Chapter 2101

On the hill,

Mrs. Mi suddenly found that Su Chen was missing. She looked around and found that Mrs. Cai was also missing. She shook her head and knew what Su Chen and Mrs. Cai were doing.

Mrs. Mi smiled at Xiahou Qingyi beside her and said, "Qingyi, you have to take the initiative. You see that Mrs. Cai has won the favor of her husband before you."

Xiahou Qingyi said helplessly with his face flushed,

"this.....How could he take the initiative? That bastard had been teasing me before, but he didn't tease me anymore these days. I didn't even know what was going on."

Xia Hou Qingyi has also accepted Su Chen these days.

She is very happy to stay with her.

She also feels very happy and warm. Xia Hou Qingyi has no rules around Su Chen. She can do whatever she wants. She even had a lot of fun arguing with Su Chen.

However, in the past few days, that bastard Su Chen stopped teasing her. It was impossible for Xia Hou Qingyi to throw herself into Su Chen's arms.

Mrs. Mi looked at Xia Hou Qingyi Yi looked depressed and smiled and said,

"I can't help you with this, but your husband will not let you go. The Bu Trainer has been taken down by your husband, and you may be the next one. You should prepare to reconcile and serve your husband. Xia

Hou Qingyi clenched his fist and decided, "Huh, I'm going to go find that bastard tonight.""

"tonight?"

"Yes, I don't want to be beaten to the punch by Mrs. Cai."

Mrs. Mi was confused for a moment.

Tonight?

She and Mrs. Gan will serve Su Chen tonight.

What if Xiahou Qingyi also comes?

What should we do?

Mrs. Mi felt that she should not remind Xiahou Qingyi just now. She took the photo She patted her forehead and felt that she had shot herself in the foot.

The day was almost over.

In the big tent, the surrounding charcoal fire made the tent very warm. Su Chen sat on the soft couch and waited for the outcome of the Battle of Chibi.

One day Well, if the Chibi War goes well, there should be results tonight.

Xiao Qiao leaned in Su Chen's arms and stretched, "Husband, are you worried about the war?"

Su Chen touched Xiao Qiao's hair and said,

"The war will definitely be won. I just want to see when the Battle of Chibi will end."

Xiao Qiao smiled and said after hearing Su Chen's words,

"Husband, I'm afraid there will be no results today. It will take almost a day to get from Wulin Camp to Chibi Xiakou. The war should end at noon tomorrow at the earliest. We should get the news tomorrow evening."

"makes sense!"

Su Chen thought about it and it was right.

In ancient times, information was not smooth and traffic was even slower. He should not be able to wait for the outcome of the war today.

"Report, inform my lord, Mrs. Bian from Xudu has arrived."

"Mrs. Bian? Let her in."

Su Chen did not expect that Cao Cao's wife would arrive at this time.

However,

Cao Cao's sons were all caught and imprisoned. Su Chen would have them all executed when he returned to Xudu. Although Cao Cao's female family members were not implicated, Mrs. Bian It shouldn't have come at this time.

Su Chen frowned when he thought about Mrs. Bian's arrival.

Mrs. Bian should be deprived of all rights, and she should be under strict supervision at this time.

Who helped Mrs. Bian come to Wulin Camp?

Cao Ren ?

Cao Hong?

Or those people like Xun Yu?

"Yes, my lord!"

Xiao Qiao looked at Su Chen and said speculatively, "Husband, could Mrs. Bian's arrival be to plead for her son?"

Su Chen nodded and said,

"It's possible, but Mrs. Bian shouldn't leave Xudu at this time. She should be temporarily under house arrest. Who dares to let Mrs. Bian come to Wulin Camp without permission?"

Xiao Qiao asked suspiciously after hearing Su Chen's words, "Does your husband suspect that someone helped Mrs. Bian come to Wulin Camp?"

"Well, Mrs. Bian no longer has any rights, and it is impossible for the army to protect her arrival. There must be high-ranking officials from Xudu who helped Mrs. Bian arrive."

"Husband, we will know in a moment that this matter is very simple to investigate."

Su Chen nodded.

Who sent Mrs. Bian here? Does this person have a conspiracy? Or is he guilty of Cao Cao?

Su Chen will know in a moment.

And is Mrs. Bian here to plead for her son? Or is it someone else? Is there something else going on? Su Chen is also unpredictable about this.

"The Bian family (Ding family, Cao Jie) met Anlehou!"

At this time, three women arrived at the big tent. When the three women saw Su Chen, they bent down and saluted,"

"No gift!"

Su Chen felt very strange when he looked at the three women.

Mrs. Bian may have come to plead for his son.

Who is Mrs. Ding?

Didn't Mrs. Ding reconcile with Cao Cao?

Cao Jie also arrived. Could it be that Mrs. Bian Did Mrs. Ding and Mrs. Ding borrow Cao Jie's name to go to Wulin Camp?

However,

Mrs. Ding and Mrs. Bian still have charm. They have the temperament of a noble lady, mature charm, and plump figure. Their age cannot conceal their cleverness. Beautiful face.

Cao Jie was so beautiful that Su Chen was very surprised. His exquisite face, convex figure, slim waist, and heroic spirit between his brows made Cao Jie look even more beautiful..Su

Chen had only heard of Cao Jie.

If nothing else happened, Cao Jie would marry Han Xian Emperor Liu Xie. He also casually fooled Cao Ren. Su Chen felt that this time he picked up a stunning beauty for nothing.

"Take your seats, all of you!"

"Thank you Anlehou!"

After the three women sat down, they all looked at Su Chen who had taken everything from Cao Cao. They were all very surprised by Su Chen's youth.

A young man in his twenties changed dynasties overnight, and even became very... Successfully took over all of Cao Cao's inheritance. Even Cao Cao's trusted generals and clan brothers took refuge in Anlehou. They were all shocked by Su Chen's methods.

Su Chen looked at Mrs. Bian and said, "Mrs. Bian, who sent you to Wulin Camp?"

Mrs. Bian replied hurriedly with some anxiety,

"Anlehou, it was Shangshu who ordered Master Xunyu to arrange for someone to take us to Wulin Camp."

"Xun Yu?"

Su Chen frowned when he heard that it was Xun Yu.

Xun Yu is a very talented person, but Xun Yu is a die-hard royalist. In the plot, when Cao Cao proclaimed himself King of Wei, Xun Yu strongly opposed it, and even in the end, he resigned and left.

Xun Yu sent someone to send Mrs. Ding and the others here.

Why?

Is it to leave a continuation of the bloodline for Cao Cao?

Mrs. Bian and her three daughters saw Su Chen frowning. They were worried that this time this would bring trouble to Xun Yu. After all, they were Cao Cao's family members and were under house arrest in Xudu City.

After the three women looked at each other,

Mrs. Ding stood up and said to Su Chen,

"Anlehou, I asked Xun Yu to send us to Wulin Camp."

Su Chen looked at Mrs. Ding and asked doubtfully,

"Madam Ding, you have made peace with Cao Cao. Why are you here this time?"

Chapter 2102

When Mrs. Ding heard Su Chen's question, she lowered her head and thought for a while, then looked at Su Chen and said,

"Anlehou, I want you to spare Cao Zhi's life. Cao Zhi is just a weak scholar. He will not oppose your rule and will not rebel in the future. I also ask Anlehou to leave a bloodline for Cao Cao."

The reason why Mrs. Ding came this time was because she was persuaded by Mrs. Bian. Mrs. Ding also wanted Su Chen to leave a bloodline to Cao Cao.

Among Cao Cao's more than ten sons,

Cao Zhi,

Mrs. Ding wanted Su Chen to stay. Killing him was the last thing she did for Cao Cao.

"Please also ask Anlehou to spare my son Cao Zhi's life!"

Mrs. Bian immediately knelt down and saluted Su Chen and begged,"

Mrs. Bian has lost one son, Cao Pi, and the other two sons.

Cao Zhang is an arrogant and domineering person who cannot be reused. If Cao Zhang is left behind, trouble will occur in the future.

Cao Zhi is A weak scholar who loved poetry and songs, he didn't like fighting and killing. Mrs. Ding would not cause trouble if she left Cao Zhi behind.

Mrs. Bian asked Mrs. Ding to come forward this time, and Xun Yu also looked at Mrs. Ding's face before sending them away. When she arrived at Wulin Camp, she didn't want her son Cao Zhi to be killed by Su Chen.

Cao Jie also hurriedly knelt down and prayed, "Marquis Anle, please spare brother Cao Zhi's life."

Cao Jie had no choice in her heart.

She didn't want to see the enemy who killed her father or her future husband, but Mrs. Bian kept begging. Cao Jie had no choice but to come to Wulin Camp with Mrs. Bian and Mrs. Ding.

Su Chen frowned when he looked at Mrs. Ding and the three girls.

Cao Zhi?

Cao Zhi was a weak scholar with outstanding literary talent and a famous talent.

Su Chen felt that it was not unreasonable to keep Cao Zhi.

He had already controlled all Cao Cao's generals. and the army, it would be impossible for Cao Zhi to plot rebellion in the future.

Besides,

Su Chen's cultivation realm will be unblocked by the ladder in the future. Does he need to care about a small mortal?

After thinking about it, he decided to delay it, Su Chen It was impossible for the three women to agree just because of a request.

Su Chen looked at Mrs. Ding and the three women and said,"I will give you an answer in three days. You can go down and rest first.""

"yes!"

When Mrs. Ding, Mrs. Bian, and Cao Jie heard Su Chen's words, they all bowed and saluted and left the tent. After

Xiao Qiao saw Mrs. Ding and her three daughters leaving, she looked at Su Chen and asked doubtfully,

"Husband, do you want to let Cao Zhi go?"

Su Chen hugged Xiao Qiao and said with a smile,"It's okay to let Cao Zhi go."

"Husband, will keeping Cao Zhi be a hidden danger?"

"Madam, don't worry, I'm very powerful. You can't even imagine how powerful I am."

"How powerful is it?"

Xiao Qiao knows that Su Chen is very powerful.

Many of the generals have been taught a lesson by Su Chen. Those generals were easily beaten down by Su Chen even when they were together. Xiao Qiao also wants to know Su Chen's strength. How powerful is it?

Su Chen kissed Xiao Qiao and said boldly,

"How powerful is it? All gods and Buddhas will bow down and bow down when they see me. Tell me how powerful I am."

When Xiao Qiao heard Su Chen's words, she hurriedly covered Su Chen's mouth.

She didn't expect that Su Chen would be disrespectful to gods and Buddhas. This would bring about divine punishment.

Xiao Qiao hurriedly reminded Su Chen,

"Husband, please be careful, if you say this, you will be punished by heaven, and you will also offend the gods in the heavens."

"Ha ha...."

Su Chen laughed when he saw Xiao Qiao's worried look. Was he being punished by God?

He has enjoyed the Heavenly Thunder Tribulation several times.

Is the Heavenly Punishment as powerful as the Heavenly Thunder Tribulation?

Besides, this is a small world without gods and Buddhas. Even if there were gods and Buddhas, would they dare to take action against themselves?

At this moment, in another tent,

Mrs. Ding and her three daughters were sitting together and talking to each other.

They met Anle Hou Suchen today, but Anle Hou Suchen did not directly agree. The three women did not know whether Anle Hou Suchen would let Cao Zhi go in three days..

Mrs. Ding thought for a while and said to Cao Jie beside her,

"Cao Jie, you will go to Anlehou's tent soon. You will be Anlehou Su Chen's wife in the future. Just now you also saw the beautiful women next to Anlehou. The women of the Cao family will rely on you for support in the future. You are also Cao Cao. The hope of everyone in the family.

Cao Jie asked uncomfortably after hearing Madam Ding's words, "Madam Ding, do I still want to see Anlehou?"

Mrs. Ding nodded and continued,

"Yes, Anlehou Su Chen is already the lord of the north, and will even be the lord of the world in the future. Cao Jie, as the head wife of Anlehou Suchen, you may be the queen in the future."

"The Cao family has no hope of regaining Cao Cao's foundation in the future. All the generals and armies in the north are loyal to Anle Hou Su Chen. Even Cao Ren and Xiahou Dun are loyal to Anle Hou Su Chen. You should understand that you have a heavy responsibility in the future.

Cao Jie asked in confusion, "Mrs. Ding, what should I do?"

Mrs. Ding shook her head and taught Cao Jie,

"You don't need to do anything. You just need to stabilize your position as the head wife and help the women and children of the Cao family if you can."

"As long as you can give birth to a child for Anlehou Su Chen, you and Anlehou's child will be the legitimate heir. This can be regarded as half of the Cao family's bloodline continuing to rule the world."

When Cao Jie heard what Mrs. Ding said, she also understood what she was going to do in the future, give birth to a child, and then let her and Su Chen's child be the eldest son, or even the crown prince. In this way, half of Cao Cao's blood would continue to control the north. Jiuzhou, and even control the entire world.

Cao Jie stood up with a blush on his face and said, "Mrs. Ding, Mrs. Bian, I will go over now."

Mrs. Ding nodded and reminded Cao Jie,

"Okay, Cao Jie, Anle Hou Su Chen is a young and handsome man. Even if you marry Anle Hou Su Chen, you will be considered a good match."

"Don't hate Su Chen, the Marquis of Anle. The melee between the princes is originally a matter of life and death. How many princes were killed by your father, the reincarnation of heaven, and the retribution of karma. All these are things arranged by fate."

Cao Jie nodded and left.

She knew what to do.

When Mrs. Bian saw Cao Jie leaving, she asked worriedly,

"Sister, can Cao Jie stabilize her position in the future?"

Mrs. Ding smoothed her hair around her ears and nodded.

"Yes, Jie'er is knowledgeable, courteous, gentle and virtuous. As long as she doesn't hate Anlehou, Cao Jie will definitely stabilize her status as the head wife."

Mrs. Bian felt a little relieved after hearing Mrs. Ding's words.

However, she thought about Cao Cao's death and Anlehou Su Chen quickly taking over all Cao Cao's forces.

She couldn't understand how Su Chen took over all Cao Cao's troops and generals?

None of Cao Cao's loyal generals objected, and even Cao Cao's clan brothers pledged their allegiance to Anlehou Su Chen.

"well! Anlehou Su Chen was so evil. In a short period of time, he completely controlled all of her husband's property, all the armies, and all the generals. They were all loyal to Anlehou. Anlehou didn't know how he did all this."

Chapter 2103

Mrs. Ding didn't say much when she heard Mrs. Bian's words. If Mrs. Bian hadn't repeatedly begged her this time, she wouldn't have convinced Xun Yu and wouldn't have come to Wulin Camp.

Mrs. Ding had also seen Su Chen's wisdom before, and could even see through the three of them at a glance.

Mrs. Ding is now worried about Xun Yu.

Xun Yu sent them to Wulin camp privately this time, which is a violation of the taboos of those in power, and even the crime of deceiving the emperor. Mrs. Ding is worried that Anlehou will execute Xun Yu.

At this moment,

Su Chen and Xiao Qiao were intimate for a while, and Xiao Qiao went back.

She wanted to rest with her sister Da Qiao today. She didn't dare to stay now, otherwise she wouldn't be able to leave in a while, and Xiao Qiao didn't want to Sleep with Mrs. Mi and the others under a big quilt.

Gan Ning hurriedly arrived at the tent and reported to Su Chen,

"My lord, it has been clearly investigated. The army that escorted Mrs. Bian was the Xudu City Guards. It was Xun Yu who gave Cao Hong some money. Cao Hong then sent the army to escort Mrs. Bian and the others to Wulin Camp."

"Cao Hong?"

At this time, the soldiers outside the big tent suddenly loudly reported, "My lord, Miss Cao Jie wants to see you."

Su Chen was a little surprised when he heard that it was Cao Jie who had arrived.

Cao Jie and Mrs. Ding had just left not long ago, so why did she come back?

"Let her in."

When Cao Jie entered the tent, he hurriedly saluted Su Chen and said,

"Cao Jie meets the Marquis!"

"sit down!"

Su Chen has no time to talk to Cao Jie now.

He has to deal with Xun Yu and Cao Hong in Xudu as soon as possible. Xun Yu is a loyal royalist.

After Cao Cao was killed, the little emperor Xian of the Han Dynasty must have taken action.

For the sake of Shangshu Ling, he dared to send Mrs. Ding to Wulin Camp privately this time.

He may be deliberately causing trouble for himself, and may even have a relationship with the young emperor.

There is also Cao Hong, a greedy man, such a person has selfish motives. It was too heavy.

Su Chen did not intend to keep Cao Hong as a hidden danger anymore.

Su Chen thought about it and ordered Gan Ning,

"Gan Ning immediately notified Xu Zhu and asked him to lead 5,000 guards to Xu Du quickly. Xun Yu and Cao Hong were all captured. Those who resisted were killed without mercy. He also notified Chen Qun that Chen Qun would handle the political affairs of Xu Du. Chen Qun is in charge of command"

"Yes, my lord!"

"Wait, tell Cao Ren, if he doesn't look down on those dishonest people anymore, he won't have to stay anymore."

"Yes, my lord!"

After Gan Ning left quickly,

Su Chen looked at the pale Cao Jie. He knew why Cao Jie was pale.

Xun Yu was the one who helped them leave Xudu, and Cao Hong was the one who sent the army to escort them. What happened just now The order was to deal with Xun Yu and Cao Hong, and Cao Jie should be worried. Cao Jie was in a very uneasy mood at the moment.

She did not expect to hear the news when she arrived this time. Xun Yu and Cao Hong were going to be finished. These two The person who helped them might be killed, or even beheaded by the whole family.

Su Chen poured a cup of tea for Cao Jie and said, "Cao Jie, do you have anything to say?"

Cao Jie took the tea and asked,

"Are you planning to deal with Xun Yu and Cao Hong? Su

Chen looked at the beautiful Cao Jie and said with a smile, "Cao Jie, if it were your father Cao Cao, what would he do with Xun Yu and Cao Hong?"

Cao Jie heard Su Chen's words and smiled bitterly, "My father?" He might directly execute Xun Yu and Cao Hong"

"So what do you think I would do?"

"I have no idea!"

Su Chen said with an indifferent look,

"I will kill too"

"Your family is very special during this period. All the men of the Cao family were caught and imprisoned, but you, women and children were only put under house arrest in the mansion."

"Xun Yu and Cao Hong can let you out of Xudu City, wouldn't they secretly let Cao Cao's sons out of Xudu City?"

"Don't tell me that you will be guarded by the army when you leave, and you will not escape at all. This is just self-deception."

Cao Jie didn't know what to say when she heard Su Chen's words.

She knew that what Su Chen said was right, but Xun Yu and Cao Hong were the ones helping them. Xun Yu and Cao Hong might have helped because of their father's sake. Cao Jie didn't want to kill Xun Yu and Cao Hong because of them.

"Can you let Xun Yu and Cao Hong go this time?"

Su Chen looked at Cao Jie and asked,

"In what capacity are you begging me?"

Cao Jie's face turned red and he murmured, "I....I will be your wife in the future, I beg you as I am your wife"

"Haha, Cao Jie, I heard that you are very smart, so I agreed to Cao Ren to marry you as his wife. Now think about it, why did Xun Yu risk his life to send you to Wulin Camp?"

Cao Jie asked suspiciously after hearing Su Chen's words,

"Um? Isn't this because of Mrs. Ding's request?"

Su Chen shook his head and replied,

"Mrs. Ding? You think too simply. Mrs. Ding has already reconciled with Cao Cao. No matter how close Xun Yu is to Mrs. Ding, would he dare to do these things with the lives of his whole family?"

"Are you saying that Xun Yu has selfish motives?"

"good!"

Cao Jie didn't expect that Xun Yu had selfish motives, but what selfish motives did Xun Yu have that would make him risk his whole family to be killed?

Conspiracy?

Did Xun Yu resist Su Chen for the Cao family?

No, the Cao family's The men were no longer strong enough to resist Su Chen.

All the troops and generals were on Su Chen's side. Even if the Cao family wanted to take back everything Cao Cao had, it would be impossible. So what was Xun Yu doing?

The emperor?

Did Xun Yu want the emperor to come? Control Xudu? Or even help the emperor escape from Xudu?

Cao Jie looked at Su Chen and asked hurriedly, "It's the emperor, does Xun Yu want to help the emperor escape from Xudu?"

Su Chen nodded while drinking tea and said,

"You're not stupid yet"

"Xun Yu has always been a royalist, emperor? Haha, I'm afraid the emperor is no longer in Xudu City."

"The emperor may have gotten into your convoy since you left Xuducheng. It has been almost half a month since you arrived at Wulin Camp, and the emperor should have escaped from my territory."

"With Xun Yu's token or warrant from Shangshu Ling, it would be easy for the little emperor to leave my territory."

Su Chen also guessed what Xun Yu would do, but he didn't care.

Su Chen originally wanted to send the emperor away, and the emperor's escape this time was just as he wanted.

When he returns to Xudu, the royalist officials should leave Almost, this is the province's Su Chen cleaning them up.

Cao Jie's heart is now cold,

Xun Yu would have such a plan, the little emperor left Xu Du to escape to other princes, this is a big deal for Su Chen It's very unfavorable.

But why isn't Su Chen anxious?

Is the little emperor still under his control?

"Trialist, the mission of Battle of Red Cliff has been completed, do you want to return now?"

Chapter 2104

Su Chen laughed when he heard the words of the Holy Soul of the Ladder.

The Battle of Chibi was won, and the second trial task was completed. There was only one trial task left. I hope the next trial task can be simpler.

The Battle of Jialing Pass, the War on Top, these two trial missions should be very easy to complete. The

Battle of Jialing Pass should be in the Divine Meteor Continent.

His black-armored legion exists in the Divine Meteor Continent, and there are also many powerful masters. , it is very easy for Su Chen to help Bi Dong'er defeat those people in Tangshan.

Despite the war, the trial tasks in this pirate world are not difficult. Su Chen's time and space genes can completely defeat the pirate navy and pirates.

Su Chen suddenly thought of locating this world. He didn't even know the name of this world.

I'm afraid there are many derivative worlds of the Three Kingdoms. If Su Chen locates the wrong world of the Three Kingdoms, won't the beauties here have to be alone for the rest of their lives?

"What is the name of the world called Holy Soul of the Ladder and Battle of Red Cliff?"

"Three Kingdoms Chibi Battle World!"

I'll go!

This name is easy to remember. Three Kingdoms: Chibi Battle World. Why not just call it Chibi Battle World?

Su Chen was very speechless when he heard the name of this world.

"Holy Soul of the Ladder, I don't want to leave just yet"

"It's up to you, trialist, this is just a small world and of no use to you at all. You'd better complete the trial as soon as possible to improve your strength. Why should you care about some ordinary mortal women."

When Su Chen heard Tianya Ladder Holy Soul's words, he cursed angrily, "Tianya Ladder Holy Soul, you the hell can't spy on me, can you?"

"Do you think I can spy on ants in heat?"

Am I the one?

An ant in heat?

Damn, what does the Holy Soul of the Ladder to Heaven mean?

Is he an ant?

In the realm of the heavens, is he still an ant?

Su Chen has more than ten saints under his command. There are dozens of quasi-sages and powerful people, and there are hundreds of Daluo Golden Immortals. Is he an ant? Are there such powerful ants in the realm of heaven?

Cao Jie saw Su Chen's face changing constantly, and she was a little confused.

Cao Jie was just thinking about why Su Chen didn't care about the little emperor's escape. For a moment, what happened to Su Chen? Could it be that Su Chen thought of something bad again?

Su Chen rubbed his forehead and said to Cao Jie,

"Cao Jie, go back first!"

"I.....All right!"

After Cao Jie heard what Su Chen said, she originally wanted to ask Su Chen what happened, but she saw Su Chen rubbing his forehead. Cao Jie guessed that Su Chen might have thought of something troublesome.

Su Chen saw that Cao Jie. When Jie left, he couldn't help but cursed,

"Damn it, Holy Soul of the Ladder, I will definitely defeat you when I become stronger in the future."

"just you? A little scumbag golden fairy? When I am completely victorious, I can kill you ten times in one breath."

Su Chen yelled with a knot in his forehead, "I'll tell you, don't you understand human speech?"

The Saint Soul of the Ladder said disdainfully,

"Trialist, you are just an insignificant Emperor of Heaven in the chaotic world. Although the saint is the ceiling in the chaotic world, in the Hongmeng world, the saint is also a scumbag." Su Chen was very surprised when he heard the Hongmeng World mentioned by the Saint Soul of Tianti. Although Su Chen knew about the Hongmeng World from reading novels, he didn't think there really was a Hongmeng World. What does the Hongmeng World look like? The world? Saints are all scum in Hongmeng World, but what about him? Su Chen felt that he was really an ant in Hongmeng World, maybe even worse than an ant. Su Chen thought about it and said helplessly,

"The Holy Soul of the Ladder, and the Hongmeng World? What kind of world is Hongmeng World?"

"You will know in the future, but you are not qualified to know now."

"What can I know about my strength?"

"Holy Realm Twelve Heavens"

"In my day, I may not be able to advance to the twelfth level of the Holy Realm for tens of thousands of years."

The Holy Spirit of the Ladder mocked Su Chen,

"Tens of thousands of years? It didn't take hundreds of thousands or even millions of years for that saint to cultivate to the holy realm. Trialist, don't be too wild here."

Su Chen was speechless when he heard the words of the Holy Soul of the Ladder.

His cultivation realm has improved very quickly.

Su Chen was already at the peak of the Golden Immortal before he was thirty years old, and it wouldn't even take long to advance to the Taiyi Golden Immortal. , but it may take a long time to be promoted to the holy realm.

However,

Su Chen is not worried, he is a systematic person, and it should not be difficult to improve the realm of cultivation in the future.

Su Chen patted his forehead He doesn't want to think about this. He will continue to do trial tasks in this small world for a few more months.

"Holy Soul of the Ladder, you can get out of here. It's best not to spy on me in the future."

The Saint Soul of the Ladder threatened after hearing Su Chen's words,

"Ant, don't anger me, otherwise you won't be able to bear the consequences. Su

Chen counted his middle finger and threatened, "Oh, old guy, you are just imprisoned in the ladder. If you anger me, you will be imprisoned in the ladder for the rest of your life."

"You shameless....."

"Holy shit, old guy, are you a boy or a girl? Damn it, why did you suddenly change into a woman's voice?"

Su Chen suddenly heard a woman's voice, which made Su Chen stand up suddenly.

Damn, is the Heavenly Ladder Holy Soul a man or a woman?

The Heavenly Ladder Holy Soul's previous voice was that of an old man. He even called him an old man. He claimed to be a woman

, but his voice just now was clearly that of a woman, and he was still scolding himself in a fit of urgency.

Su Chen felt that the Holy Soul of Tianti was probably a woman, but why did the Holy Soul of Tianti pretend to be an old man?

"Holy Soul of the Ladder, why don't you answer?"

"Damn it, you're not going to run away, are you? Are you a boy or a girl?"

Su Chen screamed in his heart for a while but didn't see any answer from the Holy Soul of the Tianglai. He guessed that the Holy Soul of the Tianglai might be gone.

Is this absconding in fear of crime?

Su Chen decided that when he returned to Tianglai in the future, he would find out whether the Holy Soul of the Tianglai was male or female. , even male or female

"Suchen!"

At this time,

Xia Hou Qingyi came to Su Chen's tent dressed beautifully. When she looked at Su Chen, her face turned red. When Su Chen saw Xia Hou Qingyi arriving at this time, he was a little confused.

It was almost here now. It was midnight, why did Xiahou Qingyi come to him dressed up beautifully?

"Xiahou Qingyi, it's so late, why haven't you rested yet?"

Xiahou Qingyi lowered her head and held her hands tightly. She was so shy that she didn't know what to say.

"I.....I....."

Su Chen walked up to Xiahou Qingyi, lifted her chin and said,"Beauty Xiahou, you are not recommending a pillow mat yourself, are you?"

"I...."

Chapter 2105

Chibi Xiakou, late at night, the Chibi Xiakou camp was ablaze.

The warships commanded by Cai Hao, Ling Tong, and Lu Meng respectively had successfully occupied the Xiakou camp, and the army commanded by Xiahou Dun also successfully set foot on Jiangdong. territory.

All Huang Gai's more than one hundred warships were sunk, and more than half of the more than 30,000 naval troops in Jiangdong were killed. The others were either injured and captured, or surrendered to Anlehou's army. Huang Gai fell into the river and was killed by Lu Meng himself. Captured alive.

Cai Mao looked at the occupied Chibi Xiakou. Countless troops quickly disembarked and set off towards Wu and Lujiang counties.

He was very excited.

Chibi Xiakou was occupied, the gate to the land of Jiangdong had been opened, and the entire Jiangdong would be trampled by Anlehou's army.

His sister, Mrs. Cai, successfully stayed with Anlehou. As long as Cai Mao was loyal to Su Chen, he would be able to rule the huge navy and become one of Su Chen's generals with real power.

He ordered Lu Meng next to him,

"Lu Meng, let a warship escort Huang Gai back to the Wulin camp, and tell the lord the news of our victory."

"Yes, General!"

Cai Mao looked at the troops that were constantly on the road.

He thought about it and continued to order,

"Ling Tong, our troops are divided into two groups. You take one hundred warships to seize the water village of Huizhu County. I take one hundred warships to attack Danyang County. Lu Meng, you stay in Xiakou to support Xiahou Dun's army."

Lu Meng and Ling Tong both nodded hurriedly and said,

"Yes, General!"

Lü Meng and Ling Tong are just about to end Jiangdong. Hundreds of thousands of troops march into Jiangdong. Jiangdong's tens of thousands of troops are simply unable to resist. Jiangdong will be controlled by Su Chen in less than a month.

On the official road of Xiakou, twenty After tens of thousands of troops disembarked from the warships, groups of black-armored troops marched quickly holding torches. Hundreds of thousands of troops held torches and marched like long dragons under the night. The scene was very spectacular.

Xiahou Dun rode on his war horse. Said to the general behind him,

"Li Dian, Le Jin, we all need to speed up. Zhang Liao's generals have not yet reached Chaisang County. We need to speed up to Wu County and Lujiang County. As long as we capture Wu County and Lujiang County, our army will be It's a great success. Li

Dian said in a loud voice,

"Don't worry, general. Our army is like a rainbow. It will reach Lujiang County within five days. Our army will reach Wu County in ten days. Zhang Liao's army will be far behind us. Le

Jin also said with a smile,

"Haha, yes, Zhang Liao won't be able to make any big contributions this time. He can only attack some unimportant counties."

"All generals' armies speed up. We will rest in Shanyang County tomorrow, and then divide our forces to attack various counties throughout Jiangdong."

"Yes, General!"

At the same time, at the junction of Jingzhou and Yizhou, at the foot of

Hongye Mountain, in a temporary military camp,

Liu Bei looked at the little emperor Liu Xie who appeared in front of him.

He was very confused.

Liu Bei did not expect that the little emperor would never They all escaped, and even wanted to go to Liu Zhang's Yizhou Shu land.

After the little emperor drank wine to warm his body, he looked at Liu Bei and asked,

"Uncle Emperor, you can save me. I finally escaped from Xudu. Uncle Emperor must take me to Yizhou and Shu."

"I want to find Liu Zhang of Yizhou. Liu Zhang is the last state pastor of our Han royal family. I want to restore the Han Empire. Liu Zhang is also the last hope of our royal Liu family."

Liu Bei was very speechless when he saw the dirty Liu Xie.

He didn't expect that the little emperor would meet him at the foot of Hongye Mountain. Liu Bei couldn't protect himself now. How could he help the little emperor? Moreover, the little emperor also had a family to support. After bringing forty or fifty men,

Liu Bei didn't have much food to begin with.

His more than two thousand troops only had one meal a day. If these dozens of useless people were added to the mix, Liu Bei's pressure would be even greater.

Zhuge Liang saluted the little emperor and asked doubtfully, "Your Majesty, how did you escape from Xudu?"

The little emperor looked at Zhuge Liang and said

"I was secretly sent out of Xudu City by Xun Yu. Cao Cao, the Han thief, was killed. Anle Hou Su Chen seized all of Cao Cao's foundation. Now all the nine states in the north are under the control of Anle Hou Su Chen."

Liu Bei exclaimed when he heard what the young emperor Liu Xie said,

"What? Cao Cao was killed? Anlehou controls Cao Cao's foundation? How can this be? Where are Cao Cao's generals? Where are Xiahou Dun and Cao Ren, Cao Cao's clan brothers? Didn't they all raise troops to attack Anlehou Su Chen?"

Liu Bei was very surprised.

Cao Cao was killed?

How was Cao Cao killed?

How could Anlehou control Cao Cao's foundation?

Where are Cao Cao's sons?

Are Cao Cao's generals a bunch of fools? How could they? Seeing Anle Hou Su Chen control this northern Kyushu?

In the tent,

Zhuge Liang, Lu Su, Guan Yu, Huang Zhong, and Zhao Yun were very surprised when they heard Liu Xie's words.

Cao Cao was killed, and

Anle Hou Su Chen actually took control of Cao Cao's foundation. This is simply child's play and unbelievable. How could a dandy and lecherous Marquis have such great abilities?

Liu Xie shook his head and said with a bitter smile,

"I'm not very sure, but Cao Cao is really dead, Cao Cao's sons were arrested, and all of Cao Cao's army and generals like Anlehou Su Chen, including Cao Cao's clan brothers.
Liu

Bei shouted angrily,

"how so? Anlehou actually usurped Cao Cao's foundation. Damn it, how did that shameless pervert do it?"

Liu Bei was angry and helpless.

Marquis Anle kidnapped his two wives and now became the most powerful prince in the Han Empire.

Hundreds of thousands of troops and dozens of famous generals.

These troops and generals They all pledged their allegiance to Su Chen, how will Liu Bei take revenge in the future? How will he take back his two wives?

Zhuge Liang hurriedly winked at Liu Bei and said,

"Lord, we have to take Your Majesty to Yizhou early tomorrow. We can't wait any longer. Sun Quan will definitely lose in the Battle of Chibi. It is very dangerous for us to stay here."

Liu saw Zhuge Liang winking at him, and when he heard Zhuge Liang's words,

Liu Bei's eyes lit up.

Didn't Liu Zhang not allow him to go to Yizhou Shu? What if Liu Bei went to Yizhou this time in the name of escorting the little emperor? Zhou Shu Land, Liu Zhang still dares to stop him from going to Yizhou Shu Land?

"Your Majesty, I will escort Your Majesty to Yizhou and Sichuan tomorrow. I will do my best to protect Your Majesty's safety along the way."

"Thank you, uncle!"

Chapter 2106

The little emperor was very happy when he heard Liu Bei's words.

If Liu Bei had protected him along the way, their group would not be in such a mess.

Liu Xie thought of how his queen had suffered along the way and even looked dirty. , and he felt very uncomfortable.

He, a dignified emperor of the Han Empire, was on the run, from Luoyang to Chang'an, from Chang'an to Xudu, and this time to Yizhou and Shu. This noble emperor, Liu Xie, felt very miserable.

Liu Bei bent down to the little emperor Liu Xie and smiled.

He had escaped from death this time.

If not for Liu Xie's arrival, he might have been trapped and died under this hill. Liu Bei had the little emperor Liu Xie in his hands. Xie, Liu Zhang from the Shu region of Yizhou could no longer prevent him from entering Yizhou. He could be considered as escaping from this place of death.

At Wulin Camp,

Su Chen hugged Xiahou Qingyi and snuggled together.

Xiahou Qingyi's fair skin was exposed. She had no strength at all now. This bastard was shameless. Xiahou Qingyi was now going to kill this bastard.

Su Chen wiped the sweat from Xiahou Qingyi's forehead, then smiled and said,

"Madam, shall we go to rest?"

Su Chen didn't do anything with Xia Hou Qingyi.

He and Xia Hou Qingyi just massaged each other. Now Su Chen wants to taste the feast later.

Xia Hou Qingyi's face turned red and he wanted to strangle this bastard to death.

She Having been taken advantage of by this bastard just now, as well as those shameful massages just now, Xiahou Qingyi will never give this bastard another massage in the future.

Xiahou Qingyi folded his hands on his chest and shouted angrily, "You are really shameless Color embryo! Next time you dare to let me massage you in that way, I will definitely destroy you."

Su Chen directly picked up the soft body of Xia Hou Qingyi and said,

"We'll talk about the rest later. Madam Xiahou, let's rest. It's already very late today."

"Um!"

Xia Hou Qingyi lay in Su Chen's arms and nodded shyly.

The moment she had been waiting for was about to come. After tonight, Xia Hou Qingyi would be the wife of this shameless bastard. She was also full of hope that she would spend the rest of her life with this bastard. At this moment,

Mrs. Ding's tent was still brightly lit.

In the tent,

Cao Jie was talking to Mrs. Ding and Mrs. Bian.

Cao Jie told Mrs. Ding about Xun Yu's conspiracy. She also wanted Mrs. Ding and Mrs. Bian to Try to find a way to make up for the mistake.

The little emperor Liu Xie escaped from Xudu, and it was they who inadvertently took the little emperor Liu Xie away from Xudu. This matter is inseparable from the three women.

Mrs. Ding heard about Cao Jiangjie After saying this, she looked pale and said in disbelief,

"Did Xun Yu really plot against us? How could he plot against me? Xun Yu is not the kind of person who keeps his word. I don't believe that Xun Yu would plot against us."

Cao Jie said helplessly,

"Mrs. Ding, I'm afraid this is true. We may have been used as a weapon by Xun Yu. Think about the carriages we encountered when we came out of Xudu. Those carriages followed us out of Xudu City."

"I had some doubts at the time"

"But I didn't care too much about what happened to the Cao family. Now that I think about it, the six or seven carriages following us should belong to the little emperor Liu Xie and his ministers."

When Mrs. Ding heard what Cao Jie said, she also thought of the carriage that followed them from Xudu City. The little emperor actually left Xuducheng with them at that time. The three of them really did a very stupid thing.

Mrs. Ding was all over the place. He said helplessly,

"Really?"

"If it's true, we may have caused a huge disaster"

"The little emperor's escape may be very detrimental to Anlehou's reputation. The little emperor may even issue an order to attack Anlehou Su Chen in the name of the Emperor of the Han Empire."

"Other princes in the world, even the people and nobles loyal to the Han Empire, will respond to the emperor's call, and Anlehou may be attacked by other princes like Dong Zhuo."

Mrs. Bian looked pale and confused, saying,

"What to do? We haven't rescued Cao Zhi yet, but now we have ruined Anlehou's affairs. The young emperor Liu Xie escaped. I'm afraid Anlehou will not let us women and children go. Mrs.

Ding said firmly,

"I went to find Anlehou. It was my fault this time. I will not let Anlehou implicate the women and children of the Cao family. Even if I die, I will let Anlehou let go of the women and children of the Cao family."

"Sister, I'll go with you!"

"Mrs. Ding, I'll go with you too!"

Mrs. Bian and Cao Jie both stood up in a hurry. They want to go with Mrs. Ding. This matter is the responsibility of the three of them. Mrs. Bian and Cao Jie will not let Mrs. Ding take the responsibility alone. Mrs. Ding waved her hands and became serious. said,

"You all stay here, just in case, I mean just in case, if I am executed by Anlehou and Anlehou still refuses to give up massacring the Cao family's women and children, and you try to persuade me, all three of us will not die at once."

When Mrs. Bian and Cao Jie heard what Mrs. Ding said, they looked at each other and nodded. Mrs. Ding was right. If the three of them died together without dissuading Anlehou Suchen, then the three women's deaths would have been in vain.

Madam Ding nodded to Madam Bian and Cao Jie, and then walked out of the camp. Madam Ding had no idea whether she would live or die tonight, but if she didn't convince Anle Hou Su Chen as soon as possible, she would massacre the Cao family's women and children tonight. I am afraid that the order will be issued, but Mrs. Ding does not dare to delay it any longer, and she does not dare to take any chances. Outside Su Chen's big tent, the guards guarding the big tent saw Mrs. Ding arriving, and all of them were confused. Come on. In their lord's tent, beauties and beautiful women kept arriving tonight. The first ones were Mrs. Mi, Mrs. Gan, and Mrs. Cai, then Mrs. Xiao Qiao, Mrs. Ding's three daughters, and finally Xiahou Qingyi. Mrs. Ding She had come once before, and it was already midnight. Why did Madam Ding come here again? These guards looked at Madam Ding but did not stop her. Madam Ding was just a weak woman, and their lord Su Chen was very powerful. Strong, all the generals had been beaten by Su Chen, and the guards were not worried that Mrs. Ding would assassinate Su Chen. Mrs. Ding saw that the guards did not stop her from entering the tent, which made Mrs. Ding a little confused.

"Husband, rest, I'm too tired!"

"Qingyi, you rest while I go get a drink of water!"

As soon as Mrs. Ding entered the big tent, she heard the words of Su Chen and Xia Hou Qingyi.

Mrs. Ding looked at the brightly lit tent, and then she walked towards the inner tent to ask Su Chen to come out.

Touch!

Su Chen As soon as he came out of the inner tent, he bumped into Mrs. Ding who had just arrived outside the inner tent.

Su Chen was stunned to see that he almost knocked Mrs. Ding down.

"Let me go, Mrs. Ding, why are you in my big tent? Have you been listening to the wall here?"

When Mrs. Ding saw Su Chen walking out topless, she yelled in panic,

"Ah, shameless, why did you come out without clothes?"

"Damn it, aren't big pants clothes?"

Chapter 2107

Su Chen was speechless when he heard Mrs. Ding's words.

Why wasn't he wearing any clothes?

Don't big pants count as clothing?

Besides, Mrs. Ding is also a married woman. Why is she still making such a fuss like a little girl?

"you...."

Mr. and Mrs. Ding lowered their heads and blushed, not daring to look at Su Chen.

Why did this bastard come out wearing a pair of shorts?

This is really offensive.

Su Chen, the Marquis of Anle, was still a nobleman, even a powerful prince in the Han Empire, but this bastard didn't pay attention to his appearance at all.

Su Chen looked at Mrs. Ding who was blushing and smiled.

However, how could Mrs. Ding appear in his tent in the middle of the night ? Moreover, the guards outside the big tent did not stop him, and did not even tell him. Su Chen guessed that the guards outside the big tent might have misunderstood. Mrs. Ding was not his woman. Those guards must have seen a beautiful woman coming, and they would all think it was related to him.

"Mrs. Ding, you sneaked into my big tent and listened in the corner. Is this what a gentle and virtuous woman does?"

Mrs. Ding heard Su Chen's words and said angrily, "Xio's nonsense, I just arrived. Anlehou, I have something to talk to you about. Can you go and put on clothes?"

Su Chen took a sip of tea and shook his head and said,

"Mrs. Ding, it's too late today. It will be dawn in more than two hours. Don't you want to rest? We'll talk about it tomorrow if you have anything to do. Mrs.

Ding lowered her head and shouted, "No, I have to talk to you about something today. I can't wait until tomorrow.""

"But I don't want to talk to you. If you're not tired, I still want to rest. I won't see you off until I leave."

Su Chen guessed why Mrs. Ding came to see him in the middle of the night. That girl Cao Jie might have told Mrs. Ding about Xun Yu using her, or even about the little emperor Liu Xie's escape. Mrs. Ding was also worried that she would offend Cao. other people at home

"Not allowed to leave!"

At this time, Mrs. Ding was too shy to look at Su Chen.

She hurriedly stopped Su Chen, otherwise Su Chen would rest in the inner tent. If this shameless pervert returned to the inner tent,

Mrs. Ding would not dare to chase him in.

Today How could she have fallen asleep if she hadn't solved the problem of the little emperor using them to escape.

Su Chen's eyes widened when he saw Mrs. Ding standing in front of him.

Mrs. Ding stretched out her hands to stop her, her perfect figure was exposed, especially the two big mountains. This is the third woman I have seen with such a big mountain.

No wonder Cao Cao and Mrs. Ding reconciled and divorced. Cao Cao still misses Mrs. Ding. How can he have feelings for him? Reluctant to let go, Cao Cao must also be reluctant to let go of these two mountains.

Madam Ding was originally very shy when she saw Su Chen's strong figure, but when she found out that Su Chen was looking at her figure, Madam Ding immediately hugged her chest and was embarrassed. Cursed angrily

"shameless bastard!"

Well, this time it was Mrs. Ding who looked at his upper body.

Why did this beautiful woman scold him for being shameless?

What could Su Chen see through the dress?

If he had not been sealed to the realm of cultivation, Su Chen would still be able to see the beautiful scenery, but now he is just an ordinary person who is stronger than a mortal. Su Chen can only admire Mrs. Ding's proud and upright figure. What kind of shameless bastard is this?

Su Chen shook his head and said,

"Mrs. Ding, I'll give you a quarter of an hour. If you want to talk, please say it quickly. I also want to hold my wife to rest."

Mrs. Ding said hurriedly after hearing Su Chen's words,

"Anlehou, I was deceived by Xun Yu this time. It was also because of me that the emperor fled from Xu Capital City. I hope you will not implicate Cao Jie and Mrs. Bian, nor the

women and children of the Cao family. What do you mean to me? You can kill or behead him."

After Su Chen heard Mrs. Ding's words while sitting on the soft couch, he looked at Mrs. Ding unexpectedly.

Su Chen did not expect that Mrs. Ding would arrive so late. She was prepared to take all the blame alone.

This is interesting. ,

Su Chen had no intention of dealing with these women, nor did he think of involving the women and children of the Cao family. The little emperor's escape this time was a big help to him.

Su Chen only wanted to deal with Xun Yu and Cao Hong, after all, these two people They were cheating, and Mrs. Ding and her three daughters were also taken advantage of by the old fox Xun Yu.

Su Chen thought about it and decided to scare Mrs. Ding.

He decided to make the matter very serious. Su Chen wanted to see Mrs. Ding listen to what he said. That's a bit serious. How can she, a weak woman, bear these charges?

"Madam Ding, the little emperor escaped from Xudu, do you know what this means? Trouble, big trouble. If the little emperor calls me to kill me, do you think the remaining princes in the Han Empire will respond?"

"Those princes who were not able to deal with each other will definitely unite. I am now the most powerful prince in the Han Empire. If Sun Quan's Jiangdong is destroyed by me in this war,"

"Of the thirteen states of the Han Dynasty, I will get ten states, leaving Liu Zhang of Yizhou, Ma Teng of Liangzhou, Shixie of Jiaozhou, and those subordinates of Dong Zhuo of Chang'an, Zhang Lu of Hanzhong, Gongsun Kang of Xuantu County, these Will the princes watch me destroy them one by one?"

"Is this something you, a weak woman, can bear? Can you bear this serious consequence?"

Mrs. Ding's face turned very pale when she heard Su Chen's words.

Although she knew that this matter was very serious, Su Chen's words still frightened her. Mrs. Ding was in a panic and didn't know what to do.

Su Chen looked at Mrs. Ding's frightened face and looked pale. He wondered if Mrs. Ding had been frightened too much.

Su Chen felt a little regretful and shook his head and said,

"Go back and wait for my order tomorrow?"

Mr. Ding suddenly knelt down to Su Chen and begged, "Marquis Anle, I would rather die to save the women and children of the Cao family. Please also ask Marquis Anle to let go of those innocent women and children."

"Your life is worthless!"

"I....."

"Madam Ding, please go back. Maybe I am in a better mood and will not execute the women and children of the Cao family."

Su Chen waved to Mrs. Ding and left.

He also frightened this beautiful woman. Mrs. Ding was probably frightened by him. It was already very late today, and Su Chen still wanted to hug the beautiful Xia Houqing. Let's rest for a while.

When Mrs. Ding saw Su Chen leaving, she thought, is she in a good mood?

What does this mean?

Mrs. Ding frowned and couldn't figure out what the last words meant.

This shameless pervert, that bastard Could it be that she fell in love with her beauty?

Ding Fu's face changed when she thought of these things.

She thought that Su Chen had just looked at her body, and she even looked sexy, and Su Chen was also a famous dandy. , Mrs. Ding angrily wanted to strangle this shameless pervert to death.

Mrs. Ding had a helpless expression on her face and whispered,

"What should I do? Could it be that his innocence could no longer be preserved?"

Chapter 2108

Mrs. Ding went back uneasy.

Although she guessed Su Chen's plan, she would rather die than let this shameless pervert humiliate her.

Tomorrow, if Su Chen really wants to execute the women and children of the Cao family tomorrow, then Mrs. Ding will commit suicide as soon as possible.

The next morning,

Su Chen was caught by Huang Yueying angrily while he was still resting. Huang Yueying hated the bastard Su Chen to death.

It took her a full day of rest yesterday to recover from what Su Chen did to her the night before yesterday.

In the big tent,

Su Chen yawned and looked at the embarrassed Huang Yueying.

Su Chen was sealed and cultivated to become an ordinary person. He also needed to sleep and rest. He had not had a good rest every night these days. Su Chen's spirit was so low today. It's also much worse.

He said weakly, "Madam, I have only rested for less than two hours. Please let me sleep for a while."

"shameless bastard!"

Huang Yueying looked at Su Chen's listless look, and she felt even more angry.

She was forced to lose her virginity by this bastard the night before yesterday. Huang Yueying didn't expect that Su Chen ruined Xiahou Qingyi again last night. Now she can't wait to die. Stab this shameless pervert to death with a sword.

Su Chen hugged Huang Yueying and said with a smile,

"Madam, don't be angry. It was my fault yesterday. I apologize to you now."

"snort!"

Huang Yueying snorted coldly and pushed Su Chen away and sat aside.

She was really helpless towards Su Chen.

Huang Yueying was already this shameless and perverted woman.

If she didn't agree with what Su Chen did yesterday, she would be such a bastard. Even forcing her won't work.

Huang Yueying also has a good impression of Su Chen these days. She is actually very happy when she fights with this bastard every day.

As for the engagement with Zhuge Liang, it has ended since yesterday, and Huang Yueying also She could only say sorry to Zhuge Liang in her heart.

Huang Yueying suddenly thought of Su Chen's army going to Jiangdong yesterday, and she worriedly asked Su Chen, "Is there any news about yesterday's war?"

Su Chen shook his head and replied,

"Not yet. If it's soon, the news will come this afternoon. If it's Man, the news may not come until later in the evening."

Su Chen can't tell Huang Yueying now that the war has been won.

The victory news has not been sent yet.

If Su Chen tells Huang Yueying in advance, he will have to explain and even reveal his identity in advance.

Su Chen doesn't want to reveal his identity yet.

He was worried that after Huang Yueying and the other girls heard about his identity, they would be uneasy and even be afraid of his identity and not dare to speak freely in front of him. When

Huang Yueying heard that there was no news about the Chibi War, she looked at Su Chen and said He asked doubtfully, "Can your army win the war at Chibi Xiakou?"

Su Chen nodded and replied,

"Of course it can be won. Jiangdong's army is now in disarray. In addition, Jiangdong's nobles and nobles have betrayed Sun Quan. The Battle of Chibi will definitely be won."

"That's good!"

At this time,

Gan Ning quickly came to the big tent and saluted Su Chen, saying,

"Reporting to the lord, the governor of Jiangxia County came to report that Liu Bei was discovered in Tianyang City at the junction of Jingzhou and Yizhou."

Su Chen heard that Liu Bei had been found. Liu Bei really wanted to escape to Yizhou and Shu.

However,

Cao Cao had previously sent people to threaten Liu Zhang in Yizhou. Liu Bei wanted to enter Yizhou and Shu. This is probably impossible.

"Liu Bei? Haha, Liu Bei wants to enter the Shu land of Yizhou. It is probably impossible for Liu Zhang to let Liu Bei enter the Shu land of Yizhou. Who is the governor of Jiangxia County?"

"Lord Marquis, the governor of Jiangxia County is Deng Ai."

Deng Ai?

Damn it,

Deng Ai appeared so early?

This world is really a bit chaotic.

Sun Shangxiang, the concubine of the Qing Dynasty, did not appear in this world. Diao Chan did not die, but was missing. Deng Ai in the late Wei Dynasty is now Even for a

county guard, this small world is really chaotic. Su Chen couldn't figure out what other chaotic people or things would appear.

Su Chen thought about it and hurriedly ordered,

"Gan Ning, immediately sent a message to Deng Ai by flying pigeons, ordering Deng Ai to lead his army to intercept Liu Bei. As long as he intercepted Liu Bei for ten days, it would be a great achievement. You immediately led five thousand tigers and leopards to Jiangxia and killed Liu Bei with Deng Jie."

"Yes, my lord!"

Gan Ning was excited when he heard Su Chen's order.

He had been waiting for the war for a long time.

After Gan Ning's strength was improved, he had been eager to go to the battlefield to show off. But as Su Chen's general, Gan Ning had given up all hope of going to the battlefield.

Gan Ning did not expect that he would turn around. This time he would not only lead tigers and leopards to the battlefield, but would even rob and kill Liu Bei's men. This made Gan Ning so excited that he wanted to scream.

"Get out!"

Su Chen was very speechless when he saw Gan Ning's excited look.

Su Chen thought of the generals under him. Each of these warmongers was more warlike than the last. Gan Ning, the general of the Suwei, might have also been beaten during this period. I'm so depressed,

"Haha, lord, I'll get out right away! Gan

Ning laughed excitedly and ran out quickly.

He was also worried that Su Chen would suddenly regret it, so Gan Ning thought it would be better to leave as soon as possible.

In the next seven or eight days, news of the victory in the Chibi Xiakou war also spread. Come here.

The Jiangdong navy was completely wiped out,

Chibi Xiakou was lost, and

Su Chen's hundreds of thousands of troops set foot on the land of Jiangdong.

Jiangdong will probably be overrun by his hundreds of thousands of troops in less than a month.

Mrs. Ding III The girls have been living uneasily in the Wulin camp. Su Chen has never issued an order to deal with them, nor has there been any news of massacre of the Cao family's women and children.

Mrs. Ding and her three daughters have always been uneasy.

In the past seven days, they have gone there every day Asked to see Su Chen, Marquis of Anle, but every time Su Chen was with his wives, and that bastard had refused to see the three of them for the past seven days.

Today,

Mrs. Ding and her three daughters came outside Su Chen's tent again, but The guards here stopped them again and refused to let them enter the big tent.

Mrs. Bian looked pale and said to Mrs. Ding and Cao Jie,

"It's been eight days, what does Anlehou mean? There is no news about killing or beheading."

"We have been on tenterhooks for the past eight days. We can't sleep well at night and can't eat. If we go on for a few more days, we will be tortured and sick, or we will be tortured to the point of going crazy."

Mrs. Ding looked at the big tent angrily and said,

"We'll wait here, we're going to see that bastard anyway today."

Cao Jie frowned and guessed to Mrs. Ding,

"Madam Ding, did Anlehou deliberately scare you seven days ago? It's already the eighth day. If Marquis Anle wants to deal with us, or even massacre the women and children of the Cao family, there's no way he can wait for so long without any movement."

Chapter 2109

When Mrs. Ding heard what Cao Jie said, she was also very confused, but when she thought of the harsh words Su Chen said to him eight days ago, Mrs. Ding felt that it was impossible for Su Chen to let them go like this.

Mrs. Ding suddenly thought of what Su Chen said about being in a good mood. Could it be that that bastard has been waiting for her answer?

Damn you pervert,

Anlehou wouldn't have been waiting for her to volunteer, right?

Mrs. Ding was a little panicked.

She thought that if Su Chen was really what she thought, how long would that shameless pervert wait? one day?

Three days?

A month?

If that shameless pervert's patience runs out, an order to massacre might be issued tomorrow.

Mrs. Ding lowered her head and thought for a while before saying, "Let's go back first. I want to think about this matter carefully." When

Cao Jie and Mrs. Bian heard what Mrs. Ding said, they both looked at Mrs. Ding in confusion.

Mrs. Ding just said she would always wait here, why did she change in the blink of an eye? Could it be that Mrs. Ding has other plans? It was Mrs. Ding who thought of a way to persuade Anle Hou Suchen

There is a valley more than ten miles away from Tianyang City.

Liu Bei is very angry now.

Five days ago, he took the young emperor Liu Xie to Tianyang City.

However, in the valley in front, Liu Bei did not expect to meet Su Chen.

After five days of interception by the army , they actually failed to capture the small valley guarded by three to four thousand troops. There were less than one thousand soldiers left out of the more than two thousand troops, and they were completely without food for more than a day.

"Military advisor, is there any way to break through that small valley?"

Liu Bei asked Zhuge Liang with a gloomy face.

He could not delay any longer.

If he could not break through the small valley in front today, the remaining less than a thousand troops would flee.

At that time,

Liu Bei would face no soldiers. However, he had to face the situation of being unable to advance or retreat, and even waited for the arrival of Su Chen's army.

Zhuge Liang was also very helpless.

He tried to recruit the opposite general a few days ago, but Deng Ai was very difficult. Deal with it.

He and Deng Ai talked for two days, but Zhuge Liang did not persuade Deng Ai to defect to Liu Bei at all. Moreover, Deng Ai only stopped them from going to Tianyang City in the valley. This was probably because he was waiting for Su Chen's reinforcements to arrive.

"Lord, we are trapped here now. Tianyang City is ten miles ahead, and Anlehou's territory is behind. We have no way to retreat except to continue attacking."

Liu Bei heard Zhuge Liang's words and said loudly,

"Military advisor, there is no food in the army. If we can't get through this small valley, we will really be desperate. More than 800 troops have not eaten food for a day. How are we going to break through this small valley?"

Zhuge Liang shook his head and said, "Let's attack!" Let General Guan, General Huang, and General Zhao all take action. Whether they can break through this small valley depends on the abilities of the three generals."

Liu Bei said angrily when he heard Zhuge Liang's words,

"Okay, I'll give the order. If we can't break through this small valley today, Su Chen's reinforcements may arrive tomorrow. Even if the whole army is wiped out this time, we have to break through this small valley."

At this moment, the little emperor Liu Xie and his queen Fu Shou were very uneasy in a carriage. They had been blocked outside this small valley for five days. Liu Bei's army never captured this small valley.

Tianyang City In Chichi, as long as they cross this small valley, Liu Xie and Queen Fushou can safely reach Yizhou and Shu. However, not only did Liu Bei fail to break through the small valley in the past few days, he even ran out of food for more than a day. The little emperor Liu Xie said Liu Bei was also very dissatisfied with his incompetence.

Fu Shou looked at the pale Liu Xie and said doubtfully,

"Your Majesty, I have discovered in the past few days that the troops in the valley are here to stop Liu Bei. Those troops don't seem to know that Your Majesty is in Liu Bei's army. Liu

Xie was shocked when he heard Fu Shou's words,

"Queen, do you mean that Anlehou wants to hunt down Liu Bei? And we were unintentionally implicated?"

"Yes, Your Majesty, I may have really been implicated by Liu Bei."

Liu Xie was very angry with a sullen face.

He had previously thought that Liu Bei had no ability. Liu Bei had spent his whole life on the run. If Liu Xie hadn't really been desperate, he wouldn't have been able to get involved with Liu Bei, who had lost his star. Together.

If he had not walked with Liu Bei this time, Liu Xie would not have been stopped in this small valley, and his traces might even have been discovered by Su Chen's army.

Liu Xie thought that if he had not been with Liu Bei, he would have almost He was able to enter the Yizhou Shu land days ago.

Liu Xie regretted thinking about this and said,

"Damn it, I thought meeting Liu Bei would make us safer along the way. I didn't expect Liu Bei to be in more danger than us. If I had known better, I shouldn't have gotten involved with Liu Bei.

Fu Shou sighed and persuaded, "Oh!" Your Majesty, it's too late to say anything now. We can only hope that Liu Bei can break through the small valley ahead."

"Hope so!"

Dong dong dong.....

Suddenly there was the sound of horse hooves in the distance.

Liu Xie and Fu Shou immediately opened the curtains in the carriage and looked over anxiously.

Is this the arrival of the cavalry army? Is it the cavalry from Yizhou? Or Su Chen's cavalry? Neither Liu Xie nor Fu Shou knew.

"It's the Tiger and Leopard Cavalry. Run away. We are no match for the Tiger and Leopard Cavalry."

"Escape, even give a shit, we haven't eaten for more than a day, the Tiger and Leopard Cavalry are simply not something we can deal with."

"Surrender, I surrender, I don't even have the strength to escape, I surrender"

"Yes, we surrendered. We are not Liu Bei's army at all. We don't have to sacrifice our lives for Liu Bei."

"Surrendering may lead to death, so we'd better escape. The Tiger and Leopard Cavalry are here to hunt down Liu Bei, and the Tiger and Leopard Cavalry will not care about the defeated generals like us."

The 800 troops that Liu Bei had just assembled, before they had time to attack the small valley again, the Tiger and Leopard Cavalry appeared not far away. These troops immediately scattered and fled. Some soldiers dropped their weapons and knelt down to surrender.

Guan Yu Seeing the tiger and leopard cavalry coming, even the surrounding troops fled and surrendered. Guan Yu also knew that he could not stop the tiger and leopard cavalry's attack.

He hurriedly came to Liu Bei's side and shouted:

"Brother, let's go quickly. It's the Tiger and Leopard Cavalry. We are no match. Let's escape first."

""Let's go, General Huang, take my son Liu Chan, Zhao Yun takes the military advisor, let's go quickly,"

Liu Bei shouted as he mounted his horse.

The arrival of the tiger and leopard cavalry made Liu Bei completely desperate. Liu Bei just wanted to escape first, otherwise Being caught up by the Tiger and Leopard Cavalry, he couldn't escape even if he wanted to.

Fu Shou saw Liu Bei and the others escaping from their carriage on horseback without even looking at her and Emperor Liu Xie.

Fu Shou shouted in disbelief. , "Your Majesty, Liu Bei escaped regardless of us?"

Chapter 2110

Liu Xie didn't need Queen Fushou's reminder to see it.

Liu Bei ran away regardless, which made Liu Xie's heart fall to the bottom. He was so angry that he wanted to kill the hypocritical Liu Bei.

Uncle of the Han Dynasty?

Loyal to the emperor and patriotic?

Merciful?

This is all a lie

"Your Majesty, run away quickly, Anlehou's army is chasing you."

"Your Majesty, run away quickly. You cannot be captured again. The Han Empire still needs you."

"We veterans are willing to hold back Anlehou's army. Your Majesty, please run away quickly."

"Protect your majesty, protect your majesty from escaping"

"We will protect your Majesty to the death. Your Majesty, run away quickly."

Outside the carriage, more than thirty old men over fifty were kneeling outside the carriage. They shouted to Liu Xie one after another. These are the relics of the Han Empire and the most loyal old Confucian scholars to the Han Empire.

Liu Xie watched The old minister outside the carriage asked loudly,

"escape? Can I still escape? Can I escape the pursuit of the cavalry?"

"Your Majesty, it doesn't have to be like this. These veterans are also thinking about Your Majesty. Even if we are recaptured and taken back to Xudu, I will face Anlehou with Your Majesty."

Liu Xie clenched his fists and was very unwilling. He was getting closer to Yizhou and Shu, but he was just short of the last step, and he still fell short.

Liu Xie sighed and said to Queen Fushou,

"well! I didn't expect that I was just one step away from entering Yizhou and Shu. Damn Liu Bei. Liu Bei, the hypocritical benevolent and righteous Liu Bei, will not die well in the future."

Queen Fushou lowered her head helplessly.

Queen Fushou knew that if she was captured this time, she and Emperor Liu Xie would have no chance to escape in the future. Even Anle Hou Suchen might be angry and depose Emperor Liu Xie.

By then, she Both the emperor and Emperor Liu Xie may be sentenced to death.

Dong Dong Dong.....

At this time, five thousand tiger and leopard cavalry also arrived.

Gan Ning saw the troops fleeing and did not pay attention. He wanted to kill Liu Bei this time. Liu Paopao was too capable of running away. Gan Ning would not let Liu Bei do it again this time. escape

"A thousand cavalry were left to guard the prisoners, while the others went after Liu Bei."

Gan Ning looked at the kneeling prisoners around him, and even the old men in front of the carriage. He didn't pay attention to these people.

Lieutenant General Hubao Cavalry quickly came to Gan Ning and shouted,"General Gan, a big fish has been found. The emperor is here. In the carriage, we actually caught the escaped emperor!"

"What? Is the little emperor Liu Xie in the carriage?"

"Yes, General, I just checked. The emperor and the queen are in the carriage, and the old men outside the carriage are pedantic ministers."

Gan Ning was stunned when he heard what the deputy general said.

The little emperor actually escaped here?

Does he want to arrest him?

Gan Ning heard Su Chen say that he didn't care about the emperor's escape.

He also heard Su Chen say about the benefits of the emperor's escape. Even Su Chen intended to let the emperor escape, but the emperor had been surrounded and captured by the tiger and leopard cavalry. Gan Ning felt very helpless now. Gan Ning suddenly thought that the queen was also in the carriage, and his eyes lit up.

Gan Ning thought of how to deal with the little emperor. Yes,

"Lieutenant general, lead four thousand tiger and leopard cavalry to chase Liu Bei. I will deal with the little emperor."

"Yes, General!"

Gan Ning saw the deputy general and his four thousand tiger and leopard cavalry continuing to chase Liu Bei, so he rode towards the carriage.

"Come on, get these old men away from me!"

"Yes, General! Gan

Ning looked at the carriage and threatened loudly.

"Your Majesty, please get off the carriage, otherwise you won't blame my men for taking action."

"Rebel!"

After the little emperor Liu Xie and Queen Fu Shou got off the carriage, Liu Xie looked at Gan Ning who was on the horse and cursed angrily. When Gan Ning saw the proud, tall and beautiful Queen Fu Shou, he Smiling,

Gan Ning knew that Su Chen liked beautiful women, Liu Bei's two wives, Sun Ce's wife, Sun Quan's wife, Zhou Yu's wife, Liu Biao's wife, and Zhuge Liang's fiancée. Gan Ning felt that this trip was worthwhile.

Queen ?

If Gan Ning dedicated the queen to Su Chen, he would definitely be able to get several bottles of fine wine, or even a bottle of top-quality spiritual wine.

Gan Ning looked at the emperor Liu Xie and said loudly,

"Your Majesty, I'm too lazy to talk nonsense with you. If the Queen stays, I can pretend I haven't seen you."

"you.....What did you say?"

Emperor Liu Xie felt incredible when he heard Gan Ning's words.

As long as he kept Queen Fushou, this general would let him go?

Is this true?

Or is this general playing tricks on him?

Gan Ning continued,"Your Majesty the Emperor , leave Queen Fushou, I really let you go.
Liu

Xie was so excited that he asked tremblingly, "Aren't you afraid that Su Chen will kill you if you do this?"

"This is my business, Your Majesty the Emperor, do you agree or not?"

Liu Xie looked at Queen Fushou beside him. He was going to abandon this beautiful woman today. Liu Xie felt that it was right to take Queen Fushou to escape Xudu. If he hadn't met a lustful general today, Liu Xie may be captured and taken back to Xudu again. Although Liu Xie is reluctant to part with the beautiful Queen Fushou, for his freedom and for the sake of the Han Empire, it is not a big deal for him to abandon a woman. Queen Fushou Yi She fell silent when she heard Gan Ning's words. She didn't know what Emperor Liu Xie would choose, but she felt that Liu Xie might abandon her. In order to escape from Xudu, Emperor Liu Xie had been plotting for the past few years. The land of Zhou and Shu is approaching, but this lustful general will let Emperor Liu Xie go just to get her. Emperor Liu Xie will not be captured again and brought back to Xudu for her.

"I agreed!" Gan Ning smiled when he heard that Emperor Liu Xie agreed. This time, not only did his lord Su Chen get a top-notch beauty, but he also asked Emperor Liu Xie to leave in a reasonable and reasonable manner. He felt that what he did this time was too wise. It was a great deal. After Gan Ning waved to a soldier and said something, he looked at the emperor Liu Xie and said,

"Your Majesty the Emperor, then you can leave. The troops in the valley will not stop you from leaving. The queen's life is mine."

"Fushou, I'm sorry, for the sake of the Han Empire, I have wronged you this time."

Liu Xie said something to the pale-faced Queen Fushou, and he turned around and left with those old men.

As long as Liu Xie crosses the valley in front and enters Tianyang City, he will be truly free. From now on, he will be the leader of the Han Empire. He also has the ability to revitalize.

Gan Ning looked at Queen Fushou, who looked desperate, and he waved and ordered,

"Come, take the Queen back to the Wulin camp. Protect the Queen well along the way.
This is our lord's new wife."

"Yes, General!"
