Chapter 2041

After Su Chen heard the system's explanation, he didn't expect that the small world locator would have such a function, which made Su Chen very happy.

Su Chen thought of Selena and Alice.

If he used the locator to find the spatial coordinates of their small world, Selena and Alice would reunite with him in the future, and their world would become a small affiliated area of Xuantian Realm. world.

By the way, there is also this super god world.

Su Chen also wants to control this world.

He doesn't have too many small worlds.

"System, what is the use of super energy crystals?"

"Ding, super energy crystals: After ordinary creatures absorb super energy crystals, they will evolve into higher-level life forms."

Garbage!

Damn,

I thought it was a treasure, but I didn't expect it to be garbage.

Super energy crystals are of no use to him.

Su Chen is an immortal now, and he is also a powerful golden immortal. Such super energy crystals are of no use to him. It's useless.

Su Chen looked at the remaining shadow assassins and black armor army and nodded.

He would not have too few shadow assassins and black armor army.

Su Chen will use a lot of troops in the future realm wars. Immortal The more black-armored legions there are, the better.

Su Chen saw that the demons were about to destroy the Chitauri fleet.

This time the Tianhe War was also coming to an end. One trial mission had been completed, and there were two more trials. mission, I hope that the next two trial missions can also be completed smoothly.

Whoosh!

Su Chen left Taotie's flagship directly.

Selina and Alice's missions were also completed.

Su Chen was worried that they would leave this world immediately. He I also wanted to make out with Selina and Alice. They hadn't seen each other for a long time.

Three days later, in a villa in Juxia City,

Su Chen, Selina and the other four girls lived here. Maximus Liu Chuang took him to play in Juxia City.

The war in Tianhe City has ended, but the space insect bridge on the earth is still there. It is very easy for Taotie to gather his troops to attack the earth again.

In the living room,

Su Chen Leaning on the sofa and watching TV,

Selena and Alice were talking to each other.

The four girls were all wearing cool home clothes, but their home clothes were so cool that they didn't even wear underwear. Su Chen looked at the four girls from time to time.

Especially Laura.

Su Chen couldn't take his eyes away from Laura, this big bear girl.

It was so tempting. If he had a chance in the future, he would definitely take Laura, this big bear girl. Next.

Selena came to Su Chen and leaned lazily in his arms. She thought of what Su Chen said last night, and

Selena asked Su Chen,

"Su Chen, can you really find our world?"

Su Chen touched Selena's hair and nodded, replying,

"Of course, after this trial mission is completed, I will go looking for your world, and your world will be under my rule from now on."

Alice on the sofa next to her said teasingly to Su Chen,

"Your Majesty the Emperor of Heaven, can we also go to the fairy world?"

Alice, Selena, Natasha, and Laura, the four girls all felt incredible when they heard the information Su Chen said yesterday. They did not expect that Su Chen would go from being the emperor of an empire to being the emperor of an empire in just a short period of

time. Within a few years, Su Chen became the Emperor of the Immortal Realm, and Su Chen even became a powerful god.

Although Alice and the others felt that what Su Chen said was particularly bizarre, after Su Chen's repeated answers, they also knew that it was impossible for Su Chen to deceive. They.

Su Chen said with a smile,

"Okay, I will arrange you into the Greek god system or the Nordic god system, whichever god system you want to go to. Natasha asked suspiciously when she heard Su Chen's words,"Su Chen, the Greek and Nordic gods are also under your rule?"

"Of course, I am the emperor of a powerful realm. In the future, many realms will be conquered by me, and many small worlds will submit to the rule of the Xuantian realm."

Natasha asked curiously as she sat on Su Chen's lap,

"Is there a Thor in Norse mythology?"

Su Chen kissed Natasha and replied,"Yes, but I sent someone to kill her."

Su Chen knew why Natasha asked this.

There is also a Thor in the Marvel world. Natasha must want to know if there is a god like Thor in the fairy world.

"Got killed? Did Thor offend you?"

Su Chen touched Natasha's little face and said with a smile,"Do you know Aphrodite, the goddess of love? Thor wants to steal women from me, how can I let him live? Natasha shouted to Suchen in surprise,"You actually took down Aphrodite, the goddess of love?"

Alice, Selena, and Laura all sat up.

They were also very surprised when they heard the conversation between Su Chen and Natasha.

Alice and the others knew that Su Chen was an emperor, but being an emperor does not mean that they can get the goddess. Their admiration.

Aphrodite, the God of Love, is a very beautiful goddess in the legend. Although the rumors about the God of Love have a bad private life, the rumors are rumors after all, and these girls will not completely believe it.

"What's the matter? Hera, the Queen of Gods, is also my woman."

Su Chen looked at the surprised looks of the girls, and he shook his head.

If Alice and the others arrive in the fairy world in the future, they will all know about his relationship with Aphrodite and Hera.

Su Chen also had sex with the girls first. Let me tell you something, so that they won't be scared when they go to the fairy world in the future.

Alice and Natasha looked at Su Chen speechlessly.

They didn't know what to say to Su Chen.

In the Western God Realm,

This bastard Suchen even captured the Queen Hera.

What about the three virgin gods in the Greek pantheon? Will they also be captured by this bastard?

At this time,

Selena, Alice, and Natasha , Laura's face suddenly changed, and they all looked at Su Chen with a look of reluctance. The Planet Luck War has ended, and they can only stay for three days. Now that the time has come, Selena and the four girls are all leaving. Selina looked at Su Chen and said reluctantly,"Su Chen, we have to leave, three days are up."

Su Chen hugged Selena and the girls respectively and said with a smile,

"Don't worry, I will find your world as soon as possible."

Alice smiled and nodded and said,"Then we will wait for your arrival."

Su Chen promised Alice and the girls,"I will definitely go to your world to pick you up personally."

"Goodbye, we will always wait for your arrival."

Chapter 2042

In the villa, after a ray of white light,

Alice and the others disappeared into the villa.

Su Chen looked at the previously bustling villa, but now he was the only one left, and the villa became deserted for a while.

Su Chen stood up and looked at the seaside outside the window and whispered,"Alice and the others have left, and he has to leave too. This world will have to be found in the future.""

"Suchen!"

At this time,

Lianfeng in military uniform arrived at the villa. She looked at Su Chen and waved and shouted. When

Su Chen saw Lianfeng arriving, he instantly appeared next to Lianfeng and hugged her and said, "Lianfeng, Do you miss me?"

Lianfeng was very speechless when Su Chen hugged her.

This bastard, who previously said she was a 10,000-year-old spinster, dared to touch her this time.

Lianfeng wanted to teach this bastard a lesson.

But ,

Lianfeng shook her head helplessly when she thought of Su Chen's strength.

Su Chen and she were both super warriors of the generation, but even if there were ten of them, she would not be the opponent of this bastard.

Lianfeng rolled her eyes at Su Chen and said , "Let me go, I have something to tell you when I come this time"

"You can also say that I am holding you."

Su Chen hugged Lianfeng and sat on the sofa.

Lianfeng was the first person he met in this world, and there was a very charming and beautiful woman. Su Chen was also very impressed by the beautiful Lianfeng. Interested.

Lianfeng looked at the rogue Su Chen and had no choice.

"You, the general hopes that you can return to the team. The black-armored team cannot be without you."

Su Chen shook his head and refused,

"Forget it, the black-armored team has expanded by a few members now, so it doesn't matter whether I go or not."

Just kidding, he will leave this world soon.

Su Chen will not continue to do those boring things with those scumbags.

Lianfeng looked at Su Chen and persuaded,

"Su Chen, you are very powerful, and you and Qiangwei both have time and space genes. With our help in the future, you will become stronger and stronger, and you will even become a master god one day."

Master God?

It's just the strength of an ordinary immortal cultivator. Would

Su Chen treat such a master god like this?

He is a golden immortal, and even a heavenly emperor in the realm.

Lianfeng gave this small world to him. Su Chen It's impossible to stay and join the black team

"Lianfeng, the power of the Galaxy is your top priority. In the war three days ago, the Power of the Galaxy shrank from the battle, but you still focus on the Power of the Galaxy."

"Even if I join the Black Armored Squad, you will probably use me as cannon fodder or even as the nanny of the Galaxy Force. I will not join the Black Armored Squad."

Lianfeng was very helpless when he heard Su Chen's words. The Power of the Galaxy is the super warrior they focus on cultivating. The Power of the Galaxy has huge potential

and is unmatched by all genetic super warriors, not even Su Chen. The Power of the Galaxy has great potential.

Although Force retreated in the last war, Galaxy Force is just a college student after all. It is understandable that he would be scared when he goes to the battlefield for the first time.

"you....."

Just when Lianfeng was about to persuade Su Chen,

Su Chen instantly appeared at the beach holding Lianfeng.

He held Lianfeng's hand and said,

"Well, Lianfeng, I welcome you very much to come today. Let's not talk about other things. I will take you to play at the beach, and you can also relax."

Lianfeng was very speechless when she looked at the sea.

She can see the sea every day.

What is there to do on the beach?

Lianfeng has a headache when she thinks of returning without success this time.

The black-armored team is also uneasy now.

Galaxy The force retreated in the last war, and the rest of the Black Armored Team are obviously alienating the force of the galaxy. How can Lianfeng be in the mood to walk on the beach with this bastard now.

Demon Wings,

Morgana just spoke to the god of death, Karl, She now believed what Su Chen said, but she also decided to continue to implement the previous plan, but with some changes.

"Atuo, where is that bastard Suchen now?"

A'tuo immediately replied to Morgana,"Queen, Su Chen has been in the villa in Juxia City."

"So, what about those little bitches of Angels?"

"Angel Yan and the others have also been around Su Chen."

Morgana cursed angrily when she heard Atuo's words,

"Bichi, is Angel Yan looking for death? A little Bichi actually dared to compete with me. If the plan hadn't been about to start, I would have wanted that little Bichi to be good-looking."

Morgana originally wanted to go find that bastard Su Chen, but the angels were by Su Chen's side, which made her not want to be exposed at this time.

Kesha's Bichi was about to arrive, and all Morgana's plans were ready. , and she didn't want to ruin her plan because of Angel Yan.

Morgana thought about it and ordered,"Atto, execute plan No. 1, and Rena must catch that big bomb.""

"Yes, Queen!"

Next night

, Su Chen sent away Lianfeng who was blushing. Today he and Lianfeng also had a romance. Although they didn't do anything between them, Su Chen also had enough of hand addiction.

"This shameless pervert!"

In the air barrier,

Angel Yan saw Su Chen returning to the villa.

She cursed with anger.

Angel Yan was originally going to find Su Chen to ask about Selena and the girls.

Selena and the girls. They disappeared for no reason, and Angel Yan did not find out their whereabouts.

But with the arrival of Lian Feng,

Angel Yan postponed his meeting with Su Chen.

However,

Angel Yan did not expect that Su Chen was so shameless.

In these three days,

Su Chen and Selena have been fooling around. After Selena and the others disappeared, this bastard actually had another idea for Lian Feng. Angel Yan felt that Su Chen was even more scum than those scum.

Angel Zhui and Angel Lingxi both They shook their heads and didn't say anything.

In the past three days, they had seen many things they shouldn't have seen. Su Chen, Selena, and even Natasha's mischief in the past three days. Angel Chase and Angel Lingxi watched Everyone was blushing.

Angel Zhui looked at Angel Yan and asked,

"Sister Yan, are you still looking for Su Chen?"

Angel Yan shook his head and said with a look of disgust, "I'm not going, I don't want to see that disgusting bastard now."

Angel Lingxi said with a smile beside him,

"The Queen and the Queen will arrive soon. Sister Yan, shall we take Suchen to greet the Queen then?"

"We'll see then, Lingxi, you protect that bastard tonight"

"ah! I.....Should I protect Su Chen alone?"

Chapter 2043

When Angel Lingxi heard Angel Yan's words, she looked confused.

She was guarding Su Chen tonight?

Didn't they protect it together before? Why let her guard it alone this time?

When Angel Lingxi thought of what Su Chen had done, she shuddered and felt very uncomfortable. If another woman came tonight, would she want to observe Su Chen alone?

Angel Yan said with a smile on his face,

"I'm too lazy to protect that bastard Tianzhu. Chai is going to check if the Demon Queen is in Juxia City. You can only protect that bastard tonight. Angel

Lingxi nodded and replied with a bitter face,

"Yes, Sister Yan!"

After one night, when Su Chen got up the next day, he looked at Angel Yan sitting in the living room and was very surprised.

Angel Yan had not appeared for more than three days. Su Chen thought that Angel Yan had gone to greet Queen Kesha. , why did Angel Yan appear in his villa today?

Su Chen sat opposite Angel Yan.

He looked at Angel Yan's long white legs and asked, "Angel Yan, why are you still on earth? Isn't Queen Kesha happy?" Reached? Aren't you going to greet your queen?"

When Angel Yan saw Su Chen looking at her legs again, she clenched her fists and wanted to beat this shameless pervert to death.

"You do know a lot of things, scumbag, don't look at me with dirty eyes, I'm afraid I can't help but destroy you."

"I'll go, scumbag? Am I a scumbag? I'm human, not one of those disgusting male angels."

Su Chen heard Angel Yan call him a scumbag, which made him look at Angel Yan a little embarrassed.

Su Chen also understood that everything he did in the past few days was seen by Angel Yan.

This female peeping tom

"Humph, you are worse than scum of heaven."

"Tsk, whatever you say, what's going on this time?"

When Angel Yan heard Su Chen's words, he asked directly, "Why did those women of yours suddenly disappear? Where did they go?"

Su Chen shook his head and replied,

"They went to where they should go, Angel Yan, don't ask these questions, you will understand where they went in a few days."

Angel Yan didn't ask any more questions after hearing Su Chen's words. She would know in a few days, and there was no need for her to ask clearly now.

"Queen Keisha is coming tomorrow. Do you want to come with me to greet Queen Kesha?"

"Don't go!"

"you.....How dare you disrespect Queen Keisha?"

Angel Yan is very angry at Su Chen.

This bastard kid, the arrival of Queen Kesha is a big deal.

Angel Yan wants Su Chen to perform well in front of Queen Kesha.

If Queen Kesha sees this bastard, With potential, Su Chen might be brought back to Merlot Heaven, and he might even use Angel's resources to upgrade this bastard.

Su Chen was very speechless when he heard Angel Yan's words.

Respect Queen Kesha?

He, the Emperor of the Immortal Realm, still wants to Respect Queen Keisha?

Angel Yan is thinking too much.

Su Chen wanted to leave this world yesterday, but the reason why he didn't leave was that

Su Chen wanted to know if Morgana would kill Queen Keisha.

He felt that Morgana wouldn't Will give up killing Queen Keisha. Morgana may not really kill Keisha, but this is her only chance to win Kesha. Morgana will definitely not give up this opportunity.

Suchen looked at Angel Yan suddenly thought of the super energy crystal.

If Queen Kesha is still killed by Morgana and Karl, Angel Yan may have to suffer for a while. Su Chen also wanted to know whether the super energy crystal would work on Angel Yan.

Su Chen took out a A super energy crystal like a sapphire, he handed it to Angel Yan and said,

"Angel Yan, this is a gift for you. Thank you for protecting me these past ten days. If I have anything to give you, I will give you this sapphire."

"this....."

Angel Yan was not calm when Su Chen took out the super energy crystal.

She felt the huge dark energy matter. This sapphire actually stored a huge amount of dark energy matter, which was even much larger than all the resources in Merlo Heaven. ,

How can this be?

The dark energy matter stored in Merlo Heaven is very large, and it is more than enough to upgrade several third-generation divine super warriors. How could there be such a huge amount of dark energy matter in a small sapphire ? Where did Su Chen get this gem? Why doesn't he use it himself? Su Chen looked at Angel Yan's surprised look. He guessed that

Angel Yan must have felt the huge energy in the super energy crystal. Su Chen smiled and threw the super energy crystal to Angel Yan and said,

"Here you go, Angel Yan, don't be surprised"

"This is called super energy crystal, which can evolve to a higher level of life form. For you angels, if you use it, you may directly evolve into a more powerful angel, even much more powerful than Queen Kesha."

Angel Yan caught the super energy crystal thrown by Su Chen.

She was even more frightened when she felt the huge energy inside. Angel Yan just held the super energy crystal, and she felt that the dark energy in her body was constantly increasing.

Angel Yan Holding the super energy crystal tightly, this super energy crystal is a treasure for the angels, and even the cornerstone of their future strength. Angel

Yan looked at Su Chen and asked doubtfully, "Why don't you use it yourself? Why do you want to give it to me?"

"Just think I like you!"

When Angel Yan heard Su Chen's words, he cursed angrily, "Shameless, I won't be your guardian angel!"

I'll go!

Did Angel Yan misunderstand?

Damn,

I'm afraid his reputation is that of a pervert in the eyes of Angel Yan, but

Angel Yan is indeed very beautiful.

Su Chen shook his head and didn't think about this.

He has no time to talk to her now. Angel Yan was in love, and there were still two trial tasks that needed to be completed as soon as possible. I used the small world locator to find this world in the future. Su Chen didn't mind taking care of Angel Yan.

Su Chen stretched out his hand and smiled at Angel Yan and said,

"Then give it to me. I think Angel Chase is also good, and Angel Lingxi is also good. They will definitely be my guardian angels."

Angel Yan quickly put away the super energy crystal.

She looked at Su Chen and warned,

"You're dreaming, Su Chen, I'm warning you, it's best not to take advantage of our angels, otherwise, the angels will definitely judge you, the scum of heaven."

Su Chen said to Angel Yan while leaning on the sofa,

"Angel Yan, I think you will definitely become my guardian angel, do you believe it or not?"

"Just dream, you scumbag!"

Chapter 2044

Angel Yan took the super energy crystal and left in an instant.

She didn't want to face this bastard Su Chen again.

This damn scumbag actually had plans for her, and he even had thoughts about other angels, this bastard.

Angel Yan felt that she should inform other angels in the future, and she wanted all angels to stay away from this bastard.

However,

Angel Yan was very happy that Su Chen gave her this precious gift.

This was not an ordinary gift.

In the future, with this super energy crystal, all the angels in Merlo Heaven will be able to advance once or twice. Many times, this is crucial to Queen Kesa and even all the angels

"Arrogant angel!"

Su Chen shook his head when he saw Angel Yan leaving.

He lay on the sofa and continued to wait boredly. Queen Kesa will arrive tomorrow. If Morgana wants to deal with Queen Kesa, she should be here too. The unlucky guy who kidnapped Reina in Tianli.

Suddenly,

Su Chen sensed danger.

He immediately got up and shouted,

"who?"

Boom!

I'm Fake!

After Su Chen escaped the attack, he was very angry when he saw the destroyed living room.

Who is it?

Who wants to kill him?

Demon?

Impossible, Morgana won't kill him Himself,

Taotie? Or Karl, the God of Death? Even Scum of Heaven? These people may come to attack and kill him.

At this time, a man wearing a suit of armor suddenly appeared opposite Su Chen.

He looked at Su Chen and sneered, " Boy, I didn't expect your reaction speed to be quite fast."

Su Chen was very surprised when he saw the people who appeared.

People from Lieyang Star?

Why did Lieyang Star want to kill him?

Is it the feudal town?

Or is it Reina's grandfather who wants to kill him?

"People from the Blazing Sun? Are you Yuanli, the tiger evil guardian of the four heavenly guardians?

Yuan Li was surprised when he heard Su Chen's words and asked, "You actually know me?" You are really not simple, boy, you can catch me without any effort, otherwise don't blame me for being rude."

"Are you going to kidnap me? Does Lena know?" Su Chen 's face turned cold when he heard Yuan Li admitted his identity. The people from Lieyang Star wanted to kill him. Su Chen couldn't figure out why. He just wanted to know if Leina knew about Yuan Litian. I want to kill him

"You don't need to worry about these things. If you don't want to die, just restrain them immediately."

Su Chen saw Yuan Li's uncomfortable expression after hearing Reina's face. He guessed that Reina must not know about this.

Yuan Li's guard is an almost third-generation super soldier. , he will definitely not be able to fight Yuanli's guard, and Su Chen will not fight with this powerful heavenly guard.

Angel Yan, that silly girl, may have forgotten to protect herself. She may be studying with Angel Zhui and Angel Lingxi. Energy crystal, they didn't notice what happened here.

Where is Morgana?

Didn't Morgana monitor her these past few days?

Su Chen decided to escape.

Damn it, if I had known, I would have left this world yesterday, and today I will They are going to be hunted down,

Angel Yan!

Morgana!

If they don't realize that they are being hunted after a while, Su Chen will decide to leave this world immediately

"Yeah? You can continue to kill me, but you must also be able to kill me, bye! idiot."

Su Chen waved his hand to the Yuanli guard and suddenly disappeared.

When the Yuanli guard saw Su Chen escaping, he mocked disdainfully, "Humph, want to escape? A generation of super soldiers, can you escape?"

Over Juxia City,

Su Chen quickly teleported to the Juxia aircraft carrier first. As long as he found Reina, the Yuanli guards would not be able to attack him.

Boom!

"and who are you?"

Su Chen suddenly suffered an inexplicable attack.

He looked around and a man wearing a cloak suddenly appeared in the air.

Su Chen immediately became vigilant.

This man was very powerful, even more powerful than Angel Yan.

This man Who do you get?

Blue eyes?

Who has blue eyes in this world?

The cloaked man faced Su Chen and said in an old voice, "Su Chen, your life is over here. The time and space gene has a Rose is enough, anyone who cannot be controlled will die."

Su Chen was very confused when he heard the cloaked man's words.

Uncontrollable?

Time and space genes?

Rose?

These are all related to the academy.

Is this person a strong person in the academy?

"Space-time gene? rose? Are you from the academy?"

"You don't need to know."

Whoosh!

When Su Chen heard what the cloaked man said, he ran away without saying a word. He couldn't even handle a Yuanli guard. He was even more unable to deal with this mysterious and powerful cloak.

Su Chen felt that it was important to escape, otherwise the Yuanli guards would arrive. Finally, it was impossible for him to escape from two powerful enemies.

Damn it!

A majestic emperor of heaven was actually being hunted down in this small world. He really lost face this time.

Damn it, damn it. Holy Soul, if Su Chen's strength had not been sealed by the Holy Soul of the Heaven Ladder, he would have been able to stab these two enemies to death with one finger.

Boom.....

When the cloaked man saw Su Chen disappear instantly, he activated a micro wormhole and chased after him.

Blue beams of light came from the cloaked man's hands to attack Su Chen. The cloaked man could not let Su Chen escape from under his eyes. A controlled person cannot continue to live.

I'll do it!

Is this magic?

Ryze?

Is this cloaked man the bald Ryze?

Damn it, will you be killed if you don't join the academy?

Is this Ducao's decision?

Or was it the decision of the bald Ryze?

While Su Chen guessed the reason for being chased, he quickly teleported to avoid Ryze's attack.

On the Juxia,

Lianfeng suddenly detected energy fluctuations in Juxia City. She immediately mobilized the satellite to see what was going on. matter

"Suchen? Su Chen is actually being hunted?"

Lianfeng found out that Su Chen was being hunted, which made her very surprised.

Is there anyone on earth who can hunt down Su Chen?

Demon?

Angel?

Or someone else?

Lianfeng immediately ordered to the soldiers next to him,

"Immediately notify the black armor team and ask them to rush to support Su Chen"

"Yes, sir!"

At this time!

When Dukao arrived, he waved his hand and ordered,

"The order is revoked, Lianfeng, Su Chen is not from the black armor team, there is no need for us to rescue Su Chen."

Lianfeng exclaimed in surprise when he heard Dukao's words,

"General, Su Chen helped us fight in Tianhe City before. Even in the Tianhe War, Su Chen changed the outcome of the war with one person. We cannot watch Su Chen being chased and killed."

Pah!

"Dukao slapped the table with a cold face and said, "Lianfeng, this is an order!"

"General?"

"Needless to say, it is impossible for us to save Su Chen."

Chapter 2045

Lianfeng looked at Dukao in disbelief.

She did not expect how resolute Dukao would be, which made Lianfeng suspect that the person who chased Su Chen was arranged by Dukao.

There was a powerful teacher in the college,

Lianfeng Feng also knew, could it be because Su Chen refused to join the black armor team? Dukao is trying to eliminate uncontrollable factors?

Lianfeng looked at the fleeing Su Chen on the screen.

She clenched her fists and looked at Dukao before leaving the command room.

She could not watch Su Chen being chased to death.

Although Lianfeng was low in strength, she could help Su Chen. Chen bought some time, and she also wanted to secretly inform Reina and the others that Su Chen was being hunted, and it was impossible for Reina and Qiangwei not to rescue Su Chen.

Dukao looked at Su Chen who was being hunted.

He shook his head and whispered,

"Su Chen, don't blame me. These are not things I can decide. If you don't die, you will be a huge threat in the future. Uncontrollable factors cannot appear on the earth."

At this moment,

Su Chen kept teleporting like a fish to avoid Ryze's attack, but he couldn't hold on for long. Yuanli's guards also came after him. If Morgana and Angel Yan didn't appear again, he would really I'm about to leave this world.

Boom boom boom.....

Above the sea,

Ruiz kept attacking Su Chen from behind.

Ruiz did not expect that a first-generation super soldier could be so slippery. He actually failed to kill Su Chen for a while.

At this time,

Yuanli also arrived.

He saw Ryze constantly attacking Su Chen.

Yuanli guessed that Ryze had the same goal as him, and they all wanted to kill Su Chen.

Guard Yuanli looked at Ryze and shouted, "Cloak man, I intercepted from behind, and we killed Su Chen together.""

"good!"

Boom boom boom.....

Damn it!

I really can't leave this time.

Angel Yan!

Morgana!

Are you two stupid women protecting me like this?

Su Chen was very helpless.

He couldn't escape the pursuit of Ruiz and Yuanli's guards. Su Chen originally wanted to meet Queen Kesha, but now I'm afraid it's impossible.

In Devil's Wings, after Morgana got the news that Su Chen was being hunted, she hurried to the control room and looked at the fleeing Su Chen on the screen.

Morgana saw a third-generation divine super warrior and a second-generation peak super warrior surrounding Su Chen.

Her face was very ugly.

Wasn't Angel Yan always protecting Su Chen?

What about those bitches?

Su Chen is now under siege.

Why didn't those Bichi people take action to protect Su Chen?

Morgana yelled angrily and ordered, "Bichi, is this how those Bichi protect Su Chen? Damn it, Atuo, teleport me over immediately."

Ato listened to Morgana's order,

He reminded from the side,

"Queen, if you go there, it will have an impact on our plans."

Morgana shouted with an angry look on her face,

"Stop talking nonsense and teleport me there quickly. Nothing can happen to that little bastard Su Chen."

"Yes, Queen!"

Above Juxia City, in a space barrier,

Angel Yan, Angel Chase, Angel Lingxi, and the three girls have been studying super energy crystals.

Angel Yan and the others studied next to the super energy crystal for a while, and they all felt that The dark energy actually exploded by almost 10% in one hour, which surprised the three of them.

Angel Yan and the others looked at the super energy crystal in surprise. The super energy crystal was too powerful for them, the angels. It's important.

Angel Lingxi didn't expect that Su Chen had such a treasure. She was very satisfied that Su Chen could give them the treasure of Angel, and the thighs of the three girls were not in vain for that little bastard to see.

Angel Lingxi turned around Just to check what Su Chen was doing, she decided to thank that little bastard later.

Angel Lingxi just checked Su Chen's location, and she found that Su Chen was being hunted, and also by two powerful super soldiers.

Angel Lingxi Guoxi immediately stood up and shouted,

"No, Sister Yan, look, Su Chen is being hunted!"

"What?"

When Angel Yan heard what Angel Lingxi said, she hurriedly checked on Su Chen.

Angel Yan had just come back from Su Chen. How could that little bastard be hunted down?

Angel Zhui hurriedly said with a serious face, "Yan Sister, there are two powerful genetic super warriors chasing Su Chen. One is from the Lieyang Star, and the other one is not sure who he is."

"Quick, let's rescue Su Chen immediately. Su Chen feels that he cannot be killed."

"Yes, Sister Yan!"

Su Chen couldn't escape.

With the interception of Yuanli's guards and the pursuit and attack of Ryze, he couldn't escape from the hands of these two people.

Su Chen looked around, and there was no trace of Mo Gan or Angel Yan. , I'm afraid they haven't realized that they are being hunted yet!

It's time to leave!

Yuanli Guards!

Lieyang Star!

Ryze!

And Super Seminary!

When I come next time, you will all be annihilated!

"Holy Soul of the Ladder, I want to leave this world"

"Trialist, the trial mission is completed and the return begins!"

Boom!

A white light suddenly fell from the sky and directly enveloped Su Chen.

Su Chen looked at Ruiz and Yuanli and shouted,

"Liesang Star, Super Seminary, the next time I come, you will be annihilated."

At this moment,

Morgana and Angel Yan appeared next to them at the same time, and even Lianfeng arrived with Qiangwei and Reina. They looked at Su Chen in the huge light pillar, and even heard what Su Chen said loudly.

These people all had incredible expressions.

Whoosh!

In an instant, the beam of light disappeared, and

Su Chen disappeared silently from here.

"Damn you!"

Morgana saw Su Chen disappear.

Morgana didn't know whether Su Chen was dead or teleported to another place, but she was very angry now.

Morgana looked at Ryze and the Yuanli guards and started After attacking, the black devil's claw instantly grabbed Yuan Li. Ruiz reacted quickly and avoided the attack of the devil's claw.

Angel Yan, Angel Zhui, and Angel Lingxi all moved toward him with angry faces. Ryze attacked, and there was only one day.

Queen Kesa would come tomorrow, but today Su Chen was hunted down. They didn't know whether Su Chen was alive or dead. Angel Yan would not let these two culprits live. Leave.

Reina shouted to Yuan Li who was caught with an angry look on her face,

"Yuanli, why are you chasing Su Chen? Don't you know that Su Chen is my friend?"

Chapter 2046

When

Su Chen returned to the ladder, he sat down depressed.

This trial was the most embarrassing one for Su Chen. He actually escaped from being chased.

Blazing Sun Star!

Super seminary!

He remembered this grudge.

When Su Chen thought about the arrival of Morgana and Angel Yan in the end,

Su Chen shook his head helplessly. If Morgana and Angel Yan had arrived a few minutes earlier, he wouldn't have been able to escape. Morgana and Angel Yan didn't know if they would have. Will avenge him

"Trialist, congratulations on successfully completing a trial mission."

"Holy Soul of the Ladder, I escaped back in embarrassment. One of my majestic emperors actually escaped from being hunted. Your congratulations are like laughing at me."

"Victory and defeat are common matters in military affairs. As an emperor, wouldn't you understand this? Besides, you don't have to run away once or twice, just get used to it."

What the hell?

What's not once or twice?

What's a good habit?

Damn, is this what people say?

Su Chen curled his lips and didn't want to talk to the Holy Soul of the Ladder. This old bastard must be deliberately mocking himself.

At this time,

The Holy Soul of the Ladder to Heaven said to Su Chen,

"Trialist, will you continue the trial?"

Su Chen lay on the floor and replied speechlessly, "Continue, how could I not continue?"

"So turn it on now?"

Su Chen curled his lips and shouted,

"Old guy, are you trying to tire me out? I just came back from the trial and you want me to continue the mission. Can't I rest for a few days?"

"up to you!"

"Ahem, old guy, you can continue to seal my strength in the next trial, but can you seal the time and space genes I obtained in the super god world?"

"Space-time gene? This is okay, I agree"

"Huh? You actually agreed so decisively?"

Su Chen didn't expect that the Holy Soul of Tiandai would agree so happily.

This made Su Chen a little strange.

The Holy Soul of Tiandai had previously wanted to seal his strength, but this time he actually agreed.

Is there a conspiracy?

Or maybe the Holy Soul of Tiandai also wanted to seal it. Don't you want to fail to complete the mission? Is the Holy Spirit of the Ladder worried that you won't be able to climb the 10,000th floor of the Ladder?

"How about I seal the space-time gene for you?"

"Don't, don't, I'm just kidding, the old guy opens the next trial world"

"Start the next trial world!"

Three worlds suddenly appeared in front of Su Chen.

After the three worlds began to rotate,

Su Chen didn't bother to see what world they would be. The most dangerous world of Chaoshen was completed. No matter how difficult the remaining three worlds were, could there be any more? Is the hell-level super god world difficult?

"Trialist, the next trial mission is the Battle of Chibi. Your camp is Cao Cao's camp."

"The Battle of Chibi, this is okay, an easy trial mission."

Su Chen laughed when he heard that the next trial mission was the Battle of Red Cliff. Su Chen knew the plot, chained to the ship? Can Zhuge Liang and Zhou Yu still achieve their wish without him? The

Battle of Red Cliff is also a small world. , this is fundamentally different from the Three Kingdoms in Tianxuan Continent.

"Do you want to turn on the Trialist?"

"Turn it on!"

Whoosh! In a military camp in Dangyang County in the Three Kingdoms , Su Chen suddenly appeared in a large tent, and he was still wearing a body of armor. Su Chen closed his eyes and thought about the identity given to him by the Holy Soul of the

Ladder. After a while, he opened his eyes. Open your eyes quickly. A partial general? Not bad, at least 10,000 troops in hand. Dangyang County? Damn, isn't this Liu Bei's route to escape to Jiangdong? It seems that Changbanpo is in Dangyang County. This is Red Cliff Prelude to the battle?

"Someone come!"

"General!"

"Where has Liu Bei fled to now?"

"General, General Cao Chun of the Tiger and Leopard Cavalry has already pursued Liu Bei. Liu Bei should not have escaped from Dangyang County yet."

"Order the troops to assemble immediately and we go to Changbanpo."

Su Chen decided to go after Liu Bei's big-eared thief first. Changbanpo has Liu Bei's wife and children. He also wanted to see what Mrs. Gan and Mrs. Mi look like in this world.

"Yes, General!"

Changbanpo,

Liu Bei's army has been defeated by Cao Cao's Tiger and Leopard Cavalry. Liu Bei was defeated and fled. The fleeing people were in chaos, and Liu Bei's army was fleeing. The whole Changbanpo was in chaos.

Su Chen came to Changban with his army. When they were on the slopes, the army was blocked by more than 100,000 rioters.

"General, the front is full of chaos and our troops are moving slowly."

After Su Chen looked at the rioters with a cold face, he coldly ordered loudly, "Blow the attack horn and kill any rioters who don't give way."

"Yes, General!"

Woo woo woo.....

"Kill, kill, kill!"

After the ten thousand troops heard the attack horn, all the soldiers raised their weapons and shouted,

"Get out of the way, Cao's army is about to attack."

"Cao Jun does not dare to massacre us. We must buy time for Liu Shijun to escape."

"Yes, Cao Jun did not dare to massacre the people. We cannot let Cao Jun catch up with Liu Shijun."

"You are all madmen. Cao Cao massacred the city. If you want to die, I will not accompany you."

"Yes, Cao Jun slaughtered the city, we can't block Cao Jun's way."

After the people of Changbanpo heard the sound of the attack horn, some people still blocked the road and did not get out of the way. Some people, dragging their families and families, rushed up the mountains to avoid Cao Jun.

"kill!"

Two thousand cavalrymen rushed over first with standing knives.

Touch, touch, touch.....

Stab, sting, sting.....

The cavalry rushed over and started massacring the people who blocked the road.

The horses collided and trampled, and the cavalry slashed with swords. For a time, the road was littered with corpses. In just a quarter of an hour, thousands of people were massacred. and die

"Run away quickly, Cao Jun is really massacred!"

"Ah ah ah, help, help, I don't want to die!"

"Run away, I want to run away, Cao Jun really massacred the people"

"No, let's give way, there's no need to kill.....ah!"

"All spread out and make way for Cao Jun, otherwise we will all be killed."

After the army began to massacre, the people blocking the road cried out and tried to escape, but the cavalry charged too fast. These ignorant people were not as fast as the army.

Su Chen looked at the people who refused to give way, and he was disdainful. said,

"Is Liu Da'er's ability to confuse people really awesome?"

"General, if we massacre the people like this, the Lord will punish the general."

Su Chen shook his head and ordered disdainfully,

"Don't be afraid, Liu Bei's wife and children are in Changbanpo, we have to catch them all"

"Send me an order, kill one enemy and get one hundred coins, kill two enemies and get five hundred coins, kill three enemies and get one tael of silver, and so on, let the army speed up the march."

"Yes, General!"

Chapter 2047

Su Chen shook his head when he looked at these ordinary armies.

These armies may be about the same in this world, but compared with his own black-armored army, they are not even inferior. Su Chen can only use money to stimulate the army. combat effectiveness.

Half an hour later,

Su Chen's army passed through these mobs blocking the road, leaving behind about 30,000 civilian corpses along the way.

In a village, more than a hundred Liu Bei's troops were fleeing while protecting a couple of carriages. Cao's troops were everywhere. Liu Bei's troops and carriages were surrounded.

A captain of Cao Army shouted when he saw the carriage,

"The carriage is surrounded. The people in the carriage should be Liu Bei's family members. The carriage cannot be allowed to escape."

"kill!"

"Protect the madam, protect the madam and leave quickly!"

"There are too many Cao troops and we are besieged"

"Fight your way out, give it to me, protect the madam and leave!"

More than a hundred Liu Bei's troops were guarding the carriage. They raised their sabers and broke out in one direction. Each of these soldiers had an expression that looked like death.

"Frame, frame, frame."

At this time, a general with a white horse and a silver spear rushed over, and all the Cao troops he met along the way were driven away by him with silver snatches.

He looked at Liu Bei's army next to the carriage and shouted, "All soldiers leave with my escort wife."

"Yes, General Zhao!"

"Death to those who stand in the way! kill!" Zhao Zilong looked at the surrounding Cao Jun and shouted coldly,

"kill!"

At this moment,

Su Chen led his army to the entrance of the village. Rows of shield bearers stood in front of them with shields. A thousand archers were also ready to shoot the enemy at any time. The two thousand cavalry behind were ready to charge.

Su Chen was sitting on a box, this box is full of money.

Su Chen has just distributed more than a thousand taels of silver to the troops here. The more than 10,000 troops here are very excited. They can get money by killing the enemy. The tens of thousands of troops can't wait to rush in immediately. The enemy was killed in the village.

Su Chen took a sip of wine and looked at the village.

The general who had just reported the white horse silver spear to the scout had rushed into the village. He guessed that it should be Zhao Zilong.

Su Chen was ready to catch a turtle in a urn,

Liu Bei's wife, he This time it's decided. As for Liu Chan, it depends on Zhao Zilong's performance. If Zhao Zilong is sensible, Su Chen doesn't mind letting Liu Chan live a few more days.

A deputy general in Cao's army saw a carriage appear and a white horse general. Walking in front, there were more than thirty soldiers guarding the carriage.

He hurriedly reported to Su Chen, "General, the enemy has appeared, and there is also the white horse general."

"Put the army on alert. No attack is allowed without my order."

"Yes, General!"

Zhao Zilong saw the neatly arranged Cao Jun in front, and his face became ugly.

Zhao Zilong did not expect that he would take the carriage to escape from the village. There would be tens of thousands of troops waiting for them here. Cao Jun must capture Liu Bei. Mrs.

Su Chen looked at the majestic Zhao Zilong and shouted, "Zhao Zilong, dismount and surrender.""

"Is that the general opposite?"

Zhao Zilong looked at Su Chen with a serious face.

There were tens of thousands of troops here.

It was a reality for him to leave with his wife in the carriage. Zhao Zilong wanted to know which general was on the other side. He wanted to try to get that general to open his network. Let them go

"Suchen!"

Zhao Zilong heard Su Chen's answer and asked loudly, "Su Chen? Are you that dandy little marquis in Xudu City?"

Damn it!

Damn the Holy Soul of the Ladder.

The identity that the Holy Soul of the Ladder has arranged for you is so ridiculous.

A playboy?

He is still a romantic playboy, and even a bastard who goes around robbing civilian girls.

Damn it!

Su! Chen Chen was very speechless when he thought about his identity. He was a bully, a robber, a lustful playboy.

Well,

Su Chen felt that he was a super villain, just waiting for the fateful protagonist to come. Harvest him.

Su Chen rubbed his forehead and replied,

"good!"

Zhao Zilong's face turned gloomy.

It seemed that he was about to rush in and kill him this time. This young prince Su Chen was a pervert. Su Chen came with the army this time, probably just for Liu Bei's two wives.

"Rush over!"

"Archers prepare, Zhao Zilong, don't tell me I didn't remind you, I have a thousand archers here, and the archers of the third echelon will shoot and kill non-stop. Do you think you can rush through?"

"Even if I, Zhao Zilong, die in battle, I will never let my wives fall into the hands of a pervert like you."

After Su Chen heard Zhao Zilong's words, he waved his hand and ordered, "A row of archers, shoot the other soldiers."

"Shoot the arrow!"

Swish swish swish"

Ahhhhh.....

After a shower of arrows, dozens of soldiers from Liu Bei's army were shot and killed one after another. The soldiers beside the carriage had no chance to resist. With a single salvo of three hundred archers, dozens of soldiers fell to the ground with arrows.

On the opposite side, they fell to the ground. Zhao Zilong and a carriage were left.

Zhao Zilong looked at the carriage helplessly. He knew that this was Su Chen warning him. If he continued to resist, the next round of archers' volleys would be directed at him or the carriage. Shoot.

Dong Dong Dong Dong.....

At this time, the sound of horse hooves came, and five thousand cavalry quickly arrived at the entrance of the village.

A general on horseback shouted to Su Chen,

"Su Chen, this is the result of our Tiger and Leopard Cavalry battle. You should leave immediately with your army."

Su Chen didn't expect that the general Cao Jun who arrived was so arrogant.

He pointed at the general and asked,

"Who is this bad guy?"

The deputy general was ashamed when he heard Su Chen's words and hurriedly replied, "General, this is General Cao Chun, General of the Tiger and Leopard Cavalry."

"Cao Chun?"

Cao Chun also heard what Su Chen said.

He didn't expect that Su Chen didn't know him. Could it be that he was often away from Xudu and this dandy prince forgot about him?

Cao Chun was a little angry and shouted to Su Chen, "Su Chen, you bastard, are you even recognized by this general?"

"Damn it, this place is now under my control. Leave me immediately."

"Su Chen, can you tell me again?"

Cao Chun's face turned green when he heard Su Chen's words.

This bastard,

Cao Chun didn't expect that Su Chen would dare to speak to him like this. Doesn't this dandy prince want to live? Or is this bastard interested in Liu Bei's wife? For yourself?

Su Chen looked at Cao Chun and shouted, "Ten thousand taels of silver, Cao Chun, get out of here right away.""

"He and I.....I agree, Su Chen, you have to pay me first."

Chapter 2048

Cao Chun was originally angry and wanted to teach Su Chen a lesson, but he didn't expect that Su Chen would pay him to leave.

Ten thousand taels of silver?

This is not a small sum.

Xu You's famous dandy prince is indeed a dandy prince. He has ruined his family for a few women. Sooner or later, this bastard's family fortune will be ruined.

Su Chen smiled when he heard Cao Chun's words.

Things that can be settled with money are no big deal.

He has a lot of money.

"Come on, give this money to that idiot"

"Yes, General! When Cao

Chun saw a soldier bringing money, he smiled and said to Su Chen, "Su Chen, if you need help, let me know. As long as the price is right, I don't mind helping you.""

Su Chen's eyes lit up when he heard Cao Chun's words.

Su Chen thought that Cao Chun was Cao Cao's nephew after all. If Cao Chun could help him with the massacre of the people he ordered earlier, it would also save him a lot of trouble.

Who will give the money anyway? No,

Su Chen gave this fool who owned an army money, and maybe he could continue to bribe Cao Chun in the future.

Su Chen smiled when he thought of this and said,

"Cao Chun, I slaughtered tens of thousands of people on the way here, help me get it, one hundred thousand taels of silver."

Cao Chun's face turned green when he heard Su Chen's words.

He slaughtered tens of thousands of people?

Does this bastard want his life?

If the lord Cao Cao finds out about this, all ten of Su Chen's heads will be chopped off.

Cao Chun is a little bit It's embarrassing.

One hundred thousand taels of silver is an astronomical figure.

Cao Chun doesn't want to give up this unexpected windfall, but how can he bury this matter for this bastard?

At this moment, the two beautiful women in the carriage looked at him in panic. Looking outside, they also knew that they could not escape this time. More than 10,000 troops were besieging them, and Zhao Zilong had no choice but to save them.

"Sister, why don't you let General Zhao take Adou away? It's impossible for us to escape."

"well! Can General Zhao escape with Adou alone? There are tens of thousands of troops surrounding this place."

"Ask General Zhao, if General Zhao can take me, Adou, to escape, let's let General Zhao take Adou to escape."

"Well, that's all."

After the two beautiful women in the carriage discussed it, they were about to call Zhao Yun back for questioning.

At this time,

Cao Chun thought about it and rode to the side of Su Chen.

He looked at Su Chen and said with a smile,

"Su Chen, I agreed, but the money is a little short, 150,000 taels of silver. A few uncles and I will help you get it."

Su Chen looked at Cao Chun and nodded, "Cao Chun, if you can't handle it, be careful I will use my money to kill you in the future. The 150,000 taels of silver will be given to the lord. If the lord wants to come, he will spare my life.""

Cao laughed loudly when he heard Su Chen's words and said,

"Haha, don't worry, with me and a few uncles here, massacring the people is nothing. Shouldn't the people who rebel should be massacred?"

Su Chen thought of Cao Ren, Xia Houyuan and Cao Cao's brothers. He guessed that this matter should not be difficult for them.

"After you get it done, the 150,000 taels of silver will be yours."

"It's a deal!"

"It's a deal!"

"Su Chen, farewell. By the way, I would like to remind you that you can do whatever you want with Liu Bei's wives, but you must either kill Liu Bei's sons or hand them over to the lord."

"I understand how to do it." Su Chen waved to Cao Chun who was leaving, and he looked at Zhao Zilong beside the carriage."

I'll go.

Is Zhao Zilong planning to lead Liu Bei's son to break out?

Damn, do you want to intercept?

Su Chen thought about it and decided to let it go. After seeing Zhao Zilong once, how could the Battle of Chibi be without such a fierce general as Zhao Yun?

Also,

Su Chen also wanted to know if Zhao Yun had lost Liu Bei's wife and whether Liu Bei was really magnanimous to

Zhao Yun. Thinking of this, Su Chen shouted to Zhao Yun, "Zhao Zilong, do you think you can escape among thousands of troops?"

"You'll know if you try it!"

Zhao Yun tied Liu Bei's child in his arms at this moment.

He was preparing to break out with a silver gun. Liu Bei's two wives were preparing to commit suicide. Zhao Zilong could do nothing about it. He could only take Liu Bei's only son away.

Su Chen He pointed around and said disdainfully to Zhao Yun,

"Try it? The archers I have here leave you helpless. You are powerful and are not afraid, but what about Liu Bei's son? Do you want Liu Bei's son to be killed by random arrows?"

"Su Chen, what do you want?"

"Liu Bei's wife belongs to me, and I can let you leave with Liu Bei's son, otherwise, none of you will survive."

Su Chen touched his chin and smiled.

He would not let Liu Paopao's two beautiful wives go, and he couldn't even let them commit suicide. In the plot, there seemed to be a woman who committed suicide by jumping into a well. This time, he couldn't let them go. They committed suicide again.

The reason why Su Chen threatened Zhao Yun was to dispel the idea of Liu Bei's wife committing suicide.

When Zhao Yun heard Su Chen's words, he angrily cursed, "Shameless, you are a dignified marquis, don't you have any face?"

"Hey, I'm just a shameless person, what can you do to me? All archers are ready. If Zhao Zilong wants to escape, shoot the child in his arms."

"Yes, General."

At this time, a beautiful woman in the carriage opened the curtain and said, "General Zhao, hand us over to that general, otherwise Adou will definitely not survive."

"Madam Mi, Su Chen is a lecherous dandy. If you fall into his hands, you will all....."

Mrs. Mi said to Zhao Yun with a look of helplessness, "General Zhao, Adou is my husband's only bloodline. You can't let your lord divorce us and hand us over to that general."

Another beautiful woman also said,

"Yes, General Zhao, Adou must get out alive. It doesn't matter to us two women. You must let Adou return to your lord Liu Bei alive."

Zhao Yun had a helpless expression on his face.

He knew that if Mrs. Mi and Mrs. Gan were taken away by Su Chen, they would definitely be humiliated by that lecherous Su Chen.

But he had no choice. If

Mrs. Mi and Mrs. Gan committed suicide, , Liu Bei's son might not survive, and Zhao Yun would not be able to rescue Adou intact among thousands of troops.

Zhao Yun held the silver gun tightly and shouted angrily,

"Suchen, I agree! However, if you plot against the two ladies, I, Zhao Yun, will definitely kill your head with my own hands in the future. Su

Chen waved Zhao Yun's words at the same time and said, "Come here, go and drive the carriage over.""

"Yes, General!"

After a while, a group of soldiers drove a carriage to the army.

"The entire army retreated and returned to camp."

After Su Chen gave orders to the surrounding troops, he got on the carriage.

Su Chen wanted to meet Liu Bei's two beautiful wives.

When Zhao Yun saw Su Chen getting on the carriage, he shouted angrily,

"Shameless bastard, Su Chen, I, Zhao Yun, will kill you with my own hands in the future. I will definitely kill you with my own hands."

Chapter 2049

On Changbanpo,

Su Chen didn't care whether Zhao Zilong could escape with Adou. There were a lot of Cao troops around. Whether Zhao Zilong would kill everyone in and out of Changbanpo. He was not interested in knowing.

In the carriage,

Su Chen looked at the two beautiful women and nodded. Both of them were good-looking. The fair-skinned one should be Mrs. Gan.

This Mrs. Gan looked nothing like Mrs. Gan from the Tianxuan Continent.

However, this Mrs. Gan is also a rare beautiful woman, her charm is still there, even the charm of a mature woman is very attractive.

The beautiful woman with a thin body should be Mrs. Mi.

Mrs. Mi is much more beautiful than Mrs. Gan, and she is also much younger than Mrs. Gan. Liu Paopao, who is in his fifties, actually married a man in his twenties. A beautiful woman of many years, this is really a flower stuck in cow dung.

Su Chen looked at these two beautiful women and threatened,

"You will all be my maids from now on. Don't think about escaping, let alone committing suicide. If you dare to commit suicide, I will strip your bodies naked and hang them on the city wall."

When Mrs. Mi and Mrs. Gan heard Su Chen's threat, they nodded hurriedly in fright.

Mrs. Mi and Mrs. Gan just saw Su Chen getting on the carriage.

They were so frightened that they stood close together.

A man got on them. The carriage.

Even looking at them lustfully,

Mrs. Mi and Mrs. Gan looked worried. They were worried that Su Chen would humiliate them in the carriage.

They are prisoners now, and they may even be the general.

Although they wanted to die, Su

Chen's threat made it difficult for them to accept. If they were stripped naked and hung on the city wall, their reputation would be completely ruined, and it might even bring Liu Bei's reputation into disrepute. Come and get dirty.

Su Chen looked at both sides and leaned in the carriage to rest.

Although these two women were not bad, they were only good. Compared with the goddesses, they were far behind. Mrs. Mi and Mrs. Gan were also It was his identity that interested him.

The trial tasks in this world were very easy. Su Chen planned to take a good rest and play in this world. Mrs. Mi and Mrs. Gan were just boring collections. When he was bored during this period, he You can enjoy these two beautiful women.

Half a month later, on the north bank of Red Cliff, in the camp of Cao Cao's army in Wulin, more than 400,000 troops gathered here. If you add hundreds of thousands of civilians, there are almost Seven or eight hundred thousand troops, in the Wulin military camp,

Su Chen holds the delicacies that Mrs. Gan and Mrs. Mi are eating.

Su Chen has not left the camp in the past ten days. The Battle of Chibi has not yet begun. Huang Gai has not arrived yet. The bitter meat plan It has not been implemented yet, and Su Chen has not intervened to disrupt the flow of the plot.

Mrs. Mi and Mrs. Gan are used to being hugged by Su Chen.

They have been hugged by Su Chen for more than ten days, but they are just hugs. Su Chen didn't do anything outrageous to them.

Mrs. Mi took a sip of tea and said to Su Chen, "General, this hot pot is not bad, but it's a little spicy."

Su Chen touched Mrs. Mi's face and said with a smile,

"It's good to eat spicy food. The South is a little humid. Eating more spicy food is good for your health."

"Well, the south is a little humid."

Mrs. Mi avoided Su Chen's hand and nodded.

In the past ten days,

Mrs. Mi and Mrs. Gan are no longer afraid of Su Chen.

They originally thought that Su Chen caught them to humiliate them. But in the past ten days, Su Chen just treated them as maids, and at most she only teased them.

Mrs. Gan poured a glass of wine for Su Chen and asked, "General, will you let us go?"

Su Chen shook his head and replied,

"No, you will always be my maids from now on. You follow Liu Pao and become homeless everywhere. You have to be busy running for your life every two days. What good is this? Women should live peacefully"

"Besides, Liu Bei is a villain whose women are like clothes and brothers are like siblings. Liu Bei can abandon you at any time, and even abandon you when he is in danger. You might as well stay with me."

Mrs. Mi and Mrs. Gan fell silent when they heard Su Chen's words.

They knew that what Su Chen said was very right, but after all, they are Liu Bei's wives. When married, they obey their husbands. This is an eternal rule. They are both weak women. What else can be done

"General, outside the camp, a centurion named Gao Ze asked to see the general."

Gao Ze?

Why is this name so familiar?

I'll go!

Gao Ze, isn't he a villain in the God of War plot?

Su Chen rubbed his forehead and felt a headache. He didn't expect that a character in the God of War plot would appear, right? Well, if Gao Ze exists, then there must also be Xia Hou Qingyi?

Su Chen's eyes lit up when he thought of the beautiful Xia Hou Qingyi,

"Bring Gao Ze here"

"Yes, General!"

Su Chen held Mrs. Mi and Mrs. Gan in his arms again.

He is now a dandy nobleman and a lustful person. Since he has such an identity, Su Chen plans to be a lustful dandy nobleman.

Mrs. Mi Mrs. He and Mrs. Gan were hugged by Su Chen again, and their faces turned red.

Although this had happened many times, no one had noticed it before. Now that a little centurion was coming to the camp, both Mrs. Mi and Mrs. Gan I feel very embarrassed

"Centurion Gao Ze saw General Su."

At this time, a heroic young man wearing armor came in and saluted Su Chen, saying,

"Gao Ze, why did you come to see me? Gao

Ze looked up at Su Chen and said directly, "General, I want to join your army, and I also ask the general to accept Gao Ze."

Gao Ze's eyes lit up when he looked at Su Chen holding two beautiful women.

He didn't think the legendary things were true. These two beautiful women should be Liu Bei's wives.

In the entire Wulin camp,

All the soldiers knew that Su Chen had stolen Liu Bei's wife, but no one dared to care.

Women were not allowed in the military camp, but hundreds of thousands of troops knew it, and even all the generals knew that in the entire camp, I'm afraid only the Prime Minister Cao Cao didn't know.

No general revealed this matter to Cao Cao.

This made Gao Ze confused.

He also saw this.

Gao Ze wanted to take refuge in Su Chen, and

Gao Ze could only take refuge in a general with great ability. Only then can he stand out, and he can also become a general with a large army.

Su Chen looked at Gao Ze and said,

"Gao Ze, I can give you a chance. As long as you do something for me, I can give you the command of the 10,000 troops in my hand, and even the 15,000 troops that will arrive the day after tomorrow."

Gao Ze immediately bent down and cupped his fists, saying,

"General, please give me your orders!"

"Gao Ze, go and bring Xiahou Qingyi to me intact. This young master has taken a liking to Xiahou Qingyi."

Chapter 2050

Su Chen still quite recognized the villain Gao Ze.

Although Gao Ze was more utilitarian, he had no loyalty at all, and would even do whatever it took to achieve his goals.

However,

Su Chen dared to use Gao Zeze to control him. With a small team of mortals, it was very easy for Su Chen to kill him.

Su Chen also valued Gao Zeze's strength. Gao Ze could fight equally with Zhao Zilong. If Gao Ze is given a chance, Zhao Zilong may not necessarily be Gao Ze's opponent.

Gao Ze's expression changed when he heard Su Chen's words.

Xiahou Qingyi was the woman he liked. He didn't expect that Su Chen would fall in love with Xiahou Qingyi.

Gao Ze struggled in his heart.

If he gave Xiahou Qingyi to Su Chen, he could reach the sky in one step. With an army of more than 20,000, this was the level of a general of the Four Expeditions. Gao Ze didn't

want to give up this opportunity. After thinking about it, Gao Ze decided He saluted Su Chen and said,

"Don't worry, general, I will bring Xiahou Qingyi intact within three days."

Su Chen nodded and promised,

"Okay, Gao Ze, bring back Xiahou Qingyi within three days. My army will be led by you. If you perform well in this war, I will ask for the official position of General of the Four Expeditions for you."

"Don't worry, General. I won't let you down."

"Go ahead, I'm waiting for your good news"

"Yes, General."

Su Chen continued to eat when he saw Gao Ze leaving.

Xiahou Qingyi is an extremely beautiful woman.

If possible,

Su Chen would take Xiahou Qingyi away.

At this time, a soldier reported outside," Reporting to General Li Dian, General Li Dian sent 6,000 war horses."

Su Chen heard the soldier's report and ordered,"Ask the deputy general to send 50,000 silver to Li Dian, and the horses will be commanded by the cavalry captain."

"Yes, General!"

Su Chen didn't expect Li Dian to move so quickly. It seems that money is invincible in that world.

In the past half month,

Su Chen has wanted money to pave the way for everything, including weapons, armor, and war horses. He wanted the best of everything. Okay, I even asked the generals privately to bring some troops.

In the past half month,

Su Chen spent more than half a million yuan.

Except for Su Chen not giving money to Cao Cao, all the generals with higher positions than him, He joined the army and the counselors gave them money. Even if he is messing around in the military camp, no one dares to take care of him.

Su Chen hugged Mrs. Mi and kissed her and said, "Beauty, I am very happy today. You can come to bed with me tonight."

"General, you....."

Madam Mi was stunned when she heard Su Chen's words.

Madam Mi didn't expect that Su Chen would attack her tonight and sleep with her tonight.

What should she do?

Su Chen looked at Mrs. Mi's panic and said with a smile,

"how? If you don't want to, then let Mrs. Gan sleep with you. Anyway, one of you will sleep with you tonight. You can discuss it. It's okay if you both come to bed with me."

Mrs. Mi and Mrs. Gan bowed their heads after hearing Su Chen's words.

How could they go to bed at the same time?

This day has come.

Mrs. Mi and Mrs. Gan knew that such a day would come sooner or later, but after this day came, they felt I was still very panicked.

One day passed.

Mrs. Mi stayed with Su Chen all night last night.

Su Chen got up early and prepared to go to Cao Cao's camp. Today, Cao Cao had to gather his generals and order troops, so he had to go there. cutscene

"General, where is Mrs. Mi?"

In the big tent,

Mrs. Gan saw Su Chen arriving. She hurriedly saluted Su Chen and said,

"Still resting."

Su Chen hugged Mrs. Gan and finished the job.

There was still half an hour left.

Su Chen was not in a hurry to see the wife Cao. With Mrs. Gan, a beautiful woman, there was no need for him to go to see the short black man early. Wife Cao

"General, I.....I'm going to see Mrs. Mi."Mrs. Gan hurriedly grabbed Su Chen's erratic hand, and said to Su Chen with a blushing face.

Su Chen patted Mrs. Gan's plump body and agreed,

"Well, go ahead and order the soldiers to do whatever is necessary."

Su Chen originally wanted to flirt with Mrs. Gan, but he thought that Mrs. Mi was unconscious several times last night. Mrs. Mi also needs someone to take care of her. It seems that she needs to find some maids.

"Yes, General!"

Mrs. Gan hurriedly exited the tent after Su Chen let her go.

Mrs. Gan wanted to see how Mrs. Mi was tortured by Su Chen. She hoped that Mrs. Mi would not be covered with bruises.

In Cao Cao's commander's camp, more than thirty or twenty generals and counselors have gathered here. When Su Chen arrived, everyone greeted Su Chen, and Su Chen also talked to these generals and counselors.

Cao Chunla As Su Chen came to the side, he whispered, "Su Chen, do you still need war horses?"

"You have?"

"I have more than a thousand war horses. Those are reserve horses for tiger and leopard riding. Do you want them?"

"Cao Chun, make a price."

Cao Chun gestured to Su Chen and whispered,

"Fifteen thousand.....Less than twenty thousand taels of silver, Su Chen, my horses are much better than Li Dian's. Those are all good horses."

Su Chen patted Cao Chun on the shoulder and said with a smile,

"Cao Chun, plus a thousand soldiers of tiger and leopard cavalry, I will give you fifty thousand taels of silver."

Cao Chun's face turned green when he heard Su Chen's words.

This bastard is getting bolder and bolder. A small and deviant general now controls nearly 30,000 troops. This bastard is not afraid of being discovered and killed by Cao Cao. He.

Cao Chun shook his head hurriedly and replied, "This is impossible. I don't dare to give you the soldiers of the Tiger and Leopard Cavalry at will." Su

Chen patted Cao Chun on the head and whispered, "Idiot, wouldn't you tell Prime Minister Cao that more than a thousand people were killed in the attack on the Tiger and Leopard Cavalry?" Prime Minister Cao was defeated by Soochow before. If you say you were attacked by Zhou Yu, Prime Minister Cao will not doubt it."

Cao Chun's eyes lit up when he heard Su Chen's words. He thought Su Chen's method was good.

Cao Chun touched his head and said to Su Chen,

"Su Chen, I'll go back and think about it."

Su Chen nodded, and then he continued to say to Chun,

"Also, Cao Chun, when will Xiao Qiao be captured by me? I've got all your fucking money, why haven't you arrested him yet? If you can't do it, I'll ask your uncle Cao Ren to take action."

"No, give us two more days. My people haven't checked where Xiao Qiao is these days. Su Chen, don't rush me."

Su Chen shouted angrily,

"Can I fucking not be in a hurry? That old pervert Cao Cao is also thinking about Xiao Qiao. I have to get Xiao Qiao one step ahead of Cao Cao."

Cao Chun looked around in shock when he heard Su Chen's words.

He didn't expect that Su Chen would dare to call Cao Cao by his first name. This bastard was becoming more and more lawless.

Cao Chun regretted making a deal with this bastard. His expression changed. The ugly one reminded Su Chen,

"Damn bastard, you don't want to live anymore, that's Prime Minister Cao, how dare you call Cao Cao an old pervert?"

"Within three days, I want to see Xiao Qiao. If I don't have Xiao Qiao, then Da Qiao is fine. Cao Chun, don't let me down."
