

Zongwu 2021

Chapter 2021

Su Chen was very confused when he looked at the six treasures.

He wanted to get these treasures, but even if he agreed to pass the 10,000-level ladder trial, Su Chen could only get half of the treasures.

This made Su Chen feel very uncomfortable.

Su Chen thought for a while and shouted with a serious face, "Holy Soul of the Ladder, I want to get all the treasures."

"This is impossible. Even if I agree, it is impossible for the ladder to give you these reward treasures." Su Chen curled his lips when he heard what Tiandao Holy Soul said. Tiandao Holy Soul probably wants the same benefits as the system. Since he was judged to have succeeded in the trial by Tiandao Ladder, Tiandao Holy Soul must have a way for him to get all the rewards.. Su Chen rubbed his forehead and promised,

"You must have a way, Holy Soul of the Ladder, as long as you can let me get these six treasures, I can promise you that after I advance to the Great Luo Jinxian, I will start climbing the 10,000-level ladder, and I will definitely be able to climb to the first place. Thousands of layers."

Su Chen can't control that much.

Even if the Holy Soul of the Heaven Ladder is a monstrous demon, that will happen in the future.

Su Chen now wants to advance the Xuantian Realm, so that her women and her subordinates can all advance, and everything else will be something to consider in the future.

The Holy Soul of the Ladder sighed,

"well! Trialist, you have made it easy for me."

Su Chen smiled and said, "You are the Holy Soul of the Ladder, this will definitely not embarrass you."

"Trialist, there is a way for you to get all the treasures, but you must go through a battle, a battle that seals your cultivation realm."

"What battle?"

Su Chen was a little curious when he heard the words of the Saint Soul of the Ladder.

However, he thought of sealing the realm of cultivation.

I'm afraid this is a battle in a small world.

Seal the realm of cultivation?

This is not the first time.

Su Chen's last time The Tiang Ladder Trial has already led to the siege of Guangmingding. Is this still an ordinary battle in the rivers and lakes?

Boom!

A picture suddenly appeared in front of Su Chen's eyes.

The Holy Soul of the Tiang Ladder said to Su Chen,

"One of these four battles will be randomly selected, and you will also randomly join one side. You have to help this side win the war, so that all six treasures can be rewarded to you."

Su Chen was very surprised when he saw the battles on the screen.

Damn, if this seals the realm of cultivation, he will die no matter which one of these four battles he participates in. This is not a battle that ordinary people can participate in.

First A picture of the Battle of Tianhe. This was the first battle of Taotie's attack on the earth. Angels, demons, Taotie, and those idiots from Xiongbing Company.

After Su Chen was sealed and cultivated, he would become an ordinary person.

Can he block those god-killing weapons and energy cannons? Su Chen was worried that even an ordinary bullet would kill him. The second screen showed the Battle of Jialing Pass.

Su Chen was very confused when he saw this battle.

Did the Battle of Jialing Pass happen? In the Divine Meteor Continent?

If it happened in the Divine Meteor Continent, the Queen of the Wuhun Empire, Bi Dong'er, knew him, and even Qian Renxue knew him.

After the battle started,

Su Chen could dispatch the black-armored people from the Divine Meteor Continent. Legion comes to help Queen Bi Donger, and then

Su Chen can win.

But his idea may be difficult to realize, and the trial of the ladder will not let him take advantage of it.

The third screen, the battle on top!

This is him Su Chen almost forgot about the plot in One Piece.

The plot seems to be the execution of Ace, the son of the Pirate King, and the battle between Whitebeard and the Marine Corps.

However, it seems that Ace was executed in the end, and so was Whitebeard. He died in that battle.

The fourth scene!

The Battle of Chibi!

Su Chen breathed a sigh of relief when he saw this plot.

This battle should be the simplest battle.

In the Battle of Chibi in the Three Kingdoms plot, there were not many powerful people. Su Chen also knows the development of the plot. No matter which side he joins when the time comes, he can complete the trial with just a few strokes.

Su Chen rubbed his forehead while looking at these four battles. He randomly selected one of these four battles and knew how to do it. Randomly let him join a party. If a party is randomly selected for a destined battle, he is afraid that the trial will be over.

"Holy Soul, if my strength is sealed, I'm afraid I won't be able to complete these four battles. Why don't you leave me some strength?"

"Trialist, this is impossible."

Su Chen thought for a while and said to the Holy Soul of the Ladder,

"Holy Soul, aren't we going to get three more treasures in this trial? I can choose three battles this time. If I succeed in a battle, you can give me a treasure. If I fail in a battle, you can cancel a treasure. How about it?"

Su Chen has no choice.

If this trial fails once, he will lose three treasures at once, which makes him very distressed. Su Chen can only cast a wide net to complete this trial.

"Can!"

After a while, the Holy Soul of the Ladder replied to Su Chen.

Su Chen gritted his teeth and said after looking at the four pictures,

"Then let's get started!"

"Trialist, you cannot go back on your choice once the battle begins. Do you want to start?"

"start!"

Then, the four screens began to rotate rapidly.

After a while, a screen appeared in front of Su Chen.

Seeing this screen, the Holy Soul of the Tianglai said, "Trialist, the first battle, the Battle of Tianhe, you join The other side is the earth, and your identity is a black-armored super soldier."

Damn it, his luck is really bad.

The first battle was hell-level.

How could he, an ordinary person, become a black-armored super soldier? Didn't his secrets show up as soon as he trained?

Su Chen was very speechless when he looked at the scene in front of his eyes.

Although the earth won the battle in the end,

Su Chen had to live until the end. If he was killed halfway, the trial would also be judged as a failure.

Su Chen was helpless. He said to the Holy Soul of the Tiandao Ladder, "Holy Soul of the Tiandao Ladder, can I summon my men for help?"

"What do you think?"

"I said okay?"

"No, tester, do you want to start?"

Su Chen heard that Tianlai disagreed.

It was impossible for him to think about it.

Su Chen had several powerful women, including Lan Yincao, Tears of the Goddess Xiao Li, and more, as well as more than a hundred female ghost legions.

If these could be summoned,

Su Chen could really complete the trial while lying down.

"Forget it, die early and be born early, let's get started!"

Chapter 2022

Small World,

Earth,

Tianhe City, in a military base,

Su Chen got up from a bed and looked around.

This was a military camp, and the room was full of military items. Su Chen felt helpless after looking at the military uniform he was wearing. Shaking his head,

Su Chen stood up and checked his body and was very speechless.

He was now a powerful ordinary person.

Although Su Chen's physical fitness was stronger than that of some special forces, it was useless.

To those black-armored super warriors,

Su Chen was a weakling.

For this trial mission,

Su Chen had given up hope.

He is afraid that he will be eliminated as soon as he starts training. After being eliminated, he may not even be able to participate in the trial mission.

Forget it, this mission was destined to fail anyway, so Su Chen decided to have fun in this world.

At this time, the door to the room was opened, and a beautiful woman in military uniform walked in, "Colonel Su Chen, where are you going? Training will start soon."

"Lian Feng?"

Lianfeng heard Su Chen's words and corrected him, "Su Chen, you should be called Chief Lianfeng!"

I agree!

It's really Lianfeng, damn, it

's so evil.

Lianfeng's figure is almost explosive. Exquisite face, perfect figure with concave and convex, especially the two big lights in front. Su Chen looks like She couldn't look away.

When Lianfeng saw Su Chen staring at her, she showed an uncomfortable expression and shouted,

"What are you looking at? I haven't even gone to training yet."

Su Chen thought about the memory that the ladder gave him, then he glanced at Lianfeng's headlight again and said, "Sir Lianfeng, I'm asking for leave today. If I want to go out,"

"What to do?"

"drink wine!"

"drink wine?"

Su Chen spread his hands and said helplessly,

"Commander Lianfeng, I am not suitable to stay here. Those people are monsters, and I am a normal person. As for selecting some black-armored super warriors, I quit."

Lianfeng heard Su Chen's words and immediately refused, "No, you are the most physically fit soldier in the army, you cannot quit."

Lianfeng will not let Su Chen leave.

Su Chen is the most physically fit human being she has ever seen on earth. Lianfeng thought that if Su Chen became a super fighter, he might be physically stronger than the Galaxy Force.

"Sorry, I just want to quit. I have other things to do. Goodbye."

Su Chen suddenly touched Lianfeng's face and ran out.

Damn,

Lianfeng's face is so slippery.

If such a beautiful and sexy woman were to be his wife, I'm afraid she would die within a few years.

"asshole!"

Lianfeng saw Su Chen touching her face and running away. She clenched her fists and wanted to catch the soldier and beat him up.

Forget it,

Lianfeng thought about it and prepared to ask Su Chen for a leave first, and wait for that The bastard comes back and takes care of him.

On the training ground, six men and women are training.

They can send sandbags flying with one punch, and they can even make a big hole in the ground when they fight.

"Do you think that pretty boy officer is still here?"

"Come on, we trained yesterday and we should have scared the shit out of him, especially the scene where Xiao Lun was bombarded, that pretty boy turned green on the spot."

"No, we can't put it this way. Su Chen is a colonel no matter what, and he also has a rapid response army in his hands."

"Xiao Lun, we will be super soldiers in the future, and Su Chen will be a powerful ordinary person at most."

"Forget it, hurry up and train, otherwise Sister Na will teach us a lesson again."

Xin Zhao, Xiao Lun, and Cheng Yaowen, the three of them were discussing Su Chen while training.

They all felt that yesterday's training scared Su Chen so much that he did not dare to come again. It is impossible for an ordinary person to compare with super warriors like them.

After Qiangwei, Qilin, and Reina heard what Xin Zhao said, they also felt that it was impossible for Su Chen to come again.

They would not be injured at all with such training, but Su Chen was just a powerful ordinary person, and he was just like them. If he fell, Su Chen would probably be injured and hospitalized.

Su Chen couldn't compare with them at all.

Reina shook her head and said,

"What a pity for such a handsome young man. Qilin pointed at Xin Zhao and the others and said with a smile, "Aren't there three more here?""

"Those three are all crooked melons and cracked jujubes,"

Qiangwei glanced at Xin Zhao and the others and said disdainfully.

She looked down on these three people very much, but these three people all have powerful genes.

Qiangwei felt that the genes of Xin Zhao and the others could be given to others casually. Su Chen alone, Su Chen would be much stronger than the three of them.

Qilin looked outside the training ground, shook her head and said,

"Forget it, Su Chen may really not come, let's just train."

"Let's train!"

At this moment,

Su Chen came to a bar and started drinking.

He had not experienced the atmosphere in the bar for a long time.

Although the world of technological civilization is seriously polluted, the life here is more colorful than in ancient times.

"Handsome guy, let's have a drink together."

At this time, a beautiful woman wearing a windbreaker came to Su Chen and said.

Su Chen refused without looking back,

"unnecessary!"

Su Chen felt very speechless.

He came to the bar just to enjoy the life he enjoyed before, but he didn't expect that all the women would come to disturb him. If he hadn't traveled through time, Su Chen would have been very happy.

But now,

Su Chen is These ordinary women were not interested at all.

The beauty in the windbreaker smiled unexpectedly when she heard Su Chen's words.

She was the Demon Queen Morgana.

No one had ever dared to refuse her.

Moreover,

Morgana was very fond of this handsome boy. Morgana was very confused about the time and space gene. Only she and Qiangwei had the time and space gene. How come this handsome boy also had it?

Morgana sat directly next to Su Chen and said with a smile,

"Handsome guy, don't be unkind. It's your honor to have a drink with me."

Su Chen turned to look at this narcissistic woman, but when Su Chen turned around and saw Morgana, he couldn't help but shout,

"Morgana, are you here like this?"

Su Chen regretted after calling out Morgana's name.

No one on earth should know about Morgana now. This exposed his knowledge of Morgana's existence. This demon queen might not let him go easily.

When Morgana heard that Su Chen could recognize her, she felt very strange.

When Morgana came to Earth, no one should know her existence except those angels. How could this ordinary earthling know her existence? This handsome boy knows some angels?

Morgana just wanted to check Su Chen's memory.

"Do you actually know this queen? Show me how on earth you know of my existence, Queen."

Chapter 2023

Morgana looked at Suchen and started to check.

In just a moment,

Morgana fell dizzy on the table.

When she looked at Su Chen, she felt incredible that she hadn't checked this human's memory at all, and there was a powerful seal that sealed this. human memory.

Morgana just wanted to analyze the seal.

She didn't expect that the moment she touched the seal, she would be counterattacked.

"What kind of monster are you?"

"Human beings!"

Su Chen smiled when he saw Morgana's pale face.

Morgana wants to check his memory?

Is this possible?

Even if the ladder does not protect his memory, Su Chen's memory cannot be checked by others. System Girl will not let anyone check his memory, including the Holy Soul of the Ladder

"You human being, huh? You are really a human being, kid. This queen has taken a liking to you, and you will be my queen's person from now on."

I guess!

Who is Morgana's person?

Is this him?

Is Morgana going to rob him in broad daylight?

Riou!

Su Chen suddenly thought of Morgana's feelings for Qiangwei,

Morgana and Qiangwei They seemed to be in a lesbian relationship. Morgana even swore an angelic love oath to Qiangwei. Morgana wouldn't take action against her this time, right?

Su Chen stared at Morgana and wanted to leave immediately.

Mo The look in Gana's eyes was very wrong. He felt that he could not stay any longer. If Morgana injected him with demon genes, Su Chen would probably turn into an ugly demon.

Morgana drank a glass of wine and smiled. reminded,

"Handsome guy, don't think about leaving. Now that you know who I am, do you think you can escape?"

Su Chen threatened Morgana,

"Morgana, the angels are nearby, aren't you afraid that the angels will judge you?"

Morgana mocked disdainfully,

"Can those little scumbags judge me, the Demon Queen? As long as Kesha's bitch doesn't come to Earth, I, the Demon Queen Morgana, have nothing to fear."

Su Chen was very helpless when he heard what Morgana said.

He might fall into the hands of the Demon Queen this time.

However, why would Morgana look for him?

Su Chen is an ordinary person now and does not have any super genes. , Morgana shouldn't be interested in an ordinary person like him

"Um?"

Morgana suddenly sensed that there were angels approaching, and her face turned ugly.

Those little bitches,

Morgana wanted to destroy those little angels, but she didn't dare to do it now.

If Morgana were to attack those little angels now, Angels take action, Kesha's Bichi will definitely come to Earth.

Whoosh!

Morgana suddenly disappeared into the bar with Su Chen on a barren mountain.

Morgana hurriedly turned on the space-time gene, and she was going to kill Su Chen. The time and space gene was activated.

She didn't have much time.

The angels might catch up later.

Morgana wanted to activate Su Chen's super gene first. She would later find this human who had the same time and space gene as her.

Boom!

After a while,

Morgana wiped the sweat from her head and said to Su Chen,

"Boy, your time and space gene has been activated by me. Queen, I will return the favor and come to you next time."

Whoosh!

Morgana said and quickly disappeared from the barren mountain.

Su Chen stood on the barren mountain with a confused look on his face.

Time and space gene?

Morgana, what are you kidding me?

He has a shitty time and space gene.

Huh?

That's not right!

Su Chen suddenly thought that he knew the laws of space and time.

Although the laws of space and time were sealed by the Holy Soul of the Ladder, he had always used the laws of space and time. Could it be that he had time and space genes in his body?

Whoosh!

Su Chen suddenly became instantaneous. Moving to a big tree, he felt the space-time gene in his body.

The space-time gene was exactly the same as the ability he had just gained to teleport.

However, using the space-time gene consumes energy, dark energy?

He also sensed this, such low-level energy. It was nothing to Su Chen.

As long as Su Chen ate a spiritual fruit or fairy fruit, his dark energy would be fully replenished.

After Su Chen tried the time and space gene, he quickly mastered the time and space gene. ,

Su Chen originally knew the laws of space and time, and this inferior space-time gene was just a child's play for him.

Su Chen touched his chin and said to himself with a smile, "I was lucky this time. I didn't expect that it turned on." Time and Space Gene, Morgana, I really want to thank you this time."

Su Chen felt that he could complete this trial.

With the time and space gene, even if he is not Taotie's opponent, he can still succeed. Su Chen can complete the task as long as he follows Reina and the others. He decided that this time I want to win.

In the sky, there are two angels with a pair of white wings.

They look at Su Chen on the barren mountain and are very surprised.

Time and space gene?

They did not expect that a human being has time and space gene, and in a short time Here we have mastered the genes of time and space,

"Sister Yan, do you want to capture the human with the space-time gene?"

"No, Morgana will definitely look for him again. We only need to monitor this human being. Once Morgana appears, we can destroy Morgana."

"yes!"

Su Chen still doesn't know that his every move is being monitored by two angels.

He is in a good mood at the moment.

He can complete the trial mission of the ladder. He can get one of the reward treasures of the ladder in this trial, and the remaining two. Treasure, as long as he has the same luck as this time, Su Chen thinks he can complete the trial task.

Su Chen looked around and whispered,

"It's been a day and it's time to go back. Reina's super soldiers should be going to the aircraft carrier soon, and the Battle of Tianhe is about to begin."

Whoosh,

Su Chen disappeared in an instant and looked at the barren mountain.

At the military base, as soon as Su Chen came back, an alarm sounded in the base.

Su Chen stopped a soldier and asked,

"What happened?"

"Sir, there is a military mission, and the super soldiers are getting ready to go."

After Su Chen heard what the soldier said, he suddenly thought of Sun Wukong.

Damn,

I said it seemed like there was one missing person.

It turned out that Sun Wukong hadn't appeared yet. In the plot, the Battle of Tianhe started only after Sun Wukong appeared.

At this time,

Lianfeng discovered that Su After morning, she quickly came over and took Su Chen and said hurriedly,

"Su Chen, get on the helicopter quickly, you are going to perform a mission."

Damn it!

Su Chen was very speechless when Lianfeng dragged him away.

He didn't even have any preparations, black armor, weapons, none of these were given to him.

Didn't he go to kill Sun Wukong when he fought with him?

Helicopter When

Qiangwei saw Lianfeng bringing Su Chen, she frowned.

Su Chen was just an ordinary person. He didn't even have black armor or weapons. Is Su Chen going to make a fool of himself?

"Hi beauties!"

Chapter 2024

After Su Chen was pushed into the helicopter by Lianfeng, he saw that Qiangwei and others were all fully armed. Su Chen was forced to get on the helicopter wearing military uniforms.

Su Chen shook his head helplessly.

Qiangwei listened. Her expression turned gloomy when she realized that Su Chen was not serious and that Su Chen didn't even bring any equipment.

Qiangwei asked Su Chen coldly with an expressionless face,

"Chief Su Chen, we are going to fight the enemy. Are you going to travel?"

Other people also looked at Su Chen.

They all felt that Su Chen should not have come.

Su Chen was an ordinary person.

This combat mission had to deal with super soldiers. Su Chen went up to the battlefield without any preparation. When they got off the plane, they looked at Su Chen with some contempt.

After Su Chen saw the eyes of Qiangwei and others, he also guessed what these people were thinking. They looked down on him.

Su Chen didn't care about these people.

Qiangwei and the others These people's ideas are not wrong. If he were one of them, Su Chen would be unprepared for anything, and would even look down on an ordinary person.

Su Chen touched his chin and said to everyone,

"You don't need to worry about me. I was also forced to get on the helicopter. You will fight when it's time to fight. I will not disturb you or participate in your fight."

Qiangwei looked at Su Chen and ordered the others, "Okay, get ready, the battle will start soon."

"good!"

"clear!"

"It has been prepared for a long time."

Su Chen looked at these people and shook his head. They were a group of new recruits.

Among them, only Qiangwei had experienced the battle of super warriors. The others also encountered powerful super warriors for the first time. After a while, the battle began.

Sun Wukong would probably give them a good beating, so Su Chen thought it would be good to watch the show on the side. Su Chen looked at Qiangwei, Qilin, and Rui Mengmeng and nodded.

These three women are really beautiful now, especially Black A showed off their curvy figures. They were also rare beauties in this world.

Half an hour later, the helicopter landed on a big mountain. Qiangwei took Qilin and the others and quickly headed towards the top of the mountain. Run.

Su Chen swayed down from the helicopter with a bottle of water.

After the helicopter left, he looked at the top of the mountain and disappeared instantly. In a villa in

Tianhe City , Natasha, Sai Lina, Alice, Maximus, and Laura, all five of them looked at each other with frowns. The national destiny war Natasha and the other five participated in this time was the Battle of Tianhe, but after seeing the information, they , a few of them gave up hope for this mission. There are angels, demons, gluttons, gods of death, and even super genetic warriors on the earth in this world. Although they are powerful, they have no point in this war. Chances of winning. Maxim Simmons said helplessly after taking a sip of wine,

"what should we do? My troops are all cannon fodder when they arrive, and our opponents are aliens. I'm afraid we will lose the war of national destiny, no, it is the war of planetary destiny. Alice rubbed her forehead and said,"This time our opponents are the Chitauri, and we may not be able to complete the Planet Destiny War.""

Selena looked at the few people and said helplessly,

"Yes, there are only a few super warriors on the earth. Our opponents are not only the Chitauri, but also the Taotie who are about to attack. I think we will lose this war no matter what."

Natasha suddenly thought of that bastard Su Chen, and she was very confused.

There have been more than ten national destiny wars, and the national destiny war has even been upgraded to a planetary destiny war.

Su Chen has never participated in it again. Natasha Sha thought more than once whether Suchen would die.

Natasha thought about it and asked a few people,

"You guys are talking about why Su Chen has never participated in the National Destiny War. The National Destiny War has been upgraded to the Planetary Destiny War. Why is there no news at all about that bastard?"

Selena and Alice heard what Natasha said, and they all said,

"Su Chen is very powerful, maybe Su Chen is not allowed to participate in the Planet Luck War anymore."

"Well, it's possible!"

"Su Chen's strength is very powerful, but this planetary destiny war is hellish. Su Chen's strength should not be as strong as these gods, right?"

"Not necessarily, we have never seen Su Chen's true strength. Su Chen might be an Eastern immortal."

Bah bang bang!

Laura stood up, looked at a few people, clapped her hands and said,

"Okay, let's ignore Su Chen for now. Let's discuss the upcoming planetary destiny war."

"Bai Yuekui and his team did not come this time, and there are only a few of us in this world. No matter how difficult this planetary destiny war is, we must try our best to complete it."

Maximus, Selina, Alice, and Natasha, all four of them stood up and nodded.

They thought that even if the Planet Luck War was hellish, they would try their best to complete it..At this time,

Su Chen stood on a big tree and watched the battle between Qiangwei and Sun Wukong in the distance. No, it was Sun Wukong who was playing and teaching Qiangwei and the seven people.

These seven people are really miserable!

The power of the Galaxy may have to Being shadowed by Sun Wukong.

Qiangwei's time and space genes are also good, but they are of no use to Sun Wukong.

Qilin is even more unbearable.

Qilin has no ability to protect herself after being discovered by Sun Wukong. Beauty Qilin can only hide and fight. Cold shot.

Su Chen looked at the battle ahead and shook his head speechlessly.

Sun Wukong should be the third generation of divine super warriors, and people like Qiangwei should be the first generation of super warriors. That tough girl Reina has not arrived. If Reina arrives, , Sun Wukong should not defeat Qiangwei and the others so easily. Boom, boom, boom!

At this time, Sun Wukong took the golden hoop and knocked Qiangwei and the others away, and the power of the Galaxy was even beaten to the point of vomiting blood.

"Xiao Lun, you are like this." Liu Chuang was very anxious when he saw Xiao Lun being beaten until he vomited blood , but Sun Wukong's golden cudgel kept attacking, and he couldn't save Xiao Lun at all. Cheng Yaowen, Rui Mengmeng, Zhao Xin, and Qilin were all around him , even Qiangwei couldn't save Xiao Lun. Sun Wukong was too powerful, and they were no match for Sun Wukong. Sun Wukong saw these super warriors being beaten without the ability to fight back, and he shook his head. These super warriors still

need training. , a generation of super soldiers is simply not enough to deal with those powerful enemies.

"Huh? There is still someone hiding? Come down here!"

"Holy shit!"

Chapter 2025

Su Chen suddenly saw Sun Wukong attacking.

He was so frightened that he teleported away in a hurry.

Su Chen never made a move against Sun Wukong. How could Sun Wukong, a bastard, attack him? boom!

Sun Wukong's golden cudgel shattered the tree in one blow. When he saw that Su Chen had escaped his attack, he quickly dodged and continued to pursue Su Chen.

When Su Chen saw Sun Wukong chasing after him, he hurriedly shouted,

"Sun Wukong, I am just a Chinese passing by. I am not the same as those people."

Sun Wukong was stunned when he heard Su Chen's words.

He didn't expect that Su Chen and Qiangwei were not together.

Sun Wukong looked at Su Chen and saw that there was indeed no black armor on Su Chen, or even weapons.

This made him feel very confused.

But this kid was able to dodge his attack.

Sun Wukong guessed that this kid was also a super warrior. He decided to try Su Chen's strength. He wanted to see if Su Chen was qualified to join the black armor team.

"Boy, I don't care if you guys are in the same group or not, you have to lie down today"

"I am Fake!"

Whoosh!

Boom!"

"Bastard, you can't escape!"

"Smelly monkey, I already told you that I am not the same as those people, are you a fool?"

"Boy, I hope you can still curse after a while."

Boom boom boom....

On the mountain,

Su Chen quickly teleported to avoid Sun Wukong's attack. Sun Wukong kept chasing Su Chen.

Qiangwei, Qilin, and Xiao Lun looked at all this in confusion.

They seemed to have been forgotten by Sun Wukong.

And Su Chen,

Su Chen is also a super soldier?

Su Chen's elusive ability is very similar to Qiangwei's, except that Su Chen's teleportation is faster than Qiangwei's.

Qiangwei looked at Su Chen with a very ugly face.

That bastard actually cheated on her?

Is this an ordinary person?

Su Chen actually also has a space-time gene?

Even Su Chen can teleport freely without borrowing black armor. Qiangwei guesses that Su Chen's time and space gene is more skillful than hers.

"Let me go, Su Chen has been hiding his strength?"

"It must be. I'm afraid this bastard has been watching our jokes."

"Su Chen was so frightened yesterday when he saw our training that he turned pale. It turned out that he was all pretending."

"This bastard is so disgusting. He kept watching us being beaten by Monkey King without coming to help. I couldn't help but give him a shot."

"Qilin, please don't. Sun Wukong is very powerful. Su Chen will be captured by Sun Wukong soon. We will also go to save Su Chen soon."

"Damn it, Su Chen's teleportation was too fast. No matter how fast Sun Wukong moved, he couldn't catch Su Chen."

Liu Chuang and Qilin looked at Su Chen and started talking one after another.

Su Chen deceived them by hiding his strength. Even that bastard was watching them being beaten by Sun Wukong. Qilin and others were all jealous of Su Chen. Full of resentment.

At this moment, in a conference room in the military base,

Lena and three angels were negotiating.

While they were fighting,

Lena suddenly found that the three angels opposite looked absent-minded, which made her a little curious. Got it

"Angel Yan, it seems that you angels have no sincerity in coming to negotiate."

"Lena, that's it for today. We angels will come to negotiate with you later."

"you....."

Before Reina heard what Angel Yan said, Angel Yan left quickly with the two angels, which made her sit here confused and confused.

In the air,

Angel Yan and the others quickly headed towards the mountain where Su Chen was.

Angel Yan did not expect that Su Chen could use the space-time gene so skillfully in such a short period of time that even Sun Wukong was helpless. In the morning,

Su Chen had reached the level of a generation of super warriors. This was achieved in just one day. Angel Yan felt that Su Chen could not fall into Morgana's hands.

Su Chen's potential is huge, and Su Chen has the gene of time and space.

Morgana's acquisition of Su Chen will make the devil even more powerful, and the war between angels and devils may become more difficult in the future.

Angel Yan wanted to pull Su Chen into the righteous camp of their angels. They could not wait any longer. If Morgana took Su Chen away, it would be too late for them, the angels, to regret it.

At this time,

Su Chen was still avoiding Sun Wukong's pursuit.

He kept teleporting back and forth in the mountain.

When the dark energy was insufficient,

Su Chen would eat a spiritual fruit.

The spiritual fruit and fairy fruit in his system space The thing is, Su Chen is not worried about waste at all.

Su Chen looked at the somewhat angry Sun Wukong and cursed,

"Monkey, are you tired? You have been chasing me for more than an hour."

Sun Wukong didn't expect Su Chen to be so difficult to deal with.

Sun Wukong is a third-generation super warrior with a divine body. He couldn't catch a first-generation super warrior.

His face turned ugly.

"Boy, you made me underestimate you, but it's over here, the clone technique!"

Swish swish swish.....

Sun Wukong suddenly divided into dozens of clones, and each of these clones held a golden hoop and attacked Su Chen.

Holy shit!

Damn it!

Has this provoked a monkey nest?

Sun Wukong's clone technique is somewhat unbelievable in this small world. bump!

Su Chen quickly dodged and kicked away a monkey that was about to attack.

He couldn't keep running away now.

There were too many monkeys here.

If Su Chen didn't break up the monkey clones of Sun Wukong, Sun Wukong might catch him.

Qiangwei and Qilin were all sitting next to them.

They were all outsiders now.

For more than an hour,

Su Chen and Sun Wukong were running around in the mountains, running away and chasing each other.

They wanted to help Su Chen before. It's just that they can't keep up with the speed of Su Chen and Sun Wukong, and they are helpless to watch from this side. bump bump bump

bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump bump
bump bump bump bump bump bump bump bump bump.....

While Su Chen teleported to escape the siege of the monkeys, he quickly scattered the monkeys that besieged him one by one. boom!

I'll do it!

Su Chen was accidentally swept away by Sun Wukong's golden hoop.

After he hit a big tree,

Su Chen vomited blood and fell down.

This was because Sun Wukong didn't want to kill Su Chen, otherwise Su Chen might have been killed by Sun Wukong. Kill.

When Sun Wukong saw that Su Chen was done, he smiled and walked to Su Chen and asked,

"Boy, are you still crazy? Su

Chen wiped the blood from the corner of his mouth and mocked, "Monkey, you are really shameless. Don't you know how powerful you are?" I'm just an ordinary person. Is it interesting for you to defeat me?"

"Haha, ordinary people? If you, this kid, are an ordinary person, those people next to you are useless. They are not even ordinary people."

Whoosh!

At this time, three beautiful angels with a pair of white wings, a red short skirt, silver boots, silver armor, and golden hair suddenly appeared next to Su Chen.

"Sun Wukong, we want to take this person away"

Chapter 2026

Su Chen saw three beautiful angels arriving, and the angels even wanted to take him away when they arrived.

This made Su Chen confused.

He had no contact with the angels, and he had never even met them. Why did Angel Yan and the others take him away?

I'll do it!

Could it be because of Morgana?

Did Angel Yan and the others find out that they had met Morgana?

However,

Angel Yan is really beautiful, with long blond hair, a tall figure, a red short skirt and a fitted silver armor, which makes Angel Yan's proud figure look even more curvy, with a pair of long white legs, Su When Chen looked at it, he couldn't help but want to touch it.

When Sun Wukong saw three angels appearing and even taking away Su Chen, he threatened Angel Yan and the others with a cold face, "Angel? Angel, this is the earth, not the place you should come to."

Angel Yan looked towards Sun Wukong said proudly,

"Sun Wukong, although you are a third-generation divine super warrior, you are no match for us just after you revived. Besides, can you control what we angels do?"

"Then give it a try!"

Sun Wukong took the golden cudgel and prepared to fight with a serious face.

He felt that Angel Yan was very powerful, and the two angels next to him were both second-generation gods.

If there was a fight, he might not be the opponent of the angels, but , Sun Wukong cannot just watch the angels take away the earthlings, and he is also an earthling with great potential.

"Let me go, angel. I didn't expect that an angel would appear."

"Liu Chuang, demons appear, is it strange for angels to appear?"

"Angels are so beautiful, with that beautiful face and those long white legs. If I had an angel wife, I would live even if my life was shortened by ten years."

"Xin Zhao, just dream, how could an angel fall in love with a crooked melon like you?"

"Something is wrong. Look, the angel is taking away Su Chen. Is Sun Wukong going to war with the angels?"

"So what do we do? Helping angel? Or help Sun Wukong?"

When the people in the black armor team saw the angels appearing, they were very surprised. They did not expect that angels really existed, and even these angels were very beautiful.

Qiangwei looked at the angels who appeared and contacted Looking at her father, she didn't know what to do with the appearance of the angels, and the angels wanted to take Su Chen away, which made her very confused. When

Su Chen saw that the angels were going to fight Sun Wukong, he hurriedly He stopped and said,"Wait a minute, Angel Yan, why did you take me away?"

"you know me?"

Angel Yan heard Su Chen call her name, which made her very confused.

Except for the Dexing and Nuoxing people, no one on the earth should know her existence and name.

Why does this human know her?

Su Chen Looking at the beautiful Angel Yan, he smiled and said,

"Angel Yan, the left wing guard of the holy Kesha, the famous thundering god of war, and an eight thousand year old spinster"

"Child, do you want to die?"

When Angel Yan heard Su Chen call her an old maid and even knew her age, she quickly grabbed Su Chen and threatened with a cold face. The two angels beside Angel Yan couldn't help but laugh when they heard Su Chen's words. They also I didn't expect that Su Chen would say this to Angel Yan. I'm afraid Angel Yan would be angry this time.

Sun Wukong looked at Su Chen with a dark face.

He was about to fight the angel for Su Chen. Is this little bastard trying to date Angel?

Su When Chen saw the angry Angel Yan, he hurriedly shouted,

"Angel Yan, calm down, calm down, why do you angels take me away?"

"No reason, kid, I just want to teach you a lesson"

"Angel Yan, are you here for Demon Queen Morgana? Sorry, I don't know Morgana"

"Hum, kid, you have been targeted by Morgana. If you don't want to die, just leave with us."

Su Chen looked at the perfect figure Angel Yan and asked,

"You want to imprison me?"

"It's to protect you."

Angel Yan glared at Su Chen and replied coldly. This little bastard actually dared to look at her. The evil look in his eyes made her couldn't help but dig out this little bastard's eyes.

Su Chen nodded when he heard Angel Yan, He is not afraid of angels at all. As long as he has never done anything that violates the justice of the angels, it is impossible for the angels to judge him.

Su Chen thought for a while and said to Sun Wukong next to him,

"Sun Wukong, Angel Yan and I will go there. You should continue to teach those crooked melons and crack dates."

"Boy, do you really want to go?"

Su Chen nodded and replied,"Of course, I am being targeted by Demon Queen Morgana. For the sake of my life, I still need the protection of angels."

"That's up to you."

Sun Wukong looked at Su Chen and left quickly.

He also wanted to test the black-armored team. He and Su Chen had been chasing and fighting just now. Sun Wukong had also forgotten about those crooked melons and cracked dates.

Angel Yan also took Su Chen and The other two angels left. Then there were roars and even some screams from the mountain. Ten days later, Su Chen was enjoying the life of today's society in a villa, and there were three beautiful and sexy angels. Serving Su Chen.

In the living room, Angel Yan watched Su Chen lying on the sofa watching TV. She walked to Su Chen and stretched out her hand and said,

"Su Chen, it's another day. Can you give us the spiritual fruit today?"

Su Chen glanced at Angel Yan and said speechlessly, "Angel Yan, you have already got seven or eight spiritual fruits. Will you die if you miss one?"

Su Chen ate a spirit fruit to quench his thirst ten days ago, but when Angel Yan and Angel Chase saw Su Chen's spirit fruit, they were surprised and asked about the spirit fruit.

Su Chen just fooled him casually, and so did he. Under Angel Yan's explanation, Su Chen knew the importance of spirit fruit to the angels. Spirit fruit can not only replenish dark energy, but can even be used as a training resource to improve strength.

Angel Yan sat next to Su Chen and snorted,

"Huh, that's what I deserve. We have been protecting you and serving you these past few days. You gave each of us a spiritual fruit a day. We should be thankful that we didn't feel short of you."

Angel Yan was very curious about the spiritual fruit in Su Chen's hand.

She didn't expect that Su Chen would have such a fruit. Those fruits are very important to angels.

With just one bite, they angels can replenish almost half of the dark fruit. Energy, this is much more powerful than the energy pills of Raging Star.

"Here you go, here are three spiritual fruits"

"That's not bad, Su Chen, Taotie will attack the earth in the next two days. Do you really want to participate in this battle?"

Chapter 2027

Angel Yan was very confused when he looked at Su Chen.

Su Chen had not awakened the space-time gene for a long time.

He was the first generation of super warriors. Some of Taotie's super warriors were second generation super warriors. If Su Chen participated in this war, He might die in this war

"how? Angel Yan, don't you fall in love with me? Angel

Yan was very disdainful after hearing Su Chen's words.

She stretched out her little finger and mocked Su Chen,"Child, do you think I would like such a small human being?"

Su Chen smiled and asked Angel Yan hastily,"Angel Yan, one million years from now, by that time, we will be about the same age."

"Then you have to live for a million years. You might die in this war."

"With you, Ah Zhui, and Ling Xi protecting me, how could I possibly die?"

Angel Yan said seriously when he heard Su Chen's words,

"Su Chen, let me tell you, it is impossible for us angels to participate in this war. This is our agreement with the earth. We angels cannot interfere with things on the earth at all."

"I know, let's talk about it then."

Su Chen waved his hands and closed his eyes.

He knew the development of the plot.

It is impossible for that warmonger Dukao to let the angels intervene on the earth. The earth is the sphere of influence of the academy and the hope for the future rise of Nuoxing.

Angel Yan looked at Su Chen closed her eyes, shook her head and walked out.

She had to tell Queen Keisha about this matter.

Su Chen was not only a super soldier with great potential, but this little bastard also had many secrets.

Those spirits Angel Yan thinks that this is not the best spiritual fruit that Su Chen has brought out. This little bastard should have a better spiritual fruit, maybe even a fairy fruit from earth mythology. In

Tianhe City,

Natasha and the other five are also ready. The ten-day preparation time has passed.

They will start the battle tomorrow, the Planet Luck War. This is a hell-level mission. I am afraid that all five of them will die in this Planet Luck War.

Living Room Inside, the five people were preparing their own weapons. After Selina arranged her weapons, she looked at the other people and said,

"If, I said, if, any of us can survive, then when we see Su Chen in the future, we will tell him what happened today and let that bastard forget me."

Selena was a little regretful about not seeing Su Chen again, but there was nothing she could do about it.

It was not up to them to decide whether she and Su Chen wanted to meet. This planet destiny war was her and Su Chen's farewell.

Alice shook He shook his head and said helplessly,

"Selena, if we die, we die together. If we die, that bastard will know."

Laura thought about that bastard Su Chen and said, "Yes, if we die, Bai Yuokui and the others will get the news, and Su Chen will also know the news of our death in the future."

Maximus said with a smile while drinking wine,

"Haha, if only Su Chen was here, that kid would definitely be able to destroy the Chitauri. Natasha sighed and said,

"Also, Su Chen is not only powerful, but his army is also very powerful. With that bastard here, we can win the planet destiny war by simply lying down."

In the living room,

Selena and Alice looked at each other and fell silent. This planetary fate war is a war of nine deaths, and they all thought that they would die in this war.

For Su Chen,

Selena is Su Chen's woman, Alice and Laura are Su Chen's confidantes, and Natasha just has some affection for Su Chen.

However, when they encounter a crisis,

Selena and Alice both couldn't help but think of Su Chen.

One night passed, in Tianhe City, the alien fleet from the earth began to invade the earth.

The Taotie star fleet, the Chitauri star fleet, more than 20 huge battleships, two flagships, thousands of ships Small starships and tens of thousands of Taotie and Chitauri troops attacked Tianhe City from the air.

In less than an hour of attack, the civilians of Tianhe City suffered heavy casualties, and the army was even more attacked and retreated. Ordinary Earth troops It simply caused too much damage to the alien starship.

On the USS Giant aircraft carrier, the black-armored team boarded a transport plane and dispatched.

In the transport plane, people like Zhao Xin and Xiao Lun looked panicked. Faced with the sudden war, they still fought with In the alien war, these super soldiers who had been training for several months were very panicked.

Qiangwei looked at her teammates and shook her head.

She felt that these teammates would be timid and crooked when they arrived on the battlefield. Split Zao, they were afraid even before they reached the battlefield. If they saw the tragedy on the battlefield, or even faced life and death, Qiangwei guessed that some of these people would definitely shrink back.

Qilin looked at the others with heavy expressions, and even Some people looked scared.

She shook her head helplessly.

These people were young people and students from society. They had only been trained for a few months before going to the battlefield. This also made things difficult for these people.

Qilin said to Qiangwei beside her. said,

"Will Su Chen go to the battlefield?"

Qiangwei nodded and said affirmatively,

"Yes, Su Chen is a colonel in the army. If he knew about the war in Tianhe City, he would definitely go"

"Qiangwei, are Su Chen's abilities the same as yours, all based on time and space genes?"

"Yes, Su Chen's genes are exactly the same as mine, but Su Chen's time and space genes are much more powerful than mine, and that bastard doesn't know how he cultivated them."

Leilei heard Qilin and Qiangwei talking about Su Chen, and she thought that Su Chen had time-space genes, but Su Chen kept pretending to be an ordinary person, which made her very angry.

Leina clenched her fists and said angrily ,

"I'm curious about that boy. That bastard dared to deceive me. If I meet that bastard this time, I must let him taste my flare bombing."

"Get ready, we will arrive at Tianhe City in ten minutes."At this time, a voice came from the radio in the cabin to remind people. Qiangwei and the others hurriedly looked outside. They all wanted to know how many aliens had arrived.

In Tianhe City,

Selena and the five people had already arrived with Taotie and Chitauri. There was a fight, and Maximus did not summon the army this time. His army was just cannon fodder, and there was no need for him to summon the army.

On a high building,

Su Chen was very confused when he saw the large number of alien troops. , the arrival of the Taotie army is what it should be, but why the hell, the Chitauri army also appeared in this world?

Aren't the Chitauri aliens in the Marvel world? In this world, the Chitauri How could Rui and Taotie invade the earth together?

This is simply unreasonable.

A gluttonous small gunboat discovered Su Chen, and the gunboat kept bombarding the building where Su Chen was.

Su Chen quickly teleported to another building. He took a sniper rifle and aimed at the gunboat. The Taotie fired quickly.

Although Su Chen was not as good as Qilin in sniping ability,

Su Chen's strong mental power was still able to lock on to the Taotie in the distance.

Bang! Boom!

[illegible]

Boom boom boom.....

The surrounding gluttonous soldiers and Chitauri mechanical armies all discovered Su Chen. These armies launched attacks on Su Chen one after another. The energy guns in the hands of the alien army and the energy cannons on the gunships directly attacked and destroyed the building. It was so unbearable that the building would collapse even after a few more energy cannon attacks. swish swish.....

Puff puff.....

Su Chen took out a flaming sword given by Angel Yan and quickly teleported to kill these alien troops.

In just over ten minutes, he killed hundreds of Taotie and Chitauri soldiers around Su Chen. These were all ordinary alien armies, and none of them were powerful genetic super soldiers.

On the Juxia, in the combat command room, Lianfeng and Dukao were very surprised when they saw Su Chen killing everyone on the screen. Although the two of them heard from Qiangwei that Su Chen had time and space genes and that Su Chen was also a genetic super warrior, Su Chen's use of time and space genes was much more powerful than Qiang Wei. Su Chen even didn't borrow black armor for calculations at all. Su Chen You can quickly teleport through micro wormholes. Dukao looked at Su Chen on the screen and said firmly, "Lianfeng, Su Chen must let him return to the team. We can't let the angels get this super soldier with great potential."

"

"Yes, I will let Su Chen return to the black armor team."

Lianfeng nodded beside her.

She didn't expect that Su Chen's strength would be so strong in a short time.

Lianfeng felt that she still underestimated Su Chen. His strong physical fitness and time and space genes were still less than half of the In the past month,

Su Chen had become a super warrior. Such speed surprised her.

"Inform Qiangwei and the Galaxy Force and others, and ask them to quickly meet with Su Chen after arriving in Tianhe City."

"Yes, General!"

In Tianhe City, in Devil's Wings,

Morgana smiled when she saw Su Chen fighting on the screen.

However, when Morgana saw the flaming sword in Su Chen's hand, her expression became very serious. It's ugly.

Morgana couldn't help but cursed angrily,

"Bichi! Bichi! Those damn little bitches"

"Su Chen is what I like, and even Su Chen's space-time gene is activated by me. Are those little angels trying to steal food from my hands?"

A tall demon saluted Morgana and said, "Queen, do you want me to bring back that Su Chen?"

Morgana looked at Suchen on the screen, she thought for a while and shook her head.

"No, wait a minute, I want to see the potential of Su Chen's space-time gene. Su Chen can teleport quickly without relying on a celestial computer. The use of micro wormhole technology is not even comparable to mine."

"Yes, Queen!"

At this moment,

Su Chen was a little tired of killing the aliens.

He had killed thousands of alien troops in the past half hour.

However, the surrounding alien armies continued to attack him.

Taotie and Qi... Ta Rui's army was desperate to surround him. Su Chen's abilities were limited now. He was worried that some gluttonous super soldiers would arrive soon, and then he would be in tragedy.

Damn, why are those people in the black armor team still there? Didn't come? Could it be that they were all robbed and killed by Taotie's super warriors?

No, if you continue to show off like this,

Taotie's super warriors will definitely come and kill you.

"Time and space are distorted!"

Su Chen looked at the hundreds of alien troops surrounding him. He immediately activated the skills of the space-time gene.

Zizikacha!

The bodies of hundreds of aliens around him were instantly distorted by time and space. Each alien His body was twisted by time and space and died like a twist.

"Suchen!"

At this time,

Alice in the distance spotted Su Chen. She looked at Su Chen in the air and screamed.

Selena and others also spotted Su Chen.

They did not expect that they would encounter Su Chen in this world. Su Chen, this makes them all very happy

"Alice?"

Su Chen heard someone calling him.

He looked back and found Alice on the roof of a car. This made Su Chen very surprised.

Go!

How could Alice appear in this world?

Is it a national destiny war?

Su Chen guessed that Alice and the others might have come to fight the war of national destiny. No wonder the Chitauri army would appear this time. The Chitauri army might be Alice and the others' opponents this time.

Whoosh!

Su Chen appeared next to Alice in an instant. , he hugged Alice and kissed her.

Su Chen touched Alice's face and said with a smile, "Beauty, I didn't expect us to meet again."

Alice cursed in embarrassment when Su Chen released her,

"You're such a jerk."

Alice did not expect that Su Chen would kiss her here. There were alien armies everywhere, and even Selina and the others were still fighting around. This bastard would not find another time to make out.

Alice glared at Su Chen asked doubtfully

"Su Chen, how come you appear in this world?"

"I'm here to conduct a trial. Alice, are you conducting a national destiny war?"

Alice nodded and replied to Su Chen, "Well, our team is engaged in a national destiny war. No, the national destiny war has now been upgraded to a planetary destiny war."

"Can the National Games War be advanced? Planet Luck War? Are you competing for luck with people from different planets?"

Chapter 2029

Su Chen was very surprised when he heard Alice's words.

He could still advance in the National Games War?

Planet Luck War?

Is this a war between different planets competing for luck?

"Alice, we'll talk about this later. Let's talk to Selina and the others first."

"good!"

Su Chen looked at the women fighting in the distance. He hugged Alice and disappeared on the roof of the car.

A few minutes later,

Suchen, Selina, Alice, Laura, Natasha, and even The old man Maximus met them all, and Su Chen also took the five Alices to a safe hotel high-rise.

After Su Chen heard the explanations from Selina, Laura and others, he also understood,

"It turns out that this is the case. This time, your team is here to participate in the Planet Luck War. I asked why I didn't see Bai Yuekui and those people. Selena leaned into Su Chen's arms and asked doubtfully, "Su Chen, why have you not participated in the mission more than ten times?"

Su Chen touched Selena's soft body and said with a smile, guessing,

"I am powerful, and the fate of heaven should not allow me to participate in the planet's fate war again."

After Maximus heard what Su Chen said, he also felt that Su Chen was very powerful, but even Qi Luck Tiandao felt that Su Chen was very powerful and even refused to let Su

Chen participate in the planet's destiny war again. He thought Knowing how powerful Su Chen was,

Maximus asked Su Chen curiously,

"Brother, how strong are you? Please tell us everything. If our team encounters a crisis again, we also want to know if you can help us."

Su Chen stretched out a little finger and said,"My strength? I can destroy the earth with one little finger"

"boast!"

Natasha curled her lips and taunted Su Chen.

She just didn't believe what Su Chen said. She also saw Su Chen's battle just now.

It took Su Chen a lot of time to kill some Taotie and Chitauri troops, and yet... Can a little finger destroy the earth? This bastard's bragging is too unrealistic.

Alice and Laura also shook their heads at Su Chen.

They didn't believe what Su Chen said.

They felt that Su Chen was talking to them. Just kidding, if Su Chen was really that powerful, why didn't he wipe out the Taotie and Chitauri armies on Earth all at once?

"You will understand later. Natasha crossed her arms and asked Su Chen,"Su Chen, you said you are so powerful, then why don't you destroy the Taotie and Chitauri armies on the earth at once.""

Su Chen helplessly explained to the girls,

"My strength was sealed, and I was just an ordinary person when I came to this world."

Maximus nodded when he heard Su Chen's words,

"It turns out that is the case, but your strength is still much stronger than ours."

Boom boom boom.....

At this time, bursts of loud noises were heard in the distance. Su Chen and everyone looked towards the place where the loud noises came from.

I go!

It turned out to be Leina,

Leilei's flare bombardment was really a humanoid artillery.

Su Chen shook his head when he realized it was Reina, that tough girl.

Reina was bombing the aliens unscrupulously. That tough girl was even more arrogant than him. I'm afraid Reina would be in trouble soon.

Su Chen checked the surroundings again.

He found that except for the fierce girl Reina, only Qiangwei, Qilin, and Liu Chuang were around, and the remaining few people were missing.

Su Chen thought about the power of the Galaxy in the plot. The current Power of the Galaxy should be timid and hiding somewhere else.

"That woman is so powerful!"

"Well, this woman should be a god"

"There are angels, demons, and many powerful aliens in this world. This world is really chaotic."

"The earth is also troubled by disasters. In every world, the earth will be invaded, and even some disasters may occur."

"Are we just watching?"

"Maximus, wouldn't it be better to win by lying down?"

When Selena and the girls saw Reina using her divine power to kill the aliens, they all started talking about it.

With Su Chen by their side, Selena and the girls also had powerful people on the earth appear. Anxious to fight the alien army.

Su Chen looked at Taotie's flagship and said to everyone,

"You all should be careful. Taotie's powerful super warrior has not yet appeared. None of you are a match for the super warrior. It is safer here. You just wait here for the war to end. Laura looked at Su Chen and asked worriedly, "Su Chen, your strength has been sealed, and you still want to participate in this war?""

Su Chen hugged the big bear girl Laura and kissed her and said,

"I'm just going to make some soy sauce."

Laura rolled her eyes at Su Chen and reminded, "Then you have to be careful, there are gods and demons in this world."

"I see!

Natasha looked at Su Chen and said mockingly, "You don't want to die in the hands of aliens, powerful master.""

"Natasha, are you mocking me?"

"No, I'm just worried about you, really!"

Su Chen looked at the sexy Natasha and smiled, "Natasha, why do I hear that you are mocking me. Natasha looked at Su Chen's aggressive eyes, she quickly backed away and shouted, "No, really no, what are you going to do?"

"I do not believe!"

"I....."

Whoosh!

Before Natasha could finish speaking,

Suchen hugged Natasha and disappeared in front of everyone.

Selena and Alice all shook their heads.

Natasha was going to be finished this time.

Maximus shook his head and drank wine and said, "It's great to be young!"

Maximus saw Suchen. After hugging Natasha and leaving, he knew what to do without even thinking. I'm afraid none of the women here could escape Su Chen's grasp.

Boom boom boom.....

On a high building,

Reina kept bombarding the Taotie soldiers who were surrounding them. She was now like a female general.

One man should guard against ten thousand men, but ten thousand men should not be allowed to open it.

Reina looked at the gluttonous army that was constantly dying under her bombardment, and she shouted in a very tactless manner, "I am the light of the sun, your goddess, you scum, please annihilate them all!" In the sky, there was a barrier. Inside,

Angel Yan, Angel Chase, and Angel Lingxi were all inspecting the war in Tianhe City. They all saw Su Chen's performance just now, and they were all very satisfied with Su Chen's performance.

Angel Chase suddenly noticed what Galaxy Power was doing and shouted, "Sister Yan, look at Galaxy Power and he's going to be a deserter."

Angel Lingxi looked at Galaxy Power and shook his head and said,

"Galaxy Power is still too young. By the way, we seemed to have forgotten to activate the wings of Galaxy Power last time."

Angel Yan didn't pay attention to the power of the Galaxy.

She had been checking on Su Chen.

However, when Angel Yan saw Su Chen and Natasha entangled together, she looked ugly and cursed,

"Shameless, during the war, that little bastard was doing those disgusting things with a woman."

Chapter 2030

Angel Yan's face was very ugly.

She knew that Su Chen was a lustful bastard, even similar to those scum, but there was a war going on here. Su Chen was still fighting with the gluttonous army here just now.

How come in the blink of an eye, that The little bastard is hanging out with a human woman?

When Angel Zhui and Angel Lingxi heard Angel Yan's scolding, they both lowered their heads with black lines on their heads.

Angel Zhui and Angel Lingxi didn't expect that Su Chen was so out of tune that he took a break during the war to fool around? They all felt that Su Chen should not join Angel Nebula. Su Chen was first of all a man, and he was also a lustful man.

In the villa, both of them were teased by Su Chen, and Su Chen even had evil intentions with their legs.

Angel Lingxi looked at the angry Angel Yan.

She and Angel Zhui looked at each other very helplessly.

Although Su Chen was a bastard,

Su Chen was too important to Angel, not to mention the things in Su Chen's hands that could supplement An The energy fruit is what Su Chen revealed to them With the information, it was impossible for them, the angels, to let Su Chen be controlled by the devil.

Angel Lingxi cautiously asked Angel Yan, "Sister Yan, do we still need to open the wings for the Galaxy Power?"

Angel Yan looked at the Galaxy Power who was about to escape with a cold face.

She was in no mood to deal with that crooked melon now. She is such a coward, she is really annoyed with Su Chen.

Queen Kesha is coming to Earth early, and she has to keep a close eye on this little bastard Suchen. If Suchen is taken away by the Demon Queen Morgana, it will be a serious disaster for them angels.

Angel Yan waved his hand and said,"No, a coward's galactic power is not worthy of our angels' attention at all. I will report this matter to Queen Kesha.""

"Yes, Sister Yan!"

In the Tianhe battlefield,

Qiangwei found that except for her and Reina, Liu Chuang, and Qilin, everyone else was missing.

Su Chen didn't know where he went.

Qiangwei frowned,

Zhao Xin and the others Maybe they were separated just now, but where is Su Chen?

Wasn't Su Chen fighting with Taotie's army outside this building?

But there is no figure of Su Chen here at all.

Could it be that the address Lianfeng told her was wrong?

But What's going on with the thousands of Taotie and Chitauri army corpses on the ground?

Bang!

After Liu Chuang killed a Chitauri soldier with an axe, he looked at the rose in the air and shouted,"Rose,... There are too many Taotie and Chitauri troops. With just a few of us, we can't kill all the alien troops here. Don't we have reinforcements?"

Qiangwei killed the alien soldiers with a flying knife, and she replied to Liu Chuang,"Yes, I will call the Giant to attack those warships with missiles."

"Then hurry up!"

On the high building,

Qilin was sniping at the Taotie and Chitauri soldiers.

Suddenly,

Qilin discovered the power of the galaxy through the scope.

However, the power of the galaxy did not gather towards them. Instead, it wanted to stay away from the battlefield and go outside Tianhe City. Qilin hurriedly shouted to Qiangwei, "Qiangwei, look under the Tianhe Building on the right, is Xiao Lun going to leave the battlefield?"

"Damn it, that crooked melon split date is a deserter."

Qiangwei hurriedly looked back at the Tianhe Tower. When she saw that the Galaxy Power was really leaving the battlefield, she was very angry.

The Galaxy Power is the most powerful existence among the three major god-making projects. The genes of the Galaxy Power To be given to such a cowardly loser is really an insult to the Galaxy Power genes.

Qiangwei shook her head and said to Liu Chuang and Qilin,

"Don't worry about the power of the galaxy, let's continue fighting. Everyone thinks of Su Chen. The alien corpses here may have been killed by Su Chen. I'm worried that Su Chen may be injured."

"Okay, I will pay attention to Su Chen"

"I can do it too!"

More than an hour later, they were in a room in the hotel building.

Su Chen looked at Natasha who was like mud and smiled.

How dare you laugh at yourself?

Do you even dare to refuse to admit defeat?

Natasha probably has to take a day off today.

However, this is the battlefield where Tianhe City is fighting aliens, and Su Chen can't let Natasha rest here for a day.

Bang!

Su Chen patted Natasha's smooth body, and then he took out some spiritual fruits and hit Natasha Tasha said,

"Natasha, get up quickly. If you eat this spiritual fruit, you will regain your strength. You can bring the remaining spiritual fruit to Selina and the others."

When Natasha heard Su Chen's words, she opened her eyes weakly.

She was very ashamed and angry when she looked at Su Chen.

This shameless pervert, this bastard is simply not a human being.

Natasha thought about what happened in the past hour or so. After such an encounter, she now wants to strangle this bastard to death

"I get it, you beast, get out of here right away"

"Tsk, I am an animal, then you are the woman of an animal"

"Get out of here!"

"Natasha, remember to eat the spiritual fruit. I will go to the battlefield to take a look."

Su Chen looked at the embarrassed Natasha and smiled. He waved his hand and disappeared into the room.

Su Chen also wanted to know what changes were happening on the battlefield now.

It had been more than an hour.

The people of the black armor team were fighting. I don't know what's going on.

Damn it!

Why are there more and more Taotie and Chitauri troops?

Damn, what have the Black Armored Team and the Earth's army been doing for the past half day?

Su Chen discovered Tianhe City when he appeared in the air Here, the Taotie and Chitauri troops are two or three times larger than before. The alien army that originally numbered tens of thousands may now number 200,000. An alien army of more than 200,000?

Is this him ? How was it destroyed?

If Su Chen's strength was not sealed, he could destroy the alien army here with a snap of his fingers, but he is a weak chicken now, and some powerful super soldiers may be able to kill him. Boom

Boom boom.....

I go!

Whoosh!

Su Chen saw Qiangwei being surrounded and bombarded by the Taotie gunboats.

He hurriedly teleported over to save that stupid woman.

The sky was now dominated by aliens.

Qiangwei still appeared in the sky so blatantly. Isn't this a living target?

Whizzing!

Su Chen appeared next to Qiangwei in an instant, and he hugged Qiangwei and disappeared quickly.

Su Chen didn't want to be hit by Taotie's gunship.

Su Chen didn't have the ability to be invincible with the power of the galaxy. If he was hit by the energy cannon of Taotie's gunship, he might be seriously injured, or even kill himself with one blow

"Su Chen, save Leina quickly, Leina is going to be killed."
