon and snake?"

"You seem crazy. Aren't you afraid that I will kill you now? Your Majesty?"

"After all, you are one of the three most powerful men. Tianze, a lost dog should stop pretending to be cool. You are not qualified to pretend to be cool now."

""Looking for death"

When

Tianze saw Su Chen insulting him like this, Tianze couldn't help but fly out snake skulls and chains from behind him and attack Su Chen. He wanted to teach this arrogant nobleman a lesson.

Su Chen didn't seem to notice. As if Tianze was attacking him, he took the wine handed to him by Hong Yu and sat down to drink leisurely.

Nongyu and the others were not worried about Su Chen. They knew that Su Chen would be fine. This was Zilanxuan, no matter what Whether it was a secret guard or a shadow assassin, they knew that they would definitely stop Tianze at this time. When

Yan Lingji saw Tianze attacking Su Chen, she was about to stop him when she suddenly found four women dressed in black suddenly appearing in the room. Lingji knew that this was some kind of shadow assassin from that bastard Su Chen, so she did not stop Tianze.

After the four shadow assassins stopped Tianze from attacking Su Chen, they began to assassinate Tianze from four directions. The shadow assassins appeared and disappeared. The movement skills in this room made Tianze keep retreating.

In the small space here, Tianze's bone chain could not be used at all, and the movement skills of these masked women were too weird. Tianze did not expect that this Junjue could actually There are also such guards.

Su Chen saw that Tianze was a little aggrieved now. He also knew that Tianze did not use his advantages in this room, and the deposed prince of Baiyue was poisoned by Bai Yifei so that he had not yet regained his full victory. ,

Su Chen saw that if the fight continued, this room would be destroyed. This was Zi Nu's reception room, and Su Chen didn't want Zi Nu to come back and cause trouble for him.

"Okay, you guys step back"

"Yes, master."

The four shadow assassins disappeared into the room after hearing Su Chen's order.

Seeing that Tianze was still on guard, Su Chen smiled and said, "Tianze, come here, I don't think you are coming this time. It's a fight."

After Tianze came over, he looked at Su Chen expressionlessly. He had never thought that this king would have such a powerful assassin. If these assassins assassinated him unexpectedly, Tianze felt that he would also be injured. These female assassins His elusive movement skills made him hard to guard against.

"who are you? You have some strength, and the guards outside and the women who just appeared are all good subordinates, but I have never heard of a person like you in Han Country."

Su Chen poured Tianze a glass of wine and said, "I'm not from the Han country, so of course you don't know me."

Tianze drank the wine that Su Chen handed him in one gulp. He was not afraid that Su Chen would poison the wine, because he saw Su Chen's disdain for him in his eyes. This made Tianze look at Su Chen. Just a little angry,

"Then why do you want to get involved in the matter here in Han Country?"

Su Chen stood up and came to Yan Lingji's side. He hugged her Yan Lingji's small waist and said with a smile,

"Yan Lingji! I am here for Yan Lingji. I am attracted to Yan Lingji. I want to take her out of the cold country, but she seems to have been poisoned by you. The reason why I help you form an alliance with Han Fei this time is to get rid of Yan Lingji. Ling Ji's poison."

Su Chen hugged Yan Lingji and felt her body collapse tightly. Su Chen knew that Yan Lingji was nervous. Su Chen smiled and hugged Yan Lingji tighter. Anyway, Yan Lingji is now If the baby wants to cooperate with her, she will definitely not stop her now.

Yan Lingji's hands were clenched tightly and hidden in her sleeves. She did not expect that this bastard Su Chen would do this to her. If Yan Lingji hadn't wanted to get the antidote, She'll beat this bastard right now

"not enough"

"Tianze, don't push yourself too far."

"A person who waits a long time often asks for more."

Bang bang

Su Chen clapped his hands when he saw Tianze pretending to be cool. This time he finally saw Tianze, the hot boy, pretending to be cool. I believe it won't take long for Wei Zhuang and Bai Yifei to meet the hot boys. ,

Su Chen hugged Yan Lingji and sat down. Yan Lingji glared at Su Chen and pinched the waist of this bastard Su Chen. Yan Lingji did not expect that this bastard would let her sit on his lap. This made Yan Lingji Ji's face turned a little red.

Su Chen endured Yan Baobao pinching him and said to Tianze

"After all, you are the three powerful kings. I am speechless. What about the antidote to the poisonous poison in your body?"

Tianze was surprised and asked immediately after hearing Su Chen's words,

"You know that? Yan Lingji and the others didn't know that I was poisoned by Bai Yifei's poison. How did you know that I was poisoned?"

"I know a lot, Tianze, these can cure Yan Lingji's poison, right?"

"I need to cure my poison first"

"Haha, Tianze, do you think it's possible? You're not an idiot and I'm not an idiot either"

"How can you detoxify me first?"

Su Chen doesn't have the antidote for the poison now, but he does have the perfect-figured Madam Mingzhu. As long as he takes care of the beautiful Madam Mingzhu, won't the antidote be readily available?

Su Chen grabbed Yan Lingji and pinched her. The little hand on his waist said to Tianze indifferently,

"I won't detoxify you first, Tianze. You must detoxify Yan Lingji's poison first. After you detoxify Yan Lingji's poison, I will detoxify you within three days. This is non-negotiable. Shantang, if you don't remove Yan Lingji's poison, I can also remove it, but it's just a little troublesome."

"Then aren't you afraid that I will let Yan Lingji die of poison now?"

"Tianze, if you want to die early and be reincarnated, you can give it a try."

## Chapter 209

In Xinzheng City, Chu Liuxiang and the others, along with Su Rongrong, Li Hongxiu and Song Tianer, abandoned Su Chen's carriage and came to a luxurious mansion. Chu Liuxiang and the others knew at a glance that this mansion was an official's mansion, and they hid here. It should not be discovered

"Who are you?"

It's just that when Chu Liuxiang and the others came in, they found a beautiful woman looking at them in surprise. Chu Liuxiang and the others immediately came to the beautiful woman and tapped her acupuncture points.

Chu Liuxiang and the others did not expect that this remote place in the mansion would be there. Someone is here, and this beautiful woman can tell at a glance that she is the mistress of this mansion. Now they don't know what to do with this beautiful woman.

Chu Liuxiang clasped his fists at this beautiful woman and said,

"Madam, we are just hiding in your house for a while. I hope Madam will not do anything unnecessary."

This beautiful woman is Mrs. Hu, the wife of former Sima Liu Yi and Nong Yu's mother. Since Liu Yi's death, Mrs. Hu has been waiting for someone who looks very much like Li Kai to appear.

But she hasn't seen it for several days. That person even came to take her to Zilanxuan, but she didn't agree. Mrs. Hu didn't expect that there would be uninvited guests breaking into her home today. Mrs.

Hu looked at the men and women who broke in and asked in panic,

"Are you the assassins who killed the Qin envoy? You'd better leave. Now Xinzheng City is arresting you everywhere, and my house will also be searched by the city guards."

Seeing the lady's frightened look, Hu Tiehua hurriedly explained,

"Madam, we are just hiding in your house for a few days. We are not assassins who assassinated the Qin envoy. Madam, you can rest assured."

Seeing these, Mrs. Hu wanted to stay at her house for a few days, which made Mrs. Hu even more nervous. She was afraid that if her daughter Nongyu came to see her, she might also be caught by these people.

"It's not convenient for you to hide here at my home, so you should go somewhere else."

Hu Tiehua saw that the lady still didn't agree, so he hurriedly pointed at Su Rongrong and the others and said,

"Madam, there are city guards everywhere outside now searching for those assassins. Even strangers will be arrested. If we are discovered, we will also be arrested. We have several beautiful female friends. If we are caught, then They will definitely be bullied by those city guards."

"Sorry, it's really inconvenient for me here. You'd better leave."

When Madam Hu looked at Su Rongrong and the others, she found that they were just like her, standing motionless. This made Madam Hu suspect that they had also robbed these women into her house. This made Madam Hu even more nervous. If these people were Flower picker, isn't it like a sheep entering a tiger's mouth to get jade?

"We're only staying for a few days. I'm sorry, madam."

Chu Liuxiang opened his fan and was a little impatient. Now this is the only place that is safer. There is no one in this house, and they don't have to worry about being discovered.

"Brother Chu, you can do this. We have promised him to go back and be his maid after he rescues you. Why do you want to tap our acupuncture points? He even deceived the guards and restrained them?"

"Yes, Brother Chu, if you do this, we will break our trust, and it will also bring you big trouble."

"Let us leave now, otherwise if he gets angry, you may be really in danger."

Su Rongrong and the others hurriedly said to Chu Liuxiang after Ji Bingyan unlocked the mute acupoints.

If they didn't go back and explain to Su Chen this time, I'm afraid Chu Liuxiang and the others would really not be able to leave Xinzheng City, and they would even be directly killed by Su Chen's men. They.

Su Rongrong and the others will also be punished by Su Chen for not keeping their word, and they may even be killed. After all, they have gone back on their word first. If Su Chen really wants to kill them, I'm afraid they won't even have a chance to explain.

Su Rongrong But knowing that Su Chen's power was very powerful, even the city guards, the Mo family, and the farmers could not find Chu Liuxiang and the others. It only took Su Chen's men a short time to find them. Su Rongrong didn't think that Chu Liuxiang and the others could hide here. Su Chen's men searched.

Chu Liuxiang didn't want Su Rongrong and the others to leave. He looked at Su Rongrong and the others and analyzed,

"Rongrong, don't worry, those city guards are not looking for us. If they catch the murderer who assassinated the Qin envoy, Xinzheng City will be lifted from the blockade, and then we can allow you to leave Xinzheng easily."

Su Rongrong said hurriedly when she saw that Chu Liuxiang still refused to let them leave.

"Brother Chu, if we don't go back, something will really happen. Please unlock our acupuncture points quickly, otherwise we may all be killed by his men if it's too late."

Li Hongxiu is also a little anxious now. She doesn't understand why Chu Liuxiang does this. They have made it very clear, but why doesn't Chu Liuxiang let them go?

Li Hongxiu also said to Chu Liuxiang anxiously,

"Yes, Brother Chu, please untie our acupuncture points quickly. We have never been threatened by him at all. We are willing to be his maids. If we don't keep our words, I'm afraid we will anger him."

"Sister Rongrong, Sister Hongxiu, I'm afraid it's too late now. It's been almost half a day since we left there. He must have gotten the news. We stopped his guards from running away. Even if we go back now, it won't help. He We will certainly not be forgiven for our treachery.

Ji Bingyan was a little confused and asked Su Rongrong, "Rongrong, who is he you are talking about?" Is it the lady in the carriage?"

Su Rongrong shook her head and rejected Ji Bingyan,

"We can't say that this is what we promised, sorry for Brother Ji."

Ji Bingyan looked at Su Rongrong and the others and said to Chu Liuxiang,

"Lao Chu, let Rongrong and the others go. Maybe what Rongrong and the others said is true. We can't let Rongrong and the others be dishonest people."

Chu Liuxiang refused directly without thinking,

"No, it is impossible for Rongrong and the others to be other people's maids. We only need to wait here for a few days and believe that Xinzheng City will lift the blockade. By then we leave the

Eastern Continent, and I believe that the lady will not be able to do anything to Rongrong and the others."

Hu Tiehua now feels that Chu Liuxiang has gone too far. After all, Rongrong and the others begged the lady to agree to save them. Now that they were rescued, not only did they not thank the lady, they even restrained her guards. Such and What's the difference between repaying kindness with hatred?

Hu Tiehua couldn't stand it anymore and said to Chu Liuxiang,

"Lao Chu, wouldn't this be good? After all, this is what Rongrong and the others promised to the lady. If Rongrong and the others really regret it, I'm afraid they will be unhappy because of this matter in the future. Rongrong and the others are just doing this. That lady has been a maid for three years. Time will pass soon. If we are worried about them, we can come and see Rongrong and the others in the future."

"If I say no, it won't work. There is no need to talk about this matter anymore. We will leave the Eastern Continent as soon as Xinzheng City is lifted from the blockade."

## Chapter 210

When Chu Liuxiang saw that Ji Bingyan and Hu Tiehua were trying to persuade him to let Su Rongrong and the others leave, he felt a little helpless. It was impossible for him to tell him what he was thinking. Chu Liuxiang could only take Su Rongrong and the others away from the Eastern Continent and then find a way to slowly explain to them.

When Hu Tiehua and Ji Bingyan saw that Chu Liuxiang was so resolute, they couldn't continue to ask questions now. They believed that Chu Liuxiang would explain to them in the future, but Su Rongrong and the others might really break their trust this time.

When Su Rongrong, Li Hongxiu and Song Tian'er saw that Chu Liuxiang still refused to let them go, they looked at each other. They couldn't understand why Chu Liuxiang did this this time, and even put them in danger.

Su Rongrong looked at Chu Liuxiang thoughtfully. She now thought about why Chu Liuxiang must take them away, but Su Rongrong did not agree with Chu Liuxiang's doing so.

She looked at Li Hongxiu and the others, and Su Rongrong wanted to know what Li Hongxiu and the others would think if they knew about it. If they listened to her guess, would they still be as obedient to Chu Liuxiang as before?

Su Rongrong thought for a while and decided to tell Li Hongxiu and the others her guess when there was no one else around to see how they would react to her guess.

After listening to the conversation between these people, Mrs. Hu also understood that these people may have done other things and were hunted down. Those women also made some promises to save those men. It seemed that these men would repay kindness and revenge for saving them. The people were restrained and fled to her house.

Chu Liuxiang cupped her fists at Mrs. Hu next to her and said,

"Madam, we have been offended this time."

Mrs. Hu was a little angry. She had always been gentle and never lost her temper, but these people were simply bullying others too much. She had already told them clearly, why did they just refuse to leave? Mrs.

Hu was a little angry. Chu Liuxiang said,

"You'd better leave here. I told you it's not safe here. Don't drag me down like a woman in my house."

"I'm offended. We can't leave at all now. You also know that the city guards outside are arresting strangers everywhere. We will be discovered if we go out."

Chu Liuxiang untied Mrs. Hu's acupuncture points as he spoke. He stretched out a finger to indicate an invitation to come in. Mrs. Hu walked directly to her inner palace with an ugly face. Chu Liuxiang and the others also took Su Rongrong and the others to follow. Go.

Zilanxuan

Tianze had no reaction when he heard Su Chen's threat. It was as if Su Chen had never threatened him at all. Tianze now also understood that he might not be able to threaten this king. After thinking about it,

Tianze became cold. He said to Su Chen, "If I cure Yan Lingji's poison, what if you regret it?"

Su Chen saw that Tianze might agree, so he hugged Yan Lingji and immediately said seriously,

"Prince Tianze, I am an honest and reliable person, how could I lie to others? Besides, Zilanxuan is my woman's property and I can't run away. You can rest assured now."

Yan Lingji felt a little funny after hearing Su Chen's words. Is Su Chen an honest person? When did this bastard become honest? He saw her for the first time and even had a nosebleed. Yan Lingji that time I knew that that bastard Su Chen was not a good person.

Nongyu and Caidi also covered their mouths and laughed. Although they had only known each other for less than a day, they knew Su Chen's temper well. Su Chen was a dishonest and shameless person, a rogue monarch. This is something that no one else can imagine.

"Okay, I will detoxify Yan Lingji now, and I hope you will keep your word after three days. Tianze said, forcing a drop of golden Gu blood from his arm and said to Su Chen,

"This is the mother voodoo of the Loyalty Gu. As long as this mother voodoo is destroyed, the poisonous poison in Yan Lingji's body will be automatically eliminated."

Su Chen didn't know if this was true. When he saw Yan Lingji's excited look, he knew it was true. Su Chen let go of Yan Lingji and nodded to her.

Yan Lingji saw Su Chen Nodding to her, she took the mother Gu directly from Tianze. When Yan Lingji looked at the mother Gu, a cluster of flames came out from her hand and burned the mother Gu completely. At this moment, Yan Lingji felt that she felt much more relaxed, and she didn't have to worry about the poison in her body breaking out in the future. Yan Lingji returned to Su Chen and took Su Chen's hand and smiled.

Su Chen saw that Yan Lingji actually pulled her, which made Su Chen Looking at Yan Lingji, she was a little speechless. This baby Yan didn't let go of rabbits. Did she want to give herself a jujube?

"Tianze, Han Fei and the others are coming soon. I don't care what you do. You can come and get your poison antidote in three days."

"I know that I will come back in three days to get the antidote."

At this time, Zi Nu pushed the door open and came in. Su Chen saw that Zi Nu came with Wei Zhuang alone. Han Fei, the unlucky guy, didn't come with them, which made Su Chen a little confused. Han Fei, the unlucky guy, didn't come with them. It's impossible for Dan not to know the benefits of cooperating with Tianze, so why didn't Han Fei come over? Is Han Fei imprisoned by his father now?

Zi Nu came to Su Chen anxiously. She saw that this bastard Su Chen was actually Holding hands with Yan Lingji,

Zi Nu glared at Su Chen, a bastard, and said, "Su Chen, something happened to Han Fei, and now he can't come."

Su Chen was very helpless when he saw Zi Nu glaring at him. When Yan Lingji saw Zi Nu come in, she stood close to Su Chen. What was this Yan Bao doing? Was he trying to anger Zi Nu on purpose?

"Was he imprisoned by King Han? That unlucky guy is really unlucky"

"Did you know that Han Fei was imprisoned by King Han?"

Su Chen looked at Zi Nu's surprised look and said with a smile,

"What is there to guess about? Yan Lingji killed the Qin envoy, and Han Fei did not arrest Yan Lingji. There is no way for the Han State to give an explanation to the Qin State."

"That bastard Ji Wuyue will definitely not let go of this opportunity to add insult to injury. It would be impossible for Han Fei not to be imprisoned by King Han, but I didn't guess that Han Fei was imprisoned by King Han in just one night.."

Zi Nu felt helpless after hearing Su Chen's words. Now that Han Fei is imprisoned, can the cooperation between Han Fei and Tianze continue? This time Zi Nu hopes that Han Fei can cooperate with Tianze so that she can withdraw from the quicksand. Afterwards, Han Fei and the others would not be alone.

Zi Nu now hoped that Su Chen could find a way to rescue Han Fei, so she hurriedly said to Su Chen,

"Su Chen, what should we do now?"

Su Chen shook his head speechlessly. Zi Nu had already withdrawn from the quicksand. Why was she still worried about that hapless Han Fei?

Su Chen didn't want to worry about that hapless Han Fei. Han Fei was only imprisoned for a period of time anyway. I believe Han Fei was No matter what, I wouldn't be able to kill him.

Su Chen waved to Nong Yu and Cai Die and said,

"What do you mean? This is none of our business. Wei Zhuang is here and it doesn't matter if Han Fei is here or not."

"Wei Zhuang, this is Tianze, the prince of Baiyue. You can explain to Tianze how you want to cooperate in the future, and we will not interrupt your conversation."

As Su Chen said, he took Yan Lingji and Zi Nu and they were about to go out. He didn't intend to get involved in the affairs between them. It was better for the Han people to resolve matters in the Han country themselves. Su Chen believed that these two Big pussy king can talk very well

"Mr. Wu Xiang, I hope you can help Han Fei this time. If Han Fei is punished by King Han, I may not be able to do anything even if I cooperate with Tianze."
