

Zongwu 2091

Chapter 2091

Huang Yueying was very embarrassed and annoyed when she heard Su Chen's words.

This bastard, do you still want them to call this bastard husband?

Why doesn't this bastard go to heaven?

Huang Yueying regretted asking this idiot question.

She decided to call Su Chen a bastard from now on.

Huang Yueying didn't care about Su Chen's identity. What about the Lord of the North? What about the rulers of Kyushu? Even if this bastard unified the Han Empire, Huang Yueying would not give this bastard a good look.

Su Chen looked at this mixed-race beauty and said with a smile,

"Huang Yueying, I am now the most powerful prince in the Han Empire. Do you think that if I go to your house to propose marriage, will your father Huang Chengyan agree? Even if your father disagrees, if I tell you that you are pregnant with my child, will your father still disagree?"

"You are shameless!"

"Huang Yueying, why do you only say this sentence? Don't you even know how to curse?"

"asshole!"

I'll go, this little beauty is really interesting.

Su Chen shook his head and looked at Zhen Mi.

This beauty always looked uneasy. Could he eat her?

Uh!

It's really possible that he would eat her. she

"Zhen Mi, am I terrible?"

Zhen Mi lowered her head and replied hurriedly, "No.....Not scary!"

Su Chen put down his chopsticks, wiped his mouth and said with a smile,

"Zhen Mi, you actually don't have to be afraid of me"

"Look at that girl Huang Yueying, she scolded me and I didn't even do anything to her. You kept your head down like a quail, making it seem like I had bullied you."

Zhen Mi was very speechless when she heard Su Chen's words.

How could she not be afraid?

Overnight,

Su Chen occupied Cao Cao's foundation and took over Cao Cao's foundation.

This Anlehou is too terrifying.

This is the land of Kyushu in the north. , millions of troops,

Su Chen can change dynasties overnight, can Zhen Mi not be afraid of such a clever person?

Su Chen looked at Zhen Mi's submissive look, and he was too lazy to persuade him anymore.

After a long time,

Zhen Mi can no longer be afraid of him

"You two go and clean up in the inner tent. We will live here from now on."

"knew!"

"yes!"

After Huang Yueying and Zhen Mi answered to Su Chen, they walked to the inner tent together. When they arrived, they had already guessed that they would live here in the future.

Su Chen is now the new owner of Wulin Camp.

He used to be the owner of the big tent. The location is very remote, and the previous tent was inconvenient to control the entire camp. Huang Yueying and Zhen Mi also brought their clothes back this time. In

Chaisang County, women such as Mrs. Mi and Mrs. Wu all live there In the Sheriff's Mansion, Liu Bei and Lu Su escaped without any resistance. Gao Ze and Lu Xun also took control of Chaisang County without any effort.

Today, in the hall of the Sheriff's Mansion , Mrs. Mi and Mrs. Wu watched Looking at the arrival of many generals, they felt helpless. Generals from Jiangdong such as Lu Xun and Lu Meng had been arriving every day in the past few days. They also persuaded Mrs. Wu not to follow Su Chen. These generals still wanted Mrs. Wu to return to Wu County. They They are all from Jiangdong, and none of these generals want to take refuge in a dandy young prince. An old general saluted Mrs. Wu and said,

"Madam, Cao Cao will be ready to attack Jiangdong in about a month. We should go back to Wu County to make peace with our lord and resist the attack of Cao Cao's army together."

Mrs. Wu said expressionlessly,

"Cheng Pu, I have already said that I will no longer care about what will happen to Jiangdong in the future. Cao Cao's army is approaching the border. I called you generals to Chaisang County for your own good."

Cheng Pu stood up and said loudly to Mrs. Wu,

"Madam, I, Cheng Pu, have followed Lord Sun Jian, Lord Sun Ce, and now I am Lord Sun Quan's minister of orders. Cao Cao's army is about to launch a war to invade Jiangdong, and I will not sit idly by and watch."

"The Marquis of Anle, Suchen, was just an idle lord, a petty general, and even a dandy and a lustful person. It is impossible for us generals to follow such a person."

Cheng Pu has decided to leave Chaisang City.

He found that Mrs. Wu has changed her mind and may even have an affair with Anlehou Su Chen. Cheng Pu doesn't understand why Mrs. Wu, who has always been shrewd, was deceived by a playboy.

But he doesn't Being able to stay, for the sake of Jiangdong and the fate of his family,

Cheng Pu would not seek refuge with Anle Hou Su Chen.

When Gao Ze heard Cheng Pu's words, he shouted angrily, "Cheng Pu, you are so brave, you want to die I can help you, but if you dare to speak ill of Anlehou, I, Gao Ze, will definitely kill you."

Cheng Pu looked at Gao Ze and mocked disdainfully.

"Gao Ze, in Chaisang City, your army totals a little more than 2,000. My army can destroy your army with one charge. If you are not satisfied, we can fight to the death outside the city."

When Gao Ze heard Cheng Pu's words, his eyes showed murderous intent.

Cheng Pu was determined to leave.

Although Gao Ze had more than 2,000 troops and Cheng Pu had tens of thousands, it would not be difficult for him to kill Cheng Pu.

He has also seen the combat effectiveness of Jiangdong's army. Although his two thousand-plus troops cannot kill ten thousand troops, as long as they persist for an hour, Gao Ze will be able to kill this old guy Cheng Pu.

"Just go, if you think I am superior, will I be afraid of you?"

"I will kill you to sacrifice the flag."

Bang!

Mrs. Wu looked ugly and slapped the table and shouted.

"Shut up, Cheng Pu. If you want to leave Chaisang County, just leave. And you, if any of you want to leave Chaisang County, I will not stop you. If you want to leave, just leave with your army."

"lady....."

Mrs. Wu waved her hand to Cheng Pu, and said to Cheng Pu and these Jiangdong generals,

"Leave, Cheng Pu, I know you don't want to stay, you should become Sun Quan's minister of life, and you, if you want to leave, leave, I won't blame you."

In the hall, after the generals from Jiangdong heard what Mrs. Wu said, some generals stood up one after another.

None of their generals planned to follow a dandy this time. Since Mrs. Wu said so, they were also ready to leave Chaisang County.

Cheng Pu looked at several generals sitting still and asked in confusion,

"Lu Xun, Lu Meng, Ling Tong, Xu Sheng, Jiang Qin, will you not leave with me? Lu

Meng looked at Cheng Pu and said with disdain,

"General Cheng, we are generals promoted by my wife. We will not leave, nor will we leave ungratefully."

"Lu Meng, and you generals, you are all Jiang....."

"Newspapers, urgent secret messages, all get out of the way."

Cheng Pu also wanted to persuade Lu Meng and other generals to leave together, but a loud shout interrupted him. Cheng Pu looked outside and wanted to know what happened.

At this time, a messenger shouted As he arrived quickly, he hurriedly saluted Mrs. Wu and Mrs. Mi and said,

"To report to the two ladies, the Marquis has taken control of the entire Wulin Camp. The 600,000-strong army and all the generals are loyal to the Marquis. The Marquis ordered General Gao Ze to escort the ladies back to the Wulin Camp. Chaisang County is under the leadership of the Marquis. General Wei Yan is in charge."

Chapter 2092

In the hall, after everyone heard the words of the messenger, the generals here had incredible expressions.

Anle Hou Suchen took control of Wulin Camp? Six hundred thousand troops and generals surrendered to Anlehou?

How can this be?

Where is Cao Cao?

The entire Wulin Camp is Cao Cao's territory, and all the troops and generals are loyal to Cao Cao.

How could Anle Hou Suchen control these?

Fake, all this is fake.

After Mrs. Mi was in a trance, she hurriedly shouted to the messenger,

"Bring me the secret message!"

"Yes, ma'am!"

Mrs. Mi took the secret letter and hurriedly opened it.

She wanted to know whether this matter was true. Mrs. Wu also hurriedly came over and looked at the secret letter together.

After a while, both Mrs. Mi and Mrs. Wu smiled.

They did not expect that Su Chen succeeded, Cao Cao was killed, and Su Chen completely controlled all Cao Cao's armies and generals. The Lord of the North and the nine northern states were all obtained by Su Chen overnight.

Mrs. Mi and Mrs. Wu did not expect that in just a few days Here, Su Chen suddenly became the most powerful prince in the Han Empire.

They all felt that this incident was too unreal, but it was indeed true.

After Mrs. Mi read the secret letter again, she looked at Gao Ze He ordered,

"Gao Ze, prepare the ship. We will set off back to Wulin Camp today."

"Yes, Mrs. Mi!"

Gao Ze hurriedly saluted and replied.

His voice was trembling now. All this is true. Anlehou actually took control of Wulin Camp. Did Anlehou's rebellion succeed?

Where is Cao Cao?

Was Cao Cao killed ? Dead?

Gao Ze felt that he was the luckiest thing about following Su Chen.

If Su Chen really accepted everything from Cao Cao, then Su Chen, the Marquis of Anle, would be the most powerful prince in the Han Empire, and would even be able to rule the entire Han Empire in the future. The lady looked at Wei Yan again and ordered, "Wei Yan, 30,000 troops will arrive tomorrow. The troops arriving tomorrow will be under your command, and Chaisang County will also be under your control.""

"Yes, Mrs. Mi!"

Wei Yan hurriedly saluted Mrs. Mi.

Wei Yan is also very light now. He doesn't know whether what happened in Wulin Camp is true or false, but 30,000 troops will arrive tomorrow, and they will be commanded by him.

30,000 troops,

Wei Yan When he followed Liu Bei, he was just a lieutenant general. He was able to command a thousand troops. He was worthy of the heaven. With thirty thousand troops, he was already a general at the level of the Four Expeditions General.

Mrs. Wu looked at Lu Xun and the others and ordered,"Lu Meng, Lu Xun , Ling Tong, Xu Sheng, Jiang Qin, you hand over the army to Wei Yan. Today you go to Wulin Camp with us."

"Yes, ma'am!"

Lu Xun and others hurriedly saluted Mrs. Wu.

They all looked incredulous now.

This is actually true.

Since Mrs. Wu is going to Wulin Camp, it means that what the messenger just said is true..

But is this possible?

How could Cao Cao be seized by Su Chen? How could Cao Cao's generals surrender to Su Chen? This matter can only be fully understood when they arrive at Wulin Camp.

Cheng Pu looked at Lu Xun and these The generals shouted,

"Humph, this is all false. Lu Xun, Lu Meng, and you generals, this is what Mrs. Wu deliberately arranged early to seize your military power.

Ling Tong said to Cheng Pu expressionlessly,"Cheng Pu, you can leave now.""

"Just leave, you will all regret it, let's go."

Cheng Pu turned around and left with a gloomy face.

The generals who stood up just now also looked very ugly. They all felt that it was a bit hasty to stand up just now.

Although they did not believe that Su Chen could control the Wulin Camp,

Mrs. Wu Not going to lie, these generals all know who Mrs. Wu is.

These generals looked at each other and left.

They had just made a decision and betrayed Mrs. Wu. They just stayed here shamelessly. These generals They also knew that they would not be reused by Mrs. Wu in the future.

Five days later, in Su Chen's big account at

Wulin Camp , Huang Yueying looked at the triumphant Su Chen with a look of sorrow and anger. Huang Yueying did not expect that this bastard was so despicable. , these days she has been worried that this bastard will attack her. But four days have passed, and this bastard is just flirting with her, and Huang Yueying has also relaxed her vigilance towards this bastard. But last night, this bastard actually attacked her, Although Huang Yueying wants to resist, how can she, a weak woman, resist? Huang Yueying has also developed some affection for Su Chen these days. Otherwise, even if she died last night, she would not let this bastard succeed.

"Shameless pervert!"

Su Chen took a sip of tea and said with a smile,

"Madam, you called me husband last night, why did you start scolding me again today?"

"shameless!"

After Huang Yueying heard what Su Chen said, she was filled with embarrassment and wanted to bite this bastard to death.

This shameless bastard, he dared to mention what happened last night. If this bastard hadn't tormented her last night, how could Huang Yueying call her this? Shameless perverted husband.

Su Chen hugged Huang Yueying's waist and said with a smile, "Okay, don't be angry. Mrs. Mi, Mrs. Wu, and Mrs. Gan will all be here today, and I will pick them up later."

Huang Yueying nodded when she heard Su Chen's words.

However, she knew who Mrs. Mi and Mrs. Gan were, and who was Mrs. Wu?

Huang Yueying thought for a while but did not think of who Mrs. Wu was.

Huang Yueying was confused and turned to Su Chen. Asked, "Mrs. Mi and Mrs. Gan are Liu Bei's wives. Who is Mrs. Wu?"

"Sun Jian's wife!"

Huang Yueying was surprised when she heard Su Chen's words and exclaimed, "You.....You actually robbed Sun Quan's mother?"

Pah!

"Su Chen slapped Huang Yueying and corrected him, "Why grab it? Mrs. Wu and I are in love.""

"I believe you!"

Huang Yueying blushed and was speechless to Su Chen.

Liu Bei's two wives were robbed by this bastard. Zhou Yu's wife was also robbed by this bastard. This bastard even robbed Mrs. Wu, the mother of Jiangdong Sun Quan. This bastard is simply worse than Cao Cao wanted Cao Cao.

Su Chen suddenly realized that he had not seen Zhen Mi for so long, so he asked Huang Yueying in confusion,

"correct? Where is Zhen Mi? Where did Zhen Mi go so early in the morning? Huang

Yueying glared at Su Chen and snorted coldly, "Huh, it's not a good thing you did. Last night we.....I'm afraid Zhen Mi is shy and doesn't want to see us."

"Well!"

Chapter 2093

Su Chen was very speechless when he thought about Zhen Mi's listening all night long.

Zhen Mi, that little quail girl, kept silent. Su Chen also forgot about her last night.

Su Chen pulled Huang Yueying and said,

"Let's go, let's find Zhen Mi first, and then go to the riverside to pick up Mrs. Mi and the others."

"Um!"

At this moment, Zhen Mi was sitting on a small dirt bag in the camp on the soft grass and looking around. She still felt uneasy. What happened last night made her afraid to face Huang Yueying and Su Chen.

And Zhen Mi was also very disappointed.

Zhen Mi was prettier and gentler than Huang Yueying. Zhen Mi couldn't understand why Su Chen didn't want her first.

Was it because she was married?

Or did she dislike her dirty body ? Is it dirty?

Zhen Mi has already accepted her fate for the sake of her family.

In the past few days,

Zhen Mi found that Su Chen treated her and Huang Yueying really well. He did not beat or scold them, did not insult them, or even treated them as servants. Treat.

Last night,

Su Chen went to see Huang Yueying.

Zhen Mi knew in her heart that Huang Yueying had no intention of resisting.

Huang Yueying and Su Chen had been noisy in the past few days. Huang Yueying had developed a liking for Su Chen. Zhen Mi and Huang Yueying were kidnapped by Su Chen. Come here, besides following Su Chen, can they also leave Su Chen's side?

"Madam Zhen, my lord and Madam Huang are waiting for you to return outside the big tent."

At this time, a group of soldiers came over and saluted Zhen Mi, saying,

"I see!"

When Zhen Mi heard the soldiers' words, she came to her senses and stood up to go back.

Zhen Mi had been hiding all morning, and she would have to face Huang Yueying and Su Chen sooner or later.

At this moment, one hundred thousand troops were standing by the Daying River.

The neatly arranged troops here are Su Chen's 100,000 troops mobilized to prepare for the arrival of Mrs. Mi, Mrs. Wu and their daughters. Mrs. Mi,

Mrs. Wu and their daughters are the first women he met in this world, and they are also the ones he met in this world. His wives in this world, Su Chen now controls the entire Wulin Camp, and he will hold a grand welcome lineup for Mrs. Mi and the others.

In the river, three warships are about to arrive, and there are hundreds of warships around. They are separated on both sides. When each warship passes by the warship of Madam Mi and others, the soldiers on the warship will salute Madam Mi's warship.

"Welcome ladies to Wulin Camp!"

"Welcome ladies to Wulin Camp!"

"Welcome ladies to Wulin Camp!"

On the warship,

Mrs. Mi, Mrs. Wu, Mrs. Gan, Da Qiao, Xiao Qiao and Xia Hou Qingyi were all very surprised when they stood on the deck.

Every time they passed several warships, the soldiers on the warships would salute and welcome them. They were all happy and happy by Su Chen's arrangement.

Da Qiao and Xia Hou Qingyi looked at all this and were very envious. Hundreds of warships and thousands of troops saluted and shouted, this is the Han Empire's. Even the queen did not receive such treatment.

Mrs. Mi pulled Mrs. Gan and said with a smile,

"Sister, you see, my husband really controls the entire Wulin camp. Mrs.

Gan nodded and replied with a smile,

"I saw it, but I didn't expect that my husband really took control of Wulin Camp. I have been worried these days, but now I am relieved."

Mrs. Mi and Mrs. Gan looked at the hundreds of warships around them.

They were very happy.

When they followed Liu Bei before, they either sneaked into the city or fled everywhere. How had they ever encountered a decent welcome ceremony?. Mrs. Mi and Mrs. Gan were really touched by

Su Chen's arrangement. Mrs. Wu looked at it all in a daze. She had forgotten her happiness. Everything Su Chen did was beyond her imagination. In ancient times , The status of women is very low. Mrs. Wu used to be Sun Jian's wife. She had never encountered such treatment. Even his sons Sun Ce and Sun Quan did not give her such treatment. Mrs. Wu was very satisfied with Su Chen. She felt that her hasty decision in Wu County was not wrong. Her vision of people was still as accurate as ever. Su Chen was a person worth trusting for life. Generals such as Gao Ze and Lu Xun looked at all this in stunned silence. Hundreds of warships and more than 100,000 sailors. They did not expect that Su Chen would use hundreds of warships and more than 100,000 sailors to welcome Mrs. Wu and the others. Gao Ze trembled and said to himself ,

"This turned out to be true. Anlehou really took control of the entire Wulin camp, and the northern overlord actually changed people in just a few days."

Lu Xun and the others nodded when they heard Gao Ze's words.

They did not expect that Su Chen actually took control of Wu Lin Camp. Cao Cao's most powerful army was in Wu Lin Camp, and Cao Cao was able to dispatch all the troops..

Su Chen controlled the Wulin camp, which was equivalent to controlling the entire north. Coupled with the loyalty of Cao Cao's generals, the entire nine states in the north were already under Su Chen's rule.

"We are going to have a better time this time. We are all Mrs. Wu's trusted subordinates. If Mrs. Wu asks us to come with her this time, she will definitely find us a good military position."

"Yes, this is a sure thing"

"Well, since Mrs. Wu asked us to come to Wulin Camp, Mrs. Wu will not ignore us."

"Haha, now I wonder if Cheng Pu and the others knew this, would they regret it and want to commit suicide?"

"The old guy is still thinking about his rights, and Minister Gu Ming, Cheng Pu must not want to give up his special status in Jiangdong."

After Lu Xun and Lu Meng recovered from their shock, they all started talking one after another.

They also felt lucky to be loyal to Mrs. Wu.

A dandy marquis and a small partial general suddenly became the largest military commander in the Han Empire. The princes may even become the masters of the world in the future, and they all feel bright about their future destiny.

As the warship slowly docked,

Mrs. Mi and Mrs. Wu were escorted by Gao Ze and his soldiers. Got off the station boat

"Welcome ladies to Wulin Camp!"

At this time, the 100,000 troops by the river saluted Madam Mi and the girls in unison.

Madam Mi and the girls were stunned. There were dozens of military formations by the river, and the surrounding area was dark and covered with black armor. Army, how many troops are there saluting and greeting them?

Mrs. Gan was surprised and asked the women,

"How many troops are there? How did your husband mobilize so many troops to welcome our arrival? Mrs.

Mi said with a smile on her face,

"Sister, this is the honor given to us by our husband. All his rights and status are shared with us. We are all our husband's women, and our husband's noble status is our noble status."

Chapter 2094

Mrs. Wu smiled when she heard Mrs. Mi's words.

She didn't expect Mrs. Mi to be so smart. She also guessed what Su Chen did. There were probably a hundred thousand troops here by the river , and more than a dozen on the warships in the Yangtze River. There were tens of thousands of troops, and there were also hundreds of thousands of troops by the river. Su Chen actually dispatched one-third of his troops to welcome them. This was unprecedented in the history of the dynasties.

"The husband is here!"

At this time,

Mrs. Mi saw Su Chen arriving on a war horse, and she hurriedly reminded the girls,

"See lord!"

"See lord!"

"See lord!"

Every time Su Chen passed by a military formation, the soldiers in each military formation neatly saluted Su Chen.

"Ladies, have you missed me?"

After Su Chen came to Mrs. Mi and the others, he hugged Mrs. Mi, Xiao Qiao, Mrs. Gan, and Mrs. Wu respectively.

Su Chen hadn't seen these beautiful ladies for more than ten days, and he really missed them. several beauties

"Husband!"

Mrs. Mi and the girls did not expect that this bastard Su Chen would hug them in front of more than 100,000 troops. This made Mrs. Mi, Mrs. Wu and the girls blush with shame.

"Huang Yueying has met several sisters!"

"Zhen Mi has met several ladies!"

At this time, after Huang Yueying and Zhen Mi got off the carriage, they all saluted Mrs. Mi and the girls.

Mrs. Wu and Mrs. Mi saw Huang Yueying and Zhen Mi saluting, and they hurriedly helped Huang Yueying and Zhen Mi up. Mi,

Mrs. Wu looked at the beautiful Huang Yueying and Zhen Mi and said with a smile,

"The sisters are exempt from the etiquette. We are all members of our own family and do not need these etiquettes."

Su Chen hugged Xiao Qiao and said to the girls,

"Yes, we are all members of the same family. Don't be polite. Everyone, get on the carriage. Let's go back to my big account first."

"Yes, husband!"

After Su Chen saw Lu Xun and the others behind him, he ordered Gan Ning and Gao Ze,

"Gan Ning and Gao Ze, take these generals to settle down first. I will meet them tomorrow."

"Yes, my lord!"

After all the girls got on the carriage,

Su Chen nodded to Xiahou Dun and Zhang Liao, and he also got on the carriage.

This time Xiahou Dun and Zhang Liao did a good job, and he was not stolen by these generals in vain. Fine wine.

When Gan Ning saw Su Chen's carriage leaving, he loudly said to Lu Xun and the others, "General Lu Xun and several other generals, let's go. I'll arrange a welcome banquet for you. I have a few bottles of fine wine. This time Let you taste the Lord's wine"

"Thank you General Gan!"

Lu Xun and others hurriedly clasped their fists and thanked Gan Ning. They all knew that Gan Ning was Su Chen's bodyguard, and Gan Ning's future would be limitless. They did not dare to look down on Gan Ning.

At this time,

Zhang Liao and Several generals from Xiahou Dun came over. They all looked at Gan Ning with ill intentions.

Zhang Liao patted Gan Ning on the shoulder and said, "General Gan, I heard that you are going to hold a banquet. General Xiahou, General Cao, General Li and I Several people also want to participate, you won't welcome them, right?"

Gan Ning's face turned dark when he heard Zhang Liao's words.

These bandits actually hit him. Gan Ning had only saved a dozen bottles of wine in the past few days. If all these generals passed by, his family would be wiped out. The money will be hollowed out

"Damn it, you guys are shameless, I just held a welcome banquet for General Lu Xun, what are you doing here? I don't have any extra wine to entertain you"

"Ha ha...."

Xiahou Dun laughed and said to Gan Ning,

"Gan Ning, you are my lord's bodyguard. You will take care of my lord's fine wine and fairy wine. You can just bring out some fine wine and fairy wine when the time comes. Erguotou, I don't have any problem even if I drink Erguotou."

Cao Chun threatened as he clenched his fist,

"The same goes for us, just drink Erguotou. Gan Ning, if you don't agree, we don't mind having fun with you!"

"Okay, okay, I agree. I will hold a banquet at noon and all the generals can come."

Gan Ning hurriedly agreed with a dark face.

If five or six generals beat him together, Gan Ning wouldn't be able to cope with it even with ten hands. He didn't want to be beaten until his nose was bruised and his face was swollen. Gan Ning had no choice but to give in.

Gao Zehe Lu Xun and others watched Zhang Liao and others threaten Gan Ning just for drinking.

Gao Ze and Lu Xun were also very confused. They were just having a banquet and drinking.

Gan Ning's face turned black with anger. Could it be that there was something going on here? Is there anything else to hide?

At this moment, in the carriage,

Su Chen held Xiao Qiao and Mrs. Gan and looked at the girls.

The girls in the carriage were all the top peerless beauties in the world. They all ate spiritual fruits when they passed by. , these peerless beauties are even more beautiful now.

Su Chen said with a smile,

"Da Qiao, Xia Hou Qingyi, Bu Lianshi, you are getting more and more beautiful after not seeing each other for a few days."

Da Qiao's beautiful eyes said with a smile,

"Anlehou has also changed a lot in the past few days. I haven't seen you for more than ten days. I didn't expect that you would suddenly change and become the most powerful prince and the most powerful person in the world."

Da Qiao was also very surprised by Su Chen's methods.

Cao Cao's foundation was seized by Su Chen in just a few days.

Cao Cao was probably killed by Su Chen.

All the troops and many generals were against Su Chen. Surrender, this dandy prince truly controlled Cao Cao's territory and even became the most powerful prince in the world.

"Haha, this is my good luck."

Xiahou Qingyi and Bu Lianshi kept looking at Su Chen in the carriage.

They didn't expect that in the blink of an eye, Su Chen would become the most powerful prince in the world. With the territory of nine states and millions of troops,

Everything about Cao Cao was obtained by Su Chen without any effort. They all wanted to know how Su Chen did all this.

Next to them, Mrs. Mi and Mrs. Gan were talking to Zhen Mi and Huang Yueying. The girls all wanted to know what Su Chen had done in the past ten days, and also wanted to know the identities of Huang Yueying and Zhen Mi, and whether they were also kidnapped by Su Chen.

Xiao Qiao blushed and grabbed Su Chen's hand. The hand asked,

"Husband, do you have complete control over Cao Cao's entire foundation? Su

Chen nodded and replied, "Well, that's about right. When I return to Xudu and deal with some people, Cao Cao's territory will be completely under my control."

Trainer Bu looked at Su Chen and asked doubtfully,

"What about the emperor?"

Su Chen was very speechless when he heard what Bu Lianshi said.

He actually forgot about the little emperor of the Han Dynasty.

However,

Su Chen would not keep the little emperor.

He decided to drive the emperor away after returning to Xudu.

Su Chen is not Cao Cao.

Cao Cao married several daughters in order to win over and appease the little emperor. Su Chen does not need to win over the little emperor, nor does he need to coerce the emperor to order the princes

"The little emperor asked him to leave my territory. If he wants to go to Yizhou, he can go to Yizhou. If he wants to go to Xiliang, he can go to Xiliang. I will not imitate Cao Cao and use the emperor to order the princes. This is unnecessary."

"Besides, I couldn't help but kill those pedantic officials who were loyal to the little emperor. I asked the little emperor to leave with his loyal ministers. This was also very beneficial to my rule."

Bu Lianshi asked in surprise when he heard Su Chen's words.

"Do you want to ascend the throne and proclaim yourself emperor?"

Chapter 2095

Su Chen shook his head when he heard what Bu Lianshi said, becoming an emperor?

He never thought that the emperor no longer had any attraction to him.

Su Chen just wanted to control this small world in his hands, a private world that only belonged to him.

Su Chen is now the emperor of a huge realm and the emperor of Xuantian Empire. There is no need for him to build another empire. Xuantian Empire will be his only empire.

After his strength is unlocked by the Heavenly Ladder,

Su Chen's black-armored army will sweep across this small world, and this small world will also be under the control of the Xuantian Empire.

Su Chen looked at the beautiful Bu Lianshi and asked, "Bu Lianshi, do you want me to be the emperor?"

"It's none of my business!"

Bu Lianshi rolled his eyes at Su Chen and didn't dare to look at Su Chen.

She was worried that this bastard would tease her again.

There were many women in the carriage, and she didn't want to be teased by Su Chen in front of the girls.

Su Chen smiled. He smiled and said to Trainer Bu, "If I become the emperor, wouldn't you be able to be a concubine?"

"Shameless!"

Bu Lianshi stared at Su Chen and wanted to kill this shameless pervert. Although she guessed that this bastard would not let her go, Bu Lianshi did not expect that this bastard would say it in public, which made her feel that the people around her. All the women looked at her.

"Ha ha...."

Su Chen smiled when he saw Master Bu's embarrassed look.

He had no plans to take over Coach Bu now. Even Xiahou Qingyi and Zhen Mi didn't take them away for the time being. He could still stay in this small world for a long time. For a few months, Su Chen had to slowly taste these beauties.

Half an hour later, after the carriage arrived outside the big tent,

Su Chen took the girls and lived in the big tent.

In the big tent,

Su Chen heard what Mrs. Wu said about the Jiangdong generals who had left. Didn't care.

The Battle of Chibi will begin in more than ten days. Su Chen has many water warfare generals in his hands. Together with Jiangdong generals such as Lu Meng and Lu Xun, this Battle of Chibi will not be difficult at all.

He will easily destroy Jiangdong, and

Liu Paopao must die.

Liu Zhang of Yizhou should send troops to prevent Liu Bei from entering Shu. Liu Bei is now a bereaved dog. As long as Liu Bei does not enter Shu, it will be very easy to destroy Liu Bei.

Su Chen hugged Mrs. Wu's plump body and said,

"Madam, Lu Xun and Lu Meng are all good generals, especially Lu Xun. He is a handsome man with great potential. I will reuse these generals."

Mrs. Wu leaned into Su Chen's arms and said with a smile, "Husband, just do whatever you want. Lu Xun and others are all good characters, so you don't have to worry about them betraying you in the future."

Su Chen hugged Mrs. Wu and walked towards the inner tent with a smile, "Yeah!" Madam, let's go and have a rest. We haven't been together for a long time."

"Husband, it's still daytime now, at night, I will serve you again at night."

"Ha ha! I can't wait for the night"

"Husband....."

In the big tent, the other women who were chatting saw Su Chen hugging Mrs. Wu and leaving. Their faces were all very red, and even the conversation between them had lost their focus.

"Color embryo!"

When Trainer Bu saw Su Chen hugging Mrs. Wu and leaving, she was very angry.

Mrs. Mi looked at Trainer Bu and shook her head and said,

"Master Bu, you don't need to be so angry. Mrs. Wu will be very happy following Su Chen. Mrs. Wu has been a widow for more than ten years. She also wants to live for herself. You don't want Mrs. Wu to be alone with Qing Deng all her life, right?"

"I....."

Bu Lianshi was confused when he heard Mrs. Mi's words.

Mrs. Wu became a widow at a young age. She also saw Mrs. Wu and Su Chen looking happy together. Bu Lianshi was also confused and didn't know whether he should or not. Leave it alone.

Mrs. Gan also said,

"Master Bu, women always have someone to rely on. We women were all kidnapped by Su Chen, but you have also seen how much Su Chen cares about us women."

"Su Chen didn't imprison us as if we were prisoners, or even just used us as a tool to vent our desires. We are all living very well now, even better than we have ever lived before."

Bu Lianshi looked at Mrs. Mi, Mrs. Gan, and Xiao Qiao. She knew that these women lived a very happy life, especially Su Chen's grand welcome to them today. I'm afraid this will be recorded in the annals of history. The trainer nodded and replied,

"I see!"

Xia Hou Qingyi, Da Qiao, Zhen Mi, these women heard what Mrs. Mi and Mrs. Gan said. They were all a little envious of Mrs. Mi and the girls. They all watched what Su Chen did. They also knew that Su Chen Chen was very concerned about these women.

At this time,

Tianyang City was the only way for Jingzhou to enter Shu. Thirty thousand troops had been deployed in Tianyang City.

Under Tianyang City,

Liu Bei and his troops were stopped. Keep moving.

Under Tianyang City,

Liu Bei looked ugly at the moment.

They had traveled thousands of miles to avoid Jiangdong Army and Cao Cao's army before arriving at Tianyang City. As long as he led his men and troops into Tianyang City and entered Yizhou Shu, they would There was no need to worry about being chased by Sun Quan and Cao Cao.

However, just before entering the city of Shu, Liu Bei was intercepted by Yizhou general Wu Yi. This made Liu Bei very upset.

"General Wu, why don't you let me enter Yizhou?"

On the city wall,

Wu Yi looked at the embarrassed Liu Bei people.

He said loudly and disdainfully, "Liu Shijun, my master has an order that you cannot enter Yizhou Shu. Liu Bei, you'd better find a way out. You are not welcome in Shu Shu. Zhuge Liang looked at the city wall and asked loudly, "General Wu, my lord is the uncle of the Han Dynasty and your lord Liu Zhang. Why don't you let us enter Yizhou and Shu?"

Wu Yi heard Zhuge Liang's words and mocked,

"Imperial uncle? Haha, Zhuge Liang, my lord is the heir of the Han royal family and the nephew of Emperor Ling of the Han Dynasty"

"As for Liu Bei, whether he is a descendant of the Han royal family is not up to you. Even if Liu Bei is a descendant of the Han royal family, Liu Bei still cannot enter Yizhou."

Liu Bei, Zhuge Liang, and even Guan Yu, Lu Su, Huang Zhong, and Zhao Yun all turned gloomy when they heard Wu Yi's words. I'm afraid it won't be possible for them to escape to Yizhou. There are more than 30,000 troops in Tianyang City.

They originally had three to four thousand troops, but during this period, their troops either died of illness or fled. Now there are less than three thousand troops left, and it is impossible for them to capture Tianyang City.

Liu Bei's gloomy face Asked Zhuge Liang,

"Military advisor, why didn't Liu Zhang let me enter Shu? What exactly is going on?"

Chapter 2096

Zhuce Liang looked at Tianyang City.

He also guessed some problems.

Liu Zhang did not allow Liu Bei to enter Yizhou Shu territory.

There may be two reasons for this. First, Liu Zhang might be worried that Liu Bei would seize power in Yizhou.

Second, Sun Quan and Cao Cao might be afraid. It was Liu Zhang who threatened Yizhou. If Liu Zhang dared to accept Liu Bei into Yizhou Shu territory, Sun Quan or Cao Cao would use troops against Yizhou. Liu Zhang might have been frightened.

Zhuce Liang felt that the latter was the most likely.

Liu Zhang was weak and incompetent.

If Liu Bei entered Yizhou Shu,

Liu Zhang would not be able to object.

Only Sun Quan or Cao Cao threatened Liu Zhang. Liu Zhang would not let Liu Bei enter Yizhou Shu.

Zhuge Liang then told Liu Bei and the generals his guess.

He had no choice now. He couldn't enter Yizhou and Shu.

Sooner or later, they would be destroyed by Cao Cao and go to Sili Guanzhong?

They will all be killed by Dong Zhuo's old troops.

Hanzhong cannot be entered at all.

Xiliang?

Even if they could reach that barren land, they would be driven away by Ma Teng from Xiliang. Among the thirteen states in the world, Liu Bei would probably not be able to go to any state, and no state would dare to take Liu Bei in.

Liu Bei looked at Tianyang City and ordered,

"Let's go back to the camp at the foot of Hongye Mountain first, and we'll discuss where to go later."

"Yes, my lord!"

On Tianyang City,

Wu Yi saw Liu Bei leading his army to leave.

He shook his head and ordered,

"Lieutenant general, keep a close eye on Liu Bei. Tianyang City must also be careful in the near future. We cannot let Liu Bei enter Yizhou and Shu."

"Yes, General!"

Ten days later,

Su Chen's army is ready, and all the warships and materials are in place. The Battle of Chibi will also start in these days.

Su Chen from Chaisang County has sent 100,000 troops. Su Chen plans to go Attacking Sun Quan by land and water at the same time, they will occupy the entire Yangzhou within a month, and even Jiaozhou will be taken.

In the big tent,

Xiahou Dun handed Su Chen a letter and said, "My lord, this is a letter from General Cao Ren, Cao Cao's More than a dozen sons were all arrested, and Cao Hong, the younger brother of General Cao Ren, had taken control of Xudu City."

Su Chen read the contents of the secret letter and nodded.

Cao Ren has done a good job.

Xudu has been controlled, and the entire north is under his rule. Xun Yu and Chen Qun will take charge of other matters. The nine states in the north will not In addition, the army is under his control. Anyone who dares to rebel will be punished by the nine tribes.

"Yes, General Xiahou sent a letter to General Cao Ren, asking him and Cao Hong to kill all the men in Sima Yi's family. Especially Sima Yi, he must not escape."

"Yes, my lord!"

"By the way, give Cao Ren's clan brother Cao Hong a body-tempering pill and a life-extending pill before he finishes killing Sima Yi."

Xiahou Dun laughed and said after hearing Su Chen's words.

"Haha, lord, I think Cao Ren and Cao Hong will quickly kill Sima Yi's family"

"Killing Sima Yi's family is of great importance, so Cao Ren and the others must not let the news leak out."

Xiahou Dun asked a little puzzled,

"Lord, the Sima Yi family is just an ordinary noble family. Are they that important?"

Su Chen shook his head and explained,

"Xiahou Dun, Sima Yi is not simple, he is even comparable to Wolong Zhuge Liang"

"However, Sima Yi is a wolf-looking prime minister"

"Xiahou Dun, do you believe it or not? If Sima Yi gains power in the future and Cao Cao dies, even if Cao Cao's foundation is not taken by me, Sima Yi will seize Cao Cao's foundation."

"Sima Yi should not be underestimated as a wolf."

When Xiahou Dun heard what Su Chen said, he was also very surprised.

Sima Yi could actually compete with Zhuge Liang, and even Sima Yi was still the prime minister. No wonder Su Chen wanted to massacre Sima Yi's family, and the prime minister was the wolf. This meant he was plotting something evil.

"My subordinates understand that I will definitely remind Cao Ren and Cao Hong to be careful."

"Okay, notify Cao Ren and Cao Hong as soon as possible!"

"Yes, my lord!" Su Chen stood up and stretched his waist after Xiahou Dun left. Although Su Chen delegated power to some generals, there were still many things going on in the entire camp. Su Chen had to be busy all morning every day.

"Husband, you are done with your work."

At this time,

Mrs. Gan came to Su Chen with tea. She watched Su Chen stretch, and Mrs. Gan pursed her lips and smiled.

Su Chen took the tea cup and said with a smile, "I'm done, Madam. , where did the others go?"

Mrs. Gan massaged Su Chen and said,

"Mrs. Wu took her sisters to the hills outside the camp to see the snow scenery."

Su Chen asked with some surprise,

"Snowing?"

"Well, it has been raining for more than an hour"

"That's it, Gan Ning!"

"Lord!" Gan Ning left and came in to salute Su Chen.

Su Chen thought about it and then ordered,

"Send an order to each general, the weather is cold, and ask each general to pay attention to the army to keep out the cold. Also, each general sends ten barrels of wine, allowing the army to drink these days, but not too much."

"Yes, my lord!"

After Mrs. Gan saw Gan Ning leaving, she looked at Su Chen and continued, "Husband, that Mrs. Cai is not bad, why don't you accept her?"

Su Chen coughed in embarrassment after hearing Mrs. Gan's words,

"Well, wait and see, Mrs. Cai is very beautiful, but I heard that she is jealous. If Mrs. Cai is really jealous, no matter how beautiful Mrs. Cai is, I will not accept her."

Su Chen thought that in the past ten days, after that ugly man Cai Mao sent his sister, Su Chen did not expect that Mrs. Cai was also very beautiful. Mrs. Cai still had not eaten spiritual fruit. If Mrs. Cai She also ate the spiritual fruit. I'm afraid she is about the same as Mrs. Gan.

Although Su Chen did not take down Mrs. Cai, Su Chen did some things that should be done, especially Mrs. Cai's sexy little mouth. Su Chen these days It is enjoyed every day

"Husband, I think Mrs. Cai is not a jealous person."

Su Chen hugged Mrs. Gan's soft body and said with a smile, "It doesn't matter. In the past few days, after the war starts, if her character is okay, I will give her an explanation."

"Report to my lord, secret message from Jiangdong!" A soldier loudly reported outside the tent,

"Bring it in!"

"Yes, my lord!"

Su Chen read the secret message from the soldiers.

However,

Su Chen frowned when he saw it.

There was a rebellion among the Baiyue tribe in Jiangdong. Yuzhang County has been occupied by 30,000 Baiyue troops. The people of Yuzhang County More than 100,000 people were massacred and countless women were abducted.

Su Chen shouted angrily, "Damn Baiyue, there will never be another Baiyue tribe in the future."

When Mrs. Gan saw that Su Chen was so angry, she asked doubtfully,

"Husband, what's wrong?"

Su Chen handed the secret letter to Mrs. Gan and said,

"Just look at the secret letter and you will know. It seems that the war will start as soon as possible. Sun Quan cannot protect Jiangdong, so let me protect it. I will destroy the Baiyue clan and completely annihilate it."

Chapter 2097

Mrs. Gan looked at Mi Xin with an angry expression on her face.

She did not expect that the Baiyue people not only massacred people, but even kidnapped countless women. Mrs. Gan knew the fate of those abducted women without even thinking about it.

She understood why Su Chen was so angry.

A woman like Mrs. Gan would be angry when she saw this, let alone Su Chen, the largest prince in the Han Empire.

Mrs. Gan looked at Su Chen's angry look and asked, "Husband, do you want to start a war in advance?"

Su Chen nodded and replied,

"Yes, I want to take advantage of the Baiyue tribe to leave Yuzhang County with those women. I want to destroy those beasts."

"Well, the Baiyue people should be killed!"

"Come, tell the generals to come and discuss matters."

"Yes, my lord!"

When Mrs. Gan saw that Su Chen was about to get busy, she got up from Su Chen's arms and said, "Husband, you go ahead and get busy. I'll go find Mrs. Wu and the others."

Su Chen touched Mrs. Gan's little face and nodded, "Well, bring more guards."

"I see!"

A quarter of an hour later, more than a dozen generals and several staff members arrived one after another.

When these generals saw Su Chen's gloomy face, they didn't understand what happened.

Su Chen looked at these generals and said coldly.

"Everyone, I just received news that the Baiyue tribe from Jiangdong attacked Yuzhang County. The people in Yuzhang County were bloodbathed by the Baiyue tribe, and countless women were abducted. Our war will start in advance."

"What? The little Baiyue tribe dares to massacre my Han people. Damn it, my lord, destroy Baiyue. We will destroy the Baiyue tribe."

"Damn it, the Baiyue tribe should be exterminated!"

"Lord, let me attack the Baiyue tribe. I will rescue the abducted women. I will also destroy the Baiyue tribe."

"I'm going, I, Li Dian, want to kill all the Baiyue people"

"I won't fight Sun Quan. Master, let me go. I will rescue the abducted women and kill every one and a half of the Baiyue tribe."

"I, Zhang Liao, will slaughter all the Baiyue people"

"Lord, I am from Jiangdong, let me go, I will definitely destroy the Baiyue tribe."

When the generals in the big tent heard Su Chen's words, they all understood why Su Chen had a gloomy face.

Each of them was very angry. These generals did not expect that the Baiyue tribe would be so bold and massacre. The common people of the Han Dynasty even kidnapped countless women. They all wanted to lead the army to massacre the Baiyue people themselves.

Bump bump!

Su Chen patted the table with a serious face,

"Everyone is quiet. Now I am announcing an order. Cai Mao, Ling Tong, Xu Sheng, your navy will start attacking Xiakou in Chibi tomorrow. The navy in Jiangdong must be crippled by me."

Cai Mao, Ling Tong, and Xu Sheng immediately saluted Su Chen and said,

"Yes, my lord!"

Su Chen looked at Xiahou Dun, Li Dian and others again and ordered,

"Xiahou Dun, you are the chief general of water and land, Xiahou Yuan, Li Dian, Yue Jin, Zangba, Sun Guan, and Wenpin are deputy generals. You command an army of 200,000 to attack the counties east of the Yangtze River."

Xiahou Dun and other generals immediately saluted and said,

"Yes, my lord!"

Su Chen looked at the generals Zhang Liao and Xu Huang and ordered,

"Zhang Liao, you are the commander-in-chief of Lulu, Zhang Jiao, Xu Huang, Zhu Ling, Cao Chun, Yu Jin, and Zhang Jiao are the deputy generals. You will command twenty armies to attack Jiangdong from Chaisang County."

"It's the lord!"

Su Chen finally looked at Lu Xun and ordered,

"Lu Xun, you are the chief general in the campaign against the Baiyue tribe, and Lu Meng, Wei Yan, Gao Ze, and Jiang Qin are the deputy generals."

"Lu Xun, you are from Jiangdong and are very familiar with Baiyue. I will give you an army of 100,000 people. All Baiyue men, old and young, will be slaughtered and all Baiyue women will be demoted as slaves. Lu

Xun assured Su Chen with a serious look on his face, "Don't worry, my lord, I, Lu Xun, will definitely slaughter all the men in Baiyue.""

Su Chen nodded and said to all the generals,

"Okay, generals, go back and tell all the soldiers that after the war starts tomorrow, the soldiers' salaries will be increased tenfold. Those who are brave in fighting and killing enemies can get a body tempering pill. All generals, go and prepare. The war will begin tomorrow. here we go"

"Yes, my lord!"

After all the generals left,

Su Chen looked at Cheng Yu and ordered,

"Cheng Yu, you are in charge of all the supplies of the army. The other staff obey your command. If you need money, just ask Gan Ning. You must provide the army with food, grass and weapons."

Cheng Yu's eyes lit up when he heard Su Chen's words, and he provided unlimited money.

This was something he had never encountered before. Cheng Yu used to fight with Cao Cao and collected money from everywhere. This time Su Chen provided unlimited money. , he, the logistics general, will have a much easier time

"Don't worry, my lord, as long as the money is in place, the supply of food, grass and weapons will not be interrupted."

"Well, get ready!"

"Yes, my lord."

Su Chen suddenly realized that Xu Zhu had not left, so he asked doubtfully,

"Xu Zhu, why don't you leave?"

Xu Zhu looked confused and asked Su Chen, "Lord, where am I?" Why wasn't I sent to war?"

Su Chen was confused when he heard Xu Zhu's words.

He had forgotten about Xu Zhu just now, but Xu Zhu is a super bodyguard.

Su Chen decided to let Xu Zhu and Gan Ning protect him and his women in the future. With the protection of these two super bodyguards, his wives will be much safer in the future.

"You, Gan Ning and Su Wei are responsible for protecting me and my wife. Xu

Zhu was speechless when he heard Su Chen's words, "Master, you can knock me down with just one hand. Do you still need protection?"

Su Chen scolded Xu Zhu with a dark face,

"Damn, Xu Zhu, have you ever seen a lord take action in a battle? You idiot, you are responsible for taking the guards to protect the ladies, three bottles of Wuliangye, this is compensation for not going to the battlefield."

"Yes, my lord!"

When Xu Zhu heard that there were three bottles of Wuliangye as compensation, he didn't care whether he went to the battlefield or not.

The entire Wulin camp army was mobilized.

The war will start tomorrow.

The general and all the soldiers in the camp were excited. , this war is ten times the military pay, and even those who fight bravely can get a body tempering pill. All the soldiers are eager for the war to start today.

"Husband, is the war going to start tomorrow?"

In the big tent,

Mrs. Wu and her daughters came in one after another.

They also heard Mrs. Gan tell them what happened, and the troops in the Wulin Camp were preparing for war. These women came back to understand the situation..

Su Chen nodded when he heard Mrs. Wu's words.

"Yes, these have nothing to do with you. You can play as you should, and we will just wait for the good news at Wulin Camp."

Chapter 2098

Su Chen looked at the women and wanted to reassure them.

The war had nothing to do with women.

Su Chen just wanted Mrs. Wu and the girls to live happily. After the war was over, he would let the women settle down. Wu It is not a problem for the wife and daughters to stay in the military camp.

Women such as Mrs. Wu and Mrs. Mi nodded when they heard Su Chen's words.

Women like them could not help the war. However, Su Chen did not go to the battlefield, which made them feel relieved.

Su Chen looked at the girls and said with a smile,

"You all go and continue to enjoy the snow scene. I have some things to deal with here."

"All right!"

Mrs. Wu and the girls looked at Su Chen and went out.

Today is the first winter snow. If they were not worried about Su Chen, they would not come back in a hurry.

Su Chen saw Mrs. Wu and the girls leaving, but only Bu Lianshi stood there and did not leave.

Su Chen asked Bu Lianshi in confusion, "Bu Lianshi, why don't you go?"

Bu Lianshi asked with a complicated expression.

"I want to know what you want to do with Sun Quan?"

Su Chen frowned when he heard Bu Lianshi's words,

Sun Quan?

That Sun Biyan must die.

It is impossible for Su Chen to leave Sun Quan as a hidden danger. Cao Cao and his sons were executed by him, how could he let Sun Quan To continue living,

Su Chen had secretly given an order to Zhang Zhao in Jiangdong. After his army broke through Jiangdong, Zhang Zhao must take advantage of the chaos to execute Sun Quan. If

Su Chen hadn't been because of Mrs. Wu, he would not have let Zhang Zhao survive the chaos. Killed Sun Quan

"I won't kill Sun Quan, and I won't kill Sun Quan for Mrs. Wu's sake."

"Are you telling the truth?"

"you do not believe me?"

Bu Lianshi didn't believe what Su Chen said at all. Although Su Chen was not a cruel and cruel person, Sun Quan was a prince, and an ambitious prince.

Su Chen even executed Cao Cao and his sons. This bastard How could Sun Quan be left as a hidden danger

? Trainer Bu glared at Su Chen and mocked,

"Do you think I can trust you? If Cao Cao is killed by you, more than ten of Cao Cao's sons will be executed by you. I don't believe that you will keep Sun Quan as a huge hidden danger."

Su Chen walked up to Trainer Bu and lifted her chin and said

"Master Bu, you really have a deep love for Sun Quan."

"Sun Quan will not survive, but it will not be me who kills him, nor will my troops kill him."

"The Sun family has offended too many people in Jiangdong, especially the Jiangdong nobles who were massacred by Sun Ce. If the Sun family falls, those nobles will not miss the opportunity to take revenge. Maybe the Jiangdong nobles will kill Sun Quan to please me. Maybe the Jiangdong nobles really Wants revenge"

"As long as Sun Quan is defeated at Chibi Xiakou, his Jiangdong power will immediately collapse"

"Master Bu, I can tell you clearly"

"The noble families and noble families in Jiangdong have surrendered to me, and Zhang Zhao's noble families in Jiangdong have all pledged their allegiance to me. When the war starts tomorrow, the noble families and wealthy families in Jiangdong will support my army's attack."

Bang!

Bu Lianshi slapped Su Chen's hand away and was very angry.

This shameless bastard,

Bu Lianshi glared at Su Chen fiercely and lowered his head.

Su Chen still had no intention of letting Sun Quan go. Jiangdong's nobles and All the wealthy families have taken refuge in this bastard. After the war breaks out, Sun Quan will definitely be killed by the Jiangdong nobles and wealthy families. Bu Lianshi feels a little uncomfortable.

After all, Sun Quan is her husband, and he treats her well. If possible, Bu Lianshi The trainer did not want Sun Quan to be killed.

But this hope was too slim.

There were many princes in the Han Empire fighting in a melee. Which of the failed princes could survive?

Trainer Bu looked at Su Chen and said expressionlessly," Su Chen, I want to go back to Jiangdong!"

Su Chen was stunned when he heard what Bu Lianshi said.

Bu Lianshi wants to return to Jiangdong?

Return to Jiangdong at this time?

Is this possible?

This beautiful woman has a very fierce character. If Sun Quan is killed, Su Chen is worried Bu Lianshi would also commit suicide. How could he agree to Bu Lianshi return to Jiangdong?

Su Chen decided to make a living with Bu Lianshi, otherwise, this beautiful woman might really commit suicide.

Su Chen looked at Bu Lianshi The teacher nodded and agreed,

"Can!"

Trainer Bu was very confused when he heard Su Chen's words.

This bastard would actually let her go.

This made Trainer Bu feel a bit unreal. Could this be some conspiracy of this bastard?

"Do you promise to let me go?"

"good!"

"Thank you very much!"

"No need to thank you, you will thank me later!"

"Um? what you do? Let me go."

Trainer Bu struggled when Su Chen suddenly hugged her.

She didn't expect this bastard to hug her. Trainer Bu was a little worried that Su Chen would do something outrageous.

Su Chen hugged Trainer Bu's soft waist. He smiled and said,

"Bu Lianshi, I agree with you to return to Jiangdong, but you must wait until the war is over. After the war is over, you can go wherever you want."

Bu Lianshi shouted angrily, "Shameless, let me go!"

Su Chen hugged the Bu trainer and said with a smile, "Bu trainer, I will accept your thanks now."

"Shameless pervert, let go now....Woo woo woo...."

Bu Lianshi was picked up by Su Chen and walked towards the inner tent. She hurriedly struggled and cursed Su Chen, but Su Chen kissed her as soon as she opened her mouth. Bu Lianshi stared with big eyes filled with hatred.

Jiangdong,

Wu County,

Sun Quan saw Cheng Pu and several generals arriving, and he was very happy.

Cheng Pu and several generals came back with more than 30,000 troops, and Sun Quan had 60,000 to 70,000 troops in his hands.

As long as Jiangdong's army holds Xiakou in Chibi, Cao Cao's hundreds of thousands of troops will not be able to attack Jiangdong at all. He can sit back and relax and continue to be the master of Jiangdong.

Cheng Pu looked at Sun Quan who was on the throne.

He regretted coming back to Wu County.

Sun Quan didn't know anything about what happened in Wulin Camp, and even thought about stopping Su Chen's army at Xiakou in Chibi.

Chaisang County in Jiangdong has been taken over by Su Chen's army.

Su Chen's army of hundreds of thousands did not need to attack Chibi Xiakou, but his army marched straight into Jiangdong.

Cheng Pu looked ugly and said,

"Lord, Cao Cao may have been killed, and Wulin Camp may have been taken over by Anlehou Su Chen.

Sun Quan was shocked when he heard Cheng Pu's words and asked hurriedly, "What?" Cao Cao was killed? How can this be? General Cheng, please explain this to me carefully."

Sun Quan has been busy recruiting troops during this period, and his scouts can't get in at Wulin Camp. He really doesn't know what happened in Wulin Camp.

"My lord, Cao Cao has been killed. Anlehou Su Chen has already captured Cao Cao....."

Cheng Pu told Sun Quan all the news he knew, and even told Sun Quan the situation of Mrs. Wu and Master Bu.

What happened in the Wulin camp was true.

Cheng Pu stayed in Chaisang County for one more day and saw with his own eyes the arrival of 100,000 northern troops in Chaisang County.

Cheng Pu also knew that Mrs. Wu did not deceive them. Anle Hou Su Chen really took over all the troops in Wulin Camp.

When Sun Quan heard Cheng Pu's words, he cursed angrily,

"Damn it, Anlehou actually took over Wulin Camp and even left with my mother and Bu Lianshi. That bastard, I want to kill that shameless bastard myself."

Chapter 2099

Sun Quan was now angry and wanted to kill someone.

After Sun Quan thought he had killed his brother's son Sun Shao, his mother, Mrs. Wu, sadly took Bu Lianshi to Chaisang County to avoid him. He also did not pay much attention to the war.

However,

Sun Quan did not expect that her mother would have an affair with Su Chen, and now she would take his wife to Wulin Camp with her.

His wife's infantry trainer was actually taken to Wulin Camp?

Sun Quan thought that Su Chen was a shameless pervert, and that his beautiful wife would definitely be humiliated by Su Chen, and even have sex with Su Chen every night, and his heart felt like bleeding.

Cheng Pu looked at Sun Quan's angry look and reminded him,

"Lord, our top priority is to defeat Anlehou's army. Lord, we must focus on the overall situation. Sun

Quan asked loudly with red eyes, "Cheng Pu, were Da Qiao and Xiao Qiao also taken away by my mother?"

Cheng Pu nodded quickly and replied,

"Yes, my lord, this time Mrs. Wu took away Mrs. Bu, Mrs. Da Qiao, Mrs. Xiao Qiao, Liu Bei's Mrs. Mi and Mrs. Gan, and a young and beautiful woman named Xiahou Qingyi."

Bang!

Sun Quan kicked down the desk in front of him and shouted angrily,

"Damn it, Mrs. Wu will not be my mother in the future. I don't have a mother who eats everything in and out."

Cheng Pu and several generals lowered their heads in a hurry. They didn't know how to persuade Sun Quan to calm down. At this time

, a soldier came in and saluted Sun Quan and said, "My lord, General Han Dang also wants to see you urgently."

Sun Quan was a little surprised when he heard the soldier's report.

Old General Han Dang has been guarding Baiyue in Yuzhang County. Why did he return to Wu County at this time?

"let him in"

"Yes, my lord!"

After a while, an old general covered in blood came in, knelt down and shouted,

"My lord, something serious has happened. Yuzhang County was conquered by the Baiyue tribe. All nine counties were massacred by the Baiyue tribe. Countless women were kidnapped. Please send troops to rescue Yuzhang County."

Sun Quan almost couldn't stand when he heard Han Dang's words.

He didn't expect that at the critical moment of the war,

Yuzhang County would be attacked by the Baiyue people. Even the people in one county were massacred by foreigners, and countless women were abducted.

Sun Quan He looked at Han Dang and scolded him angrily,

"Damn you, Han Dang, as the governor of Yuzhang County, you failed to defend Yuzhang County with more than 10,000 troops, but you still have the nerve to come to Wu County to ask for help? Why don't you live and die with Yuzhang County?"

Cheng Pu and other generals were very surprised.

They did not expect that the Baiyue tribe would launch a war at this time and also invaded Yuzhang County. The people of Yuzhang County were massacred and the women were abducted. Han really deserves it. Wan died.

Han Dang immediately knelt down and begged Sun Quan,

"I know my crime, my lord, this time Baiyue dispatched forty or fifty thousand troops and attacked Yuzhang County at night. It was my negligence in not guarding Yuzhang County. My crime deserves death. Sun

Quan ordered with a cold face, "Han Dang, since you know that your crime deserves death, then you should be buried with the people of Yuzhang County. Someone, come and pull Han Dang down and execute him.""

Han Dang was confused when he heard Sun Quan's order.

He did not expect that Sun Quan would kill him.

Han Dang knew that he had committed a serious crime this time, but he was the third veteran official in Jiangdong. Han Dang originally thought that Sun Quan would reprimand him, and even demoted his official position, but he did not expect that Sun Quan would kill him.

Han Dang hurriedly shouted to Sun Quan,

"Lord, do you really want to kill me? I am a three-generation veteran. I have followed your father and your brother Sun Ce, and I have lived and died for you. You actually killed me because I lost Yuzhang County?"

Sun Quan said with a sullen face,

"Han Dang, don't rely on your old age here. Not only will I kill you this time, but I will also execute your entire family."

"There are more than 200,000 people in Yuzhang County. You, Han Dang, let the aliens massacre you. This kind of shame has never happened in Jiangdong, and there has never been such a shame in the Han Empire. You are not willing to die. Come on, pull me down. Immediate execution"

"Yes, my lord!"

"Lord, please spare my life, and please spare my family." Han Dang kept shouting as he was dragged away by the soldiers.

Sun Quan looked at Cheng Pu and ordered, "Cheng Pu, lead your army to rescue Yuzhang County immediately. The Baiyue tribe will kill without mercy."

Cheng Pu hurriedly saluted Sun Quan and said,

"My lord, the Battle of Chibi may begin in the next few days. Our troops should be deployed in Xiakou. The Baiyue tribe should have retreated. Even if we rush there now, it will be useless."

"Then go to Chibi Xiakou and ask Old General Huang Gai to be careful of Su Chen's army's sudden attack."

"Yes, my lord!"

The next morning, in

Wulin Camp, in the commander's tent,

Su Chen walked out of the inner tent in a happy mood.

As for Bu Lianshi, she has fallen asleep now, and she may not be able to wake up today. When Ning arrived at the camp, he saluted Su Chen and said, "My lord, the army is ready."

Su Chen sat down and waved his hands and said,

"Let them go!"

"Lord, why don't you say a few words to boost morale?"

Su Chen glanced at Xu Zhu and shouted loudly,

"Boost morale? You idiot, do you think our army still needs to improve its morale? Our troops are eager to go to the battlefield to kill the enemy immediately, so I won't waste any time."

Xu Zhu touched his head in embarrassment and said,

"What the lord is saying is that the morale of our army is now at a high level. They are all eager to go to the battlefield and perform meritorious service. This is the first time that I, Lao Xu, have seen soldiers who are not afraid of fighting."

"Xu Zhu, have you heard of it? A soldier is a raging warrior, and a general is a raging nest. As long as I am here, my army will rush forward to fight bravely. There is no soldier who is afraid of fighting and running away."

"Lord, I understand. I will inform Xiahou Dun and Zhang Liao to set off."

"Get out of here!"

Woo woo woo....

At this moment, in the Wulin camp, the marching horn sounded, and hundreds of warships started to move. The warships' archers, crossbows, and even hundreds of thousands of troops were ready.

The eyes of these troops are shining with fierceness, and war is the best time to make achievements.

Not only did their new lord's military salary increase tenfold this time, but he also received many rewards for meritorious service in the war, and even the legendary Body Tempering Pill. All soldiers in the army wanted to obtain the immortal Body Tempering Pill.

Ling Tong stood on the bow of the ship and shouted orders:

"Get your crossbows ready. If you get close to an enemy ship, shoot it hard. Don't be afraid to waste arrows. Our lord has prepared inexhaustible arrows for us."

Chapter 2100

In Chibi Xiakou,

Jiangdong's troops were lazily gathering around the fire to keep warm.

At this time, a soldier suddenly saw a black spot in the distance of the Yangtze River.

He hurriedly reminded the soldier next to him,

"Look, are there many black spots in the Yangtze River?"

When a corps commander saw the black spots in the river, he hurriedly shouted, "Oh no, Cao Cao's army is attacking. Sound the alarm!"

Dang Dang Dang Dang.....

After the Jiangdong army in the Xiakou camp heard the alarm, all the troops immediately went to the water village and the warships to the warship.

Half an hour later, more than a hundred Jiangdong warships sailed out of the Xiakou camp. These warships quickly sailed towards Su Chen's navy.

On the Chibi battlefield, the two most powerful naval armies in the Han Empire in the Yangtze River were about to collide from different directions.

"Bed crossbow ready, release!"

The warships commanded by Cai Mao, Ling Tong, and Xu Sheng were about to meet the Jiangdong warship. The long-range attack weapon bed crossbow on the warship began to shoot.

Huge pieces were quickly shot out by the bed crossbow. A buzzing sound pierced the air, making a loud noise.

"Raise your shield, raise your shield quickly!"

Bang!

Boom!

Huge murderous arrows came through the air.

Jiangdong's army held up their shields and couldn't resist the crossbows.

A crossbow arrow killed a bunch of Jiangdong's troops at once, and they couldn't even resist. The shields were all shot through, and Jiangdong's warships also broke and sank to the bottom of the river under several rounds of shooting.

Huang Gai, a veteran general of Jiangdong's army, saw Su Chen's warships shooting continuously, and Jiangdong's warships After more than ten rounds of shooting, he actually stopped shooting.

Huang Gai stared at him and cursed,

"Why doesn't our bed crossbow continue to shoot? Are you all just eating dry food?"

The deputy general saluted Huang Gai hurriedly and said, "General Huang, we have run out of arrows for our bed crossbow."

"What? Don't we have tens of thousands of crossbow arrows? Why did it run out so quickly?"

Huang Gai was very surprised when he heard what the lieutenant said. They had only been shooting at Su Chen's navy for a quarter of an hour, and the arrows of the bed crossbow were all used up. Didn't their warship become a living target?

The lieutenant was helpless. said,

"General, each of our warships does not have many arrows at all, and half of these arrows are damaged. I suspect that this may have been deliberately sabotaged."

"Damn it, let our warships get close to the enemy quickly, and the archers are ready to kill"

"Yes, General!"

At this moment,

Su Chen's hundreds of warships are still shooting at Jiangdong warships, and the transport ships behind are also constantly replenishing arrows to each warship.

Boom boom.....

Before the Jiangdong warships could rush over one after another, they were shot to pieces by countless crossbows.

When Cai Mao saw the Jiangdong warships that were constantly being shot and sunk, he shouted excitedly,

"Happy, this kind of war is simply bullying. My lord is right, if you have money, you must be arrogant. We have enough crossbows and arrows. We can defeat the Jiangdong navy without losing too many warships this time."

Ling Tong also nodded.

He was also frightened by Su Chen's generosity.

It had been almost half an hour since the shooting, and the arrows of the bed crossbow were still supplying various warships in a steady stream. When they were in Jiangdong, they had never encountered Been to such a battle

"General Cai Mao, it's better for us to be careful and prepare our archers. We are about to come into contact with Jiangdong's army. Xu

Sheng reminded with excitement, "Yes, there are hundreds of thousands of troops behind the transport ship behind us. We cannot let a Jiangdong warship pass.""

Cai Hao nodded and ordered the messenger, "Show the flag and have the archers prepare. The close combat is about to begin."

"Yes, General!"

In Wulin Camp,

Su Chen was sitting on a hill with Mrs. Mi in her arms and looking at the snow scene.

Mrs. Wu and her daughters were playing in the snow around them.

These women are now letting go.

They are all playing with each other like little women. Well, they won't be too shy to play because of their status.

Mrs. Mi leaned in Su Chen's arms and said with a smile, "Husband, you bullied Sister Bu last night. If Master Bu wakes up, she will I'm afraid I'll give you a good beating."

Su Chen said with a smile when he heard Mrs. Mi's words.

"Haha, the Bu trainer just needs to be dealt with. She kept refusing to give in yesterday, and I can't do anything about it. If I don't tame the Bu trainer once, she will always be against me in the future."

"Then you can't bully Trainer Bu like that."

"Madam, my husband is looking for you tonight"

"I.....I want Sister Gan to come too, otherwise I won't be able to serve you by myself."

Su Chen hugged Mrs. Mi and kissed her, and he nodded in agreement,

"sure."

Su Chen also wanted to sleep with a big quilt, but these women have such thin faces that they can accept one or two women. After all, they can't serve him alone. If there are more people, these women will be shy and refuse to agree.

Mi. The madam's face turned red after being kissed by Su Chen.

She also felt that Su Chen's hands were dishonest.

Madam Mi was worried that Su Chen would do something bad in public. She didn't want to be bullied by Su Chen in front of several girls.

Madam Mi stood up in a hurry. He said shyly,

"I'm going to have a snowball fight. Husband, just wait here for news of the war."

"Go, you all be careful"

"knew."

At this time,

Mrs. Cai came to Su Chen with a cup of hot tea.

She handed the tea to Su Chen and said softly,

"Lord Marquis, please have tea!"

After Su Chen took the tea and took a sip, he looked at Cai Hao's sister, Mrs. Cai, and nodded.

This beautiful woman is really good these days, and Su Chen didn't find Mrs. Cai to be jealous.

Mrs. Cai looks good. She is also very beautiful, with delicate face, delicate red lips, convex figure, and the charm of a mature woman is very attractive.

Mrs. Cai's arrogance is second only to Wu among several women. Madam, and Madam Cai's flaming red lips are really good, Su Chen can't help but want to enjoy them again now

"Mrs. Cai, come with me for a walk over there"

"It's Mr. Hou!"

Mrs. Cai's face turned red when she heard Su Chen's words.

She knew what Su Chen was going to do.

However,

Mrs. Cai didn't mind helping Su Chen with those things.

A woman always has someone to rely on. These days, she also cares about Su Chen. Chen also understood a little bit.

Su Chen didn't shout around the women around him.

Those women were very casual around Su Chen, playing around casually, sitting together to eat casually, joking with Su Chen casually, Mrs. Cai I also like the atmosphere of a family very much.

Su Chen hugged Mrs. Cai's soft waist and said,

"Mrs. Cai, call me husband from now on, you will be my woman from today on."

After Mrs. Cai heard what Su Chen said, she looked in disbelief.

Mrs. Cai thought that Su Chen just liked her body and even her flaming red lips, so she kept her by her side.

Mrs. Cai did not expect that Su Chen actually wanted to accept her as his wife, which made her very happy.

"yes.....It's your husband!"
