Chapter 211

Su Chen looked at the white-haired Wei Zhuang and felt a little strange. Why did this Wei Zhuang ask for help this time? This was not in line with Wei Zhuang's usual style. Su Chen let go of Yan Lingji and walked over to Wei Zhuang to look at him.

Is this the real Wei Zhuang? Couldn't he be an impostor? Su Chen shook his head and felt that he was overthinking. How could this Wei Zhuang be fake? If it were a fake Zi Nu, she would have killed him long ago.

"Wei Zhuang, this is the second time we have met. I don't want to get involved in the matter of Han Fei, the unlucky guy. I'm just here to visit Han Country. It's up to you to resolve this matter yourself."

Weizhuang is still a little shocked. He didn't expect Su Chen, Lord Wu Xiang, to come to Han Country. So Lord Wu Xiang must have been in the carriage last time.

But this time Lord Wu Xiang was so close to that Yan Lingji. At the same time, he guessed that the last time he wanted to catch Yan Lingji, the person whose powerful aura threatened him must be a subordinate of Lord Wu Xiang. This Lord Wu Xiang is really a romantic.

Wei Zhuang saw Su with an expressionless face. Chen kept staring at him and his face twitched. Wei Zhuang didn't understand why Wu Xiangjun looked at him like this. Is there something wrong with him?

Wei Zhuang looked at Yan Lingji and said coldly to Su Chen ,

"Wu Xiangjun, Han Fei was imprisoned because of your woman. If we hadn't captured your woman, Han Fei wouldn't have been imprisoned. This matter has something to do with you, and you can't stay out of it."

"Let me guess, Wei Zhuang, Han Fei and Ji Wuye didn't arrest Yan Lingji at that time, why is it my fault now? I didn't say a word from beginning to end."

Weizhuang continued to Su Chen with a cool expression,

"Mr. Wu Xiang, I'm afraid your subordinates will understand what to do with just one look from you. Why didn't we capture Yan Lingji at that time? I'm afraid you understand better than us."

Su Chen felt helpless when he saw Wei Zhuang's expression of wanting to be beaten. When Wei Zhuang wanted to catch Yan Lingji, Shi Guanyin must have threatened him, otherwise Yan Lingji would have been captured by Wei Zhuang. Now Yan Lingji With him, it would be unjustifiable if he didn't help save that unfortunate guy this time.

"Haha, Wei Zhuang, you are indeed a descendant of Guigu. Your guesses are rich enough. Don't worry, Han Fei will be released within three days. You and Tianze can talk about your cooperation. I will I won't bother you anymore."

Su Chen said and was about to leave. This time he promised Wei Zhuang to save Han Fei, the unlucky guy. Now that he leaves here, nothing will happen to him, right?

Tianze is now worried about this person whom Wei Zhuang calls Wu Xiangjun. Su Chen was a little interested, and he didn't believe that Han Fei would sincerely cooperate with him.

If Wu Xiangjun, a powerful man, guaranteed it, I believe that Han Fei, the young master of the Han Kingdom, would not dare to make any small moves or even betray him during cooperation. He.

Thinking of this, Tianze hurriedly stopped Wu Xiangjun who was about to leave and said,

"Wait, Mr. Wu Xiang, you can't leave, right?"

Su Chen was a little speechless when he heard that Tianze also stopped him. What happened this time? He just wanted to cause some trouble for Ji Wuye, but Ji Wuye hadn't started to cause trouble for him yet. He had trouble for himself. Why are there so many?

"Damn it, Tianze, what's the matter with you?"

"I don't believe this Wei Zhuang. He gives me a very bad feeling. I hope you can be my guarantor and this Wei Zhuang. I don't believe these Han people."

"No, Wei Zhuang means one thing and one thing. It is impossible for him to betray his allies. You can rest assured on this."

"Mr. Wu Xiang, I also hope that you can be our guarantor. I don't believe that the abandoned prince of Baiyue is sincere in cooperating with us."

Damn it, what happened today? Why did Wei Zhuang and Bai Ze, the two nemesis kings, ask me to vouch for it? How can he vouch for this matter? If Su Chen wants to get the Suihou Pearl as soon as possible, he will go to Ying Zheng went to Qin State, and he didn't want to waste time in Han State.

At this time, the commander of Zi Nu's secret guards came in and walked to Su Chen and whispered something. Su Chen was a little angry when he heard the secret guards' words..

Su Chen did not expect that Chu Liuxiang and the others were hiding in Madam Hu's house. Chu Liuxiang and the others not only tapped Su Rongrong's acupuncture points, but also held Madam Hu hostage. This made Su Chen a little angry at Chu Liuxiang.

Su Chen looked at Wei Zhuang and Tianze wants to use them to catch Chu Liuxiang and the others. Su Chen does not have strong subordinates now. If he sends out too many secret guards and shadow assassins, he may alert Ji Wuye, the Mo family, and the peasant family.

"Tianze, Wei Zhuang, I can be your guarantor, but you two have to do one thing for me."

Tianze heard that Su Chen asked him and Wei Zhuang to force the king. He will be the king of Baiyue in the future. What kind of king is the king? Tianze asked a little confused,

"Force the king? What's the meaning? What do you want us to do?"

Su Chen looked at Tianze speechlessly. Why did Tianze have so many problems today? This is not in line with his character of forcing the king.

"Well, forcing the king means being very powerful. I want you to catch three people together, three masters. Don't worry, I will send someone to help you."

"It's not difficult to catch two of them with your stretched out hands. Even if one of the three of them is very good at qinggong, you may not be able to catch him. But with the help of my guards, I believe that all three of them will not be able to escape."

Weizhuang thought thoughtfully and asked directly,

"Mr. Wu Xiang, are those three people the thieves who stole the national treasure of Chu?"

Su Chen nodded and admitted directly. Anyway, if Wei Zhuang and Tianze agreed, they would also know the identities of Chu Liuxiang and the others. It is better to confess to them now than to hide them. These two people are more arrogant than the other. Su Chen didn't want them to say that he was taking advantage of them.

"Yes, those three thieves offended me, and my three maids were kidnapped by them. It is not convenient for my people to take action this time, so now I have to trouble you. You can rest assured to arrest the three of them, the city guards of the cold country. Army, I will stop you"

"Okay, I agree."

Wei Zhuang agreed without thinking. Wei Zhuang thought that this time he could establish a relationship with Wu Xiangjun, and it would be easier for Han Fei to ask him for help in the future. Wei Zhuang wanted to know Wu Xiang now Is there any way you can prevent the city guards from disturbing them in catching the three thieves?

Tianze looked at Wei Zhuang in surprise. He did not expect that Wei Zhuang agreed directly. This made Tianze confused.

Wu Xiangjun is obviously using him and Wei Zhuang to do things for him. It is impossible that Wei Zhuang, the descendant of Guigu, can't see what Wei Zhuang's purpose is? After thinking about it, Tianze decided to help Wu Xiangjun this time. I also want to know if he and Wei Zhuang helped Lord Wu Xiang this time, will they get anything in return from Lord Wu Xiang in the future?

"As long as I am not discovered by Ji Wuye and Bai Yifei, I agree."

When Su Chen saw that both Wei Zhuang and Tian Ze agreed, he smiled and said to them

"Okay, those three people are hiding in Liu Yifu now. You can go there with my one hundred Nether Guards. Remember, I don't care whether those three thieves live or die. Of course, it would be best if they can be captured alive, but we can't help the others. I don't want any casualties, especially those women."

Weizhuang nodded speechlessly to Su Chen. Wei Zhuang now understood that Su Chen was not after the national treasure at all. This bastard could hook up with some women wherever he went. There were already Zi Nu and Yan Yan in Zi Lan Xuan. Although Wei Zhuang doesn't know what their relationship is now, with Wu Xiangjun's methods, Zi Nu and Yan Lingji will definitely be captured by Wu Xiangjun.

"Your Majesty, my mother is in Liu Yi's mansion. Your Majesty, you must rescue my mother safely."

Chapter 212

Su Chen looked at Nong Yu after hearing her words. Of course Su Chen knew that Mrs. Hu was Nong Yu's mother, and even her disfigured father was still alive.

That Li Kai didn't show up now. It was probably because Han Fei and the others went to Sui Dynasty and missed it. Su Chen didn't care about Li Kai's life or death.

Su Chen didn't want to care about Mrs. Hu's gentle and silly woman. Su Chen knew that Chu Liuxiang and the others would not kill Mrs. Hu. Su Chen saw Nong Yu's anxious look and said to Zi Nu, "Madam, you take the Nether Guard with you." Let's go with Wei Zhuang and the others to rescue Madam Hu and the others."

Zi Nu took the anxious Nong Yu and nodded and said, "Okay, I'll go with Wei Zhuang and the others."

"Take this, and if the city guards show up, use this token to send them away."

Su Chen took out a token from the system space. This token was given to him by King Ying Zheng of Qin. With this token, he can travel unimpeded in the Qin State and even order anyone and the army to do things for him.

Now this token should It doesn't have such a big effect. This token can only play its role after the King of Qin is crowned and takes charge.

Zi Nu was very surprised when she took the token. She did not expect that Su Chen actually had the Black Dragon Order of the Qin State, which was the highest in the Qin State. Token, Zi Nu thought of the cooperation between Su Chen and the King of Qin, and also understood that King Qin Yingzheng should be trying to win over Su Chen.

This Black Dragon Token may be somewhat useless in the Qin State now. After all, Lu Buwei now controls the Qin State, but in the other six countries, this The Black Dragon Token is very useful

"Black Dragon Order? You actually have the highest token of Qin? King Qin seems to attach great importance to cooperating with you."

Weizhuang and Tianze were also very shocked when they heard Zi Nu's words. They did not expect that Lord Wu Xiang was actually related to the State of Qin, and even King Qin's black dragon was in Lord Wu Xiang's hands.

Wei Zhuang looked at it with some confusion. Looking at Su Chen, since Su Chen has a relationship with the Qin State, why did Lord Wu Xiang watch Yan Lingji kill the Qin envoy without stopping him? Does Lord Wu Xiang have any conspiracy in the Han Kingdom?

Lord Wu Xiang This bastard wouldn't let Qin invade Han on purpose, would he? Wei Zhuang looked at Su Chen with some confusion. Su Chen had this black dragon token. It would be very easy to save Han Fei, but Wei Zhuang had to be careful about Wu Xiang in the future. Jun is wreaking havoc in the Han Kingdom.

Tianze lowered his head thoughtfully and thought about it. Tianze now wants to cooperate with this Wu Xiangjun even more. This Wuxiang Jun is not only powerful, but also has relations with the Qin State. He will return in the future. If the country has the help of Lord Wu Xiang, it should be very easy. This time he will definitely help Lord Wu Xiang capture the three thieves.

Yan Lingji opened her eyes wide when she saw that Su Chen had the black dragon token of the Qin Kingdom. Yes, Yan Lingji didn't expect that Su Chen actually had a black dragon. Could this bastard be from the Qin State? Is n't this wrong? Han Fei said that Su Chen was not from the Eastern Continent. It seemed that Su Chen was from the Sui Dynasty in the Southern Continent. But this How could that bastard have Qin's Black Dragon Token? Why didn't he stop himself from killing the Qin envoy? This made Yan Lingji confused.

Su Chen shook his hair and said with a smile,

"That means you don't even know who your man is?"

Zi Nu looked at Su Chen's stinky fart and was a little speechless. Why is this bastard still acting like a child?

Zi Nu weighed the Black Dragon Token and struck mercilessly,

"Who are you? You are a shameless person."

Su Chen felt a little embarrassed after hearing Zi Nu's words. He didn't expect Zi Nu to say this. He was a little convulsed just now, but Zi Nu hit him so ruthlessly. Su Chen was a little annoyed. Su Chen looked at Zi Nu's smiling face. Just threaten her,

"Let me tell you, if you talk about your husband like that again, I will teach you a lesson tonight."

Zi Nu didn't seem to hear anything and said directly to Wei Zhuang and Tianze, "Weizhuang, Tianze, let's go, things have changed in the province."

Weizhuang and Tianze nodded and walked out of the room first. They knew they had to be Su Chen's thugs this time, but one of them had to be a thug for Han Fei and the other to get Su Chen's help in the future.

Zi Nu took one look at Su Chen and took Nong Yu out. She didn't want to stay now. If that bastard Su Chen did something excessive to her again, then she would have to fight with Yan Lingji and Nong Yu. They were embarrassed in front of them.

When Su Chen saw Zi Nu leaving with Killing Jade, he knew that Zi Nu was afraid of what he would do to her. Zi Nu, the royal sister, was difficult to deal with, but this was the fun thing. Su Chen didn't want to win it so quickly. Zi Nu, Zi Nu's heart belongs to him anyway, and Su Chen is not afraid that Zi Nu will leave him in the future.

Su Chen knew what Yan Lingji was going to do when he saw Yan Lingji looking at him with her big eyes. Su Chen walked to Yan Lingji. The person next to me raised her chin and said,

"Yan Lingji, you'd better not leave Zilanxuan during this period. After all, you are the murderer of the Qin envoy."

Yan Lingji opened Su Chen's hand with some embarrassment. She didn't expect that this bastard would tease her like this. Although this bastard saved her, Yan Lingji had no intention of being with this bastard.

"Haha, don't you have the Black Dragon Token? What else am I afraid of?"

"What you said makes sense, but the fact that the Black Dragon Token is mine seems to have nothing to do with you. Why should I use the Black Dragon Token to help you?"

"you.....You are so shameless, do you think you can get me like this?"

"Yan Lingji, don't think too highly of yourself. I like beauties, but I didn't say I like you. Don't be sentimental."

Su Chen didn't care when he saw Yan Lingji getting angry. This baby Yan is a wild kitten. Su Chen didn't expect to get Yan Lingji so easily. Yan Lingji will always stay with him in the future. Su Chen believed that there would be a way to deal with this flame baby in the future.

In Xinzheng City, masters from the Mo family and the Nong family also arrived one after another. In a restaurant, the Mo family and the Nong family sat on one side each. Although they had the Chu Kingdom's token, they could not He was arrested by the Hanguo City Guards, but the relationship between the Mo family and the farmer's family was not very good.

Jing Ke from the Mo family came to the farmer's Lieshan Hall Tian Meng and asked

"Tian Meng, didn't you find those three thieves too? Tian

Meng looked at the Mohist leader Jing Ke and said expressionlessly,

"No, but the three thieves should still be in Xinzheng. Now the Han Kingdom is arresting the people who kidnapped the prince. The city guards have blocked Xinzheng. The three thieves cannot escape Xinzheng. I believe they will be found soon."

"That's right. These three thieves are too bold to steal Chu's national treasure. This time they will not be able to escape from Xinzheng City no matter what."

"With us farmers working together with your Mo family, they can't escape, and it's only a matter of time before we catch them."

Jing Ke nodded and returned to the Mo family. Now they are in a competitive relationship with the farmers. This time the Chu State has made an offer that the Mo family cannot refuse.

If the Mo family can catch the three thieves first, then the Mo family will be able to get the promise of the Chu State is of great benefit to the Mo family. The Mo family cannot miss this opportunity this time.

In Madam Hu's house.

Madam Hu was very upset when she saw that her sister Hu Meiren was also forced to stay by those people. Helpless, she did not expect that her sister would come to see her today. Now she and her sister are being forcibly guarded by these people.

Mrs. Hu is afraid that her daughter Nongyu will come over and be caught. If Nongyu also comes at this time, I'm afraid the women in their family will be reunited here.

A long-legged beauty next to Mrs. Hu said angrily,

"Sister, who are these people? How come they came to your house and kidnapped you? Are they the ones who kidnapped the prince and assassinated the Qin envoy?"

"Sister, I don't know either. I just heard them say that it seemed that the Mo family and the peasant family were chasing them. I don't know the rest. I am now worried that if Nong Yu comes over, she may also be caught by these people."

Chapter 213

Hu Meiren is also very depressed now. She has been ostracized by Mrs. Mingzhu in Hanguo Palace. Today she came to her sister's place to see her lonely sister. Hu Meiren did not expect that she would be restrained as soon as she entered her sister's house..

This made her very worried about her sister's safety. She did not expect that a thief would come into her sister's house. She was relieved when she saw her sister, Mrs. Hu.

Hu Meiren was now worried about who these people were and why they came to her sister's house. What are they going to do?

After hearing what her sister Mrs. Hu said, Hu Meiren was a little surprised and said, "Sister, are you saying that these people are avoiding the pursuit of the Mo family and the peasant family? Are they the thieves who stole the national treasure of Chu?"

Mrs. Hu looked at Hu Meiren. He asked with some confusion,

"Sister, they stole Chu State's national treasure? What on earth is going on?"

Hu Meiren sat on the chair and thought for a while before saying to Mrs. Hu,

"I don't know much, I just heard that the Suihou Pearl, the national treasure of the Chu State, was stolen. The Chu State invited the Mo family and the farmers to arrest the thieves who stole the national treasure for them. I guess they are the thieves who stole the national treasure of the Chu State."

"Alas, what shall we do now? If Nongyu comes, I'm afraid he will be caught by them."

Mrs. Hu walked around anxiously after listening to Hu Meiren's words. These are some thieves. If Nong Yu comes over, they will definitely catch them.

Madam Hu is just afraid that those thieves will take advantage of her. I'm afraid they will all be killed by these thieves. Bullying.

Hu Meiren hurriedly grabbed her anxious sister and said calmly,

"Sister, don't worry. The city guards in Xinzheng City are searching house by house for those who assassinated the envoys of Qin and kidnapped the prince. They will not do anything to us now."

"If I haven't returned to the palace here, I believe the palace will definitely know that something happened to me, and the city guards and imperial guards will definitely come to rescue us."

"This is all I can do now. I just hope Nongyu won't come to see me today."

"Sister, I haven't met Nongyu yet. I want to meet my sister's daughter in the future, and I don't know if she will recognize me as her aunt?"

"How could Nongyu deny you? That child Nongyu is also very gentle and elegant, but her temper is still a bit stubborn. I asked her to leave Zilanxuan and come here to live with me, but she always disagreed. Alas, I really I don't want Nongyu to stay in that romantic place"

"Zilanxuan? Nongyu is actually in Zilanxuan?"

Hu Meiren stood up in surprise when she heard that Nongyu was at Zilanxuan. She didn't expect that Nongyu was at Zilanxuan. She had heard that Han Fei had been interacting with people in Zilanxuan.

Even going to the store During the ghost soldiers' robbery, people from Zilanxuan helped Han Fei. General Ji Wuye hated Zilanxuan deeply. If Zilanxuan was removed by Ji Wuye in the future, Nongyu would be in danger.

Mrs. Hu saw her sister looking a little panicked and asked in panic, "Yes, what's wrong? Is there anything wrong with Zilanxuan?"

Hu Meiren pulled Mrs. Hu and said anxiously,

"Sister, Nongyu cannot stay in Zilanxuan. She must leave after this incident. Zilanxuan is too dangerous."

"Sister, what is going on?"

"Sister, it's better that you don't know about this matter. You must take Nongyu out of Zilanxuan in the future, otherwise Nongyu will be worse than dead in the future."

"I understand, I will keep Nongyu when I see her again."

Boom! Boom! Boom. At this moment, a loud noise suddenly came from Mrs. Hu's house. Hu Mei and Mrs. Hu immediately walked to the window and looked at the front yard.

Chu Liuxiang and Hu Tiehua looked at the sudden intrusion. When they saw two people, they were a little worried that they were from the Mo family or the peasant family.

Chu Liuxiang and the others stopped the two people and asked,

"Who are you? Why did you break into our house?"

These two people are Wei Zhuang and Tianze who came from Zilanxuan. They were discovered by Chu Liuxiang and the others as soon as they entered Mrs. Hu's mansion. This made them know that these three people are a strong enemy.

Tianze looked at Chu Liuxiang and the three of them. He said with some disdain, "Three thieves actually regard other people's mansion as their own, you are really shameless."

Chu Liuxiang and the others were a little surprised when they heard Tianze's words. Chu Liuxiang didn't expect that their whereabouts would be discovered.

Chu Liuxiang and the others didn't know whether it was the Mo family or the farmer who discovered them, but if they started fighting in this mansion, I'm afraid The other people who captured them will also be attracted.

Chu Liuxiang looked at these two cold people and asked worriedly, "Are you from the Mo family or the peasant family? Didn't expect you discovered us?"

"A thief also wants to know who we are? You don't have that qualification yet."

As Wei Zhuang spoke, he took out his Shark Sword and attacked Chu Liuxiang. He didn't want to talk nonsense with the thieves this time. Han Fei was still imprisoned. He wanted to catch these thieves and let Su Chen rescue Han Fei as soon as possible.

When

Chu Liuxiang saw Wei Zhuang coming to attack, he hurriedly dodged with a light skill. At this time, Tianze also started fighting with Hu Tiehua and Ji Bingyan. For a moment, a loud fighting sound came from Mrs. Hu's house.

Chu Liuxiang and the others were a little anxious now. I didn't expect these two people to be so powerful. It might be difficult for them to escape from them now. If they can't repel them and leave here in a short time, I'm afraid they will be surrounded by other Mo families and farmers.

Hu Tiehua stands in front of Ji Bingyan He said hurriedly,

"Lao Ji, go and untie Rongrong and the others' acupuncture points. We can't drag Rongrong and the others down."

"Okay, hold on, I'll be right back"

"Lao Ji, don't let Rongrong and the others go. Let's fight them off as quickly as possible and then take Rongrong and the others away."

Chu Liuxiang hurriedly stopped after hearing what Hu Tiehua and Ji Bingyan said.

Chu Liuxiang didn't want Rongrong and the others to leave at this time, otherwise it would be impossible to take Rongrong and the others out of Xinzhen City in the future. Although these two people are powerful, the three of them are not impossible. Fight them off. As long as you fight them off first, Chu Liuxiang will immediately take Su Rongrong and the others away from here.

"Are you crazy? This matter has nothing to do with Su Rongrong and the others. Why do you have to keep Rongrong and the others? Lao Ji, why don't you go quickly?"

"Wait until I come back,"

Ji Bingyan glanced at Chu Liuxiang and said to Hu Tiehua.

Ji Bingyan also felt that Chu Liuxiang had gone too far this time. It might be difficult for them to escape when they were discovered. However, Chu Liuxiang did not let Su Rongrong and the others leave at this time. This made Ji Bingyan Not happy either

"Sister, we may be saved. These people are here to arrest the three thieves."

"Well, I hope these thieves can be caught, huh? Get jade? Why is Nongyu here? Why did she come with so many black-armored troops?"

Chapter 214

Mrs. Hu didn't expect Nongyu to come at this time, but what happened to the black-armored troops around her? Those troops seemed to be protecting Nongyu, which made Mrs. Hu a little confused.

Hu Meiren also saw the troops coming in, and the beautiful woman in the middle turned out to be her sister's daughter, but wasn't her sister's daughter in Zilanxuan? Why are you bringing a black-armored army now?

"Sister, didn't you say that Nongyu is in Zilanxuan? But why did she bring hundreds of troops here? Moreover, these black-armored troops are not our Han State's army. Why do these black-armored troops look like the Qin State's army?"

Mrs. Hu saw Nong Yu talking to a general and she said confusedly,

"I don't know either, but Nongyu is indeed in Zilanxuan. I can't be mistaken about this."

"Let's take a look first. It seems that Nong Yu is with the two people who came in just now."

Mrs. Hu nodded after hearing this. She didn't understand what happened to Nongyu. Mrs. Hu could only wait for Nongyu and the others to catch the thieves before questioning her.

At this time, Nongyu took the five Hundreds of netherworld cavalry appeared in her mother's house. Zinu led six hundred netherworld cavalry outside Madam Hu's house to surround her mansion. Zinu also needed to prevent the arrival of the city guards from Xinzheng in the Han Kingdom.

Originally, they were supposed to be with Wei Zhuang. They arrived together, but they had to wait for the thousand nether cavalry that Su Chen had prepared for them with a hundred netherworld guards, so their arrival was a little late. When

Nongyu came in, she saw Wei Zhuang and the others fighting with the thieves. She He hurriedly said to the captain of the Netherworld Iron Cavalry,

"Captain Wang Qianfu, you can take action now. Those thieves, you cooperate with Wei Zhuang and Tianze to take them down, life or death."

"I know, Miss Nongyu, you'd better go to Madam Zinu's place, it's a bit dangerous here"

"No, I'm not a delicate woman. I know some martial arts. You don't need to pay attention to me."

"Well, you have to be careful,"

Commander Wang Qianfu saw that Nongyu refused to leave, so he did not force him. He looked at the people fighting and immediately ordered,

"The military crossbow is ready, target the people in white clothes and blue clothes, shoot them freely"

"Yes, Captain."

Swish, swish, swish.

The Nether Iron Cavalry set up their battle formation and shot Chu Liuxiang and Hu Tiehua freely. Chu Liuxiang and the others could have persisted for a while. They had to wait for Ji Bingyan to come over and maybe they could repel these two people.

But Chu Liuxiang hadn't waited yet. When Ji Bingyan arrived, he saw some troops coming from outside. When these troops arrived, they started to attack them, which made Chu Liuxiang and Hu Tiehua look ugly. Chu Liuxiang and Hu Tiehua were fighting Wei Zhuang and Tianze while avoiding the army's shooting. Killing, this made it difficult for them to deal with Wei Zhuang and the others.

Wei Zhuang and Tianze also saw the arrival of the army. Wei Zhuang looked a little strange at these troops. He just knew that Lord Wu Xiang had a Xiaoguo army from the Sui Dynasty. These The black-armored army should be the Netherworld Cavalry that Han Fei mentioned.

Tianze was a little nervous when he saw the arrival of the army at first, but when he saw the Nongyu, Tianze knew that this was Lord Wu Xiang coming to support their army..

Tianze did not expect that Lord Wu Xiang actually had an army in Xinzheng City of Han Kingdom. Did Han Kingdom allow Lord Wu Xiang's army to enter Xinzheng City?

Swish swish swish Hu Tiehua looked at her arm being shot through by a crossbow arrow, He hurriedly said to Chu Liuxiang,

"Lao Chu, I was hit by an arrow. This is not an ordinary military crossbow, but a Qi-breaking military crossbow. We can't stop it. Get out of here quickly, otherwise we will all be shot by these troops."

Chu Liuxiang used his Qinggong to constantly dodge Wei Zhuang's attacks. His current Qi was extremely consumed.

Chu Liuxiang looked at the surrounding troops and kept shooting them with Qi-breaking crossbows. He knew that there were these Qi-breaking crossbows. Now, I'm afraid it will be difficult for him to leave here.

"No, hold on, Ji Bingyan will come soon, and we will fight out together."

Weizhuang heard Chu Liuxiang and the others talking and said disdainfully,"You still want to get out alive? Ask me if my sword agrees."

Weizhuang kept attacking Chu Liuxiang with the toothed shark sword. Chu Liuxiang now not only has to face Wei Zhuang's attacks, but also has to be careful of the army's crossbows. He has also been injured by Wei Zhuang's sword several times. Although the injury was not serious, Chu Liuxiang knew that he could not hold on for much longer.

When Ji Bingyan unlocked Su Rongrong's acupuncture points, he was directly attacked by the Qi-breaking crossbow of the Netherworld Iron Cavalry as soon as he arrived. After the intensive crossbow attack Ji Bingyan couldn't help Chu Liuxiang and Hu Tiehua.

At this time, more and more crossbow arrows were hit on Hu Tiehua's body by the Qi-Breaking Army Crossbow. Hu Tiehua was finally hit by Tianze's bone chain and fell to the ground.

Ji Bingyan saw Hu Tiehua After being knocked down, he shouted worriedly, "Lao Hu, are you okay?"

Hu Tiehua vomited blood and staggered to his feet. Before he could answer Ji Bingyan, he was hit by several more arrows from the Qi-Broken Crossbow. This time, he didn't stand up. The Netherworld Iron Guard went straight over and caught more than a dozen people seriously injured. Hu Tiehua.

Tianze looked at the captured Hu Tiehua and started to kill Ji Bingyan. This time he was the first to kill one. Although he had the help of the Nether Iron Cavalry, he was faster than Wei Zhuang. Bump bump bump bump

Tianze The snake skull chain went straight towards Ji Bingyan. Ji Bingyan also knocked off the bone chain that Tianze was trying to kill him with. When he looked at the captured Hu Tiehua, his face turned ugly.

Ji Bingyan didn't know if Hu Tiehua was dead now. He saw five or six crossbow arrows stuck in Hu Tiehua's body, which made Ji Bingyan very worried.

Han Kingdom, Royal

Palace. Su Chen arranged everything and teleported directly to the palace. Su Chen observed the palace and headed towards a gorgeous palace. Teleported over.

As soon as Su Chen appeared in a gorgeous room in the palace, he found a fat man holding a quilt on the bed and doing some disgusting things. Outside the room, a woman in a purple dress was mixing some incense.

When Su Chen saw this woman with a hot figure and revealing clothes, she knew she was Mrs. Pearl. Su Chen thought that the fat man in the room must be King Han. This

King Han is really pitiful, having such a charming wife. He couldn't enjoy it.

Su Chen thought about King Han's look and realized that Mrs. Mingzhu might still be in perfect condition. He knew that Mrs. Mingzhu would make some incense. King Han should have been confused by Mrs. Mingzhu's incense. Su

Chen Chen Chen stared at the hot-looking Madam Mingzhu for a while, then teleported directly behind her. Su Chen hugged Madam Mingzhu's waist before Madam Mingzhu noticed him.

Madam Mingzhu suddenly felt like she was being hugged. Stopping, she hurriedly attacked behind. Madam Mingzhu took out her hairpin and stabbed Su Chen behind her. But before she could stab Su Chen, Madam Mingzhu found that the assassin behind her had disappeared. Just before

Mingzhu When Madam was vigilantly looking for the assassin, Su Chen appeared behind Madam Mingzhu and hugged her.

Madam Mingzhu hurriedly killed the person behind her, but she still didn't see the assassin, and the assassin disappeared again. , which made Mrs. Mingzhu a little angry.

Su Chen did this several times in a row. Su Chen just wanted to tease Mrs. Mingzhu. He knew that the tide banshee was not so easy to recover. The only way was to make the tide banshee Mrs. Mingzhu fear him in the future. It should be much easier to regain her

"Trendy banshee, please don't attack me again, or I will tear your clothes to pieces."

"Who are you? This is the palace of King Han, and I am Mrs. King Han. If you don't want to die, please leave as soon as possible."

Chapter 215

This time, Su Chen hugged Mrs. Mingzhu without letting go of her. When Su Chen saw that Mrs. Mingzhu was holding a hairpin and was about to stab him, he hurriedly grabbed Mrs. Mingzhu's hand.

Su Chen looked at Mrs. Mingzhu who could do nothing to him now and smiled. The look on Mrs. Mingzhu's face was red, so Su Chen knew that she was still a baby, and Su Chen's guess just now was still correct.

This trendy succubus really has some skills. For so many years, no one has noticed that she is still a perfect woman. Isn't it true that some people can tell whether a woman is a chick at a glance? How did Madam Mingzhu hide it? She couldn't have broken it herself.

When Mrs. Mingzhu looked at Su Chen behind her, her face turned red and she wanted to bite this bastard to death. This bastard not only hugged her, but also almost broke her own hand. This bastard didn't care about her at all.

And how does this bastard know that she is a trendy succubus? Who is he? Mrs. Mingzhu is a little confused now about what she is going to do in Hanwang Palace this time.

Su Chen let go of Madam Mingzhu, the Chao Banshee, and said threateningly,

"Haha, Mrs. Han Guo? It seems that King Han is sleeping soundly with his arms in his arms. He seems to have been confused by your fragrance. Chao Banshee, if this matter is known to others, do you think King Han will admit that you are? Mrs. Han Wang?"

"Do you think anyone will believe what you say? You bastard, die."

The Chao Banshee said as she took out some incense and tried to expose it to Su Chen. This time, the Chao Banshee Pearl attacked Su Chen unexpectedly. She believed that this bastard would not be able to avoid it.

Su Chen had already to be on guard against this vicious Chao Banshee, Su Chen hit her back with her sleeve when the Chao Banshee was about to show off her fragrance. Su Chen felt a little agitated when she saw that the Chao Banshee had her own fragrance all over her face. Happy.

Seeing the frightened tide banshee, Su Chen gloated and said, "What kind of incense is this?" Could it be that you control King Han's fragrance?"

Mrs. Mingzhu did not expect that her body would be covered with the incense she made. This is a very domineering incense. This time she is going to be finished. There is no antidote for it.

Mrs. Mingzhu's face was originally expressionless. It was red, even redder now. Madam Mingzhu thought that she might lose her virginity to this bastard soon, so Madam Mingzhu took her hairpin and thrust it into her chest. She would protect her innocence even to death.

"Ah, bastard, damn bastard, you're going to kill me, and I won't let you go even if I'm a ghost."

Su

Chen didn't expect that the Chao Banshee was going to commit suicide, so he immediately knocked off her hairpin. Su Chen understood when he saw that the Chao Banshee was getting worse and worse, but he didn't have an antidote. This Chao Banshee Doesn't the banshee also have an antidote?

"Is there no antidote to your obsessive incense?"

"have.....There's a fart, hurry up.....and....I....Come"

"What? I'm here, what are you trying to do with me? Where are you going?"

Ms. Mingzhu hurriedly grabbed Su Chen beside her and walked to a room next to her. After walking to that room, Chao Banshee pressed her hand, and a secret room appeared in front of Su Chen. Su Chen looked at the secret room. He was a little speechless. Why was this just a gorgeous room? Before Su Chen had finished observing the secret room, he was knocked down by the trendy banshee.

"Damn it, trendy banshee, what are you going to do? I, Fake, what the hell are you going to do? Damn it, it's over now."

Outside Madam Hu's Mansion,

Zi Nu wore a veil and led the Netherworld Cavalry on guard outside Madam Hu's Mansion. The sound of fighting inside became louder and louder.

Zi Nu knew that the city guards would come to check here soon, but she had Su Chen gave her the Black Dragon Token, and I believe that these Han Kingdom troops would not dare to go in and check it out.

Zinu looked at the Black Dragon Token in her hand and felt a little sad. A token from the Qin Kingdom can scare the Han Kingdom. Is it true that the Han Kingdom Is there really no way to save it?

Dong-dong-dong-dong-dong. At this moment, a burst of footsteps came, and Zi Nu knew that the city guards were coming.

A general rode a horse and faced thousands of city guards. Jun said loudly, "Hurry, hurry up, there must be those assassins in front of you. If you catch the assassin who assassinated the Qin envoy, the general will be heavily rewarded.""

Whoosh! Whoosh! Whoosh!"

"who? Dare to shoot at the city guards.....Qin.....military....Xinzheng....how.....Maybe there is a Qin army?"

As soon as the general appeared in front of Mrs. Hu's mansion, he found that three arrows were shot in front of him. This shocked him. However, when he found that there were hundreds of black armored cavalry in front of the mansion in front of him, he was shocked. The city guard general was so frightened that he fell off his horse.

Thousands of Hanguo city guards looked at the black armored cavalry in front of them with horrified expressions. None of them, the city guards, expected that someone would appear in Xinzheng City. The Qin Army and the Han Kingdom City Guards couldn't help but think that it was the Qin Kingdom that was attacking?

Zi Nu saw that thousands of Han Kingdom troops were afraid of only 600 black armored cavalry, which made Zi Nu completely disappointed with the Han Kingdom. , Zinu could see from the performance of these Han Kingdom troops that Han Kingdom was really hopeless.

The general of the city guard army pointed by Zinu said expressionlessly,

"come here."

As soon as the city guard general got up from the ground, he saw a veiled woman pointing at him and letting him pass. He immediately said with some fear,

"I? this.....This lady, I....I'm just a little.....Little City Guard General, why don't you wait until I notify the General to come over?"

Zi Nu was speechless looking at this timid and fearful General of the City Guard. She just wanted to explain to this general the purpose of coming here, but this bastard was so scared. This made Zi Nu look at this General of the City Guard. Somewhat helpless,

"come over"

"yes! yes! I am coming over now."

Zi Nu saw the city guard general coming and threw the black dragon token to him. The city guard general took the token and looked at it and almost threw it away in fright.

He didn't expect that he would see Qin's black dragon. Order, this is the highest token of the Qin State, and it is the token that can order the army to launch a war.

The city guards looked at this veiled woman and wanted to know who she was? How could she have the Black Dragon Token of the Qin State?

"husband.....Madam, no.....Don't know Mrs.....Madam went to Xinzheng in the cold country....What's the point?"

Zi Nu looked at the frightened city guard general and ordered him,

"My men are arresting some important criminals in this mansion. You city guards are on guard outside. Don't let those important criminals escape from this mansion. If these important criminals escape from here, you should know the consequences."

The general of the city guard army was relieved when he heard that the lady was just here to capture some important criminals. As long as the Qin State did not send troops to the cold country, he did not care how there was a Qin army here.

He knew the legend of the Black Dragon Order, and the city guard army The general did not want to provoke this lady.

The city guard general immediately raised his chest and said in assurance, "Madam, don't worry, we will not let the important criminals in the mansion escape."

"Well, now go and arrange defense. No one is allowed in or out."

"Yes, ma'am"

Chapter 216

In Mrs. Hu's Mansion

With Hu Tiehua being caught, Chu Liuxiang was beaten by Wei Zhuang without any backhand. Chu Liuxiang's Qing Gong was of no use at all now, as long as he used Qing Gong to distance himself from Wei Zhuang.

Chu Liuxiang would be shot by the Qi-breaking crossbow of the Netherworld Cavalry. The dense crossbow arrows made it impossible for Chu Liuxiang to dodge. After being hit by a few arrows, Chu Liuxiang did not dare to distance himself from Wei Zhuang.

Wei Zhuang shook his head when he looked at this big thief. After testing this big thief for such a long time, Wei Zhuang found that this big thief was very good at Qinggong, but unsatisfactory in other aspects. Wei Zhuang was too lazy to test this avenue again.

"Across all directions."

Wei Zhuang looked at Chu Liuxiang and immediately used his most powerful move. In an instant, countless sword energies attacked Chu Liuxiang from all directions.

When

Chu Liuxiang saw Wei Zhuang suddenly attacking him, he hurriedly It was just too late for him to escape from the attack range.

The most powerful move of Guigu Hengjian was not something Chu Liuxiang could handle. Chu Liuxiang was stabbed by the Wei Zhuang Shark Sword, and fell to the ground unconscious with blood dripping from his body.

Wei Zhuang put away the Shark Sword and said to the Netherworld Cavalry who were on guard around him,

"He is still alive, take him down"

""Yes, sir."

A few Netherworld Cavalry went directly over and caught Chu Liuxiang. They treated Chu Liuxiang's wound first, which saved Chu Liuxiang from bleeding to death.

Ji Bingyan saw that Chu Liuxiang was also caught, and he knew that he too He couldn't hold on for long. He had already injured his shoulder by this cold guy, and he didn't want to fight anymore.

Ji Bingyan wanted to know why these people wanted to arrest them? He also found that these people were not from the Mo family or the farm family at all. It's not for Suihou Zhu.

Otherwise, they would definitely ask about Suihou Zhu's whereabouts, but these people wanted to arrest them without asking anything. This made Ji Bingyan confused.

"Ahem, I surrender, no need to fight anymore. Tianze looked at the man he was about to defeat and said disdainfully,

"Useless trash, come on, arrest him."

""Yes, sir."

Wei Zhuang and Tian Ze have now completed their mission. They looked at each other and walked out. As for Chu Liuxiang and the others, this is Zi Nu's business. Wei Zhuang and the others will wait for Han Fei to be released within three days. , Tianze's antidote was obtained, and they believed that Wu Xiangjun would not deceive them.

When Nongyu saw that these thieves had been caught, she said to Captain Wang Qian,

"Captain Wang Qianfu, please take these people out and let Zi Nu arrange it. I'll go see my mother."

"Miss Nongyu, then I will leave two hundred Nether Iron Cavalry to protect you, and I will go on business with Madam."

"Thank you."

Nongyu thanked Captain Wang Qianfu and walked towards her mother's room. Just now she found her mother and a woman observing here. Nongyu also wanted to know who the woman with her mother was?

Su Rongrong and the others were there. Seeing Chu Liuxiang and the others being taken away in a room, they stood silently in the room without making a sound.

When Song Tianer saw that Chu Liuxiang and the others were taken away, she said anxiously, "Sister Rongrong, Brother Chu and the others, we really don't want to Save?"

Su Rongrong is very disappointed now. She didn't expect that Su Chen's troops would ignore Chu Liuxiang and the others after they captured them. This made Su Rongrong confused.

Su Rongrong looked at the Suihou beads in the room and wanted to smash them. They were all This is the national treasure of the Chu State. If it weren't for the Suihou Pearl, things would not have developed like this.

Su Rongrong looked at Song Tian'er expressionlessly and asked,

"Tian'er, do you want us to save you like this? This time Wu Xiangjun wanted to retaliate against us for going back on our word, but why didn't they come to arrest us? Is it disdain? Or have you never believed in us at all?"

Li Hongxiu sat on a chair and drank a cup of tea and said,

"He must be dismissive of us. From the time we asked Mr. Wu Xiang to save Chu Liuxiang, I could tell that he looked down upon Chu Liuxiang and even felt a little disgusted."

"Now that this incident has happened again, I am afraid that Chu Liuxiang and the others will be in trouble this time. Even if Wu Xiangjun does not kill them, I am afraid that Chu Liuxiang and the others will be handed over to the Chu State."

Li Hongxiu no longer calls Chu Liuxiang Brother Chu. Through this incident, Li Hongxiu also knows why Chu Liuxiang doesn't let them leave. Chu

Liuxiang regards them as his forbidden wives, although Chu Liuxiang has not done anything to them. But Chu Liuxiang definitely needs them to continue to work for him.

Sister Rongrong's medical skills and disguise skills, his own knowledge of the world and familiarity with some martial arts, Tian'er's cooking skills and meticulous care of Chu Liuxiang, these are all Chu Liuxiang's skills in the world. Both are indispensable.

Through this incident, Li Hongxiu finally saw Chu Liuxiang clearly. Just as Wu Xiangjun said, Chu Liuxiang could steal treasures unscrupulously in the Ming Dynasty. That was because his master gave him support. Now in other countries. , I believe Chu Liuxiang also knows why he was not hunted down by the Ming court before.

Su Rongrong heard that Li Hongxiu called Chu Liuxiang this way, and she knew that Li Hongxiu, like herself, guessed why Chu Liuxiang didn't let them go.

"Hongxiu, you?"

Li Hongxiu looked at Su Rongrong and Song Tian'er and smiled and said,

"Haha, after this incident, I will no longer follow Chu Liuxiang. You can decide for yourself. I will take the first step."

When Su Rongrong saw that Li Hongxiu was leaving, she was very worried about Li Hongxiu's safety. Su Rongrong hurriedly grabbed Li Hongxiu and asked,

"Hongxiu, wait, where are you going?"

""Purple Lanxuan"

Li Hongxiu said three words to Su Rongrong and left.

Li Hongxiu knew that Su Rongrong would definitely think the same as him, and Su Rongrong would also go to Zilanxuan like him.

"Zilanxuan? Sister Hongxiu, are you going to throw yourself into a trap?"

Song Tian'er was a little surprised by what Li Hongxiu said. Now she heard that Li Hongxiu was going to Zilanxuan to see Wu Xiangjun. This made Song Tian'er confused. Going to see Wu Xiangjun now can save Chu Liuxiang. Them?

Su Rongrong watched Li Hongxiu leave and smiled and said,

"No, this is Hongxiu going to fulfill her promise. Tian'er, I'm going too. Please take care of yourself in the future."

Song Tian'er looked at Su Rongrong in surprise. She didn't understand why Li Hongxiu and Su Rongrong were going to Zilanxuan. Now that Wu Xiangjun had arrested Chu Liuxiang and the others, it was already too late even if they went to Zilanxuan.

"Sister Rongrong, why? Why do you want to go to Zilanxuan to find Mr. Wu Xiang? He just captured Brother Chu and the others."

Su Rongrong touched Song Tian'er's hair and said,

"Tian'er, haven't you thought it through yet? Then you stay here and think about why Chu Liuxiang must take us away? Even if they are not willing to let us stay for only three years, if you think about it, you will understand why Hongxiu and I have to fulfill our promise."

"Mother, nothing happened to you? Who is this?"

"Nongyu, I'm fine. She is your mother's sister and your aunt. She is also Hu Meiren of King Han of the Han Kingdom."

Chapter 217

When Nongyu came to Mrs. Hu's room, she hurriedly grabbed Mrs. Hu and looked concerned to see if anything happened to Mrs. Hu.

Nongyu was a little surprised when he learned that the beautiful and sexy woman next to him was his aunt, and that his aunt was the wife of King Han of the Han Kingdom.

Nong Yu is now a little worried about this aunt she met for the first time. She heard Su Chen talk about the seven countries in the Eastern Continent this morning, and she also believed what Su Chen said.

The Han Kingdom is going to perish in the next few years, what will her aunt do in the future? Nongyu is now very worried about her aunt's future.

Hu Meiren saw that Nongyu was very happy when she saw her at first, but after a while, Nongyu looked a little sad, which made Hu Meiren confused.

"Nongyu, why are you not happy to see your aunt? Why do you look so sad? Mrs.

Hu also noticed the sad look on her daughter's face and asked with concern, "Yes, Nongyu, has something happened to you?" Nong Yu shook her head and said worriedly, "Mom, I'm fine, but my aunt will have something happen to her in the future."

Hu Meiren looked at Nong Yu with amusement. If something happened to a dignified lady of the Han Kingdom like herself in the Han Kingdom, Nong Yu must be worried in vain.

"Haha, Nongyu, I am Mrs. Hanwang. How could something happen to me in the Han Kingdom? Are you thinking too much?"

When Nong Yu saw that Hu Meiren didn't believe her, she reminded her,

"Auntie, I know you are Mrs. Han Guo, but if Han Guo is destroyed in the future, do you think anything will happen to you?"

Hu Meiren was a little frightened by Nongyu. What if the Han Kingdom is destroyed? The fate of her, Mrs. Hanwang, must be very miserable.

Hu Meiren thought of the black-armored cavalry beside Nongyu just now. Those armies are very similar to the Qin army. , she was now a little worried that what Nong Yu said was true.

Hu Meiren hurriedly grabbed Nong Yu's hand and asked anxiously,

"What? The cold country will be destroyed? Nongyu, why do you say that? Do you know anything? Is Qin about to call? By the way, is the black-armored army outside just now the army of Qin?"

When Nong Yu saw that Hu Meiren was frightened, she immediately said calmly,

"Auntie, the Han Kingdom will not be destroyed now, but it will be different in a few years. King Qin Yingzheng will be crowned and pro-government this year. As long as the King of Qin succeeds in crowning himself as pro-government this year, Qin will use troops to attack the Han State in a few years. , Han State can't stop Qin State's army, so I said that something will happen to my aunt in the future."

"Nongyu, Lu Buwei is in charge of the Qin State now. He can't let the King of Qin take away his power, right?"

"Haha, aunt, this time the Qin State will be crowned and pro-government will definitely succeed. Lu Buwei will also completely collapse after the King of Qin is crowned and pro-government. The power of the Qin State will also fall into the hands of the King of Qin."

"Nongyu, are you so sure that King Qin will succeed?"

"Sure, very sure"

"Hiss, was the army just now the army of Qin?"

"No, the army just now was the army of the husband of Zilanxuan Zi's sister."

Hu Meiren didn't expect that the army just now belonged to Zilanxuan, which surprised her very much.

She had heard of Zilanxuan's proprietress. Just now, Hu Meiren wanted to persuade her sister to let Nongyu leave Zilanxuan. Now It seems that Zilanxuan is very powerful.

When Hu Meiren thought of the Zinu's husband that Nongyu mentioned, she couldn't help but ask,

"I know the purple girl from Zilanxuan. Who is her husband? Why does he have an army? The army even appeared in Xinzheng, a cold country."

Nongyu shook her head and did not dare to tell Hu Meiren too much information. Nongyu was also worried that Hu Meiren would spill the beans in other places, which might bring trouble to Su Chen.

"Auntie, I can't tell you too much. You just need to know that Sister Zinu's husband has an army of hundreds of thousands, and it is even more powerful than Qin's army."

"I can't tell you much else without Sister Zi's permission. Oh, by the way, King Qin also borrowed some troops from Sister Zi's husband. I don't know the specific number."

Hu Meiren rubbed her head and said doubtfully,

"Nong Yu, what you said is so amazing, I can't believe it now."

Nong Yu saw Hu Meiren rubbing her head like a little girl and said with a smile,

"Haha, aunt, I didn't believe it when I heard it for the first time, but it's all true. Ninth Young Master Han Fei also knew that he was the Great Sui Empire in the Southern Continent that he went to with Sister Zinu."

Hu Meiren now believes what Nong Yu said, but the news is too shocking. The Han Kingdom will be destroyed in a few years, so should she escape from the Han Kingdom as soon as possible?

Otherwise, after the Han Kingdom is destroyed, won't she be awarded meritorious services by the Qin Kingdom? The minister will be treated as a dancer and bullied everywhere.

Mrs. Hu is a little confused now. She can't understand what her daughter and her sister said at all. She was just a little surprised when she heard that the Han Kingdom was going to perish..

She doesn't understand the other things, and she doesn't want to understand. Madam Hu is now a little worried about her sister Hu Meiren. If the Han Kingdom is destroyed, her sister Hu Meiren will definitely live a life worse than death.

Madam Hu held Nong Yu's hand in sorrow He said, "Nong Yu, can your purple sister ask her to save your aunt?"

"Mother, don't worry, I will definitely ask Sister Zinu and Su Chen to save my aunt when the time comes."

"That's good, that's good. I don't want to lose any of you again."

When Hu Meiren heard what Nong Yu just said, she thought thoughtfully of the Su Chen that Nong Yu just mentioned. Hu Meiren seemed to have heard this name somewhere, but she didn't remember it for a while. Outside

Mrs. Hu's residence ,

When Wei Zhuang and Tianze came out of Mrs. Hu's house, they saw that this place was protected by layers of troops. Both the black armored cavalry and Cheng Wei Zhuang were wary of the Jianghu people who came here. This made Wei

Zhuang and Tianze a little speechless. They used to But they have been avoiding the city guards, and now the city guards have become their subordinates. This is really ironic.

The general of the city guards jogged all the way to Zi Nu, saluted and said,

"Madam, the people from the Mo family and the farm family don't want to leave, and even some people watching the excitement are unwilling to leave here. I don't know what to do now?"

Zi Nu looked at the two thieves who were seriously injured by Wei Zhuang and Tianze and the one who surrendered with an injured arm and ordered,

"Captain Wang Qian, you bring a thousand Netherworld cavalry and the city guards to drive away those Jianghu people. The prisoners will be handed over to the custody of a hundred Netherworld guards. If those Jianghu people don't leave, they will be killed without mercy."

"yes ma'am"

"Um, yes, yes, ma'am."

Chapter 218

Not far from Mrs. Hu's residence, people from the Mo family and the farmer's family gathered here. They were also attracted by the sound of fighting in Mrs. Hu's residence. When they arrived, they did not expect that the place was blocked by the city guards.

The Mo family and the farmer family can only wait outside to see what is going on inside? Are the people who stole the Suihou Pearl, a national treasure of Chu State, also in there?

Tian Meng, the leader of Lieshan, looked at Jing Ke next to him and asked him,

"Jing Ke, don't you, the Mo family, plan to go in and take a look?"

Jing Ke looked around when he heard Tian Meng's words. There were many more people from the farmers here than from the Mo family. Jing Ke didn't understand why the Six Fingered Black Man didn't send more people over. Is there anything else important in the government city? Is it something?

Jing Ke smiled and said to Tian Meng,

"Tian Meng, you farmers can go in and take a look first. After all, don't you farmers have power in Han Country? Didn't that Situ Wanli know many people in Han Country? They should also know the city guards here. Can they ask them what happened inside?"

When Tian Meng saw that Jing Ke didn't impulsively check the situation in that mansion, he knew that the Mo family didn't dare to conflict with the city guards here. This time, their farmers must catch those who stole the treasure.

Four masters from the three halls are dispatched. If they can't catch the treasure thieves, I'm afraid their farm family will be laughed at by various sects in the Eastern Continent.

"Haha, we will be there soon. If we find those who stole the treasure first this time, you Mo family had better not rob it with our farmers."

Jing Ke shook his head and ignored Tian Meng. This time, three farmers came and four masters appeared in Xinzheng.

As for the Mo family, only he and Master Ban came, and the rest were just some minions. If Those treasure thieves appeared, and Jing Ke felt that the Mo family would definitely not be able to steal the property from the farmer. He hoped that the giant would bring people over as soon as possible. At this time, a woman wearing a T-shirt beside Jing Ke suddenly saw the city guards approaching them menacingly..

She hurriedly reminded Jing Ke, who was thinking about something,

"Senior brother, look, the city guards are coming towards us?"

Jing Ke suddenly found that the Hanguo City Guards had surrounded their Mo family and farmhouse, and even thousands of black armored cavalry appeared outside the house. Jing Ke stood up in surprise when he saw those black armored cavalry. He looked at these black armored cavalry. The armored cavalry is like the army of Qin.

Jing Ke hurriedly asked Master Ban,

"How could the Qin army appear in Xinzheng, a cold country? Master Ben, what is going on?"

Master Ban looked at the black armored cavalry and said doubtfully,

"Could these Qin troops be related to the assassination of the Qin envoy yesterday? After all, the Qin envoy was assassinated yesterday. Are these Qin troops trying to capture the assassins who assassinated the Qin envoy?"

"But this is not right. How could Han State allow thousands of Qin State cavalry to appear in Xinzheng? We have never received any news about the appearance of these Qin troops in Xinzheng. How did these Qin troops appear in Xinzheng in the cold country?"

Jing Ke was speechless when he saw Master Ban also looking confused.

"Wait and see, the city guards and Qin army are coming."

Jing Ke found that the farmers were also talking a lot, and he knew that the farmers didn't know about these Qin troops in Xinzheng City.

Jing Ke was now a little interested in these Qin troops who suddenly appeared in Xinzheng City. These Qin troops would definitely not be there for no reason. Appearing in Xinzheng City, is the Qin State going to launch a war against the Han State?

At this time, the farmers and other people in the Mo family were also very nervously watching the arrival of the army. They didn't know whether these armies would take action against them, but when The Mo family and the peasant family should still be on guard.

The general of the city guard army came to the front of the army and said loudly,

"People from the Nongjia and Mojia families, listen, leave here immediately or our city guards will expel you from Xinzheng City."

Master Ban bowed his hands to the city guard general and said with a smile,

"General, we received an order from Chu State to come to Han State to capture some big thieves, and the envoys from Chu State also reported this matter to Han State and your king. King Han also allowed us to capture those big thieves in Xinzheng City."

The General of the City Guards is backed by that mysterious lady. He doesn't care about the martial arts here. If these people don't cooperate, he will show off in front of the mysterious lady.

"If you want to catch the big thief, go and catch your big thief. There are no big robbers here that we are looking for. Leave here now, otherwise don't blame us for being rude."

The farmer's Tian Hu looked at the threat from the city guards and said angrily,

"What if we don't leave?"

"Tian Hu, shut up."

Tian Meng didn't expect that his hot-tempered brother still couldn't hold back his words, which made Tian Meng a little helpless.

Before he came, he had told Tian Hu to calm down his emotions and not get angry casually, but this bastard just remembered Can't help it, if Tian Hu hadn't been his biological brother, Tian Meng wouldn't have brought this bastard here.

When Tian Hu heard Tian Meng yelling at him, he shrank his neck in fright and said hurriedly,

"Yes, big brother." Captain

Wang Qianfu of the Nether Iron Cavalry rode up to the front and looked at the surrounding farmers and the Mo family. He raised his hands. These Jianghu people will not leave unless they show their color. Captain Wang Qianfu I don't want Madam Zi Nu to wait for a long time.

Da da da da

After Captain Wang Qianfu raised his hand, a thousand netherworld cavalry appeared in front of the farmers and the Mo family from behind the city guards on their war horses.

"Listen to all you people in the world, leave here now, otherwise.....Kill without mercy"

"kill"

"kill"

""Kill" the Nether Iron Cavalry raised their spears and shouted loudly to threaten the farmers and the Mo family. They were full of murderous intent and waited for the commander's order. The city guards of Han Kingdom saw the overwhelming momentum of these thousand black armored cavalry, and they were also attracted by these black armored cavalry. The killing momentum of the armored cavalry made them take a few steps back in fear. If they were not allies now, I am afraid that the city guards and other troops would have fled here long ago. When the people of the Mo family and the peasant family saw the Qin army preparing to attack, they all He couldn't help but look at their respective leaders.

Jing Ke found that there were hundreds of Qin troops behind these Qin troops guarding some people, so he said kindly to these Qin troops,

"General, we just want to see who you captured? We, the Mohists, have no intention of offending you, Great Qin."

The captain of the Netherworld Cavalry was a little angry when he saw that these people wanted to check on the people they had captured. Madam Zinu was behind, and these people actually wanted to check. How could they, the Netherworld Cavalry, agree? Since these Jianghu people I don't understand, they Netherworld Cavalry don't mind slaughtering these people.

"Seeking death, the Qi-Breaking Army Crossbow was ready," swish, swish, swish, swish, swish, ah, ah, ah, ah, ah, ah

, ah, ah, Netherworld Iron Cavalry's Qi-Breaking Crossbow began to shoot at the disciples of the Mo Family and the Farmer Family in front of them, and they were unprepared for a moment. The disciples of the Mo family and the Nong family suffered heavy casualties.

When Tian Meng saw that the Qin army shot down the Nong family and the Mo family indiscriminately, he angrily drew out his weapon and said loudly,

"Damn it, kill these Qin troops"

"Kill these brutal Qin troops"

"Go ahead, take revenge for our disciples"

"The peasant disciples set up a formation for me to kill those Qin troops."

Jing Ke also drew his sword with an ugly expression and said loudly,

"Go ahead and avenge us Mohist disciples."

The rest of the Mo family also rushed towards the Netherworld Cavalry. They were also very angry at the Qin army's brutality. Some of these dead people were their friends, and they also wanted to avenge their Mo family disciples.

"Wei Zhuang, do you think these thousand Nether Iron Cavalry can stop the attack of the remaining 500 farmers and Mohist disciples? Should we help these Netherworld Cavalry? I am very optimistic about these Netherworld Cavalry. I don't want them to suffer heavy losses here."

"No matter how many sheep there are, they are no match for the wolf. Besides, the Nether Cavalry are not wolves. These Nether Cavalry are real tigers."

"Tianze, you don't understand Mr. Wu Xiang. These Mohists and farmers will suffer heavy losses, or even be wiped out. I have never seen through Mr. Wu Xiang. His men are full of talents, and there are countless masters."

Chapter 219

Wei Zhuang and Tianze were watching the battle below from a rooftop. Although the Nether Iron Cavalry shot and killed many disciples of the Mo family and the Nong family, there were still five to six hundred disciples of the Mo family and the Nong family.

These are people from the martial arts world. They are all good players. The Netherworld Cavalry only has a thousand people. I am afraid the Netherworld Cavalry will not be so easy-going if they want to deal with these disciples of the Mo family and the peasant family.

Tianze is very optimistic about these Netherworld Cavalry. When dealing with Chu Liuxiang and the others, these Netherworld Cavalry helped him a lot, otherwise he would not have defeated one person so quickly.

Moreover, the military discipline of these Netherworld Cavalry is very strict. Although he is not their general, as an ally, his orders are strictly enforced by the Netherworld Cavalry. There is no reason why he does not obey his orders just because he is an outsider.

Wei Zhuang wanted to know how many masters were hidden here besides the Nether Iron Cavalry this time. He didn't believe that Su Chen would not send masters to protect Zi Nu. Is the powerful man who threatened him also hiding nearby?

When the captain of the Netherworld Iron Cavalry saw these people from the Mo family and the peasant family coming to kill him, he didn't pay much attention. Although these Jianghu people were powerful, they were helpless in front of the army.

It's just that those martial arts masters make it difficult for the Netherworld Iron Cavalry Commander. Now he also hopes that Madam Zinu can send some masters to stop the masters from the Mo family and the peasant family.

Swish, swish, swish, the Nether Iron Cavalry continued to shoot and kill the Jianghu people who were about to rush over with the Qi-breaking crossbow. The six-shot Qi-breaking crossbow continued to kill the disciples of the Mo family and the Nong family, so that the Mo family and the Nong family The disciples couldn't break through the Nether Iron Cavalry's defense line for a while.

"The Netherworld spears were ready, and they were thrown." Buzzing, buzzing

, buzzing,

" spear after spear shot through the air and was thrown at the disciples of the Mohist family and the peasant family. Those disciples of the Mohist family and the peasant family who thought that the crossbows of the Netherworld Iron Cavalry had run out of arrows and were going to engage in hand-to-hand combat were killed by more than one spear. , some spears even penetrated several people in a row and killed them.

Master Ban saw that the Mohist disciples suffered heavy losses and did not engage in close combat with the Qin army. This made Master Ban feel that their Mohist disciples would definitely be annihilated in such a battle.

Master Ban He hurriedly said to Jing Ke,

"Jing Ke, this can't go on like this. Let's get the Mohist disciples back as soon as possible. Otherwise, all of our hundreds of Mohist disciples will die."

Jing Ke pointed around helplessly and said,

"Mr. Ban, I'm afraid it won't be easy to get them to withdraw now. The Hanguo City guards around us are also going to take action against us. This time I was reckless. I didn't expect that I just wanted to see if those people were the ones who stole the treasure. People, these Qin troops will attack us."

Master Ban became a little anxious when he saw the Hanguo City Guards around him who were about to move. If these city guards also took action against them, I'm afraid all the ordinary disciples from the Mo Family and the Nong Family would die here.

"Alas, there must be an important figure in the Qin Army there. You may have offended that person unintentionally. Jing Ke wants us Mohist disciples to leave safely. Now we can only capture that important figure in the Qin Army. We can cooperate with Tian Meng and the others. , first capture the important figure in the Qin army"

"That's all I can do. I'm just looking for Tian Meng. I'll leave my junior sister to Ben Lao Ni to take care of her."

"Don't worry, nothing will happen to your junior sister if you use me. My mechanism, Suzaku, is not a vegetarian."

Zi Nu saw that fighting had begun on the street, and she knew that the Mo family and the peasant family would not leave so easily. But luckily that bastard Su Chen was prepared, otherwise the Netherworld Iron Cavalry would not be able to stop those masters with the masters of the Mo family and the peasant family. Come and catch these thieves

"Zhao Kong, are the secret guards ready?"

"Madam, the secret guards are all ready, and all the heavy-duty Qi-breaking crossbow equipment has been arranged."

"OK, wait for my order"

""Yes, ma'am." Zinu felt relieved after hearing the words of the secret guard Zhao Kong. She had never seen those heavy Qi-breaking military crossbows, but Su Chen said that as long as the master came within the range, the three heavy Qi-breaking military crossbows would It can kill a grand master.

The Mo family and the Nong family here only have one or two grand masters. The remaining innate peak masters of the Mo family and the Nong family will probably be shot directly by the heavy Qi-breaking military crossbow.

At this time, Li Hongxiu came from When Mrs. Hu came out of the house and was about to come to Zi Nu, she was stopped by the Nether Guard here.

"Stop and move forward, and we will release the arrow."

When Li Hongxiu saw these guards stopping her, she hurriedly said to them, "I am Li Hongxiu, and I want to see your Majesty."

Zi Nu saw Li Hongxiu coming out and said to the Nether Guard,

"let her come"

"Yes, madam."

When Li Hongxiu came to Zi Nu, Ji Bingyan, who was tied up and being guarded by the Nether Guard, said in surprise when she saw Li Hongxiu,

"Hongxiu, why are you here?"

Li Hongxiu saw that Ji Bingyan was injured and tied to one side, while Chu Liuxiang and Hu Tiehua were bleeding and unconscious on the ground. It was obvious that they had suffered more serious injuries. If they were not treated quickly, Chu Liuxiang and Hu Tiehua would have lost too much blood. And die.

Li Hongxiu looked at them and said helplessly to Ji Bingyan,

"Brother Ji, if I don't come, I'm afraid you will all be executed. Now I don't know if I can convince him to let you go?"

Ji Bingyan now also knows that the people who captured them are the ones Su Rongrong asked to rescue them. It's just that Chu Liuxiang insisted on not letting Su Rongrong and the others leave. Originally, the masters of these armies could be friends, but now they have become enemies.

"Hongxiu, you don't have to worry about us. It doesn't matter whether we live or die, as long as the three of you can leave safely."

Li Hongxiu shook her head and looked at the veiled woman next to her as she spoke.

"Brother Ji, if we leave directly, I'm afraid you will be dead."

Zi Nu smiled when she listened to the conversation between Li Hongxiu and Ji Bingyan. In order to catch Chu Liuxiang and the others this time, Su Chen did not hesitate to offend the Mo family and the peasant family. Su Chen, who was going to watch the show, was very angry with Chu Liuxiang and the others. These How could someone let them go so easily?

Li Hongxiu looked at the veiled woman next to him and asked in confusion.

"Are you Sister Rongrong's friend Zi Nu?"

Zi Nu looked at Li Hongxiu. They betrayed Su Chen. Regardless of whether they were forced or voluntary, Zi Nu would not give them a good look.

If Su Chen hadn't let Zi Nu take it now , Sui Hou Zhu and Su Rongrong's three daughters, Su Chen, didn't want to see them again. Zi Nu might have asked Wei Zhuang and Tianze to kill them in Madam Hu's house just now.

"Yes, but I won't be Su Rongrong's friend in the future. Li Hongxiu, you shouldn't have come. Although Su Chen said he didn't want to see you again and didn't ask me to kill you, I might really kill you. ?"

Li Hongxiu took out the Suihou Pearl she brought out from the room and handed it to Zinu. She knew that this Suihou Pearl could not save Ji Bingyan and the others.

Although Li Hongxiu no longer wanted to have anything to do with Chu Liuxiang, Ji Bingyan, Hu Tiehua and the others They were all his friends, and Chu Liuxiang had taken great care of them before. Li Hongxiu decided to help them one last time, even if she had to sacrifice herself.

Li Hongxiu looked at Zi Nu and said pleadingly,

"Sister Zinu, I also know that no matter what I say, you will not believe it. This is the Suihou Pearl. I know that Mr. Wu Xiang does not care about this Suihou Pearl. I just hope to save Ji Bingyan and the others' lives. As long as they don't die, I will I am also willing to be his maid for the rest of my life."

Chapter 220

Zi Nu looked at the golden Suihou Bead that Li Hongxiu gave him. She did not expect that this Suihou Bead was so beautiful, like a huge pearl.

Zinu thought that this Suihou Pearl was in the hands of Chu Liuxiang and the others, but Zinu didn't expect that Li Hongxiu actually took it out. This somewhat disrupted Su Chen's plan. Su Chen could no longer obtain this Suihou Pearl silently..

Zi Nu thought for a moment, anyway, she has offended the Mo family and the Nong family now, and Su Chen's plan is no longer needed. Even if the Mo family and the Nong family knew that Su Chen had obtained the Suihou Pearl, I'm afraid they wouldn't be able to snatch it away, and it's impossible for Zi Nu now. Give this Suihou Pearl away.

Zinu took the suihou bead and said to Li Hongxiu,

"Li Hongxiu, this Suihou Pearl still has some uses, but I can't say whether Su Chen will let Ji Bingyan and the others go."

Li Hongxiu breathed a sigh of relief when Zinu accepted the Suihou Pearl. As long as Zinu accepted the Suihou Pearl, Ji Bingyan's life would be saved, and she would be Wu Xiangjun's maid for the rest of her life.

Li Hongxiu also She didn't know if her decision was a mistake. She just hoped that Wu Xiangjun was not a lustful and cruel person, otherwise she would be worse off than dead in the future.

"I know, I just hope that Sister Zinu can help persuade Wu Xiangjun when the time comes."

Zi Nu put away the beads and looked at Li Hongxiu. This woman sold herself out so decisively. If that bastard Su Chen knew that he would have an extra maid in the future, and she would be the maid who would serve him all his life, he wouldn't know. What kind of expression would that bastard have?

Zi Nu was thinking about whether to stop Li Hongxiu from being the maid of that bastard Su Chen? Zi Nu was also worried that Li Hongxiu would become Su Chen's maid, and they might get together if she did it.

Zi Nu shook her head She shook her head and didn't want to think about these messy things. Anyway, Concubine Yan will take care of these things in the future, so don't worry about it yourself.

"I will tell you, but I don't know whether Su Chen will listen to me or not."

"Thank you, Sister Zi."

In the palace of King Han.

Su Chen looked at his shabby clothes and took out a new set from the system space and put them on. Su Chen didn't expect that he was here to conquer the trendy succubus Madam Pearl, but this time... He has completely subdued this trendy succubus.

He has already subdued everything on the bed, why can't he be completely subdued? Su Chen looked helpless when he saw that Mrs. Mingzhu was still sleeping soundly. He was also Mrs. Mingzhu's first man.

Su Chen now wanted to take Mrs. Mingzhu out of the Han Kingdom. After all, Mrs. Mingzhu was the wife of a king. If he really angered King Han, he would probably fight him to the death. Su Chen didn't want to waste his energy on dealing with it here. These things, even if Su Chen destroyed the Han Kingdom, it would be for the benefit of Qin King Ying Zheng. He was not so stupid to do thankless things.

When Mrs. Mingzhu woke up and saw Su Chen sitting aside thinking about things, she secretly took out her hairpin and prepared to kill this bastard who had ruined her body.

Mrs. Mingzhu did not expect that her preserved innocence would be destroyed in the hands of this bastard.

Mrs. Mingzhu held the hairpin and looked at this bastard but couldn't get off. After all, this bastard is also her first man. After thinking about it, Mrs. Mingzhu decided to let him go.

Looking at this bastard, Mrs. Mingzhu felt ashamed and said,

"Why don't you leave, you bastard?"

Su Chen saw Mrs. Mingzhu waking up and wanted to leave. This made Su Chen speechless. Su Chen felt that he was in some building and could leave after finishing his work.

Su Chen looked at the more beautiful Mrs. Mingzhu. He smiled and said,

"Do you want me to leave?"

Mrs. Mingzhu cursed angrily when she saw this bastard smiling,

"Get out of here, get out of my palace immediately."

Su Chen just sat down on the bed and said with some embarrassment, "That.....I'm ready to leave, but.....I just want you to help me?"

When Mrs. Mingzhu saw that this bastard still dared to come to her, she actually wanted to help him? She took the hairpin and asked the bastard defensively,

"What do you want me to help you with?"

"that.....Can you give me that Tianze poison antidote?"

"Are you from Baiyue Tianze?"

"No, I made a deal with Tianze. He would do something for me, and I would help him get the antidote to the poison."

Mrs. Mingzhu didn't expect that this bastard Su Chen would make the antidote to the poison. Although she could prepare the antidote to the poison, why should she help this bastard?

Bai Yifei was her cousin, although Bai Yifei never really believed her. , but after all, I had liked the Bai Yifei who was older than me before. Mrs. Mingzhu would not help this bastard ruin Bai Yifei's affairs.

"Go away, I won't give you the antidote to the poison."

Su Chen came to Mrs. Mingzhu, sat down and said with a smile, "No, no matter what, we are husband and wife for one night and a hundred days of kindness, don't be so heartless."

When Mrs. Mingzhu saw this bastard sitting next to her, she stared at him with shame and annoyance.

"Who asked you to come here? Get out of here right now, I don't want to see you again."

Su Chen ignored the angry Madam Mingzhu and smiled. He was not worried about the hairpin in Madam Mingzhu's hand. Just now, Su Chen noticed that Madam Mingzhu wanted to kill him, but she didn't do it later.

Su Chen thought of it. Women are indeed different. If he had not had a relationship with Mrs. Mingzhu, he might not be sitting and talking with Mrs. Mingzhu now. Mrs. Mingzhu, a vicious woman, would have killed him long ago.

"Haha, Mingzhu, Tianze and I have made a promise. You won't let me break my promise, right?"

"That's none of my business. Don't think about the poison antidote. I won't give it to you. Even if you kill me, you won't be able to get it."

"Mingzhu, how could I kill you? Maybe you will be the mother of my child in the future, but I will not kill you."

"child? Mother?"

Mrs. Mingzhu was a little confused after hearing Su Chen's words. She had never thought of such a thing. Ever since Mrs. Mingzhu was sent to the palace by Bai Yifei, she wanted to stay alone like this all her life. The reason why

Mrs. Mingzhu helped Ji Wuye and Bai Yifei was also In order to protect herself, if she didn't do that, I'm afraid Ji Wuye wouldn't have to kill her, and Bai Yifei wouldn't let her go.

Now Mrs. Mingzhu thought about what Su Chen said and touched her belly. Could it be that those things she had done before Will she really have a child?

Mrs. Mingzhu touched her belly and wanted to know if Su Chen had the ability to protect her and her future children.

Now Mingzhu wanted to help this bastard, but she hoped that this bastard was a capable person. A capable person, otherwise she and her children may lose their lives in the future.

"who are you? I want to know everything about you."

Su Chen almost laughed when he saw Mrs. Mingzhu touching her belly. How could he be pregnant with a child just a few times today? He couldn't be a sharpshooter, otherwise Concubine Yan and Jing Salad would have been pregnant long ago.

Su Chen Chen looked at Madam Mingzhu strangely and slowly told Madam Mingzhu about his identity.

"I am Su Chen, Lord Wuxiang of the Southern Continent, but now I have rebelled. The southern part of the Song Dynasty has been defeated by my army. Maybe I can rule the entire Song Dynasty in less than a year, and the Southern Continent is across the sea. The Sui Dynasty also has my power, and the Qin Dynasty in the Eastern Continent also has tens of thousands of my elites. The army exists, and I am an ally with King Qin of Great Qin."

"Why didn't you say anything, you bastard?"

"It's over"

"Damn it, you bastard, you're not going to hide the fact that you have a wife, are you? How many wives do you have? How many children do you have? Make everything clear to me."
