

Zongwu 2081

Chapter 2081

Su Chen didn't expect that Cao Cao would be interested in Mrs. Mi and Mrs. Gan. He couldn't wait to kill Cao Cao. If he couldn't do it now, Su Chen would have wanted to cut off Cao Cao's head now.

As soon as Su Chen came out of Cao Cao's tent,

Xu Zhu hurriedly shouted to Su Chen,

"Anlehou, I have been waiting for you for a long time. Su

Chen saw Xu Zhu and asked with a cold face, "Xu Zhu, who told Cao Cao that I got Liu Bei's wife?"

When Xu Zhu heard Su Chen directly calling Cao Cao's name, he hurriedly pulled Su Chen aside and reminded him, "Shh! Anlehou, don't you want to live? How can you call the Prime Minister by his first name?"

"Stop doing this, it's just the two of us here, tell me, who betrayed me?"

"It's Cao Pi!"

"Damn it, it turns out to be that little bastard, sooner or later I'm going to kill him"

"Anlehou, I can't stand Cao Pi either, but as his prime minister's son, you'd better be patient."

"Shit, can I bear it?"

Xu Zhu was also speechless towards Su Chen.

Can Cao Pi kill him?

If Cao Pi could kill,

Xu Zhu would have chopped off the pretty boy long ago.

Xu Zhu looked at Su Chen's cold face and guessed that Cao Cao might ask Su Chen for Liu Bei's death. There are two ladies, no wonder Su Chen had an indifferent expression after he came out.

Xu Zhu thought of the beautiful woman he had captured for Su Chen, and he smiled at Su Chen and said,

"By the way, Anlehou, I have brought Huang Yueying and Zhen Mi to you. Since you have been away for nearly a month, I have hidden them in my military camp. I will have them delivered to you now."

Su Chen patted his forehead after hearing Xu Zhu's words. He had forgotten what Xu Zhu wanted to promise him.

Huang Yueying,

Zhen Mi,

Xu Zhu really brought people over to him.

This drunk maniac is really Reliable,

Su Chen thought, if he promised to give Xu Zhu ten years of wine, would Xu Zhu also kidnap Cao Cao's wife?

"Xu Zhu, you did a good job this time. I will treat you to a drink tonight. I will take care of you in Erguotou. In addition, I will inform the generals Cao Chun, Cao Ren, Xiahou Dun, Xia Houyuan, Zhang Liao, Le Jin, and Zhang He that I will entertain them tonight."

"Ha ha..."

When Xu Zhu heard Su Chen's words, he laughed and said, "No problem, leave it to me to inform you."

"Okay, I'll wait for you at my camp tonight"

"Haha, we will definitely be there tonight."

Not long after Su Chen returned to his camp,

Xu Zhu's soldiers arrived with Huang Yueying and Zhen Mi. After Su Chen rewarded this group of soldiers with ten taels of silver, he told them to get out.

"Are you Huang Yueying? Are you Zhen Mi?" Su Chen looked at the two beautiful women. He pointed at them and asked.

These two beauties are both very beautiful.

Huang Yueying is younger, and

Zhen Mi is about twenty-six or seventeen years old.

However,

Su Chen I think Zhen Mi and Huang Yueying are both very beautiful.

Huang Yueying is a bit like a Westerner, with blue eyes, a high nose, fair skin, a plump and tall figure, and long golden hair. Huang Yueying is probably a mixed-race beauty..

Zhen Mi is nothing short of a Luo Shen, with bright eyes, delicate red lips, delicate face, convex figure, and a beautiful and cold expression that makes people want to conquer her just by looking at her.

"Anlehou, why did you kidnap me? Huang

Yueying asked with a cold face while glaring at Su Chen.

Huang Yueying did not expect that Xu Zhu, who abducted her, would actually give her to Su Chen, the Marquis of Anle. She always thought that Cao Cao ordered Xu Zhu to abduct her. It seems that her previous The guess was wrong.

Su Chen smiled and said to Huang Yueying, "Little beauty, aren't you asking nonsense? You are so beautiful, so of course I kidnapped you to give me children. Huang

Yueying was so angry that she yelled at Su Chen, "You are shameless. I have a fiancé. Aren't you afraid of being struck by lightning if you do this?"

Su Chen said with disdain when he heard Huang Yueying's words.

"Are you talking about Zhuge Liang?"

"Huang Yueying, don't think about Zhuge Liang. Zhuge Liang will die within a year, and all the Zhuge family will be executed. You should be lucky not to marry Zhuge Liang, otherwise, all of your Huang family will be executed."

"you...."

Huang Yueying was very scared when she heard Su Chen's words.

Although she didn't care about Zhuge Liang's life or death, she cared about the Huang family very much.

After all, Huang Yueying has never met Zhuge Liang, and she has no feelings for Zhuge Liang.

Huang Yueying was also married to Zhuge Liang by her father. If she married Zhuge Liang, dozens of members of the Huang family would be executed. Huang Yueying would not feel at ease even if she died..

Zhen Mi sat aside without speaking.

She knew her fate after being captured by Cao Cao's army.

Zhen Mi guessed that she was either insulted by Cao Cao or by Cao Pi, who had been spying on her.

It's just that she didn't expect to be sent to Anlehou.

Although Anlehou was a marquis, he was also an outright playboy.

Zhen Mi couldn't understand why

Cao Cao's guard general Xu

Zhu secretly gave her to Su. morning?

Su Chen waved his hand and said to Huang Yueying and Zhen Mi,

"You go and dress up in the big tent. You will be my wives and concubines from now on. I will invite some generals to a banquet later. You will attend the banquet with me. Don't disagree. You should know the consequences of disobeying my orders."

Su Chen is not worried that Huang Yueying and Zhen Mi will be exposed. Cao Cao will be killed by him tonight, and Su Chen has no need to hide the existence of Huang Yueying and Zhen Mi.

Moreover, that little bastard Cao Pi will definitely come tonight , if Cao Pi sees Zhen Mi, he will definitely have a fit.

Su Chen can also humiliate Cao Pi. If Cao Pi can't stand the humiliation, he will definitely go to Cao Cao to complain.

Su Chen can also take the opportunity to kill Cao Cao and put the blame on Cao Pi.

Tonight, he killed two birds with one stone, no, he killed three birds with one stone. Not only did Su Chen get the two beauties Huang Yueying and Zhen Mi, he was also able to kill Cao Cao and put the blame on that little cunt Cao Pi.

Huang Yueying and Zhen Mi heard Su Chen said, they looked at each other and walked to the main room.

They didn't dare to disobey Su Chen's orders.

This was a military camp, and Anle Hou Su Chen was a powerful general. Even Cao Cao's guard Xu Zhu was in favor of Anle Hou Su Chen. They were also worried that they would cause death to their family.

When Su Chen saw Huang Yueying and Zhen Mi entering the big account, he patted his forehead and said speechlessly, "Damn it, why am I becoming more and more like a bully?" The bully?"

Chapter 2082

In the evening, in Su Chen's military camp, generals arrived one after another.

In the big tent, more than ten generals with military power sat down one after another. They all wanted to drink Su Chen's wine, and even some generals wanted to fight with Su Chen. Good relationship, after all, Su Chen is a very rich marquis.

Xu Zhu looked at Su Chen on the main seat and shouted

"Anlehou, please send me some wine. It's been almost a month, but I haven't had a sip of wine. I can't wait to drink Erguotou."

Su Chen laughed when he heard Xu Zhu's shouts and said,

"Haha, Xu Zhu, not only is there good wine today, but Erguotou is not considered good wine either."

Su Chen looked at Xu Zhu, Xia Houdun, Xia Houyuan, Zhang Liao, Cao Ren, Cao Chun, Li Dian, Yue Jin, Yu Jin, Wenpin, Xu Huang, and Cai Mao who had just joined Cao Cao.

Su Chen said continued,

"Generals, thanks to you for looking up to me. I have nothing else but plenty of wine and money. My army is all provided by you. I won't say more here."

"Drink first, I will give you a big gift later.

Cao Chun looked at Su Chen and asked with bright eyes, "Oh?" Anlehou, do you have any wine that is better than Erguotou?"

"certainly!"

Xiahou Dun also asked hurriedly,

"How good is it?"

Su Chen looked at these people and said with a smile, "Erguotou is just the most ordinary wine. What I want to treat everyone to today is fairy wine.

Zhang Liao asked with disbelief, "Immortal wine?" Anlehou, are you kidding?"

Bah bang bang!

Su Chen clapped his hands and said to these generals, "Haha, everyone, you have sixteen generals, each of you has a bottle of fairy wine."

At this time,

Huang Yueying and Zhen Mi came from the big They appeared behind the account.

Each of them was holding several bottles of Wuliangye, and these were all Wuliangye in glass bottles. This was not the wine that Su Chen packed in jars. These glass bottles alone were priceless treasures in this era.

Huang Yueying and Zhen Mi went back and forth several times, and they placed a glass bottle of Wuliangye in front of each general.

Then

Huang Yueying and Zhen Mi sat next to Su Chen. The two women were still very surprised.

Su Chen told them what Su Chen had told them before.

They originally thought they were just sending some fine wine, but they saw several boxes of fine wine in glass bottles.

They were confused at the time.

"this.....This is really a fairy wine!"

"My God, this glass vase alone is worth ten thousand gold"

"Yes, the wine is so clear, it looks like water"

"Damn it, Xia Houyuan, don't you smell the aroma of Nong Lie's wine? This is Zheng's ambrosia"

"I'm just using a metaphor. You old man, wouldn't I know this is ambrosia?"

"I couldn't bear to drink it just looking at it. Immortal wine, one sip would only make you lose one sip."

The generals Xiahou Dun and Zhang Liao looked at the wine in front of them with surprised expressions.

The fairy wine in the glass bottle was even the top glass bottle.

Just one glass bottle was worth ten thousand gold, and they didn't even come out. I have seen such fine wine.

Su Chen smiled when he saw the surprised expressions of these generals.

There was a lot of wine in Su Chen's system space. He had emptied several large supermarkets in the super god world.

Su Chen Chen Chen looked at the blushing Gan Ning next to him and was very speechless.

He gave Gan Ning two bottles of Wuliangye. Wouldn't this bastard drink them all in one go?

Su Chen shouted to the dizzy Gan Ning,

"Gan Ning, give the generals glasses."

Gan Ning patted his dizzy head and hurriedly replied,

"Yes, Lord Marquis!"

After a while,

Gan Ning gave each general a glass.

The generals in the big tent were very speechless when they looked at the glass in front of them.

This was another top-quality glass cup.

They were all interested in Anlehou Su Chen. Their financial resources were very shocked. The glass bottle and glass cup in front of them were worth twenty thousand gold, not to mention the fairy wine in the glass bottle.

Su Chen waved his hand and said to the generals,

"Everyone, pour some wine and have a drink. You have all drunk Erguotou and know that the alcohol content is very high. Give me a sip. If you waste the wine, I don't have any extra wine for you. Li

Dian shouted to Su Chen, "Marquis Anle, we know that we will not waste a drop of fine wine."

The other generals also nodded.

Most of these generals have drunk Erguotou and know that these wines are very fragrant and spicy.

Su Chen took out two bottles of ordinary spiritual wine and placed them on the table.

He looked at them Looking at the two women beside him, he said, "Huang Yueying, Zhen Mi, if you drink this kind of wine, you can beautify your face. Huang

Yueying looked at Su Chen and said warily,

"I do not drink"

"what ever."

Su Chen glanced at Huang Yueying and didn't force him.

He looked at Zhen Mi and poured her a glass of spiritual wine. Su Chen felt that Zhen Mi seemed to have accepted her fate, and even Zhen Mi knew her situation.

"Zhen Mi, since Huang Yueying doesn't drink, these two bottles of wine belong to you, how about you try this wine first? If it doesn't taste good, I'll change it for you."

"Yes, Anlehou!"

Zhen Mi blushed and started drinking from the wine glass.

She took a small sip of the spirit wine.

Zhen Mi felt that her body suddenly felt warm. Even her spirit, which had atrophied due to fear these days, suddenly recovered. This made her feel much better than if she had to rest for a few days, and she obviously felt that her physical condition had changed. Some of her underlying diseases seemed to have disappeared, including abdominal pain and even dizziness from time to time. She now clearly felt uncomfortable. Arrived.

Su Chen smiled when he saw Zhen Mi drinking. He knew that as long as Zhen Mi drank the spiritual wine, Zhen Mi would know the benefits of the spiritual wine.

"Anlehou, you hosted a banquet without inviting me. Do you look down on me?"

At this time,

Cao Pi came in shouting from outside the big account.

When Su Chen saw Cao Pi coming, he was about to start his plan.

Su Chen looked at Cao Pi and pretended to be angry and shouted, "Cao Pi, I You were not invited to come, don't you know why? Get out of here, you're not welcome here"

"Anlehou, how dare you drive me away?.....Zhen Mi? Why is Zhen Mi here with you? Anlehou, you dare to take out prisoners from the forbidden palace privately. You have committed a heinous crime."

Xu Zhu had an ugly look on his face when he heard what Cao Pi said.

He didn't expect that Cao Pi would come without being invited and even found Zhen Mi next to Su Chen.

However,

Xu Zhu would not let Su Chen be wronged by Cao Pi.

He stood up and He shouted to Cao Pi and asked

"Cao Pi, I gave Zhen Mi to Anlehou, what? do you have any opinion?"

Chapter 2083

When Cao Pi saw Zhen Mi appearing next to Su Chen, he was very angry.

Cao Pi was determined to win Zhen Mi. He did not expect that not long after arriving at Wulin Camp, Zhen Mi would be snatched away by Su Chen, and it was Xu Zhu sent it to Su Chen.

The Forbidden Palace was a place where the female relatives of the exterminated princes were imprisoned. He could not enter without Cao Cao's order.

As Cao Cao's general, Xu Zhu dared to take Zhen Mi out privately, and even gave it to the dandy An Lehou. Cao Pi wanted to kill this bastard Xu Zhu.

The generals around looked at Cao Pi one by one.

Although they didn't know what was going on with Zhen Mi, the generals here also guessed something because of Cao Pi's anger because of a beautiful woman, or even Xu Zhu's disdain for Cao Pi..

Cao Pi wanted to compete with Su Chen for the beauty.

These generals shook their heads and ignored Cao Pi. Cao Pi was only one of Cao Cao's many sons.

Although Cao Pi was talented and capable, he was not yet the heir apparent, and the generals who held military power did not care about Cao Pi.

Cao Pi threatened Xu Zhu with a sullen face,

"Xu Zhu, Zhen Mi is a prisoner. If you give her away privately, don't you worry about my father punishing you? Xu

Zhu shouted to Cao Pi, "Cao Pi, this is my business, you don't need to worry about it at all."

Cao Pi saw Xu Zhu's nonchalant look, and he was helpless.

Xu Zhu was Cao Cao's most trusted general.

Even if Cao Cao knew what Xu Zhu had done, Cao Cao would not be able to reprimand Xu Zhu because of a prisoner. Cao

Pi After glaring at Xu Zhu, he looked at Su Chen and threatened fiercely,

"Huh, Anlehou, please be wise and let me take Zhen Mi away, otherwise your end will be very miserable?"

Su Chen hugged Zhen Mi's small waist and asked with a smile,

"oh? What will be my fate?"

Zhen Mi was stiff when Su Chen held her.

However, when she thought of her mother and the situation of her sisters,

Zhen Mi relaxed again.

She wanted to save her mother and sisters.

Zhen Mi I don't know if Su Chen, the Marquis of Anle, can save her family, but this is her only chance. She can only obey Su Chen's words now.

Cao Pi shouted to Su Chen with a gloomy face.

"Su Chen, I am the Prime Minister's son. You will not end well if you offend me."

"Cao Pi, you are just one of the prime minister's many sons. Do you think you can become the heir apparent? You'd better go back to sleep. When you go back and dream, you can become the heir apparent."

"you...."

Su Chen looked at the generals around him and said to Cao Pi,

"Cao Pi, I will tell you today that as long as I am here, you will never be the heir in your life, and the generals here will not support you in becoming the heir. Cao Pi, do you know why I do this?"

Cao Pi was stunned when he heard Su Chen's words.

He didn't expect that Su Chen would say that.

Cao Pi looked at the disdainful expressions of more than a dozen generals around him.

He felt very uneasy.

If none of these generals with military power didn't By supporting him, Cao Pi wouldn't have to think about the crown prince's position at all.

"you....Why?"

Su Chen took a sip of wine and deliberately made Cao Pi angry.

"Why? Liu Bei's two wives are in my hands. Is this what you told the prime minister? The entire army in the Wulin camp, and even many generals knew that I had Liu Bei's wife, but no soldier or even a general told the prime minister."

"Cao Pi, you are really good, narrow-minded, petty-minded, and a snitch. Do you think you can become the heir apparent? Will the generals here make you the heir apparent?"

Cao Pi clenched his fists angrily when he heard Su Chen's words.

He guessed that Su Chen must be taking revenge on him because of Liu Bei's wife. Su Chen hosted many generals for this banquet. This bastard must be trying to win over the generals here to oppose him. He was the crown prince.

Cao Pi looked at Cao Ren, Xiahou Dun and Xiahou Yuan, and he hurriedly bent down and saluted,

"Uncles, Su Chen is forming a clique for personal gain. You have to make the decision for your nephew."

Cao Ren looked at Pi with great disdain.

Cao Pi only saluted him now.

Is he using him as a spearman?

Is he, Cao Ren, a fool?

"Cao Pi, please leave and don't disturb us drinking here!

Xiahou Dun shouted with a livid face, "Cao Pi, leave immediately, don't disturb our gathering here." Xia

Houyuan waved his hand and reminded,

"Cao Pi, you are just a young master. This is not the place for you. You should leave quickly."

"I....."

Cao Pi did not expect Cao Ren, Xiahou Dun, and Xia Houyuan. None of his uncles helped him speak.

He knew that he was going to be doomed.

If Cao Pi failed to become the heir apparent, Su Chen, the Marquis of Anle, would definitely not let him go in the future. For a general with military power, it would be very easy for the Marquis of Anle, Su Chen, to deal with him in the future.

Su Chen looked at Cao Pi's uneasy look and smiled.

This time the plan has been completed. When Cao Pi leaves to find Cao Cao, Su Chen can assassinate Cao Cao. He will make it look like Cao Pi thinks he is not worthy of becoming the heir, and that Cao Pi wants to kill Cao Cao to ascend to the throne..

Su Chen looked at Cao Pi and planned to add more fuel to the fire.

He thought of Zhang Fei's wife Xia Houying.

Zhang Fei had not kidnapped Xia Houyuan's niece Xia Houying.

Su Chen wanted to win over Xia Houyuan. Xia Houying should be a breakthrough. After Xiahou Yuan's death, the Xiahou family would definitely not object to their control of Cao's army.

He looked at Xia Houyuan and said with a smile,

"General Xiahou, I heard that you have a niece named Xiahouying. She is a very beautiful woman. I want to marry your niece Xiahouying. I will give you one hundred thousand taels of gold as a betrothal gift and six bottles of fairy wine. General Xiahou, I am very sincere."

"Ha ha....."

Xia Houyuan laughed when he heard Su Chen's words.

He didn't expect that Su Chen would offer one hundred thousand gold and six bottles of fairy wine.

This was a big deal. Xia Houyuan guessed that Su Chen must have found out about his niece, and even about his niece. He is determined to win. Xia Houyuan cannot refuse, and it is impossible for him to refuse this marriage.

"Okay, Su Chen, I agree. You have the vision. My niece Xia Houying is very beautiful. After the war, I will let you get married immediately."

Xiahou Dun immediately stood up and shouted to Su Chen,

"Su Chen, Xia Houying is also my niece. Why do you only propose marriage to my brother Xia Houyuan? Su

Chen asked suspiciously when he heard Xiahou Dun's words, "General Xiahou, isn't Xia Houying Xiahou Yuan's niece?"

"Xia Houying is also my niece!"

"Well, I don't care about that. Why don't you two split the dowry gift?"

Chapter 2084

Su Chen didn't care at all whether Xia Houying was Xia Houyuan's niece or Xiahou Dun's niece. He just wanted to use Xia Houying to win over the Xiahou family.

However,

Xia Houying must be very beautiful, otherwise Zhang Fei, the reckless man, would not be able to fall in love with Xia Houying.

In the big account, many generals were stunned after hearing the conversation between Su Chen and Xia Houyuan. One hundred thousand taels of gold and six bottles of fairy wine were a huge betrothal gift. One hundred thousand gold gave these generals. They were very surprised, plus six bottles of priceless fairy wine. The minds of these generals also became active. Su Chen, the Marquis of Anle, was very lustful. The generals here thought that if they married Su Chen, they would not only get a large amount of money, but also the coveted fairy wine. Cao Pi looked at Su Chen with a sullen face. He felt that it was unnecessary for him to stay here. Cao Pi was a majestic son of a prince, but the generals here turned a deaf ear to him. Even Su Chen, the Marquis of Anle, wanted to marry the Xiahou family. Cao Pi thought that after Su Chen married the Xiahou family, his situation would be even more dangerous. Cao Pi looked at Su Chen and then at the general here. He was about to go back and report to Cao Cao. Although Anlehou Suchen did not intend to rebel, he and many generals held a banquet and drank together. Cao Pi thought of Cao Cao's suspicious character. Even if Anlehou Suchen did nothing wrong, Cao Cao would not let Anlehou Suchen go. Cao Pi smiled sinisterly and turned around to leave. He couldn't wait to see Su Chen being executed. As long as Su Chen is executed, Zhen Mi, a beautiful woman, will still be his in the future, and Xia Houying, that little beauty, will also be his. When Su Chen saw Cao Pi leaving, he smiled and said loudly, "Everyone, drink the fairy wine to your heart's content. After drinking the fairy wine, I will take care of Erguotou."

"

"Drink, you won't come home until you're drunk today!"

"Xianjiu and Erguotou are both fine wines. I want to drink them to my heart's content today."

"Haha, that's right. The war hasn't started yet. We won't go home until we get drunk today."

"Yes, this is my celebration banquet. Let's all have a drink."

"Xiahou Dun and Xia Houyuan were lucky. Their niece was attracted by Anlehou. They will definitely have endless amounts of wine and fairy wine in the future."

"General Lejin, you can also find a beautiful woman for Anlehou. Didn't you see Xu Zhu? The two beauties around Anlehou were given by Xu Zhu. Xu Zhu will not be short of fine wine in the next ten years."

"Well said!"

In the big tent, more than a dozen generals were chatting happily while drinking. They saw Xia Houyuan and Xiahou Dun still arguing about the distribution of betrothal gifts. They were all very envious.

Su Chen held Zhen Mi in his arms and drank wine. Time, he wanted to seize the best time to kill Cao Cao.

Suddenly ,

Su Chen discovered that Huang Yueying also started drinking.

"Huh? Huang Yueying, don't you drink?"

"I want you to take care of it!"

Huang Yueying glared at Su Chen with her face flushed.

Huang Yueying was also winked by Zhen Mi, and she started to drink.

But as soon as she took a sip, she felt like her body was being washed, and she felt very comfortable all over. She even felt that her physical fitness had been improved a lot. Huang Yueying felt that she could now lift hundreds of kilograms of items.

Come on!

This little beauty Huang Yueying really has a personality!

Su Chen immediately hugged Huang Yueying into his arms , after drinking his wine, he will take advantage of Huang Yueying, a mixed-race beauty.

This is the first time he has met a mixed-race beauty, and she is a mixed-race beauty from ancient times. Su Chen is also interested in Huang Yueying's life experience.

Huang Yueying was captured by Su Chen Holding it in his arms, he hurriedly struggled and said,

"Let me go!"

Su Chen hugged Huang Yueying's soft waist and said with a smile,

"Huang Yueying, if you drink my wine, you are mine. No matter how hard you struggle, it will be in vain."

"Shameless!"

"I'm shameless. Haven't you heard the rumors about me?"

"you....."

Huang Yueying was helpless towards Su Chen.

She couldn't break free from Su Chen's arms. Huang Yueying saw Zhen Mi blushing next to her and stopped struggling.

It had been almost a month since Huang Yueying was kidnapped by Xu Zhu.

She thought of the future Even when she goes home, her family may think that she has lost her innocence. Huang Yueying looked at Su Chen and continued to drink. She now wants to wake up after being drunk. This is a dream.

At this time, a general came to Su Chen and said with a smile, "Marquis Anle, I am Cai Mao. Thank you Marquis Anle for the banquet this time."

"Cai Mao? General Cai, you are the navy general who will attack Jiangdong this time. Whether the Jingzhou navy can invade Jiangdong depends on General Cai's ability."

Cai Mao smiled when he heard Su Chen's words and said,

"Haha, Marquis Anle deserves the award. Although the Jingzhou navy is not as good as the Jiangdong navy, it won't be a problem as long as we invade Jiangdong."

"General Cai, do you have a problem with me?"

Cai Mao looked at Zhen Mi and Huang Yueying, then smiled at Su Chen and said, "Marquis Anle, can you lend me a moment to speak?"

"sure!"

Su Chen is eager to leave the big account for a while.

The timing of Cai Mao's arrival is very good. Su Chen can also use this opportunity to kill Cao Cao.

"Anlehou, what are you going to do with General Cai?"

At this time,

Zhang Liao saw that Su Chen was about to leave the tent with Cai Mao, and he hurriedly followed him and shouted.

Cai Mao saw Zhang Liao following him, and he said speechlessly.

"General Zhang, Marquis Anle and I have something to discuss. We are outside the big account."

Zhang Liao patted Cai Mao on the shoulder and laughed,

"Haha, I also have something to discuss with Anlehou. Let's go outside the big account together."

Su Chen looked at Zhang Liao and didn't say anything. It doesn't matter if there is just one more person. However

, what did Zhang Liao want to say to him?

Is it because of Lu Bu's daughter Lu Lingqi? Or is there news about Diao Chan in Zhang Liao?

Outside the big account,

Su Chen Zai was very speechless when he heard Cai Mao's words. Cai Mao actually wanted to give her sister to him?

Damn it!

Is Mrs. Cai a beauty?

Cai Mao is so ugly, I'm afraid Mrs. Cai won't be a beautiful one. Beautiful woman.

Su Chen could only push it off because of the war. He didn't want any woman. If Cai Mao hadn't been needed in the water battle, he would have kicked this ugly monster away long ago.

Zhang Liao saw Su After Chen Chen talked with Cai Mao, he said to Su Chen seriously, "Marquis Anle, I think you can accept the idea of marrying Lu Bu's daughter Lu Lingqi."

Chapter 2085

Su Chen was a little surprised when he heard Zhang Liao's words.

Lu Bu's daughter Lu Lingqi was really in Zhang Liao's hands. Didn't Zhang Liao give Lu Bu's daughter to Cao Cao? Or did Cao Cao let Lu Bu's daughter Lu Lingqi go in order to win over Zhang Liao?

Su Chen asked Zhang Liao in confusion, "General Zhang, do you have Lu Bu's daughter in your hands?"

Zhang Liao nodded and replied,

"Yes, when I took refuge with Prime Minister Cao, Lu Bu's daughter Lu Lingqi was one of the conditions. Prime Minister Cao promised not to embarrass Lu Lingqi, so I agreed to join Cao Cao."

Su Chen understood after hearing what Zhang Liao said.

Zhang Liao turned to Cao Cao to protect Lu Bu's daughter. No wonder Gao Shun was killed for not surrendering. Zhang Liao, a loyal man, would surrender to Cao Cao. It turned out that there was such an inside story.

"So that's it, but why do you want me to marry Lu Lingqi? My reputation is very bad."

Zhang Liao smiled and said after hearing Su Chen's words,

"Anlehou joked, although your reputation is not good, you have never touched the beauties you kidnapped in Xudu City, and even those beauties stayed in your mansion willingly. This thing is crystal clear."

I'm going to go!

What kind of identity has the Holy Soul of the Tianglai arranged for himself? A shameless sex demon?

But why haven't the beautiful women he kidnapped been touched? And the beautiful women in Xu Ducheng's mansion haven't even left?

Is this him? Yes, are there such bizarre things in the world?

Su Chen rubbed his forehead and couldn't figure it out.

But these are not important to him.

The beauties in Xu Du's mansion will be driven away by him in the future. At worst, he can give more to those beauties. money

"General Zhang, I agree. The betrothal gift will be the same as Xia Houying's, and I will also prepare one for Lu Lingqi."

Zhang Liao breathed a sigh of relief when he heard what Su Chen said.

Although Su Chen was just a small general, Zhang Liao was very optimistic about Su Chen.

A marquis noble even had a rich family fortune, and he could also fight with more than ten people. The two generals have a close relationship, and even the Xiahou family has successfully married.

Zhang Liao feels that after Lu Lingqi marries Su Chen, Lu Lingqi will live a very good life in the future.

"Okay, thank you Anlehou. Lu Lingqi will have someone to rely on in the future, and I, as an uncle, will feel relieved."

"You're welcome, we will be a family from now on"

"That's right, we will be a family in the future."

Cai Mao heard the conversation between Zhang Liao and Su Chen.

His face turned green.

One hundred thousand gold and six bottles of immortal wine,

Zhang Liao just got it?

Cai Mao thought that after the war, he wanted Su Chen to see him as soon as possible. His sister,

Mrs. Cai, is also a beautiful woman.

Cai Mao believes that after Su Chen meets his sister, this young boy will be fascinated by her charming sister.

Su Chen offers hands to Cai Mao and Zhang Liao road,

"General Cai, General Zhang, you go back to the main account first, and I will prepare a gift for you generals, a gift you have dreamed of."

"Haha, then we will wait for Anlehou's gift in the big account"

"Yes, Anlehou's gift must be a big gift."

Zhang Liao and Cai Mao also offered their services to Su Chen, and they turned around and returned to the tent with a smile. When

Su Chen saw Cai Mao and Zhang Liao leaving, he looked around and disappeared instantly.

At this moment,

Cao Cao In his big account,

Cao Pi was speaking ill of Su Chen in an exaggerated manner, and even told Cao Cao about Su Chen's wooing of many generals. He was also secretly reminding Cao Cao that Su Chen was planning to rebel.

Cao Cao was furious when he heard what Cao Pi said. He asked with an ugly face,

"Pi'er, is what you said true?"

Cao Pi nodded quickly and replied,

"Father, Su Chen must have a grudge. His father wants Liu Bei's wife. He is preparing to rebel."

"Also, father, all the generals knew that Su Chen had kidnapped Liu Bei's wife, but none of the generals told his father, not even his uncles. Is this normal?"

Cao Cao's face darkened.

He thought that the other generals might have been bribed by Su Chen, and they did not tell him that Mrs. Liu Bei had been kidnapped by Su Chen.

But what about Cao Ren, Xia Houyuan, and Xiahou Dun?

They are all brothers of their own clan.

None of his brothers told him about this, and even Xiahou Dun and Xiahou Dun wanted to marry Su Chen. Cao Cao became suspicious of these things. When Cao Cao thought of this, he shook hands and said coldly,

"Yes, none of the generals told me about Mrs. Liu Bei being kidnapped. It seems that Su Chen really bribed my generals."

Cao Pi saw that Cao Cao was getting angry, so he said hurriedly and sweetly,

"Father, and Xu Zhu. Xu Zhu actually gave Yuan Shao's daughter-in-law Zhen Mi to Su Chen from the Forbidden Palace. Xu Zhu was betraying his father, and Xu Zhu might have been bribed by Su Chen."

Bang!

Cao Cao slammed the table angrily, and shouted angrily, "Damn it, Zhen Mi is the woman I like, and Xu Zhu had the audacity to give it to that kid Su Chen. Xu Zhu Is this a rebellion?"

Cao Pi's mouth twitched when he heard Cao Cao's words.

His father was really a pervert. He was attracted to Zhen Mi. It's not like Cao Cao didn't know that this old pervert and his son were trying to steal beautiful women..

Damn it, the old guy is so old, why does he get more and more lustful as he gets older?

Cao Pi really hopes that Cao Cao will die so that no one can compete with him for Zhen Mi.

"Father, we should catch Su Chen and execute him immediately, otherwise Su Chen will cause great disaster to us."

Cao Cao nodded and said sinisterly,

"Well, Su Chen must die, I want to kill that little bastard with my own hands"

"Cao Cao, do you want to kill me?"

Cao Cao and Cao Pi suddenly heard a strange voice, and they all looked around hurriedly.

Cao Cao thought that this was his big account, and it was closely protected by the army.
Who on earth broke in?

Cao Pi looked around and looked at the surroundings. shouted,

"who?" bump!

"It's me, your grandfather!"

Su Chen appeared behind Cao Pi and kicked him to the ground.

When Cao Cao saw Su Chen appearing in his tent, he shouted expressionlessly,

"Anle Hou Suchen, you dare to break into my big account. It seems that you are really going to rebel."

"Come, come quickly, there are assassins."

Cao Pi got up from the ground and saw Su Chen arriving. He hurriedly shouted outside the big account.

Su Chen sneaked into Cao Cao's big account this time. This was an evil plot. Cao Pi wanted the army to come and catch this traitor.

"Cao Pi, just scream, scream as hard as you can, the soldiers outside will not come at all."

Chapter 2086

Su Chen looked at this idiot Cao Pi with disdain. The entire tent was isolated by his time and space genes. Even if Cao Pi screamed, the soldiers outside the tent would not be able to hear him. Su Chen looked at

Cao Cao. I really appreciate Cao Cao. Whether it is Cao Cao stabilizing the north or defeating the foreign tribes in the north, Cao Cao is ten thousand times stronger than Liu Bei and Sun Quan. But this is just a small world. If Su Chen wants his women to live peacefully in this small world in the future, the wife Cao must die. Cao Cao asked Su Chen expressionlessly,

"Anlehou, do you want to kill me?"

Su Chen nodded and replied,

"good!"

"For women?"

"Yes!"

Cao Cao looked at Su Chen and mocked,

"Anlehou, you and I are very similar, we both like beautiful women, but can you kill me? There are thousands of guards outside my tent. In less than a quarter of an hour, tens of thousands of troops will arrive. How are you going to kill me?"

Su Chen took out an iron sword and said with a smile,

"It is very easy to kill you. Originally, when you asked me for Mrs. Mi and Mrs. Gan during the day, I wanted to kill you, but there was no scapegoat, so I waited for this opportunity to kill you at night."

"Are you going to blame my son Cao Pi?"

"Yes, with this idiot here, no one will doubt me. The several states you have conquered over the years, and even everything you own will belong to me in the future. From now on, I will be the Lord of the North, and even the Lord of the entire world."

Cao Cao was very angry when he heard Su Chen's words.

He looked outside the big tent and was very surprised.

Why didn't any of the guards come in despite Cao Pi's shouting? Could it be that all the guards outside the big tent were also beaten by Su Chen? Bribed?

Cao Cao's heart sank at this moment.

"You are wishful thinking. Even if I die, my other sons will not let you occupy the magpie's nest."

Su Chen continued without expression,

"Don't worry, your sons will all die. You must know that I have a good relationship with many generals. I will give them money and status if they want it. Any general who dares to oppose me will die."

Cao Cao looked at Su Chen and snorted coldly,

"Humph, are you just a small partial general? Those generals will form their own armies after my sons and I die. You cannot control those generals who have armies."

"It's useless to say more. Goodbye, Prime Minister Cao."

Stab!

Su Chen slashed Cao Cao's throat with an iron sword. Cao Pi fell down, clutching his neck and staring.

Cao Pi saw Su Chen killing Cao Cao.

Not a single guard came outside the tent, and Cao Pi also Guessing that Su Chen might have controlled all the guards,

Cao Pi was frightened and hurriedly knelt down to Su Chen and shouted,

"Don't kill me, don't kill me, Anlehou, I won't go against you, and I won't compete with you for beautiful women. Please don't kill me."

Su Chen threw the iron sword in front of Cao Pi and said coldly,

"Cao Pi, if he didn't want to die, he walked out of the tent with his sword."

Cao Pi understood what Su Chen said. Su Chen wanted him to be the scapegoat.

Cao Pi thought that if he took Su Chen's iron sword, he would be charged with killing Cao Cao. Cao Pi shook his head. The head shouted, "I don't want it, you are going to frame me, I will not leave the tent with the sword."

"

"If you don't leave now, you'll die!"

"I...I leave, I leave!"

Cao Pi saw Su Chen's murderous intent, and he hurriedly picked up the iron sword with trembling heart.

Cao Pi had no choice.

If he didn't walk out of the tent with the iron sword now, Su Chen would kill Cao Pi immediately.

He If Cao Pi walked out now with the iron sword, although Cao Pi might die, he would still have a chance to escape from Wulin Camp.

"Master, why are you holding a sword?"

"There is blood on the sword. Go and see the Prime Minister."

"Keep an eye on Mr. Cao Pi, Prime Minister Cao may be in trouble."

After Su Chen heard the sound outside the tent, he smiled and disappeared into Cao Cao's tent instantly.

He did it perfectly this time.

Cao Cao died,

Cao Pi successfully took the blame, and

Su Chen will be there tomorrow. It's time to harvest the results. Su Chen didn't pay attention to what would happen in Cao Cao's big tent in the future. After Su Chen returned to his big tent, he took out a jade bottle from the system space, which contained some Dou Qi Body Tempering Pills. , one of the lowest elixirs, but this elixir can double a person's physique and strength. However, it also has side effects. After taking this elixir, your strength will not increase for a lifetime. These body tempering elixirs are Some families prepare elixirs for dead soldiers

"Anlehou, are your gifts ready?" As soon as Su Chen came into the big tent, Xu Zhu shouted to Su Chen.

After Su Chen sat down, he smiled and said

"Get ready, everyone. What I have prepared is an elixir that can double your strength. Of course, I know you are suspicious. Which one of you will come up and try it?"

The generals didn't believe what Su Chen said.

Doubling the strength?

This is a lie!

Where in the world can there be such a pill ?

"I come!"

Zhang Liao stood up and walked towards Su Chen.

He did not think that Su Chen was deceiving them. If the pill was fake, Anlehou would not be able to use it to deceive them. This would not be of any benefit to Anlehou at all.

Su Chen nodded. He handed Zhang Liao a pill and said, "Okay, General Zhang, take this pill."

"good!"

Zhang Liao took the elixir that Su Chen handed him.

He smelled the fragrance and felt that it was not a fake elixir. Zhang Liao looked at the other generals and swallowed it in one gulp.

The other generals all looked at Zhang Liao intently. They Everyone wanted to know if Su Chen's elixir was real.

Roar!

After a while,

Zhang Liao's face turned red and he roared loudly.

He looked at the generals around him and quickly rushed out of the tent. One of the generals in the tent Everyone followed him out one after another. They wanted to see what happened to Zhang Liao.

Su Chen sat without going out.

He believed that the generals would come to him for pills in a while.

Huang Yueying looked at Su Chen and asked doubtfully road

"Are elixirs real?"

Su Chen touched Huang Yueying's little face and said with a smile.

"What do you think?"

Bang!

Huang Yueying hurriedly opened Su Chen's hand that touched her, and she wanted to bite this bastard to death. This bastard was simply a shameless pervert. He touched her just after he came back.

Huang Yueying glared at Su Chen and said angrily ,

"how could I know?"

"The elixir is real, but that elixir is not as good as the spiritual wine you drink. Taking the elixir can double your strength, but it will be impossible to increase your strength in the future. The spiritual wine you drink, this can Infinitely improve your physique and strength."

Chapter 2087

Huang Yueying was very surprised when she heard Su Chen's words.

She didn't expect that the spiritual wine she drank would have such a big effect. No wonder she felt very comfortable after drinking the spiritual wine, and her physical fitness and strength even increased.

This is simply ambrosia.

Zhen Mi widened her eyes and felt incredible.

She had already felt the effect of the spiritual wine.

She didn't understand how Anle Hou Suchen could have the legendary fairy wine. Zhen Mi wondered if she would be immortal if she kept drinking the spiritual wine. , and even stay young forever.

Zhen Mi couldn't help but asked Su Chen, "Marquis Anle, how come you have fairy wine?"

Su Chen took a sip of wine and replied with a smile,

"Because I am a god! Huang

Yueying rolled her eyes at Su Chen and said mockingly, "Tsk, if you are a god, am I still Guanyin Bodhisattva?"

Su Chen shook his head when he heard Huang Yueying's words,

Guanyin Bodhisattva?

This little girl really dares to think about it, but

Guanyin Bodhisattva is also his woman, even the Queen Mother. If Huang Yueying, a little beauty, knows about it in the future, this little girl will be scared to death.

"Anlehou, I also want the Body Tempering Pill. That bastard Zhang Liao actually beat three of us, and even beat us until our noses were bruised and swollen. The Body Tempering Pill is real. Anlehou, give me a Body Tempering Pill. I want Zhang Liao. That bastard gets revenge"

"Anlehou, I also believe that the Body Tempering Pill is real. Give me one too."

"And me, I wanted to take revenge on that bastard Zhang Liao, but he actually threw me away in one go."

"Anlehou, give me one, Lao Xu, be good, Zhang Liao is too fierce now, I even doubt that I am no longer Zhang Liao's opponent."

"And I, Marquis Anle, we are married. My niece Xia Houying will be your wife from now on. You must give me a Body Tempering Pill no matter what!"

At this time,

Li Dian and other generals all ran into the tent. When they saw Su Chen, they shouted for the body tempering pill.

Su Chen looked at the noisy generals and shouted hurriedly,

"Don't make any noise. Since I said I would give you the Body Tempering Pill, I will definitely give it to you. Don't crowd around. Come and receive the Body Tempering Pill one by one."

Xu Zhu immediately stood at the front. With his huge size, he pushed the other generals aside.

"Anlehou, give it to me, Lao Xu first"

"for you!"

Su Chen looked at Xu Zhu speechlessly.

This reckless man was really impatient. He would give it to all the generals here. Could Xu Zhu just not wait to torture people?

After a while,

Su Chen gave all the body tempering pills to these generals. , outside the big tent, it became lively all of a sudden.

More than a dozen generals started fighting. They had drank strong alcohol, and now their strength was improved. The fighting between these generals outside the big tent was very fierce. , if they hadn't used weapons, I'm afraid some generals would have been carried back.

When Su Chen heard the fierce fighting outside the tent, he shook his head and said,

"These are some fighting maniacs"

"Lord Marquis, give me a body tempering pill too."

At this time,

Gan Ning also ran into the tent and saluted Su Chen and shouted.

When Su Chen saw Gan Ning, he yelled and cursed angrily,

"Gan Ning, aren't you drunk and sleeping? Why did you wake up again? Gan

Ning touched his head and replied awkwardly,

"Well! Mr. Hou, I heard the sound of fighting and ran over to protect Mr. Hou. Mr. Hou, I am your bodyguard. Those generals are too fierce now. My strength cannot protect Mr. Hou."

"for you!"

"Thank you, Mr. Hou!"

Su Chen shook his head when he saw Gan Ning running out with the Body Tempering Pill.

It was almost a quarter of an hour, and the news of Cao Cao's death should be coming soon.

Su Chen looked at the generals outside the tent and smiled. , after this banquet, wine, money!

Body Tempering Pill, it will be difficult for these generals to disobey in the future, and Cao Cao's foundation will be taken over by him.

Su Chen hugged Huang Yueying and said in a frightened voice, "Little beauty, You have to go to bed tonight!"

"let me go!"

Huang Yueying was frightened and struggled hurriedly when she heard Su Chen's words.

Will she go to bed tonight?

This shameless pervert has such a good idea.

Although Huang Yueying has no hope of escaping, she will not be ruined by this bastard.

This shameless pervert If he dared to force her, Huang Yueying would commit suicide and not let this shameless pervert humiliate her.

Zhen Mi's face suddenly turned pale. She was also worried that Su Chen would let her sleep with her tonight. Zhen Mi lowered her head uneasily. , she doesn't even have the courage to look at Su Chen now

"Unfortunately, the prime minister was killed, generals, the prime minister was killed by Cao Pi."

At this time, a shouting sound suddenly came from outside the big tent, and it suddenly became quiet outside the big tent.

Then, these generals quickly ran out of Cao Cao's tent one by one. Cao Cao was killed. This was a big deal. These generals have to figure out whether Cao Cao was really killed.

"Go to sleep, there will be something good to watch tomorrow."

Su Chen stood up and stretched his waist, and then walked to the resting place in the tent. Su Chen didn't bother to join in the fun in Cao Cao's tent. Tomorrow is when he will reap the rewards.

"He just left like this?"

Huang Yueying saw Su Chen going to rest.

When she looked at Zhen Mi, she felt incredible. Su Chen wanted her to sleep with him just now. Why did he go to rest alone?

Moreover, this bastard didn't care at all when Cao Cao was killed. Huang Yueying couldn't understand Su Chen for a moment.

Zhen Mi looked at Huang Yueying and asked,

"Do you want to go to bed? Huang

Yueying immediately shook her head and asked, "I don't want to, Zhen Mi, Cao Cao was killed, why is Anlehou not worried at all?" He actually still has the mind to rest at this time?"

"I don't know, I can't understand Anlehou"

"I can't understand this bastard either!"

Zhen Mi looked at the empty tent and said, "What should we do? How are we going to get some rest at night? Huang

Yueying looked around the tent and said helplessly,

"There are two beds in that bastard's back tent. Let's sleep on the other bed together!"

"It can only be the."

Zhen Mi nodded and agreed.

They can't get out of the tent at all now. She and Huang Yueying can only rest next to Su Chen if they want to rest. In the

Wulin camp, the lights are bright tonight,

Cao Cao was killed,

The entire army in the Wulin camp was in panic. Cao Cao did not have a son, and Cao Cao had many sons. Who could inherit the prime minister's legacy? The entire army and generals in the Wulin camp had no way of knowing. Cao Cao had no way of knowing.

In the camp,

Xiahou Yuan and other generals were sitting together with frowns. Cao Cao died too suddenly. If the affairs of the heirs were not handled well, Cao Cao's power would fall apart.

Xiahou Dun said to the many generals, "We what to do? The Prime Minister was killed by that bastard Cao Pi. Which son should be the successor to the Prime Minister?"

Chapter 2088

In Cao Cao's big tent, many generals heard Xiahou Dun's words.

They all looked at each other.

It was difficult for them to make a decision as to which of Cao Cao's sons would inherit the inheritance. After all, they could not decide whether the emperor or his ministers would succeed. Knowing that Cao Cao's son will inherit Cao Cao's legacy, what will be the fate of these generals.

Cao Ren said with an ugly face,

"First, someone was sent to inform Xu Du that the prime minister's death could not be concealed."

Xia Houyuan nodded and said happily,

"Yes, let's inform Shangshu Xunyu first. Xiahou Dun looked at the military advisor Cheng Yu and said, "Cheng Yu, it's up to you to write to Master Xun Yu about this matter. In addition, Mrs. Bian also informs you. After all, Cao Pi killed the Prime Minister.""

"I understand, I will write a letter now."

Cheng Yu immediately nodded and agreed.

He also knew that the matter was of great importance. If the issue of the successor was not handled well, the generals here would probably support themselves and the north would be in chaos again.

"Huh? Why didn't Anlehou arrive?"

"Yes, why didn't Anlehou come? The prime minister was killed, but Anlehou didn't come."

"Everyone, Anlehou is just a partial general. Logically speaking, he is not qualified to come."

"You damn general, Anlehou is a marquis no matter what, so why is he not qualified to come?"

"Damn it, Le Jin, I'm just saying, don't I hope An Lehou will come?"

"Forget it, don't make any noise. Anlehou won't come tonight. We will send someone to greet Anlehou tomorrow."

"Let's discuss some of the Prime Minister's successors first. We are all generals with military power. In order to prevent the Prime Minister's foundation from falling apart, we have to elect a successor."

In the big tent, more than 20 generals and staff began to discuss.

Regarding Su Chen's failure to arrive, these generals also felt helpless.

According to his military position, Su Chen was not qualified to come, but according to his title, Su Chen was the person with the highest title among these people.

Besides, these generals had benefited from Su Chen, and they would not object to Su Chen's arrival.

Early the next morning,

Su Chen was invited to Cao Cao's tent by the soldiers. Here,

Su Chen originally wanted to tease the two beauties Huang Yueying and Zhen Mi, but the generals urged her several times early in the morning, and Su Chen had to come to Cao Cao's tent.

Su Chen just sat down,

Cao Chun said to Su Chen,

"Anlehou, the Prime Minister was killed, and we generals have not chosen a suitable successor. Among the many heirs of the Prime Minister, we generals all have different candidates. Do you have any candidates?"

Su Chen looked at the more than 20 civil servants and generals in the big tent.

Each of these people's eyes were red. They had been discussing in the big tent all night.

After Su Chen heard Cao Chun's words, he smiled. He smiled and said,

"have!"

Yu Jin looked at Su Chen and asked hurriedly,

"who is it?"

The other generals also looked at Su Chen.

Su Chen's opinion was very important to them. These generals have a good relationship with Su Chen. If Su Chen's successor is suitable, they will not object.

Su Chen pointed out. He pointed to himself and replied, "I, I think I can be the Lord of the North!"

Xiahou Dun heard Su Chen's words and shouted, "What?" Anlehou, are you kidding me?"

"Anlehou, you are brave!"

Cheng Yu looked at Su Chen and roared loudly.

He did not expect that Su Chen would say such treacherous words. Cao Cao had just been killed less than a day ago. Is Su Chen, the Marquis of Anle, going to rebel?

"Anlehou, be careful what you say!"

"Don't get me wrong, Anlehou drank too much yesterday, and he may not have sobered up yet."

"Yes, Anlehou drank too much."

"Anlehou, why don't you go back and rest?"

"Yes, Anlehou, you'd better go back and sober up before coming back."

The other generals also winked at Su Chen. They were also frightened by Su Chen's words just now.

Not long after Cao Cao was killed, what is Anlehou going to do?

Rebellion?

Or seize Cao Cao's foundation by occupying the magpie's nest? ?

"Ha ha...."

Su Chen laughed and stood up and said,

"I'm not talking nonsense. Generals, don't you just want to make great contributions to Cao Cao and become a marquis and prime minister?"

"I can give you everything Cao Cao can give you, money, power, titles, and even benefits you can't imagine, such as yesterday's fairy wine, body tempering pills, and even pills that can make you live a hundred years."

"Do you think I give you less than Cao Cao? If you think I can't be the Lord of the North, just pretend I didn't say it just now and I'll leave now."

When generals like Xia Houyuan heard Su Chen's words, they all showed incredible expressions.

They did not expect that Su Chen really wanted to be the Lord of the North. This was a blatant attempt to seize Cao Cao's foundation, and he was still under Cao Cao's generals. They said this in front of them.

However, they were also shocked by Su Chen. The generals did not expect that Su Chen had a life-extending elixir that could make people live for hundreds of years. This made the generals here have red eyes.

Cheng Yu He stood up expressionlessly and yelled at Su Chen,

"Anlehou, you are here to confuse the public with your monstrous words, and even blatantly plot to rebel. Come and capture Anlehou, and wait for Xun Lingjun to arrive before questioning Anlehou."

When Xu Zhu saw a group of soldiers entering the tent, he cursed angrily,

"Retreat, you are my soldiers, who asked you to obey Cheng Yu's orders?"

"Yes, General!"

Zhang Liao looked at Su Chen and asked seriously, "Anlehou, is everything you said true?"

"good!"

When Zhang Liao heard Su Chen's answer, he understood that Su Chen was serious this time.

Zhang Liao was already tied to Su Chen. The generals here knew about his marriage to Su Chen yesterday. Zhang Liao and Su Chen were both prosperous. One loses all.

Zhang Liao looked at everyone around him and said,

"I agree that Anlehou will inherit the prime minister's legacy!"

Xu Zhuye shouted to the crowd, "I, Xu Zhu, also agree that the prime minister's sons are all crooked melons and cracked dates, and I, Xu Zhu, do not want the prime minister's inheritance to be ruined by those prodigal sons. Le

Jin also stood up and said,

"I also agree. I originally wanted to support Cao Zhi, but Cao Zhi was a weak scholar. Although his literary talent was good, Cao Zhi lacked decisiveness in killing and was not suitable to be a prince. Xia

Houyuan looked at Su Chen and asked seriously, "Anlehou, how many years can your life extension pill extend your life?"

Su Chen saw that other people were also listening, so he smiled and replied,

"It can at least allow you to live for one hundred and fifty years. Everyone, I don't have many life-extending pills. If you agree that I will be the Lord of the North, each of you can get five life-extending pills."

Chapter 2089

Su Chen was not worried that these generals would disagree.

In ancient times, it was pretty good for ordinary people to live for fifty or sixty years.

Although his life-extending elixir was the lowest life-extending elixir, it could allow ordinary people to live for a whole year. At one hundred and fifty years old, Su Chen didn't believe that these generals were not moved.

Cao Chun looked at Su Chen and reminded, "Marquis Anle, aren't you afraid that we will kill you and share your life-extending pill equally?"

Su Chen shook his head and said disdainfully,

"Cao Chun, even a hundred of you can't kill me."

"Since I dare to give you the Body Tempering Pill, do you think I don't have a better pill than the Body Tempering Pill? I tell you clearly, if I wanted to kill all of you, it would only take one breath."

Li Dian heard Su Chen's words and said hurriedly, "Marquis Anle is joking, we will not take action against you."

The other generals were also frightened when they heard what Su Chen said.

In one breath,

Su Chen could kill all their generals?

These generals did not doubt that Su Chen was deceiving them.

After all, they had all taken the Body Tempering Pill. They also knew how much the Body Tempering Pill had improved their strength.

They also speculated that since Su Chen dared to give them the Body Tempering Pill, it meant that Su Chen might actually have a more advanced pill in his hands.

Xia Houyuan looked at Su Chen and nodded,"An Le Hou, I agree."

Cao Cao is dead, and Xia Houyuan cannot be loyal to a dead man.

Besides

, I am afraid that no one can refuse Su Chen's temptation. He will not lack money and power. Improving his strength and extending his lifespan are all important to generals like them." The coveted treasure.

Xiahou Dun stood up and laughed,

"Haha, I agree too. Anlehou, after all, you are also the son-in-law of our Xiahou family. Don't forget Xiahou Ying of our Xiahou family. I, Xiahou Dun, also agree that you should become a prince in the north."

"I, Cao Chun, agree!"

"I agree with Zhang Jia!"

"I, Cai Mao, agree!"

"Xu Huang agrees!"

"I, Wenpin, agree!".....

In the big tent, one by one the generals stood up and agreed with Su Chen to be the Lord of the North. Only Cao Ren and Cheng Yu remained silent in the whole big tent.

Su Chen looked at Cao Ren and asked,"General Cao Ren, you don't agree with me. Be the Lord of the North?"

When Cao Ren heard what Su Chen said, he asked Su Chen seriously,"Marquis Anle, I want to know how you want to deal with Prime Minister Cao's family and heirs."

Su Chen walked to Cao Ren. The person next to me said with a cold face,

"General Cao Ren, I can tell you clearly that I will not leave hidden dangers. This is not good for me and will not be good for my future rule. I will execute Cao Cao's sons. I don't have to kill Cao Cao's wife and daughter."

Cao Ren frowned when he heard Su Chen's words.

He wanted Su Chen to leave a bloodline to Cao Cao, but he also knew that this was impossible. If Cao Cao had a son left and was not executed, he would definitely be a son in the future. Huge hidden danger.

If Cao Ren were Su Chen, he would also execute all of Cao Cao's sons. This is also the most advantageous way to eliminate hidden dangers. However, it is good that Su Chen can let Cao Cao's wife and daughter go.

"Anlehou, as long as you agree to one condition, I will agree to make you a prince in the north."

"you say!"

Cao Ren stared at Su Chen and said,

"I want you to make one of Cao Cao's daughters your head wife. After all, Cao Cao is my clan brother. Although he is dead, and Cao Cao's sons are about to be killed by you."

"But Cao Cao's legacy has been inherited by you, and will be inherited by your son in the future. I can only let you and the children of Cao Cao's daughter continue Cao Cao's bloodline to rule the north, and even rule the entire world."

"Make Cao Cao's daughter your head wife?"

Su Chen was very speechless when he heard what Cao Ren said.

Cao Ren wanted the child of him and Cao Cao's daughter to inherit his position in the future. Cao Ren is really an old fox. He and Cao Cao's daughter will have a child in the future, and this child will be half as old as Half of his bloodline is that of Cao Cao. Cao Ren has a hard conscience.

"Yes, Anlehou, I only have this condition!"

"General Cao Ren, I agree. I will make Cao Cao's daughter, Cao Jie, my head wife."

"Cao Ren, meet my lord!"

"Xia Houyuan, meet your lord!"

"Xiahou Dun, pay homage to your lord!"

"Zhang Liao, meet your lord!"

"Le Jin, meet the lord!".....

Cheng Yu saw that all the generals surrendered to Su Chen, and even Su Chen knelt down to salute and acknowledge his master.

He also knew that nothing could be done.

Cao Cao's clan brothers had all surrendered to Su Chen, the Marquis of Anle. The entire northern army was under the control of these generals. Even if there was opposition in Xu Duli, it would be useless. Without an army, how could they stop Su Chen, the Marquis of Anle, from ruling the entire country? north.

Cheng Yu looked at everyone in the big account in a daze. He didn't expect that the sky in the north would change overnight.

Cheng Yu looked complicated and saluted Su Chen,

"Cheng Yu, meet my lord!"

Su Chen saw that all the generals and civil servants had surrendered to him.

Su Chen was very happy.

These days of planning were not in vain.

The entire north was already in his hands.

In the future, he only had to kill all of Cao Cao's people. Son, or even some people who must be executed, such as the Sima Yi family, the north will be firmly in his hands.

Su Chen happily said loudly,

"Okay, okay, everyone, get up, Cheng Yu, go find me, General Gan Ning, and ask him to prepare one million taels of silver for you."

"You are responsible for distributing extra military pay to the entire army. Ordinary soldiers receive one tael of silver per person, captains of ten captains receive 5 taels of silver, captains of centurions receive 10 taels of silver, and so on."

"Also, an order was sent to the entire army to increase military pay three times in the future and five times during the war."

Cheng Yu's eyelids jumped when he heard Su Chen's words.

One million taels of silver?

This is not one million copper coins.

There is also an increase in military pay.

Anlehou is trying to win over all the troops.

Cheng Yu thought that even if If a general wants to rebel in the future, the army may not agree to it.

Anlehou is really rich

"Yes, my lord!"

Su Chen looked at Cao Ren and ordered,

"Cao Ren, you will transport Cao Cao's body back to Xudu, and Cao Cao will bury it according to the prince's funeral."

"Yes, my lord!"

Cao Ren was relieved when he heard that

Su Chen was able to arrange Cao Cao's affairs in this way. This is also a sign of respect for Cao Cao. It is the highest etiquette for a prince to bury Cao Cao.

"Generals, we haven't captured Jiangdong yet. Half a month later, after the warships and materials are in place, we will capture Jiangdong in one fell swoop. If the general is the first to capture Wu County, I will prepare another big gift for you.

Chapter 2090

In the Wulin Camp, in the next three days, the entire camp was boiling.

Whether it was the army or ordinary soldiers, they were almost knocked unconscious by the unexpected surprise.

Generals at the general level can receive a body tempering pill that improves their strength.

Ordinary soldiers not only receive an extra tael of silver, but their military pay is even increased three times in the future, and can be increased five times during the war.

Ordinary soldiers originally had less than a hundred copper coins a month, but now they got almost one tael of silver, which made these soldiers faint with joy.

On the third day,

Cao Pi was beheaded in public in the camp.

Although Cao Pi shouted that Su Chen had killed Cao Cao, neither the generals nor the ordinary soldiers cared.

Su Chen was much stronger than Cao Cao.

All the generals and soldiers did not pay attention to what Cao Pi said. Even if they knew that Cao Cao was really killed by Su Chen, they would pretend not to know.

The main generals such as Xia Houyuan all looked more than ten years younger. Even the white hair of some generals had turned black again and the wrinkles on their faces had disappeared.

These generals really feel more than twenty years younger, and their abundant energy in competing every day speaks for itself.

In Su Chen's camp,

Huang Yueying and Zhen Mi had been in a daze for the past three days, even doing things absent-mindedly.

They didn't expect that after Su Chen left three days ago, they got the news again that Su Chen actually did it. Lord of the North.

The new masters of the Northern Nine Provinces, the Thirteen States of the Han Dynasty,

Su Chen obtained the Nine States overnight. They were all shocked and dumbfounded by the news.

Three days ago, Su Chen was really an insignificant prince, a small partial general.

After one night,

Su Chen became the most powerful prince in the Han Empire.

Huang Yueying and Zhen Mi had been in a daze for the past three days.

They felt like they heard false news, but the cheers in the military camp for the past three days, and even shouted the slogan "Long Live Su Chen". Both Huang Yueying and Zhen Mi knew that this was not a lie, this was absolutely true.

At this time,

Gan Ning arrived and saluted Huang Yueying and Zhen Mi,

"Madams, the lord's new account has been established, and the ladies are invited to go to the new account."

"I'm sorry, General."

Huang Yueying nodded to Gan Ning, and she and Zhen Mi walked out of the tent.

Huang Yueying and Zhen Mi hadn't seen Su Chen again for three days. They also wanted to see this new northern overlord. They also wanted to know what Su Chen was. How did they seize Cao Cao's foundation?

As for the title "Madam", they have become accustomed to it these days, and they are too lazy to correct these generals and soldiers.

"No trouble, ladies, please get in the carriage!"

Gan Ning hurriedly brought Huang Yueying and Zhen Mi to a carriage.

Gan Ning had been very confused these days.

He did not expect that Su Chen would become the Lord of the North. This was the most powerful person in the Han Empire. The princes, the land of nine states, and millions of troops.

Gan Ning was confused at first, but in the past few days, generals kept visiting him, and Gan Ning also knew that Su Chen had really become the lord of the north. In the tent,

Su Chen and several generals gathered together to eat hot pot.

When Su Chen saw Xu Zhu eating so much regardless of his image, he couldn't help but cursed,

"Damn it, Xu Zhu, you bastard, you've even eaten all the mutton.

Xu Zhu touched his mouth and said with a smile, "Master, your hot pot is really good."

Xiahou Dun also laughed and said,

"Haha, yes, my lord, it's really nice to be able to eat hot pot this winter."

"Yes, this hot pot is really good."

Cao Chun drank wine while eating. He even grabbed the hot pot dishes with Zhang Liao next to him.

Su Chen was very speechless looking at these foodies.

If he had known that he would enjoy the food alone, these three days Come, these generals seemed to have agreed upon it. Four or five generals came to eat and drink at

noon, and another four or five generals came to eat and drink at night. They had nothing to say to these foodies.

However , , the more people eat, the more fun it is, and even the fights and fights are more lively. Su Chen also likes such a lively atmosphere.

Li Dian wiped it and said to Su Chen,"My lord, Cai Mao is back, and Cai Mao brought her sister with him coming"

"I go! Will Cai Mao really send her sister here?"

Xu Zhu looked at Su Chen and said with a smile,

"Haha, lord, this is 90% true. Cai Hao must have given her sister longevity pills. I think Cai Hao's sister should be a beautiful woman."

"Um? Cai Mao's sister is beautiful? As bad as Cai Mao is, is his sister really beautiful?"

Xu Zhu shook his head and replied,

"I don't know about this. Among our generals, I'm afraid only Wenpin has seen him."

Zhang Liao looked at Su Chen and said with a smile,

"My lord, Cai Mao's sister can blame me, Liu Biao. I think Mrs. Cai must be a beauty."

"Forget it, let's see when the time comes. Come and have a drink. My top-quality Wuliangye will be finished by you foodies."

"Haha, cheers!"

Xiahou Dun, Xu Zhu, Cao Chun, Zhang Liao, and Li Dian also liked the atmosphere of eating and drinking. They originally thought that Su Chen would be their lord and would

be banned from eating and drinking with them because of their status. But Su Chen was still the same person.

Su Chen, what should be eaten, what should be grabbed, and even the noisy and lively scenes, these generals all think that their lord is really good, Cao Cao will not do such a scene with them generals

"Report to the lord, Mrs. Huang and Mrs. Zhen have arrived." At this time, Gan Ning ran in and saluted Su Chen.

"Let them in!"

"Yes, my lord!"

"Lord, let's go back and train the soldiers."

Xiahou Dun and the others heard Huang Yueying and Zhen Mi arrive, and they all bid farewell to Su Chen.

In the past three days, these generals have been hanging out with Su Chen. They all forgot that Su Chen also had two beautiful girls. Ruhua's family members are in the camp. Now that Huang Yueying and Zhen Mi have arrived, they have to avoid it.

Su Chen nodded and said, "Okay, let's drink another day. Damn it, Xu Zhu, you idiot, go away." Give me a bottle of wine"

"Lord, look at the back, Xiahou Dun and the others have also taken it"

"My day, are you all robbers? Damn it, there's no wine for you gangsters to drink next time."

Su Chen was also speechless at these generals.

They didn't forget to steal things after eating and drinking.

This reminded Su Chen of the lively dinner party scene in the dormitory when he was in college. Unfortunately, it will be difficult for such a scene to happen again.

As he As his status was getting higher and higher,

Su Chen could only play with his women, but those men couldn't let go in front of him.

After Huang Yueying and Zhen Mi entered the big account, they looked at Su Chen and were very worried. Speechless, in the middle of winter,

Su Chen was actually eating with his sleeves rolled up.

Huang Yueying shouted to Su Chen,

"Su Chen, what should we call you? Call you Prime Minister? Or General? Or even call you Anlehou?"

Su Chen smiled and said,"If you are willing, you can call me husband."

"You are dreaming!"
