Chapter 2031

When Su Chen heard Qiangwei's words, he hurriedly looked at Lena. Although Su Chen knew that something would happen to Lena, wouldn't Sun Wukong save Lena? Why is Qiangwei still so anxious?

I go!

Is Reina going to be cut into pieces?

Su Chen was very surprised when he saw the building where Reina was.

Two gluttonous super soldiers were surrounding and killing Relena. There were even many Chitauri soldiers around who were shooting coldly. Reina looked very good now. miserable.

Sun Wukong?

Why didn't the monkey come?

Will Sun Wukong fall out with Dukao?

Whoosh!

Su Chen teleported to Qilin's side.

He put down Qiangwei and said hurriedly, "Qiangwei, you are here with Qilin. I'm going to save Reina."

Qiangwei looked at Su Chen and reminded hurriedly,

"Be careful, those two gluttons are second-generation super soldiers"

"I know!"

Whoosh,"

Su Chen answered Qiangwei and disappeared in an instant.

Qilin looked back at Qiangwei and asked worriedly, "Qiangwei, are you okay?"

Qiangwei looked in Lena's direction and replied.,

"I'm fine. Fortunately, Su Chen showed up in time, otherwise I might have been killed."

"Can Su Chen rescue Reina?"

"It must be possible, Su Chen is more powerful than we imagined"

"Qiangwei, do you think our black-armored team still needs to exist? Qilin asked Qiangwei worriedly while shooting Taotie and Chitauri soldiers. There were eight members of the Black Armored Team, but only half of them were on the battlefield.

Rena, Qiangwei, her, and Liu Chuang. The Galaxy Force retreated in fear and fled, and the remaining three were missing. Qilin felt that the Black Armored Team was no longer in name only.

"I have no idea!"

Qiangwei looked at the countless alien armies with confused eyes.

The black-armored team couldn't stop these aliens at all.

She was almost killed just now. Liu Chuang's situation is not good now, and Reina's situation is even more critical.

On Earth The army cannot deal with the aliens. Tianhe City is completely destroyed. If the attack of the Taotie and Chitauri armies is stopped, the aliens may occupy more cities. At this moment,

Reina is being attacked by two Taotie. The super soldiers surrounded and killed her. There was still blood on her belly.

Reina's strength was sealed. She faced two gluttonous second-generation super soldiers. She was no match at all.

Bump!

Su Chen appeared instantly and kicked her. One of them kicked away the two gluttonous second-generation super warriors. He hurriedly hugged Reina and disappeared from the building.

He was no match for the two gluttonous second-generation super warriors. Su Chen also kicked the gluttonous super warrior away unexpectedly.

His purpose was to save Reina, not to fight the Taotie super warrior.

Su Chen appeared in a room in a building with Reina. He looked at Reina's pale face and asked,

"Lena, are you okay?"

Leina held her stomach and looked at Su Chen before replying,

"Not dead yet."

Leina didn't expect that she was saved by Su Chen this time.

A goddess like her would have such an embarrassing day, and Su Chen even saw it. If her strength hadn't been sealed, Reina would have exploded the two of them. This scum was shattered into pieces.

When Su Chen heard Reina's words, he curled his lips and said, "You have a big hole in your stomach. You should recover quickly."

"I understand, but it takes some time"

"So you are a useless person now"

"I am the light of the sun, a goddess, how could I become a useless person."

Su Chen didn't expect that Reina was injured like this, and this lunatic still wanted to save face.

This is really a shame, but

Reina is a powerful fire damage dealer. If Reina continues to be hot, she will The flare bombing will definitely destroy the Taotie and Chitauri armies.

Su Chen took out a spiritual fruit and handed it to Reina and said,

"Yes, you are a goddess. If you eat this fruit, your injuries will recover immediately."

After Reina took the spiritual fruit that Su Chen handed her, she looked at Su Chen as if she was a psycho.

Can a piece of fruit restore her injuries? Is Su Chen's head funny?

"fruit? Su Chen, are you sure I can recover from my injuries after eating this fruit? Are you trying to trick me?"

Su Chen nodded and hurriedly urged,

"OK, eat this fruit quickly, and we will kill those two gluttonous super soldiers later."

Rena took a bite of the spirit fruit dubiously.

Reina thought that it was just a fruit anyway. Even if she couldn't recover from her injuries after eating it, she would still be fine. At least she could still eat a piece of fruit during the battle.

"Um?"

After Reina took a bite of the spirit fruit, she hurriedly ate it.

This fruit was so delicious.

It was a hundred times more delicious than any fruit she had eaten before.

No!

It was ten thousand times more delicious.

Reina has never She has never eaten such delicious fruit, and her body feels very comfortable after eating it, and her divine body even seems to be evolving.

Su Chen looked at Reina with a black line, this silly girl actually divided three times by five by two After eating one spiritual fruit, Reina

, this foodie , stretched out her hand and shouted to Su Chen hurriedly,

"Su Chen, are there any fruits like this? Give me a few more. It's so delicious. I want to eat a few more."

"Lena, don't you feel like your injury is recovering?"

"Huh? My injury has really fully recovered? How can this be? Can a piece of fruit really heal my injuries? Is this a big joke?"

After Reina heard Su Chen's words, she checked her body and jumped up. The injuries on her body were recovered as intact as before.

This made Reina completely confused.

There are such big fruits on the earth. Does it work? So the fruits she ate before had no such effect?

Su Chen patted Reina on the shoulder and said,

"Once recovered, we're ready to start work. Let's deal with the two second-generation gluttonous super soldiers first, and then you can use flares to bomb those alien soldiers."

Leina pulled Su Chen and said with shining eyes,

"Su Chen, I think the injury has not fully recovered yet. How about you give me a few more fruits. As long as I eat them, I will recover immediately, so that I can kill those two gluttonous super soldiers."

"You're eating farts!"

"Three, you give me three fruits, and I will kill those gluttonous super soldiers immediately."

Chapter 2032

Su Chen was very speechless when he heard Reina's words.

This crazy woman was really familiar with herself.

Su Chen thought that Reina's character was carefree. Reina seemed to have grown up after being caught.

The light of the sun, this woman is very dangerous in this world. If Reina gets angry, the entire earth may be destroyed.

Su Chen thought for a while and said to Reina,

"Reina, if you kill those two Taotie second-generation super soldiers, I will give you another spiritual fruit. If you can kill those gluttonous and Chitauri soldiers, I will give you three more spiritual fruits.

Rena asked Su Chen with bright eyes, "Su Chen, what if I blow up the Taotie and Chitauri battleships?"

"I will give you five more spiritual fruits"

"It's a deal!"

"It's a deal!"

"Let's go, let's kill the Taotie super soldiers first. You can restrain one of them for me, and I will kill them soon." Rena immediately shouted to Su Chen with a sword in one hand and a shield in the other.

Reina can't wait to kill those two gluttonous super warriors.

She has fully recovered from her injuries.

Whether it's for revenge or for Su Chen, Reina With the spirit fruit in Chen's hand, she wanted to kill the two gluttonous super warriors.

Whoosh!

Su Chen hugged Reina and disappeared.

In Devil's Wings,

Morgana frowned and looked at Su Chen on the screen.

Morgana had clearly seen Su Chen's flirtation with the human woman earlier.

However, Morgana was very surprised when

Su Chen took out the spiritual fruit. Morgana initially saw Su Chen giving it to Natasha. She didn't pay much attention to the spirit fruit, but Rena actually recovered from her injuries instantly after eating a spirit fruit. This surprised Morgana. It was very simple for them to recover from their injuries, as long as they spent Dark matter can restore injuries, but a spiritual fruit can restore injuries, which makes Morgana find it incredible. A spiritual fruit can actually restore injuries? Does that have other effects? Can ordinary demon super warriors be promoted? Can the divine body be improved? After Morgana thought about this, she was determined to win Su Chen. Su Chen's time and space genes, the speed of Su Chen's strength progress, and even the spiritual fruits in Su Chen's hands, Morgana's Su Chen was getting more and more satisfied. She didn't care about the power of the galaxy or the rose of time and space right now. Morgana looked at Su Chen on the screen and clenched her fists and said,

"Su Chen must get it, the devil can't give up on Su Chen, and I can't let this little bastard get caught by those Bitchi."

In the air barrier, the three Angel Yan girls have been observing Su Chen.

When they saw Su Chen giving Reina the spirit fruit, the faces of the three Angel Yan girls became serious. They did not expect that Su Chen would give Reina the spirit fruit. , if Reina knows the function of the spirit fruit, then Lieyang Star will know.

By then,

Lieyang Star may have evil thoughts towards Su Chen, and may even take Su Chen to Lieyang Star.

Angel Chase looked towards Angel Yan hurriedly said, "Sister Yan, let's take Su Chen away from the earth now. I'm worried that the guardians around Reina will take action against Su Chen. Angel

Yan shook his head and refused, "No, it's impossible for Su Chen to leave with us at this time."

During the ten days that Angel Yan was in the villa, she also got to know Su Chen's temper a little. Su Chen could not be threatened. She had to get Su Chen's consent to take Su Chen away.

Otherwise, that bastard would definitely fall out,

Angel Although Yan didn't care about the little scumbag Su Chen, she didn't want Su Chen to be hostile to Angel.

Besides,

Su Chen gave her a very strange feeling.

The noble temperament and arrogant look in Su Chen's eyes sometimes revealed were like Wang's The same tone of voice, these are just like the feelings Queen Kesha gave her.

Angel Yan felt that Su Chen must be hiding a big secret. How could an earthling,

Su Chen, reveal the noble temperament of a king?

Angel Zhui Na Holding the flaming sword, he asked seriously, "Sister Yan, do you want me to warn the guardians around Reina?"

"Ah Zhui, no need for now, the guardian around Reina is not weak. He seems to be one of the four great guardians of the Flame Star."

"So shall we keep watching?"

"Let's take a look at the situation first. If the devil or the people from the Sun Star take action soon, we will stop it. This will also make that little bastard have a good impression of us angels."

"Yes, Sister Yan!"

At this moment,

Su Chen and Reina fought against the two super warriors of Taotie.

Su Chen did not directly collide with the super warriors of Taotie. He kept shooting at the super warriors of Taotie with the God-killing sniper rifle.

And Reina and the super warriors of Taotie fought fiercely. With the collision,

Reina was now on full fire. She kept slashing at the Taotie super warrior with her big sword.

Bump bump.....

The gluttonous super soldier was completely angered by Su Chen's trick.

He could not catch up with Su Chen, who could teleport. Su Chen's constant shooting made him extremely annoyed.

"Little bug, I will definitely tear you apart if I catch you!"

"Idiot, grandpa is behind you."

Su Chen suddenly appeared behind the Taotie Super Warrior. He raised his flaming sword and struck hard at the Taotie Super Warrior.

Boom!

One of the Taotie Super Warrior's arms was cut off by Su Chen's sword. This was because he had an arm to block Su. Morning sneak attack, otherwise, his whole body will be split in two by this little scumbag

"Damn it, all the gluttonous soldiers around me will surround and kill this human being, and they will never let him escape."

Thousands of Taotie soldiers around quickly surrounded and killed them, boom boom boom.....

For a time, countless energy weapons kept shooting at Su Chen, and even dozens of gunboats surrounded and killed Su Chen.

Su Chen teleported back and forth to avoid the attack. He almost killed the Taotie super warrior with a sneak attack just now, but in the end he fell short. The Taotie super warrior was really angered this time.

"Time and space distortion.....I! "

Whoosh! boom!

Su Chen had just used Time and Space Distortion when he suddenly realized that he was in great danger. After he quickly teleported away, a huge beam of light shot towards his previous position.

Damn it!

Was he being targeted by Taotie's battleship?

Su Chen looked at the many high-rise buildings that were shattered by the battleship's cannons, and even a smoking passage was blasted out.

He just took a breath.

Let me go.

If he is hit by the energy cannon of the battleship, he will definitely die without leaving any trace.

Suddenly,

Morgana's seductive voice came to Su Chen's mind,

"Boy, do you need my help from this queen? As long as you give me ten spiritual fruits for the queen, I will kill the warships attacking you for you."

"Let me go, Morgana, have you been spying on me?"

Chapter 2033

Su Chen's face darkened when he heard Morgana's words.

He didn't expect that Morgana had been monitoring him. Since Morgana knew about the spirit fruit, what he and Natasha had done before must also be exposed. Morgana saw it clearly.

Damn it, did you live broadcast a bridal night for Morgana?

Japan and Europe!

Damn Morgana!

Let me go, that's not right,

Morgana can monitor her, what about Angel Yan and Angel chasing them? Angel Yan and the others also watched a live broadcast, right?

Su Chen's face turned even darker at this moment.

Morgana, Angel Yan, the angels, and the angel Lingxi, he was actually spied on by demons and angels at the same time.

Natasha must know this.

Natasha is afraid He would be so angry that he would just stab himself to death!

Su Chen shouted directly to Morgana in the secret communication,

"Morgana, kill that battleship of Taotie quickly. I can forget about your spying on me."

"Su Chen, how can you say that I am a peeper? I have been protecting you. However, your ability is not bad, but the time is a little short."

Morgana smiled when she heard Su Chen's words.

Morgana just peeked at the drama between Su Chen and Natasha, and she watched it with gusto.

Morgana found that Su Chen's ability was really powerful. If it weren't for Na Tasha almost fainted in the end, and Su Chen might be able to hold on for another hour or two.

Su Chen shouted with a dark face, "I guess, Morgana, you are such a pervert, it's been more than an hour, this time is considered short." ?"

"Ha ha...., Su Chen, ten spiritual fruits, I will bomb that battleship right now"

"None, Morgana, if you don't help me, I will go to the angels for help."

Morgana was angry when she heard what Su Chen said. She had been looking for Su Chen for more than ten days after Su Chen was taken away by Angel Yan. Morgana was very worried that Su Chen would be killed by the angels, and even the angels They saw Su Chen's potential and took him away. Now, this little bastard actually wanted to join the

angels, which made Morgana very angry. Morgana angrily cursed and threatened Su Chen in the secret communication,

"Bichi, if you dare to find those Bichi people, I will kill your five friends. Speaking of which, all five of them are very good. Su Chen, do you think I should turn them all into demons? Woolen cloth?"

"Morgana, you captured my friend?"

Su Chen's face turned cold when he heard Morgana's words.

He didn't expect that Selena and the others would be targeted by Morgana.

Morgana was looking for potential people in the whole universe to attract demons. Selena and Ellie Si and the others are very powerful people, and Su Chen was worried that Morgana would turn Selena and Alice into demons.

Morgana curled her lips when she heard Su Chen's words.

She really wanted to capture Selena. If the five Linna and Selina are transformed into demons, all five of them can become high-level demons.

But this will definitely anger this little bastard. Morgana doesn't want to pick up the sesame seeds and lose the watermelon.

Celine Although Selina and the other five are good,

Su Chen is even better.

Besides, as long as Morgana pulls Su Chen into the demon camp, won't Selena and the other five also join her demon camp?

"Don't worry, how can I, a demon queen, catch those people? But, Su Chen, if you anger me, the queen, then maybe you will."

Su Chen was very helpless when he heard Morgana's words.

Morgana has decided to kill herself now.

It is impossible for Su Chen to let Morgana capture Selena and the other five.

If Morgana really transforms Selina Na and Alice, Su Chen will probably be so sick that he can't help but vomit when he sees the demon Selena and Alice in the future.

Su Chen said to Morgana with an ugly face, "Damn it, Mo Ganna, are you threatening me?"

"It's not a threat, I'm just reminding you that those angels and angels are not good people, and you can only be my Queen Morgana's." Boom, boom, boom!

At this time,

Taotie's warship has locked onto Su Chen.

No matter where Su Chen teleports,

Taotie's warship will find Su Chen and bombard him.

Blue beams of light were interrupted and shot towards Su Chen. Su Chen also kept teleporting to avoid being killed by energy cannons.

"Morgana, do it quickly, or if I'm killed, I won't be anyone else."

"Ten spiritual fruits, don't forget them."

Morgana saw that Su Chen was a little embarrassed.

Originally, a warship was killing Su Chen, but now three warships were killing Su Chen. Morgana couldn't let Su Chen be killed by the gluttonous warships. ,

Morgana immediately sent a message to Atuo, "Atuo, kill the Taotie battleship that is chasing Su Chen."

"Queen, if we take action, the location of the Devil's Wings will be discovered by the angels. This is too risky."

"Atuo, let the devil wings attack quickly, the angels will not take action at this time"

"Yes, Queen!"

At this moment,

Su Chen was constantly attacked by Taotie's three warships. Su Chen also hid in a place where there were many Taotie and Chitauri troops. The three Taotie warships were attacking without distinguishing between ourselves and the enemy. In this case,

Su Chen Plan to let Taotie's warships destroy more of Taotie and Chitauri's armies.

Boom!

"Boy, you're dead!"

Su Chen was almost hit by Taotie's super soldier.

Taotie's super soldier suddenly appeared and attacked him. If Su Chen hadn't reacted quickly, he might have been killed by Taotie's super soldier.

He looked behind and cursed. , "Damn it, why are you still chasing me with such a dead fish face?"

"Die!"

"I'll do it!"

Su Chen saw that the Taotie Super Warrior had been pestering him. The three warships were about to attack again. The Taotie Super Warrior was going to die with him.

Three blue beams appeared.

"Time and space pause!"

Whoosh!

Su Chen immobilized the Taotie Super Warrior and disappeared instantly.

He could only immobilize the Taotie Super Warrior for about three seconds.

However, this was enough.

Su Chen thought that the Taotie Super Warrior was dead this time. Three powerful energy beams After the attack, the Taotie super warrior would not survive.

Boom boom boom!

After a burst of attacks, the Taotie super warrior didn't even leave ashes behind.

Su Chen looked at the destroyed Tianhe City.

He thought about Tianhe City's plan to rebuild the city in the future. It's impossible. There are huge pits, and even the underground water has been attacked. Tianhe City can still be rebuilt.

At this time,

Angel Yan's voice entered Su Chen's mind, "You're not bad, I'm okay." I thought you would be killed by Taotie's battleship."

"Angel Yan, just watch the show on the side. I will settle the score with you later if you spy on me."

Chapter 2034

Angel Yan was very surprised when he heard Su Chen's words.

How could Su Chen know that she had peeked?

When Angel Yan used his angel eyes to check on Su Chen, Su Chen didn't notice at all and didn't behave abnormally. How could this little bastard know now that she was peeking?

Angel Yan asked Su Chen in confusion, "Su Chen, how did you discover me?"

When Su Chen heard Angel Yan's question, he did not dare to tell Angel about the conversation between Su Chen and Morgana through dark communication. Yan, otherwise, if

Angel Yan knew about Morgana, this left-wing angel would probably take him out of Tianhe City immediately, or even take him directly to Angel Nebula.

Su Chen thought for a while and replied,

"Tsk, Angel Yan, you and Angel Chase have been protecting me. I just disappeared for a period of time. It would be strange for you, a pervert, not to take a peek."

Angel Yan saw Angel Zhui and Angel Lingxi looking at her with a smile.

Angel Yan understood that Angel Zhui and Angel Lingxi were also in the secret communication. They must have heard what Su Chen said, which made Angel Yan feel a little embarrassed.

Angel Yan only wanted to protect this bastard when he peeked at Su Chen. Angel Zhui and Angel Lingxi didn't even look at those disgusting things.

However,

Angel Yan was also worried that Su Chen would be a threat.

Su Chen fought with the Taotie super warrior and was also beaten by The three Taotie warships were bombarding and chasing them, while Angel Yan and the others were always guarding them.

Su Chen had just been sneak attacked by the Taotie super warrior. The Taotie super warrior even wanted to take Su Chen to death. Angel Yan and the others almost couldn't hold back and went to save Su Chen.

"Little bastard, don't talk nonsense. I was worried about your safety before. I just took a peek."

"Do you believe what you said?"

"Believe it or not, be careful not to die here."

Su Chen saw that Angel Yan had turned off the dark communication.

He curled his lips and didn't care.

Su Chen saw that the three warships were still charging and preparing to kill him.

He was very speechless.

Taotie's warship was too far away.

Su Chen It's impossible for Chen to run over and destroy the Taotie battleship, and he doesn't have the ability to destroy the Taotie battleship quickly.

Damn, why hasn't Morgana done anything yet?

Is Morgana afraid that Angel Yan and the others will find her?

Boom boom boom!

I Go!

Is this Demon Wing launching an attack?

Su Chen suddenly saw three red beams flashing past.

The three Taotie battleships were immediately blown apart. The protective shields on the Taotie battleships looked like they were made of paper. , unable to block the attack of Devil Wings at all.

"Go ahead, Morgana's demon wings are really powerful."

Su Chen watched the Taotie battleship fall from the sky.

He thought that Morgana could destroy all the Taotie and Chitauri fleets with just one Demon Wing. Morgana is indeed the Demon Queen of All. , no wonder she has been entangled with Queen Kesha for tens of thousands of years.

At this time,

Reina quickly came to Su Chen and asked,"Su Chen, you actually killed a Taotie super soldier, and who was attacking just now?" A gluttonous battleship?"

When Su Chen saw the heroic Reina arriving, he smiled and said,

"Lena, you killed a Taotie super warrior, and this spiritual fruit of yours can only give you half."

Leina was confused when she heard Su Chen's words, "Half? You actually gave me half of the spiritual fruit? What about the other half?"

"Of course I eat it?"

"You are so shameless, you actually want to take advantage of this goddess"

"I'll go, you really think about it."

Su Chen rolled his eyes at this crazy goddess.

He didn't want to talk to Reina.

Su Chen was just joking casually.

Reina actually thought that he wanted to take advantage of her.

Su Chen wanted to take advantage of Reina, so he used it. Is this taking advantage of Reina?

Suchen hugged Reina's body. Although Reina was wearing black armor, Su Chen still touched places that she shouldn't have touched, but the careless Reina didn't pay attention.

Reina moved He waved his hand and asked Su Chen seriously, "We'll talk about the spiritual fruit after the war. What happened just now? Who is attacking the Taotie battleship?"

Su Chen shook his head and replied, "How did I know? I'm also very confused now."

"Who is the one? The attack just now must have been a flagship, or even a very powerful flagship."

Su Chen was worried that Lena would think of Morgana, or even worried that this fiery girl would provoke Morgana at this time, so

Su Chen patted Lena and said,

"Lena, don't think too much. Let's kill the Taotie and Chitauri fleets first. I will carry them through the shield. Then you can use flare bombing to blow up those bombing ships."

"Okay, this is a good idea, let's act quickly."

Whoosh!

Su Chen held Reina and quickly teleported towards Taotie's fleet.

Taotie's fleet had a protective shield.

Su Chen planned to kill Taotie's fleet with Reina first.

As for the Chitauri fleet, those were just some weak ones. A chicken is a living target without a protective cover.

On the high building, after Qilin saw Suchen and Reina through the scope, she said to Qiangwei in surprise,

"Qiangwei, look, Su Chen and Reina are heading towards the Taotie fleet. Are they going to destroy the Taotie fleet? Qiangwei looked over and nodded, saying,

"possible! Qilin frowned and asked,"The Taotie fleet has a protective shield. None of the army's missiles just penetrated the protective shield. Can Su Chen and Reina pass through the protective shield?"

Qiangwei looked at Su Chen and Reina with a look of helplessness in her eyes.

She didn't dare to fly into the air now. As long as the Taotie and Chitauri troops found her in the air, she would be attacked like a target. Likewise.

It's the time and space gene. Why did Su Chen travel through the wormhole so fast, and Su Chen didn't seem to calculate the direction at all? Qiangwei couldn't understand this. Qiangwei looked at Su Chen and said with a low expression,

"Qilin, Su Chen has space-time genes. He can take Reina through the protective barrier. As long as they pass through the protective barrier of the battleship, Reina will blow up the Taotie battleship."

Bang!

At this time,

Liu Chuang came to the building and said to Qiangwei and Qilin, "I said, are we just going to watch like this? Suchen and Reina are going to the Taotie Battleship, should we go too?"

Qiangwei shook her head and replied,

"We can only attack these miscellaneous soldiers. We are embarrassed and helpless against the Taotie super soldiers and battleships."

Liu Chuang didn't look good when he heard Qiangwei's words.

It can be said that they were all playing tricks in this war. Su Chen destroyed more alien armies than them alone.

Now,

Su Chen and Reina went to the Taotie Restaurant Fleet, they must destroy Taotie's battleship. Liu Chuang, Qiangwei, Qilin and the others can only kill some of the surrounding soldiers.

"Huh? Qiangwei, Qilin, look, there are some people on the hotel building who are also killing aliens."

Chapter 2035

In the restaurant, four girls, Selina and Alice, kept shooting alien soldiers with energy guns.

Maximus was guarding the surroundings with a long sword.

If any aliens rushed over, Maximus would quickly kill the aliens.

The five Selenas don't want to hide in this building all the time.

This is their war. Although Su Chen can help them, women like Selena also want to become strong. They cannot always rely on Su Chen's protection. bump!

After Alice killed a Taotie with one shot, she looked at Natasha and asked doubtfully, "Natasha, you really weren't captured by Suchen?"

"No!"

Natasha replied without changing her face.

This was the seventh or eighth time she answered.

Women like Selena and Alice didn't believe it at all. Natasha didn't want Alice and the others to know what happened before..

It was so embarrassing.

She almost fainted before. Natasha felt a little weak when she thought of what Suchen did to her. Suchen was too powerful. Among these women, Alice and Laura were definitely not Suchen's opponent, Selena! This vampire woman should withstand that bastard

"I do not believe!"

"I don't believe it either!"

"I don't believe it even more."

Alice, Laura, and Selena all shook their heads in disbelief.

Suchen took Natasha away for more than an hour. When Natasha came back, she was full of joy. They all guessed that Su Chen had taken Natasha. Tasha got it.

Next to her,

Maximus also smiled and said,

"Haha, if I didn't believe it, Su Chen must have captured Natasha. An experienced person like me would be able to tell it at a glance."

"Look, three people are coming."

Natasha was about to continue to quibble when she suddenly saw a man and two women arriving quickly, and these people in black armor were very fast.

Selina looked over and said,

"It's those powerful humans. They may have discovered that we are here to shoot aliens."

"It doesn't matter if you come, there are many of us and we can work together to kill the aliens around us."

"good!"

At this time,

Su Chen had arrived at the Taotie fleet with Reina in his arms. After he took Reina through the protective shield of a battle fleet, Reina attacked the battleship with glowing hands.

Boom!

The Taotie battleship suddenly A big hole was blown out, and the huge battleship began to tilt and fall from the sky.

When Su Chen saw Reina blowing up a battleship easily, he nodded.

The light of the sun was in this small world. The destructive power is still very powerful. A large mobile bomb. The technology gods in this world may not be willing to provoke this human-shaped bomb.

"Lena, you did a good job. You just need to blow up all the battleships here from the sky. We don't need to completely destroy these battleships."

Leina laughed when she heard Su Chen's compliment, "Haha, of course I know, I'm a goddess, I'm very smart!"

Su Chen patted the silly and arrogant Reina and said,

"Crazy female, let's go to the next ship."

Leina slapped Su Chen's hand away and threatened, "Su Chen, I am a goddess, not a psychopath. If you dare to call me that again, I will blow you up with a flare bomb."

"Got it, crazy woman"

"hateful!"

In the Chitauri flagship, in the command room, five weird-looking people looked at the five Natashas on the screen. They were all gearing up to take action.

"Are we going out and killing the opposing team? Or let the army kill them?"

"They can be eliminated with one shot from the battleship's energy cannon. There is no need for us to take action personally."

"I like to kill other teams. Last time we killed five people from USK. Our strength has been promoted to five stars. The team opposite is definitely not our opponent."

"Haha, that's right, my hands are itchy as I said it. I want to eat five people from the opposite team."

"Then set out and destroy them. We will win this planetary destiny war."

The five weird-looking aliens nodded and prepared weapons. They wanted to personally destroy the planet team on the opposite side.

In the air barrier,

Angel Yan and the others looked around with serious expressions.

The energy beam that had just attacked the Taotie battleship, they all saw that it was the Devil's Wings attacking. Angel Yan did not expect that Morgana was also hiding in Tianhe City. Angel

Zhui suddenly said to Angel Yan, "Sister Yan, I found out, the Devil's Wings are in the west Over Eighth Street, are we going to attack Demon Wings?"

Angel Lingxi said hurriedly,

"Yan Jian, let's start the flame bombardment. The Devil's Wings will definitely not be able to withstand the flame bombardment."

Angel Yan looked at the hidden Devil's Wings and shook his head.

The flame bombing could not destroy the Devil's Wings at all, but the Heavenly Blade Judgment was so powerful that Tianhe City would be wiped out with one blow. It is impossible for Angel Yan to activate the Heavenly Blade at this time. It is probably impossible for Queen Kesa to authorize the launch of the Sky Blade Trial.

"No, Lingxi, the flame bombing cannot destroy the Devil's Wing. The Devil's Wing used to be a Sky Blade battleship. Unless we start the Sky Blade Trial, we cannot destroy the Devil's Wing at all."

When Angel Zhui and Angel Lingxi heard Angel Yan's words, they were silent.

Heavenly Blade Judgment?

It is impossible to launch it at this time.

This is the earth.

Queen Kesha will not agree if she knows about it.

Besides ,

Su Chen is still in Tianhe. In the city, it is impossible for them to launch the Heavenly Blade Judgment at this time.

"Let's not worry about the devil for now. Queen Keisha will come soon. Let's wait for Queen Kesha to deal with it."

"Yes, Sister Yan!"

On the restaurant building,

Qiangwei, Qilin, and Liu Chuang arrived at Selena's place. After the two teams introduced each other, the two teams began to attack the aliens around them.

Qilin used a scope to look at Suchen and Reina, she said to Qiangwei beside her,

"Suchen and Reina have already blown up more than a dozen Taotie battleships, and their speed is really fast."

Qiangwei nodded and replied, "They are quite fast. At this speed, in an hour, all the Taotie battleships in the sky will be blown down."

Alice next to her heard the conversation between Qiangwei and Qilin, and she asked Qiangwei and Qilin in confusion,

"Do you know Su Chen?"

"Do you also know Su Chen?"

Chapter 2036

On the roof, the four Alice girls, Qiangwei and Qilin all looked at each other curiously. None of them thought that the other party knew Su Chen.

Qilin and Qiangwei just mentioned Su Chen, but Selena and the other girls all knew Su Chen. He looked surprised, which made the women on both sides very confused.

Qiangwei looked at Alice and the girls and asked, "Members of Su Chen's black armor team, how do you know Su Chen?"

Selena smiled at Qiangwei and replied,

"I am Su Chen's wife."

Selena wants to declare sovereignty over Su Chen first.

Qiangwei and Qilin are both very beautiful.

Su Chen has mixed up with the Black Armored Team in this world. Selina is also worried about Su Chen's influence on Qiangwei and Qilin. He had some ideas, and had even taken down Qiangwei or Qilin.

Qiangwei asked in confusion after hearing Selina's words,

"Su Chen is actually married? Why haven't I seen a wife in his profile?"

"We are not married, but I am indeed Su Chen's woman. Su Chen and I just met"

"So that's it."

Qiangwei nodded after hearing Selina's words.

Qiangwei also understood that this foreign woman may have had a relationship with Su Chen, and maybe even the women next to her had a relationship with Su Chen. Otherwise, these women would not be able to come and have sex with her. Taotie and Chitauri troops fight.

Boom!

"Haha, on earth, you are all going to die today."

At this time, a landing craft appeared above the building. Five strange-looking people jumped directly from the landing craft.

A green-skinned alien laughed and said to everyone, "Haha, on Earth, you are all going to die today. I'm going to kill all of you earthlings to death one by one."

A cockroach-like alien suddenly shouted, "Cory, something's wrong. There are three more powerful Earthlings here, and the team opposite is actually a six-star team. Let's retreat quickly."

"What?"

The green-skinned alien was confused when he heard what Cockroach said. He didn't check the people here, but they were all five-star experts. How could the Earth team be six-star experts?

"Kill them, these are our opponents." Alice shouted to everyone with a cold face,

"kill!"

"We can't let them escape. We can complete the war mission by killing five of them."

"These idiots actually threw themselves into the trap, which saves us from searching for them in those battleships. If we kill them, I will win."

"Haha, we can complete the task without Brother Su Chen's help this time."

Natasha and Selina immediately surrounded these five people. They did not expect that the opposite team would break away from the army and arrive. These aliens are really stupid.

This is a rare opportunity given by God.

They took this team. If they kill five people, they will definitely win the planet destiny war.

"Let's go up and kill these aliens."

Qiangwei waved her hands to Qilin and Liu Chuang and said.

Qiangwei didn't understand what Selina and the others said, but as long as they are aliens that invade the earth, Qiangwei and the others will destroy them.

Liu Chuang looked at these scumbag aliens, he resisted the big ax and shouted, "Okay, let these aliens taste the power of my big axe, Liu Chuang"

"Then kill them!"

Qilin nodded to Qiangwei, and she raised her sniper rifle and prepared to shoot these aliens.

Qilin hated the aliens very much.

Millions of people in Tianhe City were basically slaughtered. She wanted to take revenge on the dead ones. Millions of Tianhe citizens seek revenge

"Chitauri leader, please notify the army to support us, or we will all die."

"I have already informed you, please hold on, the army will arrive soon to support us."

Pengpengpeng.....

Boom boom boom.....

Selina quickly started attacking the aliens, and Qiangwei and the other three also quickly attacked the five aliens.

They heard the aliens' conversation just now. Selena and Qiangwei wanted to kill these five scumbag aliens before the alien army arrived.

At this moment,

Su Chen and Reina were getting more and more comfortable in blowing up the warships of the Taotie fleet, even though Taotie's warships kept stopping them and even attacked their own warships to kill them.

But Su Chen was too slippery with Reina.

Su Chen saw something was wrong and quickly disappeared with Reina. Some of the Taotie warships were bombed and crashed by the Taotie warships. Su Chen and Reina saved a lot of trouble.

Reina hugged Suchen's arm and shouted,

"Su Chen, this is so cool"

"I never thought that the war could still be fought like this. Quick, let's go to the next Taotie warship. There are not many Taotie warships left. We don't let these Taotie warships escape."

Su Chen patted the noisy Reina and reminded,

"Lena, be careful, a gluttonous super soldier may be coming soon."

"Understand, if Taotie's second-generation super soldiers arrive, I will let them taste the power of flare bombing."

Su Chen looked at Reina and wanted to stay away from this silly girl.

Reina was now using flare bombs at every turn. He was worried that Reina would accidentally kill him too.

Boom boom.....

Su Chen and Reina continued to destroy Taotie's battleship, but Taotie's super warrior never appeared.

This made Su Chen look at Taotie's flagship in confusion.

Almost half of Taotie's main battleships were destroyed by Su Chen and Reina. If Taotie's super warriors hadn't appeared yet, the remaining dozen or so battleships would have been destroyed by them.

Su Chen had just appeared on a battleship with Reina in his arms.

He looked at Taotie's flagship and said in surprise,

"Lena, why do I feel something is wrong? Where is the gluttonous super soldier? Why didn't you show up? Even Taotie's flagship is silent. Is there any conspiracy behind this?"

Leina said in surprise when she heard Su Chen's words,

"Huh? yes!"

"When we intercepted our black-armored team, Taotie dispatched ten first-generation super soldiers and three second-generation super soldiers. There should be about ten more of Taotie's super soldiers. Why didn't they intercept us?"

Leina was also confused when she heard Su Chen's words.

On the Tianhe battlefield,

Taotie dispatched two second-generation super warriors. Why didn't the remaining Taotie super warriors dispatch?

At this moment, in Taotie's flagship, the devil's super warriors They are slaughtering the Taotie. Facing the powerful demon super warriors, the Taotie are simply unable to resist.

"Queen, all the Taotie super soldiers have been destroyed, and now we are cleaning up the Taotie army in the Taotie flagship."

"Well done, Atuo, for taking control of the Taotie flagship and helping Su Chen destroy the other Taotie warships."

"Yes, Queen!"

Chapter 2037

Devil's Wings,

Morgana drank red wine and looked at Su Chen on the screen and smiled.

Morgana destroyed Taotie's flagship to help Su Chen. Only in this way, Su Chen's Bichi would be grateful to her, even I can join her devil camp in the future.

Morgana stretched her perfect figure and said to herself,

"Su Chen, you can't escape from my clutches"

"The time and space gene you developed is even worse than yours. If this little bastard is promoted to a third-generation divine super warrior in the future, he may become even more powerful."

In Tianhe City,

Angel Yan and Angel Chase checked the Taotie flagship.

They all looked at each other seriously.

Angel Yan did not expect that the devil would destroy Taotie in the Taotie flagship.

Did the devil intend to help Su Chen?

This made Angel Yan had a bad feeling in his heart. If the demon continued to help Su Chen, Su Chen would definitely be grateful to Morgana, and Su Chen might even join the demon camp.

However, that little bastard seemed to be very lustful, and there were no beautiful demons. The woman Angel Yan didn't believe that Su Chen would join the demon camp.

Angel Zhui was worried and asked Angel Yan,

"Sister Yan, what should we do? Do you want to help Su Chen?"

Angel Yan thought for a while and said, "No, the devil is trying to win over Su Chen, but it is impossible for Su Chen to join the devil camp.""

"Why?"

Angel Yan smiled and explained to Angel Zhui,

"Ah Zhui, because there are no beautiful angels among demons. That bastard Su Chen is a bit lustful. We angels are all beautiful angels, and demons are all ugly monsters with different shapes. Do you think Su Chen will join the demon camp?"

"Well!"

When Angel Zhui heard what Angel Yan said, she was speechless. She didn't expect Angel Yan to start joking again.

However,

Angel Zhui also felt that it was impossible for Su Chen to join the devil camp. Su Chen had been staring at their thighs in the villa. That little bastard is indeed a bit perverted.

When Angel Lingxi heard the conversation between Angel Yan and Angel Zhui, she lowered her head and smiled.

Angel Lingxi also felt that it was impossible for Su Chen to join the demon camp.

If there were some pretty girls among the demons, As a woman, Su Chen might join, but demons are ugly monsters, and it is impossible for Su Chen to join the demon camp.

Boom boom boom.....

At this time,

Taotie's flagship suddenly launched an attack on Taotie's other warships. In just over ten minutes, Taotie's other warships were bombed and fell from the sky.

Su Chen and Reina looked at all this in confusion.

When they were preparing to continue bombing Taotie's main battleship,

Su Chen discovered that Taotie's flagship was about to attack, and he took Reina and fled in a hurry.

However,

Taotie's flagship actually attacked other Taotie warships, which made Su Chen confused.

What exactly is going on?

Is the commander of Taotie crazy? wrong!

Angel?

Or a demon?

Su Chen suddenly thought of Angel Yan and Morgana.

On the battlefield of Tianhe, they were the only ones who could control Taotie's flagship. Could it be that angels or demons were helping him?

"Reina, you go kill the Chitauri fish next to you, and I'll go to the Taotie flagship to see what's going on."

After Reina heard what Su Chen said, she hurriedly said to Su Chen, "Su Chen, I will go with you. If there is danger, I can also protect you."

Rena also wants to know who is helping them.

She has some suspicions that angels are helping them.

Although Reina is grateful to the angels for their help, angels are not allowed to intervene in affairs on earth. If angels take action, then angels will It violated the agreement with the college.

Su Chen shook his head and refused,

"No, there will be no danger in Taotie's flagship. Qiangwei and Qilin also need your help."

"Well, if there's any danger, you have to notify me immediately"

"clear!"

Su Chen nodded to Reina and disappeared instantly.

When Reina saw Su Chen disappear, she blinked her eyes and clenched her fists to decide one thing.

Reina will be the main god of Lieyang Star in the future, and Su Chen may be the main god in the future. The main god of the earth planet, in this way, she and Su Chen will be the living gods, and no one will dare to object to the decision she makes.

In the Taotie Flag, after Su Chen appeared in the Taotie flagship, he found that the Taotie flagship was full of Such an ugly demon, Suchen didn't expect Morgana to consciously help him.

Is Morgana trying to please herself?

"Su Chen, you are here!"

At this time, a big demon came to Su Chen with some demon warriors.

Su Chen looked at the big demon and shouted in confusion,

"Ato?" Atuo asked suspiciously when he heard Su Chen call his name.

"You actually know me?"

After Su Chen heard that this demon was indeed Atuo, he nodded to Atuo.

Although Morgana has repeatedly failed in the war against angels, the demons in Morgana's hands are all very good. Morgana's demons are all willing to die for Morgana. The Demon Queen's personality is very powerful.

"My guess is, Ato, let the demon warriors control the Taotie flagship to attack the Chitauri warships."

"Su Chen, although you are favored by the queen, you have no right to order us demons to do things."

"Do you want me to inform Morgana?"

"The queen won't pay attention to you now!"

Su Chen looked at Atuo and said with a smile,

"That's not necessarily true. I will be the Demon Queen's man from now on. Do you think Morgana will pay attention to me?"

"you wanna die!"

After Atuo heard what Su Chen said, he angrily held a weapon and wanted to teach Su Chen a lesson. Although Queen Morgana was very fond of this human being, Atuo would not let Su Chen dare to insult Queen Morgana. This little scumbag.

Whoosh!

At this time,

Morgana suddenly appeared next to Su Chen.

She looked at Atuo and ordered,

"Ato, lead the demons to destroy the Chitauri warship."

"Yes, Queen!"

Atuo heard Morgana's order.

He glared at Su Chen fiercely and left with the demons.

Su Chen didn't expect Morgana to appear, which made him a little worried.

Su Chen didn't know that Mo Did Ganna hear what he just said? If Morgana heard it, he would probably be taught a lesson by Morgana. The

Demon Queen's man?

This would probably make the Demon Queen angry.

Morgana looked at Su Chen and said I think this little bastard is very courageous.

The man of the Demon Queen?

In the entire universe, except for that embarrassed scumbag Hua Ye, Su Chen is the first person who dares to be so rude to her. What should I do? Do you want to teach her a lesson

?

Teach this little bastard a lesson?

Su Chen saw Morgana's unkind look, and he hurriedly explained to Morgana, "Morgana, I was joking just now, don't take it seriously."

Chapter 2038

Su Chen is afraid of this demon queen.

Morgana does whatever she wants, and she can do whatever she wants. If Morgana is really angry this time and even wants to transform him into a demon, Su Chen will do it. It's going to be a tragedy.

Morgana looked at Su Chen and said with a malicious smile,

"joke? Su Chen, there are only a few people in the entire universe who dare to joke with me. I am the Demon Queen Morgana. Do you think I should punish you?"

Damn it, it seems that this time we are going to lose money and eliminate disaster again.

Morgana is obviously trying to blackmail herself,

Lingguo, this may be Morgana's intention!

Su Chen shook his head and planned to compromise first. His strength If Su Chen hadn't been sealed, he could have killed the Demon Queen Morgana with just one breath, but now he is just a scumbag.

Su Chen stretched out five fingers and said to Morgana, "Morgana, add more Five spiritual fruits, this matter will be over"

"Ten!"

Morgana smiled seductively at Su Chen and doubled the number, five spiritual fruits?

This little bastard actually asked for five spiritual fruits. Morgana guessed that Su Chen should have a lot of such spiritual fruits in his hand. , Could it be that Su Chen grew the spiritual fruit himself?

"Damn it, Morgana, you are taking advantage of the situation, just five!"

"I just want to take advantage of the situation, Su Chen, the Demon Queen's man, will you, Bichi, give it to me?"

"Ahem, I agree."

Su Chen agreed hurriedly in embarrassment.

The Demon Queen's man,

Su Chen was very speechless when he heard Morgana say this.

He was also worried that Morgana would not only teach him a lesson, but even spread the matter to the angels. Yan, if the angels knew about this, Su Chen might really be done with it. Su Chen took out twenty spiritual fruits from the system space.

This time, the spiritual fruits plus Morgana's conditions for helping him last time, There were twenty spiritual fruits in total.

Su Chen gave them to Morgana at once.

Morgana was indeed the Demon Queen.

Angel Yan and Angel chased them for ten days before they got ten spiritual fruits, and Morgana got twenty in one go. Spirit fruit,

Morgana checked the spirit fruit and asked in shock,

"There is so much dark energy and dark matter in these spiritual fruits? This is enough to upgrade a second-generation super soldier. Su Chen, where did you get these spiritual fruits?"

Su Chen said nonsense without blinking,

"Picked it up!"

"Picked it up?"

"uh-huh!"

Morgana was angry and cursed at Su Chen, "Bichi, what the hell are you talking about? Did you pick up the spiritual fruit? You little bastard, go pick me up some more and try."

Su Chen looked at Morgana's fluctuating headlights and said without changing his expression, "Morgana, it depends on my luck. Maybe I will pick up some spiritual fruits again."

"Humph, full of nonsense."

Morgana glared at Su Chen, and then she continued to check the spiritual fruits in her hand.

These spiritual fruits are very important treasures.

If she can get a hundred of these spiritual fruits, Morgana can increase her level by more than ten. Generations of demon super warriors, even the third generation of demon super warriors can be improved by one or two

"Ding, host, one month has passed in Tianxuan Continent, you can receive this month's monthly gift package."

I'll go, monthly gift pack?

Well,

I almost forgot that there is a gift pack.

Su Chen was very confused when he heard the prompt from Su Chen's system.

Monthly gift pack?

Su Chen has been in the fairy world for several years. He really I forgot about the monthly gift pack.

Su Chen's strength will soon be promoted to the Taiyi Golden Fairyland.

If the monthly gift pack still contains some ordinary treasures, it will be of little use to Su Chen. However,

Su Chen thinks that he will get the monthly gift pack again in the future. Not bad, at least he can look forward to opening gift packs every once in a while

"System, receive the monthly gift package!"

"Ding, the monthly gift package was received successfully. Congratulations to the host for getting the monthly gift package."

"Host, you will no longer get monthly gift packs in the future. Monthly gift packs will be upgraded to annual gift packs. In the future, no matter which world you are in, the host will get an annual gift pack every year. The annual gift pack can accumulate time. The longer the accumulated time, the more The greater the chance of finding treasure."

Su Chen was stunned when he heard what the system said.

Can the monthly gift package be upgraded?

Is it because he arrived in the fairy world?

However, the annual gift package can also accumulate time?

The longer the accumulated time is, the greater the chance of getting treasures. In the future, he will If you receive a yearly gift package every hundred years, or every thousand years, what treasure will you get in the gift package?

An innate treasure?

Or a chaotic spiritual treasure?

Morgana patted the stunned Su Chen and asked, "Little bastard, do you have any?" A spiritual fruit that is better than this kind of spiritual fruit?"

"No!"

Morgana was very speechless when she heard Su Chen's words.

This bastard answered so quickly.

Morgana guessed that Su Chen might really have a higher-level spiritual fruit.

If Su Chen really had a higher-level spiritual fruit, this might be possible. The sacred body was very helpful to her divine body, and could even upgrade her third-generation divine body to the fourth-generation divine body.

Morgana's mind became active when she looked at Su Chen.

She thought about grabbing Su Chen directly to torture the spirit fruit. Source, but Morgana has no intention of doing this. Suchen has the time and space gene, which is a gene she has researched. Morgana will not take action against Su Chen under any circumstances. After thinking about it, Morgana felt tempted to this little bastard. , this

little bastard had been staring at her just now, Morgana thought there was a way to deal with this little bastard.

Morgana pressed her body against Su Chen and said seductively, "Really? Why don't I believe what you say."

Su Chen was about to open the gift bag.

He looked at Morgana who was about to complain and was very speechless.

If the gift bag didn't arrive this time,

Su Chen wouldn't mind flirting with Morgana. After all, Morgana is a very beautiful woman. Angel.

However,

Su Chen is not in the mood to quarrel with Morgana now. This is the last monthly gift package, and he also wants to know what treasures can be obtained.

"Morgana, don't ask, just ask. I don't have time to talk to you now. Just go and do whatever you need to do. I want to rest quietly for a while. Morgana grabbed Su Chen and shouted, "You little bastard, take a rest and tell me honestly, do you really have a spiritual fruit that is better than this spiritual fruit?"

"you guess!"

"I guess your sister! Tell me quickly, otherwise don't blame the Queen for bullying you"

"Morgana, you hit me"

"Little bastard, you are really perverted, do you want me to cut off that thing of yours?"

Chapter 2039

Morgana felt that Su Chen was very speechless when he talked about the changes in his body.

This little bastard had just fooled around with a human woman, and now he was lustful again.

Morgana felt that Su Chen was a born devil. If this little bastard had If he doesn't join her demonic camp, those angelic bitchis will one day judge this little bastard.

Morgana stepped back and said to Su Chen,"You little bastard, I'll give you ten days. If you don't tell me the truth by then, I will transform you into a demon." When

Su Chen heard Morgana Then he asked unexpectedly,

"Ten days?"

"how? You have a lot of free time!"

"Ahem, ten days is ten days."

Su Chen hurriedly coughed and replied,

Ten days?

Su Chen may leave this world tomorrow.

Morgana will have to wait for ten days in vain. However, why did Morgana stop asking herself so easily? Does Morgana still have something urgent to do?

Damn it!

Kesha, the King of Angels, should be coming to Earth soon. Wouldn't Morgana join forces with the God of Death to kill Kesha?

By the way, there is also the unlucky Reina,

Reina. She should be captured by Morgana in a few days.

Morgana and the god of death, Karl, want to kill Kesha. Rena, the unlucky guy, is a key part.

Su Chen thought of the development in the plot, and he asked Morgana Said, "Morgana, do you want to deal with Kesha?"

"how do you know?"

Morgana was very surprised when she heard Su Chen's words.

She will deal with Kesha soon, or even kill Kesha. How did this little bastard know? Only she and the God of Death, Carl, know about this. Su Chen Does he have the ability to predict?

Su Chen waved his hand and said to Morgana with a serious face,

"Don't worry about how I know it, Morgana, have you ever thought about what would happen to the angels if Kesha died? Will the scumbags attack Merlot Heaven again?"

"What will the god of death, Carl, do without Kesha's intimidation? Also, you must kidnap Reina and even break the genetic lock on Reina's body."

"But have you ever thought about it"

"Is the genetic lock on Lena's body so easy to break? Does Sun Star also want Kesha to die? Will the Sun Star allow you and the Death God body Karl to kill Kesha?"

"Have you ever thought about these consequences?"

Su Chen thought about the plot.

After Kesha's death, all the angels were offline, and even countless angels were killed and injured.

Merlot Heaven was also reoccupied by the scum of heaven. In the future, the angels Hexi and Angel Liangbing will all die one after another.

Angels What about Angel Yan?

After Angel Yan took Lieyang Star's Tiandao Pill, she might be manipulated by Lie Yang Star, and she might even control Angel Yan in the future.

Su Chen felt that Lie Yang Star was more sinister than the God of Death, Karl, and

Lie Yang Star He has always believed in peace and tranquility for the country and the people, without the use of weapons.

But after the death of Queen Kesa, the Sun Star eagerly launched a war to attack the earth, and even wanted to carve up the earth with other gods at the meeting of gods. Su Chen felt that Reina's grandfather He's just an old cunt.

Morgana looked at Su Chen in confusion and asked, "You.....How do you know so much?"

"Morgana, I know a lot of things. You and Kesha are sisters after all. Think about it, has Kesha really not been able to kill you for tens of thousands of years? Or does Kesha not have the heart to kill you?"

When Morgana heard Su Chen's words, she couldn't help but think of things she had never wanted to think of, sisters?

Ever since she stabbed Kesha, the sister relationship between Morgana and Kesha has broken down.

Tianji King Liang Bing He died 30,000 years ago, and now there is only Demon Queen Morgana.

Morgana thought about the war with angels for tens of thousands of years. If Kesha, that bitch, wanted to kill her, she would have been killed long ago.

Demon In several large-scale wars with angels,

Kesha never appeared at all.

Kesha's left and right wings defeated the demons. If Kesha appeared, Morgana would not be able to escape at all.

Morgana also guessed Kesha would not kill her, and even disdainfully kill her sister who betrayed her sister.

Su Chen looked at Morgana who was looking down in thought and shook her head.

Although Morgana is a devil, she is really not a bad person, cough ,

Although Morgana destroyed many planets, it was none of her business. Su Chen felt that Morgana was a good person and she was a good person.

After a while,

Morgana asked Su Chen with a serious expression, "Su Chen, Are those things you just said true? Carl, the God of Death, is also colluding with the Sun Star? Sunstar also wants Kesha to die?"

Su Chen nodded and replied,

"What I said is true. Not only Lieyang Star, but also Tianzha Huaye also cooperated with Death God Karl. Death God Karl also provided resources to improve Tianzha Huaye's strength. Tianzha Huaye should be similar to you now, both The main god who is close to the fourth generation of gods.

Morgana stared at Su Chen and continued to ask with an ugly face, "Su Chen, why do you know this?"

Morgana was a little suspicious of Suchen.

Is this little bastard still an earthling? How does this little bastard know everything that happens in the universe?

"Morgana, don't ask. You will understand everything in ten days. By the way, there is also the Triangle. The Triangle is also related to Karl, the God of Death."

Morgana looked at Su Chenji and disappeared in an instant.

She was frightened by what Su Chen said today.

The reason why Morgana cooperated with the God of Death, Karl, to kill Kesha, but she knew that Kesha couldn't be killed at all. The fourth generation of saints Even if her body was destroyed, Kesha could still be resurrected.

However,

Morgana did not expect that things would be so serious after Kesha's death.

The Sun Star!

The God of Death!

The Scum of Heaven!

There were even Triangles that wanted to kill these main gods in the Holy Kesha appeared after her death. The angels really couldn't deal with this. Even the angel Hexi would probably be killed by Carl and Tianzha Huaye.

Morgana felt that she was being used by the god of death, Carl, and she had to think about Kesha carefully. arriveWhat happens after Earth is whether to continue to cooperate with Kasei to kill Kesha, or to stay out of the matter and do nothing.

Su Chen shook his head when he saw Morgana leaving.

He guessed that Morgana needed to calm down. She might want to think about whether to continue to deal with Kesha. What Su Chen told Morgana this time was probably to ask her Very surprised.

At this moment, the demon-controlled Taotie flagship is constantly attacking the Chitauri fleet, and the Chitauri fleet will be destroyed soon.

After Selina and Rose had killed the enemy team, they now faced an attack by tens of thousands of Chitauri troops.

However, after Reina arrived, the humanoid bomber Reina launched a flare bombing and began to clear the ground, and the Chitauri troops were killed in pieces.

People like Selena and Qiangwei also had dark faces and fled away. They were also involved in Reina's attack.

"Scumbags, I am the light of the sun, your goddess, haha! Destroy them all, you scum!"

Chapter 2040

On a street in Tianhe City, people like Selena and Qiangwei were avoiding this place. They were very speechless when they looked at the majestic Reina on the tall building.

Reina's destructive power is so powerful that

Tianhe City, which was already in great damage, was completely destroyed this time under Reina's uninterrupted bombardment.

Alice patted Qiangwei on the shoulder and asked doubtfully, "Qiangwei, your teammate is too strong, but I feel that she is mentally abnormal."

Qiangwei looked at the laughing Lena and said speechlessly, "She is. A crazy woman."

Liu Chuang wiped the cold sweat from his head and said, "Sister Na is a goddess, she is a real goddess, I will never dare to offend Sister Na again."

"This woman is ridiculously powerful. She is like a humanoid tank. One person can defeat an army."

"Yes, this is like the group attack skill in the game. As long as no powerful enemies appear during such bombing, she can destroy a city by herself."

"If our team had such a person, we wouldn't need an army at all. As soon as that flare bombing is turned on, many armies will be wiped out."

"Yes, but this is unrealistic. Although this woman is powerful, she may also have fatal weaknesses."

"Rena is very powerful, but her strength is sometimes uncontrollable. If Rena exploded with all her strength, the earth would probably be destroyed."

"This woman is so dangerous!"

Selena and Natasha looked at Lena and started talking one after another.

They never thought that there would be such a powerful person in this world. One person could destroy a city, or even destroy the entire earth with full force.

"Qiangwei, look, it's Xiao Lun!"

At this time,

Qilin shouted when she saw the Galaxy Power at one end of the street.

Qiangwei looked at the Galaxy Power opposite with an ugly face, and she said angrily,

"Don't pay attention to him, the war is about to end, this coward passed, we don't have such teammates."

Liu Chuang looked at Xiao Lun and shook his head. He did not expect that the Galaxy Power would run away in fear. The war has come to an end. Is the Galaxy Power coming now to clean up the battlefield? Liu Chuang suddenly thought of Zhao Xin and the others and hurriedly asked,

"Xiao Lun appears, where are Zhao Xin and Rui Mengmeng? Could it be that all three of them were killed?"

"It's unclear, and we didn't find any of the three of them. Qilin shook her head and replied, are Xin Zhao and the others alive or dead?"

Neither she nor Qiangwei knew that

Tianhe City was in great chaos before, and it was not easy for the three of them to get together.

Qiangwei looked at Ai Li Si asked doubtfully,

"Alice, who are you? You don't have super genes, why are you so powerful? Your strength will rival that of a generation of super soldiers."

Qiangwei was very curious about Alice and the others.

She found that none of the Alices had super genes, but their combat power was not weak, and they even had to catch up with the strength of a generation of super soldiers. This made Qiangwei confused.

"Rose, we....."

Alice looked at Qiangwei and hesitated, not knowing how to answer.

They were not from this world. If Alice told Qiangwei, she would be worried about what trouble she would cause.

"Alice, it doesn't matter if we say it. The mission has been completed. We may leave in three days at most. There is no need to hide it from Qiangwei and the others."

Selena said to Alice with a smile.

They were about to leave this world, and

Qiangwei and Qilin would also find that they were not from this world.

Besides,

Qiangwei had fought side by side with them before, and Selena didn't want to do anything to Qiangwei. These people hide it.

Alice nodded and said to Qiangwei,

"Qiangwei, we are not from this world, we come from another time and space."

Qiangwei shouted in surprise when she heard Alice's words, "What? Are you from another time and space? How can this be?"

"This is real!"

Qiangwei looked at Selena and asked hurriedly, "Selena, where is Su Chen? Is he also from another time and space?"

"yes!"

Qiangwei didn't expect that people like Selena and even Su Chen were from other worlds.

This made her feel very unreal.

If Selena and Alice were people from other worlds, this might be true. Yes, but what about Su Chen?

Qiangwei has read Su Chen's information from childhood to adulthood. How could Su Chen be from another world?

Qilin and Liu Chuang also looked at Selena and the others in surprise. They were all attracted by Ai Li Si was confused by what she said.

People from other worlds?

Are there really other time and space worlds?

Natasha looked at Qiangwei and said,

"Qiangwei, I hope you can keep it a secret for us. We will leave your world in a few days, and we don't want to cause any trouble. Qilin asked hurriedly,

"leave? Will Su Chen leave with you too? Natasha shook her head and replied, "We don't know. You have to ask Suchen.""

Qiangwei nodded and replied to Natasha,

"Don't worry, only the three of us know about this matter, and we won't tell anyone"

"Thank you!"

Afterwards,

Qiangwei and Qilin both asked Alice about their world. They were very interested in other worlds.

In the Taotie flagship, after Su Chen came and sat down in the flagship command room, he looked at the demon controlling The Taotie flagship attacked the Chitauri fleet. The Chitauri fleet was no match for the Taotie flagship. Some warships that tried to escape were defeated. None of the Chitauri warships had protective shields. They were shot down one after another like living targets.

"System, open the monthly gift package!"

"Ding, the monthly gift pack is open. Congratulations to the host for getting: ten small world locators, five super energy crystals, ten thousand shadow assassins (mysterious fairyland), and one hundred thousand black-armored troops (celestial fairyland)."

Su Chen shook his head when he heard the items in the monthly gift package.

This monthly gift package is not even a little bit different from the last super gift package. It seems that future annual gift packages will need to accumulate more time, otherwise they will not be able to get useful ones at all. treasure

"System, introduce the small world locator!"

"Ding, small world locator: It can locate all small worlds known to the host. Using the small world locator and accurately naming the small world, the host can get the spatial coordinates of this small world."
