### Chapter 2011

Although Leng Shuang admired Su Chen for being able to draw away the punishment from heaven, she was very angry when she thought of what Su Chen had done to her. She now wanted to kill that shameless bastard.

As long as Leng Shuang gets rid of Su Chen's control, she must kill that shameless little bastard.

Boom boom boom.....

The Heavenly Dao in the Dark Realm was completely angry.

Powerful Heavenly Punishments kept coming down one after another, but they were all led away by the ten huge pillars around them.

The seven saints are now attacking the Eye of Heaven without any scruples. They did not expect that it would be so easy to destroy the Eye of Heaven.

In just ten days or so, these saints will definitely break the Eye of Heaven.

Su Chen watched as Nuwa and the saints continued to attack the Eye of Heaven, while the thunder punishments of the Heavenly General were led away by ten pillars.

He touched his chin and laughed.

This time, the way of heaven in the realm of darkness is almost certain.

As long as these saints work hard, I believe that the eye of heaven in the realm of darkness will be shattered soon.

Ten days later, the saints were still attacking the Eye of Heaven.

There were also cracks in the Eye of Heaven in the Dark Realm. Heaven could no longer hold on for long.

Holy shit!

Is the lightning rod of heavenly punishment about to break?

Damn it!

If I had known, I would have asked the Queen Mother of the West to refine it with some better materials.

Su Chen regretted that he had just found some metal materials at random. If he had found some high-quality metal materials and asked the Queen Mother of the West to refine them, he would definitely be able to persist until the Heavenly Dao in the Dark Realm was destroyed this time.

Su Chen looked at Nuwa and those saints and reminded loudly,

"You all seize the time to attack. I'm afraid the ten pillars won't last long."

"What?"

Nu Wa and other saints became nervous when they heard Su Chen's words.

They didn't expect that Su Chen's pillars would no longer be able to hold on. They haven't broken the Eye of Heaven yet. If those pillars were broken, they would definitely have to face it. Attack on Heaven's Punishment.

Leng Shuang asked hurriedly after hearing Su Chen's words, "Aren't those pillars of yours spiritual treasures?"

Su Chen shouted helplessly,

"Damn it, those elementary spirit treasures that are just randomly refined and acquired are even the most rubbish among the elementary spirit treasures."

An Yue couldn't help but cursed after hearing Su Chen's words, "You bastard, are you cutting corners when refining a spiritual treasure?"

"Damn it, I don't know that these pillars work. If I knew it would work, would I have refined such a rubbish spiritual treasure?"

Dark Moon shouted angrily to the people next to him, "Damn it, attack quickly. If you don't want to die, use all your magic attacks."

"Increase attack"

"Quick, increase your attacks!"

"Spiritual treasures, bring all our spiritual treasures, otherwise the ten pillars will be broken and we low-level saints will be damaged."

"He can't die here and increase his attack."

Boom boom boom.....

Su Chen watched the saints speed up their attacks.

He looked at the pillars around him and was very worried. Some of the pillars had cracks. If they continued to guide the punishment from heaven, they would come.

I'm afraid some of the pillars will break in a few hours. boom!

A pillar was broken and collapsed.

Su Chen's eyelids jumped when he saw this. He felt something was wrong. The Heavenly Dao of the Dark Realm seemed to be attacking these pillars. Did the Heavenly Dao also understand the function of these pillars?

Boom boom boom boom.....

Then!

The other nine pillars also broke and collapsed, it was over!

All ten pillars were broken, and now it was up to Nuwa and the others to see if they could break the Eye of Heaven.

Nuwa and the others also discovered that ten pillars had collapsed.

They looked at the Eye of Heaven and became vigilant.

They would face the next divine punishment.

Boom boom boom.....

Holy shit!

"Chaos clock!"

Dang, clang, clang!

Su Chen looked at the Heavenly Way of the Dark Realm with a dark face,

Damn, how could the Heavenly Way of the Dark Realm attack him?

Damn it, run away, or you will die if you don't run away.

Su Chen immediately raised his head against the chaos Zhong started to escape, and the Heavenly Punishment from the Realm of Darkness kept chasing Su Chenbo!

"How is this going? Why did Heaven keep attacking Su Chen!"

"That bastard must have done something so evil that even the Heaven of the Realm of Darkness can't stand it."

"Will something happen to Su Chen? Our lives are still in Su Chen's hands"

"Don't talk nonsense, attack quickly, Su Chen has an innate treasure, he can still hold on for some time, we have to break the Eye of Heaven as soon as possible"

"Yes, yes, attack the Eye of Heaven quickly. Su Chen is drawing hatred now. We must destroy the Eye of Heaven as soon as possible."

"I hope that shameless pervert can hold on."

Nu Wa and other saints watched the thunder and punishment of Heaven attack Su Chen.

They also took this opportunity to attack the Eye of Heaven.

They saints didn't know why Heaven attacked Su Chen, but this was also their opportunity.

Su Chen was everywhere Running around, he cursed at the Heavenly Way in the Dark Realm,

"Damn it, God, did I steal your house? I still raped you, why the hell do you keep chasing me and killing me?"

Boom, boom, boom!

Oh!

Damn the way of heaven!

Su Chen saw the black thunder tribulation of heavenly punishment coming quickly again. He was so frightened that he quickly teleported away.

It was better that the way of heaven in the realm of darkness did not lock on him this time.

Otherwise, even if he had the innate treasure Chaos Bell to resist him, Su Chen would not be able to hold on for a few thunder tribulations. Su Chen shouted to the saints who were attacking the way of heaven, "You all hurry up, I will be killed." Killed."

Dark Moon smiled seductively and replied,

"Come on, come on, in two days at most, the Eye of Heaven will definitely be broken by us, you little scum can hold on for two days"

"Damn it, have you ever seen such a powerful little scumbag? Dark Moon, have you ever seen a golden immortal being chased and killed by the Heavenly Dao?"

"Come on, little brother, I'm optimistic about you!"

"My day!"

Su Chen was also speechless.

Two days?

He might not be able to hold on for a day.

The luster of the Chaos Bell has gradually dimmed.

If the innate treasure Chaos Bell is seriously broken, Su Chen will probably be struck by lightning and his soul will fly away.

Nuwa Although they and Gaia were very worried about Su Chen, they all thought that Su Chen would be able to persevere.

Su Chen had not been struck by the thunder of heaven twice. They all guessed that Su Chen should be very aware of heaven's punishment. That bastard can hold on for another two days.

Su Chen looked at the Chaos Clock and was afraid that he wouldn't be able to hold on for an hour.

He hurriedly asked the system for help,

"System beauty, help!"

"Ding, host, you can really seek death. You are a little scumbag of a golden immortal. Can you challenge the way of heaven?"

"System, I haven't attacked Tiandao even once. I'm just provoking you."

"Ding, host, where is your Heavenly Punishment Lightning Rod? Heavenly Dao considers you to be the biggest threat, and Heavenly Dao will pursue you relentlessly to destroy you first."

Chapter 2012

Su Chen was stunned when he heard what the system girl said.

He is actually the biggest threat to Tiandao?

Is this a joke?

Although the Heavenly Punishment Lightning Rod works, it can still be done if God wants to destroy the Heavenly Punishment Lightning Rod.

Su Chen looked at Tianpu who started to attack again, and he felt very helpless.

Damn, he just created a lightning rod for Tianpu.

Why is Tiandao so stubborn?

Faced with those powerful saints who refused to kill him,

Heavenly Dao kept pursuing him and killed him. Should Su Chen have to try the punishment from heaven in every realm?

"System, please help me restore the Chaos Clock, otherwise I will be hacked to death."

"Ding, the system can't do it!"

"Let me tell you, system girl, are you really like this? I am here to work for you. If I am hacked to death, you don't have to want the origin of heaven."

"Ding, the source of Heavenly Dao will add another 10%."

Su Chen's face turned black when he heard the system girl's words.

He couldn't help but cursed,

"Get lost, system girl, you already want 50% of the source of Heaven's Law, will you die if you leave some of the Source of Heaven's Law for me?"

"I have a big family to feed, do you want those saints to see me eating alone? It's not me who eats alone. I'm taking the blame for you."

"Ding, just do it once, never do it again!"

"One time is not enough, ten times, System Beauty, you restore the Chaos Clock ten times, I will definitely grab the origin of Heavenly Dao this time"

"Ding, you fart ten times, just once, do you want love?"

"Damn you, system beauty, you actually said dirty words."

Su Chen didn't expect that the system girl would say dirty words angrily.

Damn it, the system girl is getting more and more evil.

Su Chen saw cracks in the chaos clock. I'm afraid the system girl really won't increase the number of times.

Su Chen said He shouted hurriedly,

"Just one time, system beauty, recover quickly, otherwise my chaos clock will burst."

Boom!

At this time, the Chaos Clock suddenly burst out with a burst of golden light.

After a while, the Chaos Clock was completely restored.

Damn, the system girl is really powerful.

The innate treasure said it would be restored as soon as it was restored.

Su Chen looked at the Chaos Clock that was restored as before. , he can persist for most of the day, but how can he persist for another day and a half?

Su Chen looked at Nuwa and the saints and was very helpless.

Those saints were supposed to bear the bombardment of heaven, but now he has become a little scum. After losing the main force, those powerful saints became miscellaneous soldiers.

Outside the realm of darkness, the Heavenly Dao continued to bombard Su Chen, and the saints like Nuwa continued to attack the Eye of Heavenly Dao.

It was so strange that no other saints saw this strange scene. Otherwise, those saints who saw this situation would probably be shocked.

Su Chen was eating flat peaches and looking at the Eye of Heaven in the sky.

The Eye of Heaven seemed to be broken, but he was like this a few days ago. , the defense of the Eye of Heaven is really powerful, seven saints could not destroy the Eye of Heaven for so long.

Dark Moon discovered that that bastard Su Chen was still eating fairy fruit while resisting the thunder punishment sent by Heaven.

Dark Moon immediately With her eyes widened, she thought about the thunder punishment of heaven. Could it be that the thunder was louder than the raindrops? How could a little golden fairy still resist the punishment of heaven leisurely?

"Little scumbag, can you still persist?"

"cannot!"

"cannot? Can't you still eat fairy fruits leisurely?"

Su Chen looked at Dark Moon and shouted,

"Dark Moon, how about we switch? You come to resist the bombardment of Heavenly Dao, and I will attack the Eye of Heavenly Dao."

When An Yue heard what Su Chen said, she blushed and didn't want to talk to that shameless bastard.

An Yue also discovered that the power of heaven's punishment was not bad at all. These thunder punishments were all resisted by Su Chen's innate treasure.

"Just dream, heaven's punishment can destroy me in just a few times, but I don't have an innate treasure to withstand the punishment."

Su Chen took a bite of the flat peach and said angrily,

"Then you are still talking nonsense, do you think I am very leisurely? I am a golden immortal, can my magic power support the innate treasure for so long? Now I feel like vomiting after eating fairy fruit to replenish my mana."

An Yue laughed when she heard Su Chen's words and said,

"Haha, you deserve it. Who allowed you, a bastard, to control saints like us? You have done too many bad things, and even Heaven is displeased with you."

Leng Shuang glanced at Su Chen and cursed,

"This is the retribution of heaven for this shameless pervert.

An Yue looked at Leng Shuang and asked in confusion, "Leng Shuang, what on earth did Su Chen do to you?" Why do you keep scolding Su Chen for being shameless? That little scumbag won't fall in love with you, right?"

"Get lost, that little scumbag fucked you"

"Haha, I understand, that little bastard must have threatened you. Let me guess, you won't be blinded by that little bastard, right?"

"Dark Moon, do you want to die?"

"cut!"

An Yue looked at the cold and angry look.

She felt that her guess was probably correct.

Leng Shuang might not have been seen by Su Chen's little scumbag, and she might have been bullied by Su Chen.

Otherwise,

Leng Shuang would not have She hated that little scumbag Su Chen so much.

Nuwa frowned and said loudly,

"Stop talking and speed up the attack. We don't know how long Su Chen can hold on. We must quickly crush the Eye of Heaven before Su Chen can't hold on any longer."

The other saints nodded and attacked quickly.

They have not suffered much damage from the battle with the Heavenly Dao in the Dark Realm this time. This is all the help brought to them by Su Chen. If not As long as Su Chen exists, half of the saints like them will be dead or injured by now.

Half a day passed quickly.

Su Chen saw that the Chaos Clock was losing its luster again, and his heart was lifted.

Boom boom boom.....

"Space moves!"

"Time pauses!"

"Time goes backwards!"

"Space moves!"

Su Chen immediately activated the Law of Time and the Law of Space to avoid the attack. He could no longer rely on the Chaos Clock to resist divine punishment. If the Chaos Clock was too seriously damaged, he would have no way to restore the Chaos Clock.

There was still one and a half days left.

If Su Chen hid, However, he can only find some scapegoats to help him resist the punishment of heaven.

Boom boom boom.....

Ahem.....

Su Chen was killed hundreds of miles away by the divine punishment. His whole body was covered in black, and he even kept coughing and vomiting blood.

Damn it,

I can't stand it anymore, who can I find to be the scapegoat?

Hulk?

Saint Yuan Ancestor?

Frost?

Dark moon?

Mingtian?

"Little scumbag, I didn't expect you to vomit blood."

Leng Shuang saw Su Chen constantly vomiting blood after being chopped, and she felt a little happy.

Although Leng Shuang was worried that Su Chen would be punished by heaven, she thought of this little scumbag's trick. Duan, Su Chen couldn't be hacked to death so easily.

When Su Chen heard Leng Shuang's words, he looked at Leng Shuang and muttered to himself maliciously,

"Hehe, Leng Shuang, it's you this time, don't blame me, who told you to hit the muzzle of the gun, two thunder disasters! If you can withstand two thunder tribulations, I will replace you with someone else."

Chapter 2013

After Su Chen selected Leng Shuang, he quickly moved towards Leng Shuang. It was no wonder that Leng Shuang was unlucky because she hit the muzzle of a gun at this time.

Whoosh!

After a few breaths,

Su Chen suddenly appeared next to the cold beauty,

"What are you doing here? Get out of here!"

Leng Shuang suddenly noticed Su Chen's arrival, and her expression changed.

This little scumbag actually arrived with Heaven's Punishment. Damn it, is this person going to take revenge on her for ridiculing him just now?

"Leng Shuang, don't think about escaping, I will leave after resisting two thunder tribulations!"

Su Chen's face changed when he saw Leng Shuang.

He was also worried that Leng Shuang would leave suddenly. Beauty Leng Shuang is a saint after all. Su Chen couldn't stop Beauty Leng Shuang from escaping. He could only threaten Leng Shuang but not Leave.

Leng Shuang shouted angrily when she heard Su Chen's words,

"Shameless, you bastard, I am attacking the Eye of Heaven right now. I have no time to resist the Heaven Punishment and Thunder Tribulation. Please leave me quickly."

"Hehe, Leng Shuang, I need to take a rest. The thunder tribulation of heaven is coming. You should find a way to resist it."

"Bastard, you damn little bastard!"

Leng Shuang wished she could kill this little bastard now.

She saw that the thunder and punishment from heaven was about to strike.

Leng Shuang hurriedly used her spirit treasure to prepare to resist the thunder and punishment from heaven. It was impossible for her to escape from Su Chen now. , she couldn't ignore the threat of this little scumbag.

When the saints around saw Su Chen actually pulling Leng Shuang to resist the punishment of heaven, the faces of the saints like Dark Moon became weird. Leng Shuang had just mocked Su Chen, and Su Chen actually Pulling Leng Shuang together to resist the thunder and punishment of heaven, they looked at Su Chen with black lines on his head.

Boom boom boom.....

The Heavenly Thunder Punishment quickly hit Su Chen and Leng Shuang.

This Heavenly Thunder Punishment was much weaker than before, but even this powerful Heavenly Thunder Punishment was not something Su Chen and Leng Shuang could withstand. puff!

Leng Shuang was hit by the Heavenly Thunder Punishment and spat out a mouthful of blood.

Leng Shuang did not expect that the Heavenly Thunder Punishment would still be so powerful after it weakened. She, a saint, could not withstand the Heavenly Dao Thunder Punishment. How did this little scumbag persist until now?

Su Chen saw Leng Shuang vomiting blood after being punished by the thunder from heaven.

He hid behind Leng Shuang and shouted, "Come on, beauty Leng Shuang, there is another thunder disaster, you must resist it."

"Shut up!"

After Leng Shuang glared at Su Chen coldly, she hurriedly prepared to deal with the next thunder punishment.

Leng Shuang has no time to deal with this bastard now. The thunder tribulation of heaven is still too powerful. Without a powerful spiritual treasure, even a saint might not be able to deal with it. Can't withstand ten thunder punishments from heaven.

Boom boom boom boom.....

"Look, the Eye of Heaven is about to be broken."

At this time,

Nuwa suddenly shouted to everyone.

In the sky, some parts of the Eye of Heaven have collapsed, and the cracks are getting bigger and bigger.

I am afraid that the Eye of Heaven will be destroyed by attacks soon.

Other saints looked at After seeing the situation of the eyes of heaven, they all had smiles on their faces.

They were finally going to destroy the heaven in the dark realm. These saints did not expect that one day they would destroy the heaven in a realm, or even a holy realm. The Heavenly Way of the Fifth Heaven.

Dark Moon and Mingtian looked at the Heavenly Way that was about to be destroyed.

They were in a daze.

This was their realm.

Two saints in the Dark Realm actually destroyed their own realm.

Su Chen did not expect that the Heavenly Way in the Dark Realm would begin to collapse.

This was good news.

As long as he persisted a little longer, the Heavenly Way in the Dark Realm would be completely shattered. Boom boom boom.....

The thunder punishment of heaven began to fall again, this time it was weaker than the last thunder tribulation, and the heaven's way in the dark realm was at the end of the road.

Puff puff!

Leng Shuang was struck by the thunder and punishment and vomited several more mouthfuls of blood.

Su Chen looked at the blood stains on Leng Shuang's dress and shook his head and said,

"Leng Shuang, you are such a dish"

"Get out of here!"

Leng Shuang cursed Su Chen indifferently, this shameless bastard, what she has in her hand is only a top-grade innate spiritual treasure. If Leng Shuang had an innate treasure, would she be vomiting blood when she was killed by the thunder tribulation of heaven?

"Frosty Beauty, should I go find Dark Moon?"

"Um?"

"Don't you have a grudge against Dark Moon? You have withstood two thunder tribulations, but An Yue is watching your joke. Do you want An Yue to also have a taste of heaven's thunder punishment?"

Leng Shuang's eyes lit up when she heard Su Chen's words.

"Go quickly, you go to find Dark Moon. You must let Dark Moon resist the two heavenly thunder punishments."

Su Chen smiled when he heard Leng Shuang's words.

He was just waiting for these words.

Beauty Dark Moon, this is Beauty Leng Shuang who wants you to taste the thunder punishment of heaven.

After hearing Su Chen and Leng Shuang's conversation, Dark Moon , she cursed with a livid face,

"Don't come here, damn it, Leng Shuang, you little bitch, I will never let you go in the future."

Leng Shuang heard An Yue yelling angrily, but she didn't care.

Leng Shuang didn't want An Yue to keep laughing at her.

She had just resisted the thunder punishment of heaven and was killed by vomiting blood. Leng Shuang wanted An Yue to come too. Taste the taste of thunder and punishment from heaven.

Whoosh!

Su Chen quickly appeared next to An Yue and said with a smile,

"Dark Moon Beauty, don't blame me, Leng Shuang wants you to share the joys and sorrows with her."

"You are a shameless bastard."

An Yue stared at Su Chen and wanted to leave.

She didn't want to be vomited blood by the thunder punishment of the Heavenly Dao. The Heavenly Dao in the Dark Realm was about to end, and An Yue didn't want to get hurt at this time.

Su Chen saw Leng Shuang about to move. When he reached Gaia next to him, he hurriedly hugged Dark Moon's tempting waist and threatened, "Don't even think about escaping. If you dare to escape, I will imprison you in the black tower.""

"Shameless, let me go!"

"Dark Moon, your waist is really soft"

"Damn little scumbag."

An Yue glared fiercely and prepared to withstand the thunder punishment of heaven.

She can't beat or kill this little scumbag now. A powerful saint in Anyue's hall, she can't do anything to this little scumbag. This makes An Yue feel like Very helpless.

Boom boom boom.....

Click!

"The way of heaven is about to be destroyed!"

Boom!

After a loud noise, the Eye of Heaven in the Realm of Darkness was completely shattered, and the Heaven in the fifth level of the Holy Realm was wiped out.

Dark Moon saw Su Chen lying on her body, and even this little bastard... Constantly moving around.

This made her yell in shame, "Shameless bastard, get off of me!"

"Sauri! Sauri! I was so shocked just now that I fell on top of you, Dark Moon. I didn't expect that your figure is really impressive."

Chapter 2014

Su Chen hurriedly got up from An Yue's body.

He didn't want to be knocked away by An Yue.

However,

An Yue was indeed the seductive witch Leng Shuang said, and An Yue's figure was too perfect. Su Chen Just now I wanted to lie down and not want to get up.

After Su Chen got up, he shouted to Nuwa and Gaia,

"Nuwa, Gaia, found the barrier of heaven, we are going to harvest the fruits"

"good!"

After Nuwa and Gaia heard Su Chen's words, they nodded and quickly flew towards the Realm of Darkness.

The Heavenly Way in the Realm of Darkness was destroyed, the saints were controlled, and the Realm of Darkness was a place to be slaughtered. The lamb.

Dark Moon was surprised when she heard Su Chen's words and asked, "You want to plunder the origin of Heaven's Dao?"

"if not?"

"You little scumbag is so ambitious that you actually slaughtered the way of heaven just for the origin of heaven. Don't you know that if the way of heaven is wiped out and the origin of heaven is robbed, the realm of darkness will become a dead realm?"

"It's none of my business. There aren't many living creatures in Dark Moon and Dark Realm. As for the life and death of those gods, I don't care at all."

"you....."

An Yue stared at Su Chen but had no choice.

After the Dark Realm became the realm of death, she was freed from Su Chen's control. An Yue had no other realm to go to. I am afraid that other realms would not welcome her, and even some Maybe destroy her wandering saint.

Leng Shuang and other saints had livid faces.

They speculated that after Su Chen destroyed the Dark Moon Realm, the Heavenly Way in the Light Realm would also be wiped out.

After the realm becomes the realm of death, it is not suitable for saints to stay and practice at all. Saints like them will become wandering saints in the future.

Su Chen looked at the Dark Realm.

He thought that after the Heavenly Way in the realm was wiped out, how would the Heavenly Way be nurtured in the future? What are the conditions needed to advance to a realm?

Su Chen thought about this and communicated with the system and asked, "System, how can the Xuantian Realm breed the way of heaven? How can the Xuantian Realm be promoted to an intermediate realm?"

"Ding, it takes time for the realm to give birth to the way of heaven. However, it does not take time for the system's clone to become the way of heaven. As long as the host completely controls the Xuantian realm, my clone can become the way of heaven with your consent."

"This is not bad. It has been more than half a year. I am afraid that the six legions have completely controlled the Xuantian realm. By the way, system, what state will your clone be in after it becomes the way of heaven?"

"Ding, the third level of the Holy Realm!"

"What? The Third Heaven of the Talented Saint Realm? System, the previous Heavenly Way in the Xuantian Realm was the fifth level of the Holy Realm. Why are you not as good as the previous Heavenly Way?"

Su Chen was very surprised when he heard the cultivation realm of the system.

Why is it only the third heaven of the holy realm? The heavenly way in the Yin and Yang realm is the fifth heaven of the holy realm. After the system became the heavenly way of the Xuantian realm, it was not as good as the one in the Yin and Yang realm. The way of heaven?

"Ding, host, I have just become a Heavenly Dao. In a thousand years, I will advance to the fifth level of the Holy Realm."

"So this is ah! System, you are really bad. You are an all-powerful system, so you can't improve your realm."

"Ding, host, it's not dark yet, so don't daydream."

Damn it!

Damn the system girl!

The system girl is getting more and more aggressive now.

Su Chen shook his head helplessly.

He really can't handle the system girl.

If he angers the system girl, he won't be able to do it in the future. Then get benefits from system chicks

"System girl, how do you advance the realm?"

"Ding, realm promotion requires a long evolution time, and it also requires many small worlds to support it."

"Is there any way to advance quickly in Xuantian Realm?"

"Ding, yes, as long as your Xuantian Realm controls a thousand small worlds, the Xuantian Realm can be promoted to an intermediate realm."

Su Chen shouted with a dark face when he heard the system's words,

"Holy shit! A thousand small worlds? Where can I find so many small worlds? Now I only have passages to ten small worlds, plus my Xuantian Continent and Shenyu Continent, this one is not even a little bit worse."

Su Chen was helpless. There are a thousand small worlds?

How to find this one?

The small worlds are all in different time and space. Without spatial coordinates, even a powerful saint cannot find them.

"Ding, host, there are three thousand small worlds in the prehistoric fairy world, but 80% of the small worlds are beyond the control of the prehistoric heaven. You can go find those small worlds."

Su Chen shouted angrily when he heard what the system said,

"I'm looking for nothing. If I go to the ancient world now, the ancient heaven will definitely destroy me."

"Ding, host, there is another way to quickly advance the realm."

"any solution?"

"Ding, let the Xuantian realm swallow up other realms"

"Let me go, the system, can it be swallowed up between realms?"

Su Chen was surprised, can the realms devour each other?

Damn it, is this the big fish eating the small fish, and the small fish eating the shrimps?  
The high-level realm devours the intermediate realm, and the intermediate realm devours the low-level realm?

"Ding, no!"

Su Chen was speechless.

Is the system playing tricks on itself?

No?

No, the system. What the girl said is all nonsense.

"Damn it, I can't say that everything you say is bullshit."

"Ding, host, you are just a fool. Realms cannot devour other realms, but the system can help Xuantian Realm devour other realms."

Holy crap!

System girl still has this ability?

Is this system girl going to defy the heavens?

Su Chen was very shocked.

This is a realm!

A huge realm.

System girl said it so easily,

Su Chen was more and more impressed by the ability of the system chick. No, he had to find a way to defraud the system of some treasures in the future. At this moment, saints like Leng Shuang, Dark Moon, and even the Hulk, their faces turned dark when they saw Su Chen. , one was shocked, the other was happy, they all looked at Su Chen like a fool.

An Yue looked at the other saints and asked doubtfully, "Has this little scum been struck dumb by heaven's punishment?"

"It's better to be stupid!"

Leng Shuang glanced at Su Chen and said angrily, are you stupid?

This bastard is stupid.

Leng Shuang suspected that this little scumbag might be thinking of some conspiracy.

Dark Moon looked at Leng Shuang and asked expectantly, "Leng Shuang, do you think this little scumbag will give us some of the origin of heaven?"

Leng Shuang mocked after hearing Dark Moon's words,

"Just dream, there is no way this little bastard can give us the origin of heaven. We are just like slaves now. Have you ever seen a master give precious treasures to slaves?"

"That's not necessarily the case, Leng Shuang, if you dance for me in the black tower, I will give you a copy of the origin of heaven."

Chapter 2015

After Su Chen heard the conversation between Leng Shuang and An Yue, he took a look at Leng Shuang's beautiful body.

Su Chen thought that if Leng Shuang could dance in the black tower, it would be extremely tempting. There is also Dark Moon, a beauty who seduces all living beings. Dark Moon is probably more alluring than Leng Shuang in the Black Tower.

"Shameless pervert!"

Leng Shuang cursed in shame and anger after hearing Su Chen's words,"

Dancing in the black tower?

This damn pervert is naked in the black tower of desire. This pervert still wants to give it to him in the black tower." Dancing?

Why doesn't this little scumbag die?

"Ha ha....."

Su Chen looked at the embarrassed Leng Shuang and laughed. Leng Shuang, a beautiful woman, probably never wanted to enter the Black Tower again in her life.

Su Chen looked at the confused An Yue and smiled,

"Dark Moon Beauty, if you want to dance for me in the black tower, I will also give you a copy of the origin of heaven."

"Forget it, I can't afford it!"

After An Yue looked at Leng Shuang, she shook her head and refused to Su Chen,

Black Tower?

What kind of treasure is this? Why did

Leng Shuang become so ashamed and angry when she heard about the Black Tower?

Could it be that her previous Is your guess right? You will be naked after entering the black tower?

At this time,

Gaia suddenly appeared next to Su Chen and said with a smile, "Su Chen, we found the Tiandao barrier. Nuwa is attacking the Tiandao barrier. I'll take you there"

"good!"

After Su Chen sat on the shoulders of the giantess Gaia, he waved to the saints Leng Shuang and Dark Moon, and they disappeared instantly.

A quarter of an hour later,

Su Chen and the others appeared next to Nu Wa.

At this moment Cracks have appeared in the heavenly barrier. Nuwa will probably be broken down in a few days. However, there are seven saints here. If they work together, they will break through the heavenly barrier in less than a day.

"All out.....Go ahead, why are you so conscious this time?"

Su Chen was about to ask the other saints to take action, but before he could give the order, saints such as Leng Shuang and Dark Moon took action one after another.

Su Chen looked at them and shook his head.

These saints were so conscious this time. Attack, they may be interested in the origin of heaven.

But can they get the origin of heaven?

The origin of heaven is half reserved by the system, and the remaining origin of heaven is not enough for their family.

Boom!

Half a day later, the barrier of heaven After being defeated, saints such as Su Chen and Nuwa entered the heavenly realm one after another.

"Is this the origin of heaven? Didn't expect there to be so many?"

Leng Shuang looked at the golden liquid floating in the air.

As long as she was close to her body, she felt very comfortable. Even her body that had been injured by the thunder punishment of heaven had recovered a little. The other saints were also very surprised when they looked at the origin of heaven.

Here Except for Su Chen and Gaia, the other saints have seen the origin of heaven for the first time. They are also very eager for the origin of heaven. If the origin of heaven is absorbed by them, their strength will increase greatly. quick

"receive!"

Su Chen looked at the source of heaven here and hurriedly put it away.

Saints such as Leng Shuang and Dark Moon coveted the source of heaven. Su Chen was worried that some of these saints could not withstand the temptation to rob the source of heaven..

Damn it!

The system girl is really a thief.

As soon as the source of Tiandao was put into the system space, the system girl couldn't wait to take half of it.

Damn it, the source of Tiandao hadn't warmed up yet, so half of it was missing.

This really made him very happy. He was speechless.

Su Chen divided the remaining Heavenly Dao Origin into two parts, one large and one small.

He handed the smaller part to Gaia and said,

"Gaia, Nuwa got an extra share this time. After all, the source of heaven you got last time has not been used yet. Gaia nodded and replied, "No problem. I haven't started using the source of heaven from last time. You can make your decision.""

Su Chen handed over the remaining source of heaven's way to Nuwa,

"Nuwa, this is yours. As long as you absorb these heavenly sources, your realm may be promoted to the sixth level of the holy realm."

"Thank you!"

Su Chen looked at the beautiful Nuwa and said with a smile, "Thank you, you are my woman!"

Su Chen was determined to win the most beautiful woman in the world.

If Nuwa had not left the world of immortality with him, he would not have thought of her.

But if Nuwa could leave the world of immortality with him, Su Chen had no intention of letting her go. The most beautiful woman in the world

"You are so shameless!"

Nu Wa was speechless when she heard Su Chen's words.

This bastard had indeed been plotting against her. Nu Wa would not let this shameless bastard succeed.

After saints like Leng Shuang and An Yue saw that Su Chen had separated the origin of heaven, they Sure enough, it was not, which made all of them look very depressed.

Su Chen looked at Leng Shuang and the other saints and said,

"Don't look at me like this. Even though you all took action this time, you didn't fail to do your job."

"but!"

"This time I am the main force in annihilating the Heavenly Dao in the Dark Realm. You saints are just some miscellaneous soldiers. Next time, next time we get the origin of the Heavenly Dao, I will give you a share."

An Yue asked suspiciously after hearing Su Chen's words.

"Are you telling the truth?"

Dark Moon guessed that Su Chen would not let go of the Realm of Light.

If this little scumbag goes to destroy the Heavenly Way of the Realm of Light again, and if saints like them continue to work hard, this little scumbag may really break the law. Give them the source of heaven.

Su Chen nodded, patted his chest and said, "Of course, I am an honest man and I never tell lies."

"You are so shameless!"

When saints like Leng Shuang and Hulk heard Su Chen's words

, they all looked away with dark faces.

This little bastard is talking nonsense, but he is still an honest man? Why doesn't this bastard die?

Bang bang bang!

Su Chen clapped his hands and said to everyone,

"Okay, let's leave. When I prepare ten more powerful spiritual treasure pillars, we will go and destroy the Heavenly Dao in the Realm of Light. By then, you will all have a share in the origin of Heavenly Dao."

"good!"

Xuantian Realm!

The six legions of Melo Heavenly Court have completely controlled the Xuantian Realm.

All those who disobeyed were slaughtered.

Even some gods whose will was wavering were slaughtered by the six legions without hesitation.

The entire Xuantian Realm The domain is completely under the control of Merlot Heaven.

Outside a heavily guarded teleportation array, three sneaky figures appeared here.

"Eldest sister, second sister, do we really want to go to the wild realm to find our aunt?"

"Xiao San, Yue'er and I have never met our aunt, and we also want to see what our aunt looks like."

## Chapter 2016

Outside the teleportation array, the three people who sneaked in were Su Yan, Su Yue, and Elena. This time, the three sisters were secretly going to the wild realm to find the ruthless empress, the aunt of the three girls.

Elena was coerced by Su Yan and Su Yue to flee, and she didn't want to do these things secretly.

But Su Yan and Su Yue didn't give Elena time to react, and suppressed Elena if she didn't agree.

Elena had no choice but to flee with the two daring sisters.

"Sister, please don't call me mistress, okay?"

Elena was very speechless when she heard Su Yan call her Xiaosan again.

Although Elena ranks third in the family, can a girl be called Xiaosan?

And she is even better than Su Yan and Su Yue. As she was older, a little girl called her mistress, and Elena felt very helpless when she thought about it.

Su Yan nodded with a smile and replied,

"Okay mistress!"

"hehe....."

Su Yue laughed when she looked at the depressed Elena.

Since Su Yue came to the fairy world, she felt that the fairy world was more interesting than in the Tianxuan Continent or even the Shenyu Continent.

Moreover, she also met a younger sister, a biological sister who was older than her. Su Yue had been very happy playing with her two sisters in the past few months.

Su Yan patted Su Yue's little head and whispered,

"Virtual! Let's leave quickly. The spiritual treasure I control won't be able to confuse the guards here for long."

Su Yue and Elena nodded hurriedly.

They followed Su Yan and quickly headed towards the teleportation array.

Above the Merlot Heavenly Court, Guanyin

Bodhisattva and Wudang Madonna looked at Su Yan and the others as they were about to leave. They both shook their heads. He didn't stop him, and even pretended that the powerful spiritual guards around him didn't notice.

Guanyin Bodhisattva saw that Su Yan and the three girls were about to activate the teleportation array.

She looked at Wudang Holy Mother and asked,

"Do you really want the three of them to leave?"

Our Lady of Wudang nodded and replied,

"Let them leave. These three girls can't stay idle at all. Jing Sala and Yan Fei have both gone into seclusion. Without them, no one in Merlo Heavenly Court can control these three girls. Guanyin

Bodhisattva asked worriedly, "The wilderness is very chaotic. Will it be dangerous for Su Yan and the others to go?"

"Guanyin, the Queen Mother has sent a team of Golden Immortal Realm guards, and even two powerful Daluo Golden Immortals. Nothing will happen to them along the way."

"Then let them leave."

Guanyin Bodhisattva was relieved when she heard the words of Wudang Holy Mother.

In the wild world,

Daluo Jinxian is already very powerful.

As long as those immortal emperors (quasi-sages) don't take action in the wild world, no one in the wild world can do it. Threat to Su Yan's three daughters, even if those immortal emperors meet Su Yan's three daughters, as long as they see the spiritual treasure in Su Yan's hands, those immortal emperors will not dare to take action against Su Yan's three daughters.

Besides,

Su Chen's My younger sister, the Ruthless Empress, is in the wild realm. She is a quasi-holy power and the ruler of the Savage South Ridge. There is no way that the Ruthless Empress will let anything happen to Su Yan and the three girls. At this time, a white light burst out from the teleportation array. ,

Su Yan and the three girls Su Yue also disappeared from the teleportation array. In the starry sky of Xuantian Realm, four saints, Yin Ji and Zi Yun, were moving some stars. They were invited by Chang Xi and Chang'e to help,

Zhou Tianxing The large formation requires 365 stars, as well as the two main stars of the Lunar Star and the Sun Star. This year, Chang Xi and Chang'e have been looking for suitable stars.

"It has been almost a year, do you think Su Chen and Nu Wa can succeed?"

"I don't know, but I guess they won't be able to succeed."

"Not necessarily, Nuwa is very powerful, and Gaia is not weak either. If that little bastard can figure out a way to deal with Heaven, they might be able to succeed."

"This is impossible. Tiandao exists in the fifth level of the Holy Realm. Nuwa and Gaia cannot defeat Tiandao. Su Chen is just a little scumbag. He may not even be able to get close to Tiandao."

"Maybe!"

Yin Ji, Zi Yun, Ling Xi, and Lu Luo were moving the stars while talking about Su Chen and Nu Wa. The four girls felt that it had been almost a year, and

Su Chen and Nu Wa should also come back. They I wonder if Su Chen and the others can successfully destroy the Heavenly Dao.

Outside the Xuantian Realm, saints such as Su Chen and Nuwa also came to the Xuantian Realm.

Su Chen looked at this realm that belonged to him, and he felt a little proud in his heart.

From the comprehensive martial arts From the world of cultivation to the Immortal Realm, to the prehistoric Immortal Realm, and finally to the Xuantian Realm, he only used a short period of time to achieve such an achievement. It is incredible for Su Chen to think about it now.

"Is this your realm?"

Leng Shuang was very surprised when he looked at Xuantian Realm.

This is a dead realm.

Leng Shuang didn't perceive the existence of the way of heaven at all. Could it be that the way of heaven in Su Chen's realm was also wiped out by other saints?

"good!"

Su Chen nodded and replied.

He looked at the Xuantian Realm and thought, it has been almost a year since they left, and it is not known how the Xuantian Realm is developing now.

Dark Moon looked at the Xuantian Realm and thought He said in surprise, "Your realm is also a realm of death?"

"We destroyed the Heavenly Dao in the realm and took away the origin of Heavenly Dao."

"What? You actually destroyed your own realm of heaven?"

Leng Shuang was very surprised when he looked at Su Chen.

This bastard actually destroyed the way of heaven in his own realm. Is this little scumbag an idiot?

Without the way of heaven in the realm, the entire realm will die, or even die. It has completely become a mortal world without gods.

Saints such as Dark Moon and Hulk looked at Su Chen in disbelief.

This bastard actually destroyed the heaven in his own realm?

Is this little scumbag really crazy?

Saints like them have no hope for the future.

A dead realm has no aura.

How will saints like them practice in the future? It will even be impossible to replenish their mana.

Su Chen shrugged with disdain. Said, "What's this, you're making such a fuss."

Leng Shuang shouted angrily,

"You bastard, without the way of heaven, the realm will become a dead realm, and the spiritual energy in the realm will dissipate soon. How do you want the gods to practice in the future?"

"You will know later!"

"Someone is coming, eh? Or four saints? There are actually four saints in your realm?"

Suddenly,

An Yue sensed the arrival of a powerful aura, and it was the aura of four powerful saints.

This made An Yue look at Su Chen and was very surprised.

How could there be so many saints in a low-level realm? These saints were related to each other. What's the deal with this bastard?

"Don't worry, we are one of our own!"

Chapter 2017

Su Chen smiled when he heard An Yue's words.

The four women coming this time should be Zi Yun.

The four female saints Zi Yun and Yin Ji did a good job this time.

They have just arrived outside Xuantian Realm. Zi Yun and Four The girl discovered them and was even able to come over quickly to intercept them. They already regarded the Xuantian Realm as their own.

An Yue heard Su Chen's words and said doubtfully,

"One of our own? These four saints are also saints in the Xuantian realm? Are they also taking orders from you?"

"good!"

Su Chen nodded and replied, the four Ziyun girls must obey his orders.

Su Chen originally wanted to let the four Ziyun girls go, but the performance of the four Ziyun girls this time made him very satisfied.

He planned to give the four Ziyun girls another chance.

If they could grasp it, he would accept them, and

Su Chen might return their souls to them in the future.

Leng Shuang looked at Su Chen and asked in surprise ,

"How can this be? The Xuantian Realm is just a low-level realm. How come there are six great saints in this realm?"

Su Chen looked at Leng Shuang and Dark Moon strangely and said, "The four saints are the same as you."

Leng Shuang was confused when she heard Su Chen's words.

Was she the same as them?

Could it be that the four coming saints were also controlled by this bastard?

Zi Yun was surprised and asked Su Chen, "You.....You actually control other saints?"

"good!"

Leng Shuang, Dark Moon, and even the Hulk were very speechless.

They originally thought that the five of them were controlled by Su Chen, but now it seems that they were wrong. There were actually four more people in this realm. The saint controlled by this little scumbag.

This little scumbag of the Golden Immortal is so unbelievable.

"Su Chen, Nuwa, Gaia, you are all back. Who are these saints?"

At this time, the four girls Ziyun also appeared in front of Su Chen.

After they saw that it was Su Chen and Nuwa, the four girls Ziyun were relieved.

The four girls Ziyun had just sensed the arrival of seven saints. This time But it scared them.

However, they thought that Xuantian Realm was a dead realm on the outside. Even if saints from other realms discovered Xuantian Realm, they would not know anything about a dead realm, and Xuantian Realm would not be possible. When the seven saints arrived, they thought for a while and came over to take a look.

Su Chen nodded to the four girls Ziyun and said,

"Zi Yun, these saints are just like you. You can help them get familiar with the Xuantian Realm. We will go back to the Melo Heavenly Court first."

"OK!"

Zi Yun nodded and replied after hearing Su Chen's words.

Zi Yun looked at the five cold frosts in surprise.

Are they the same as the four girls?

These five saints may also be controlled by Su Chen, right?

Su Chen and the girls Wa and Gaia quickly disappeared here.

Outside the Xuantian Realm, the saints Leng Shuang and An Yue looked at the four girls Ziyun, and the four girls Ziyun also looked at the saints Leng Shuang.

"I have met fellow Taoists, my name is Ziyun, this is Lingxi, Luluo, and Yinji"

"Leng Shuang has met fellow Taoists. Next to me are Dark Moon, Saint Yuan Ancestor, Ming Tian, and Hulk."

Zi Yun and Leng Shuang introduced each other, and then they started talking to each other. The saints here are all controlled by Su Chen, and they can be regarded as sharing the same fate. After

Mero Heavenly Court,

Su Chen and Nuwa came back , after he learned about the Xuantian Realm this year,

Su Chen was very satisfied.

The Xuantian Realm had been completely controlled, many stars had been rearranged in the starry sky, and the innate aura of Merlot Heaven had also improved. The spiritual energy in the Xuantian Realm will become more intense again in hundreds of years.

In the main hall, after Su Chen and the Queen Mother and the Queen Mother talked to each other for a while,

Our Lady of Wudang looked at Su Chen and said,

"Su Chen, there is another thing. Su Yan, Su Yue, and Elena secretly went to the wild realm."

Su Chen was surprised when he heard Wudang Madonna's words, "What? Those three little girls actually went to the wild realm?"

"Yes, Su Chen, you don't have to worry. We have sent people to protect Su Yan and the three of them, so nothing will happen to them."

Su Chen is helpless towards his three daughters.

This girl Su Yan must be the one taking the lead this time. Su Yue and Elena may not agree even if they don't agree.

Forget it!

There is a ruthless empress in the wild world.

It is impossible for Su Yan's three little girls to get into trouble.

Su Chen nodded and said, "Don't worry about those three careless little girls. You should prepare yourself. I will revive the Heavenly Dao in Xuantian Realm in advance.""

"What? Can you revive the Heavenly Dao in Xuantian Realm in advance?"

Nu Wa was very surprised when she heard Su Chen's words.

Resurrecting the way of heaven in advance?

A saint like Nu Wa can't do it. Does Su Chen, a little golden fairy, have this ability?

The other girls heard Su Chen's words He was also very shocked.

Not long after the Heavenly Dao in the Xuantian Realm was destroyed, it would probably take tens of thousands of years to regenerate the Heavenly Dao in the realm. Su Chen was actually able to revive the Heavenly Dao in advance.

Su Chen looked at the girls in surprise.

He couldn't explain it.

No one could know about the system's affairs. Su Chen could only deceive some of these women now.

"Believe me, there is nothing I can't do. The reason why I want to obtain the origin of Heaven's Dao is to revive the Heaven's Dao in Xuantian Realm in advance. With enough Heaven's Dao Origin, Heaven's Dao will be revived in advance.

Nuwa heard Su Chen's words and asked,"Do you have enough of the source of heaven in your hand?"

Nu Wa feels that reviving the Heavenly Dao is a big deal.

If Su Chen can revive the Heavenly Dao in advance, it will be crucial to the development of Xuantian Realm. She thinks of the origin of the Heavenly Dao that Su Chen gave her, and Nuwa is worried about the Heavenly Dao in Su Chen's hands. The origin is insufficient.

Gaia stood up and hurriedly said to Su Chen,

"Yes, Su Chen, it is very important to revive the Heavenly Dao. Do you have enough Heavenly Dao origin? I'll give you back the source of heaven you gave me."

"enough"

Su Chen smiled and nodded at Nuwa and Gaia.

After the Queen Mother and Guanyin Bodhisattva heard what Su Chen said, they also hoped that Su Chen could revive the way of heaven in advance.

After all, the Xuantian Realm darkened their home and the existence of the way of heaven existed. ,

Xuantian Realm will be much safer.

Su Chen nodded to the girls and disappeared in an instant.

Above the nine heavens of the Xuantian Realm,

Su Chen appeared here. He came here just to show off. Su Tiandao said he was a fool.

He came here to let the system girl revive the way of heaven.

Su Chen communicated with the system chick

"System beauty, ready to work"

"Ding, host, are you going to start reviving the way of heaven?"

"let's start!"

"Ding, the Heavenly Dao of Xuantian Realm is reactivated, the clones separate and start to merge. The Heavenly Dao of Xuantian Realm is reviving, 3%, 10%, 15%, 23%, 30%....."

Chapter 2018

Xuantian Realm, the peaceful Xuantian Realm suddenly shook, and the gods in the entire realm looked to the nine heavens in horror. All the gods wanted to know what Merlot Heavenly Court was going to do.

Xuantian Realm has only been stable for less than a year, and all the gods do not want anything big to happen again.

"What is it? Why is the entire realm shaking?"

"I don't know, this may be what Merlot Heavenly Court is doing again!"

"I hope nothing big happens again. Last time, the army of gods from Merlo Heaven slaughtered one-tenth of our gods."

"Impossible, all the gods in the Xuantian Realm have surrendered to the Merlot Heavenly Court, and the Merlot Heavenly Court will not massacre us gods anymore."

"That's right, so what exactly happened this time?"

"Let's take a look, we'll probably figure it out in a moment."

At this moment,

Merlot Heavenly Court,

Nuwa and Gaia suddenly appeared above the nine heavens.

Nuwa burst out with a powerful saint's aura and enveloped this realm.

She announced to Xuantian Realm,

"All the creatures in Xuantian Realm, the Emperor of Merlot Heaven is reviving the way of heaven, so you don't need to panic."

Swish swish swish" .....

Nine saints, Leng Shuang and Zi Yun, also appeared in the sky.

They were very surprised when they heard Nuwa's words.

Is Su Chen reviving the way of heaven?

Is this a joke?

A little golden immortal, can he revive the way of heaven?

It's impossible for saints like them to do Taoism together. How could a little scumbag from the Golden Immortal do it?

However, due to the vibration that occurred in the Xuantian Realm, the saints also looked at Su Chen who was above the nine heavens in shock. Could Su Chen really be able to revive the way of heaven?

"My heaven, eleven saints, am I blind?"

"There are eleven saints, and Saint Yin Ji is among them. Is Merlo Heavenly Court so powerful? Eleven saints, I can't even think of them"

"Haha, we are still wise. Merlot Heavenly Court is too powerful. In addition to the Emperor of Heaven, there are actually eleven saints. Our Xuantian Realm may be the most powerful realm in the future."

"Yes, yes, the Emperor of Heaven is reviving the Heavenly Dao, and our Xuantian Realm will not become a dead realm. The spiritual energy will also be restored in the future. The spiritual energy in our Xuantian Realm will probably become more and more intense."

"With the addition of the Emperor of Heaven and eleven powerful saints, our Xuantian realm will defy heaven!"

The creatures in the Xuantian Realm, and even the gods who took refuge in the Merlot Heavenly Court, first heard the announcement from Nuwa, and then saw the eleven saints appearing. The gods in the Xuantian Realm were shocked. , all the gods were also frightened by the power of Merlot Heavenly Court.

At this moment,

Su Chen closed his eyes and looked at the system's progress bar.

It was already almost 80%, and the system was about to revive the Heavenly Dao in the Xuantian Realm, and even The clones of the system have also begun to integrate into Tiandao.

Su Chen relaxed after seeing this.

Everything is going on perfectly.

Tiandao in the Xuantian realm will be handled by the system in the future. Su Chen is not worried about working for Tiandao in the end. After all, he and the system share the same fate, life and death.

Boom boom boom.....

Above the nine heavens, a white light flashed past, and then the entire Xuantian realm shook violently.

"Ding, the recovery of the Heavenly Dao in the Xuantian Realm is successful, and the system clone is successfully integrated. One year later, the Heavenly Dao controlled by the system will begin to perform the task of protecting the Heavenly Dao."

Su Chen was confused when he heard what the system said.

Damn it, it will take another year for the Heavenly Dao to appear?

Then what is he waiting for here now?

This system girl couldn't do it on purpose, right?

Su Chen originally wanted to take a look at the system. With the way of heaven, he also wants to know if a human incarnation will appear in the system.

However, it seems that this time he will not be able to fulfill his wish.

"Recovered? Tiandao has really recovered?"

"Yes, the way of heaven will appear in at most one year. How did Su Chen do it?"

"Heaven's Dao will revive, spiritual energy will reappear, and we don't have to worry that Xuantian Realm will be a dead zone."

"Dead zone? Leng Shuang, you haven't been to Merlot Heaven yet. There are innate spirits in Merlot Heaven, and they are very rich."

"What? Innate aura? Ziyun, you won't lie to us, right?"

"Will you understand if you come with us to see it?"

"Let's go, let's go to the Merlot Heavenly Palace quickly."

Saints such as Leng Shuang and Zi Yun were very surprised after they felt the existence of Heaven's Dao.

They saints did not expect that Su Chen had really revived Heaven's Dao, and Leng Shuang, the saints who had just arrived, were listening. There is innate spiritual energy in the Mero Heavenly Court, and these saints are impatient to go to the Mero Heavenly Court to see it immediately.

Three years have passed, the Heavenly Dao controlled by the system controls the entire Xuantian Realm, and the spiritual energy in the Xuantian Realm begins to recover.

It is even innate spiritual energy, which makes the gods in Xuantian Realm very excited.

With innate spiritual energy, the cultivation of these gods can be promoted quickly. Innate spiritual energy is much more powerful than acquired spiritual energy.

Mei In Luotian Court, women like the Queen Mother are in retreat. Even the eleven saints like Nuwa are also in retreat. Su Chen is also in retreat at the moment. This time he wants to break through the Taiyi Golden Immortal. In the prehistoric fairyland,

Tang Sanzang's master and disciple They also arrived at the Lingshan Mountain of Buddhism, and they also successfully completed the mission of fetching scriptures.

However, except for Tang Sanzang who was happy, Sun Wukong and the others did not show happy expressions.

The changes that occurred three years ago, they did not Knowing what to do in the future, there is also a new Emperor in Heaven, an Emperor named Zhang Bairen, no, a Jade Emperor named Zhang Bairen.

A lucky mortal with no strength.

Although the Heaven of the Ancients was re-established, the races of the Ancients did not. A race submits to the Heavenly Court. If there were not a few saints sitting in the New Heavenly Court, some powerful races in the prehistoric era would have destroyed the New Heavenly Court long ago.

After Sun Wukong and the four left the Lingshan Mountain,

Zhu Bajie looked at the other three people and asked,

"Brother Hou, what are we going to do next?"

""I want to go back to Huaguo Mountain,"

Sun Wukong said helplessly as he looked at the Lingshan Mountain.

Now he can only go back to Huaguo Mountain to fight and defeat the Buddha?

This is just a joke.

Even Tathagata Buddha has escaped from the Buddhist Lingshan Mountain. It may also be a big trap in the future.

Sun Wukong doesn't want to stay in Buddhism and be a thug of Buddhism.

Monk Sha said to Sun Wukong, "Elder brother, I want to go to heaven. The Supreme Master asked me to continue to be the general of rolling curtains."

"Let's come together. I have also been notified. The Tianhe navy is still led by me. I can't shirk the immortal position of Marshal Tianpeng. But are there still heavenly soldiers and generals in heaven?"

Chapter 2019

Zhu Bajie just heard what Monk Sha said, and his face turned ugly.

Zhu Bajie didn't expect that Taishang Laojun also sent him a message and asked him to go to heaven as soon as possible.

Zhu Bajie didn't expect that he was already a member of the Buddhist sect, and the human sect still ordered him to do things.

"Everyone, I am going back to Xihai. I will see you later."

Little White Dragon looked at Sun Wukong and the others and couldn't disappear.

Little White Dragon has not been canonized by Buddhism, and

Buddhism does not dare to canonize him.

The Dragon Clan is a subordinate race of the Emperor Su Chen, and neither Buddhism nor Heaven will dare to do harm to the Dragon Clan..Sun

Wukong said to Zhu Bajie and Zhu Bajie,"I'm leaving too, Bajie, third junior brother, please take care of yourself in heaven from now on." Zhu

Bajie shook his head and said,"Well, heaven is now a big fire pit. Whoever enters will die. If the Emperor Su Chen returns, none of the gods in heaven will survive.""

Monk Sha said dejectedly,

"Yes, Second Senior Brother, but we cannot control our destiny at all!"

"Sun Wukong listened to the order and immediately went to the Xiling Fortress to report that the Realm War will begin four hundred years later. As a fighting and victorious Buddha, you must contribute to Buddhism and the prehistoric immortal world."

At this time, a loud voice suddenly came from the Buddhist Lingshan Mountain. This was the Buddhist order to Sun Wukong.

When Sun Wukong heard the Buddhist order, he cursed with an angry face,

"Damn it, you actually gave me an order, Xiling Fortress? Contribute to Buddhism? Contributing to the prehistoric immortal world? Damn it."

Zhu Bajie directly stopped Sun Wukong and persuaded him,

"Brother Monkey, you must not be impulsive. Although you have gained the merits of heaven and are promoted to Taiyi Golden Immortal, there are many Daluo Golden Immortals and some quasi-sages in Buddhism. Your strength is insignificant to Buddhism."

"call! I, Lao Sun, understand."

Sun Wukong nodded and looked helplessly at Lingshan.

He had no choice.

Buddhism was not something he could shake.

Buddhism could send out a strong man at will to destroy him.

If Sun Wukong didn't want to be suppressed by Buddhism again, he didn't want Huaguoshan to do it. The monkey grandson was massacred, and he could only accept the arrangement of Buddhism.

Xiling Fortress, the former fortress of Heaven, he would spend the next four hundred years in Xiling Fortress. In

Xuantian Realm, in Merlot Heaven,

Su Chen was breaking through in retreat.

Suddenly, a white light flashed through, and

Su Chen suddenly disappeared from the place of retreat.

On the 10,000th floor of the ladder,

Su Chen suddenly appeared here silently. Su Chen suddenly felt something was wrong and opened his eyes..

I guess!

Heavenly Ladder!

I actually appeared in the Heavenly Ladder?

Is the journey to the West to learn the scriptures over?

Then his training on the 10,000-level ladder failed, right?

Su Chen stood up and looked around and was very speechless.

The Journey to the West to learn the scriptures trial , he didn't participate much at all, and he didn't have any control over the unexpected events.

At this time, an old voice came into Su Chen's mind,

"Trialist, the Journey to the West trial is over. Do you think you have completed your cultivation?"

Su Chen was very speechless when he heard the words of the Holy Soul of the Tiangi.

Did the Holy Soul of the Tiangi ask questions knowingly?

He only participated in a few plots of Journey to the West.

If he could complete the trial, he would be in trouble.

However,

Su Chen It felt like there was something in the Holy Soul of the Ladder's words. Is there any hope in the Journey to the West trial?

Su Chen coughed after thinking about it and said,

"Ahem!"

"Holy Soul of the Ladder, I think I should have completed my training"

"Look!"

"It was originally a simple journey to the West to obtain scriptures, but due to the accidents that occurred along the way, even some quasi-sages were unable to survive."

"Not only did I become the Emperor of Heaven, but I even completely ruled the entire Immortal World. In the Western God Realm, I also ruled the Greek Gods and the Nordic Gods."

"Finally, he had his own realm"

"Putting these things together, this is tens of thousands of times more difficult than the mission of Journey to the West. Doesn't this count as me completing the mission? I have exceeded the test task limit."

After a while, the voice of the Holy Soul of the Ladder came out again.

"Trialist, there are many changes in the trial of the Ten Thousand Level Ladder. You are able to achieve these achievements at the level of the Golden Immortal. This is beyond my expectation."

Su Chen heard the words of the Holy Soul of the Tianglai and asked her sister, "Holy Soul of the Tianglai, does that mean I passed the trial?"

"No!"

Is this the case, no?

You're talking nonsense if you haven't. Is this old bastard trying to make fun of himself?

When Su Chen heard that the trial failed, he didn't care.

Su Chen has now established a firm foothold in the fairy world. He It has its own realm, with more than 20 quasi-saints and even eleven saints, and the army of gods is almost 100

million. The reward of the 10,000-level ladder may be very generous, but it is also very harmful to oneself. Dispensable

"Holy Soul of the Ladder, since I failed the trial, send me away. I still need to retreat to break through."

"Trialist, your trial can be considered a failure or a success, because accidents occurred frequently during the trial, and the difficulty level was very high. Considering your outstanding performance in the fairy world, you passed the 10,000-level ladder trial."

Damn it!

This old man is really irritating.

Just pass it.

Why are you talking so much nonsense? Su Chen looked around and was speechless.

The trial that he thought was a failure turned out to be a success. This time He can still get the reward

"Holy Soul, I passed the 10,000-level trial. Can you give me a reward?"

"Yes, but the reward will be halved. After all, your main mission has not been completed. This time, the old man also saw that your trial mission was too difficult, so he judged that you completed the mission."

Su Chen's face turned ugly when he heard about the Holy Soul of the Ladder. He was given half the reward for passing the trial?

Is he being treated as a beggar?

Damn it,

Su Chen doesn't need the Holy Soul of the Ladder. She, success is success.

Since half of the reward is given after success, it is still not a success, and Su Chen does not need half of the comfort reward.

Su Chen shook his head and refused, "Half the reward? Forget it, Holy Soul, you should judge me as a failure."

"Why?"

"If you succeed, you will get all the rewards. If you succeed, you will only get half of the rewards. I am an emperor, I don't need mercy, let alone charity."

Chapter 2020

On the 10,000th floor of the ladder, after Su Chen said those words, the Holy Soul of the ladder did not reply for a long time.

Su Chen waited for a while and was very speechless.

What was the Holy Soul of the ladder hesitating about?

Wouldn't it be just to declare the trial a failure and then send him away? There is nothing to hesitate about.

After a while, the voice of the Holy Soul of the Ladder came out,

"Trialist, you have made things difficult for me."

Su Chen curled his lips and said,

"Difficult? Isn't it just declaring failure? What's so embarrassing about this? I don't even want the reward. Do you think I'm embarrassed?"

"Don't you look at the rewards before making a decision?"

"dont see!"

"Why don't you watch it? The reward for level 10,000 is very generous. Are you sure you don't want to see it?"

Su Chen felt that the Holy Soul of the Ladder was a bit verbose today, and even wanted to seduce him, which made Su Chen wary.

"Holy Soul, you seem to be tempting me. Do you want me to pass this trial? Even if I pass this trial, what benefits will you get?"

The old voice of Tianti came over and said,

"Trialist, you are very smart."

"I want you to pass this trial, and the ladder has determined that you have passed this trial, but after all, you have not completed the main mission, and the trial reward is halved, which is not something I can change."

"You are the first person to climb the upper and lower ten thousand floors of the ladder in these countless years, and you are also the one who has the best chance of climbing to the upper ten thousand floors of the immortal ladder. If you can climb both the upper and lower ladders to the ten thousandth floor, you may even complete it. Trial mission"

"The old man can escape from the ladder of heaven"

"Trialist, do you understand?"

I guess!

Can the Heavenly Ladder Holy Soul escape from heaven?

Oh my god!

This is a big deal.

Su Chen doesn't know whether the Heavenly Ladder Holy Soul is good or bad, but the strength of the Heavenly Ladder Holy Soul is probably much stronger than that of a saint.

Su Chen hesitated for a moment.

If he passed this ladder trial, the Holy Soul on the ladder would be halfway out of trouble. If he also passed the 10,000-level Immortal Ladder, the Holy Soul on the ladder would be able to escape completely.

The Holy Soul on the ladder might be suppressed here. There is also a reason. What if the holy soul of the ladder is an unparalleled demon?

Su Chen was also in a dilemma for a moment.

"Holy Soul of the Ladder, let me see the rewards at level 10,000"

"Can!"

Whoosh!

A light curtain suddenly appeared in front of Su Chen. There were six items of different colors in the light curtain. After opening the red item, Su Chen's eyes went straight. There are ten sources of heaven. This is the source of ten heavens, isn't it? A Tiandao origin is divided into ten parts. Damn, it's too tempting. The first item is so tempting. I'm afraid there is no need to check the Tiandao origin for the next six items. Su Chen swallowed and looked at the next item, a blue item. Su Chen opened it with trembling hands. There are a thousand spatial coordinates in the small world. Japan and Europe! I can't stand it anymore, I really can't stand it anymore. Su Chen wants these. He can still plunder the origin of heaven, but the small world The spatial coordinates of the world are hard to find. Su Chen's Xuantian Realm needs to advance quickly, and the small world is the key. Although the system can also devour the realm to advance, doing so will kill all the creatures in the realm. Although Su Chen didn't care about the life and death of those creatures, he didn't want to become an unparalleled demon who destroyed the world. Next, green items! After Su Chen clicked on the green reward item, he felt like his heart

was about to jump out. A Tiandao promotion card. Use the Tiandao promotion card: Tiandao will randomly advance to one to three holy realms. Damn, the rewards of the Tiandao ladder are so generous. This is simply a reward specially prepared for yourself. The Tiandao of Xuantian Realm At the third level of the Holy Realm, if the Tiandao in the Xuantian Realm uses the Tiandao Promotion Card, the Tiandao in the Xuantian Realm may be promoted to the sixth level of the Holy Realm, and at the end they can be promoted to the fourth level of the Holy Realm. This is already very good. Su Chen couldn't stand the temptation anymore. He wanted all these rewards. What should he do? Su Chen saw that there were three more reward items. He really couldn't stand it anymore. What if he needed all the items below? Do you have to agree to complete the trial? But he can only get half of the reward. After thinking about it, Su Chen opened all the rewards and looked at the fourth black item. Su Chen opened it and frowned after looking at it. Realm There are ten promotion cards and one realm promotion card; it can improve a living being's cultivation realm to reach the Great Luo Jinxian without any side effects. (Note: The rewarder cannot use it.) Well , you can't use it yourself? Is this still a reward for yourself? Su Chen was very speechless when he saw this reward. This was useful or useless to Su Chen. It was only a matter of time before Su Chen's women wanted to cultivate to Daluo Jinxian. Although this realm improvement card saved a lot of time, he couldn't use it. It's useless. The fifth purple item! Su Chen opened his mouth when he saw this item after clicking it. This item is incredible. There are three resurrection cards and one resurrection card: it can perfectly resurrect a creature, regardless of age. , no limit to gender, no limit to cultivation level, (note: only the creatures that died before today can be resurrected, and the creatures that died in the future are invalid.) Damn it! He can only resurrect the previous creatures? Damn, this is harmful to me It's useless. His women and children are all alive and well. Su Chen originally wanted to keep this resurrection card just in case. But the dead creatures in the future are invalid? This is really making him happy in vain.. The sixth orange item, Su Chen clicked it and looked at it with some doubts. There was a group promotion card. The group promotion card: after using it, the trialer's subordinates can randomly improve their cultivation realm. (Note, the holy realm is invalid. Fifty percent of the quasi-sages are promoted to the holy realm, 60% of the Daluo Golden Immortals are promoted to the quasi-sages, 70% of the Taiyi Golden Immortals are promoted to the Daluo Golden Immortals, and 80% of the golden immortals are promoted. To the Taiyi Golden Immortal, one can advance to one major realm below the Golden Immortal level, and those cultivating immortals can advance to three major realms. ) I guess, it's a good treasure, but he can't use any of these six treasures. The origin of heaven! The spatial coordinates of a thousand small worlds! Tiandao promotion card! Realm improvement card! Resurrection card! Group promotion card! None of these treasures are useful to Su Chen. He climbed the ladder to work for others? Su Chen was also depressed, but these treasures were very useful to his women and men, and even had great benefits to the Xuantian Realm.

"what to do? These are all too tempting, do you want to agree?"
